Statements in this Current Report on Form 8-K (including the exhibit) that are not purely historical facts, including statements regarding Innofone's beliefs, expectations, intentions or strategies for the future, may be "forward-looking statements" under the Private Securities Litigation Reform Act of 1995. All forward-looking statements involve a number of risks and uncertainties that could cause actual results to differ materially from the plans, intentions and expectations reflected in or suggested by the forward-looking statements. Such risks and uncertainties include, among others, introduction of products in a timely fashion, market acceptance of new products, cost increases, fluctuations in and obsolescence of inventory, price and product competition, availability of labor and materials, development of new third-party products and techniques that render Innofone's products obsolete, delays in obtaining regulatory approvals, potential product recalls and litigation. Risk factors, cautionary statements and other conditions which could cause Innofone's actual results to differ from management's current expectations are contained in Innofone's filings with the Securities and Exchange Commission. Innofone undertakes no obligation to update any forward-looking statement to reflect events or circumstances that may arise after the date of this filing.

#### **ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

On June 2, 2006, Innofone.com, Incorporated (the "Company" or "Innofone") entered into an equity swap arrangement ("Swap Transaction") with Cogent Capital Investments LLC and Cogent Capital Financial LLC (collectively, "Cogent"). Pursuant to a Securities Purchase Agreement between the Company and Cogent, the Company issued (i) 1,850,000 shares of common stock ("Common Stock"); and (ii) 4,815,000 shares of the Company's Series A Convertible Preferred Stock ("Preferred Stock") in exchange for United States Treasury Notes and Strips with Market value on the date immediately preceding the date of delivery of at least \$50,000,000 ("US Securities"). Further, in connection with the Swap Transaction, Innofone issued to Cogent 5,000,000 shares of its Common Stock ("Exchange Shares") and a warrant to purchase 5,000,000 shares of Common Stock ("Warrant Shares"). The Swap Transaction closed on June 5, 2006.

As part of the transaction, on June 2, 2006, the parties entered into the 2002 International Swaps and Derivatives Association, Inc. ("ISDA") Master Agreement, the ISDA Credit Support Annex, an Equity Swap Transaction Confirmation and certain other ancillary agreements (collectively, the "ISDA Agreements"). Pursuant to the ISDA Agreements, the Company has agreed to place the US Securities into escrow as collateral in respect of a swap transaction governed by the ISDA Agreements (the "Swap") and shall be released as provided therein. Subject to the satisfaction of various conditions and the payment of periodic amounts due under the Swap, the US Securities may be released to the Company over a 30 month period commencing on the effectiveness of a resale registration statement covering the Shares. The periodic payments under the Swap, are based on an initial price per share of \$1.333333 per share, subject to certain adjustments. In addition, the Company unilaterally can terminate the ISDA Agreements by exercising its right to optionally redeem all (but not less than all) of the Series A Preferred 24 months after issuance.

Pursuant to an Amended and Restated Certificate of Designation filed by Innofone, the Preferred Stock issued to Cogent has no voting rights, no dividend rights (unless the Board of Directors elects otherwise) and each shares of Preferred Stock shall be convertible into ten (10) shares of Common Stock, subject to certain adjustments ("Conversion Ratio"). Further, no sooner than two years after June 2, 2006, the issuance date, the Company has the option to redeem all (but not less than all) of the outstanding Preferred Stock by paying in cash the market price (the trailing ten (10) average of the Common Stock) multiplied by the Conversion Ratio. The Preferred Stock shall rank, with respect to the payment of dividends and the distribution of assets, senior to any other security issued by the Company. The terms of the Preferred Stock and the Warrant provide that no holder shall have the right to receive, and the Company shall not issue, any securities of the Company that would cause such holder to own beneficially, after giving effect to the conversion of any Preferred Stock or the exercise of the Warrant, more than 9.5% of the total outstanding Common Stock.

In connection with the Swap Transaction, we granted certain demand and piggyback registration rights to Cogent covering the Exchange Shares and the Warrant Shares obligating us to file a registration statement with the Securities and Exchange Commission ("SEC").

A copy of the Securities Purchase Agreement, Escrow Agreement, ISDA Master Agreement, including Schedule thereto, Equity Swap Confirmation, Credit Support Annex, Warrant, Certificate of Designation and Registration Rights Agreement are attached hereto as exhibits.

We claim an exemption from the registration requirements of the Securities Act of 1933, as amended (the "Act") for the private placement of these securities pursuant to Section 4(2) of the Act and/or Rule 506 of Regulation D promulgated thereunder since, among other things, the transaction did not involve a public offering, the Investor was an "accredited investor" and/or qualified institutional buyers, the Investor had access to information about the Company and its investment, the Investor took the securities for investment and not resale, and we took appropriate measures to restrict the transfer of the securities.
