REGAL ENTERTAINMENT GROUP  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 26, 2013 AND SEPTEMBER 27, 2012

1. THE COMPANY AND BASIS OF PRESENTATION

Regal Entertainment Group (the "Company," "Regal," "we" or "us") is the parent company of Regal Entertainment Holdings, Inc. ("REH"), which is the parent company of Regal Cinemas Corporation ("Regal Cinemas") and its subsidiaries. Regal Cinemas' subsidiaries include Regal Cinemas, Inc. ("RCI") and its subsidiaries, which include Edwards Theatres, Inc. ("Edwards") and United Artists Theatre Company ("United Artists"). The terms Regal or the Company, REH, Regal Cinemas, RCI, Edwards and United Artists shall be deemed to include the respective subsidiaries of such entities when used in discussions included herein regarding the current operations or assets of such entities. Majority-owned subsidiaries that the Company controls are consolidated while those affiliates of which the Company owns between 20% and 50% and does not control are accounted for under the equity method. Those affiliates of which the Company owns less than 20% are generally accounted for under the cost method, unless the Company is deemed to have the ability to exercise significant influence over the affiliate, in which case the Company would account for its investment under the equity method. The results of these subsidiaries and affiliates are included in the unaudited condensed consolidated financial statements effective with their formation or from their dates of acquisition. Intercompany balances and transactions are eliminated in consolidation.

Regal operates the largest theatre circuit in the United States, consisting of 7,334 screens in 575 theatres in 42 states along with Guam, Saipan, American Samoa and the District of Columbia as of September 26, 2013. The Company formally operates on a 52-week fiscal year with each quarter generally consisting of 13 weeks, unless otherwise noted. The Company's fiscal year ends on the first Thursday after December 25, which in certain years results in a 53-week fiscal year.

For a discussion of significant transactions that have occurred through December 27, 2012, please refer to the notes to the consolidated financial statements included in Part II, Item 8 of our annual report on Form 10-K filed on February 25, 2013 with the Securities and Exchange Commission (the "Commission") (File No. 1-31315) for the fiscal year ended December 27, 2012 (the "2012 Audited Consolidated Financial Statements"). For a summary of our significant accounting policies, please refer to Note 2 to the 2012 Audited Consolidated Financial Statements.

The Company has prepared the unaudited condensed consolidated balance sheet as of September 26, 2013 and the unaudited condensed consolidated statements of income, comprehensive income, and cash flows for the quarters and three quarters ended September 26, 2013 and September 27, 2012 in accordance with U.S. generally accepted accounting principles for interim financial information and the rules and regulations of the Commission. Accordingly, certain information and footnote disclosures typically included in an annual report have been condensed or omitted for this quarterly report. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly in all material respects the financial position, results of operations and cash flows for all periods presented have been made. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates. The December 27, 2012 unaudited condensed consolidated balance sheet information is derived from the 2012 Audited Consolidated Financial Statements. These unaudited condensed consolidated financial statements should be read in conjunction with the 2012 Audited Consolidated Financial Statements and notes thereto. The results of operations for the quarter and three quarters ended September 26, 2013 are not necessarily indicative of the operating results that may be achieved for the full 2013 fiscal year.

2. INVESTMENTS

### Investment in National CineMedia, LLC

We maintain an investment in National CineMedia, LLC ("National CineMedia" or "NCM"). National CineMedia primarily concentrates on in-theatre advertising for its theatrical exhibition partners, which include us, AMC Entertainment, Inc. ("AMC") and Cinemark, Inc. ("Cinemark"). The formation of National CineMedia, related IPO of National CineMedia, Inc. ("NCM, Inc.") and other related transactions are further described in Note 4 to the 2012 Audited Consolidated Financial Statements.

We account for our investment in National CineMedia following the equity method of accounting and such investment is included as a component of "Other Non-Current Assets" in the accompanying unaudited condensed consolidated balance sheets. From time to time, the Company receives additional newly issued common units of National CineMedia ("Additional Investments Tranche") as a result of the adjustment provisions of the Common Unit Adjustment Agreement. The Company

follows the guidance in Accounting Standards Codification ("ASC") 323-10-35-29 (formerly EITF 2-18, Accounting for Subsequent Investments in an Investee after Suspension of Equity Loss Recognition) by analogy, which also refers to AICPA Technical Practice Aid 2220.14, which indicates that if a subsequent investment is made in an equity method investee that has experienced significant losses, the investor must determine if the subsequent investment constitutes funding of prior losses. The Company concluded that the construction or acquisition of new theatres that has led to the common unit adjustments included in its Additional Investments Tranche equates to making additional investments in National CineMedia. The Company evaluated the receipt of the additional common units in National CineMedia and the assets exchanged for these additional units and has determined that the right to use its incremental new screens would not be considered funding of prior losses. As such, the Additional Investments Tranche is accounted for separately from the Company's Initial Investment Tranche (as defined and described more fully in Note 4 to the 2012 Audited Consolidated Financial Statements) following the equity method with undistributed equity earnings included as a component of "Earnings recognized from NCM" in the accompanying unaudited condensed consolidated financial statements.

Below is a summary of activity with National CineMedia included in the Company's unaudited condensed consolidated financial statements as of and for the three quarters ended September 26, 2013:

Balance as of and for the period ended September 26, 2013	\$96.0	\$(372.8 )	\$76.6	\$(24.6 )	\$(14.7 )	\$(30.9 )

On March 14, 2013, we received from National CineMedia approximately 2.2 million newly issued common units of National CineMedia in accordance with the annual adjustment provisions of the Common Unit Adjustment Agreement. The Company recorded the additional common units (Additional Investments Tranche) at fair value using the available closing stock price of NCM, Inc. as of the date on which the units were received. With respect (1) to the common units received on March 14, 2013, the Company recorded an increase to its investment in National CineMedia of \$33.8 million with a corresponding increase to deferred revenue. The deferred revenue amount is being amortized to advertising revenue over the remaining term (approximately 23 years) of the exhibitor services agreement, between RCI and National CineMedia ("ESA") following the units of revenue method as described in (4) below.

(2) During the three quarters ended September 26, 2013 and September 27, 2012, the Company received \$26.3 million and \$25.6 million, respectively, in cash distributions from National CineMedia (including payments of \$4.6 million and \$8.5 million received under the tax receivable agreement described in Note 4 to the 2012 Audited Consolidated Financial Statements of the Company). Approximately \$6.3 million and \$5.1 million of these cash distributions received during the three quarters ended September 26, 2013 and September 27, 2012, respectively, were

attributable to the Additional Investments Tranche and were recognized as a reduction in our investment in National CineMedia. The remaining amounts were recognized in equity earnings during each of these periods and have been included as components of "Earnings recognized from NCM" in the accompanying unaudited condensed consolidated financial statements.

The Company recorded other revenues, excluding the amortization of deferred revenue, of approximately \$9.4 million and \$8.1 million for the three quarters ended September 26, 2013 and September 27, 2012, respectively, pertaining to our agreements with National CineMedia, including per patron and per digital screen theatre access (3) fees (net of payments of \$11.8 million and \$11.1 million for the three quarters ended September 26, 2013 and September 27, 2012, for on-screen advertising time provided to our beverage concessionaire) and other NCM revenue. These advertising revenues are presented as a component of "Other operating revenues" in the Company's unaudited condensed consolidated financial statements.

Amounts represent amortization of ESA modification fees received from NCM to advertising revenue utilizing the (4) units of revenue amortization method. These advertising revenues are presented as a component of "Other operating revenues" in the Company's unaudited condensed consolidated financial statements.

Table of Contents

Amounts represent the Company's share in the net income of National CineMedia with respect to the Additional (5) Investments Tranche. Such amounts have been included as a component of "Earnings recognized from NCM" in the unaudited condensed consolidated financial statements.

During the quarter ended September 26, 2013, the Company redeemed 2.3 million of its National CineMedia common units for a like number of shares of NCM, Inc. common stock, which the Company sold in an underwritten public offering (including underwriter over-allotments) for \$17.79 per share, reducing our investment in National CineMedia by approximately \$10.0 million, the average carrying amount of the shares sold. The (6) Company received approximately \$40.9 million in proceeds, resulting in a gain on sale of approximately \$30.9 million. We accounted for this transaction as a proportionate decrease in the Company's Initial Investment Tranche and Additional Investments Tranche and accordingly, our ownership share in National CineMedia decreased to 22.0 million common units. On a fully diluted basis, we own a 17.9% interest in NCM, Inc. as of September 26, 2013.

In addition, as of September 26, 2013, approximately \$1.8 million and \$1.6 million due from/to National CineMedia were included in "Trade and other receivables, net" and "Accounts payable," respectively. As of December 27, 2012, approximately \$2.5 million and \$2.8 million due from/to National CineMedia were included in "Trade and other receivables, net" and "Accounts payable," respectively.

Summarized unaudited consolidated statements of operations information for National CineMedia for the quarters and two quarters ended June 27, 2013 and June 28, 2012 is as follows (in millions):

#### Investment in Digital Cinema Implementation Partners

We maintain an investment in Digital Cinema Implementation Partners, LLC, a Delaware limited liability company ("DCIP"). DCIP is a joint venture company formed by Regal, AMC and Cinemark. Regal holds a 46.7% economic interest in DCIP as of September 26, 2013 and a one-third voting interest along with each of AMC and Cinemark. Since the Company is not the primary beneficiary of DCIP or any of its subsidiaries, it accounts for its investment in DCIP under the equity method of accounting. The Company's investment in DCIP is included as a component of "Other Non-Current Assets" in the accompanying unaudited condensed consolidated balance sheets. The change in the carrying amount of our investment in DCIP for the three quarters ended September 26, 2013 is as follows (in millions):

DCIP funds the cost of conversion to digital projection principally through the collection of virtual print fees from motion picture studios and equipment lease payments from participating exhibitors, including us. In accordance with the master equipment lease agreement (the "Master Lease"), the digital projection systems are leased from Kasima, LLC under a twelve-year term with ten one-year fair value renewal options. The Master Lease also contains a fair value purchase option. Under the Master Lease, the Company pays annual minimum rent of \$1,000 per digital projection system from the effective date of the agreement through the end of the lease term and is, upon the conditions described below, subject to incremental annual rent of \$2,000 per digital projection system beginning at six and a half years from the effective date of the agreement through the end of the lease term. In the event that the junior capital raised by DCIP in the initial financing transactions remains outstanding at any time on or after the date that is six and a half years after the closing date of March 2010, the holders of the related notes

will have the right to require the Company and other participating exhibitors to make incremental minimum rent payments of \$2,000 per digital projection system per year through the earlier of the end of the lease term or until such notes are repaid. The Company considers both the \$1,000 minimum rental and the incremental minimum rental payment of \$2,000 per digital projection system to be minimum rents and accordingly has recorded such rents on a straight-line basis in its consolidated financial statements. The Company is also subject to various types of other rent if such digital projection systems do not meet minimum performance requirements as outlined in the Master Lease. Certain of the other rent payments are subject to either a monthly or an annual maximum. The Company accounts for the Master Lease as an operating lease for accounting purposes. During the three quarters ended September 26, 2013 and September 27, 2012, the Company incurred total rent of approximately \$10.9 million and \$9.3 million, respectively, associated with the leased digital projection systems. As of September 26, 2013, we operated 7,239 screens outfitted with digital projection systems.

## Investment in Open Road Films

We maintain an investment in Open Road Films, a film distribution company jointly owned by us and AMC. The Company's cumulative cash investment in Open Road Films totaled \$20.0 million as of September 26, 2013 and the Company may invest an additional \$10.0 million in this joint venture. We account for our investment in Open Road Films using the equity method of accounting. As a result of cumulative losses recorded in Open Road Films, the Company's investment in Open Road Films was reduced to a minimum carrying value of \$(10.0) million as of December 27, 2012. Consistent with the accounting model provided by ASC 323-10-35-22, as of December 27, 2012, the Company did not provide for any additional losses of Open Road Films since it has not guaranteed obligations of Open Road Films and otherwise has not committed to provide further financial support for Open Road Films above its initial \$30.0 million commitment. Accordingly, the Company discontinued equity method accounting for its investment in Open Road Films as of December 27, 2012 since the amount of excess losses incurred through December 27, 2012 exceeded its initial \$30.0 million commitment by approximately \$2.2 million.

During the three quarters ended September 26, 2013, the Company resumed equity method accounting for its investment in Open Road Films as its share of equity in the earnings of Open Road Films exceeded the amount of excess losses incurred through December 27, 2012 by approximately \$6.4 million. The Company's investment in Open Road Films is included as a component of "Other Non-Current Liabilities" in the accompanying unaudited condensed consolidated balance sheets. The change in the carrying amount of our investment in Open Road Films for the three quarters ended September 26, 2013 is as follows (in millions):

Equity in earnings of Open Road Films(1)	6.4

### Fathom Events Transaction

On August 1, 2013, a non-binding letter of intent was signed among NCM, Regal, Cinemark and AMC whereby NCM would contribute the assets of its Fathom Events division to a new entity to be formed by Regal, Cinemark and AMC in exchange for an interest-bearing \$25 million promissory note guaranteed by Regal, Cinemark and AMC. NCM will retain a 10% ownership in the new entity and Regal, Cinemark and AMC will own the remaining 90%. The letter of intent provides for a transition services agreement whereby NCM will agree to provide certain corporate overhead services to the new entity for a period of nine months following the closing for a fee. The closing of the transaction is expected to occur in the fourth quarter of 2013.

## 3. ACQUISITIONS

### Acquisition of Hollywood Theaters

On March 29, 2013, Regal completed the acquisition of Hollywood Theaters, whereby it acquired a total of 43 theatres with 513 screens for an aggregate net cash purchase price, before post-closing adjustments, of \$194.4 million. In addition, the Company assumed approximately \$47.9 million of capital lease and lease financing obligations, and certain working capital. The cash portion of the purchase price included repayment of approximately \$167 million of the sellers' debt and is subject to customary post-closing adjustments. The acquisition of Hollywood Theaters enhanced the Company's presence in 16 states and 3 U.S. territories. The Company incurred approximately \$3.0 million in transaction costs, which are reflected in "general and administrative expenses" in the accompanying unaudited condensed consolidated statement of income for the three quarters ended September 26, 2013. The aggregate net cash purchase price was allocated to the identifiable assets acquired and liabilities assumed for each of the respective theatre locations based on their estimated fair values at the date of acquisition using the acquisition method of accounting. The allocation of the purchase price is based on management's judgment after evaluating several factors, including an independent third party valuation. The results of operations of the acquired theatres have been included in the Company's consolidated financial statements for periods subsequent to the acquisition date.

The following is a summary of the preliminary allocation of the aggregate net cash purchase price (before post-closing adjustments) to the estimated fair values of the identifiable assets acquired and liabilities assumed that have been recognized by the Company in its consolidated balance sheet as of the date of acquisition (in millions):

Regal Cinemas Sixth Amended and Restated Credit Agreement— As described further in Note 5 to the 2012 Audited Consolidated Financial Statements, on May 19, 2010, Regal Cinemas entered into a sixth amended and restated credit agreement (the "Credit Agreement"), with Credit Suisse AG, Cayman Islands Branch, as Administrative Agent ("Credit Suisse"), and the lenders party thereto (the "Lenders"). The Credit Agreement provides, among other things, for senior secured credit facilities consisting of a term loan facility (the "Term Facility") with an original principal balance of \$1,006.0 million and final maturity date in August 2017 and a revolving credit facility (the "Revolving Facility") of up to \$85.0 million (the "Revolving Commitment") with a final maturity date in May 2017.

On April 19, 2013 (the "Second Amendment Date"), Regal Cinemas, Regal, REH and the other affiliates of Regal Cinemas party thereto, as guarantors, entered into an amendment (the "Second Amendment") to the Credit Agreement, with Credit Suisse and the lenders party thereto. The Second Amendment amends the Credit Agreement by reducing the interest rate on the Term Facility by 0.50%. Specifically, the Second Amendment provides that, depending on the consolidated leverage ratio of Regal Cinemas and its subsidiaries, the applicable margin under the Term Facility for base rate loans will be either 1.50% or 1.75% and the applicable margin under the Term Facility for LIBOR rate loans will be either 2.50% or 2.75%. Among other things, the Second Amendment also amends the Credit Agreement (i) by deleting the interest coverage ratio test and providing that the remaining financial covenants will only be tested if the outstanding amount of the revolving loans and letters of credit (including unreimbursed drawings) under the Revolving Facility equals or exceeds 25% of the Revolving Commitment, (ii) by providing for a 1% prepayment premium applicable in the event that Regal Cinemas enters into a

refinancing or amendment of the Term Facility on or prior to the first anniversary of the Second Amendment Date that, in either case, has the effect of reducing the interest rate on the Term Facility, (iii) to permit the release of Regal from its guarantee of the obligations under the Credit Agreement in the event that it does not guarantee any other debt of Regal Cinemas or its subsidiaries, and (iv) by eliminating the mortgage requirement for fee-owned real properties that are acquired by Regal Cinemas or its subsidiaries after the Second Amendment Date. Except as amended by the Second Amendment, the remaining terms of the Credit Agreement remain in full force and effect. As a result of the Second Amendment, the Company recorded a loss on debt extinguishment of approximately \$0.4 million.

In addition, on May 28, 2013, Regal Cinemas, Regal, REH and the other affiliates of Regal Cinemas party thereto, as guarantors, entered into a Loan Modification Agreement with Credit Suisse and the revolving lenders party thereto (the "Loan Modification Agreement"). The Loan Modification Agreement amends the Credit Agreement by reducing the interest rate on the Revolving Facility by 1.00%. Specifically, the Loan Modification Agreement provides that, depending on the consolidated leverage ratio of Regal Cinemas and its subsidiaries, the applicable margin under the Revolving Facility for base rate loans will be either 1.50% or 1.75% and the applicable margin under the Revolving Facility for LIBOR rate loans will be either 2.50% or 2.75%. The Loan Modification Agreement also amends the Credit Agreement to extend the maturity date of the Revolving Facility from May 19, 2015 to May 19, 2017.

As of September 26, 2013 and December 27, 2012, borrowings of \$980.9 million and \$988.4 million, respectively, were outstanding under the Term Facility at an effective interest rate of 3.20% (as of September 26, 2013) and 3.53% (as of December 27, 2012), after the impact of the interest rate swaps described below is taken into account.

Regal 9<sup>1</sup>/<sub>8</sub>% Senior Notes— On August 16, 2010, Regal issued \$275.0 million in aggregate principal amount of the Company's 9<sup>1</sup>/<sub>8</sub>% Senior Notes (the "9<sup>1</sup>/<sub>8</sub>% Senior Notes") under an Indenture with Wells Fargo Bank, National Association, as trustee (the "Trustee"). The net proceeds from the offering, after deducting offering expenses paid by the Company, were approximately \$269.5 million. The Company used a portion of the net proceeds from the offering to repurchase a portion of the Company's then-outstanding 6<sup>1</sup>/<sub>4</sub>% Convertible Senior Notes.

On January 4, 2011, Regal sold \$150.0 million in aggregate principal amount of the Company's 9<sup>1</sup>/<sub>8</sub>% Senior Notes at a price equal to 104.5% of their face value. The notes were issued on January 7, 2011 under the existing Indenture entered into by and between the Company and the Trustee, as supplemented by the First Supplemental Indenture, dated January 7, 2011. In addition, on February 10, 2011, Regal sold \$100.0 million in aggregate principal amount of the Company's 9<sup>1</sup>/<sub>8</sub>% Senior Notes at a price equal to 104.5% of their face value. The notes were issued on February 15, 2011 under the existing Indenture entered into by and between the Company and the Trustee, as supplemented by the First Supplemental Indenture, and the Second Supplemental Indenture, dated February 15, 2011. The notes issued in 2011 constitute additional securities under the existing Indenture and are treated as a single series with, and have the same terms as, and are fungible with, the \$275.0 million aggregate principal amount of the Company's 9<sup>1</sup>/<sub>8</sub>% Senior Notes previously issued under the Indenture in 2010. The net proceeds from the 2011 offerings, after deducting underwriting discounts and commissions paid by the Company, were approximately \$257.8 million. The Company used the net proceeds to repay approximately \$234.6 million of the Credit Agreement and for general corporate purposes.

The 9<sup>1</sup>/<sub>8</sub>% Senior Notes bear interest at a rate of 9.125% per year, payable semiannually in arrears in cash on February 15 and August 15 of each year. The 9<sup>1</sup>/<sub>8</sub>% Senior Notes mature on August 15, 2018. The 9<sup>1</sup>/<sub>8</sub>% Senior Notes are the Company's senior unsecured obligations. They rank on parity with all of the Company's existing and future senior unsecured indebtedness and prior to all of the Company's subordinated indebtedness. The 9<sup>1</sup>/<sub>8</sub>% Senior Notes are effectively subordinated to all of the Company's future secured indebtedness to the extent of the assets securing that indebtedness and to any indebtedness and other liabilities of the Company's subsidiaries. None of the Company's subsidiaries initially guarantee any of the Company's obligations with respect to the 9<sup>1</sup>/<sub>8</sub>% Senior Notes.

Prior to August 15, 2014, the Company may redeem all or any part of the 9<sup>1</sup>/<sub>8</sub>% Senior Notes at its option at 100% of the principal amount plus a make-whole premium. The Company may redeem the 9<sup>1</sup>/<sub>8</sub>% Senior Notes in whole or in part at any time on or after August 15, 2014 at the redemption prices specified in the Indenture. The Company has not separated the make-whole premium from the underlying debt instrument to account for it as a derivative instrument as the economic characteristics and risks of this embedded derivative are clearly and closely related to the economic characteristics and risks of the underlying debt.

If the Company undergoes a change of control (as defined in the Indenture), holders may require the Company to repurchase all or a portion of their 9<sup>1</sup>/<sub>8</sub>% Senior Notes at a price equal to 101% of the principal amount of the 9<sup>1</sup>/<sub>8</sub>% Senior Notes being repurchased, plus accrued and unpaid interest, if any, to the repurchase date.

Table of Contents

The Indenture contains covenants that limit the Company's (and its restricted subsidiaries') ability to, among other things: (i) incur additional indebtedness; (ii) pay dividends on or make other distributions in respect of its capital stock, purchase or redeem capital stock, or purchase, redeem or otherwise acquire or retire certain subordinated obligations; (iii) enter into certain transactions with affiliates; (iv) permit, directly or indirectly, it to create, incur, or suffer to exist any lien, except in certain circumstances; (v) create or permit encumbrances or restrictions on the ability of its restricted subsidiaries to pay dividends or make distributions on their capital stock, make loans or advances to other subsidiaries or the Company, or transfer any properties or assets to other subsidiaries or the Company; and (vi) merge or consolidate with other companies or transfer all or substantially all of its assets. These covenants are, however, subject to a number of important limitations and exceptions. The Indenture contains other customary terms, including, but not limited to, events of default, which, if any of them occurs, would permit or require the principal, premium, if any, interest and any other monetary obligations on all the then outstanding 9<sup>1</sup>/<sub>8</sub>% Senior Notes to be due and payable immediately.

In connection with the issuance of the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 described below, on May 29, 2013, the Company commenced a tender offer to purchase for cash its 9<sup>1</sup>/<sub>8</sub>% Senior Notes. Total offer consideration for each \$1,000 principal amount of 9<sup>1</sup>/<sub>8</sub>% Senior Notes tendered was \$1,143.75, including an early tender premium payment of \$30.00 per \$1,000 principal amount of 9<sup>1</sup>/<sub>8</sub>% Senior Notes for those holders who properly tendered their 9<sup>1</sup>/<sub>8</sub>% Senior Notes on or before June 11, 2013. Upon consummation of the tender offer, approximately \$213.6 million aggregate principal amount of the 9<sup>1</sup>/<sub>8</sub>% Senior Notes was purchased. Total additional consideration paid for the tender offer, including the early tender premium payment, was approximately \$30.7 million. The tender offer was financed with the \$244.3 million of net proceeds from the issuance of the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023. As a result of the tender offer, the Company recorded a \$30.3 million loss on extinguishment of debt during the quarter ended June 27, 2013.

Regal Cinemas 8<sup>5</sup>/<sub>8</sub>% Senior Notes—On July 15, 2009, Regal Cinemas issued \$400.0 million in aggregate principal amount of its 8<sup>5</sup>/<sub>8</sub>% Senior Notes due 2019 (the "8<sup>5</sup>/<sub>8</sub>% Senior Notes") at a price equal to 97.561% of their face value in a transaction exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"). Interest on the 8<sup>5</sup>/<sub>8</sub>% Senior Notes is payable semi-annually in arrears on January 15 and July 15 of each year, beginning on January 15, 2010. The 8<sup>5</sup>/<sub>8</sub>% Senior Notes will mature on July 15, 2019.

The net proceeds from the offering, after deducting the initial purchase discount (approximately \$9.8 million) and offering expenses paid by the Company, were approximately \$381.3 million. The Company used all of the net proceeds from the offering to repay a portion of the Company's prior senior credit facility.

The 8<sup>5</sup>/<sub>8</sub>% Senior Notes are Regal Cinemas' general senior unsecured obligations and rank equally in right of payment with all of its existing and future senior unsecured indebtedness; and senior in right of payment to all of Regal Cinemas' existing and future subordinated indebtedness. The 8<sup>5</sup>/<sub>8</sub>% Senior Notes are effectively subordinated to all of Regal Cinemas' existing and future secured indebtedness, including all borrowings under the Credit Agreement, to the extent of the value of the collateral securing such indebtedness, and are structurally subordinated to all existing and future indebtedness and other liabilities of any of Regal Cinemas' subsidiaries that are not guarantors of the 8<sup>5</sup>/<sub>8</sub>% Senior Notes.

The 8<sup>5</sup>/<sub>8</sub>% Senior Notes are fully and unconditionally guaranteed on a joint and several senior unsecured basis by Regal and all of Regal Cinemas' existing and future domestic restricted subsidiaries that guarantee its other indebtedness (collectively, with Regal, the "Note Guarantors"). The guarantees of the 8<sup>5</sup>/<sub>8</sub>% Senior Notes are the Note Guarantors' general senior unsecured obligations and rank equally in right of payment with all of the Note Guarantors' existing and future senior unsecured indebtedness, including the 9<sup>1</sup>/<sub>8</sub>% Senior Notes, and rank senior in right of payment to all of the Note Guarantors' existing and future subordinated indebtedness. The 8<sup>5</sup>/<sub>8</sub>% Senior Notes are effectively subordinated to all of the Note Guarantors' existing and future secured indebtedness, including the

guarantees under the Credit Agreement, to the extent of the value of the collateral securing such indebtedness, and are structurally subordinated to all existing and future indebtedness and other liabilities of any of the Note Guarantors' subsidiaries that is not a guarantor of the  $8^{5/8}\%$  Senior Notes.

Prior to July 15, 2014, the Company may redeem all or any part of the  $8^{5/8}\%$  Senior Notes at its option at 100% of the principal amount plus a make-whole premium. The Company may redeem the  $8^{5/8}\%$  Senior Notes in whole or in part at any time on or after July 15, 2014 at the redemption prices specified in the Indenture governing the  $8^{5/8}\%$  Senior Notes. The Company has not separated the make-whole premium from the underlying debt instrument to account for it as a derivative instrument as the economic characteristics and risks of this embedded derivative are clearly and closely related to the economic characteristics and risks of the underlying debt.

Table of Contents

If the Company undergoes a change of control (as defined in the Indenture), holders may require the Company to repurchase all or a portion of their 8<sup>5</sup>/<sub>8</sub>% Senior Notes at a price equal to 101% of the principal amount of the 8<sup>5</sup>/<sub>8</sub>% Senior Notes being repurchased, plus accrued and unpaid interest, if any, to the repurchase date.

The Indenture contains covenants that limit the Company's (and its restricted subsidiaries') ability to, among other things: (i) incur additional indebtedness; (ii) pay dividends on or make other distributions in respect of its capital stock, purchase or redeem capital stock, or purchase, redeem or otherwise acquire or retire certain subordinated obligations; (iii) enter into certain transactions with affiliates; (iv) permit, directly or indirectly, it to create, incur, or suffer to exist any lien, except in certain circumstances; (v) create or permit encumbrances or restrictions on its ability to pay dividends or make distributions on its capital stock, make loans or advances to its subsidiaries (or the Company), or transfer any properties or assets to its subsidiaries (or the Company); and (vi) merge or consolidate with other companies or transfer all or substantially all of its assets. The Indenture also requires any of the Company's subsidiaries guaranteeing certain indebtedness of the Company or any Guarantor after the 8<sup>5</sup>/<sub>8</sub>% Senior Notes are issued to execute a supplemental indenture by which it guarantees payment of principal and interest on the 8<sup>5</sup>/<sub>8</sub>% Senior Notes on a senior unsecured basis. Note, however, that these covenants are subject to a number of important limitations and exceptions. The Indenture contains other customary terms, including, but not limited to, events of default, which, if any of them occurs, would permit or require the principal, premium, if any, interest and any other monetary obligations on all the then outstanding 8<sup>5</sup>/<sub>8</sub>% Senior Notes to be due and payable immediately.

Regal 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025—On January 17, 2013, Regal issued \$250.0 million in aggregate principal amount of its 5<sup>3</sup>/<sub>4</sub>% senior notes due 2025 (the "5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025") in a registered public offering. The net proceeds from the offering were approximately \$244.5 million, after deducting underwriting discounts and offering expenses. Regal used approximately \$194.4 million of the net proceeds from the offering to fund the acquisition of Hollywood Theaters.

The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025 bear interest at a rate of 5.75% per year, payable semiannually in arrears on February 1 and August 1 of each year, beginning August 1, 2013. The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025 will mature on February 1, 2025. The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025 are the Company's senior unsecured obligations. They rank equal in right of payment with all of the Company's existing and future senior unsecured indebtedness and prior to all of the Company's future subordinated indebtedness. The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025 are effectively subordinated to all of the Company's future secured indebtedness to the extent of the value of the collateral securing that indebtedness and structurally subordinated to all existing and future indebtedness and other liabilities of the Company's subsidiaries. None of the Company's subsidiaries guarantee any of the Company's obligations with respect to the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025.

Prior to February 1, 2018, the Company may redeem all or any part of the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025 at its option at 100% of the principal amount, plus accrued and unpaid interest to the redemption date and a make-whole premium. The Company may redeem the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025 in whole or in part at any time on or after February 1, 2018 at the redemption prices specified in the Indenture governing the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025. In addition, prior to February 1, 2016, the Company may redeem up to 35% of the original aggregate principal amount of the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2025 from the net proceeds from certain equity offerings at the redemption price specified in the Indenture. The Company has not separated the make-whole premium from the underlying debt instrument to account for it as a derivative instrument as the economic characteristics and risks of this embedded derivative are clearly and closely related to the economic characteristics and risks of the underlying debt.

If the Company undergoes a change of control (as defined in the Indenture), holders may require the Company to repurchase all or a portion of their notes at a price equal to 101% of the principal amount of the notes being repurchased, plus accrued and unpaid interest, if any, to the date of purchase.

The Indenture contains covenants that limit the Company's (and its restricted subsidiaries') ability to, among other things: (i) incur additional indebtedness; (ii) pay dividends on or make other distributions in respect of its capital stock, purchase or redeem capital stock, or purchase, redeem or otherwise acquire or retire certain subordinated obligations; (iii) enter into certain transactions with affiliates; (iv) permit, directly or indirectly, it to create, incur, or suffer to exist any lien, except in certain circumstances; (v) create or permit encumbrances or restrictions on the ability of its restricted subsidiaries to pay dividends or make distributions on their capital stock, make loans or advances to other subsidiaries or the Company, or transfer any properties or assets to other subsidiaries or the Company; and (vi) merge or consolidate with other companies or transfer all or substantially all of its assets. These covenants are, however, subject to a number of important limitations and exceptions. The Indenture contains other customary terms, including, but not limited to, events of default, which, if any of them occurs, would permit or require the principal, premium, if any, interest and any other monetary obligations on all the then outstanding notes to be due and payable immediately.

Regal 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023—On June 13, 2013, Regal issued \$250.0 million aggregate principal amount of its 5<sup>3</sup>/<sub>4</sub>% senior notes due 2023 (the "5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023") in a registered public offering. The net proceeds from the offering were approximately \$244.4 million, after deducting underwriting discounts and offering expenses. Regal used the net proceeds from the offering to purchase approximately \$213.6 million aggregate principal amount of its outstanding 9<sup>1</sup>/<sub>8</sub>% Senior Notes for an aggregate purchase price of approximately \$244.3 million pursuant to a cash tender offer for such notes as described further above.

The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 bear interest at a rate of 5.75% per year, payable semiannually in arrears on June 15 and December 15 of each year, beginning December 15, 2013. The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 will mature on June 15, 2023. The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 are the Company's senior unsecured obligations. They rank equal in right of payment with all of the Company's existing and future senior unsecured indebtedness and prior to all of the Company's future subordinated indebtedness. The 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 are effectively subordinated to all of the Company's future secured indebtedness to the extent of the value of the collateral securing that indebtedness and structurally subordinated to all existing and future indebtedness and other liabilities of the Company's subsidiaries. None of the Company's subsidiaries will guarantee any of the Company's obligations with respect to the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023.

Prior to June 15, 2018, the Company may redeem all or any part of the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 at its option at 100% of the principal amount, plus accrued and unpaid interest to the redemption date and a make-whole premium. The Company may redeem the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 in whole or in part at any time on or after June 15, 2018 at the redemption prices specified in the Indenture. In addition, prior to June 15, 2016, the Company may redeem up to 35% of the original aggregate principal amount of the 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 from the net proceeds of certain equity offerings at the redemption price specified in the Indenture. The Company has not separated the make-whole premium from the underlying debt instrument to account for it as a derivative instrument as the economic characteristics and risks of this embedded derivative are clearly and closely related to the economic characteristics and risks of the underlying debt.

If the Company undergoes a change of control (as defined in the Indenture), holders may require the Company to repurchase all or a portion of their 5<sup>3</sup>/<sub>4</sub>% Senior Notes Due 2023 at a price equal to 101% of the principal amount of the notes being repurchased, plus accrued and unpaid interest, if any, to the date of purchase.

The Indenture contains covenants that limit the Company's (and its restricted subsidiaries') ability to, among other things: (i) incur additional indebtedness; (ii) pay dividends on or make other distributions in respect of its capital stock, purchase or redeem capital stock, or purchase, redeem or otherwise acquire or retire certain subordinated obligations; (iii) enter into certain transactions with affiliates; (iv) permit, directly or indirectly, it to create, incur, or suffer to exist any lien, except in certain circumstances; (v) create or permit encumbrances or restrictions on the ability of its restricted subsidiaries to pay dividends or make distributions on their capital stock, make loans or advances to other subsidiaries or the Company, or transfer any properties or assets to other subsidiaries or the Company; and (vi) merge or consolidate with other companies or transfer all or substantially all of its assets. These covenants are, however, subject to a number of important limitations and exceptions. The Indenture contains other customary terms, including, but not limited to, events of default, which, if any of them occurs, would permit or require the principal, premium, if any, interest and any other monetary obligations on all the then outstanding notes to be due and payable immediately.

Interest Rate Swaps— As of September 26, 2013, the Company maintained two effective hedging relationships via two distinct interest rate swap agreements (maturing June 30, 2015 and December 31, 2015, respectively), which require Regal Cinemas to pay interest at fixed rates ranging from 1.325% to 1.820% and receive interest at a variable rate. These two interest rate swap agreements are designated to hedge \$300.0 million of variable rate debt obligations at an effective rate of approximately 4.16% as of September 26, 2013.

Under the terms of the Company's interest rate swap agreements as of September 26, 2013, Regal Cinemas receives interest at a variable rate based on the 3-month LIBOR. The 3-month LIBOR rate on each reset date determines the variable portion of the interest rate swaps for the following three-month period. The interest rate swaps settle any accrued interest for cash on the last day of each calendar quarter, until expiration. At such dates, the differences to be paid or received on the interest rate swaps will be included in interest expense. No premium or discount was incurred upon the Company entering into the interest rate swaps, because the pay and receive rates on the interest rate swaps represented prevailing rates for the counterparty at the time the interest rate swaps was entered into. The interest rate swaps qualify for cash flow hedge accounting treatment and as such, the Company has effectively hedged its exposure to variability in the future cash flows attributable to the 3-month LIBOR on \$300.0 million of variable rate obligations. The change in the fair value of the interest rate swaps are recorded on the Company's consolidated balance sheet as an asset or liability with the effective portion of the interest rate swaps' gains or losses reported as a component of other comprehensive income (loss) and the ineffective portion reported in

Table of Contents

earnings (interest expense). As interest expense is accrued on the debt obligation, amounts in accumulated other comprehensive income (loss) related to the designated hedging instrument (the two effective interest rate swaps) will be reclassified into earnings to obtain a net cost on the debt obligation equal to the effective yield of the fixed rates of the swaps.

Below is a summary of the Company's current interest rate swap agreements designated as hedge agreements as of September 26, 2013:

Nominal Amount		Effective Date	Base Rate	Receive Rate	Expiration Date
\$200.0 million	(1)	June 30, 2012	1.820%	3-month LIBOR	June 30, 2015
\$100.0 million	(1)	December 31, 2012	1.325%	3-month LIBOR	December 31, 2015
\$150.0 million	(2)	December 31, 2013	0.817%	1-month LIBOR	December 31, 2016

During the year ended December 29, 2011, Regal Cinemas entered into two hedging relationships via two distinct interest rate swap agreements with effective dates beginning on June 30, 2012 and December 31, 2012, (1) respectively, and maturity terms ending on June 30, 2015 and December 31, 2015, respectively. These swaps require Regal Cinemas to pay interest at fixed rates ranging from 1.325% to 1.820% and receive interest at a variable rate. The interest rate swaps are designated to hedge \$300.0 million of variable rate debt obligations.

During the quarter ended September 27, 2012, Regal Cinemas entered into one additional hedging relationship via one distinct interest rate swap agreement with an effective date beginning on December 31, 2013 and a maturity (2) date of December 31, 2016. This swap will require Regal Cinemas to pay interest at a fixed rate of 0.817% and receive interest at a variable rate. The interest rate swap is designated to hedge \$150.0 million of variable rate debt obligations.

See Note 11—"Fair Value of Financial Instruments" for discussion of the Company's interest rate swaps' fair value estimation methods and assumptions.

**Lease Financing Arrangements**—These obligations primarily represent lease financing obligations resulting from the requirements of ASC Subtopic 840-40. In connection with the acquisition of Hollywood Theaters discussed further in Note 3—"Acquisitions," the Company assumed approximately \$40.4 million of lease financing obligations associated with 14 acquired theatres. Such obligations have a weighted average interest rate of approximately 10.7% and mature in various installments through November 2028.

**Other Long-Term Obligations**— Other long-term obligations not explicitly discussed herein are described in Note 5 to the 2012 Audited Consolidated Financial Statements and incorporated by reference herein.

## 5. INCOME TAXES

The provision for income taxes of \$50.2 million and \$15.7 million for the quarters ended September 26, 2013 and September 27, 2012, respectively, reflect effective tax rates of approximately 40.1% and 39.6%, respectively. The provision for income taxes of \$92.2 million and \$65.9 million for the three quarters ended September 26, 2013 and September 27, 2012, respectively, reflect effective tax rates of approximately 40.8% and 38.0%, respectively. The increase in the effective tax rate for the quarter and three quarters ended September 26, 2013 is primarily attributable to changes in uncertain tax positions with state taxing authorities resulting from the lapse of statutes of limitations that occurred during the quarter and three quarters ended September 27, 2012. The effective tax rates for the quarters and three quarters ended September 26, 2013 and September 27, 2012 also reflect the impact of certain non-deductible expenses and income tax credits.

For federal income tax purposes, the Company has carryover basis in certain assets acquired in the Hollywood Theaters acquisition described further in Note 3—"Acquisitions." As of the date of the acquisition, such acquired entities had net operating loss carryforwards totaling approximately \$120.7 million with expiration commencing in 2015. The Tax Reform Act of 1986 imposed substantial restrictions on the utilization of net operating losses in the event of an "ownership change" of a corporation. Accordingly, the Company's ability to utilize the net operating losses acquired from Hollywood Theaters may be impaired. During the three quarters ended September 26, 2013, the Company recorded deferred tax assets in the amount of approximately \$35.8 million, net of a valuation allowance of approximately \$16.7 million, in connection with the Hollywood Theaters acquisition.

In assessing the realizable value of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which these temporary differences become deductible. The

## Table of Contents

Company has recorded a valuation allowance against deferred tax assets at September 26, 2013 and December 27, 2012 of \$32.9 million and \$16.2 million, respectively, as management believes it is more likely than not that certain deferred tax assets will not be realized in future tax periods. During the three quarters ended September 26, 2013, the Company recorded a valuation allowance of approximately \$16.7 million in connection with the Hollywood Theaters acquisition based on management's determination that it was more likely than not that certain federal and state net operating losses generated by the Hollywood Theaters entities prior to the acquisition would not be realized. Future reductions in the valuation allowance associated with a change in management's determination of the Company's ability to realize these deferred tax assets will result in a decrease in the provision for income taxes.

Effective December 29, 2006, the Company adopted the provisions of ASC Subtopic 740-10. Exclusive of interest and penalties, the Company's unrecognized tax benefits at September 26, 2013 and December 27, 2012 are approximately \$14.8 million and \$13.6 million, respectively. The Company's unrecognized tax benefits increased approximately \$1.2 million during the three quarters ended September 26, 2013 primarily in connection with the Hollywood Theaters acquisition for uncertain state tax positions taken by the Hollywood Theaters entities prior to the acquisition.

The Company and its subsidiaries collectively file income tax returns in the U.S. federal jurisdiction and various state jurisdictions. The Company is not subject to U.S. federal examinations by tax authorities for years before 2010, and with limited exceptions, is not subject to state income tax examinations for years before 2009. However, the taxing authorities still have the ability to review the propriety of tax attributes created in closed tax years if such tax attributes are utilized in an open tax year.

As further described in Note 2—"Investments," the Company maintains an investment in National CineMedia, a pass-through entity for federal income tax purposes. NCM, Inc., in its capacity as tax matters partner for National CineMedia, received documentation from the Internal Revenue Service ("IRS") during the quarter ended September 26, 2013 formally closing an IRS review of National CineMedia's 2007 and 2008 income tax returns. All issues were resolved in National CineMedia's favor and resulted in no adjustments.

The material terms and provisions of the Company's certificate of incorporation affecting the relative

rights of the Class A common stock and the Class B common stock are described in Note 9 to the 2012 Audited Consolidated Financial Statements.

Warrants

No warrants to acquire the Company's Class A or Class B common stock were outstanding as of September 26, 2013.

## Share-Based Compensation

In 2002, the Company established the Regal Entertainment Group Stock Incentive Plan (the "Incentive Plan"), which provides for the granting of incentive stock options and non-qualified stock options to officers, employees and consultants of the Company. As described below under "Restricted Stock" and "Performance Share Units," the Incentive Plan also provides for grants of restricted stock and performance shares that are subject to restrictions and risks of forfeiture. Readers should refer to Note 9 to the 2012 Audited Consolidated Financial Statements for additional information related to these awards and the Incentive Plan.

On May 9, 2012, the stockholders of Regal approved amendments to the Incentive Plan increasing the number of Class A common stock authorized for issuance under the Incentive Plan by a total of 5,000,000 shares and extending the term of the Plan to May 9, 2022. As of September 26, 2013, 4,961,679 shares remain available for future issuance under the Incentive Plan.

## Stock Options

As of September 26, 2013, options to purchase a total of 3,900 shares of Class A common stock were outstanding under the Incentive Plan. There were no stock options granted during the quarters and three quarters ended September 26, 2013 and September 27, 2012 and no compensation expense related to stock options was recorded during the quarters and three quarters ended September 26, 2013 and September 27, 2012.

The Company receives a tax deduction for certain stock option exercises during the period the options are exercised, generally for the excess of the price at which the stock is sold over the exercise price of the options. The Company is required to report excess tax benefits from the award of equity instruments as financing cash flows. Excess tax benefits are recorded when a deduction reported for tax return purposes for an award of equity instruments exceeds the cumulative compensation cost for the instruments recognized for financial reporting purposes. For the three quarters ended September 26, 2013, the unaudited condensed consolidated statement of cash flows reflects less than \$0.1 million of excess tax benefits as financing cash flows. Net cash proceeds from the exercise of stock options were \$1.3 million for the three quarters ended September 26, 2013. The actual income tax benefit realized from stock option exercises was approximately \$0.2 million for the same period. For the three quarters ended September 27, 2012, the unaudited condensed consolidated statement of cash flows reflects approximately \$0.5 million of excess tax benefits as financing cash flows. Net cash proceeds from the exercise of stock options were \$2.2 million for the three quarters ended September 27, 2012. The actual income tax benefit realized from stock option exercises was approximately \$0.8 million for the same period.

The following table represents stock option activity for the three quarters ended September 26, 2013:

	Number of Shares	Weighted Average Exercise Price	Weighted Average Contract Life (Yrs.)
Outstanding options at beginning of period	106,136	\$ 12.67	1.11
Exercised during the period	(102,236	) 12.63	
Outstanding options at end of period	3,900	13.72	0.74
Exercisable options at end of period	3,900	13.72	0.74

## Restricted Stock

As described further in Note 9 to the 2012 Audited Consolidated Financial Statements, the Incentive Plan also provides for restricted stock awards to officers, directors and key employees. Under the Incentive Plan, shares of Class A common stock of the Company may be granted at nominal cost to officers, directors and key employees, subject to a continued employment/service restriction. During the three quarters ended September 26, 2013, 297,866

restricted shares were granted under the Incentive Plan at nominal cost to officers, directors and key employees. These awards vest 25% at the end of each year for 4 years in the case of officers and key employees and vest 100% at the end of one year in the case of directors. The closing price of the Company's Class A common stock on the date of this grant (January 9, 2013) was \$14.19 per share. The Company assumed a forfeiture rate of 4% for such restricted stock awards.

During the three quarters ended September 26, 2013, the Company withheld approximately 289,942 shares of restricted stock at an aggregate cost of approximately \$4.4 million, as permitted by the applicable equity award agreements, to satisfy employee tax withholding requirements related to the vesting of 812,970 restricted stock awards. In addition, during the

Table of Contents

three quarters ended September 26, 2013, 273,719 performance share awards (originally granted on January 13, 2010) were effectively converted to shares of restricted common stock. As of the calculation date, which was January 13, 2013, threshold performance goals for these awards were satisfied, and therefore, all 273,719 outstanding performance shares were converted to restricted shares as of January 13, 2013. These awards are scheduled to fully vest on January 13, 2014, the one year anniversary of the calculation date.

During the quarters ended September 26, 2013 and September 27, 2012, the Company recognized approximately \$1.0 million and \$1.1 million of share based compensation expense related to restricted share grants. During the three quarters ended September 26, 2013 and September 27, 2012, the Company recognized approximately \$3.5 million and \$3.4 million of share-based compensation expense related to restricted share grants. Such expense is presented as a component of "General and administrative expenses." The compensation expense for these awards was determined based on the market price of the Company's stock at the date of grant applied to the total numbers of shares that were anticipated to fully vest. As of September 26, 2013, we have unrecognized compensation expense of \$7.4 million associated with restricted stock awards.

The following table represents the restricted stock activity for the three quarters ended September 26, 2013:

Unvested at beginning of period	1,175,830
Granted during the period	297,866
Vested during the period	(812,970 )
Forfeited during the period	(3,901 )
Conversion of performance shares during the period	273,719
Unvested at end of period	930,544

During the three quarters ended September 26, 2013, the Company paid three cash dividends of \$0.21 on each share of outstanding restricted stock totaling approximately \$0.7 million. During the three quarters ended September 27, 2012, the Company paid three cash dividends of \$0.21 on each share of outstanding restricted stock totaling approximately \$0.8 million.

#### Performance Share Units

The Incentive Plan also provides for grants in the form of performance share units to officers, directors and key employees. Performance share agreements are entered into between the Company and each grantee of performance share units.

In 2009, the Company adopted an amended and restated form of performance share agreement (each, a "Performance Agreement" and collectively, the "Performance Agreements"). Pursuant to the terms and conditions of the Performance Agreements, grantees will be issued shares of restricted common stock of the Company in an amount determined by the attainment of Company performance criteria set forth in each Performance Agreement. The shares of restricted common stock received upon attainment of the performance criteria will be subject to further vesting over a period of time, provided the grantee remains a service provider to the Company during such period. During the three quarters ended September 26, 2013, 293,961 performance shares were granted under the Incentive Plan at nominal cost to officers and key employees. Under the Performance Agreement, which is described further in the section entitled "Compensation Discussion and Analysis — Elements of Compensation — Performance Shares," of our 2013 proxy statement filed with the Commission on March 22, 2013, each performance share represents the right to receive from 0% to 150% of the target numbers of shares of restricted Class A common stock. The number of shares of restricted common stock earned will be determined based on the attainment of specified performance goals by January 9, 2016 (the third anniversary of the grant date) set forth in the applicable Performance Agreement. Such performance shares vest on January 9, 2017 (the fourth anniversary of their grant date). The shares are subject to the terms and conditions of the Incentive Plan. The closing price of the Company's Class A common stock on the date of the grant (January 9,

2013) was \$14.19 per share, which approximates the grant date fair value of the awards. The Company assumed a forfeiture rate of 8% for such performance share awards.

During the quarters ended September 26, 2013 and September 27, 2012, the Company recognized approximately \$1.2 million and \$1.3 million, respectively, of share-based compensation expense related to performance share grants. During the three quarters ended September 26, 2013 and September 27, 2012, the Company recognized approximately \$3.5 million and \$3.6 million, respectively, of share-based compensation expense related to performance share grants. Such expense is presented as a component of "General and administrative expenses." As of September 26, 2013, we have unrecognized compensation expense of \$9.7 million associated with performance share units. During the three quarters ended September 26, 2013, 273,719 performance share awards (originally granted on January 13, 2010) were effectively converted to shares of restricted common stock. As of the calculation date, which was January 13, 2013, threshold performance goals for these awards

Table of Contents

were satisfied, and therefore, all 273,719 outstanding performance shares were converted to restricted shares as of January 13, 2013.

The following table summarizes information about the Company's number of performance shares for the three quarters ended September 26, 2013:

Unvested at beginning of period	929,023
Granted (based on target) during the period	293,961
Cancelled/forfeited during the period	(5,005 )
Conversion to restricted shares during the period	(273,719 )
Unvested at end of period	944,260

In connection with the conversion of the above 273,719 performance shares, during the quarter ended March 28, 2013, the Company paid a cumulative cash dividend of \$4.80 (representing the sum of all cash dividends paid from January 13, 2010 through January 13, 2013) on each performance share converted, totaling approximately \$1.3 million. The above table does not reflect the maximum or minimum number of shares of restricted stock contingently issuable. An additional 0.5 million shares of restricted stock could be issued if the performance criteria maximums are met.

## 7. COMMITMENTS AND CONTINGENCIES

The Company is presently involved in various judicial, administrative, regulatory and arbitration proceedings concerning matters arising in the ordinary course of business operations, including but not limited to, personal injury claims, landlord-tenant disputes, employment and other contractual matters, some of which are described below. Many of these proceedings are at preliminary stages, and many of these cases seek an indeterminate amount of damages. The Company's theatre operations are also subject to federal, state and local laws governing such matters as wages, working conditions, citizenship and health and sanitation and environmental protection requirements.

On October 9, 2012, staff at the San Francisco Regional Water Quality Board (the "Regional Board") notified United Artists Theatre Circuit, Inc. ("UATC"), an indirect wholly owned subsidiary of the Company, that the Regional Board was contemplating issuing a cleanup and abatement order to UATC with respect to a property in Santa Clara, California that UATC owned and then leased during the 1960s and 1970s. On June 25, 2013, the Regional Board issued a tentative order to UATC setting out proposed site clean-up requirements for UATC with respect to the property. According to the Regional Board, the property in question has been contaminated by dry-cleaning facilities that operated at the property in question from approximately 1961 until 1996. The Regional Board also issued a tentative order to the current property owner, who has been conducting site investigation and remediation activities at the site for several years. UATC submitted comments to the Regional Board on July 28, 2013, objecting to the tentative order. The Regional Board considered the matter at its regular meeting on September 11, 2013 and adopted the tentative order with only minor changes. On October 11, 2013, UATC filed a petition with the State Water Resources Control Board ("State Board") for review of the Regional Board's order. The State Board has not yet acted on the petition. UATC intends to vigorously defend this matter. We believe that we are, and were during the period in question described in this paragraph, in compliance with such applicable laws and regulations.

In situations where management believes that a loss arising from the above and similar other proceedings is probable and can reasonably be estimated, the Company records the amount of the loss, or the minimum estimated liability when the loss is estimated using a range and no amount within the range is more probable than another. As additional information becomes available, any potential liability related to these proceedings is assessed and the estimates are revised, if necessary. The amounts reserved for such proceedings totaled approximately \$3.7 million (primarily landlord-tenant disputes) as of September 26, 2013. Management believes any additional liability with respect to these claims and disputes will not be material in the aggregate to the Company's consolidated financial position, results of

operations or cash flows. With respect to certain other matters and proceedings described above, management has estimated the upper end of the range of reasonably possible loss to be approximately \$0.2 million. Under ASC Topic 450, Contingencies—Loss Contingencies, an event is "reasonably possible" if "the chance of the future event or events occurring is more than remote but less than likely" and an event is "remote" if "the chance of the future event or events occurring is slight." Thus, references to the upper end of the range of reasonably possible loss for cases in which the Company is able to estimate a range of reasonably possible loss mean the upper end of the range of loss for cases for which the Company believes the risk of loss is more than slight. Management is unable to estimate a range of reasonably possible loss for cases described below in which damages have not been specified and (i) the proceedings are in early stages, (ii) there is uncertainty as to the likelihood of a class being certified or the ultimate size of the class, (iii) there is uncertainty as to the outcome of pending appeals or motions, (iv) there are significant factual issues to be

resolved, and/or (v) there are novel legal issues presented. However, for these cases, management does not believe, based on currently available information, that the outcomes of these proceedings will have a material adverse effect on the Company's financial condition, though the outcomes could be material to the Company's operating results for any particular period, depending, in part, upon the operating results for such period.

Our theatres must comply with Title III of the Americans with Disabilities Act of 1990 (the "ADA") to the extent that such properties are "public accommodations" and/or "commercial facilities" as defined by the ADA. Compliance with the ADA requires that public accommodations "reasonably accommodate" individuals with disabilities and that new construction or alterations made to "commercial facilities" conform to accessibility guidelines unless "structurally impracticable" for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, awards of damages to private litigants and additional capital expenditures to remedy such non-compliance.

In prior years, private litigants and the Department of Justice ("DOJ") had filed claims against the Company alleging that a number of theatres with stadium seating violated the ADA because these theatres allegedly failed to provide wheelchair-bound patrons with lines of sight comparable to those available to other members of the general public and denied persons in wheelchairs access to the stadium portion of the theatres. On June 8, 2005, Regal reached an agreement with the DOJ resolving and dismissing the private litigants' claims and all claims made by the United States under the ADA. On December 9, 2010, the parties renewed the Consent Decree for another three year term. From time to time, the Company receives claims that the stadium seating offered by theatres allegedly violates the ADA. In these instances, the Company seeks to resolve or dismiss these claims based on the terms of the DOJ settlement or under applicable ADA standards.

The accessibility of theatres to persons with visual impairments or that are deaf or hard of hearing remains a topic of interest to the DOJ and they have announced that they will be issuing another Advance Notice of Proposed Rulemaking concerning the provision of closed captioning and descriptive audio within the theatre environment. The Company believes it provides the members of the visually and hearing impaired communities with reasonable access to the movie-going experience, and has deployed new digital captioning and descriptive video systems that should meet all such potential requirements or expectations of any federal, state or individual concerns. The Company believes that it is in substantial compliance with all current applicable regulations relating to accommodations for the disabled. The Company intends to comply with future regulations in this regard and except as set forth above, does not currently anticipate that compliance will require the Company to expend substantial funds.

## 8. RELATED PARTY TRANSACTIONS

During the quarters and three quarters ended September 26, 2013 and September 27, 2012, Regal Cinemas incurred less than \$0.1 million of expenses payable to Anschutz affiliates for certain advertising services. During each of the quarters ended September 26, 2013 and September 27, 2012, the Company received approximately \$0.1 million from an Anschutz affiliate for management fees related to a theatre site in Los Angeles, California. During the three quarters ended September 26, 2013 and September 27, 2012, the Company received approximately \$0.4 million from an Anschutz affiliate for management fees related to a theatre site in Los Angeles, California.

## 9. EARNINGS PER SHARE

We compute earnings per share of Class A and Class B common stock using the two-class method. Basic earnings per share is computed using the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed using the weighted average number of common shares and, if dilutive, common stock equivalents outstanding during the period. Potential common stock equivalents consist of the incremental common shares issuable upon the exercise of common stock options, or vesting of restricted stock and performance share units. The dilutive effect of outstanding stock options, restricted stock and performance share units is reflected in diluted earnings per share by application of the treasury-stock method. In addition, the computation of the diluted earnings per share of Class A common stock assumes the conversion of Class B common stock, while the diluted earnings per share of Class B common stock does not assume the conversion of those shares.

Table of Contents

The rights, including the liquidation and dividend rights, of the holders of our Class A and Class B common stock are identical, except with respect to voting. The undistributed earnings for the periods presented are allocated based on the contractual participation rights of the Class A and Class B common shares as if the earnings for the periods presented had been distributed. As the liquidation and dividend rights are identical, the undistributed earnings are allocated on a proportionate basis. Further, as we assume the conversion of Class B common stock in the computation of the diluted earnings per share of Class A common stock, the undistributed earnings are equal to net income attributable to controlling interest for that computation.

The following table sets forth the computation of basic and diluted earnings per share of Class A and Class B common stock (in millions, except share and per share data):

## 10. RECENT ACCOUNTING PRONOUNCEMENTS

In February 2013, the FASB issued ASU 2013-02, Comprehensive Income (Topic 220): Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income. Under ASU 2013-02, an entity is required to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional detail about those amounts. ASU 2013-02 became effective for the Company as of the beginning of fiscal 2013 and has been applied retrospectively.

Table of Contents

In July 2013, the FASB issued ASU 2013-10, Inclusion of the Fed Funds Effective Swap Rate (or Overnight Index Swap Rate) as a Benchmark Interest Rate for Hedge Accounting Purposes. The amendments in ASU 2013-10 permit an entity to designate Fed Funds Effective Swap Rate, also referred to as the overnight index swap rate, as a benchmark interest rate for hedge accounting purposes. In addition, the amendment removes the restriction on using different benchmark interest rates for similar hedges. The amendment is applicable to all entities that elect to apply hedge accounting of the benchmark interest rate under ASC Topic 815, Derivatives and Hedging. The amendment is effective immediately. This amendment did not have an impact to our consolidated financial statements.

In July 2013, the FASB issued ASU 2013-11, Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists. The amendments in ASU 2013-11 require an entity to present an unrecognized tax benefit in the financial statements as a reduction to a deferred tax asset for a net operating loss ("NOL") carryforward, a similar tax loss, or a tax credit carryforward except when: (1) a NOL carryforward, a similar tax loss, or a tax credit carryforward is not available as of the reporting date under the governing tax law to settle taxes that would result from the disallowance of the tax position; or (2) the entity does not intend to use the deferred tax asset for this purpose (provided that the tax law permits a choice). If either of these conditions exists, an entity should present an unrecognized tax benefit in the financial statements as a liability and should not net the unrecognized tax benefit with a deferred tax asset. The amendment does not affect the recognition or measurement of uncertain tax positions under ASC Topic 740, Income Taxes. The amendments in this ASU are effective for fiscal years, and interim periods within those years, beginning after December 15, 2013. The amendments should be applied prospectively to all unrecognized tax benefits that exist at the effective date. Retrospective application is permitted. We do not expect this ASU to have a material impact to our consolidated financial statements.

## 11. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the entity transacts. The inputs used to develop these fair value measurements are established in a hierarchy, which ranks the quality and reliability of the information used to determine fair value. The fair value classification is based on levels of inputs. Assets and liabilities that are carried at fair value are classified and disclosed in one of the following categories described in ASC Topic 820, Fair Value Measurements and Disclosures:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

The following table summarizes the fair value hierarchy of the Company's financial assets and liabilities carried at fair value on a recurring basis as of September 26, 2013:

Total Carrying Value at September 26, 2013 (in millions)	Fair Value Measurements at September 26, 2013 Using

The Company maintains an investment in RealD, Inc., an entity specializing in the licensing of 3D technologies. In connection with the RealD, Inc. motion picture license agreement, the Company received 1,222,780 shares of RealD, Inc. common stock during fiscal 2010. The fair value of the RealD, Inc. shares is determined using RealD, Inc.'s publicly traded common stock price, which falls under Level 1 of the valuation hierarchy. The held (1) shares of RealD, Inc. stock are accounted for as available-for-sale equity securities and recurring fair value adjustments to these shares are recorded to "Other Non-Current Assets" with a corresponding entry to "Accumulated other comprehensive income (loss)" on a quarterly basis. During the quarter ended June 27, 2013, the Company sold 400,000 shares of

Table of Contents

RealD, Inc. common stock at prices ranging from \$14.61 to \$15.42 per share. In connection with the sale, the Company received approximately \$5.9 million in aggregate net proceeds (after deducting related fees and expenses) and recorded a gain on sale of approximately \$2.6 million. During the three quarters ended September 26, 2013, the Company recorded a net decrease to its investment in RealD, Inc. of approximately \$7.3 million and a corresponding net increase to "Accumulated other comprehensive loss, net" of \$2.4 million, net of tax. The fair value of the remaining 822,780 RealD, Inc. common shares held as of September 26, 2013 was \$5.9 million, based on the publicly traded common stock price of RealD, Inc. as of September 26, 2013 of \$7.22 per share.

The fair value of the Company's interest rate swaps described in Note 4—"Debt Obligations" is based on Level 2 inputs, which include observable inputs such as dealer quoted prices for similar assets or liabilities, and represents the estimated amount Regal Cinemas would receive or pay to terminate the agreements taking into consideration various factors, including current interest rates, credit risk and counterparty credit risk. The counterparties to the Company's interest rate swaps are major financial institutions. The Company evaluates the bond ratings of the financial institutions and believes that credit risk is at an acceptably low level. As of September 26, 2013, the aggregate fair value the Company's interest rate swaps was determined to be approximately \$(7.5) million, which was recorded as components of "Other Non-Current Liabilities" (approximately \$2.8 million) and "Accrued (2)expenses" (approximately \$4.7 million) with a corresponding amount of \$(4.6) million, net of tax, recorded to "Accumulated other comprehensive loss, net." As of December 27, 2012, the aggregate fair value the Company's interest rate swaps was determined to be approximately \$(10.3) million, which was recorded as components of "Other Non-Current Liabilities" (approximately \$6.6 million) and "Accrued expenses" (approximately \$3.7 million) with a corresponding amount of \$(6.3) million, net of tax, recorded to "Accumulated other comprehensive loss, net." These interest rate swaps exhibited no ineffectiveness during the quarters and three quarters ended September 26, 2013 and September 27, 2012 and accordingly, the net gain on the swaps of \$1.7 million and \$2.5 million, respectively, were reported as a component of other comprehensive income for the three quarters ended September 26, 2013 and September 27, 2012.

There were no changes in valuation techniques during the period. There were no transfers in or out of Level 3 during the three quarters ended September 26, 2013 and September 27, 2012.

In addition, the Company is required to disclose the fair value of financial instruments that are not recognized in the statement of financial position for which it is practicable to estimate that value. The methods and assumptions used to estimate the fair value of each class of financial instrument are as follows:

Cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities:

The carrying amounts approximate fair value because of the short maturity of these instruments.

Long-Lived Assets, Intangible Assets and Other Investments

As further described in Note 2 to the 2012 Audited Consolidated Financial Statements and incorporated by reference herein, the Company regularly reviews long-lived assets (primarily property and equipment), intangible assets and investments in non-consolidated entities accounted for under the equity method, for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be fully recoverable. When the estimated fair value is determined to be lower than the carrying value of the asset, an impairment charge is recorded to write the asset down to its estimated fair value.

The Company's analysis relative to long-lived assets resulted in the recording of impairment charges of \$7.9 million and \$3.7 million for the three quarters ended September 26, 2013 and September 27, 2012. The long-lived asset impairment charges recorded were specific to theatres that were directly and individually impacted by increased

competition, adverse changes in market demographics or adverse changes in the development or the conditions of the areas surrounding the theatre.

The Company did not record an impairment of any intangible assets or investments in non-consolidated subsidiaries accounted for under the equity method for the three quarters ended September 26, 2013 and September 27, 2012.

Long term obligations, excluding capital lease obligations, lease financing arrangements and other:

The fair value of the Credit Agreement described in Note 4—"Debt Obligations," which consists of the Term Facility and the Revolving Facility, is estimated based on quoted prices (Level 2 inputs as described in ASC Topic 820) as of September 26, 2013 and December 27, 2012. The associated interest rates are based on floating rates identified by reference to market rates and are assumed to approximate fair value. The fair values of the  $9\frac{1}{8}\%$  Senior Notes, the  $8\frac{5}{8}\%$  Senior Notes, the  $5\frac{3}{4}\%$  Senior Notes Due 2025 and the  $5\frac{3}{4}\%$  Senior Notes Due 2023 are estimated based on quoted prices (Level 1 inputs as described in ASC Topic 820) for these issuances as of September 26, 2013 and, for the  $9\frac{1}{8}\%$  Senior Notes and the  $8\frac{5}{8}\%$  Senior Notes, December 27, 2012. The aggregate carrying values and fair values of long-term debt at September 26, 2013 and December 27, 2012 consist of the following:

Table of Contents

	September 26, 2013 (in millions)	December 27, 2012

## 12. SUBSEQUENT EVENTS

## Contribution of Hollywood Theaters

Effective as of September 27, 2013, Regal contributed the subsidiaries it acquired as part of the Hollywood Theaters acquisition to REH, who in turn contributed the subsidiaries to Regal Cinemas, who in turn contributed the subsidiaries to RCI. Following these contributions, the subsidiaries holding the theatres acquired as part of the Hollywood Theaters acquisition are now wholly owned by RCI.

## Interest Rate Swap

On October 23, 2013, Regal Cinemas entered into an additional hedging relationship via a distinct interest rate swap agreement with an effective date of June 30, 2015 and a maturity term of three years from the effective date of the swap. The swap will require Regal Cinemas to pay interest at a fixed rate of 1.828% and receive interest at a variable rate. The interest rate swap is designated to hedge \$200 million of variable rate debt obligations.

## Quarterly Dividend Declaration

On October 24, 2013, the Company declared a cash dividend of \$0.21 per share on each share of the Company's Class A and Class B common stock (including outstanding restricted stock), payable on December 13, 2013, to stockholders of record on December 4, 2013.
