**Item 1.01. Entry into a Material Definitive Agreement.**

Securities Purchase Agreement

On July 13, 2012, the Company entered into a Securities Purchase Agreement (the "SPA") with six investors pursuant to which the Company (i) sold 100,000,000 shares of its common stock, \$0.001 par value per share (the "**Common Stock**"), at a per share price of \$0.01 for an aggregate purchase price of up to \$1,000,000 and (ii) issued warrants with a term of five years (the "**Warrants**") to purchase an aggregate of up to 50,000,000 shares of Common Stock at an exercise price per share of \$0.01, subject anti-dilution provisions reducing the exercise price if the Company issues shares for less than the exercise price of the Warrants. The SPA includes price protection provisions whereby for so long as an Investor holds shares of the Common Stock purchased pursuant to the SPA, in the event that the Company issues or sells any shares of Common Stock or any Common Stock equivalent pursuant to which shares of Common Stock may be acquired or issued at a price less than the \$0.01 per share purchase price (the "Diluted Price Per Share"), then the Company is obligated to issue additional shares of Common Stock to each such Investor, for no additional consideration, so that the Investor's cost basis in the shares originally purchased plus the shares issued due to the price protection provision equals the Diluted Price Per Share.

Pursuant to the terms of the SPA, the Company may sell an additional 100,000,000 shares of Common Stock and 50,000,000 Warrants in one or more additional closings pursuant to the terms of the SPA; provided, however, that each subsequent closing is for a minimum of \$250,000 and the holders of a majority of the Common Stock/Warrants purchased in the initial closing described above have consented to the sale of the additional securities.

Pursuant to a Registration Rights Agreement, the Company is obligated to register for resale with the Securities and Exchange Commission the shares of Common Stock received by the investors in the private placement.

Consulting Agreements

On July 14, 2012, the Company entered into two consulting agreements (the "Consulting Agreement") with two corporate advisers to provide certain consulting services relating to introducing the Company to banking relationships and advising on corporate structure issues and strategic acquisition planning (the "Services"). Each agreement has a term of 12 months. In consideration for the Services, the Company agreed to issue as consideration for the Services shares of the Company's common stock (the "Compensation Shares") in an amount equal to 4.2% of the outstanding shares of common stock of the Company on a fully diluted (as-converted) basis upon the Company effectuating a contemplated reverse stock split and completion of a qualified financing, which requirement has been met by the completion of the

private placement described above. Notwithstanding the foregoing, in the event that the Company fails to consummate the reverse stock split within 45 days from the date of the agreement, the Company is required to take all requisite action to increase the number of its authorized common stock outstanding and issue the Compensation Shares no later than 60 days from the date of the agreement. In addition, until the Company has issued and outstanding 3.5 billion shares of Common Stock (subject to adjustment for stock splits), the Company is obligated to ensure that the Consultant maintains its 4.2% fully diluted equity position by issuing additional shares for no further consideration on a fully diluted basis after future issuances of common stock or securities exercisable for or convertible into common stock (an "Equity Anti-Dilution Adjustment").

If the Company fails to issue the Compensation Shares within 60 days of the date of the agreement, and such failure remains uncured for 15 days, then the Equity Anti-Dilution Adjustment rights will be extended to a period of two years from the date of the agreement. In addition, the Company shall not affect any change of control transaction unless the Consultant shall have received all of the Compensation Shares it is entitled to receive.

The Company has agreed to register with the Securities and Exchange Commission the Compensation Shares for resale by the Consultants.

Each Consultant is an "accredited investor," as such term is defined in the Securities Act of 1933, as amended (the "Securities Act") and will be issued in reliance on the exemption from registration afforded by Section 4(2) and Regulation D (Rule 506) under the Securities Act of 1933 and corresponding provisions of state securities laws.

### **Item 3.02. Unregistered Sales of Equity Securities.**

As noted in Item 1.01 above, on July 13, 2012, the Company (i) sold 100,000,000 shares of its common stock, \$0.001 par value per share (the "**Common Stock**"), at a per share price of \$0.01 for an aggregate purchase price of up to \$1,000,000 and (ii) issued warrants with a term of five years (the "**Warrants**") to purchase an aggregate of up to 50,000,000 shares of Common Stock at an exercise price per share of \$0.01, subject anti-dilution provisions reducing the exercise price if the Company issues shares for less than the exercise price of the Warrants. The Common Stock and Warrants were sold and issued in a private placement to six "accredited investors," as such term is defined in the Securities Act of 1933, as amended (the "Securities Act") and were issued in reliance on the exemption from registration afforded by Section 4(2) and Regulation D (Rule 506) under the Securities Act of 1933 and corresponding provisions of state securities laws.
