The meeting will be held at the offices of Chadbourne & Parke LLP, 30 Rockefeller Plaza, New York, New York 10112.

The Company's complete mailing address is 23 East 4th Street, 3rd Floor, New York, New York 10003, and its telephone number is 212-201-9280.

These proxy solicitation materials are first being mailed on or about May 4, 2009 to all stockholders entitled to vote at the Annual Meeting.

GENERAL INFORMATION

Certain Financial Information. Please note that our consolidated financial statements and related information are included with our 2008 Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") on March 30, 2009, a copy of which is enclosed with this Proxy Statement.

Attendance at Annual Meeting. Admission to the meeting is limited to stockholders and their proxies and seating will be limited. Registration will begin at 9:00 a.m. and each stockholder may be asked to present valid picture identification such as a driver's license or passport. Please note that if you hold your shares through a broker or other nominee in street name, you will need to provide a copy of a brokerage statement reflecting your stock ownership as of the record date to be admitted to the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Voting Securities. Only holders of record of our common stock and our Series A Convertible Preferred Stock as of the close of business on April 22, 2009 (the "Record Date") will be entitled to vote at the meeting and any adjournment or postponement thereof. As of the Record Date, there were 6,274,109 shares of our common stock and 448,707 shares of our Series A Convertible Preferred Stock issued and outstanding, of which 2,709,276 shares of our common stock and 446,918 shares of our Series A Convertible Preferred Stock were held by Dimensional Associates. Stockholders may vote in person or by proxy. Each holder of shares of common stock is entitled to one (1) vote per share and each holder of shares of our Series A Convertible Preferred Stock is entitled to three and one-third (3 1/3) votes per share on each proposal presented in this proxy statement. There is no cumulative voting in the election of directors.

Solicitation of Proxies. The cost of soliciting proxies will be borne by us. In addition to soliciting stockholders by mail, we will request that banks and brokers and other persons representing beneficial owners of the shares forward the proxy solicitation material to such beneficial owners, and we may reimburse these parties for their reasonable out-of-pocket costs. We may use the services of our officers, directors and regular employees, without additional compensation, to solicit proxies personally or by telephone, facsimile or email.

Voting of Proxies. All shares represented by a valid proxy received prior to the meeting will be voted. Where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted

FOR all nominees, FOR all other proposals described herein and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. See TRANSACTION OF OTHER BUSINESS. A stockholder giving a proxy has the power to revoke his or her proxy, at any time prior to the time it is voted, by delivering to our Secretary a written instrument revoking the proxy or a validly executed proxy with a later date, or by attending the meeting and voting in person.

TABLE OF CONTENTS

Quorum. The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of our common stock and Series A Convertible Preferred Stock issued and outstanding on the Record Date voting together as a single class. Shares that are voted FOR, WITHHOLD, ABSTAIN or AGAINST a matter (the Votes Cast) are treated as being present at the Annual Meeting for purposes of establishing a quorum. In the event that there are not sufficient votes for a quorum, the Annual Meeting may be adjourned in order to permit further solicitation of proxies. However, the presence in person or by proxy of Dimensional Associates, our majority stockholder, will assure that a quorum is present at the meeting.

Abstentions. Abstentions will be counted for purposes of determining both (1) the presence or absence of a quorum for the transaction of business at the meeting and (2) the total number of Votes Cast with respect to a proposal (other than the election of directors). Accordingly, abstentions will have no effect on the election of directors and will have the same effect as a vote AGAINST on the other proposals.

Broker Non-Votes. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the meeting, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted because no specific voting instructions were received from the beneficial owner. Accordingly, broker non-votes will not affect the outcome of the voting on that particular proposal.

SUMMARY OF PROPOSALS

The following three proposals will be considered at the Annual Meeting. The Board unanimously recommends that you vote FOR the approval of the amendments to The Orchard Enterprises, Inc. 2008 Stock Plan.

Other Matters. At the date of this Proxy Statement, the only business the Board intends to present or knows that others will present at the Annual Meeting is that set forth above. If any other matter or matters are properly brought before the Annual Meeting, or any adjournment or postponement thereof, it is the intention of the persons named in the accompanying form of proxy to vote the proxy on such matters in accordance with their judgment.

TABLE OF CONTENTS

Attendance at Board Meetings and Board Committees

Our Board of Directors conducts its business through its meetings and through meetings of certain committees of the Board of Directors. The Company is a controlled company under the applicable listing standards of the Nasdaq Global Market because more than 50% of the voting power is held by Dimensional Associates. A controlled company is not required to have a majority of its board of directors composed of independent directors. Director nominees are not required to be selected or recommended for the board's selection by a majority of independent directors or a nominating committee composed solely of independent directors, nor do the Nasdaq Global Market listing standards require a controlled company to certify adoption of a formal written charter or board resolution, as applicable, addressing the nominations process. A controlled company is also exempt from Nasdaq Global Market requirements regarding the determination of officer compensation by a majority of independent directors or a compensation committee composed solely of independent directors. A controlled company is required to have an audit committee composed of at least three directors, who are independent as defined under the rules of both the SEC and the Nasdaq Global Market. The Nasdaq Global Market further requires that all members of the audit committee have the ability to read and understand fundamental financial statements and that at least one member of the audit committee possess financial sophistication. The independent directors must also meet at least twice a year in meetings at which only they are present.

We comply voluntarily with the listing standards of the Nasdaq Global Market that otherwise do not apply to controlled companies, except that our Executive, Nominating and Corporate Governance Committee is not composed entirely of independent directors.

Our Board currently has three (3) standing committees: the Audit Committee, the Compensation Committee and the Executive, Nominating and Corporate Governance Committee. During 2008, our Board of Directors met twelve (12) times, the Audit Committee met ten (10) times, the Compensation Committee met nine (9) times and the Executive, Nominating and Corporate Governance Committee met six (6) times. All of the incumbent directors attended at least 75% of the meetings of our Board of Directors and each committee on which he served. The directors are encouraged to attend the annual meeting of stockholders. All incumbent directors attended the 2008 Annual Meeting of Stockholders.

Audit Committee. The Audit Committee currently consists of Messrs. Peck (Chairman), Donahue and Straka. The

Audit Committee is responsible for reviewing and monitoring our corporate accounting and financial reporting processes, the periodic public release of financial results and the periodic filing of financial reports with the SEC, and selecting the independent registered public accounting firm to audit our consolidated financial statements, including approving their compensation and monitoring their qualifications, independence and performance. Our Board has determined that each member of the Audit Committee is independent under the applicable listing standards of the Nasdaq Global Market, and that Mr. Peck qualifies as an audit committee financial expert under Item 407(d)(5) of Regulation S-K promulgated by the SEC. Mr. Peck qualifies as an audit committee financial expert by virtue of his experience with KPMG Audit. In addition, Mr. Peck is a certified public accountant. The Audit Committee has a written charter, which is available on our website at <http://investor.theorchard.com> by clicking on the link Highlights under the heading Corporate Governance. The Report of the Audit Committee of the Board of Directors is included in this proxy statement.

Compensation Committee. The Compensation Committee currently consists of Messrs. Dinh (Chairman) and Straka. Both members are independent directors under the applicable listing standards of the Nasdaq Global Market. The Compensation Committee is responsible for determining salaries, incentives and other forms of compensation for our Company's executive officers and compensation for non-employee directors, as well as administering the Company's 2008 Stock Plan and other incentive compensation and employee benefit plans of the Company. The Compensation Committee has a written charter, which is available on our website at <http://investor.theorchard.com> by clicking on the link Highlights under the heading Corporate Governance.

Executive, Nominating and Corporate Governance Committee. The Executive, Nominating and Corporate Governance Committee currently consists of Messrs. Stein (Chairman), Altschul, Dinh and Donahue. All such members, other than Mr. Stein, are independent directors under the applicable listing standards of the Nasdaq Global Market. The Executive, Nominating and Corporate Governance Committee is responsible for

6

developing and recommending Board member selection criteria, identifying and recruiting prospective Board candidates, recommending nominees for election to the Board, considering committee member qualifications, recommending corporate governance principles to the Board, and providing oversight in the evaluation of the Board and each committee. The Executive, Nominating and Corporate Governance Committee also considers nominees proposed by stockholders. It further is responsible for monitoring the progress and status of management's efforts to acquire additional music catalogs and reviewing and approving the terms of all substantive content acquisition and long-term licensing contracts as well as reviewing and approving any new international expansion plans and proposed capital expenditures over a certain threshold. The Executive, Nominating and Corporate Governance Committee has a written charter, which is available on our website at <http://investor.theorchard.com> by clicking on the link Highlights under the heading Corporate Governance.

Consideration of Director Nominees

Nominations. Our Board believes that the Executive, Nominating and Corporate Governance Committee, a majority of the members of which are independent directors of the Company, can adequately identify appropriate candidates to the Board. The Executive, Nominating and Corporate Governance Committee will consider any future nominees for director nominated by the Company's stockholders.

Stockholder Nominees. The Executive, Nominating and Corporate Governance Committee considers properly submitted stockholder nominations for candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Directors. Under our Bylaws, as amended, a stockholder seeking to propose a nominee

for Board membership must deliver notice (within the time frame and in the manner as specified under STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING) to our Secretary. The stockholder's notice must set forth, as to each proposed nominee, the following: (a) the name, age, business address and residence address of such person; (b) the principal occupation or employment of such person; (c) the class and number of shares of the corporation that are beneficially owned by such person; (d) a description of all arrangements or understandings between the nominating stockholder and such nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder; and (e) any other information relating to such person that is required to be disclosed in solicitations of proxies for elections of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including without limitation such person's written consent to being named in the proxy statement, if any, as a nominee and to serving as a director if elected). In addition, the stockholder's notice must set forth, as to such stockholder, the information described under STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING . The presiding officer of the meeting may refuse to acknowledge any stockholder nomination not made in compliance with the foregoing procedure.

Director Qualifications. While the Executive, Nominating and Corporate Governance Committee has not established formal procedures or specific minimum qualifications for the evaluation of director candidates, the candidates for Board membership should have the highest professional and personal ethics and values, and conduct themselves consistent with the Company's Code of Business Conduct. Additionally, candidates and nominees must ultimately reflect a Board that is composed of directors who (i) have broad and relevant experience, (ii) are predominantly independent, (iii) are of high integrity, (iv) have qualifications that will increase overall Board effectiveness and (v) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

Identifying and Evaluating Nominees for Directors. Typically, any new candidates for nomination to the Board are suggested by existing directors or our executive officers, although candidates may also come to our attention through stockholders, professional search firms or other persons. The Executive, Nominating and Corporate Governance Committee of the Board will carefully review the qualifications of any candidates who have been properly brought to its attention. Such a review may, in the Committee's discretion, include a review solely of information provided to the Committee or it may also include discussion with persons familiar with the candidate, an interview with the candidate or other actions that the Committee deems proper. In the case of new director candidates, the questions of independence and financial expertise are important to determine what roles can be performed by the candidate, and the Executive, Nominating and Corporate Governance Committee determines whether the candidate will meet the independence standards set forth in the

7

SEC rules and regulations and the applicable listing standards of the Nasdaq Global Market, and the level of the candidate's financial expertise. In the case of incumbent directors whose terms of service are set to expire, the Executive, Nominating and Corporate Governance Committee reviews such directors' overall service to our Company during their terms, including attendance at meetings, level of participation, quality of performance, and whether the director continues to meet the independence standards set forth in the applicable SEC rules and regulations and the applicable listing standards of the Nasdaq Global Market. The Committee shall consider the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the Committee considers many factors, including character, integrity, reputation, business judgment, independence, relevant business and industry expertise, diversity of experience, geographic location of the candidate, length of service and other criteria. The Committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders are evaluated by the Executive, Nominating and Corporate Governance Committee

using the same criteria as other candidates. Candidates are first screened by the Executive, Nominating and Corporate Governance Committee, and if approved by the Executive, Nominating and Corporate Governance Committee, they are then screened by other members of the Board. The full Board approves the final nomination(s) based on recommendations from the Executive, Nominating and Corporate Governance Committee. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board. Qualified candidates for membership on the Board will be considered without regard to race, color, religion, sex, national origin, age, medical condition or disability, sexual orientation, veteran status or any other characteristic protected by law.

Code of Business Conduct

Our Company is committed to maintaining the highest standards of business conduct and ethics. We have adopted a Code of Business Conduct for our directors, officers and other employees. The Code of Business Conduct reflects our values and the business practices and principles of behavior that support this commitment. The Code of Business Conduct is available on our website at <http://investor.theorchard.com> by clicking on the link **Highlights** under the heading **Corporate Governance**. We will post any amendment to the Code, as well as any waivers that are required to be disclosed by the rules of the SEC or Nasdaq, on our website.

Communications with the Board by Stockholders

We maintain a process for stockholder communication with the Board. Stockholders wishing to communicate with our Board, a committee of the Board or an individual Board member concerning our Company may do so by writing to the Board, the committee or to the particular Board member, and mailing the correspondence to: Attention: Board of Directors, c/o Secretary, The Orchard Enterprises, Inc., 23 East 4th Street, 3rd Floor New York, New York 10003. The envelope should indicate that it contains a stockholder communication. Any such communication must state the number of shares beneficially owned by the stockholder making the communication. All such stockholder communications will be forwarded to the director or directors to whom the communications are addressed unless the Secretary determines that the communication is a business solicitation or advertisement, or requests general information about our Company.

Director Compensation

From January 1, 2008 through June 3, 2008, each director who was not also an employee was entitled to receive a fee of \$36,000 per year, except the chairperson of the Audit Committee was entitled to receive \$40,000 and the Chairman of the Board was entitled to receive \$50,000 per year. Each non-employee director also was entitled to receive \$500 per committee meeting attended. Directors were reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board or the committee thereof. On April 29, 2008, the Compensation Committee recommended, and the Board adopted, a revised Non-Executive Directors Compensation Program (DCP), to be effective June 4, 2008, subject to stockholder approval of the The Orchard Enterprises, Inc. 2008 Stock Plan. On June 4, 2008, our stockholders approved the plan and the DCP became effective. Under the DCP each director who was not also an employee was entitled to receive a fee of \$40,000 per year, with an additional annual fee of \$3,000 payable to each committee chairman. The directors do not receive any separate fees for attendance at Board or committee meetings. Our directors are reimbursed

for reasonable out-of-pocket expenses incurred in attending meetings of the Board or the committees thereof, and for other expenses reasonably incurred in their capacity as directors. In addition, under the DCP, each non-employee director received a restricted stock award for a number of shares of common stock having a value of \$50,000 based on the closing price of our common stock on the date of grant, with the initial grant on June 4, 2008 vesting one-third on the date of grant and one-third on each of the subsequent two annual meeting dates (provided that such director continues to serve until the time of such future annual meetings). The Chairman of the Board also received an additional restricted stock award with a grant date value of \$20,000 determined on the same basis and vesting in the same manner. In accordance with the DCP, each non-employee director also received a grant of options to purchase a number of shares of common stock equal to \$50,000 divided by an amount equal to one-third of the closing price of our common stock on the grant date. This division by one-third was intended to approximate the share-based compensation expense attributable to such options under the Trinomial Lattice Method, which we use for accounting purposes under SFAS No. 123R. These options have an exercise price per share equal to the closing price of our common stock on the date of grant and a term of 10 years, with the initial grant on June 4, 2008 vesting one-third on the date of grant and one-third on each of the subsequent two annual meeting dates (provided that such director continues to serve until the time of such future annual meetings). These grants to non-employee directors were made pursuant to the terms of the Company's 2008 Stock Plan.

The following table summarizes compensation paid to those who served as non-employee directors during any portion of the year ended December 31, 2008.

Donahue and Dinh, 28,790 each for Messrs. Peck, Stein and Straka. The aggregate grant

date estimated fair value of options granted to our non-employee directors in 2008, computed in accordance with SFAS No. 123R, was \$156,886.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Marcum & Kliegman LLP as our independent registered public accounting firm for the year ending December 31, 2009. Marcum & Kliegman LLP is an independent registered public accounting firm and has audited the Company's consolidated financial statements for the years ended December 31, 2007 and 2008.

The Board is asking the stockholders to ratify the selection of Marcum & Kliegman LLP as our independent registered public accounting firm for 2009. Although not required by law, by rules of Nasdaq or by our Bylaws, the Board is submitting the selection of Marcum & Kliegman LLP to the stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, our Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our Company and its stockholders.

Representatives of Marcum & Kliegman LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from the Company's stockholders.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

To help ensure the independence of the independent registered public accounting firm, our Audit Committee has adopted a policy requiring the Audit Committee's pre-approval of all audit and non-audit services to be performed for us by our independent registered public accounting firm. The Audit Committee has reviewed all services provided by Marcum & Kliegman LLP, and has concluded that the provision of such services was compatible with maintaining Marcum & Kliegman LLP's independence in conducting its auditing functions.

Dismissal of Prior Auditors

As previously reported, during November 2007, the Audit Committee requested proposals from auditing firms for the Company's 2007 audit. This decision was made following the completion of our acquisition of Orchard NY on November 13, 2007, and the subsequent relocation of the Company's corporate headquarters and all operations of the combined company from Sacramento, California to New York, New York. After review and consideration of various proposals, effective December 19, 2007, the Audit Committee approved the engagement of Marcum & Kliegman LLP as the independent registered public accountants (the auditors) of the Company for the fiscal year ending December 31, 2007, and dismissed the firm of Perry-Smith, LLP (Perry-Smith) as auditors.

Perry-Smith's reports on the Company's consolidated financial statements for the fiscal years ended December 31, 2006 and 2005 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. In connection with the audits of the Company's consolidated financial statements for each of the two fiscal years ended December 31, 2006 and 2005 and through December 19, 2007, there were no disagreements with Perry-Smith on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Perry-Smith, would have caused Perry-Smith to make reference to the matter in their report. During the two fiscal years ended December 31, 2006 and 2005 and through December 19, 2007, there were no reportable events (as defined in Regulation S-K, Item 304(a)(1)(v)). The Company requested Perry-Smith to furnish the Company with a letter addressed to the SEC stating whether it agreed with the above statements. A copy of Perry-Smith's letter, dated December 19, 2007, was filed as Exhibit 16.1 to the Company's Current Report on Form 8-K filed with the SEC on December 19, 2007.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is primarily responsible for assisting the Board of Directors in fulfilling its oversight responsibility by reviewing the financial information that will be provided to stockholders and others, appointing and reviewing the work performed by the independent registered public accounting firm, evaluating the Company's accounting policies and its system of internal controls that management has established, and reviewing with management significant financial transactions including any related-party transactions, the reasonableness of significant judgments made by management and the clarity of disclosures made in the financial statements. Management is responsible for the Company's financial reporting process, including the preparation of its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, and its system of internal controls. The Company's independent registered public accounting firm is responsible for auditing those consolidated financial statements in accordance with auditing standards generally accepted in the United States and expressing its opinion as to whether the consolidated financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States of America. The Audit Committee does not prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

The Audit Committee reviewed and discussed the audited consolidated financial statements included in the Company's 2008 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability,

of the accounting principles used by the Company, the reasonableness of significant management judgments and estimates made in the accounting process, and the clarity and completeness of disclosures in the consolidated financial statements. The Audit Committee also met with the Company's management to discuss their review of the Company's disclosure controls and procedures and internal accounting and financial controls in connection with the preparation and filing of the 2008 Annual Report on Form 10-K and received notice that each of the Company's Chief Executive Officer and Chief Financial Officer signed the certificates required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002.

The Audit Committee discussed with Marcum & Kliegman LLP, the Company's independent registered public accounting firm, the overall scope of work for its 2008 audit. The Audit Committee reviewed and discussed the audited financial statements for the year ended December 31, 2008 with Marcum & Kliegman LLP, and met with representatives of the firm, with and without management present, to discuss the results of its audit work, its evaluations of the Company's internal controls, and its assessment of the overall quality of the Company's financial reporting. The Audit Committee has also discussed with Marcum & Kliegman LLP the matters required to be discussed by the Statements on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has also received and reviewed the written disclosures and the letter from Marcum & Kliegman LLP as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with Marcum & Kliegman LLP its independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the consolidated financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008. The Audit Committee also selected Marcum & Kliegman LLP to audit the Company's consolidated financial statements for the year ending December 31, 2009.

The Audit Committee has relied, without independent verification, on management's representations that the consolidated financial statements for 2008 are complete, free of material misstatement and prepared in accordance with accounting principles generally accepted in the United States, and on the opinion and representations made by Marcum & Kliegman LLP in its report on the Company's consolidated financial statements, including its representations that Marcum & Kliegman LLP is independent and the audit was performed in accordance with auditing standards generally accepted in the United States. The Audit Committee's oversight does not provide assurance that management's and Marcum & Kliegman LLP's opinion and representations referred to above are correct.

Respectfully,

THE AUDIT COMMITTEE OF
THE BOARD OF DIRECTORS

Nathan Peck (Chairman)

PROPOSAL THREE: APPROVAL OF AMENDMENTS TO THE ORCHARD ENTERPRISES, INC. 2008 STOCK PLAN

Reasons for and Effect of the Proposed Amendments

The Orchard's 2008 Stock Plan or 2008 Stock Plan was approved by our Board of Directors on April 29, 2008 and by our stockholders on June 4, 2008.

On April 27, 2009, our Board of Directors approved amendments to the 2008 Stock Plan, subject to stockholder approval, which would, among other things:

increase the number of shares of common stock as to which award may be granted by 200,000 to 1,450,000, after giving effect to the automatic annual increase that occurred in 2009;
fix the automatic annual increase in the number of shares of common stock as to which awards may be granted at 400,000 for fiscal year 2010 instead of the current provision in the 2008 Stock Plan, under which the automatic annual increase would be the lesser of (a) 250,000 shares, (b) 5% of the number of shares of our common stock outstanding as of the first day of the fiscal year and (c) an amount determined by our Board of Directors, which provision will continue to apply for all future fiscal years;
add restricted stock units and cash incentive payments as additional types of awards that may be granted under the 2008 Stock Plan; and
enable payments of performance-based stock awards and performance-based cash incentive awards to certain executive officers that qualify as deductible for federal income tax purposes under Internal Revenue Code Section 162(m).

Our Compensation Committee and Board of Directors believe that the approval of the proposed amendments to the 2008 Stock Plan is necessary for our success. The Board of Directors believes that the proposed amendments to the 2008 Stock Plan will aid us in attracting and retaining directors, officers, key employees and consultants, as well as motivate such persons to exert their best efforts on our behalf. Adopting performance-based criteria will directly link managements and key employees personal interests to our long-term financial success and to growth in shareholder value. Although the 2008 Stock Plan currently permits the grant of performance-based awards, such awards would not comply with the requirements to preserve their deductibility under Section 162(m) of the Internal Revenue Code. The proposed amendments, if approved, would permit us to deduct certain performance-based stock and cash incentive awards paid to our named executive officers under Internal Revenue Code Section 162(m).

As of April 27, 2009, only 386,432 shares of our common stock remained available for future grant of stock-based awards under our 2008 Stock Plan, a number that our Compensation Committee and Board believe to be insufficient to meet our anticipated needs. Specifically, we currently do not have a sufficient number of shares reserved for issuance to issue restricted stock to our directors pursuant to the Non-Executive Directors Compensation Plan or the DCP based on our current stock price of \$2.00 per share on April 22, 2008 and to provide long-term incentives to our management team, including executive officers. In addition, we expect that the proposed amendments will further strengthen the identity of interests of the directors, officers, and key employees with that of our stockholders.

Therefore, our Compensation Committee recommended, and the full Board of Directors approved, subject to stockholder approval, adoption of the amendments to the 2008 Stock Plan.

The proposed increase of 200,000 shares of common stock as to which awards may be granted is solely to provide grants to the directors pursuant to the 2009 DCP. If the stockholders approve the proposed amendments, the Board

will adopt the 2009 DCP, which eliminates the stock option component of the DCP but retains the other cash and stock components of the DCP as described under Director Compensation . Any shares not used for the 2009 grants to directors under the 2009 DCP will be added to the pool and available for grant to all participants. We also anticipate that the 400,000 shares we are asking stockholders to approve to be available for grant on January 1, 2010 as the 2010 annual increase will be utilized to pay the directors compensation in 2010 and to make further awards to our management team. We expect that the automatic

14

TABLE OF CONTENTS

increase of 250,000 shares that was added in January 1, 2009 will be used to grant long-term incentive-based awards to our management team, including our named executive officers, whether or not the amendments are adopted.

The following table summarizes the value and estimated number of shares of time-based vesting restricted stock that each non-employee director will receive if the proposed amendments to the 2008 Stock Plan are approved and the grants are made under the 2009 DCP. For purposes of the following table, the estimated amounts of restricted stock to be granted to the directors pursuant to the 2009 DCP are based on a price per share of our common stock of \$2.00, the closing price per share of our common stock on the Nasdaq Global Market on April 22, 2009. While we expect that the automatic increase of 250,000 shares that was added in January 1, 2009 will be used to grant awards to our management team, including our named executive officers, regardless of whether the proposed amendments to the 2008 Stock Plan are approved, the number of such awards is currently unknown because it is within the discretion of the Compensation Committee to determine the type and amount of such awards. For purposes of the following table, the number and estimated value of restricted stock reflected for our executive officers is based on the number and value of restricted stock that was allocated to such executive officers for fiscal year 2008 under the 2008 Stock Plan.

General Terms of the 2008 Stock Plan

A summary of the principal features of the Amended and Restated 2008 Stock Plan, as proposed to be amended, is provided below, but is qualified in its entirety by reference to the full text of the Amended and Restated 2008 Stock Plan, as proposed to be amended, which is attached as Appendix A to this proxy statement.

General. Our 2008 Stock Plan was approved by our Board and adopted by our stockholders in June 2008. The Board has approved certain amendments to the 2008 Stock Plan, subject to approval of such amendments by our stockholders. Our 2008 Stock Plan provides for the grant to our employees of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code (the "Code"), and for the grant to our employees, directors and consultants of nonstatutory stock options, stock appreciation rights and restricted stock. The purpose of the 2008 Stock Plan is to recognize and reward participants, primarily our senior management, for their efforts on our behalf, to attract and motivate management and employees by appropriate incentives to contribute to the attainment of our long-term performance objectives, and to align management's and employees' interests with those of stockholders through compensation based on the performance of our common stock over a long-term period.

Eligibility. Non-statutory stock options, restricted stock and stock appreciation rights may be granted under the 2008 Stock Plan to our employees, directors, and consultants. Incentive stock options may be granted only to employees. As of March 31, 2009, we had 101 employees, seven directors (including one employee director) and 35 consultants.

Number of Shares of Common Stock. Assuming stockholders approval of this proposal, a total of 1,450,000 shares of our common stock will be reserved for issuance pursuant to the 2008 Stock Plan, as amended, subject to increase in future years as described below. The number of shares in respect of any option or stock appreciation right that lapses or expires unexercised or is otherwise repurchased by us and any shares of restricted stock or restricted stock unit forfeited pursuant to the terms of the award will be added back to the available number of shares of common stock for which awards may be granted. In addition, the 2008 Stock Plan provides for future annual increases in the number of shares available for issuance on the first day of each fiscal year in an amount equal to the lesser of:

250,000 shares;

5% of the number of shares of our common stock outstanding on that day; or

such other lesser amount as our Board of Directors may determine. Notwithstanding the previous sentence, subject to stockholder approval of this proposal, on the first day of fiscal year 2010, the number of shares available for issuance will be increased by 400,000 shares.

Administration of the Plan. Our Compensation Committee will administer the 2008 Stock Plan, as amended. Our Compensation Committee has the power to determine the terms of the awards, including the number of shares subject to each such award, the exercisability of the awards and the form of consideration, if any, payable upon exercise.

Stock Options. Our Compensation Committee will determine the exercise price of stock options granted under the 2008 Stock Plan, as amended, which must at least be equal to the fair market value of our common stock on the date of grant. The term of an incentive stock option may not exceed 10 years. Our Compensation Committee determines the term and vesting provisions of all stock options. After resignation or termination, an employee forfeits all unvested options and may exercise his or her vested options for a period of 90 days. However, an option may not be exercised later than the expiration of its term.

Stock Appreciation Rights. Stock appreciation rights may be granted under the 2008 Stock Plan, as amended. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. Our Compensation Committee determines the terms of stock appreciation rights, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof.

16

TABLE OF CONTENTS

Restricted Stock Awards. Restricted stock awards granted under the 2008 Stock Plan, as amended, are shares of our common stock that are earned (vest) in accordance with terms and conditions established by our Compensation Committee. Our Compensation Committee will determine the number of shares of restricted stock granted to any employee, director or consultant, the nature of the restrictions and the terms of vesting. While such restricted shares are outstanding but unvested, the certificates representing such shares are held in safe keeping by us, but the recipient receives any applicable dividends and other distributions and may vote such shares on all matters that come before the stockholders, unless otherwise provided in the award agreement. Shares of restricted stock that do not vest will be returned to the Company.

Restricted Stock Units. Restricted stock units granted under the 2008 Stock Plan, as amended, allow the recipient to receive shares of our common stock, a payment equal to the value of one share of our common stock or a combination thereof that are earned in accordance with terms and conditions established by our Compensation Committee. Our Compensation Committee determines the number of restricted stock units granted to an employee, director or consultant, the nature of the restrictions and the terms of vesting. Restricted stock units that do not vest will lapse.

Cash Incentive Awards. Cash incentive awards may be granted under the 2008 Stock Plan, as amended. Cash incentive awards allow the recipient to receive a payment of cash (or in the discretion of our Compensation Committee, common stock having value equivalent to the cash otherwise payable) that is contingent on achievement of Performance Measure(s) described below over a specified period established by the Compensation Committee.

Individual Limit on Awards. No more than 200,000 shares of common stock may be granted under awards to any individual in a calendar year, taking into account all grants and awards under any other stock option and equity compensation plans that may be in place at the time. Not more than \$500,000 may be granted under cash incentive awards to any individual in a calendar year.

Performance Measures. The Compensation Committee may establish criteria for the vesting of awards granted pursuant to the 2008 Stock Plan, as amended. The criteria will be expressed either in terms of specified levels of, rates of change or relative changes in, one or more of the following measures: (a) stock price; (b) earnings per share; (c) return to stockholders (including dividends); (d) return on equity; (e) revenues; (f) sales; (g) revenue growth; (h) EBITDA; (i) operating income or operation profit; (j) net income; (k) gross margin; (l) gross margin percentage; (m) operating margin; (n) return on capital or return on invested capital; (o) economic value added; (p) economic profit; (q) cash flows; (r) cash flows from operations; (s) market share; (t) costs; (u) capital expenditures; (v) working capital; (w) net fixed assets; (x) accounts receivable; (xi) catalogue productivity; and (xii) catalogue growth. The Compensation Committee may specify adjustments to the criteria for certain events, including (i) discontinued operations, categories or segments; (ii) acquisitions or mergers; (iii) divestitures; (iv) cumulative effect of changes in accounting rules and methods; (v) material impairment or disposal losses; (vi) restructuring costs; (vii) business losses from economic, political and legal changes; (viii) retained and uninsured losses from natural catastrophe; (ix) extraordinary items; (x) currency fluctuations and (xi) other unusual or nonrecurring events.

Restrictions on Transferability. The 2008 Stock Plan, as amended, does not allow for the transfer of awards and only the recipient of an award may exercise an award during his or her lifetime. Upon the death of a recipient, all grants or awards become fully vested.

Adjustments upon Change in Control. The 2008 Stock Plan, as amended, provides that, in the event of a change in control of our company, all outstanding options and stock appreciation rights will accelerate and become exercisable, and all restrictions on restricted stock awards will lapse. Any options or stock appreciation rights not assumed in a change of control transaction will terminate immediately prior to such change of control.

Amendment and Termination of the Plan. The 2008 Stock Plan, as amended, will automatically terminate on December 1, 2015, unless we terminate it sooner. In addition, our board of directors has the authority to suspend or terminate the 2008 Stock Plan, as amended, provided such action does not impair the rights of any participant.

TABLE OF CONTENTS

Withholding. Applicable taxes required by law will be withheld or collected from the participant in respect of all awards. The amount of the withholding requirement will be calculated to include any amount which the Committee believes should be withheld to satisfy federal, state, local and any other taxing jurisdictions at the time the tax is due. We may defer making any payment or delivery of shares of our common stock pursuant to the grant or settlement of any award until the participant pays or indemnifies us for all required withholding taxes.

U.S. Federal Income Tax Information

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the excess of the fair market value of the shares at the time of exercise of the option over the option price will be an item of tax preference for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to (1) the difference between the exercise price and the fair market value of the shares at the date of the option exercise, or (2) if the disposition is a taxable sale or exchange, the amount of gain recognized if such amount is less than the amount determined under clause (1). Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. Unless limited by Section 162(m) of the Code, we are generally entitled to a

deduction in the same amount and at the same time as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable ordinary income generally measured by the excess of the then fair market value of the shares over the exercise price. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount and at the same time as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

Restricted Stock. A participant generally will not recognize taxable income at the time an award of restricted stock is granted. Instead, in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable or (ii) no longer subject to substantial risk of forfeiture (e.g., vested), he or she will recognize ordinary income in an amount equal to the fair market value of the restricted stock at that time less any amount paid for the shares on the date the award is granted. However, a holder of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award (determined without regard to the restrictions) less any amount paid for the shares on the date the award is granted. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount and at the same time as the income recognized by the participant.

Restricted Stock Units. The award of restricted stock units generally will not result in any immediate tax consequences to us or the participant. Upon payment of a restricted stock unit, the participant will recognize ordinary taxable income in an amount equal to the fair market value of the shares of common stock or cash received at that time. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount and at the same time as the ordinary income recognized by the participant.

Cash Incentive Awards. A recipient of a cash incentive award will recognize ordinary taxable income at the time of receipt of cash with respect thereto equal to the amount of any cash received. Unless limited by Section 162(m) of the Code, we are generally entitled to a deduction in the same amount and at the same time as the ordinary income recognized by the recipient.

Stock Appreciation Rights. A participant will not recognize taxable income at the time he or she is granted a stock appreciation right. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss. Unless limited by

18

TABLE OF CONTENTS

Section 162(m) of the Code, we are generally entitled to a deduction in the same amount and at the same time as the ordinary income recognized by the participant.

Dividends. Dividends will ordinarily be taxed to the recipient at ordinary income tax rates when paid. In most cases they will be treated as additional compensation that we will be entitled to deduct at that time, subject to the limitations of Section 162(m) of the Code.

Performance Compensation Awards. The designation of an award as a performance compensation award will have no tax consequences to the employee. Under Section 162(m) of the Code, the annual compensation paid to covered executive officers may not be deductible to the extent it exceeds \$1 million. The designation of an award as a performance compensation award will, however, enable such an award to qualify as performance-based compensation

not subject to the \$1 million limitation on deductible compensation under Section 162(m) of the Code if the conditions of Section 162(m) of the Code are met. These conditions include, disclosure to our stockholders of the material terms under which the compensation is to be paid (including the material terms of any applicable performance goals), stockholder approval of the 2008 Stock Plan and setting limits on the number of awards that any individual may receive per year. The 2008 Stock Plan has been designed to permit the administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m) of the Code, which permits us to continue to receive a federal income tax deduction in connection with such awards.

THE FOREGOING IS ONLY A BRIEF SUMMARY OF THE PRINCIPAL U.S. FEDERAL INCOME TAX CONSEQUENCES RELATING TO THE GRANT AND EXERCISE OF AWARDS UNDER THE PLAN, BASED ON CURRENT U.S. FEDERAL INCOME TAX LAWS APPLICABLE TO U.S.-BASED PARTICIPANTS PROVIDING SERVICES TO A U.S.-BASED ENTITY. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF AN INDIVIDUAL'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY, WHICH MAY BE SUBSTANTIALLY DIFFERENT.

Navin and Pifer, each received 11,667 restricted shares of our common stock as well as the option to purchase 5,000 shares of our common stock, pursuant to the terms and conditions of our 2008 Stock Plan. As part of our employment agreement with Mr. Haase, he received 10,000 restricted shares of our common stock as well as the option to purchase 5,000 shares of our common stock, pursuant to the terms and conditions of our 2008 Stock Plan. For each of these executives, the stock options and shares of restricted common stock granted are to vest 33.3% after the first twelve months and then quarterly in eight equal installments thereafter. In the event that the executive's employment is terminated by us without cause or by the executive for good reason, the vesting of the foregoing awards will be accelerated by six months. The stock options will expire seven years after the effective date of the agreement.

Each employment agreement includes provisions that prohibit the executives from disclosing our confidential information and trade secrets, assigns all intellectual property developed by the executives in the course of their employment to us and prohibits the executives from competing with us or soliciting our employees during the term of the employment agreement and for a period ranging from six months to one year following termination of employment as specified in each executive's agreement.

Each employment agreement also provides that each executive will be eligible to earn an incentive bonus on an annual basis payable as determined by the Management Incentive Bonus Plan. The Compensation Committee determines the targets, milestones, performance objectives and measurement criteria to be met each fiscal year and approves the payment of specific cash bonuses after the end of each fiscal year based upon the objective calculations and discretionary judgments called for in the bonus plan. Messrs. Scholl, Fong, Navin, Pifer and Haase earned incentive bonuses with respect to 2008 in the amounts of \$112,500, \$61,250, \$41,250, \$41,250 and \$56,250, respectively.

In addition, to the grants made to the executive officers in connection with their employment agreements, in 2009 the following grants were made:

On June 6, 2008, Mr. Scholl received an additional stock option grant to purchase 125,000 shares of our common stock pursuant to the terms of our 2008 Stock Plan. Such stock options are to vest quarterly in thirteen equal installments beginning on June 6, 2008, subject to acceleration or termination in certain circumstances. The stock options will expire seven years after the date of grant.

On February 28, 2008, each of Messrs. Navin and Pifer received an additional grant of 16,667 restricted shares of our common stock as well as a stock option to purchase 5,000 shares of our common stock pursuant to the terms and conditions of our 2008 Stock Plan. The options and restricted shares of our common stock vest over a three year period and become exercisable or earned as to one-third of the shares on February 28, 2009, with quarterly vesting thereafter for a period of 24 months, subject to acceleration or termination in certain circumstances. The stock options will expire seven years after the grant date.

TABLE OF CONTENTS

On April 18, 2008, Mr. Haase received an additional grant of 10,000 restricted shares of our common stock as well as a stock option to purchase 5,000 shares of our common stock, pursuant to the terms and conditions of our 2008 Stock Plan. The options and restricted shares of our common stock vest over a three year period and become exercisable or receivable as to one-third of the shares on February 28, 2009, with quarterly vesting thereafter for a period of 24 months, subject to acceleration or termination in certain circumstances. The stock options will expire seven years after the grant date.

All grants made to the executive officers will vest immediately upon a change of control. Pursuant to the 2008 Stock Plan, a change of control means an event or the last of a series of related events by which:

- (a) any person directly or indirectly acquires or otherwise becomes entitled to vote stock having a 51% or more of the voting power in elections for directors;

- (c) the Company sells all or a substantial portion of its consolidated assets and the Company does not own stock in the purchaser having more than 50% of the voting power in elections for directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes in ownership with the SEC.

Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by such persons. To our knowledge, based solely upon our review of such forms or certain written representations from such reporting persons, other than Mr. Scholl who filed two Forms 4 late relating to three transactions (each of which was an exempt disposition of shares to cover taxes), we believe that in 2008 all of our executive officers, directors and greater than 10% beneficial owners were in compliance with all applicable filing requirements.

CERTAIN TRANSACTIONS

We have entered into indemnification agreements with each of our directors and executive officers. These agreements require us to indemnify such individuals, to the fullest extent permitted by Delaware law, for certain liabilities to which they may become subject as a result of their performance of services on our behalf. The form of indemnification agreement is filed as an exhibit to our Annual Report on Form 10-K.

Article 5

Stock Options, SARs, and Restricted Stock, Restricted Stock Units and Cash Incentive Awards

5.1 Grant

The Committee may grant an Option or SAR Award, or shares of Restricted Stock, Restricted Stock Units or Cash Incentive Awards to any Eligible Person. Subject to the terms of this Plan, the Committee shall determine the restrictions, limitations and other terms and conditions of each Option, SAR Award, and Restricted Stock Award and Restricted Stock Unit Award.

The Committee shall designate each Option as either an ISO or NSO, and shall designate each SAR Award as either a Stand-Alone SAR or a Tandem SAR. A Tandem SAR may not be granted later than when its related Option is granted.

The Committee may, at the time of grant of an Award (other than an Option or SAR) designate such Award as a Performance Compensation Award in order that such Award may constitute qualified performance-based compensation under § 162(m) of the IRC. With respect to each such Performance Compensation Award, the Committee shall (on or before the 90th day of the applicable performance period or such other date as may be required by § 162(m) of the IRC) establish, in writing, a performance period and the applicable performance goals based on the

Performance Measure(s). Once established for a performance period, such performance goals shall not be amended or otherwise modified if and to the extent such amendment or modification would cause the compensation payable pursuant to the Award to fail to constitute qualified performance-based compensation under § 162(m) of the IRC. A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that the performance goals for that Award are achieved and such Participant's Award has been earned for the performance period. As soon as practicable after the close of each performance period, the Committee shall review and determine whether, and to what extent, the performance goals for the performance period have been achieved and certify in writing the level of achievement and, to the extent the performance goals are achieved, determine the amount of the Performance Compensation Award earned by the Participant for such Performance Period. The Committee shall then determine the actual amount of the Performance Compensation Award to be paid to the Participant and, in so doing, may in its sole discretion decrease, but not increase, the amount of the Award otherwise payable to the Participant based upon such performance. The maximum Performance Compensation Award for any one Participant for any one Performance Period shall be determined in accordance with Section 4.5.

5.2 Exercise Price

The Committee shall determine the exercise price of each Option and the base price of each SAR. The exercise or base price per share may not be less than the Fair Market Value on the Grant Date of the Option or SAR.

Vesting may be based on continuous service or on the satisfaction of specified performance goals Performance Measures, as may be amended by the Performance Measure Adjustments or other conditions. A Tandem SAR shall vest if and to the extent that its related Option vests, and shall expire or be cancelled when its related Option expires or is cancelled. No Option or SAR may have an Expiration Date more than 10 years from its Grant Date.

A-5

TABLE OF CONTENTS

Vesting of Awards granted hereunder will be suspended during any paid or unpaid leave of absence by an Employee.

For purposes of ISOs, no such leave may exceed 90 days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three months following the 91st day of such leave, any ISO held by the Employee will cease to be treated as an ISO and will be treated for tax purposes as a NSO. Upon reemployment following a leave of absence, vesting will recommence as of the date of reemployment, and the term of all Awards will be extended by the number of days under the leave of absence, unless such extension would cause the Award to be outstanding for longer than 10 years. After 270 consecutive days under a leave of absence, an Employee will be treated as terminated for purposes of applying the provisions of Section 5.4(c) below with respect to any vested Options and SARs, with the 271st day considered to be the Termination Date. This paragraph will not apply to any award that is subject to § 409A of the IRC unless the applicable Award Agreement provides otherwise.

Notwithstanding anything to the contrary Unless otherwise provided in the underlying Award Agreement, each outstanding Option, and SAR, and shares of Restricted Stock or Restricted Stock Unit held by a Participant shall become fully vested as of his or her Termination Date if the Participant's relationship with the Company terminates by reason of his or her death.

The Company or its designee shall hold, as escrow agent, all shares of Restricted Stock until all restrictions on such shares have lapsed. Notwithstanding the foregoing, the person to whom such shares of Restricted Stock have been awarded may exercise full voting rights with respect to such shares of Restricted Stock and will be entitled to receive all dividends and other distributions paid with respect to such Restricted Stock unless otherwise provided in the Award Agreement.

5.4 Termination of Employment or Service

In the case of an Option, or SAR, or shares of Restricted Stock or Restricted Stock Units held by an Employee whose employment terminates:

(a) if and to the extent that an Option, or SAR or Restricted Stock Unit is unvested as of the Employee's Termination Date, the Option, or SAR or Restricted Stock Unit shall lapse on the Termination Date;

(b) if and to the extent any shares of Restricted Stock are unvested as of the Employee's Termination Date, such Restricted Stock shall be forfeited or the Company shall have the right to repurchase such shares on such terms as shall be specified in the underlying Award Agreement; and

(c) if and to the extent that an Option or SAR is vested as of the Employee's Termination Date, the Option or SAR shall expire (i) on the earlier of (A) 90 days after the Employee's Termination Date or (B) the expiration date of the Option or SAR, or (ii) if the Employee's employment terminated by reason of his or her death, on the earlier of (A) the first anniversary of the Employee's death or (B) the expiration date of the Option or SAR.

Neither the Company nor the Committee shall be under any duty to provide notification to the Participant of the specific terms of this Section 5.4 upon the termination of an Employee or at any other time.

The Award Agreements shall set forth the provisions for the treatment of the Award in the event of the termination of a Participant's service as a Director or Consultant.

5.5 Transferability

Except as provided in the underlying Award Agreement or as permitted by the Committee, no Option, SAR, or shares of Restricted Stock or Restricted Stock Units may be transferred, assigned or pledged, whether by operation of law or otherwise, except as provided by will or the applicable laws of intestacy. No Option, SAR, or shares of Restricted Stock or Restricted Stock Units shall be subject to execution, attachment or similar process. An Option or SAR may be exercised only by the Participant, except in the case of his or her death, when the Option or SAR may be exercised by the person or persons to whom it passes by will or the applicable laws of intestacy.

A-6

TABLE OF CONTENTS

5.6 Additional ISO Rules

To the extent that the aggregate fair market value (determined in respect of each ISO on the basis of the Fair Market Value of a share of Common Stock on the ISO's Grant Date) of the underlying shares of all ISOs that become exercisable by an Employee for the first time in any calendar year exceeds \$100,000, the Options shall be treated as NSOs. This limitation shall be applied by taking ISOs into account in the order in which they were granted.

The Award Agreement underlying an Option that the Committee designates as an ISO shall contain any additional terms, beyond those of this Plan, that the Committee considers necessary or desirable to include to assure that the Option complies with the requirements of § 422 of the IRC.

5.7 Manner of Exercise

A vested Option or SAR may be exercised in full or in part (but only in respect of a whole number of shares) by (i) written notice to the Committee (or to its designee) stating the number of shares in respect of which the Option or SAR is being exercised and, in the case of an Option, (ii) full payment of the exercise price of those shares.

5.8 Payment of Exercise Price

Payment of the exercise price of an Option shall be made by check or, if permitted by the Committee in the underlying Award Agreement, by: (i) delivery of shares of Common Stock having a Fair Market Value on the date of exercise equal to the exercise price; (ii) directing the Company to withhold, from the shares otherwise issuable upon exercise of the Option, shares having a Fair Market Value on the date of exercise equal to the exercise price; (iii) by an open-market broker-assisted sale pursuant to which the Company is promptly delivered the portion of the sales proceeds necessary to pay the exercise price; or (iv) any combination of these methods of payment.

5.9 Tandem SARs

A Tandem SAR shall entitle the Participant to elect to exercise either the SAR or the related Option as to all or any portion of the shares subject to the SAR and Option. The exercise of a Tandem SAR shall cause the immediate and automatic cancellation of its related Option with respect to the same number of shares, and the exercise, expiration or cancellation of the related Option (other than by reason of the exercise of the Tandem SAR) shall cause the automatic and immediate cancellation of the Tandem SAR with respect to the same number of shares.

5.10 Settlement of SARs

Settlement of a SAR may be made, in the Committee's discretion at the time the Award is granted, in shares of Common Stock or in cash, or in a combination of the two, subject to applicable tax withholding requirements. The settlement of a SAR shall be made on the basis of the Fair Market Value of a share of Common Stock on the date that the SAR is exercised.

5.11 No Repricing

Change of Control

Upon a Change of Control, as defined below, unless otherwise provided in the applicable Award Agreement, all outstanding Awards shall become fully vested and exercisable and all restrictions on shares underlying any Restricted Stock Awards shall lapse (subject to the consummation of such Change of Control). The Company shall notify each Participant in writing or electronically not less than fifteen days prior to a Change of Control, to the extent practicable, which notice shall advise the Participants as to the vesting of and lapse of restrictions on their Awards in connection with such contemplated Change of Control. Such notice shall also include either (a) a statement that all Awards will be assumed or substituted with equivalent options or rights in the Change of Control transaction, or (b) if no such assumption or substitution will take place, the specific steps that Participants will need to take if they intend to exercise Options and/or SARs immediately prior to and contingent upon the consummation of the Change of Control. - (a) any Person directly or indirectly acquires or otherwise becomes entitled to vote stock having 51% or more of the voting power in elections for Directors; or
- (b) the Company merges or consolidates with another corporation, and holders of outstanding shares of the Company's Common Stock immediately prior to the merger or consolidation do not own stock in the survivor of the merger or consolidation having more than 50% of the voting power in elections for directors; or
- (c) the Company sells all or a substantial portion of the consolidated assets of the Company and its Subsidiaries, and the Company does not own stock in the purchaser having more than 50% of the voting power in elections for directors.

Notwithstanding the foregoing in this Article 6, with respect to any Award that is subject to § 409A of the IRC, Change of Control means a change in control event as that term is defined in the final regulations issued under § 409A of the IRC, unless a different definition is set forth in the applicable Award Agreement.
