United Community Banks, Inc.

Notes to Consolidated Financial Statements

Note 1 – Accounting Policies

The accounting and financial reporting policies of United Community Banks, Inc. (“United”) and its subsidiaries conform to accounting principles generally accepted in the United States of America (“GAAP”) and general banking industry practices. The accompanying interim consolidated financial statements have not been audited. All material intercompany balances and transactions have been eliminated. A more detailed description of United’s accounting policies is included in the 2008 annual report filed on Form 10-K.

In management’s opinion, all accounting adjustments necessary to accurately reflect the financial position and results of operations on the accompanying financial statements have been made. These adjustments are normal and recurring accruals considered necessary for a fair and accurate presentation. The results for interim periods are not necessarily indicative of results for the full year or any other interim periods.

Statement of Financial Accounting Standards No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133 (“SFAS 161”), amends and expands the disclosure requirements of Financial Accounting Standards Board (“FASB”) Statement No. 133, Accounting for Derivative Instruments and Hedging Activities (“SFAS 133”) with the intent to provide users of financial statements with an enhanced understanding of: (1) how and why an entity uses derivative instruments, (2) how derivative instruments and related hedged items are accounted for under SFAS 133 and its related interpretations, and (3) how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flows. SFAS 161 requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about the fair value of and gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative instruments.

As required by SFAS 133, United records all derivatives on the balance sheet at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative, whether United has elected to designate a derivative in a hedging relationship and apply hedge accounting and whether the hedging relationship has satisfied the criteria necessary to apply hedge accounting. Derivatives designated and qualifying as a hedge of the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives designated and qualifying as a hedge of the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges. Derivatives may also be designated as hedges of the foreign currency exposure of a net investment in a foreign operation. Hedge accounting generally provides for the matching of the timing of gain or loss recognition on the hedging instrument with the recognition of the changes in the fair value of the hedged asset or liability that are attributable to the hedged risk in a fair value hedge or the earnings effect of the hedged forecasted transactions in a cash flow hedge. United may enter into derivative contracts that are intended to economically hedge certain of its risks, even though hedge accounting does not apply or United elects not to apply hedge accounting under SFAS 133.

Foreclosed property is initially recorded at fair value, less cost to sell. If the fair value, less cost to sell at the time of foreclosure, is less than the loan balance, the deficiency is charged against the allowance for loan losses. If the fair value, less cost to sell, of the foreclosed property decreases during the holding period, a valuation allowance is established with a charge to operating expenses. When the foreclosed property is sold, a gain or loss is recognized on the sale for the difference between the sales proceeds and the carrying amount of the property. Financed sales of foreclosed property are accounted for in accordance with Statement of Financial Accounting Standards No. 66, Accounting for Sales of Real Estate (“SFAS 66”).

Note 2 – Federally Assisted Acquisition of Southern Community Bank

On June 19, 2009, United Community Bank (“UCB”) purchased substantially all the assets and assumed substantially all the liabilities of Southern Community Bank (“SCB”) from the Federal Deposit Insurance Corporation (“FDIC”), as Receiver of SCB. SCB operated five commercial banking branches on the south side of Atlanta in Fayetteville, Peachtree City, Locust Grove and Newnan, Georgia. The FDIC took SCB under receivership upon SCB’s closure by the Georgia Department of Banking and Finance at the close of business June 19, 2009. UCB submitted a bid for the acquisition of SCB with the FDIC on June 16, 2009. The transaction resulted in a cash payment of \$31 million from the FDIC to UCB. Further, UCB and the FDIC entered loss sharing agreements regarding future losses incurred on loans and foreclosed loan collateral existing at June 19, 2009. Under the terms of the loss sharing agreements, the FDIC will absorb 80 percent of losses and share 80 percent of loss recoveries on the first \$109 million of losses and, absorb 95 percent of losses and share in 95 percent of loss recoveries on losses exceeding \$109 million. The term for loss sharing on residential real estate loans is ten years, while the term for loss sharing on all other loans is five years.

The SCB acquisition was accounted for under the purchase method of accounting in accordance with the FASB's Statement of Financial Accounting Standards No. 141(R) Business Combinations ("SFAS 141(R)"). The statement of net assets acquired as of June 19, 2009 and the resulting gain from acquisition are presented in the following table.

Statement of net assets acquired (at estimated fair values)

| (in thousands) | Southern Community Bank |
|---|-------------------------------|
| Assets | |
| acquired: | |
| Cash and due from banks | \$ 63,618 |
| Securities available for sale | 80,148 |
| Loans | 110,023 |
| Foreclosed property | 25,913 |
| Estimated loss reimbursement from the FDIC | 94,550 |
| Covered assets | 230,486 |
| Core deposit intangible | 1,500 |
| Accrued interest receivable and other assets | 2,434 |
| Total assets acquired | 378,186 |
| Liabilities | |
| assumed: | |
| Deposits | 309,437 |
| Federal Home Loan Bank advances | 53,416 |
| Accrued interest payable and other liabilities | 3,943 |
| Total liabilities assumed | 366,796 |
| | \$ 11,390 |

Net assets
acquired / gain
from
acquisition

The purchased assets and assumed liabilities were recorded at their respective acquisition date fair values, and identifiable intangible assets were recorded at fair value. Fair values are preliminary and subject to refinement for up to one year after the closing date of a merger as information relative to closing date fair values become available. A gain totaling \$11.4 million resulted from the acquisition and is included as a component of fee revenue on the consolidated statement of income. The amount of the gain is equal to the amount by which the fair value of assets purchased exceeded the fair value of liabilities assumed. The results of operations of SCB for the period of June 19, 2009 to June 30, 2009 are included in the consolidated financial statements. SCB's results of operations prior to the acquisition are not included in United's consolidated statement of income.

United made significant estimates and exercised significant judgment in accounting for the acquisition of SCB. Management engaged an independent third party to assist in determining the value of SCB's loans. United also recorded an identifiable intangible asset representing the value of the core deposit customer base of SCB. In determining the value of the identifiable intangible asset, United estimated average lives of depository accounts, future interest rate levels, the cost of servicing various depository products, and other significant items. Management used quoted market prices and observable data to determine the fair value of investment securities. The fair values of FHLB advances, certificates of deposit and other borrowings which were purchased and assumed from SCB were determined based on discounted cash flows at current rates for similar instruments.

Purchased loans acquired in a business combination are recorded at estimated fair value on their purchase date. The carryover of the related allowance for loan losses is prohibited. Purchased loans are accounted for under American Institute of Certified Public Accountants Statement of Position 03-3, Accounting for Certain Loans or Debt Securities Acquired in a Transfer ("SOP 03-3"), when the loans have evidence of credit deterioration since origination and it is probable at the date of acquisition that United will not collect all contractually required principal and interest payments. Evidence of credit quality deterioration as of the purchase date may include statistics such as past due and nonaccrual status. Generally, acquired loans that meet United's definition of nonaccrual status fall within the scope of SOP 03-3. The difference between contractually required payments at acquisition and the cash flows expected to be collected at acquisition is referred to as the non-accretable difference which is deducted from the carrying amount of loans. Subsequent decreases to the expected cash flows will generally result in a provision for loan losses. Subsequent increases in cash flows result in a reversal of the provision for loan losses to the extent of prior charges or a reversal of the non-accretable difference with a positive impact on interest revenue. Further, any excess of cash flows expected at acquisition over the estimated fair value is referred to as the accretable yield and is recognized into interest revenue over the remaining life of the loan when there is reasonable expectation about the amount and timing of such cash flows.

Loans, foreclosed property and the estimated FDIC reimbursement resulting from the loss share agreements with the FDIC are reported as “covered assets” in the consolidated balance sheet. The table below shows the components of covered assets at June 30, 2009.

| (in thousands) | SOP 03-3 | | Non SOP | | Total |
|--|-----------|-----------|------------|------|------------|
| | Loans | Loans | Other | | |
| Covered loans | \$ 23,513 | \$ 86,339 | \$ — | \$ — | \$ 109,852 |
| Covered foreclosed property | — | — | 25,723 | — | 25,723 |
| Estimated loss reimbursement from the FDIC | — | — | 94,550 | — | 94,550 |
| Total covered assets | \$ 23,513 | \$ 86,339 | \$ 120,273 | \$ — | \$ 230,125 |

Covered loans are initially recorded at fair value at the acquisition date. Subsequent decreases in the amount expected to be collected results in a provision for loan losses and an increase in the estimated FDIC reimbursement, with any estimated net loss impacting earnings. Covered foreclosed property is initially recorded at its estimated fair value.

On the acquisition date, the preliminary estimate of the contractually required payments receivable for all SOP 03-3 loans acquired was \$70.8 million, the cash flows expected to be collected were \$24.5 million including interest, and the estimated fair value of the loans was \$23.6 million. These amounts were determined based upon the estimated remaining life of the underlying loans, which include the effects of estimated prepayments. At June 30, 2009, a majority of these loans were valued based on the liquidation value of the underlying collateral, because the expected cash flows are primarily based on the liquidation of the underlying collateral and the timing and amount of the cash flows could not be reasonably estimated. Because of the short time period between the closing of the transaction and June 30, 2009, certain amounts related to the SOP 03-3 loans are preliminary estimates and adjustments in future quarters may occur.

Note 3 – Stock-Based Compensation

United has an equity compensation plan that allows for grants of incentive stock options, nonqualified stock options, restricted stock awards (also referred to as “nonvested stock” awards), stock awards, performance share awards or stock appreciation rights. Options granted under the plan can have an exercise price no less than the fair market value of the underlying stock at the date of grant. The general terms of the plan include a vesting period (usually four years) with an exercisable period not to exceed ten years. Certain option and restricted stock awards provide for accelerated vesting if there is a change in control (as defined in the plan). As of June 30, 2009, approximately 954,000 additional awards could be granted under the plan. Through June 30, 2009, only incentive stock options, nonqualified stock options and restricted stock awards and units had been granted under the plan.

The following table shows stock option activity for the first six months of 2009.

| Options | Shares | Weighted-Average Exercise Price | Weighted-Average Remaining Contractual Term (Years) | Aggregate Intrinsic Value (\$000) |
|---------|--------|---------------------------------|---|-----------------------------------|
| | | | | |

Edgar Filing: UNITED COMMUNITY BANKS INC - Form 10-Q

| | | | | | |
|----------------------------------|-----------|----|-------|-----|------|
| Outstanding at December 31, 2008 | 3,350,701 | \$ | 19.99 | | |
| Stock dividend adjustment | 51,266 | | — | | |
| Granted | 352,950 | | 6.35 | | |
| Exercised | (437) | | 5.96 | | |
| Forfeited | (43,069) | | 22.35 | | |
| Expired | (27,198) | | 13.24 | | |
| Outstanding at June 30, 2009 | 3,684,213 | | 18.43 | 6.1 | \$ — |
| Exercisable at June 30, 2009 | 2,464,201 | | 19.26 | 4.8 | — |

The weighted average fair value of stock options granted in the second quarter of 2009 and 2008 was \$2.88 and \$2.93, respectively. The fair value of each option granted was estimated on the date of grant using the Black-Scholes model. Because United's option plan has not been in place long enough to gather sufficient information about exercise patterns to establish an expected life, United uses the formula provided by the Securities and Exchange Commission in Staff Accounting Bulletin No. 107 to determine the expected life of options.

The weighted average assumptions used to determine the fair value of stock options are presented in the table below.

| | Six Months Ended June 30, | |
|--------------------------|------------------------------|--------|
| | 2009 | 2008 |
| Expected volatility | 40.68% | 23.42% |
| Expected dividend yield | 0.00% | 2.61% |
| Expected life (in years) | 6.25 | 6.25 |
| Risk-free rate | 3.35% | 3.43% |

United's stock trading history began in March of 2002 when United listed on the Nasdaq National Market. For 2009 expected volatility was determined using United's historical monthly volatility for the seventy five months ended December 31, 2008. Seventy five months was chosen to correspond to the expected life of 6.25 years. For 2008, expected volatility was determined using United's historical monthly volatility over the period beginning in March of 2002 through the end of 2007. Compensation expense for stock options was \$1.4 million and \$1.5 million for the six months ended June 30, 2009 and 2008, respectively. Deferred tax benefits of \$498,000 and \$445,000, respectively, were included in the determination of income tax (benefit) expense for the six-month periods ended June 30, 2009 and 2008. The amount of compensation expense for both periods was determined based on the fair value of the options at the time of grant, multiplied by the number of options granted that were expected to vest, which was then amortized over the vesting period. The forfeiture rate for options is estimated to be approximately 3% per year. The total intrinsic value of options exercised during the six months ended June 30, 2009 and 2008 was \$840 and \$277,000.

The table below presents the activity in restricted stock awards for the first six months of 2009.

| Restricted Stock | Shares | Weighted- Average Grant- Date Fair Value |
|-------------------------------------|----------|--|
| Outstanding at December 31, 2008 | 89,498 | \$ 24.17 |
| Stock dividend adjustment | 1,876 | — |
| Granted | 106,000 | 7.07 |
| Vested | (28,609) | 25.08 |
| Outstanding at June 30, 2009 | 168,765 | 13.01 |

Compensation expense for restricted stock is based on the fair value of restricted stock awards at the time of grant, which is equal to the value of United's common stock on the date of grant. The value of restricted stock grants that are expected to vest is amortized into expense over the vesting period. For the six months ended June 30, 2009 and 2008, compensation expense of \$433,000 and \$441,000, respectively, was recognized related to restricted stock awards. The total intrinsic value of the restricted stock was \$1.0 million at June 30, 2009.

As of June 30, 2009, there was \$6.9 million of unrecognized compensation cost related to nonvested stock options and restricted stock awards granted under the plan. That cost is expected to be recognized over a weighted-average period of 1.4 years. The aggregate grant date fair value of options and restricted stock awards that vested during the six months ended June 30, 2009, was \$3.5 million.

Note 4 – Common Stock Issued / Common Stock Issuable

United provides a Dividend Reinvestment and Share Purchase Plan (“DRIP”) to its shareholders. Under the DRIP, shareholders of record can voluntarily reinvest all or a portion of their cash dividends into shares of United’s common stock, as well as purchase additional stock through the plan with cash. United’s 401(k) retirement plan regularly purchases shares of United’s common stock directly from United. In addition, United has an Employee Stock Purchase Program (“ESPP”) that allows eligible employees to purchase shares of common stock at a 5% discount, with no commission charges. For the six months ended June 30, 2009 and 2008, United issued 167,873 and 113,047 shares, respectively, and increased capital by \$974,000 and \$1.6 million, respectively, through these programs.

United offers its common stock as an investment option in its deferred compensation plan. The common stock component of the deferred compensation plan is accounted for as an equity instrument and is reflected in the consolidated financial statements as common stock issuable. At June 30, 2009 and 2008 182,041 and 105,579 shares, respectively, were issuable under the deferred compensation plan.

Edgar Filing: UNITED COMMUNITY BANKS INC - Form 10-Q

Management believes that there were no unrealized losses as of June 30, 2009, December 31, 2008 and June 30, 2008 that represented an other-than-temporary impairment. Unrealized losses were primarily attributable to changes in interest rates, and United has both the intent and ability to hold the securities for a time necessary to recover the amortized cost.

The amortized cost and fair value of the investment securities at June 30, 2009, by contractual maturity, are presented in the following table (in thousands). Expected maturities may differ from contractual maturities because issuers and borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

| | Amortized Cost | Fair Value |
|---|----------------|--------------|
| U.S. Treasuries | | |
| Within 1 year | \$ 39,979 | \$ 39,975 |
| | 39,979 | 39,975 |
| U.S. Government agencies: | | |
| Within 1 year | 700 | 702 |
| 1 to 5 years | 30,998 | 30,602 |
| 5 to 10 years | 158,055 | 157,018 |
| More than 10 years | 19,909 | 18,991 |
| | 209,662 | 207,313 |
| State and political subdivisions: | | |
| Within 1 year | 19,094 | 17,713 |
| 1 to 5 years | 15,607 | 16,054 |
| 5 to 10 years | 9,284 | 10,485 |
| More than 10 years | 11,209 | 11,251 |
| | 55,194 | 55,503 |
| Other: | | |
| Within 1 year | 14,790 | 14,791 |
| 1 to 5 years | 9,851 | 9,853 |
| 5 to 10 years | 1,000 | 1,000 |
| More than 10 years | 3,004 | 3,255 |
| | 28,645 | 28,899 |
| Total securities other than mortgage-backed securities: | | |
| Within 1 year | 74,563 | 73,181 |
| 1 to 5 years | 56,456 | 56,509 |
| 5 to 10 years | 168,339 | 168,503 |
| More than 10 years | 34,122 | 33,497 |
| Mortgage-backed securities | 1,462,695 | 1,485,097 |
| | \$ 1,796,175 | \$ 1,816,787 |

The following table summarizes securities sales activity for the three month and six month periods ended June 30, 2009 and 2008 (in thousands):

| Three Months Ended | | Six Months Ended | |
|--------------------|------|------------------|------|
| June 30 | | June 30 | |
| 2009 | 2008 | 2009 | 2008 |

Edgar Filing: UNITED COMMUNITY BANKS INC - Form 10-Q

| | | | | |
|--|----------|-----------|-----------|-----------|
| Proceeds from sales | \$ 798 | \$ 54,735 | \$ 15,017 | \$ 79,735 |
| Gross gains on sales | \$ 33 | \$ 357 | \$ 336 | \$ 357 |
| Gross losses on sales | — | — | — | — |
| Impairment losses | 744 | — | 744 | — |
| Net gains (losses) on sales of securities | \$ (711) | \$ 357 | \$ (408) | \$ 357 |
| Income tax expense (benefit) attributable to sales | \$ (277) | \$ 139 | \$ (159) | \$ 139 |

During the second quarter of 2009, United recognized an impairment loss of \$744,000 on an equity investment in Silverton Bank, a financial institution that failed during the quarter. The impairment loss represents the full amount of United's investment in Silverton.

Note 6 – Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per share for the three and six months ended June 30, 2009 and 2008.

(in thousands, except per share data)

| | Three Months Ended | | Six Months Ended | |
|--|--------------------|----------|------------------|-----------|
| | June 30, | | June 30, | |
| | 2009 | 2008 | 2009 | 2008 |
| Net (loss) income available to common shareholders | \$ (18,560) | \$ 7,089 | \$ (124,887) | \$ 23,163 |
| Weighted average shares outstanding: | | | | |
| Basic | 48,794 | 47,158 | 48,560 | 47,105 |
| Effect of dilutive securities | | | | |
| Stock options and restricted stock | — | 91 | — | 155 |
| Warrants attached to trust preferred securities | — | — | — | — |
| Warrant granted with Series B preferred stock | — | — | — | — |
| Diluted | 48,794 | 47,249 | 48,560 | 47,260 |
| Earnings per common share: | | | | |
| Basic | \$ (.38) | \$.15 | \$ (2.57) | \$.49 |
| Diluted | \$ (.38) | \$.15 | \$ (2.57) | \$.49 |

Note 7 – Subsequent Events

United performed an evaluation of subsequent events through August 7, 2009, the date upon which United's quarterly report on Form 10-Q was filed with the Securities and Exchange Commission. No subsequent events were identified that would have required a change to the financial statements or disclosure in the notes to the financial statements.

Note 8 – Assets and Liabilities Measured at Fair Value

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The table below presents United's assets and liabilities measured at fair value on a recurring basis as of June 30, 2009, aggregated by the level in the fair value hierarchy within which those measurements fall.

(in thousands)

| | Level 1 | Level 2 | Level 3 | Balance at |
|--------------------------------------|----------|--------------|---------|---------------|
| | | | | June 30, 2009 |
| Assets | | | | |

12

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

United may be required, from time to time, to measure certain assets at fair value on a nonrecurring basis in accordance with GAAP. These include assets that are measured at the lower of cost or market that were recognized at fair value below cost at the end of the period. The table below presents United's assets and liabilities measured at fair value on a nonrecurring basis as of June 30, 2009, aggregated by the level in the fair value hierarchy within which those measurements fall.

(in thousands)

| | Level 1 | Level 2 | Level 3 | Balance at June 30, 2009 |
|-------------------|---------|---------|------------|-----------------------------|
| Assets | | | | |
| Loans | \$ — | \$ — | \$ 174,005 | \$ 174,005 |
| Foreclosed assets | — | — | 86,730 | 86,730 |
| Goodwill | — | — | 235,590 | 235,590 |
| Total | \$ — | \$ — | \$ 496,325 | \$ 496,325 |

Assets and Liabilities Not Measured at Fair Value

The carrying amount and fair values for other financial instruments that are not measured at fair value in United's balance sheet at June 30, 2009 are as follows (in thousands):

| | 2009 | |
|------------------------------------|--------------------|--------------|
| | Carrying Amount | Fair Value |
| Assets: | | |
| Loans, net | \$ 5,367,409 | \$ 5,369,542 |
| Liabilities: | | |
| Deposits | 6,848,760 | 6,893,851 |
| Federal Home Loan Bank advances | 283,292 | 290,908 |
| Long-term debt | 150,026 | 87,907 |

Note 9 – Stock Dividend

During the first and second quarters of 2009, United declared a quarterly stock dividend at a rate of 1 new share for every 130 shares owned. The stock dividend has been reflected in the financial statements as an issuance of stock with no proceeds rather than a stock split and therefore prior period numbers of shares outstanding have not been adjusted. The amount of \$30,000 shown in the equity statement as a reduction of capital related to the stock dividend is the amount of cash paid to shareholders for fractional shares.

Note 10 – Derivatives and Hedging Activities

Risk Management Objective of Using Derivatives

United is exposed to certain risks arising from both its business operations and economic conditions. United principally manages its exposures to a wide variety of business and operational risks through management of its core business activities. United manages interest rate risk primarily by managing the amount, sources, and duration of its

investment securities portfolio and debt funding and the use of derivative financial instruments. Specifically, United enters into derivative financial instruments to manage exposures that arise from business activities that result in the receipt or payment of future known and uncertain cash amounts, the value of which are determined by interest rates. United's derivative financial instruments are used to manage differences in the amount, timing, and duration of United's known or expected cash receipts and its known or expected cash payments principally related to United's loans and wholesale borrowings.

The table below presents the fair value of United's derivative financial instruments as well as their classification on the balance sheet as of June 30, 2009, December 31, 2008 and June 30, 2008.

Derivatives designated as hedging instruments under SFAS 133 (in thousands).

| Interest Rate Products | Balance Sheet Location | June 30, 2009 | Fair Value December 31, 2008 | June 30, 2008 |
|---------------------------|---------------------------|------------------|------------------------------------|------------------|
| Asset derivatives | Other assets | \$ 30,815 | \$ 81,612 | \$ 28,356 |

There were no derivatives classified as liabilities in the balance sheet at June 30, 2009, December 31, 2008 or June 30, 2008.

Cash Flow Hedges of Interest Rate Risk

United's objectives in using interest rate derivatives are to add stability to interest revenue and to manage its exposure to interest rate movements. To accomplish this objective, United primarily uses interest rate swaps and floors as part of its interest rate risk management strategy. For United's variable-rate loans, interest rate swaps designated as cash flow hedges involve the receipt of fixed-rate amounts from a counterparty in exchange for United making variable-rate payments over the life of the agreements without exchange of the underlying notional amount. Interest rate floors designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty if interest rates fall below the strike rate on the contract in exchange for an up front premium. As of June 30, 2009, United had six interest rate swaps with an aggregate notional amount of \$325 million and two interest rate floors with an aggregate notional amount of \$175 million that were designated as cash flow hedges of interest rate risk.

The effective portion of changes in the fair value of derivatives designated and that qualify as cash flow hedges is recorded in accumulated other comprehensive income and is subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. During the second quarter of 2009, such derivatives were used to hedge the variable cash flows associated with existing prime-based, variable-rate loans. The ineffective portion of the change in fair value of the derivatives is recognized directly in earnings. During the six months ended June 30, 2009 and June 30, 2008 no hedge ineffectiveness was recognized on derivative financial instruments designated as cash flow hedges.

Amounts reported in accumulated other comprehensive income related to derivatives will be reclassified to interest revenue as interest payments are received on United's prime-based, variable-rate loans. During the remaining six months of 2009, United estimates that an additional \$26.7 million will be reclassified as an increase to interest revenue.

Fair Value Hedges of Interest Rate Risk

United is exposed to changes in the fair value of certain of its fixed rate obligations due to changes in LIBOR, a benchmark interest rate. United uses interest rate swaps to manage its exposure to changes in fair value on these instruments attributable to changes in the benchmark interest rate. Interest rate swaps designated as fair value hedges involve the receipt of fixed-rate amounts from a counterparty in exchange for United making variable rate payments over the life of the agreements without the exchange of the underlying notional amount. As of June 30, 2009, United had three interest rate swaps with an aggregate notional amount of \$195 million that were designated as fair value hedges of interest rate risk.

Edgar Filing: UNITED COMMUNITY BANKS INC - Form 10-Q

For derivatives designated and that qualify as fair value hedges, the gain or loss on the derivative as well as the offsetting loss or gain on the hedged item attributable to the hedged risk are recognized in earnings. United includes the gain or loss on the hedged items in the same line item as the offsetting loss or gain on the related derivatives. During the six months ended June 30, 2009, United recognized a loss of \$1.8 million related to changes in the fair value of the swaps that were offset by a gain of \$1.5 million related to changes in the fair value of the hedged items. During the six months ended June 30, 2009, United recognized net losses of \$282,000 related to ineffectiveness of the hedging relationships. The table below presents the earnings impact of the changes in fair value of the swaps and the hedged items for the six months ended June 30, 2009 (in thousands).

| Income Statement Classification | Gain (Loss) on Derivative | Gain (Loss) on Hedged Item |
|------------------------------------|---------------------------------|----------------------------------|
| Other fee revenue | \$ (259) | \$ 431 |
| Other expense | (1,566) | 1,112 |

Tabular Disclosure of the Effect of Derivative Instruments on the Income Statement

The tables below present the effect of United's derivative financial instruments on the Consolidated Statement of Income for the six months ended June 30, 2009 and June 30, 2008. Derivatives in SFAS 133 Fair Value Hedging Relationships (in thousands).

| Location of Gain (Loss) Recognized in Income on Derivative | Amount of Gain (Loss) Recognized in Income on Derivative | | Amount of Gain (Loss) Recognized in Income on Hedged Item | |
|--|--|------------------|---|------------------|
| | June 30, 2009 | June 30, 2008 | June 30, 2009 | June 30, 2008 |
| Other fee revenue | \$ (259) | \$ (53) | \$ 431 | \$ 51 |
| Other expense | (1,566) | — | 1,112 | — |

Derivatives in SFAS 133 Cash Flow Hedging Relationships (in thousands).

| Interest rate products | \$ (5,216) | \$ 13,191 | revenue | \$ 21,178 | \$ 11,124 |
| | | | revenue | \$ — | \$ — |

Credit-risk-related Contingent Features

United manages its credit exposure on derivatives transactions by entering into a bi-lateral credit support agreement with each counterparty. The credit support agreements require collateralization of exposures beyond specified minimum threshold amounts. The details of these agreements, including the minimum thresholds, vary by counterparty.

United's agreements with each of its derivative counterparties contain a provision where if either party defaults on any of its indebtedness, then it could also be declared in default on its derivative obligations. The agreements with derivatives counterparties also include provisions that if not met, could result in United being declared in default. United has agreements with certain of its derivative counterparties that contain a provision where if United fails to maintain its status as a well-capitalized institution, it could be declared in default on its derivative obligations. United has an agreement with one counterparty that contains a provision where if United fails to maintain a minimum

shareholders' equity of \$300 million, it could be declared in default on its derivative obligations. An agreement with another counterparty contains a provision where if United fails to maintain a minimum tier 1 leverage ratio of 5.0%, a minimum tier 1 risk-based capital ratio of 6.0%, and a minimum total risk-based capital ratio of 10%, it could be declared in default on its derivative obligations.

Note 11 – Recent Accounting Pronouncements

In May 2009, the FASB issued Statement of Financial Accounting Standards No. 165, Subsequent Events (“SFAS 165”). SFAS 165 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. In particular, this statement sets forth (1) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, (2) the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements, and (3) the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. This statement was effective for United in the second quarter of 2009 and will only affect United’s financial statements if an event occurs subsequent to the balance sheet date that would require adjustment to the financial statements or disclosure. United evaluated events and transactions through the date of this report, which is the date its consolidated financial statements dated June 30, 2009, were filed with the SEC.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 166, Accounting for Transfers of Financial Assets, an amendment of FASB Statement No. 140 (“SFAS 166”). SFAS 166 addresses (1) practices that have developed since the issuance of Statement of Financial Accounting Standards No. 140 (“SFAS 140”), Accounting for Transfers and Servicing of Financial Assets and Extinguishment of Liabilities, that are not consistent with the original intent and key requirements of SFAS 140 and (2) concerns of financial statement users that many of the financial assets (and related obligations) that have been derecognized should continue to be reported in the financial statements of transferors. SFAS 166 will become effective for United beginning January 1, 2010 and is effective for transfers occurring on or after that date. Additionally, on and after the effective date, the concept of a qualifying special-purpose entity is no longer relevant for accounting purposes. Therefore, formerly qualifying special-purpose entities (as defined under previous accounting standards) should be evaluated for consolidation by reporting entities on and after the effective date in accordance with the applicable consolidation guidance. If the evaluation on the effective date results in consolidation, the reporting entity should apply the transition guidance provided in the pronouncement that requires consolidation. Additionally, the disclosure provisions of SFAS 166 should be applied to transfers that occurred both before and after the effective date of this statement. United does not operate any qualifying special-purpose entities; therefore, the consolidation requirements will have no effect on United’s financial statements.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 167, Amendments to FASB Interpretation No. 46(R) (“SFAS 167”). SFAS 167 addresses (1) the effects on certain provisions of FASB Interpretation No. 46 (revised December 2003), Consolidation of Variable Interest Entities, as a result of the elimination of the qualifying special-purpose entity concept in SFAS 166, and (2) constituent concerns about the application of certain key provisions of Interpretation 46(R), including those in which the accounting and disclosures under the Interpretation do not always provide timely and useful information about an enterprise’s involvement in a variable interest entity. SFAS 167 requires an enterprise to perform an analysis to determine whether the enterprise’s variable interest or interests give it a controlling financial interest in a variable interest entity. This analysis identifies the primary beneficiary of a variable interest entity as the enterprise that has both of the following characteristics: (a) the power to direct the activities of a variable interest entity that most significantly impact the entity’s economic performance, and (b) the obligation to absorb losses of the entity that could potentially be significant to the variable interest entity or the right to receive benefits from the entity that could potentially be significant to the variable interest entity. Additionally, an enterprise is required to assess whether it has an implicit financial responsibility to ensure that a variable interest entity operates as designed when determining whether it has the power to direct the activities of the variable interest entity that most significantly impact the entity’s economic performance. This statement will be effective for United beginning January 1, 2010. United is in the process of determining the impact, if any, on its consolidated financial statements.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 168, The FASB Accounting Standards Codification™ and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 162 (“SFAS 168”). The FASB Accounting Standards Codification™ (“Codification”) will become the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission (“SEC”) under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. On the effective date of this Statement, the Codification will supersede all then-existing non-SEC accounting and reporting standards. All other non-grandfathered non-SEC accounting literature not included in the Codification will become non-authoritative. This Statement will be effective for United in the third quarter of 2009. Following this Statement, the FASB will not issue new standards in the form of Statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates. The FASB will not consider Accounting Standards Updates as authoritative in their own right. Accounting Standards Updates will serve only to update the Codification, provide background information about the guidance, and provide the bases for conclusions on the change(s) in Codification. FASB Statement No. 162 (“SFAS 162”), The Hierarchy of Generally Accepted Accounting Principles, which became effective on November 13, 2008, identified the sources of accounting principles and the framework for selecting the principles used in preparing the financial statements of nongovernmental entities that are presented in conformity with GAAP. SFAS 162 arranged these sources of GAAP in a hierarchy for users to apply accordingly. Once the Codification is in effect, all of its content will carry the same level of authority, effectively superseding SFAS 162. The implementation of SFAS 168 is not expected to have an impact on United’s financial statements; however, references to existing accounting literature in the footnotes to the financial statements will be changed to reference sections of the Codification.

In April 2009, the FASB issued FASB Staff Position No. FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly (“FSP FAS 157-4”). FSP FAS 157-4 provides additional guidance for estimating fair value in accordance with FASB Statement No. 157, Fair Value Measurements, when the volume and level of activity for the asset or liability have significantly decreased. This FSP also includes guidance on identifying circumstances that indicate a transaction is not orderly. This FSP emphasizes that even if there has been a significant decrease in the volume and level of activity for the asset or liability and regardless of the valuation technique(s) used, the objective of a fair value measurement remains the same. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. This accounting standard became effective for

United in the second quarter of 2009. The adoption did not have a significant impact on results of operations or financial position.

In April 2009, the FASB issued FASB Staff Position No. FAS 107-1 and APB 28-1, Interim Disclosures about Fair Value of Financial Instruments (“FSP FAS 107-1 and APB 28-1”). FSP FAS 107-1 and APB 28-1 amends FASB Statement No. 107, Disclosures about Fair Value of Financial Instruments, to require disclosures about fair value of financial instruments for interim reporting periods of publicly traded companies as well as in annual financial statements. This FSP also amends APB No. 28, Interim Financial Reporting, to require those disclosures in summarized financial information at interim reporting periods. This accounting standard became effective for United in the second quarter of 2009. The additional disclosures required by this statement are included in Note 8 to the consolidated financial statements.

In April 2009, the FASB issued FASB Staff Position No. FAS 115-2 and FAS 124-2, Recognition and Presentation of Other-Than-Temporary-Impairments (“FSP FAS 115-2 and FAS 124-2”). The objective of an other-than-temporary impairment analysis under existing GAAP is to determine whether the holder of an investment in a debt or equity security for which changes in fair value are not regularly recognized in earnings (such as securities classified as held-to-maturity or available-for-sale) should recognize a loss in earnings when the investment is impaired. An investment is impaired if the fair value of the investment is less than its amortized cost basis. This FSP amends the other-than-temporary impairment guidance in GAAP for debt securities to make the guidance more operational and to improve the presentation and disclosure of other-than-temporary impairments on debt and equity securities in the financial statements. This FSP does not amend existing recognition and measurement guidance related to other-than-temporary impairments of equity securities. This accounting standard became effective for United in the second quarter of 2009. It did not have a significant impact on results of operations or financial position.

Note 12 – Reclassifications

Certain 2008 amounts have been reclassified to conform to the 2009 presentation.

Note 13 – Goodwill

A summary of the changes in goodwill for the six months ended June 30, 2009 and 2008 is presented below, (in thousands).

| | Six Months Ended | |
|----------------------|------------------|------------|
| | June 30, | |
| | 2009 | 2008 |
| Beginning balance | \$ 305,590 | \$ 306,086 |
| Purchase adjustments | — | (496) |
| Impairment | (70,000) | — |
| Ending balance | \$ 235,590 | \$ 305,590 |

During the first quarter of 2009, United updated its annual goodwill impairment assessment as a result of its stock price falling significantly below tangible book value. As a result of the updated assessment, goodwill was found to be impaired and was written down to its estimated fair value. The impairment charge of \$70 million was recognized as an expense in the first quarter 2009 consolidated statement of income.

United has only one operating segment and all of the goodwill is included in that segment; therefore goodwill was tested for impairment for United as a whole. The first step (Step 1) of the goodwill impairment assessment was to determine the fair value of United as a whole and compare the result to the book value of equity. If the fair value resulting from Step 1 exceeds the book value of equity, goodwill is deemed not to be impaired. If the fair value is less than book value, Step 2 of the goodwill impairment assessment must be completed. Step 2 consists of valuing all of the assets and liabilities, including separately identifiable intangible assets, in order to determine the fair value of goodwill. The fair value of goodwill is the difference between the value of United determined in Step 1 and the value of the net assets and liabilities determined in Step 2. If the fair value of goodwill exceeds the book value, goodwill is not impaired. If the fair value of goodwill is less than book value, goodwill is impaired by the amount by which book value exceeds fair value.

The techniques used to determine fair value of United in Step 1 included a discounted cash flow analysis based on United’s long-term earnings forecast, the guideline public companies method that considered the implied value of United by comparing United to a select peer group of public companies and their current market capitalizations, adjusted for differences between the companies, and the merger and acquisition method that considered the amount an

acquiring company might be willing to pay to gain control of United based on multiples of tangible book value paid by acquirers in recent merger and acquisition transactions.

In United's annual goodwill assessment performed at year-end, the results of Step 1 were that the fair value of United exceeded the book value so goodwill was determined to not be impaired. The interim assessment performed in the first quarter of 2009 indicated that the fair value of United was less than book value, so United proceeded to Step 2. United's Step 2 analysis indicated that the book value of goodwill exceeded the fair value by \$70 million leading to the impairment charge. In arriving at the impairment charge there were a number of valuation assumptions made. The most significant valuation assumptions were related to valuing the loan portfolio. The key assumptions involved in valuing the non-performing portion of the loan portfolio included estimating future cash flows. The key assumptions involved in valuing the performing portion of the loan portfolio included determining a default rate and a rate of loss upon default. Changing these assumptions, or any other key assumptions, could have a material impact on the amount of goodwill impairment.

There have been no events or changes in operating conditions in the second quarter that would require an updated assessment of goodwill for impairment.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

This Form 10-Q contains forward-looking statements regarding United Community Banks, Inc. ("United"), including, without limitation, statements relating to United's expectations with respect to revenue, credit losses, levels of nonperforming assets, expenses, earnings and other measures of financial performance. Words such as "may", "could", "would", "should", "believes", "expects", "anticipates", "estimates", "intends", "plans", "targets" or similar expressions are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and involve certain risks and uncertainties that are subject to change based on various factors (many of which are beyond United's control). The following factors, among others, could cause United's financial performance to differ materially from the expectations expressed in such forward-looking statements:

- the condition of the banking system and financial markets;
- our limited ability to raise capital or maintain liquidity;
- our ability to pay dividends;
- our past operating results may not be indicative of future operating results;
- our business is subject to the success of the local economies in which we operate;
- our concentration of construction and land development loans is subject to unique risks that could adversely affect our earnings;
- we may face risks with respect to future expansion and acquisitions or mergers;
- changes in prevailing interest rates may negatively affect our net income and the value of our assets;
- if our allowance for loan losses is not sufficient to cover actual loan losses, earnings would decrease;
- competition from financial institutions and other financial service providers may adversely affect our profitability;
- we may be subject to losses due to fraudulent and negligent conduct of our loan customers, third party service providers or employees;
- business increases, productivity gains and other investments are lower than expected or do not occur as quickly as anticipated;
- competitive pressures among financial services companies increase significantly;
- the success of our business strategy;
- the strength of the United States economy in general;
- changes in trade, monetary and fiscal policies and laws, including interest rate policies of the Board of Governors of the Federal Reserve System;
- inflation or market conditions fluctuate;
- conditions in the stock market, the public debt market and other capital markets deteriorate;
- financial services laws and regulations change;
- technology changes and United fails to adapt to those changes;
- consumer spending and saving habits change;
- unanticipated regulatory or judicial proceedings occur; and
- United is unsuccessful at managing the risks involved in the foregoing.

Additional information with respect to factors that may cause actual results to differ materially from those contemplated by such forward-looking statements may also be included in other reports that United files with the Securities and Exchange Commission. United cautions that the foregoing list of factors is not exclusive and not to place undue reliance on forward-looking statements. United does not intend to update any forward-looking statement, whether written or oral, relating to the matters discussed in this Form 10-Q.

Acquisition

On June 19, 2009, United Community Bank (“Bank”) acquired the banking operations of Southern Community Bank (“SCB”) from the Federal Deposit Insurance Corporation (“FDIC”). The Bank acquired \$378.2 million of assets and assumed \$366.8 million of liabilities. The Bank and the FDIC entered loss sharing agreements regarding future losses incurred on loans and foreclosed loan collateral existing at June 19, 2009. Under the terms of the loss sharing agreements, the FDIC will absorb 80 percent of losses and share in 80 percent of loss recoveries on the first \$109 million of losses, and absorb 95 percent of losses and share in 95 percent of loss recoveries on losses exceeding \$109 million. The term for loss sharing on residential real estate loans is ten years, while the term for loss sharing on all other loans is five years. The SCB acquisition was accounted for under the purchase method of accounting in accordance with the Financial Accounting Standards Board’s Statement of Financial Accounting Standards No. 141(R) Business Combinations (“SFAS 141(R”). United recorded a gain totaling \$11.4 million resulting from the acquisition, which is a component of fee revenue on the consolidated statement of income. The amount of the gain is equal to the amount by which the fair value of assets purchased exceeded the fair value of liabilities assumed. See Note 2 of the Notes to unaudited Consolidated Financial Statements for additional information regarding the acquisition.

The results of operations of SCB are included in the consolidated statement of income from the acquisition date of June 19, 2009 through June 30, 2009. Because the acquisition of SCB occurred late in the quarter, with the exception of the acquisition gain of \$11.4 million, the results of operations contributed by SCB had very little impact on consolidated financial results.

Overview

The following discussion is intended to provide insight into the results of operations and financial condition of United and its subsidiaries and should be read in conjunction with the consolidated financial statements and accompanying notes.

United is a bank holding company registered with the Federal Reserve under the Bank Holding Company Act of 1956 that was incorporated under the laws of the state of Georgia in 1987 and commenced operations in 1988. At June 30, 2009, United had total consolidated assets of \$8.4 billion, total loans of \$5.5 billion, excluding the loans acquired from Southern Community Bank that are covered by loss sharing agreements, total deposits of \$6.8 billion and stockholders' equity of \$855 million.

United's activities are primarily conducted by its wholly owned Georgia banking subsidiary (the "Bank") and Brintech, Inc., a consulting firm providing professional services to the financial services industry. The Bank operations are conducted under a community bank model that operates 27 "community banks" with local bank presidents and boards in north Georgia, the Atlanta metropolitan statistical area ("MSA"), the Gainesville MSA, coastal Georgia, western North Carolina, and east Tennessee.

United reported a net loss of \$16.0 million for the second quarter of 2009, which included a non-recurring bargain purchase gain of \$11.4 million for the acquisition of SCB. United's net operating loss, which excludes the gain on acquisition, was \$23.1 million for the second quarter of 2009. This compared with net income of \$7.1 million for the second quarter of 2008. Diluted operating loss per common share was \$.53 for the second quarter of 2009, compared with diluted earnings per common share of \$.15 for the second quarter of 2008. The gain on acquisition represented \$.15 of earnings per share for the second quarter of 2009, reducing the net loss per diluted share to \$.38. The second quarter of 2009 operating loss reflects the continuing recessionary economic environment and credit losses primarily resulting from the weak residential construction and housing market.

For the six-month period ended June 30, 2009, United reported a net loss of \$119.8 million, including the \$11.4 million gain on acquisition, a \$70 million charge for goodwill impairment and a \$2.9 million charge for a reduction in workforce. United's net operating loss for the first six months of 2009, which excludes the gain on acquisition, goodwill impairment and severance costs, was \$55.0 million, compared to net operating income for the first six months of 2008 of \$23.2 million. Diluted operating loss per common share was \$1.24 for the six months ended June 30, 2009, compared with diluted operating income per common share of \$.49 for the same period in 2008. The gain on acquisition, goodwill impairment and severance costs represented \$.14 of earnings per share, \$1.44 of loss and \$.04 of loss, respectively, for the year, bringing the net loss per common share to \$2.57.

Operating loss and operating loss per diluted share are non-GAAP performance measures. United's management believes that operating performance is useful in analyzing the company's financial performance trends since it excludes items that are non-recurring in nature. A reconciliation of these operating performance measures to GAAP performance measures is included in the table on page 22.

Compared to a year ago, earnings for the quarter and year-to-date decreased primarily as a result of a higher provision for loan losses related to the deteriorating credit conditions and resulting increase in charge-offs within the loan portfolio. Margin compression due to an increase in non-performing assets, competitive deposit pricing and the

ongoing effect of efforts to maintain liquidity also contributed to lower earnings. Although the margin was down for the quarter from a year ago, it was up 20 basis points from the first quarter of 2009, reflecting improvement in loan and deposit pricing. Housing sales remain at low levels, leaving a surplus of finished housing and lot inventory in our markets, most notably in the Atlanta MSA. This decline in housing sales negatively affects both the cash flows of our residential construction and land development customers, and the demand for foreclosed developed real estate held by United.

Nonperforming assets, of \$392.6 million, which excludes assets of SCB that were covered by the loss sharing agreement with the FDIC, increased to 4.67% of total assets as of June 30, 2009, compared to 1.84% as of June 30, 2008 and 2.94% as of December 31, 2008. This increase was primarily the reflection of the continuing effects of declining home sales in United's markets.

Fee revenue, excluding the gain from the acquisition of SCB, decreased \$2.1 million, or 14%, and \$3.4 million, or 12%, from the second quarter and first six months of 2008, respectively. With the exception of mortgage fees, all other fee revenue sources decreased from the respective periods in 2008. Mortgage fees were up \$623,000, or 28%, and \$1.3 million, or 31% for the quarter and year-to-date, respectively, reflecting higher refinancing activity resulting from the low interest rate environment. In terms of mortgage production, United closed 1,008 loans totaling \$168 million in the second quarter of 2009, setting a new company record for the number of loans closed. For the first six months of 2009, 2,004 loans were closed, representing \$342 million. The decrease in the other fee revenue categories primarily reflects the weak economy.

Operating expenses increased \$5.6 million, or 11%, from the second quarter of 2008. Excluding the \$70 million goodwill impairment charge and \$2.9 million in severance costs in the first quarter of 2009, operating expenses for the first six months of 2009 increased 10.6 million, or 11%, from the same period of 2008. Both the quarter and year-to-date increases were primarily due to higher expenses associated with, and write-downs on, foreclosed real estate properties and higher FDIC insurance premiums. Effective January 1, 2009, the FDIC raised deposit insurance rates on all insured depository institutions by seven basis points on the balance of insured deposits. United's second quarter expenses also includes a one-time special assessment of \$3.7 million that will be paid in September.

Critical Accounting Policies

The accounting and reporting policies of United are in accordance with accounting principles generally accepted in the United States of America (“GAAP”) and conform to general practices within the banking industry. The more critical accounting and reporting policies include United’s accounting for the allowance for loan losses, intangible assets and income taxes. In particular, United’s accounting policies related to allowance for loan losses, intangibles and income taxes involve the use of estimates and require significant judgment to be made by management. Different assumptions in the application of these policies could result in material changes in United’s consolidated financial position or consolidated results of operations. See “Asset Quality and Risk Elements” herein for additional discussion of United’s accounting methodologies related to the allowance.

Results of Operations

United reported a net loss of \$16.0 million for the second quarter of 2009, which included a non-recurring gain on the acquisition of SCB of \$11.4 million. This compared to net income of \$7.1 million for the same period in 2008. The second quarter 2009 diluted loss per share was \$.38, which included \$.15 in earnings related to the gain on acquisition. This compared to diluted earnings per share of \$.15 for the second quarter of 2008.

For the first six months of 2009, United reported a net loss of \$119.8 million, which included the \$11.4 million gain on acquisition, a non-recurring, non-cash goodwill impairment charge of \$70 million and non-recurring severance costs of \$2.9 million. Net income for the same period in 2008 was \$23.2 million. Diluted loss per share for the six months ended June 30, 2009 was \$2.57, of which \$.15 in earnings per share was related to the gain on acquisition and \$1.44 and \$.04 in loss per share were related to the goodwill impairment charge and severance costs, respectively. This compared to diluted earnings per share of \$.49 for the first six months of 2008. The net losses in the second quarter and first six months of 2009 reflect a higher provision for loan losses related to the continuing effect of the economic recession and the weak residential construction and housing markets.
