PROXY STATEMENT

FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited on behalf of the board of directors of MarketWatch.com, Inc., a Delaware corporation, for use at the 2004 Annual Meeting of Stockholders to be held at MarketWatch's corporate headquarters, located at 825 Battery Street, San Francisco, California, 94111 on Wednesday, August 4, 2004 at 10:00 a.m., local time (Annual Meeting). Only holders of record of our common stock at the close of business on June 18, 2004, which is the record date, will be entitled to vote at the Annual Meeting. At the close of business on the record date, we had 25,116,024 shares of common stock outstanding and entitled to vote. All proxies will be voted in accordance with the instructions contained therein and, if no choice is specified, the proxies will be voted in favor of the nominees and the proposals set forth in the accompanying Notice of the Annual Meeting and this proxy statement. This proxy statement and the accompanying form of proxy were first mailed to stockholders on or about June 29, 2004. Our annual report and Form 10-K for the year ended December 31, 2003, and Form 10-Q for the quarter ended March 31, 2004 are enclosed with this proxy statement.

All materials filed by us with the Securities and Exchange Commission can be obtained at the Commission's Public Reference Room at 450 Fifth Street, N.W. Washington, D.C. 20549 or through the Commission's website at www.sec.gov. You may obtain information on the operation of the Public Reference Room by calling 1-800-SEC-0330.

Our Internet Web site address is www.marketwatch.com. Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act are available free of charge through our Web site as soon as reasonably practicable after they are electronically filed with, or furnished to, the Securities and Exchange Commission. Upon written request to the Company's Secretary, Douglas S. Appleton, at the address of our corporate headquarters, we will also provide the reports in electronic or paper form free of charge.

Voting Rights

Holders of our common stock are entitled to one vote for each share held as of the record date. Shares of common stock may not be voted cumulatively. An automated system administered by our transfer agent, Mellon Investor Services, will tabulate votes cast by proxy. A representative of our transfer agent will act as our inspector of elections for the Annual Meeting and will tabulate the votes cast in person at the Annual Meeting.

Vote Needed for a Quorum, Effect of Abstentions and Broker Non-Votes

A quorum is required for our stockholders to conduct business at the Annual Meeting. The holders of a majority of the shares of our common stock entitled to vote on the record date, present in person or represented by proxy, will constitute a quorum for the transaction of business.

Under the Delaware General Corporation Law, as it relates to determining the presence of a quorum at the Annual Meeting, an abstaining vote and a broker non-vote are counted as present and are, therefore, included

Table of Contents

for purposes of determining whether a quorum of shares is present. For proposals other than the election of directors presented at the Annual Meeting, abstentions are counted as shares present and entitled to be voted and will have the same effect as a no vote. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular matter because the nominee does not have the discretionary voting power with respect to that matter and has not received instructions from the beneficial owner. For proposals presented at the Annual Meeting, broker non-votes, and shares as to which proxy authority has been withheld with respect to any matter, will have no effect on the outcome because they are not deemed to be entitled to be voted with respect to the proposals.

Vote Required to Approve the Proposals

With respect to Proposal No. 1, directors will be elected by a plurality of the votes of the shares of our common stock, present in person or represented by proxy, at the Annual Meeting and entitled to vote on the election of directors. Abstentions and broker non-votes will have no effect on the outcome of the election of directors. Approval and adoption of Proposal No. 2 require the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting. Abstentions will have the same effect as no votes on Proposal No. 2, but broker non-votes will have no effect. Approval and adoption of Proposal 3 require the affirmative vote of a majority of the shares of our common stock issued and outstanding on the record date. Abstentions and broker non-votes will have the same effect as no votes on Proposal 3. The effectiveness of any of the proposals is not conditioned upon the approval by our stockholders of any of the other proposals by the stockholders.

Postponement or Adjournment of Meeting

In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the persons named as proxies may propose one or more postponements or adjournments of the Annual Meeting to permit further solicitations of proxies. Any such postponement or adjournment would require the affirmative vote of the majority of the outstanding shares present in person or represented by proxy at the Annual Meeting. If you choose to vote by proxy, then the proxy card you submit will continue to be valid at any postponement or adjournment of the Annual Meeting.

Expenses of Soliciting Proxies

We will pay the expenses of soliciting proxies to be voted at the Annual Meeting. Following the original mailing of the proxies and other soliciting materials, our directors, officers and employees may also solicit proxies by mail, telephone, or in person. No additional compensation will be paid to these individuals for any such services. Following the original mailing of the proxies and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our common stock forward copies of the proxy and other soliciting materials to persons for whom they hold shares of our common stock and request authority for the exercise of proxies. In such cases, we will reimburse the record holders for their reasonable expenses if they ask us to do so.

The Proxy

The persons named as proxyholders, Lawrence S. Kramer and Douglas S. Appleton, were selected by our board of directors and currently serve as executive officers of the Company.

Edgar Filing: MARKETWATCH COM INC - Form DEF 14A

All shares represented by each properly executed, unrevoked proxy received in time for the Annual Meeting will be voted in the manner specified therein. If no specification is made on the proxy as to any one or more of the proposals, the common stock represented by the proxy will be voted as to the proposal for which no specification is given as follows: FOR the election of the director nominees named in this proxy statement; FOR the ratification of the selection of PricewaterhouseCoopers LLP, as our independent auditors for the 2004 fiscal

Table of Contents

year; FOR the amendment of our Amended and Restated Certificate of Incorporation to affect the Company name change; and, with respect to any other matters that may come before the annual meeting, at the discretion of the proxyholders. We do not presently know of any other business to be conducted at the annual meeting.

Revocability of Proxy

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

a written instrument delivered to our Secretary, Douglas S. Appleton, stating that the proxy is revoked;

a subsequent proxy that is signed by the person who signed the earlier proxy and is presented at the Annual Meeting; or

attendance at the Annual Meeting and voting in person.

Please note, however, that your attendance at the Annual Meeting, after having executed and delivered a valid proxy card, will not in and of itself constitute a revocation of your proxy. You will be required to give oral notice of your intention to vote in person to the inspector of elections at the Annual Meeting. Please note, further, that if a stockholder's shares are held of record by a broker, bank or other nominee and the stockholder wishes to vote in person at the Annual Meeting, the stockholder must obtain a valid proxy from the broker, bank or other nominee and present it to the inspector of elections at the Annual Meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

At the Annual Meeting, stockholders will elect each director to hold office until the next annual meeting of stockholders and until his or her successor has been elected and qualified or until such director's earlier resignation or removal. At the Annual Meeting, 11 nominees will be elected to be our 11 directors. If any nominee for any reason is unable to serve, or for good cause will not serve, as a director, the proxies may be voted for such substitute nominee as the proxy holders may determine. We are not aware of any nominee who will be unable to serve or for good cause will not serve as a director.

Pursuant to a stockholders' agreement entered into in January 1999, in connection with our reorganization from a limited liability company to a corporation, and, as amended in January 2004, in connection with our acquisition of Pinnacor Inc., Pearson International Finance Ltd. ("Pearson") and CBS Broadcasting Inc. ("CBS") each has the right to designate candidates for election to the board. The number of candidates that each may currently designate is equal to the product of:

the percentage held by each of CBS and Pearson of our outstanding shares of common stock, and

the number of authorized members of our board of directors,

rounded up to the nearest whole number. Further, each of CBS and Pearson is obligated to vote the shares of common stock held by it for the other's designated candidates.

In addition, so long as the amended and restated license agreement that we have entered into with CBS remains in effect, CBS also has the right to nominate at least one candidate to our board of directors, regardless of the percentage of our outstanding shares of common stock held by it.

Pursuant to our Agreement and Plan of Merger with Pinnacor, Inc., Pinnacor nominated David Hodgson to serve on the board of directors of MarketWatch. The board considered Mr. Hodgson's qualifications, and elected him as a director in March 2004.

Table of Contents

With respect to the Company's most recent directors, Mr. Hodgson was nominated by Pinnacor Inc. pursuant to our Agreement and Plan of Merger with Pinnacor. The board considered Mr. Hodgson's qualifications, and elected him as a director in March 2004. Mr. Moore was nominated by the nominating committee which is comprised of independent directors, after careful consideration of various candidates. The board considered Mr. Moore's qualifications, and elected him as a director in May 2004. No search firm was used, and no fees were paid for the selection of either of these two directors.

Director Independence

In addition to the independence standards set forth by Rule 4200 of the listing standards of the National Association of Securities Dealers, our board of directors further determined that a director who has the following relationship with the Company would not be deemed to be an independent director: a director who is an employee of a stockholder of the Company that (i) owns 10% or more of the outstanding capital stock of the Company, as evidenced on the record books of the Company's transfer agent on the date of determination, and (ii) has a commercial relationship with the Company.

In making the determination of whether a director is independent under the Nasdaq rules and the additional standards set forth by the board, our board of directors considered transactions and relationships between each director or his or her immediate family and the Company, including those reported in the section below captioned, Certain Relationships and Related Transactions. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent.

As a result of this review, our board affirmatively determined, based on its understanding of such transactions and relationships, that Ms. Hefner and Messrs. Hodgson, Lessin, McCormick, Moore and Rayport are independent of the Company and, therefore, a majority of the members of our board is independent, under the standards set forth by the Nasdaq rules and the board.

Board Meetings and Board Committees

Board Meetings. The board met ten times, including telephone conference meetings, and took five actions by written consent during 2003. No director attended fewer than 75% of the aggregate of the total number of meetings of the board held during the period for which he or she was a director and the total number of meetings held by all committees of the board on which he or she served during the period. Although the board has no formal policy regarding attendance at stockholders meetings, our board generally encourages board members to attend such annual meetings. Director attendance at each annual stockholders meeting, including the 2003 stockholders meeting, will be posted on our web site at www.marketwatch.com.

Board Committees. Our board of directors has an audit committee, a nominating committee, a compensation committee, a compliance committee and a mergers and acquisitions committee.

Audit Committee. Our audit committee currently consists of Christie Hefner, Dave Hodgson, Bob Lessin and Jeffrey Rayport. The audit committee reviews our quarterly and annual financial statements; meets with our independent auditors to review the adequacy of our internal control systems and financial reporting procedures; is responsible for the appointment, retention and oversight of our independent auditors, including the approval of the fees charged by our independent auditors for audit and non-audit services, review of the independence and performance of the independent auditors, review and monitoring of the performance of non-audit services by our independent auditors; and

Edgar Filing: MARKETWATCH COM INC - Form DEF 14A

performs such further functions as may be required by the Nasdaq National Market. The audit committee has also established procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. Additional duties and powers

Table of Contents

of the audit committee are set forth in its amended and restated charter, which was adopted and approved in March 2004 and a copy of which is attached to this proxy statement as [Appendix A](#).

After considering transactions and relationships between each member of the audit committee or his or her immediate family and the Company and reviewing the qualifications of the members of the audit committee, our board of directors has determined that all current members of the audit committee are (1) independent as that term is defined in Section 10A of the Exchange Act; (2) independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers; and (3) financially literate and have the requisite financial sophistication as required by the Nasdaq rules applicable to issuers listed on the Nasdaq National Market. Furthermore, our board of directors has determined that Christie Hefner qualifies as an audit committee financial expert, as defined by the applicable rules of the Exchange Act, pursuant to the fact that, among other things, Ms. Hefner is currently the Chairman of the board and Chief Executive Officer of Playboy Enterprises, Inc. and in that capacity has acquired the relevant experience and expertise and has the attributes set forth in the applicable rules as being required for an audit committee financial expert.

The audit committee met seven times, including telephone conference meetings, during 2003.

In May 2002, our stockholders approved an amendment to the Directors Plan to increase the number of shares of common stock reserved under the plan by 50,000 shares. In May 2003, we granted an option under our Directors Plan to each of Jeffrey Rayport, Christie Hefner and Robert Lessin to purchase 2,000 shares of common stock at \$7.97 per share, the fair market value of our common stock on the date of grant, and in December 2003 we granted an option under our Directors Plan to Douglas McCormick to purchase 10,000 shares of common stock at \$8.42 per share, the fair market value of our common stock on the date of grant. Each eligible director who becomes a member of our board will automatically be granted an option to purchase 10,000 shares. At each annual meeting of stockholders, each eligible director will automatically be granted an additional option to purchase 2,000 shares if he or she has served continuously as a member of the board since the date of such director's initial grant. The options have a term of 10 years. The options will terminate seven months after the date the director ceases to be a director or a consultant of the Company, or 12 months after a termination of service due to death or disability. All options granted under the 2004 Plan vest as to one-third of the total shares subject to the option on each of the first three anniversaries of the grant date. Additionally, immediately prior to our dissolution or liquidation or entering into a change in control transaction, the vesting of these options will accelerate, and the options will be exercisable in full for a period of up to seven months following the transaction. After that time, any unexercised options will expire.

In March 2004, we granted an option under our 2004 Plan to David Hodgson to purchase 10,000 shares of common stock at \$12.82 per share, the fair market value of our common stock on the date of grant, and in May 2004, we granted an option under our 2004 Plan to David Moore to purchase 10,000 shares of common stock at \$10.12 per share, the fair market value of our common stock on the date of grant.

Compensation Committee Interlocks and Insider Participation

The compensation committee is currently comprised of Jeffrey Rayport and Douglas McCormick. No interlocking relationship exists between members of our compensation committee and the members of the compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Relationships Among Directors or Executive Officers

There are no family relationships among any of our directors or executive officers.

Qualifications of Directors

Our board of directors has not established any special qualifications or any minimum criteria for director nominees. In considering candidates for the board, the nominating committee will consider the entirety of each

Table of Contents

candidate's credentials. However, as specified in the charter for the nominating committee, the nominating committee shall consider certain qualifications such as the nominee's broad experience in business, finance or administration, familiarity with our industry, prominence, reputation and sufficient time available to devote to our affairs. The nominating committee will also use its best efforts to seek to ensure that the composition of our board of directors at all times adheres to the independence requirements applicable to companies listed on the Nasdaq National Market, as well as other regulatory requirements applicable to us.

Director Nomination Process

We do not have a formal director nomination process. Generally, once a need to add a new board member is identified, the nominating committee will initiate a search by working with staff support, seeking input from board members and senior management and hiring a consultant or search firm, if necessary. After a slate of possible candidates is identified, members of the nominating committee, other members of the board and senior management have the opportunity to interview the prospective candidate(s). The remaining members of the board who do not interview the prospective candidate(s) are kept informed of the progress. The nominating committee ultimately recommends the best candidate(s) the committee members determine after the selection process for approval by the full board.

Communications with the Board

Our board of directors believes that full and open communication between stockholders and members of our board is in our best interests and the best interests of our stockholders. Stockholders can contact any director or committee of the board by writing to Douglas S. Appleton, General Counsel and Secretary, c/o MarketWatch.com, Inc., 825 Battery Street, San Francisco, CA 94111. Our General Counsel will determine the extent to which such stockholder communications should be disseminated to the members of the board and what response, if any, should be made to such communications. Generally, communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that are considered to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which the Company may receive repetitive or duplicative communications. Confidential and anonymous comments or complaints relating to our accounting, internal accounting controls or auditing matters may be referred directly to our audit committee by writing to the chairman of the audit committee, c/o Douglas S. Appleton, MarketWatch.com, Inc., 825 Battery Street, San Francisco, CA 94111. Alternatively, a confidential voicemail may be left at (415) 293-0607 or (2) an email may be sent to ethicscompliance@marketwatch.com. In view of recently adopted disclosure requirements by the Securities and Exchange Commission related to stockholder communications, the audit committee may consider development of more specific procedures. Until any other procedures are developed and posted on our web site, any stockholder communication should be directed to the attention of the persons and address noted above.

Stockholder Proposals to Nominate a Director

The nominating committee will consider stockholder proposals properly submitted to us for the recommendations of qualified director nominee(s), in accordance with the procedures set forth below. In order to have a proposal considered by the nominating committee for the 2005 annual meeting, a stockholder must submit its proposal and other relevant information in writing to the attention of our Secretary at our principle executive offices no earlier than May 6, 2005 and later than June 5, 2005.

The stockholder must submit the following relevant information with respect to recommendations of director nominee(s), in writing, to the attention of our Secretary at our principle executive offices: (1) the name, age, business and residence address of the prospective candidate; (2) a brief biographical description of the prospective candidate, including employment history for the past five years, and a statement of the

qualifications of the prospective candidate; (3) the class and number of shares of our common stock, if any, that are beneficially

Table of Contents

owned by the prospective candidate; (4) a description of all arrangements or understandings between the stockholder and the prospective candidate pursuant to which the nomination is to be made by the stockholder if the stockholder and the prospective candidate are different individuals; (5) the candidate's signed consent to serve as a director if elected and to be named in the proxy statement; (6) the name and address, as they appear on our books, of the stockholder proposing the director-nominee; (7) the class and number of shares of our common stock that are beneficially owned by the stockholder proposing the director-nominee; and (8) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Exchange Act, in the stockholder's capacity as a proponent to the proposal.

Once the nominating committee receives the stockholder recommendation, it may deliver to the prospective candidate a questionnaire that requests additional information about the candidate's independence, qualifications and other matters that would assist the nominating committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in our proxy statement or other regulatory filings, if nominated.

The nominating committee will not evaluate candidates differently based on who has made the proposal. The committee will consider candidates for the board from any reasonable source, including stockholder recommendations. The committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates.

Greater detail about the submission process for stockholder proposals are set forth in our bylaws, a copy of which may be obtained by making a written request to our Secretary at the address of our principal executive offices.

We have not received a director nominee recommendation from any stockholder (or group of stockholders) that beneficially owns more than five percent of our common stock.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The audit committee of our board has selected PricewaterhouseCoopers LLP to perform the audit of our financial statements for the fiscal year ending December 31, 2004, and our stockholders are being asked to ratify this selection.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent auditors. However, our board of directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, our audit committee and board of directors will reconsider whether or not to retain that firm. Even if the selection is ratified, our audit committee and board of directors in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement at the Annual Meeting if they desire to do so and are expected to be available to respond to appropriate questions.

PROPOSAL NO. 3

**AN AMENDMENT TO OUR AMENDED AND RESTATED CERTIFICATE OF
INCORPORATION TO CHANGE NAME OF THE COMPANY
FROM MARKETWATCH.COM, INC. TO
MARKETWATCH, INC.**

Our board of directors has approved and recommends that our stockholders approve a proposal to change the name of the Company to MarketWatch, Inc. Our name change will be accomplished by amending our Amended and Restated Certificate of Incorporation. Our board of directors believes that the change of our name is in the best interests of the Company and our stockholders because it better reflects the expansion of our business from a Web site-based business to a multi-media business, including television, radio and institutional licensing of our news content.

If the amendment were adopted, Article 1 of our Amended and Restated Certificate of Incorporation would be amended to read as follows:

The name of this Corporation is MarketWatch, Inc.

In addition, all other references to our corporate name in our Amended and Restated Certificate of Incorporation would be changed to MarketWatch, Inc. The approval of the name change will not affect in any way the validity of currently outstanding stock certificates and will not require our stockholders to surrender or exchange any stock certificates that they currently hold.

Our board of directors has sole discretion as to whether to file the proposed amendment of the Amended and Restated Certificate of Incorporation. If the name change is not effected by the first anniversary of this annual meeting, the board's authority to effect the name change will terminate and stockholder approval would again be required prior to implementing any name change.

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933, or the Exchange Act of 1934, that might incorporate future filings by reference, including this proxy statement, with the Securities and Exchange Commission, in whole or in part, the following report shall not be deemed to be incorporated by reference into any such filings, nor shall the following report be deemed to be incorporated by reference into any future filings under the Securities Act or the Exchange Act.

To the Board of Directors:

The audit committee operates under a written charter, which was originally adopted on June 6, 2000 by the audit committee. The board adopted an amended and restated charter in February 2003, and again in March 2004 that included changes to address new requirements under the Sarbanes-Oxley Act and the rules of the Nasdaq National Market. A copy of the current audit committee charter is attached as Appendix A to this proxy statement.

The audit committee reviews the quarterly and annual financial statements of MarketWatch.com, Inc. (Company); meets with the Company s independent auditors to review the adequacy of the Company s internal control systems and financial reporting procedures; is responsible for the appointment, retention and oversight of the Company s independent auditors, including the approval of the fees charged by the Company s independent auditors for audit and non-audit services, review of the independence and performance of the independent auditors and review and monitoring of the performance of non-audit services by the Company s independent auditors; and performs such further functions as may be required by the Nasdaq National Market. Additional duties and powers of the audit committee are set forth in the amended and restated charter.

The Company s management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company s independent auditors, PricewaterhouseCoopers LLP, are responsible for performing an independent audit of those financial statements. However, the members of the audit committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing. The committee relies, without independent verification, on the information provided to the committee and on the representations made by management and the independent auditors.

Currently, the audit committee consists of Ms. Hefner and Messrs. Hodgson, Lessin and Rayport, each of whom qualifies as an independent director as defined by the National Association of Securities Dealers listing standards.

The audit committee has reviewed the Company s audited consolidated financial statements for the fiscal year ended December 31, 2003 and has met with both the Company s management and its independent auditors to discuss the consolidated financial statements. The Company s management represented to the audit committee that its audited consolidated financial statements for the year ended December 31, 2003 were prepared in accordance with generally accepted accounting principles.

The audit committee also discussed with the Company s independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, which includes among others, matters related to the conduct of the audit of the Company s financial statements. The audit committee has also received from the Company s independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, which relates to the auditors

independence from the Company and the Company's related entities, and has discussed

Table of Contents

with the Company's independent auditors the independence of that firm. The audit committee considered whether the non-audit services rendered by PricewaterhouseCoopers LLP were compatible with maintaining PricewaterhouseCoopers LLP's independence as auditors of our consolidated financial statements, and concluded that they were.

Based on the audit committee's review and discussions referred to above, the audit committee recommended to the Company's board of directors that the audited financial statements for the year ended December 31, 2003 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, which was filed with the Securities and Exchange Commission on March 31, 2004.

PricewaterhouseCoopers LLP performed services for us in fiscal 2002 and 2003 related to financial statement audit work, quarterly reviews, tax services, special projects and other ongoing consulting projects. As of April 29, 2004, fees billed by PricewaterhouseCoopers in fiscal 2002 and 2003 were as follows:

	<u>2003</u>	<u>2002</u>
Audit Fees (1)	\$ 626,183	\$ 143,000
Audit-Related Fees (2)	42,465	20,046
Tax Fees (3)	93,234	59,000
All Other Fees		

- (1) Audit fees represent fees for the audit of consolidated financial statements for the year ended December 31, 2003, the review of financial statements included in our quarterly reports on Form 10-Q and professional services for the assistance of the Company's registration statements on Form S-4 in connection with the acquisition of Pinnacor Inc.
- (2) Audit-related fees represent fees for accounting consultations in connection with mergers and acquisitions.
- (3) Tax fees represent fees for professional services provided in connection with the preparation of our federal and state tax returns and advisory services for other tax compliance matters. Tax compliance fees were \$46,862 and \$37,250 for the years ended December 31, 2003 and 2002, respectively, and fees for advisory services were \$46,372 and \$21,750 for the years ended December 31, 2003 and 2002, respectively.

Our audit committee pre-approves the provision of all auditing and non-audit services (including tax services) by the independent auditors and also approves all audit and non-audit engagement fees and terms with the independent auditors. During fiscal 2003 and 2002, all of the services related to the audit and other fees described above were pre-approved by our audit committee.

Stock Option Grants in Fiscal 2003

The following table presents information regarding the grant of stock options under our 1998 Equity Incentive Plan during fiscal 2003 to each of our Named Executive Officers. Generally, the options become exercisable with respect to one-third of the total shares subject to the option on each of the first three anniversaries of the grant date. The options have a term of 10 years.

Potential realizable value is based on the assumption that our common stock appreciates at the annual rate shown, compounded annually, from the date of grant until the expiration of the ten-year term. These numbers are calculated based on Securities and Exchange Commission (SEC) requirements and do not reflect our projection or estimate of future stock price growth. Actual gains, if any, on stock option exercises will be dependent on the future performance of our common stock. Potential realizable values are computed by:

 multiplying the number of shares of common stock subject to a given option by the market price per share of our common stock on the date of grant;

 assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire 10 year term of the option; and

 subtracting from that result the aggregate option exercise price.

We granted options to purchase an aggregate of 952,640 shares of common stock to all employees during 2003. Options are granted at an exercise price equal to the fair market value of our common stock at the time of grant.

REPORT OF THE COMPENSATION COMMITTEE

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings by reference, including this proxy statement, with the Securities and Exchange Commission, in whole or in part, the following report shall not be deemed to be incorporated by reference into any such filings, nor shall the following report be deemed to be incorporated by reference into any future filings under the Securities Act or the Exchange Act.

To the Board of Directors:

The compensation committee of the board of directors administers the Company's executive compensation program. The current members of the compensation committee are Jeffrey Rayport and Douglas McCormick. Andrew Heyward resigned as a compensation committee member in February 2004, and Mr. McCormick became a compensation committee member in February 2004. Each of the current committee members is (A) independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers; (B) a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, and (C) an outside director within the meaning of Section 162(m) of the Code. None of the compensation committee members has any interlocking relationships as defined by the Securities and Exchange Commission.

General Compensation Philosophy

The role of the compensation committee is to set the salaries and other compensation of the Company's executive officers and other key employees, and to make grants under, and to administer, the stock option and other employee equity and bonus plans. Grants of options to purchase up to 1,200 shares of the Company's common stock per \$10,000 of an employee's salary may be authorized by the Chief Executive Officer and Chief Financial Officer and subject to ratification by the compensation committee. The Company's compensation philosophy for executive officers is to relate compensation to corporate performance and increases in stockholder value, while providing a total compensation package that is competitive and enables the Company to attract, motivate, reward and retain key executives and employees. Accordingly, each executive officer's compensation package may, in one or more years, be comprised of the following three elements:

base salary that is designed primarily to be competitive with base salary levels in effect at high technology companies in the San Francisco Bay Area that are of comparable size to the Company and with which the Company competes for executive personnel;

annual variable performance awards, such as bonuses, payable in cash and tied to the achievement of performance goals, financial or otherwise, established by the compensation committee; and

long-term stock-based incentive awards that focus the Company's executive officers on increasing stockholder value and strengthen the mutuality of interests between the Company's executive officers and stockholders.

Fiscal 2003 Executive Compensation

Edgar Filing: MARKETWATCH COM INC - Form DEF 14A

Base Salary. Salaries for executive officers for 2003 were generally determined on an individual basis by evaluating each executive's scope of responsibility, performance, prior experience and salary history, as well as the salaries for similar positions at comparable companies.

Annual Incentive Awards. The Company has established a management incentive plan. Certain employees, including executive officers, are eligible to participate in this plan. Target bonuses are established based on a percentage of base salary and become payable upon the achievement of specified total company financial goals.

Table of Contents

and personal and team objectives. The compensation committee administers this plan with regard to all executive officers. In 2003, the compensation committee determined and paid bonuses to executives for performance based on the achievement of certain of these goals and objectives.

Long-Term Incentive Awards. The compensation committee believes that equity-based compensation in the form of stock options links the interests of executive officers with the long-term interests of the Company's stockholders and encourages executive officers to remain employed by the Company. Stock options generally have value for executive officers only if the price of the Company's stock increases above the fair market value on the grant date and the officer remains employed by the Company for the period required for the shares to vest.

The Company granted stock options during 2003 in accordance with the 1998 Equity Incentive Plan, and beginning in January 2004 in accordance with the 2004 Stock Incentive Plan. In 2003, stock options were granted to certain executive officers to more closely align their interests with those of the Company's stockholders and to aid in the retention of executive officers. Stock options typically have been granted to executive officers when the executive first joins the Company. The compensation committee may, however, grant additional stock options to executive officers for other reasons. The number of shares subject to each stock option granted is within the discretion of the compensation committee and is based on anticipated future contribution and ability to impact the Company's results, past performance or consistency within the officer's peer group. At the discretion of the compensation committee, executive officers may also be granted stock options to provide greater incentives to continue their employment with the Company and to strive to increase the value of the Company's common stock. The stock options generally become exercisable over a three-year period and are granted at a price that is equal to the fair market value of the Company's common stock on the date of grant. In fiscal 2003, the compensation committee considered these factors. The compensation committee approved stock option grants to the four most highly compensated executives in fiscal 2003, and the stock option grant for Mr. Kramer, the Company's CEO, was approved by the entire board.

Chief Executive Officer Compensation

Mr. Kramer's base salary, target bonus, bonus paid and long-term incentive awards for 2003 were determined by the board of directors in accordance with the employment agreement described in *Employment Agreements and Offer Letters with Executive Officers*, as well as in a manner consistent with the factors described above for all executive officers and were based on the achievement of certain of those factors.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1.0 million for compensation paid to certain executives of public companies. Having considered the requirements of Section 162(m), the compensation committee believes that options granted by the Company's predecessor business outside of any stock option plans and grants made under the 1998 Equity Incentive Plan meet the requirements that such grants be performance based and are, therefore, exempt from the limitations on deductibility. Historically, the combined salary and bonus of each executive officer has been below the \$1.0 million limit. The compensation committee's present intention is to meet the requirements for deductibility under Section 162(m) unless the compensation committee feels that such compliance would not be in the best interest of the Company and/or its stockholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Amended and Restated License Agreement with CBS

We entered into an amended and restated license agreement with CBS in January 1999 under which CBS grants us a non-exclusive license to utilize the CBS marks CBS and the CBS eye design for use in connection with the operation of the CBS.MarketWatch.com Web site. CBS also granted us a license to use current CBS Television News content related to business and financial news on the CBS.MarketWatch.com Web site. The amended and restated license agreement will expire on October 29, 2005. The agreement was assigned to the surviving MarketWatch entity upon consummation of the acquisition of Pinnacor Inc.

Under the agreement, we will pay CBS through October 29, 2005 a royalty based on (A) 8% of gross revenues up to and including \$50.0 million; and (B) 6% of gross revenues in excess of \$50.0 million. Gross revenues means gross operating revenues that are derived from an Internet service or Web site that (i) provides information or services of a financial nature; or (ii) uses the CBS trademarks licensed to us. Gross revenue exclude revenues from Interactive Data Corporation, or IDC, a subsidiary of Pearson, an amount equal to certain commissions paid to sales representatives, revenues received from CBS affiliates and an amount equal to certain revenues attributable to an acquired company's results of operations for the 12 months prior to the acquisition. Under our amended and restated license agreement, we expensed approximately \$212,000 and \$3.0 million for the three months ended March 31, 2004 and 2003 fiscal year, respectively, related to licensing of CBS news content and trademarks.

Under the amended and restated license agreement, CBS retains significant editorial control over the use and presentation of CBS Television News content and the CBS logo. As a result of these provisions, CBS will have the ability to prevent us from displaying content on the CBS.MarketWatch.com Web site which it deems inappropriate, and from producing materials, such as marketing materials, which it does not approve. This control by CBS could prevent us from engaging in desired marketing activities or from being perceived as an independent news organization, either of which could adversely affect our brand awareness and brand name.

CBS is able to terminate our right to use the CBS name, logo and news content or terminate the amended and restated license agreement in the event that a competitor of CBS directly or indirectly beneficially owns 15% or more of our outstanding common stock or total voting power, or if we:

issue to a CBS competitor a number of voting securities or actively participate in the acquisition by a CBS competitor, such that after the issuance or acquisition, such CBS competitor beneficially owns 9% or more of our outstanding common stock or total voting power;

breach a material term or condition of the amended and restated license agreement:

become insolvent or subject to bankruptcy or similar proceedings; or

discontinue using our mark and do not establish a substitute mark acceptable to CBS in its sole discretion.

Edgar Filing: MARKETWATCH COM INC - Form DEF 14A

Under the terms of the amended and restated license agreement, CBS is not permitted to license, or authorize another to license, the use of the CBS logo or name to others in connection with promoting any other Internet service or Web site in the U.S. that has as its primary function and its principal theme and format the delivery of comprehensive real-time or delayed stock market quotations and financial news in the English language to consumers, which we refer to as a Business Site. However, the following activities by CBS would be permitted:

licensing its logo or name to a Web site or internet service that delivers general news, sports or entertainment, with a financial news segment or portion included;

licensing its name or logo to a Web site or Internet service outside the U.S.;

Table of Contents

licensing its name or logo to Web sites that provide stock price ticker displays on the site;

any activity conducted by CBS and/or its affiliates prior to CBS's signing of the amended and restated license agreement;

any activities of non-CBS owned television and radio station affiliates;

any Internet service in which CBS has an interest prior to signing the amended and restated license agreement;

any activity of Westwood One, Inc., if such activity does not produce a substantial portion of its revenues from a business site (as defined in the amended and restated license agreement); or

any transmissions of any signal of any type by and through CBS's cable television operations.

Stock Purchase Agreement with CBS

Under the terms of a stock purchase agreement that we entered into with CBS in March 2000, CBS agreed to provide an additional \$30.0 million in advertising during the period from March 1, 2000 through May 5, 2002. In March 2002, \$460,000 of the remaining advertising was extended to December 31, 2002. We recorded \$0 and \$56,000 in advertising expense for the three months ended March 31, 2004 and 2003 fiscal year, respectively, for advertising and promotion provided by CBS under this agreement. The \$30.0 million contribution was delivered in full by June 30, 2003.

Stockholders' Agreement with CBS and Pearson

We entered into a stockholders' agreement with CBS and Pearson in January 1999, which was subsequently amended and restated effective January 2004 and assigned to the surviving MarketWatch entity upon consummation of the acquisition of Pinnacor Inc.

Board Nomination Rights. The amended and restated stockholders' agreement provides that CBS and Pearson each has the right to nominate a number of candidates to our board of directors based upon the percentage of our outstanding voting securities then held by them, rounded up to the nearest whole number. So long as the amended and restated license agreement is in effect, CBS and Pearson each has the right to appoint at least one member to our board of directors, regardless of their percentage ownership of our common stock.

Right of First Refusal and Participation Rights. The stockholders' agreement provides that CBS and Pearson each has a right of first refusal in the event that either party desires to sell any of our securities held by it to a third party. In addition, each of CBS and Pearson has the right to purchase from our additional shares of our common stock, or our other voting securities or securities convertible into or exchangeable for common stock if we propose to issue additional securities. In such a case, they would be able to purchase an amount, subject to certain limitations, necessary to maintain their then current percentage ownership, not to exceed their percentage ownership interest immediately after the closing of our initial public offering, which was 38.3%.

If a competitor of CBS directly or indirectly acquires more than 30% of the voting power of Pearson or substantially all of Pearson's assets at a time when Pearson beneficially owns at least 10% of our outstanding common stock, CBS may within 45 days either:

purchase all of our securities held by Pearson; or

require Pearson to place these securities in a trust, which would then dispose of the securities with a view to maximizing the sale price while disposing of such shares as promptly as reasonably practicable.

Pearson would forfeit its board representation in either event. We cannot predict which option, if any, CBS would elect in such an event.

Registration Rights Agreement with CBS and Pearson

We entered into a registration rights agreement with CBS and Pearson in January 1999. Either CBS or Pearson may demand that we file a registration statement under the Securities Act covering all or a portion of the shares of our common stock held by either of them, their affiliates or certain transferees. However, the securities to be registered must have a reasonably anticipated aggregate public offering price of at least \$3.0 million. CBS and Pearson may each affect two such demand registrations. CBS and Pearson may also request that we file a registration statement on Form S-3, provided that the aggregate public offering price is at least \$1.0 million. CBS and Pearson can each request one Form S-3 registration per year, subject to our right to delay the filing under specified circumstances. In addition, CBS and Pearson will have certain piggyback registration rights. However, the managing underwriter, if any, of any such offering has certain rights to limit the number of securities proposed to be included in such registration.

We would bear all registration expenses incurred in connection with these registrations. Each of CBS and Pearson would pay all underwriting discounts, selling commissions and stock transfer taxes applicable to the sale of its securities.

The registration rights of CBS and Pearson as the case may be, under the registration rights agreement will terminate when either CBS or Pearson, as the case may be, may sell all of its shares in a three-month period under Rule 144 promulgated under the Securities Act.

The Registration Rights Agreement was assigned to the surviving MarketWatch entity upon consummation of the acquisition of Pinnacor Inc.

STOCKHOLDER PROPOSALS FOR THE 2005 ANNUAL MEETING OF STOCKHOLDERS

Our bylaws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of stockholders. In general, stockholder proposals and director nominations intended to be presented at our 2005 annual meeting of stockholders must be received by us at our corporate headquarters between May 6, 2005 and June 5, 2005 in order to be considered at that meeting. This notice requirement does not apply to (i) any stockholder holding at least twenty-five percent (25%) of our outstanding common stock, or (ii) any stockholder who has an agreement with us for the nomination of a person or persons for election to the board of directors. A copy of the full text of the bylaw provisions discussed above may be obtained by writing to our Secretary at our corporate headquarters.

The nominating committee will consider stockholder proposals properly submitted to us, including recommendations of qualified director nominee(s), in accordance with the procedures set forth below. In order to have a proposal considered by the nominating committee for the 2005 annual meeting, a stockholder must submit its proposal and other relevant information in writing to the attention of our Secretary at our principle executive offices no earlier than May 6, 2005 and later than June 5, 2005. The stockholder must submit the following relevant information: (1) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting; (2) the name and address, as they appear on our books, of the stockholder proposing such business; (3) the class and number of shares of our common stock which are beneficially owned by the stockholder; (4) any material interest of the stockholder in such business; and (5) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Exchange Act, in the stockholder's capacity as a proponent to the proposal.

Once the nominating committee receives the stockholder recommendation, it may deliver to the prospective candidate a questionnaire that requests additional information about the candidate's independence, qualifications and other matters that would assist the nominating committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in our proxy statement or other regulatory filings, if nominated.

In addition to our bylaw provisions, stockholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, and intended to be presented at the 2004 annual meeting of the stockholders must be received by our Secretary at our corporate headquarters no later than March 1, 2005 in order to be considered for inclusion in our proxy materials for that meeting.

Purpose

The Nominating Committee (the "Committee") of MarketWatch.com, Inc. (the "Company") is appointed by the Company's Board of Directors (the "Board") to assist the Board in selecting nominees for election to the Board and to monitor the composition of the Board. The Committee shall undertake those specific duties and responsibilities listed below and such other duties as the Board shall from time to time prescribe.

The purpose of the Committee shall be to make recommendations to the Board from time to time, or whenever it shall be called upon to do so, regarding nominees for the Board. All powers of the Committee are subject to the restrictions designated in the Company's Bylaws and by applicable law.

Committee Membership

The Committee members (each, a "Member" and collectively, the "Members") shall be appointed by the Board and will serve at the discretion of the Board. The Committee will consist of at least two (2) members of the Board. The Committee shall be composed of members of the Board and each Member shall meet the independence requirements of the Nasdaq Stock Market, Inc. Corporate Governance Rules (the "Nasdaq Rules") and the additional requirements determined by the Board on February 5, 2004, unless an exception to the independence requirements is otherwise permitted under the Nasdaq Rules. Unless otherwise directed by the Board, each Member shall serve until such Member ceases to serve as a member of the Board, or until his or her successor has been duly appointed by the Board.

Duties and Responsibilities

The duties of the Committee shall include, without limitation, the following:

- (1) Monitoring the size and composition of the Board.

- (2) Considering and making recommendations to the Board with respect to the nominations or elections of directors of the Company, except that if the Company is at any time legally required by contract or otherwise to provide any third party with the ability to nominate a director, the Committee need not evaluate or propose such nomination, unless required by contract or requested by the Board.

In considering potential new directors and officers, the Committee will review individuals from various disciplines and backgrounds. Among the qualifications to be considered in the selection of candidates are broad experience in business, finance or administration; familiarity with the Company's industry; and prominence and reputation. Since prominence and reputation in a particular profession or field of endeavor are what bring most persons to the Board's attention, there is the further consideration of whether the individual has the time available to devote to the work of the Board and one or more of its committees.

A review is also to be made of the activities and associations of each candidate to ensure that there is no legal impediment, conflict of interest, or other consideration that might hinder or prevent service on the Board. In
