ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On December 31, 2006, Montana Tunnels Mining, Inc. (“MTMI”), a wholly owned subsidiary of Apollo Gold Corporation (“Apollo”), agreed to amend (the “Amendment”) its mine development and operating agreement (the “JV Agreement”) with Elkhorn Tunnels, LLC (“Elkhorn”), an affiliate of Calim Private Equity LLC (“Calim”), in respect of the Company’s Montana Tunnels mine (the “Mine”).

The Amendment provides that Elkhorn is committed to fully funding in cash, not later than January 17, 2007, the entire amount of its \$13,000,000 initial contribution under the JV Agreement. Elkhorn’s commitment is evidenced by a promissory note in favor of MTMI for the remaining unfunded portion of Elkhorn’s initial contribution (approximately \$3.7 million as of December 31, 2006). The promissory note is non-interest bearing unless the principal amount is not paid on or before January 17, 2007, in which case the promissory note would bear interest at the rate of 24% per annum. By delivering the promissory note, Elkhorn earned its 50% interest in the Mine. If the principal amount due under the promissory note is not timely paid, then Elkhorn will not be entitled to any distributions of cash flow from the Mine until the entire amount of principal and interest is fully paid. If that principal and interest is not fully paid by February 17, 2007, the parties have agreed to amend the JV Agreement to provide that Elkhorn will no longer be entitled to a disproportionate share of net cash flow from the Mine to recover its initial contribution.
