INDEPENDENT AUDITORS' REPORT

DEMPSEY VANTREASE & FOLLIS PLLC

Independent Auditors' Report

To the Board of Directors and Stockholders  
Techlabs, Inc.

We have audited the accompanying balance sheet of Techlabs, Inc. and Subsidiaries as of December 31, 2002, and the related statement of operations, and changes in stockholders' deficit and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. The Company's financial statements as of December 31, 2001 were audited by other auditors whose report dated April 12, 2002 except as to Note 13 for which the date is June 4, 2002 included an explanatory paragraph describing conditions that raised substantial doubt about the Company's ability to continue as a going concern.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2002 financial statements referred to above present fairly, in all material respects, the financial position of Techlabs, Inc. and Subsidiaries as of December 31, 2002, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's significant operating losses raise substantial doubt about its ability to continue as a going concern. These financial statements do not include adjustments that might result from the outcome of this uncertainty.
