It is important that your stock be represented at the meeting regardless of the number of shares you hold and whether you plan to attend the meeting. You can submit your proxy voting instructions via the Internet, by touch-tone telephone or by marking and returning the enclosed proxy card. The method by which you vote by proxy now will not limit your right to vote at the meeting if you decide to attend in person. If you do attend and wish to vote in person, you may simply revoke your proxy at the meeting.

If you plan to attend the meeting, please let us know when you vote via the Internet or by touch-tone telephone or when you return your proxy card. If your shares are not registered in your name (i.e., they are held in street name by a bank or brokerage firm) and you would like to attend the meeting, please ask the broker, bank or other nominee holding the shares to provide you with evidence of your share ownership so that you may be admitted to the meeting. Additionally, if you are a street name stockholder who wishes to vote at the meeting, you will need to obtain a proxy form from the institution that holds your shares.

Sincerely,

/s/ Sean E. Belanger

PROXY STATEMENT

FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 14, 2004

The board of directors of Paradyne Networks, Inc., a Delaware corporation, is furnishing this proxy statement to solicit your proxy for the voting of your shares at the 2004 annual meeting of stockholders and at any adjournments or postponements thereof. We will hold the annual meeting on Friday, May 14, 2004 at 10:00 a.m., local time, at our corporate headquarters, 8545 126th Avenue North, Largo, Florida 33773.

We are mailing this proxy statement and the accompanying proxy card to stockholders on or about April 16, 2004.

VOTING

General

The securities that can be voted at the annual meeting consist of common stock, \$.001 par value per share. Each share of common stock entitles its holder to cast one vote on each matter submitted to the stockholders at the annual meeting.

The record date for determining the stockholders who are entitled to receive notice of and to vote at the annual meeting has been fixed by the board of directors as the close of business on April 7, 2004. On the record date, 44,860,169 shares of common stock were outstanding and eligible to be voted at the annual meeting.

Quorum and Vote Required

Edgar Filing: PARADYNE NETWORKS INC - Form DEF 14A

A majority of our shares outstanding and entitled to vote on the record date must be represented, either in person or by proxy, to constitute a quorum at the annual meeting. The proposal to elect two directors to serve until the 2007 annual meeting must be approved by a plurality of the votes represented at the annual meeting and entitled to be cast on the proposal.

As of March 31, 2004, our directors and executive officers and their affiliates beneficially owned approximately 12% of the shares of our common stock outstanding and entitled to vote.

Proxies

All shares of our common stock represented by properly submitted proxies or voting instructions received before or at the annual meeting will, unless the proxies or voting instructions are revoked, be voted in accordance with the instructions indicated on those proxies or voting instructions. If no instructions are indicated on a properly submitted proxy or voting instruction, the shares will be voted FOR the election of the director nominees named in the Proposal and to approve those other matters that may properly come before the annual meeting at the discretion of the persons named in the proxy. You are urged to indicate how to vote your shares by marking the boxes on the proxy card or the voting instruction card or by following the instructions if submitting your proxy or voting instructions by telephone or the Internet.

If a stockholder submits a properly executed proxy or voting instruction and the stockholder has withheld authority from voting on the election of a director to serve until the 2007 annual meeting, the common stock represented by the proxy or voting instruction will be considered present at the annual meeting for purposes of determining a quorum but will have no effect on the outcome of the nominee election.

If your shares are held in an account at a brokerage firm or bank, you should instruct them on how to vote your shares. New York Stock Exchange rules determine whether proposals presented at stockholder meetings are routine or not routine. If a

Table of Contents

proposal is routine, a broker or other entity holding shares for an owner in street name may vote for the proposal without voting instructions from the owner. If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on the proposal because the proposal is not routine and the owner does not provide any instructions. The New York Stock Exchange has informed us that the election of a director is a routine item. As to the proposal to elect directors to serve until the 2007 annual meeting, your broker or bank will have discretionary authority to vote on your behalf if you do not provide instructions on how to vote.

Our annual meeting may be adjourned or postponed in order to permit further solicitation of proxies. No proxy that withholds authority with respect to the election of directors to serve until the 2007 annual meeting will be voted in favor of any proposal to adjourn or postpone the annual meeting in order to solicit additional proxies that is submitted to the stockholders for a vote. We do not expect any matter other than approval of the election of directors to serve until the 2007 annual meeting will be brought before the annual meeting. If, however, other matters are properly presented, the persons named as proxies will vote in accordance with their judgment with respect to those matters, unless authority to do so is withheld on the proxy card.

A stockholder may revoke his or her proxy or voting instruction at any time before it is voted by:

notifying in writing the Secretary of Paradyne Networks, Inc. at 8545 126th Avenue North, Largo, Florida 33773, if you are a stockholder of record;

notifying your brokerage firm or bank, if you hold your shares in an account at a brokerage firm or bank;

granting a subsequently dated proxy or voting instructions (by mail, through the Internet or by telephone); or

appearing in person and voting at the annual meeting if you are a holder of record.

Attendance at the annual meeting will not in and of itself constitute revocation of a proxy.

Voting Procedures

Because Delaware, the state in which we are incorporated, permits electronic submission of proxies through the Internet or by telephone, instead of submitting proxies by mail on the enclosed proxy card or voting instruction card, our stockholders will have the option to submit their proxies or voting instructions electronically through the Internet or by telephone. Please note that there are separate arrangements for using the Internet or telephone depending on whether your shares are registered in our stock records in your name or in the name of the brokerage firm or bank. Stockholders should check their proxy card or the voting instruction card forwarded by their broker, bank or other holder of record to see which options are available.

The Internet and telephone procedures described below for submitting your proxy or voting instructions are designed to authenticate stockholders' identities, to allow stockholders to have their shares voted and to confirm that their instructions have been properly recorded. Stockholders submitting proxies or voting instructions via the Internet should understand that there may be costs associated with electronic submission, such as usage charges from Internet access providers and telephone companies, that would be borne by the stockholder.

Edgar Filing: PARADYNE NETWORKS INC - Form DEF 14A

Our holders of record may submit their proxies:

through the Internet by visiting a website established for that purpose at <http://www.eproxy.com/pdyn/> and following the instructions;

by telephone by calling the toll-free number 1-800-560-1965 in the United States or Canada on a touch-tone telephone and following the recorded instructions; or

by completing and mailing the enclosed proxy card.

Stockholders should confirm the website and toll-free number on their proxy card or voting instruction card and use that website or toll-free number if they are different from those listed above.

Table of Contents

You can find the results of the voting on the proposals in our Quarterly Report on Form 10-Q for the quarter ending June 30, 2004, which we will file with the Securities and Exchange Commission by August 9, 2004.

Cost of Proxy Solicitation

We are soliciting your proxy on behalf of the board of directors, and we will bear all of the related costs. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of common stock held in their names. Our employees also may communicate with you to solicit your proxy, but we will not pay them any additional compensation for doing so.

STOCK OWNERSHIP

The following table sets forth information as of March 31, 2004 regarding the beneficial ownership of our voting stock by each person known by us to own more than 5% of any class of our voting securities, each director and nominee for director, each executive officer named in the table under the caption Executive Compensation Summary Compensation, and all directors and executive officers as a group.

Pursuant to Securities and Exchange Commission rules, the number of shares of common stock beneficially owned by a specified person or group includes shares of our common stock subject to options that are presently exercisable or exercisable within 60 days after March 31, 2004. Such shares are deemed to be outstanding for the purpose of computing the percentage of the class beneficially owned by such person or group, but are not deemed to be outstanding for the purpose of computing the percentage of the class beneficially owned by any other person or group.

The persons named in the table gave us the stock ownership information about themselves. Except as explained in the footnotes below, the named persons have sole voting and investment power with regard to the shares shown as beneficially owned by them.

PROPOSAL

ELECTION OF DIRECTORS

Nominees

Pursuant to our amended and restated certificate of incorporation, as amended, and bylaws the number of persons to serve on our board of directors is determined by resolution of our board of directors from time to time. The board is now comprised of six directors and is divided into three classes. The stockholders elect the directors in each class for a term of three years and until each of his successors is elected and qualified. The term of office of one class of directors expires each year at the annual meeting, and the stockholders elect a new class of directors each year at that time.

At the annual meeting, the term of the Class II directors, Sean E. Belanger and Keith B. Geeslin, will expire. The board of directors, upon the recommendation of the Nominating Committee, has nominated these individuals for re-election at the annual meeting. The nominees have consented to serve if elected. If re-elected, Messrs. Belanger and Geeslin will each serve a three-year term that will expire at the 2007 annual meeting. If either should be unavailable to serve for any reason, which is not anticipated, the board of directors may:

designate a substitute nominee, in which case the persons named as proxies will vote the shares represented by all valid proxies for the election of such substitute nominees;

allow the vacancy to remain open until a suitable candidate is located and nominated; or

Table of Contents

adopt a resolution to decrease the authorized number of directors.

Meetings and Committees of the Board of Directors

The board of directors conducts its business through meetings of the full board and through its three standing committees of the board. These committees are the audit committee, the compensation committee and the nominating committee. During 2003, the board of directors held three formal meetings, the audit committee held five formal meetings and the compensation committee did not hold any formal meetings but held several informal meetings to resolve key compensation issues. The nominating committee was created by the board of directors on March 11, 2004 and, as a result, held no meetings in 2003. Each of the current directors attended at least 75% of all meetings of the full board of directors and of the committees on which he served during 2003, except for William R. Stensrud who attended less than 75% of the board and audit committee meetings during the period in which he so served.

The audit committee engages our independent accountants and reviews their audit plan, the scope and results of their audit engagement. Members also consult with the independent accountants and management with regard to our accounting methods and the adequacy of our internal accounting controls, and authorize the independent accountants' audit and nonaudit fees. The audit committee also reviews our quarterly and annual financial statements with management and the auditors prior to our filing them as part of our quarterly and annual reports to the Securities and Exchange Commission and discusses with the auditors the results of their quarterly reviews and annual audits.

The audit committee also discusses with and receives assurances from the auditors regarding their independence from the Company and management. In addition, each of the audit committee members is financially literate and has the financial management expertise required by the rules of The Nasdaq Stock Market, Inc. Further information regarding the duties of the audit committee is contained in the Audit Committee Charter, as amended and restated and attached hereto as Appendix A.

The audit committee is comprised of Thomas E. Epley, Keith B. Geeslin and David F. Walker. William R. Stensrud resigned from the audit committee on July 21, 2003. Mr. Stensrud did not resign from the Audit Committee because of a disagreement with Paradyne's operations, policies or practices. All audit committee members are independent as defined in the applicable listing standards of the NASD. Mr. Walker serves as Chairman of the audit committee and is an audit committee financial expert as that term is defined in the applicable regulations.

The compensation committee evaluates and approves the salaries and incentive compensation for our executives and makes recommendations regarding our Amended and Restated 1996 Equity Incentive Plan, 1999 Employee Stock Purchase Plan, 1999 Non-Employee Directors' Stock Option Plan, 2000 Broad-Based Stock Plan and Key Employee Stock Option Plan. Administration of these plans includes, among other things, determining which directors, officers and employees will receive awards under the plan, when the awards will be granted, the type of awards to be granted, the number of shares involved in each award, the time when any options granted will become exercisable and, subject to certain conditions, the price and duration of such options. The compensation committee is comprised of Keith B. Geeslin and William R. Stensrud.

The nominating committee identifies individuals qualified to serve on the board and recommends that the board select a slate of director nominees for election by the stockholders of the Company at the annual meeting of the stockholders of the Company. In identifying these individuals, the nominating committee considers such factors as independence and no conflict of interest that would interfere with performance as a director, character and integrity, financial literacy, level of education and business experience, sufficient time to devote to board matters and a commitment to represent the long-term interests of our stockholders. The committee also seeks to ensure that the composition of the board at

all times adheres to the independence requirements of the Nasdaq National Market and reflects a variety of complementary experiences and backgrounds, particularly in the areas of management and leadership, sufficient to provide sound and prudent guidance with respect to the operations and interests of the Company. The nominating committee also considers nominees recommended by stockholders and the manner in which the committee evaluates a potential nominee does not differ based on which of the different sources

indicated above recommended the candidate. For a description of requirements regarding stockholder nominations and other proposals, see Stockholders Proposals For 2005 Annual Meeting. The nominating committee is comprised of David F. Walker and William R. Stensrud, both of whom are independent as defined in the applicable listing standards of the NASD. Further information regarding the duties of the nominating committee is contained in the Nominating Committee Charter, attached hereto as Appendix B.

The board has affirmatively determined by resolution that directors (or nominees) Epley, Frantz, Geeslin, Stensrud and Walker are independent within the meaning of the Nasdaq rules. The board has also affirmatively determined by resolution that it encourages all directors to attend each annual meeting of stockholders, particularly those directors who are up for election at any such meeting.

Director Compensation

Upon the commencement of their service as directors, we grant each of our non-employee directors an option to purchase 10,000 shares of common stock under our 1999 Non-Employee Directors Stock Option Plan. For each year they continue to serve and attend at least 75% of the regularly scheduled meetings of the board of directors and the committees of which they are a member during that year, we grant each director an additional option to purchase 5,000 shares of common stock. Options granted under the 1999 Non-Employee Director Stock Option Plan upon the commencement of service as a director may, at the discretion of the board of directors, be fully vested on the grant date or be vested as to 50% of the shares with the remaining 50% vesting on the first anniversary of the grant date. No option granted under the 1999 Non-Employee Director Stock Option Plan may have a term in excess of ten years from the date on which it was granted. The exercise price of options granted under the 1999 Non-Employee Director Stock Option Plan will equal the fair market value of the common stock on the date of grant.

As of March 31, 2004, 140,000 options to purchase common stock had been granted pursuant to the 1999 Non-Employee Director Stock Option Plan, of which options to acquire 70,000 shares were outstanding on such date.

Since July 15, 1999, our non-employee directors have received cash compensation of \$1,500 for participation in each meeting of the board of directors and \$750 for participation in committee meetings which are held on days other than those on which the board of directors meet. The compensation committee met informally several times when needed during the 2003 year. Each compensation committee member was paid \$1,500 for his participation in those informal meetings. In addition to the above, David F. Walker, Chairman of the audit committee earns a fee of \$5,000 per quarter. We incurred directors' fees of \$36,250 in 2003.

We do not compensate those directors who are also our employees for their service as directors.

Each of the agreements has a term of one year with automatic daily extensions. Murphy). Under a broad-based salary reduction program, these annual salaries were reduced in 2002 to \$278,954 in the case of Mr. Belanger and \$190,502 in the case of Mr. Murphy. Pursuant to the employment agreements, each officer also is entitled to participate in all incentive, savings, retirement and welfare plans provided by Paradyne to its senior executive officers generally. Pursuant to the employment agreements, the executives are granted stock options to acquire shares of Paradyne common stock (1,200,000 shares in the case of Mr. Belanger and 430,000 shares in the case of Mr. Murphy) at an exercise price equal to the fair market value of the underlying shares on the date of grant. The options vest in equal monthly installments over a 36-month period, provided that, upon the earlier occurrence of a change in control, the options will vest immediately as to a portion of the shares (those that would have vested in the next 12 months with respect to Mr. Belanger, and one-half of the unvested options in the case of Mr. Murphy), and as to another portion of the shares if the officer's employment is terminated under certain conditions within one year after the change in control (those that would have vested in the 24 months after the change in control with respect to Mr. Belanger, and the remainder of the unvested shares with respect to Mr. Murphy). In addition, pursuant to the employment agreement, all of the officer's other options that were outstanding on December 8, 2000 were amended to provide that upon the officer's termination of employment due to death, disability or retirement, or termination without cause or voluntary resignation for any reason, such options will remain exercisable for twelve months. We or the officer may terminate the agreement at any time for any reason. If we terminate the officer's employment without cause or if he resigns for good reason, he will receive (i) a prorated target annual bonus for the year of termination, (ii) a severance payment equal to one year's salary, and (iii) reimbursement for the cost of twelve months of continued health insurance coverage under COBRA. Each of the employment agreements provides for a limitation of severance and other benefits to the extent necessary to avoid the imposition of a golden parachute excise tax, but only if such limitation would result in a more favorable after-tax result for the officer. The employment agreements contain covenants against the disclosure of confidential information or the solicitation of Paradyne's customers or employees for a period of six months after the officer's termination of employment.

Option Grants

The following table provides information with regard to stock option grants to the named executive officers pursuant to the Amended and Restated 1996 Equity Incentive Plan, or the 1996 Plan, and the 2000 Broad-Based Plan, or the Broad-Based Plan, during 2003. the future performance of the common stock. We do not guarantee that the rates of appreciation assumed in these two columns can be achieved or that the amounts reflected will be received by the named executive officers. INDEPENDENT PUBLIC ACCOUNTANTS

The board of directors has appointed the firm of PricewaterhouseCoopers LLP to serve as independent auditors of the Company for the fiscal year ending December 31, 2004. PricewaterhouseCoopers LLP has served as our independent auditors since 1996.

Representatives of PricewaterhouseCoopers will be present at the annual meeting, where they will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Services and Fees and Expenses of PricewaterhouseCoopers LLP During 2003

Audit Fees. PricewaterhouseCoopers LLP's fees were \$207,000 and \$217,000, and its expenses were approximately \$7500 and \$7400 in connection with its audit of our annual financial statements for 2002 and 2003, respectively, and its reviews of our quarterly financial statements included in our three Quarterly Reports on Form 10-Q that we filed with the Securities and Exchange Commission during 2002 and 2003, respectively.

Audit-Related Fees. We did not incur any fees from PricewaterhouseCoopers LLP for assurance and related services that were reasonably related to the performance of its audit or review of our financial statements and are not reported under *Audit Fees* for 2002 and 2003, respectively.

Tax Fees. We did not incur any fees from PricewaterhouseCoopers LLP for professional services rendered by it for tax compliance, tax advice and tax planning.

All Other Fees. PricewaterhouseCoopers LLP's fees were \$79,675 and \$1,400 for all other products and services that they rendered to us in 2002 and 2003, respectively. A substantial portion of the fees for these services relates to services traditionally provided by auditors, including consulting regarding FASB and Securities and Exchange Commission pronouncements and other Securities and Exchange Commission related work and filings.

The audit committee has determined that the provision by PricewaterhouseCoopers LLP of non-audit services to us in 2003 is compatible with PricewaterhouseCoopers LLP's maintaining its independence.

The audit committee pre-approves all audit and non-audit services performed by the Company's independent auditors and all related fees to assure that the provision of such services does not impair the auditor's independence. Under the audit committee policy, the independent auditors are prohibited from performing any non-audit services in contravention of SEC rules. The audit committee may delegate its pre-approval authority to one or more of its members, but not to management.

Table of Contents

The member or members to whom such authority is delegated shall report any pre-approval decisions to the full audit committee at its next scheduled meeting. In 2003, the audit committee approved the Company's fee arrangement with PricewaterhouseCoopers LLP prior to the start of the annual audit. The percentage of fees paid to PricewaterhouseCoopers LLP for the services described above under "All Other Fees" that was pre-approved was 100% in 2003 and 0% in 2002.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The audit committee oversees the Company's financial reporting process on behalf of the board of directors. The audit committee operates under a written charter adopted by the board of directors, as amended and restated on April 2, 2004. This report reviews the actions taken by the audit committee with regard to the Company's financial reporting process during 2003 and particularly with regard to the Company's audited consolidated financial statements as of December 31, 2003 and 2002 and for the three years in the period ended December 31, 2003.

The audit committee is comprised of Thomas E. Epley, Keith B. Geeslin and David F. Walker. William R. Stensrud resigned from the audit committee on July 21, 2003. All audit committee members are independent as defined in the applicable listing standards of the NASD. As further required by such rules, each of the committee members is financially literate and has financial management expertise. Mr. Walker serves as Chairman of the audit committee and is an audit committee financial expert as that term is defined in the applicable regulations.

The Company's management has the primary responsibility for the Company's financial statements and reporting process, including the systems of internal controls. The Company's independent auditors are responsible for performing an independent audit of the company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The committee's responsibility is to monitor and oversee these processes and to recommend annually to the board of directors the accountants to serve as the Company's independent auditors for the coming year.

The audit committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to fulfill its oversight responsibilities under the audit committee's charter. To carry out its responsibilities, the audit committee met five times during 2003.

In fulfilling its oversight responsibilities, the audit committee reviewed with management the audited financial statements to be included in the Company's Annual Report on Form 10-K for 2003, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The audit committee also reviewed with the Company's independent auditors, PricewaterhouseCoopers LLP, their judgments as to the quality (rather than just the acceptability) of the Company's accounting principles and such other matters as are required to be discussed with the audit committee under Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, the audit committee discussed with PricewaterhouseCoopers LLP their independence from management and the Company, including the matters in the written disclosures required of PricewaterhouseCoopers LLP by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The audit committee also considered whether the provision of services during 2003 by PricewaterhouseCoopers LLP that were unrelated to their audit of the financial statements referred to above and to their reviews of the Company's interim financial statements during 2003 is compatible with maintaining PricewaterhouseCoopers LLP's independence.

Additionally, the audit committee discussed with the Company's independent auditors the overall scope and plan for their audits. The audit committee met with the independent auditors, with and without any management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Table of Contents

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2003 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

Introduction

The compensation committee is responsible for developing the Company's executive compensation policies and advising the board of directors with respect to these policies. This report reviews the compensation committee's policies generally with respect to the compensation of all executive officers as a group for 2003.

The members of the compensation committee are Keith B. Geeslin and William R. Stensrud. None of the committee members is or has been an officer or employee of the Company or any of its subsidiaries.

Compensation Policy for Executive Officers

The executive compensation program for 2003 was designed to attract and retain a highly qualified and motivated management team, reward individual performance and link the interests of the senior executives directly with those of the stockholders. The 2003 compensation program, like those in prior years, is comprised of base salary, annual bonuses and long-term incentive pay in the form of stock options. This program applies to all key management personnel, including the Chief Executive Officer. All of the executives also are eligible for other employee benefits, including life, health, disability and dental insurance and the Company's retirement savings plan and employee stock purchase plan.

Base Salary. The compensation committee set the base salaries of top management for 2003 after reviewing salary levels for comparable executive positions in the telecommunications industry. The compensation committee set salaries at levels competitive with the base salaries of similarly situated executives at companies of similar size and revenue levels in the telecommunications industry.

Annual Bonuses. The compensation committee based annual cash bonuses for executive officers in 2003 on the Company's financial performance targets. The compensation committee established the target bonus amounts after reviewing similar information presented in independent surveys. The compensation committee's review ranged from broad-based overviews of the entire telecommunications industry to information regarding entities more similar to the Company in revenues. Based on such comparative information, the compensation committee used median as a guide for setting average and target bonus amounts for the Company's top management positions. The compensation committee generally uses the achievement of equipment revenue and the attainment of earnings targets as its two principal performance measurements. Additionally, the compensation committee may use its discretion to adjust the annual bonus payment based on an executive satisfying key deliverables. During 2003, we continued our close monitoring of expenses and our tight management of cash usage. Bonuses for the 2003 fiscal year were paid out based on attainment of preset revenue and net income goals.

Stock Options. Stock options are granted periodically under the 1996 Plan to the executive officers. Options granted to executive officers in 2003 have an exercise price equal to the fair market value of the underlying stock on the date of grant, expire ten years from the date of grant and vest in equal monthly installments over thirty-six months beginning one month from the date of grant. In granting options, the board reviews the amount of options granted to executives at other comparable companies in the telecommunications industry, the awards granted to other employees within the Company, the individual's position at the Company, options granted to the individual in prior years and his role in helping the Company achieve its goals. For more information about the options granted and exercised by the Company's named executive officers in 2003 and year-end stock option values, see Executive Compensation Option Grants and Aggregated Option Exercises in the Last Fiscal Year

and Fiscal Year-End Option Values.

Table of Contents

Chief Executive Officer's Compensation

Mr. Belanger became the Company's Chief Executive Officer in December 2000. Mr. Belanger received a base salary of \$278,954 in 2003. Based on the Company's financial performance in 2003, Mr. Belanger earned an annual incentive bonus of \$119,820. Due to salary reductions instituted by the Company in 2001, Mr. Belanger received this base salary in 2003, despite the fact that his employment agreement with the Company provides for \$330,000 in annual base salary. See "Employment Agreements" under "Executive Compensation." Mr. Belanger received 424,700 stock option grants during 2003. Mr. Belanger's total compensation for 2003 is provided in detail in the Summary Compensation Table under "Executive Compensation."

Policy With Respect to Deductibility of Compensation Expense

Section 162(m) of the Internal Revenue Code limits the tax deduction that the Company may take with respect to the compensation of certain executive officers, unless the compensation is "performance based" as defined in the Code. The 1996 Plan is designed to comply with Section 162(m) of the Code so that the grant of options and other awards under the 1996 Plan, including those that are conditioned on performance goals, will be excluded from the calculation of annual compensation and will be fully deductible by the Company. No awards other than stock options have been granted to date under the 1996 Plan that are conditioned on performance goals. The Broad-Based Plan does not comply with Section 162(m) of the Code and, therefore, grants to executive officers under the Broad-Based Plan may not be fully deductible by the Company.

Conclusion

The executive compensation program is designed to closely link pay with performance and the creation of stockholder value. If the Company achieves average financial performance levels, its executives will be compensated at "median levels" for comparable companies. If the Company's performance is exceptionally higher than the targeted levels, executive compensation will exceed such "median levels." The compensation committee believes that the program has been and will continue to be successful in supporting the Company's financial growth and other business objectives.

AUDIT COMMITTEE CHARTER

As Amended and Restated on April 2, 2004

PURPOSE

The Audit Committee (the "Committee") is appointed by the Board of Directors to assist the Board of Directors in overseeing (1) the accounting and financial reporting processes of the Company, (2) the audits of the financial statements of the Company, and (3) other activities within its authority and responsibilities as stated below.

In furtherance of this purpose, the Committee shall maintain direct communication among the Company's independent auditors and Company management (including the head of internal audit, if any) and the Board of Directors. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and has the authority to retain at the Company's expense outside legal, accounting or other advisors to advise the Committee and to receive appropriate funding, as determined by the Committee, from the Company for the payment of the compensation of such advisors. The independent auditors shall report directly to the Committee and are ultimately accountable to the Committee and the Board of Directors.

The Committee's job is one of oversight and it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that financial management, as well as the independent auditors, have more time and more detailed information about the Company than do Committee members; consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work.

COMPOSITION OF THE COMMITTEE

The Committee shall be composed of at least three members, who shall be independent directors meeting the requirements of the NASDAQ National Market (the "NASDAQ") listing standards and the rules of the Securities and Exchange Commission (the SEC), and appointed by the Board of Directors. No member of the Committee may, other than in his or her capacity as a member of the Committee, the Board of Directors or any other Board committee, accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any subsidiary, nor may any member of the Committee be an affiliated person of the Company or any subsidiary. Furthermore, each member must not have participated in the preparation of the financial statements of the Company (or any subsidiary of the Company) at any time during the three years prior to appointment on the Committee. Additionally, the members of the Committee must be able to read and understand fundamental financial statements. In addition, at least one member of the committee shall be an audit committee financial expert within the meaning set forth by the rules of the SEC. The audit committee financial expert must have past employment experience in finance or accounting, a professional certification in accounting, or any other comparable experience or background, as required by the NASDAQ listing standards.

Edgar Filing: PARADYNE NETWORKS INC - Form DEF 14A

The Chairman of the Committee shall be designated by the Board of Directors. In the absence of the Chairman, the members of the Committee may designate a chairman by majority vote. The Board of Directors may, at any time, remove one or more directors as members of the Committee.

AUTHORITY AND RESPONSIBILITIES

The Committee shall:

At least annually, review and reassess the adequacy of this Charter and evaluate the performance of the Committee and report the results thereof to the Board of Directors.

Oversee and confirm the regular rotation of the lead audit partner of the independent auditors.

Review, or the Chairperson of the Committee shall review, with management and the independent auditors the Company's unaudited quarterly financial statements and any changes in accounting policy that have occurred during the interim period prior to their filing or distribution. Pre-approve, to the extent required by applicable law, all audit and non-audit engagements and the related fees and terms with the independent auditors. In accordance with applicable law, the Committee may delegate this authority to one or more designated members of the Committee; provided that any such decision made pursuant to the foregoing delegation of authority shall be presented to the Committee at its next regularly-scheduled meeting. The Committee shall disclose its pre-approval policies and procedures for any audit and non-audit services. Furthermore, the Committee's approval of any non-audit service by the independent auditor shall be disclosed in the Company's periodic reports.

Satisfy itself as to the professional competency of the head of internal audit, if any, and the adequacy of his staff in discharging the responsibility of the office. Review with management the appointment and replacement of the head of internal audit, if any.

If applicable, review annually the Company's internal auditing program and significant reports with the head of internal audit, if any, and corporate management's response and follow-up to those reports.
