PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON AUGUST 4, 2015

We are furnishing you this proxy statement in connection with the solicitation of proxies by the Board of Directors (the "Board") of Capital Southwest Corporation, a Texas corporation (the "Company," "we," "us," or "our"). These proxies will be used at the Annual Meeting of Shareholders of the Company (the "Annual Meeting") to be held on August 4, 2015 or any adjournment thereof. We will hold the Annual Meeting at 9:00 a.m., Dallas time in the Madison Conference Room, Hilton Dallas Lincoln Centre, 5410 LBJ Freeway, Dallas, Texas 75240. This proxy statement, the proxy card and any accompanying proxy materials are being mailed to stockholders on or about July 2, 2015.

QUESTIONS AND ANSWERS

Q: What am I voting on?

A: Shareholders entitled to vote will vote at the Annual Meeting on: (1) The election of six directors to hold office for a one-year term; (2) approval of the Second Amendment to the Capital Southwest Corporation 2009 Stock Incentive Plan (the "2009 Plan Amendment"); (3) approval of the Second Amendment to the Capital Southwest Corporation 2010 Restricted Stock Award Plan (the "2010 Plan Amendment"); (4) approval of an advisory vote on executive compensation; and (5) ratification of Grant Thornton LLP as our independent auditors for the fiscal year ending March 31, 2016.

Q: Who is entitled to vote?

A: Shareholders as of the close of business on June 12, 2015 ("shareholders of record") are entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote.

Q: How do I vote?

A: You may vote by any of the methods describe below. If you do not mark any selection on the proxy card, the proxy holders named on your proxy card will vote your shares in favor of (1) the election of all of the director nominees, (2) the proposal to approve the 2009 Plan Amendment; (3) the proposal to approve the 2010 Plan Amendment; (4) the proposal to approve, on an advisory basis, of the compensation of our named executive officers; and (5) the ratification of Grant Thornton LLP as our independent auditors for the fiscal year ending March 31, 2016. You may change your vote or revoke your proxy at any time before the Annual Meeting by submitting written notice to our Secretary, submitting another proxy that is properly signed and later dated or voting in person at the Annual Meeting. In each case, the later submitted votes will be recorded and the earlier votes revoked.

Under the NASDAQ Global Select Market ("NASDAQ") rules, the proposal to ratify the appointment of independent registered public accountants is considered a "discretionary" item. This means that brokerage firms may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions at least 10 days before the date of the meeting.

Table of Contents

You may vote using any of the following methods:

By Internet: Go to www.voteproxy.com and use the Internet to transmit your voting instructions and for electronic delivery of information until 11:59 p.m. Eastern Time on August 3, 2015. Have your proxy card in hand when you access the Web site and then follow the instructions.

By Phone: Call 1-800-776-9437 on any touch-tone telephone to transmit your voting instructions until 11:59 p.m. Eastern Time on August 3, 2015. Have your proxy card in hand when you call and then follow the instructions.

By Mail: Mark, sign and date your proxy card and return it in the postage-paid envelope we have provided. The named proxies will vote your shares according to your directions. If you submit a signed proxy card without indicating your vote, the person voting the proxy will vote in favor of proposals 1, 2, 3, 4 and 5.

By Attending the Annual Meeting in Person: You may vote shares held directly in your name in person at the meeting. If you want to vote shares that you hold in "street name" at the meeting, you must request a legal proxy from your broker, bank or other nominee that holds your shares.

If your shares are held by a bank, brokerage firm or other nominee, you are considered the "beneficial owner" of shares held in "street name." If your shares are held in street name, these proxy materials are being forwarded to you by your bank, brokerage firm or other nominee (the "account holder"), along with a voting instruction card. As the beneficial owner, you have the right to direct your account holder how to vote your shares, and the account holder is required to vote your shares in accordance with your instructions. In addition, as the beneficial holder of shares, you are entitled to attend the Annual Meeting. If you are a beneficial owner, however, you may not vote your shares in person at the meeting unless you obtain a legal proxy, executed in your favor, from the account holder of your shares.

Q: Is my vote confidential?

A: Yes. Proxy cards, ballots and voting tabulations that identify individual shareholders are confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the vote have access to your card. Additionally, all comments directed to management (whether written on the proxy card or elsewhere) will remain confidential, unless you ask that your name be disclosed.

Q: Who will count the vote and how are votes counted?

A: All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes and abstentions.

Table of Contents

Assuming a quorum is present at the annual meeting, the following votes are required to approve each proposal:

| Proposal | Vote Required |
|--|---|
| Proposal One: Election of Directors | In an uncontested election, our by-laws require that each director nominee receive the affirmative vote of the holders of a plurality of the votes cast, whether in person or represented by proxy, to be elected. Abstentions have the same effect as votes cast against the proposal, while broker non-votes are not counted for purposes of the election of directors. |
| Proposal Two: Approval of the Second Amendment to the Capital Southwest Corporation 2009 Stock Incentive Plan | The affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy. Abstentions have the same effect as votes cast against the proposal, while broker non-votes do not affect the outcome. |
| Proposal Three: Approval of the Second Amendment to the Capital Southwest Corporation 2010 Restricted Stock Award Plan | The affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy. Abstentions have the same effect as votes cast against the proposal, while broker non-votes do not affect the outcome. |
| Proposal Four: Approval by Non-Binding Vote of Executive Compensation | The affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy. Abstentions have the same effect as votes cast against the proposal, while broker non-votes do not affect the outcome. |
| Proposal Five: Ratification of Independent Registered Public Accounting Firm | The affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy. Abstentions have the same effect as votes cast against the proposal. |

Each proxy delivered to us, unless the shareholder otherwise specifies therein, will be voted "FOR" proposals 1, 2, 3, 4 and 5. In each case where the shareholder has appropriately specified how the proxy is to be voted, it will be voted in accordance with the specification.

"Broker non-votes" are proxies from brokers or other nominees indicating that such person has not received instructions from the beneficial owner or other person entitled to vote the shares that are the subject of the proxy on a particular matter with respect to which the broker or nominee does not have discretionary voting powers.

Q: What constitutes a quorum?

A: As of the record date for the Annual Meeting, 15,583,332 shares of common stock were issued and outstanding. A majority of the outstanding shares, present or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted in determining the presence of a quorum.

Q: Who can attend the Annual Meeting?

A: All shareholders of record as of the close of business on June 12, 2015 can attend.

Table of Contents

Q: Who pays for this proxy solicitation?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly and mailing of this proxy statement, the proxy card and any additional information we furnish to shareholders. Copies of solicitation materials will be furnished to banks, brokerage firms, fiduciaries and custodians holding shares of our common stock in their names that are beneficially owned by others to enable these account holders to forward the solicitation material to such beneficial owners. We may reimburse persons representing beneficial owners for their costs of forwarding the solicitation material to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone or personal solicitation by our directors, officers or employees. We will not pay any additional compensation to directors, officers, or employees for such services.

Q: What if I receive more than one proxy card?

A: You may receive multiple proxy cards if you hold shares of common stock in different ways (such as, trusts and custodial accounts) or in multiple accounts. You should vote and sign each proxy card you receive.

Q: May I revoke my proxy?

A: Yes. You can revoke or change your vote on a proposal at any time before the Annual Meeting for any reason by revoking your proxy. For shareholders of record, proxies may be revoked by delivering a written notice of revocation, bearing a later date than your proxy, to our Secretary at or before the Annual Meeting. Any written notice of a revocation of a proxy should be sent to Capital Southwest Corporation, 5400 LBJ Freeway, Suite 1300, Dallas, Texas 75240, Attention: Secretary. To be effective, the revocation must be received by our Secretary before the taking of the vote at the Annual Meeting.

Proxies may also be revoked by:

- 1) voting again by Internet or telephone before 11:59 p.m., Eastern Time, on August 3, 2015;
- 2) submitting a new written proxy bearing a later date than a proxy you previously submitted prior to or at the Annual Meeting; or
- 3) attending the Annual Meeting and voting in person.

In each case, the later submitted vote will be recorded and the earlier vote revoked.

If your shares are held in street name, you must follow the specific voting directions provided to you by your bank, broker, nominee or other holder of record to change or revoke any instructions you have already provided. Alternatively, obtain a proxy from your bank, broker or other holder of record and provide it with your vote at the Annual Meeting.

Other Business

In their discretion, the proxy holders are authorized to vote on any other matters that may properly come before the Annual Meeting and at any postponement or adjournment thereof. The Board knows of no other items of business that will be presented for consideration at the Annual Meeting other than the proposals described in this proxy statement. In addition, no shareholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

Table of Contents

PROPOSAL ONE: ELECTION OF DIRECTORS

Prior to this Annual Meeting, there are currently seven directors on the Board. Six of our directors are standing for reelection. Joseph B. Armes, David R. Brooks, Jack D. Furst, T. Duane Morgan, William R. Thomas III and John H. Wilson are currently directors and each has been nominated as director. Samuel B. Ligon will retire from the Board as of the date of the 2015 Annual Meeting and, following his retirement, the number of seats on our Board will be reduced to six. Directors elected at the Annual Meeting will hold office for a one-year term.

All nominees have consented to serve as directors. The Board has no reason to believe that any of the nominees will be unable to act as director. However, if a director is unable to stand for re-election, the Board may either reduce the size of the Board or the Nominating and Corporate Governance Committee may designate a substitute. If a substitute nominee is named, the proxies will vote for the election of the substitute. Directors are elected by a majority of the votes cast at the Annual Meeting. Each share of our common stock is entitled to one vote for each of the six director nominees. Cumulative voting is not permitted.

Board Composition

The Nominating and Corporate Governance Committee seeks directors with established strong professional reputations and experience in areas relevant to the strategy and operations of our business. Each of the nominees for election as a director at the Annual Meeting holds or has held senior executive positions in large, complex organizations and has experience that meets this objective, as described below. In these positions, they have also gained experience in core management skills, such as strategic and financial planning, public company financial reporting, compliance, risk management and leadership development. Each of our directors also has experience serving on or advising boards of directors and board committees of other organizations and has an understanding of corporate governance practices and trends.

The Nominating and Corporate Governance Committee also believes that each of the nominees has other key attributes that are important to an effective board: integrity, candor, analytical skills, the willingness to engage management and each other in a constructive and collaborate fashion, and the ability and commitment to devote significant time and energy to serve on the Board and its committees. The Nominating and Corporate Governance Committee takes into account diversity considerations in determining the director nominees and planning for director succession and believes that, as a group, the nominees bring a diverse range of perspectives to the Board's deliberations.

In addition to the above, the Nominating and Corporate Governance Committee also considered the specific experience described in the biographical details that follow in determining to nominate the individuals set forth below for election as directors. The business address of each nominee listed below is 5400 LBJ Freeway, Suite 1300, Dallas, Texas 75240.

Board Leadership and Structure

The Board recognizes that one of its responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing board leadership and that, given the dynamic and competitive environment in which we operate, the right board leadership structure may vary as circumstances warrant.

The Board appoints the members of the Audit Committee, Compensation Committee and the Nominating/Corporate Governance Committee. Each of these committees has a written charter approved by the Board. The current members of the committees are identified in the following table.

Board Governance Documents

The Board maintains charters for all committees. In addition, the Board has adopted a written set of corporate governance guidelines and a code of business conduct and ethics. To view our committee charters, corporate governance guidelines and code of business conduct and ethics, please visit www.capitalsouthwest.com. The Board has adopted and adheres to corporate governance practices that the Board and executive management believe promote the highest standards of integrity, are sound and represent best practices. The Board periodically reviews these governance practices, the rules and listing standards of NASDAQ and SEC regulations, as well as best practices suggested by recognized governance authorities.

Table of Contents

Independence

Currently, the Board has seven directors. Mr. Ligon will retire effective as of the date of the Annual Meeting. Following Mr. Ligon's retirement, the number of seats on our Board will be reduced to six. The Board has determined, after considering all of the relevant facts and circumstances, that five current directors (Messrs. Brooks, Furst, Ligon, Morgan, and Wilson) are independent, as "independence" is defined by NASDAQ. This means that none of the independent directors has any direct or indirect material relationship with us, either directly or as a partner, shareholder or officer of an organization that has a relationship with us. As a result, the Board has a majority of independent directors on the Board as required by the listing requirements.

Executive Sessions

Non-employee directors have regularly scheduled executive sessions in which they meet without the presence of management or management directors. These executive sessions occur after each regularly scheduled meeting of the Board.

Meetings

The Board met five times in the fiscal year ended March 31, 2015. All directors attended at least 75% of the total number of meetings of the Board and committees, collectively, in which they served during the fiscal year ended March 31, 2015. All directors are encouraged to attend our Annual Meeting. All persons then serving as members of the Board attended the 2014 Annual Meeting of Shareholders.

Director Qualifications

The Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics required of Board members in the context of the then-current composition of the Board. This assessment includes, in addition to qualities of intellect, integrity and judgment, business experience and knowledge, reputation and character, issues of diversity, relevant industry and trade association knowledge and participation, accounting and financial expertise, public company experience, willingness and ability to devote the time and effort required to effectively serve on the Board and relevant legal and regulatory qualifications. The committee makes this determination in the context of an assessment of the perceived needs of the Board at that point in time. The committee evaluates all nominees for director based on these criteria, including nominees that may be recommended by a shareholder.

The Board recognizes that its members benefit from service on the boards of other companies. We encourage that service but also believe it is critical that directors have the ability to dedicate sufficient time to their service on the Board.

Board and Committee Evaluations

Our Corporate Governance Guidelines require the Board and each committee of the Board to conduct an annual self-evaluation to determine whether the Board or respective committee is functioning effectively. The review focuses on the performance of the entire Board or the respective committee. In connection with each annual performance evaluation, the Board or committee surveys and receives comments from each director or committee member regarding an assessment of the Board's or the committee's performance. The Board also reviews the Governance Committee's recommendations concerning the performance and effectiveness of the Board and each of its committees. The Governance Committee will also review the individual performance of a director as circumstances warrant.

Table of Contents

Number of Directors; Director Vacancies

Our by-laws provide that the Board may increase or decrease the number of directors by resolution of the Board, provided that the tenure of office of any incumbent director will not be affected by any decrease in the number of directors. Our by-laws also provide that if any or all of the directors cease to be directors, any vacancy, other than vacancies that result from an increase in the number of directors or from the removal of a director, may in general be filled solely by a majority of the remaining directors even if the remaining directors do not constitute a quorum. Any vacancy that results from an increase in the number of directors constituting the entire Board may be filled by a majority of the entire Board. Any vacancy that results from the removal of a director may be filled either by a majority of the remaining directors or our shareholders. Any director elected to fill a vacancy will hold office until the next annual election of directors and until a successor is elected and qualified.

Guidelines on Governance and Codes of Ethics

The Board has adopted the Guidelines on Governance to address significant corporate governance issues. These guidelines provide a framework for our corporate governance initiatives and cover a variety of topics, including the role of our Board, board selection and composition, Board committees, Board operation and structure, Board orientation and evaluation, Board planning and oversight functions and stock ownership guidelines. The Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to the Board any changes to the guidelines.

The Board has also adopted a Code of Ethics, which is designated to help officers, managers and employees resolve ethical issues in an increasingly complex business environment. It covers topics such as reporting unethical or illegal behavior, compliance with the law, share trading, conflicts of interest, fair dealing, protection of our assets, disclosure of proprietary information, internal controls, personal community activities, business records, communication with external audiences and obtaining assistance to help resolve ethical issues.

You may obtain a copy of the committee charters, the Guidelines on Governance and Code of Ethics on our website at www.capitalsouthwest.com/investor-relations/governance.htm.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), requires our officers and directors and persons who beneficially own more than 10% of our common stock to file reports of securities ownership and changes in such ownership with the SEC. Officers, directors and greater than 10% beneficial owners also are required by rules promulgated by the SEC to furnish us with copies of all Section 16(a) forms they file with the SEC. Based solely upon a review of the copies of such forms furnished to us, we believe that, with the exception of Mr. Ray D. Schwertner, each of our officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them during the fiscal year ended March 31, 2015. Mr. Schwertner filed one late report for a transaction subject to Section 16(a) filing requirements; he failed to timely report the exercise of stock options with respect to 1,000 shares of common stock of the Company on August 6, 2014, and filed a Form 4 reporting that option exercise on September 22, 2014.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis, or CD&A, provides information relating to the fiscal year 2015 compensation of our President and Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”), Chief Investment Officer (“CIO”) and Senior Vice President, Operations, during the year ended March 31, 2015. These four individuals are referred to in this CD&A as the Named Executive Officers.

The Compensation Committee (the “Committee”) has the primary authority to establish our compensation philosophy and the actual compensation levels for the named executive officers and to administer all executive compensation arrangements and policies. Joseph B. Armes, our CEO, assists the Committee by providing recommendations regarding the compensation of our named executive officers, excluding himself. The Committee exercises its discretion by modifying or accepting these recommendations. The CEO routinely attends a portion of the Committee meetings. However, the Committee meets in executive session without the CEO or other members of executive management when discussing compensation matters and on other occasions as determined by the Committee.

At the request of the Committee, executive management prepares a compensation analysis of this peer group for the Committee’s use, using data pulled from public filings, data contained in third party surveys and data provided by the Committee’s compensation consultant. The analysis generally shows trends in base salary, bonus opportunities, equity award sizes, and total compensation (as publicly reported in proxy statements).

During fiscal year 2015, the Committee requested that management prepare information on the market rates of compensation for our other executive officers, using data previously provided by Longnecker and publicly available data for our peer companies. The Committee did not engage a third party consultant for this purpose. With respect to Mr. Mudd, who joined the Company in January 2015, the Committee set his employment package based on the Company’s negotiations with Mr. Mudd, taking into account the compensation package from his prior employer and the opportunities Mr. Mudd had at other potential employers. In all categories, we believe our base salaries, annual cash bonus opportunities, Individual Incentive Awards, stock option awards, restricted stock awards, and other compensation, taken as a whole, help us attract, retain and motivate competent executive officers.

Compensation Objectives

The objectives of our compensation programs are to attract, retain and motivate competent executive officers who have the experience and ability to enhance shareholder value and to contribute to the success of our investment management activities. The individual judgments made by the Committee are subjective and are based largely on the recommendations of the CEO (except with respect to his compensation) and the Committee’s perception of each executive’s contribution to both the Company’s past performance and its future growth potential. The Committee attempts to ensure that the total compensation paid to each executive officer is fair, reasonable, competitive and aligns the interests of executive management and the Company’s shareholders.

The principal elements of compensation for executive officers in fiscal year 2015 are base salary, annual cash bonus opportunities, long-term cash incentives (“Individual Incentive Awards”), stock options granted under the 2009 Stock Incentive Plan, restricted stock granted under the 2010 Restricted Stock Award Plan, contributions to the Employee Stock Ownership Plan (individually an “ESOP” and, together, the “ESOPs”), a qualified defined benefit retirement plan and a non-qualified restoration plan.

Following the completion of the proposed spin-off of the Company’s industrial products, coatings, sealants and adhesives and specialty chemicals businesses in fiscal year 2016, the Committee intends for restricted stock granted under the 2010 Restricted Stock Award plan to continue as the sole long-term component of compensation for executive officers. The committee does not expect to grant any additional shares under the 2009 Stock Incentive Plan or request shareholders’ approval of any additional stock options to be added under the 2009 Stock Incentive Plan. The

Committee also does not intend to make additional Individual Incentive Awards or make any ESOP contributions to the employees of the Company following the completion of the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals business.

Determination of Compensation

Roles and Responsibilities - Compensation Committee

The Committee's responsibilities include:

1) To review at least annually, the goals and objectives and the structure of the Company's plans for executive compensation, incentive compensation, equity-based compensation and general compensation plans and employee benefit plans (including retirement plans), and to recommend to the Board any new plans or any changes in the objectives and structure of such plans as the Committee deems necessary or desirable.

2) To evaluate annually the performance of the CEO, in light of the goals and objectives of the Company's executive compensation plans, and to determine his compensation level based on this evaluation. In determining the incentive components of his compensation, the Committee considers those factors it deems relevant, including the Company's performance and his contribution to that performance. The CEO is not present during deliberations or voting pertaining to the Committee's determination of his compensation.

3) To annually review and determine the compensation level of all other executive officers of the Company, in light of the goals and objectives of our executive compensation plans, market compensation data and the CEO's recommendations.

4) In consultation with the CEO, to oversee the annual evaluation of management of the Company, including the other executive officers and key employees of the Company.

5) Periodically, as the Committee deems necessary or desirable and pursuant to the applicable equity-based compensation plan, to recommend that the Board grant equity-based compensation awards to any officer or employee of the Company for such number of shares of common stock as the Committee, in its sole discretion, shall deem to be in the best interest of the Company.

6) To perform such duties and responsibilities as the Board may assign to the Committee regarding the terms of any compensation plans and to review and approve the amount and terms of all individual stock options that the Committee grants.

7) To recommend to the Board all equity-based compensation plans, including prior approval of those plans that are subject to shareholder approval under the listing standards of NASDAQ.

8) To meet with management to review, discuss and recommend to the Board the Compensation Discussion and Analysis required by the Securities and Exchange Commission's (the "SEC") rules and regulations. The Committee will also prepare a Compensation Committee Report for inclusion in the Company's proxy statement and applicable filings with the SEC.

9) To annually review and reassess the adequacy of this Charter and recommend any changes to the full Board.

Roles and Responsibilities - Executive Officers

Joseph B. Armes, our President and CEO, makes recommendations on salary, annual cash incentive opportunities, Individual Incentive Awards, stock options and restricted stock to the Committee based on the compensation objectives set by the Committee as well as current business conditions. More specifically, Mr. Armes reviews and assesses market data prepared by an executive compensation consulting firm retained by the Committee or the management team and recommends compensation adjustments to the Committee for all officers (other than himself).

The Committee then exercises its discretion in modifying any recommended salaries, annual cash bonus opportunities, Individual Incentive Awards, stock options or restricted stock. The Committee approves or, if applicable, recommends to the Board for approval, recommendations regarding stock based awards for all of our officers. Mr. Armes may attend the meetings of the Committee at the request of the Committee Chairman, but does not attend executive sessions and does not participate in any Committee discussions relating to the final determination of his own compensation.

Executive Compensation Components and Fiscal 2015 Compensation Decisions

For the fiscal year ended March 31, 2015, the components of our compensation program for named executive officers include:

- base salaries;
- cash incentive opportunities;
- long-term compensation awards; and
- other benefits, including participation in the Company's employee stock ownership plans and retirement plans.

Salaries

Salaries were determined by the Committee for each of our named executive officers on an individual basis, taking into consideration individual contributions to overall company performance, length of tenure, compensation levels for comparable positions at peer companies and internal pay equity among similar positions within the Company. The Committee places more emphasis on those compensation elements which are linked to long-term results.

In fiscal year 2015, after consideration of the factors set forth above and the termination of Mr. Armes automobile allowance during fiscal year 2015, in July 2014 the Committee increased the annual base salary of our President and CEO Joseph B. Armes from \$430,000 to \$453,000, our CIO Bowen S. Diehl from \$425,000 to \$429,000 and our CFO Kelly Tacke from \$250,000 to \$255,000. In November 2014, as part of negotiations with Mr. Mudd to become our Senior Vice President-Operations, the Committee set his annual base salary at \$275,000. The Committee believes that the salary changes and resulting base salaries of our named executive officers are appropriate for each named executive officer as a component of his or her overall compensation package.

Cash Incentive Opportunities

Annual cash incentive opportunities are intended to reward individual performance as well as operating results during the year and therefore can be highly variable from year to year. The Committee establishes the target annual cash incentive opportunities for our named executive officers at the start of each year, taking into account the potential contribution by that executive to overall company performance, length of tenure, compensation levels for comparable positions at peer companies and internal pay equity among similar positions within the Company. For the fiscal year ended March 31, 2015, the Committee made no changes to the target bonus levels from the prior year, as the Committee believed the levels were sufficient to motivate each executive to achieve our objectives for the coming year.

Table of Contents

At the start of each fiscal year, the Committee also establishes the performance goals to be achieved to earn the target annual cash incentive award. For the fiscal year ended March 31, 2015, the Committee selected certain strategic goals for named executive officers. The Committee evaluated performance against these goals for the fiscal year ended March 31, 2015 in April 2015 and determined each named executive officer's achievement of the goals and the payment pursuant to those goals. Based on that evaluation, for fiscal year 2015, Mr. Armes was paid an annual cash incentive of \$698,375, Mr. Diehl was paid an annual cash incentive of \$657,651 and Ms. Tacke was paid an annual cash incentive of \$264,625. Mr. Mudd was paid a partial year annual cash incentive of \$68,750.

The Committee believes the annual cash incentives earned by the named executive officers are appropriate in relation to the Company's financial performance for fiscal year 2015 as well as each named executive officer's individual performance during that period.

Long-Term Incentive Awards

Our Board and shareholders have approved our 2009 Stock Incentive Plan and our 2010 Restricted Stock Award Plan. Those plans, in addition to our individual incentive awards, allow us to provide cash and stock-based compensation opportunities to certain key employees, including our named executive officers. The Company uses both cash-based awards and stock-based awards as long-term incentive compensation to: (1) align compensation commensurate with the creation of shareholder value; (2) create opportunities for increased stock ownership by executives; and (3) attain competitive levels of total compensation over the long term.

2009 Stock Incentive Plan

The Committee may grant options to purchase our common stock (including incentive options and nonqualified stock options). Options are granted with an exercise price at the NASDAQ closing price of the Company's stock on the date of grant and thus have no ultimate value unless the value of our stock appreciates. The Company has never granted options with an exercise price that is less than the closing price of our common stock on the grant date, nor has it granted options which are priced on a date other than the grant date. The Committee believes stock options provide a significant incentive for the option holders to enhance the value of our common stock by continually improving the Company's performance and investment results.

Historically, granted options have become exercisable on or after the first anniversary of the date of grant in five annual installments and have a term of 10 years. Upon termination or retirement, option holders have 30 days to exercise vested options to purchase shares except in the case of death or disability (subject to a 6-month limitation). Prior to the exercise of options, holders have no rights as shareholders with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents. The Board retains the right to make option holders whole in certain situations, such as distributions.

From time to time, the Committee has recommended and the Board has granted qualified and non-qualified stock options to certain key employees and named executive officers. In August 2014, the Committee granted stock options to each of Mr. Armes, Ms. Tacke and Mr. Diehl as part of the executive compensation plan described under the heading "Transformative Transaction-Related Compensation."

The Committee does not intend to grant additional options under the 2009 Stock Incentive Plan or request shareholders' approval of any additional stock options to be added to the 2009 Stock Incentive Plan.

2010 Restricted Stock Award Plan

The Company received exemptive relief from the SEC that permits the Company to grant restricted stock in exchange for or in recognition of services by its executive officers and certain key employees. Pursuant to the 2010 Restricted

Stock Award Plan, the Committee may award shares of restricted stock to plan participants in such amounts and on such terms as the Committee determines in its sole discretion, provided that such awards are consistent with the conditions set forth in the SEC's exemptive order. Each restricted stock grant will be for a fixed number of shares as set forth in an award agreement between the grantee and the Company. Award agreements will describe time and/or performance vesting schedules and other appropriate terms and/or restrictions with respect to awards, including rights to dividends and voting rights. Historically, the restricted stock will vest ratably over five years.

Table of Contents

If a participant's employment is terminated for any reason, including retirement, other than death or disability, the participant's unvested restricted stock awards shall be forfeited. If a participant's employment is terminated due to death or disability or if a change in control (as defined in the 2010 Restricted Stock Award Plan) occurs, the participant's unvested restricted stock awards will vest immediately. Participants who have received restricted stock awards will receive dividends and will have voting rights with respect to such shares.

Following the completion of the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals businesses in fiscal year 2016, the Committee intends for restricted stock granted under the 2010 Restricted Stock Award Plan to continue as the sole long-term incentive compensation for executive officers, replacing the historical use of stock options, Individual Incentive Awards and ESOP Contributions. The Committee does not expect to grant any additional stock options under the 2009 Stock Incentive Plan or request shareholders' approval for any additional stock options to be added under the 2009 Stock Incentive Plan. The Committee believes these restricted stock awards will more closely align the long term incentives of the employees with that of the Company's shareholders in a manner consistent with a yield-oriented credit investment strategy following the completion of the anticipated spin-off.

In August 2014, the Committee granted restricted stock awards to each of Mr. Armes, Ms. Tacke and Mr. Diehl as part of the executive compensation plan described under the heading "Transformative Transaction-Related Compensation."

Individual Incentive Awards

The Committee uses our Individual Incentive Awards as a way to motivate our executives to increase the value of the Company as reflected by our net asset value, without the dilution that accompanies the use of stock options or restricted stock awards. Historically, Individual Incentive Awards vest on the fifth anniversary of the award date, providing a meaningful retention device. The Committee generally sets the baseline for measuring increases in net asset value at the Company's most recent quarterly net asset value per share at the time of issuance, requiring sustained asset value appreciation for the awards to provide a meaningful return. Upon exercise of an Individual Incentive Award, the Company pays the recipient a cash payment in an amount equal to current net asset value per share minus the baseline net asset value per share. The Committee did not make any Individual Incentive Awards during fiscal year 2015.

Following the completion of the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals businesses in fiscal year 2016, the Committee does not intend to make additional Individual Incentive Awards.

Other Compensation

ESOP

We maintain Employee Stock Ownership Plans, or ESOPs, as an additional way to align the compensation and interests of our employees with the interests of our shareholders. Employees who have completed one year of credited service are generally eligible to participate in an ESOP. The Company makes discretionary contributions to the ESOPs within limits established by the Code. Funds contributed to the trust established under the ESOPs are applied by the trustees to the purchase of our common stock. A participant's interest in contributions to an ESOP fully vests after three years of credited service, and such vested interest is distributed to a participant at retirement, death or total disability, or after a one year break in service resulting from termination of employment for any other reason. Thus, the ESOPs reward long-term employees, aligning their interests with those of our shareholders.

Table of Contents

Historically, the ESOPs have provided a significant equity incentive to which the Committee would authorize a contribution equivalent to 10% of each participating employee's covered compensation for the fiscal year, subject to limits imposed by Code Section 410(b) coverage testing requirements. Our ESOP contribution has been set at 10%, which the Board and Committee have determined to be appropriate to motivate and retain employees. In order to meet the IRS diversification testing rules, we calculate our contributions as part of each of our wholly-owned portfolio companies' ESOP percentages and we match our contribution percentage to the highest wholly-owned portfolio company's percentage. To the extent their percentages fall below our 10% contribution amount, our employees are granted an ESOP contribution at the wholly-owned portfolio company level, and a cash payment for the difference. Based on earnings results for each of the wholly-owned portfolio companies in which our named executive officers participate, a 10% ESOP contribution was made for the fiscal year ended March 31, 2015. Mr. Armes, Mr. Diehl and Ms. Tacke were eligible to participate in the ESOPs in fiscal year 2015.

Following the completion of the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals businesses in fiscal year 2016, the Committee intends to discontinue making ESOP contributions on behalf of the employees of the Company.

Retirement Plans

We maintain a qualified defined benefit, non-contributory retirement plan (the "Retirement Plan") for our employees and employees of certain of our wholly-owned portfolio companies ("Participants"). We also maintain a Restoration Plan (the "Restoration Plan") that provides benefits to the Participants in the qualified plan to fulfill the intent of our Retirement Plan without regard to the limitations imposed by the Code. The Restoration Plan is unfunded and non-qualified.

The retirement benefits payable to our named executive officers under the Retirement Plan and Restoration Plan depend on the Participant's years of service under our plan and their final average monthly compensation determined by averaging the five consecutive years of highest compensation prior to retirement. For pension calculation purposes, earnings include salaries and annual cash bonuses reported in the Summary Compensation Table. Mr. Armes, Mr. Diehl and Ms. Tacke were eligible to participate in both plans in fiscal year 2015.

Potential Payments upon Change in Control or Termination of Employment

We offer severance and change-in-control benefits under our long-term incentive plans to motivate our executives to focus on transactions that are likely in the best interests of our shareholders, even though such transactions may result in a loss of employment for the executives. We believe our programs are consistent with the practices of our peer group of companies and therefore also serve to attract and retain our executives. In addition, as part of our negotiations with Mr. Mudd and to motivate him to join us at a time when we have specifically motivated our executives to focus on a "trigger event", the Committee approved severance rights for Mr. Mudd.

Transformative Transaction-Related Compensation

On August 28, 2014, the Board adopted an executive compensation plan consisting of nonqualified stock options, restricted stock and cash incentive awards intended to align the compensation of the Company's executive officers with the Company's key strategic objective of increasing the market value of the Company's shares through a transformative transaction, such as the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals businesses, for the benefit of the Company's shareholders. Under this plan, Mr. Armes, Mr. Diehl and Ms. Tacke will share in a payout equal to six percent of the accretion in aggregate value of the Company's shares realized from the grant date through the date of measurement date on the 90th day following consummation of the transformative transaction (the "Determination Date"). The Determination Date value accretion will equal the excess of the aggregate value of the then outstanding Company and spin-off company's shares together

with interim dividends paid on the Company's shares over the aggregate value of the Company's shares on the grant date (\$557,353,318, based on a grant date closing price of \$36.16 per share).

Table of Contents

Any payments under this plan that are less than \$22.5 million in the aggregate will be divided evenly among Mr. Armes, Mr. Diehl and Ms. Tacke. Any payments in excess of \$22.5 million will be allocated as follows: Mr. Armes, 50%; Mr. Diehl, 25% and Ms. Tacke, 25%. The allocation of this incentive compensation opportunity was made by the Board at the recommendation of Mr. Armes. The awards vest and become payable in thirds, with one third vesting on the Determination Date, another third vesting on the first anniversary of the Determination Date, and the remaining third vesting on the second anniversary of the Determination Date.

The equity awards payable under the executive compensation plan will include both the Company and spin-off company options and restricted shares. The cash bonuses will be payable by the Company. The Company, however, reserves the right, in its sole discretion, to terminate the cash incentive award or to reduce the amount payable thereunder at any time prior to the Determination Date.

Accounting for Stock-Based Compensation

We consider the accounting costs of our executive compensation programs as just one factor in developing these programs. Generally, the Committee is made aware of the tax and accounting treatments of various compensation alternatives. ASC 718, Compensation – Stock Compensation (“ASC 718”) requires us to record the fair value of equity awards on the date of grant as a component of equity. We account for stock option grants in accordance with the provisions of ASC 718, which requires that we determine the fair value of all share-based payments to employees, including the fair value of grants of employee stock options, and record these amounts as an expense in the statement of operations over the vesting period with a corresponding increase to our additional paid-in capital. The increase to our operating expense is offset by the increase to our additional paid-in capital, resulting in no impact on our net asset value. If and when the options are exercised, the net asset value per share will decrease if the net asset value at the time of exercise is higher than the exercise price, and increase if the net asset value per share at the time of exercise is lower than the exercise price. As a result, although we consider the accounting treatment when granting awards we do not consider the accounting treatment to be a dominant factor in the form and/or design of awards.

Tax Deductibility of Compensation

Section 162(m) of the Code generally disallows a deduction to public companies to the extent of excess annual compensation over \$1 million paid to certain executive officers, except for qualified performance-based compensation. Our general policy, where consistent with business objectives, is to preserve the deductibility of executive officer compensation. The Committee may authorize forms of compensation that might not be deductible if the Committee deems such to be in the best interests of Capital Southwest Corporation and its shareholders.

Shareholder Advisory Vote on Executive Compensation

At our 2014 Annual Meeting, our shareholders approved an advisory vote with 95% of the votes cast in favor of our compensation philosophy, policies and procedures and the 2014 fiscal year compensation of our named executive officers (the “Advisory Vote”). The Committee considers the results of the Advisory Vote as an affirmation of the Company’s executive compensation decisions and policies.

Compensatory Risk Assessment

We work to integrate sound risk management into our compensation programs. We believe it is critical to bring a multi-faceted strategy toward mitigating risk in compensation. We believe our focus on long-term stable compensation programs, and retaining long-term employees who have dedicated more than a decade to our success, work to limit incentives to take unnecessary or imprudent risk-taking actions. We also provide stable fixed cash compensation to each of our executive officers as a counterbalance to the financial exposure that our named executive officers face as significant holders of equity in our enterprise. In April 2015, the Committee undertook a review of

our compensation programs and determined that the programs are not reasonably likely to have a material adverse effect on the Company.

None of our executive officers served as a member of the Compensation Committee of our Board or as a member of the compensation committee or as a director of any other entity, one of whose executive officers served as a member of our Compensation Committee or as one of our directors.

Certain Relationships and Related Party Transactions

Our CEO is responsible for reviewing and approving all material transactions with any related party. If there is a related party transaction involving our CEO, the entire Board will review and approve the transaction. Related parties include any of our directors or executive officers, certain of our shareholders and their immediate family members.

We review related party transactions due to the potential for a conflict of interest. On August 28, 2014, the Board adopted an executive compensation plan consisting of nonqualified stock options, restricted stock and cash incentive awards intended to align the compensation of the Company's executive officers with the Company's key strategic objective of increasing the market value of the Company's shares through a transformative transaction, such as the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals businesses, for the benefit of the Company's shareholders. Under this plan, Mr. Armes, Mr. Diehl and Ms. Tacke will share in a payout equal to six percent of the accretion in aggregate value of the Company's shares realized from the grant date through the date of measurement date on the 90th day following consummation of the transformative transaction, or the Determination Date. The Determination Date value accretion will equal the excess of the aggregate value of the then outstanding Company and spin-off company's shares together with interim dividends paid on the Company's shares over the aggregate value of the Company's shares on the grant date (\$557,353,318, based on a grant date closing price of \$36.16 per share).

Any payments under this plan that are less than \$22.5 million in the aggregate will be divided evenly among Mr. Armes, Mr. Diehl and Ms. Tacke. Any payments in excess of \$22.5 million will be allocated as follows: Mr. Armes, 50%; Mr. Diehl, 25% and Ms. Tacke, 25%. The allocation of this incentive compensation opportunity was made by the Board at the recommendation of Mr. Armes. The awards vest and become payable in thirds, with one third vesting on the Determination Date, another third vesting on the first anniversary of the Determination Date, and the remaining third vesting on the second anniversary of the Determination Date.

The equity awards payable under the executive compensation plan will include both Capital Southwest and spin-off company options and restricted shares. The cash bonuses will be payable by the Company. The Company, however, reserves the right, in its sole discretion, to terminate the cash incentive award or to reduce the amount payable thereunder at any time prior to the Determination Date.

The following table sets forth information about the pension benefits attributable to our named executive officers as of March 31, 2015, and any pension benefit payments to them during the year ended March 31, 2015. | | Restoration Plan | 1.333 | \$ 13,134 | - |

The retirement plan for employees of the Company and our affiliates is a non-contributory defined benefit pension plan providing annual retirement benefits to eligible employees. The Company assumes that retirement occurs at age 65 and that benefits are payable only during the employee's lifetime. The amount of the monthly retirement benefit payable beginning at age 65 is calculated as follows: (a) 1.2% of the final average monthly compensation in the five successive calendar years out of the last ten completed calendar years that gives the highest average; (b) multiplied by years of credited service (not in excess of 40 years); (c) plus 0.65% of that portion of the final average monthly compensation which exceeds Social Security covered compensation in effect on the date of retirement times the employee's credited service (not in excess of 35 years).

Benefits provided under the retirement plan are based on compensation up to a maximum annual limit under the Code (which was \$260,000 calendar year 2014). In addition, benefits provided under the retirement plan may not exceed a benefit annual limit under the Code (which was \$210,000 payable as a single life annuity beginning at normal retirement age in calendar year 2014). Benefits under the restoration plan provide the difference when the benefit is computed without plan limitations.

The actuarial present value of the accumulated benefit obligation to each named executive officer was determined based on the mortality table and discount rate assumptions utilized in our audited financial statements for the year ended March 31, 2015 and other respective measurement dates for previous years.

None of our named executive officers is currently eligible for early retirement.

PROPOSAL TWO: APPROVAL OF THE SECOND AMENDMENT TO
THE 2009 STOCK INCENTIVE PLAN

The Company's shareholders previously approved the 2009 Stock Incentive Plan on July 20, 2009. The Board recommends that shareholders vote to approve an amendment to the 2009 Stock Incentive Plan (the "2009 Plan Amendment") to permit issuance of options to purchase up to 120,000 shares of our common stock to any plan participant during any calendar year. Except for such change, the Board proposes no other changes to the 2009 Stock Incentive Plan.

Purpose of Amendment

On August 28, 2014, the Board adopted an executive compensation plan consisting of nonqualified stock options, restricted stock and cash incentive awards intended to align the compensation of the Company's executive officers with the Company's key strategic objective of increasing the market value of the Company's shares through a transformative transaction, such as the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals businesses, for the benefit of the Company's shareholders, as described under the heading "Compensation Discussion and Analysis—Transformative Transaction-Related Compensation." The executive compensation plan included grants to Mr. Armes, Mr. Diehl and Ms. Tacke of options to acquire, respectively, 86,333, 86,334 and 86,333 shares of our common stock, representing all remaining options available for grant under the 2009 Stock Incentive Plan. The allocation of this incentive compensation opportunity was made by the Board at the recommendation of Mr. Armes. Additionally, earlier in 2014, Mr. Diehl and Ms. Tacke were granted options to purchase 30,000 and 25,000 shares, respectively, of our common stock in connection with their acceptance of employment with the Company.

The 2009 Stock Incentive Plan limits the number of stock options that can be granted to any participant in any calendar year to 75,000. The grants issued to Mr. Armes, Mr. Diehl and Ms. Tacke in calendar 2014 exceed that limitation. To accommodate the option grants under the executive compensation plan, the Board has amended the 2009 Stock Incentive Plan to increase that limitation to 120,000 shares, subject to receipt of the requisite approval of our shareholders.

If the 2009 Plan Amendment described in this Proposal Two is not approved, then the Board will reduce the number of stock options previously granted to Mr. Armes, Mr. Diehl and Ms. Tacke under the executive compensation plan and will correspondingly increase the cash bonus award portion of the executive compensation plan payable to each of them.

Vote Required

The 2009 Plan Amendment will be approved by shareholders if holders of a majority of the shares present in person or represented by proxy at the Annual Meeting vote in favor of the action. Abstentions on this Proposal Two have the same effect as a vote against this proposal.

Board Recommendation

The Board recommends that you vote "FOR" the approval of the 2009 Plan Amendment described in this Proposal Two.

Purpose

The purpose of the 2009 Stock Incentive Plan is to further our long-term financial success by attracting and retaining employees and directors through the use of awards that promote and recognize our financial success and growth. Stock Options

Stock options granted under the 2009 Stock Incentive Plan may be incentive stock options or non-statutory stock options. A stock option entitles the participant to purchase shares of common stock at the exercise price. The Committee will set the exercise price at the closing price of our shares of common stock on the date of grant of the option. The exercise price of an incentive stock option cannot be less than 100% of the fair market value of the Company's shares on the date of grant, provided that if the participant owns, directly or indirectly, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, the exercise price of an incentive stock option shall not be less than 110% of the fair market value of the Company's shares on the date of grant. The 2009 Stock Incentive Plan provides that the exercise price of non-statutory stock option awards cannot be less than 100% of the fair market value of the Company's shares on the date of grant. The option exercise price may be paid in cash or with shares of our common stock, or a combination of cash and our common stock, if permitted under the participant's option agreement. Non-statutory and incentive stock options may be exercised at times and subject to conditions as may be prescribed by the Committee, provided they will not be exercisable after 10 years from the grant date. However, if a recipient of incentive stock options owns, directly or indirectly, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, then the incentive stock options will not be exercisable after 5 years from the date of grant.

Termination

Non-Statutory Stock Options

If the employment of a recipient of non-statutory stock options is terminated for any reason other than death or disability or for cause, the recipient's vested non-statutory stock options will remain exercisable for one month following the date of termination. Non-vested non-statutory stock options will be forfeited on the date of termination. If employment ended due to death or disability, the recipient's vested non-statutory stock options will remain exercisable for six months following the date of termination. Non-vested non-statutory stock options will be forfeited on the date of termination. If the employment of a recipient of non-statutory stock options is terminated for cause, all non-statutory stock options will be forfeited on the date of termination.

Incentive Stock Options

If the employment of a recipient of incentive stock options is terminated due to death or disability, the recipient's vested incentive stock options will remain exercisable for six months following the date of termination. Non-vested incentive stock options will be forfeited on the date of termination. If the employment of a recipient of incentive stock options is terminated for cause, all incentive stock options will be forfeited on the date of termination.

Change in Control

Upon a change in control, all unvested awards granted under the 2009 Stock Incentive Plan, will immediately vest.

"Change in Control" under the 2009 Stock Incentive Plan means:

the date any one person, or more than one "person" acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person(s)) ownership of common stock possessing 51% or more of the total voting power of the common stock of the Company;

individuals who at any time during the term of the 2009 Stock Incentive Plan constitute the board of directors of the Company (the "2009 Incumbent Board") cease for any reason to constitute at least a majority thereof, provided that any person becoming a director subsequent to the date hereof whose election or nomination for election was approved by a vote of at least 75% of the directors comprising the 2009 Incumbent Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without objection to such nomination) shall be, for purposes of this provision considered as though such person were a member of the 2009 Incumbent Board;

any consolidation or merger to which the Company is a party, if following such consolidation or merger, shareholders of the Company immediately prior to such consolidation or merger shall not beneficially own securities representing at least 51% of the combined voting power of the outstanding voting securities of the surviving or continuing corporation; or

any sale, lease, exchange or other transfer (in one transaction or in a series of related transactions) of all, or substantially all, of the assets of the Company, other than to an entity (or entities) of which the Company or the shareholders of the Company immediately prior to such transaction beneficially own securities representing at least 51% of the combined voting power of the outstanding voting securities.

Transferability

In general, awards granted under the 2009 Stock Incentive Plan may not be assigned, transferred, pledged or otherwise encumbered by a participant, other than by will or the laws of descent and distribution.

Table of Contents

Shares Subject to the 2009 Stock Incentive Plan

The 2009 Stock Incentive Plan originally made available up to 560,000 stock options for issuance. Under this plan, there are currently 370,000 stock options granted and outstanding, of which 142,334 stock options will be held by employees remaining with the Company subsequent to the proposed spin-off. The maximum number of shares with respect to which stock options may be granted in any calendar year to any participant is 120,000 shares. The maximum number of shares with respect to which qualified-performance based awards may be granted in any 12-month period to any participant is 25,000 shares.

In general, if any stock option granted terminates, expires or lapses for any reason other than as a result of being exercised, or if shares issued pursuant to the 2009 Stock Incentive Plan are forfeited, the common stock subject to the forfeited stock option will be available for further grants of stock options.

Securities Currently Available to be Issued

As of June 26, 2015, there were 4,000 shares available to be issued under the 2009 Stock Incentive Plan. The Compensation Committee does not intend to grant additional stock options under the 2009 Stock Incentive Plan or request shareholders' approval of additional stock options to be added to the 2009 Stock Incentive Plan.

Certain Federal Income Tax Consequences

Stock Options

Generally, no federal income tax liability is incurred by a participant at the time a stock option is granted. If the stock option is an incentive stock option, no income will be recognized upon the participant's exercise of the stock options, provided holding periods required by the tax laws are satisfied. Income is recognized by a participant when he or she disposes of shares acquired under an incentive stock option. The exercise of a non-statutory stock option generally is a taxable event that requires the participant to recognize, as ordinary income, the difference between the shares' fair market value and the option exercise price.

We will be entitled to claim a federal business expense tax deduction upon the exercise of a non-statutory stock option. The amount of the deduction is equal to the ordinary income recognized by the participant. We generally will not be entitled to a federal income tax deduction upon certain disqualifying dispositions of stock acquired upon the exercise of an incentive stock option.

Changes in Capitalization and Similar Changes

In the event of any changes in the outstanding shares of common stock by reason of any stock dividend, stock split, recapitalization or otherwise, the aggregate number of shares of common stock reserved under the 2009 Stock Incentive Plan and the terms, exercise price and number of shares of any outstanding options or awards will be equitably adjusted by the Committee in its discretion to preserve the benefits of the options or awards for 2009 Stock Incentive Plan participants. In connection with the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemical businesses in fiscal year 2016, all outstanding stock options held by Capital Southwest employees will be adjusted to represent both Capital Southwest and CSW Industrials, Inc.

PROPOSAL THREE: APPROVAL OF THE SECOND AMENDMENT TO
THE 2010 RESTRICTED STOCK AWARD PLAN

The Company's shareholders previously approved the 2010 Restricted Stock Award Plan on July 18, 2011. The Board recommends that shareholders vote to approve an amendment to the 2010 Restricted Stock Award Plan at the Annual Meeting (the "2010 Plan Amendment") to increase the shares of our common stock available for issuance under the 2010 Restricted Stock Award Plan by 450,000 shares. Except for such change, the Board proposes no other changes to the 2010 Restricted Stock Award Plan.

Purpose of the Amendment

The purpose of the 2010 Plan Amendment is to increase the shares of our common stock under the 2010 Restricted Stock Award Plan by 450,000 shares (the "Proposed Increase"), increasing the shares under the 2010 Restricted Stock Award Plan from 188,000 shares, on a post-split basis, to 638,000 shares. Prior to the Proposed Increase, there are 31,240 shares currently available to be granted under the 2010 Restricted Stock Award Plan. The Proposed Increase would increase the shares available to be granted to 481,240. No distribution or allocation of these new shares is determinable at this time. Future awards under the 2010 Restricted Stock Award Plan will be made at the sole discretion of the Compensation Committee.

In developing this proposal, the Compensation Committee considered the total compensation opportunity available to employees of the Company following the completion of the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemicals businesses in fiscal year 2016 and sought to closely align the long-term incentives of the employees with the long-term interests of the Company's shareholders in a manner consistent with a yield-oriented credit investment strategy and at levels consistent with market data provided by Longnecker & Associates. The Compensation Committee and the Board concluded that restricted stock most closely aligned the interests of the employees with that of the Company's shareholders as restricted stock participates in dividends and stock appreciation, both significant components of delivering value to the Company's shareholders over the long term. The Compensation Committee intends for restricted stock granted under the 2010 Restricted Stock Plan to be the sole long-term incentive compensation, replacing the historical use of stock options, Individual Incentive Awards and ESOP contributions. The Compensation Committee intends that no further Individual Incentive Awards, stock options or ESOP contributions will be made.

In determining the size of the Proposed Increase, the Compensation Committee and the Board considered the long-term incentive programs of comparable internally managed business development companies in structuring the Company's future long-term incentive awards. The Compensation Committee and the Board also considered the total number of shares of restricted stock available for issuance, after the addition of the Proposed Increase, as a percentage of the fully diluted shares outstanding of the Company, and compared the resulting percentage to that of other internally managed business development companies. The Committee believes the current proposal is competitive with, and sized appropriately compared to, the long-term incentive programs offered by other internally managed business development companies and would be sufficient to motivate each employee to achieve our objectives following the proposed spin-off. The Board expects that the Proposed Increase would be sufficient to cover anticipated grants of restricted stock over the next three to four years. The Board also expects that future restricted stock awards will have vesting periods of not less than four years.

Vote Required

The 2010 Plan Amendment will be approved by shareholders if holders of a majority of the shares present in person or represented by proxy at the Annual Meeting vote in favor of the action. Abstentions on this Proposal Three have the same effect as a vote against this proposal.

Board Recommendation

The Board recommends that you vote “FOR” the approval of the 2010 Plan Amendment described in this Proposal Three.

Restricted Stock

The 2010 Restricted Stock Award Plan permits the grant of restricted stock awards to participants. A restricted stock award may be, but is not required to be, forfeitable or otherwise restricted until certain conditions are satisfied. These conditions may include, for example, a requirement that the participant complete a specified period of service or that certain objectives be achieved. The objectives may be based on overall Company performance, performance of a subsidiary or an individual. Any restriction imposed on a restricted stock award will be determined by the Committee.

The Committee may grant awards subject to management objectives that are either intended or not intended to qualify as qualified performance-based awards under Section 162(m) of the Code. Management objectives applicable to any award intended to qualify as qualified performance-based awards under Section 162(m) of the Code must be based on one or more, or a combination, of the following criteria:

- economic value added (as determined by the Committee);
- achievement of profit, loss or expense ratio;
- cash flow;
- book value;
- sales of products;
- net income (either before or after taxes);
- operating earnings;
- return on capital;
- return on net assets;
- return on shareholders' equity;
- return on assets;
- shareholder returns;
- productivity;
- expenses;
- margins;
- operating efficiency;
- customer satisfaction;
- earnings per share;
- price per share of common stock; and

·and market share;

any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group.

Restricted stock awards granted under the 2010 Restricted Stock Award Plan will receive dividends or distributions made on the common stock of the Company and recipients of restricted stock awards will be entitled to vote their restricted shares. Recipients of qualified performance-based awards will not receive dividends or distributions as they are made by the Company. Recipients of these awards will receive a cash payment equal to the aggregate cash dividends and the number of shares equal to any stock dividends that the recipient would have received if the recipient had owned the vested shares during the vesting period.

Termination

If the employment of a recipient of restricted stock awards is terminated for any reason other than death or disability, the recipient's unvested restricted stock will be forfeited on the date of termination. If employment ended due to death or disability, the recipient's unvested restricted stock, including any subject to performance goals, will immediately vest.

Change in Control

Upon a change in control, all unvested awards granted under the 2010 Restricted Stock Award Plan, will immediately vest.

“Change in Control” under the 2010 Restricted Stock Award Plan means:

the date any one person, or more than one “person” acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person(s)) ownership of common stock possessing 51% or more of the total voting power of the common stock of the Company;

individuals who at any time during the term of the 2010 Restricted Stock Award Plan constitute the board of directors of the Company (the “2010 Incumbent Board”) cease for any reason to constitute at least a majority thereof, provided that any person becoming a director subsequent to the date hereof whose election or nomination for election was approved by a vote of at least 75% of the directors comprising the 2010 Incumbent Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without objection to such nomination) shall be, for purposes of this provision considered as though such person were a member of the 2010 Incumbent Board;

any consolidation or merger to which the Company is a party, if following such consolidation or merger, shareholders of the Company immediately prior to such consolidation or merger shall not beneficially own securities representing at least 51% of the combined voting power of the outstanding voting securities of the surviving or continuing corporation; or

any sale, lease, exchange or other transfer (in one transaction or in a series of related transactions) of all, or substantially all, of the assets of the Company, other than to an entity (or entities) of which the Company or the shareholders of the Company immediately prior to such transaction beneficially own securities representing at least 51% of the combined voting power of the outstanding voting securities.

Transferability

In general, awards granted under the 2010 Restricted Stock Award Plan may not be assigned, transferred, pledged or otherwise encumbered by a participant, other than by will or the laws of descent and distribution.

Shares Subject to the 2010 Restricted Stock Award Plan

The 2010 Restricted Stock Award Plan makes available up to 188,000 shares of our common stock for the issuance of restricted stock awards to 2010 Restricted Stock Award Plan participants. The total number of shares that may be outstanding as restricted stock under all of the Company's compensation plans shall not exceed 10% of the outstanding shares of the Company on the effective date of the 2010 Restricted Stock Award Plan plus 10% of the shares issued or delivered by the Company (other than pursuant to any employee compensation plans) during the term of the 2010 Restricted Stock Award Plan. Additionally, the amount of voting securities that would result from the exercise of all outstanding warrants, options, and rights, together with any restricted stock issued pursuant to the 2010 Restricted

Stock Award Plan (collectively, the “Outstanding Awards”) and any other plan of the Company at the time of issuance may not exceed 25% of the outstanding voting securities of the Company. If the Outstanding Awards would exceed 15% of the outstanding voting securities of the Company, then the total amount of voting securities at the time of issuance may not exceed 20% of the outstanding voting securities of the Company. The maximum number of shares with respect to which qualified-performance based awards may be granted in any calendar year to any participant is 25,000 shares. To date, 156,760 restricted stock awards have been granted under the 2010 Restricted Stock Award Plan.

Table of Contents

Securities Currently Available to be Issued

As of June 26, 2015, there were 31,240 shares available to be issued under the 2010 Restricted Stock Award Plan.

Certain Federal Income Tax Consequences

Federal income tax is incurred on the award of restricted stock when the stock first becomes transferable or is no longer subject to a substantial risk of forfeiture, unless the recipient of the restricted stock makes a Section 83(b) election to have the grant taxed as compensation income at fair market value on the date of grant. At that time, the employee recognizes income equal to the fair market value of the common stock.

Changes in Capitalization and Similar Changes

In the event of any changes in the outstanding shares of common stock by reason of any stock dividend, stock split, recapitalization or otherwise, the aggregate number of shares of common stock reserved under the 2010 Restricted Stock Award Plan and the terms, exercise price and number of shares of any outstanding options or awards will be equitably adjusted by the Committee in its discretion to preserve the benefits of the options or awards for 2010 Restricted Stock Award Plan participants. In connection with the proposed spin-off of the Company's industrial products, coatings, sealants and adhesives and specialty chemical businesses in fiscal year 2016, all outstanding stock options held by Capital Southwest employees will be adjusted to represent both Capital Southwest and CSW Industrials, Inc.

PROPOSAL FOUR: ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

We are asking our shareholders to provide advisory approval of the compensation of our current named executive officers, as we described in the “Compensation Discussion and Analysis” section of this proxy statement. While this vote is advisory and non-binding, it will provide information to the Compensation Committee regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for fiscal 2016 and beyond. Based upon the shareholder vote received at our 2012 annual meeting, we will be requesting our shareholders to vote annually (on a non-binding basis) on executive compensation.

The Compensation Committee strives to attract, retain and motivate exceptional executives, to reward past performance and provide incentives for future performance and to align executive’s long-term interests with the interests of our shareholders. To achieve these objectives, the Compensation Committee expects to implement and maintain compensation plans that tie a substantial portion of executive’s overall compensation to key strategic financial and operational goals such as maintaining and growing our portfolio. It is always the intention of the Compensation Committee that our executive officers be compensated competitively and consistent with our strategy, sound corporate governance principles and shareholder interests and concerns.

The Board recommends that shareholders approve the program by approving the following advisory resolution:

“RESOLVED, that the shareholders of Capital Southwest Corporation approve, on an advisory basis, the compensation of the individuals identified in the Summary Compensation Table, as disclosed in the proxy statement relating to the 2015 fiscal year pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis section, the compensation tables and the accompanying footnotes and narratives within the Executive Compensation section of the proxy statement).”

Vote Required

The approval of this advisory resolution requires the affirmative vote of a majority of the shares of common stock represented in person or by proxy at the Annual Meeting. Abstentions and broker non-votes on this Proposal Three have the same effect as a vote against this proposal.

Board Recommendation

The Board recommends that you vote “FOR” the approval of the advisory resolution set forth in this Proposal Four.

The Audit Committee oversees the Company's financial reporting process and system of internal control over financial reporting on behalf of the Board. Management is responsible for preparing the Company's financial statements and the Company's reporting process, including the Company's system of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of the valuation of securities and other significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee is not, however, professionally engaged in the practice of accounting or auditing, and does not provide any expert or other special assurance as to such financial statements concerning compliance with the laws, regulations or accounting principles generally accepted in the United States ("GAAP"). The Audit Committee relies, without independent verification, on the information provided to them and on the representations made by management and the Company's independent registered public accounting firm.

The Company's independent registered public accounting firm, Grant Thornton LLP, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB") and for expressing an opinion on the conformity of those audited financial statements with GAAP. The Audit Committee reviewed with Grant Thornton LLP its judgment as to the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of the valuation of securities and other significant judgments, the clarity of disclosures in the financial statements and such other matters as are required to be discussed with the Audit Committee by Statements on Auditing Standards No. 16, as adopted by the PCAOB in Rule 3200T and by SEC Regulations S-X Rule 2-07, Communications with Audit Committees, as currently in effect. In addition, the Audit Committee discussed with Grant Thornton LLP its independence from management and the Company, including the matters in the written disclosures and letter the Company received from them as required by the Ethics and Independence Rule 3526, and considered the compatibility of non-audit services with their independence.

The Audit Committee discussed with Grant Thornton LLP the overall scope and plans for their audit and also met with them, with and without management present, to discuss the results of their audit, their evaluation of the Company's system of internal controls over financial reporting and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above and subject to the limitations on the Audit Committee's role and responsibilities referred to above and in the Audit Committee Charter, all of the Audit Committee members, whose names are listed below, recommended to the Board that the Board approve the inclusion of the audited consolidated financial statements in the Annual Report on Form 10-K for the fiscal year ended March 31, 2015 for filing with the SEC.

The Committee shall determine the term during which a Participant may exercise a Non-Statutory Stock Option, but in no event may a Participant exercise a Non-Statutory Stock Option, in whole or in part, more than 10 years from the Date of Grant. The Committee shall also determine the date on which each Non-Statutory Stock Option, or any part thereof, first becomes exercisable and any terms or conditions a Participant must satisfy in order to exercise each Non-Statutory Stock Option. Shares underlying each Non-Statutory Stock Option may be purchased, in whole or in part, by the Participant at any time during the term of such Non-Statutory Stock Option, after such Option becomes exercisable. A Non-Statutory Stock Option may not be exercised for fractional shares.

(a) Exercise Price. The Committee shall determine the Exercise Price of each Incentive Stock Option. However, the Exercise Price shall not be less than the Fair Market Value of the Common Stock on the Date of Grant; provided, however, that if at the time an Incentive Stock Option is granted, the Employee owns or is treated as owning, for purposes of Code Section 422, Common Stock representing more than 10% of the total combined voting securities of the Company ("10% Owner"), the Exercise Price shall not be less than 110% of the Fair Market Value of the Common Stock on the Date of Grant.

(b) Amounts of Incentive Stock Options. To the extent the aggregate Fair Market Value of Shares with respect to which Incentive Stock Options that are exercisable for the first time by an Employee during any calendar year under the Plan and any other stock option plan of the Company or an Affiliate exceeds \$100,000, or such higher value as may be permitted under Code Section 422, such Options in excess of such limit shall be treated as Non-Statutory Stock Options. Fair Market Value shall be determined as of the Date of Grant with respect to each such Incentive Stock Option.

(c) Terms of Incentive Stock Options. The Committee shall determine the term during which a Participant may exercise an Incentive Stock Option, but in no event may a Participant exercise an Incentive Stock Option, in whole or in part, more than 10 years from the Date of Grant; provided, however, that if at the time an Incentive Stock Option is granted to an Employee who is a 10% Owner, the Incentive Stock Option granted to such Employee shall not be exercisable after the expiration of five years from the Date of Grant. The Committee shall also determine the date on which each Incentive Stock Option, or any part thereof, first becomes exercisable and any terms or conditions a Participant must satisfy in order to exercise each Incentive Stock Option. Shares underlying each Incentive Stock Option may be purchased, in whole or in part, at any time during the term of such Incentive Stock Option, after such Option becomes exercisable. An Incentive Stock Option may not be exercised for fractional shares.

(e) Termination of Employment (Disability or Death). Unless otherwise determined by the Committee, in the event of a Participant's Termination of Service due to Disability or death, the Participant may exercise only those Incentive Stock Options that were immediately exercisable by the Participant at the date of such termination and only for six months following the date of such termination, or, if sooner, the expiration of the term of the Incentive Stock Option.

(g) Extension of Term of Option. The period during which an Incentive Stock Option is to remain exercisable following a Participant's Termination of Service shall be extended if the exercise of the Incentive Stock Option would violate an applicable Federal, state, local, or foreign law until 30 days after the exercise of the Incentive Stock Option would no longer violate applicable Federal, state, local, and foreign laws, but not beyond the original term of the Incentive Stock Option pursuant to Section 8(c). Any extension of the term of an Incentive Stock Option pursuant to this Section 8(g) may cause the Option to be treated as a Non-Statutory Stock Option.

(h) Acceleration Upon a Change in Control. In the event of a Change in Control, all Incentive Stock Options held by such a Participant shall become immediately vested and fully exercisable, and, subject to Section 16(b), shall remain exercisable until the expiration of the term of the Incentive Stock Option.

(i) Payment. Payment due to a Participant upon the exercise of an Incentive Stock Option shall be made in the form of Shares.

(j) Disqualifying Dispositions. Each Award Agreement with respect to an Incentive Stock Option shall require the Participant to notify the Committee of any disposition of Shares issued pursuant to the exercise of such Option under the circumstances described in Code Section 421(b) (relating to certain disqualifying dispositions), within 10 days of such disposition.

9. METHOD OF EXERCISE OF OPTIONS

Subject to any applicable Award Agreement, any Option may be exercised by the Participant in whole or in part at such time or times, and the Participant may make payment of the Exercise Price in such form or forms, including, without limitation, payment by delivery of cash or Common Stock owned by the Participant for more than six months having a Fair Market Value on the exercise date equal to the total Exercise Price, or by any combination of cash and Shares, including exercise by means of a cashless exercise arrangement with a qualifying broker-dealer. The Participant may deliver shares of Common Stock either by attestation or by the delivery of a certificate or certificates for shares duly endorsed for transfer to the Company.

10. RESTRICTED STOCK AWARDS

The Committee may, subject to the limitations of the Plan and the availability of Shares reserved but not previously awarded under this Plan, grant Restricted Stock Awards to eligible individuals upon such terms and conditions as it may determine to the extent such terms and conditions are consistent with the following provisions:

(a) Payment of the Restricted Stock Award. The Restricted Stock Award may only be made in whole Shares.

(b) Terms of the Restricted Stock Awards. The Committee shall determine the dates on which Restricted Stock Awards granted to a Participant shall vest and any specific conditions or Performance Goals which must be satisfied prior to the vesting of any installment or portion of the Restricted Stock Award. Notwithstanding other paragraphs in this Section 10, the Committee may, in its sole discretion, accelerate the vesting of any Restricted Stock Awards except for any Restricted Stock Awards that are Qualified Performance-Based Awards under Section 12 hereof. The acceleration of any Restricted Stock Award shall create no right, expectation or reliance on the part of any other Participant or that certain Participant regarding any other Restricted Stock Awards.

(c) Termination of Service. Unless otherwise determined by the Committee, upon a Participant's Termination of Service for any reason other than Retirement, Disability or death, the Participant's unvested Restricted Stock Awards as of the date of termination shall be forfeited and any rights the Participant had to such unvested Restricted Stock Awards shall become null and void. Unless otherwise provided in the applicable Award Agreement, in the

event of a Participant's Termination of Service due to Retirement, Disability or death, all unvested Restricted Stock Awards held by such Participant, including any portion of a Restricted Stock Award subject to a Performance Goal, shall immediately vest.

(b) Restrictive Legend. Each certificate issued in respect of a Restricted Stock Award shall be registered in the name of the Participant and, at the discretion of the Board, each such certificate may be deposited in a bank designated by the Board. Each such certificate shall bear the following (or a similar) legend:

"The transferability of this certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) contained in the Capital Southwest Corporation 2009 Stock Incentive Plan and an agreement entered into between the registered owner and Capital Southwest. A copy of such plan and agreement is on file at the principal office of Capital Southwest Corporation."

(c) Transfers of Unrestricted Shares. Upon the vesting date for a Restricted Stock Award, such Restricted Stock will be transferred free of all restrictions to a Participant (or his or her legal representative, beneficiary or heir).

12. QUALIFIED PERFORMANCE-BASED AWARDS

(a) Purpose. The purpose of this Section 12 is to provide the Committee the ability to grant Restricted Stock as Qualified Performance-Based Awards. If the Committee, in its discretion, decides to grant to a Covered Employee an Award that is intended to constitute a Qualified Performance-Based Award, the provisions of this Section 12 shall control over any contrary provision contained herein; provided, however, that the Committee may grant Awards to Covered Employees that are based on Performance Criteria or Performance Goals that do not satisfy the requirements of this Section 12.

(b) Applicability. This Section 12 shall apply only to those Covered Employees selected by the Committee to receive Qualified Performance-Based Awards. The designation of a Covered Employee as a Participant for a Performance Period shall not in any manner entitle the Participant to receive an Award for the relevant Performance Period. Moreover, designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employees as a Participant in such period or in any other period.

Table of Contents

- (c) Procedures with Respect to Qualified Performance-Based Awards. To the extent necessary to comply with the Qualified Performance-Based Award requirements of Code Section 162(m)(4)(C), with respect to any Award that may be granted to one or more Covered Employees, no later than 90 days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Code Section 162(m)), the Committee shall, in writing, (a) designate one or more Covered Employees, (b) select the Performance Criteria applicable to the Performance Period, (c) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (d) specify the relationship between Performance Criteria and the Performance Goals and the amounts of such Restricted Stock Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. No Award or portion thereof that is subject to the satisfaction of any condition shall be considered to be earned or vested until the Committee certifies in writing that the conditions to which the distribution, earning or vesting of such Award is subject have been achieved. The Committee may not increase during a year the amount of a Qualified Performance-Based Award that would otherwise be payable upon satisfaction of the conditions but may reduce or eliminate the payments as provided for in the Award Agreement.
- (d) Payment of Qualified Performance-Based Awards. Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company or a subsidiary on the day a Qualified Performance-Based Award for such Performance Period is paid to the Participant. Furthermore, a Participant shall be eligible to receive payment pursuant to a Qualified Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.
- (e) Acceleration Upon a Change in Control. In the event of a Change in Control, all unvested Qualified Performance-Based Awards held by a Participant shall become vested upon the Change in Control.
- (f) Dividends and Other Distributions. The Participant shall not be paid any dividends or distributions or other distributions with respect to Qualified Performance-Based Awards until the Participant has become vested in the Shares covered by the Qualified Performance-Based Awards. At the time of vesting, the Participant shall receive a cash payment equal to the aggregate cash dividends (without interest) (other than distributions in Shares) and the number of Shares equal to any stock dividends that the Participant would have received if the Participant had owned all of the Shares which vested for the period beginning on the date of the Award, and ending on the date of vesting or payment. No dividends shall be paid to the Participant with respect to any Qualified Performance-Based Awards that are forfeited by the Participant.
- (g) Additional Limitations. Notwithstanding any other provision of the Plan, any Award granted to a Covered Employee that is intended to constitute a Qualified Performance-Based Award shall be subject to any additional limitations set forth in Code Section 162(m) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Code Section 162(m)(4)(C), and the Plan shall be deemed amended to the extent necessary to conform to such requirements.
- (h) Effect on Other Plans and Arrangements. Nothing contained in the Plan will be deemed in any way to limit or restrict the Committee from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

13. RIGHTS OF PARTICIPANTS

No Participant shall have any rights as a shareholder with respect to any Shares covered by an Option until the date of issuance of a stock certificate for such Common Stock. Nothing contained in this Plan or in any Award Agreement confers on any person any right to continue in the employ or service of the Company or an Affiliate or interferes in any way with the right of the Company or an Affiliate to terminate a Participant's services.

Table of Contents

14. DESIGNATION OF BENEFICIARY

A Participant may, with the consent of the Committee, designate a person or persons to receive, in the event of death, any Award to which the Participant would then be entitled. Such designation will be made upon forms supplied by and delivered to the Company and may be revoked in writing. If a Participant fails to designate a beneficiary, then the Participant's estate will be deemed to be the beneficiary.

15. TRANSFERABILITY OF AWARDS

No Award granted hereunder shall be transferable, voluntarily or involuntarily, other than by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code. During a Participant's lifetime, Incentive Stock Options may be exercised only by the Participant (or a legal representative if the Participant becomes incapacitated).

16. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION OR A CHANGE OF CONTROL

(a) Adjustment Clause. In the event of any change in the outstanding shares of Stock of the Company by reason of any stock dividend, split, spinoff, recapitalization, merger, consolidation, combination, extraordinary dividend, exchange of shares or other change affecting the outstanding shares of Stock as a class without the Company's receipt of consideration, or other equity restructuring within the meaning of Financial Accounting Standard No. 123 (revised 2004), appropriate adjustments shall be made to (i) the aggregate number of shares of Stock with respect to which Awards may be made under the Plan, (ii) the terms and the number of shares and/or the price per share of any outstanding Stock Options, and (iii) the share limitations set forth in Section 5 hereof. The Committee shall also make appropriate adjustments described in (i)-(iii) of the previous sentence in the event of any distribution of assets to shareholders other than a normal cash dividend. Adjustments, if any, and any determination or interpretations, made by the Committee shall be final, binding and conclusive. Conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Except as expressly provided herein, no issuance by the Company of shares of any class or securities convertible into shares of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to an Award.

(b) Change of Control. If a Change of Control occurs, the Committee may, in its discretion and without limitation:

- (i) cancel outstanding Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Committee or the Board in its sole discretion (it being understood that if shareholders receive consideration other than publicly traded equity securities of the surviving entity, any determination by the Committee that the value of a Stock Option shall equal the excess, if any, of the value of the consideration being paid for each Share in such transaction over the Exercise Price of such Option shall conclusively be deemed valid);
- (ii) substitute other property (including, without limitation, cash or other securities of the Company and securities of entities other than the Company) for Shares subject to outstanding Awards;

arrange for the assumption of Awards, or replacement of Awards with new awards based on other property or other securities (including, without limitation, other securities of the Company and securities of entities other than the Company), by the affected Subsidiary, Affiliate, or division or by the entity that controls such Subsidiary, Affiliate, or division following the transaction (as well as any corresponding adjustments to Awards that remain outstanding based upon Company securities); and

may, after giving Participants an opportunity to exercise their outstanding Stock Options terminate any or all (iv) unexercised Stock Options. Such termination shall take place as of the date of the Change in Control or such other date as the Committee may specify.

No such adjustments may, however, materially change the value of benefits available to a Participant under an outstanding Award.

(c) Section 409A Provisions with Respect to Adjustments. Notwithstanding the foregoing: (i) any adjustments made pursuant to this Section to Awards that are considered "deferred compensation" within the meaning of Code Section 409A shall be made in compliance with the requirements of Code Section 409A unless the Participant consents otherwise; (ii) any adjustments made to Awards that are not considered "deferred compensation" subject to Code Section 409A shall be made in such a manner as to ensure that after such adjustment, the Awards either continue not to be subject to Code Section 409A or comply with the requirements of Code Section 409A unless the Participant consents otherwise; and (iii) the Committee shall not have the authority to make any adjustments under this Section to the extent that the existence of such authority would cause an Award that is not intended to be subject to Code Section 409A to be subject thereto.

17. TAX WITHHOLDING

Whenever under this Plan, cash or Shares are to be delivered upon exercise of an Award or any other event with respect to rights and benefits hereunder, the Committee shall be entitled to require as a condition of delivery (i) that the Participant remit an amount sufficient to satisfy all federal, state, and local withholding tax requirements related thereto, (ii) that the minimum withholding of such sums come from compensation otherwise due to the Participant or from any Shares due to the Participant under this Plan, or (iii) any combination of the foregoing provided.

18. AMENDMENT OF THE PLAN AND AWARDS

(a) The Board of Directors may at any time, and from time to time, modify or amend the Plan in any respect, prospectively or retroactively; provided however, (i) provisions governing grants of Incentive Stock Options shall be submitted for shareholder approval to the extent required by such law or regulation; (ii) except as permitted by Section 16, no amendment may increase the share limitations set forth in Section 5 or decrease the minimum Exercise Price for Stock Options set forth in Sections 7(a) and 8(a), unless any such amendment is approved by the Company's shareholders within 12 months before or after such amendment; and (iii) the provisions of Section 18(b) (relating to Option repricing) may not be amended, unless any such amendment is approved by the Company's shareholders. Failure to ratify or approve amendments or modifications by shareholders shall be effective only as to the specific amendment or modification requiring such approval or ratification. Other provisions of this Plan will remain in full force and effect. No such termination, modification or amendment may adversely affect the rights of a Participant under an outstanding Award without the written permission of such Participant.

Table of Contents

(b) The Committee may amend any Award Agreement, prospectively or retroactively; provided, however, that no such amendment shall adversely affect the rights of any Participant under an outstanding Award without the written consent of such Participant; provided, however, that repricing of Stock Options shall not be permitted. For this purpose, a repricing means any of the following (or any other action that has the same effect as any of the following): (i) changing the terms of an Option to lower its Exercise Price; (ii) any other action that is treated as a repricing under generally accepted accounting principles; and (iii) canceling an Option at a time when its exercise price is equal to or greater than the fair market value of the underlying stock in exchange for another Option or other Award, unless the cancellation and exchange occurs in connection with an event set forth in Section 16. Such cancellation and exchange would be considered a repricing regardless of whether it is treated as a repricing under generally accepted accounting principles and regardless of whether it is voluntary on the part of the Participant.

19. RIGHT OF OFFSET

The Company will have the right to offset against its obligation to deliver shares of Common Stock (or other property) under the Plan or any Award Agreement any outstanding amounts (including, without limitation, travel and entertainment or advance account balances, loans, repayment obligations under any Awards, or amounts repayable to the Company pursuant to tax equalization, housing, automobile or other employee programs) that the Participant then owes to the Company and any amounts the Committee otherwise deems appropriate pursuant to any tax equalization policy or agreement; provided, however, that no such offset shall be permitted if it would constitute an "acceleration" of a payment hereunder within the meaning of Code Section 409A. This right of offset shall not be an exclusive remedy and the Company's election not to exercise the right of offset with respect to any amount payable to a Participant shall not constitute a waiver of this right of offset with respect to any other amount payable to the Participant or any other remedy.

20. EFFECTIVE DATE OF PLAN

The Plan shall become effective immediately upon its approval by the Company's shareholders.

21. TERMINATION OF THE PLAN

The right to grant Awards under the Plan will terminate 10 years after the Effective Date. The Board of Directors has the right to suspend or terminate the Plan at any time, provided that no such action will, without the consent of a Participant, adversely affect a Participant's rights under an outstanding Award.

22. APPLICABLE LAW; COMPLIANCE WITH LAWS

The Plan will be administered in accordance with the laws of the State of Texas and applicable federal law. Notwithstanding any other provision of the Plan, the Company shall have no liability to issue any Shares under the Plan unless such issuance would comply with all applicable laws and the applicable requirements of any securities exchange or similar entity. Prior to the issuance of any Shares under the Plan, the Company may require a written statement that the recipient is acquiring the shares for investment and not for the purpose or with the intention of distributing the shares.

23. PROHIBITION ON DEFERRED COMPENSATION

It is the intention of the Company that no Award shall be "deferred compensation" subject to Code Section 409A unless and to the extent that the Committee specifically determines otherwise, and the Plan and the terms and conditions of all Awards shall be interpreted accordingly. The terms and conditions governing any Awards that the Committee determines will be subject to Code Section 409A, including any rules for elective or mandatory deferral of the delivery of cash or Shares pursuant thereto, shall be set forth in the applicable Award Agreement, and shall comply in all respects with Code Section 409A. Notwithstanding any provision herein to the contrary, any Award issued under the Plan that constitutes a deferral of compensation under a "nonqualified deferred compensation plan" as defined under Code Section 409A(d)(1) and is not specifically designated as such by the Committee shall be modified or cancelled to comply with the requirements of Code Section 409A, including any rules for elective or mandatory deferral of the delivery of cash or Shares pursuant thereto.

24. NO GRANTS IN CONTRAVENTION OF THE 1940 ACT

At all times during such periods as the Company qualifies or intends to qualify as a "business development company," no Award may be granted under the Plan if the grant or terms of such Award would cause the Company to violate Section 61 of the Investment Company Act of 1940 (or any other provision of the Investment Company Act of 1940 applicable to "business development companies"), and, if approved for grant, such an award will be void and of no effect.

In furtherance of the intent that Awards available to be granted under the Plan be limited to those that can be granted by a "business development company" qualifying as such under the Investment Company Act of 1940, except as otherwise permitted by exemptive relief or other relief that may be granted by the Securities and Exchange Commission or its staff and determined by the Board of Directors, Restricted Stock may be awarded only in exchange for full payment thereof (as determined by the Board of Directors).

4. STOCK SUBJECT TO THE PLAN

- (a) General Limitations. Subject to adjustment as provided in Section 12 of the Plan, the maximum number of Shares reserved for issuance in connection with Restricted Stock Awards under the Plan is 47,000 Shares. Notwithstanding the preceding, grants of Restricted Stock Awards shall be subject to the following limitations:
- (i) Subject to adjustment as provided in Section 12 of the Plan, the total number of Shares that may be outstanding as Restricted Stock under all of the Company's compensations plans shall not exceed 10% of the outstanding Shares on the effective date of the Plan plus 10% of the Shares issued or delivered by the Company (other than pursuant to any Employee compensation plans) during the term of the Plan.
 - (ii) The amount of voting securities that would result from the exercise of all the Company's outstanding warrants, options, and rights, together with any Restricted Stock issued pursuant to this Plan and any other compensation plan of the Company, at the time of issuance shall not exceed 25% of the outstanding voting securities of the Company; provided, however, that if the amount of voting securities that would result from the exercise of all the Company's outstanding warrants, options, and rights issued to the Company's directors, officers, and employees, together with any Restricted Stock issued pursuant to this Plan and any other compensation plan of the Company, would exceed 15% of the outstanding voting securities of the Company, then the total amount of voting securities that would result from the exercise of all outstanding warrants, options, and rights, together with any Restricted Stock issued pursuant to this Plan and any other compensation plan of the Company, at the time of issuance shall not exceed 20% of the outstanding voting securities of the Company.
- (b) Individual Limitations. Subject to adjustment as provided in Section 12 of the Plan, in no event may Qualified Performance-Based Awards be granted to a single Participant in any 12-month period in respect of more than 6,250 Shares (if the Restricted Stock Award is denominated in Shares).

(c) Other Rules.

(i) The number of Shares associated with a Restricted Stock Award originally counted against the limitations as the result of the grant of the Restricted Stock Award shall be restored against the limitations and be available for reissuance under this Plan if and to the extent the Restricted Stock Award is surrendered, cancelled, expires, terminates or is forfeited for any reason.

(ii) Shares withheld by, or otherwise remitted to satisfy a Participant's tax withholding obligations upon the lapse of restrictions on a Restricted Stock, or upon any other payment or issuance of Shares under the Plan shall not become available for issuance or reissuance under the Plan.

(d) Shares issued under the Plan may be either authorized but unissued Shares, authorized Shares previously issued held by the Company in its treasury which have been reacquired by the Company, or Shares purchased by the Company in the open market.

5. ELIGIBILITY

Subject to the terms of the Plan, all Employees shall be eligible to receive Restricted Stock Awards under the Plan.

6. RESTRICTED STOCK AWARDS

The Committee may, subject to the limitations of the Plan and the availability of Shares reserved but not previously awarded under this Plan, grant Restricted Stock Awards to eligible Employees upon such terms and conditions as it may determine to the extent such terms and conditions are consistent with the following provisions:

(a) Payment of the Restricted Stock Award. The Restricted Stock Award may only be made in whole Shares.

(b) Terms of the Restricted Stock Awards. The Committee shall determine the dates on which Restricted Stock Awards granted to a Participant shall vest and any specific conditions or Performance Goals which must be satisfied prior to the vesting of any installment or portion of the Restricted Stock Award. Notwithstanding other paragraphs in this Section 6, the Committee may, in its sole discretion, accelerate the vesting of any Restricted Stock Awards except for any Restricted Stock Awards that are Qualified Performance-Based Awards under Section 8 hereof. The acceleration of any Restricted Stock Award shall create no right, expectation or reliance on the part of any other Participant or that certain Participant regarding any other Restricted Stock Awards.

(c) Termination of Service. Unless otherwise determined by the Committee, upon a Participant's Termination of Service for any reason, including retirement, other than Disability or death, the Participant's unvested Restricted Stock Awards as of the date of termination shall be forfeited and any rights the Participant had to such unvested Restricted Stock Awards shall become null and void. Unless otherwise provided in the applicable Award Agreement, in the event of a Participant's Termination of Service due to Disability or death, all unvested Restricted Stock Awards held by such Participant, including any portion of a Restricted Stock Award subject to a Performance Goal, shall immediately vest.

(d) Acceleration Upon a Change in Control. In the event of a Change in Control, all unvested Restricted Stock Awards held by a Participant shall become immediately vested.

7. DIVIDENDS, DISTRIBUTIONS AND OTHER RIGHTS.

(a) Dividends. A Participant holding a Restricted Stock Award shall, unless otherwise provided in the applicable Award Agreement, be entitled to receive, with respect to each such Share covered by a Restricted Stock

Award, a payment equal to any dividends or distributions.

6

Table of Contents

(b) Voting of Restricted Stock Awards. After a Restricted Stock Award has been granted, but for which Shares covered by such Restricted Stock Award have not yet vested, the Participant shall be entitled to vote such Shares subject to the rules and procedures adopted by the Committee for this purpose.

(c) Restrictive Legend. Each certificate issued in respect of a Restricted Stock Award shall be registered in the name of the Participant and, at the discretion of the Board of Directors, each such certificate shall be held by the Company until the Restricted Stock has vested. Each such certificate shall bear the following (or a similar) legend:

"The transferability of this certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) contained in the Capital Southwest Corporation 2010 Restricted Stock Plan and an agreement entered into between the registered owner and Capital Southwest Corporation. A copy of such plan and agreement is on file at the principal office of Capital Southwest Corporation."

8. QUALIFIED PERFORMANCE-BASED AWARDS

(a) Purpose. The purpose of this Section 8 is to provide the Committee the ability to grant Restricted Stock as Qualified Performance-Based Awards. If the Committee, in its discretion, decides to grant to a Covered Employee a Restricted Stock Award that is intended to constitute a Qualified Performance-Based Award, the provisions of this Section 8 shall control over any contrary provision contained herein; provided, however, that the Committee may grant Restricted Stock Awards to Covered Employees that are based on Performance Criteria or Performance Goals that do not satisfy the requirements of this Section 8.

(b) Applicability. This Section 8 shall apply only to those Covered Employees selected by the Committee to receive Qualified Performance-Based Awards. The designation of a Covered Employee as a Participant for a Performance Period shall not in any manner entitle the Participant to receive a Restricted Stock Award for the relevant Performance Period. Moreover, designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employees as a Participant in such period or in any other period.

(c) Procedures with Respect to Qualified Performance-Based Awards. To the extent necessary to comply with the Qualified Performance-Based Award requirements of Code Section 162(m)(4)(C), with respect to any Restricted Stock Award that may be granted to one or more Covered Employees, no later than 90 days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Code Section 162(m)), the Committee shall, in writing, (i) designate one or more Covered Employees, (ii) select the Performance Criteria applicable to the Performance Period, (iii) establish the Performance Goals, and amounts of such Restricted Stock Awards, as applicable, which may be earned for such Performance Period, and (iv) specify the relationship between Performance Criteria and the Performance Goals and the amounts of such Restricted Stock Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. No Restricted Stock Award or portion thereof that is subject to the satisfaction of any condition shall be considered to be earned or vested until the Committee certifies in writing that the conditions to which the distribution, earning or vesting of such Restricted Stock Award is subject have been achieved. The Committee may not increase during a year the amount of a Qualified Performance-Based Award that would otherwise be payable upon satisfaction of the conditions but may reduce or eliminate the payments as provided for in the Award Agreement.

(d) Payment of Qualified Performance-Based Awards. Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company or a subsidiary on the day a Qualified Performance-Based Award for such Performance Period is paid to the Participant. Furthermore, a Participant shall be

eligible to receive payment pursuant to a Qualified Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

(e) Acceleration Upon a Change in Control. In the event of a Change in Control, all unvested Qualified Performance-Based Awards held by a Participant shall become vested upon the Change in Control.

(f) Dividends and Other Distributions. The Participant shall not be paid any dividends or distributions or other distributions with respect to Qualified Performance-Based Awards until the Participant has become vested in the Shares covered by the Qualified Performance-Based Awards. At the time of vesting, the Participant shall receive a cash payment equal to the aggregate cash dividends (without interest) (other than distributions in Shares) and the number of Shares equal to any stock dividends that the Participant would have received if the Participant had owned all of the Shares which vested for the period beginning on the date of the Restricted Stock Award, and ending on the date of vesting or payment. No dividends shall be paid to the Participant with respect to any Qualified Performance-Based Awards that are forfeited by the Participant.

(g) Additional Limitations. Notwithstanding any other provision of the Plan, any Restricted Stock Award granted to a Covered Employee that is intended to constitute a Qualified Performance-Based Award shall be subject to any additional limitations set forth in Code Section 162(m) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Code Section 162(m)(4)(C), and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

(h) Effect on Other Plans and Arrangements. Nothing contained in the Plan will be deemed in any way to limit or restrict the Committee from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

9. RIGHTS OF PARTICIPANTS

Nothing contained in this Plan or in any Award Agreement confers on any person any right to continue in the employ or service of the Company or an Affiliate or interferes in any way with the right of the Company or an Affiliate to terminate a Participant's services.

10. DESIGNATION OF BENEFICIARY

A Participant may, with the consent of the Committee, designate a person or persons to receive, in the event of death, any Restricted Stock Award to which the Participant would then be entitled. Such designation will be made upon forms supplied by and delivered to the Company and may be revoked in writing. If a Participant fails to designate a beneficiary, then the Participant's estate will be deemed to be the beneficiary.

11. TRANSFERABILITY OF RESTRICTED STOCK AWARDS

No Restricted Stock Award granted hereunder shall be transferable, voluntarily or involuntarily, other than by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code.

12. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION OR A CHANGE OF CONTROL

(a) Adjustment Clause. In the event of any change in the outstanding Shares by reason of any stock dividend, split, spinoff, recapitalization, merger, consolidation, combination, extraordinary dividend, exchange of shares or other change affecting the outstanding shares of Stock as a class without the Company's receipt of consideration, or other equity restructuring within the meaning of Financial Accounting Standard No. 123 (revised 2004), appropriate adjustments shall be made to (i) the aggregate number of shares of Stock with respect to which Restricted Stock Awards may be made under the Plan, (ii) the terms and the number of shares and/or the price per share of any outstanding Stock Options, and (iii) the share limitations set forth in Section 4 hereof. The Committee shall also make appropriate adjustments described in (i)-(iii) of the previous sentence in the event of any distribution of assets to shareholders other than a normal cash dividend. Adjustments, if any, and any determination or interpretations, made by the Committee shall be final, binding and conclusive. Any adjustment made under this Section 12 will be made in accordance with any required action by shareholders of the Company, the provisions of any applicable corporate law and the approval of the required majority, as defined in Section 57(o) of the 1940 Act, of the Company's directors. Conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Except as expressly provided herein, no issuance by the Company of shares of any class or securities convertible into shares of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to a Restricted Stock Award.

(b) Change of Control. If a Change of Control occurs, the Committee may, in its discretion and without limitation:

(i) Cancel outstanding Restricted Stock Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Restricted Stock Awards, as determined by the Committee or the Board of Directors in its sole discretion;

(ii) Substitute other property (including, without limitation, cash or other securities of the Company and securities of entities other than the Company) for Shares subject to outstanding Restricted Stock Awards; and

(iii) Arrange for the assumption of Restricted Stock Awards, or replacement of Restricted Stock Awards with new awards based on other property or other securities (including, without limitation, other securities of the Company and securities of entities other than the Company), by the affected Subsidiary, Affiliate, or division or by the entity that controls such Subsidiary, Affiliate, or division following the transaction (as well as any corresponding adjustments to Restricted Stock Awards that remain outstanding based upon Company securities);

No such adjustments may, however, materially change the value of benefits available to a Participant under an outstanding Restricted Stock Award.

(c) Section 409A Provisions with Respect to Adjustments. Notwithstanding the foregoing: (i) any adjustments made pursuant to this Section to Restricted Stock Awards that are considered "deferred compensation" within the meaning of Code Section 409A shall be made in compliance with the requirements of Code Section 409A unless the Participant consents otherwise; (ii) any adjustments made to Restricted Stock Awards that are not considered "deferred compensation" subject to Code Section 409A shall be made in such a manner as to ensure that after such adjustment, the Restricted Stock Awards either continue not to be subject to Code Section 409A or comply with the requirements of Code Section 409A unless the Participant consents otherwise; and (iii) the Committee shall not have the authority to make any adjustments under this Section to the extent that the existence of such authority would cause a Restricted Stock Award that is not intended to be subject to Code Section 409A to be subject thereto.

13. TAX WITHHOLDING

Whenever under this Plan, cash or Shares are to be delivered upon exercise of a Restricted Stock Award or any other event with respect to rights and benefits hereunder, the Committee shall be entitled to require as a condition of delivery: (i) that the Participant remit an amount sufficient to satisfy all federal, state, and local withholding tax requirements related thereto, (ii) that the minimum withholding of such sums come from compensation otherwise due to the Participant, or (iii) the Participant remit any required amounts using a combination of the methods provided in clause (i) and clause (ii). Shares may not be used to satisfy tax withholding requirements without exemptive relief from Section 23(c) of the 1940 Act.

14. AMENDMENT OF THE PLAN AND RESTRICTED STOCK AWARDS

(a) The Board of Directors may at any time, and from time to time, modify or amend the Plan in any respect, prospectively or retroactively. Failure to ratify or approve amendments or modifications by shareholders shall be effective only as to the specific amendment or modification requiring such approval or ratification. Other provisions of this Plan will remain in full force and effect. No such termination, modification or amendment may adversely affect the rights of a Participant under an outstanding Restricted Stock Award without the written permission of such Participant.

(b) The Committee may amend any Award Agreement, prospectively or retroactively; provided, however, that no such amendment shall adversely affect the rights of any Participant under an outstanding Restricted Stock Award without the written consent of such Participant.

15. RIGHT OF OFFSET

The Company will have the right to offset against its obligation to deliver shares of Common Stock (or other property) under the Plan or any Award Agreement any outstanding amounts (including, without limitation, travel and entertainment or advance account balances, loans, repayment obligations under any Restricted Stock Awards, or amounts repayable to the Company pursuant to tax equalization, housing, automobile or other employee programs) that the Participant then owes to the Company and any amounts the Committee otherwise deems appropriate pursuant to any tax equalization policy or agreement; provided, however, that no such offset shall be permitted if it would constitute an "acceleration" of a payment hereunder within the meaning of Code Section 409A. This right of offset shall not be an exclusive remedy and the Company's election not to exercise the right of offset with respect to any amount payable to a Participant shall not constitute a waiver of this right of offset with respect to any other amount payable to the Participant or any other remedy.

16. EFFECTIVE DATE OF PLAN

The Plan shall become effective immediately upon its approval by the Company's shareholders.

17. TERMINATION OF THE PLAN

The right to grant Restricted Stock Awards under the Plan will terminate 10 years after the Effective Date. The Board of Directors has the right to suspend or terminate the Plan at any time, provided that no such action will, without the consent of a Participant, adversely affect a Participant's rights under an outstanding Restricted Stock Award.

18. APPLICABLE LAW; COMPLIANCE WITH LAWS

The Plan will be administered in accordance with the laws of the State of Texas and applicable federal law. Notwithstanding any other provision of the Plan, the Company shall have no liability to issue any Shares under the Plan unless such issuance would comply with all applicable laws and the applicable requirements of any securities exchange or similar entity. Prior to the issuance of any Shares under the Plan, the Company may require a written statement that the recipient is acquiring the shares for investment and not for the purpose or with the intention of distributing the shares.

19. PROHIBITION ON DEFERRED COMPENSATION

It is the intention of the Company that no Restricted Stock Award shall be "deferred compensation" subject to Code Section 409A unless and to the extent that the Committee specifically determines otherwise, and the Plan and the terms and conditions of all Restricted Stock Awards shall be interpreted accordingly. The terms and conditions governing any Restricted Stock Awards that the Committee determines will be subject to Code Section 409A, including any rules for elective or mandatory deferral of the delivery of cash or Shares pursuant thereto, shall be set forth in the applicable Award Agreement, and shall comply in all respects with Code Section 409A. Notwithstanding any provision herein to the contrary, any Restricted Stock Award issued under the Plan that constitutes a deferral of compensation under a "nonqualified deferred compensation plan" as defined under Code Section 409A(d)(1) and is not specifically designated as such by the Committee shall be modified or cancelled to comply with the requirements of Code Section 409A, including any rules for elective or mandatory deferral of the delivery of cash or Shares pursuant thereto.

20. NO GRANTS IN CONTRAVENTION OF THE 1940 ACT

At all times during such periods as the Company qualifies or intends to qualify as a "business development company," no Restricted Stock Award may be granted under the Plan if the grant or terms of such Restricted Stock Award would cause the Company to violate Section 61 of the 1940 Act (or any other provision of the 1940 Act applicable to "business development companies"), and, if approved for grant, such an award will be void and of no effect.

In furtherance of the intent that Restricted Stock Awards available to be granted under the Plan be limited to those that can be granted by a "business development company" qualifying as such under the 1940 Act, except as otherwise permitted by exemptive relief or other relief that may be granted by the Securities and Exchange Commission or its staff and determined by the Board of Directors, Restricted Stock may be awarded only in exchange for full payment thereof (as determined by the Board of Directors).

FIRST AMENDMENT TO THE
CAPITAL SOUTHWEST CORPORATION
2010 RESTRICTED STOCK AWARD PLAN

WHEREAS, Capital Southwest Corporation (the “Company”) previously adopted the 2010 Restricted Stock Award Plan (the “2010 Plan”);

WHEREAS, Section 14 of the 2010 Plan provides that the Board of Directors of the Company (the “Board”), may, subject to certain limitations, amend the 2010 Plan; and

WHEREAS, the Board has determined that it is in the best interests of the Company to amend the 2010 Plan as provided below.

NOW, THEREFORE, the 2010 Plan is hereby amended as follows:

1. Section 2(aa) of the 2010 Plan is deleted in its entirety and replaced with the following:

(aa) “Termination of Service” shall mean the termination of employment of an Employee by the Company and all Subsidiaries. A Participant’s service shall not be deemed to have terminated because of a change in the entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service. Furthermore, a Participant’s service with the Company Group shall not be deemed to have terminated if the Participant takes any military leave, sick leave, or other bona fide leave of absence approved by the Company or a Subsidiary; provided, however, that if any such leave exceeds 90 days, on the 91st day of such leave the Participant’s service shall be deemed to have terminated unless the Participant’s leave of absence is approved by the Committee. Except as otherwise provided in any Award Agreement, the Participant’s service shall be deemed to have terminated upon the entity for which the Participant performs service ceasing to be a Subsidiary (or any successor). Subject to the foregoing, the Company, in its discretion, shall determine whether a Participant’s service has terminated and the effective date of such termination.

2. The 2010 Plan, as amended hereby, shall continue in full force and effect.

AUDIT COMMITTEE CHARTER

Table of Contents

AUDIT COMMITTEE CHARTER

ORGANIZATION

This charter (“Charter”) governs the operations of the Audit Committee (“Committee”), which shall review and reassess the Charter at least annually and obtain the approval of the board of directors (“Board”) of the Charter and any changes thereto. The Committee shall be members of, and appointed by, the Board and shall comprise at least three directors, each of whom are independent of management and the Corporation. Members of the Committee shall be considered independent as long as they accept no consulting, advisory or other compensatory fees from the Corporation (other than directors’ fees from the Corporation and its portfolio companies), are not affiliated persons of the Corporation or its subsidiaries, and meet the independence requirements of the Sarbanes-Oxley Act of 2002 and The Nasdaq Stock Market listing standards. All committee members shall be financially literate, and at least one member shall be an “audit committee financial expert,” as defined by SEC regulations.

PURPOSE

The Committee shall provide assistance to the Board in fulfilling its oversight responsibility to the shareholders relating to: the integrity of the Corporation’s financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Corporation’s independent auditors; the independent auditors’ qualifications and independence; and the Corporation’s compliance with ethics policies and legal and regulatory requirements relating to financial statements and reporting.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Corporation and the authority to engage independent counsel and other advisers as it determines necessary to carry out its duties.

DUTIES AND RESPONSIBILITIES

The primary responsibility of the Committee is to oversee the Corporation’s financial reporting process on behalf of the Board and report the results of its activities to the Board. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation and integrity of the Corporation’s financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Corporation. The independent auditors are responsible for auditing the Corporation’s financial statements and for reviewing the Corporation’s unaudited interim financial statements.

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate “tone” for quality financial reporting, sound business risk practices and ethical behavior. The following shall be the principal duties and responsibilities of the Committee. These are set forth as a guide with the understanding that the Board may supplement the duties and responsibilities as appropriate.

Subject to shareholder ratification, the Committee shall be directly responsible for appointment of the independent auditors. If circumstances warrant, the Committee may terminate such appointment. The Committee is responsible for determining the independent auditors’ compensation and for oversight of their work, including resolution of disagreements between management and the auditors regarding financial reporting. The Committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation. The Committee may delegate pre-approval authority to a member of the Committee. The decisions of any committee member to whom pre-approval is delegated must be presented to the Committee at its next scheduled meeting.

Table of Contents

At least annually, the Committee shall obtain and review a report by the independent auditors describing:

The firm's internal quality control procedures.

Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

All relationships between the independent auditors and the Corporation.

The Committee shall pre-approve the Corporation's hiring of any employees or former employees of the independent auditors in full compliance with applicable SEC regulations and The Nasdaq Stock Market listing standards.

The Committee shall discuss with the independent auditors the overall scope and plans for their audit, including the adequacy of staffing. Also, the Committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Corporation's policies and procedures to assess, monitor and manage business risk, and ethical compliance programs.

Periodically, the Committee shall meet separately with management and the independent auditors to discuss issues and concerns warranting Committee attention. The Committee shall provide sufficient opportunity for the independent auditors to meet privately with the members of the Committee, and shall review with the independent auditors any audit problems or difficulties and management's response.

The Committee shall receive regular reports from the independent auditors on the critical policies and practices of the Corporation, and all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management.

The Committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

The Committee, or its designated member, shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Corporation's Quarterly Report on Form 10-Q. Also, the Committee, or its designated member, shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The Committee, or its designated member, shall review and discuss net asset value press releases.

The Committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Corporation's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of the valuation of restricted securities and other significant judgments and the clarity of the disclosures in the financial statements.

Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters; and the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters and

unethical, irregular or illegal business conduct.

Table of Contents

The Committee shall receive corporate attorneys' reports of evidence of any material violation of securities laws or breaches of fiduciary duty.

The Committee shall submit its report to be included in the Corporation's annual proxy statement, as required by SEC regulations.

The Committee shall report regularly to the Board and maintain minutes of its meetings.

The Committee shall perform an evaluation of its performance at least annually to determine whether it is functioning effectively.
