Gilat deploys SkyEdge broadband satellite network in Honduras

Network will provide high-speed Internet and data connectivity to customs offices and other businesses

Petah Tikva, Israel, September 8, 2008 Gilat Satellite Networks Ltd. (Nasdaq: GILT) today announced it has completed deployment of a SkyEdge broadband satellite network for Administradora de Redes (Aduanett), a private company owned by Honduras leading customs brokers.

Administradora de Redes will use the VSAT network to provide customs offices and other Honduran businesses with private networking services including interactive data, broadband Internet access, and Voice over Internet Protocol (VoIP).

Throughout Honduras, the deployment of satellite networking is the only way we can secure the broadband communications needed to ensure peak business efficiency and productivity, said Administradora de Redes General Manager Sandra López. Gilat's SkyEdge has proven its effectiveness in many other remote locations worldwide and we believe this new network is ideally suited for our application requirements.

Russell Ribeiro, Gilat Network Systems Regional Vice President, Latin America, said, "This contract with Administradora de Redes demonstrates their confidence in our ability to deliver advanced satellite communications technology and dedicated customer support. We look forward to a long relationship with Administradora de Redes and the opportunity to bring the most efficient, reliable communications systems to the citizens and businesses of Honduras."

Gilat's SkyEdge is a satellite communications system that delivers high-quality voice, broadband data and video services over a powerful unified system. SkyEdge represents Gilat's extensive knowledge base and field-proven product offering, acquired through two decades of experience. SkyEdge's flexible architecture and efficient space segment utilization make it an ideal platform for operators and service providers.

About Gilat Satellite Networks Ltd.

Gilat Satellite Networks Ltd. (Nasdaq: GILT) is a leading provider of products and services for satellite-based communications networks. The Company operates under three business units: (i) Gilat Network Systems (GNS), which is a provider of network systems and associated professional services to service providers and operators worldwide; (ii) Spacenet Inc., which provides managed services in North America for businesses and governments through its Connexstar service brand and for consumers through its StarBand service brand; (iii) Spacenet Rural Communications, which offers rural telephony and Internet access solutions to remote areas primarily in Latin America.

Gilat was founded in 1987 and has shipped over 670,000 Very Small Aperture Terminals (VSATs) to more than 85 countries across six continents. Gilat's headquarters is located in Petah Tikva, Israel. The Company has 16 sales and service offices worldwide. Gilat markets the SkyEdge and SkyEdge II Product Family which includes the SkyEdge Pro, SkyEdge IP, SkyEdge Call, SkyEdge DVB-RCS and SkyEdge Gateway. In addition, the Company markets numerous other legacy products.

Certain statements made herein that are not historical are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. The words "estimate", "project", "intend", "expect", "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties. Many factors could cause the actual results, performance or achievements of Gilat to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, inability to maintain market acceptance to Gilat's products, inability to timely develop and introduce new technologies, products and applications, rapid changes in the market for Gilat's products, loss of market share and pressure on prices resulting from competition, introduction of competing products by other companies, inability to manage growth and expansion, loss of key OEM partners, inability to attract and retain qualified personnel, inability to protect the Company's proprietary technology and risks associated with Gilat's international operations and its location in Israel. For additional information regarding these and other risks and uncertainties associated with Gilat's business, reference is made to Gilat's reports filed from time to time with the Securities and Exchange Commission.
