PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 15, 2015

This proxy statement is furnished in connection with the solicitation of proxies by Asbury Automotive Group, Inc. (“Asbury”, the “Company”, “we”, “us” or “our”) on behalf of the Board of Directors (the “Board”) for the 2015 Annual Meeting of Stockholders (the “Annual Meeting”), and all adjournments or postponements of the Annual Meeting. The accompanying Notice of Annual Meeting of Stockholders and Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on April 15, 2015, this proxy statement and proxy card are first being mailed to stockholders, and made available on the Internet, on or about March 17, 2015. A copy of the Company’s Annual Report on Form 10-K for the year ended December 31, 2014 is included with these materials.

INFORMATION ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will be asked to consider and vote on the following proposals:

PROPOSAL 1. election of three nominees to Class I of the Board to hold office until the 2018 annual meeting of stockholders or until their successors are duly elected and qualified;

PROPOSAL 2: advisory approval of the compensation of our named executive officers; and

PROPOSAL 3: ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2015.

The stockholders will also transact any other business that may properly come before the Annual Meeting. Representatives from our independent registered public accounting firm, Ernst & Young LLP, are expected to be present at the meeting to make a statement if they so desire and to respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the Annual Meeting is February 27, 2015. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the Annual Meeting. Attendance at the Annual Meeting will be limited to stockholders of record, their proxies, beneficial owners having evidence of ownership on the record date and our invited guests.

Our sole outstanding class of capital stock is our common stock, par value \$0.01 per share. Except as otherwise required by law, or as described in this proxy statement, each holder of our common stock is entitled to one vote per share with respect to each director nominee and on each other matter submitted at the Annual Meeting. As of 5:00 p.m. Eastern Time on the record date there were 28,585,299 shares of our common stock issued and outstanding and entitled to vote on each matter to be voted upon at the Annual Meeting, which number includes 193,841 shares of unvested restricted stock entitled to voting rights and that are held by our employees.

What if my shares are held in “street name” by a broker?

If you are the beneficial owner of shares held in “street name” by a bank, broker or other nominee, such other party is the record holder of the shares and is required to vote those shares in accordance with your instructions. If you do not give instructions to the record holder, that party will only be entitled to (but not required to) vote the shares on the proposal relating to the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm (Proposal 3). Shares that a bank, broker or other nominee is not entitled to vote with respect to any of the other proposals (the election of directors and the advisory approval of executive compensation) pursuant to the rules of the New York Stock Exchange (the “NYSE”), are sometimes called “broker non-votes.” The treatment of broker non-votes is described below under “How will broker non-votes be treated?”

1

Table of Contents

How do I vote?

1. You may vote by mail. If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, your shares will be voted in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in the United States.
2. You may vote by telephone or on the Internet. If you are a stockholder of record (your shares are registered directly in your name with our transfer agent) you may vote by telephone or on the Internet by following the voting instructions on the proxy card. If your shares are held in "street name" by a bank, broker or other nominee, you may also be able to vote by telephone or on the Internet. Please check the voting form provided by your bank, broker or other nominee to see if it offers such options.
3. You may vote in person at the Annual Meeting. If you are a stockholder of record and attend the Annual Meeting and wish to vote in person, you will be given a ballot at the Annual Meeting. However, if your shares are held in the name of your bank, broker or other nominee, you will need to obtain a proxy from the institution that holds your shares indicating that you were the beneficial owner of our common stock as of the record date for the Annual Meeting. Please contact your bank, broker or other nominee holding your shares directly if you would like to obtain a proxy to vote your shares directly at the Annual Meeting. Even if you plan to attend the Annual Meeting, please complete, sign and return your proxy card, or vote via telephone or the Internet, to ensure that your shares are represented. If you attend the Annual Meeting, any votes you cast at the meeting will supersede your proxy.

How many shares must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of at least 14,292,651 shares, which represents a majority of the shares of common stock outstanding on the record date, will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be counted for the purpose of determining the presence of a quorum.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present at the scheduled time of the Annual Meeting, the chairman of the Annual Meeting may adjourn or postpone the Annual Meeting until a quorum is present. The time and place of the adjourned or postponed Annual Meeting will be announced at the time the adjournment is taken, and, unless such adjournment or postponement is for more than 30 days, no other notice will be given. An adjournment or postponement will have no effect on the business that may be conducted at the Annual Meeting.

How will broker non-votes be treated?

If your shares are held by a bank, broker or other nominee in "street name," that record holder will generally be prohibited from voting your shares on any matter other than with respect to the ratification of the Company's independent registered public accounting firm, unless you inform the record holder how your shares should be voted. If you do not provide instructions to the record holder, your shares will be treated as "broker non-votes" with respect to any other proposals voted on at the Annual Meeting. Additionally, the record holder may elect not to vote your shares with respect to the proposal related to the ratification of our independent registered public accounting firm, in which case your shares would also be treated as "broker non-votes" for that proposal. All "broker non-votes" will be included for purposes of calculating the presence of a quorum at the Annual Meeting, but otherwise will be treated as shares not voted on a proposal.

How will abstentions be treated?

If you abstain from voting on a proposal, your shares will still be included for purposes of determining whether a quorum is present at the Annual Meeting. Because directors are elected by a plurality of votes, an abstention will have no effect on the outcome of the vote with respect to the election of directors. In addition, abstentions will not be treated as votes cast, and will not have an effect on the outcome of the advisory approval of the compensation of our named executive officers or the ratification of the appointment of our independent registered public accounting firm for 2015.

2

Table of Contents

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting by:

- signing and properly submitting another proxy with a later date;
- voting by telephone or the Internet;
- giving written notice of the revocation of your proxy to the Secretary of the Company prior to the Annual Meeting; or
- voting in person at the Annual Meeting.

How does the Board recommend I vote on the proposals?

The Board recommends that you vote:

- “FOR” the election of the three nominees to Class I of the Board of Directors to hold office until the 2018 annual meeting of stockholders or until their successors are duly elected and qualified;
- “FOR” the advisory approval of the compensation of our named executive officers; and
- “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2015.

What if I return an executed proxy but do not specify how my shares are to be voted?

If you properly execute and return your proxy but do not indicate any voting instructions with respect to one or more matters to be voted upon at the Annual Meeting, or if your voting instructions are unclear, your shares will be voted in accordance with the recommendation of the Board as to all such matters.

Specifically, your shares will be voted FOR the election of all director nominees (Proposal 1), FOR the advisory approval of the compensation of our named executive officers (Proposal 2) and FOR the ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2015 (Proposal 3), as well as in the discretion of the persons named as proxies on all other matters that may properly come before the Annual Meeting.

Will any other business be conducted at the Annual Meeting?

The Board is aware of no other business that will be presented at the Annual Meeting. If any other business properly comes before the stockholders for a vote at the Annual Meeting, the proxy holders will vote the shares for which they have been granted a proxy as recommended by our Board, or if no recommendation is given, in accordance with their own discretion.

What vote is required to elect the director nominees?

Directors are elected by a plurality of votes cast. This means that each of the three nominees will be elected if they receive more affirmative votes than any other person. If you vote “Withheld” with respect to the election of one or more

nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

What happens if a nominee is unwilling or unable to stand for election?

If a nominee is unwilling or unable to stand for election (an eventuality of which we are not aware), the Board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority with respect to the election of the nominee who will not stand for election.

Table of Contents

What vote is required to approve, on an advisory basis, the compensation paid to our named executive officers?

The advisory approval of the compensation paid to our named executive officers requires the affirmative vote of a majority of the voting power of the Company's common stock present at the Annual Meeting in person or by proxy and entitled to vote as of the record date.

What vote is required to ratify the appointment of our independent registered public accounting firm?

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2015 requires the affirmative vote of a majority of the voting power of the Company's common stock present at the Annual Meeting in person or by proxy and entitled to vote as of the record date.

Who pays for the costs of soliciting proxies?

We will pay the cost of soliciting proxies, including the expenses of preparing, printing and mailing the proxy materials to stockholders. We have retained MacKenzie Partners, Inc. to aid in the broker search and the solicitation of proxies, for a fee of approximately \$10,000, plus reasonable out-of-pocket expenses and disbursements. We will also reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of our common stock. Our directors, officers and other employees of the Company may also solicit proxies without additional compensation. This solicitation may be in person or via telephone, email or other electronic communication methods.

Under such rules, beneficial ownership includes any shares as to which the individual has

sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days after February 27, 2015 through the exercise of any stock option or other right. Inclusion in the table of such shares, however, does not constitute an admission that the director, nominee, named executive officer or other executive officer is a direct or indirect beneficial owner of such shares. Except as otherwise indicated, the persons listed in the table have sole voting and investment power with respect to the securities included in the table.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

Directors and Nominees for Election as Directors

The Board is divided into three classes with the members of each class serving a three-year term on the Board. The term of each Class I director expires at the Annual Meeting, the term of each Class II director expires at the 2016 annual meeting of stockholders, and the term of each Class III director expires at the 2017 annual meeting. On May 29, 2014, Thomas J. Reddin was elected to Class III of the Board. Effective January 7, 2015, Joel Alsfine and Scott Thompson were elected to, respectively, Class II and I of the Board. Janet Clarke, a Class I member of the Board who has served as a director since April 2005, will not stand for reelection at the Annual Meeting. Michael S. Kearney, a Class II member of the Board who has served as a director since October 2012, will step down from the Board concurrent with his retirement on March 31, 2015. The Company thanks Ms. Clarke and Mr. Kearney for their years of faithful service. Pursuant to our Restated Certificate of Incorporation and resolutions of the Board and upon the completion of Ms. Clarke's term, the size of the Board will be set at nine directors.

Directors are elected by a plurality of the votes cast. This means that each of the three director nominees will be elected if they receive more affirmative votes than any other person. If you vote "Withhold" with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

Each director-nominee has consented to being named in this proxy statement and has agreed to serve if elected. Management has no reason to believe that the director-nominees will not serve if elected. If a nominee is unable or unwilling to stand for election, the Board will designate a substitute nominee or choose to further reduce the size of the Board. If a substitute nominee is designated, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority for the nominee who is not standing for election.

Below is certain information about our director-nominees and the directors who will continue to serve on the Board following the Annual Meeting, their principal occupation, business experience as well as other matters, and the Board's assessment of their individual qualifications to serve on our Board. For certain additional information regarding the director-nominees and the directors who will continue to serve on the Board following the Annual Meeting, see the sections entitled "Securities Owned by Management and Certain Beneficial Owners," "Governance of the Company," and "Related Person Transactions" in this proxy statement.

Upon the recommendation of the Governance and Nominating Committee, our Board has nominated Dennis Clements, Eugene Katz and Scott Thompson for election to Class I of the Board. All of the Class I director-nominees are currently directors of the Company. The Board unanimously recommends you vote FOR each of these nominees.

GOVERNANCE OF THE COMPANY

Independence of Directors and Director-Nominees

The Board has determined that all of the directors other than Mr. Monaghan and Mr. Kearney, who are employees of the Company, qualify as independent directors under the rules of the NYSE and the Company's Corporate Governance Guidelines. Additionally, the Board determined that Vernon Jordan, Jr., who did not stand for re-election at the Company's 2014 annual meeting of stockholders, also qualified as an independent director during the time in which he served. In order to qualify as an independent director of the Company, the Board must affirmatively determine, based upon all relevant facts and circumstances, that the director does not have a material relationship with the Company that would affect his or her independence, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company.

The Board has adopted the categorical independence standards set forth in the Company's Corporate Governance Guidelines to assist it in making determinations of director independence. These standards comply with, and in some respects are more stringent than, the NYSE's categorical standards for director independence. Our Corporate Governance Guidelines can be found on our web site at www.asburyauto.com under "Investor Relations" at "Corporate Governance."

Furthermore, in order for a director to qualify as independent for Audit Committee purposes, the director also must satisfy the additional independence criteria specified in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). In order for a director to qualify as independent for Compensation and Human Resources Committee purposes, the director must meet the Company's categorical independence standards described above, and must also be (i) a "non-employee director" for purposes of Rule 16b-3 under the Exchange Act, and (ii) an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

In making its independence determinations, the Board considered the relationships and transactions described under "Related Person Transactions" below, including any relationship or transaction pursuant to which any of our non-employee directors, entities associated with those directors, or members of their immediate families purchased or leased a vehicle at a Company dealership. The Board determined that none of the relationships and transactions it considered impaired the independence of our non-employee directors or disqualified any of our non-employee directors from serving as independent directors under our categorical independence standards set forth in our Corporate Governance Guidelines and the NYSE listing standards.

Nomination of Directors

The Governance and Nominating Committee evaluates, and recommends to the full Board, nominees to serve as directors on our Board. The nominees for election at the Annual Meeting are both current directors and were originally recommended to the Board by various sources, including other directors, a third-party executive search firm engaged by the Company and other stakeholders. Candidates are evaluated in light of the then-current composition of the Board, the operating requirements of the Company and the long-term interests of the stockholders. In performing this evaluation, the Governance and Nominating Committee considers the diversity, age, skills and other experience of the candidate, and other factors it deems appropriate, given the needs of the Board and the Company at the appropriate time, to maintain what it considers to be an appropriate balance of knowledge, experience and capabilities. Qualified

director nominees should possess an appropriate balance of the following qualities: high moral character and personal integrity, a high level of leadership or managerial experience, experience and knowledge relative to matters affecting the Company, the ability and willingness to contribute to the Board, the ability to exercise sound, independent business judgment, a long-term commitment to the interests of stockholders and growth of the Company, freedom from conflicts of interest, the ability to dedicate sufficient time, energy and attention to Board activities and the diligent performance of his or her duties, and reflect the diversity of the Company's stockholders, employees, customers and communities.

The Board will consider director candidates recommended by the Company's stockholders. In order to make such a nomination, the stockholder must (i) be a record holder of shares of common stock on the record date, (ii) be entitled to vote for the election of such director(s) and (iii) comply with the notice procedures set forth in the Company's Bylaws. If you would like a copy of the Company's Bylaws, please notify the Company at the address on the first page of this proxy statement. The Bylaws are also available on the Company's web site at www.asburyauto.com under "Investor Relations" at "Corporate Governance."

Alsfine, DeLoach, Katz and Reddin were determined by the Board to be “audit committee financial experts” within the meaning of Item 407(d)(5) of Regulation S-K under the Exchange Act.

Each year, the Audit Committee retains an auditing firm to serve as our independent registered public accounting firm. With management and the independent registered public accounting firm, the Committee reviews the financial statements, oversees the financial reporting process and assesses the adequacy of basic accounting services rendered to us. The Audit Committee’s review of financial statements is more fully described below under the caption “Audit Committee Report,” and its responsibilities are outlined in the Audit Committee Charter.

The Compensation and Human Resources Committee establishes and reviews our general compensation philosophy with the input of management, oversees the development and implementation of our compensation philosophy to ensure that our compensation plans are consistent with our general compensation philosophy, establishes the compensation to be paid to the CEO, reviews the recommendations of the CEO as to the appropriate compensation of our other corporate officers, generally administers and issues awards under our equity incentive plans from time to time in effect, oversees our other benefit plans and assists the Board in succession planning. See “Compensation Discussion and Analysis” for a discussion of our compensation philosophy and how the Compensation and Human Resources Committee determines the compensation of our executive officers. The Compensation and Human

Resources Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Committee.

(1) With the exceptions of Mr. Jordan and Mr. Reddin, the amount in this column for each director represents the aggregate grant date fair value of 1,930 shares of common stock granted to each non-management director on February 5, 2014. For Mr. Jordan, this represents the aggregate grant date fair value of 1,930 shares of common stock granted to him on February 24, 2014. For Mr. Reddin, this represents the aggregate grant date fair value of 735 shares of common stock granted to him on May 29, 2014. These were calculated in accordance with FASB ASC Topic 718. For a more detailed discussion of the assumptions used to determine the valuation of the stock awards set forth in this column please see a discussion of such valuation in Note 22 of the Consolidated Financial Statements in our 2014 Annual Report on Form 10-K.

(2) Represents the incremental cost to us for the respective use of a vehicle received by non-management directors. We calculate incremental costs of personal use vehicles as all direct costs (excluding fuel), including without limitation, the cost of transporting the vehicle to the director, any taxes, repairs, and any maintenance and service of the vehicle. In addition, we include the difference between our cost for the vehicle and the ultimate sale price or the anticipated sale price, pro-rated for the amount of time the director had possession of the vehicle during the fiscal year, plus an estimate of lost interest income calculated as our initial cash outlay for the vehicle multiplied by our weighted average interest rate on invested cash. We do not

estimate lost margin on an ultimate sale of a vehicle.

- (3) Ms. Clarke, a Class I director whose term will expire at the Annual Meeting, will not stand for re-election.
- (4) Mr. Jordan served as a director until the date of the Company's 2014 annual meeting.

Meeting Attendance

During 2014, the Board held fifteen meetings and took one action by unanimous written consent. Each current director attended at least 75% of the total meetings of the Board and committees on which he or she served. In accordance with the NYSE's rules requiring that non-management directors meet at regularly scheduled executive sessions, our non-management

Table of Contents

directors held eight executive sessions without management during 2014. Mr. DeLoach, as the Non-Executive Chairman, presided over Board meetings, including executive sessions and the non-management executive sessions of the Board.

We do not have a policy with regard to the attendance of the members of the Board at annual meetings of our stockholders. At the time of our 2014 annual meeting of stockholders, the Board consisted of eight members, and all of the members attended such meeting in person.

Code of Business Conduct and Ethics and Corporate Governance Guidelines

In accordance with the NYSE's rules and the rules and regulations adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002, the Board has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics applicable to all of our directors, officers and employees. The Corporate Governance Guidelines, the Code of Business Conduct and Ethics as well as our Audit Committee, Compensation and Human Resources Committee, Governance and Nominating Committee and Risk Committee charters are available on our web site at www.asburyauto.com under "Investor Relations" at "Corporate Governance."

We will provide you with copies of the above-mentioned documents free of charge, if you call 770-418-8212 or submit a request in writing to Investor Relations, Asbury Automotive Group, Inc., 2905 Premiere Parkway NW, Suite 300, Duluth, GA 30097.

Board Leadership Structure

The Chairman of the Board provides leadership to the Board and works with the Board to define its structure and activities in the fulfillment of its responsibilities. The Company believes that the members of the Board possess considerable experience and unique knowledge of the challenges and opportunities the Company faces, and therefore are in the best position to evaluate the needs of the Company and how best to organize the capabilities of our directors and senior executives to meet those needs. As a result, the Company believes that the decision as to who should serve as Chairman and as President and CEO, and whether the offices should be combined or separate, is properly the responsibility of the Board, to be exercised from time to time in appropriate consideration of then-existing facts and circumstances. Our Corporate Governance Guidelines provide the Board the flexibility to determine whether or not the separation or combination of the Chairman and President and CEO offices is in the best interests of the Company at any time.

Since our incorporation, we have maintained separate positions of Chairman and President and CEO, as the Board believes that, based on the skills and responsibilities of the various Board members, such separation enhances (i) appropriate oversight of management by the Board, (ii) Board independence, (iii) the accountability to our stockholders by the Board and (iv) our overall leadership structure. We believe this structure is appropriate because we compete in an industry with many external forces that may affect our viability and profitability, therefore presenting significant challenges requiring extensive oversight and management capability. As such, we believe that by separating the Chairman function from that of the President and CEO, our President and CEO can properly focus on managing the business, rather than diverting his efforts to also overseeing the Board.

In order to ensure a significant voice within our non-management directors and to reinforce effective, independent leadership on the Board, the Board has created the position of Lead Independent Director. Under the Company's Corporate Governance Guidelines, a Lead Independent Director is appointed when the Chairman is the CEO or any other officer or employee of the Company, or if the Chairman is not otherwise independent. The independent directors have designated Thomas C. DeLoach, Jr. as non-executive Chairman of the Board.

We believe that the foregoing structure, policies, and practices, when combined with the Company's other governance policies and procedures, provide appropriate opportunities for oversight, discussion, and evaluation of decisions and direction from the Board.

The Board's Risk Oversight Role

The Board maintains oversight responsibility for management of the Company's risks. The Board has delegated oversight responsibility for certain areas of potential risk exposure to its committees. Each committee reports to the Board at regular intervals or more frequently, if appropriate, with respect to the risks and matters for which it maintains responsibility. The Company's Risk Committee is responsible for further assisting the Board in fulfilling its oversight role by identifying, assessing and managing key financial, strategic and operational risks of the Company and by providing management with

Table of Contents

assistance in evaluating major financial transactions, including acquisitions and divestitures. Management annually reviews with the Risk Committee our key risks to help evaluate the Company's risk profile and related risk management processes. In this review, management highlights for the Risk Committee our most significant risks to facilitate the Risk Committee's evaluation of our long-term financial plans, budgets and strategic initiatives. The Risk Committee, based on such review, considers the appropriate process for managing or mitigating material risks and the appropriate allocation of resources related to such material risks.

The Risk Committee is charged with (i) discussing guidelines and policies to govern the process by which management assesses and manages exposure to risk; (ii) discussing major financial risk exposures and the steps management has taken to monitor and control such exposure; and (iii) reviewing in a general manner the processes in place to assess and manage risk. Recognizing that the Risk Committee's role complements the Audit Committee's role in risk oversight, our Risk Committee charter mandates that at least one member of the Audit Committee be a member of the Risk Committee. Currently, our Risk Committee consists of six members, three of whom are members of our Audit Committee, Mr. Alsfine, Mr. DeLoach and Mr. Reddin.

The Compensation and Human Resources Committee is primarily responsible for the design and oversight of our executive compensation policies, programs and practices. A key objective of the Compensation and Human Resources Committee, together with the Risk Committee, is to oversee the implementation and development of our compensation programs to ensure such programs are consistent with the Company's general philosophy after accounting for the Company's key risk profile. In 2014, the Compensation and Human Resources Committee and the Risk Committee reviewed the Company's risk profile and related risk management processes and concluded that our then-current compensation policies and practices for our employees did not create risks reasonably likely to have a material adverse effect on us.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, and certain of our officers and persons who beneficially own ten percent or more of the Company's common stock, to file initial reports of ownership and reports of changes in ownership of such securities with the SEC. Based solely upon a review of the copies of the filings furnished to us or prepared by us on behalf of such Section 16(a) filers, or written representations that no other reports were required, we believe that all of these filers complied with all Section 16(a) filing requirements during 2014.

COMPENSATION DISCUSSION & ANALYSIS

This compensation discussion and analysis (“CD&A”) is focused primarily on the Company's compensation policies and programs as they relate to our executive officers in 2014, with certain additional detail about the compensation paid, or payable, to our “named executive officers.” Our named executive officers consist of our chief executive officer and chief financial officer and our three other most highly compensated executive officers in 2014. Our named executive officers in 2014 were as follows:

- Craig T. Monaghan, President and Chief Executive Officer;
- David W. Hult, Executive Vice President and Chief Operating Officer;
- Michael S. Kearney, Executive Vice President and former Chief Operating Officer;
- Keith R. Style, Senior Vice President and Chief Financial Officer; and
- George A. Villasana, Vice President, General Counsel and Secretary.

Mr. Hult joined the Company as Executive Vice President and Chief Operating Officer on November 3, 2014. In connection therewith, Mr. Kearney retired from the position of Chief Operating Officer effective November 3, 2014, and, as previously disclosed, is retiring from all positions with the Company on March 31, 2015.

The Compensation and Human Resources Committee of the Board (also referred to in this CD&A as the “Committee”) is charged with various duties concerning the compensation of our executive officers including the development of our compensation philosophy relating to those individuals. With respect to decisions directly impacting executive compensation, the Committee’s primary responsibilities are to:

- establish all aspects of compensation for our executive officers, including the named executive officers, and approve awards to the Chief Executive Officer, subject to Board ratification, under our incentive-based compensation plans;
- oversee the development, implementation and administration of our compensation and benefit plans; and
- prepare the Compensation and Human Resources Committee Report and review and discuss with management the CD&A, as required to be included in our annual proxy statement or annual report on Form 10-K filed with the SEC.

For additional information regarding the Committee’s function and composition, see “Governance of the Company—Committees of the Board—Compensation and Human Resources Committee.”

Overview

We believe that fostering an entrepreneurial spirit is essential to our success. Accordingly, we encourage our executive officers to manage our Company in a way that preserves the decision-making authority of our dealership managers especially those decisions that directly affect our customers. In furtherance of that principle, we have centralized a number of administrative activities at our corporate headquarters to allow our dealership managers to focus on dealership operations. As a result, the objectives of our executive compensation philosophy are to:

- support the attainment of our vision, business strategy and operating imperatives;
- guide the design and implementation of effective executive compensation and benefit plans;
- reinforce our business values; and
- align management and stockholder interests.

For 2014, the Committee worked with Pay Governance LLC (“Pay Governance”), its compensation consultant, described in more detail below, to develop and implement our executive compensation program for 2014. While we do not specifically benchmark our compensation against the companies in our Peer Group (as defined below), the Committee does

analyze comparative data on compensation paid to executives in similar positions within the Peer Group. In evaluating this data and the implementation of the Company’s executive compensation programs in 2014, the Committee acknowledged that, as a

Table of Contents

result of the significant variable components of compensation described in more detail elsewhere in this CD&A, total executive compensation at target levels may be significantly above or below the actual compensation paid to executives in similar positions within the Peer Group based on our actual performance when compared to target performance.

In determining and setting the 2014 compensation levels of our named executive officers, the Committee acknowledged the recent achievements of our management team, including the following:

- we grew adjusted earnings before interest, taxes, depreciation and amortization (“EBITDA”) and adjusted earnings per share (“EPS”) by approximately 25% and 34%, respectively in 2013 compared to 2012;
- our revenues grew 15% from the previous year, totaling approximately \$5.3 billion;
- we increased gross profit in all four of our business lines;
- we delivered 68% in total shareholder return in 2013.

For 2014, the Committee approved incentive compensation programs designed to focus our executive management team on improving the measurable financial metrics described below, which are generally indicative of our success, including improving EBITDA, a metric used by management and that the Committee believes is often used by investors and market analysts in comparing performance and determining enterprise value.

The following achievements in 2014 impacted actual payouts and the overall compensation of our executive officers under our incentive compensation programs for 2014:

- our adjusted EBITDA reached a record of \$282.2 million, an increase of 15% over our 2013 adjusted EBITDA;
- adjusted EPS was \$4.37, an increase of 24% over the prior year;
- our front-end light vehicle gross profit per light vehicle unit sold was \$3,264, compared to \$3,242 in 2013;
- we improved our same-store fixed gross profit by 11% over 2013; and
- our return on invested capital (“ROIC”), which is measured as EBITDA divided by invested capital (defined below) was 25%.

Elements of Compensation

The various elements of compensation provided by the Company are intended to (i) provide an appropriate level of financial certainty through non-variable compensation, (ii) implement our philosophy and ensure that a significant portion of total compensation is performance-based, and (iii) create a balance of short-term and long-term incentives. The key elements of our executive compensation program are outlined below, together with a summary of the purposes and considerations underlying each compensation element.

Compensation Element	Purpose/Underlying Consideration
Base Salary	•

To provide base pay based on the individual's experience, skills, tenure and how critical the individual's role is to the company, historical individual performance and significant contributions, and the nature and scope of the individual's responsibilities;

- to provide financial predictability;
- to provide a fixed component of compensation that is market competitive; and
- to attract and retain executive talent.

Table of Contents

Short-Term Incentives (under our Annual Cash Incentive Plan)	<ul style="list-style-type: none"> • To optimize annual operating results; • to more directly align management and stockholder interests; • to provide, along with base salary, market competitive cash compensation when targeted performance objectives are met; • to provide appropriate incentives to exceed targeted results; • to pay meaningful incremental cash awards when actual results exceed targeted results; and • to encourage internal alignment and teamwork.
Long-Term Incentives (also referred to as “Equity-Based Compensation”)	<ul style="list-style-type: none"> • To balance the short-term orientation of other compensation elements; • to more directly align management with our stockholders’ long-term interests; • to focus executives on the achievement of long-term results; • to support the growth and profitability of each of our revenue sources; • to provide retirement asset accumulation by key executives; and • to retain key executive talent.
Employment and Severance Arrangements	<ul style="list-style-type: none"> • To enable us to attract and retain talented executives; • to protect our interests through appropriate restrictive post-employment covenants, including non-competition and non-solicitation; • to, when and if appropriate, ensure that management is able to analyze any potential change in control transaction objectively; and • to, when and if appropriate, provide for continuity of management in the event of a change in control.
Other Benefits	<ul style="list-style-type: none"> • To be competitive in the markets where we compete for executive talent; • to avoid materially different approaches to benefits among executive and non-executive employees; and • to provide limited job-related and market-driven perquisites in line with our corporate governance philosophies.

Compensation Philosophy and Guidelines

The Committee, with the help of its independent compensation consultant, has developed our executive compensation philosophy. Our compensation philosophy sets forth certain general guidelines that the Committee considers in making decisions and recommendations related to executive compensation (including our named executive officers’ compensation). The key principles and considerations underlying our compensation philosophy are the following:

- create a “pay-for-results” culture with clear emphasis on pay-for-performance and accountability;
- effectively manage the cost of compensation programs by providing that a substantial portion of executive pay is in the form of variable, performance-based compensation;

Table of Contents

- consider total compensation in light of competitive market practices, internal equity considerations, the individual's experience, skills, tenure and how critical the individual's role is to the company, historical individual performance and significant contributions, and the nature and scope of the individual's responsibilities;
- provide a balanced total compensation program to ensure management is not encouraged to take unnecessary or excessive risks;
- encourage equity ownership by management;
- reinforce teamwork and internal alignment of management; and
- consider stakeholder perceptions and governance practices when formulating pay plans and actions.

Consistent with past practice, in order to effectively communicate expectations with and incentivize such individuals in connection with our performance, we generally make compensation program decisions in the first quarter of a year. Except with respect to executive officer changes during 2014 that resulted in the entry into new agreements relating to employment terms and conditions, substantially all compensation decisions for our executive officers for the 2014 fiscal year were made at the Committee's regularly scheduled meeting in the first quarter of 2014. In 2014, all compensation decisions were consistent with our overall compensation philosophy and guidelines.

The Role of Stockholder Say-on-Pay Votes and Related Considerations

At our 2014 annual meeting of stockholders held on April 16, 2014, approximately 98.4% of the votes cast by stockholders' on the advisory vote on executive compensation (the "say-on-pay proposal") were in favor of the compensation of our named executive officers. The Committee believes this favorable vote affirms our stockholders' support of its approach to executive compensation and, as a result, the Committee did not make material changes to the implementation of our executive compensation philosophy in 2014. Further, we provide our stockholders with the opportunity to vote annually on a say-on-pay proposal.

In addition to consideration given to the results of the vote on the say-on-pay proposal, at various times through the year the Committee considers direct and indirect input from stockholders and other stakeholders, and more general developments in executive compensation principles, in the development and implementation of the Company's executive compensation philosophy, policies and practices. For additional information on how these considerations impacted 2014 and 2015 compensation decisions, see "Policies and Practices" below.

Policies and Practices

Our compensation philosophy and guidelines are implemented through a number of policies and practices described below. The Committee continually monitors and, as appropriate, adjusts our compensation policies and practices to ensure that they emphasize and reward executives for results that are consistent with stockholder interests and corporate governance best practices.

- **Appropriate Base Salary Adjustments.** While we do not specifically benchmark base salary against companies in the Peer Group, the Committee works with a compensation consultant to set our executive officers' overall compensation levels at levels it considers competitive with executives in similar positions within our Peer Group. As described below, at its regularly scheduled meeting in the first quarter of 2014, at which annual compensation decisions are typically made, the Committee made

certain adjustments in the base salaries of certain of our named executive officers for 2014.

- Tie Pay to Performance. The Committee believes that performance-based equity grants and compensation programs help to align management's interests with the interests of our stockholders. To this end, in 2014, 60% of our equity awards which, as described elsewhere, are intended to act as long-term incentives are solely performance-based and vest over time.
- Limit Perquisites. We have eliminated substantially all of the perquisites historically provided to our executive officers, retaining only those limited perquisites, such as the provision of car allowances or "demonstrator" vehicles, which we consider appropriate and typical in our industry.

Table of Contents

- Equity Ownership Guidelines. We maintain equity ownership guidelines applicable to, among others, our executive officers. These guidelines mandate stock ownership and serve to further align management, Board and stockholder interests by requiring the CEO and our other named executive officers and directors to own a number of shares of our common stock the value of which is equal to a stated multiple of his or her base salary or annual Board retainer, as applicable. For additional information, see “Securities Owned by Management and Certain Beneficial Owners—Equity Ownership Guidelines.”
- Prohibition on Hedging of our Securities. We do not believe it is appropriate for officers, directors or other “insiders” to try to profit from short-term fluctuations in our stock price. As a result, our executive officers (as well as our other employees and members of our Board) are prohibited from engaging in short sales of our common stock and from buying or selling puts or calls or any other financial instruments designed to hedge or offset decreases or increases in the value of, our common stock. Additionally, our officers who are subject to the filing requirements of Section 16 of the Securities Exchange Act of 1934, as well as members of our Board, are prohibited from pledging our securities, including holding them in margin accounts.
- Accelerated Vesting of Equity Awards Only Upon a “Double Trigger” in Connection with a Change of Control. In accordance with what the Committee determined as a best practice in compensation matters, equity-based awards granted under our 2012 Equity Incentive Plan and all awards granted after February 8, 2012 under our amended 2002 Equity Incentive Plan generally provide that an award will be accelerated in connection with a change of control transaction only if: (i) the acquiror does not replace or substitute the subject equity award with an equivalent award, or (ii) the participant’s employment is involuntarily terminated within two years following the change of control.
- Recoupment Policy. We maintain a recoupment policy that requires certain officers to reimburse certain performance-based incentive compensation paid to them in the event that we are required to restate financial results due to fraud or intentional misconduct by such individuals.
- Independent Compensation Consultant. Compensation determinations are made with the input of an independent compensation consultant engaged by the Committee. For further discussion of the selection and input of this compensation consultant, see “Compensation Consultant” below.
- Appropriate Compensation Risk Assessment. The Committee annually reviews and assesses potential risks arising from our compensation programs. For a further discussion of this risk assessment, see “Governance of the Company—The Board’s Risk Oversight Role.”

Compensation Consultant

In 2014, the Committee retained Pay Governance as its independent executive compensation consultant. Pay Governance provides advice to the Committee on matters related to the fulfillment of the Committee’s responsibilities under its charter and on a wide range of executive compensation and related governance matters. As advisor to the Compensation and Human Resources Committee, Pay Governance reviews the total compensation strategy and pay levels for the Company’s executive officers, examines all aspects of the Company’s executive compensation programs to ensure their ongoing support of the Company’s business strategy, informs the Committee of developing legal and regulatory considerations affecting executive compensation and benefit programs, and provides general advice to the Compensation and Human Resources Committee with respect to compensation decisions pertaining to the Chief Executive Officer and other senior executives.

During 2014, at the Compensation and Human Resources Committee's request, Pay Governance (i) provided competitive market data on compensation for executives at the 25th, 50th and 75th percentiles as reference points, (ii) reviewed our annual proxy statement disclosures, (iii) provided the Committee with an analysis of the compensation of the named executive officers as reported in the Company's 2014 proxy statement as compared to the compensation provided to executives by the companies in the Peer Group as reported in their proxy statements, and (iv) provided the Committee with advice regarding various tax and regulatory issues related to executive compensation.

The primary peer group used for purposes evaluating our compensation levels in 2014 against executives in similar positions at our competitors consisted of the following companies (the "Peer Group"):

Table of Contents

- Automotive retailers: Advanced Auto Parts Inc., AutoNation, Inc., AutoZone, Inc., Carmax Inc., Group 1 Automotive, Inc., Lithia Motors Inc., O'Reilly Automotive, Inc., Penske Automotive Group, Inc., and Sonic Automotive Inc.; and
- Other related companies: Avis Budget Group, Inc., Cabela's, Inc., Genuine Parts Company, LKQ Corporation, Tiffany & Co., and Tractor Supply Company.

The Committee adopted this Peer Group in 2012 based on input and analyses by Pay Governance of companies that it believes are reflective of our retail business model and/or that operate in industries closely related to the Company. In addition, to provide a broad context across general industries, the Committee also considered pay data for companies outside of this Peer Group with annual revenue between \$1 billion and \$6 billion that participate in the Towers Watson Executive Compensation Database. The Committee reviewed the executive compensation data provided by Pay Governance at a high level in order to evaluate and confirm whether our executive compensation was within a reasonably competitive range, but did not set 2014 executive compensation levels at a specific target percentile within the Peer Group or any other comparator group. Rather, executive compensation decisions are based on the full consideration of all of the elements discussed above, together with the additional considerations discussed below, all of which provide input into the Committee's deliberations and inform its decisions.

In 2014 the Committee also retained Pay Governance to provide advice with respect to the types, amount and competitiveness of the compensation paid to non-employee directors of the Company for their service on the Board. Such advice was delivered to the Governance and Nominating Committee of the Board, which is the committee responsible for recommending to the Board the compensation of directors.

At least annually, the Committee conducts a review of its compensation consultant's performance and potential conflicts of interest. In accordance with applicable SEC and NYSE requirements the Committee reviewed potential conflicts of interest with the compensation consultant's independence and concluded that the work of the compensation consultant, including the work delivered to the Governance and Nominating Committee, did not raise any conflicts of interest.

Additional Considerations in Executive Compensation Decisions

As described above, while we do not specifically benchmark our compensation, the Committee generally aims to establish total compensation for our executive officers at levels it considers competitive with executives in similar positions within in our Peer Group. Notwithstanding this, however, given the use of short-term cash incentives and time-vested and performance-based equity compensation as principal components of compensation, the Committee expects that when our performance exceeds targeted performance levels, the actual payouts received by our executive officers may be above competitive median levels. In addition to considering the evaluations and analyses prepared by Pay Governance, to help evaluate our executive compensation against that of our Peer Group, the Committee considered a number of other factors when setting executive officer compensation for 2014, including:

- the executive's knowledge, skills, abilities, experience, tenure and how critical the individual's role is to the company;
- the nature and scope of the individual's responsibilities;
- our financial condition; and

- internal equity considerations.

In connection with the appointment of Mr. Hult as our EVP and COO, the Committee determined Mr. Hult's base salary in light of his prior experience and market data and other relevant factors as part of the negotiation conducted in connection with his hiring.

Review of 2014 Compensation

For 2014, each named executive officer was eligible to receive compensation consisting of the following four primary elements: (i) a base salary; (ii) a short-term (annual) incentive in the form of a cash bonus opportunity pursuant to our Amended and Restated Key Executive Incentive Compensation Plan; (iii) a long-term incentive in the form of equity grants under the 2012 Equity Incentive Plan; and (iv) perquisites and other benefits.

Base Salaries

Increases, if any, in base salaries for executive officers (other than for the CEO) are generally recommended to the Committee by the CEO on an annual basis, absent a change in circumstances at another time of year that would make reconsideration appropriate at that time. Increases in base salary for the CEO, if any, are initiated and approved by the Committee. In setting base salary, the Committee takes into account the executive's current and expected experience, skills, tenure and importance to us, historical individual performance and significant contributions, and the nature and scope of the individual's responsibilities. The Committee also considers our financial health and the compensation data from our Peer Group received from its independent compensation consultant.

Following the regular, annual review of base salaries by the Committee at its regularly scheduled meeting in the first quarter of 2014, the Committee awarded certain adjustments in base salaries to certain of the named executive officers. The base salaries for Mr. Monaghan and Mr. Kearney did not change for 2014. The base salaries for Mr. Style and Mr. Villasana were increased to the amounts shown in the table below effective April 1, 2014.

Annual base salaries in 2014 for the named executive officers were as follows:

Name	Title	Annual Base Salary
Craig T. Monaghan	President and CEO	\$ 950,000
David W. Hult	EVP and COO	\$ 700,000
Michael S. Kearney	EVP and Former COO ⁽¹⁾	\$ 705,000
Keith R. Style	SVP, Chief Financial Officer	\$ 400,000
George A. Villasana	VP, General Counsel and Secretary	\$ 375,000

- (1) Mr. Kearney retired from the position of COO effective November 3, 2014, and, as previously announced, is retiring from all positions with the Company effective March 31, 2015.

Annual Cash Incentive Plan

As described above, in order to motivate management toward the achievement of certain pre-established corporate goals and to remain competitive in the industry, we believe that a significant portion of each executive officer's total compensation should be performance-based. We also believe that management is motivated by the opportunity to earn incremental cash compensation based upon the achievement of annual or similar shorter-term performance objectives, and that such additional compensation opportunity properly fosters effective management, innovative thinking, and the implementation of cost-saving measures by our executive officers, which may enable us to further enhance our stockholder value. The cash awards paid to our executive officers are paid under the terms of our Amended and Restated Key Executive Incentive Compensation Plan.

For fiscal year 2014, the Committee decided it was appropriate to use the same cash incentive plan structure that was used in fiscal year 2013, with potential payouts under the cash incentive plan being dependent upon the achievement of EBITDA (subject to adjustment as described below) correlated with actual United States Annual Automotive Sales ("USAAS") as reported by Motor Intelligence. The selection of EBITDA as the performance benchmark for payouts under the annual cash incentive plan reflected the Committee's continued belief that EBITDA is an important metric used by management from time to time to evaluate and analyze results and the impact on the Company of strategic decisions and actions relating to, among other things, events outside of normal, or "core," business operations, and is often used by investors and market analysts in comparing performance and in determining enterprise value. Further, given the continual uncertain economic environment, and specifically within the automobile retailing industry in 2014, the Committee believed it was appropriate to establish award opportunities at various levels of actual USAAS,

which remained highly uncertain and beyond the control of management. As a result, the Committee believed it was appropriate to increase target EBITDA at higher levels of USAAS.

In connection with the determination of EBITDA as the appropriate performance metric under the annual cash incentive plan, the Committee further believed it was appropriate to provide for certain potential adjustments to the traditional measure of EBITDA to account for the impact on our financial results of certain potential extraordinary items. These items typically result from strategic actions and decisions relating to, among other things, cost reduction, growth, and profitability improvement initiatives, and other events outside of normal, or core, business operations. The Committee believed these items are not properly allocable to the determination of operational results in a given period.

Table of Contents

To account for the potential for different levels of USAAS at each established level of USAAS under the annual cash incentive plan, for 2014 three EBITDA performance goals were established: (i) a “threshold” level; (ii) a “target” level; and (iii) a “maximum” bonus level. Under the terms of the annual cash incentive plan, if EBITDA did not meet the established “threshold” level at the actual USAAS, no payouts would be made under the plan. Further, if EBITDA exceeded the established “maximum” level at the actual USAAS, payout under the annual cash incentive plan would be limited as if performance had equaled the maximum performance goal. If actual USAAS was between two established levels, or if the achievement of EBITDA performance goals was between threshold and target levels, or target and maximum levels, participants would be entitled to a ratable portion of any payment due based upon linear interpolation.

In determining what it considered an appropriate “target” performance goal at the various levels of USAAS, the Committee consulted with management and evaluated various internally-prepared models and forecasts. The Committee approved the threshold and maximum performance goals at 85% and 115% of target, respectively.

The table below sets out the threshold, target and maximum EBITDA performance goals approved for 2014.

Actual USAAS (in millions)	EBITDA Performance Goals (in millions)		
	Threshold (85% of Target) 50% Payout	Target (100%) 100% Payout	Maximum (115% of Target) 200% Payout
13.2 & lower	\$ 193.0	\$ 227.1	\$ 261.2
14.2	\$ 204.2	\$ 240.2	\$ 276.2
15.2	\$ 215.3	\$ 253.3	\$ 291.3
16.2	\$ 226.4	\$ 266.4	\$ 306.4
17.2	\$ 237.6	\$ 279.5	\$ 321.4
18.2 & above	\$ 248.7	\$ 292.6	\$ 336.5

For 2014, actual USAAS as reported by Motor Intelligence was 16.5 million. Based on this level of USAAS, EBITDA levels for the purpose of determining payouts under the annual cash incentive plan were calculated by interpolation as follows: threshold: \$229.8 million; target: \$270.3 million; and maximum: \$310.9 million. The Company recorded EBITDA of \$282.7 million in 2014, and the Committee, using its discretion under the program, established a payout at 129% of target under the cash incentive plan. Such payout amounts were within, and subject to, the maximum amounts described below under the caption “Section 162(m).”

The Committee established incentive opportunities, as a percentage of base salary, for each named executive officer dependent upon each named executive officer’s respective current and expected positions, skills, and experience, as well as other factors described above, including the degree of responsibility assumed and expected to be assumed by such individual for aspects of the organization that impact our financial performance. The target bonus opportunity for each of Messrs. Monaghan, Hult, Kearney, Style, and Villasana was set at 100%, 75%, 75%, 55% and 40% of their respective base salaries. Mr. Hult’s actual payment was prorated for the portion of the year during which he was employed by us. The various bonus opportunities (as a percentage of base salary) and actual dollar amounts paid pursuant to the 2014 annual cash incentive plan are detailed in the table below.

Name	Threshold Opportunity	Target Opportunity	Maximum Opportunity	Actual Payment (129% of Target)
Craig T. Monaghan	50%	100%	200%	\$ 1,225,500
David W. Hult	37.5%	75%	150%	\$ 112,875
Michael S. Kearney	37.5%	75%	150%	\$ 682,088
Keith R. Style	27.5%	55%	110%	\$ 283,800
George A. Villasana	20%	40%	80%	\$ 193,500

Equity-Based Compensation

The Committee generally does not use a specific formula for allocating equity-based compensation as a percentage of total compensation for the named executive officers. For 2014, consistent with prior years, the Committee considered a number of factors in establishing the level of long-term compensation for each named executive officer, primarily:

28

Table of Contents

- Peer Group compensation pay practices and norms for comparable executives;
- general industry pay levels for comparable executives as gathered from publicly-available sources;
- historical individual performance and responsibility of the executive;
- knowledge, skills, abilities, experience, tenure and how critical the individual's role is to the company;
- expected future responsibilities of the executive;
- the impact of recent historical equity-based compensation decisions, awards and payouts to each executive; and
- internal pay equity considerations.

To ensure that equity-based awards to executive officers in 2014 addressed both the long-term performance and retention objectives of our equity incentive plan, the Committee decided that the annual grant (other than Mr. Hult) would consist of:

- 40% time-vesting restricted stock, which the Committee believes enhances executive officer retention; and
- 60% performance share units, the vesting of which is subject to our achievement of certain performance metrics, which the Committee believes provides an appropriate amount of executive officer focus on our financial success, as well as the continued employment of the executive.

When executives first join the Company, it also is customary for the Committee to grant the executive an equity award, in furtherance of our principle of encouraging equity ownership by management and to assist the executive in meeting our equity ownership guidelines. As such, upon joining the Company in November 2014, Mr. Hult was granted a hiring award of 7,090 shares of restricted stock. In light of a number of factors, including the timing of his hiring, pay equity considerations in light of his prior experience, the desire to provide certainty toward the achievement of compliance with our equity ownership guidelines and negotiations conducted in connection with his hiring, it was determined appropriate that Mr. Hult's entire 2014 equity award would be in the form of restricted stock, rather than having a portion of such awards at-risk based on Company performance in 2014.

In 2014, the named executive officers were granted the number of shares of restricted stock and the number of performance share unit awards (at target performance levels) set forth beside his name below:

Name	Number of Shares of Restricted Stock Granted ⁽¹⁾	Number of Performance Share Units Granted (at Target Performance Level) ⁽¹⁾
Craig T. Monaghan	20,305	30,458
David W. Hult	7,090	—
Michael S. Kearney	9,748	14,622
Keith R. Style	3,657	5,486
George A. Villasana	2,844	4,267

(1) All such amounts were within, and subject to, the maximum amounts described below under the caption “Section 162(m).”

2014 Restricted Stock Award Features

The 2014 restricted stock awards granted to the named executive officers generally vest ratably over three years (two years in the case of Mr. Kearney in light of his years of service to the Company and in order to provide an additional retention benefit) beginning on the first anniversary of the grant date. In the event that dividends are paid on shares of our common stock at any time when restricted stock awards remain unvested, any such dividends will accrue and be payable to the grantee upon vesting of the underlying restricted shares. In the event such shares do not vest, no such dividends will be paid.

Table of Contents

2014 Performance Share Unit Award Features

The performance share unit awards granted to the named executive officers had a performance period based on our fiscal year 2014 performance (described below) and assuming satisfaction of such performance requirements provide for ratable vesting over three-years (two years in the case of Mr. Kearney for the reasons cited above), with one-third of the award vesting on each of the (i) later of the first anniversary of the grant date, or the date the Committee determines the actual award; (ii) the second anniversary of the grant date; and (iii) the third anniversary of the grant date (with one-half of Mr. Kearney's award vesting on each of the dates set forth in (i) and (ii) above) and require continued employment through the vesting period. Such performance share unit awards, if paid, will be paid in shares of our common stock. In considering the performance share unit program, the Committee believed it was important to set what it considered challenging yet attainable targets for the performance period. The Committee determined that it would be difficult to project our performance over a multi-year performance period. It therefore determined that a one-year performance period, with subsequent year vesting restrictions, remained appropriate, including providing sufficient alignment between management and stockholder interests and serving as a valuable executive-retention tool.

Under the performance share unit awards program, each executive (other than Mr. Hult) was awarded a number of performance share units that could be earned based on our performance relative to certain comparable companies with respect to the performance metrics described below. These metrics were selected because of their relative importance to our financial success. The number of performance share units awarded to each executive was recommended to the Committee by the CEO based on the factors described above at "Equity Based Compensation," and included but were not limited to each executive's past performance and level of responsibility. The number of performance share units awarded to the CEO was determined by the Committee and awarded to the CEO based on these same factors.

The actual number of performance share units that could be earned was based on the achievement of certain performance goals approved by the Committee in the first quarter of the year. The number of share units awarded was determined based on the Committee's evaluation of our performance against our competitors based on the metrics described below, and could range from 0% to 150% of the target number of units. The Committee initially approved a payout range of 0% to 150% of the target award for 2014 consistent with a prevailing market trend of reduced maximum payout levels to reduce potential concerns regarding excessive risk-taking by employees eligible for such awards.

Under our 2014 performance share unit award program, our performance, and thus the actual number of shares to be earned, was to be determined or scored based upon the following five performance elements, which were chosen because the Committee determined them to be key drivers of long-term performance in our industry:

- front-end light vehicle gross profit per light vehicle unit sold;
- percentage improvement in same-store gross profit measured against the prior fiscal year;
- EBITDA margin;
- basis point improvement in EPS measured against the prior fiscal year; and
- ROIC.

For these purposes, EBITDA margin is defined as EBITDA divided by total gross profit. EBITDA is defined as earnings before non-floor plan interest, any gain/loss on repurchase of debt, income taxes, depreciation and amortization, impairment expenses and other publicly reported non-core items. ROIC is defined as EBITDA divided

by invested capital. Invested capital is defined as book value of total debt (excluding floor plan debt) less cash, or “net debt”, plus book value of equity.

The 2014 performance share unit award program was designed so that each element of our performance would be considered in light of our overall performance, general market conditions and the comparable element of performance for AutoNation, Inc., Group 1 Automotive, Inc. and Sonic Automotive, Inc. (the “PSU Peer Group”), our three most comparable competitors based on lines of business. Our performance relative to the performance of each member of the PSU Peer Group are evaluated and scored by reference to each entity’s most recently publicly available financial results.

The scores for each performance element are cumulated, such that the highest achievable score would result in a payout at 150% of target, the lowest achievable score would result in a payout at 0% of target and a score in between would be interpolated.

Table of Contents

After evaluating our performance on a cumulative basis, under each of the five performance metrics discussed above, including as compared to the performance of the PSU Peer Group and general market conditions, the Committee, using its discretion under the program, established a payout of a number of shares of our common stock at 145% of target. Payments of awards pursuant to the 2014 performance share unit award program were made as set forth below. All such amounts were within, and subject to, the maximum amounts described above under the caption “Section 162(m).”

Name	Target Number of PSUs Granted	Number of Shares of Common Stock Awarded Under the 2014 Performance Share Unit Award Program
Craig T. Monaghan	30,458	44,165
David W. Hult	—	—
Michael S. Kearney	14,622	21,202
Keith R. Style	5,486	7,955
George A. Villasana	4,267	6,188

In accordance with the terms of the 2014 performance share unit award program, one-third of the award to each named executive officer (other than Mr. Kearney) vested on the later of the first anniversary of the grant date and the date the payout of a number of shares of our common stock is established by the Committee. One-half of Mr. Kearney's award vested on such date as described above.

Other Benefits

In 2014, our executive officers were eligible to participate in the employee benefit plans generally available to all of our employees in the corporate office, including medical, dental, life and disability insurance plans, as well as to participate in our 401(k) plan.

In the automobile retailing industry, senior executives are typically provided with the use of one or more demonstrator vehicles from a retailer's inventory of new vehicles in order to, among other things, show support for the retailer's offered brands. Executives are typically entitled to these vehicles for business and personal use. Management has limited the number of demonstrator vehicles provided to our employees due to the risks associated with the use of such vehicles. To provide a similar benefit, we provide a cash car allowance of \$800 per month to our corporate officers at the vice president level and above, including our named executive officers. In 2014, Messrs. Monaghan, Hult (during the period of the year in which he was employed by us) and Kearney each were entitled to use one demonstrator automobile pursuant to the terms of their respective employment agreements.

Employment, Severance and Change in Control Arrangements**General Provisions of Employment, Severance and Separation Agreements**

In connection with the implementation of certain aspects of our succession plan and as a retention and executive recruitment tool, we have entered into employment agreements with Messrs. Monaghan, Hult and Kearney. In addition, we are currently party to certain agreements relating to severance and/or separation arrangements with Messrs. Style and Villasana. These agreements provide for certain benefits in the event of involuntary termination without cause or for good reason by the named executive officer, and additional benefits in the event of termination within two years following a change in control for Messrs. Style and Villasana.

We believe that these agreements serve as appropriate retention and motivational tools for these executives by generally providing a measure of financial security in the event of an unplanned termination of employment, with the exception of a termination for cause. Furthermore, from time to time, we examine various strategic alternatives, and the provisions of these agreements are important to retain these key people whose continued employment might be at risk in certain changes of control, although such transactions may otherwise be in the best interests of our stockholders. As a corporate policy, we believe that it may be difficult to attract and retain talented executives with provisions in our severance arrangements that deny severance benefits in the event of a termination for performance-related issues.

Table of Contents

A description of the terms of these employment, severance and separation agreements, including the potential payouts to these individuals pursuant to applicable severance provisions thereof, are summarized in the “Employment Agreements and Potential Payments Upon Termination” section of this proxy statement.

Section 162(m)

Section 162(m) of the Code generally imposes a \$1,000,000 per taxable year ceiling on the tax deductibility to a company of remuneration paid (not including amounts deferred) to the company's chief executive officer and any one of the other three most highly compensated executive officers of a publicly held corporation (with the exception of such company's chief financial officer), unless the remuneration is treated as performance-based or is otherwise exempt from the provisions of Section 162(m). While we intend to maximize the tax-efficiency of our compensation programs generally, the Committee and the Board retain the flexibility in the manner in which we award compensation to act in the best interests of the Company and its stockholders, including awarding compensation that may not be deductible by reason of Section 162(m).

The Committee administers annual cash incentive awards under our Amended and Restated Key Executive Incentive Compensation Plan (the "Key Incentive Plan"), which was most recently approved by our stockholders in 2014, and long-term equity incentive awards under our 2012 Equity Incentive Plan (the "2012 Equity Plan"), which was most recently approved by our stockholders in 2012. The Committee structures these awards with the goal of maximizing the tax deductibility of certain awards as "performance-based" compensation under Section 162(m) of the Code, to the extent practical and deemed appropriate, consistent with maintaining competitive compensation. The Committee does not guarantee that any particular awards will be intended to qualify as "performance-based" compensation or that any awards that are intended to so qualify in fact will meet all of the applicable requirements.

Commencing with fiscal year 2012, in connection with annual cash incentive awards and long-term equity incentive awards, the Committee selects an objective upper limit on annual cash incentive award and long-term equity incentive awards that a named executive officer may receive based on the achievement of specified EBITDA performance levels (adjusted as described above under "- Review of 2014 Compensation"), and may not increase awards above these maximum amounts (the "Umbrella Plan"). Each year, the Committee uses its discretion under this Umbrella Plan to establish secondary performance criteria under its annual cash incentive awards granted under the Key Incentive Plan and long-term equity incentive awards under the 2012 Equity Plan. The Committee may only apply negative discretion to the objective upper limit established under the Umbrella Plan, but may apply positive or negative discretion to the secondary performance metrics established for any annual cash incentive awards or long-term equity awards. For fiscal 2014, the Committee applied negative discretion to the objective upper limit under the Umbrella Plan to arrive at the actual annual cash incentive plan awards and long-term equity incentive awards received by our named executive officers.

EMPLOYMENT ARRANGEMENTS AND POTENTIAL PAYMENTS
UPON TERMINATION AND CHANGE IN CONTROL

Employment Agreement with Craig T. Monaghan

We have entered into an employment agreement with Craig T. Monaghan, our President and CEO (such agreement, as amended and restated to date, the “Monaghan Agreement”). The Monaghan Agreement expires on February 9, 2016, and provides for automatic extensions for successive one-year periods, unless either party provides notice of termination to the other. Upon any termination, Mr. Monaghan will cease to be an officer and director of the Company and any of its affiliates.

Under the Monaghan Agreement, Mr. Monaghan’s base salary is subject to periodic review and increase, and he is entitled to receive an annual bonus (which includes a non-equity incentive compensation award opportunity) based on a target of 100% of his then-current base salary. Mr. Monaghan is also eligible to receive annual equity or other long-term incentive awards granted under the Company’s long-term equity incentive plans and is entitled to a monthly automobile allowance and the use of a Company owned demonstrator vehicle.

Under the terms of the Monaghan Agreement, if (i) the Company elects not to extend the Monaghan Agreement and, at its expiration, Mr. Monaghan will not have attained age 65, or (ii) the Company terminates the Agreement without “cause” or (iii) Mr. Monaghan terminates the Monaghan Agreement for “good reason” when no “change in control” has occurred (any of the foregoing, a “Monaghan Non-Change in Control Qualifying Termination”), Mr. Monaghan will be entitled to the following:

- 100% of his base salary, plus 100% of his target annual bonus (which includes any non-equity incentive plan compensation);
- a pro-rated bonus (which includes any non-equity incentive plan compensation) based on actual performance for the year of termination;
- continued participation for 12 months in all health and welfare plans of the Company in effect immediately prior to the termination of employment; and
- accelerated vesting of all unvested equity and other long-term incentive awards that would have vested in the 364 days following the termination of the Monaghan Agreement.

Also under the terms of the Monaghan Agreement, if Mr. Monaghan is terminated without cause or resigns for good reason within two years following a change in control (a “Monaghan Change in Control Qualifying Termination” and, together with a Monaghan Non-Change in Control Qualifying Termination, as the case may be, a “Monaghan Qualifying Termination”), Mr. Monaghan will be entitled to the following:

- 200% of his base salary, plus 200% of his target annual bonus (which includes any non-equity incentive plan compensation);
- a pro-rated bonus (which includes any non-equity incentive plan compensation) based on target performance for the year of termination;
- continued participation for 24 months in all health and welfare plans of the Company in effect immediately prior to the termination of employment; and

- vesting of all unvested equity and other long-term incentive awards, effective on the date of the change in control.

The foregoing severance payments are conditioned upon Mr. Monaghan executing a general release in favor of the Company. The Monaghan Agreement also contains certain confidentiality, non-compete and non-solicit obligations. In the event of a breach of these obligations, the Company may stop paying any amounts due, as described above, and demand repayment of 50% of the severance amounts paid prior to the breach of such obligations.

The Monaghan Agreement also provides that, if Mr. Monaghan retires after reaching age 65, then upon such retirement, all of his equity and long-term incentive awards not vested as of his effective retirement date will continue to vest without regard to such retirement.

Employment Agreement with David W. Hult

We have entered into an employment agreement with David W. Hult, our Chief Operating Officer (such agreement the “Hult Agreement”). The Hult Agreement expires on November 3, 2015, and provides for automatic extensions for successive one-year periods, unless either party provides notice of termination to the other. Upon any termination, Mr. Hult will cease to be an officer of the Company and any of its affiliates.

Under the Hult Agreement, Mr. Hult’s base salary is subject to periodic review and increase, and he is entitled to receive an annual bonus (which includes a non-equity incentive compensation award opportunity) based on a target of 75% of his then-current base salary. Mr. Hult is also eligible to receive annual equity or other long-term incentive awards granted under the Company’s long-term equity incentive plans and is entitled to a monthly automobile allowance and the use of a Company owned demonstrator vehicle. The Hult Agreement also provided for a signing bonus of \$100,000 in lieu of relocation assistance and is being paid in 12 equal installments over the 12 months following his date of employment. This signing bonus is subject to repayment in the event Mr. Hult terminates his employment with the Company before the second anniversary of his employment.

Under the terms of the Hult Agreement, if (i) the Company elects not to extend the Hult Agreement and, at its expiration, Mr. Hult will not have attained age 65, or (ii) the Company terminates the Agreement without “cause” or (iii) Mr. Hult terminates the Hult Agreement for “good reason” when no “change in control” has occurred (any of the foregoing, a “Hult Non-Change in Control Qualifying Termination”), Mr. Hult will be entitled to the following:

- 100% of his base salary, plus 100% of his target annual bonus (which includes any non-equity incentive plan compensation);

- continued participation for 24 months in all health and welfare plans of the Company in effect immediately prior to the termination of employment; and
-

vesting of all unvested equity and other long-term incentive awards, effective on the date of the change in control.

The foregoing severance payments are conditioned upon Mr. Hult executing a general release in favor of the Company. The Hult Agreement also contains certain confidentiality, non-compete and non-solicit obligations. In the event of a breach of these obligations, the Company may stop paying any amounts due, as described above, and demand repayment of 50% of the severance amounts paid prior to the breach of such obligations.

The Hult Agreement also provides that, if Mr. Hult retires after reaching age 65, then upon such retirement, all of his equity and long-term incentive awards not vested as of his effective retirement date will continue to vest without regard to such retirement.

Also under the terms of the Kearney Agreement, if Mr. Kearney is terminated without cause or resigns for good reason within two years following a change in control (a “Kearney Change in Control Qualifying Termination” and, together with a Kearney Non-Change in Control Qualifying Termination, as the case may be, a “Kearney Qualifying Termination”), Mr. Kearney will be entitled to the following:

The Kearney Agreement also provides that if Mr. Kearney retires after reaching age 65, then upon such retirement, all of his equity and long-term incentive awards not vested as of his effective retirement date will continue to vest without regard to such retirement.

On April 21, 2014, Mr. Kearney provided notice to the Company of his plan to retire from all positions with the Company on March 31, 2015.

Severance Agreements with Keith R. Style and George A. Villasana

The Company is party to a severance agreement (each, a “Severance Agreement”) with each of Mr. Style and Mr. Villasana. The Severance Agreements provide for one year of base salary, one year of benefits continuation, and a pro-rated bonus (which includes any payment under a non-equity incentive compensation plan) in the amount that the affected executive would have received had he not been terminated during such year (collectively, the “Severance Payment”) if the affected executive is terminated by the Company without “cause,” or if the affected executive terminates his employment with the Company due to the occurrence of certain events (described below) specified in the Severance Agreement within two years following a change in control (either of the foregoing, a “Qualifying Termination”).

The Severance Agreements require the affected executive to execute a general release in favor of the Company as a condition to receiving any Severance Payments. The Severance Agreements also contain certain confidentiality, non-compete and non-solicit obligations and provides that, if such obligations are breached by the affected executive, the Company has the right to stop making any otherwise required severance payments. The Severance Agreements also provide that the affected executive will not receive any Severance Payment in the event of termination due to death, disability, retirement, voluntary resignation or termination by the Company for cause.

Equity Incentive Plan Payout Provisions

In addition to the payments required to be made in connection with certain qualifying separations from service described above, whether or not in connection with a change in control of the Company, awards made under the Company’s 2002 Equity Incentive Plan prior to February 8, 2012 generally provided for the accelerated vesting thereof (of unvested options and unvested shares of restricted stock), and the accelerated calculation and payout of performance shares outstanding thereunder upon a change in control of the Company. On February 8, 2012, the Company amended and restated its 2002 Equity Incentive Plan to provide that awards made from and after that date, subject to the terms of any individual employment or severance agreements, will be accelerated in connection with a change in control transaction only if: (i) the acquiror does not replace or substitute an equivalent award, or (ii) a participant holding replacement awards is involuntarily terminated within two years following a Change of Control. The Company’s 2012 Equity Incentive Plan also contains a similar provision for all awards granted thereunder.

Certain Defined Terms

Cause

Under the Monaghan, Hult and Kearney Agreements, “cause” generally means any of the following: (i) the executive’s willful misconduct, failure to follow a lawful directive of the Board, gross negligence or blatant violation of Company policy, (ii) the executive’s commission of fraud, misappropriation, dishonesty or embezzlement against the Company or an affiliate, (iii) in the case of Mr. Monaghan, his commission of a felony or a crime of moral turpitude, and in the case of Mr. Hult or Mr. Kearney, a conviction of, or entry of a plea of *nolo contendere* to, a felony or misdemeanor (other than traffic violations and similar offenses), or (iv) the executive’s commission of a material breach of the applicable employment agreement.

Under the Severance Agreements with Mr. Style and Mr. Villasana, “cause” generally means any of the following: (i) the executive’s gross negligence or serious misconduct (including criminal, fraudulent and dishonest conduct) that is or may be injurious to the Company, (ii) the executive’s conviction of, or entry of a plea of *nolo contendere* to, a felony or other crime that involves moral turpitude, (iii) the executive’s breach of the confidentiality, non-compete and non-solicit obligations contained in the Severance Agreement, (iv) the executive’s willful and continued failure to

perform his duties on behalf of the Company, or (v) the executive's material breach of certain Company policies.

Good Reason

Under the Monaghan, Hult and Kearney Agreements, "good reason" is defined as the occurrence of any of the following without the executive's consent, but only after notice of, and an opportunity to cure, such event: (i) the nature or scope of the executive's duties or responsibilities are materially diminished, (ii) the Company changes the location of the executive's employment to a place more than 50 miles from its present location, (iii) the Company's material breach of the applicable employment agreement, or (iv) a change in the executive's salary below the base amount specified in the applicable employment agreement.

Table of Contents

Under the Style and Villasana Severance Agreements, “good reason” generally means the occurrence of any of the following, but only after notice of, and the opportunity to cure, such event: (i) the Company changes the location of the executive’s employment to a place more than 50 miles from its present location, (ii) a material diminution in the executive’s base compensation, or (iii) a material diminution in the executive’s authority, duties or responsibilities. In addition, if the executive terminates his employment with the Company for any of the foregoing reasons within two years following a change in control, the executive will be entitled to receive the Severance Payment.

Change in Control

A “change in control” generally means the occurrence of any of the following events:

- any person becomes the beneficial owner of 35% or more of the Company’s securities entitled to vote in the election of directors, provided, in the case of the Company’s 2002 Equity Incentive Plan, the Monaghan Agreement and the Severance Agreements with Mr. Style and Mr. Villasana, that such an acquisition will not be considered a change in control if it is made by (x) the Company or any subsidiary, (y) an employee benefit plan sponsored or maintained by the Company or any subsidiary, or (z) a person that reports such acquisition on Schedule 13G under the Exchange Act, so long as such person does not later become required to report on Schedule 13D while beneficially owning 35% or more of the Company’s securities entitled to vote in the election of directors;
- in the case of the Company’s 2002 Equity Incentive Plan, the Monaghan Agreement and the Severance Agreements with Mr. Style and Mr. Villasana, the Company’s completion of a merger, consolidation or other business combination transaction in which the Company’s securities outstanding immediately prior to such transaction represent less than 50% of the combined voting power of the Company or other surviving entity after such transaction, except where the transaction agreement provides that members of the Company’s Board serving at the time of the first public announcement of the transaction will constitute at least a majority of the directors of the resulting entity;
- individuals who, as of the date specified in the applicable agreement or plan, constitute the Board cease to constitute at least a majority, in the case of the Company’s 2002 Equity Incentive Plan, the Monaghan Agreement and the Severance Agreements with Mr. Style and Mr. Villasana, or at least 2/3, in the case of the Kearney Agreement, of the Board, provided that any individual whose election or nomination for election by the Company’s stockholders was approved by at least 2/3 of the directors then comprising the incumbent Board will be considered to be incumbent members of the Board, but excluding any individual who first assumes office as a director of the Company as a result of an actual or threatened election contest; or
- approval by the Company’s stockholders of the liquidation or dissolution of the Company.

Potential Payments Upon Separation from Service or Change in Control

The following tables detail the amounts that would have been payable to each of our named executive officers had (i) each such officer separated from service with the Company as of December 31, 2014 (with or without the occurrence of a change in control) or (ii) a change in control of the Company occurred on December 31, 2014, without a separation from service, in each case after taking into account the following assumptions as applicable:

- no payment value was ascribed to any presently vested and exercisable equity incentive awards, as such awards would not be impacted by a separation from service or change in control;

- all equity incentive awards that would accelerate in connection with a separation from service or change in control were accelerated and cash valued as of December 31, 2014 (based on \$75.92, the closing price of our common stock on the NYSE on such date) by multiplying the number of such shares by the closing price per share of our common stock on the NYSE on December 31, 2014;
- each of the named executive officers continued to be entitled to participate in the Company's health and dental insurance plans (no such officer obtained other employment which provided at least equal benefits), and the cost thereof was cash valued at the cost to the Company;
- all parties complied with any required release and notice provisions in the applicable agreement;
- all amounts due to the named executive officers were paid immediately; and
- each of the named executive officers continued to comply with any restrictive or other covenant applicable to him that may have otherwise resulted in the repayment or withholding of severance amounts due.

RELATED PERSON TRANSACTIONS

We have adopted a written policy relating to related person transactions, which sets out the criteria for review of transactions between the Company and our affiliates and members of their immediate families. This policy covers our directors and officers, and each stockholder that holds directly or indirectly, more than 5% of our common stock. In addition, we have adopted a written Delegation of Authority Policy, which establishes an executive approval process for many of the Company's transactions in which certain related person transactions would be included. In reviewing and approving related person transactions under these policies and procedures, senior management and the Board considers, among other things:

- the nature of the related person's interest in the transaction;
- whether the related person has a direct or indirect material interest in the transaction;
- the material terms of the transaction, including the amount and type of transaction;
- the significance of the transaction to the Company and to the related person;
- whether the terms of the transaction are arms-length; and
- whether the transaction would violate the "Conflicts of Interest" provisions of our Code of Business Conduct and Ethics for Directors, Officers and Employees.

Vehicle Purchases and Leases

We maintain an employee vehicle purchase program for our officers, directors and other employees, and their respective friends and family members pursuant to which they may purchase or lease vehicles from us at a discount to our advertised prices. This program is designed to incent additional vehicle sales while ensuring that we earn a measure of gross profit on all vehicles sold pursuant to the program. PROPOSAL NO. 2
ADVISORY APPROVAL OF EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, our stockholders have the right to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers. The advisory stockholder vote is commonly referred to as the “say-on-pay” vote. At the 2014 annual meeting of stockholders, approximately 98.42% of the shares voted on this proposal were voted in support of the Company’s compensation program. We hold this vote annually, so our Board is again submitting a non-binding stockholder vote on our executive compensation.

As described in the “Compensation Discussion and Analysis” section of this proxy statement, our compensation program is designed to reward our executive officers for their individual and collective performance and for our collective performance in our earnings per share, total stockholder return, achieving target goals relating to our EBIDTA and other annual and long-term business objectives. Please read the “Compensation Discussion and Analysis” section of this proxy statement for additional details about our executive compensation philosophy and programs, including information about the fiscal year 2014 compensation of our named executive officers as set out in the tables and accompanying narrative.

This proposal gives you as a stockholder the opportunity to express your views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we are asking stockholders to approve the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the ‘Compensation Discussion and Analysis,’ compensation tables and any related material disclosed in this proxy statement, is hereby APPROVED.”

Because your vote is advisory, it will not be binding on our Board and may not be construed as overruling any decision by the Board, nor will it create or imply any additional fiduciary duty of the Board. However, the Board will review the voting results and may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

Our Board and our Compensation and Human Resources Committee believe that our commitment to responsible compensation practices justifies a vote by stockholders for the resolution approving the compensation of our named executive officers as disclosed in this proxy statement.

The Board unanimously recommends you vote FOR the advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission.
