THE COMMUNITY FINANCIAL CORPORATION

The Community Financial Corporation, headquartered in Waldorf, Maryland and organized in 1989, is the bank holding company for Community Bank of the Chesapeake, a Maryland-chartered commercial bank subject to supervision and regulation by the Federal Reserve and the Commissioner of Financial Regulation of the State of Maryland (the Commissioner). Community Bank of the Chesapeake was founded in 1950 as Tri-County Building and Loan Association of Waldorf, a mutual savings and loan association. In 1986, the Bank converted to a federal stock savings bank and, in 1997, converted to a Maryland-chartered commercial bank and adopted the name Community Bank of Tri-County. The Bank changed its name to Community Bank of the Chesapeake effective October 18, 2013.

Community Bank of the Chesapeake provides financial products and services for businesses and retail customers through its main office in Waldorf, Maryland, and eleven branch offices in Waldorf, Bryans Road, Dunkirk, Leonardtown, La Plata, Charlotte Hall, Prince Frederick, Lusby and California, Maryland and Dahlgren and Fredericksburg, Virginia. The Bank originates loans through loan production offices (LPOs) located in La Plata, Leonardtown and Prince Frederick, Maryland and Fredericksburg, Virginia. The Bank opened its fifth LPO in Annapolis, Maryland in October 2014. Community Bank focuses its commercial business generation efforts on targeting small and medium sized businesses with annual revenues between \$5.0 million and \$35.0 million. In addition, the Bank services the retail banking needs of the communities surrounding its branch locations with retail deposit and loan products. Community Bank's deposit accounts are insured by the Deposit Insurance Fund (the DIF) administered by the Federal Deposit Insurance Corporation (the FDIC).

As of June 30, 2014, Community Financial had consolidated assets of \$1.03 billion, consolidated deposits of \$818.5 million and consolidated stockholders' equity of \$113.2 million. Shares of our common stock are traded on the NASDAQ Capital Market under the trading symbol TCFC.

Our principal executive offices are located at 3035 Leonardtown Road, Waldorf, Maryland 20604 and our telephone number is (301) 645-5601. We maintain an Internet website at www.cbtc.com. Neither this website nor the information on this website is included or incorporated into, or is a part of, this prospectus.

Additional information about us and our subsidiaries is included in documents incorporated by reference in this prospectus. See *Where You Can Find More Information* on page 1.

RISK FACTORS

An investment in our securities involves significant risks. Our business, operating results and cash flows can be impacted by a number of factors, any one of which could cause our actual results to vary materially from recent results

or from our anticipated future results. You should carefully consider the risks and uncertainties and the risk factors set forth in the documents and reports filed with the SEC that are incorporated by reference into this prospectus, as well as any risks described in any applicable prospectus supplement, before you make an investment decision regarding the securities. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations.

TABLE OF CONTENTS**USE OF PROCEEDS**

We intend to use the net proceeds from the sale of the securities for general corporate purposes unless otherwise indicated in the prospectus supplement relating to a specific issue of securities. Our general corporate purposes may include financing possible acquisitions of branches or other financial institutions or financial service companies, extending credit to, or funding investments in, our subsidiaries and repaying, reducing or refinancing indebtedness, including our Series C preferred stock.

The precise amounts and the timing of our use of the net proceeds will depend upon market conditions, our subsidiaries' funding requirements, the availability of other funds and other factors. Until we use the net proceeds from the sale of any of our securities for general corporate purposes, we will use the net proceeds to reduce our indebtedness or for temporary investments.

RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our historical ratio of earnings to fixed charges and our ratio of combined fixed charges and preferred stock dividends to earnings. You should read this table in conjunction with the consolidated financial statements and notes to the consolidated financial statements that are incorporated by reference into this prospectus.

A statement setting forth details of the computation of the ratios below is included as Exhibit 12.1 to the registration statement.

	Six Months Ended June 30, 2014	Years Ended December 31,				
		2013	2012	2011	2010	2009
Ratios of Earnings to Fixed Charges						
Including deposits	2.43	2.36	1.73	1.36	1.55	1.28
Excluding deposits	5.62	6.05	4.58	2.95	3.80	2.14
Ratios of Earnings to Combined Fixed Charges and Preferred Stock Dividends						
Including deposits	2.32	2.27	1.68	1.26	1.41	1.18
Excluding deposits	4.88	5.25	4.00	2.09	2.54	1.60

We have computed the ratio of earnings to combined fixed charges and preferred stock dividends set forth above by dividing pre-tax income before fixed charges and preferences by fixed charges and preference dividends. Fixed charges are the sum of:

interest expensed and capitalized;
amortized premiums, discounts and capitalized expenses related to indebtedness;
an estimate of the interest within rental expense; and
preference security dividend requirements of consolidated subsidiaries.

REGULATION AND SUPERVISION

Our banking subsidiary, Community Bank, is a Maryland-chartered commercial bank and its deposit accounts are insured by the DIF of the FDIC. The Bank is a member of the Federal Reserve and Federal Home Loan Bank systems. The Bank is subject to supervision, examination and regulation by the Commissioner and the Federal Reserve. Asset growth, deposits, reserves, investments, loans, consumer law compliance, issuance of securities, payment of dividends, establishment of banking offices, mergers and consolidations, changes in control, electronic funds transfer, management practices and other aspects of operations are subject to regulation by the appropriate federal and state supervisory authorities.

Community Bank must file reports with the Commissioner and the Federal Reserve concerning its activities and financial condition, in addition to obtaining regulatory approvals before entering into certain transactions such as mergers with, or acquisitions of, other depository institutions. Furthermore, Community Bank is periodically examined by the Commissioner and the Federal Reserve to assess

TABLE OF CONTENTS

compliance with various regulatory requirements, including safety and soundness considerations. This regulation and supervision establishes a comprehensive framework of activities in which Community Bank can engage, and is intended primarily for the protection of the DIF and depositors rather than for the protection of security holders. The regulatory structure also gives the regulatory authorities extensive discretion in connection with their supervisory and enforcement activities and examination policies, including policies with respect to the classification of assets and the establishment of loan loss allowances for regulatory purposes.

As a bank holding company, we are subject to comprehensive regulation, examination and supervision by the Federal Reserve under the Bank Holding Company Act of 1956, as amended (the BHCA), and the regulations of the Federal Reserve. The Federal Reserve also has extensive enforcement authority over bank holding companies, including, among other things, the ability to assess civil money penalties, to issue cease and desist or removal orders, and to require that a holding company divest subsidiaries (including its bank subsidiaries). In general, enforcement actions may be initiated for violations of law and regulations and unsafe or unsound practices.

Because we are a holding company, our rights and the rights of our creditors, including the holders of the debt securities and the preferred stock and common stock we are offering under this prospectus, to participate in the assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization will be subject to the prior claims of the subsidiary's creditors, except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary.

The Federal Reserve has the power to prohibit dividends by bank holding companies if their actions constitute unsafe or unsound practices. The Federal Reserve has issued a policy statement on the payment of cash dividends by bank holding companies, which expresses the Federal Reserve's view that a bank holding company should pay cash dividends only to the extent that the company's net income for the past year is sufficient to cover both the cash dividends and a rate of earnings retention that is consistent with the company's capital needs, asset quality and overall financial condition. The Federal Reserve also indicated that it would be inappropriate for a bank holding company experiencing serious financial problems to borrow funds to pay dividends. Under the prompt corrective action regulations adopted by the Federal Reserve, the Federal Reserve may prohibit a bank holding company from paying any dividends if the holding company's bank subsidiary is classified as undercapitalized.

Further, a Maryland-chartered commercial bank may only pay dividends from undivided profits or, with the prior approval of the Commissioner, its surplus in excess of 100% of required capital stock. A Maryland bank is further prohibited from declaring a dividend on its shares of common stock until its surplus fund equals the amount of required capital stock or, if the surplus fund does not equal the amount of capital stock, in an amount in excess of 90% of net earnings.

Without the approval of the Federal Reserve, a state member bank may not declare or pay a dividend if the total of all dividends declared during the year exceeds its net income during the current calendar year and retained net income for the prior two years. The Bank is further prohibited from making a capital distribution if it would be undercapitalized after payment of the dividend within the meaning of the prompt corrective action regulations. For additional restrictions on our ability to pay dividends, see *Description of Common Stock Dividends*.

For a discussion of the material elements of the regulatory framework applicable to bank holding companies and their subsidiaries, and specific information relevant to us, you should refer to our Annual Report on Form 10-K for the year ended December 31, 2013, and any other subsequent reports filed by us with the SEC, which are incorporated by reference in this prospectus. A change in the statutes, regulations or regulatory policies applicable to us or our subsidiaries may have a material effect on our business.

Changes to the laws and regulations can affect the operating environment of bank holding companies and their subsidiaries in substantial and unpredictable ways. We cannot accurately predict whether those changes in laws and regulations will occur, and, if changes do occur, the ultimate effect they would have upon our or our subsidiaries financial condition or results of operations.

TABLE OF CONTENTS

DESCRIPTION OF DEBT SECURITIES

General

The debt securities will be:

our direct unsecured general obligations; and
either senior debt securities or subordinated debt securities.

Senior debt securities will be issued under an indenture we call the senior indenture and subordinated debt securities will be issued under a separate indenture we call the subordinated indenture. Together the senior indenture and the subordinated indenture are called the indentures, and the senior debt securities and the subordinated debt securities are called debt securities.

We have not restated these indentures in their entirety in this description. We have filed the forms of the indentures as exhibits to the registration statement of which this prospectus is a part. We urge you to read the indentures, because they, and not this description, control your rights as holders of the debt securities. The following description of the indentures is not complete and is subject to, and qualified in its entirety by reference to, all the provisions in the respective indentures. In the summary below, we have included references to section numbers of the applicable indenture so that you can easily locate these provisions. Capitalized terms used in the summary have the meanings specified in the indentures.

Neither indenture limits the amount of debt securities that we may issue under the indenture from time to time in one or more series. We may in the future issue debt securities under either indenture. At the date of this prospectus, we had not issued any debt securities under either indenture.

We could in the future enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise adversely affect our capital structure or credit rating.

The debt securities will be our exclusive obligations. Neither indenture requires our subsidiaries to guarantee the debt securities. As a result, the holders of debt securities will generally have a junior position to claims of all creditors and preferred stockholders of our subsidiaries.

Specific Terms of Each Series of Debt Securities in the Prospectus Supplement

A prospectus supplement and any supplemental indenture relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

the form and title of the debt securities;
whether the debt securities are senior debt securities or subordinated debt securities and the terms of subordination;
any limit on the aggregate principal amount of the debt securities;
the person to whom any interest on a debt security of the series will be paid;
the date or dates on which we must repay the principal;
the denominations in which the debt securities will be issued;
the manner in which we will determine the amount of principal of or any premium or interest on the debt securities;

the portion of the principal amount that will be payable if the maturity of the debt securities is accelerated;
the currency or currency unit in which the debt securities will be paid, if not U.S. dollars;
any right we may have to defer payments of interest by extending the dates payments are due and whether interest on those deferred amounts will be payable as well;
the place where the principal of, and premium, if any, and interest on any debt securities will be payable;

7

the date or dates on which the debt securities will be issued and the principal, and premium, if any, of the debt securities that will be payable;

the rate or rates, which may be fixed or variable, that the debt securities will bear interest and the interest payment dates for the debt securities;

whether we will issue the debt securities in the form of one or more global securities and, if so, the respective depositaries for the global securities and the terms of the global securities;

any mandatory or optional redemption provisions;

the terms, if any, upon which the debt securities are convertible into other securities of ours or another issuer and the terms and conditions upon which any conversion will be effected, including the initial conversion price or rate, the conversion period and any other provisions in addition to or instead of those described in this prospectus;

affirmative, negative and, with the case of our of senior debt securities, financial covenants applicable with respect to the debt securities of the series;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;

any deletion from, changes of or additions to the Events of Default (as defined below) or covenants;

any changes to the terms and condition upon which the debt securities can be defeased or discharged;

any restriction or other provision with respect to the transfer or exchange of the debt securities;

the identity of any other trustee, paying agent and security registrar, if other than the trustee; and

any other terms of the debt securities (Section 3.01).

We will maintain in each place specified by us for payment of any series of debt securities an office or agency where debt securities of that series may be presented or surrendered for payment, where debt securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us in respect of the debt securities of that series and the related indenture may be served (Section 10.02).

Debt securities may be issued under an indenture as original issue discount securities to be offered and sold at a substantial discount below their principal amount. Material federal income tax, accounting and other considerations applicable to any such original issue discount securities will be described in any related prospectus supplement. Original issue discount security means any security that provides for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of the maturity thereof as a result of the occurrence of an event of default and the continuation thereof (Section 1.01).

Provisions Only in the Senior Indenture

Payment of the principal, premium, if any, and interest on the senior debt securities will rank equally in right of payment with all of our other unsecured senior debt.

Provisions Only in the Subordinated Indenture

Payment of the principal, premium, if any, and interest on the subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to prior payment in full of all of our senior indebtedness, including senior debt securities and other debt to the extent described in a prospectus supplement. (Section 14.01 of the subordinated indenture.)

TABLE OF CONTENTS

Provisions in Both Indentures

Consolidation, Merger or Asset Sale

Each indenture generally allows us to consolidate or merge with a domestic person, association or entity. They also allow us to sell, lease or transfer our property and assets substantially as an entirety to a domestic person, association or entity. If this happens, the remaining or acquiring person, association or entity must assume all of our responsibilities and liabilities under the indentures including the payment of all amounts due on the debt securities and performance of the covenants in the indentures.

However, we will only consolidate or merge with or into any other person, association or entity or sell, lease or transfer our assets substantially as an entirety according to the terms and conditions of the indentures, which include the following requirements:

the remaining or acquiring person, association or entity is organized under the laws of the United States, any state within the United States or the District of Columbia;

the remaining or acquiring person, association or entity assumes our obligations under the indentures; and immediately after giving effect to the transaction, no Default or Event of Default, as defined below, shall have occurred and be continuing.

The remaining or acquiring person, association or entity will be substituted for us in the indentures with the same effect as if it had been an original party to the indentures. Thereafter, the successor may exercise our rights and powers under the indentures, in our name or in its own name. If we sell or transfer all or substantially all of our assets, we will be released from all our liabilities and obligations under any indenture and under the debt securities. If we lease all or substantially all of our assets, we will not be released from our obligations under the indentures. (Sections 8.01 and 8.02)

Events of Default and Remedies

In the indentures, **Default** with respect to any series of debt securities means any event that is, or after notice or lapse of time or both would become, an Event of Default.

In the indentures, **Event of Default** with respect to any series of debt securities means any of the following:

failure to pay the principal of or any premium on any debt security of that series when due;

failure to pay interest on any debt security of that series for 30 days;

subject to certain exceptions, failure to perform any other covenant in the indenture, other than a covenant a default in the performance of which has expressly been included in the indenture solely for the benefit of series of debt securities other than that series, that continues for 90 days after being given written notice as specified in the indenture;

our bankruptcy, insolvency or reorganization; or

any other Event of Default included in any indenture or supplemental indenture. (Section 5.01)

If an Event of Default with respect to a series of debt securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of all of the outstanding debt securities of a particular series may declare the principal of all the debt securities of that series to be due and payable. When such declaration is made, such amounts will be immediately due and payable. The holders of a majority in principal amount of the outstanding debt securities of such series may rescind such declaration and its consequences if all existing Events of Default have been cured or waived, other than nonpayment of principal or interest that has become due solely as a result of acceleration. (Section

5.02)

Holders of a series of debt securities may not enforce the indenture or the series of debt securities, except as provided in the indenture or a series of debt securities. (Section 5.07) The trustee may require indemnity satisfactory to it before it enforces the indenture or such series of debt securities. (Section 6.03) Subject to certain limitations, the holders of a majority in principal amount of the outstanding debt securities of a

9

particular series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power of the trustee. (Section 5.12) The trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal or interest, if the board of directors, the executive committee or a trust committee of directors or responsible officers of the trustee considers such withholding of notice to be in the best interests of the holders. (Section 6.02)

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under an indenture. Further, an Event of Default under the debt securities of any series will not necessarily constitute an event of default under our other indebtedness or vice versa.

Modification of Indentures

Under each indenture, generally we and the trustee may modify our rights and obligations and the rights of the holders with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of any series affected by the modification, voting as one class. No modification of the principal or interest payment terms, no modification reducing the percentage required for modifications, no change in our obligation to maintain an office or agency for payment of the debt securities and no modification impairing the right to institute suit for the payment on debt securities of any series when due, is effective against any holder without its consent. (Section 9.02)

In addition, we and the trustee may amend the indentures without the consent of any holder of the debt securities to make certain technical changes, such as:

curing ambiguities or correcting defects or inconsistencies;
evidencing the succession of another person to us, and the assumption by that successor of our obligations under the applicable indenture and the debt securities of any series;
providing for a successor trustee;
qualifying the indentures under the Trust Indenture Act of 1939, as amended, which we refer to in this prospectus as the Trust Indenture Act ;
complying with the rules and regulations of any securities exchange or automated quotation system on which debt securities of any series may be listed or traded; or
adding provisions relating to a particular series of debt securities that does not materially adversely affect the interests of any holder of debt securities of any series. (Section 9.01)

Discharging Our Obligations

We may choose either to discharge our obligations on the debt securities of any series in a legal defeasance, or to release ourselves from our covenant restrictions on the debt securities of any series in a covenant defeasance. We may do so at any time on the 91st day after we deposit with the trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due from the date of defeasance to the stated maturity date or a redemption date of the debt securities of the series. If we choose the legal defeasance option, the holders of the debt securities of the series will not be entitled to the benefits of the indenture except for registration of transfer and exchange of debt securities, replacement of lost, stolen or mutilated debt securities, conversion or exchange of debt securities, sinking fund payments and receipt of principal and interest on the original stated due dates or specified redemption dates. (Section 13.02)

We may discharge our obligations on the debt securities of any series or release ourselves from covenant restrictions only if we meet certain requirements. Among other things, we must deliver an opinion of our legal counsel that the discharge will not result in holders having to recognize taxable income or loss or subject them to different tax

treatment. In the case of legal defeasance, this opinion must be based on either an IRS letter ruling or change in federal tax law. We may not have a default on the debt securities discharged on the date of deposit. The discharge may not violate any of our agreements. The discharge may not result in our becoming an investment company in violation of the Investment Company Act of 1940.

TABLE OF CONTENTS

Concerning the Indenture Trustee

We will designate a trustee under the senior indenture and the subordinated indenture before the issuance of the debt securities.

Under provisions of the indentures and the Trust Indenture Act governing trustee conflicts of interest, any uncured Event of Default with respect to any series of senior or subordinated debt securities will force the trustee to resign as trustee under either the subordinated indenture or the senior indenture. Any resignation will require the appointment of a successor trustee under the applicable indenture in accordance with its terms and conditions.

The trustee may resign or be removed by us with respect to one or more series of debt securities and a successor trustee may be appointed to act with respect to any such series. The holders of a majority in aggregate principal amount of the debt securities of any series may remove the trustee with respect to the debt securities of such series. (Section 6.10)

Each indenture contains certain limitations on the right of the trustee thereunder, if it becomes our creditor, to obtain payment of claims in some cases, or to realize on property received in respect of any such claim, as security or otherwise. (Section 6.13)

The trustee is required to submit an annual report to the holders of the debt securities regarding, among other things, the trustee's eligibility to serve, the priority of the trustee's claims regarding certain advances made by it, and any action taken by the trustee materially affecting the debt securities.

Each indenture provides that, in addition to other certificates or opinions that may be specifically required by other provisions of an indenture, every application by us for action by the trustee shall be accompanied by a certificate of our officers and an opinion of counsel, who may be our counsel, stating that, in the opinion of the signers, we have complied with all conditions precedent to the action. (Section 1.02)

Governing Law

The indentures and the debt securities will be governed by the laws of the State of New York.

No Personal Liability of Officers, Directors, Employees or Stockholders

Our officers, directors, employees and stockholders will not have any liability for our obligations under the indentures or the debt securities. Each holder of debt securities, by accepting a debt security, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the debt securities.

Form, Denominations and Registration; Book Entry Only System

Unless otherwise indicated in a prospectus supplement, the debt securities of a series will be issued only in fully registered form, without coupons, in denominations of \$1,000 or integral multiples thereof. (Section 3.02) You will not have to pay a service charge to transfer or exchange debt securities of a series, but we may require you to pay for taxes or other governmental charges due upon a transfer or exchange. (Section 3.05)

Unless otherwise indicated in a prospectus supplement, each series of debt securities will be deposited with, or on behalf of, The Depository Trust Company, or DTC, or any successor depository, which we call a depository, and will

be represented by one or more global notes registered in the name of Cede & Co., as nominee of DTC. The interests of beneficial owners in the global notes will be represented through financial institutions acting on their behalf as direct or indirect participants in DTC.

Ownership of beneficial interests in a global note will be limited to persons, called participants, who have accounts with DTC or persons who hold interests through participants. Ownership of beneficial interests in the global notes will be shown on, and the transfer of these ownership interests will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

TABLE OF CONTENTS

So long as DTC, or its nominee, is the registered owner or holder of a global note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities of that series represented by such global note for all purposes of the indenture, the debt securities of that series and applicable law. In addition, no beneficial owner of an interest in a global note will be able to transfer that interest except in accordance with DTC's applicable procedures, in addition to those under the applicable indenture.

Payments on debt securities represented by global notes will be made to DTC or its nominee, as the registered owner thereof. Neither we, the trustee, any underwriter nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in global notes, for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any action taken or omitted to be taken by the depository or any participant.

We expect that DTC or its nominee will credit participants' accounts on the payable date with payments in respect of a global note in amounts proportionate to their respective beneficial interest in the principal amount of such global note as shown on the records of DTC or its nominee, unless DTC has reason to believe that it will not receive payment on the payable date. We also expect that payments by participants to owners of beneficial interests in such global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in street name. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in accordance with DTC rules. The laws of some states require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer beneficial interests in a global note to such persons may be impaired. Because DTC can only act on behalf of participants, who in turn act on behalf of others, such as securities brokers and dealers, banks and trust companies, called indirect participants, the ability of a person having a beneficial interest in a global note to pledge that interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of that interest, may be impaired by the lack of a physical certificate of that interest.

DTC will take any action permitted to be taken by a holder of debt securities of a series only at the direction of one or more participants to whose account interests in global notes are credited and only in respect of such portion of the aggregate principal amount of the debt securities of a series as to which such participant or participants has or have given such direction.

If (1) the depository notifies us that it is unwilling or unable to continue as depository or if the depository ceases to be eligible under the applicable indenture and a successor depository is not appointed by us within 90 days or (2) an Event of Default with respect to a series of debt securities shall have occurred and be continuing, the respective global notes representing the affected series of debt securities will be exchanged for debt securities in definitive form of like tenor and of an equal aggregate principal amount, in authorized denominations. Such definitive debt securities will be registered in such name or names as the depository instructs the trustee. Such instructions will most likely be based upon directions received by the depository from participants with respect to ownership of beneficial interests in global notes.

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical

movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants, including those who may act as underwriters of our debt securities, and by the New York Stock Exchange, Inc., the NYSE MKT LLC and the Financial Industry Regulatory Authority. Access to the DTC system is

12

TABLE OF CONTENTS

also available to others such as indirect participants that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in global notes among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we, the trustee, any underwriter nor any paying agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

DESCRIPTION OF COMMON STOCK

Community Financial, which is incorporated under the Maryland General Corporation Law, is authorized to issue 15,000,000 shares of capital stock, \$0.01 par value. As of October 16, 2014, we had 4,688,152 shares of common stock outstanding. Our board of directors may at any time, without additional approval of the holders of preferred stock or common stock, issue additional authorized shares of preferred stock or common stock.

Each share of our common stock has the same relative rights as, and is identical in all respects with, each other share of common stock.

Voting Rights. The holders of our common stock are entitled to one vote per share on all matters presented to stockholders. Holders of common stock are not entitled to cumulate their votes in the election of directors.

Dividends and Repurchases. The holders of our common stock are entitled to receive and share equally in any dividends as may be declared by our board of directors out of funds legally available for the payment of dividends. Under Maryland law, we may pay dividends if, after giving effect to such dividends, (1) we will be able to pay our indebtedness as such indebtedness becomes due in the usual course of business and (2) our total assets exceed our total liabilities plus the amount that would be needed to satisfy the preferential rights upon dissolution of stockholders whose preferential rights upon dissolution are superior to those receiving dividends.

As of June 30, 2014, we had approximately \$12.4 million of junior subordinated debentures issued to two unconsolidated statutory trusts in connection with the issuance by each of the two trusts of trust preferred securities. The terms of the junior subordinated debentures provide that we may defer interest on such instruments for up to 20 consecutive quarters. As of June 30, 2014, we were current on the interest payable pursuant to the junior subordinated debentures. However, if we elect in the future to defer interest on such instruments, our ability to pay dividends on our common stock also will be subject to the prior payment of all accrued but unpaid interest on the junior subordinated debentures.

Liquidation. Upon our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive their pro rata portion of our remaining assets after payment, or provision for payment, of all our debts and liabilities and often the holders our preferred stock, if any, have been paid in full any sums to which they may be entitled.

No Preemptive or Redemption Rights. Holders of our common stock are not entitled to preemptive rights with respect to any shares that may be issued. The common stock is not subject to redemption.

Certain Articles and Bylaw Provisions Affecting Stock

Our articles of incorporation and bylaws contain several provisions that may make us less attractive target for an acquisition of control by anyone who does not have the support of our board of directors. Such provisions include, among other things, the requirement of a supermajority vote of stockholders to approve certain business combinations and other corporate actions, a staggered board of directors, and the limitation that stockholder actions may only be taken at a meeting and may not be taken by unanimous written stockholder consent. The foregoing is qualified in its entirety by reference to our articles of incorporation and bylaws, both of which are on file with the SEC.

TABLE OF CONTENTS

Maryland Corporate Law

Maryland law contains certain provisions, described below, which may be applicable to Community Financial.

Business Combinations with Interested Stockholders. The articles of incorporation require the approval of the holders of at least 80% of Community Financial's outstanding shares of voting stock entitled to vote to approve certain business combinations with a related person. This supermajority voting requirement will not apply in cases where the proposed transaction has been approved by a majority of those members of Community Financial's board of directors who are unaffiliated with the related person and who were directors before the time when the related person became a related person.

The term related person includes any individual, group acting in concert, corporation, partnership, association or other entity (other than Community Financial or its subsidiary) who or which is the beneficial owner, directly or indirectly, of 10% or more of the outstanding shares of voting stock of Community Financial.

A business combination includes:

any merger or consolidation of Community Financial or a subsidiary of Community Financial with or into a related person;
any sale, lease, exchange, transfer or other disposition, including without limitation, a mortgage, or any other security device, of all or any substantial part of the assets of the Company (including without limitation any voting securities of a subsidiary) or of a subsidiary, to a related person;
any sale, lease, exchange, transfer or other disposition of all or any substantial part of the assets of a related person to the Company or a subsidiary of the Company;
the issuance of any securities of the Company or a subsidiary of the Company to a related person; and
any reclassification of the common stock of the Company, or any recapitalization involving the common stock of the Company.

Control Share Acquisitions. Maryland general corporation law provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights unless approved by a vote of two-thirds of the votes entitled to be cast on the matter, excluding shares owned by the acquiror or by the corporation's officers or directors who are employees of the corporation. Control shares are shares of voting stock which, if aggregated with all other shares of stock previously acquired, would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

20% or more but less than 33 1/3%;
33 1/3% or more but less than a majority; or
a majority of all voting power.

Control shares do not include shares of stock an acquiring person is entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition generally means the acquisition of, ownership of or the power to direct the exercise of voting power with respect to, control shares.

A person who has made or proposes to make a control share acquisition, under specified conditions, including an undertaking to pay expenses, may require the board of directors to call a special stockholders' meeting to consider the voting rights of the shares. The meeting must be held within 50 days of the demand. If no request for a meeting is made, the corporation may itself present the question at any stockholders' meeting.

TABLE OF CONTENTS

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as permitted by the statute, the corporation generally may redeem any or all of the control shares, except those for which voting rights have previously been approved. This redemption of shares must be for fair value, determined without regard to the absence of voting rights as of the date of the last control share acquisition or of any stockholders meeting at which the voting rights of the shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the stock determined for appraisal rights may not be less than the highest price per share paid in the control share acquisition. The limitations and restrictions otherwise applicable to the exercise of dissenters rights do not apply in the context of a control share acquisition.

The control share acquisition statute does not apply to stock acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction, or to an acquisition previously approved or exempted by a provision in the articles of incorporation or bylaws of the corporation.

Restrictions on Ownership

The BHCA generally would prohibit any company that is not engaged in financial activities and activities that are permissible for a bank holding company or a financial holding company from acquiring control of us. Control is generally defined as ownership of 25% or more of the voting stock or other exercise of a controlling influence. In addition, any existing bank holding company would need the prior approval of the Federal Reserve before acquiring 5% or more of our voting stock. The Change in Bank Control Act of 1978, as amended, prohibits a person or group of persons from acquiring control of a bank holding company unless the Federal Reserve has been notified and has not objected to the transaction. Under a rebuttable presumption established by the Federal Reserve, the acquisition of 10% or more of a class of voting stock of a bank holding company with a class of securities registered under Section 12 of the Exchange Act, such as Community Financial, could constitute acquisition of control of the bank holding company.

Maryland law generally requires the prior approval of the Commissioner before a person, group of persons, or company may acquire 25% or more of our voting stock or otherwise exercise a controlling influence over the direction of the management or policy of Community Financial or Community Bank.

TABLE OF CONTENTS

DESCRIPTION OF PREFERRED STOCK

Series C Preferred Stock

The following is a summary of the material terms of the Series C preferred stock. This summary does not purport to be complete, and is subject to and qualified in its entirety by reference to the Amended and Restated Articles Supplementary for the Series C preferred stock that was filed with the SEC and is also available upon request from us. As of October 16, 2014, 20,000 shares of our Series C preferred stock were outstanding.

Dividends. The Series C preferred stock is entitled to receive non-cumulative dividends, payable quarterly, on each January 1, April 1, July 1 and October 1. The dividend rate can fluctuate on a quarterly basis during the first 10 quarters during which the Series C preferred stock is outstanding, based upon changes in the level of Qualified Small Business Lending or QSBL of the Bank. Based upon the increase in the Bank's level of QSBL over a baseline level, the dividend rate for the initial dividend period has been set at one percent. For the second through ninth calendar quarters, the dividend rate may be adjusted to between one percent and five percent per annum, to reflect the amount of change in the Bank's level of QSBL. As of June 30, 2014, the dividend rate remains at one percent. If the level of the Bank's qualified small business loans declines so that the percentage increase in QSBL as compared to the baseline level is less than 10%, then the dividend rate payable on the Series C preferred stock would increase. For the tenth calendar quarter through four and one half years after issuance, the dividend rate will be fixed at between one percent and seven percent based upon the increase in QSBL as compared to the baseline. After four and one half years from issuance, the dividend rate will increase to 9%.

Dividends on the Series C preferred stock are non-cumulative. If for any reason our Board of Directors does not declare a dividend on the Series C preferred stock for a particular dividend period, then the holders of the Series C preferred stock will have no right to receive any dividend for that dividend period, and we will have no obligation to pay a dividend for that dividend period. We must, however, within five calendar days, deliver to the holders of the Series C preferred stock a written notice executed by our Chief Executive Officer and Chief Financial Officer stating our Board of Directors' rationale for not declaring dividends.

When dividends have not been declared and paid in full on the Series C preferred stock for an aggregate of four or more dividend periods, and during that time we were not subject to a regulatory determination that prohibits the declaration and payment of dividends, we must, within five calendar days of each missed payment, deliver to the holders of the Series C preferred stock a certificate executed by at least a majority of the members of our Board of Directors stating that it used its best efforts to declare and pay such dividends in a manner consistent with safe and sound banking practices and the directors' fiduciary obligations. In addition, our failure to pay dividends on the Series C preferred stock for five or more dividend periods will give the holders of the Series C preferred stock the right to appoint a non-voting observer on our Board of Directors, and our failure to pay dividends on the Series C preferred stock for six or more dividend periods will give the holders of the Series C preferred stock the right to elect two directors.

Our failure to pay a dividend on the Series C preferred stock also will restrict our ability to pay dividends on and repurchase shares of other classes and series of our equity securities.

No Sinking Fund. The Series C preferred stock is not subject to any sinking fund.

Priority of Dividends and Restrictions on Repurchases.

Priority of Dividends. So long as any share of the Series C preferred stock remains outstanding, we may declare and pay dividends on our common stock only if full dividends on all outstanding shares of Series C preferred stock for the most recently completed dividend period have been or are contemporaneously declared and paid. If a dividend is not declared and paid in full on the Series C preferred stock for any dividend period, then from the last day of that dividend period until the last day of the third dividend period immediately following it, no dividend or distribution may be declared or paid on our common stock.

TABLE OF CONTENTS

Restrictions on Repurchases. So long as any share of the Series C preferred stock remains outstanding, we may repurchase or redeem shares of our common stock, only if dividends on all outstanding shares of Series C preferred stock for the most recently completed dividend period have been or are contemporaneously declared and paid (or have been declared and a sum sufficient for payment has been set aside for the benefit of the holders of the Series C preferred stock as of the applicable record date).

Liquidation Rights. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company, holders of the Series C preferred stock will be entitled to receive for each share of Series C preferred stock, out of the assets of the Company or proceeds available for distribution to our stockholders, subject to any rights of our creditors, before any distribution of assets or proceeds is made to or set aside for the holders of our common stock payment of an amount equal to the sum of (1) the \$1,000 liquidation preference amount per share and (2) the amount of any accrued and unpaid dividends on the Series C preferred stock.

For purposes of the liquidation rights of the Series C preferred stock, neither a merger nor consolidation of the Company with another entity nor a sale, lease or exchange of all or substantially all of the Company's assets will constitute a liquidation, dissolution or winding up of the affairs of the Company.

Redemption and Repurchases. The Series C preferred stock may be redeemed at any time at the Company's option, at a redemption price of 100% of the liquidation amount plus accrued but unpaid dividends to the date of redemption for the current period, subject to the approval of its federal banking regulator.

To exercise the optional redemption right, we must give notice of the redemption to the holders of record of the Series C preferred stock, not less than 30 days and not more than 60 days before the date of redemption. The notice of redemption given to a holder of Series C preferred stock must state: (1) the redemption date; (2) the number of shares of Series C preferred stock to be redeemed and, if less than all the shares held by such holder are to be redeemed, the number of such shares to be redeemed from such holder; (3) the redemption price; and (4) the place or places where certificates for such shares are to be surrendered for payment of the redemption price. In the case of a partial redemption of the Series C preferred stock, the shares to be redeemed will be selected either pro rata or in such other manner as our board of directors or a committee of the board of directors determines to be fair and equitable, provided that shares representing at least 25% of the aggregate liquidation amount of the Series C preferred stock are redeemed.

Shares of Series C preferred stock that we redeem, repurchase or otherwise acquire will revert to authorized but unissued shares of preferred stock, which may then be reissued by us as any series of preferred stock other than the Series C preferred stock.

Conversion. Holders of the Series C preferred stock have no right to exchange or convert their shares into any other securities.

Voting Rights. The holders of the Series C preferred stock do not have voting rights other than with respect to certain matters relating to the rights of holders of Series C preferred stock, on certain corporate transactions and, if applicable, the election of additional directors described above.

In addition to any other vote or consent required by law or by our articles of incorporation, the written consent of (x) the Treasury, if the Treasury holds any shares of Series C preferred stock, or (y) the holders of a majority of the outstanding shares of Series C preferred stock, voting as a single class, if the Treasury does not hold any shares of Series C preferred stock, is required to:

amend our articles of incorporation or the Amended and Restated Articles Supplementary for the Series C preferred stock to authorize or create or increase the authorized amount of, or any issuance of, any shares of, or any securities convertible into or exchangeable or exercisable for shares of, any class or series of stock ranking senior to the Series C preferred stock with respect to the payment of dividends and/or the distribution of assets on any liquidation, dissolution or winding up of the Company;

amend our articles of incorporation or the Amended and Restated Articles Supplementary for the Series C preferred stock so as to adversely affect the rights, preferences, privileges or voting powers of the Series C preferred stock; consummate a binding share exchange or reclassification involving the Series C preferred stock or a merger or consolidation of the Company with another entity, unless (1) the shares of Series C preferred stock remain outstanding or, in the case of a merger or consolidation in which the Company is not the surviving or resulting entity, are converted into or exchanged for preference securities of the surviving or resulting entity or its ultimate parent, and (2) the shares of Series C preferred stock remaining outstanding or such preference securities, as the case may be, have such rights, preferences, privileges and voting powers, and limitations and restrictions, that are the same as the rights, preferences, privileges and voting powers, and limitations and restrictions of the Series C preferred stock immediately prior to consummation of the transaction, taken as a whole;

sell all, substantially all or any material portion of, the assets of the Company, if the Series C preferred stock will not be redeemed in full contemporaneously with the consummation of such sale; or

consummate a Holding Company Transaction (as defined below), unless as a result of the Holding Company Transaction each share of Series C preferred stock will be converted into or exchanged for one share with an equal liquidation preference of preference securities of the Company or the acquiror (the Holding Company Preferred Stock). Any such Holding Company Preferred Stock must entitle its holders to dividends from the date of issuance of such stock on terms that are equivalent to the terms of the Series C preferred stock, and must have such other rights, preferences, privileges and voting powers, and limitations and restrictions that are the same as the rights, preferences, privileges and voting powers, and limitations and restrictions of the Series C preferred stock immediately prior to such conversion or exchange, taken as a whole;

provided, however, that (1) any increase in the amount of our authorized shares of preferred stock, and (2) the creation and issuance, or an increase in the authorized or issued amount, of any other series of preferred stock, or any securities convertible into or exchangeable or exercisable for any other series of preferred stock, ranking equally with and/or junior to the Series C preferred stock with respect to the payment of dividends, whether such dividends are cumulative or non-cumulative, and the distribution of assets upon the liquidation, dissolution or winding up of the Company, will not be deemed to adversely affect the rights, preferences, privileges or voting powers of the Series C preferred stock and will not require the vote or consent of the holders of the Series C preferred stock.

A Holding Company Transaction means the occurrence of (a) any transaction that results in a person or group (1) becoming the direct or indirect ultimate beneficial owner of common equity of the Company representing more than 50% of the voting power of the outstanding shares of our common stock or (2) being otherwise required to consolidate the Company for GAAP purposes, or (b) any consolidation or merger of the Company or similar transaction or any sale, lease or other transfer in one transaction or a series of related transactions of all or substantially all of our consolidated assets to any person other than one of our subsidiaries; *provided that*, in the case of either clause (a) or (b), the Company or the acquiror is or becomes a bank holding company or savings and loan holding company.

To the extent holders of the Series C preferred stock are entitled to vote, holders of shares of the Series C preferred stock will be entitled to one vote for each share then held.

The voting provisions described above will not apply if, at or prior to the time when the vote or consent of the holders of the Series C preferred stock would otherwise be required, all outstanding shares of the Series C preferred stock have been redeemed by us or called for redemption upon proper notice and sufficient funds have been deposited by us in trust for the redemption.

TABLE OF CONTENTS

The following summary contains a description of the general terms of the preferred stock that we may issue. The specific terms of any series of preferred stock will be described in the prospectus supplement relating to that series of preferred stock. The terms of any series of preferred stock may differ from the terms described below. Certain provisions of the preferred stock described below and in any prospectus supplement are not complete. You should refer to the amendment to our articles of incorporation or the Amended and Restated Articles Supplementary to the articles of incorporation with respect to the establishment of a series of preferred stock that will be filed with the SEC in connection with the offering of such series of preferred stock.

General

Our articles of incorporation permit our board of directors to issue shares of preferred stock, \$0.01 per share, in one or more series, without stockholder action. The board of directors can fix the designation, powers, preferences and rights of each series. Therefore, without stockholder approval, our board of directors can authorize the issuance of preferred stock with voting, dividend, liquidation and conversion and other rights that could dilute the voting power of the common stock and may assist management in impeding any unfriendly takeover or attempted change in control.

The preferred stock has the terms described below unless otherwise provided in the prospectus supplement relating to a particular series of the preferred stock. You should read the prospectus supplement relating to the particular series of the preferred stock being offered for specific terms, including:

the designation and stated value per share of the preferred stock and the number of shares offered;
the amount of liquidation preference per share;
the price at which the preferred stock will be issued;
the dividend rate or method of calculation, the dates on which dividends will be payable, whether dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends will commence to accumulate;
any redemption or sinking fund provisions;
any conversion or exchange provisions;
whether we have elected to offer depositary shares as described in this prospectus under *Description of Depositary Shares* ; and
any other rights, preferences, privileges, limitations and restrictions on the preferred stock.

The preferred stock will, when issued, be fully paid and nonassessable. Unless otherwise specified in the prospectus supplement, each series of the preferred stock will rank equally as to dividends and liquidation rights in all respects with each other series of preferred stock. The rights of holders of shares of each series of preferred stock will be subordinate to those of our general creditors.

As described in this prospectus under *Description of Depositary Shares*, we may, at our option, with respect to any series of the preferred stock, elect to offer fractional interests in shares of preferred stock, and provide for the issuance of depositary receipts representing depositary shares, each of which will represent a fractional interest in a share of the series of the preferred stock. The fractional interest will be specified in the prospectus supplement relating to a particular series of the preferred stock.

TABLE OF CONTENTS

Rank

Any series of the preferred stock will, with respect to the priority of the payment of dividends and the priority of payments upon liquidation, winding up, and dissolution, rank:

senior to all classes of common stock and all equity securities issued by us, the terms of which specifically provide that the equity securities will rank junior to the preferred stock (the junior securities);
equally with all equity securities issued by us, the terms of which specifically provide that the equity securities will rank equally with the preferred stock (the parity securities); and
junior to all equity securities issued by us, the terms of which specifically provide that the equity securities will rank senior to the preferred stock.

Dividends

Holders of the preferred stock of each series will be entitled to receive, when, as, and if declared by our board of directors, cash dividends at such rates and on such dates, if any, described in the prospectus supplement. Different series of preferred stock may be entitled to dividends at different rates or based on different methods of calculation. The dividend rate may be fixed or variable or both. Dividends will be payable to the holders of record as they appear on our stock books on record dates fixed by our board of directors, as specified in the applicable prospectus supplement.

Dividends on any series of the preferred stock may be cumulative or noncumulative, as described in the applicable prospectus supplement. If our board of directors does not declare a dividend payable on a dividend payment date on any series of noncumulative preferred stock, then the holders of that noncumulative preferred stock will have no right to receive a dividend for that dividend payment date, and we will have no obligation to pay the dividend accrued for that period, whether or not dividends on that series are declared payable on any future dividend payment dates. Dividends on any series of cumulative preferred stock will accrue from the date we initially issue shares of such series or such other date specified in the applicable prospectus supplement.

No full dividends may be declared or paid or funds set apart for the payment of any dividends on any parity securities unless dividends have been paid or set apart for payment on the preferred stock. If full dividends are not paid, the preferred stock will share dividends pro rata with the parity securities. No dividends may be declared or paid or funds set apart for the payment of dividends on any junior securities unless full cumulative dividends for all dividend periods terminating on or before the date of the declaration or payment will have been paid or declared and a sum sufficient for the payment set apart for payment on the preferred stock.

Rights Upon Liquidation

If we dissolve, liquidate, or wind up our affairs, either voluntarily or involuntarily, the holders of each series of preferred stock will be entitled to receive, before any payment or distribution of assets is made to holders of junior securities, liquidating distributions in the amount described in the prospectus supplement relating to that series of the preferred stock, plus an amount equal to accrued and unpaid dividends and, if the series of the preferred stock is cumulative, for all dividend periods prior to that point in time. If the amounts payable with respect to the preferred stock of any series and any other parity securities are not paid in full, the holders of the preferred stock of that series and of the parity securities will share proportionately in the distribution of our assets in proportion to the full liquidation preferences to which they are entitled. After the holders of preferred stock and the parity securities are paid in full, they will have no right or claim to any of our remaining assets.

TABLE OF CONTENTS

Because we are a bank holding company, our rights, the rights of our creditors and of our stockholders, including the holders of the preferred stock offered by this prospectus, to participate in the assets of any subsidiary upon the subsidiary's liquidation or recapitalization may be subject to the prior claims of the subsidiary's creditors except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary.

Redemption

We may provide that a series of the preferred stock may be redeemable, in whole or in part, at our option, with prior Federal Reserve approval, if required. In addition, a series of preferred stock may be subject to mandatory redemption pursuant to a sinking fund or otherwise. The redemption provisions that may apply to a series of preferred stock, including the redemption dates and the redemption prices for that series, will be described in the prospectus supplement.

In the event of partial redemptions of preferred stock, whether by mandatory or optional redemption, our board of directors will determine the method for selecting the shares to be redeemed, which may be by lot or pro rata or by any other method determined to be equitable.

On or after a redemption date, unless we default in the payment of the redemption price, dividends will cease to accrue on shares of preferred stock called for redemption. In addition, all rights of holders of the shares will terminate except for the right to receive the redemption price.

Unless otherwise specified in the applicable prospectus supplement for any series of preferred stock, if any dividends on any other series of preferred stock ranking equally as to payment of dividends and liquidation rights with such series of preferred stock are in arrears, no shares of any such series of preferred stock may be redeemed, whether by mandatory or optional redemption, unless all shares of preferred stock are redeemed, and we will not purchase any shares of such series of preferred stock. This requirement, however, will not prevent us from acquiring such shares pursuant to a purchase or exchange offer made on the same terms to holders of all such shares outstanding.

Voting Rights

Unless otherwise described in the applicable prospectus supplement, holders of the preferred stock will have no voting rights except as otherwise required by law or in our articles of incorporation.

Under regulations adopted by the Federal Reserve, if the holders of any series of the preferred stock are or become entitled to vote for the election of directors, such series may then be deemed a class of voting stock and a holder of 10% or more of such class of securities under certain circumstances may then be subject to regulation as a bank holding company or be deemed in control in accordance with federal law.

Exchangeability

We may provide that the holders of shares of preferred stock of any series may be required at any time or at maturity to exchange those shares for our debt securities. The applicable prospectus supplement will specify the terms of any such exchange.

TABLE OF CONTENTS

DESCRIPTION OF DEPOSITARY SHARES

General

We may, at our option, elect to offer fractional shares of preferred stock, which we call depositary shares, rather than full shares of preferred stock. If we do, we will issue to the public receipts, called depositary receipts, for depositary shares, each of which will represent a fraction, to be described in the prospectus supplement, of a share of a particular series of preferred stock.

The shares of any series of preferred stock represented by depositary shares will be deposited with a depositary named in the prospectus supplement. Unless otherwise provided in the prospectus supplement, each owner of a depositary share will be entitled, in proportion to the applicable fractional interest in a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by such depositary share. Those rights include dividend, voting, redemption, conversion and liquidation rights.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received in respect of the preferred stock to the record holders of depositary shares in proportion to the numbers of depositary shares owned by those holders.

If there is a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary shares, unless the depositary determines that it is not feasible to make the distribution. If this occurs, the depositary may, with our approval, sell the property and distribute the net proceeds from the sale to the holders.

Withdrawal of Stock

Unless the related depositary shares have been previously called for redemption, upon surrender of the depositary receipts at the office of the depositary, the holder of the depositary shares will be entitled to delivery, at the office of the depositary to or upon his or her order, of the number of whole shares of the preferred stock and any money or other property represented by the depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares. In no event will the depositary deliver fractional shares of preferred stock upon surrender of depositary receipts.

Redemption of Depositary Shares

Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing shares of the preferred stock so redeemed, so long as we have paid in full to the depositary the redemption price of the preferred stock to be redeemed plus an amount equal to any accumulated and unpaid dividends on the preferred stock to the date fixed for redemption. The redemption price per depositary share will be equal to the redemption price and any other amounts per share payable on the preferred stock multiplied by the fraction of a share of preferred stock represented by one depositary share. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata or by any other equitable method as may be determined by the depositary.

After the date fixed for redemption, depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of depositary shares will cease, except the right to receive the moneys payable upon redemption and any money or other property to which the holders of the depositary shares were entitled upon redemption upon surrender to the depositary of the depositary receipts evidencing the depositary shares.

TABLE OF CONTENTS

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts relating to that preferred stock. The record date for the depositary receipts relating to the preferred stock will be the same date as the record date for the preferred stock. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock represented by that holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock represented by the depositary shares in accordance with those instructions, and we will agree to take all action that may be deemed necessary by the depositary to enable the depositary to do so. The depositary will not vote any shares of preferred stock except to the extent it receives specific instructions from the holders of depositary shares representing that number of shares of preferred stock.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay other transfer and other taxes and governmental charges and such other charges as are expressly provided in the deposit agreement to be for their accounts.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so, and we may remove the depositary at any time. Any resignation or removal of the depositary will take effect upon our appointment of a successor depositary and its acceptance of such appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Notices

The depositary will forward to holders of depositary receipts all notices, reports and other communications, including proxy solicitation materials received from us, which are delivered to the depositary and that we are required to furnish to the holders of the preferred stock.

Limitation of Liability

Neither we nor the depositary will be liable if either of us is prevented or delayed by law or any circumstance beyond our control in performing our obligations. Our obligations and those of the depositary will be limited to performance in good faith of our and their duties thereunder. We and the depositary will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, on information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt securities, preferred stock, depositary shares or common stock. We may offer warrants separately or together with one or more additional warrants, debt securities, preferred stock, depositary shares or common stock, or any combination of those securities in the form of units, as described in the appropriate prospectus supplement. If we issue warrants as part of a unit, the accompanying prospectus supplement will specify whether those warrants may be separated from the other securities in the unit before the warrants' expiration date. Below is a description of certain general terms and provisions of the warrants that we may offer. Further terms of the warrants will be described in the prospectus supplement.

The applicable prospectus supplement will contain, where applicable, the following terms of and other information relating to the warrants:

- the circumstances under which the warrant exercise price may be adjusted;

TABLE OF CONTENTS

DESCRIPTION OF UNITS

We may issue units comprised of two or more of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The applicable prospectus supplement may describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units;

the terms of the unit agreement governing the units;
United States federal income tax considerations relevant to the units; and
whether the units will be issued in fully registered or global form.

The preceding description and any description of units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the form of unit agreement, which will be filed with the SEC in connection with the offering of such units, and, if applicable, collateral arrangements and depository arrangements relating to such units.

PLAN OF DISTRIBUTION

We may offer and sell these securities in any one or more of the following ways:

to the public through a group of underwriters managed or co-managed by one or more underwriters, or through dealers;

through one or more agents;
directly to purchasers; or
through a combination of such methods of sale.

The distribution of the securities may be effected from time to time in one or more transactions:

at a fixed price, or prices which may be changed from time to time;
at market prices prevailing at the time of sale;
at prices related to those prevailing market prices; or
at negotiated prices.

Each time we sell securities a prospectus supplement will describe the method of distribution of the securities and any applicable restrictions.

The prospectus supplement with respect to the securities of a particular series will describe the terms of the offering of the securities, including the following:

the name or names of any agents, dealers or underwriters included in the offer and sale of the securities;
the public offering or purchase price and the proceeds we will receive from the sale of the securities;
any discounts and commissions to be allowed or paid to the agents or underwriters;

all other items constituting underwriting compensation;
any discounts and commissions to be allowed or paid to dealers; and
any exchanges on which the securities will be listed.

TABLE OF CONTENTS

We may agree to enter into an agreement to indemnify the agents and the several underwriters against certain civil liabilities, including liabilities under the Securities Act or to contribute to payments the agents or the underwriters may be required to make.

If so indicated in the applicable prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by certain institutions to purchase debt securities from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each contract will be for an amount not less than, and the aggregate amount of securities sold pursuant to those contracts will be equal to, the respective amounts stated in the prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but will in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that:

the purchase by an institution of the debt securities covered under that contract will not at the time of delivery be prohibited under the laws of the jurisdiction to which that institution is subject; and
if the debt securities are also being sold to underwriters acting as principals for their own account, the underwriters will have purchased those debt securities not sold for delayed delivery. The underwriters and other persons acting as our agents will not have any responsibility in respect of the validity or performance of delayed delivery contracts.

In all cases, these purchasers must be approved by us. Unless otherwise set forth in the applicable prospectus supplement, the obligations of any purchaser under any of these contracts will not be subject to any conditions except that (a) the purchase of the securities must not at the time of delivery be prohibited under the laws of any jurisdiction to which that purchaser is subject and (b) if the securities are also being sold to underwriters, we must have sold to these underwriters the securities not subject to delayed delivery. Underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

If underwriters or dealers are used in the sale, the securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, or at prices related to such prevailing market prices, or at negotiated prices. The securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in the prospectus supplement, the obligations of underwriters or dealers to purchase the securities offered will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all the offered securities if any are purchased. Any public offering price and any discounts or concessions allowed or reallocated or paid by underwriters or dealers to other dealers may be changed from time to time.

The securities may be sold directly by us or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth in, the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

To the extent that we make sales to or through one or more underwriters or agents in at-the-market offerings, we will do so pursuant to the terms of a distribution agreement between us and the underwriters or agents. If we engage in at-the-market sales pursuant to a distribution agreement, we will issue and sell shares of our common stock to or through one or more underwriters or agents, which may act on an agency basis or on a principal basis. During the term of any such agreement, we may sell shares on a daily basis in exchange transactions or otherwise as we agree with the underwriters or agents. The distribution agreement will provide that any shares of our common stock sold will be sold at prices related to the then prevailing market prices for our common stock. Therefore, exact figures regarding proceeds that will be raised or commissions to be paid cannot be determined at this time and will be described in a

prospectus supplement. Pursuant to the terms of the distribution agreement, we also may agree to sell, and the relevant underwriters or agents may

TABLE OF CONTENTS

agree to solicit offers to purchase, blocks of our common stock or other securities. The terms of each such distribution agreement will be set forth in more detail in a prospectus supplement to this prospectus. If any underwriter or agent acts as principal, or broker-dealer acts as underwriter, it may engage in certain transactions that stabilize, maintain or otherwise affect the price of our securities. We will describe any such activities in the prospectus supplement relating to the transaction.

Offers to purchase the securities offered by this prospectus may be solicited, and sales of the securities may be made, by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resales of the securities. The terms of any offer made in this manner will be included in the prospectus supplement relating to the offer.

Subject to any restrictions relating to debt securities in bearer form, any securities initially sold outside the United States may be resold in the United States through underwriters, dealers or otherwise.

Each series of securities other than common stock will be a new issue of securities with no established trading market. Any underwriters to whom offered securities are sold by us for public offering and sale may make a market in such securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time.

The anticipated date of delivery of the securities offered by this prospectus will be described in the applicable prospectus supplement relating to the offering. The securities offered by this prospectus may or may not be listed on a national securities exchange or a foreign securities exchange. No assurance can be given as to the liquidity or activity of any trading in the offered securities.

If more than 10% of the net proceeds of any offering of securities made under this prospectus will be received by Financial Industry Regulatory Authority (FINRA) members participating in the offering or affiliates or associated persons of such FINRA members, the offering will be conducted in accordance with FINRA Rule 5110.

We may enter into derivative or other hedging transactions with financial institutions. These financial institutions may in turn engage in sales of our common stock to hedge their position, deliver this prospectus in connection with some or all of those sales and use the shares covered by this prospectus to close out any short position created in connection with those sales. We may also sell shares of our common stock short using this prospectus and deliver our common stock covered by this prospectus to close out such short positions, or loan or pledge our common stock to financial institutions that in turn may sell the shares of our common stock using this prospectus. We may pledge or grant a security interest in some or all of our common stock covered by this prospectus to support a derivative or hedging position or other obligations and, if we default in the performance of our obligations, the pledges or secured parties may offer and sell our common stock from time to time pursuant to this prospectus.

We also may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

Certain of the underwriters and their associates and affiliates may be customers of, have borrowing relationships with, engage in other transactions with, and/or perform services, including investment banking services, for, us or one or more of our affiliates in the ordinary course of business.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the (ii) most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however,* that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining liability under the Securities Act of 1933 to any purchaser:

- (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the
- (ii) registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

TABLE OF CONTENTS

(5) That, for the purpose of determining any liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The registrant undertakes that in a primary offering of securities of the registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the registrant or used or referred to by the registrant;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the registrant or its securities provided by or on behalf of the registrant; and
- (iv) any other communication that is an offer in the offering made by the registrant to the purchaser.

The registrant hereby undertakes that, for the purpose of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.
