ITEM 1 – BUSINESS

General Development of the Business

In this 10-K, “we”, “us”, “our”, “MREIC” or “the Company”, refers to Monmouth Real Estate Investment Corporation, together with its predecessors and subsidiaries, unless the context requires otherwise.

The Company is a corporation operating as a qualified real estate investment trust (REIT) under Sections 856-860 of the Internal Revenue Code (the Code), and intends to maintain its qualification as a REIT in the future. As a qualified REIT, with limited exceptions, the Company will not be taxed under Federal and certain state income tax laws at the corporate level on taxable income that it distributes to its shareholders. For special tax provisions applicable to REITs, refer to Sections 856-860 of the Code.

The Company was established in 1968 as a New Jersey Business Trust (NJBT). In 1990, the NJBT merged into a newly formed Delaware corporation. On May 15, 2003, the Company changed its state of incorporation from Delaware to Maryland by merging with and into a Maryland corporation (the Reincorporation). The Reincorporation was approved by the Company’s shareholders at the Company’s annual meeting on May 6, 2003. In 2005, the Company formed a wholly-owned taxable REIT subsidiary organized in Maryland, named MREIC Financial, Inc. MREIC Financial, Inc. had no activity from inception through September 30, 2011.

On July 31, 2007, the Company completed a strategic combination with Monmouth Capital Corporation (Monmouth Capital), a New Jersey Corporation (the merger). As a result of the merger, each share of Monmouth Capital’s common stock outstanding at the time of the merger was converted into and exchanged for the right to receive .655 shares of the Company’s common stock and the Company became the owner of all of the outstanding stock of Monmouth Capital. As a result of this transaction, the Company issued 3,727,706 shares of common stock valued at approximately \$32,400,000. The total cost of the merger paid by the Company was approximately \$33,970,000, which included the value of outstanding stock options of Monmouth Capital and certain transaction costs. The assets and liabilities of Monmouth Capital as of the effective time of the merger were recorded by the Company at their respective fair values and added to those of the Company. Monmouth Capital remains a wholly-owned subsidiary of the Company.

The Company’s primary business is the ownership of real estate. Its investment focus is to own well-located net leased industrial properties which are leased primarily to investment-grade tenants on long-term leases. In addition, the Company holds a portfolio of REIT securities.

Narrative Description of Business

Currently, the Company derives its income primarily from real estate rental operations. Rental and reimbursement revenue was \$48,141,484, \$45,212,822 and \$41,318,498 for the years ended September 30, 2011, 2010 and 2009, respectively. Total assets were \$476,986,836 and \$454,118,797 as of September 30, 2011 and 2010, respectively.

As of September 30, 2011, the Company had approximately 7,532,000 square feet of property, of which approximately 3,507,000 square feet, or approximately 47%, was leased to Federal Express Corporation (FDX) and its subsidiaries (14% to FDX and 33% to FDX subsidiaries). In addition approximately 388,700 square feet in St Joseph, Missouri, or approximately 5% was leased to Mead Corporation, which subleased the space to Hallmark Cards, Incorporated, and approximately 381,240 square feet in Lebanon, Tennessee, or approximately 5% was leased to Cracker Barrel Old Country Store, Inc. During fiscal 2011, the only tenant that accounted for 5% or more of our rental and reimbursement revenue was FDX (including its subsidiaries). Our rental and reimbursement revenue from FDX and its subsidiaries totaled approximately \$26,883,000, \$26,160,000 and \$24,526,000 or 56%, 58% and 59% of total rent and reimbursement revenues for the years ended September 30, 2011, 2010 and 2009, respectively.

The Company's weighted-average lease expiration was approximately 5.1 and 4.9 years as of September 30, 2011 and 2010, respectively and its average rent per occupied square foot as of September 30, 2011 and 2010 was \$5.59 and \$5.81, respectively. At September 30, 2011 and 2010, the Company's occupancy was 97% and 96%, respectively.

At September 30, 2011, the Company had investments in sixty-six rental properties, consisting of 65 industrial properties and one shopping center. (See Item 2 for a detailed description of the properties.) These properties are located in twenty-five states: Alabama, Arizona, Colorado, Connecticut, Florida, Georgia, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Mississippi, North Carolina, Nebraska, New Jersey, New York, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and Wisconsin. All of these properties are wholly-owned with the exception of the two properties in New Jersey in which the Company owns a majority interest. All properties in which the Company has investments are leased on a net basis except an industrial park in Monaca, Pennsylvania and the shopping center located in Somerset, New Jersey.

During fiscal 2011, the Company purchased three industrial properties totaling approximately 561,000 square feet located in Illinois, Tennessee and Texas for approximately \$28,300,000. In addition, during fiscal 2011 the Company paid approximately \$1,134,000 to purchase, for future expansion, a parcel of land adjacent to an industrial property currently owned by the Company in El Paso, Texas. In the first quarter of fiscal 2012, the Company has purchased three industrial properties totaling approximately 489,000 square feet for approximately \$31,000,000 located in New York, Ohio and Texas, and sold a 37,660 square foot industrial property located in Quakertown, Pennsylvania with gross proceeds to the Company of approximately \$2,765,000. The funds for these additional acquisitions were provided by mortgages on the properties and availability on the Company's line of credit. We have entered into an agreement to purchase a new built-to-suit, 51,140 square foot industrial building in Lebanon, Ohio, to be net-leased to Siemens Real Estate for seven years. The purchase price is approximately \$5,100,000. We expect to consummate this transaction during the first quarter of fiscal 2012. We have also entered into agreements to acquire two industrial properties in Texas and one industrial property in Oklahoma, subject to due diligence which we are currently conducting. These are new constructions that will be subject to 10 year net-leases to FedEx Ground Package Systems,

Inc. Subject to satisfactory due diligence, we anticipate closing these three transactions during fiscal 2012 and the first quarter of fiscal 2013. The Company intends to make additional acquisitions in fiscal 2012 and the funds for these acquisitions would come from mortgages, other bank borrowings, proceeds from the Dividend Reinvestment and Stock Purchase Plan (DRIP), private placements and public offerings or placements of additional common or preferred stock or other securities. To the extent that funds or appropriate properties are not available, fewer acquisitions will be made. Because of the contingent nature of contracts to purchase real property, the Company typically announces acquisitions only upon closing.

The Company competes with other investors in real estate for attractive investment opportunities. These investors include other “equity” real estate investment trusts, limited partnerships, syndications and private investors, among others. Competition in the market areas in which the Company operates is significant and affects the Company’s ability to acquire or expand properties, occupancy levels, rental rates, and operating expenses of certain properties. Management has built relationships with merchant builders which have historically provided the Company with investment opportunities that fit the Company’s investment policy however the amount of construction of new industrial properties has significantly decreased in recent years due to the economic recession and subsequent low levels of GDP growth.

The Company continues to invest in both debt and equity securities of other REITs. The Company from time to time may purchase these securities on margin when the interest and dividend yields exceed the cost of the funds. This securities portfolio, to the extent not pledged to secure borrowings, provides the Company with liquidity and additional income. Such securities are subject to risk arising from adverse changes in market rates and prices, primarily interest rate risk relating to debt securities and equity price risk relating to equity securities. From time to time, the Company may use derivative instruments to mitigate interest rate risk. At September 30, 2011 and 2010, the Company had \$44,265,059 and \$42,517,725, respectively, of securities available for sale. The unrealized net gain on securities available for sale at September 30, 2011 and 2010 was \$2,368,163 and \$10,116,057, respectively.

On December 5, 2011, the Company sold 2,000,000 shares of common stock in a registered direct placement. The Company received net proceeds of approximately \$16,200,000. The Company intends to use such net proceeds to purchase additional properties in the ordinary course of business and for general corporate purposes.

Investment and Other Policies

The Company’s investment policy is to concentrate its investments in the area of long-term net-leased industrial properties primarily to investment-grade tenants. The Company’s strategy is to obtain a favorable yield spread between the income from the net-leased industrial properties and mortgage interest costs. In addition, management believes

that investments in well-located industrial properties provide a potential for long-term capital appreciation. There is the risk that, upon expiration of leases, the properties will become vacant or re-leased at lower rents. The results obtained by the Company by re-leasing the properties will depend on the market for industrial properties at that time.

The Company seeks to invest in well-located, modern buildings leased pursuant to long-term leases primarily to investment grade tenants. In management's opinion, the newly built facilities leased to FDX or FDX subsidiaries meet these criteria. The Company has a concentration of properties leased to FDX and FDX subsidiaries. This is a risk factor that shareholders should consider. FDX is a publicly-owned corporation and information on its financial and business operations is readily available to the Company's shareholders.

Prior to July 31, 2007, the Company operated as part of a group of three public companies (all REITs) which included UMH Properties, Inc. (UMH) and Monmouth Capital (the affiliated companies). Monmouth Capital was merged into the Company on July 31, 2007. The Company continues to operate in conjunction with UMH. UMH has focused its investing in manufactured home communities. General and administrative expenses are allocated between the Company and UMH based on use or services provided, pursuant to a cost sharing arrangement between the affiliated companies. The Company currently has ten employees. Allocations of salaries and benefits are made between the affiliated companies based on the amount of the employees' time dedicated to each affiliated company.

The Company may issue securities for property; however, this has not occurred to date. The Company may repurchase or reacquire its shares from time to time if, in the opinion of the Board of Directors, such acquisition is advantageous to the Company.

Property Management

All of the Company's wholly-owned properties and the shopping center in Somerset, NJ in which the Company holds a two-thirds interest, are managed on behalf of the Company by Cronheim Management Services, Inc. (CMS), a division of David Cronheim Company, a company affiliated with one of our directors as discussed in Note No. 12 to the Consolidated Financial Statements. CMS provides sub-agents as regional managers for the Company's properties. During fiscal 2011, 2010 and 2009, the Company was subject to management contracts with CMS. For calendar 2011 and 2010, the management fee was fixed at \$380,000 per year, plus the estimated cost of the subagents' fees of \$168,000 and \$76,000, respectively. For the calendar year 2009, the management fee was fixed at \$380,000, from which CMS compensated the subagents. CMS also received \$15,400, \$22,773 and \$20,352 in lease commissions in fiscal 2011, 2010 and 2009, respectively. The David Cronheim Mortgage Corporation, an affiliated company, received \$-0-, \$100,000 and \$-0- in mortgage brokerage commissions in fiscal 2011, 2010 and 2009.

The industrial property in Carlstadt, New Jersey is owned by Palmer Terrace Realty Associates, LLC. The Company owns 51% of Palmer Terrace Realty Associates, LLC. This property is managed by Marcus Associates, an entity affiliated with the 49% noncontrolling interest. Management fees paid to Marcus Associates for 2011, 2010 and 2009 totaled \$15,804, \$15,804 and \$14,399, respectively.

The industrial property in Wheeling, Illinois is owned by Wheeling Partners, LLC. During fiscal 2011, the Company purchased the remaining 37% noncontrolling interest in Wheeling Partners, LLC for approximately \$4,100,000. This property was managed by Jones Development Company, an entity affiliated with the former 37% noncontrolling interest. Management fees paid to Jones Development Company for 2011, 2010 and 2009 were \$3,464, \$13,855 and \$13,855, respectively.

5

The industrial property in El Paso, Texas, is owned by Jones EPI, LLC. During 2010, the Company purchased the remaining 35% noncontrolling interest in Jones EPI, LLC. This property was managed by Jones Development Company, an entity affiliated with the former 35% noncontrolling interest. Management fees paid to Jones Development Company for 2011, 2010 and 2009 were \$-0-, \$2,782 and \$6,676, respectively.

Additional information about the Company can be found on the Company's website which is located at www.mreic.com. The Company makes available, free of charge, on or through its website, annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, as soon as reasonably practicable after we electronically file such material with, or furnish it to, the Securities and Exchange Commission (SEC). You can also read and copy any materials the Company files with the SEC at its Public Reference Room at 100 F Street, NE, Washington, DC 20549 (1-800-SEC-0330). The SEC maintains an Internet site (<http://www.sec.gov>) that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC.

Environmental Matters

Under various federal, state and local environmental laws, statutes, ordinances, rules and regulations, an owner of real property may be liable for the costs of removal or remediation of certain hazardous or toxic substances at, on, in or under such property as well as certain other potential costs relating to hazardous or toxic substances. These liabilities may include government fines and penalties and damages for injuries to persons and adjacent property. Such laws often impose liability without regard to whether the owner knew of, or was responsible for, the presence or disposal of such substances. Although generally our tenants are primarily responsible for any environmental damage and claims related to the leased premises, in the event of the bankruptcy or inability of a tenant of such premises to satisfy any obligations with respect to such environmental liability, the Company may be required to satisfy such obligations. In addition, as the owner of such properties, the Company may be held directly liable for any such damages or claims irrespective of the provisions of any lease.

From time to time, in connection with the conduct of the business or upon acquisition of a property, the Company authorizes the preparation of Phase I and, when necessary, Phase II environmental reports with respect to its properties. Based upon such environmental reports and the Company's ongoing review of its properties, as of the date of this Annual Report, the Company is not aware of any environmental condition with respect to any of its properties which it believes would be reasonably likely to have a material adverse effect on its financial condition and/or results of operations. There can be no assurance, however, that (1) the discovery of environmental conditions, the existence or severity of which were previously unknown; (2) changes in law; (3) the conduct of tenants; or (4) activities relating to properties in the vicinity of our properties, will not expose the Company to material liability in the future.

ITEM 1A – RISK FACTORS

Real Estate Industry Risks

Our business and financial results are affected by local real estate conditions in areas where we own properties.

We may be affected adversely by general economic conditions and local real estate conditions. For example, an oversupply of industrial properties in a local area or a decline in the attractiveness of our properties to tenants and potential tenants would have a negative effect on us.

Other factors that may affect general economic conditions or local real estate conditions include:

- population and demographic trends;
- employment and personal income trends;
- zoning, use and other regulatory restrictions;

6

-
- income tax laws;
 - changes in interest rates and availability and costs of financing;
 - competition from other available real estate;
 - our ability to provide adequate maintenance and insurance; and increased operating costs, including insurance premiums, utilities and real estate taxes, which may not be offset by increased rents.

We may be unable to compete with our larger competitors and other alternatives available to tenants or potential tenants of our properties. The real estate business is highly competitive. We compete for properties with other real

estate investors and purchasers, including other real estate investment trusts, limited partnerships, syndications and private investors, many of whom have greater financial resources, revenues and geographical diversity than we have. Furthermore, we compete for tenants with other property owners. All of our industrial properties are subject to significant local competition. We also compete with a wide variety of institutions and other investors for capital funds necessary to support our investment activities and asset growth. To the extent that we are unable to effectively compete in the marketplace, our business may be adversely affected.

We are subject to significant regulation that inhibits our activities and may increase our costs. Local zoning and use laws, environmental statutes and other governmental requirements may restrict expansion, rehabilitation and reconstruction activities. These regulations may prevent us from taking advantage of economic opportunities. Legislation such as the Americans with Disabilities Act may require us to modify our properties at a substantial cost and noncompliance could result in the imposition of fines or an award of damages to private litigants. Future legislation may impose additional requirements. We cannot predict what requirements may be enacted or amended or what costs we will incur to comply with such requirements.

Our investments are concentrated in the industrial distribution sector and our business would be adversely affected by an economic downturn in that sector. Our investments in real estate assets are primarily concentrated in the industrial distribution sector. This concentration may expose us to the risk of economic downturns in this sector to a greater extent than if our business activities included a more significant portion of other sectors of the real estate industry.

Risks Associated with Our Properties

We may be unable to renew leases or relet space as leases expire. While we seek to invest in well-located, modern buildings leased to investment grade tenants on long-term leases, a number of our properties are subject to short-term leases. When a lease expires, a tenant may elect not to renew it. We may not be able to relet the property on similar terms, if we are able to relet the property at all. The terms of renewal or re-lease (including the cost of required renovations and/or concessions to tenants) may be less favorable to us than the prior lease. If we are unable to relet all or a substantial portion of our properties, or if the rental rates upon such reletting are significantly lower than expected rates, our cash generated before debt repayments and capital expenditures and our ability to make expected distributions, may be adversely affected. We have established an annual budget for renovation and reletting expenses that we believe is reasonable in light of each property's operating history and local market characteristics. This budget, however, may not be sufficient to cover these expenses.

Our business is substantially dependent on Federal Express Corporation. FDX is our largest tenant. As of September 30, 2011, FDX and its subsidiaries leased approximately 47% of the total square footage that we own. Annualized rental income and occupancy charges from FDX and its subsidiaries are estimated at approximately 56% of total rental and reimbursement revenue for fiscal 2011. If FDX were to terminate its leases with us or become unable to make lease payments because of a downturn in its business or otherwise, our financial condition and ability to make expected distributions would be materially and adversely affected.

We are subject to risks involved in single tenant leases. We focus our acquisition activities on real properties that are net-leased to single tenants. Therefore, the financial failure of, or other default by, a single tenant under its lease is

likely to cause a significant reduction in the operating cash flow generated by the property leased to that tenant and might decrease the value of that property. In addition, we will be responsible for 100% of the operating costs following a vacancy at a single tenant building.

We may be affected negatively by tenant financial difficulties and leasing delays. At any time, a tenant may experience a downturn in its business that may weaken its financial condition. Similarly, a general decline in the economy may result in a decline in the demand for space at our industrial properties. As a result, our tenants may delay lease commencement, fail to make rental payments when due, or declare bankruptcy. Any such event could result in the termination of that tenant's lease and losses to us, resulting in a decrease of distributions to investors.

We receive a substantial portion of our income as rents under long-term leases. If tenants are unable to comply with the terms of their leases because of rising costs or falling revenues, we, in our sole discretion, may deem it advisable to modify lease terms to allow tenants to pay a lower rental rate or a smaller share of operating costs, taxes and insurance. If a tenant becomes insolvent or bankrupt, we cannot be sure that we could recover the premises from the tenant promptly or from a trustee or debtor-in-possession in any bankruptcy proceeding relating to the tenant. We also cannot be sure that we would receive rent in the proceeding sufficient to cover our expenses with respect to the premises. If a tenant becomes bankrupt, the federal bankruptcy code will apply and, in some instances, may restrict the amount and recoverability of our claims against the tenant. A tenant's default on its obligations to us for any reason could adversely affect our financial condition and the cash we have available for distribution.

We may be unable to sell properties when appropriate because real estate investments are illiquid. Real estate investments generally cannot be sold quickly and, therefore, will tend to limit our ability to vary our property portfolio promptly in response to changes in economic or other conditions. In addition, the Code limits our ability to sell our properties. The inability to respond promptly to changes in the performance of our property portfolio could adversely affect our financial condition and ability to service debt and make distributions to our stockholders.

Environmental liabilities could affect our profitability. We face possible environmental liabilities. Environmental laws today can impose liability on a previous owner or operator of a property that owned or operated the property at a time when hazardous or toxic substances were disposed on, or released from, the property. A conveyance of the property, therefore, does not relieve the owner or operator from liability. As a current or former owner and operator of real estate, we may be required by law to investigate and clean up hazardous substances released at or from the properties we currently own or operate or have in the past owned or operated. We may also be liable to the government or to third parties for property damage, investigation costs and cleanup costs. In addition, some environmental laws create a lien on the contaminated site in favor of the government for damages and costs the government incurs in connection with the contamination. Contamination may adversely affect our ability to sell or lease real estate or to borrow using the real estate as collateral. We are not aware of any environmental liabilities relating to our investment properties which would have a material adverse effect on our business, assets, or results of operations. However, we cannot assure you that environmental liabilities will not arise in the future and that such liabilities will not have a material adverse effect on our business, assets or results of operation.

Actions by our competitors may decrease or prevent increases in the occupancy and rental rates of our properties. We compete with other owners and operators of real estate, some of which own properties similar to ours in the same submarkets in which our properties are located. If our competitors offer space at rental rates below current market rates or below the rental rates we currently charge our tenants, we may lose potential tenants, and we may be pressured to reduce our rental rates below those we currently charge in order to retain tenants when our tenants' leases expire. As a result, our financial condition, cash flow, cash available for distribution, market price of our preferred and common stock and ability to satisfy our debt service obligations could be materially adversely affected.

Coverage under our existing insurance policies may be inadequate to cover losses. We generally maintain insurance policies related to our business, including casualty, general liability and other policies, covering

our business operations, employees and assets. However, we would be required to bear all losses that are not adequately covered by insurance. In addition, there are certain losses that are not generally insured because it is not economically feasible to insure against them, including losses due to riots or acts of war. If an uninsured loss or a loss in excess of insured limits were to occur with respect to one or more of our properties, then we could lose the capital we invested in the properties, as well as the anticipated future revenue from the properties and, in the case of debt, which is with recourse to us, we would remain obligated for any mortgage debt or other financial obligations related to the properties. Although we believe that our insurance programs are adequate, we cannot assure you that we will not incur losses in excess of our insurance coverage, or that we will be able to obtain insurance in the future at acceptable levels and reasonable costs.

We may be unable to acquire properties on advantageous terms or acquisitions may not perform as we expect. We have acquired individual properties and portfolios of properties, and intend to continue to do so. Our acquisition activities and their success are subject to the following risks:

- when we are able to locate a desired property, competition from other real estate investors may significantly increase the purchase price;
- acquired properties may fail to perform as expected;
- the actual costs of repositioning or redeveloping acquired properties may be higher than our estimates;
- acquired properties may be located in new markets where we face risks associated with an incomplete knowledge or understanding of the local market, a limited number of established business relationships in the area and a relative unfamiliarity with local governmental and permitting procedures;
- we may be unable to quickly and efficiently integrate new acquisitions, particularly acquisition of portfolios of properties, into our existing operations, and as a result, our results of operations and financial condition could be adversely affected; and
- we may acquire properties subject to liabilities and without any recourse, or with only limited recourse. As a result, if a claim were asserted against us based upon ownership of those properties, we might have to pay substantial sums to resolve it, which could adversely affect our cash flow and financial condition.

Financing Risks

We face inherent risks associated with our debt incurrence. We finance a portion of our investments in properties and marketable securities through the incurrence of debt. We are subject to the risks normally associated with debt financing, including the risk that our cash flow will be insufficient to meet required payments of principal and interest. In addition, debt creates other risks, including:

- rising interest rates on our variable rate debt;
- failure to repay or refinance existing debt as it matures, which may result in forced disposition of assets on disadvantageous terms;
- refinancing terms less favorable than the terms of existing debt; and
- failure to meet required payments of principal and/or interest.

We mortgage our properties, which subjects us to the risk of foreclosure in the event of non-payment. We mortgage many of our properties to secure payment of indebtedness and if we are unable to meet mortgage payments, then the property could be foreclosed upon or transferred to the mortgagee with a consequent loss of income and asset value. A foreclosure of one or more of our properties could adversely affect our financial

condition, results of operations, cash flow, and ability to service debt and make distributions and the market price of our preferred and common stock.

We face risks related to “balloon payments” and refinancings. Certain of our mortgages will have significant outstanding principal balances on their maturity dates, commonly known as “balloon payments.” There can be no assurance that we will be able to refinance the debt on favorable terms or at all. To the extent we cannot refinance debt on favorable terms or at all, we may be forced to dispose of properties on disadvantageous terms or pay higher interest rates, either of which would have an adverse impact on our financial performance and ability to service debt and make distributions.

We face risks associated with our dependence on external sources of capital. In order to qualify as a REIT, we are required each year to distribute to our stockholders at least 90% of our REIT taxable income, and we are subject to tax on our income to the extent it is not distributed. Because of this distribution requirement, we may not be able to fund all future capital needs from cash retained from operations. As a result, to fund capital needs, we rely on third-party sources of capital, which we may not be able to obtain on favorable terms, if at all. Our access to third-party sources of capital depends upon a number of factors, including (i) general market conditions; (ii) the market’s perception of our growth potential; (iii) our current and potential future earnings and cash distributions; and (iv) the market price of our capital stock. Additional debt financing may substantially increase our debt-to-total capitalization ratio. Additional equity issuance may dilute the holdings of our current stockholders.

We may become more highly leveraged, resulting in increased risk of default on our obligations and an increase in debt service requirements which could adversely affect our financial condition and results of operations and our ability to pay distributions. We have incurred, and may continue to incur, indebtedness in furtherance of our activities. Our governing documents do not limit the amount of indebtedness we may incur. Accordingly, our Board of Directors may vote to incur additional debt and would do so, for example, if it were necessary to maintain our status as a REIT. We could therefore become more highly leveraged, resulting in an increased risk of default on our obligations and in an increase in debt service requirements which could adversely affect our financial condition and results of operations and our ability to pay distributions to stockholders.

Covenants in our loan documents could limit our flexibility and adversely affect our financial condition. The terms of our various credit agreements and other indebtedness require us to comply with a number of customary financial and other covenants, such as maintaining debt service coverage and leverage ratios and maintaining insurance coverage. These covenants may limit our flexibility in our operations, and breaches of these covenants could result in defaults under the instruments governing the applicable indebtedness even if we had satisfied our payment obligations. If we were to default under credit agreements or other debt instruments, our financial condition would be adversely affected.

Other Risks

Current economic conditions, including recent volatility in the capital and credit markets, could harm our business, results of operations and financial condition. The United States is continuing to experience the effects of an economic recession, during which the capital and credit markets experienced extreme volatility and disruption. The current economic environment has been affected by dramatic declines in the stock and housing markets, increases in foreclosures, unemployment and living costs as well as limited access to credit. This economic situation has impacted and is expected to continue to impact consumer spending levels. A sustained economic downward trend could impact our tenants' ability to meet their lease obligations due to poor operating results, lack of liquidity, bankruptcy or other reasons. Our ability to lease space and negotiate rents at advantageous rates could also be affected in this type of economic environment. Additionally, if markets again experience periods of volatility, access to capital and credit markets could be disrupted over a more extended period, which may make it difficult to obtain the financing we may need for future growth and/or to meet our debt service obligations as they mature. Any of these events could harm our business, results of operations and financial condition.

We may not be able to access adequate cash to fund our business. Our business requires access to adequate cash to finance our operations, distributions, capital expenditures, debt service obligations, development and redevelopment costs and property acquisition costs, if any. We expect to generate the cash to be used for these

purposes primarily with operating cash flow, borrowings under secured term loans, proceeds from sales of strategically identified assets and, when market conditions permit, through the issuance of debt and equity securities from time to time. We may not be able to generate sufficient cash to fund our business, particularly if we are unable to renew leases, lease vacant space or re-lease space as leases expire according to expectations.

Moreover, difficult conditions in the financial markets and the economy generally, have caused many lenders to suffer substantial losses, thereby causing many financial institutions to seek additional capital, to merge with other institutions and, in some cases, to fail. As a result, the real estate debt markets are continuing to experience a period of uncertainty, which may reduce our access to funding alternatives, or our ability to refinance debt on favorable terms, or at all. In addition, market conditions, such as the current global economic environment, may also hinder our ability to sell strategically identified assets and access the debt and equity capital markets. If these conditions persist, we may need to find alternative ways to access cash to fund our business, including distributions to shareholders. Such

alternatives may include, without limitation, curtailing development or redevelopment activity, disposing of one or more of our properties possibly on disadvantageous terms or entering into or renewing leases on less favorable terms than we otherwise would, all of which could adversely affect our profitability. If we are unable to generate, borrow or raise adequate cash to fund our business through traditional or alternative means, our business, operations, financial condition and distribution to shareholders will be adversely affected.

We are dependent on key personnel. Our executive and other senior officers have a significant role in our success. Our ability to retain our management group or to attract suitable replacements should any members of the management group leave is dependent on the competitive nature of the employment market. The loss of services from key members of the management group or a limitation in their availability could adversely affect our financial condition and cash flow. Further, such a loss could be negatively perceived in the capital markets.

We may amend our business policies without your approval. Our Board of Directors determines our growth, investment, financing, capitalization, borrowing, REIT status, operations and distributions policies. Although our Board of Directors has no present intention to amend or reverse any of these policies, they may be amended or revised without notice to stockholders. Accordingly, stockholders may not have control over changes in our policies. We cannot assure you that changes in our policies will serve fully the interests of all stockholders.

The market value of our preferred and common stock could decrease based on our performance and market perception and conditions. The market value of our preferred and common stock may be based primarily upon the market's perception of our growth potential and current and future cash dividends, and may be secondarily based upon the real estate market value of our underlying assets. The market price of our preferred and common stock is influenced by their respective distributions relative to market interest rates. Rising interest rates may lead potential buyers of our stock to expect a higher distribution rate, which would adversely affect the market price of our stock. In addition, rising interest rates would result in increased expense, thereby adversely affecting cash flow and our ability to service our indebtedness and pay distributions.

There are restrictions on the ownership and transfer of our capital stock. To maintain our qualification as a REIT under the Code, no more than 50% in value of our outstanding capital stock may be owned, actually or by attribution, by five or fewer individuals, as defined in the Code to also include certain entities, during the last half of a taxable year. Accordingly, our charter and bylaws contain provisions restricting the ownership and transfer of our capital stock.

Our earnings are dependent, in part, upon the performance of our investment portfolio. As permitted by the Code, we invest in and own securities of other real estate investment trusts. To the extent that the value of those investments declines or those investments do not provide an attractive return, our earnings and cash flow could be adversely affected.

We are subject to restrictions that may impede our ability to effect a change in control. Certain provisions contained in our charter and bylaws and certain provisions of Maryland law may have the effect of discouraging a third party from making an acquisition proposal for us and thereby inhibit a change in control. These provisions include the following:

· Our charter provides for three classes of directors with the term of office of one class expiring each year, commonly referred to as a "staggered board." By preventing common stockholders from voting on the election of more than one class of directors at any annual meeting of stockholders, this provision may have the effect of keeping the current members of our Board of Directors in control for a longer period of time than stockholders may desire.

· Our charter generally limits any holder from acquiring more than 9.8% (in value or in number, whichever is more restrictive) of our outstanding equity stock (defined as all of our classes of capital stock, except our excess stock). While this provision is intended to assure our ability to remain a qualified REIT for Federal income tax purposes, the ownership limit may also limit the opportunity for stockholders to receive a premium for their shares of common stock that might otherwise exist if an investor was attempting to assemble a block of shares in excess of 9.8% of the outstanding shares of equity stock or otherwise effect a change in control.

· The request of stockholders entitled to cast a majority or more of votes entitled to be cast at such meeting is necessary for stockholders to call a special meeting. We also require advance notice by common stockholders for the nomination of directors or proposals of business to be considered at a meeting of stockholders.

Our Board of Directors may authorize and issue securities without stockholder approval. Under our Charter, the board has the power to classify and reclassify any of our unissued shares of capital stock into shares of capital stock with such preferences, rights, powers and restrictions as the Board of Directors may determine. The authorization and issuance of a new class of capital stock could have the effect of delaying or preventing someone from taking control of us, even if a change in control were in our stockholders' best interests.

Maryland business statutes may limit the ability of a third party to acquire control of us. The duties of directors of Maryland corporations do not require them to (a) accept, recommend or respond to any proposal by a person seeking to acquire control of the corporation, (b) authorize the corporation to redeem any rights under, or modify or render inapplicable, any stockholders rights plan, (c) make a determination under the Maryland Business Combination Act or the Maryland Control Share Acquisition Act, or (d) act or fail to act solely because of the effect of the act or failure to act may have on an acquisition or potential acquisition of control of the corporation or the amount or type of consideration that may be offered or paid to the stockholders in an acquisition. Maryland law also contains a statutory presumption that an act of a director of a Maryland corporation satisfies the applicable standards of conduct for directors under Maryland law.

The Maryland Business Combination Act provides that unless exempted, a Maryland corporation may not engage in business combinations, including mergers, dispositions of 10 percent or more of its assets, certain issuances of shares of stock and other specified transactions, with an "interested stockholder" or an affiliate of an interested stockholder for five years after the most recent date on which the interested stockholder became an interested stockholder, and thereafter unless specified criteria are met. An interested stockholder is generally a person owning or controlling, directly or indirectly, 10 percent or more of the voting power of the outstanding stock of the Maryland corporation. In our charter, we have expressly elected that the Maryland Business Combination Act not govern or apply to any transaction with our affiliated company UMH, a Maryland corporation.

We cannot assure you that we will be able to pay distributions regularly. Our ability to pay distributions in the future is dependent on our ability to operate profitably and to generate cash from our operations and the operations of our subsidiaries. We cannot guarantee that we will be able to pay distributions on a regular quarterly basis in the future.

If our leases are not respected as true leases for federal income tax purposes, we would fail to qualify as a REIT.

To qualify as a REIT, we must, among other things, satisfy two gross income tests, under which specified percentages of our gross income must be passive income, such as rent. For the rent paid pursuant to our leases to qualify for purposes of the gross income tests, the leases must be respected as true leases for federal income tax purposes and not be treated as service contracts, joint ventures or some other type of arrangement. We believe that our leases will be respected as true leases for federal income tax purposes. However, there can be no assurance that

12

the Internal Revenue Service (“IRS”) will agree with this view. If the leases are not respected as true leases for federal income tax purposes, we would not be able to satisfy either of the two gross income tests applicable to REITs, and we could lose our REIT status.

Failure to make required distributions would subject us to additional tax. In order to qualify as a REIT, we must, among other requirements, distribute, each year, to our stockholders at least 90 percent of our taxable income, excluding net capital gains. To the extent that we satisfy the 90 percent distribution requirement, but distribute less than 100 percent of our taxable income, we will be subject to federal corporate income tax on our undistributed income. In addition, we will incur a 4 percent nondeductible excise tax on the amount, if any, by which our distributions (or deemed distributions) in any year are less than the sum of:

- 85 percent of our ordinary income for that year;
- 95 percent of our capital gain net earnings for that year; and
- 100 percent of our undistributed taxable income from prior years.

To the extent we pay out in excess of 100 percent of our taxable income for any tax year, we may be able to carry forward such excess to subsequent years to reduce our required distributions for purposes of the 4 percent excise tax in such subsequent years. We intend to pay out our income to our stockholders in a manner intended to satisfy the 90 percent distribution requirement. Differences in timing between the recognition of income and the related cash receipts or the effect of required debt amortization payments could require us to borrow money or sell assets to pay out enough of our taxable income to satisfy the 90 percent distribution requirement and to avoid corporate income tax.

We may not have sufficient cash available from operations to pay distributions, and, therefore, distributions may be made from borrowings. The actual amount and timing of distributions will be determined by our Board of Directors in its discretion and typically will depend on the amount of cash available for distribution, which will depend on items such as current and projected cash requirements and tax considerations. As a result, we may not have sufficient cash available from operations to pay distributions as required to maintain our status as a REIT. Therefore, we may need to

borrow funds to make sufficient cash distributions in order to maintain our status as a REIT, which may cause us to incur additional interest expense as a result of an increase in borrowed funds for the purpose of paying distributions.

We may be required to pay a penalty tax upon the sale of a property. The federal income tax provisions applicable to REITs provide that any gain realized by a REIT on the sale of property held as inventory or other property held primarily for sale to customers in the ordinary course of business is treated as income from a “prohibited transaction” that is subject to a 100 percent penalty tax. Under current law, unless a sale of real property qualifies for a safe harbor, the question of whether the sale of real estate or other property constitutes the sale of property held primarily for sale to customers is generally a question of the facts and circumstances regarding a particular transaction. We intend that we and our subsidiaries will hold the interests in the real estate for investment with a view to long-term appreciation, engage in the business of acquiring and owning real estate, and make occasional sales as are consistent with our investment objectives. We do not intend to engage in prohibited transactions. We cannot assure you, however, that we will only make sales that satisfy the requirements of the safe harbors or that the IRS will not successfully assert that one or more of such sales are prohibited transactions.

We may be adversely affected if we fail to qualify as a REIT. If we fail to qualify as a REIT, we will not be allowed to deduct distributions to stockholders in computing our taxable income and will be subject to Federal income tax, including any applicable alternative minimum tax, at regular corporate rates. In addition, we might be barred from qualification as a REIT for the four years following disqualification. The additional tax incurred at regular corporate rates would reduce significantly the cash flow available for distribution to stockholders and for debt service. Furthermore, we would no longer be required to make any distributions to our stockholders as a condition to REIT qualification. Any distributions to stockholders would be taxable as ordinary income to the extent of our current and accumulated earnings and profits, although such dividend distributions would be subject to a top federal tax rate of 15% through 2011. Corporate distributees, however, may be eligible for the dividends received deduction on the distributions, subject to limitations under the Code.

To qualify as a REIT, we must comply with certain highly technical and complex requirements. We cannot be certain we have complied, and will always be able to comply, with the requirements to qualify as a REIT because there are few judicial and administrative interpretations of these provisions. In addition, facts and circumstances that may be beyond our control may affect our ability to continue to qualify as a REIT. We cannot assure you that new legislation, regulations, administrative interpretations or court decisions will not change the tax laws significantly with respect to our qualification as a REIT or with respect to the Federal income tax consequences of qualification. We believe that we have qualified as a REIT since our inception and intend to continue to qualify as a REIT. However, we cannot assure you that we are qualified or will remain qualified.

There is a risk of changes in the tax law applicable to real estate investment trusts. Because the IRS, the United States Treasury Department and Congress frequently review federal income tax legislation, we cannot predict whether, when or to what extent new federal tax laws, regulations, interpretations or rulings will be adopted. Any of such legislative action may prospectively or retroactively modify our tax treatment and, therefore, may adversely affect taxation of us and/or our investors.

We may be unable to comply with the strict income distribution requirement applicable to REITs. As noted above, to maintain qualification as a REIT under the Code, a REIT must annually distribute to its stockholders at least 90% of

its REIT taxable income, excluding the dividends paid deduction and net capital gains. This requirement limits our ability to accumulate capital. We may not have sufficient cash or other liquid assets to meet the 90% distribution requirements. Difficulties in meeting the 90% distribution requirement might arise due to competing demands for our funds or to timing differences between tax reporting and cash receipts and disbursements, because income may have to be reported before cash is received, because expenses may have to be paid before a deduction is allowed, because deductions may be disallowed or limited or because the IRS may make a determination that adjusts reported income. In those situations, we might be required to borrow funds or sell properties on adverse terms in order to meet the 90% distribution requirement and interest and penalties could apply which could adversely affect our financial condition. If we fail to satisfy the 90% distribution requirement, we would cease to be taxed as a REIT.

If we were considered to actually or constructively pay a “preferential dividend” to certain of our stockholders, our status as a REIT could be adversely affected. In order to qualify as a REIT, we must distribute annually to our stockholders at least 90% of our REIT taxable income (which does not equal net income as calculated in accordance with GAAP), determined without regard to the deduction for dividends paid and excluding net capital gain. In order for distributions to be counted as satisfying the annual distribution requirements for REITs, and to provide us with a REIT-level tax deduction, the distributions must not be “preferential dividends.” A dividend is not a preferential dividend if the distribution is pro rata among all outstanding shares of stock within a particular class, and in accordance with the preferences among different classes of stock as set forth in our organizational documents. Currently, there is uncertainty as to the application of the law in certain circumstances and the IRS’s position regarding whether certain arrangements that REITs have with their stockholders could give rise to the inadvertent payment of a preferential dividend (e.g., the pricing methodology for stock purchased under a distribution reinvestment plan inadvertently causing a greater than 5% discount on the price of such stock purchased). There is no de minimis exception with respect to preferential dividends; therefore, if the IRS were to take the position that we inadvertently paid a preferential dividend, we may be deemed to have failed the 90% distribution test, and our status as a REIT could be terminated for the year in which such determination is made if we were unable to cure such failure. While we believe that our operations have been structured in such a manner that we will not be treated as inadvertently paying preferential dividends, we can provide no assurance to this effect.

Notwithstanding our status as a REIT, we are subject to various federal, state and local taxes on our income and property. For example, we will be taxed at regular corporate rates on any undistributed taxable income, including undistributed net capital gains; provided, however, that properly designated undistributed capital gains will effectively avoid taxation at the stockholder level. We may be subject to other Federal income taxes and may also have to pay some state income or franchise taxes because not all states treat REITs in the same manner as they are treated for Federal income tax purposes.

Future terrorist attacks and military conflicts could have a material adverse effect on general economic conditions, consumer confidence and market liquidity. Among other things, it is possible that interest rates may be

affected by these events. An increase in interest rates may increase our costs of borrowing, leading to a reduction in our earnings. Terrorist acts could also result in significant damages to, or loss of, our properties.

We and our tenants may be unable to obtain adequate insurance coverage on acceptable economic terms for losses resulting from acts of terrorism. Our lenders may require that we carry terrorism insurance even if we do not believe this insurance is necessary or cost effective. We may also be prohibited under the applicable lease from passing all or a portion of the cost of such insurance through to the tenant. Should an act of terrorism result in an uninsured loss or a loss in excess of insured limits, we could lose capital invested in a property, as well as the

anticipated future revenues from a property, while remaining obligated for any mortgage indebtedness or other financial obligations related to the property. Any loss of these types would adversely affect our financial condition.

We are subject to risks arising from litigation. We may become involved in litigation. Litigation can be costly, and the results of litigation are often difficult to predict. We may not have adequate insurance coverage or contractual protection to cover costs and liability in the event we are sued, and to the extent we resort to litigation to enforce our rights, we may incur significant costs and ultimately be unsuccessful or unable to recover amounts we believe are owed to us. We may have little or no control of the timing of litigation, which presents challenges to our strategic planning.

ITEM 2 - PROPERTIES

The Company operates as a REIT. Our portfolio is primarily comprised of real estate holdings, some of which have been long-term holdings carried on our financial statements at depreciated cost. It is believed that their current market values exceed both the original cost and the depreciated cost.

The following table sets forth certain information concerning the Company's real estate investments as of September 30, 2011:

ITEM 5 - MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED

STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY

SECURITIES

Since June 1, 2010, the common stock of Monmouth Real Estate Investment Corporation has been traded on the New York Stock Exchange, under the symbol "MNR". Previously, the common stock was traded on the NASDAQ Global Select Market. The per share range of high and low market prices and distributions paid to common shareholders during each fiscal quarter of the last two fiscal years were as follows:

	<u>Fiscal 2011</u>			<u>Fiscal 2010</u>			
	<u>Market Price</u>			<u>Market Price</u>

			\$.60				\$.60

On November 30, 2011, the closing price of our common stock was \$8.49

As of November 30, 2011, there were 1,186 shareholders of record who held shares of common stock of the Company.

It is the Company's intention to continue making quarterly distributions. On October 4, 2011, the Company declared a dividend of \$.15 per share to be paid on December 15, 2011 to common shareholders of record on November 15, 2011. The Company's annual dividend rate on its common stock is currently \$0.60 per share. The Company paid the distributions from cash flows from operations. Future common stock dividend policy will depend on the Company's earnings, capital requirements, financial condition, availability and cost of bank financing and other factors considered relevant by the Board of Directors.

On December 5, 2011, the Company issued 2,000,000 shares of common stock in a registered direct placement at a price of \$8.39 per share. The Company received net proceeds from the common stock offering of approximately \$16,200,000. The Company intends to use such net proceeds to purchase additional properties in the ordinary course of business and for general corporate purposes.

As of September 30, 2011, the Company had outstanding 2,139,750 shares of 7.625% Series A Cumulative Redeemable Preferred Stock, par value \$.01 per share with an aggregate liquidation preference of approximately \$53,500,000 (Series A Preferred Stock). The Series A Preferred Stock ranks, as to dividend rights and rights upon our liquidation, dissolution or winding up, senior to our common stock and equal to any equity securities that we may issue in the future, the terms of which specifically provide that such equity securities rank equal to the Series A Preferred Stock. We are required to pay cumulative dividends on the Series A Preferred Stock in the amount of \$1.90625 per share each year, which is equivalent to 7.625% of the \$25.00 liquidation value per share. The Series A Preferred Stock is traded on the New York Stock Exchange.

On October 14, 2010, the Company issued 817,250 shares of its Series A Preferred Stock in a registered direct placement at a price of \$24.00 per share. The Company received net proceeds from the Series A Preferred Stock offering of approximately \$19,000,000 and used such net proceeds to purchase additional properties in the ordinary course of business and for general corporate purposes, including repayment of indebtedness.

On October 4, 2011, the Board of Directors declared a quarterly dividend of \$0.4766 per share on the Company's Series A Preferred Stock payable December 15, 2011, to shareholders of record on November 15, 2011. Series A preferred share dividends are cumulative and payable quarterly at an annual rate of \$1.90625 per share.

Issuer Purchases of Equity Securities

On June 29, 2011, the Board of Directors reaffirmed its Share Repurchase Program (the repurchase program) that authorizes the Company to purchase up to \$10,000,000 in the aggregate of the Company's common stock. The repurchase program was originally created on March 3, 2009 and is intended to be implemented through purchases made from time to time using a variety of methods, which may include open market purchases, privately negotiated transactions or block trades, or by any combination of such methods, in accordance with applicable insider trading and other securities laws and regulations. The size, scope and timing of any purchases will be based on business, market and other conditions and factors, including price, regulatory and contractual requirements or consents, and capital availability. The repurchase program does not require the Company to acquire any particular amount of common

stock, and the program may be suspended, modified or discontinued at any time at the Company's discretion without prior notice. Shares of stock repurchased under the repurchase program will be held as treasury shares. During fiscal year 2009, the Company purchased 5,000 shares of its common stock for \$4.92 per share for a total \$24,905 on the open market. There were no purchases under the repurchase program in fiscal years 2011 or 2010. The maximum dollar value that may be purchased under the repurchase program as of September 30, 2011 is \$9,975,095.

Equity Compensation Plan Information

The Company has a Stock Option and Stock Award Plan, adopted in 2007 and amended and restated in 2010 (the 2007 Plan) authorizing the grant to officers and key employees of options to purchase up to 1,500,000 shares of common stock. See Note 10 in the Notes to the Consolidated Financial Statements included in this Form 10-K for a description of the plans.

The following table summarizes information, as of September 30, 2011, relating to equity compensation plans of the Company (including individual compensation arrangements) pursuant to which equity securities of the Company are authorized for issuance:

* Funds from operations (FFO), is defined as net income, excluding gains (or losses) from sales of depreciable assets, plus depreciation and amortization of intangible assets. FFO should be considered as a supplemental measure of operating performance used by REITs. The Company believes that FFO is helpful to investors as one of several measures of the performance of a REIT. FFO excludes historical cost depreciation as an expense and may facilitate the comparison of REITs which have different cost basis. The items excluded from FFO are significant components in understanding the Company's financial performance.

FFO (1) does not represent cash flow from operations as defined by generally accepted accounting principles; (2) should not be considered as an alternative to net income as a measure of operating performance or cash flows from operating, investing and financing activities; and (3) is not an alternative to cash flow as a measure of liquidity. FFO, as calculated by the Company, may not be comparable to similarly entitled measures reported by other REITs.

The Company's FFO is calculated as follows:

	2011	2010	2009	2008	2007

- the ability of our tenants to make payments under their respective leases, our reliance on certain major tenants and our ability to re-lease properties that are currently vacant or that become vacant;
- our ability to obtain suitable tenants for our properties;
- changes in real estate market conditions and general economic conditions;
- the inherent risks associated with owning real estate, including local real estate market conditions, governing laws and regulations and illiquidity of real estate investments;
- our ability to sell properties at an attractive price;
- our ability to repay debt financing obligations;
- our ability to refinance amounts outstanding under our credit facilities at maturity on terms favorable to us;
- the loss of any member of our management team;
- our ability to comply with certain debt covenants;
- our ability to integrate acquired properties and operations into existing operations;
- continued ability to access the debt or equity markets ;
- the availability of other debt and equity financing alternatives;
- changes in interest rates under our current credit facilities and under any additional variable rate debt arrangements that we may enter into in the future;
- our ability to successfully implement our selective acquisition strategy;

- our ability to maintain internal controls and processes to ensure all transactions are accounted for properly, all relevant disclosures and filings are timely made in accordance with all rules and regulations, and any potential fraud or embezzlement is thwarted or detected;
- changes in federal or state tax rules or regulations that could have adverse tax consequences; and
- our ability to qualify as a real estate investment trust for federal income tax purposes.

Overview

The Company is a REIT and its primary business is the ownership and management of industrial buildings subject to long-term net-leases, primarily to investment grade tenants. At September 30, 2011, the Company held investments in sixty-six properties totaling approximately 7,532,000 square feet, consisting of 65 industrial properties and one shopping center, located in Somerset, New Jersey. Total real estate investments were \$409,023,556 at September 30, 2011. These properties are located in twenty-five states: Alabama, Arizona, Colorado, Connecticut, Florida, Georgia, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Mississippi, North Carolina, Nebraska, New Jersey, New York, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and Wisconsin. All of these properties are wholly owned, with the exception of an industrial

27

property in New Jersey, in which the Company owns a majority interest, and the shopping center, in which the Company holds a two-thirds interest.

The Company's weighted-average lease expiration was 5.1 and 4.9 as of September 30, 2011 and 2010, respectively and its average rent per occupied square foot as of September 30, 2011 and 2010 was \$5.59 and \$5.81, respectively. At September 30, 2011 and 2010, the Company's occupancy was 97% and 96%, respectively. During fiscal 2011, the Company acquired three industrial properties totaling approximately 561,000 square feet for approximately \$28,300,000.

The Company has a concentration of FDX leased properties. At September 30, 2011, the total FDX and FDX subsidiaries leased square footage as a percentage of the Company's total rental space was 47%, with 14% leased to FDX and 33% leased to FDX subsidiaries. The percentage of rental and reimbursement revenue from FDX was 56% for the year ended September 30, 2011.

The Company's revenue primarily consists of rental and reimbursement revenue from the ownership of industrial rental property. Rental and reimbursement revenue increased \$2,928,662, or 6%, for the year ended September 30, 2011 as compared to the year ended September 30, 2010. Total expenses (excluding other income and expense) increased \$2,215,081, or 9%, for the year ended September 30, 2011 as compared to the year ended September 30, 2010. The increases were due mainly to the revenue and expenses relating to the property acquisitions made during fiscal 2011 and an increase in general and administrative expenses of \$419,513.

During the first quarter of fiscal 2012, the Company purchased three industrial properties totaling approximately 489,000 square feet, located in New York, Ohio, and Texas, for approximately \$30,600,000, and has sold a 37,660 square foot industrial building in Quakertown, Pennsylvania with gross proceeds to the Company of \$2,765,000. The Company has entered into an agreement to purchase one industrial property located in Ohio for approximately \$5,100,000 and expects to consummate this transaction during the first quarter of fiscal 2012. The Company has also entered into agreements to acquire two industrial properties in Texas and one industrial property in Oklahoma, subject to due diligence which the Company is currently conducting. Subject to satisfactory due diligence, the Company anticipates closing these three transactions during the second half of fiscal 2012 and the first quarter of fiscal 2013.

The Company intends to continue to increase its real estate investments in fiscal 2012 through acquisitions or expansions of properties. The growth of the real estate portfolio depends on the availability of suitable properties which meet the Company's investment criteria and appropriate financing. Competition in the market areas in which the Company operates is significant and affects acquisitions, occupancy levels, rental rates and operating expenses of certain properties

Revenues also include interest and dividend income and gain (loss) on securities transactions. The Company holds a portfolio of securities of other REITs with a fair value of \$44,265,059 as of September 30, 2011. The Company invests in REIT securities on margin from time to time when the Company can achieve an adequate yield spread. The REIT securities portfolio provides the Company with liquidity and additional income and serves as a proxy for real estate when suitable acquisitions are not available. As of September 30, 2011, the Company's portfolio consisted primarily of 42% REIT preferred stocks and 58% REIT common stocks. The Company's weighed-average yield on the securities portfolio for 2011 was approximately 7.0%. Interest and dividend income increased to \$3,100,327 for fiscal 2011 as compared to \$2,510,909 in fiscal 2010. The increase in average balance of the securities portfolio was offset by a slight decrease in average yield. During fiscal 2011, the Company recognized \$5,238,203 in gains on securities transactions. The market for REIT securities has declined during the second half of fiscal 2011 and the Company has unrealized gains of \$2,368,163 in its REIT securities portfolio as of September 30, 2011. The dividends received from our securities investments continue to meet our expectations. It is our intent to hold these securities long-term.

The Company had approximately \$6,377,000 in cash and \$44,265,000 in REIT securities as of September 30, 2011. The Company believes that funds generated from operations and the Dividend Reinvestment and Stock Purchase Plan (the DRIP), and the line of credit, together with the ability to finance and refinance its properties, will provide sufficient funds to adequately meet its obligations over the next several years.

On December 5, 2011, the Company issued 2,000,000 shares of common stock in a registered direct placement at a price of \$8.39 per share. The Company received net proceeds from the common stock offering of approximately \$16,200,000. The Company intends to use such net proceeds to purchase additional properties in the ordinary course of business and for general corporate purposes, including the possible repayment of indebtedness.

See PART I, Item 1 – Business and Item 1A – Risk Factors for a more complete discussion of the economic and industry-wide factors relevant to the Company and the opportunities and challenges, and risks on which the Company is focused.

Significant Accounting Policies and Estimates

The discussion and analysis of the Company's financial condition and results of operation are based upon the Company's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires management to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of the Company's consolidated financial statements. Actual results may differ from these estimates under different assumptions or conditions.

Significant accounting policies are defined as those that involve significant judgment and potentially could result in materially different results under different assumptions and conditions. Management believes the following significant accounting policies are affected by our more significant judgments and estimates used in the preparation of the Company's consolidated financial statements. For a detailed description of these and other accounting policies, see Note No. 1 in the Notes to the Company's Consolidated Financial Statements included in this Form 10-K.

Real Estate Investments

The Company applies Financial Accounting Standards Board Accounting Standards Codification (ASC) 360-10, Property, Plant & Equipment (ASC 360-10) to measure impairment in real estate investments. Rental properties are individually evaluated for impairment when conditions exist which may indicate that it is probable that the sum of expected future cash flows (on an undiscounted basis without interest) from a rental property is less than its historical net cost basis. These expected future cash flows consider factors such as future operating income, trends and prospects as well as the effects of leasing demand, competition and other factors. Upon determination that a permanent impairment has occurred, rental properties are reduced to their fair value. For properties to be disposed of, an impairment loss is recognized when the fair value of the property, less the estimated cost to sell, is less than the carrying amount of the property measured at the time there is a commitment to sell the property and/or it is actively being marketed for sale. A property to be disposed of is reported at the lower of its carrying amount or its estimated fair value, less its cost to sell. Subsequent to the date that a property is held for disposition, depreciation expense is not recorded.

Upon acquisition of a property, the Company allocates the purchase price of the property based upon the fair value of the assets acquired, which generally consist of land, buildings and intangible assets, including in-place leases and above and below market leases. The Company allocates the purchase price to the fair value of the tangible assets of an acquired property determined by third party appraisal of the property obtained in conjunction with the purchase. Acquired above and below market leases are valued based on the present value of the difference between prevailing market rates and the in-place rates over the remaining lease term.

The purchase price is further allocated to in-place lease values based on management's evaluation of the specific characteristics of each tenant's lease. Acquired above and below market leases are amortized over the remaining non-cancelable terms of the respective leases. The value of in-place lease intangibles is amortized to expense over the remaining lease term. If a tenant terminates its lease early, the unamortized portion of the tenant improvements, leasing commissions above and below market leases and the in-place lease value is immediately charged to expense.

The Company conducted a comprehensive review of all real estate asset classes in accordance with ASC 360-10-35-21, which indicates that asset values should be analyzed whenever events or changes in circumstances indicate that the carrying value of a property may not be fully recoverable.

The following are examples of such events or changes in circumstances that would indicate to management that there may be an impairment of a property:

- ◆ A non-renewal of a lease and subsequent move out by the tenant;
- ◆ A renewal of a lease at a significantly lower rent than a previous lease;

- ◆ A significant decrease in the market value of a property;
- ◆ A significant adverse change in the extent or manner in which a property is being used or in its physical condition;
- ◆ A significant adverse change in legal factors or in the business climate that could affect the value of a property, including an adverse action or assessment by a regulator;
- ◆ An accumulation of costs significantly in excess of the amount originally expected for the acquisition or construction of a property;
- ◆ A current-period operating or cash flow loss combined with a history of operating or cash flow losses or a projection or forecast that demonstrates continuing losses associated with the use of a property; or
- ◆ A current expectation that, more likely than not, a property will be sold or otherwise disposed of significantly before the end of its previously estimated useful life.

The process entails the analysis of property for instances where the net book value exceeds the estimated fair value. In accordance with ASC 360-10-35-17, an impairment loss shall be recognized if the carrying amount of a long-lived asset is not recoverable and exceeds its fair value. The Company utilizes the experience and knowledge of its property manager and internal valuation team to derive certain assumptions used to determine an operating property's cash flow. Such assumptions include re-leasing and renewal probabilities upon future lease expirations, vacancy factors, rental growth rates, and capital expenditures.

As part of our review of our property portfolio, we have evaluated our property in Monaca, PA, which had an occupancy rate of 67% as of September 30, 2011, and noted that the sum of the discounted cash flows exceeded its historical net cost basis. We have also evaluated the two vacant properties in our portfolio and any properties which we believe may not renew their leases and noted that the sum of the discounted cash flows expected for potential leases of these properties exceeded their historical net cost basis. Management evaluates on a quarterly basis whether the marketing rent (advertised) or the market rent has decreased or if any additional indicators are present which would indicate a significant decrease in net cash flows. Management typically will obtain an independent appraisal to assist in evaluating a potential impairment for a property that has been vacant for several years. We have also evaluated the properties which had lease renewals at rental rates lower than the previous rental rates and noted that the sum of the new discounted cash flows expected for the renewed leases exceeded these properties' historical net cost basis.

The Company reviewed its operating properties in light of the requirements of ASC 360-10 and determined that, as of September 30, 2011, the undiscounted cash flows over the holding period for these properties were in excess of their carrying values and, therefore, no impairment charges were required.

Investments in non-real estate assets consist primarily of marketable securities. Management individually reviews and evaluates our marketable securities for impairment on a quarterly basis, or when events or circumstances occur. Management considers, among other things, credit aspects of the issuer, amount of decline in fair value over cost and length of time in a continuous loss position. If a decline in fair value is determined to be other than temporary, a non-cash impairment charge is recognized in earnings and the cost basis of the individual security is written down to fair value as the new cost basis.

The Company classifies its securities among three categories: Held-to-maturity, trading and available-for-sale. The Company's securities at September 30, 2011 and 2010 are all classified as available-for-sale and are carried at fair value based on quoted market prices. Gains or losses on the sale of securities are calculated based on the average cost method and are accounted for on a trade date basis. Unrealized holding gains and losses are excluded from earnings and reported as a separate component of Shareholders' Equity until realized.

Revenue Recognition and Estimates

Rental income from tenants with leases having scheduled rental increases are recognized on a straight-line basis over the term of the lease. Leases typically provide for reimbursement of real estate taxes, insurance, and other operating costs. These occupancy charges are recognized as earned. Estimates are used to establish amounts receivable and revenue from tenants for such things as annualized rents, real estate taxes and other cost recoveries. In addition, an estimate is made with respect to whether a provision for allowance for doubtful accounts receivable and loans receivable is necessary. The allowance for doubtful accounts reflects management's estimate of the amounts of the recorded accounts receivable and loans receivable at the balance sheet date that will not be realized from cash receipts in subsequent periods. If cash receipts in subsequent periods vary from our estimates, or if the Company's tenants' financial condition deteriorates as a result of operating difficulties, additional changes to the allowance may be required.

Results of Operations

Occupancy and Rent per Occupied Square Foot

The Company's weighted-average lease expiration was 5.1 and 4.9 years as of September 30, 2011 and 2010, respectively and its average rent per occupied square foot for fiscal 2011 and 2010 was \$5.59 and \$5.81, respectively. As of September 30, 2011 and 2010, the Company's occupancy rate was 97% and 96%, respectively. All improved properties were 100% occupied at September 30, 2011 except for the following:

Square

The Company has been informed that 2 leases for 174,892 square feet or 13% of the space coming up for renewal in fiscal 2012 will not be renewing. These two properties include a 68,385 square foot building in Tampa, FL leased to Keebler/Kellogg and a 106,507 square foot building in Winston Salem, NC leased to Federal Express. We continue to be in discussions with our tenants regarding the remaining three tenants representing 217,102 square feet or 17% of the space scheduled for renewal in fiscal 2012.

Acquisitions During Fiscal 2011

On October 28, 2010, the Company purchased a 381,240 square foot industrial building located in Lebanon, Tennessee. The building is 100% net leased through June 30, 2024 to CBOCS Distribution, Inc., a subsidiary of Cracker Barrel Old Country Store, Inc., which guarantees the lease. The purchase price was approximately \$14,500,000. The Company assumed the existing mortgage with an outstanding balance of \$8,645,181 at a fixed interest rate of 7.6% which matures on July 1, 2019 and paid the remainder in cash from the proceeds of the Company's registered direct placement of common stock completed in April 2010. Annual rental income over the remaining term of the lease is approximately \$1,364,000. The Company recorded an intangible asset related to the lease in-place of \$285,000.

On November 1, 2010, the Company purchased a 66,387 square foot industrial building in Rockford, Illinois. The building is 100% net leased through December 31, 2023 to The Sherwin-Williams Company. The purchase price was approximately \$5,800,000. The Company assumed an existing mortgage with an outstanding balance of \$1,932,807 at

a fixed interest rate of 5.5% which matures on December 10, 2013 and paid the remainder in cash from the proceeds of the Company's registered direct placement of common stock completed in April 2010. Annual rental income over the remaining term of the lease is approximately \$464,000. The Company recorded an intangible asset related to the lease in-place of \$260,000.

On December 15, 2010, the Company completed the acquisition of the remaining 37% noncontrolling interest in Wheeling Partners, LLC (Wheeling Partners), an Illinois limited liability company, for approximately \$4,100,000. Wheeling Partners owns a 123,000 square foot industrial building in Wheeling, Illinois which is leased to FedEx Ground Package Systems, Inc. through May 2017. Prior to this transaction, the Company owned 63% of Wheeling Partners. The Company paid for the noncontrolling interest using proceeds from the registered direct placement of preferred stock completed in October 2010. The excess of purchase price over the carrying amount of the noncontrolling interest acquired is approximately \$1,765,000 and has been reflected as a change to additional paid-in capital.

On January 26, 2011, the Company purchased 8.6 acres adjacent to the property currently owned by the Company in El Paso, Texas, which is leased to FedEx Ground Package Systems, Inc. This land was purchased for future expansion and the total cost was approximately \$1,134,000.

On September 30, 2011, the Company purchased an 113,582 square foot industrial building located in Edinburg, Texas. The building is 100% net leased to FedEx Ground Package Systems, Inc. through August 31, 2021. The purchase price was approximately \$8,000,000. The Company obtained a mortgage of \$4,800,000 at a fixed interest rate of 5.85% for the first 5 years and paid the remainder with a draw on the Company's line of credit. On November 1, 2016, the interest rate resets to the Federal Home Loan Bank of New York rate plus 275 basis points with a floor of 5.5%. This mortgage matures on September 30, 2021. Annual rental income over the remaining term of the lease is approximately \$598,000. The Company recorded an intangible asset related to the lease in-place of \$564,000.

Comparison of Year Ended September 30, 2011 to Year Ended September 30, 2010

The following tables summarize the Company's rental revenue, reimbursement revenue, real estate taxes, operating expenses, and depreciation expense by category. For the purposes of the following discussion, same store properties are properties owned as of October 1, 2009 that have not been subsequently expanded. No properties were expanded in fiscal 2011 or 2010. Vacant properties were properties vacant in fiscal 2011 and 2010. Acquired properties are properties that were acquired subsequent to September 30, 2009. Other amounts relate to general corporate

expenditures.

As of September 30, 2011 and 2010, the occupancy rates of the Company's same store properties were 97% and 96%, respectively.

Rental Revenues	2011	2010	\$ Change	% Change
Same Store Properties	\$33,999,820	\$34,228,382	(\$228,562)	(1%)
Acquired Properties	6,234,708	3,095,073	3,139,635	101%
Total	\$40,234,528	\$37,323,455	\$2,911,073	8%

Rental revenue from same store properties decreased slightly due mainly to the decreased rental rates in the renewed or extended leases as described in the Lease Renewals and Extensions table during fiscal 2011. Rent from acquired properties included rental revenue from the properties located in Memphis, TN, Houston, TX, Carrollton, TX and Ft. Mill, SC (all acquired in fiscal 2010) and Lebanon, TN, Rockford, IL and Edinburg, TX (all acquired in fiscal 2011), as described under acquisitions above.

Reimbursement Revenues	2011	2010	\$ Change	% Change
Same Store Properties	\$7,077,255	\$7,318,393	(\$241,138)	(3%)
Acquired Properties	829,701	570,974	258,727	45%
Total	\$7,906,956	\$7,889,367	\$17,589	0%

Reimbursement revenues from same store properties decreased slightly due mainly to adjustments in billings related to real estate taxes from decreased taxes in certain jurisdictions and decreases in miscellaneous reimbursements.

Real Estate Taxes	2011	2010	\$ Change	% Change
Same Store Properties	\$6,231,706	\$6,339,983	(\$108,277)	(2%)
Vacant Properties	209,378	205,235	4,143	2%
Acquired Properties	797,991	553,073	244,918	44%
Total	\$7,239,075	\$7,098,291	\$140,784	2%

Real estate taxes from same store properties decreased slightly due to adjustments in estimates related to real estate taxes from decreased taxes in certain jurisdictions. Our single tenant properties are subject to net-leases which require the tenants to absorb the real estate taxes as well as insurance and the majority of the repairs and maintenance. As such, the Company is reimbursed by the tenants for these real estate taxes.

Operating Expenses	2011	2010	\$ Change	% Change
Same Store Properties	\$2,052,459	\$1,757,434	\$295,025	17%
Vacant Properties	238,272	158,498	79,774	50%
Acquired Properties	93,628	25,731	67,897	264%
Total	\$2,384,359	\$1,941,663	\$442,696	23%

Operating expenses for same store properties and vacant properties increased due mainly to increases in insurance of approximately \$165,000, utilities of approximately \$46,000, management fees of approximately \$111,000 and repairs and maintenance of approximately \$89,000.

Depreciation	2011	2010	\$ Change	% Change
Same Store Properties	\$8,839,716	\$8,693,174	\$146,542	2%
Acquired Properties	1,473,091	589,655	883,436	150%
Total	\$10,312,807	\$9,282,829	\$1,029,978	11%

Depreciation from same store properties increased slightly due mainly to capital projects placed in service during the year.

Interest Expense	2011	2010	\$ Change	% Change
Same Store Properties	\$11,061,537	\$11,904,201	(\$842,664)	(7%)
Acquired Properties	2,745,708	1,477,161	1,268,547	86%
Debentures	816,192	1,119,200	(303,008)	(27%)
Other	247,469	322,163	(74,694)	(23%)
Total	\$14,870,906	\$14,822,725	\$48,181	0%

Interest expense for same store properties decreased due mainly to the decrease in the outstanding balances of the mortgages due to principal payment made in fiscal 2011 of \$17,341,678. Interest expense related to the debentures decreased due to the repurchase of \$5,075,000 in debentures during fiscal 2011, of which \$5,000,000 was repurchased

from UMH. Other interest relates to interest on the Company's line of credit and margin loans. The decrease relates mainly to a decrease in average outstanding balances.

General and administrative expenses increased \$419,513 or 11% during fiscal 2011 as compared to fiscal 2010. The increases related mainly to increases in executive compensation and employee benefits of \$389,000, increases of franchise taxes of \$118,000 and an increase in legal fees of approximately \$100,000. Included in General and Administrative expense during fiscal 2011 was a one time charge of \$275,000 related to severance paid to a former employee and the related legal fees.

Interest and dividend income increased \$589,418 in fiscal 2011 as compared to fiscal 2010. This is due mainly to an increase in the size of the REIT securities portfolio partially offset by a slight decrease in the weighted average yield from this portfolio. The securities portfolio increased from \$42,517,725 as of September 30, 2010 to \$44,265,059 as of September 30, 2011. The REIT securities portfolio yield for fiscal 2011 was approximately 7.0% as compared to 7.2% for fiscal 2010.

Total Gain (Loss) on Securities Transactions, net	\$5,238,203	\$2,609,149

During fiscal 2011, the Company recognized a gain on securities transactions of \$5,238,203. The Company had an accumulated net unrealized gain on its securities portfolio of \$2,368,163 as of September 30, 2011.

Comparison of Year Ended September 30, 2010 to Year Ended September 30, 2009

The following tables summarize the Company's rental revenue, reimbursement revenue, real estate taxes, operating expenses, and depreciation expense by category. For the purposes of the following discussion, same store properties

are properties owned as of October 1, 2008 that have not been subsequently expanded. Expanded properties are properties which were expanded in fiscal 2009. Acquired properties are properties that were acquired subsequent to September 30, 2008. Other amounts relate to general corporate expenditures.

As of September 30, 2010 and 2009, the occupancy rates of the Company's same store properties were 96%.

Rental Revenues	2010	2009	\$ Change	% Change
Same Store Properties	31,798,400	32,250,125	(451,725)	(1%)
Expanded Properties	2,131,633	1,825,096	306,537	17%
Acquired Properties	3,393,422	10,112	3,383,310	n/a
Total	\$37,323,455	\$34,085,333	3,238,122	10%

Rental revenue from same store properties decreased slightly due mainly to decreased rent of \$420,811 related to two properties which became vacant during fiscal 2009 in Liberty, MO and Greensboro, NC. In addition, the Company renewed or extended all of the leases scheduled to expire in fiscal 2011 as described in the Lease Renewal and Extensions table during fiscal 2010 at a decreased weighted average per square foot of 18%. Increases in rent from expanded properties relates to the full year of rent related to amended leases in connection with the expansions in Griffin, GA and Cheektowaga, NY which were substantially completed in fiscal 2009. Rent from acquired properties included rental revenue from the properties located in Topeka, KS (acquired in fiscal 2009), Memphis, TN, Houston, TX, Carrollton, TX and Ft. Mill, SC (all acquired in fiscal 2010), as described under acquisitions above.

Reimbursement Revenues	2010	2009	\$ Change	% Change
Same Store Properties	\$7,082,084	\$7,027,481	\$54,603	1%
Expanded Properties	236,309	205,684	30,625	15%
Acquired Properties	570,974	-0-	570,974	n/a
Total	\$7,889,367	\$7,233,165	\$656,202	9%

Reimbursement revenues from same store properties increased slightly due mainly to increases in billings related to real estate taxes, insurance and other reimbursable expenses of \$104,044. The increase was partially offset by decreases in reimbursement revenue of \$49,441 related to two properties which became vacant during fiscal 2009 in Liberty, MO and Greensboro, NC.

Acquired Properties	553,073	-0-	553,073	n/a
Total	\$7,098,291	\$6,586,939	\$511,352	8%

Real estate taxes from same store properties remained stable. Real estate taxes from the expanded properties increased due mainly to the increase in assessed values from the completed expansions in 2009. Our single tenant properties are subject to net leases which require the tenants to absorb the real estate taxes as well as insurance and the majority of the repairs and maintenance. As such, the Company is reimbursed by the tenants for these real estate taxes.

Total	\$14,822,725	\$13,897,398	\$925,327	7%

Interest expense for same store properties decreased due mainly to the decrease in the outstanding balances of the mortgages due to principal payment made in fiscal 2010 of \$13,336,548. Interest expense related to the debentures decreased due to the repurchase of \$1,000,000 in debentures at the beginning of fiscal 2009. Other

37

interest relates to interest on the Company's line of credit and margin loans. The decrease relates mainly to a decrease in interest rates and outstanding balances. Capitalized interest relates to the amount of interest capitalized related to property expansions in 2009.

General and administrative expenses increased \$953,494 during fiscal 2010 as compared to fiscal 2009. The increases related mainly to increases in executive compensation and employee benefits of \$707,518, increases in directors' fees of \$80,600, increases in stock listing costs of \$34,239, increases in travel costs related to acquisition of \$64,603 and increases in other expenses of \$66,534.

Interest and dividend income increased \$8,656 in fiscal 2010 as compared to fiscal 2009. This is due mainly to an increase in the size of the REIT securities portfolio and a decrease in the yield from this portfolio. The securities portfolio increased from \$27,824,665 as of September 30, 2009 to \$42,517,725 as of September 30, 2010. The REIT securities portfolio yield for fiscal 2010 was 7.2% as compared to 12.0% for fiscal 2009.

Loss on securities transactions, net consisted of the following:

	2010	2009
Gross realized gains	\$2,609,775	\$98,844
Gross realized losses	(626)	(699,626)
Impairment loss	-0-	(6,000,678)
Total Loss on Securities Transactions, net	\$2,609,149	(\$6,601,460)

During fiscal 2010, the Company had a gain on securities transactions of \$2,609,149. The Company had an

accumulated unrealized gain on its securities portfolio of \$10,116,057 as of September 30, 2010. During fiscal 2009, the Company had a loss on securities transactions of \$6,601,460 which was due mainly to an impairment loss of \$6,000,678 due to the writing down of the carrying value of twenty-two REIT securities which were considered other than temporarily impaired. The change in loss from securities transactions in 2009 to a gain in securities transactions in 2010 approximated \$9,200,000 and was the primary reason for the increase in net income from approximately \$1,800,000 in fiscal 2009 to approximately \$11,200,000 in fiscal 2010.

Discontinued Operations

Discontinued operations in fiscal 2011, 2010 and 2009 include the operations of the property in Quakertown, Pennsylvania which was classified as held for sale as of September 30, 2011 and 2010. The following table summarizes the components of discontinued operations:

	2011	2010	2009
Rental and reimbursement revenue	\$383,579	\$359,858	\$349,015
Real Estate Taxes	(54,818)	(50,975)	(47,241)
Operating Expenses	(6,101)	(3,415)	(22,880)
Depreciation & Amortization	(51,075)	(320,059)	(383,029)
Interest expense	(5,717)	(123,568)	(72,397)
Income (Loss) from Operations of Disposed Property and Property Held for Sale	\$265,868	(\$138,159)	(\$176,532)

The variance in net income and depreciation and amortization is due to the write down to fair value in conjunction with a pending sale in 2010 which subsequently fell through and the write-down of the in-place lease intangible asset to fair value in 2009. The Company sold this property on October 31, 2011 for gross proceeds of \$2,765,000.

Cash flows from discontinued operations for the year ended September 30, 2011, 2010 and 2009 are combined with the cash flows from operations within each of the three categories presented. Cash flows from discontinued operations were as follows:

	2011	2010	2009
Cash flows from Operations	\$316,943	\$181,900	\$206,677
Cash flows from Investing Activities	-0-	-0-	-0-
Cash flows from Financing Activities	(316,943)	(181,900)	(206,677)

The absence of cash flows from discontinued operations is not expected to materially affect future liquidity and capital resources.

Off-Balance Sheet Arrangements and Contractual Obligations

The Company has not entered into any off-balance sheet arrangements.

The following is a summary of the Company's contractual obligations as of September 30, 2011:

<u>Contractual</u> <u>Obligations</u>	<u>Total</u>	<u>Less than 1</u>			<u>More than</u>
		<u>year</u>	<u>1-3 years</u>	<u>3-5 years</u>	<u>5 years</u>
Mortgage Notes Payable	\$211,614,170	\$20,104,107	\$49,040,789	\$52,908,224	\$89,561,050
Debentures	8,915,000	-0-	3,770,000	5,145,000	-0-

Retirement Benefits	683,726	50,000	100,000	100,000	433,726
Total	\$256,931,896	\$55,873,107	\$52,910,789	\$58,153,224	\$89,994,776

Mortgage notes payable represents the principal amounts outstanding by scheduled maturity. Interest is payable on these mortgages at fixed rates ranging from 5.22% to 8.48%, with a weighted average of 6.44%. The above table does not include the Company's obligation under its line of credit and margin loan as described in Note No. 8 of the Notes to Consolidated Financial Statements.

Debentures represent the repayment of the 8% Convertible Subordinated debentures of \$3,770,000 due October 2013 (fiscal 2014) and \$5,145,000 in April 2015.

Purchase of property represents the purchase price of four industrial properties under contract as of September 30, 2011. One acquisition for approximately \$19,600,000 was completed on October 11, 2011. A second was completed on October 18, 2011 for approximately \$5,000,000. The third was completed on November 10, 2011 for

approximately \$6,019,000.

Retirement benefits represent post-retirement benefits that are unfunded and therefore will be paid from the assets of the Company. The liability is being accrued and expensed over the payment terms.

Liquidity and Capital Resources

The Company operates as a real estate investment trust deriving its income primarily from real estate rental operations. The Company's shareholders' equity increased from \$215,512,472 as of September 30, 2010 to \$234,542,672 as of September 30, 2011, principally due to issuance of 817,250 shares of Series A preferred stock in

39

a registered direct placement in October 2010 with net proceeds of approximately \$19,000,000 and issuance of 2,478,735 common shares in the DRIP and net income attributable to common shareholders of \$11,338,979. The increases were partially offset by payments of distributions of \$21,161,033. See further discussion below.

The Company's ability to generate cash adequate to meet its needs is dependent primarily on income from its real estate investments and securities portfolio, the sale of real estate investments and securities, refinancing of mortgage debt, leveraging of real estate investments, availability of bank borrowings, proceeds from the DRIP, proceeds from public offerings and private placements, and access to the capital markets. Purchases of new properties, payments of expenses related to real estate operations, capital improvement programs, debt service, general and administrative expenses, and distribution requirements place demands on the Company's liquidity.

The Company intends to operate its properties from the cash flows generated by the properties. However, the Company's expenses are affected by various factors, including inflation. Increases in operating expenses raise the breakeven point for a property and, to the extent that they cannot be passed on through higher rent and reimbursements, reduce the amount of available cash flow which can adversely affect the market value of the property.

The current global economic situation and turbulence in the capital markets may impact management's ability to grow by acquiring additional properties or REIT securities. Industrial space demand is very closely correlated to GDP growth. Current economic indicators show the U.S. economy to be slowly emerging from a deep and protracted

recession. Whether this return to economic growth is sustainable remains to be seen especially in light of the end of the massive government stimulus programs. However, the high caliber of our tenants, coupled with the long duration of our leases, should enable the Company to perform well despite the weak economy. As of September 30, 2011, the Company had \$6,376,808 in cash and cash equivalents and \$44,265,059 in marketable securities subject to margin loans of \$5,860,950. The Company also had \$9,000,000 available on its \$20,000,000 line of credit.

On October 14, 2010, the Company sold 817,250 shares of its Series A Preferred Stock in a registered direct placement at a price of \$24.00 per share. The Company received net proceeds of approximately \$19,000,000 from the Series A Preferred Stock offering and used such net proceeds to purchase additional properties in the ordinary course of business and for general corporate purposes, including the repayment of indebtedness. On December 5, 2011, the Company sold 2,000,000 shares of common stock in a registered direct placement. The Company received net proceeds from this offering of approximately \$16,200,000. The Company intends to use such net proceeds to purchase additional properties in the normal course of business and for general corporate purposes.

The Company has been raising equity capital through its DRIP, registered direct placements and the public sale of common and preferred stock and investing in net-leased industrial properties. The Company believes that funds generated from operations, the DRIP, and bank borrowings, together with the ability to finance and refinance its properties, will provide sufficient funds to adequately meet its obligations over the next few years.

At September 30, 2011, the Company owned sixty-six properties of which 10 are not subject to mortgages; however the Company's unsecured line of credit contains covenants which may restrict the Company's ability to place financing on unencumbered properties. The Company has an unsecured variable-rate line of credit with Capital One, N.A. maturing in March 2013 of \$20,000,000. The line had \$11,000,000 outstanding as of September 30, 2011. The interest rate on the initial \$15,000,000 is based on LIBOR plus 200 basis points and LIBOR plus 250 on the remaining \$5,000,000. Interest is due monthly and was 2.23% as of September 30, 2011. The Company must keep not less than \$1,000,000 in average net collected balances at Capital One, N.A. and meet certain loan covenants as contained in the loan agreement, including a 65% loan to value ratio on certain negatively pledged properties. Subsequent to year end, the Company drew an additional \$4,500,000 on the line to fund acquisitions.

On November 29, 2011, the Company closed on a \$2,500,000 5-year term loan with Two River Community Bank at an annual interest rate of 4.9%. The loan has interest only payments for the first three years. The loan is secured by 200,000 shares of the UMH 8.25% Series A preferred stock which was purchased by the Company in a public offering. The net proceeds were used to pay down the Company's margin line.

working capital purposes. The interest rate charged on the margin loans is the bank's margin rate and was 2.0% as of September 30, 2011 and 2010. The margin loans are due on demand. At September 30, 2011 and 2010, the margin loans totaled \$5,860,950 and \$4,273,913, respectively, and are collateralized by the Company's securities portfolio. The Company must maintain a coverage ratio of approximately 50%.

The Company's subsidiary Monmouth Capital has outstanding \$3,770,000 of 8% Convertible Subordinated Debentures due 2013 (the 2013 Debentures), and \$5,145,000 of 8% Convertible Subordinated Debentures due 2015 (the 2015 Debentures). These Debentures are convertible into common stock of the Company at any time prior to redemption or maturity, at the conversion price of \$9.16 per share in the case of the 2013 Debentures (equivalent to a rate of 109.17 shares of common stock for each \$1,000 principal amount), and a conversion price of \$11.45 per share in the case of the 2015 Debentures (equivalent to a rate of 87.336 shares of common stock for each \$1,000 principal amount), in each case subject to adjustment under certain conditions.

The Company's focus is on real estate investments. The Company has historically financed purchases of real estate primarily through mortgages. During fiscal 2011, the Company made acquisitions of three industrial properties totaling approximately \$28,300,000, which was funded through assumption of mortgages of approximately \$15,378,000 at fixed rates of 7.6% (on \$8,645,181 outstanding), 5.5% (on \$1,932,807 outstanding) and 5.85% (on \$4,800,000 outstanding) per year and the remainder from funds raised through the registered direct placements and funds available on its unsecured line of credit. During the first quarter of fiscal 2012, the Company made acquisitions of three industrial properties totaling approximately \$30,600,000 which was funded through origination of mortgages of approximately \$18,920,000 at interest rates between 5.5% and 5.85%, proceeds from the preferred offering and draws on the line of credit. In fiscal 2012, the Company plans to continue to acquire additional net-leased industrial properties. The Company also intends to expand its properties when requested by the tenants. The funds for these acquisitions and expansions may come from bank borrowings and proceeds from the DRIP or private placements or additional public offerings of preferred and common stock. To the extent that funds or appropriate properties are not available, fewer acquisitions or expansions will be made.

The Company also invests in debt and equity securities of other REITs as a proxy for real estate when suitable acquisitions are not available, for liquidity, and for additional income. The Company from time to time may purchase these securities on margin when there is an adequate yield spread. During fiscal 2011, the Company's securities portfolio increased \$1,747,334, primarily due to purchases of \$20,347,387 which was offset by sales of securities with a cost of \$10,852,159 and a decrease in the unrealized gain of \$7,747,894. The Company recognized gains on sales of securities of \$5,238,203 in addition to earning interest and dividend income of \$3,100,327 during fiscal 2011. The margin loan balance was \$5,860,950 and \$4,273,913 as of September 30, 2011 and 2010, respectively. The Company has an investment in one REIT security which is at a loss of approximately \$1,300,000 or 36% as of September 30, 2011. The Company has determined that this security was temporarily impaired as of September 30, 2011. Management is continuing to monitor this security for other than temporary impairment under its policy. If the fair value of this security continues to decline or the security is downgraded, then the Company may have to record an impairment loss related to this security in future periods.

Cash flows provided from operating activities were \$22,126,819, \$18,995,659 and \$19,591,455 for fiscal years 2011, 2010 and 2009, respectively. The Company paid cash dividends (net of reinvestments), of \$15,880,001, \$13,819,627 and \$10,656,151 for fiscal 2011, 2010 and 2009, respectively.

Cash flows used in investing activities were \$30,247,168, \$55,701,769 and \$11,655,914 for fiscal years 2011, 2010 and 2009, respectively. Cash flows used in investing activities in fiscal 2011 decreased as compared to 2010 due mainly to decreased property acquisitions in fiscal 2011 as compared to fiscal 2010. Cash flows used in investing activities in fiscal 2010 increased as compared to 2009 due mainly to increased property acquisitions and the purchase of REIT securities.

Cash flows provided from (used in) financing activities were \$7,682,604, \$37,439,775 and (\$7,202,915) for fiscal years 2011, 2010 and 2009, respectively. Cash flows from financing activities decreased in fiscal 2011 as compared to 2010 due mainly to the registered direct placement of common shares with net proceeds of

41

\$18,978,635 in 2011 compared to \$38,661,466 in 2010. Cash flows from financing activities increased in fiscal 2010 as compared to 2009 due mainly to the registered direct placement of common shares with net proceeds of \$38,661,466 in 2010.

As of September 30, 2011, the Company had total assets of \$476,986,836 and liabilities of \$242,444,164. The Company's total debt plus Series A Preferred Stock to market capitalization as of September 30, 2011 and 2010 was approximately 49% and 49%, respectively. The Company believes that it has the ability to meet its obligations and to generate funds for new investments.

The Company has a dividend reinvestment plan (DRIP), in which participants can purchase stock from the Company at a price of approximately 95% of market. The DRIP plan also allows for the purchase of shares on the open market at market value for participants. Currently, DRIP shares are purchased directly from the Company at a 5% discount. It is anticipated, although no assurances can be given, that the level of participation in the DRIP in fiscal 2012 will be comparable to 2011.

During 2011, the Company paid total distributions of \$21,161,033 or \$0.60 per common share. Of the dividends paid, \$5,281,032 was reinvested pursuant to the terms of the DRIP. Management anticipates maintaining the annual dividend rate of \$0.60 per common share although no assurances can be given since various economic factors can reduce the amount of cash flow available to the Company for common dividends. All decisions with respect to the payment of dividends are made by the Company's Board of Directors.

In 2011, the Company paid \$4,079,219 in preferred stock dividends. The Company is required to pay cumulative dividends on the Series A Preferred Stock in the amount of \$1.90625 per share per year, which is equivalent to 7.625% of the \$25.00 liquidation value per share. The Company now has a total of 2,139,750 shares of 7.625% Series A Cumulative Redeemable Preferred Stock outstanding representing an aggregate liquidation preference of approximately \$53,500,000.

During the year ended September 30, 2011, stock options to purchase 285,850 shares of common stock were exercised. Total proceeds received by the Company were \$2,181,484.

During the year ended September 30, 2010, nine officers, directors and key employees exercised stock options and purchased 255,000 shares for a total of \$1,617,488. Of this amount, 225,000 shares, for a total of \$1,439,363, were exercised through the issuance of notes receivable from officers. These notes receivable are at an interest rate of 5%, mature on April 30, 2012 and are collateralized by the underlying common shares. As of September 30, 2011 and 2010, the balance of these notes receivable was \$1,082,813 and \$1,201,563, respectively.

On an ongoing basis, the Company funds capital expenditures for its properties primarily to maintain structure and other maintenance items as required in the various leases. These expenditures may also include expansions as requested by tenants, or various tenant improvements on properties which are re-tenanted. The amounts of these expenditures can vary from year to year depending on the age of the properties, tenant negotiations, market conditions and lease turnover.

New Accounting Pronouncements

In January 2010, the FASB issued ASU 2010-01, Equity (Topic 505) – Accounting for Distributions to Shareholders with Components of Stock and Cash. ASU 2010-01 clarifies that the stock portion of a distribution to shareholders that allows them to elect to receive cash or shares with a potential limitation on the amount of cash that all shareholders can elect to receive is considered a share issuance. ASU 2010-01 is effective for interim and annual periods ending on or after December 15, 2009 and should be applied on a retrospective basis. The adoption of ASU 2010-01 did not have any impact on our financial position, results of operations or cash flows. All of the Company's distributions have been made in cash.

In January 2010, the FASB issued ASU 2010-06, Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements. This ASU requires new disclosures and clarifies certain existing disclosure requirements about fair value measurements. ASU 2010-06 requires a reporting entity to disclose

significant transfers in and out of Level 1 and Level 2 fair value measurements, to describe the reasons for the transfers and to present separately information about purchases, sales, issuances and settlements for fair value measurements using significant unobservable inputs. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements, which is effective for interim and annual reporting periods beginning after December 15, 2010; early adoption is permitted. The adoption of ASU 2010-06 did not have a material impact on our financial position, results of operations or cash flows.

In July 2010, the FASB issued ASU 2010-20, Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses, which amends ASC Topic 310, "Receivables," which will require significant new disclosures about the allowance for credit losses and the credit quality of an entity's financing receivables. The requirements are intended to enhance transparency regarding credit losses and the credit quality of financing receivables by disclosing an evaluation of (i) the nature of credit risk inherent in the entity's portfolio of financing receivables, (ii) how that risk is analyzed and assessed in arriving at the allowance for credit losses and (iii) the changes and reasons for those changes in the allowance for credit losses. The new and amended disclosures as of the end of a reporting period are effective for interim and annual reporting periods ending on or after December 15, 2010. The new and amended disclosures about activity that occurs during a reporting period are effective for interim and annual reporting periods beginning on or after December 15, 2010. The adoption of ASU 2010-20 is not expected to have any impact on our results of operations or financial condition.

In May 2011, the FASB issued ASU 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs. The pronouncement was issued to provide a uniform framework for fair value measurements and related disclosures between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This pronouncement is effective for interim and annual reporting periods beginning after December 15, 2011. The adoption of ASU 2011-04 is not expected to have a material impact on our financial position, results of operations or cash flows.

In June 2011, the FASB issued Accounting Standards Update 2011-05, Comprehensive Income (Topic 220): Presentation of Comprehensive Income (ASU 2011-05), which allows an entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In both choices, an entity is required to present each component of net income along with total net income, each component of other comprehensive income along with a total for other comprehensive income, and a total amount for comprehensive income. ASU 2011-05 eliminates the option to present the components of other comprehensive income as part of the statement of changes in stockholders' equity. The amendments to the Codification in the ASU do not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income and are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011, our fiscal year beginning October 1, 2012. The adoption of ASU 2011-05 is not expected to have a material impact on our consolidated statement of earnings, financial condition, statement of cash flows or earnings per share.

ITEM 7A – QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to interest rate changes primarily as a result of its line of credit, margin loans and long-term debt used to maintain liquidity and fund capital expenditures and acquisitions of the Company's real estate investment portfolio. The Company's interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to lower its overall borrowing costs. To achieve its objectives, the Company borrows primarily at fixed rates.

The following table sets forth information as of September 30, 2011, concerning the Company's long-term debt obligations, including principal payments by scheduled maturity, weighted average interest rates and estimated fair value:

Long –Term Debt: Fixed Rate	Fiscal	Carrying Value	Average Interest Rate	Fair Value
	2012	\$5,218,430	7.16%	
	2013	20,184,474	6.33%	
	2014	3,758,801	6.32%	
	2015	12,140,246	6.13%	
	2016	22,271,563	6.92%	
	Thereafter	148,040,656	6.39%	
	Total	\$211,614,170	6.31%	\$218,569,000

The Company has \$8,915,000 in 8% debentures outstanding as of September 30, 2011, with \$3,770,000 due in October 2013 and \$5,145,000 due in April 2015.

The Company also has a variable rate unsecured line of credit with Capital One, N.A. (the line) maturing in March 2013 of \$20,000,000. As of September 30, 2011, the outstanding balance was \$11,000,000. The interest rate on the line is based on LIBOR plus 200 basis points for the initial \$15,000,000 of the line and LIBOR plus 250 basis points for the remaining \$5,000,000. Interest is due monthly. The interest rate was 2.23% as of September 30, 2011.

Additionally, the Company obtains margin loans, secured by its marketable securities. The balance outstanding on the margin loan was \$5,860,950 as of September 30, 2011. The interest rate on the margin account is the bank's margin rate and was 2.0% as of September 30, 2011 and 2010. The value of marketable securities as of September 30, 2011

was \$44,265,059.

The Company also invests in both debt and equity securities of other REITs and is primarily exposed to equity price risk from adverse changes in market rates and conditions. All securities are classified as available for sale and are carried at fair value.

ITEM 9 - CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON

ACCOUNTING AND FINANCIAL DISCLOSURE

There were no changes in, or any disagreements with, the Company's independent registered public accounting firm on accounting principles and practices or financial disclosure during the years ended September 30, 2011 and 2010.

ITEM 9A- CONTROLS AND PROCEDURES

(a) Disclosure Controls and Procedures

The Company maintains controls and procedures designed to ensure that it is able to collect the information that is required to be disclosed in the reports it files with the SEC, and to process, summarize and disclose this information within the time period specified by the rules of the SEC. The Company's Chief Executive Officer and the Chief Financial and Accounting Officer are responsible for establishing, maintaining and enhancing these controls and procedures. Based on their evaluation of the Company's disclosure controls and procedures as of September 30, 2011, the Company's Chief Executive Officer and Chief Financial and Accounting Officer concluded that the Company's disclosure controls and procedures were effective.

(b) Management's Report on Internal Control Over Financial Reporting

Management of the Company is responsible for establishing and maintaining effective internal control over financial reporting. The Company's internal control system was designed to provide reasonable assurance regarding the preparation and fair presentation of published financial statements. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance regarding the reliability of financial statement preparation and presentation.

Management assessed the Company's internal control over financial reporting as of September 30, 2011. This assessment was based on criteria for effective internal control over financial reporting established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management has concluded that the Company's internal control over financial reporting was effective as of September 30, 2011.

PKF, the Company's independent registered public accounting firm, has issued their report on their audit of the Company's internal control over financial reporting, a copy of which is included herein.

(c) Report of Independent Registered Public Accounting Firm

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders

Monmouth Real Estate Investment Corporation

We have audited Monmouth Real Estate Investment Corporation's internal control over financial reporting as of September 30, 2011, based on criteria established in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the "COSO criteria"). Monmouth Real Estate Investment Corporation's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit

46

included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based upon the assessed risk and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, (3) receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (4) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Monmouth Real Estate Investment Corporation maintained in all material respects, effective internal control over financial reporting as of September 30, 2011 based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Monmouth Real Estate Investment Corporation as of September 30, 2011 and 2010, and the related consolidated statements of income, comprehensive income, shareholders' equity and cash flows for each of the three years then ended and our report dated December 12, 2011 expressed an unqualified opinion thereon.

ITEM 11 - EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (for purposes of this analysis, the Committee) of the Board has been appointed to discharge the Board's responsibilities relating to the compensation of the Company's executive officers. The Committee has the overall responsibility for approving and evaluating the executive officer compensation plans, policies and programs of the Company. The Committee's primary objectives include serving as an independent and objective party to review such compensation plans, policies and programs.

Throughout this report, the individuals who served as the Company's President and Chief Executive Officer and Chairman of the Executive Committee and Chief Operating Officer and other members of the Executive Committee during fiscal 2011 included in the Summary Compensation Table presented below in Item 11 of this report, are sometimes referred to in this report as the named executive officers.

Compensation Philosophy and Objectives

The Compensation Committee believes that a well-designed compensation program should align the goals of the shareholders with the goals of the chief executive officer, and that a significant part of the executive's compensation, over the long term, should be dependent upon the value created for shareholders. In addition, all executives should be held accountable through their compensation for the performance of the Company, and compensation levels should also reflect the executive's individual performance in an effort to encourage increased individual contributions to the Company's performance. The compensation philosophy, as reflected in the Company's employment agreements with its executives, is designed to motivate executives to focus on operating results and create long-term shareholder value by:

- establishing a plan that attracts, retains and motivates executives through compensation that is competitive with a peer group of other publicly-traded real estate investment trusts, or REITs;

- linking a portion of executives' compensation to the achievement of the Company's business plan by using measurements of the Company's operating results and shareholder return; and
- building a pay-for-performance system that encourages and rewards successful initiatives within a team environment.

The Compensation Committee believes that each of the above factors is important when determining compensation levels for named executive officers. The Committee reviews and approves the employment contracts for the President and Chief Executive Officer and Chairman of the Executive Committee and Chief Operating Officer, including performance goals and objectives. The Committee annually evaluates performance of the executive officers in light of those goals and objectives. The Committee considers the Company's performance, relative shareholder return, the total compensation provided to comparable officers at similarly-situated companies, and compensation given to the named executive officers in prior years. The Company uses the annual Compensation Survey published by NAREIT as a guide to setting compensation levels. Participant company data is not presented in a manner that specifically identifies any named individual or company. This survey details compensation by position type with statistical salary and bonus information for each position. The Compensation Committee compares the Company's salary and bonus amounts to the ranges presented for reasonableness. To that end, the Committee believes executive compensation packages provided by the Company to its executive officers should include both base salaries and annual bonus awards that reward corporate and individual performance, as well as give incentives to those executives who meet or exceed established goals.

Role of Executive Officers in Compensation Decisions

The Committee makes all final compensation decisions for the Company's named executive officers. The President and Chief Executive Officer and Chairman of the Executive Committee and Chief Operating Officer annually review the performance of the other named executive officers and then present their conclusions and recommendations to the Committee with respect to base salary adjustments and annual cash bonus and stock option awards. The Committee exercises its own discretion in modifying any recommended adjustments or awards, but does consider the recommendations from management who work closely with the other named executive officers.

Role of Grants of Stock Options and Restricted Stock in Compensation Analysis

The Committee views the grant of stock options and restricted stock awards as a form of long-term compensation. The Committee believes that such grants promote the Company's goal of retaining key employees, and align the key

employee's interests with those of the Company's shareholders from a long-term perspective. The number of options or shares of restricted stock granted to each employee is determined by consideration of various factors including but not limited to the employees' title, responsibilities, and years of service.

Role of Employment Agreements in Determining Executive Compensation

Each of the Company's currently employed named executive officers is a party to an employment agreement. These agreements provide for base salaries, bonuses and customary fringe benefits. The key elements of our compensation program for the named executive officers are base salary, bonuses, stock options and perquisites and other benefits. Each of these is addressed separately below. In determining initial compensation, the compensation committee considers all elements of a named executive officer's total compensation package in comparison to current market practices and other benefits.

Shareholder Advisory Vote

One way to determine if the Company's compensation program reflects the interests of shareholders is through their non-binding vote. At the Annual Meeting of Shareholders held on May 5, 2011, the Company's shareholders approved by their advisory vote the compensation of the named executive officers.

Base Salaries

Base salaries are paid for ongoing performance throughout the year. In order to compete for and retain talented executives who are critical to the Company's long-term success, the Compensation Committee has determined that the base salaries of named executive officers should approximate those of executives of other equity REITs that compete with the Company for employees, investors and business, while also taking into account the named executive officers' performance and tenure and the Company's performance relative to its peer companies within the REIT industry using the NAREIT Compensation Survey described above.

Bonuses

Edgar Filing: MONMOUTH REAL ESTATE INVESTMENT CORP - Form 10-K

In addition to the provisions for base salaries under the terms of our employment agreements, the President is entitled to receive annual cash bonuses for each calendar year during the term of the agreement, based on the achievement of certain performance goals set by the Compensation Committee. The following are the bonus targets and recommended compensation for the President which the Compensation Committee uses as a guide in determining the bonus, if any:

	Threshold	Target	Outstanding
Growth in market cap Bonus	7.5% \$20,000	12.5% \$45,000	20% \$90,000
Growth in FFO/share Bonus	7.5% \$20,000	12.5% \$45,000	20% \$90,000
Growth in dividend/share Bonus	5% \$30,000	10% \$60,000	15% \$120,000
Total Bonus Potential	\$70,000	\$150,000	\$300,000

In addition to its determination of the executive's individual performance levels for 2011, the Committee also compared the executive's total compensation for 2011 to that of similarly-situated personnel in the REIT industry using the NAREIT Compensation Survey described above.

Bonuses awarded to the other named executive officers are recommended by the President and are approved by the Compensation Committee. The President and the Compensation Committee believe that short-term rewards in the form of cash bonuses to senior executives generally should reflect short-term results and should take into consideration both the profitability and performance of the Company and the performance of the individual, which may include comparing such individual's performance to the preceding year, reviewing the breadth and nature of the senior executives' responsibilities and valuing special contributions by each such individual. In evaluating performance of the Company annually, the Compensation Committee considers a variety of factors, including, among others, Funds From Operations (FFO), net income, growth in asset size, amount of space under lease and total return to shareholders. The Company considers FFO to be an important measure of an equity REIT's operating performance and has adopted the definition suggested by the National Association of Real Estate Investment Trusts (NAREIT), which defines FFO to mean net income computed in accordance with generally accepted accounting principles (GAAP), excluding gains or losses from sales of property, plus real estate related depreciation and amortization. The Company considers FFO to be a meaningful, additional measure of operating performance primarily because it excludes the assumption that the value of its real estate assets diminishes predictably over time and because industry analysts have accepted it as a performance measure.

Various other factors considered include the employee's title and years of service. The employee's title generally reflects the employee's responsibilities and the employee's years of service may be considered in determining the level of bonus in comparison to base salary. The President and the Compensation Committee have declined to use specific performance formulas with respect to the other named executive officers, believing that with respect to Company performance, such formulas do not adequately account for many factors, including, among others, the relative performance of the Company compared to its competitors during variations in the economic cycle, and that with

respect to individual performance, such formulas are not a substitute for the subjective evaluation by the President and Compensation Committee of a wide range of management and leadership skills of each of the senior executives.

Stock Options and Restricted Stock

The employment agreement for the President states that he will receive stock options to purchase 65,000 shares annually. For the other senior executives, the President makes a recommendation to the Compensation Committee of specific stock option or restricted stock grants. In making its decisions, the Compensation Committee

53

does not use an established formula or focus on a specific performance target. The Compensation Committee recognizes that often outside forces beyond the control of management, such as economic conditions, changing leasing and real estate markets and other factors, may contribute to less favorable near term results even when sound strategic decisions have been made by the senior executives to position the Company for longer term profitability. Thus, the Compensation Committee also attempts to identify whether the senior executives are exercising the kind of judgment and making the types of decisions that will lead to future growth and enhanced asset value, even if the same are difficult to measure on a current basis. For example, in determining appropriate stock option and restricted stock awards, the Compensation Committee considers, among other matters, whether the senior executives have executed strategies that will provide adequate funding or appropriate borrowing capacity for future growth, whether acquisition and leasing strategies have been developed to ensure a future stream of reliable and increasing revenues for the Company, whether the selection of properties, tenants and tenant mix evidence appropriate risk management, including risks associated with real estate markets and tenant credit, and whether the administration of staff size and compensation appropriately balances the current and projected operating requirements of the Company with the need to effectively control overhead costs.

In fiscal 2011, the Compensation Committee received the recommendations from the President for the number of options or restricted stock to be awarded. The factors that were considered in awarding the stock options included the following progress that was made by management:

- Located and acquired three industrial properties as per its investment strategy without placing undue burden on liquidity.
- Raised approximately \$19 million in equity via registered direct placements of preferred stock and \$19.4 million through the DRIP.
- Continued its conservative approach to management of the properties and maintained its cash distributions to

shareholders.

- Renewed 100% of expiring leases expiring in fiscal 2011 on favorable terms.
- Managed general and administrative costs to an appropriate level.
- Refinanced debt at lower interest rates and increased line of credit.
- Obtained the goal of inclusion of the Company in the MSCI US REIT index.

The individual awards were allocated based on the named executive officers' individual contributions to these accomplishments. Other factors included the named executive officers' title, responsibilities and years of service. In addition, the awards were compared to each named executive officers' total compensation and compared with comparable Real Estate Investment Trusts (REITS) using the annual Compensation Survey published by NAREIT as a guide for setting total compensation.

Perquisites and Other Personal Benefits

The Company's employment agreements provide the named executive officers with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to the executive officers.

The named executive officers are provided the following benefits under the terms of their employment agreements: an allotted number of paid vacation weeks; eligibility for the executive, spouse and dependents in all Company sponsored employee benefits plans, including 401(k) plan, group health, accident, and life insurance, on terms no less favorable than applicable to any other executive; use of an automobile; and, supplemental long-term disability insurance, at the Company's cost, as agreed to by the Company and the named executive officer.

Attributed costs of the personal benefits described above for the named executive officers for the fiscal year ended September 30, 2011, are included in "All Other Compensation" of the Summary Compensation Table provided below under Item 11 of this report.

Payments upon Termination or Change in Control

In addition, the named executive officers' employment agreements each contain provisions relating to change in control events and severance upon termination for events other than with cause or good reason (as defined under the terms of the employment agreements). These change in control and severance terms are designed to promote stability and continuity of senior management. Information regarding these provisions is included in "Employment Agreements" provided below in Item 11 of this report. There are no other agreements or arrangements governing change in control payments.

Evaluation

Mr. Eugene Landy is under an amended employment agreement with the Company. In July 2010, based on the Compensation Committees' evaluation of his performance, his base compensation under his amended contract was increased from \$225,000 to \$275,000 per year.

In evaluating Mr. Eugene Landy's leadership performance, during 2010, the Committee awarded Mr. Eugene Landy an Outstanding Leadership Achievement Award (the Award) in the amount of \$300,000 per year for three years. This Award is to recognize Mr. Eugene Landy's exceptional leadership as President and Chief Executive Officer for over 40 years.

In evaluating Mr. Eugene Landy's eligibility for an annual bonus, the Committee used the bonus schedule included in Mr. Eugene Landy's amended contract as a guide. During 2011, the Company's market capitalization increased 10%, FFO per share increased 4%, and dividends per share remained consistent at \$0.60 per share. During 2011, the Company met the 7.5% growth in market capitalization criteria. Accordingly, the Compensation Committee approved a bonus for the President of \$20,000.

The Committee has also approved the recommendations of the President concerning the other named executive officers' annual salaries, bonuses, option and restricted stock grants and fringe benefits.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the board that the Compensation Discussion and Analysis be included in this report.

Notes:

(1) Accrual for pension and other benefits of \$54,608, \$206,794 and \$43,320 for 2011, 2010 and 2009, respectively, in accordance with Mr. Landy's employment contract.

(2) Represents Director's fees of \$25,000, \$20,500 and \$16,000 for 2011, 2010 and 2009, respectively, paid to Mr. Landy; and legal fees paid to the firm of Eugene W. Landy of \$17,500, \$17,500 and \$-0- for 2011, 2010 and 2009, respectively.

(3) Represents Director's fees of \$25,000, \$20,500 and \$16,000 in 2011, 2010 and 2009, respectively, and fringe benefits and discretionary contributions by the Company to the Company's 401(k) Plan allocated to an account of the named executive officer and reimbursement of a disability policy. Approximately 30%, 30% and 35% of this employee's compensation cost is allocated to and reimbursed by UMH, pursuant to a cost sharing agreement between the Company and UMH in 2011, 2010 and 2009, respectively.

(4) Represents discretionary contributions by the Company to the Company's 401(k) Plan allocated to an account of the named executive officer and reimbursement of a disability policy.

(5) The fair value of the stock option grant was based on the Black-Scholes valuation model. See Note No. 10 to the Consolidated Financial Statements for assumptions used in the model. The actual value of the options will depend upon the performance of the Company during the period of time the options are outstanding and the price of the Company's common stock on the date of exercise.

(6) The values were established based on the number of shares granted during fiscal 2011 and 2010 at the fair value on the date of grant of \$8.59 and \$7.85, respectively.

(7) Anna T. Chew, the Company's Treasurer, is an employee of UMH. Ms. Chew served as the Company's Chief Financial Officer from 2003 through June 2010. Her compensation disclosure can be found in the filings of UMH. During 2011, 2010 and 2009, approximately 25% of her compensation cost was allocated to and reimbursed by the Company for her services, pursuant to a cost sharing arrangement between the Company and UMH. Ms. Chew is an inside director and her directors fees are disclosed in the directors' compensation table.

(8) Allison Nagelberg, the Company's General Counsel, is an employee of UMH. Her compensation disclosure can be found in the filings of UMH. During 2011, 2010 and 2009, approximately 25% of her compensation cost was allocated to and reimbursed by the Company for her services, pursuant to a cost sharing arrangement between the Company and UMH.

Stock Compensation Plan

On July 26, 2007, the 2007 Stock Option Plan (the 2007 Plan) was approved by the shareholders authorizing the grant to officers, directors and key employees, of options to purchase up to 1,500,000 shares of common stock. On May 6, 2010, the shareholders approved and ratified an amendment and restatement of the 2007 Plan. The amendment and restatement made two significant changes: (1) the inclusion of Directors as participants in the 2007 Plan, and (2) the ability to grant restricted stock to Directors, officers and key employees. The amendment and restatement also made other conforming, technical and other minor changes.

Grants of Plan-Based Awards

Options to purchase 65,000 shares were granted in 2011 and options to purchase 285,850 shares were exercised during 2011. During fiscal 2011, 75,400 shares of restricted common stock were granted at a grant date fair value of \$8.59 per share. As of September 30, 2011, the number of shares remaining for future grant of stock options or restricted stock is 901,722.

Stock Options

Options may be granted any time up through December 31, 2016. No option shall be available for exercise beyond ten years. All options are exercisable after one year from the date of grant. The option price shall not be below the fair market value at date of grant. Canceled or expired options are added back to the "pool" of shares available under the

Plan.

The following table sets forth, for the executive officers named in the Summary Compensation Table, information regarding individual grants of stock options made during the year ended September 30, 2011:

Name	Grant Date (1)	Number of		Grant Date Fair Value (2)
		Shares	Exercise Price	
		Underlying of Option	Award	
Eugene W. Landy	01/03/11	65,000	\$8.72	\$39,650

(1) These options expire 8 years from grant date.

(2) This value was established using the Black-Scholes stock option valuation model. The following weighted-average assumptions were used in the model: expected volatility of 20.51%; risk-free interest rate of 2.77%; dividend yield of 6.88%; expected life of options of 8 years; and -0- estimated forfeitures. The fair value per share granted was \$.61. The actual value of the options will depend upon the performance of the Company during the period of time the options are outstanding and the price of the Company's common stock on the date of exercise.

Restricted Stock

Under the 2007 Plan, the Compensation Committee determines the recipients of restricted stock awards; the number of restricted shares to be awarded; the length of the restricted period of the award; the restrictions applicable to the award including, without limitation, the employment or retirement status of the participant; rules governing forfeiture and restrictions applicable to any sale, assignment, transfer, pledge or other encumbrance of the restricted stock during the restricted period; and the eligibility to share in dividends and other distributions paid to the Company's stockholders during the restricted period. The maximum number of shares underlying restricted stock awards that may be granted in any one fiscal year to a participant shall be 100,000.

Employment Agreements

During fiscal 2010, the Company executed the Fourth Amendment to the Employment Contract (Fourth Amendment) with Eugene W. Landy, the Company's President and Chief Executive Officer. The existing amended employment agreement had originally expired on December 31, 2009 but was automatically renewed for a one-year term in accordance with the terms of the agreement. The Fourth Amendment increases Mr. Eugene Landy's base salary from \$225,000 per year to \$275,000 per year, extends the pension payments of \$50,000 per year through 2020, awards an Outstanding Leadership Achievement Award in the amount of \$300,000 per year for three years for a total of \$900,000 and revises the employee's incentive bonus schedule as detailed in the Fourth Amendment. The Company has accrued additional compensation expense related to the additional pension benefits of \$164,000. Pursuant to the

amended employment agreement, Mr. Eugene Landy will receive, each year, an option to purchase 65,000 shares of the Company common stock and may receive bonuses in amounts determined by the Company's Board of Directors, based upon progress towards achieving certain target levels of growth in market capitalization, funds from operations and dividends per share. The amended employment agreement provides that Mr. Eugene Landy is entitled to five weeks paid vacation and to participate in the Company's employee benefits plans at any time he is entitled to receive pension benefits.

The amended employment agreement also provides for aggregate severance payments of \$500,000, payable to Mr. Eugene Landy upon the termination of his employment for any reason, in increments of \$100,000 per year for five years, disability payments, payable to Mr. Eugene Landy in the event of his disability (as defined in the amended employment agreement) for a period of three years, equal to Mr. Eugene Landy's salary and a death benefit of \$500,000 payable to Mr. Eugene Landy's designated beneficiary. Upon the termination of Mr. Eugene Landy's employment following or as a result of certain types of transactions that lead to a significant increase in the Company's market capitalization, the amended employment agreement provides that Mr. Eugene Landy will receive a grant of 35,000 to 65,000 shares of the Company common stock, depending on the amount of the increase in the Company's market capitalization, all of his outstanding options to purchase shares of the Company common stock will become immediately vested and he will be entitled to continue to receive benefits under the Company's health insurance and similar plans for one year. The amended employment agreement is terminable by the Company's Board of Directors at any time by reason of Mr. Eugene Landy's death or disability or for cause, which is defined in the amended employment agreement as a termination of the agreement if the Company's Board of Directors determines in good faith that Mr. Eugene Landy failed to substantially perform his duties to the Company (other than due to his death or disability), or has engaged in conduct the consequences of which are materially adverse to the Company, monetarily or otherwise. Upon termination of the amended employment agreement, Mr. Eugene Landy will remain entitled to the disability, severance, death and pension benefits provided for in the amended employment agreement. In the event of a change in control of the Company, Eugene W. Landy shall receive a lump sum payment of \$2,500,000, provided that the sale price of the Company is at least \$10 per share of common stock. A change of control shall be defined as the consummation of a reorganization, merger, share exchange, consolidation, or sale or disposition of all or substantially all of the assets of the Company. This change of control provision shall not apply to any combination between the Company and UMH. Payment shall be made simultaneously with the closing of the transaction, and only in the event that the transaction closes.

Effective January 1, 2009, the Company and Michael P. Landy, Chairman of the Executive Committee and Executive Vice President, entered into a three-year employment agreement, under which Mr. Michael Landy receives an annual base salary of \$190,575 for 2009 with increases of 5% for 2010 and 2011, plus bonuses and customary fringe benefits. The employment agreement renews for successive one-year terms, unless either party gives written notice of termination to the other party. On January 13, 2011, Mr. Michael Landy was appointed Chief Operating Officer and continued as Chairman of the Company's Executive Committee. Effective January 19, 2011, Mr. Michael Landy's employment contract with the Company was amended to increase his base salary for calendar 2011 to \$285,109 annually. All other terms of his employment contract, which expires December 31, 2011, remained unchanged. Mr. Michael Landy will also receive four weeks paid vacation. The Company will reimburse the Mr. Michael Landy for the cost of a disability insurance policy such that, in the event of his disability for a period of more than 90 days, he

will receive benefits up to 60% of his then-current salary. In the event of a merger, sale or change of voting control of the Company, excluding transactions between the Company and UMH, Mr. Michael Landy will have the right to extend and renew this employment agreement so that the expiration date will be three years from the date of merger, sale or change of voting control, or the employee may terminate the employment agreement and be entitled to receive one year's compensation in accordance with the agreement. If there is a termination of employment by the Company for any reason, either involuntary or voluntary, including the death of Mr. Michael Landy, other than a termination for cause as defined by the agreement, he shall be entitled to the greater of the salary due under the remaining term of the agreement or one year's compensation at the date of termination, paid monthly over the remaining term or life of the agreement. Approximately 30% of Mr. Michael Landy's compensation is allocated to UMH pursuant to a cost sharing arrangement between the Company and UMH.

The Company amended the employment agreement with Maureen E. Vecere, who was appointed the Company's Chief Financial and Accounting Officer on June 2, 2010. Prior to that date, Ms. Vecere was the Company's Controller and Treasurer since 2003. The amendment provides for an increase in Ms. Vecere's base salary from \$149,000 per year to \$180,000 per year for the remainder of calendar 2010 with an increase of 5% for calendar 2011. The other terms of the contract remained unchanged. The employment agreement renews for successive one-year terms, unless either party gives written notice of termination to the other party. The employment agreement also provides for bonuses and customary fringe benefits and four weeks paid vacation. The Company will reimburse Ms. Vecere for the cost of a disability insurance policy such that, in the event of her disability for a period of more than 90 days, she will receive benefits up to 60% of her then-current salary. In the event of a merger, sale or change of voting control of the Company, excluding transactions between the Company and UMH, Ms. Vecere will have the right to extend and renew this employment agreement so that the expiration date will be three years from the date of merger, sale or change of voting control, or the employee may terminate the employment agreement and be entitled to receive one year's compensation in accordance with the agreement. If there is a termination of employment by the Company for any reason, either involuntary or voluntary, including the death of Ms. Vecere, other than a termination for cause as defined by the agreement, she shall be entitled to the greater of the salary due under the remaining term of the agreement or one year's compensation at the date of termination, paid monthly over the remaining term or life of the agreement.

During fiscal 2010, the Company executed an employment agreement with Cynthia J. Morgenstern. Effective November 8, 2010, Cynthia J. Morgenstern's employment as Executive Vice President terminated. In accordance with her Employment Agreement, she resigned from the Board of Directors. On January 31, 2011, the Company paid \$275,000 as severance to Ms. Morgenstern.

Under the employment agreements with our President and Chief Executive Officer and certain other named executive officers, our President and Chief Executive Officer and such other named executive officers are entitled to receive the following estimated payments and benefits upon a termination of employment or voluntary resignation (with or without a change-in-control). These disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the named executive officers, which would only be known at the time that they become eligible for payment and would only be payable if a termination of employment, or voluntary resignation, were to occur. The table below reflects the amount that could be payable under the various arrangements assuming that the termination of employment had occurred at September 30, 2011.

The Company has a note receivable from Mr. Eugene W. Landy with a balance of \$984,375 at September 30, 2011 and 2010 which is included in Loans to Officers, Directors and Key Employees included under Shareholders' Equity. This note was signed on April 30, 2002 and is due on April 30, 2012. The interest rate is fixed at 5% and the note is

collateralized by 150,000 shares of the Company stock. Interest earned by the Company on this note is \$49,219 per year.

Daniel D. Cronheim is an inside Director of the Company and Executive Vice President of David Cronheim Company (Cronheim) and CMS. Daniel Cronheim received \$25,000, \$20,500 and \$16,000 for Director's fees in 2011, 2010 and 2009, respectively. The David Cronheim Company received \$15,400, \$22,773 and \$20,352 in lease commissions in 2011, 2010 and 2009, respectively. The David Cronheim Mortgage Corporation, an affiliated company, received \$-0-, \$100,000 and \$-0- in mortgage brokerage commissions in 2011, 2010 and 2009, respectively.

During fiscal 2011, 2010 and 2009, the Company was subject to management contracts with CMS for a fixed fee of \$380,000. During 2011 and 2010, the Company also agreed to reimburse CMS for fees paid to subagents. CMS provides sub-agents as regional managers for the Company's properties and during 2009, had compensated the subagents out of the \$380,000 management fee. The Company paid CMS management fees (net of allocation to the minority owner of the Somerset, New Jersey shopping center) of \$547,751, \$421,647 and \$375,477 fiscal 2011, 2010 and 2009, respectively, for the management of the properties subject to the management contract. Management believes that the aforesaid fees are no more than what the Company would pay for comparable services elsewhere.

There are four Directors of the Company who are also Directors and shareholders of UMH. The Company holds common and preferred stock of UMH in its securities portfolio. See Note No. 7 included in this Form 10-K for current holdings. During 2011, the Company repurchased \$5,000,000 in 8% Debentures due 2015 held by UMH.

The Company also shares officers and employees with UMH. Some general and administrative expenses were allocated between the Company and UMH based on use or services provided. Allocations of salaries and benefits are made based on the amount of the employees' time dedicated to each affiliated company. Shared expenses are allocated between the Company and UMH.

No director, executive officer, or any immediate family member of such director or executive officer may enter into any transaction or arrangement with the Company without the prior approval of the Board of Directors. . If any such transaction or arrangement is proposed, the Board of Directors will appoint a Business Judgment Committee consisting of independent directors who are also independent of the transaction or arrangement. This Committee will recommend to the Board of Directors approval or disapproval of the transaction or arrangement. In determining whether to approve such a transaction or arrangement, the Business Judgment Committee will take into account, among other factors, whether the transaction was on terms no less favorable to the Company than terms generally

available to third parties and the extent of the executive officer's or director's involvement in such transaction or arrangement. While the Company does not have specific written standards for approving such related party transactions, such transactions are only approved if it is in the best interest of the Company and its shareholders. Additionally, the Company's Code of Business Conduct and Ethics requires all directors, officers and employees who may have a potential or apparent conflict of interest to immediately notify the Company's General Counsel. Further, to identify related party transactions, the Company submits and requires our directors and executive officers to complete director and officer questionnaires identifying any transactions with the Company in which the director, executive officer or their immediate family members have an interest.

See identification of independent directors under Item 10 and committee members under Item 11.

ITEM 14 - PRINCIPAL ACCOUNTING FEES AND SERVICES

PKF served as the Company's independent registered public accountants for the years ended September 30, 2011, 2010 and 2009. The following are fees billed by and accrued to PKF in connection with services rendered:

	2011	2010
Audit Fees	\$176,000	\$172,500
Audit Related Fees	15,285	43,045
Tax Fees	40,817	40,000
All Other Fees	-0-	-0-
Total Fees	\$232,102	\$255,545

Audit fees include professional services rendered for the audit of the Company's annual financial statements, management's assessment of internal controls, and reviews of financial statements included in the Company's quarterly reports on Form 10-Q.

Audit related fees include services that are normally provided by the Company's independent auditors in connection with statutory and regulatory filings, such as consents and assistance with and review of documents filed with the Securities and Exchange Commission.

Tax fees include professional services rendered for the preparation of the Company's federal and state corporate tax returns and supporting schedules as may be required by the Internal Revenue Service and applicable state taxing authorities. Tax fees also include other work directly affecting or supporting the payment of taxes, including planning and research of various tax issues.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a policy for the pre-approval of audit and permitted non-audit services provided by the Company's principal independent accountants. The policy requires that all services provided by our independent registered public accountants to the Company, including audit services, audit-related services, tax services and other services, must be pre-approved by the Committee, and all have been so approved. The pre-approval requirements do not prohibit day-to-day normal tax consulting services, which matters will not exceed \$10,000 in the aggregate.

The Audit Committee has determined that the provision of the non-audit services described above is compatible with maintaining PKF's independence.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders

Monmouth Real Estate Investment Corporation

We have audited the accompanying consolidated balance sheets of Monmouth Real Estate Investment Corporation (the "Company") as of September 30, 2011 and 2010 and the related consolidated statements of income, comprehensive income, shareholders' equity, and cash flows for each of the three years in the period ended September 30, 2011. Our audit also included the financial statement schedule listed in the Index at Item 15(a)(2)(i). These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these

financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and schedule are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Monmouth Real Estate Investment Corporation at September 30, 2011 and 2010, and the consolidated results of its operations and its cash flows for each of the three years in the period ended September 30, 2011, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of September 30, 2011 based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated December 12, 2011, expressed an unqualified opinion thereon.

MONMOUTH REAL ESTATE INVESTMENT CORPORATION AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

SEPTEMBER 30, 2011

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Business

Monmouth Real Estate Investment Corporation (a Maryland corporation) and its subsidiaries (the Company) operate as a real estate investment trust (REIT), deriving its income primarily from real estate rental operations. As of September 30, 2011 and 2010, rental properties consisted of sixty-six and sixty-three property holdings, respectively. These properties are located in twenty-five states: Alabama, Arizona, Colorado, Connecticut, Florida, Georgia, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Mississippi, North Carolina, Nebraska, New Jersey, New York, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and Wisconsin. The Company also owns a portfolio of investment securities.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management is required to make certain estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from these estimates.

Principles of Consolidation and Noncontrolling Interest

The consolidated financial statements include the Company and its wholly-owned subsidiaries. In 2005, the Company formed MREIC Financial, Inc., a taxable REIT subsidiary which has had no activity since inception. In 2007, the Company merged with Monmouth Capital, with Monmouth Capital surviving as a wholly-owned subsidiary. All intercompany transactions and balances have been eliminated in consolidation.

At September 30, 2011, Monmouth Capital owns a 51% majority interest in Palmer Terrace Realty Associates, LLC (a New Jersey limited liability company) (Palmer Terrace). The Company consolidates the results of operations of Palmer Terrace. Noncontrolling interest represents 49% of the members' equity in Palmer Terrace.

During fiscal 2011, Monmouth Capital purchased the remaining 37% noncontrolling interest in Wheeling Partners, LLC which owns the property in Wheeling, Illinois. The excess of the purchase price over the carrying value of the noncontrolling interest amounted to approximately \$1,765,000 and has been reflected as an adjustment to additional paid in capital in the accompanying Statement of Shareholders' Equity. During fiscal 2010, Monmouth Capital purchased the remaining 35% noncontrolling interest in Jones EPI, LLC, which owns the property in El Paso, Texas. The excess of the purchase price over the carrying value of the noncontrolling interest amounted to \$169,786 and has been reflected as an adjustment to additional paid in capital in the accompanying Statement of Shareholders' Equity.

Buildings, Improvements and Equipment

Buildings, improvements and equipment are stated at the lower of depreciated cost or net realizable value. Depreciation is computed based on the straight-line method over the estimated useful lives of the assets, utilizing a half-year convention in the year of purchase. These lives range from 5 to 40 years.

If there is an event or change in circumstances that indicates that the basis of an investment property may not be recoverable, management assesses the possible impairment of value through evaluation of the estimated future cash flows of the property, on an undiscounted basis, as compared to the property's current carrying value. A property's carrying value would be adjusted to fair value, if necessary, to reflect impairment in the value of the property.

84

Gains on Sale of Real Estate

Gains on the sale of real estate investments are recognized by the full accrual method when the criteria for the method are met. Generally, the criteria are met when the profit on a given sale is determinable, and the seller is not obliged to perform significant activities after the sale to earn the profit.

Acquisitions

The Company accounts for acquisitions in accordance with Accounting Standards Codification (ASC) 805, Business Combinations (ASC 805) which requires transaction costs, such as broker fees, transfer taxes, legal, accounting, valuation, and other professional and consulting fees, related to acquisitions are expensed as incurred.

Upon acquisition of a property, the Company allocates the purchase price of the property based upon the fair value of the assets acquired, which generally consist of land, buildings and intangible assets, including in-place leases and above and below market leases. The Company allocates the purchase price to the fair value of the tangible assets of an acquired property generally determined by third party appraisal of the property obtained in conjunction with the purchase.

The purchase price is further allocated to in-place lease values based on management's evaluation of the specific characteristics of each tenant's lease. Acquired above and below market leases are valued based on the present value of the difference between prevailing market rates and the in-place rates over the remaining lease term. Acquired above and below market leases are amortized to rental revenue over the remaining non-cancelable terms of the respective leases. The value of in-place lease intangibles is amortized to amortization expense over the remaining lease term. If a tenant terminates its lease early, the unamortized portion of the tenant improvements, leasing commissions, above and below market leases and the in-place lease value is immediately charged to expense.

Securities Available for Sale

Investments in non-real estate assets consist primarily of marketable securities. The Company's securities consist primarily of debt securities and common and preferred stock of other REITs. These securities are all publicly-traded and purchased on the open market, through private transactions or through dividend reinvestment plans. These securities are classified among three categories: held-to-maturity, trading and available-for-sale. As of September 30, 2011 and 2010, the Company's securities are all classified as available-for-sale and are carried at fair value based upon quoted market prices. Gains or losses on the sale of securities are based on average cost and are accounted for on a trade date basis. Unrealized holding gains and losses are excluded from earnings and reported as a separate component of Shareholders' Equity until realized.

The Company individually reviews and evaluates our marketable securities for impairment on a quarterly basis or when events or circumstances occur. The Company considers, among other things, credit aspects of the issuer, amount of decline in fair value over cost and length of time in a continuous loss position. The Company has developed a general policy of evaluating whether an unrealized loss is other than temporary. On a quarterly basis, the Company makes an initial review of every individual security in its portfolio. If the security is impaired, the Company first determines its intent and ability to hold this investment for a period of time sufficient to allow for any anticipated recovery in market value. Next, the Company determines the length of time and the extent of the impairment. Barring other factors, including the downgrading of the security or the cessation of dividends, if the fair value of the security is below cost by less than 20% for less than 6 months and the Company has the intent and ability to hold the security, the security is deemed to not be other than temporarily impaired. Otherwise, the Company reviews additional information to determine whether the impairment is other than temporary. The Company discusses and analyzes any relevant information known about the security, such as:

- a. Whether the decline is attributable to adverse conditions related to the security or to specific conditions in an industry or in a geographic area.
- b. Any downgrading of the security by a rating agency.
- c. Whether the financial condition of the issuer has deteriorated.

-
- d. Status of dividends – Whether dividends have been reduced or eliminated, or scheduled interest payments have not been made.
- e. Analysis of the underlying assets (including NAV analysis) using independent analysis or recent transactions.

The Company normally holds REIT securities long term and has the ability and intent to hold securities to recovery. If a decline in fair value is determined to be other than temporary, an impairment charge is recognized in earnings and the cost basis of the individual security is written down to fair value as the new cost basis.

Cash Equivalents

Cash and cash equivalents include all cash and investments with an original maturity of three months or less. The Company maintains its cash in bank accounts in amounts that may exceed federally insured limits. The Company has not experienced any losses in these accounts in the past. The fair value of cash and cash equivalents approximates their current carrying amounts since all such items are short-term in nature.

Intangible Assets, Lease Costs and Financing Costs

Intangible assets, consisting primarily of the value of in-place leases, are amortized to expense over the remaining terms of the respective leases. Upon termination of a lease, the unamortized portion is immediately charged to expense. The weighted-average amortization period upon acquisition for intangible assets recorded during 2011, 2010 and 2009 was 12 years, 9 years and 12 years, respectively.

Costs incurred in connection with the execution of leases are deferred and are amortized over the term of the respective leases. Unamortized lease costs are charged to expense upon cancellation of leases prior to the expiration of lease terms. Costs incurred in connection with obtaining mortgages and other financings and refinancing are deferred and are amortized over the term of the related obligations. Unamortized costs are charged to expense upon prepayment of the obligation. Amortization expense related to these deferred assets was \$702,379, \$619,527 and \$480,839 for the years ended September 30, 2011, 2010 and 2009, respectively. The Company estimates that aggregate amortization expense for existing assets will be approximately \$708,000, \$580,000, \$489,000, \$417,000 and \$341,000 for the fiscal years 2012, 2013, 2014, 2015 and 2016, respectively.

Revenue Recognition

Rental income from tenants with leases having scheduled rental increases are recognized on a straight-line basis over the term of the lease. Leases typically provide for reimbursement of real estate taxes, insurance, and other operating costs. These occupancy charges are recognized as earned.

The Company provides an allowance for doubtful accounts against the portion of tenant and other receivables, loans receivable and deferred rent receivable which are estimated to be uncollectible. For accounts receivable the Company deems uncollectible, the Company uses the direct write-off method.

Discontinued Operations

The Company follows the provisions of ASC 360-10, Property Plant & Equipment (ASC 360-10). ASC 360-10 addresses financial accounting and reporting for the disposal of long-lived assets that are considered a component. A component is comprised of operations and cash flows that can clearly be distinguished, operationally and for financial reporting purposes, from the rest of the Company. ASC 360-10 requires that the results of operations and gains or losses on the sale of a component of an entity be presented in discontinued operations if both of the following criteria are met: (a) the operations and cash flows of the property have been (or will be) eliminated from the ongoing operations of the Company as a result of the disposal transaction and (b) the Company will not have any significant continuing involvement in the operations of the property after the disposal transaction. ASC 360-10 also requires prior period results of operations for these properties to be restated and presented in discontinued operations in prior consolidated statements of income.

Net Income (Loss) Per Share

Basic net income (loss) per share is calculated by dividing net income (loss) by the weighted-average number of common shares outstanding during the period. Diluted net income (loss) per share is calculated by dividing net income (loss) plus interest expense related to the Convertible Subordinated Debentures (the Debentures) by the weighted-average number of common shares outstanding plus the weighted-average number of net shares that would be issued upon exercise of stock options pursuant to the treasury stock method, plus the number of shares resulting from the possible conversion of the Debentures during the period. Interest expense of \$796,894, \$1,119,200 and \$1,119,200 for 2011, 2010 and 2009, respectively, and common shares totaling 863,100, 1,304,148 and 1,304,148 for 2011, 2010 and 2009, respectively related to potential conversion of the Debentures are excluded from the calculation

due to their antidilutive effect. Common stock equivalents of 48,261, 11,179 and 6,959 are included in the diluted weighted average shares outstanding for 2011, 2010 and 2009, respectively. As of September 30, 2011, 2010 and 2009, options to purchase 300,850, 82,828 and 317,741 shares, respectively, were antidilutive.

Stock Compensation Plan

The Company accounts for awards of stock options and restricted stock in accordance with ASC 718-10, Compensation-Stock Compensation. ASC 718-10 requires that compensation cost for all stock awards be calculated and amortized over the service period (generally equal to the vesting period). The compensation cost for stock option grants is determined using option pricing models, intended to estimate the fair value of the awards at the grant date less estimated forfeitures. The compensation expense for restricted stock is recognized based on the fair value of the restricted stock awards less estimated forfeitures. The fair value of restricted stock awards is equal to the fair value of the Company's stock on the grant date. Compensation costs of \$163,150, \$33,860 and \$77,351 have been recognized in 2011, 2010 and 2009, respectively. Included in Note No. 10 to these consolidated financial statements are the assumptions and methodology.

Income Tax

The Company has elected to be taxed as a REIT under Sections 856-860 of the Internal Revenue Code. The Company will not be taxed on the portion of its income which is distributed to shareholders, provided it distributes at least 90% of its taxable income, has at least 75% of its assets in real estate investments and meets certain other requirements for qualification as a REIT. The Company is subject to franchise taxes in some of the states in which the Company owns property.

The Company follows the provisions of ASC Topic 740, Income Taxes, that, among other things, defines a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. ASC Topic 740 also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. Based on its evaluation, the Company determined that it has no uncertain tax positions and no unrecognized tax benefits as of September 30, 2011. The Company records interest and penalties relating to unrecognized tax benefits, if any, as interest expense. As of September 30, 2011, the fiscal tax years 2007 through and including 2011 remain open to examination by the Internal Revenue Service. There are currently no federal tax examinations in progress.

Comprehensive Income

Comprehensive income is comprised of net income (net of preferred stock dividends) and other comprehensive income. Other comprehensive income consists of unrealized gains or losses on securities available for sale.

Reclassifications

Certain amounts in the consolidated financial statements for the prior years have been reclassified to conform to the financial statement presentation for the current year.

New Accounting Pronouncements

In January 2010, the FASB issued ASU 2010-01, Equity (Topic 505) – Accounting for Distributions to Shareholders with Components of Stock and Cash. ASU 2010-01 clarifies that the stock portion of a distribution to shareholders that allows them to elect to receive cash or shares with a potential limitation on the amount of cash that all shareholders can elect to receive is considered a share issuance. ASU 2010-01 is effective for interim and annual periods ending on or after December 15, 2009 and should be applied on a retrospective basis. The adoption of ASU 2010-01 did not have any impact on our financial position, results of operations or cash flows. All of the Company's distributions have been made in cash.

In January 2010, the FASB issued ASU 2010-06, Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements. This ASU requires new disclosures and clarifies certain existing disclosure requirements about fair value measurements. ASU 2010-06 requires a reporting entity to disclose significant transfers in and out of Level 1 and Level 2 fair value measurements, to describe the reasons for the transfers and to present separately information about purchases, sales, issuances and settlements for fair value measurements using significant unobservable inputs. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements, which is effective for interim and annual reporting periods beginning after December 15, 2010; early adoption is permitted. The adoption of ASU 2010-06 did not have a material impact on our financial position, results of operations or cash flows.

In July 2010, the FASB issued ASU 2010-20, Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses, which amends ASC Topic 310, "Receivables," which will require significant new disclosures about the allowance for credit losses and the credit quality of an entity's financing receivables. The requirements are intended to enhance transparency regarding credit losses and the credit quality of financing receivables by disclosing an evaluation of (i) the nature of credit risk inherent in the entity's portfolio of financing receivables, (ii) how that risk is analyzed and assessed in arriving at the allowance for credit losses and (iii) the changes and reasons for those changes in the allowance for credit losses. The new and amended disclosures as of the end of a reporting period are effective for interim and annual reporting periods ending on or after December 15, 2010. The new and amended disclosures about activity that occurs during a reporting period are effective for interim and annual reporting periods beginning on or after December 15, 2010. The adoption of ASU 2010-20 will impact disclosures and is not expected to have any impact on our results of operations or financial condition.

In May 2011, the FASB issued ASU 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs. The pronouncement was issued to provide a uniform framework for fair value measurements and related disclosures between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This pronouncement is effective for interim and annual reporting periods beginning after December 15, 2011. The adoption of ASU 2011-04 is not expected to have a material impact on our financial position, results of operations or cash flows.

In June 2011, the FASB issued Accounting Standards Update 2011-05, Comprehensive Income (Topic 220): Presentation of Comprehensive Income (ASU 2011-05), which allows an entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In both choices, an entity is required to present each component of net income along with total net income, each component of other comprehensive income along with a total for other comprehensive income, and a total amount for comprehensive income. ASU 2011-05 eliminates the option to present the components of other comprehensive income as part of the statement of changes in stockholders' equity. The amendments to the Codification in the ASU do not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income and are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011, our fiscal year beginning October 1, 2012. The adoption of ASU 2011-05 is not expected to have a material impact on our consolidated statement of earnings, financial condition, statement of cash flows or earnings per share.

NOTE 3 – ACQUISITIONS AND DISPOSITIONS

Fiscal 2011

Acquisitions

On October 28, 2010, the Company purchased a 381,240 square foot industrial building located in Lebanon, Tennessee. The building is 100% net leased to CBOCS Distribution, Inc., a subsidiary of Cracker Barrel Old Country Store, Inc., which guarantees the lease through June 30, 2024. The purchase price was approximately \$14,500,000. The Company assumed the existing mortgage with an outstanding balance of \$8,645,181 at a fixed interest rate of 7.6% which matures on July 1, 2019 and paid the remainder in cash from the proceeds of the Company's registered direct placement of common stock completed in April 2010. Annual rental income over the remaining term of the lease is approximately \$1,364,000. The Company recorded an intangible asset related to the lease in-place of \$285,000.

On November 1, 2010, the Company purchased a 66,387 square foot industrial building located in Rockford, Illinois. The building is 100% net leased to The Sherwin-Williams Company through December 31, 2023. The purchase price was approximately \$5,800,000. The Company assumed an existing mortgage with an outstanding balance of \$1,932,807 at a fixed interest rate of 5.5% which matures on December 10, 2013 and paid the remainder in cash from the proceeds of the Company's registered direct placement of common stock completed in April 2010. Annual rental income over the remaining term of the lease is approximately \$464,000. The Company recorded an intangible asset related to the lease in-place of \$260,000.

On December 15, 2010, the Company completed the acquisition of the remaining 37% noncontrolling interest in Wheeling Partners, LLC (Wheeling Partners), an Illinois limited liability company, for approximately \$4,100,000. Wheeling Partners owns a 123,000 square foot industrial building in Wheeling, Illinois which is leased to FedEx Ground Package Systems, Inc. through May 2017. Prior to this transaction, the Company owned 63% of Wheeling Partners. The Company paid for the noncontrolling interest using proceeds from the registered direct placement of preferred stock completed in October 2010. The excess of purchase price over the carrying amount of the

noncontrolling interest acquired is approximately \$1,765,000 and has been reflected as an adjustment to additional paid-in capital.

On January 26, 2011, the Company purchased 8.6 acres adjacent to the property currently owned by the Company in El Paso, Texas, which is leased to FedEx Ground Package Systems, Inc. This land was purchased for future expansion and the total cost was approximately \$1,134,000.

On September 30, 2011, the Company purchased an 113,582 square foot industrial building located in Edinburg, Texas. The building is 100% net leased to FedEx Ground Package Systems, Inc. through August 31, 2021. The purchase price was approximately \$8,000,000. The Company obtained a mortgage of \$4,800,000 at a fixed interest rate of 5.85% for the first 5 years and paid the remainder with a draw on the Company's line of credit. On November 1, 2016, the interest rate on the mortgage resets to the Federal Home Loan Bank of New York rate plus 275 basis points with a floor of 5.5%. This mortgage matures on September 30, 2021. Annual rental income over the remaining term of the lease is approximately \$598,000. The Company recorded an intangible asset related to the lease in-place of \$564,000.

Fiscal 2010

Acquisitions

On October 22, 2009, the Company purchased a 449,900 square foot industrial building located in Memphis, Tennessee. The building is 100% net-leased to FedEx Supply Chain Services, Inc. a subsidiary of FedEx Ground Package Systems, Inc., through May 31, 2019. The purchase price was approximately \$14,600,000. The Company obtained a mortgage of \$10,000,000 at a fixed interest rate of 6.25% which matures on October 15, 2014 and paid the remainder in cash from the proceeds of the registered direct placement of common stock completed in October 2009. Annualized rental income over the term of this lease is approximately \$1,281,000 per year.

On December 23, 2009, the Company purchased a 91,295 square foot industrial building located in Houston, Texas. The building is 100% net-leased to National Oilwell DHT, L.P., a subsidiary of National Oilwell Varco, Inc., through September 30, 2022. The purchase price was approximately \$8,100,000. The Company obtained a mortgage of \$5,400,000 at a fixed interest rate of 6.875% which matures on September 10, 2022 and paid the remainder in cash from the proceeds of the registered direct placement of common stock completed in October 2009. Annualized rental income over the term of this lease is approximately \$721,000 per year.

On January 27, 2010, the Company purchased an 184,317 square foot industrial building located in Carrollton (Dallas), Texas. The building is 100% net-leased to Carrier Corporation through Carrier Enterprises, LLC, a wholly owned subsidiary of United Technologies, Inc, through January 11, 2019. The purchase price was \$17,900,000. The

Company recorded an intangible asset related to the lease in-place of \$60,000. The Company obtained a mortgage of \$11,700,000 at a fixed interest rate of 6.75% which matures on February 1, 2025 and paid the remainder using a draw on the margin loan. Annualized rental income over the term of this lease is approximately \$1,518,000 per year.

On March 2, 2010, the Company completed the acquisition of the remaining 35% noncontrolling interest in Jones EPI, LLC (Jones EPI), a Delaware limited liability company, for approximately \$949,000. Jones EPI owns a 92,000 square foot industrial building located in El Paso, Texas which is leased to FedEx Ground Package Systems, Inc. through 2015. The noncontrolling interest was purchased from Jones Willmar, LLC, a Missouri limited liability company, which constructed the building for the tenant in 2005. Prior to this acquisition, the Company owned 65% of Jones EPI. The Company paid for the noncontrolling interest using a draw on the margin loan.

On June 15, 2010, the Company purchased a 112,784 square foot industrial building located in Ft. Mill, South Carolina. The building is 100% net-leased to FedEx Ground Package Systems, Inc. through September 30, 2019. The purchase price was approximately \$12,540,000. The Company recorded an intangible asset related to the lease in-place of \$824,600. The Company assumed the existing mortgage with an outstanding balance of approximately \$4,764,000 at a fixed interest rate of 7% which matures on October 10, 2019 and paid the remainder in cash using proceeds of the registered direct placement of common stock completed in April 2010. Annualized rental income over the term of this lease is approximately \$1,024,000.

The following unaudited pro forma condensed financial information has been prepared utilizing the historical financial statements of the Company and the effect of additional revenue and expenses from the properties acquired during fiscal 2011 and 2010 assuming that the acquisitions had occurred as of October 1, 2009, after giving effect to certain adjustments including (a) rental revenue adjustments resulting from the straight-lining of scheduled rent increases (b) interest expenses resulting from the assumed increase in mortgage notes payable related to the new acquisitions and (c) depreciation expense related to the new acquisitions. The unaudited pro forma condensed financial information is not indicative of the results of operations that would have been achieved had the acquisitions reflected herein been consummated on the dates indicated or that will be achieved in the future.

During fiscal 2011, 2010, and 2009, the only tenant that accounted for more than 5% of our total rental and reimbursement revenue was FDX and subsidiaries. Rental and reimbursement revenue from FDX and subsidiaries totaled approximately \$26,883,000, \$26,160,000 and \$24,526,000 for the years ended September 30, 2011, 2010 and 2009, respectively. During fiscal 2011, 2010 and 2009, rental income and occupancy charges from properties leased to FDX and subsidiaries was approximately 56%, 57% and 59% of total rental and reimbursement revenue, respectively.

NOTE 6 – DISCONTINUED OPERATIONS

Discontinued operations in fiscal 2011, 2010 and 2009 include the operations of the property in Quakertown, Pennsylvania which was classified as held for sale as of September 30, 2011 and 2010. The following table summarizes the components of discontinued operations:

	2011	2010	2009
Rental and reimbursement revenue	\$383,579	\$359,858	\$349,015
Real Estate Taxes	(54,818)	(50,975)	(47,241)
Operating Expenses	(6,101)	(3,415)	(22,880)
Depreciation & Amortization	(51,075)	(320,059)	(383,029)
Interest expense	(5,717)	(123,568)	(72,397)
Income (Loss) from Operations of Disposed Property and Property Held for Sale	\$265,868	(\$138,159)	(\$176,532)

The variance in net income and depreciation and amortization is due to the write down to fair value in conjunction with a pending sale in 2010 which subsequently fell through and the write-down of the in-place lease intangible asset to fair value in 2009. The Company sold this property on October 31, 2011 for gross proceeds of \$2,765,000.

Cash flows from discontinued operations for the year ended September 30, 2011, 2010 and 2009 are combined with the cash flows from operations within each of the three categories presented. Cash flows from discontinued operations are as follows:

	2011	2010	2009
Cash flows from Operations	\$316,943	\$181,900	\$206,677
Cash flows from Investing Activities	-0-	-0-	-0-
Cash flows from Financing Activities	(316,943)	(181,900)	(206,677)

The absence of cash flows from discontinued operations is not expected to materially affect future liquidity and capital resources.

The Company's securities available for sale consist primarily of common and preferred stock of other REITs and debt securities. The Company does not own more than 10% of the outstanding shares of any of these issuers, nor does it have a controlling financial interest.

The Company held twenty securities that were temporarily impaired investments as of September 30, 2011. The Company considers many factors in determining whether a security is other than temporarily impaired, including the nature of the security and the cause, severity and duration of the impairment. The following is a summary of temporarily impaired securities at September 30, 2011:

Description of Securities	Less than 12 Months		12 Months or Longer	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
Preferred stock	\$3,032,155	(\$221,746)	\$132,770	(\$37,235)
Common stock	18,419,957	(2,975,035)	-0-	(-0-)
Total	\$21,452,112	(\$3,196,781)	\$132,770	(\$37,235)

The following is a summary of the range of losses:

Number of Individual Securities	Fair Value	Unrealized Losses	Range of Loss
9	\$8,866,477	(\$265,044)	0-5%
3	2,536,675	(217,742)	6-10%
4	5,636,515	(946,646)	11-15%
1	2,044,585	(449,536)	16-20%
2	222,270	(62,211)	21-25%

1	2,278,360	(1,292,837)	36%
20	\$21,584,882	(\$3,234,016)	

The Company has determined that these securities are temporarily impaired as of September 30, 2011. The Company normally holds REIT securities long term and has the ability and intent to hold these securities to recovery. The Company had total net unrealized gains on its securities portfolio of \$2,368,163 as of September 30, 2011.

The Company has an investment in one REIT security which is at a loss of approximately \$1,300,000 or 36% as of September 30, 2011. The Company has determined that this security was temporarily impaired as of September 30, 2011. Management is continuing to monitor this security for other than temporary impairment under its policy. If the fair value of this security continues to decline or the security is downgraded, then the Company may have to record an impairment loss related to this security in future periods.

The Company had margin loan balances of \$5,860,950 and \$4,273,913 as of September 30, 2011 and 2010, respectively, which were collateralized by the securities portfolio.

Dividend income for the years ended September 30, 2011, 2010 and 2009 totaled \$2,981,534, \$2,387,757, and \$2,362,521, respectively. Interest income for the years ended September 30, 2011, 2010 and 2009 totaled \$118,793, \$123,152 and \$139,732, respectively.

The Company received proceeds of \$16,090,362, \$13,236,770 and \$2,406,354 on sales or redemptions of securities available for sale during 2011, 2010 and 2009, respectively. The Company recorded the following Gain (Loss) on Securities Transactions, net:

	2011	2010	2009
Gross realized gains	\$5,265,715	\$2,609,775	\$98,844
Gross realized losses	(27,512)	(626)	(699,626)
Impairment loss	-0-	-0-	(6,000,678)
Gain (Loss) on Securities Transactions, net	\$5,238,203	\$2,609,149	(\$6,601,460)

During 2009 the Company recognized a loss of \$6,000,678 due to writing down the carrying value of securities available for sale, which were considered other than temporarily impaired.

NOTE 8- MORTGAGE NOTES, LOANS PAYABLE AND CONVERTIBLE SUBORDINATED DEBENTURES

Mortgage Notes Payable:

During the first quarter of fiscal 2011, the Company assumed two mortgages totaling \$10,577,988 in connection with the acquisitions of properties in Lebanon, TN and Rockford, IL. In addition, the Company obtained a \$4,800,000 mortgage in connection with the acquisition of the industrial property Edinburg, TX. These acquisitions are described in Note No. 3. During fiscal 2011, the Company also refinanced the mortgages on the Romulus, MI and Carlstadt, NJ properties.

Loans Payable:

Capital One, N.A.

The Company has a line of credit agreement with Capital One, N.A. for \$20,000,000. This \$20,000,000 line is unsecured and can be used for working capital purposes or acquisitions. The line's rate is variable at LIBOR plus 200 basis points on the first \$15,000,000 and LIBOR plus 250 basis points on the remaining \$5,000,000. The line matures March 31, 2013. The balance outstanding as of September 30, 2011 and 2010 was \$11,000,000 and \$5,000,000, respectively. The interest rate was 2.23% and 2.25% as of September 30, 2011 and 2010, respectively. The Company must keep not less than \$1,000,000 in average net collected balances at Capital One, N.A. and meet certain loan covenants as contained in the loan agreement, including a 65% loan to value ratio on certain negatively pledged properties. The Company was in compliance with these covenants as of September 30, 2011.

Margin Loans

The Company uses margin loans for purchasing securities, for temporarily funding of acquisitions, and for working capital purposes. The interest rate charged on the margin loan is the bank's margin rate and was 2.0% as of September 30, 2011 and 2010, respectively and is due on demand. At September 30, 2011 and 2010, the margin loans totaled \$5,860,950 and \$4,273,913, respectively and are collateralized by the Company's securities portfolio. The Company must maintain a coverage ratio of approximately 50%.

NOTE 10 - STOCK COMPENSATION PLAN

On July 26, 2007, the 2007 Stock Option Plan (the 2007 Plan) was approved by the shareholders authorizing the grant to officers, directors and key employees, of options to purchase up to 1,500,000 shares of common stock. On May 6, 2010, the shareholders approved and ratified an amendment and restatement of the 2007 Plan. The amendment and restatement made two significant changes: (1) the inclusion of Directors as participants in the 2007 Plan, and (2) the ability to grant restricted stock to Directors, officers and key employees. The amendment and restatement also made other conforming, technical and other minor changes. The amendment also makes certain modifications and clarifications, including concerning administration and compliance with applicable tax rules, such as Section 162(m) of the Internal Revenue Code.

Options or restricted stock may be granted any time as determined by the Company's Compensation Committee up

through December 31, 2016. No option shall be available for exercise beyond ten years. All options are exercisable after one year from the date of grant. The option price shall not be below the fair market value at date of grant. Canceled or expired options are added back to the “pool” of shares available under the Plan.

The Compensation Committee determines the recipients of restricted stock award; the number of restricted shares to be awarded; the length of the restricted period of the award; the restrictions applicable to the award including, without limitation, the employment or retirement status of the participant; rules governing forfeiture and restrictions applicable to any sale, assignment, transfer, pledge or other encumbrance of the restricted stock during the restricted period; and the eligibility to share in dividends and other distributions paid to the Company’s stockholders during the restricted period. The maximum number of shares underlying restricted stock awards that may be granted in any one fiscal year to a participant shall be 100,000.

Unless otherwise provided for in an underlying restricted stock award agreement, if a participant’s status as an employee or director of the Company is terminated by reason of death or disability, the restrictions will lapse on such date. Unless otherwise provided for in an underlying restricted stock award agreement, the Plan provides that if an individual’s status as an employee or director is terminated by reason of retirement following an involuntary termination (other than for “cause” as defined in the Plan), the restrictions will generally lapse, unless the restricted stock award is intended to constitute “performance based” compensation for purposes of Section 162(m) of the Internal Revenue Code. If a participant’s status as an employee or director terminates for any other reason, the Plan provides that a participant will generally forfeit any outstanding restricted stock awards, unless otherwise indicated in the applicable award agreement. Shares of restricted stock that are forfeited become available again for issuance under the Plan. The Compensation Committee has the authority to accelerate the time at which the restrictions may lapse whenever it considers that such action is in the best interests of the Company and of its stockholders, whether by reason of changes in tax laws, or a “change in control” as defined in the 2007 Plan or otherwise.

The Company accounts for stock options in accordance with ASC 718-10, Compensation-Stock Compensation. ASC 718-10 requires that compensation cost for all stock awards be calculated and amortized over the service period (generally equal to the vesting period).

Stock Options

During fiscal 2011 and 2010, one employee was granted options to purchase 65,000 shares. During fiscal 2009, eleven employees were granted options to purchase a total of 245,000 shares. The fair value of these options was approximately \$39,650, \$21,450, and \$56,350 in fiscal 2011, 2010, and 2009, respectively based on the assumptions below and is being amortized over a one-year vesting period. The remaining unamortized stock option expense was

\$9,911 as of September 30, 2011 and that amount will be expensed in fiscal 2012.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions used for grants in fiscal 2011, 2010 and 2009:

	<u>2011</u>	<u>2010</u>	<u>2009</u>
Dividend yield	6.88%	8.31%	8.30%

The intrinsic value of options exercised in fiscal 2011, 2010 and 2009 was \$209,449, \$868,489, and \$-0-, respectively. The weighted-average remaining contractual term of the above options was 3.4, 3.8 and 4.2 years as of September 30, 2011, 2010 and 2009, respectively.

Restricted Stock

In August 2011, the Company awarded 75,400 shares of common stock to 17 participants of the 2007 Plan. The grant date fair value of restricted stock grants awarded to participants was \$647,686 and \$533,015 in fiscal 2011 and 2010, respectively. As of September 30, 2011, there remained a total of \$967,097 of unrecognized restricted stock compensation related to outstanding nonvested restricted stock grants awarded under the 2007 plan and outstanding at that date. Restricted stock compensation is expected to be expensed over a remaining weighted average period of 4.5 years. For the year ended September 30, 2011, amounts charged to compensation expense totaled \$128,050.

NOTE 11 - INCOME FROM LEASES

The Company derives income primarily from operating leases on its commercial properties. In general, these leases are written for periods up to ten years with various provisions for renewal. These leases generally contain clauses for reimbursement (or direct payment) of real estate taxes, maintenance, insurance and certain other operating expenses of the properties. Minimum base rents due under noncancellable leases as of September 30, 2011 are approximately scheduled as follows:

Fiscal Year Amount	
2012	\$39,331,000
2013	34,616,000
2014	31,294,000
2015	29,288,000
2016	26,504,000
thereafter	56,323,000
Total	\$217,356,000

NOTE 12 - RELATED PARTY TRANSACTIONS

During fiscal 2010, the Company executed the Fourth Amendment to the Employment Contract (Fourth Amendment) with Eugene W. Landy, the Company's President and Chief Executive Officer. The existing amended employment

agreement had originally expired on December 31, 2009 but automatically renews for a one-year term in accordance with the terms of the agreement. The Fourth Amendment increases Mr. Eugene Landy's base salary from \$225,000 per year to \$275,000 per year, extends the pension payments of \$50,000 per year through 2020, awards an Outstanding Leadership Achievement Award in the amount of \$300,000 per year for three years for a total of \$900,000 and revises the employee's incentive bonus schedule as detailed in the Fourth Amendment. The Company has accrued additional compensation expense related to the additional pension benefits of \$164,000. Mr. Landy receives customary fringe benefits, including health insurance and five weeks vacation. The Employment Agreement is terminable by either party at any time subject to certain notice requirements. In the event of a change in control of the Company, Eugene W. Landy shall receive a lump sum payment of \$2,500,000, provided that the sale price of the Company is at least \$10 per share of common stock. A change of control shall be defined as the consummation of a reorganization, merger, share exchange, consolidation, or sale or disposition of all or substantially all of the assets of the Company. This change of control provision shall not apply to any combination between the Company and UMH Properties, Inc (UMH). Payment shall be made simultaneously with the closing of the transaction, and only in the event that the transaction closes. Eugene W. Landy received \$25,000, \$20,500 and \$16,000 during 2011, 2010 and 2009 as Director. The firm of Eugene W. Landy received \$17,500, \$17,500 and \$0- during 2011, 2010 and 2009, respectively, as legal fees.

The Company has a note receivable from Mr. Landy with a balance of \$984,375 at September 30, 2011 and 2010 which is included in Loans to Officers, Directors and Key Employees included under Shareholders' Equity. This note was signed on April 30, 2002 and is due on April 30, 2012. The interest rate is fixed at 5% and the note is collateralized by 150,000 shares of the Company stock. Interest earned by the Company on this note is \$49,219 per year.

Effective January 1, 2009, the Company and Michael P. Landy entered into a three-year employment agreement, under which Mr. Michael Landy receives an annual base salary of \$190,575 for 2009 with increases of 5% for 2010 and 2011, plus bonuses and customary fringe benefits. On January 13, 2011, Mr. Michael Landy was appointed Chief Operating Officer and Chairman of the Company's Executive Committee. Previously, Mr. Michael Landy was serving as the Company's Executive Vice President and Chairman of the Executive Committee. Effective January 19, 2011, Mr. Michael Landy's employment contract with the Company was amended to increase his base salary for calendar 2011 to \$285,109 annually. All other terms of his employment contract, which expires December 31, 2011, remained unchanged. This contract automatically renews for one-year term in accordance with the terms of the agreement. Michael P. Landy will also receive four weeks vacation. Michael P. Landy's

employment agreement also requires the Company to reimburse Michael P. Landy for the cost of a disability insurance policy such that, in the event of Michael P. Landy's disability for a period of more than 90 days, Michael P. Landy will receive benefits up to 60% of his then-current salary. In the event of a merger, sale or change of voting control of the Company, excluding transactions between the Company and UMH, Michael P. Landy will have the right to extend and renew this employment agreement so that the expiration date will be three years from the date of merger, sale or change of voting control, or Michael P. Landy may terminate the employment agreement and be

entitled to receive one year's compensation in accordance with the agreement. If there is a termination of employment by the Company for any reason, either involuntary or voluntary, including the death of the employee, other than a termination for cause as defined by the agreement, Michael P. Landy shall be entitled to the greater of the salary due under the remaining term of the agreement or one year's compensation at the date of termination, paid monthly over the remaining term or life of the agreement. Approximately 30%, 30% and 35% of Michael P. Landy's compensation was allocated to UMH in 2011, 2010 and 2009, respectively, pursuant to a cost sharing agreement between the Company and UMH. Mr. Michael Landy received \$25,000, \$20,400 and \$16,000 during 2011, 2010 and 2009 respectively, as Director.

The Company amended the three-year employment agreement with Maureen E. Vecere, who was appointed the Company's Chief Financial and Accounting Officer on June 2, 2010. Prior to that date, Ms. Vecere was the Company's Controller and Treasurer. The amendment provides for an increase in Ms. Vecere's base salary from \$149,000 per year to \$180,000 per year for the remainder of calendar 2010 with an increase of 5% for calendar 2011. The other terms of the contract which expires December 31, 2011, remained unchanged. This contract automatically renews for a one-year term in accordance with the terms of the agreement. Ms. Vecere's employment agreement provides for bonuses and customary fringe benefits. Ms. Vecere also receives four weeks vacation. The Company will reimburse Ms. Vecere for the cost of a disability insurance policy such that, in the event of Ms. Vecere's disability for a period of more than 90 days, Ms. Vecere will receive benefits up to 60% of her then-current salary. In the event of a merger, sale or change of voting control of the Company, excluding transactions between the Company and UMH, Ms. Vecere will have the right to extend and renew this employment agreement so that the expiration date will be three years from the date of merger, sale or change of voting control, or the employee may terminate the employment agreement and be entitled to receive one year's compensation in accordance with the agreement. If there is a termination of employment by the Company for any reason, either involuntary or voluntary, including the death of the employee, other than a termination for cause as defined by the agreement, Ms. Vecere shall be entitled to the greater of the salary due under the remaining term of the agreement or one year's compensation at the date of termination, paid monthly over the remaining term or life of the agreement.

During fiscal 2010, the Company executed an employment agreement with Cynthia J. Morgenstern, the former Executive Vice President. Effective November 8, 2010, Ms. Morgenstern's employment as Executive Vice President terminated. In accordance with her employment agreement, she resigned from the Board of Directors. On January 31, 2011, the Company paid \$275,000 as severance to Ms. Morgenstern.

Daniel D. Cronheim is an inside Director of the Company and Executive Vice President of David Cronheim Company (Cronheim) and CMS. Daniel Cronheim received \$25,000, \$20,500 and \$16,000 for Director's fees in 2011, 2010 and 2009, respectively. The David Cronheim Company received \$15,400, \$22,773 and \$20,352 in lease commissions in 2011, 2010 and 2009, respectively. The David Cronheim Mortgage Corporation, an affiliated company, received \$-0-, \$100,000 and \$-0- in mortgage brokerage commissions in 2011, 2010 and 2009, respectively.

CMS, a division of David Cronheim Company, received the sum of \$547,751, \$421,647 and \$375,477 and for property management fees during the years ended 2011, 2010 and 2009, respectively. During 2011, 2010 and 2009, the Company was subject to a management contract with CMS. For the calendar years 2011 and 2010, the management fee was fixed at \$380,000 per year plus the actual costs of subagents, up to a maximum of 1.5% of rents under management. Management believes that the aforesaid fees are no more than what the Company would pay for

comparable services elsewhere.

There are four Directors of the Company who are also Directors and shareholders of UMH. During 2011, the Company purchased 200,000 shares of the UMH Series A 8.125% preferred stock in a public offering for

112

\$5,000,000. The Company holds common and preferred stock of UMH in its securities portfolio. See Note No. 7 for current holdings. During 2011, the Company repurchased \$5,000,000 in 8% Debentures due 2015 held by UMH.

The Company shares some officers and employees with UMH. Some general and administrative expenses were allocated between the Company and UMH based on use or services provided. Allocations of salaries and benefits are made based on the amount of the employees' time dedicated to each affiliated company. Shared expenses are allocated between the Company and UMH.

NOTE 13 - TAXES

Income Tax

The Company has elected to be taxed as a Real Estate Investment Trust under the applicable provisions of the Internal Revenue Code under Sections 856 to 860 and the comparable New Jersey Statutes. Under such provisions, the Company will not be taxed on that portion of its taxable income distributed currently to shareholders, provided that at least 90% of its taxable income is distributed. As the Company has and intends to continue to distribute all of its income currently, no provision has been made for income taxes. If the Company fails to qualify as a REIT in any taxable year, it will be subject to federal income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for four subsequent taxable years. Even if the Company qualifies for taxation as a REIT, the Company may be subject to certain state and local taxes on its income and property, and to federal income and excise taxes on its undistributed taxable income. In addition, taxable income from non-REIT activities managed through taxable REIT subsidiaries is subject to federal, state, and local income taxes.

Federal Excise Tax

The Company does not have a Federal excise tax liability for the calendar years 2011, 2010 and 2009, since it intends to or has distributed all of its annual income.

NOTE 14 - SHAREHOLDERS' EQUITY AND NONCONTROLLING INTEREST

Common Stock

The Company implemented a dividend reinvestment and stock purchase plan (the DRIP) effective December 15, 1987, as amended. Under the terms of the DRIP and subsequent amendments, shareholders who participate may reinvest all or part of their dividends in additional shares of the Company at a discounted price directly from the Company, from authorized but unissued shares of the Company common stock or at market price when purchased by the Company's transfer agent on the open market. When purchased in the open market, the purchase price per share will be the weighted average purchase price per share paid by the transfer agent for all of the shares purchased. In determining the weighted average purchase price, purchases may be aggregated for both dividend reinvestment and optional cash purchases, or independent calculations may be made, at the discretion of the Company. According to the terms of the DRIP, shareholders may also purchase additional shares by making optional cash payments monthly.

Amounts received, including dividend reinvestment of \$5,281,032, \$4,646,598 and \$4,328,028 in 2011, 2010 and 2009, respectively, and shares issued in connection with the DRIP for the years ended September 30, 2011, 2010 and 2009 were as follows:

	2011	2010	2009
Amounts Received	\$19,372,335	\$15,930,405	\$7,450,504
Shares Issued	2,478,735	2,253,074	1,221,753

The following cash distributions were paid to common shareholders during the years ended September 30, 2011, 2010 and 2009:

On October 4, 2011 the Board of Directors declared a dividend of \$.15 per share to be paid on December 15, 2011 to shareholders of record on November 15, 2011.

Preferred Stock

Prior to the offering described herewith, the Company had outstanding 1,322,500 shares of 7.625% Series A Cumulative Redeemable Preferred Stock, par value as of September 30, 2010 \$.01 per share (Series A Preferred Stock). On October 14, 2010, the Company sold 817,250 shares of its Series A Preferred Stock in a registered direct placement at \$24.00 per share. The Company received net proceeds of approximately \$19,000,000 and used the net proceeds from the offering to purchase additional properties in the ordinary course of business and for general corporate purposes, including the repayment of indebtedness. The Company now has a total of 2,139,750 shares of Series A Preferred Stock outstanding representing an aggregate liquidation preference of approximately \$53,500,000.

The annual dividend of \$1.90625 per share, or 7.625% of the \$25.00 per share liquidation value, is payable quarterly in arrears on March 15, June 15, September 15, and December 15. The Series A Preferred Stock has no maturity and will remain outstanding indefinitely unless redeemed or otherwise repurchased. Except in limited circumstances relating to the Company's qualification as a REIT, and as described below, the Series A Preferred Stock is not redeemable prior to December 5, 2011. On and after December 5, 2011, at any time and from time to time, the Series A Preferred Stock will be redeemable in whole, or in part, at the Company's option, at a cash redemption price of \$25.00 per share, plus all accrued and unpaid dividends (whether or not declared) to the date of redemption.

During any period of time that both (i) the Series A Preferred Stock is not listed on the New York Stock Exchange or The NASDAQ Stock Market and (ii) the Company is not subject to the reporting requirements of the Securities Exchange Act of 1934, as amended (the Exchange Act), but any shares of Series A Preferred Stock are outstanding, the Company will (a) increase the cumulative cash dividends payable on the Series A Preferred Stock to a rate of 8.625% per year of the \$25.00 liquidation value per share, which is equivalent to \$2.15625 per share per year, and (b) have the option to redeem the outstanding Series A Preferred Stock, in whole but not in part, within 90 days after the date upon which the shares of the Company cease to be listed and cease to be subject to such reporting requirements, for a redemption price of \$25.00 per share, plus accrued and unpaid dividends, if any, to the redemption date. Holders of the Series A Preferred Stock generally have no voting rights, except if the Company fails to pay dividends for six or more quarterly periods, whether or not consecutive, or with respect to certain specified events.

Treasury Stock

On March 3, 2009, the Board of Directors approved a Share Repurchase Program (the repurchase program) that authorizes the Company to purchase up to \$10,000,000 in the aggregate of the Company's common stock. The repurchase program is intended to be implemented through purchases made from time to time using a variety of methods, which may include open market purchases, privately negotiated transactions or block trades, or by any combination of such methods, in accordance with applicable insider trading and other securities laws and regulations. The size, scope and timing of any purchases will be based on business, market and other conditions and factors, including price, regulatory and contractual requirements or consents, and capital availability. The repurchase program does not require the Company to acquire any particular amount of common stock, and the program may be suspended, modified or discontinued at any time at the Company's discretion without prior notice. Shares of stock repurchased under the program will be held as treasury shares. There were no repurchases during the year ended September 30, 2011.

NOTE 15 - FAIR VALUE MEASUREMENTS

The Company follows ASC 825, Financial Instruments, for financial assets and liabilities recognized at fair value on a recurring basis. We measure certain financial assets and liabilities at fair value on a recurring basis, including securities available for sale. The fair value of these certain financial assets was determined using the following inputs at September 30, 2011:

Fair Value Measurements at Reporting Date Using

Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Securities available for sale	\$44,265,059	\$44,265,059	\$-0-
Real estate held for sale	2,561,727	-0-	2,561,727

The Company is also required to disclose certain information about fair values of financial instruments. Estimates of fair value are made at a specific point in time based upon where available, relevant market prices and information about the financial instrument. Such estimates do not include any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument. For a portion of the Company's financial instruments, no quoted market value exists. Therefore, estimates of fair value are necessarily based on a number of significant assumptions (many of which involve events outside the control of management). Such assumptions include assessments of current economic conditions, perceived risks associated with these financial instruments and their counterparties; future expected loss experience and other factors. Given the uncertainties surrounding these assumptions, the reported fair values represent estimates only and, therefore, cannot be compared to the historical accounting model. Use of different assumptions or methodologies is likely to result in significantly different fair value estimates.

The fair value of cash and cash equivalents approximates their current carrying amounts since all such items are short-term in nature. The fair value of variable rate mortgage notes payable and loans payable approximate their current carrying amounts since such amounts payable are at approximately a weighted-average current market rate of interest. At September 30, 2011, the fair value (estimated based upon expected cash outflows discounted at current market rates) and carrying value of fixed rate mortgage notes payable amounted to \$218,569,000 and \$211,614,170, respectively. As of September 30, 2011, the real estate held for sale is recorded at

estimated fair value. As of September 30, 2011, the above listed real estate held for sale consists of an industrial property in Quakertown, PA which was classified as held for sale as of September 30, 2011 and is recorded at estimated fair value. On October 31, 2011, the Company sold this property. See Note No. 18 for details on the sale transaction.

NOTE 16 - CASH FLOW AND COMPREHENSIVE INCOME INFORMATION

During 2011, 2010 and 2009, the Company paid cash for interest of \$14,890,277, \$15,111,877 and \$14,084,559, respectively. For 2011, 2010 and 2009, these amounts are net of interest capitalized of \$-0-, \$-0- and \$36,000, respectively.

During 2011, 2010 and 2009, the Company had \$5,281,032, \$4,646,598 and \$4,328,028, respectively, of dividends which were reinvested that required no cash transfers.

The Company assumed mortgages in connection with the acquisitions of the two industrial properties in Lebanon, Tennessee and Rockford, Illinois with a balance of \$10,577,988 upon assumption.

The following are the reclassification adjustments related to securities available for sale included in Accumulated Other Comprehensive Income (Loss).

	2011	2010	2009

NOTE 17 – CONTINGENCIES AND COMMITMENTS

From time to time, the Company can be subject to claims and litigation in the ordinary course of business. Management does not believe that any such claim or litigation will have a material adverse effect on the consolidated balance sheet or results of operations.

The Company has contracts to purchase four industrial building for approximately \$37,000,000. These purchases are anticipated to close in the first quarter of fiscal 2012, the third quarter of fiscal 2012 and the first fiscal quarter of 2013.

NOTE 18 – SUBSEQUENT EVENTS

Material subsequent events have been evaluated and are disclosed herein.

On October 11, 2011, the Company purchased a 368,060 square foot industrial building located in Streetsboro, Ohio. The building is 100% net leased to Best Buy Warehousing Logistics, Inc. through January 31, 2022. The purchase price was approximately \$19,600,000. The Company obtained a mortgage of \$12,740,000 at a fixed interest rate of 5.5% for 10 years and paid the remaining amount with a draw on its line of credit. This mortgage matures on November 1, 2021. Annual rental income over the remaining term of the lease is approximately \$1,586,000.

On October 18, 2011, the Company purchased a 46,000 square foot industrial building located in Corpus Christi, Texas. The building is 100% net leased to FedEx Ground Package Systems, Inc. through August 31, 2021 and is subject to a ground lease with the City of Corpus Christi. The purchase price was approximately \$5,000,000. The Company obtained a mortgage of \$3,150,000 at a fixed interest rate of 5.5% for the first 5 years and paid the remaining amount with a draw on its line of credit. On October 1, 2016, the interest rate resets to the Federal Home

Loan Bank of New York rate plus 300 basis points with a floor of 5.5%. This mortgage matures on November 1, 2021. Annual rental income over the remaining term of the lease is approximately \$417,000.

On October 31, 2011, the Company sold a 37,660 square foot industrial building in Quakertown, Pennsylvania with gross proceeds to the Company of \$2,765,000. The property was leased to MagiKitch'n, Inc. at the time of the sale through March 31, 2015 and the lease was terminated in conjunction with the sale. The Company anticipates an immaterial gain to be recognized on the sale. The operating results of the property are presented as discontinued operations in the fiscal year ended September 30, 2011. The net proceeds were used to pay down the Company's line of credit.

On November 9, 2011, the Company purchased a 75,000 square foot industrial building located in Halfmoon, New York. The building is 100% net leased to RGH Enterprises Inc. d/b/a/ Edgepark Medical Supplies through December 1, 2021. The purchase price was approximately \$6,019,000. The Company used a draw on its line of credit to fund this purchase. Annual rental income over the remaining term of the lease is approximately \$575,000.

On November 29, 2011, the Company closed on a \$2,500,000 5-year term loan with Two River Community Bank at an annual interest rate of 4.9%. The loan has interest only payments for the first three years. The loan is secured by 200,000 shares of the UMH 8.25% Series A preferred stock which was purchased by the Company in a public offering for a total purchase price of \$5,000,000. The net proceeds were used to pay down the Company's margin line.

On November 30, 2011, the Company's common stock was added to the MSCI US REIT Index. The MSCI US REIT Index is one of the most commonly used benchmarks for the overall U.S. public REIT market and includes the leading real estate investment trusts in the country.

On December 5, 2011 the Company sold 2,000,000 shares of common stock in a registered direct placement. The Company received net proceeds from this offering of approximately \$16,200,000. The Company intends to use such net proceeds to purchase addition properties in the normal course of business and for general corporate purposes.

The Company has entered into an agreement to purchase one industrial property located in Ohio for approximately \$5,100,000 and expects to consummate this transaction during the first quarter of fiscal 2012.

The Company has also entered into agreements to acquire two industrial properties in Texas and one industrial property in Oklahoma, subject to due diligence which the Company is currently conducting. These are new constructions that will be subject to 10 year net-leases to FedEx Ground Package Systems, Inc. These properties are scheduled for completion and occupancy in the second half of fiscal 2012 and the first quarter of fiscal 2013. The combined purchase price for these three properties will be approximately \$31,950,000. Subject to satisfactory due diligence, the Company anticipates closing these three transactions upon rent commencement.
