GOVERNANCE

GOVERNANCE OVERVIEW

We believe that effective corporate governance is critical to our long-term health and our ability to create value for our shareholders. We have continued to review our corporate governance policies and practices and to compare them to the practices of other public companies. We will continue to monitor emerging developments in corporate governance and enhance our policies and procedures when required or when our Board determines that it would benefit us and our shareholders. Based on this review, the Board has established several governance-related documents which are outlined below.

CORPORATE GOVERNANCE GUIDELINES	Reflects the principles by which MAA and the Board operate and includes detailed specifications for director qualification, board responsibilities, share ownership requirements for directors and named executive officers, and equity retention requirements for named executive officers.

We intend to post amendments to or waivers from our Code of Conduct (to the extent applicable to our CEO, Principal Financial Officer or Principal Accounting Officer) on our website. No waivers to the Code of Conduct have been made as of the date of this Proxy Statement.
WHISTLEBLOWER POLICY	Sets forth the procedures established by the Audit Committee for (i) the receipt, retention and treatment of complaints received by MAA regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential, anonymous submission of concerns regarding questionable accounting and auditing matters.
AUDIT COMMITTEE CHARTER	Outlines the duties and responsibilities of the committee in fulfilling its responsibility to oversee (i) the integrity of MAA's financial statements, (ii) MAA's compliance with legal and regulatory requirements, (iii) the independent public accounting firm's qualification and independence; and (iv) the performance of MAA's internal audit department and independent public accounting firm.

AVAILABILITY OF GOVERNANCE DOCUMENTS

You can find a copy of all of the documents included in the above table by clicking on “Governance Documents” in the “Corporate Overview” section of the “For Investors” page on our website at <http://ir.maac.com>.

Information from our website is not incorporated by reference into this Proxy Statement.

We will also provide a copy of any of the documents included in the above table without charge upon written request sent to: MAA, Attention: Investor Relations, 6815 Poplar Avenue, Suite 500, Germantown, Tennessee 38138.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have adopted a Code of Conduct, which specifies our policy relating to conflicts of interest. The Code of Conduct states that a “conflict of interest” exists when an individual’s private interests interfere in any way or appear from the perspective of a reasonable person to interfere in any way with the interests of the company. Under the Code of Conduct, an employee who becomes aware of a potential conflict of interest must report the conflict to a supervisor, our legal department, internal audit department or human resources group. If the potential conflict of interest involves our CEO, any of our executive officers, or a director, our Board will determine whether to grant a waiver if a conflict of interest exists. On an annual basis, the Nominating and Corporate Governance Committee, as well as the full Board, reviews the independence of each director, all transactions involving related parties and any potential conflicts of interests. All transactions involving related parties must be approved by a majority of the disinterested members of our Board.

Based on the information presented to it, the Board and the Nominating and Corporate Governance Committee determined that no related party transactions occurred or were proposed since the beginning of 2017.

INDEBTEDNESS OF MANAGEMENT

None of our executive officers or directors were indebted to us during 2017.

RISK MANAGEMENT

Both the Board as a whole and its respective committees serve an active role in overseeing management of our risks. Our Board regularly reviews, with members of our senior management and outside advisors, information regarding our strategy and key areas of the company including operations, finance, legal and regulatory, as well as the risks associated with each. Senior management as well as outside advisors also periodically meet with each committee and make representations associated with the risks relevant to the respective committee’s area of focus. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and reviewing the risks associated with our overall compensation practices and policies for all of our employees. The Audit Committee oversees risks associated with financial matters such as accounting, internal control over financial reporting, tax (including real estate investment trust, or REIT, compliance), fraud assessment and financial policies. The Nominating and Corporate Governance Committee manages risks associated with corporate governance policies, the independence of our Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our Board is regularly informed through committee reports about such risks.

COMMUNICATING DIRECTLY WITH OUR BOARD

Shareholders and other interested parties may communicate in writing with our Board, any of its committees, its non-management directors as a group or its independent directors as a group by using the following address:

BOARD STRUCTURE

If all of our director nominees are elected by our shareholders, the leadership structure of our Board will include a combined Chairman of the Board and Chief Executive Officer, two additional non-independent directors and nine independent directors. All of our directors serve with equal importance and have an equal vote on all matters. Our independent directors meet without management present at regularly scheduled executive sessions.

Mr. Graf serves as the Lead Independent Director. Our Board believes that we have been and continue to be well served by having our Chief Executive Officer also serve as Chairman of the Board. Our Audit, Compensation, and Nominating and Corporate Governance Committees are all led by chairmen who are independent directors and the membership of these three committees is 100% comprised of independent directors. We believe that the current board leadership model, when combined with the experience of our Board, the strong leadership of our Lead Independent Director and other independent directors, the committees of the Board and the corporate governance policies already in place, strikes an appropriate balance between consistent leadership and independent oversight of our business and affairs.

INDEPENDENT DIRECTORS

Our Board has affirmatively determined that nine of our current 12 directors are independent: Russell R. French; Alan B. Graf, Jr.; Toni Jennings; James K. Lowder; Monica McGurk; Claude B. Nielsen; Philip W. Norwood; W. Reid Sanders; and Gary Shorb. Each of these nine directors meets the independence standards of our Corporate Governance Guidelines, the listing standards of the New York Stock Exchange, or the NYSE, and applicable SEC

rules.

A director is considered independent if our Board affirmatively determines that the director has no direct or indirect material relationship with us. Consistent with the requirements of the SEC and the NYSE, our Board reviews all relevant transactions or relationships between each director, or any of his or her family members, and us, our senior management and our independent auditors. Our Board has adopted the following categorical standards:

6

Table of Contents

A director who is an employee or whose immediate family member is one of our executive officers is not independent until three years after the end of such employment relationship.

A director who receives, or whose immediate family member receives, more than \$120,000 per year in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation.

A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, any of our present or former internal or external auditors is not independent until three years after the end of the affiliation or the employment or auditing relationship.

A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of our present executive officers serve on that company's Compensation Committee is not independent until three years after the end of such service or the employment relationship.

A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, us for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold.

Our Board consults with our General Counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent", including those set forth in pertinent listing standards of the NYSE, as in effect from time-to-time.

MATERIAL RELATIONSHIPS

None of our non-management directors had relationships with us during 2017 that the Board determined were material.

NUMBER OF BOARD MEETINGS

Our Board met four times during 2017.

DIRECTOR ATTENDANCE

All of the directors attended more than 75% of the meetings of our Board and their respective committees during the calendar year 2017.

REGULAR MEETINGS WITHOUT MANAGEMENT

Both our non-management directors and our independent directors regularly meet without management present. The Board has determined that Messrs. Thomas H. Lowder and Stockert are not independent directors because each was the Chief Executive Officer of a company that MAA acquired within the past five years. We consider Messrs. Thomas H. Lowder and Stockert to be non-management directors, who meet from time-to-time with the independent directors without the participation of management. As Lead Independent Director, Mr. Graf presides over the meetings of both the non-management directors and the independent directors. The non-management directors and the independent directors both held four executive sessions during 2017.

Table of Contents

STANDING COMMITTEES

Our Board has four standing committees: Audit Committee; Compensation Committee; Nominating and Corporate Governance Committee; and Real Estate Investment Committee. All of the members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent, pursuant to the standards set forth in our Corporate Governance Guidelines, the NYSE listing standards and applicable SEC rules. The Real Estate Investment Committee consists of two independent members and three non-independent members. Each standing committee of our Board has a charter, which can be found in the “Governance Documents” section of the “Corporate Overview” link on the “For Investors” page of our website at <http://ir.maac.com>. Roles of Executives in Establishing Compensation

While H. Eric Bolton, Jr., our CEO, does participate in general meetings of the Compensation Committee, he does not participate in executive sessions nor does he participate in any discussions determining his own compensation. Annually, upon request from the Compensation Committee, Mr. Bolton provides the Compensation Committee with data pertinent to his and other executive officers’ compensation. This information may from time-to-time include peer executive compensation levels, achievement of individual performance components of their annual bonus plans or data pertinent to their annual base salary increases. The Compensation Committee utilizes this information, along with input from committee members and, at times, outside consultants before making final independent compensation decisions. Mr. Bolton also provides data pertinent to the terms of our long-term incentive plans to the Compensation Committee, upon their request. At the end of any incentive or bonus plan measurement period, Mr. Bolton, along with our Chief Ethics and Compliance Officer and Corporate Secretary, prepares and presents to the Compensation Committee, the preliminary results of the plan for the committee’s review and, if necessary, further evaluation and/or adjustment. All incentive plans are ultimately developed and adopted by the Compensation Committee.

Use of Compensation Consultant

The Compensation Committee has the power and authority to hire outside advisors or consultants to assist the committee in fulfilling its responsibilities, at our expense and upon terms established by the Compensation Committee. The Compensation Committee routinely hires external consultants to review the compensation program offered to executive management, benchmark it against industry and peer levels, and offer suggestions for changes. The Compensation Committee utilized Semler Brossy to consult on executive and director compensation for 2017. Semler Brossy does not provide any other services to the company or management.

ANNUAL GRANT OF SHARES OF RESTRICTED COMMON STOCK Made upon election to Board
\$120,000 Shares vest at the end of the director's year of service on the Board.

In accordance with our Non-Qualified Deferred Compensation Plan For Outside Company Directors, the directors have the option of having phantom stock issued into a deferred compensation account in lieu of receiving their Annual Cash Fees and/or their Annual Grant of Shares of Restricted Common Stock. If directors choose to defer their compensation in this manner, the compensation is then paid out in two annual installments either in shares of our common stock or in a cash equivalent, at the director's election, beginning in the year following the year in which the director retired from the Board.

PROPOSAL 1: ELECTION OF DIRECTORS

MATTER TO BE VOTED

Election of the 12 directors named herein to serve for one year and until their successors have been duly elected and qualified.

Our Board proposes that H. Eric Bolton, Jr., Russell R. French, Alan B. Graf, Jr., Toni Jennings, James K. Lowder, Thomas H. Lowder, Monica McGurk, Claude B. Nielsen, Philip W. Norwood, W. Reid Sanders, Gary Shorb and David P. Stockert, all of whom are currently serving as directors, be elected for a term of one year and until their successors are duly elected and qualified. We have no reason to believe that any nominee for director will not agree or be available to serve as a director if elected. However, should any nominee become unable or unwilling to serve, the proxies may be voted for a substitute nominee or to allow the vacancy to remain open until filled by our Board.

The presence of a quorum at the Annual Meeting, either in person or by written proxy, and the cast of more “For” votes than votes cast “Against” for each nominee are necessary at the meeting to elect a nominee as a director.

VOTE REQUIRED

Impact of Abstentions Neither abstentions nor broker and Broker non-votes will have any legal effect on whether this proposal is approved.

BOARD RECOMMENDATION

FOR Our Board recommends a vote “FOR” each of the Director nominees.

Our Board believes that it is necessary for our directors to possess a variety of backgrounds and skills in order to provide a broad voice of experience and leadership. When searching for new candidates, the Nominating and Corporate Governance Committee considers the evolving needs of our Board and searches for candidates that fill any current or anticipated future gap. When evaluating new candidates, the Nominating and Corporate Governance Committee considers business management experience and education, industry knowledge, conflicts of interest, public company experience, integrity and ethics, and commitment to the goal of maximizing long-term shareholder value. The Nominating and Corporate Governance Committee does not have a policy about diversity, but does seek to provide our Board with a depth of experience and differences in viewpoints and skills. In considering candidates for our Board, the Nominating and Corporate Governance Committee considers both the entirety of each candidate’s credentials and the current and potential future needs of our Board. With respect to the nomination of continuing directors for re-election, the individual’s contributions to our Board are also considered.

DIRECTOR RECOMMENDATION POLICY

It is the policy of the Nominating and Corporate Governance Committee to review and consider all candidates for nomination and election as directors who may be suggested by any of our directors or executive officers. It is also our policy to refer to our Nominating and Corporate Governance Committee for consideration any director candidate recommended by any shareholder if recommended in accordance with our Charter, Bylaws and applicable law.

If you would like to recommend a director candidate to our Nominating and Corporate Governance Committee, the recommendation must include the information specified in our Bylaws and must be received at our executive offices no later than December 18, 2018 for consideration by our Nominating and Corporate Governance Committee.

Table of Contents

If instead of recommending a director candidate, you would like to nominate a candidate directly for election by our shareholders other than pursuant to the proxy access provision of our Bylaws (see “Proxy Access” below), you must provide us the information required by our Bylaws, follow the procedures provided in our Bylaws and outlined below under the caption “How and When May I Submit a Shareholder Proposal for the 2019 Annual Meeting of Shareholders?” on page 19 and prepare your own proxy materials for our shareholders.

A copy of our Bylaws can be found on the SEC website (<https://www.sec.gov>) as an Exhibit to the Form 8-K which was filed on March 14, 2018.

PROXY ACCESS

Taking into account the Nominating and Corporate Governance Committee’s recommendation and management’s discussions with the proponent of a subsequently withdrawn proxy access shareholder proposal, effective March 13, 2018, the Board adopted amendments to our Bylaws to implement a proxy access provision. The proxy access bylaw permits a shareholder, or a group of up to 20 shareholders, owning 3% or more of MAA’s outstanding common stock continuously for at least three years, to nominate and include in our proxy materials director candidates constituting up to 20% of the Board, provided that the shareholder(s) and the nominee(s) satisfy the requirements specified in the Bylaws.

A copy of our Bylaws can be found on the SEC website (<https://www.sec.gov>) as an Exhibit to the Form 8-K which was filed on March 14, 2018.

MINIMUM DIRECTOR QUALIFICATIONS

The Nominating and Corporate Governance Committee along with our Board is responsible for determining the skills and characteristics that each director and director nominee needs to have to serve as a director of the company. In determining director or director nominee qualifications, general requirements applicable to all directors as well as individual skills and experiences that should be represented on the Board as a whole, but not necessarily by each director, are considered.

The Nominating and Corporate Governance Committee considers each director nominee’s integrity, judgment, experience, independence, material relationships with us, time availability, service on other boards of directors and their committees, and any other characteristics that may prove relevant at any given time as determined by the Nominating and Corporate Governance Committee. A director or director nominee’s knowledge and/or experience in areas such as, but not limited to, real estate investing or other related industries, REITs, management, leadership, public companies, equity and debt capital markets, and public company financial accounting are likely to be considered both in relation to the individual’s qualification to serve on our Board and the needs of our Board as a whole.

The Nominating and Corporate Governance Committee seeks to provide diversity on our Board with a depth of experience and differences in viewpoints and skills. While the Nominating and Corporate Governance Committee does not have a policy about diversity as it pertains solely to our Board, all of our directors are participants along with our employees in our Code of Conduct which embodies diversity as a tremendous asset and one which should be actively embraced. The Nominating and Corporate Governance Committee seeks to embody the spirit of our Code of Conduct by valuing a diversity of experiences and perspectives in our directors and director nominees.

Table of Contents

The retirement age for our directors is 75. Our Corporate Governance Guidelines provide that no director may be nominated to a new term after his or her 75th birthday, unless the Board waives the retirement age for a specific director for special circumstances. While it is believed that a director's knowledge and/or experience can continue to provide benefit to our Board following a director's retirement from their primary work affiliation, it is recognized that a director's knowledge of and involvement in ever changing business environments can weaken and therefore their ability to continue to be an active contributor to our Board will be reviewed. Upon a director's change in employment status, they are required to notify the Chairman of our Board and the Nominating and Corporate Governance Committee of such change and to offer their resignation for review.

Members of the Nominating and Corporate Governance Committee as well as other members of the Board and members of executive management may meet with directors or director nominees for purposes of determining their qualifications.

We believe all our directors bring unique skills to our Board, integrity, high ethical standards and a dedication to representing our shareholders. Furthermore, all of our directors live in states in which we currently have real estate investments. We believe this provides them with geographic expertise related to our portfolio footprint.

Certain individual information regarding the qualifications of each of the nominees for director is set forth below. Directors' ages are given as of the date of the Annual Meeting.

SECURITY OWNERSHIP OF MANAGEMENT

The number of shares owned and percentage ownership in the following table is based on 113,696,262 shares of common stock outstanding on February 28, 2018. We have determined beneficial ownership in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options that are either immediately exercisable or exercisable within 60 days of February 28, 2018. These shares are deemed to be outstanding and beneficially owned by the person holding those options for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, we believe that the persons identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, or the Exchange Act, requires our directors, executive officers and certain beneficial owners of more than 10% of our common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and furnish us with copies of all forms filed.

To our knowledge, based solely on review of the copies of such reports furnished us and representations that no other reports were required, during the past fiscal year all Section 16(a) filing requirements applicable to our directors and executive officers were completed on a timely basis, except for the Forms 4 filed on September 29, 2017 which were due on September 28, 2017 for transactions on September 26, 2017 on behalf of Russell R. French, Alan B. Graf, Jr., Thomas H. Lowder, Monica McGurk, Philip W. Norwood, W. Reid Sanders, William B. Sansom, Gary Shorb and David P. Stockert, as MAA inadvertently failed to timely file the Forms 4 representing shares related to their quarterly non-employee director compensation on their behalf.

PROPOSAL 2: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

MATTER TO BE VOTED

An advisory (non-binding) vote to approve the compensation of our named executive officers as disclosed in this Proxy Statement.

Section 14A of the Exchange Act requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our “named executive officers”. Therefore, shareholders are asked to approve the compensation paid to our named executive officers as disclosed in this Proxy Statement pursuant to the SEC’s compensation disclosure rules, including the Compensation Discussion & Analysis, the compensation tables and the accompanying narrative discussion included in this Proxy Statement.

For the advisory (non-binding) vote on the compensation of our named executive officers to be approved, the votes cast “For” the proposal must exceed the votes cast “Against” the proposal. The vote under this proposal is advisory, and therefore, not binding on us, our Board or the Compensation Committee. However, our Board, including the Compensation Committee, values the opinions of our shareholders and, to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our shareholders’ concerns and evaluate what actions may be appropriate to address those concerns.

VOTE REQUIRED

Impact of Abstentions and Broker Non-Votes Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved.

BOARD RECOMMENDATION

FOR

Our Board recommends a vote “FOR” the advisory (non-binding) vote to approve the compensation of our named executive officers as disclosed in this Proxy Statement.

As described in detail under the heading “Compensation Discussion & Analysis,” we seek to closely align the interests of our named executive officers with the interests of our shareholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. The vote on executive compensation is an advisory, non-binding vote on the compensation of our “named executive officers,” as described in the Compensation Discussion & Analysis Section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this Proxy Statement. The advisory vote on executive compensation is not a vote on our general compensation policies, compensation of the Board, or our compensation policies as they relate to risk management.

Table of Contents

Our philosophy in setting compensation policies for named executive officers has five fundamental objectives: (1) to align the financial interests of our executives' interests with those of our shareholders both in the short and long term; (2) to provide incentives for achieving and exceeding annual and long-term performance goals; (3) to attract and retain a highly skilled team of executives by providing total compensation that is competitive with compensation at other well-managed REITs and real estate companies; (4) to reward superior corporate and individual performance achieved through ethical leadership; and (5) to appropriately reward executive officers for creating long-term shareholder value and returns. The Compensation Discussion & Analysis section provides a more detailed discussion of the executive compensation program and compensation philosophy.

The vote on this proposal is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the SEC.

COMPENSATION DISCUSSION & ANALYSIS

EXECUTIVE SUMMARY

INTRODUCTION

Our Compensation Discussion & Analysis provides a detailed discussion of our executive compensation philosophy, objectives and programs, the compensation decisions the Compensation Committee has made under those programs and the factors considered in making those decisions. Our Compensation Discussion & Analysis focuses on the compensation of our named executive officers for 2017, who were:

Name	Title
H. Eric Bolton, Jr.	Chairman of the Board and Chief Executive Officer
Albert M. Campbell, III	Executive Vice President and Chief Financial Officer
Robert J. DelPriore	Executive Vice President and General Counsel
Thomas L. Grimes, Jr.	Executive Vice President and Chief Operating Officer

Our compensation philosophy is that compensation for all employees, including our named executive officers, should be:

- fair and equitable when viewed both internally and externally;
- competitive in order to attract and retain the best qualified individuals; and
- aligned with performance.

We have designed our compensation programs to reflect each of these characteristics. Our named executive officers receive a compensation package that primarily consists of an annual base salary, annual incentive awards and long-term incentive awards. The performance-based incentives seek to reward both short-term and long-term results and to align the interests of our named executive officers and other participants with the interests of our shareholders. Generally, our long-term compensation is in the form of restricted shares of our common stock, where the majority of the opportunity for our named executive officers is in the form of performance shares which may only be earned based on the achievement of specified total shareholder return results and other company performance metrics. Our Board has established stock ownership guidelines of three times annual base salary for our Chief Executive Officer and two times annual base salary for our other named executive officers, as well as retention requirements to retain 50% of net shares (after paying tax liabilities) following a vesting, which act to further align the interests of our named executive officers with those of our shareholders.

2017 SAY ON PAY VOTE

As previously announced at the 2017 Annual Meeting of Shareholders, our named executive officer compensation for 2016 was approved by over 94% of the votes cast on the matter. The Compensation Committee and MAA considered these results to be an endorsement by shareholders of our target level and actual executive compensation.

2017 ACHIEVEMENTS AND VALUE CREATION

Our Net Income Available for MAA Common Shareholders for 2017 was \$2.86 per diluted common share, which was a 6.3% increase from \$2.69 per diluted common share for 2016. Results for 2017 included \$1.12 per diluted common share of gains related to the sale of real estate assets; \$0.18 per diluted common share of merger and integration costs related to the merger with Post; and \$0.08 per diluted common share of non-cash income related to an embedded derivative in the preferred shares issued in the merger with Post. Results for 2016 included \$1.05 per diluted common share of gains related to the sale of real estate assets and \$0.52 per diluted common share of merger and integration costs related to the merger with Post.

Funds From Operations, or FFO, for 2017 was \$5.94 per diluted common share and unit, or per Share, which represented a 6.3% growth over \$5.59 per diluted Share for 2016. Results for 2017 included \$0.07 per Share of non-cash income related to an embedded derivative in the preferred shares issued in the merger with Post, and \$0.17 per Share of merger and integration costs related to the merger with Post. Results for 2016 included \$0.49 per share of merger and integration costs related to the merger with Post.

For a description of how we calculate FFO, and for a reconciliation of FFO to net income available to MAA common shareholders, which is the most directly comparable financial measure calculated in accordance with U.S. generally accepted accounting principles, or GAAP, see Appendix B.

We completed our merger with Post on December 1, 2016, forming a combined company with equity market capitalization of approximately \$11 billion and total market capitalization of approximately \$15 billion, as of the effective date of the merger. Following the merger, Standard & Poor's Ratings Services upgraded our senior unsecured rating to BBB+ with a stable outlook and MAA was added to the benchmark S&P 500 Index. During 2017, we made significant progress towards fully integrating our operating, financial reporting and technology platforms to obtain synergies in gross overhead costs, and capture additional opportunities and savings from enhanced efficiencies due to increased portfolio scale, reconciling various operating practices, significant redevelopment opportunities at a number of the legacy Post communities, and improved cost of capital due to increased strength and liquidity of the combined balance sheet.

During 2017, we redeveloped a total of 8,375 apartment units at an average cost of \$5,463 per unit, achieving average rental rate increases of 8.8% above non-renovated units.

We continued to recycle capital in 2017, acquiring 2 communities for a combined purchase price of \$134.3 million, and selling 5 communities for combined gross proceeds of \$186.3 million and recorded gains on sale of \$127.4 million.

Table of Contents

Total shareholder return for 2017 was 6.3%, inclusive of approximately \$395.3 million paid to common shareholders in the form of cash dividends, outperforming the SNL US REIT Multifamily Index, a benchmark index for our industry.

2017 Total Shareholder Return

Total shareholder return is a measure of the performance of shares of stock over time. It combines share price appreciation and the reinvestment of dividends paid to show the total return to the shareholder expressed as an annualized percentage.

One-Time Grant Related to the Merger with Post

On March 23, 2017, in response to the completion of the merger between MAA and Post, and after consultation with its external compensation consultant, the Compensation Committee approved an equity incentive program, the MAA-Post Merger Executive Incentive Program, or Merger Plan, to incentivize key executive management to complete a successful integration of the resources, systems and operations of MAA and Post in order to obtain expense synergies, efficiencies of scale and improved balance sheet strength for our shareholders. The program is 100% performance based and provides award opportunities based on results achieved during performance periods in 2017 and 2018. No awards can be earned under the Merger Plan unless specific company-based performance metrics are achieved. SAY ON PAY RESULTS

As previously announced at the 2017 Annual Meeting of Shareholders, our named executive officer compensation for 2016 was approved by over 94% of the votes cast on the matter. We believe our programs are effectively designed and working well in alignment with the interests of our shareholders and are instrumental to achieving our business strategy. In determining executive compensation for 2017, the Compensation Committee considered the overwhelming shareholder support for each “Say-on-Pay” proposal that MAA has submitted to its shareholders. As a result, the Compensation Committee continued to apply the same effective principles and philosophy it has used previously in determining executive compensation and will continue to consider shareholder concerns and feedback in the future.

At the Annual Meeting, we are again holding an annual advisory vote to approve named executive officer compensation (see page 27). The Compensation Committee will continue to consider the results from this year’s and future advisory votes on executive compensation, as well as feedback from shareholders throughout the course of such year.

PAY FOR PERFORMANCE ANALYSIS

HOW PAY IS TIED TO COMPANY PERFORMANCE

Our compensation programs are designed to reward employees for producing sustainable growth, to attract and retain world-class talent and to align compensation with the long-term interests of our shareholders. The Compensation Committee strongly believes that executive compensation — both pay opportunities and pay actually realized — should be tied to our performance. The Compensation Committee views performance in two primary ways:

- our operating performance; and
- return to shareholders over time relative to other multifamily REITs and other peer companies.

Operating Performance

We had strong financial results in 2017, as more specifically described in our Annual Report on Form 10-K filed with the SEC on February 23, 2018, including under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operation”. Highlights for 2017 include:

Net Income Available for MAA Common Shareholders for 2017 was \$2.86 per diluted common share, which was a 6.3% increase from \$2.69 per diluted common share for 2016. Results for 2017 included \$1.12 per diluted common share of gains related to the sale of real estate assets; \$0.18 per diluted common share of merger and integration costs related to the merger with Post; and \$0.08 per diluted common share of non-cash income related to an embedded derivative in the preferred shares issued in the merger with Post. Results for 2016 included \$1.05 per diluted common share of gains related to the sale of real estate assets and \$0.52 per diluted common share of merger and integration costs related to the merger with Post;

FFO for 2017 was \$5.94 per Share, which represented a 6.3% growth over \$5.59 per diluted Share for 2016. Results for 2017 included \$0.07 per Share of non-cash income related to an embedded derivative in the preferred shares issued in the merger with Post, and \$0.17 per Share of merger and integration costs related to the merger with Post. As of December 31, 2017, total debt outstanding was \$4.5 billion at an average effective interest rate of 3.6%, and 83% was fixed or hedged against rising interest rates for an average of 4.7 years.

FFO, a non-GAAP financial measure, represents Net Income Available for Common Shareholders (computed in accordance with GAAP) excluding Extraordinary Items, Asset Impairment, and Gains or Losses on Disposition of Real Estate Assets, plus Net Income Attributable to Noncontrolling Interest, Depreciation and Amortization of Real Estate, and adjustments for joint ventures to reflect FFO on the same basis.

While MAA's definition of FFO is in accordance with the National Association of Real Estate Investment Trusts' definition, it may differ from the methodology for calculating FFO utilized by other REITs and, accordingly, may not be comparable to such other REITs. FFO should not be considered as an alternative to Net Income Available for MAA Common Shareholders as an indicator of operating performance. MAA believes that FFO is helpful in understanding operating performance in that FFO excludes depreciation and amortization of real estate assets. MAA believes that GAAP historical cost depreciation of real estate assets is generally not correlated with changes in the value of those assets, whose value does not diminish predictably over time as historical cost depreciation implies. A reconciliation of FFO to Net Income Available for MAA Common Shareholders, which is the most directly comparable GAAP financial measure, is set forth on Appendix B of this Proxy Statement.

Return to Shareholders

Since April 1994, MAA has never failed to pay a quarterly dividend to our common shareholders. In addition, MAA has never decreased the common shareholder dividend rate. In 2017, MAA distributed \$395.3 million to common shareholders in the form of dividends.

Table of Contents

We have consistently returned significant value to shareholders over the long term, based on total shareholder return. The below graph discloses MAA's annualized total shareholder return rates over various periods of time against the SNL US REIT Equity Index and the SNL US REIT Multifamily Index, both of which are comparative indexes for our industry. The SNL US REIT Multifamily Index is the index used to measure relative total shareholder return performance in our long-term incentive plans, as it represents other REITs specializing in the multifamily industry.

Annualized Total Shareholder Return

Total shareholder return is a measure of the performance of shares of stock over time. It combines share price appreciation and the reinvestment of dividends paid to show the total return to the shareholder expressed as an annualized percentage.

The following chart shows how a \$100 investment in our common stock on December 31, 2012 would have grown to \$188.37 on December 31, 2017, with dividends reinvested quarterly. The chart also compares the total shareholder return on our common stock to the same investment in the S&P 500 Index and the FTSE NAREIT Equity REIT Index prepared by the National Association of Real Estate Investment Trusts, or NAREIT. The performance chart is not necessarily indicative of future investment performance.

Compensation Committee Actions

After considering our operating performance and return to shareholders, Mr. Bolton’s strong leadership and individual accomplishments, and findings of the Compensation Committee’s compensation consultant (see page 57), the Compensation Committee took the following actions with respect to Mr. Bolton’s 2017 compensation:

BASE SALARY

Base salary for 2017 was increased from \$640,000 to \$704,000.

The Compensation Committee engaged Semler Brossy to provide compensation benchmarking data relative to our revised peer group and other market sources following our merger with Post to assist in evaluating our executive compensation. Based on their analysis, Semler Brossy reported that Mr. Bolton’s base salary was significantly below median for both the revised peer group following the merger with Post and other survey data reviewed. Considering the increased complexity and size of MAA following the merger with Post, and taking into account the results of the benchmarking analysis performed by Semler Brossy, the Compensation Committee recommended, and the Board approved, a 10% increase in Mr. Bolton’s base salary for 2017. While the increased base salary is still well below the median salaries of the peer group and other survey data reviewed, the Compensation Committee felt it was a balanced and measured first step in adjusting Mr. Bolton’s compensation.

ANNUAL INCENTIVE

The percent of salary opportunity available as an annual incentive for 2017 was held consistent with the prior year at 250%.

The comparison provided by Semler Brossy indicated the annual cash opportunity for Mr. Bolton was significantly below the median of the revised peer group and other survey data reviewed. However, taking into account the impact of the increase in base salary, which only partially bridges the gap between Mr. Bolton’s opportunity and that of the revised peer median, and Mr. Bolton’s compensation package as a whole, the Compensation Committee determined not to increase Mr. Bolton’s annual incentive opportunity for 2017.

LONG-TERM EQUITY COMPENSATION

The total percent of salary opportunity available for 2017 in the form of restricted stock awards through our long-term incentive program was increased from 400% to 450%.

The Compensation Committee believes that compensation derived from equity awards directly aligns management with the interests of our shareholders and is most closely linked to accomplishing our strategic vision to provide a stable and growing dividend to shareholders over the long term. The comparison provided by Semler Brossy of Mr. Bolton’s compensation as compared to the revised peer group and other survey data indicated the lion’s share of shortfalls to median compensation fell in the equity component. The amount of opportunity awarded reflects the Compensation Committee’s continued confidence in Mr. Bolton’s strategic vision and leadership, and the increased complexity and size of MAA following the merger with Post.

The total amount of the opportunity in the long-term incentive program linked to performance-based metrics remained flat at 80%, with 50% of the overall opportunity remaining linked to the performance-based metric of 3-year total shareholder return performance. Performance-based long-term incentive compensation represents a significant component of Mr. Bolton’s pay.

SUMMARY OF EXECUTIVE COMPENSATION PRACTICES

Our compensation philosophy is to drive and support our long-term goal of sustainable growth and total shareholder return by paying for performance, with due consideration to balancing risk and reward. By “sustainable growth” we mean investing in our long-term opportunities while meeting our short-term commitments. The main objective of our executive officer compensation program is to align the interests of our executive officers with the interests of shareholders. To achieve this alignment, we must attract and retain individuals with the appropriate expertise and leadership ability, and we must motivate and reward them to build long-term shareholder value. We and our competitors recruit from a limited pool of resources for individuals who are highly experienced, successful and well rewarded. Accordingly, our executive officer compensation program is designed to link annual and long-term cash and stock incentives to the achievement of measurable corporate, business unit and individual performance objectives and to align executive officers’ interests with shareholder value creation. To achieve these objectives, the Compensation Committee reviews and approves corporate goals and objectives relevant to compensation of our executive officers, evaluates executive officer performance in light of those goals and sets executive officer compensation levels based on this evaluation.

The Compensation Committee generally sets executive compensation programs to be competitive with other well-managed, multifamily REITs, and other REITs and real estate companies of comparable enterprise value size, taking into account individually each component of compensation. The Compensation Committee intends for each component and the aggregate of the compensation program to be competitive and to address the Compensation Committee’s general underlying philosophy and policies for executive officer compensation:

- to align the financial interests of the executive officers with those of our shareholders, both in the short and long term;
- to provide incentives for achieving and exceeding annual and long-term performance goals;
- to attract, retain and motivate highly competent executives by providing total compensation that is competitive with compensation at other well-managed REITs and real estate companies;
- to reward superior corporate and individual performance achieved through ethical leadership; and
- to appropriately reward executive officers for creating long-term shareholder value and returns.

Our Compensation Committee evaluates the effectiveness of our compensation programs by reviewing our performance as a whole and the performance of individual named executive officers. In doing so, the Compensation Committee may take into account our strategy as annually presented to our Board; the total return being delivered to our shareholders as well as the return being earned by the shareholders of our peers or market or industry-related indices; our fiscal performance both annually and for longer-term periods; as well as the named executive officer’s individual goals. The Compensation Committee reviews all plans annually and adopts plans designed to align management interests with those of our shareholders.

Our compensation program is designed to reward our executive officers when they achieve our annual business goals, build shareholder value and maintain long-term careers with us. We reward these three aspects so that the team will make balanced annual and long-term decisions that result in consistent financial performance, innovation and collaboration.

Below, we summarize certain executive compensation practices, both the practices we have implemented to drive performance and the practices we have not implemented because we do not believe they would serve our shareholders’ long-term interest.

WHAT WE PAY AND WHY: ELEMENTS OF COMPENSATION

OVERVIEW

We have three elements of total direct compensation: base salary, annual incentive, and long-term incentive compensation. As illustrated in the below chart, in 2017, 85% of the reported named executive officers' total direct compensation opportunity as a group was performance-based and not guaranteed, including 56% in the form of long-term incentive compensation.

2017 Total Compensation Opportunity

Our target total direct compensation table below summarizes the levels established by our Compensation Committee with respect to salary, target annual and long-term incentives, and target total direct compensation. We discuss each element of the table in the narrative that follows.

(2) Does not reflect the 25% increase of award if participant elects to receive the award as shares of restricted stock.

(3) Represents the target potential bonus payment under the Annual Incentive Program. More information on the Annual Incentive Program can be found in the narrative that follows.

(4) Represents the target award under the 2017 LTIP. More information on the 2017 LTIP can be found in the narrative that follows.

The amount of past compensation, including annual bonus awards and amounts realized or realizable from prior long-term, equity-based incentives, is generally not a significant factor in the Compensation Committee's considerations, because these awards would have been earned based on prior years' performance. The Compensation Committee does, however, consider the timing of prior awards when reviewing the retention aspects of compensation packages.

BASE SALARY

We pay base salaries to attract talented executives and to provide a fixed base of cash compensation. Because several other elements of compensation are driven by base salary, the Compensation Committee is careful to set the appropriate level of base salary. A survey of our comparator group's pay practices was considered in determining the salary range for each named executive officer. These ranges are used as guidelines in determining individual salaries, but there is no targeted amount in the range.

Base salaries for the named executive officers are individually determined by the Compensation Committee within the appropriate salary range after consideration of:

- breadth, scope and complexity of the role;
- fairness (employees with similar responsibilities, experience and historical performance are rewarded comparably) and affordability;
- current compensation; and

·individual and corporate performance.

We do not set the base salary of any employee, including any named executive officer, at a certain multiple of the salary of another employee.

43

Table of Contents

Generally speaking, there are two situations that may warrant an adjustment to base salary:

ANNUAL MERIT INCREASES	All employees' base salaries are reviewed annually for possible merit increases, but merit increases are not automatic nor guaranteed. Any adjustments take into account the individual's performance, responsibilities and experience, as well as fairness and external market practices.
PROMOTIONS OR CHANGES IN ROLE	Base salary may be increased to recognize additional responsibilities resulting from a change in an employee's role or a promotion to a new position. Increases are not guaranteed for a promotion nor change in role.

The following table indicates the base salaries and percent increases from the prior year for our named executive officers:

	Base Salary		Percent Increase
	2017	2016	
Mr. Bolton	\$704,000	\$640,000	10.0 %
Mr. Campbell	\$440,000	\$400,000	10.0 %
Mr. DelPriore	\$429,000	\$390,000	10.0 %
Mr. Grimes	\$451,000	\$410,000	10.0 %

Increases for the named executive officers were approved in December 2016 and effective January 1, 2017, along with the merit increases for other employees. The Compensation Committee believed the increases to the named executive officer salaries reflected not only the executives' continued contributions to the company's achievements, strong leadership, the company's strong performance and each executive's individual achievements in 2016, but also reflected the results of Semler Brossy's peer benchmarking review in light of the merger with Post and the resultant increase in the size and complexity of MAA. The peer benchmarking indicated that the base salaries for Messrs. Campbell, DelPriore and Grimes were 15%, 16% and 25%, respectively, below the peer group median. While the increases do not bring management salaries up to the level of the peer group median, the Compensation Committee felt these increases were an appropriate and balanced first step to reflect each named executive officer's respective level of experience, past performance for us, tenure in their positions, and expanded depth and scope of responsibilities following the merger with Post, and are in line with how the company approaches salary to market comparables on a company-wide basis.

ANNUAL INCENTIVE COMPENSATION

We pay annual incentives to drive the achievement of key business results and to recognize individuals based on their contributions to those results. The Compensation Committee believes that this feature of compensation motivates executive officers to strive to attain our annual goals. Annual incentives were determined under the 2017 Annual Incentive Program, or 2017 AIP.

Table of Contents

For 2017, total annual bonus plan opportunities for our named executive officers were based on 2017 base salaries as follows:

	Base Salary	Percentage of 2017 Base Salary ⁽¹⁾	Maximum Payment Based on 2017 Performance ⁽¹⁾
Mr. Bolton	\$ 704,000	250	% \$ 1,760,000
Mr. Campbell	\$ 440,000	150	% \$ 660,000
Mr. DelPriore	\$ 429,000	150	% \$ 643,500
Mr. Grimes	\$ 451,000	200	% \$ 902,000

Does not include the impact of the option for participants to elect to have all or a part of their award issued as (1) shares of restricted stock. Any portion elected to be issued as shares of restricted stock would be awarded at 125% of the award earned.

The annual incentive program for our named executive officers for 2017 was based on both FFO less Merger and Integration Expense per Share, or FFO less MI per Share, and the achievement of individual and/or business unit goals. The percent of total award opportunity assigned to each metric for our named executive officers is outlined in the below table:

	Percent of Award			
	FFO			
	less			
	MI			
	per	Individual		
	Share	Goals	Total	
Mr. Bolton	100 %	N/A	100 %	
Mr. Campbell	75 %	25	%	100 %
Mr. DelPriore	75 %	25	%	100 %
Mr. Grimes	33 %	67	%	100 %

The Compensation Committee feels it is appropriate to tie 100% of Mr. Bolton's opportunity to FFO per Share as it is a key financial result focused on by analysts and investors in the REIT industry.

FFO is a generally accepted measure of overall performance in the REIT industry because it excludes depreciation expense of real estate assets which is generally not correlated with changes in the value of those assets, whose value does not diminish predictably over time, as historical cost depreciation implies. The Compensation Committee feels that FFO is a good measure of actual operating performance. For 2017, the Compensation Committee felt it was appropriate to adjust FFO per Share to remove the impact of merger and integration expenses related to the merger with Post, in order to reflect the core operating results of MAA.

The Compensation Committee felt it was appropriate to base the 2017 annual incentive on specific and quantifiable company performance metrics because the award is intended to reward the executive officer for achieving our corporate financial goals established for the year. When setting the goals for these performance metrics, the Compensation Committee established annual performance targets that, if achieved, would continue to promote the long-term health and strength of the company. In determining the final award, the Compensation Committee reserves the right to apply a discretionary modifier to adjust the amount of the award up or down, by up to 25%, provided, however, that in no event shall the award exceed 250% of salary for Mr. Bolton, 150% of salary for Messrs. Campbell and DelPriore, and 200% of salary for Mr. Grimes, except according to the following sentence. The executive officers have the option to elect to receive all or any portion of their award in shares of restricted stock instead of cash. For any

portion of the award elected to be issued in shares of restricted stock, the executive officer will receive shares of restricted stock valued at 125% of that portion of the award. The shares of restricted stock would then vest one third each year on the first, second and third anniversaries of the grant date, subject to continued employment through each vest date.

Table of Contents

The Compensation Committee approved the following payout schedule for FFO less MI per Share performance under the 2017 AIP:

Performance	FFO less MI per Share	Percent of Bonus Opportunity	
High	\$ 6.07	100	%
Target	\$ 5.97	67	%
Threshold	\$ 5.87	25	%

The Compensation Committee set the FFO less MI per Share performance levels to reflect the guidance we provided at the beginning of the year to align named executive officer performance with market and shareholder expectations. No award was eligible to be earned below the threshold level which represented the bottom of the range provided. Awards earned between the levels were to be calculated using linear interpolations.

Summary of Payments

In March 2018, the Compensation Committee met to consider the payment of bonuses under the 2017 AIP. The Compensation Committee reviewed the actual FFO less MI per Share performance result of \$6.11, noting \$0.08 of the result related to non-cash income from an embedded derivative for preferred shares. The Compensation Committee determined to exercise its negative discretion in accordance with the terms of the 2017 AIP to reduce the award resulting from the FFO less MI per Share metric to the amount which would have been earned without the impact of the non-cash mark-to-market adjustment for the embedded derivative; thereby decreasing the award by 12.7%.

The Compensation Committee reviewed the achievement of the 2017 individual and/or business unit goals for Messrs. Campbell, DelPriore and Grimes and determined they had achieved 90%, 95% and 63%, respectively for 2017.

Following these determinations, the Compensation Committee awarded the following annual bonuses to our named executive officers for 2017:

	Base Salary	Maximum Percentage of Base Salary	Percent of Maximum Bonus Opportunity Earned	Annual Incentive Payment
Mr. Bolton	\$ 704,000	250	% 87	% \$1,536,480
Mr. Campbell	\$ 440,000	150	% 88	% \$580,635
Mr. DelPriore	\$ 429,000	150	% 89	% \$574,163
Mr. Grimes	\$ 451,000	200	% 71	% \$640,591

None of the named executive officers elected to have a portion of their award issued in shares of restricted stock.

LONG-TERM INCENTIVE COMPENSATION

General

We provide performance-based long-term incentive compensation to certain employees, including our named executive officers, to directly tie the interests of these individuals to the interests of our shareholders. We believe that long-term equity compensation is an important retention tool. We also encourage stock ownership which we regard as important for commitment, engagement and motivation and have adopted stock ownership guidelines and retention requirements for our named executive officers. In 2017, we granted long-term incentive compensation to approximately 4% of employees, including the named executive officers, identified as key personnel with critical knowledge and skills important to the success of MAA.

Potential Value of Long-Term Incentive Compensation Awarded

The Compensation Committee believes that a significant percentage of our long-term incentive compensation should be performance based. The 2017 LTIP included two performance tranches, representing 80% of the award opportunity for the named executive officers. One tranche will award shares on a sliding scale dependent on relative annualized total shareholder return, or Relative TSR, over a three-year performance period from January 1, 2017 through December 31, 2019. The other tranche awarded shares on a sliding scale dependent upon FFO less MI per Share performance for 2017. The 2017 LTIP also included time vested shares dependent on continued employment. The following chart indicates the maximum award opportunities as a percentage of base salary and the split between the different tranches of the 2017 LTIP:

	Relative TSR (50% of opportunity)	FFO less MI per Share (30% of opportunity)	Time Vested (20% of opportunity)	Total Potential Percent of Salary
Mr. Bolton	225%	135%	90%	450%
Mr. Campbell	175%	105%	70%	350%
Mr. DelPriore	150%	90%	60%	300%
Mr. Grimes	175%	105%	70%	350%

The Compensation Committee sets ranges for long-term incentive compensation for each of our named executive officers. A survey of our comparator group's pay practices is considered in determining the ranges. The Compensation Committee does not target a specific percentile ranking against our comparator group.

The actual value of long-term incentive compensation within such ranges awarded to each named executive officer is individually determined, at the discretion of the Compensation Committee, after considering:

- skills, experience and time in role;
- individual performance and potential; and
- company performance in the prior year.

In determining the value of long-term incentive compensation awards to the named executive officers in December 2016, the Compensation Committee also took into consideration, among other things, the company's strong operating performance and return to shareholders, and the expanded scope and depth of responsibilities of each named executive

officer related to the increased complexity and size of MAA following the merger with Post.

Table of Contents

Mix of Equity Vehicles

As described above, we use a mix of time vested restricted stock and performance shares when making annual long-term equity awards. Once the value of the 2017 LTIP award was determined, the Compensation Committee granted the named executive officers 80% of the value in performance shares and 20% in time vested restricted stock. Of the performance shares, 62.5% (or 50% of the total award opportunity) may be earned based on Relative TSR; 37.5% (or 30% of the total award opportunity) may be earned based on FFO less MI per Share.

Time Vested Restricted Stock Performance Shares

The Compensation Committee believes this mix of equity vehicles strikes the appropriate balance between the achievement of performance measures (performance shares) and rewarding increases in the market value of, and dividends paid on, our common stock (time vested restricted stock).

As noted above, we currently measure performance based on return to shareholders and overall company performance. As a pay for performance measure, we believe that an allocation of 80% of the potential award opportunity to performance shares creates an appropriate pay for performance alignment with shareholders. Furthermore, the vesting period assigned to the time vested restricted stock also further aligns management with shareholders, as employees will benefit from increases in the company's stock price.

Performance Shares

Performance shares provide an opportunity for employees to receive common stock if a performance measure is met for a pre-defined performance period. No outstanding performance share awards provide for the payment of dividends or dividend equivalents during the performance period. There are two types of performance shares awarded under the 2017 LTIP: performance shares based on Relative TSR and performance shares based on FFO less MI per Share.

Table of Contents

The following chart shows the performance metrics for the Relative TSR performance shares:

Performance Level	MAA TSR in excess of SNL US REIT Multifamily Index	Percent of Relative TSR Opportunity Earned
High	≥ 400 basis points	100%
Target	0 basis points	65%
Threshold	-300 basis points	25%
	< -300 basis points	0%

The performance period for the Relative TSR tranche is from January 1, 2017 through December 31, 2019. No awards will be issued for Relative TSR below the Threshold level and awards related to results between the Threshold and High levels will be straightline interpolated. Any award earned will be issued as shares of restricted stock on or about April 1, 2020, and will immediately vest.

The following chart shows the performance metrics for the FFO less MI per Share performance shares:

Performance Level	FFO less MI per Share	Percent of FFO less MI per Share Opportunity Earned
High	\$ 6.07	100%
Target	\$ 5.97	65%
Threshold	\$ 5.87	25%
	< \$5.87	0%

The performance levels for the FFO less MI per Share tranche were based on the company's guidance provided at the beginning of the year to align named executive officer compensation with the expectations of shareholders and the market. The performance period for the FFO less MI per Share tranche was 2017. Awards related to results between the Threshold and High levels were straightline interpolated.

Summary of Payments

In March 2018, the Compensation Committee met to review the actual FFO less MI per Share performance result for 2017 of \$6.11. The Compensation Committee noted this result was at the High performance level, resulting in the maximum award available under this metric.

Table of Contents

As a result of the FFO less MI per Share results, the following performance shares were awarded to our named executive officers under the 2017 LTIP:

	Shares of Restricted Stock
Mr. Bolton	9,757
Mr. Campbell	4,743
Mr. DelPriore	3,964
Mr. Grimes	4,861

Shares of restricted stock earned under the FFO less MI per Share tranche were issued on April 2, 2018 and will vest 50% on each of the first and second anniversary of the issue date, dependent upon continued employment through each vest date.

No awards under the Relative TSR tranche are recognizable until the end of the performance period on December 31, 2019.

Time Vested Restricted Stock

We believe that time vested restricted stock is performance-based because its value is solely tied to the company's stock price, which directly correlates to our shareholders' interests. We grant time vested restricted stock for several reasons, including:

- restricted shares that vest over time encourage named executive officers to focus on the long term when making decisions to enhance shareholder value;

- declines in stock price following the grant of time vested restricted stock have a negative impact on named executive officer pay; and

- feedback from named executive officers has indicated that time vested restricted stock is highly valued and is an important retention tool.

We have significant share ownership and holding period requirements (see pages 57 and 58). These requirements, along with our vesting period requirements, work to ensure our executives are aligned with investors. This alignment, by virtue of sustained ownership, helps to mitigate excessive risk-taking in addition to other program features (see pages 53 through 54).

Table of Contents

Our named executive officers were awarded the following time vested restricted shares under the 2017 LTIP:

	Shares of Restricted Stock
Mr. Bolton	6,505
Mr. Campbell	3,162
Mr. DeLPriore	2,642
Mr. Grimes	3,241

The shares were awarded on January 9, 2017 and will vest 20% a year on the first, second, third, fourth and fifth anniversary of the issuance, dependent upon continued employment through each vest date.

Special Grant Related to the Merger with Post

On March 23, 2017, the Compensation Committee, and in respect to Mr. Bolton's participation, the Board, approved the MAA-Post Merger Executive Incentive Program, or Merger Plan. The opportunity available under the Merger Plan is intended to incentivize key personnel central to the successful integration of the merger with Post to capture the value potential of the merger for shareholders by successfully executing MAA's plans to recognize expense synergies, efficiencies of scale and balance sheet improvement from the combined company.

The total opportunity under the Merger Plan is 100% performance based and is tied 50% to realized overhead expense synergies, and 12.5% each to capturing net operating income, or NOI, from the Post development pipeline, incremental same store NOI improvement, incremental NOI through the redevelopment of the Post portfolio and lower cost of capital as a result of our strengthened balance sheet.

The performance period for all performance share awards under the Merger Plan is 2018, except for the performance shares related to lowering the cost of capital for which the performance period is January 1, 2017 through December 31, 2018. All of the performance share awards will be earned on a sliding scale ranging from 0% to 100% of the opportunity. Any performance shares earned will be issued on April 1, 2019 and will vest 50% on the first and second anniversary of the issuance date, dependent on continued employment with MAA.

The following chart represents the maximum award opportunities under the Merger Plan as a percent of base salary:

	Overhead Spend Synergy (50% of opportunity)	New Development Pipeline (12.5% of opportunity)	Incremental Same Store NOI Improvement (12.5% of opportunity)	Incremental Redevelopment NOI (12.5% of opportunity)	Lowered Cost of Capital (12.5% of opportunity)	Total Potential Percent of Salary

ADDITIONAL COMPENSATION ELEMENTS

Benefits

In general, benefits are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death, and to provide a reasonable level of retirement income based on years of service with us. The named executive officers generally participate in the same benefit plans as our broader employee population.

Employment Agreement

Mr. Bolton is our only named executive officer with an employment agreement. The material terms of his employment agreement and amounts payable under that agreement are described in “Employment Agreements and Potential Payments Upon Termination or Change in Control” on pages 79 through 81.

Change in Control Agreements

Messrs. Campbell, DelPriore and Grimes have change in control agreements. These change in control agreements are described in “Employment Agreements and Potential Payments Upon Termination or Change in Control” on pages 79 through 81.

401(K) Plan

During 2017, Messrs. Bolton, Campbell, DelPriore and Grimes were eligible to participate in our MAA 401(K) Savings Plan, or 401(K) Plan. The 401(K) Plan is a qualified retirement plan made available to all of our eligible employees that allows participants to make pre-tax elective deferral contributions as a percentage of their compensation as well as catch-up contributions in any year in which the participant will be at least 50 by the end of the year. For 2017, MAA made matching contributions under the 401(K) Plan of 100% of a participant’s contribution on the first 3% of their compensation and 50% of a participant’s contribution on the next 2% of their compensation. Participants may defer up to 75% of their compensation under the 401(K) Plan until they reach the limitation imposed by Section 401(a) of the Internal Revenue Code of 1986, as amended, or the Code, for the given year.

Under the terms of the 401(K) Plan, benefits generally start on or after the date the participant reaches the age of 65. Under the law, participants must begin receiving benefits by April 1st following the later of the calendar year in which a participant reaches the age of 70 ½, or stops working for MAA.

More information on the 401(K) Plan can be found in “401(K) Savings Plan” on pages 75 through 76.

Deferred Compensation Plan

During 2017, Messrs. Bolton, Campbell, DelPriore and Grimes were eligible to participate in our MAA Non-Qualified Executive Deferred Compensation Retirement Plan as Amended and Restated effective January 1, 2016, or the Deferred Comp Plan. The Deferred Comp Plan is a supplemental nonqualified deferred compensation plan made available to all executive employees to enable them to accumulate additional retirement benefits beyond the limitations on participant contributions placed on the 401(K) Plan. MAA, at its discretion, may make matching contributions in accordance with the matching contribution formula in the 401(K) Plan. As such, in 2017, MAA made matching contributions under the Deferred Comp Plan of 100% of a participant’s contribution on the first 3% of their compensation and 50% of a participant’s contribution on the next 2% of their compensation. The matching contributions were made only on compensation that was in excess of the limitation imposed by Section 401(a) of the

Code on the 401(K) Plan that would have been eligible for the match. Participants may defer up to 50% of their compensation and 90% of their annual bonus.

Table of Contents

In accordance with the Deferred Comp Plan, distributions for balances prior to 2016 are made in five equal annual installments beginning on the first day following the sixth full month occurring after the earliest of death, disability, or separation from service. Balances from 2016 and forward will be distributed in compliance with the participant's previous elections for the specific contributions in the form of either a lump-sum payment or substantially equal annual installments amortized over a period not to exceed ten years beginning on the later of January 1st or six months and a day after the participant's separation from service. Notwithstanding the foregoing, in the case of a participant who becomes entitled to receive benefits on account of disability, the balances from 2016 and forward will be paid in a lump sum on or after the 15th of the first month following determination of disability.

Unlike contributions made in the 401(K) Plan, the deferred compensation amounts contributed by Messrs. Bolton, Campbell, DelPriore and Grimes, and any resultant matches by MAA, are considered general assets of the company and are subject to claims of MAA's creditors. In 2016, MAA transferred the assets of the Deferred Comp Plan to an irrevocable rabbi trust to offer additional security to the participants. While assets in the rabbi trust are still subject to creditors' claims in a corporate bankruptcy, they cannot be accessed by MAA for any purpose other than to pay participant benefits under the Deferred Comp Plan.

More information on the Deferred Comp Plan can be found in "Non-Qualified Deferred Compensation" on pages 77 through 78.

HOW WE MAKE COMPENSATION DECISIONS

RISK CONSIDERATIONS

The Compensation Committee reviews the risks and rewards associated with our compensation programs. The programs are designed with features that mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation programs encourage and reward prudent business judgment and appropriate risk-taking over the short term and the long term.

Management and the Compensation Committee regularly evaluate the risks involved with compensation programs and do not believe any of our compensation programs create risks that are reasonably likely to have a material adverse impact on us. In 2017, we conducted a review of incentive plans and programs and considered factors such as the plan metrics, number of participants, maximum payments and risk mitigation factors.

The Compensation Committee evaluates risks and rewards associated with our overall compensation philosophy and structure. Management discusses with the Compensation Committee the systems that have been put in place to identify and mitigate, as necessary, potential risks. With respect to specific elements of compensation:

Base salary does not encourage risk-taking as it is a fixed amount and but one component of a balanced, multi-component approach to compensation and rewards.

The annual incentive program for executive officers is designed to reward achievement of short-term performance metrics. Through a combination of plan design and management procedures, undue risk-taking is mitigated. Specifically, the plan has a cap on the award for any individual and constitutes only a portion of the total direct compensation for our executive officers. The plan is also structured to be self-funding in that portions of the incentive that are based on performance measurements must be obtained after the expense of the incentive is considered.

Table of Contents

Annual and quarterly incentive plans for employees other than executive officers are also designed to reward achievement of short-term performance metrics. Through a combination of plan design and management procedures, undue risk-taking is mitigated. Specifically, the plans are capped on the award for any individual and constitute only a portion of the total direct compensation for our employees.

Our long-term incentive plans are materially based on total shareholder return and certain other performance metrics. The plans have caps on the award for any individual and constitute only a portion of the total direct compensation for our executive officers and the other participants.

DECISION-MAKING PROCESS AND ROLE OF EXECUTIVE OFFICERS

While we believe that the levels of compensation we provide should be competitively reasonable and appropriate for our business needs and circumstances, our approach is to consider competitive compensation practices and relevant factors rather than establishing compensation at specific benchmark percentiles. This enables us to respond to dynamics in the labor market and provides us with flexibility in maintaining and enhancing our executive officers' engagement, focus, motivation and enthusiasm for our future.

We follow a two-phase process. In the first phase, the Compensation Committee periodically engages a compensation consultant to conduct a competitive compensation analysis. In 2016, the Compensation Committee hired a consultant to benchmark individual compensation levels and opportunities for base salary, annual bonus, long-term incentive compensation and total remuneration (salary plus bonus plus annualized value of long-term incentives), taking into account the merger with Post, to assist in establishing compensation for 2017. In general, the Compensation Committee does not believe it is competitively reasonable or appropriate for executive compensation to be materially outside of comparative benchmark ranges (either above or below); however, benchmark information is only one factor that is considered by the Compensation Committee when establishing executive compensation.

In the second phase, the Compensation Committee considers additional factors in determining appropriate compensation levels for each executive officer. These considerations may include:

- our analyses of competitive compensation practices;
- the Compensation Committee's evaluation of the executive officers;
- individual performance and contributions to performance goals, which could include, but are not limited to FFO per Share, and total shareholder return;
- company performance, including comparisons to market and peer benchmarks;
- operational management, such as project milestones and process improvements;
- internal working and reporting relationships and our desire to encourage collaboration and teamwork among our executive officers;
- individual expertise, skills and knowledge;
- leadership, including developing and motivating employees, collaborating within the company, attracting and retaining employees and personal development;

labor market conditions, the need to retain and motivate, the potential to assume increased responsibilities and the perceived long-term value to the company; and

information and advice from an independent, third-party compensation consultant engaged by the Compensation Committee.

Table of Contents

We do not have a pre-defined framework that determines which of these factors may be more or less important, and the emphasis placed on specific factors may vary among the executive officers and from year to year. Ultimately, it is the Compensation Committee's judgment of these factors along with competitive data that form the basis for determining the CEO's compensation. The Compensation Committee and the CEO follow a similar practice to determine the basis of the other executive officers' compensation.

While Mr. Bolton, our CEO, did participate in general meetings of the Compensation Committee in 2017, he did not participate in executive sessions nor did he participate in any discussions determining his own compensation. Annually, upon request from the Compensation Committee, our CEO provides the Compensation Committee with data pertinent to his and the other executive officers' compensation. This information may from time-to-time include peer executive compensation levels, achievement of individual performance components of their annual incentive plans, or data pertinent to their annual base salary increases. The Compensation Committee utilizes this information, along with input from committee members, and, at times, outside consultants, and in the case of our CEO, input from all of the members of the Board, before making final independent compensation decisions. Our CEO also provides data pertinent to the terms of our long-term incentive plans to the Compensation Committee, upon their request. At the end of any incentive or incentive plan measurement period, our CEO, along with our Chief Ethics and Compliance Officer and Corporate Secretary, prepares and presents to the Compensation Committee, the preliminary results of the plan for the committee's review and, if necessary, further evaluation and/or adjustment. All incentive plans are ultimately developed and adopted by the Compensation Committee. All compensation related to our CEO is recommended by the Compensation Committee to our full Board, which ultimately has responsibility for approving CEO compensation.

The Compensation Committee has not awarded any stock options since 2002. When the Compensation Committee was utilizing stock options as part of the compensation package they consistently maintained a practice to award stock options only at specific times in order to avoid any claim that grants to executive officers were initiated during periods potentially advantageous to them. During its winter meeting, the Compensation Committee would grant stock options to a broad group of employees, including executive officers, in amounts determined by the Compensation Committee. These grants were effective on the day awarded by the Compensation Committee with exercise prices equal to the closing price of our common stock on the NYSE on that day. Other than the annual grants described above, the Compensation Committee only considered additional grants for new employees. These grants were made in conjunction with the hiring of the employee and after Compensation Committee approval with the exercise price being equal to the closing price of our common stock on the NYSE on the day of grant. None of our named executive officers had outstanding options in 2017.

COMPENSATION COMPARATOR GROUP

We use a comparator group of companies when making certain compensation decisions. Our comparator group is used:

- as an input in developing base salary ranges, annual incentive targets and long-term incentive award ranges;
- to benchmark the mix of cash and equity awarded to named executive officers;
- to assess the competitiveness of total direct compensation awarded to senior executives;
- to validate whether executive compensation programs are aligned with our performance and total shareholder return;
and
- as an input in designing compensation plans, benefits and perquisite programs.

Table of Contents

While the Compensation Committee examines data about executive compensation at other comparator companies, compensation paid at other companies is only one factor considered during the decision-making process.

Following the merger with Post, the Compensation Committee directed Semler Brossy to review MAA's peer group and propose any recommended changes as a result of the increase in size and enterprise value following the merger with Post. Semler Brossy performed a peer screen, reviewing various metrics such as enterprise value, revenue, number of employees, number of properties and number of units of all publicly traded REITs (excluding highly focused sub-industries such as forest and casino management, companies that exhibited significant, sustained financial distress, and companies with clear pay-related governance fouls). The proposed revised peer group consisted of six multifamily REITs, representing MAA's sub-industry and comparable to MAA in operational structure and talent needs, and 12 additional REITs of similar size and metric statistics to MAA, to which MAA was generally positioned within the median of the metrics reviewed. Upon review by the Compensation Committee, two companies were removed from the proposed peer group; one which was identified as having pay governance issues related to being a consistently high payer which the Compensation Committee did not feel was in line with its philosophy on executive compensation, and one with a unique operating model unaligned with MAA's structure.

The final comparator group adopted by the Compensation Committee for review of 2017 compensation elements is listed below:

Apartment investment & Management Co.	Essex Property Trust, Inc.
AvalonBay Communities, Inc.	Extra Space Storage, Inc.
Boston Properties, Inc.	Federal Realty Investment Trust
Brixmor Property Group, Inc.	Host Hotels & Resorts, Inc.
Camden Property Trust	Kimco Realty Corp.
DDR Corp.	Macerich Co.
Duke Realty Corp.	Taubman Centers, Inc.
Equity Residential	UDR, Inc.

ROLE OF COMPENSATION CONSULTANT

Pursuant to its charter, the Compensation Committee is authorized to retain and terminate any consultant, as well as to approve the consultant's fees and other terms of the engagement. The Compensation Committee also has the authority to obtain advice and assistance from internal or external legal, accounting or other advisors. In 2016, the Compensation Committee engaged Semler Brossy as its compensation consultant with respect to 2017 compensation decisions.

Prior to the retention of a compensation consultant or any other external advisor, and from time-to-time as the Compensation Committee deems appropriate, the Compensation Committee assesses the independence of such advisor from management, taking into consideration all factors relevant to such advisor's independence, including the factors specified in the NYSE listing standards.

The Compensation Committee assessed Semler Brossy's independence, taking into account the following factors:

- the policies and procedures the consultant has in place to prevent conflicts of interest;
- any business or personal relationships between the consultant and the members of the Compensation Committee;

Table of Contents

any ownership of our common stock by the individuals at Semler Brossy performing consulting services for the Compensation Committee; and

any business or personal relationship of Semler Brossy with any of our executive officers.

Semler Brossy has provided the Compensation Committee with appropriate assurances and confirmation of its independent status pursuant to the factors indicated above. The Compensation Committee believes that Semler Brossy has been independent throughout its service for the Committee and that there is no conflict of interest between Semler Brossy and the Compensation Committee.

FINDINGS OF COMPENSATION CONSULTANT

Semler Brossy provided the final results of their review at the December 2016 Compensation Committee meeting and the Compensation Committee considered Semler Brossy's review in setting the 2017 compensation programs.

Semler Brossy assessed target total pay levels against the revised peer group reflecting the change in size and complexity of the company following the merger with Post as well as other available market data for the named executive officers, specifically reviewing salary, target annual cash and target total pay. Semler Brossy reported that, in all cases, salary, target annual cash and target total pay opportunities for the named executive officers fell well below median with target total pay for all of the named executive officers falling 23% or more below the median of the peer group, well outside the competitive range identified by Semler Brossy (+-15% to median) to attract and retain talent. Furthermore, Semler Brossy noted that while shortfalls were present in both the cash and equity components of compensation for all named executive officers, the lion's share of the shortfall was the equity component.

Overall, given the change in size and complexity of the company and the expanded scope of responsibility of the named executive officers following the merger with Post, the Compensation Committee believed these results indicated that compensation was generally lagging, in relation to both cash and equity incentives. As a result, the Compensation Committee felt it was appropriate to adopt increases in base salaries and to increase the total award opportunity as a percent of salary available under the long term incentive plan in 2017. In considering the increase in the total award opportunity for the long-term incentive plan, the Compensation Committee maintained the percentage of the award related to performance based metrics overall to align management's compensation with the attainment of company results and to the Relative TSR metric to ensure management's continued alignment with the long term best interests of our shareholders.

SHARE OWNERSHIP GUIDELINES

We have share ownership guidelines for our named executive officers. These guidelines are designed to align the named executive officers' long-term financial interests with those of shareholders. Under these guidelines, Mr. Bolton, as the CEO, is required to own MAA stock worth three times his annual base salary and our other named executive officers are required to own MAA stock worth two times their respective annual base salaries. Each named executive officer has three years from the date they become subject to the share ownership guidelines to meet their target. If a named executive officer is promoted and the target is increased, an additional three-year period is provided to meet the target. Stock options do not count toward the ownership guideline and performance shares count only after the performance criteria has been met.

All named executive officers exceed their share ownership guidelines.

Table of Contents

HOLDING PERIOD REQUIREMENTS

Effective April 1, 2017, our Board adopted share retention requirements for our named executive officers. These requirements are intended to further strengthen alignment of interests between our named executive officers and that of our shareholders. Following designation as a named executive officer, the named executive officer is required to retain ownership of at least 50% of the net shares (after paying tax liabilities) acquired from the exercise of stock options or the vesting of shares of restricted stock awarded pursuant to our equity incentive plans. Named executive officers are required to continue to retain these shares until retirement or other termination of the named executive officer's employment, or until the executive is no longer designated as a named executive officer.

All of our named executive officers have remained in compliance with the holding period requirements since their adoption.

TRADING CONTROLS AND HEDGING, PLEDGING AND SHORT SALE POLICIES

Executive officers, including the named executive officers, are required to receive the permission of our General Counsel (and our General Counsel is required to receive the permission of our Chief Ethics and Compliance Officer) prior to entering into any transactions in our securities. Generally, trading is permitted only during announced trading periods. Employees who are subject to trading restrictions, including the named executive officers, may enter into a trading plan under Rule 10b5-1 of the Exchange Act. These trading plans may be entered into only during an open trading period and must be approved by MAA. We require trading plans to include a waiting period and the trading plans may not be amended during their term. The named executive officer bears full responsibility if he violates our policy by permitting shares to be bought or sold without pre-approval or when trading is restricted.

Executive officers are prohibited from entering into hedging and short sale transactions or pledging common stock.

CLAWBACK PROVISIONS

We have adopted a clawback policy. Under this policy, if we are required to prepare and file an accounting restatement with the SEC, the Compensation Committee may require our named executive officers to repay to MAA any portion of incentive compensation paid in the preceding three years that would not have been paid if such compensation had been determined based on the financial results reported in the restated financial statement.

TAX AND ACCOUNTING IMPLICATIONS OF COMPENSATION

Section 162(m) of the Code historically limited the tax deductibility of annual compensation paid by a publicly held corporation to its "covered employees," being its principal executive officer or any of its three other most highly compensated executive officers (other than its principal financial officer), to \$1 million, unless the compensation qualified as performance-based compensation under Section 162(m). Under the Tax Cuts and Jobs Act of 2017, this "performance-based" exception was eliminated, and the definition of "covered employees" generally was expanded to cover all named executive officers, including the principal financial officer. These new rules generally apply to taxable years beginning after December 31, 2017, but do not apply to compensation provided pursuant to a written binding contract in effect on November 2, 2017 that is not modified in any material respect after that date.

Table of Contents

We believe that because of the structure of MAA and its affiliates, we do not have “covered employees” whose compensation is subject to the \$1 million deduction limit under Section 162(m). In addition, since MAA qualifies as a REIT under the Code and is generally not subject to Federal income taxes, we believe the payment of compensation that may exceed the deduction limit under Section 162(m) would not have a material adverse consequence to us, provided we continue to distribute 100% of our taxable income. If we make compensation payments subject to Section 162(m) limitations on deductibility, we may be required to make additional distributions to shareholders to comply with our REIT distribution requirements and eliminate our U.S. federal income tax liability or, alternatively, a larger portion of shareholder distributions that would otherwise have been treated as a return of capital may be subject to federal income tax expense as dividend income. Any such compensation allocated to MAA’s taxable REIT subsidiaries whose income is subject to federal income taxes would result in an increase in income taxes due to the inability to deduct such compensation. Although we are mindful of the limits imposed by Section 162(m), even if it is determined that Section 162(m) applies or may apply to certain of our compensation packages, we have reserved, and will continue to reserve, the right to structure our compensation packages and awards in a manner that may exceed the limitation on deduction imposed by Section 162(m).

CONCLUSION

The Compensation Committee believes that our executive leadership is a key element to our success and that the compensation package offered to the executive officers is a key element in attracting, retaining and motivating the appropriate personnel.

The Compensation Committee believes it has historically maintained compensation for our executive officers at levels that are reflective of the talent and success of the individuals being compensated, and with the inclusion of additional compensation directly tied to performance, the Compensation Committee believes executive compensation will be sufficiently comparable to our industry peers to allow us to retain our key personnel at costs which are appropriate for MAA.

The Compensation Committee will continue to develop, analyze and review its methods for aligning executive management’s long-term compensation with the benefits generated for shareholders. The Compensation Committee believes the idea of creating ownership in MAA helps align management’s interests with the interests of shareholders. The Compensation Committee has no pre-determined timeline for implementing new or ongoing long-term incentive plans. New plans are reviewed, discussed and implemented as the Compensation Committee feels it is necessary or appropriate as a measure to incent, retain and reward our executive officers.

PROPOSAL 3: APPROVE SECOND AMENDED AND RESTATED STOCK INCENTIVE PLAN

MATTER TO BE VOTED	Shareholders are being asked to approve the Second Amended and Restated Mid-America Apartment Communities, Inc. 2013 Stock Incentive Plan to, among other things, increase the number of shares available for issuance under the plan to 2,000,000.
To approve the Second Amended and Restated Mid-America Apartment Communities, Inc. 2013 Stock Incentive Plan.	Absent an increase in the number of authorized shares under the plan, we do not expect to have sufficient shares to meet our anticipated equity compensation needs beyond 2018. We believe increasing the number of shares issuable under the plan is necessary in order to allow MAA to continue to utilize equity awards to attract and retain key individuals essential to our long-term growth and financial success and to further align management interests with those of our shareholders. For the proposal to be approved, the votes cast “For” the proposal must exceed the votes cast “Against” the proposal.
VOTE REQUIRED	Impact of Abstentions and Broker Non-Votes: Abstentions will have the legal effect of votes against the proposal. Broker non-votes will not have any legal effect on whether this proposal is approved.
BOARD RECOMMENDATION	FOR: Our Board recommends a vote “FOR” approval of the Second Amended and Restated Mid-America Apartment Communities, Inc. 2013 Stock Incentive Plan.

OVERVIEW

The Mid-America Apartment Communities, Inc. 2013 Stock Incentive Plan, or the Original Plan, was approved by shareholders on September 27, 2013. At the 2014 Annual Meeting of Shareholders, our shareholders approved the Amended and Restated Mid-America Apartment Communities, Inc. 2013 Stock Incentive Plan, or the Current Plan, to increase the number of shares authorized to be issued under the Original Plan. The Current Plan provides that the maximum aggregate number of shares of MAA common stock that may be issued pursuant to awards granted under the plan is 625,000 shares.

On March 13, 2018, our Board, upon recommendation from the Compensation Committee, adopted the Second Amended and Restated Mid-America Apartment Communities, Inc. 2013 Stock Incentive Plan, or the Amended Plan, subject to shareholder approval, to:

1. Increase the number of shares available for issuance to 2,000,000;

2. Prohibit certain share recycling practices (the Amended Plan does not allow any shares which are tendered or held back upon exercise of a stock option or settlement of an award to cover the exercise price or tax withholding, or repurchased by us on the open market, to be added back to the shares of stock available to be issued);

3. Amend the annual limit on independent director compensation such that (i) the aggregate grant date fair value of all equity awards granted to an independent director during any single calendar year may not exceed \$400,000 and (ii) the aggregate cash compensation paid to an independent director may not exceed \$250,000; and

4. Amend the maximum performance-based award payable to any one Covered Employee for a Performance Cycle commencing after the effective date of the Amended Plan to 150,000 shares, or \$5,000,000 in the case of a

performance-based award that is a cash-based award.

Table of Contents

The Board recommends that our shareholders approve the Amended Plan. As a matter of good governance, we feel it is appropriate to allow shareholders to vote to authorize additional share availability under the plan, rather than utilize shares surrendered to cover the exercise price or taxes associated with an award, which we believe inappropriately increases the number of shares actually authorized by shareholders. As a matter of practice, MAA has never utilized recycled shares under the Current Plan.

Absent an increase in the number of shares authorized for issuance, we do not expect to have sufficient shares under the Current Plan to meet our anticipated equity compensation needs for 2019. We believe that increasing the number of shares issuable is necessary in order to allow MAA to continue to utilize equity awards (generally, restricted stock awards and performance share awards) to retain and attract the services of key individuals essential to MAA's long-term growth and financial success and to further align management interests with those of MAA's shareholders. Equity-based compensation is a critical component of our compensation program and MAA relies on such awards to retain and attract key employees and non-employee directors. We believe that equity incentives are necessary for us to remain competitive in regard to retaining and attracting highly qualified individuals upon whom, in large measure, the future growth and success of MAA depends.

The following factors were taken into account by the Compensation Committee and the Board in adopting the Amended Plan:

- MAA's historical burn rate;
- the number of shares remaining available under the Current Plan for future awards (194,916 or 0.17% of outstanding shares of common stock as of December 31, 2017);
- the number of shares issuable upon the exercise of outstanding stock options (108,438 or 0.10% of outstanding shares of common stock as of December 31, 2017);
- the number of outstanding unvested restricted shares (180,692 or 0.16% of outstanding shares of common stock as of December 31, 2017);
- dilution resulting from the proposed increase in authorized shares;
- the shareholder value transfer resulting from the proposed increase; and
- the conformance of the Amended Plan to good governance practices:
 - o fixed term of 10 years from the date of shareholder approval;
 - o no annual "evergreen" provision (the Amended Plan limits the number of shares to 2,000,000 and does not provide annual or automatic increases to the number of shares authorized to be issued);
 - o prohibits the ability to pay dividends or dividend equivalents on performance-based awards until the performance-based conditions have been met;
 - o prohibits dividends or dividend equivalents on stock options and stock appreciation rights;
 - o prohibits repricing of awards without shareholder approval;

Table of Contents

o restricts transfers of restricted stock awards, restricted stock units, unrestricted stock awards; and performance share awards during a participant's lifetime;

o prohibits liberal recycling of shares;

o is administered by our Compensation Committee, which is solely comprised of independent, non-employee directors; and

o requires shareholder approval for any material amendment (other than an amendment that curtails the scope of the plan).

As of February 28, 2018, there were stock options to acquire 95,838 shares of common stock outstanding under our equity compensation plans, with a weighted average exercise price of \$75.99 and a weighted average remaining term of 6.49 years. In addition, as of February 28, 2018, there were 189,299 unvested full value awards with time-based vesting and no unvested full value awards with performance vesting outstanding under our equity compensation plans. Other than the foregoing, no awards under our equity compensation plans were outstanding as of February 28, 2018. Based solely on the closing price of our common stock as reported by the NYSE on February 28, 2018 and the maximum number of shares that would have been available for awards as of such date under the Plan, the maximum aggregate market value of the common stock that could potentially be issued under the Plan is \$12,828,459.

SUMMARY OF THE AMENDED PLAN

The following description of certain features of the Amended Plan is intended to be a summary only. The summary is qualified in its entirety by the full text of the Amended Plan that is attached hereto as Appendix A.

PLAN ADMINISTRATION

The Amended Plan will be administered by the MAA Compensation Committee. The MAA Compensation Committee has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the Amended Plan. The MAA Compensation Committee may delegate to MAA’s Chief Executive Officer the authority to grant awards to employees who are not subject to the reporting and other provisions of Section 16 of the Exchange Act or “covered employees” within the meaning of Section 162(m) of the Code.

ELIGIBILITY AND LIMITATIONS ON GRANTS

Persons eligible to participate in the Amended Plan will be those full or part-time officers, employees, non-employee directors and other key persons of MAA and its subsidiaries (including Mid-America Apartments, LP) as selected from time-to-time by the MAA Compensation Committee. As of February 28, 2018, approximately 123 individuals would have been eligible to participate in the Amended Plan had it been effective on such date, which includes eight executive officers, 104 employees who are not executive officers, (together approximately 4% of all employees), and 11 non-employee directors.

The maximum award of stock options granted to any one individual in any calendar year will not exceed 100,000 shares of MAA common stock (subject to adjustment for stock splits and similar events). If any award of restricted stock, restricted stock units, performance shares or other stock-based award granted to an individual is intended to qualify as “performance-based compensation” under Section 162(m) of the Code, then the maximum award shall not exceed 150,000 shares of MAA common stock (subject to adjustment for stock splits and similar events) to any one such individual in any performance cycle. If any cash-based award is intended to qualify as “performance-based compensation” under Section 162(m) of the Code, then the maximum award to be paid in cash in any performance cycle may not exceed \$5,000,000. Awards granted prior to the effective date of the Amended Plan will remain subject to the 162(m)-related limitations set forth in the Original Plan.

DIRECTOR COMPENSATION LIMIT

The Amended Plan includes an annual limit on independent director compensation such that (i) the aggregate grant date fair value of all equity awards granted to an independent director during any single calendar year may not exceed \$400,000 and (ii) the aggregate cash compensation paid to an independent director may not exceed \$250,000.

Table of Contents

STOCK OPTIONS

The Amended Plan permits the granting of (1) options to purchase common stock intended to qualify as incentive stock options under Section 422 of the Code and (2) options that do not so qualify. Options granted under the Amended Plan will be non-qualified options if they fail to qualify as incentive options or exceed the annual limit on incentive stock options. Non-qualified options may be granted to any persons eligible to receive incentive options and to non-employee directors and key persons. The option exercise price of each option will be determined by the MAA Compensation Committee but may not be less than 100% of the fair market value of the MAA common stock on the date of grant. The Amended Plan provides that such fair market value will be deemed to be the last reported sale price of the shares of MAA common stock on the NYSE on the date of grant. The exercise price of an option may not be reduced after the date of the option grant, other than to appropriately reflect changes in MAA's capital structure. Option repricing may not be effected through cancellation and re-grants or cancellation in exchange for cash.

The term of each option will be fixed by the MAA Compensation Committee and may not exceed ten years from the date of grant. The MAA Compensation Committee will determine at what time or times each option may be exercised. Options may be made exercisable in installments and the exercisability of options may be accelerated by the MAA Compensation Committee in circumstances involving a sale event (as defined in the Amended Plan), or the death, disability or termination of employment of a plan participant.

Upon exercise of options, the option exercise price must be paid in full either in cash, by certified or bank check or other instrument acceptable to the MAA Compensation Committee, by delivery (or attestation to the ownership) of shares of MAA common stock that are not then subject to restrictions under any MAA plan, or, with respect to stock options that are not incentive stock options, by a "net exercise" arrangement pursuant to which MAA will reduce the number of shares of stock issuable upon exercise by the largest whole number of shares with a fair market value that does not exceed the aggregate exercise price. Subject to applicable law, the exercise price may also be delivered to MAA by a broker pursuant to irrevocable instructions to the broker from the optionee.

To qualify as incentive options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options that first become exercisable by a participant in any one calendar year.

RESTRICTED STOCK

The MAA Compensation Committee may award shares of common stock to participants subject to such conditions and restrictions as the MAA Compensation Committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with MAA or its subsidiaries through a specified restricted period. Dividends payable with respect to restricted stock awards with vesting tied to the attainment of performance criteria must be retained or repaid by the participant to MAA until the performance conditions are met.

RESTRICTED STOCK UNITS

The MAA Compensation Committee may award phantom stock units as restricted stock units to participants. Restricted stock units are ultimately payable in the form of shares of common stock and may be subject to such conditions and restrictions as the MAA Compensation Committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with MAA or its subsidiaries through a specified vesting period. In the MAA Compensation Committee's sole discretion and subject to the participant's compliance with the procedures established by the MAA Compensation Committee and requirements of Section 409A of the Code, it may permit a participant to make an advance election to receive a portion of his or her future cash compensation otherwise due in the form of restricted stock units. During the deferral period, the

participant may be credited with dividend equivalent rights with respect to the restricted stock units (but dividend equivalents payable with respect to restricted stock units with vesting tied to the attainment of performance criteria must be retained or repaid by the participant to MAA until the performance conditions are met).

Table of Contents

UNRESTRICTED STOCK AWARDS

The MAA Compensation Committee may also grant shares of common stock that are free from any restrictions under the Amended Plan. Unrestricted stock may be granted to any participant in recognition of past services or other valid consideration and may be issued in lieu of cash compensation due to such participant.

PERFORMANCE SHARE AWARDS

The MAA Compensation Committee may grant performance share awards to any participant that entitle the recipient to receive shares of common stock upon the achievement of certain performance goals and such other conditions as the MAA Compensation Committee shall determine.

DIVIDEND EQUIVALENT RIGHTS

The MAA Compensation Committee may grant dividend equivalent rights that entitle the recipient to receive credits for dividends that would be paid if the recipient had held specified shares of common stock. Dividend equivalent rights may be granted as a component of another award or as a freestanding award. Dividend equivalent rights may be settled in cash, shares of common stock or a combination thereof, in a single installment or installments, as specified in the award.

OTHER STOCK-BASED AWARDS

The MAA Compensation Committee may grant awards of capital stock other than common stock and other awards that are valued in whole or in part by reference to or are otherwise based on, common stock, including, for example, convertible preferred stock, convertible debentures, exchangeable securities, awards valued by reference to book value or subsidiary performance. These awards may be subject to such conditions and restrictions as the MAA Compensation Committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified vesting period. If the applicable performance goals and other restrictions are not attained, the participant will forfeit his or her awards.

CASH-BASED AWARDS

The MAA Compensation Committee may grant cash bonuses under the Amended Plan. The cash bonuses may be subject to the achievement of certain performance goals.

CHANGE IN CONTROL PROVISIONS

The Amended Plan provides that upon the contemplation of and subject to the consummation of a sale event, the Board of Directors may take any one or more of the following actions with respect to outstanding awards: (i) provide that such awards shall be assumed or equivalent awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), and/or (ii) upon written notice to the participants, provide that all awards will terminate immediately prior to the consummation of the sale event (in which event, all vested awards, other than options, shall be fully settled in cash or in kind at such appropriate consideration as determined by the Compensation Committee and all stock options shall be fully settled, in cash or in kind, in an amount equal to the difference between (A) the price payable for a share of common stock in the transaction times the number of shares subject to such outstanding options (to the extent then exercisable at prices not in excess of the per share transaction price) and (B) the aggregate exercise price of all such outstanding stock options; provided, however, that each participant may be permitted, within a specified period determined by the MAA Compensation Committee prior to the consummation of the sale event, to exercise all outstanding stock options, including those that are not then exercisable, subject to the

consummation of the sale event.

TRANSFERABILITY

In general, unless otherwise permitted by the MAA Compensation Committee, no award granted under the Amended Plan is transferable by the participant other than by will or by the laws of descent and distribution, and awards may be exercised during the participant's lifetime only by the participant, or by the participant's legal representative or guardian in the case of the participant's incapacity.

ADJUSTMENTS FOR STOCK DIVIDENDS, STOCK SPLITS, ETC.

The Amended Plan requires the MAA Compensation Committee to make appropriate adjustments to the number of shares of common stock that are subject to the Amended Plan and to any outstanding awards to reflect stock dividends, stock splits, extraordinary cash dividends and similar events.

TAX WITHHOLDING

Participants in the Amended Plan are responsible for the payment of any federal, state or local taxes that MAA is required by law to withhold upon any option exercise or vesting of other awards or election pursuant to Section 83(b) of the Code. Subject to approval by the MAA Compensation Committee, participants may elect to have the minimum tax withholding obligations satisfied by authorizing us to withhold shares of common stock to be issued pursuant to an option exercise or upon vesting of other awards. The MAA Compensation Committee may also require awards to be subject to mandatory share withholding up to the required withholding amount.

AMENDMENTS AND TERMINATION

The MAA Board may at any time amend or discontinue the Amended Plan and the MAA Compensation Committee may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the holder's consent. Any amendments that materially change the terms of the Amended Plan, including any amendments that increase the number of shares reserved for issuance under the Amended Plan, expand the types of awards available, materially expand the eligibility to participate in, or materially extend the term of, the Amended Plan, or materially change the method of determining the fair market value of common stock, will be subject to approval by MAA's shareholders. Amendments shall also be subject to approval by MAA's shareholders if and to the extent determined by the MAA Compensation Committee to be required by the Code to preserve the qualified status of incentive options.

EFFECTIVE DATE AND TERM

The Amended Plan was approved by our Board of Directors on March 13, 2018. Awards of incentive options may be granted under the Plan until the tenth anniversary of March 13, 2018. No other awards may be granted under the Plan after the date that is ten years from the date of stockholder approval.

NEW PLAN BENEFITS

Because the grant of awards under the Amended Plan is within the discretion of the MAA Compensation Committee, MAA cannot determine the dollar value or number of shares of common stock that will in the future be received by or allocated to any participant in the Amended Plan. Accordingly, in lieu of providing information regarding benefits that will be received under the Amended Plan, the following table provides information concerning the benefits that were received by the following persons and groups under the Current Plan during 2017: each named executive officer; all current executive officers, as a group; all current directors who are not executive officers, as a group; and all

employees who are not executive officers, as a group.

TAX ASPECTS UNDER THE CODE

The following is a summary of the principal U.S. federal income tax consequences of certain transactions under the Amended Plan. It does not describe all federal tax consequences under the Amended Plan, nor does it describe state or local tax consequences.

INCENTIVE OPTIONS

No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares of common stock issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then, generally, for U.S. federal income tax purposes, (1) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (2) MAA will not be entitled to any deduction. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares of common stock acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a “disqualifying disposition”), then, generally, for U.S. federal income tax purposes, (a) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares of common stock at exercise (or, if less, the amount realized on a sale of such shares of common stock) over the option price thereof, and (b) MAA will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive option is paid by tendering shares of common stock. If an incentive option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a non-qualified option. Generally, an incentive option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

NON-QUALIFIED OPTIONS

No income is realized by the optionee at the time the option is granted. Generally, (1) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares of common stock on the date of exercise, and MAA receives a tax deduction for the same amount, and (2) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of common stock have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares of common stock. Upon exercise,

the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Table of Contents

PARACHUTE PAYMENTS

The vesting of any portion of an option or other award that is accelerated due to the occurrence of a change in control may cause a portion of the payments with respect to such accelerated awards to be treated as “parachute payments” as defined in the Code. Any such parachute payments may be non-deductible to MAA, in whole or in part, and may subject the recipient to a non-deductible 20% U.S. federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

LIMITATION ON DEDUCTIONS

As a result of Section 162(m) of the Code, MAA’s deduction for awards under the Amended Plan will be limited to the extent that any covered employee receives compensation in excess of \$1 million per year.

EXECUTIVE COMPENSATION TABLES

SUMMARY COMPENSATION TABLE

The following table sets forth information regarding compensation earned by our named executive officers. Values for stock awards represent full grant date fair value in accordance with FASB ASC Topic 718 and appear in the year of the grant. These values represent the total expense that we expect to recognize over time related to the award, but due to performance and continued employment requirements, as well as vesting schedules, may or may not represent the value of stock realized, or the timing of stock acquired by the named executive officers. For information on actual shares issued to named executive officers related to the fair value amounts provided in the below table, please see the footnotes to this table and the Outstanding Equity Awards table found later in this Proxy Statement.

Mr. Bolton entered into an employment agreement with us on March 24, 2015, that replaced his previous agreement which had been entered into in 2008. The employment agreement outlines the compensation he will receive and (i) has a term of one year that renews automatically on the first day of each month for an additional one-month period, so that on the first day of each month, unless sooner terminated in accordance with the terms of the agreement, the remaining term is one year; (ii) provides for an annual base salary for Mr. Bolton, subject to change at the discretion of the Compensation Committee; and (iii) allows for annual incentive/bonus compensation.

Upon Mr. Bolton's termination due to death or permanent disability or in the event he is terminated without cause or resigns for good reason, we will pay Mr. Bolton (or his personal representative) all amounts due to him as of the date of termination under the terms of all incentive and bonus plans, and will also continue to pay him his base salary as then in effect for one year after the termination. In addition, all stock options or restricted stock granted to Mr. Bolton will become fully vested and exercisable in accordance with the terms on the termination date. Alternatively, Mr. Bolton may elect to receive an amount in cash equal to the in-the-money value of the shares covered by all such options. Finally, we will pay to Mr. Bolton all legal fees incurred by him in connection with his termination without cause or resignation for good reason. In this scenario, our current equity plans allow for the full vesting of any earned stock options and restricted stock as defined by each individual plan.

If Mr. Bolton is terminated without cause in anticipation of, on, or within three years after a change in control or resigns for good reason within three years after a change in control, he is entitled to receive a payment equal to the sum of 2.99 times his annual base salary in effect on the date of termination plus 2.99 times his average annual cash bonus paid during the two immediately preceding fiscal years. However, if the change in control transaction occurs within three years of the executive's planned retirement date, the maximum change in control payment would be the base salary and bonus payable to Mr. Bolton through the anticipated date of retirement. In addition, all stock options and restricted stock granted to Mr. Bolton shall become fully vested and exercisable in accordance with the terms on the termination date. Alternatively, Mr. Bolton may elect to receive an amount in cash equal to the greater of (i) the in-the-money value of the shares covered by all such options or (ii) the difference between the highest per share price for our shares paid in connection with the change in control and the per share exercise price of the options held by him, multiplied by the number of shares covered by all such options. Finally, we will pay Mr. Bolton all legal fees incurred by him in connection with the change in control termination.

The employment agreement also contains certain confidentiality and non-competition provisions, as well as the agreement of Mr. Bolton, for a period of two years following a change in control termination, not to have an interest in a competitor or engage in a competitive business, in any capacity, within five miles of a property we own at the time of termination of employment.

Messrs. Campbell, DePriore and Grimes have change in control agreements that were entered into on March 24, 2015. The agreements outline the compensation they will receive under certain change in control scenarios. For Messrs. Campbell and Grimes, these agreements replaced change in control agreements originally entered into in December 1999 which were subsequently amended and restated in 2008.

Table of Contents

Each change in control agreement provides that in the event of a change in control termination, each of Messrs. Campbell, DelPriore and/or Grimes, is entitled to receive a payment equal to the sum of 2.99 times his annual base salary in effect on the date of termination plus 2.99 times his average annual cash bonus paid during the two immediately preceding fiscal years. In addition, all stock options and restricted stock granted to Messrs. Campbell, DelPriore and/or Grimes shall become fully vested and exercisable in accordance with the terms on the termination date. Alternatively, Messrs. Campbell, DelPriore and/or Grimes may elect to receive an amount in cash equal to the greater of (i) the in-the-money value of the shares covered by all such options or (ii) the difference between the highest per share price for our shares paid in connection with the change in control and the per share exercise price of the options held by him, multiplied by the number of shares covered by all such options. Finally, we will pay Messrs. Campbell, DelPriore and/or Grimes all legal fees incurred by him in connection with the change in control. The change in control agreements also require that Messrs. Campbell, DelPriore and/or Grimes, for a period of two years following a change in control termination, not have an interest in a competitor or engage in a competitive business, in any capacity, within five miles of a property we own at the time of termination of employment.

COMPENSATION RISKS

We believe that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the company. Furthermore, the Compensation Committee believes that the nature of the various elements of executive compensation do not encourage management to assume excessive risks.

The Compensation Committee, with input from independent compensation consultants, extensively reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded that the long-term nature of incentive plans tied to total shareholder return or other performance measurements discouraged excessive short-term risk taking. The Compensation Committee also determined that the capped nature of the long-term incentive plans would serve to discourage excessive or inappropriate risk taking in the long term. The Compensation Committee feels there is an appropriate mix of compensation elements to minimize any risk taking by executive officers.

CEO PAY RATIO

As directed by the Dodd-Frank Wall Street Reform and Consumer Protection Act, on August 5, 2015, the SEC adopted final rules regarding disclosure of (1) the median of the annual total compensation of all employees of a company, other than its principal executive officer, (2) the annual total compensation of the company's principal

executive officer, and (3) the ratio of those two amounts, or pay ratio. The purpose of this new disclosure requirement is to provide a measure of the equitability of pay within the organization and to assist shareholders in better understanding and assessing a company's executive compensation practices. We encourage you to consider this information in conjunction with the information provided in the Compensation Discussion & Analysis section of this Proxy Statement, which includes discussions on our compensation philosophy, percentage of variable executive pay tied to company performance results and total shareholder return, peer comparisons and other information you may find useful in evaluating the appropriateness of our executive compensation packages.

Table of Contents

Our pay ratio is provided to assist you in evaluating our compensation practices and may not be meaningful when compared against other companies as impacts of varying organizational structures on employment bases and their respective compensation practices may impact the pay ratios between and within industries.

Our principal executive officer is Mr. Bolton, who serves as our CEO. To identify our median employee, we reviewed the 2017 income reported in Box 1 of Form W-2 for employees of MAA and its subsidiaries. While the value in Box 1 of Form W-2 is not calculated in the same manner as the total compensation in the Summary Compensation Table (the value on which the pay ratio is based), we felt it provided a consistent reporting value which could be applied across all employees and it includes values for the largest categories of compensation represented in the Summary Compensation Table, which are salary, cash bonuses and stock awards. In regards to MAA's compensation packages, the largest difference between the compensation reported in the Summary Compensation Table and Box 1 of Form W-2 is the value associated with stock awards, as the Summary Compensation Table reflects the full grant date fair value in accordance with FASB ASC Topic 718 in the year of grant while Box 1 of Form W-2 reflects the actual income realized in the year of vesting of earned stock awards. While these values can be materially different, given the nature and number of the participants in our equity incentive plans, we believe the differences in value would not move a participant from above the median to below the median and, therefore, would not have an impact on the identification of our median employee.

The below outlines the full population of employees included in our analysis to identify our median employee:

- Employed by MAA or any of its subsidiaries;
- Employed on December 31, 2017;
- Classified as full-time, part-time or temporary.

However, we did not include:

- Our CEO;
- Contract workers;
- Temporary workers employed by, and whose compensation was determined by, an unaffiliated third party.

MAA does not have seasonal or international employees.

The below outlines the adjustments we made to the Box 1 of Form W-2 values for the included employees before identifying the median employee:

- Annualized income of full-time and part-time employees hired after January 1, 2017

Annualized income of employees who were on leave for a portion of the year for active military duty, under the Family and Medical Leave Act or as a result of an unpaid leave of absence

Table of Contents

We did not make any cost-of-living adjustments to the compensation of employees located in states and cities other than the state and city in which our principal executive officer resides.

After identifying the median employee using the above methodology, we then calculated that employee's compensation to match the required disclosures in the Summary Compensation Table, resulting in a total annual compensation for our median employee of \$48,577 for 2017. When considering our principal executive officer's total annual compensation of \$6,526,530 for 2017, the ratio of our median employee's total annual compensation to our principal executive officer's total annual compensation was 1:134. If we exclude from the calculation equity-based compensation (which will not be realized unless certain performance measures are achieved), the ratio of our median employee's total annual compensation of \$48,577 for 2017 to our principal executive officer's total annual compensation of \$2,329,564 for 2017 was 1:50.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the current members of the Compensation Committee is or was an officer or employee of the company. The Audit Committee has determined that the nature and level of non-audit related services that Ernst & Young LLP provides to MAA is compatible with maintaining the independence of Ernst & Young LLP.

POLICIES REGARDING INDEPENDENT AUDITORS

The Audit Committee has the sole authority to appoint or replace the independent public accounting firm and is responsible for the compensation and oversight of the work of the independent public accounting firm for the purpose of preparing or issuing an audit report or related work, or performing other audit, review or attestation services for MAA. As such, the independent public accounting firm reports directly to the Audit Committee.

The Audit Committee pre-approves all auditing services and permitted non-audit services to be performed by the independent public accounting firm. The Audit Committee has delegated the authority to pre-approve such services and fees to the Chairman of the Audit Committee when scheduling a full committee meeting to timely consider a proposed service or fee is not feasible. Any decisions to pre-approve services or fees made solely by the Chairman of the Audit Committee must be presented to the full Audit Committee at its next scheduled meeting. Authority to pre-approve services and fees of the independent public accounting firm may not be delegated to any member of management.

MAA will not hire an individual who is concurrently an employee of its independent registered public accounting firm, nor will MAA hire an individual in an accounting role or financial reporting oversight role if they remain in a position to influence MAA's independent registered public accounting firm's operations or policies.

MAA's Principal Accounting Officer or Chief Financial Officer must approve the hiring of any candidate who served on the independent public accounting firm's audit engagement team for MAA. MAA will not hire a former member of the independent registered public accounting firm's audit engagement team in an accounting or financial reporting oversight role before a required "cooling-off" period has elapsed. Furthermore, management discloses all hires of former members of the independent registered public accounting firm's audit engagement team for accounting or financial reporting oversight roles to the Audit Committee at least quarterly.

The Audit Committee ensures the rotation of the lead audit partner and audit engagement team partners of MAA's independent registered public accounting firm is done in compliance with NYSE and SEC regulations. Consequently, the lead audit partner for the 2017 audit will not serve on MAA's audit engagement team for the 2018 audit.

INFORMATION ABOUT VOTING

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

As of the close of business on March 16, 2018, we had 113,703,314 shares of common stock outstanding.

SHAREHOLDERS OF RECORD: SHARES REGISTERED IN YOUR NAME

The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent or nominee.

WHAT IF I HAVE SHARES IN THE MAA EMPLOYEE STOCK OWNERSHIP PLAN?

If you had shares in an account under our Employee Stock Ownership Plan on March 16, 2018, you have the right to vote the shares in your account. HOW WILL MY VOTE BE CAST?

Your vote will be cast as you indicate on your Proxy Card. If you submit an executed Proxy Card without marking your voting selections, your shares will be voted as follows:

1. FOR the election of the 12 directors named herein to serve for one year and until their successors have been duly elected and qualified;
2. FOR the advisory (non-binding) vote to approve the compensation of our named executive officers as disclosed in this Proxy Statement;

4. FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for 2018.

If any additional matters are properly presented at the Annual Meeting, your proxy (one of the individuals named on your Proxy Card) will vote your shares as recommended by the Board or, if no recommendation is given, in accordance with his or her best judgment. Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count “For”, “Against” and “Abstain” votes.

If your shares are held by your broker as your nominee (that is, in “street name”), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. In the event that a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, then those shares will be treated as broker non-votes. Shares represented by such broker non-votes will be counted in determining whether there is a quorum.

CAN I CHANGE MY VOTE AFTER I RETURN MY PROXY?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

3. You may attend the Annual Meeting and notify the election officials that you wish to revoke your proxy and vote in person. Attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as nominee or agent, you should follow the instructions provided by your broker or bank.

HOW MANY VOTES ARE NEEDED TO APPROVE EACH PROPOSAL?

PROPOSAL 1: ELECTION OF DIRECTORS

Votes cast “For” the nominee must exceed the votes cast “Against” the nominee for the nominee to be elected. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved.

If a nominee fails to receive more “For” votes than votes cast “Against” and is an incumbent director, the nominee is required to tender his or her resignation to the Nominating and Corporate Governance Committee of the Board for consideration, and the Nominating and Corporate Governance Committee will determine whether it is advisable to accept or reject the resignation and will submit a recommendation to the Board for consideration.

PROPOSAL 2: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Votes cast “For” the proposal must exceed the votes cast “Against” the proposal. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved.

PROPOSAL 3: APPROVE SECOND AMENDED AND RESTATED STOCK INCENTIVE PLAN

Votes cast “For” the proposal must exceed the votes cast “Against” the proposal. Abstentions will have the legal effect of votes against the proposal. Broker non-votes will not have any legal effect on whether this proposal is approved.

PROPOSAL 4: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Votes cast “For” the proposal must exceed the votes cast “Against” the proposal. Neither abstentions nor broker non-votes will have any legal effect on whether this proposal is approved.

Shareholder approval for the appointment of our independent registered public accounting firm is not required, but the Board is submitting the selection of Ernst & Young LLP for ratification in order to obtain the views of our shareholders. The Audit Committee will consider a vote against the firm by the shareholders in selecting our independent registered public accounting firm in the future.

HOW MANY SHARES MUST BE PRESENT TO CONSTITUTE A QUORUM FOR THE MEETING?

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares of common stock are represented by shareholders present at the Annual Meeting in person or by proxy. On March 16, 2018, the record date, there were 113,703,314 shares of common stock outstanding and entitled to vote. Thus, 56,851,658 shares of common stock must be represented by shareholders present in person or by proxy at the Annual Meeting to have a quorum.

Table of Contents

Your shares will be counted towards the quorum only if you submit a valid proxy or vote at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the Chairman of the meeting or a majority of the votes present at the Annual Meeting may adjourn the meeting to another date.

HOW CAN I FIND OUT THE RESULTS OF THE VOTING AT THE ANNUAL MEETING?

Preliminary voting results will be announced at the Annual Meeting. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

HOW MANY COPIES SHOULD I RECEIVE IF I SHARE AN ADDRESS WITH ANOTHER SHAREHOLDER?

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy materials with respect to two or more shareholders sharing the same address by delivering a single Proxy Statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies.

Table of Contents

We and some brokers household proxy materials, delivering one copy of proxy materials to multiple shareholders sharing an address, unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to householding. If at any time you no longer wish to participate in householding and would prefer to receive separate proxy materials, or if you are receiving multiple copies of the Proxy Statement and wish to receive only one, please do one of the following: (a) notify your broker if your shares are held in a brokerage account or by marking the appropriate box on your Proxy Card if you hold registered shares; or (b) notify us in writing at MAA, 6815 Poplar Avenue, Suite 500, Germantown, Tennessee 38138, Attention: Corporate Secretary, or by calling (901) 682-6600.

We can only household registered shares. If you own registered shares as well as hold shares in a brokerage account, you will continue to receive multiple copies of the Proxy Statement. Similarly, if you own shares in more than one brokerage firm, you can only household the Proxy Statements you receive within each individual brokerage house. If you receive more than one set of proxy materials and proxy cards, please promptly complete, sign and return each proxy card that you receive or give your proxy authorization over the Internet or by phone to ensure that all of your shares are represented and voted.

WHOM SHOULD I CONTACT IF I HAVE ANY QUESTIONS?

If you have any questions about the Annual Meeting, these proxy materials or your ownership of our common stock, please contact our Legal Department at 6815 Poplar Avenue, Suite 500, Germantown, Tennessee 38138, or email investor.relations@maac.com or call (901) 682-6600.

If any other business should come before the meeting, the person named in the enclosed proxy will have discretionary authority to vote all proxies as recommended by the Board of Directors or, if no recommendation is given, in accordance with their best judgment.

SECTION ADMINISTRATION OF PLAN; ADMINISTRATOR AUTHORITY TO SELECT PARTICIPANTS AND DETERMINE AWARDS

(a) Committee. The Plan shall be administered by either the Board or the Committee (in either case, the “Administrator”). Each member of the Committee shall be a “non-employee director” within the meaning of Rule 16b-3(b)(3)(i) promulgated under the Act, or any successor definition under said rule. (b) Powers of Administrator. The Administrator shall have the power and authority to grant Awards consistent with the terms of the Plan, including the power and authority:

- (i) to select the individuals to whom Awards may from time to time be granted;
- (ii) to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Non-Qualified Stock Options, Restricted Stock Awards, Restricted Stock Units, Unrestricted Stock Awards, Performance Share Awards, Dividend Equivalent Rights and Other Stock-Based Awards, or any combination of the foregoing, granted to any one or more participants;
- (iii) to determine the number of shares of Stock to be covered by any Award;
- (iv) to determine and modify from time to time the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Award, which terms and conditions may differ among individual Awards and participants, and to approve the form of written instruments evidencing the Awards; provided, however, that except as otherwise provided in Section 3(b) or 3(c), the Administrator is not permitted to reduce the exercise price of Stock Options or effect repricing of Stock Options through cancellation and re-grants or cancellation in exchange for cash;
- (v) to accelerate at any time the exercisability or vesting of all or any portion of any Award in circumstances involving a Sale Event or the death, disability or termination of employment of a Plan participant;
- (vi) subject to the provisions of Section 5(c), to extend at any time the post-termination period in which Stock Options may be exercised;
- (vii) to determine at any time whether, to what extent, and under what circumstances Stock and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the participant and whether and to what extent the Company shall pay or credit amounts constituting deemed interest (at rates determined by the Administrator) or dividends or deemed dividends on such deferrals; and
- (viii) at any time to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of

the Plan.

All decisions and interpretations of the Administrator shall be made in the Administrator's sole and absolute discretion and shall be final and binding on all persons, including the Company and Plan participants.

(c) Delegation of Authority to Grant Awards. The Administrator, in its discretion, may delegate to the Chief Executive Officer of the Company all or part of the Administrator's authority and duties with respect to Awards, including the granting thereof, to individuals who are not subject to the reporting and other provisions of Section 16 of the Act or "covered employees" within the meaning of Section 162(m) of the Code. Any such delegation by the Administrator shall include a limitation as to the amount of Awards that may be awarded during the period of the delegation and shall contain guidelines as to the determination of the exercise price of any Option, the conversion ratio or price of other Awards and the vesting criteria. The Administrator may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Administrator's delegate or delegates that were consistent with the terms of the Plan.

SECTION 3. STOCK ISSUABLE UNDER THE PLAN; RECAPITALIZATIONS; MERGERS; SUBSTITUTE AWARDS

(a) Stock Issuable. The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 2,000,000 shares, subject to adjustment as provided in this Section 3. For purposes of this limitation, the shares of Stock underlying any Awards that are forfeited, canceled or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. Notwithstanding the foregoing, shares tendered or held back upon exercise of an Option or settlement of an Award to cover the exercise price or tax withholding shall not be added to the shares authorized for grant under the Plan. In the event the Company repurchases shares of Stock on the open market, such shares shall not be added to the shares of Stock available for issuance under the Plan. With respect to grants made or compensation earned under the Plan, Stock Options with respect to no more than 100,000 shares of Stock may be granted to any one individual participant during any one calendar year period. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company.

(b) Changes in Stock. Subject to Section 3(c) hereof, if, as a result of any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar change in the Company's capital stock, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, the Administrator shall make equitable or proportionate adjustments in (i) the maximum number of shares reserved for issuance under the Plan, (ii) the number of Stock Options that can be granted to any one individual participant and the maximum number of shares that may be granted under a Performance-Based Award, (iii) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan, (iv) the repurchase price, if any, per share subject to each outstanding Restricted Stock Award, and/or (v) the price for each share subject to any then outstanding Stock Options under the Plan, without reducing the aggregate exercise price (i.e., the exercise price multiplied by the number of Stock Options). The Administrator shall also make equitable or proportionate adjustments in the number of shares subject to outstanding Awards and the exercise price and/or the terms of outstanding Awards to take into account cash dividends declared and paid other than in the ordinary course or any other extraordinary corporate event, other than those contemplated by Section 3(c) hereof, to the extent determined to be necessary by the Administrator to avoid distortion in the value of the Awards. Notwithstanding anything to the contrary set forth in this Section 3(b), no adjustment shall be required pursuant to this Section 3(b) if the Administrator determines that such action could cause an Award to fail to satisfy the conditions of any applicable exception from the requirements of Section 409A of the Code or otherwise could subject a participant to the additional tax imposed under Section 409A of the Code in respect of an outstanding Award. All adjustments made by the Committee shall be final, binding and conclusive. No fractional shares of Stock shall be issued under the Plan resulting from any such adjustment, but the Administrator in its discretion may make a cash payment in lieu of fractional shares.

Table of Contents

(c) Mergers. In contemplation of and subject to the consummation of a Sale Event, the Board, or the board of directors of any corporation assuming the obligations of the Company, may, in its discretion, take any one or more of the following actions, as to outstanding Awards: (i) provide that such Awards shall be assumed or equivalent awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), and/or (ii) upon written notice to the participants, provide that all Awards will terminate immediately prior to the consummation of the Sale Event. In the event that, pursuant to clause

(ii) above, Awards will terminate immediately prior to the consummation of the Sale Event, all vested Awards, other than Options, shall be fully settled in cash or in kind at such appropriate consideration as determined by the Administrator in its sole discretion after taking into account the consideration payable per share of Stock pursuant to the business combination (the “Merger Price”) and all Stock Options shall be fully settled, in cash or in kind, in an amount equal to the difference between (A) the Merger Price times the number of shares of Stock subject to such outstanding Stock Options (to the extent then exercisable at prices not in excess of the Merger Price) and (B) the aggregate exercise price of all such outstanding Stock Options; provided, however, that each participant may be permitted, within a specified period determined by the Administrator prior to the consummation of the Sale Event, to exercise all outstanding Stock Options, including those that are not then exercisable, subject to the consummation of the Sale Event.

(d) Substitute Awards. The Administrator may grant Awards under the Plan in substitution for stock and stock based awards held by employees of another corporation who become employees of the Company or a Subsidiary as the result of a merger or consolidation of the employing corporation with the Company or a Subsidiary or the acquisition by the Company or a Subsidiary of property or stock of the employing corporation. The Administrator may direct that the substitute awards be granted on such terms and conditions as the Administrator considers appropriate in the circumstances. Awards granted pursuant to this Section 3(d) shall not reduce the number of shares of Stock otherwise available for issuance pursuant to the Plan under Section 3(a).

(e) Outside Director Limitation. Notwithstanding any other provision of the Plan to the contrary, the aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all Awards granted to any Independent Director under this Plan during any single calendar year shall not exceed \$400,000 and the value of all other cash compensation paid by the Company to any Independent Director during any single calendar year shall not exceed \$250,000.

SECTION 4. ELIGIBILITY

Participants in the Plan will be such full or part-time officers and other employees, Independent Directors and key persons of the Company, the Operating Partnership and the Company’s other Subsidiaries who are responsible for or contribute to the management, growth or profitability of the Company, the Operating Partnership and the Company’s other Subsidiaries as are selected from time to time by the Administrator in its sole discretion.

SECTION 5. STOCK OPTIONS

(a) Form of Stock Options. Any Stock Option granted under the Plan shall be in such form as the Administrator may from time to time approve.

Stock Options granted under the Plan may be either Incentive Stock Options or Non-Qualified Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a “subsidiary corporation” within the meaning of Section 424(f) of the Code. To the extent that any Option does not qualify as an Incentive Stock Option, it shall be deemed a Non-Qualified Stock Option. Notwithstanding the foregoing, no Incentive Stock Option shall be granted under the Plan after March 13, 2028.

Stock Options granted pursuant to this Section 5 shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Administrator shall deem desirable.

(b) Exercise Price. The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 5 shall be determined by the Administrator at the time of grant but shall not be less than 100 percent of the Fair Market Value on the date of grant. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10 percent of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the option price of such Incentive Stock Option shall be not less than 110 percent of the Fair Market Value on the grant date.

A-5

Table of Contents

(c) Option Term. The term of each Stock Option shall be fixed by the Administrator, but no Option shall be exercisable more than ten years after the date the option is granted. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10 percent of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the term of such option shall be no more than five years from the date of grant.

(d) Exercisability; Rights of a Shareholder. Stock Options shall become exercisable at such time or times, whether or not in installments, as shall be determined by the Administrator at or after the grant date. The Administrator may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a shareholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options. In the event that on the last business day of the term of a Stock Option, other than an Incentive Stock Option (i) the exercise of the Stock Option is prohibited by applicable law or (ii) Stock may not be purchased or sold by certain employees or directors of the Company due to the “black-out period” of a Company policy or a “lock-up” agreement undertaken in connection with an issuance of securities by the Company, the term of the Stock Option shall be extended for a period of thirty (30) days following the expiration of the legal prohibition, black-out period or lock-up agreement.

(e) Method of Exercise. Stock Options may be exercised in whole or in part, by giving written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by one or more of the following methods to the extent provided in the Option Award agreement:

(i) In cash, by certified or bank check or other instrument acceptable to the Administrator;

(ii) Through the delivery (or attestation to the ownership) of shares of Stock that are not then subject to restrictions under any Company plan. Such surrendered shares shall be valued at Fair Market Value on the exercise date;

(iii) By the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company to pay the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Administrator shall prescribe as a condition of such payment procedure; or

(iv) With respect to Stock Options that are not Incentive Stock Options, by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price.

Payment instruments will be received subject to collection. The delivery of certificates representing the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Stock Option or applicable provisions of laws. In the event an optionee chooses to pay the purchase price by previously-owned shares of Stock through the attestation method, the number of shares of Stock transferred to the optionee upon the exercise of the Stock Option shall be net of the attested shares. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the exercise of Stock Options, such as a system using an internet website or interactive voice response, then the paperless exercise of Stock Options may be permitted through the use of such an automated system.

Table of Contents

(f) Annual Limit on Incentive Stock Options. To the extent required for “incentive stock option” treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the shares of Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its parent and subsidiary corporations become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000. To the extent that any Stock Option exceeds this limit, it shall constitute a Non-Qualified Stock Option.

SECTION 6. RESTRICTED STOCK AWARDS

(a) Nature of Restricted Stock Awards. A Restricted Stock Award is an Award entitling the recipient to acquire, at par value or such other higher purchase price determined by the Administrator, shares of Stock subject to such restrictions and conditions as the Administrator may determine at the time of grant (“Restricted Stock”). Conditions may be based on continuing employment (or other business relationship) and/or achievement of pre-established performance goals and objectives. The grant of a Restricted Stock Award is contingent on the participant executing the Restricted Stock Award agreement. The terms and conditions of each such agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and participants.

(b) Rights as a Shareholder. Upon the grant of the Restricted Stock Award and payment of any applicable purchase price, a participant shall have the rights of a shareholder with respect to the voting of the Restricted Stock and receipt of dividends. Notwithstanding the foregoing, cash dividends on shares covered by the Restricted Stock Award that remain subject to risk of forfeiture due to failure to meet performance-based conditions must be retained by or repaid by the participant to the Company; provided that, to the extent provided for in the Restricted Stock Award agreement, an amount equal to such cash dividends retained or repaid by the participant may be paid to the participant upon the lapsing of the performance-based conditions with respect to such Restricted Stock Award. Unless the Administrator shall otherwise determine, (i) uncertificated Restricted Stock shall be accompanied by a notation on the records of the Company or the transfer agent to the effect that they are subject to forfeiture until such Restricted Stock is vested as provided in Section 6(d) below, and (ii) certificated Restricted Stock shall remain in the possession of the Company until such Restricted Stock is vested as provided in Section 6(d) below, and the participant shall be required, as a condition of the grant, to deliver to the Company such instruments of transfer as the Administrator may prescribe.

(c) Restrictions. Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the Restricted Stock Award agreement. If a participant’s employment (or other business relationship) with the Company and its Subsidiaries terminates for any reason, the Company shall have the right to repurchase Restricted Stock that has not vested at the time of termination at its original purchase price, from the participant or the participant’s legal representative.

(d) Vesting of Restricted Stock. The Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Stock and the Company’s right of repurchase or forfeiture shall lapse. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Stock and shall be deemed “vested.” Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 17 below, in writing after the Award agreement is issued, a participant’s rights in any shares of Restricted Stock that have not vested shall automatically terminate upon the participant’s termination of employment (or other business relationship) with the Company and its Subsidiaries and such shares shall be subject to the Company’s right of repurchase as provided in Section 6(c) above.

SECTION 7. RESTRICTED STOCK UNITS

(a) Nature of Restricted Stock Units. An Award of Restricted Stock Units is an Award of phantom stock units to a participant, subject to restrictions and conditions as the Administrator may determine at the time of grant. Conditions may be based on continuing employment (or other business relationship) and/or achievement of pre-established performance goals and objectives. The grant of a Restricted Stock Unit is contingent on the participant executing the Award agreement. The terms and conditions of each such Award agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and participants. Except in the case of Restricted Stock Units with a deferred settlement date that satisfies Section 409A of the Code, at the end of the vesting period, the Restricted Stock Unit, to the extent vested, shall be settled in the form of shares of Stock. Any payment of shares of Stock under an Award of Restricted Stock Units subject to Section 409A of the Code to a participant on account of the participant's separation of service may not be made before the date that is six months after the date of separation from service if the participant is a "specified employee" within the meaning of Section 409A(a)(2)(B)(i) of the Code.

(b) Election to Receive Restricted Stock Units in Lieu of Compensation. The Administrator may, in its sole discretion, permit a participant to elect to receive a portion of the cash compensation or Restricted Stock Award otherwise due to such participant in the form of Restricted Stock Units. Any such election shall be made in writing and shall be delivered to the Company no later than the date specified by the Administrator and in accordance with rules and procedures established by the Administrator. The Administrator shall have the sole right to determine whether and under what circumstances to permit such elections and to impose such limitations and other terms and conditions thereon as the Administrator deems appropriate.

(c) Rights as a Shareholder. A participant shall have the rights as a shareholder only as to shares of Stock acquired by the participant upon settlement of Restricted Stock Units; provided, however, that the participant may be credited with Dividend Equivalent Rights with respect to the Restricted Stock Units, subject to the provisions of Section 13(a) and such terms and conditions as the Administrator may determine.

(d) Restrictions. A Restricted Stock Unit may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of during the deferral period.

(e) Termination. Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 17 below, in writing after the Award agreement is issued, a participant's right in all Restricted Stock Units that have not vested shall automatically terminate upon the participant's termination of employment (or cessation of business relationship) with the Company and its Subsidiaries for any reason.

SECTION 8. UNRESTRICTED STOCK AWARDS

Grant or Sale of Unrestricted Stock. The Administrator may, in its sole discretion, grant (or sell at par value or such other higher purchase price determined by the Administrator) an Unrestricted Stock Award to any participant pursuant to which such participant may receive shares of Stock free of any restrictions ("Unrestricted Stock") under the Plan. Unrestricted Stock Awards may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of any cash compensation due to such participant.

SECTION 9. PERFORMANCE SHARE AWARDS

(a) Nature of Performance Share Awards. A Performance Share Award is an Award entitling the recipient to acquire shares of Stock upon the attainment of specified performance goals. The Administrator may make Performance Share Awards independent of or in connection with the granting of any other Award under the Plan. The Administrator in its sole discretion shall determine whether and to whom Performance Share Awards shall be made, the performance goals applicable under each such Award, the periods during which performance is to be measured, and all other limitations

and conditions applicable to the awarded Performance Shares; provided, however, that the Administrator may rely on the performance goals and other standards applicable to other performance unit plans of the Company in setting the standards for Performance Share Awards under the Plan.

(b) Rights as a Shareholder. A participant receiving a Performance Share Award shall have the rights of a shareholder only as to shares of Stock actually received by the participant under the Plan and not with respect to shares subject to the Award but not actually received by the participant. A participant shall be entitled to receive shares of Stock under a Performance Share Award only upon satisfaction of all conditions specified in the written instrument evidencing the Performance Share Award (or in a performance plan adopted by the Administrator).

(c) Termination. Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 17 below, in writing after the Award agreement is issued, a participant's rights in all Performance Share Awards shall automatically terminate upon the participant's termination of employment (or cessation of business relationship) with the Company and its Subsidiaries for any reason.

(d) Acceleration, Waiver, Etc. At any time prior to the participant's termination of employment (or other business relationship) by the Company and its Subsidiaries, the Administrator may in its sole discretion accelerate, waive or, subject to Section 17, amend any or all of the goals, restrictions or conditions imposed under any Performance Share Award.

SECTION 10. OTHER STOCK-BASED AWARDS

(a) Nature of Other Stock-Based Awards. An Other Stock-Based Award includes other Awards of Stock and other Awards that are valued in whole or in part by reference to, or are otherwise based on, Stock, including without limitation, convertible preferred stock, convertible debentures, exchangeable securities and Awards valued by reference to book value or subsidiary performance. An Other Stock-Based Award may be granted to any participant either alongside or in addition to or in tandem with Stock Options, Restricted Stock or Restricted Stock Units granted under the Plan and/or cash awards made outside of the Plan. Stock (including securities convertible into Stock) issued on a bonus basis under this Section 10 may be issued for no cash consideration. Stock (including securities convertible into Stock) purchased with a purchase right awarded under this Section 10 shall be priced at least 25 percent of the Fair Market Value of the Stock on the date of grant. The grant of an Other Stock-Based Award may be subject to restrictions and conditions as the Administrator may determine at the time of grant, including conditions based on continuing employment (or other business relationship) and/or achievement of pre-established performance goals and objectives. The grant of an Other Stock-Based Award is contingent on the participant executing the Award agreement. The terms and conditions of each such agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and participants.

(b) Rights as a Shareholder. Until such time as an Other Stock-Based Award is actually paid out in shares of Stock, a participant shall have no rights as a holder of Stock.

(c) Restrictions. An Other Stock-Based Award may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the Award agreement.

(d) Termination. Except as may otherwise be provided by the Administrator in the Award agreement or, subject to Section 17 below, in writing after the Award agreement is issued, a participant's rights in all Other Stock-Based Awards that have not vested shall automatically terminate upon the participant's termination of employment (or cessation of business relationship) with the Company and its Subsidiaries for any reason.

SECTION 11. CASH-BASED AWARDS

Grant of Cash-Based Awards. The Administrator may, in its sole discretion, grant Cash-Based Awards to any grantee in such number or amount and upon such terms, and subject to such conditions, as the Administrator shall determine at the time of grant. The Administrator shall determine the maximum duration of the Cash-Based Award, the amount of cash to which the Cash-Based Award pertains, the conditions upon which the Cash-Based Award shall become vested or payable, and such other provisions as the Administrator shall determine. Each Cash-Based Award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the Administrator. Payment, if any, with respect to a Cash-Based Award shall be made in accordance with the terms of the Award and may be made in cash or in shares of Stock, as the Administrator determines.

SECTION 12. PERFORMANCE-BASED AWARDS TO COVERED EMPLOYEES

(a) Performance-Based Awards. Any employee or other key person providing services to the Company and who is selected by the Administrator may be granted one or more Performance-Based Awards in the form of a Restricted Stock Award, Restricted Stock Unit, Performance Share Award, Other Stock-Based Award or Cash-Based Award payable upon the attainment of Performance Goals that are established by the Administrator and relate to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Administrator. The Administrator shall define in an objective fashion the manner of calculating the Performance Criteria it selects to use for any Performance Period. Depending on the Performance Criteria used to establish such Performance Goals, the Performance Goals may be expressed in terms of overall Company performance or the performance of a region, division, business unit, or an individual. The Administrator, in its discretion, may adjust or modify the calculation of Performance Goals for such Performance Period in order to prevent the dilution or enlargement of the rights of an individual (i) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development, (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company or the financial statements of the Company, or (iii) in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles or business conditions; provided, however, that the Administrator may not exercise such discretion in a manner that would increase the Performance-Based Award granted to a Covered Employee. Each Performance-Based Award shall comply with the provisions set forth below.

(b) Grant of Performance-Based Awards. With respect to each Performance-Based Award granted to a Covered Employee, the Administrator shall select, within the first 90 days of a Performance Cycle (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) the Performance Criteria for such grant, and the Performance Goals with respect to each Performance Criterion (including a threshold level of performance below which no amount will become payable with respect to such Award). Each Performance-Based Award will specify the amount payable, or the formula for determining the amount payable, upon achievement of the various applicable performance targets. The Performance Criteria established by the Administrator may be (but need not be) different for each Performance Cycle and different Performance Goals may be applicable to Performance-Based Awards to different Covered Employees.

(c) Payment of Performance-Based Awards. Following the completion of a Performance Cycle, the Administrator shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Cycle have been achieved and, if so, to also calculate and certify in writing the amount of the Performance-Based Awards earned for the Performance Cycle. The Administrator shall then determine the actual size of each Covered Employee's Performance-Based Award, and, in doing so, may reduce or eliminate the amount of the Performance-Based Award for a Covered Employee if, in its sole judgment, such reduction or elimination is appropriate.

(d) Maximum Award Payable. Effective as of the Effective Date, the maximum Performance-Based Award payable to any one Covered Employee under the Plan for a Performance Cycle is 150,000 shares (subject to adjustment as provided in Section 3(b) hereof) or \$5,000,000 in the case of a Performance-Based Award that is a Cash-Based Award. For Awards granted prior to the Effective Date, the limits set forth in Section 12(d) of the Amended and Restated Mid-America Apartment Communities, Inc. 2013 Stock Incentive Plan shall apply.

SECTION 13. DIVIDEND EQUIVALENT RIGHTS

(a) Dividend Equivalent Rights. A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash dividends that would have been paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares had been issued to and held by the recipient. A Dividend Equivalent Right may be granted hereunder to any participant as a component of an Award or as a freestanding award. The terms

and conditions of Dividend Equivalent Rights shall be specified in the grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment. Dividend Equivalent Rights may be settled in cash or shares of Stock or a combination thereof, in a single installment or installments. A Dividend Equivalent Right granted as a component of an award of Restricted Stock Units or Other Stock-Based Award with performance-based vesting or Performance Share Award shall provide that such Dividend Equivalent Right may not be exercisable or payable unless and until the performance-based conditions have been met.

(b) Interest Equivalents. Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may provide in the grant for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the grant.

(c) Termination. Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 17 below, in writing after the Award agreement is issued, a participant's rights in all Dividend Equivalent Rights or interest equivalents shall automatically terminate upon the participant's termination of employment (or cessation of business relationship) with the Company and its Subsidiaries for any reason.

SECTION 14. TAX WITHHOLDING

(a) Payment by Participant. Each participant shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes includable in the gross income of the participant for Federal income tax purposes, pay to the Company, or make arrangements satisfactory to the Administrator regarding payment of, any Federal, state, or local taxes of any kind required by law to be withheld with respect to such income. The Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the participant. The Company's obligation to deliver stock certificates to any participant is subject to and conditioned on tax obligations being satisfied by the participant.

(b) Payment in Stock. Subject to approval by the Administrator, a participant may elect to have the tax withholding obligation satisfied, in whole or in part, by authorizing the Company to withhold from shares of Stock to be issued pursuant to any Award a number of shares with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due. The Administrator may also require Awards to be subject to mandatory share withholding up to the required withholding amount. For purposes of share withholding, the Fair Market Value of withheld shares shall be determined in the same manner as the value of Stock includable in income of the participants.

SECTION 15. TRANSFERABILITY OF AWARDS

(a) Transferability. Except as provided in Section 15(b) below, during a participant's lifetime, his or her Awards shall be exercisable only by the participant, or by the participant's legal representative or guardian in the event of the participant's incapacity. No Awards shall be sold, assigned, transferred or otherwise encumbered or disposed of by a participant other than by will or by the laws of descent and distribution or pursuant to a domestic relations order. No Awards shall be subject, in whole or in part, to attachment, execution, or levy of any kind, and any purported transfer in violation hereof shall be null and void.

(b) Administrator Action. Notwithstanding Section 15(a), the Administrator, in its discretion, may provide either in the Award agreement regarding a given Award or by subsequent written approval that the participant (who is an employee or director) may transfer his or her Non-Qualified Options to his or her immediate Family Members for no value or consideration, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Award. In no event may an Award be transferred by a participant for value.

(c) Family Member. For purposes of Section 15(b), "Family Member" shall mean a participant's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the participant's household (other than a tenant of the participant), a trust in which these persons (or the participant) have more than 50 percent of the beneficial interest, a foundation in which these persons (or the participant) control the management of assets, and any other entity in which these persons (or the participant) own more than 50 percent of the voting interests.

(d) Designation of Beneficiary. Each participant to whom an Award has been made under the Plan may designate a beneficiary or beneficiaries to exercise any Award or receive any payment under any Award payable on or after the participant's death. Any such designation shall be on a form provided for that purpose by the Administrator and shall not be effective until received by the Administrator. If no beneficiary has been designated by a deceased participant, or if the designated beneficiaries have predeceased the participant, the beneficiary shall be the participant's estate.

SECTION 16. TRANSFER, LEAVE OF ABSENCE, ETC.

For purposes of the Plan, the following events shall not be deemed a termination of employment:

- (a) a transfer to the employment of the Company from a Subsidiary or from the Company to a Subsidiary, or from one Subsidiary to another Subsidiary; or
- (b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to re-employment is guaranteed either by a statute or by contract or under the written policy pursuant to which the leave of absence was granted or if the Administrator otherwise so provides in writing.

SECTION 17. AMENDMENTS AND TERMINATION

Unless sooner terminated as herein provided, the Plan shall terminate on the tenth anniversary of the date the Plan is approved by the Administrator and no Award shall be granted under the Plan on and after such date. The termination of the Plan shall not adversely affect the rights under any outstanding Award without the holder's written consent. The Board may, at any time, amend or discontinue the Plan and the Administrator may, at any time, amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Award without the holder's written consent. Except as provided in Section 3(b) or 3(c), in no event may the Administrator exercise its discretion to reduce the exercise price of outstanding Stock Options or effect repricing of Stock Options through cancellation and re-grants or cancellation in exchange for cash. Any material Plan amendments (other than amendments that curtail the scope of the Plan), including any Plan amendments that (i) increase the number of shares reserved for issuance under the Plan, (ii) expand the type of Awards available under, materially expand the eligibility to participate in, or materially extend the term of, the Plan, or (iii) materially change the method of determining Fair Market Value, shall be subject to approval by the Company shareholders entitled to vote at a meeting of shareholders. In addition, to the extent determined by the Administrator to be required by the Code to ensure that Incentive Stock Options granted under the Plan are qualified under Section 422 of the Code or to ensure that compensation earned under Awards qualifies as performance-based compensation under Section 162(m) of the Code, Plan amendments shall be subject to approval by the Company shareholders entitled to vote at a meeting of shareholders. Nothing in this Section 17 shall limit the Board's authority to take any action permitted pursuant to Section 3(c).

SECTION 18. STATUS OF PLAN

Unless the Administrator shall otherwise expressly determine in writing, with respect to the portion of any Award which has not been exercised and any payments in cash, Stock or other consideration not received by a participant, a participant shall have no rights greater than those of a general creditor of the Company. In its sole discretion, the Administrator may authorize the creation of trusts or other arrangements to meet the Company's obligations to deliver Stock or make payments with respect to Awards hereunder, provided that the existence of such trusts or other arrangements is consistent with the foregoing sentence.

SECTION 19. SECTION 409A AWARDS

To the extent that any Award is determined to constitute “nonqualified deferred compensation” within the meaning of Section 409A (a “409A Award”), the Award shall be subject to such additional rules and requirements as specified by the Administrator from time to time in order to comply with Section 409A. In this regard, if any amount under a 409A Award is payable upon a “separation from service” (within the meaning of Section 409A) to a participant who is then considered a “specified employee” (within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of (i) six months and one day after the participant’s separation from service, or (ii) the participant’s death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A. Further, the settlement of any such Award may not be accelerated except to the extent permitted by Section 409A.

SECTION 20. GENERAL PROVISIONS

(a) No Distribution: Compliance with Legal Requirements. The Administrator may require each person acquiring Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.

No shares of Stock shall be issued pursuant to an Award until all applicable securities law and other legal and stock exchange or similar requirements have been satisfied. The Administrator may require the placing of such stop-orders and restrictive legends on certificates for Stock and Awards as it deems appropriate.

(b) Delivery of Stock Certificates. Stock certificates to be delivered to participants under this Plan shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have mailed such certificates in the United States mail, addressed to the participant, at the participant’s last known address on file with the Company. Uncertificated Stock shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have given to the participant by electronic mail (with proof of receipt) or by United States mail, addressed to the participant, at the participant’s last known address on file with the Company, notice of issuance and recorded the issuance in its records (which may include electronic “book entry” records). Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates evidencing shares of Stock pursuant to the exercise of any Award, unless and until the Administrator has determined, with advice of counsel (to the extent the Administrator deems such advice necessary or advisable), that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any exchange on which the shares of Stock are listed, quoted or traded. All stock certificates delivered pursuant to the Plan shall be subject to any stop-transfer orders and other restrictions as the Administrator deems necessary or advisable to comply with Federal, state or foreign jurisdiction, securities or other laws, rules and quotation system on which the Stock is listed, quoted or traded. The Administrator may place legends on any stock certificate to reference restrictions applicable to the Stock. In addition to the terms and conditions provided herein, the Administrator may require that an individual make such reasonable covenants, agreements, and representations as the Administrator, in its discretion, deems necessary or advisable in order to comply with any such laws, regulations, or requirements. The Administrator shall have the right to require any individual to comply with any timing or other restrictions with respect to the settlement or exercise of any Award, including a window-period limitation, as may be imposed in the discretion of the Administrator.

(c) Shareholder Rights. Until Stock is deemed delivered in accordance with Section 20(b), no right to vote or receive dividends or any other rights of a shareholder will exist with respect to shares of Stock to be issued in connection with an Award, notwithstanding the exercise of a Stock Option or any other action by the participant with respect to an Award.

(d) Other Compensation Arrangements; No Employment Rights. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of this Plan and the grant of Awards shall not confer upon any employee any right to continued employment with the Company, the Operating Partnership or any Subsidiary and shall not interfere in any way with the right of the Company or any Subsidiary to terminate the employment of any of its employees at any time.

(e) Trading Policy Restrictions. Option exercises and other Awards under the Plan shall be subject to such Company insider-trading-policy-related restrictions, terms and conditions as may be established by the Administrator, or in accordance with policies set by the Administrator, from time to time.

(f) Clawback Policy. Awards under the Plan shall be subject to the Company's clawback policy, as in effect from time to time.

SECTION 21. EFFECTIVE DATE OF PLAN

This Plan shall become effective upon shareholder approval in accordance with Tennessee law, the Company's amended and restated charter and bylaws and applicable stock exchange rules. No grants of Awards may be made hereunder after the tenth anniversary of the Effective Date.

SECTION 22. GOVERNING LAW

This Plan and all Awards and actions taken thereunder shall be governed by, and construed in accordance with, the laws of the State of Tennessee, applied without regard to conflict of law principles.

APPENDIX B

Non-GAAP Financial Measures

FFO, a non-GAAP financial measure, represents net income available for MAA common shareholders (computed in accordance with GAAP) excluding extraordinary items, asset impairment, and gains or losses on disposition of real estate assets, plus net income attributable to noncontrolling interest, depreciation and amortization of real estate, and adjustments for joint ventures to reflect FFO on the same basis. Because noncontrolling interest is added back, FFO, when used in this Proxy Statement, represents FFO attributable to MAA.

FFO should not be considered as an alternative to net income available for MAA common shareholders, which is the most directly comparable GAAP financial measure, as an indicator of MAA's operating performance. MAA believes that FFO is helpful to investors in understanding MAA's operating performance primarily because its calculation excludes depreciation and amortization expense on real estate assets. MAA believes that GAAP historical cost depreciation of real estate assets is generally not correlated with changes in the value of those assets, whose value does not diminish predictably over time, as historical cost depreciation implies. While MAA's calculation of FFO is in accordance with the National Association of Real Estate Investment Trusts', or NAREIT's, definition, it may differ from the methodology for calculating FFO utilized by other REITs and, accordingly, may not be comparable to such other REITs.

FFO less MI is composed of FFO less merger and integration related expenses. FFO less MI should not be considered as an alternative to net income available for MAA common shareholders, which is the most directly comparable GAAP financial measure, as an indicator of MAA's operating performance.

The reconciliation of the differences between FFO and FFO less MI, on the one hand, and net income available for MAA common shareholders, on the other hand, is set forth below.
