Item 1.01. Entry into a Material Definitive Agreement.

Underwriting Agreement

On April 5, 2018, Intercept Pharmaceuticals, Inc. (the “Company”) entered into an underwriting agreement (the “Underwriting Agreement”) with Credit Suisse Securities (USA) LLC and Jefferies LLC (the “Underwriters”), relating to an underwritten public offering of 2,343,750 shares of the Company’s common stock, par value \$0.001 per share (“Common Stock”), at a price to the public of \$64.00 per share (the “Public Offering”). In addition, the Company granted the Underwriters a 30-day option to purchase up to 351,563 additional shares of Common Stock (the “Additional Shares”). On April 5, 2018, the Underwriters notified the Company that they had exercised in full their option to purchase the Additional Shares. The closing of the Public Offering occurred on April 9, 2018.

The shares of Common Stock in the Public Offering were offered and sold pursuant to the Company’s automatic shelf registration statement on Form S-3ASR (No. 333-217861), including the prospectus, dated May 10, 2017, and the prospectus supplement, dated April 5, 2018.

The Underwriting Agreement contains customary representations, warranties and agreements by the Company, indemnification obligations of the Company and the Underwriters, including for liabilities under the Securities Act of 1933, as amended (the “Securities Act”), and other obligations of the parties. In addition, pursuant to the terms of the Underwriting Agreement, the executive officers and directors of the Company and the Private Placement Purchasers (as defined below) have entered into “lock-up” agreements with the Underwriters which generally prohibit the sale, transfer or other disposition of Common Stock or securities convertible into, exchangeable for, exercisable for or repayable with Common Stock of the Company for a 60-day period, subject to certain exceptions.

Securities Purchase Agreement

In addition, on April 4, 2018, the Company entered into a Securities Purchase Agreement (the “Purchase Agreement”) with certain purchasers named therein (the “Private Placement Purchasers”) pursuant to which the Company agreed to issue and sell to the Private Placement Purchasers an aggregate of 1,562,500 shares of its Common Stock (the “Private Placement Shares”) at a purchase price per share equivalent to the price to the public in the Public Offering (the “Concurrent Private Placement”). The aggregate purchase price paid by the Private Placement Purchasers for the Private Placement Shares was \$100,000,000. Under the terms of the Purchase Agreement, the Private Placement Purchasers received certain registration rights upon the consummation of the Concurrent Private Placement. The closing of the Concurrent Private Placement occurred on April 9, 2018.

Pursuant to the terms of the Purchase Agreement, the Private Placement Shares were offered and sold without registration under the Securities Act or state securities laws in reliance upon the exemption from the registration requirements of the Securities Act provided by Section 4(a)(2) of the Securities Act. In connection with the Private Placement Purchasers' execution of the Purchase Agreement, each Private Placement Purchaser represented to the Company that it is an "accredited investor" as defined in Rule 501(a) under the Securities Act and that the securities purchased by such Private Placement Purchaser were acquired solely for its own account for investment, and not with a view towards distribution in a manner which would violate the Securities Act or any applicable state or other securities laws.

The foregoing description of the Underwriting Agreement and the Purchase Agreement is not complete and is qualified in its entirety by reference to the full text of the Underwriting Agreement and the Purchase Agreement, copies of which are filed herewith as Exhibits 1.1 and 10.1, respectively, to this Current Report on Form 8-K and are incorporated herein by reference.

The net proceeds to the Company from the Public Offering and the Concurrent Private Placement are expected to be approximately \$261.4 million, after deducting underwriting discounts and commissions and other estimated offering expenses. The Company intends to use the net proceeds from the sale of Common Stock in the Public Offering and the Concurrent Private Placement for working capital and general corporate purposes, which may include, among other things, funding the ongoing commercialization of Ocaliva® in primary biliary cholangitis and the continued advancement of the Company's clinical, research and development programs.

Item 3.02. Unregistered Sales of Equity Securities.

The first two paragraphs of the disclosure provided under the heading “Securities Purchase Agreement” in Item 1.01 above are incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
