PROXY STATEMENT
FOR
2011 ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished to the stockholders of Shore Bancshares, Inc. (the “Company”) in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the 2011 Annual Meeting of Stockholders. The Annual Meeting of Stockholders will be held on Wednesday, April 27, 2011, at 11:00 a.m., local time, at the Avalon Theatre, 42 East Dover Street, Easton, Maryland 21601, and at any adjournments thereof. The expense of preparing, printing, and mailing the proxies and solicitation materials will be borne by the Company. In addition to solicitations by mail, the Company may solicit proxies in person, by telephone or by electronic means, and may arrange for brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy material to their principals at the expense of the Company. The approximate date on which this Proxy Statement and attached form of Proxy are being mailed to stockholders is March 24, 2011.

PURPOSES OF THE MEETING

At the Annual Meeting, stockholders will be asked to (i) vote on the election of five director nominees named in this Proxy Statement to the Board of Directors (Proposal 1), (ii) ratify the Audit Committee’s appointment of the Stegman & Company to serve as the Company’s independent registered public accounting firm for fiscal year 2011 (Proposal 2), (iii) adopt a non-binding advisory resolution approving the compensation of the Company’s “named executive officers” (as defined below in the section entitled “EXECUTIVE COMPENSATION”), also known as the “Say-on-Pay” vote (Proposal 3), (iv) recommend, by non-binding advisory vote, the frequency (every year, every two years, or every three years) of future Say-on-Pay votes (Proposal 4), and (v) consider such other business as may properly come before the Annual Meeting (Proposal 5).

RECORD DATE; OUTSTANDING SHARES; VOTING RIGHTS; QUORUM AND REQUIRED VOTE

Holders of record at the close of business on March 11, 2010 (the “Record Date”) of outstanding shares of the Company’s common stock, par value \$.01 per share (“Common Stock”), are entitled to notice of and to vote at the meeting. As of the Record Date, the number of shares of outstanding Common Stock entitled to vote is 8,443,436 shares. Each share is entitled to one vote.

The presence, in person or by proxy, of stockholders entitled to cast a majority of all votes entitled to be cast at the Annual Meeting will constitute a quorum. Directors are elected by a plurality of all votes cast at the Annual Meeting, so the withholding of a vote, an abstention and a broker non-vote will have no impact on the outcome of the vote on Proposal 1, as described in this Proxy Statement, but all of the foregoing will be counted for purposes of determining whether a quorum is present for the transaction of business. The ratification of the appointment of Stegman & Company as the Company’s independent registered public accounting firm, as described in Proposal 2, and the approval of the advisory Say-on-Pay vote, as described in Proposal 3, will be decided by a majority of all votes cast on those matters. Accordingly, abstentions and broker non-votes with respect to Proposal 2 and Proposal 3 will be counted for purposes of determining the presence of a quorum but will have no impact on the outcome of the votes on those proposals. The recommendation of stockholders, by advisory vote, with respect to frequency with which future Say-on-Pay votes should be presented to stockholders for

consideration, as described in Proposal 4, will be determined based on the option (every one, two, or three years) that receives a majority of all votes cast at the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum but will have no impact on the outcome of the vote on Proposal 4. Except in cases of certain extraordinary matters for which the Company's governing instruments or applicable law require a different proportion, the affirmative vote of a majority of all shares of Common Stock voted at the Annual Meeting is sufficient to approve any motion that comes before the meeting pursuant to Proposal 5, as described in this Proxy Statement. Accordingly, abstentions and broker non-votes with respect to any motion that comes before the meeting pursuant to Proposal 5 (other than certain extraordinary matters as discussed above) will be counted for purposes of determining the presence of a quorum but will have no impact on the outcome of the vote on such motion.

All properly executed proxies received pursuant to this solicitation will be voted as directed by the stockholder on the proxy. If no direction is given, the proxy will be voted FOR ALL NOMINEES named in Proposal 1, FOR the ratification of the appointment of Stegman & Company as the Company's independent registered public accounting firm, as described in Proposal 2, FOR the adoption of the resolution approving the compensation of the named executive officers, as described in Proposal 3, FOR a recommendation that future Say-on-Pay votes, as described in Proposal 4, be presented to stockholders for consideration every year, and in the discretion of the proxies as to any other matter that may properly come before the meeting pursuant to Proposal 5.

A stockholder may revoke the proxy at any time prior to its use by execution of another proxy bearing a later date, or by written notice delivered to W. Moorhead Vermilye, Chief Executive Officer of the Company, at the Company's address listed above or at the meeting.

The Company's Executive Committee consists of Christopher F. Spurry, Chair, Blenda W. Armistead, Lloyd L. Beatty, Jr., William W. Duncan, F. Winfield Trice, Jr. and W. Moorhead Vermilye. Richard C. Granville served on the committee from January 1, 2010 until April 28, 2010, at which time Mr. Granville's term as director expired and he did not seek reelection. The Executive Committee has the authority to exercise the powers of the Board in the management of the business and affairs of the Company, subject to any restrictions imposed by law and to subsequent revision or alteration of any such action by the Board of Directors of the Company. The Executive Committee did not meet in 2010.

The Company's Audit Committee is established pursuant to Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and consists of Neil R. LeCompte, Chair, James A. Judge and Blenda W. Armistead. The Board has determined that Mr. LeCompte qualifies as an "audit committee financial expert" as that term is defined by the Securities and Exchange Commission ("SEC") in Item 407 of Regulation S-K. The Audit Committee assists the Board in monitoring the integrity of the financial statements, the performance of the Company's internal audit function, and compliance by the Company with legal and regulatory requirements, and it oversees the qualification, hiring, performance, compensation, and independence of the Company's independent auditors, including whether satisfactory accounting procedures are being followed. Wilson, and is responsible for identifying qualified individuals for nomination to the Board of Directors, considering candidates for nomination proposed by stockholders, recommending director nominees to the Board (see discussion below under the heading “Director Recommendations and Nominations” in the section entitled “CORPORATE GOVERNANCE MATTERS”), recommending directors for each Board committee, and making recommendations to the Board with respect to corporate governance guidelines. Wilson are “independent directors”, and these independent directors constitute a majority of the Company’s Board of Directors. If elected, director nominee Frank Mason will also meet the definition of an “independent director”. Each member of the Compensation Committee and of the Nominating Committee is an “independent director” as defined by NASDAQ Rule 4200(a)(15), and each member of the Audit Committee meets the independence standards of NASDAQ Rule 4350(d)(2). These independent directors engaged in no transactions with the Company or its subsidiaries other than those disclosed below in the section entitled “CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS”.

Board Leadership Structure and Risk Oversight Role

The position of Chairman of the Board of Directors and the position of Chief Executive Officer are not held by the same person. The Board’s philosophy is and has been to fill the position of Chairman with an independent director. The foregoing structure is not mandated by any provision of law or of the Company’s Charter or Amended and Restated By-Laws, as amended (the “By-Laws”), but the Board of Directors believes that this structure provides the best balance of authority between management and the Board.

The duties of the Chairman include: (i) acting as a liaison and channel for communication between the independent directors and the Chief Executive Officer; (ii) providing leadership to ensure the Board works cohesively and independently and during times of crisis; (iii) advising the Chief Executive Officer as to the quality, quantity and timeliness of information from executive management to the independent directors; (iv) being available to consult with the Chief Executive Officer and other directors on corporate governance practices and policies; (v) coordinating the assessment of Board committee structure, organization and charters and evaluating the need for change, as well as committee membership; (vi) together with the chairperson of the Nominating Committee, interviewing all Board candidates and making recommendations concerning such candidates; (vii) coordinating, developing the agenda and leading executive sessions of the independent directors and communicating the results thereof to the Chief Executive Officer; (viii) ensuring appropriate segregation of duties between board members and management; (ix) suggesting

agenda items for Board

meetings; and (x) together with the Chair of the Compensation Committee, communicating the Board's evaluation of the performance of the Chief Executive Officer.

The Board of Directors of the Company is actively involved in the Company's risk oversight activities through the work of its various committees and through the work of the boards of directors and committees of the Company's subsidiaries, a number of which have Company directors as members. In addition to meeting in committee, the independent directors of the Company meet in executive session after each regular Board meeting to allow for open discussion without the presence of Company management.

The Nominating Committee, which is also charged with overseeing corporate governance matters, performs an annual assessment of the effectiveness of the Board and its committees in carrying out their respective duties.

In addition to the foregoing, the Company has adopted a Code of Ethics that applies to all of its directors, officers, and employees, including its principal executive officer, principal financial officer, principal accounting officer, or controller, and persons performing similar functions.

Board Meeting Attendance

The Board of Directors held seven meetings in 2010. No incumbent director during the last full fiscal year attended fewer than 75% of the aggregate of (1) the total number of meetings of the Board of Directors (held during the period for which that person served as a director); and (2) the total number of meetings held by all committees of the Board on which that person served (held during the period served).

Director Recommendations and Nominations

The Nominating Committee is responsible for assembling and maintaining a list of qualified candidates to fill vacancies on the Board, and it periodically reviews this list and researches the talent, skills, expertise, and general background of these candidates. The Nominating Committee will from time to time review and consider candidates recommended by stockholders. Stockholder recommendations should be submitted in writing to: Shore Bancshares, Inc., 18 East Dover Street, Easton, Maryland 21601, Attn: W. David Morse, Secretary; and must specify (i) the recommending stockholder's contact information, (ii) the class and number of shares of the Company's Common Stock beneficially owned by the recommending stockholder, (iii) the name, address and credentials of the candidate for nomination, and (iv) the candidate's consent to be considered as a candidate.

Whether recommended by a stockholder or chosen independently by the Nominating Committee, a candidate will be selected for nomination based on his or her talents and the needs of the Board. The Nominating Committee does not have a formal policy pursuant to which it considers specific diversity criteria when selecting nominees, such as education, professional experience, skills, race or gender. Rather, the Nominating Committee's goal in selecting nominees is to identify persons who have business and other ties to the communities and industries served by the Company, and who have skills, education and other attributes that will meet the needs of the Board at that time and, generally, that are complimentary to the skills and attributes possessed by existing directors. When searching for and appointing directors to fill a particular committee position, the Nominating Committee searches for persons who will meet the independence standards required for those committees and who possess skills and attributes that will allow the committee to be effective. The Nominating Committee also strives to select individuals who it believes will work well with the other directors at the highest level of integrity and effectiveness.

A candidate, whether recommended by a Company stockholder or otherwise, will not be considered for nomination unless he or she is of good character and is willing to devote adequate time to Board duties. In assessing the qualifications of potential candidates, the Nominating Committee will also consider the candidate's experience,

judgment, and civic and community relationships, and the diversity of backgrounds and experience

among existing directors. Certain Board positions, such as Audit Committee membership, may require other special skills, expertise, or independence from the Company.

It should be noted that a stockholder recommendation is not a nomination, and there is no guarantee that a candidate recommended by a stockholder will be approved by the Nominating Committee or nominated by the Board of Directors. A stockholder who desires to nominate a candidate for election may do so only in accordance with Article II, Section 4 of the Company's By-Laws, which provides that directors may be nominated by stockholders by written request to the Secretary of the Company received not less than 120 days nor more than 180 days prior to the date fixed for the meeting. Additional time constraints are applicable in the cases of a change in stockholder meeting date or a special meeting called for the purpose of electing directors. As provided in the By-Laws, the notice of nomination must specify: (a) the name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the number of shares of capital stock of the Company owned by each proposed nominee; (d) the name and residence address of the notifying stockholder; (e) the number of shares of capital stock of the Company owned by the notifying stockholder; (f) the consent in writing of the proposed nominee as to the proposed nominee's name being placed in nomination for director; (g) a description of all arrangements or understandings between such notifying stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such notifying stockholder, (h) a representation that such notifying stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice; and (i) all information relating to such proposed nominee that would be required to be disclosed by Regulation 14A under the Exchange Act and Rule 14a-11 promulgated thereunder, assuming such provisions would be applicable to the solicitation of proxies for such proposed nominee.

Stockholder Communications with the Board of Directors

Stockholders may communicate with the Company's Board of Directors by contacting W. David Morse, Secretary, at Shore Bancshares, Inc., 18 East Dover Street, Easton, Maryland 21601 or (410) 763-7800. All communications will be forwarded directly to the Chairman of the Board for consideration.

The Company believes that the Annual Meeting is an opportunity for stockholders to communicate directly with directors and, accordingly, expects that all directors will attend each Annual Meeting. If you would like an opportunity to discuss issues directly with our directors, please consider attending this year's Annual Meeting. At the 2010 Annual Meeting, all directors (who were serving as such) were in attendance except Mr. Granville.

DIRECTOR COMPENSATION

Directors of the Company who are not also employees of the Company or any of its bank subsidiaries (i.e., Talbot Bank, CNB or Felton Bank), referred to as "outside directors", receive fees for attending regular, special and committee meetings of the Board of Directors, as well as annual retainers. Outside Directors of the Company who also serve on the boards of directors of Talbot Bank and CNB also receive fees for attending meetings of those boards and their committees, as well as retainers. Outside directors of the Company who served on the board of directors of Felton Bank prior to its merger with CNB likewise received fees for attending Felton Bank board and committee meetings. In addition, CNB has entered into certain compensatory agreements with Mr. Pierson. These fee and other compensatory arrangements are discussed in detail below.

The following table provides information about the compensation paid to or earned by the Company's directors during 2010 who are not named executive officers. Company Director Compensation

During 2010, outside directors of the Company received \$300 for attending each meeting of the Board and its committees on which those directors served as members. Board and committee chairpersons (Messrs. Spurry, Judge and LeCompte and Ms. Armistead) received \$500 for attending Board or committee meetings of which they were the chairpersons. In addition, the Chairman of the Board (Mr. Spurry) received a \$10,000 annual retainer and each other director received a \$5,000 annual retainer.

All directors of the Company and of its subsidiaries are eligible to participate in the Shore Bancshares, Inc. 2006 Stock and Incentive Compensation Plan (the "2006 Equity Plan"), which is discussed below in the section entitled "COMPENSATION DISCUSSION AND ANALYSIS".

Talbot Bank Board Compensation

During 2010, outside directors of the Company who served as directors of Talbot Bank (Messrs. Andrew and Spurry and Ms. Armistead) also received an annual retainer of \$5,000 per year for serving on the board of directors of Talbot Bank, plus \$200 per meeting attended. Talbot Bank paid these fees. Directors are compensated once for attending joint meetings of the Company's Board and the board of directors of Talbot Bank.

CNB Board Compensation

During 2010, outside directors of the Company who served as directors of CNB (Messrs. Bowman, Judge, LeCompte and Pierson) also received an annual retainer of \$10,000, plus \$100 for each meeting attended. These fees were paid by CNB. Directors are compensated once for attending joint meetings of the Company's Board and the board of directors of CNB.

In 1997, CNB entered into a Director Indexed Fee Continuation Plan Agreement (a "Director Fee Agreement") with Mr. Pierson that calls for the payment of certain benefits on and after retirement from the Board. The benefits are funded by a life insurance policy on the life of each participant, which is owned solely by CNB. Each year during a participant's service to the Board, CNB deposits to or withdraws from a retirement account an amount equal to the difference between the annual after-tax earnings or loss, respectively, generated by the insurance policy and the "Cost of Funds" (as defined in the Director Fee Agreement) for that year. Upon normal retirement after age 65, the participant is entitled to receive (i) the balance of his retirement account paid in 15 annual installments commencing 30 days after retirement, and (ii) each year after retirement until death, the difference between the after-tax income generated by the policy for that year and the "Cost of Funds" for that year. If the participant elects early retirement after reaching age 55 but before age 65, then he will be entitled to receive (x) the balance of his retirement account as of the date of retirement paid in 15 annual installments commencing at age 65, and (y) each year after early retirement until death, the difference between the after-tax income generated by the policy for that year and the Cost of Funds for that year. If a participant should retire prior to reaching age 55, then no benefits will be paid. If a participant should die prior to receiving the entire amount of his retirement account, then his designated beneficiaries will receive the unpaid amount as a lump sum payment. If a participant's service is terminated following a "Change of Control", then he will be automatically vested in the promised normal retirement benefits and entitled to receive them starting at age 65. At December 31, 2010, the retirement account balance for Mr. Pierson was \$232,387.

In connection with the Director Fee Agreement, CNB and Mr. Pierson entered into a Life Insurance Endorsement Method Split-Dollar Plan Agreement in 1997 (a "Director Endorsement Agreement") pursuant to which CNB agreed to endorse to the beneficiaries named by Mr. Pierson 80% of the net-at-risk insurance portion of the death benefits payable to CNB under the insurance policy discussed above on the life of that director. The net-at-risk portion of the proceeds is defined as the total proceeds paid at death less the then cash value of the policy. The benefit payable under the Director Endorsement Agreements as of December 31, 2010 to the beneficiaries of Mr. Pierson was approximately \$761,989.

Felton Bank Board Compensation

During 2010, Mr. Spurry served as a director of Felton Bank and received \$250 for each meeting attended. These fees were paid by Felton Bank. Directors of the Company who were also directors of Felton Bank during 2010 were compensated once for attending joint meetings of the Company's Board and the board of directors of Felton Bank.

Avon-Dixon Agency Board Compensation

During 2010, Mr. Wilson served as a director of Avon-Dixon and received an additional \$750 for meetings of its Board of Directors. These fees were paid by Avon-Dixon.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This discussion and analysis describes briefly the philosophy, strategy and major details of the Company's approach to compensating key executives, the various components of executive compensation, and the executive compensation decisions made in 2010. The Compensation Committee has developed the compensation approach over several years with guidance from management and the Company's independent compensation and benefits consultants.

The Compensation Committee expects senior management of the Company to lead and direct the Company's staffing to exceed customer expectations and to produce superior returns for stockholders. Later in this Proxy Statement, in the section entitled "EXECUTIVE COMPENSATION", stockholders will find tables and narrative disclosure containing detailed information concerning compensation earned by or paid to the Company's "named executive officers" in 2010, which persons include:

- W. Moorhead Vermilye — Chief Executive Officer (also served as President until January 1, 2011)
 - Susan E. Leaverton — Treasurer and Principal Accounting Officer
- Lloyd L. Beatty, Jr. — President and Chief Operating Officer (appointed President effective January 1, 2011)
 - William W. Duncan — President, Talbot Bank
 - F. Winfield Trice, Jr. — President, CNB

The discussion below is intended to help stockholders understand the information provided in the "EXECUTIVE COMPENSATION" section and provide context for the Company's overall executive compensation program and the 2010 executive compensation decisions.

Objective

The primary objective of the Compensation Committee's approach is to provide competitive levels of compensation so that the Company may attract, retain and reward outstanding executive officers. In a highly competitive community banking marketplace, excellent leadership is essential. The Company's executive officers are expected to manage the business of the Company and its subsidiaries in a manner that promotes growth and profitability for the benefit of stockholders, while exceeding the requirements and service expectations of the Company's customers. To that end, the Committee believes that:

- Key executives should have compensation opportunities at levels that are competitive with peer institutions;
- Total compensation should include "at risk" components that are linked to annual and long-term performance results; and

- Stock-based compensation should form a key component of total compensation as a means of linking senior management to the long-term performance of the Company and aligning their interests with those of stockholders.

Discussion of the Compensation Committee's Philosophy on Executive Compensation

The Company's success depends on the ability of its key executives to meet and exceed operational and financial goals defined in the Company's business plan. Consequently, the Compensation Committee applies the following principles when structuring compensation arrangements for key executives:

1. Benchmarking – In order to determine competitiveness in the marketplace, the Committee relies on an analysis of peer institutions, comparable in asset size and corporate structure, prepared by the Compensation Consulting Practice of Lockton Companies, LLC ("Lockton"), an independent compensation advisor retained by the Compensation Committee. The members of this peer group include:

ACNB Corporation	First National Community Bancorp, Inc.
Alliance Financial Corporation	First South Bancorp, Inc.
American National Bankshares, Inc.	First United Corporation
Ameriserv Financial, Inc.	FNB United Corporation
Bank of Granite Corporation	Franklin Financial Services Corporation
Bryn Mawr Bank Corporation	National Bankshares, Inc.
C & F Financial Corporation	Newbridge Bancorp
Capital Bank Corporation	Old Point Financial Corporation
Citizens & Northern Corp	Penns Woods Bancorp, Inc.
CNB Financial Corporation	Republic First Bancorp
Eagle Bancorp, Inc.	Vist Financial
Eastern Virginia Bankshares, Inc.	

The Committee believes that total direct compensation should be established at a level that is competitive with the Company's defined peer group. In addition, the Committee believes that it is essential to offer competitive supplemental benefit arrangements and perquisites, in certain instances to round out the executive compensation package and ensure that the package has the proper retention value.

2. Allocation of Elements of Compensation – The Committee believes that the weighting of compensation elements should vary within the management group to reflect the role of each executive and his or her ability to influence short- and long-term performance. In general, the Committee believes that fixed base salary should approximate 50% of the targeted total compensation opportunity for senior management, with the balance split between short-term (cash) and long-term incentives (such as stock options and time- and performance-based stock awards), as the circumstances dictate. Finally, while not a significant component of the executive compensation package, fringe benefits, including supplemental retirement benefits, for several executives are important to enhance the retention value of the executive compensation package. These fringe benefits may include car allowances, country club dues and supplemental insurance and retirement benefits.

Elements of and Rationale for 2010 Compensation

The Compensation Committee uses the following primary elements of compensation and benefits to recruit, retain and reward key executives:

- 1.

Employment Agreements – The Committee believes that securing the continued service of certain key executives is essential to the Company’s success, and it attempts to do this through competitive and creative compensation arrangements. In certain cases, the Compensation Committee will recommend that the Company enter into an employment agreement with a key executive, which will typically provide for a

competitive salary, the possibility of cash and non-cash incentive awards, participation in the Company's equity compensation plans, and provisions for payments upon certain severances and changes in control. The Committee believes that this type of agreement provides security to both the Company and the executive, in that it clearly defines the obligations and expectations of each party, protects the Company's business interests, and rewards a loyal and valuable executive in the event that his or her service is unexpectedly terminated.

The Company entered into an employment agreement with Mr. Vermilye in connection with its 2000 merger with Talbot Bancshares, Inc. The agreement originally provided that he was to serve as President and Chief Executive Officer of the Company and of Talbot Bank. On December 1, 2005, Mr. Vermilye's agreement was renewed for an additional five-year term. Thereafter, the agreement provides for automatic renewals for successive one-year terms unless notice is given by either party 90 days prior to the commencement of any renewal term. The current term of Mr. Vermilye's contract expires on December 1, 2011.

In addition to an annual salary and participation in various executive compensation plans, Mr. Vermilye's agreement provides for continued compensation in the event he becomes disabled, as follows: 100% for the first six months of disability; 75% for the next 12 months; and 50% thereafter for the remainder of the terms of the agreement (inclusive of any benefits payable to the employee under the provisions of any disability insurance). In the event that Mr. Vermilye returns to active employment on other than a full-time basis, then his compensation may be reduced in proportion to the time he was employed. If he again becomes disabled, then the foregoing benefits will (a) begin again at 100% for the first six months if he has been engaged in active full-time employment for more than 12 months immediately prior to the later disability or (b) resume where benefits left off if he has been engaged in active full-time employment for 12 months or less immediately prior to the later disability.

The agreement provides that the Company may terminate Mr. Vermilye's employment agreement at any time. If the Company terminates the agreement for "cause" (as defined in the agreement), then Mr. Vermilye generally will not be entitled to any further compensation or benefits. If the Company terminates the agreement other than for cause (except in connection with a change in control, as discussed below), then Mr. Vermilye will be entitled to a continuation of salary, at the then-current rate, for the greater of (i) the remainder of the term of his agreement or (ii) 24 months. The agreement further provides that, in the event Mr. Vermilye is terminated without cause within 12 months following a "change in control" (as defined in the employment agreement) or terminates his employment within 12 months following a change in control for certain specified reasons, he will be entitled to receive a lump sum payment equal to the difference between 2.99 times his "base amount" (as defined in the Internal Revenue Code) and all other parachute payments to which he is entitled to receive upon the change in control and subsequent termination.

Mr. Vermilye has agreed during the term of his agreement not to be a director, an officer, or an employee of, or a consultant to, any federal or state financial institution operating in Queen Anne's County, Kent County, Caroline County, Talbot County, or Anne Arundel County in Maryland or Kent County in Delaware, other than Talbot Bank or its subsidiaries or affiliates.

Messrs. Beatty, Duncan and Trice and Ms. Leaverton are not parties to written employment agreements with the Company or its subsidiaries, but they are entitled to receive what the Compensation Committee believes to be very competitive compensation packages. In 2008, Lockton recommended that the Company enter into employment agreements with these executive officers and the Committee took that recommendation under advisement. The Committee believes that entering into employment agreements with executive officers other than Mr. Vermilye is not warranted at this time. The Committee may revisit this matter in the future.

Mr. Duncan was hired in 2006 and, to attract him to the organization, the Compensation Committee believed it was essential to provide a robust compensation package. Mr. Duncan's compensation package was developed by the Compensation Committee not only to pay and reward him for his service with the Company but also to compensate him for the loss of certain benefits that he forfeited when he terminated his previous employment. Part of his package includes the right to receive, subject to the satisfaction of certain vesting and other requirements, annual awards of restricted stock under the 2006 Equity Plan starting in 2007 and certain guaranteed payments under the Company's deferred compensation arrangements.

2. Salary – A competitive salary for senior management is essential. Furthermore, flexibility to adapt to the particular skills of an individual or the Company's specific needs is required. Each year, proposed salary adjustments for senior management are presented to the Compensation Committee by Mr. Vermilye, typically in December. The Compensation Committee reviews the recommendations and makes any further adjustments with input from the Compensation Committee's independent compensation adviser. Recommendations regarding adjustments to Mr. Vermilye's salary are heard and discussed in executive session and, if appropriate, approved by the Compensation Committee in executive session.

The Compensation Committee determined that salaries paid to senior management in 2009 were generally at or below the targeted levels of our peer group. Due to the overall performance of the Company for 2009, however, the Compensation Committee froze base salaries for each of the named executive officers.

For 2009 and 2010, executive salaries were as follows:

Name	Title	Base Salary		Increase	
		2009	2010	Amount	Percentage
W. Moorhead Vermilye	Chief Executive Officer	324,000	324,000	0	0.0 %
Susan E. Leaverton	Chief Financial Officer	156,600	156,600	0	0.0 %
Lloyd L. Beatty, Jr.	Chief Operating Officer	294,000	294,000	0	0.0 %
William W. Duncan	CEO Talbot Bank	284,100	284,100	0	0.0 %
F. Winfield Trice, Jr.	CEO CNB	222,300	222,300	0	0.0 %

3. Annual Bonus – The Company's bonus program, the Management Incentive Plan (the "MIP"), was developed to provide additional cash compensation to key management personnel when corporate and individual performance meet or exceed specific predetermined goals. Incentive award targets are assigned to each executive based on the executive's position and responsibilities and identified comparative compensation targets and mix outlined in our executive compensation philosophy. Target awards for 2010 ranged from 30% to 75% of the prior year's salary, depending on the executive's position. Within these target awards are specific, individualized metrics for each executive based on his or her position and responsibilities and our overall compensation objectives. Target awards are weighted between Company net income performance and individual executive performance, and each component of the target award is subject to a formulaic upward or downward adjustment when performance exceeds or falls below targeted expectations, as follows:

Percent of Company Performance	Percent of Company Incentive Award	Percent of Division / Individual Goal Performance	Percent of Division / Individual Incentive Award
120%	150 %	120% or (Exceeded All Goals)	150 %
110%	120 %		120 %

110% or (Met All and Exceeded Some Goals)

100%	100	%	100% or (Met Most Goals)	100	%
85%	50	%	85% or (Met Some Goals)	50	%
Less than 85%	0	%	Less than 85% or (Did Not Meet Goals)	0	%

For Mr. Vermilye, the 2010 target award was 75% of his 2009 annual salary, weighted 50% and 50% between the Company's net income target performance and individual performance, respectively. For Mr. Beatty, the 2010 target award was 40% of 2009 annual salary, weighted 50% and 50% between the Company's net income target performance and individual performance, respectively. For Ms. Leaverton, the 2010 incentive award was 40% of 2009 annual salary, weighted 40% and 60% between the Company's net income target performance and individual performance, respectively. For Mr. Duncan, the 2010 target award was 50% of 2008 annual salary, weighted 40% and 60% between the Company's net income target performance and individual performance, respectively. For Mr. Trice, the 2010 target award was 30% of 2009 annual salary, weighted 40% and 60% between the Company's net income target performance and individual performance, respectively.

The Company's net income target for 2010 was \$9 million. The 2010 division/individual goals for Mr. Vermilye included achieving a return on average assets, return on average equity and efficiency ratio in the top 40% of the Company's Peer Group, defined above, and a satisfactory performance evaluation to be conducted by the Nominating Committee. The 2010 division/individual goals for Mr. Beatty included ongoing merger and acquisition target development, continuation of investor relations road show programs, and successful update of the Company-wide strategic plan. The 2010 division/individual goals for Ms. Leaverton were to assist in the identification and successful recruitment of affiliate financial officers for subsidiary banks and complete staffing of the finance department. The 2010 division/individual goals for Mr. Duncan were achievement at Talbot Bank of budgeted earnings, maintain a net interest margin of 4.10% and maintain acceptable overall CAMELS rating. Mr. Trice's 2010 division/individual goals were to complete the merger of Felton Bank into CNB, maintain a net interest margin of 4.10% and achieve a return on average assets of 0.90%.

These goals and awards, other than for Mr. Vermilye, were determined based on a review of 2010 performance results provided by Mr. Vermilye and his recommendations, as well as advice provided by the Compensation Committee's external compensation advisor. The Compensation Committee reviewed these recommendations and compared the proposed awards and the projected total annual cash compensation for each executive to the executive compensation parameters established under our executive compensation philosophy. The Compensation Committee determined the 2010 goals and possible payouts for Mr. Vermilye in executive session after considering Mr. Vermilye's personal performance against several pre-established performance goals, including, but not limited to, our financial/operating performance, management of our succession plan, and stock performance.

For 2010, the named executive officers did not receive any MIP bonus awards. Despite the fact that a number of the Division/Individual goals were met, the Compensation Committee felt that the Company's earnings performance did not justify payment of cash incentive awards. The Compensation Committee awarded a discretionary bonus of \$20,000 to Mr. Trice in recognition of the outstanding performance of CNB and his facilitation of the merger of Felton Bank and CNB.

4. Stock-Based Compensation – The Compensation Committee believes that stock-based compensation is an important component of the Company's overall executive compensation package. In 2006, the Board and the stockholders approved the 2006 Equity Plan. Participation under the 2006 Equity Plan is available to all directors of the Company and its subsidiaries and all officers, employees and consultants of the Company and its subsidiaries who, in the opinion of the Compensation Committee, can contribute significantly to the growth and profitability of, or perform services of major importance to, the Company and its subsidiaries. The 2006 Equity Plan permits the Compensation Committee, in its sole discretion, to grant stock options (both incentive and non-qualified stock options), stock appreciation rights (settled in cash, stock or both), restricted stock, restricted stock units (settled in cash, stock or both), and performance units (settled in cash, stock or both). The Compensation Committee may make the degree of payout and/or vesting of any award dependent upon the attainment of certain performance goals, measured over certain performance periods. Performance goals may be specific to a participant,

specific to the performance of the Company generally, or specific to the performance of a subsidiary of the Company, a division, a business unit, or a line of business served by a participant. Performance goals may be based on stock value (and/or increases therein), earnings per share or growth in earnings per share, net income, earnings or earnings growth, operating profit, operating cash flow, operating or other expenses, operating efficiency, return on equity, assets, capital or investments, deposits, loan volume or growth, the efficiency ratio, customer satisfaction, regulatory compliance, operating or other margins, non-performing assets, productivity, and any other number of qualitative or quantitative benchmarks.

Each award will be reflected in an agreement between the Company and the participant, will be subject to the applicable terms and conditions of the 2006 Equity Plan and may also be subject to other terms and conditions contained in the award agreement consistent with the 2006 Equity Plan that the Compensation Committee deems appropriate, including accelerated vesting or settlement in the event of a participant's death, disability or termination of employment. The provisions of the various agreements entered into under the 2006 Equity Plan do not need to be identical.

In January 2010, the Committee granted stock awards to each of the named executive officers based on their contributions during 2009 and their levels of responsibility. Mr. Vermilye received 1,864 fully-vested shares valued at \$25,000. Mr. Trice received 1,104 fully-vested shares valued at \$14,800 and 3,730 restricted shares of Common Stock valued at \$50,001 that vest over three years (0%, 50% and 50%). Mr. Beatty received 3,729 restricted shares of Common Stock valued at \$50,000 that vest over three years (0%, 50% and 50%). Ms. Leaverton received 2,237 restricted shares of Common Stock valued at \$30,000 that vest over three years (0%, 50%, and 50%). Mr. Duncan received 8,000 restricted shares of Common Stock valued at \$107,240 that vest at a rate of 20% per year, except that all unvested shares will vest on March 11, 2012 provided he is employed with Talbot Bank on that date, as well as his annual award of 2,691 shares of stock valued at \$36,076 in accordance with the terms of his employment offer.

Further information about the 2010 equity awards is provided in the section of this Proxy Statement entitled "EXECUTIVE COMPENSATION".

5. Non-Qualified Deferred Compensation and Other Post-Termination Plans – The Compensation Committee believes that non-qualified compensation plays an important role in retaining key executives, as well as helping them provide for retirement. The Committee retained Lockton to analyze the total retirement benefits expected to be provided to an employee by the Company, as well as his or her probable social security benefits, so that the Committee could determine the projected replacement ratio of income at retirement compared with active employment. Because of limits under the Company's qualified retirement plan on the amount of deferrals that executives can make, the Committee expects several of the Company's executives to have a lower retirement replacement ratio than the Committee has targeted for all employees. Consequently, as a matter of "pension equity", we have adopted certain non-qualified deferred compensation plans.

In October 2006, the Company adopted the Shore Bancshares, Inc. Executive Deferred Compensation Plan (the "Company Deferred Compensation Plan"), which permits executive officers selected by the Compensation Committee to elect, each year, to defer receipt of up to 100% of their salaries and bonuses to be earned in the following year. This plan also permits the participant to defer the receipt of performance-based compensation not later than six months before the end of the period for which it is to be earned. The Company has the authority to agree, with respect to any participant, to make mandatory, matching, and discretionary contributions. Amounts deferred by a participant and amounts contributed by the Company are credited to accounts maintained on behalf of the participant and are deemed to be invested in certain investment options established from time to time by the Compensation Committee. Matching contributions for a plan year, if any, are announced prior to the beginning of that year.

Discretionary contributions for a plan year, if any, may vary among participants and are credited to the participant's account at the end of the plan year in which they are made.

For Mr. Vermilye, the Company agreed to make an annual mandatory contribution of \$20,000 for each full Plan Year (as defined in the Company Deferred Compensation Plan) in which he is an employee, starting with the Plan Year that began January 1, 2007. The contributions were formulated based on the contribution that has historically been made under the Talbot Bank Deferred Compensation Plan (the "Talbot Deferred Compensation Plan"), which was phased out for plan years beginning on and after January 1, 2007. The Talbot Deferred Compensation Plan is discussed in more detail below in the section of this Proxy Statement entitled "Executive Compensation".

For Mr. Duncan, the Company agreed as part of its 2006 offer of employment to make mandatory contributions equal to 21% of his cash compensation that exceeds the limit established in Section 415 of the Internal Revenue Code, plus the following amounts for the first five Plan Years beginning January 1, 2007, assuming he is employed in those years:

Year	Amount (\$)
2007	28,914
2008	30,649
2009	32,488
2010	34,437
2011	36,503

The mandatory contributions for Mr. Duncan were meant to replace the value of certain benefits that he forfeited when he terminated employment with his previous employer.

No other named executive officer is entitled to receive mandatory contributions. The Company made a discretionary contribution of \$20,000 for Mr. Vermilye, but did not make any other discretionary contributions in 2010 due to current economic conditions and the Company's focus on preserving capital.

6.401(k) Plan - In furtherance of the Committee's belief that every employee should have the ability to accrue valuable retirement benefits, the Company adopted the Shore Bancshares, Inc. and Subsidiaries 401(k) Profit Sharing Plan on January 1, 2002, which is available to all employees, including executive officers, who have completed six months of service. In addition to contributions by participants, the plan contemplates annual employer matching contributions equal to 100% of the member's pay reduction contributions up to 3% of base salary, plus 50% of contributions which exceed 3% of base salary, up to 5% of base salary, as well as employer discretionary contributions that are made on a pro-rata basis to all eligible employees based on compensation levels. The discretionary contribution is determined by the Board of Directors in conjunction with the approval of the annual operating budget of the Company. Contributions are made after the end of each fiscal year. The Company did not make any discretionary contributions for the 2010 plan year due to the earnings performance of the Company.

7. Perquisites – The Compensation Committee believes that certain perquisites and other personal benefits can be effective elements of a compensation package, because they can permit and encourage executives to perform their duties better and generate business for the Company. Perquisites provided by the Company to various executives may include such things as vehicle allowances, country club dues and supplemental insurance.

Accounting and Tax Considerations

Other than with respect to the MIP, the Compensation Committee has structured the compensation program to comply with Section 162(m) and Section 409A of the Internal Revenue Code (the “Code”). Under Section 162(m), a limitation was placed on tax deductions of any publicly held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive is subject to regular federal income tax, interest, and an additional federal income tax of 20% of the benefit includible in income. The Company has no individuals with non-performance based compensation paid in excess of the Section 162(m) tax deduction limit.

The Compensation Committee’s stock option grant policies have been impacted by the implementation of Financial Accounting Standards Board ASC Topic 718 (“ASC 718”). Details related to the adoption of ASC 718 and the impact to the Company’s financial statements are discussed in the Notes to the Consolidated Financial Statements included in the accompanying Annual Report on Form 10-K under the heading “Stock Based Compensation”.

The Committee has structured the change in control provision of Mr. Vermilye’s employment agreement to minimize income tax penalties that could be imposed on the Company and/or Mr. Vermilye under Section 280G of the Code. Under Section 280G, an excise tax is imposed on an executive officer who receives payments that are deemed to be contingent on a change in the ownership or effective control of the Company to the extent they exceed 2.99 times the executive’s “annualized includable compensation for the base period” (i.e., the average annual compensation that was includable in his or her gross income for the last five taxable years ending before the date on which the change in control occurs). In addition, the Company is not entitled to treat such excess as compensation expense for federal income tax purposes.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the section of this Proxy Statement entitled “COMPENSATION DISCUSSION AND ANALYSIS”. Based on this review and these discussions, the Compensation Committee recommended to the Board of Directors that the section of this Proxy Statement entitled “COMPENSATION DISCUSSION AND ANALYSIS” be included in this Proxy Statement and that it be incorporated by reference into the Company’s Annual Report on Form 10-K for the year ended December 31, 2010.

Employment Arrangements

Of the named executive officers, only Mr. Vermilye is a party to an employment agreement. The terms of employment for all of the named executive officers provide for salary, the possibility for additional compensation each year through the Company's bonus and profit sharing plans, matching 401(k) contributions, to the extent such plans permit participation, and the other elements of compensation described in the section of this Proxy Statement entitled "COMPENSATION DISCUSSION AND ANALYSIS", as well as coverage under the Company's group term life insurance program that is generally available to all employees.

Incentive Compensation

As discussed in the section of this Proxy Statement entitled “COMPENSATION DISCUSSION AND ANALYSIS”, the Company adopted the MIP to provide executives with cash rewards when the Company and the executive attain or exceed certain performance targets. The following table provides information about awards that could have been earned by the named executive officers in 2010 pursuant to the MIP upon satisfaction of the performance measures discussed above.

GRANTS OF PLAN-BASED AWARDS

Name	Grant Date	Estimated Possible Annual Payouts Under Non-Equity Incentive Plan Award		
		Threshold (\$)	Target (\$)	Maximum (\$)
Mr. Vermilye	2010	121,500	243,000	364,500
Mr. Beatty	2010	58,800	117,600	176,400
Ms. Leaverton	2010	31,230	62,640	93,960
Mr. Duncan	2010	71,025	142,050	213,075
Mr. Trice	2010	33,345	66,690	100,035

In spite of the fact that the individual executive performance criteria for the named executive officers reached or exceeded the threshold targets in 2010, the Compensation Committee determined that the Company’s earnings performance in 2010, which did not meet the award threshold, did not justify any awards under the MIP. Accordingly, none of the named executive officers received an incentive award in 2010.

The Compensation Committee did, however, award a discretionary bonus of \$20,000 to Mr. Trice in recognition of the outstanding performance of CNB and his facilitation of the merger of Felton Bank into CNB.

Equity Compensation

During 2010, the Company maintained two equity compensation plans: (i) the 2006 Equity Plan; and (ii) the Shore Bancshares, Inc. 1998 Stock Option Plan (“1998 Option Plan”). The ability of the Company to grant options under the 1998 Option Plan terminated by its terms on March 3, 2008, but stock options granted under the 1998 Option Plan were outstanding at December 31, 2010.

The 2006 Equity Plan reserves 600,000 shares of Common Stock, subject to adjustment for stock splits and other similar reclassification events, plus up to 33,870 shares that were subject to outstanding awards under the 1998 Stock Option Plan as of April 26, 2006 that thereafter terminate, lapse or are forfeited, for issuance pursuant to awards. To date, restricted stock is the only type of award that has been granted since the 2006 Equity Plan was adopted. As discussed above in the section entitled “COMPENSATION DISCUSSION AND ANALYSIS”, the Company granted a total of 23,355 restricted shares of Common Stock to the named executive officers in 2010 under the 2006 Equity Plan. Under the terms of outstanding awards, all unvested shares will lapse and be forfeited upon the termination of the participant’s employment with the Company.

The 1998 Option Plan was approved by the Company’s Board of Directors and stockholders and was in effect through March 3, 2008. The 1998 Option Plan contemplated the grant of options to purchase shares of Common Stock to directors and key management employees of the Company and its subsidiaries. The total number of shares of Common Stock that were reserved for issuance under the 1998 Option Plan was 120,000 shares, subject to adjustment for stock splits and other similar reclassification events. The 1998 Option Plan contemplated the grant of both incentive stock options and nonqualified stock options. An option granted under the plan generally expires on the

10th anniversary of the date the option was granted.

(8) Unless forfeited, 20% of the amount vests each year beginning January 29, 2011, except that all unvested shares will vest on March 11, 2012.

The following table sets forth the number of stock options (under all plans) exercised by the named executive officers during 2010, the number of restricted shares of Common Stock held by the named executive officers that vested during 2010 and the value realized upon exercise or vesting.

Shore Bancshares, Inc. Executive Deferred Compensation Plan (Company Deferred Compensation Plan)

Under the Company Deferred Compensation Plan, amounts deferred at the election of the employee are credited to an account maintained on behalf of the participant and are deemed to be invested in certain investment options established from time to time by the Compensation Committee. Mandatory, matching and discretionary contributions will be credited to an Employer Funded Account (as defined in the plan) established by the Company and will be deemed to be invested in the manner specified in the participant's election form for that Plan Year in respect of his or her voluntary deferrals. An employee's account is credited with the gain or loss generated on the investments in which the funds in those account are deemed to be invested. Mandatory contributions will be reduced on a pro-rata basis in the event a participant has a Separation from Service (generally defined as a termination of employment other than because of death, Disability (as defined in the plan) or the taking of leave of absence).

A participant is fully vested at all times in employee deferrals (and earnings thereon). Starting in the second year of participation, a participant vests in his or her Employer Funded Account at the rate of 25% each year. If, however, (i) the participant reaches age 70 while employed, (ii) the participant's service with the Company terminates because of death or Disability, or because of retirement at or after age 70, or (iii) the Company experiences a Change in Control (as defined in the plan), then in each such case the participant's interest in his or her Employer Funded Account will be automatically 100% vested regardless of years in the plan. If the participant separates from service for any other reason, then any non-vested portion of his or her Employer Funded Account will be forfeited.

The Company Deferred Compensation Plan contemplates automatic distributions upon the occurrence of certain events and elective distributions.

If a participant dies or experiences a Disability while employed by the Company or if the Company experiences a Change in Control, then the vested portions of a participant's accounts will be distributed in a lump sum payment to the participant or, in the case of death, to his or her designated beneficiaries. If a participant experiences a Separation from Service, then the vested portions of a participant's accounts will be distributed in a lump sum or in installments, as specified in the most recent election form. Certain restrictions on the commencement of automatic distributions apply to Key Employees (as defined in the plan).

A participant may elect in his or her annual election form to receive elective distributions, or “In-Service Distributions”, of his or her employee deferrals (and earnings thereon) for a given Plan Year as soon as three years after the end of that Plan Year. At the time of the election, the participant must also elect whether to receive the elective distribution in a lump sum or in installments over a period of up to 10 years. If a participant

fails to make a payment method election, then the distribution will be made in one lump sum. A participant may change his or her election to postpone a distribution or change the form of payment, but such change must be made at least 12 months prior to the original distribution date, cannot be effective until at least 12 months following the subsequent election, and must postpone the commencement of the payment for a period of at least five years from the original distribution date.

The Company Deferred Compensation Plan also permits certain limited distributions upon the occurrence of an Unforeseen Emergency (as defined in the plan) and a lump sum distribution, at the administrator's sole discretion, in the event the participant's accounts have a value of less than \$10,000.

Talbot Bank Supplemental Deferred Compensation Plan (Talbot Deferred Compensation Plan)

Talbot Bank elected to suspend contributions to the Talbot Deferred Compensation Plan for all plan years beginning on and after January 1, 2007. As noted above, this plan called for annual employer contributions of \$20,000 to an account established for the benefit of Mr. Vermilye. Mr. Vermilye is immediately vested in the deferred amounts and is entitled to direct the manner in which these amounts are deemed to be invested in the investment options offered from time to time by Talbot Bank. His account is credited or debited with the deemed earnings or losses on the investments. Subject to any waiting period required by law, upon termination of employment, Mr. Vermilye is entitled to a lump sum cash payment equal to the amount in his account. If Mr. Vermilye dies before terminating his employment, his designated beneficiaries are entitled to receive a lump sum cash payment equal to the amount in his account. The plan automatically terminates in the event of a change of control where the successor does not specifically assume the plan.

For information about amounts that could be payable to the named executive officers under these deferred compensation plans upon a termination of employment, see the section below entitled "Benefits Upon Termination of Employment".

Benefits Upon Termination of Employment

The following table shows the estimated present value of benefits (as of December 31, 2010) that could be payable to the named executive officers under employment agreements and deferred compensation plans upon a termination of employment (without regard to the limitations on severance payments discussed below under "Impact of Recent Legislation on Executive Compensation"). Information is provided only for those named executive officers who are eligible to receive such benefits.

401(k) Profit Sharing Plan

All employee contributions to the 401(k) Profit Sharing Plan are immediately vested. Discretionary and matching contributions by the Company vest incrementally over a six-year period. Discretionary, pre-tax and matching contributions may be withdrawn while a participant is employed by the Company if the participant has reached age 59½ in circumstances of financial hardship or in certain other circumstances pursuant to plan restrictions.

Compensation for 2011

No changes to the annual salary rates for the named executive officers have been approved for 2011, so the rates remain at the 2010 levels, except for Mr. Beatty who assumed the position of President of the Company effective January 1, 2011. Mr. Beatty's 2011 Salary was increased \$6,000 in conjunction with his promotion and expanded responsibilities. In addition to salary, other elements of compensation described in the section of this Proxy Statement entitled "Compensation Discussion and Analysis" may also be earned in 2011.

Impact of Recent Legislation on Executive Compensation

On January 9, 2009, the Company participated in the TARP Capital Purchase Program (the "CPP") adopted by the U.S. Department of Treasury ("Treasury") pursuant to the Emergency Economic Stabilization Act of 2008 ("EESA") by selling shares of Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the "Series A Preferred Stock") to Treasury and issuing a 10-year common stock purchase warrant (the "Warrant") to Treasury. As part of these transactions, the Company adopted Treasury's standards for executive compensation and corporate governance for the period during which Treasury holds any shares of the Series A Preferred Stock and/or any shares of Common Stock that may be acquired upon exercise of the Warrant. On February 17, 2009, the American Recovery and Reinvestment Act of 2009 (the "Recovery Act") was signed into law, which, among other things, imposed additional restrictions on the payment of executive compensation by institutions that participate in TARP. The Recovery Act's restrictions apply to the Company for as long as Treasury holds any of the Series A Preferred Stock or any shares of the Common Stock that may be obtained upon exercise of the Warrant (the "Covered Period").

Treasury's standards for executive compensation apply to the Company's named executive officers and include: (i) a prohibition on incentive compensation plans and arrangements for named executive officers that encourage unnecessary and excessive risks that threaten the value of the Company; (ii) a clawback of any bonus or incentive compensation paid (or under a legally binding obligation to be paid) to a named executive officer on materially inaccurate financial statements or other materially inaccurate performance metric criteria; (iii) a prohibition on making "golden parachute payments" to named executive officers; and (iv) an agreement not to claim a deduction, for federal income tax purposes, for compensation paid to any of the named executive officers in excess of \$500,000 per year.

The Recovery Act continues all of the same compensation and governance restrictions imposed under EESA and the CPP, and adds substantially to these restrictions in several areas. The new standards include (but are not limited to): (i) prohibitions on bonuses, retention awards and other incentive compensation to the Company's five most highly compensated employees, other than restricted stock grants in an amount not more than one-third of the employee's total annual compensation which do not fully vest during the Covered Period; (ii) prohibitions on making severance payments to any named executive officer or any of the Company's next five most highly compensated employees; (iii) an expanded clawback of bonuses, retention awards, and incentive compensation if payment is based on materially inaccurate statements of earnings, revenues, gains or other criteria; (iv) prohibitions on compensation plans that encourage manipulation of reported earnings; (v) retroactive review of bonuses, retention awards and other compensation previously provided by CPP participants if found by the Treasury to be inconsistent with the purposes of such program or otherwise contrary to public interest, (vi) required establishment of a company-wide policy regarding "excessive or luxury

expenditures”; and (vii) inclusion in a CPP participant’s proxy statements for annual shareholder meetings of a non-binding “Say-on-Pay” proposal to allow a stockholder vote to approve the compensation of executives.

Accordingly, during any Covered Period, the Company may not (i) pay any severance benefits (other than payments related to services rendered and accrued benefits) to the named executive officers (e.g., severance payments to Mr. Vermilye pursuant to his employment agreement) or our five next most highly compensated employees, (ii) make any payments under the MIP to our five most highly compensated employees, or (iii) make any payments under future 2006 Equity Plan awards that are deemed to be “incentive compensation” to our five most highly compensated employees, other than long-term restricted stock that meets the requirements discussed above. Each of the named executive officers, except Ms. Leaverton, is among the five most highly compensated employees of the Company and its subsidiaries.

On April 15, 2009, the Company redeemed all of the outstanding Series A Preferred Stock from the Treasury, at which time the foregoing restrictions ceased to apply. However, the Treasury still holds the Warrant which, if exercised, would again subject the Company to these restrictions and requirements.

As a consequence of the Company’s redemption of the Series A Preferred Stock, the Treasury is required by the Recovery Act to liquidate the Warrant at the current market price. The Treasury is also empowered to negotiate with the Company to repurchase the Warrant. As of the date of this Proxy Statement, the Warrant was not exercisable because the exercise price exceeded the market price of the Common Stock. It is impossible to predict when, or if, the market price of the Common Stock will equal or exceed the exercise price of the Warrant or when, or to whom, the Treasury will sell or transfer the Warrant.

Role of Compensation Consultants

In 2010, the Compensation Committee directly engaged Lockton Companies, LLC to assist it in maintaining and administering the Company’s comprehensive executive compensation strategy. The consultants provided peer group data to be used in benchmarking compensation for the Company’s executive officers and assisted in the development of the Company’s long-term incentive program implemented in 2010 and updated for use in 2011. The Company paid fees totaling \$16,000 to Lockton during 2010.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company’s directors and executive officers and persons who own more than 10% of the outstanding shares of Common Stock to file reports with the Securities and Exchange Commission (the “SEC”) disclosing their ownership of Common Stock at the time they become subject to Section 16(a) and changes in such ownership that occur during the year. Based solely on a review of copies of such reports furnished to the Company, or on written representations that no reports were required, the Company believes that all directors, executive officers and holders of more than 10% of the Common Stock complied in a timely manner with the filing requirements applicable to them with respect to transactions during the year ended December 31, 2010 except that one Statement of Changes in Beneficial Ownership on Form 4 (relating to five purchases of Common Stock on the same date) was filed late by John H. Wilson.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions since January 1, 2010

During the past year Talbot Bank, CNB, and Felton Bank have had banking transactions in the ordinary course of their businesses with their directors and officers and with the associates of such persons on substantially the same terms,

including interest rates, collateral, and repayment terms on loans, as those prevailing at the time for comparable transactions with persons not related to the Company and its subsidiaries. Extensions of credit by Talbot Bank, CNB, and Felton Bank to these persons have not and do not currently involve more than the normal risk of collectability or present other unfavorable features.

Review, Approval and Ratification of Related Party Transactions

NASDAQ Rule 4350(h) requires the Company to conduct an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis and further requires all such transactions to be approved by the Company’s Audit Committee or another “independent body” of the Board of Directors. The term “related party transaction” is generally defined as any transaction (or series of related transactions) in which the Company is a participant and the amount involved exceeds \$120,000, and in which any director, director nominee, or executive officer of the Company, any holder of more than 5% of the outstanding voting securities of the Company, or any immediate family member of the foregoing persons will have a direct or indirect interest. The term includes most financial transactions and arrangements, such as loans, guarantees and sales of property, and remuneration for services rendered (as an employee, consultant or otherwise) to the Company.

The Company and its subsidiaries have adopted policies and procedures to ensure compliance with the foregoing requirements.

RATIFICATION OF THE APPOINTMENT OF STEGMAN & COMPANY AS THE COMPANY’S INDEPENDENT REGISTERED ACCOUNTING FIRM FOR FISCAL YEAR 2011 (Proposal 2)

Stockholders will also be asked to ratify the Audit Committee’s appointment of Stegman & Company to audit the books and accounts of the Company for the fiscal year ended December 31, 2011. Stegman & Company served as the Company’s independent registered public accounting firm in 2010. Stegman & Company has advised the Company that neither the accounting firm nor any of its members or associates has any direct financial interest in or any connection with the Company other than as independent auditors. A representative of Stegman & Company is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Because your vote is advisory, it will not be binding upon the Audit Committee, overrule any decision made by the Audit Committee, or create or imply any additional fiduciary duty by the Audit Committee. The Audit Committee may, however, take into account the outcome of the vote when considering future auditor appointments.

The Board of Directors recommends that stockholders vote FOR the ratification of the appointment of Stegman & Company as the Company’s independent registered public accounting firm for fiscal year 2011.

AUDIT FEES AND SERVICES

The following table shows the fees paid or accrued by the Company for the audit and other services provided by Stegman & Company during fiscal years 2010 and 2009:

	2010	2009
Audit Fees	\$ 150,958	\$ 183,791
Audit-Related Fees	8,775	9,940
Tax Fees	13,754	13,500
All Other Fees	-	-
Total	\$ 173,487	\$ 207,231

Audit Fees incurred in fiscal years 2010 and 2009 include charges for the examination of the consolidated financial statements of the Company, quarterly reviews of financial statements, and the attestation of management’s report on internal control over financial reporting. Audit-Related Fees incurred in fiscal year 2010 and 2009 include charges related to the audit of the 401(k) and profit sharing plan. Tax Fees incurred in fiscal years 2010 and 2009 include

charges primarily related to tax return preparation. The Audit Committee has

Page 30

reviewed summaries of the services provided and the related fees and has determined that the provision of non-audit services is compatible with maintaining the independence of Stegman & Company.

The Audit Committee's policy is to pre-approve all audit and permitted non-audit services, except that de minimis non-audit services, as defined in Section 10A(i)(1) of the Exchange Act, may be approved prior to the completion of the independent auditor's audit. All of the 2010 and 2009 services described above were pre-approved by the Audit Committee.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (Proposal 3)

The Company is providing its stockholders with the opportunity to approve or disapprove the compensation of its named executive officers for 2010, as discussed in this Proxy Statement pursuant to Item 402 of the SEC's Regulation S-K (commonly referred to as the "Say-on-Pay" vote). Although this advisory vote is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), the Board of Directors nevertheless believes that it is appropriate to seek the views of stockholders on the design and effectiveness of the Company's executive compensation program.

The Company's goal for its executive compensation program is to attract, motivate and retain a talented team of executives who will provide leadership for the Company's success in dynamic and competitive markets. The sections of this proxy statement entitled "COMPENSATION DISCUSSION AND ANALYSIS" and "EXECUTIVE COMPENSATION" contain the information required by Item 402 of Regulation S-K and discuss in detail the Company's executive compensation program, the decisions made by the Compensation Committee during 2010, and the compensation that was earned by, awarded to or paid to the Company's named executive officers.

The Board of Directors and its Compensation Committee believe that the Company's compensation policies and procedures are reasonable in comparison both to the Company's peer group and to the Company's performance during 2010. The Board of Directors and its Compensation Committee also believe that the Company's compensation program strongly aligns executive officers with the interests of stockholders in the long-term value of the Company as well as the components that drive long-term value.

At the annual meeting, stockholders will be asked to adopt the following non-binding advisory resolution:

RESOLVED, that the compensation paid to the named executive officers of Shore Bancshares, Inc., as disclosed in its definitive proxy statement for the 2011 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including in the sections entitled "COMPENSATION DISCUSSION AND ANALYSIS" and "EXECUTIVE COMPENSATION", is hereby approved.

Because your vote is advisory, it will not be binding on the Board of Directors or its Compensation Committee, overrule any decision made by the Board or its Compensation Committee, or create or imply any additional fiduciary duty by the Board or its Compensation Committee. The Board and its Compensation Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors unanimously recommends that stockholders vote FOR approval of the compensation of the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K.

ADVISORY VOTE ON FREQUENCY OF FUTURE SAY-ON-PAY VOTES (Proposal 4)

As discussed in Proposal 3, stockholders are being provided with the opportunity to approve, by advisory vote, the compensation of the Company's named executive officers. This Proposal 4 affords stockholders the opportunity to recommend, by advisory vote, the frequency with which future Say-on-Pay votes should be submitted to stockholders for consideration. Stockholders will be given the choice to recommend that future Say-on-Pay votes be submitted for consideration every year, every two years, or every three years.

The Board of Directors believes that stockholders should have the opportunity to express their views on the Company's compensation program and policies for its named executive officers on an annual basis. The Board and its Compensation Committee, which administers the executive compensation program, value the opinions expressed by stockholders pursuant to the Say-on-Pay votes and will consider the outcome of those votes in making its annual decisions on executive compensation.

Because your vote on this Proposal 4 is advisory, it will not be binding on the Board of Directors, overrule any decision made by the Board or its Compensation Committee, or create or imply any additional fiduciary duty by the Board or its Compensation Committee. The Board may, however, take into account the outcome of the vote on this Proposal 4 when considering its policy on the frequency of future Say-on-Pay votes.

The Board recommends that stockholders vote to hold future Say-on-Pay votes EVERY YEAR.

FINANCIAL STATEMENTS

A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2010, which contains audited financial statements for the year ended December 31, 2010, accompanies this Proxy Statement. This Form 10-K may also be obtained without charge by visiting the Company's website (<http://www.shbi.net>) or upon written request to W. David Morse, Secretary, Shore Bancshares, Inc., 18 East Dover Street, Easton, Maryland 21601.

DATE FOR SUBMISSION OF STOCKHOLDER PROPOSALS

Any stockholder desiring to present a proposal pursuant to Rule 14a-8 of the Exchange Act to be included in the definitive proxy statement and voted on by the stockholders at the 2011 Annual Meeting of Stockholders must submit a written proposal, including all supporting information, to the Company at its principal executive offices no later than November 25, 2011 (120 days before the date of mailing based on this year's Proxy Statement date), and must meet all other requirements for inclusion in the proxy statement. As provided in the By-Laws, if a stockholder intends to present a proposal for business to be considered at the 2011 Annual Meeting of Stockholders but does not seek inclusion of the proposal in the Company's proxy statement for that meeting, then such proposal, including all supporting information, must be delivered to and received by the Company's Secretary at the Company's principal executive offices no earlier than January 27, 2012 and no later than February 27, 2012 (not more than 90 days nor less than 60 days before the first anniversary of the prior year's annual meeting). Additional time constraints are applicable where the date of the Annual Meeting is changed. Proposals received by the Company outside of these timelines will be considered untimely. If a stockholder proposal is not timely received, then the proxies will be authorized to exercise discretionary authority with respect to the proposal.

OTHER BUSINESS

As of the date of this Proxy Statement, management does not know of any other matters that will be brought before the meeting requiring action of the stockholders. However, if any other matters requiring the vote of the stockholders properly come before the meeting, it is the intention of the persons named in the enclosed form of proxy to vote the proxies in accordance with the discretion of management. The persons designated as proxies will also have the right to approve any and all adjournments of the meeting for any reason.

of Directors,
