ELDORADO AND AFCAN SIGN DEFINITIVE AGREEMENT

VANCOUVER, BC - Eldorado Gold Corporation (Eldorado , the Company or we) and Afcan Mining Corporation (Afcan) (TSX: AFK) are pleased to announce the satisfactory completion of due diligence in connection with Eldorado 's acquisition of all of the issued and outstanding shares of Afcan, which was previously announced on May 31, 2005. A special committee of independent directors of Afcan recommended that Afcan 's Board of Directors approve the transaction. The Board of Directors of each company have unanimously approved the acquisition and the companies have signed a definitive agreement (the Agreement) dated July 8, 2005 governing the acquisition.

A Special Meeting of the Afcan shareholders and warrant holders is scheduled to be held September 8, 2005. The transaction is expected to close on September 16, 2005 and remains subject to the approval of Afcan shareholders and warrant holders, court approval and regulatory approval.

Under the terms of the Agreement, Afcan shareholders will receive one common share of Eldorado for every six and one-half (6.5) common shares of Afcan. Based on the 30-day volume weighted average trading price for Eldorado common shares on the Toronto Stock Exchange as of May 30, 2005 of Cdn\$2.88, the transaction values each Afcan share at Cdn\$0.44, a premium of 25% to Afcan shareholders based on Afcan 's 30-day volume weighted average trading price. Eldorado will issue approximately 20.4 million common shares under the transaction such that at closing it will have approximately 296.9 million common shares outstanding. In addition, Eldorado will issue one Eldorado warrant for every 6.5 outstanding Afcan warrants. Each Eldorado warrant will have an exercise price equal to 6.5 times the exercise price of the Afcan warrant in respect of which such Eldorado warrant was exchanged and will have a term to expiry which is the same as such Afcan Warrant. All other terms and conditions of the Eldorado warrants will be substantially similar to those of the Afcan warrants.

The Agreement also provides that the Company will make a credit facility available to Afcan in the amount of US\$15 million. Loans under the facility shall bear interest at a rate equal to LIBOR plus 3% per annum. Proceeds of the credit facility will be used primarily to fund the Tanjianshan Gold Project in Qinghai Province in Western China (the Tanjianshan Project) and the Company 's obligations relating to the acquisition of the Tanjianshan Project. The Board of Directors of each company has approved and executed a term sheet relating to the credit facility, and, pursuant to the term sheet, Eldorado and Afcan will enter into a definitive loan agreement over the next few weeks. The credit facility is subject to early termination if the acquisition transaction does not close as contemplated.

Afcan is an emerging gold developer that owns an 85% interest in the Tanjianshan Project. The transaction will join Eldorado's development, operations and financial strength with Afcan's high quality Tanjianshan development and exploration project to create one of the leading foreign gold developers in China.

Paul Wright, Eldorado's President & Chief Executive Officer said "We are pleased that the transaction has been well received by the market and by shareholders of both companies. We are well underway and are confident that the transaction will be completed in a timely and cooperative manner."

Eldorado is a gold producing and exploration company actively growing businesses in Brazil, Turkey and China. Eldorado's international expertise in mining, finance and project development, together with highly skilled and dedicated staff, is well positioned to grow in value as the Company creates and pursues new opportunities.
