**NEWS RELEASE**

**EQT Issues Statement in Response to Lawsuit**

PITTSBURGH April 25, 2019 EQT Corporation (NYSE: EQT) today issued the following statement in response to the lawsuit recently filed by Toby Z. Rice in Pennsylvania State Court.

EQT's Board is in the process of reviewing the Rice Team nominees and will make a recommendation to shareholders in connection with the filing of the Company's proxy statement. EQT will make decisions at the appropriate time.

We believe the lawsuit filed today by Toby Rice is an unconstructive attempt to distract from the strong first quarter results EQT announced today and the continued successful execution of the Company's new strategic plan. The Company's outstanding financial and operational performance demonstrates that it is on track to achieve the ambitious free cash flow targets set out in January. Notably, over the last two quarters EQT has generated more than \$300 million in adjusted free cash flow (a non-GAAP measure). Management continues to be laser-focused on turning EQT into a free cash flow machine.

With a world-class asset base, a clear and compelling strategic plan, and an experienced, restructured leadership team focused on operational efficiency, EQT is creating significant long-term value for all its shareholders and other stakeholders.

**About EQT Corporation:**

**NON-GAAP DISCLOSURES**

**Adjusted Free Cash Flow**

Adjusted free cash flow is defined as the Company's net cash provided by operating activities less changes in other assets and liabilities, less EBITDA attributable to discontinued operations (a non-GAAP supplemental financial measure defined below), plus interest expense attributable to discontinued operations and cash distributions from discontinued operations, less accrual-based capital expenditures attributable to continuing operations. Adjusted free cash flow is a non-GAAP supplemental financial measure that the Company's management and external users of its consolidated financial statements, such as industry analysts, lenders and ratings agencies use to assess the Company's liquidity. The Company believes that adjusted free cash flow provides useful information to management and investors in assessing the impact of the Company's ability to generate cash flow in excess of capital requirements and return cash to shareholders. Adjusted free cash flow should not be considered as an alternative to net cash provided by operating activities or any other measure of liquidity presented in accordance with GAAP.

Edgar Filing: EQT Corp - Form DEFA14A

The table below reconciles adjusted free cash flow with net cash provided by operating activities, the most comparable financial measure calculated in accordance with GAAP, as derived from the Statements of Condensed Consolidated Cash Flows to be included in the Company's report on Form 10-Q for the quarter ended March 31, 2019 and for the three months ended December 31, 2018.

(a) As a result of the separation of the Company's midstream business from its upstream business and subsequent spin-off of Equitrans Midstream Corporation (ETRN) in November 2018, the results of operations of ETRN are presented as discontinued operations in the Company's Statements of Condensed Consolidated Operations. EBITDA attributable to discontinued operations is a non-GAAP supplemental financial measure reconciled in the section below.

**EBITDA Attributable to Discontinued Operations**

EBITDA attributable to discontinued operations is a non-GAAP supplemental financial measure defined as income from discontinued operations, net of tax plus interest expense, income tax expense, depreciation, amortization of intangible assets and impairment of goodwill attributable to discontinued operations for the three months ended December 31, 2018.
