PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

FIBERSTARS, INC.
44259 Nobel Drive
Fremont, California 94538

INFORMATION CONCERNING SOLICITATION AND VOTING OF PROXIES

General

The enclosed proxy is solicited on behalf of the Board of Directors of Fiberstars, Inc., a California corporation (“Fiberstars” or the “Company”), for use at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held on June 22, 2005 at 1:00 P.M., local time, or at any adjournments or postponements thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the principal executive offices of Fiberstars, Inc., 44259 Nobel Drive, Fremont, California.

This Proxy Statement and the accompanying form of proxy are first being mailed to shareholders on or about April 30, 2005. The cost of soliciting these proxies will be borne by the Company. Regular employees and directors of the Company may solicit proxies in person, by telephone, or by mail. No additional compensation will be given to employees or directors for such solicitation. The Company will request brokers and nominees who hold stock in their names to furnish proxy material to beneficial owners of the shares and will reimburse such brokers and nominees for their reasonable expenses incurred in forwarding solicitation material to such beneficial owners.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use either by delivering to the Company (44259 Nobel Drive, Fremont, California 94538, Attention: David N. Ruckert) a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If a proxy is properly signed and not revoked, the shares it represents will be voted in accordance with the instructions of the shareholder.

Record Date and Share Ownership

Only shareholders of record at the close of business on April 27, 2005 (the “Record Date”), will be entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. As of the Record Date, the Company had 7,422,073 shares of Common Stock, par value \$.0001 per share (“Common Stock”), issued and outstanding.

Voting

Generally, each share of Common Stock held as of the Record Date entitles its holder to one vote on matters to be acted upon at the Annual Meeting, including the election of directors. However, if, prior to the voting to elect directors, any shareholder gives notice at the Annual Meeting of his or her intention to cumulate his or her votes, and if the names of the candidate or candidates for whom that shareholder intends to vote have been placed in nomination prior to the voting, then all shareholders may cumulate their votes for candidates in nomination. This means that each shareholder may give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares he or she holds, or such shareholder may distribute that total number of votes among as many candidates as he or she thinks fit. The person authorized to vote shares represented by executed proxies in the enclosed form (if authority to vote for the election of directors is not withheld) will have full discretion and authority to vote cumulatively and to allocate votes among any or all of the nominees as he may determine or, if authority to vote for a

specified candidate or candidates has been withheld, among those candidates for whom authority to vote has not been withheld. On all matters except the election of directors, each share carries one vote.

1

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Company's transfer agent, which will act as Inspector of Elections. The Inspector of Elections will also determine whether or not a quorum is present. Except with respect to the election of directors and except in certain other specific circumstances, the affirmative vote of a majority of shares represented and voting at a duly held meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) is required under California law for approval of proposals presented to shareholders. In general, California law also provides that a quorum consists of a majority of the shares entitled to vote, represented either in person or by proxy. The Inspector of Elections will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as not voting for purposes of determining the approval of any matter submitted to the shareholders for a vote.

The shares represented by the proxies received, properly marked, dated, signed and not revoked will be voted at the Annual Meeting. Where such proxies specify a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specifications made. Any proxy in the enclosed form which is returned but is not marked will be voted **FOR** the election of the six nominees for director listed in this Proxy Statement, **FOR** the ratification of the appointment of Grant Thornton, LLP as the Company's independent auditors and as the proxy holders deem advisable on other matters that may properly come before the meeting. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter ("broker non-votes"), those shares will not be considered as voting with respect to that matter. While there is no definitive statutory or case law authority in California concerning the proper treatment of abstentions and broker non-votes, the Company believes that the tabulation procedures to be followed by the Inspector of Elections are consistent with the general statutory requirements in California concerning voting of shares and determination of a quorum.

PROPOSAL NO. 1: ELECTION OF DIRECTORS**Nominees**

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below, regardless of whether any other names are placed in nomination by anyone other than one of the proxy holders. If the candidacy of any one or more of such nominees should, for any reason, be withdrawn, the proxy holders will vote in favor of the remainder of those nominated and for such substituted nominees, if any, as shall be designated by the Board of Directors, taking into account any recommendations of the Nominating and Corporate Governance Committee, or the number of directors to be elected at this time may be reduced by the Board of Directors. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve as a nominee or as a director if elected.

If a quorum is present and voting, the nominees receiving the highest number of votes will be elected as directors at the Annual Meeting to serve until the next annual meeting or until their respective successors are duly elected or appointed.

The Company's Bylaws provide that the number of directors of the Company shall be no less than five and no more than nine, with the exact number within such range to be fixed by amendment of the Bylaws adopted by the shareholders or by the Board of Directors. The number of directors is currently fixed at six. The Nominating and Corporate Governance Committee has recommended, and the Board of Directors has designated, the six nominees listed below. Board Meetings and Committees

The Board of Directors held a total of seven meetings during the fiscal year ended December 31, 2004. All directors attended at least 75% of the aggregate number of meetings of the Board of Directors and of the committees on which such directors serve, except for Mr. Kasper and Mr. von Paumgarten who joined the Board in November and October of 2004, respectively. In 2004, all directors then serving on the Board attended the annual meeting. The Board of Directors has appointed a Compensation Committee, an Audit and Finance Committee and a Nominating and Corporate Governance Committee. The Board has determined that each director who serves on these committees is “independent,” as that term is defined by applicable listing standards of The Nasdaq Stock Market and SEC rules. The Board has approved a charter for each of these committees which can be obtained by writing the Company at Fiberstars, Inc., 44259 Nobel Drive, Fremont, CA 94538. A copy of the Nominating and Corporate Governance Committee Charter is attached as Appendix A to the Company’s 2004 Proxy Statement, and the Audit and Finance Committee Charter is attached as Appendix B to the Company’s 2004 Proxy Statement.

The Compensation Committee of the Board of Directors, which currently consists of Messrs. Stuppin, Kasper and Wolfson held two meetings in 2004. The Compensation Committee's primary functions are to discharge the responsibilities of the Board of Directors relating to compensation of the Company's executive officers and to produce an annual report on executive compensation for inclusion in the Company's annual proxy statement. Other specific duties and responsibilities of the Compensation Committee are to: review and recommend to the Board corporate goals and objectives relevant to compensation of the chief executive officer, evaluate his performance in light of such goals and objectives and set his compensation level based on this evaluation; develop and monitor compensation arrangements for executive officers of the Company, including review and approval of individual compensation; recommend to the Board guidelines for the review of the performance and establishment of compensation and benefit policies for all other employees; make recommendations regarding compensation plans and policies; administer the Company's stock option plans and other compensation plans; and make recommendations to the Board regarding compensation of the Board of Directors.

The Audit and Finance Committee of the Board of Directors, which currently consists of Messrs. Stuppin, Kasper and Wolfson, held six meetings in 2004. The Audit and Finance Committee's primary functions are to assist the Board of Directors in its oversight of the integrity of the Company's financial statements and other financial information, the Company's compliance with legal and regulatory requirements, the qualifications, independence and performance of the Company's independent auditors and the performance of the Company's internal audit function. Other specific duties and responsibilities of the Audit and Finance Committee are to: appoint, compensate, evaluate and, when appropriate, replace the Company's independent auditors; review and pre-approve audit and permissible non-audit services; review the scope of the annual audit; monitor the independent auditors' relationship with the Company; and meet with the independent auditors and management to discuss and review the Company's financial statements, internal controls, and auditing, accounting and financial reporting processes. The Board of Directors has determined that Mr. David Stuppin is an "audit committee financial expert" as defined by SEC rules.

The Nominating and Corporate Governance Committee's primary functions are to seek, evaluate and recommend nominees for election to the Board of Directors and to oversee matters of corporate governance. Other specific duties and responsibilities of the Nominating and Corporate Governance Committee are to: determine the composition of the committees of the Board; make recommendations regarding candidates for director proposed by shareholders; consider and plan for executive officer succession as well as review management development and succession programs; review on an annual basis the performance of the Board and of management; and consider and make recommendations on matters related to the practices, policies and procedures of the Board.

Director Nominations

The Board of Directors nominates directors for election at each annual meeting of shareholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

The Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Nominating and Corporate Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all shareholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to the Company and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an "audit committee financial expert" as defined by SEC rules, and for a majority of the members of the Board to meet the definition of "independent director" under the rules of The Nasdaq Stock Market. The Nominating and Corporate Governance Committee also believes it appropriate for certain key

members of the Company's management to participate as members of the Board.

Prior to each annual meeting of shareholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the Director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the board or other event, the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any executive search firm engaged by the Committee and by shareholders. A stockholder who wishes to suggest a prospective nominee for the Board should notify the Secretary of the Company or any member of the Committee in writing, with any supporting material the shareholder considers appropriate, at the following address: Fiberstars, Inc., 44259 Nobel Drive, Fremont, California 94538.

Shareholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communication in writing to: Secretary, Fiberstars, Inc., 44259 Nobel Drive, Fremont, California 94538. You must include your name and address in the written communication and indicate whether you are a shareholder of the Company. The Secretary will review any communication received from a shareholder, and all material communications from shareholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

Director Compensation

During 2004, each non-employee director received \$1,000 per Board of Directors meeting attended to cover out-of-pocket expenses incurred in connection with such attendance. During the fiscal year ended December 31, 2004, Messrs. Stuppin, Wolfson, Brite and Kasper received aggregate payments of \$6,000, \$6,000, \$5,000 and \$1,000, respectively, for their services as directors. Starting in 2005, each non-employee director is to receive \$10,000 per year and the Chairman of the Board and the Chairman of the Audit Committee is to receive an additional \$2,500 per year.

Under the terms of the Company's 2004 Stock Incentive Plan, each newly appointed non-employee director receives an option to purchase 10,000 shares of Common Stock at an exercise price of 100% of the fair market value of the stock on the date of grant, which option vests in twelve equal monthly installments following the date of grant. In addition, following each annual meeting of the Company's shareholders, each non-employee director who will continue to serve as a member of the Board of Directors automatically receives an option to purchase 7,000 shares of Common Stock at an exercise price of 100% of the fair market value of the stock on the date of grant, which option vests in twelve equal monthly installments following the date of grant, and each of the Chairman of the Board and the Chairman of the Audit Committee are to receive an additional option to purchase 3,000 shares under the same terms.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors currently consists of John B. Stuppin, Michael Kasper and Philip Wolfson. No director serving on the Compensation Committee is or has been an officer or employee of the Company or any of the Company's subsidiaries. No interlocking relationships exist between our Board of Directors or Compensation Committee and the board of directors or compensation committee of any other entity, nor has any interlocking relationship existed in the past.

Required Vote

The six nominees receiving the highest number of votes at the Annual Meeting will be elected as directors of the Company.

Employment Agreements and Change in Control Agreements

The Company has entered into agreements with Barry R. Greenwald, John Davenport and Robert A. Connors. Under these agreements, Messrs. Greenwald, Davenport and Connors are each entitled to receive severance payments in the event their employment with the Company is terminated without cause at any time within six months after a change in control in the Company as that term is defined their agreements. The Company has issued offers of employment to Messrs. Greenwald, Davenport and Connors. These offer letters described the initial conditions of their employment including salary, car allowance, benefits, incentives and option grants as appropriate to each at the time of their employment.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for setting and monitoring policies governing the compensation of Fiberstars' executive officers. The Compensation Committee reviews the performance and compensation levels for executive officers, sets salary and incentive levels and grants options under Fiberstars' option plan. The Compensation Committee is currently comprised of three non-employee directors who meet the independence standards established by The Nasdaq Stock Market.

Compensation Philosophy and Objectives

The objectives of the Compensation Committee are to correlate executive compensation with Fiberstars' business objectives and performance and to enable Fiberstars to attract, retain and reward executive officers who contribute to the long-term success of Fiberstars. The Compensation Committee also seeks to establish compensation policies that allow Fiberstars flexibility to respond to changes in its business environment.

Executive Compensation Components

Fiberstars' executive compensation policies are recommended and administered by the Compensation Committee of your Board of Directors. The Compensation Committee has established an executive compensation program consisting of base salary, annual cash bonuses and stock options. Each component is discussed in greater detail below.

Base Salary. Base salaries for executive officers are based on a review of salaries for similar positions requiring similar qualifications in similar industries. In determining executive officer salaries, the Compensation Committee has approved the use by management of information from salary surveys.

The President and Chief Executive Officer annually assesses the performance of all other executive officers and recommends salary increases to the Compensation Committee based on a number of factors such as performance evaluations, comparative data and other relevant factors. The Compensation Committee then reviews and approves the increases for any person with total annual compensation over \$100,000.

In addition to reviewing performance evaluations, the Compensation Committee also reviews the financial condition of Fiberstars in setting salaries.

Bonus Incentive Plan. The Compensation Committee administers an incentive plan to provide additional compensation to executives who meet established performance goals. In consultation with the President and Chief Executive Officer, the Compensation Committee annually determines the total amount of cash bonuses available for executive officers and certain other management employees. For fiscal 2004, awards under this bonus plan were contingent upon Fiberstars' attainment of operating profit targets set by the Compensation Committee in consultation with the President and Chief Executive Officer. The target amount of bonuses for senior executive officers was set by the Compensation Committee. Awards are weighted so that higher awards are received when Fiberstars' performance reaches maximum targets, smaller awards are received when Fiberstars' performance reaches minimum targets and no awards are made when Fiberstars does not meet minimum performance targets. After the total eligible bonus pool is determined, annual incentives are paid to executive officers, based on their individual performance as determined by Fiberstars' President and Chief Executive Officer. Fiberstars' performance in fiscal 2004 was not on target, and no bonuses were paid under this bonus incentive plan. Consistent with Fiberstars' objective of aligning compensation with performance, the Compensation Committee anticipates that future bonus payments will be based on specific targets and performance.

Stock Options. The Compensation Committee believes that employee equity ownership provides significant motivation to executive officers to maximize value for Fiberstars' shareholders and, therefore, periodically grants stock options under Fiberstars' 2004 Stock Incentive Plan at the then current market price. The Compensation Committee administers the Company's 2004 Stock Incentive Plan. Stock options will only have value if Fiberstars' stock price increases over the exercise price.

The Compensation Committee grants options to executive officers after consideration of recommendations from the President and Chief Executive Officer. Recommendations for options are based upon the relative position, responsibilities of each executive officer, previous and expected contributions of each officer to Fiberstars, previous option grants to such executive officers and customary levels of option grants for the respective position in other comparable companies. Options generally vest over a four-year period at a rate of 25% per year. In 2001, executive officers were granted options under a Time Accelerated Restricted Stock Award Plan ("TARSAP") within the 1994 Stock Option Plan, the vesting of which was contingent upon achievement of Fiberstars and individual objectives during the fiscal year 2004. As a result of not achieving these objectives in 2004, the TARSAP options have not qualified for accelerated vesting, but roll forward to a future year whereupon the vesting may be accelerated if the objectives for that future year are met. Consistent with the Company's objective of aligning compensation with performance, the Company anticipates that future grants to incumbent executive officers will be based on specific targets and performance.

Section 162(m). Section 162(m) of the Internal Revenue Code and related Treasury Department regulations limits Fiberstars' ability to deduct certain compensation in excess of \$1,000,000 paid to Fiberstars' chief executive officer and each of the four other most highly compensated executive officers. Fiberstars' 1994 Stock Option Plan and 2004 Stock Incentive Plan are structured to permit awards under the plan to qualify as performance-based compensation and to maximize the tax deductibility of the awards so long as the options are granted by a committee whose members are non-employee directors. Fiberstars expects that the Compensation Committee will be comprised of non-employee directors, and that, to the extent the Compensation Committee is not so constituted for any period of time, the options granted during such period will not be likely to result in compensation exceeding \$1,000,000 in any year. The Compensation Committee does not believe that other components of Fiberstars' compensation will be likely to exceed \$1,000,000 for any executive officer in the foreseeable future and therefore concluded that no further action with respect to qualifying such compensation for deductibility was necessary at this time. In the future, the Compensation Committee will continue to evaluate the advisability of qualifying its executive compensation for deductibility of such compensation. The Compensation Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws as practicable.

Compensation of President and Chief Executive Officer

The Compensation Committee annually assesses the performance and recommends to the Board of Directors the salary and overall compensation for Fiberstars' President and Chief Executive Officer, Mr. David N. Ruckert. The compensation for Mr. Ruckert is based on a package of salary, bonus and options which is established by the Compensation Committee each year, prior to the start of the year.

Pursuant to the recommendation of the Compensation Committee, Mr. Ruckert received an annual base salary of \$221,384 for fiscal 2004. Mr. Ruckert was also eligible to receive a bonus under Fiberstars' bonus incentive plan described above. The target amount of bonuses for Mr. Ruckert was set by the Compensation Committee. During fiscal 2004, Mr. Ruckert was eligible under this bonus incentive plan to receive a bonus of between 10% and 60% of his then current base salary dependent upon achievement of between 90% and 125% of plan. As discussed above, Fiberstars' performance in fiscal 2004 was not on target, and as a result Mr. Ruckert did not receive a bonus under the bonus incentive plan.

During fiscal 2004, no additional option awards issued to Mr. Ruckert.

The foregoing report has been furnished by the Compensation Committee of the Board of Directors of Fiberstars, Inc.

PROPOSAL NO. 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit and Finance Committee of the Board of Directors has appointed the firm of Grant Thornton LLP, independent public accountants, to audit the financial statements of the Company for the fiscal year ending December 31, 2005, and recommends that shareholders vote for ratification of this appointment. Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be able to respond to appropriate questions from the shareholders. Although shareholder ratification of the Company's independent auditors is not required by the Company's Bylaws or otherwise, the Company is submitting the selection of Grant Thornton LLP to the shareholders for ratification to permit shareholders to participate in this important corporate decision.

Effective September 29, 2003, the Audit and Finance Committee and the Board of Directors approved a change in the Company's independent auditors for the fiscal year ended December 31, 2003 from PricewaterhouseCoopers LLP ("PWC") to Grant Thornton LLP. As a result, the Company informed PWC that, effective September 29, 2003, they had been dismissed as the Company's independent auditors.

The report of PWC for the fiscal years ended December 31, 2001 and 2002, contained no adverse opinions, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2001 and 2002, and the interim period from January 1, 2003 through September 29, 2003, there were no disagreements between the Company and PWC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of PWC, would have caused it to make reference to the subject matter of the disagreement in connection with its report. No reportable event described in paragraph (a)(1)(v) of Item 304 of Regulation S-K occurred within the Company's fiscal years ended December 31, 2001 and 2002, or the interim period from January 1, 2003 through September 29, 2003.

The Company did not consult with Grant Thornton LLP during the fiscal years ended December 31, 2001 and 2002, and the interim period from January 1, 2004 through September 29, 2004, on any matter which was the subject of any disagreement, as defined in paragraph 304(a)(1)(iv) of Regulation S-K, or any reportable event, as described in paragraph 304(a)(1)(v) of Regulation S-K, or on the application of accounting principles to a specified transaction, either completed or proposed.

The following table presents fees for professional audit services rendered by Grant Thornton LLP for the audit of Fiberstars' annual financial statements for 2003 and 2004, and fees billed for other services rendered by Grant Thornton LLP in 2003 and 2004 and to PWC in 2003.

Pre-Approval Policies and Procedures

It is the Company's policy that all audit and non-audit services to be performed by Fiberstars' principal auditors be approved in advance by the Audit and Finance Committee.

In the event ratification is not obtained, the Audit and Finance Committee will review its future selection of the Company's independent auditors but will not be required to select different independent auditors.
