Board of Trust Managers

PMC Commercial Trust

17950 Preston Rd, Suite 600

Dallas TX 75252

Attn: Barry Imber, Chairman – Governance Committee

Gentlemen:

This is a followup letter to our correspondence of April 12, to-date unanswered.

In that letter, we suggested that Trust Managers consider an additional nominee, Mr Joe Longbotham, in order to inject a more significant ownership mentality to your Board.

We will share some observations from our review of the recently filed proxy statement that highlight the need for such a mindset given the mismatch of assets and overhead troubling PMC.

The Company uses as its Peer Group for Performance purposes “all listed publicly traded investment companies that have the primary focus of mortgage-based securities REITs and specialty finance REITs” per SNL Financial (item 5 of 10-K). The Company uses as its Peer Group for executive compensation purposes “specialty finance REITs, hospitality companies and other REITs that are comparable in size.”

The Company’s Enterprise Value (EV) at \$178MM is tiny in comparison with your stock performance Peer Group which has a median EV of \$5,282MM and ranges in size up to \$111,912MM. The executive compensation Peer Group seems slightly more comparable but, nonetheless, contains a number of companies (i.e., NY Mortgage Trust which is nearly 40x PMC’s size) too large by comparison to be meaningful.

We have assembled a composite of your two different Peer Groups using companies that are below \$1,000MM of EV (median of \$344MM) to provide a better understanding of the how the Company compares. We’ll call this the “Comp Set” hereafter.

The “overhead problem” (compared with asset size) might be best demonstrated by looking at non-interest expense over average assets – PMC ran at 4.1% for the year compared with 2.8% for the Comp Set (it was 0.9% for your stock selected Peer Group given the economies of scale of the large companies). The expense savings from running at that level could go to shareholders as dividends and might eventually narrow the gap between book value and the stock price.

4. The Company's Trust Managers earned about \$175K cash compensation last year compared with a median of \$40K for the Comp Set.

5. The Company's fees paid to its auditor were \$1,258K compared with an average of \$715K for the Comp Set.

6. Compensation for CEO and CFO appeared to be in-line.

To repeat the proposition set forth in our last letter --new blood on the Board can assist in adding what we see as the appropriate sense of urgency in the key strategic decision of either entering an additional line of business or in quickly rightsizing PMC's expenses.

In addition, we think that either the Governance Committee or the Compensation Committee should immediately address the issue of meeting fees for Trust Managers to prevent a repeat of the high costs of corporate governance experienced over the past couple of years.

Based on the above analysis, we are withholding our vote for all Directors and voting against the appointment of your current auditor but voting to approve the advisory vote on Executive Compensation.

We would be pleased to provide you with a copy of our analysis of the Comp Set.

Very truly yours,

REIT Redux LP
