ITEM 8.01 OTHER EVENTS  
-----

During the time since Jack in the Box Inc. issued its proxy materials with respect to the Annual Meeting of Stockholders to be held on February 13, 2009, RiskMetrics Group inquired about the Company's intent to make tax gross-up payments in the future and about the details of a relocation payment made to the Company's Senior Vice President, General Counsel and Secretary, Phillip H. Rudolph. The following information is provided to clarify the Company's intent regarding tax gross-up payments and to amplify the details of the relocation payment.

Jack in the Box Inc. has changed its compensation practice to eliminate future tax gross-up payments in connection with perquisites provided to executive officers, except with respect to standard relocation benefits and spousal travel for certain company-sponsored events.

Of the total \$372,088 in "Other" compensation earned by Senior Vice President, General Counsel and Corporate Secretary Phillip H. Rudolph in fiscal 2008, \$189,000 related to the loss on the sale of Mr. Rudolph's prior home. Mr. Rudolph's home had been listed for approximately 300 days at the time of its sale. The Compensation Committee approved this payment in order to reduce the financial burden of Mr. Rudolph's relocation to the San Diego area. The Company did not provide Mr. Rudolph with a signing bonus or employment contract for joining the Company.

The Company's relocation benefits do not routinely provide for reimbursement of losses in connection with the sale of a home. However, given the decline in the housing market over the past year, in a few circumstances, the Company has deemed such reimbursements to be a practical necessity in attracting talent. In addition to Mr. Rudolph, three other non-officer employees of the Company were provided with such reimbursements in order to reduce the financial burden of relocating to its San Diego headquarters. The Company will continue to evaluate the necessity of providing such reimbursements on a case-by-case basis in the future.
