The following factors, among others, could cause Wachovia's or SouthTrust's financial performance to differ materially from that expressed in such forward-looking statements: (1) the risk that the businesses of Wachovia and SouthTrust in connection with the merger or the businesses of Wachovia and Prudential in the brokerage transaction will not be integrated successfully or such integration may be more difficult, time-consuming or costly than expected; (2) expected revenue synergies and cost savings from the merger or the brokerage transaction may not be fully realized or realized within the expected time frame; (3) revenues following the merger or the brokerage transaction may be lower than expected; (4) deposit attrition, operating costs, customer loss and business disruption

following the merger or the brokerage transaction, including, without limitation, difficulties in maintaining relationships with employees, may be greater than expected; (5) the ability to obtain governmental approvals of the merger on the proposed terms and schedule; (6) the failure of Wachovia's or SouthTrust's shareholders to approve the merger; (7) the strength of the United States economy in general and the strength of the local economies in which Wachovia and/or SouthTrust conducts operations may be different than expected resulting in, among other things, a deterioration in credit quality or a reduced demand for credit, including the resultant effect on Wachovia's and/or SouthTrust's loan portfolio and allowance for loan losses; (8) the effects of, and changes in, trade, monetary and fiscal policies and laws, including interest rate policies of the Board of Governors of the Federal Reserve System; (9) inflation, interest rate, market and monetary fluctuations; and (10) adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) and the impact of such conditions on Wachovia's capital markets and capital management activities, including, without limitation, Wachovia's mergers and acquisition advisory business, equity and debt underwriting activities, private equity investment activities, derivative securities activities, investment and wealth management advisory businesses, and brokerage activities. Additional factors that could cause Wachovia's and SouthTrust's results to differ materially from those described in the forward-looking statements can be found in Wachovia's and SouthTrust's Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC. All subsequent written and oral forward-looking statements concerning Wachovia or the proposed merger or other matters and attributable to Wachovia or any person acting on its behalf are expressly qualified in their entirety by the cautionary statements above. Wachovia and SouthTrust do not undertake any obligation to update any forward-looking statement, whether written or oral, relating to the matters discussed in this filing.

The proposed merger will be submitted to Wachovia's and SouthTrust's shareholders for their consideration, and, on July 9, 2004, Wachovia filed a registration statement on Form S-4 with the SEC containing a preliminary joint proxy statement/prospectus of Wachovia and SouthTrust and other relevant documents concerning the proposed merger. CHARLOTTE, N.C. Wachovia Corp. (NYSE:WB) today reported record second quarter 2004 net income available to common stockholders of \$1.25 billion, or 95 cents per share, compared with \$1.03 billion, or 77 cents per share, in the second quarter of 2003.

Excluding after-tax net merger-related expenses and other items of 3 cents per share in the second quarter of 2004 and 4 cents per share in the second quarter of 2003, second quarter 2004 earnings were \$1.30 billion, or 98 cents per share, compared with \$1.09 billion, or 81 cents per share, in the second quarter of 2003.

Our record second quarter earnings continued to reflect the benefit of our balanced business model and we believe we remain positioned to outperform as we approach our fourth quarter merger with SouthTrust, said Ken Thompson, Wachovia chairman and chief executive officer. We continue to win new business from our customers as we provide industry leading sales and service. We had good loan growth, outstanding deposit growth and exceptional credit quality. Expense growth was disciplined, and we are on track to achieve all projected savings from our retail brokerage transaction. In our core businesses, both our General Bank and Wealth Management again had record quarters. Capital Management results were dampened by subdued retail brokerage investor activity, but equity mutual fund sales continued to be positive. We continued to gain market share in our Corporate and Investment Bank.

Provision expense declined from the second quarter a year ago to \$61 million in the second quarter this year, reflecting continued improvement in asset quality, particularly in the Corporate and Investment Bank. Second quarter 2004 net charge-offs declined 60 percent from the second quarter of 2003 to \$68 million, or an annualized 0.17 percent of average net loans, reflecting a lower absolute level of charge-offs at a beneficial point in the credit cycle. Total nonperforming assets including loans held for sale declined 42 percent from the second quarter of 2003 to \$1.0 billion in the second quarter of 2004.

Noninterest expense increased 16 percent from the second quarter of 2003, largely due to the addition of the Prudential Financial retail brokerage business to Wachovia Securities Financial Holdings, LLC.

Average loans in the second quarter of 2004 were \$163.6 billion, a 4 percent increase from the second quarter of 2003. Consumer loan growth, largely from consumer real estate-secured and student loans, outpaced commercial loan growth. In commercial, growth in General Bank middle market and small business loans was offset by low corporate loan demand in the Corporate and Investment Bank.

Average core deposits increased 25 percent from the second quarter of 2003 to \$223.8 billion, while average low-cost core deposits increased 34 percent from the second quarter a year ago to \$184.1 billion. The increase included an average \$23.0 billion of core deposits associated with the FDIC-insured money market sweep product. Low-cost core deposits are those in demand deposit, interest checking, savings and money market accounts, and exclude CAP accounts and certificates of deposit.

**Lines of Business**

The following discussion covers the results for Wachovia's four core business segments and is on a segment earnings basis, which excludes net merger-related and restructuring expenses and other intangible amortization. Segment earnings are the basis upon which Wachovia manages and allocates capital to its business segments. Pages 13 and 14 include a reconciliation of segment results to Wachovia's consolidated results of operations in accordance with GAAP.

The General Bank includes retail and small business, and commercial customers. The General Bank produced record quarterly segment earnings of \$751 million, up 16 percent from the prior year's second quarter. Revenue increased 5 percent from the second quarter a year ago, driven by outstanding core deposit and loan growth, primarily in commercial, small business, consumer real estate-secured and student loans. Fee and other income increased 5 percent from the second quarter a year ago on strong service charge growth, offset by declines in mortgage banking income. Non-mortgage-related fees rose 21 percent from the second quarter a year ago. Noninterest expense decreased modestly.

Average core deposits increased 10 percent from the prior year quarter, including 20 percent year over year growth in average low-cost core deposits. Average loans increased 8 percent year over year, despite a decline in commercial real estate loan growth. However, compared with the first quarter of 2004, wholesale loans grew across-the-board, including a modest increase in commercial real estate. Provision expense declined 35 percent from the second quarter of 2003, primarily reflecting risk reduction strategies implemented in 2003, as well as solid improvements in both commercial and consumer loan losses.

## Edgar Filing: SOUTHTRUST CORP - Form 425

Retail sales momentum continued to be strong, with an increase of 148,000 in net new retail checking accounts in the second quarter of 2004, compared with an increase of 95,000 in the same quarter a year ago a 56 percent improvement.

Capital Management includes asset management and retail brokerage services. The weak retail brokerage environment in the second quarter of 2004 dampened Capital Management's results, which included a net benefit of \$17 million on the sale of two nonstrategic businesses. Year over year, earnings increased 44 percent and revenue increased 63 percent, while noninterest expense grew 68 percent from the second quarter of 2003, primarily related to the retail brokerage transaction, which closed on July 1, 2003.

Sales momentum continued, with positive net sales of equity mutual funds. Deposit balances related to the FDIC-insured money market sweep product grew to \$25.0 billion, compared with \$11.8 billion at year-end 2003, contributing to net interest income growth. The asset shift to the FDIC product resulted in a 10 percent decline in mutual fund assets from the second quarter of 2003 to \$104.2 billion. Despite the decline in mutual fund assets, total assets under management at June 30, 2004, increased 4 percent from June 30, 2003, to \$247.6 billion. Total assets under management and securities lending grew 15 percent from year-end 2003 to \$284.1 billion, largely attributable to \$38.2 billion from the January 1, 2004, acquisition of a securities lending firm. Investment performance continued to be solid, with 68 percent of Wachovia's Evergreen Funds rated 4 or 5 stars by Morningstar, up from 52 percent at June 30, 2003, and 69 percent of Evergreen taxable fluctuating funds ranked in the top two three-year Lipper quartiles, up from 65 percent in the year ago quarter.

earnings were a record \$52 million. Net interest income grew 13 percent on average loan growth of 10 percent and average core deposit growth of 12 percent year over year. Fee and other income increased 11 percent from improved trust and investment management fees related to pricing and market improvements. Insurance brokerage commissions and commercial service charges exhibited solid growth.

Noninterest expense increased 4 percent year over year largely due to higher incentives related to improved revenues. Provision expense declined due to improved credit quality and recoveries. The increase in average loans from the second quarter a year ago reflected growth in both consumer and commercial lending activity. Average core deposit increases were led by higher money market and demand deposit account balances.

The Corporate and Investment Bank includes corporate lending, investment banking, global treasury and trade finance, and principal investing. Corporate and Investment Bank revenue grew 18 percent from the second quarter of 2003 and segment earnings were \$431 million, up 56 percent year over year. The year over year revenue increase was fueled by strength in fixed income driven by strong real estate capital markets and asset-based securitization results as well as higher securities gains. Modest principal investing net gains compared favorably with net losses in the second quarter of 2003. Strength in asset-based loans and international correspondent banking loans was offset by a continued decline in corporate loan balances due to low demand and a strong loan syndication market. Provision expense and capital usage continued to decline due to improving credit quality and low loan outstandings compared with the second quarter a year ago. Noninterest expense rose 10 percent due to increased personnel and higher incentives related to improved revenues and earnings. Average core deposits grew 27 percent primarily from higher commercial mortgage servicing and trade finance.

### **Forward-Looking Statements**

This news release contains various forward-looking statements. A discussion of various factors that could cause Wachovia Corporation's actual results to differ materially from those expressed in such forward-looking statements is included in Wachovia's filings with the Securities and Exchange Commission, including its Current Report on Form 8-K dated July 15, 2004.

### **Explanation of Wachovia's Use of Certain Non-GAAP Financial Measures**

In addition to results presented in accordance with GAAP, this news release includes certain non-GAAP financial measures, including those presented on page 2 and on page 10 under the captions "Earnings Excluding Merger-Related and Restructuring Expenses and Cumulative Effect of a Change in Accounting Principle" and "Earnings Excluding Merger-Related and Restructuring Expenses, Other Intangible Amortization and Cumulative Effect of a Change in Accounting Principle", and which are reconciled to GAAP financial measures on pages 21 and 22. In addition, in this news release certain designated net interest income amounts are presented on a tax-equivalent basis, including the calculation of the overhead efficiency ratio.

Wachovia believes these non-GAAP financial measures provide information useful to investors in understanding the underlying operational performance of the company, its business and performance trends and facilitates comparisons with the performance of others in the financial services industry. Specifically, Wachovia believes that the exclusion of merger-related and restructuring expenses, and the cumulative effect of a change in accounting principle permits evaluation and a comparison of results for ongoing business operations, and it is on this basis that Wachovia's management internally assesses the company's performance. Those non-operating items are excluded from Wachovia's segment measures used internally to evaluate segment performance in accordance with GAAP because management does not consider them particularly relevant or useful in evaluating the operating performance of our business segments. In addition, because of the significant amount of deposit base intangible amortization, Wachovia believes that the exclusion of this expense provides investors with consistent and meaningful comparisons to other financial services firms. Wachovia's management makes recommendations to its board of directors about dividend payments based on reported earnings excluding merger-related and restructuring expenses, other intangible amortization and the cumulative effect of a change in accounting principle (cash earnings), and has communicated certain cash dividend payout ratio goals to investors. Management believes the cash dividend payout ratio is useful to investors because it provides investors with a better understanding of and permits investors to monitor Wachovia's dividend payout policy. Wachovia also believes the presentation of net interest income on a tax-equivalent basis ensures comparability of net interest income arising from both taxable and tax-exempt sources and is consistent with industry standards. Wachovia operates one of the largest retail brokerage businesses in our industry, and we have presented an overhead efficiency ratio excluding these brokerage services, which management believes is useful to investors in comparing the performance of our banking business with other banking companies.

Although Wachovia believes the above non-GAAP financial measures enhance investors' understanding of its business and performance, these non-GAAP financial measures should not be considered an alternative to GAAP basis financial measures.

Net interest income declined \$20 million, to \$2.9 billion

2Q04 decline more modest than originally expected due to higher trading assets and strong loan fee income

## Edgar Filing: SOUTHTRUST CORP - Form 425

Fee and other income decreased 6% or \$158 million from record 1Q04, as growth in service charges and other banking fees were more than offset by reduced retail brokerage activity, lower trading profits, principal investing net gains and other income due to a corporate real estate sale and leaseback

Provision expense rose \$17 million to \$61 million from exceptionally low levels in 1Q04

Expenses declined 5% largely on lower brokerage commission expense and lower legal costs

**Key Points**

Cash overhead efficiency ratio of 59.60%; excluding our large retail brokerage operation, ratio was 52.95%

Net interest margin decreased 18 bps to 3.37% largely on growth in lower-yielding assets from continued investment of FDIC-insured sweep deposit growth, up an average \$6.0 billion during the quarter, and \$5.2 billion in incremental trading assets

Allowance to NPAs of 241%

Reflects revised reporting of reserves attributable to unfunded lending commitments

Allowance to loans of 1.35% dropped slightly due to overall improvement in credit quality and continued shift in mix toward lower risk loans

Average diluted shares down 5.8 million reflecting repurchase of 7.5 million shares at an average cost of \$46.16 per share, partially offset by shares associated with the net effect of employee stock option activity

Advisory, underwriting and other investment banking fees grew 3% or \$5 million

Strength in structured products partially offset by declines in investment grade and convertible debt origination activity; loan syndication revenues remained strong

## Edgar Filing: SOUTHTRUST CORP - Form 425

Trading account profits declined \$35 million to \$39 million from very strong 1Q04

Securities gains of \$36 million primarily reflect a \$6 million loss in the investment portfolio and \$36 million of gains associated with corporate banking activity

Wachovia 2Q04 Quarterly Earnings Report

**Summary Operating Results**

Business segment results are presented excluding merger-related and restructuring expenses, deposit base intangible and other intangible amortization expense, and the cumulative effect of a change in accounting principle. This is the basis on which we manage and allocate capital to our business segments. We continuously assess assumptions, methodologies and reporting classifications to better reflect the true economics of our business segments.

In May 2004, we entered into an agreement to sell 150 offices and financial centers totaling 8.2 million square feet. At the same time, we agreed to lease approximately 5.0 million square feet of this space on a long-term basis and 1.1 million square feet on a short-term basis. The accounting treatment for this transaction resulted in a 2Q04 loss of \$68 million, which is included in other income. The transaction is expected to result in average annual expense savings of \$22 million pre-tax due to the elimination of ongoing operating and property maintenance expense on surplus properties. No branch closures are planned in connection with this transaction.

Wachovia and the Internal Revenue Service ( IRS ) have settled all issues relating to the IRS 's challenge of our tax position on lease-in, lease-out ( LILO ) transactions entered into by First Union Corporation and legacy Wachovia Corporation. Our current and deferred tax liabilities previously accrued were adequate to cover this resolution.

As of June 30, 2004, we have revised the model used for determining certain components of our allowance for loan losses. The model revision did not have a material impact on our recorded allowance. Additionally, as of June 30, 2004, we have reclassified the reserve for unfunded lending commitments from the allowance for loan losses to other liabilities. Amounts for prior periods have been reclassified to be consistent with the current quarter presentation. In addition to presenting the balance and metrics relating to the allowance for loan losses, we are also presenting the balance and certain metrics relating to the allowance for credit losses, which is the sum of the allowance for loan losses and the reserve for unfunded lending commitments.

In early 4Q03, we began marketing our FDIC-insured money market deposit account to brokerage sweep customers. Since then, customers have been transferring balances from money market mutual fund accounts to these deposit accounts. We have been investing these deposits in securities that in concert produce an asset/liability structure that enables us to maintain our desired interest rate sensitivity. This product has captured \$25.0 billion in new deposits to date, up \$4.5 billion. These deposits represented \$23.0 billion in 2Q04 average core deposits, up from an average \$17.0 billion in 1Q04.

**Net interest income** of \$2.9 billion was down \$20 million, primarily reflecting the effect of increased premium amortization associated with prepayments, offset in part by growth in earning assets. Compared with 2Q03, net interest income increased \$300 million, reflecting earning assets growth (discussed below).

**Net interest margin** declined 18 bps to 3.37%, primarily reflecting growth in lower-yielding assets, including the investment of an additional \$6 billion growth in average FDIC-insured money market sweep balances, as well as narrower spreads on trading assets and higher premium amortization associated with prepayments. Net interest margin declined 44 bps from 2Q03, driven by the investment of FDIC-insured money

market sweep deposits, the addition of assets associated with the retail brokerage transaction, and assets consolidated pursuant to FASB Interpretation No. 46 (FIN46).

In order to maintain our targeted interest rate risk profile, derivative positions are used to hedge the repricing risk inherent in balance sheet positions. The contribution of hedge-related derivatives, primarily on fixed rate debt, fixed rate consumer deposits and floating rate loans, offsets effects on income from balance sheet positions. In 2Q04, net hedge-related derivative income contributed 33 bps to the net interest margin vs. 38 bps in 1Q04 and 50 bps in 2Q03.

**Trading assets** grew \$5.2 billion related to asset growth in structured products warehouses and generally higher customer activity. **Average securities** rose \$2.0 billion reflecting continued investment of FDIC-insured money market sweep balances. **Average loans** rose 3% linked quarter. **Average commercial loans** were up \$1.7 billion, or 2%, as growth in middle market, business banking, and small business lending, and growth in asset-based lending, offset an \$892 million decline in large corporate borrowings. Period-end commercial loans increased \$3.8 billion, or 4%. **Average consumer loans** were up 4%, driven by \$2.7 billion growth generated by the General Bank, which included an average \$849 million in student loans brought back into loans from a securitization we unwound. **Loans held for sale** increased \$2.8 billion, or 22%, on growth in prime equity lines. **Other earning assets** were flat. Compared with 2Q03, total earning asset growth of \$71 billion was driven by the investment of \$23 billion in FDIC-insured money market sweep deposits, \$6 billion growth in loans and \$7 billion growth in loans held for sale, and \$8 billion growth in trading assets. Additionally, we added \$15 billion in assets associated with the retail brokerage transaction and \$10 billion related to the consolidation of assets pursuant to FIN 46.

**Average core deposits** increased \$15.1 billion, or 7%. Core deposit growth included an average \$6.0 billion in additional FDIC-insured money market sweep deposits in our retail brokerage business; growth in our remaining businesses was 5%. Low-cost core deposit growth was \$16.3 billion, or 10%. **Average foreign and other time deposits** and **average short-term borrowings** were flat in aggregate. **Average long-term debt** increased modestly. Compared with 2Q03, core deposits increased \$44 billion, including \$23 billion related to the FDIC-insured money market sweep product; short-term borrowings increased \$24 billion related to the consolidation of assets

We hold consumer loan assets on our balance sheet in our consumer loan portfolio, in securitized form in our securities portfolio, and in loans held for sale included in other assets. On-balance sheet period-end consumer loan assets of \$94.9 billion increased 4% and rose 9% from 2Q03. The linked-quarter and year-over-year increases were driven by strong growth in consumer real estate secured outstandings in our loan portfolio and held for sale warehouse as we slowed our securitization activity, somewhat offset by modest declines in securitized balances. In late June we securitized \$2.0 billion in auto loans in order to more efficiently manage our capital, which reduced period-end loans.

### Fee and Other Income

(See Table on Page 6)

**Fee and other income** of \$2.6 billion declined 6% from a strong 1Q04 and rose 20% from 2Q03. Fees represented 47% of total revenue in 2Q04 and 49% in 1Q04.

**Service charges** of \$489 million rose 4% and rose 15% from 2Q03. Stronger consumer DDA charges, aided by growth in no-fee checking account charges, were partially offset by seasonally lower commercial DDA charges.

**Table of Contents**

Wachovia 2Q04 Quarterly Earnings Report

**Other banking fees** of \$293 million were up 13%, primarily due to higher debit card interchange fees on growth in volume as well as higher mortgage origination income. The 18% growth from 2Q03 was primarily due to growth in interchange fees.

**Commissions** of \$682 million were down 14% as retail market activity was markedly slower than the prior quarter. Commissions were up 46% from 2Q03 as a result of the retail brokerage transaction.

**Fiduciary and asset management fees** of \$675 million declined 1%, and increased 42% from 2Q03 primarily due to the retail brokerage transaction.

**Advisory, underwriting and other investment banking fees** of \$197 million increased 3%, as strong asset-backed results in structured products were partially offset by modestly lower fixed income and equity capital markets/M&A results. The decrease vs. 2Q03 reflects lower fixed income revenue from a robust 2Q03, partially offset by stronger structured products and equity capital markets results.

**Trading account profits** of \$39 million were down \$35 million from a strong 1Q04 marked by exceptional real estate capital markets and mortgage options trading, and were down \$10 million from 2Q03. 2Q04 results included a hedging gain of \$8 million associated with the securitization of auto loans.

**Principal investing** recorded net gains of \$15 million, a decline of \$23 million, with the decline due to lower direct investment gains. Results were up \$72 million vs. 2Q03 on lower write-downs.

**Net securities gains** were \$36 million in 2Q04, including \$3 million in impairment losses, vs. 1Q04 gains of \$2 million, including \$29 million in impairment losses. Net securities gains in the Corporate and Investment Bank were \$40 million vs. \$56 million in 1Q04, primarily associated with securities received in settlement for problem loans. These gains were partially offset by net losses of \$6 million in our investment portfolio vs. \$53 million in net losses in 1Q04. Net securities gains in 2Q03 were \$10 million and included \$60 million in impairment losses.

**Other income** of \$173 million declined \$77 million. 2Q04 mortgage and home equity sale and securitization income increased to \$53 million from \$21 million in 1Q04. Net gains from market valuation adjustments on and sales of loans held for sale were \$44 million in 2Q04 vs. \$41 million in 1Q04. 2Q04 results also included gains of \$21 million in our Asset Management sub-segment associated with the sale of two non-strategic businesses. Offsetting these increases were a 2Q04 loss of \$68 million associated with the sale and leaseback of offices and financial centers, a \$46 million loss on the auto loan securitization, and losses of \$13 million associated with equity collars on our stock. Compared with 2Q03, the primary drivers of the \$147 million decline were the sale and leaseback and auto loan securitization losses, and a \$61 million decline in other securitization income, partially offset by the gains in Asset Management.

**Noninterest Expense**

(See Table on Page 7)

**Total noninterest expense** declined 5%. Excluding the effect of **merger-related and restructuring expenses** and other intangible amortization, expenses were down 5% primarily reflecting higher legal costs in 1Q04, and were up 18% vs. 2Q03, primarily reflecting the retail brokerage transaction.

**Salaries and employee benefits expense** decreased 1% as incentives declined from a strong first quarter. **Professional and consulting fees** increased 16% from seasonally low 1Q04 billings. **Sundry expense** was down 34%, reflecting higher legal costs in 1Q04 and lower brokerage-related expenses. **Other intangible amortization** of \$107 million included \$91 million deposit base intangible amortization and \$16 million other intangible amortization.

**Net interest income** increased 2% and rose 4% from 2Q03. Linked-quarter performance reflects continued core deposit and consumer loan growth partially offset by margin compression due to lower loan spreads. Average loans rose 4% driven by a 25% increase in production, primarily in home equity and mortgage. Loans were up 12% from the prior year quarter. Excluding an average \$849 million in student loans associated with an unwound securitization, loans grew 3% and rose 11% from 2Q03. Average core deposits grew 3% and increased 6% from 2Q03. Linked-quarter performance reflects continued strong low-cost core deposit growth of 5%, driven by increases in money market, DDA and interest checking, offset by a 4% decline in CDs.

**Fee and other income** grew 14% and increased 3% from 2Q03. The linked-quarter performance was driven by continued growth in NSF charges and interchange fees due to both improving volumes and a continued stabilization in mix of online and offline transactions. Non-mortgage-related fees grew 10% versus an 11% increase in 1Q04, to \$452 million. Mortgage-related fee and other income increased 55% to \$52 million on increased originations. These results included \$20 million in net gains on mortgage deliveries and servicing sales compared with \$12 million in 1Q04 and \$72 million in 2Q03.

**Provision expense** was 19% lower reflecting continued improvement in credit quality.

**Noninterest expense** decreased 2% as higher personnel costs associated with higher volumes were more than offset by increased deferral of consumer loan origination expenses.

**Net interest income** increased 3% to \$551 million and rose 9% from 2Q03. The increase was attributable to both balance sheet growth and relatively stable spreads on both loans and deposits. Total loans grew \$1.2 billion with growth in all commercial sub-segments. Excluding commercial real estate loans, commercial loans were up 2% to \$33.9 billion on increased demand and higher line utilization from commercial and business banking customers, while commercial real estate increased 3% linked quarter on strong production. Core deposit growth of 7% and 28% from 2Q03 reflected growth in checking and money market deposits driven by customer acquisition, higher government deposits and increasing customer liquidity.

## Edgar Filing: SOUTHTRUST CORP - Form 425

**Fee and other income** declined \$29 million, or 23%, on lower commercial service charges and lower loan sales and held for sale gains. Excluding gains on loan sales of \$27 million in 1Q04, fee income was relatively flat. Fee and other income increased 20% from 2Q03 on higher service charges and loan sales and held for sale gains.

**Provision expense** increased \$9 million as modestly higher charge-offs were coupled with slightly lower recoveries. Gross charge-offs of \$28 million during the quarter were \$6 million higher. Provision relating to loan sales or transfers to held for sale was less than \$1 million compared with \$3 million in 1Q04.

**Noninterest expense** was flat and increased 1% vs. 2Q03 on higher personnel expense.

**Fee and other income** increased 7% and increased 20% over 2Q03. The linked-quarter increase was driven by a \$17 million net benefit from the sale of two non-strategic businesses and modest increases in fees associated with growth in equity assets. The year-over-year increase in fee income was driven by the gain on sale of the non-strategic businesses, growth in equity and fixed income assets under management and the effect of two Corporate and Institutional Trust acquisitions, including a securities lending business.

**Noninterest expense** remained relatively flat but rose 14% from 2Q03 levels, largely due to the effect of the Corporate and Institutional Trust acquisitions.

## Edgar Filing: SOUTHTRUST CORP - Form 425

**Fee and other income** decreased \$123 million, or 11% largely on lower retail trading activity. Growth in fees from 2Q03 was primarily due to the retail brokerage transaction.\*

**Noninterest expense** decreased 8% primarily due to lower production-based costs. Year-over-year growth was largely due to the retail brokerage transaction.\*

\*Beginning in 3Q03, the Retail Brokerage Services sub-segment results shown in the above table include 100% of the results of the Wachovia Securities retail brokerage transaction which is the combination of Wachovia's and Prudential Financial's retail brokerage operations. This transaction was consummated on July 1, 2003. The entity is a consolidated subsidiary of Wachovia Corporation for GAAP purposes. Wachovia Corporation owns 62% of Wachovia Securities retail brokerage and Prudential Financial, Inc. owns 38%. Prudential Financial's minority interest is included in minority interest reported in the Parent (see page 29) and in Wachovia Corporation's consolidated statements of income on a GAAP basis, which differs from our segment reporting as noted on pages 3 and 15. For the three months ended June 30, 2004, Prudential Financial's pre-tax minority interest on a GAAP basis was \$25 million.

The Retail Brokerage Services sub-segment results reported in the above table also includes our Insurance Services sub-segment, as well as additional corporate allocations that are not included in the Wachovia Securities Financial Holdings results.

### Capital Management Eliminations

In addition to the above sub-segments, Capital Management results include eliminations among business units. Certain brokerage commissions earned on mutual fund sales by our brokerage sales force are eliminated and deferred in the consolidation of Capital Management reported results. In 2Q04, brokerage revenue and expense eliminations were a reduction of \$3 million and \$11 million, respectively.

**Net interest income** increased \$10 million, or 4%, as higher recognition of deferred fees driven by early loan pay-offs and higher interest income associated with loans returning to accrual status more than offset lower loans outstanding. Compared with 2Q03, net interest income declined \$10 million, or 3%, on lower loans outstanding. Average loans outstanding declined \$892 million, or 4%, on the continued reduction in credit facility usage. Average core deposits declined 2% and declined 37% from 2Q03 driven by the reduction in balances by several large corporate customers.

**Fee and other income** grew \$5 million, or 3%, driven by improved rail leasing rental income. Compared with 2Q03, fee and other income increased \$52 million, or 39%, as higher security gains and improved credit default swap trading results more than offset a decline in loan sale gains. There were \$39 million in net gains on securities and other investments in 2Q04 versus \$40 million in 1Q04 and losses of \$2 million in 2Q03. Gains on loans sold and held for sale were \$15 million in 2Q04 versus \$15 million in 1Q04 and \$32 million in 2Q03.

Recoveries and benefits were \$55 million in 1Q04 and recoveries were \$24 million in 2Q03.

**Noninterest expense** increased 2% to \$127 million on increased personnel expenses associated with annual merit increases.

**Net interest income** decreased \$100 million as spreads compressed and increased \$59 million vs. 2Q03 as higher investment interest income more than offset increased deposit earnings credits paid to business units.

**Fee and other income** decreased \$63 million. 2Q04 results included a loss of \$68 million associated with the sale and leaseback of offices and financial centers as well as a \$46 million loss on an auto loan securitization. Other securitization income was \$28 million compared with \$7 million in 1Q04. Net securities losses were \$6 million vs. net losses of \$53 million in 1Q04. Trading losses of \$11 million, including a hedging gain of \$8 million associated with the auto loan securitization, compared with losses of \$25 million in 1Q04. 2Q04 also included losses of \$13 million associated with equity collars on our stock. The primary drivers of the reduction vs. 2Q03 were the 2Q04 sale and leaseback and auto loan securitization losses and a \$13 million decline in other securitization income.

**Noninterest expense** decreased \$77 million primarily due to lower legal costs, partially offset by increased personnel expense. Expense declined from 2Q03 due to lower other intangible amortization and lower legal costs.

**Net charge-offs** in the loan portfolio of \$68 million increased \$16 million and were down 60% from 2Q03. As a percentage of average net loans, net charge-offs were 0.17% in 2Q04 compared with 0.13% in 1Q04 and 0.43% in 2Q03. Gross charge-offs of \$108 million represented 0.27% of average loans and were offset by \$40 million in recoveries.

**Provision for credit losses** totaled \$61 million, up \$17 million and down \$134 million from 2Q03. Included in the provision was a \$12 million benefit related to the recovery of lower of cost or market losses due to payments received on loans that had been previously been carried in loans held for sale. Provision included \$3 million relating to the sale of \$77 million of commercial exposure out of the loan portfolio, of which \$32 million was outstanding. Provision for credit losses on unfunded lending commitments was a credit of \$3 million.

**Core Business Activity**

In 2Q04, a net \$10.2 billion of loans were originated or purchased for sale representing core business activity. We sold or securitized a total of \$5.9 billion of loans out of the loans held for sale portfolio.

**Portfolio Management Activity**

We sold or securitized a total of \$2.0 billion of loans directly out of the loan portfolio, including a \$2.0 billion consumer auto loan securitization initiated to more efficiently utilize capital. These sales included \$32 million of commercial loans, \$19 million of which were nonperforming. During the quarter, we also transferred \$32 million in corporate and commercial exposure to held for sale, including \$27 million of outstandings and \$5 million of unfunded lending commitments. \$25 million of the exposure transferred was performing. \$2.0 billion of the non-flow loan sales/transfers were performing and \$25 million were nonperforming.

At the end of 2Q04, 99% of the \$4.3 billion in large corporate and commercial exposure moved to held for sale since 3Q01 has been sold or paid down. The following table provides additional information related to the direct loan sale and securitization activity and the types of loans transferred to loans held for sale.

**Merger Integration Update****Estimated Merger Expenses**

In connection with the Wachovia Securities retail brokerage transaction, which closed on July 1, 2003, we began recording certain merger-related and restructuring expenses in 3Q03. These expenses are reflected in our income statement. In addition, we recorded purchase accounting adjustments to reflect Prudential Financial's contributed assets and liabilities at their respective fair values as of July 1, 2003, and to reflect certain exit costs related to Prudential's contributed businesses, which has the effect of increasing goodwill. These purchase accounting adjustments are final as of June 30, 2004, and total \$520 million. This amount is \$164 million less than the previously announced estimate. We currently expect merger-related and restructuring expenses to be \$500 million. During 2Q04, we reduced our estimate of total one-time costs for the Wachovia Securities retail brokerage transaction by \$108 million to \$1.0 billion.

In connection with the First Union/Wachovia merger, we have also been recording certain merger-related and restructuring expenses reflected in our income statement, as well as purchase accounting adjustments relating to recording the former Wachovia's assets and liabilities at their respective fair values as of September 1, 2001, and certain exit costs relating to the former Wachovia's businesses. For the 12-month period following the merger consummation, these exit costs were recorded as purchase accounting adjustments, and accordingly, had the effect of increasing goodwill. In accordance with GAAP, as of 4Q02, we began recording former Wachovia exit costs, as merger-related and restructuring expenses in our income statement and the fair value purchase accounting adjustments were final as of September 1, 2002. During 2Q04, we reduced our estimate of total one-time costs for the First Union/Wachovia merger by \$100 million to \$1.3 billion.

The following table indicates our progress compared with the estimated merger expenses for each of the respective transactions.

### **Merger-Related And Restructuring Expenses**

In the quarter, we recorded \$40 million in net merger-related and restructuring expenses related to the Wachovia Securities retail brokerage transaction after giving effect to Prudential Financial's share of these expenses of \$25 million. The majority of these expenses related to personnel and employee termination benefits as well as contract cancellation and system conversions costs. We also recorded \$37 million of expenses relating to the First Union/Wachovia merger. Personnel and employee termination benefits, occupancy and equipment, contract cancellations and system conversions were the largest categories.

### **Goodwill and Other Intangibles**

Under purchase accounting, the assets and liabilities contributed by Prudential Financial to the Wachovia Securities retail brokerage transaction and the assets and liabilities of the former Wachovia are recorded at their respective fair values as of July 1, 2003, and September 1, 2001, respectively, as if they had been individually purchased in the open market. The premiums and discounts that resulted from the purchase accounting adjustments to financial instruments are accreted/amortized into income/expense over the estimated term of the respective assets and liabilities, similar to the purchase of a bond at a premium or discount. This results in a market yield in the income statement for those assets and liabilities. Assuming a stable market environment from the date of purchase, we would expect that as these assets and liabilities mature, they could generally be replaced with instruments of similar yields.

Wachovia 2Q04 Quarterly Earnings Report

**Explanation of Our Use of Certain Non-GAAP Financial Measures**

In addition to results presented in accordance with GAAP, this quarterly earnings report includes certain non-GAAP financial measures, including those presented on pages 2 and 4 under the captions "Earnings Reconciliation", and "Other Financial Measures", each with the sub-headings "Earnings excluding merger-related and restructuring expenses, and cumulative effect of a change in accounting principle" and "Earnings excluding merger-related and restructuring expenses, other intangible amortization and cumulative effect of a change in accounting principle", and which are reconciled to GAAP financial measures on pages 37-39. In addition, in this quarterly earnings report certain designated net interest income amounts are presented on a tax-equivalent basis, including the calculation of the overhead efficiency ratio.

Wachovia believes these non-GAAP financial measures provide information useful to investors in understanding the underlying operational performance of the company, its business and performance trends and facilitates comparisons with the performance of others in the financial services industry. Specifically, Wachovia believes that the exclusion of merger-related and restructuring expenses, and the cumulative effect of a change in accounting principle permits evaluation and a comparison of results for on-going business operations, and it is on this basis that Wachovia's management internally assesses the company's performance. Those non-operating items are excluded from Wachovia's segment measures used internally to evaluate segment performance in accordance with GAAP because management does not consider them particularly relevant or useful in evaluating the operating performance of our business segments. In addition, because of the significant amount of deposit base intangible amortization, Wachovia believes that the exclusion of this expense provides investors with consistent and meaningful comparisons to other financial services firms. Wachovia's management makes recommendations to its board of directors about dividend payments based on reported earnings excluding merger-related and restructuring expenses, other intangible amortization and the cumulative effect of a change in accounting principle (cash earnings), and has communicated certain cash dividend payout ratio goals to investors. Management believes that the cash dividend payout ratio is useful to investors because it provides investors with a better understanding of and permits investors to monitor Wachovia's dividend payout policy. Wachovia also believes that the presentation of net interest income on a tax-equivalent basis ensures comparability of net interest income arising from both taxable and tax-exempt sources and is consistent with industry standards. Wachovia operates one of the largest retail brokerage businesses in our industry, and we have presented an overhead efficiency ratio excluding these brokerage services, which management believes is useful to investors in comparing the performance of our banking business with other banking companies.

Although Wachovia believes the above non-GAAP financial measures enhance investors' understanding of our business and performance, these non-GAAP financial measures should not be considered an alternative to GAAP basis financial measures.

>>Mary: WELCOME TO EARNINGS REVIEW, YOUR SOURCE FOR THE STORY BEHIND WACHOVIA'S PERFORMANCE EACH QUARTER. WE COME TO YOU FOUR TIMES A YEAR ON THE DAYS WE ANNOUNCE CORPORATE EARNINGS FOR THE PREVIOUS QUARTER. OUR GOAL IS TO HELP YOU UNDERSTAND THE COMPANY'S FINANCIALS AND HOW THEY CONTRIBUTE TO WACHOVIA'S REPUTATION. TODAY, WE'RE LOOKING AT SECOND QUARTER EARNINGS FOR 2004. WITH US TODAY, AS ALWAYS, IS BOB KELLY, CFO AND HEAD OF FINANCE. WELCOME, BOB. THANKS FOR JOINING US.

>>Bob: NICE TO BE HERE, MARY.

>>Mary: AND WE ALSO REGULARLY INVITE MEMBERS OF WACHOVIA'S LEADERSHIP TEAM TO JOIN US AS GUESTS. WITH US TODAY IS SHANNON McFAYDEN, HEAD OF CORPORATE AND COMMUNITY AFFAIRS, WHICH INCLUDES COMMUNITY DEVELOPMENT, CORPORATE COMMUNICATIONS, AND COMMUNITY AFFAIRS. SHANNON IS GOING TO DISCUSS WACHOVIA'S STRATEGIC PRIORITIES AND CURRENT EFFORTS AROUND THE COMPANY'S EFFICIENCY INITIATIVE. LET'S START WITH THE NEWS FROM THE SECOND QUARTER OF 2004. BOB, COULD YOU WALK US THROUGH THE QUARTER'S RESULTS?

>>Bob: I WOULD BE PLEASED TO, MARY. IT WAS A GREAT QUARTER, QUITE FRANKLY. IT WAS A LITTLE BIT HIGHER THAN WHAT THE MARKET WAS EXPECTING. EARNINGS WERE VERY STRONG. EPS WAS VERY STRONG, AND WHEN YOU ACTUALLY STEP BACK AND LOOK AT THE NUMBERS, YOU CAN SEE THAT OUR EARNINGS WERE ACTUALLY UP 21% YEAR OVER YEAR. MY EXPECTATION IS THAT'S PROBABLY THE HIGHEST OF ALL THE BIG BANKS IN THE COUNTRY. SO THE TOP 20 BANKS, WE'RE PROBABLY NUMBER ONE ON A YEAR-OVER-YEAR BASIS. CREDIT QUALITY CONTINUES TO BE EXTRAORDINARY. OUR NON-PERFORMING LOANS, THOSE ARE THE LOANS THAT WE'RE NOT ACCRUING INTEREST ON, IS ACTUALLY DOWN 9% ONE QUARTER OVER THE NEXT, WHICH WAS A GAIN AND VERY IMPRESSIVE IN AN ENVIRONMENT WHERE NON-PERFORMING ASSETS ARE ALREADY VERY LOW, SO THIS IS FURTHER IMPROVEMENT IN CREDIT QUALITY, AND WHEN YOU LOOK AT EACH ONE OF OUR BUSINESSES, I THINK THEY'RE EXECUTING VERY NICELY.

>>Mary: WELL, THAT'S GREAT. YOU MENTIONED THAT WE DID EXCEED WALL STREET'S EXPECTATIONS FOR THE QUARTER.

>>Bob: WE DID.

>>Mary: BUT WE'VE NOTICED THAT, I GUESS, DATING BACK TO THE SOUTHTRUST ANNOUNCEMENT, THE STOCK PRICE HAS BEEN DEPRESSED A LITTLE. CAN YOU TALK A LITTLE BIT ABOUT WHY THAT'S THE CASE?

## Edgar Filing: SOUTHTRUST CORP - Form 425

>>Bob: WELL, SURE. TYPICALLY WHAT HAPPENS WHEN ANYONE THINKS ABOUT AN ACQUISITION OR A MERGER, IN ALMOST ALL SITUATIONS LIKE THIS, THE ACQUIRING COMPANY'S STOCK PRICE USUALLY GOES DOWN ANYWHERE FROM 5 TO 6%. OUR STOCK PRICE WENT DOWN 4% BECAUSE PEOPLE WORRY ABOUT: GEE, DID THEY PAY TOO MUCH? DID THEY PAY IN A WAY IN WHICH IT WILL BE HARD FOR THEM TO GET SYNERGIES? ARE THEIR SYNERGIES TOO HIGH, TOO LITTLE? WILL THEY BE ABLE TO ACHIEVE WHAT THEY'RE DOING? THERE'S SOME INTEGRATION RISKS AND THE MARKET WORRIES ABOUT THAT, AND IT'S CHANGE, SO TYPICALLY THE MARKET DINGS YOU A LITTLE BIT FOR A LITTLE WHILE. MY GUESS IS I DON'T THINK WE'LL HAVE THIS ISSUE TWO OR THREE MONTHS FROM NOW.

>>Mary: THAT'S GOOD NEWS. WE LOOK FORWARD TO THAT. LET'S THINK ABOUT THE SECOND QUARTER AGAIN AND EACH LINE OF BUSINESS.

>>Bob: SURE.

**Table of Contents**

>>Mary: TALK A LITTLE BIT ABOUT HOW EACH OF OUR FOUR CORE LINES OF BUSINESS DID FOR THE QUARTER.

>>Bob: I WOULD BE DELIGHTED TO. FIRSTLY, EVERY ONE OF THE BUSINESSES HAD A VERY NICE REVENUE INCREASE YEAR OVER YEAR, AND EVERY ONE OF THEM HAD DOUBLE DIGIT EARNINGS GROWTH YEAR OVER YEAR, AND THAT S HOW YOU ACHIEVE A 21%, BOTTOM LINE IMPROVEMENT YEAR OVER YEAR. SO WHEN YOU THINK OF EACH ONE OF OUR BUSINESSES, FIRSTLY THE CORPORATE INVESTMENT BANK, THEIR REVENUE IS UP 18% YEAR OVER YEAR WITH AN OVER 50% IMPROVEMENT OVER THE PRIOR YEAR. THAT S A LITTLE BIT ABOUT THE CAPITAL MARKETS BEING STRONGER THAN THEY WERE, BUT IT S ALSO A GREAT REFLECTION OF THE FACT THAT THEY RE GAINING MARKET SHARE OVER OTHER BIG INVESTMENT BANKS, SO THEY RE DOING A GREAT JOB. CMG HAD A TOUGHER QUARTER THIS QUARTER. THEIR RE REVENUES ARE UP HUGELY YEAR OVER YEAR AND SO IS THE BOTTOM LINE BECAUSE IT INCLUDES PRUDENTIAL, BUT THEY RE DOWN A LITTLE BIT IN REVENUE AND A LITTLE BIT IN EARNINGS OVER THE FIRST QUARTER BECAUSE RETAIL INVESTMENT ACTIVITY THROUGHOUT THE NATION IS DOWN. SO IN OTHER WORDS, INDIVIDUALS AREN T BUYING MUTUAL FUNDS AND STOCKS AND BONDS AS AGGRESSIVELY AS THEY WERE IN THE FIRST QUARTER. HAVING SAID THAT, IT WAS STILL A GOOD QUARTER FOR CMG. IN TERMS OF GBG, THEY HAD A FANTASTIC QUARTER. THEIR REVENUES WERE UP 5% OVER THE PRIOR YEAR AND THE BOTTOM LINE IS UP 16%, AND THAT S A REFLECTION OF FANTASTIC SALES, WONDERFUL SERVICE, DEPOSIT GROWTH CONTINUES TO BE EXTRAORDINARY, AND WE RE FINALLY STARTING TO SEE A LITTLE BIT OF LOAN GROWTH, MORE SO THAN WE WOULD HAVE PERHAPS IN PRIOR QUARTERS, SO GREAT QUARTER FROM GBG, AND FINALLY, WEALTH, AND THEY HAD AN EXCELLENT QUARTER. WE HAVE REVENUE UP 13% YEAR OVER YEAR AND THEIR BOTTOM LINE IS UP ALMOST 50% YEAR OVER YEAR SO WHEN YOU ACTUALLY SLICE AND DICE IT AND LOOK AT EACH ONE OF THE BUSINESSES, MARY, IT S A GREAT STORY.

>>Mary: AND I THINK IT REALLY ALSO ADVOCATES WHY OUR BUSINESS MODEL MAKES SO MUCH SENSE BECAUSE THE VARIOUS BUSINESSES ARE DOING WELL OR BETTER AT DIFFERENT TIMES, AND IT GIVES US A LOT OF STRENGTH.

>>Bob: WELL, IT S TRUE. YOU KNOW, WE HAVE ABOUT WHEN YOU THINK ABOUT 2002 AND 2003, THOSE WERE INCREDIBLY GOOD YEARS FOR OUR GENERAL BANK, AND THEY WERE MUCH TOUGHER YEARS FOR THE CORPORATE INVESTMENT BANK. THIS YEAR, THE CORPORATE INVESTMENT BANK IS JUST FLYING HIGH AND GREAT EARNINGS IMPROVEMENT YEAR OVER YEAR, AND THE GENERAL BANK STILL HAS FANTASTIC IMPROVEMENT, BUT NOT TO THE SAME EXTENT. SO THE GENERAL BANK REALLY CARRIED US LARGELY DURING THE PERIOD OF THE RECESSION AND NOW THE CORPORATE INVESTMENT BANK IS REALLY DOING GREAT THINGS FOR OUR BOTTOM LINE.

>>Mary: I WANT TO ASK YOU ONE MORE THING ABOUT THE ECONOMIC ENVIRONMENT. AS INTEREST RATES HAVE RISEN OVER THE PAST SEVERAL MONTHS, WHAT DO YOU SEE THE AFFECT OF THAT BEING ON WACHOVIA? WE HEAR A LOT ABOUT THAT IN THE NEWS, IN GENERAL.

>>Bob: IT S KIND OF MIXED. THE MARKET TRADITIONALLY THINKS THAT AS RATES GO UP, IT S BAD FOR BANK EARNINGS, AND THAT S ONLY IF THE BANKS HAVEN T ANTICIPATED AN INCREASE IN INTEREST RATES. YOU CAN POSITION YOUR BALANCE SHEET AND YOUR INTEREST RATE SENSITIVITY SO ON AVERAGE IT REALLY DOESN T MATTER, OR YOU MIGHT ACTUALLY MAKE A LITTLE BIT OF MONEY ON IT, AND THAT S ESSENTIALLY WHAT WE DO. A RISE IN INTEREST RATES, YOU SHOULDN T WORRY ABOUT IT IN TERMS OF THE IMPACT THAT IT MIGHT HAVE ON OUR EARNINGS. THERE S A LOT OF GOOD THINGS ABOUT A RISE IN INTEREST RATES. THAT IMPLIES THAT THE ECONOMY IS GETTING STRONGER AND THAT LOAN GROWTH SHOULD BE HIGHER AND FEE GROWTH SHOULD BE HIGHER. SO I ACTUALLY FEEL PRETTY GOOD ABOUT AT LEAST SOME RISE IN INTEREST RATES BECAUSE THAT TELLS US THINGS ARE GETTING BETTER IN THE ECONOMY.

**Table of Contents**

>>Mary: WELL, THAT 'S GOOD. THANKS FOR THAT GREAT REVIEW OF THE QUARTER, AND NOW I 'D LIKE TO TURN TO SHANNON AND TALK A LITTLE BIT ABOUT OUR STRATEGIC PRIORITIES AS A CORPORATION. WE TALKED ABOUT FIVE PRIORITIES A FEW MONTHS AGO AND NOW WE 'VE ADDED A SIXTH WITH THE SOUTHTRUST ANNOUNCEMENT. TALK A LITTLE BIT ABOUT OUR SIX CORPORATE PRIORITIES.

>>Shannon: THAT WOULD BE GREAT. AS YOU SAID, THEY REALLY HAVE NOT CHANGED A LOT. EARLIER THIS YEAR, KEN ASKED ALL OF US TO FOCUS ON SOME THINGS THAT WE 'VE BEEN FOCUSING ON, REVENUE GROWTH, CUSTOMER SATISFACTION, AND REALLY TAKING THAT TO THE NEXT LEVEL OF CUSTOMER LOYALTY, EMPLOYEE ENGAGEMENT, CONTINUING TO BUILD ON OUR STRONG FOUNDATION OF CORPORATE GOVERNANCE. HE ADDED A FIFTH ONE FOR US THIS YEAR, WHICH IS EXPENSE CONTROL, REDUCING EXPENSES. REALLY, IN ESSENCE, INCREASING OUR EFFICIENCY. WE WERE FOCUSED ON THOSE FIVE, AND THEN, OF COURSE, AFTER LAST MONTH ADDED BACK ON A NUMBER SIX PRIORITY, WHICH WE HAVE DONE BEFORE SO WELL, BUT WE MUST CONTINUE TO DO IT AGAIN WITH THE SOUTHTRUST MERGER AND THAT IS, HAVING A SUCCESSFUL MERGER INTEGRATION.

>>Mary: RIGHT. WELL, WE JUST TALKED ABOUT THE QUARTER 'S RESULTS AND OVER THE PAST EIGHT QUARTERS, I GUESS, THEY 'VE CONTINUED TO HAVE INCREASED EARNINGS EACH QUARTER, BUT WACHOVIA 'S DOING WELL, SO WHEN WE THINK ABOUT THIS EFFICIENCY GOAL, WHY IS IT THAT WE FEEL LIKE WE NEED TO IMPROVE OUR EFFICIENCY? I WOULD OPEN THAT UP TO BOTH OF YOU.

>>Shannon: WELL, THAT 'S A GREAT QUESTION, AND IT CAN SEEM LIKE A DISCONNECT WITH ALL THE GREAT THINGS THAT BOB DESCRIBED THAT WE 'RE DOING, WHY IS IT THAT WE NEED TO FOCUS ON A FIFTH EFFICIENCY? THE ANSWER IS SIMPLE AND THE DATA IS PRETTY COMPELLING. YOU HEARD BOB MENTION OUR PERFORMANCE RELATIVE TO OUR TOP 20 PEER BANKS AND ON ANY NUMBER OF MEASURES, INCLUDING THOSE THAT BOB OUTLINED, WE REALLY ARE AMONG THE TOP. SOMETIMES IN THE NUMBER ONE POSITION, BUT TYPICALLY IN THE TOP QUARTILE. THERE 'S ONE RATIO, THOUGH, WHERE WE ARE LAGGING OUR PEERS AND PRETTY SIGNIFICANTLY LAGGING OUR PEERS, AND THAT IS THE OVERHEAD EFFICIENCY RATIO, ALSO KNOWN AS OER. WHEN YOU LOOK AT THAT RATIO, WHICH IS A MEASURE OF OUR EFFICIENCY, WE 'RE AT THE BOTTOM OF OUR 20 PEER BANKS. EVEN IF YOU REMOVE BROKERAGE FROM THAT EQUATION, WHICH IS BY THE NATURE OF ITS BUSINESS A MORE COST-INTENSIVE BUSINESS, WE STILL ARE IN THE BOTTOM HALF OF OUR PEER GROUP, AND THAT 'S NOT A PLACE WHERE WE WANT TO BE. IN ORDER TO BE THE BEST, MOST TRUSTED AND ADMIRER, WE NEED TO BE IN THE TOP HALF, IN THE FIRST OR SECOND QUARTILE AGAINST OUR PEERS, AND WHEN YOU LOOK AT THE EFFICIENCY RATIO, THERE ARE TWO WAYS TO IMPROVE IT, REVENUE GROWTH AND A REDUCTION IN COSTS, AND SO WE 'RE GOING TO WORK ON BOTH OF THOSE.

>>Mary: WELL, THAT MAKES SENSE. BOB, WOULD YOU ADD ANYTHING?

>>Bob: I THINK THAT WAS A GREAT SUMMARY, SHANNON. IT 'S TRUE. WHEN ONE THINKS ABOUT BUILDING A GREAT COMPANY, YOU WANT TO HAVE ALL OF YOUR KEY RATIOS AND METRICS BE IN FIRST QUARTILE, BEING THE BEST IN THE NATION. THE ONLY ONE WE CAN LEGITIMATELY BE CRITICIZED FOR WOULD BE THAT RATIO, AND WHEN WE TALK ABOUT IMPROVING THAT, IT 'S ABOUT DOING A BETTER JOB FOR OUR CUSTOMERS WHILE BECOMING MORE EFFICIENT. AND IT 'S NOT ABOUT ACTUALLY CUTTING EXPENSES. IT 'S ABOUT SLOWING DOWN THE GROWTH RATE OF EXPENSES. WE 'RE STILL GOING TO GROW AND WE 'RE GOING TO INVEST IN THE COMPANY AND INVEST IN OUR BUSINESSES, BUT WE JUST WANT TO SLOW DOWN THAT GROWTH AND EXPENSES MORE THAN WE HAVE BEEN DOING OVER THE PAST NUMBER OF YEARS.

**Table of Contents**

>>Mary: NOW WE UNDERSTAND WHY WE NEED TO DO SOMETHING ABOUT THIS. WHAT ARE SOME OF THE ACTIONS THAT WE'RE ACTUALLY TAKING, SHANNON, IN ORDER TO REACH THAT GOAL?

>>Shannon: WELL, WE'RE TRYING TO BE VERY COMPREHENSIVE, BUT ALSO VERY THOUGHTFUL AND FACT-BASED. WE DO HAVE A NUMBER OF REVENUE GROWTH INITIATIVES THAT ALL OF OUR LINES OF BUSINESSES ARE WORKING ON TO FIGURE OUT WHERE ARE THERE OPPORTUNITIES TO EVEN GROW MORE OUR REVENUE BASE. AT THE SAME TIME, WE'VE GOT TO LOOK AT OUR EXPENSE GROWTH, AND SO WE HAVE FORMED A PROGRAM OFFICE. PETER SIDEBOTTOM AND I HAVE BEEN ASKED TO LEAD THAT OFFICE. WE HAVE ASSEMBLED A TEAM FROM HUMAN RESOURCES, COMMUNICATIONS, OPERATIONAL RISK, FINANCE. WE ARE ATTACKING THIS THROUGH TAKING A LOT OF DATA IN THE COMPANY AND SAYING, HOW DO WE NOW SCOPE OUT AND ASSESS WHERE ARE THE REAL OPPORTUNITIES? WE'RE LOOKING AT PROCESSES. WE'RE LOOKING AT ORGANIZATIONAL MODELS. WE'RE LOOKING AT STRUCTURES. WE'RE LOOKING AT WHERE ARE THERE PERHAPS DUPLICATIONS OF ACTIVITIES THAT WE COULD REDUCE. RIGHT NOW, WE HAVE IDENTIFIED SEVEN INITIAL INITIATIVES, AND WE'RE IN THE MIDDLE OF SCOPING THOSE TO SEE IS THERE REALLY OPPORTUNITY THERE, HOW BIG IT IS, AND CAN WE PURSUE THOSE OPPORTUNITIES IN A WAY THAT WON'T DISRUPT REVENUE GROWTH, WON'T DISRUPT CUSTOMER SERVICE, WON'T DISRUPT MERGER INTEGRATION. AS WE SCOPE EACH OF THOSE FOR TIMING AND SEQUENCING, WE CONTINUE TO ADD POSSIBLE INITIATIVES TO THE LIST AND OVER THE NEXT THREE YEARS, WE'LL LOOK AT EVERY SINGLE OPPORTUNITY WE CAN FIND.

>>Mary: OKAY. WE KIND OF TOUCHED ON THIS, BUT WHEN YOU THINK ABOUT THE SIX STRATEGIC PRIORITIES, THEY SEEM TO BE ALMOST IN CONFLICT WITH EACH OTHER. I MEAN, HOW CAN YOU REDUCE EXPENSES OR EVEN THE GROWTH RATE IN EXPENSES AT THE SAME TIME YOU'RE INCREASING LOYALTY AMONG YOUR CUSTOMERS OR FLAWLESSLY EXECUTING A MERGER INTEGRATION? HOW DO YOU RESOLVE THOSE PERCEIVED CONFLICTS IN THE PRIORITIES?

>>Shannon: THAT IS THE QUESTION AND THE ONE THAT IS TOP OF MIND FOR US, AND WE'RE SPENDING A LOT OF TIME TALKING ABOUT THAT BECAUSE WE HAVE TO BE MINDFUL ABOUT IT. YOU KNOW, I OVERSIMPLIFY IT, BUT I LIKEN IT TO WHAT WE TRY TO DO IN OUR LIVES. RUNNING THIS COMPANY WOULD BE EASY IF WE COULD SAY THIS YEAR, WE'RE GOING TO FOCUS ON CUSTOMERS AND NEXT YEAR, WE WILL FOCUS ON REVENUE, AND THE YEAR AFTER THAT, WE WILL FOCUS ON EXPENSES. JUST LIKE IT WOULD BE EASIER TO SAY THIS YEAR WILL BE MY FAMILY, AND NEXT YEAR WILL BE MY JOB AND THE YEAR AFTER MY HEALTH. WE CAN'T DO THAT, AND IN FACT, BUSINESS ETHICS MAGAZINE PRODUCED THEIR LIST OF 100 BEST CORPORATE CITIZENS. A LIST THAT WE SHOULD BE SO PROUD THAT WACHOVIA MADE, BUT THEIR DEFINITION OF SUCCESS AND WHAT HELPED US TO BE PLACED ON THAT LIST, IS COMPANIES WHO DO WELL SERVING ALL THEIR CONSTITUENCIES SIMULTANEOUSLY. THAT IS, TAKING CARE OF OUR SHAREHOLDERS, OUR CUSTOMERS, OUR EMPLOYEES AND OUR COMMUNITIES, AND CAN WE DO ALL FOUR OF THOSE WELL AND AT THE SAME TIME? THAT'S WHAT THIS INITIATIVE IS ALL ABOUT. SO IT'S GOING TO REQUIRE CONSTANT FOCUS. WE HAVE WONDERFUL INITIATIVE LEADERS. WE HAVE GREAT STEERING COMMITTEES AND REALLY, THAT'S WHY WE HAVE THIS PROGRAM OFFICE IN PLACE, TO JUGGLE THE COMPETING PRIORITIES AND FIGURE OUT HOW TO DO THEM ALL WELL.

>>Mary: RIGHT. CAN YOU ADD ANYTHING TO THAT, BOB?

>>Bob: DID I MENTION HOW MUCH I LIKE OTHER PEOPLE TALKING ABOUT THE NEED TO BE EFFICIENT?

>>Mary: I THOUGHT YOU WOULD LIKE THAT.

>>Bob: ESPECIALLY ON THIS SHOW. IT S WONDERFUL. I AGREE WITH EVERYTHING SHANNON SAYS.

>>Mary: ABSOLUTELY. EFFICIENCY CANNOT ONLY BE WITH THE CFO AND THE FINANCE DIVISION. IT S SOMETHING WE ALL HAVE TO PARTICIPATE IN.

>>Bob: RIGHT.

>>Mary: SHANNON, I HEARD WITH RESPECT TO THE EFFICIENCY EFFORT THAT THERE S A NEW ROLE FOR THE INITIATIVE TEAM THAT S CALLED THE CHALLENGER. TELL ME WHAT THAT MEANS.

>>Shannon: IT IS. IT S A NEW CONCEPT WE RE GOING TO USE, AND I M VERY EXCITED ABOUT. I M SURE YOU, LIKE I HAVE, OVER THE YEARS HAVE HEARD ABOUT SOME CHANGE COMING OUT IN THE COMPANY, AND WE SIT BACK AND WE SCRATCH OUR HEADS AND SAY, DIDN T ANYBODY SEE THAT THIS PROBLEM IS GOING TO EXIST? YOU KNOW, WASN T ANYBODY ASKING THE TOUGH QUESTIONS? THAT S THE ROLE OF THE CHALLENGER, IS TO BE OUR THOUGHT PROVOKERS, TO ASK THE TOUGH QUESTIONS ABOUT, NOW, WAIT A MINUTE. HOW IS THIS GOING TO IMPACT CUSTOMERS? WAIT A MINUTE. WHAT S THE IMPACT? IF YOU PULL THAT LEVER HERE, WHAT S THE IMPACT GOING TO BE OVER HERE? THEY ARE PEOPLE WHO ARE GREAT CROSS-ENTERPRISE THINKERS, WHO ARE BROAD THINKERS, WHO DEMONSTRATED A LOT OF COURAGE AT PUSHING BACK EVEN ON LEADERS AND ASKING THE TOUGH QUESTIONS, AND THAT S THEIR JOB TO HELP US THINK MORE BROADLY AND TO THINK ABOUT ALL THE ASSOCIATED RISKS AND HELP US REALLY THINK CLEARLY ABOUT EVERYTHING AND ALL CONSTITUENCIES THROUGH THE PROCESS.

>>Mary: THAT SOUNDS LIKE A GREAT ROLE AND ONE THAT WOULD BE APPLICABLE IN A LOT OF INITIATIVES. JUST TO CLARIFY, THOSE CHALLENGERS ARE STILL DOING THEIR EXISTING JOBS.

>>Shannon: YES. EVERYONE INVOLVED IN THIS INITIATIVE FROM THE PROGRAM OFFICE TO INITIATIVE LEADERS TO CHALLENGERS TO STEERING COMMITTEE MEMBERS, WE ALL HAVE DAYTIME JOBS, AS WELL.

>>Mary: GREAT. WELL, THANK YOU FOR THAT GREAT UPDATE ON THE PRIORITIES AND ESPECIALLY ON THE EFFICIENCY EFFORT.

>>Shannon: THANK YOU.

>>Mary: BOB, BEFORE WE CLOSE, I THINK YOU HAVE A MESSAGE, AS YOU USUALLY DO, FOR EMPLOYEES ABOUT WHAT WE SHOULD BE FOCUSING ON TO CONTINUE THE GREAT MOMENTUM THAT WE HAVE.

>>Bob: ABSOLUTELY, MARY. THERE S NO REAL CHANGE TO IT EITHER. WE VE GOT TO KEEP GROWING OUR BUSINESS. WE VE BEEN DOING A FANTASTIC JOB ON THAT FOR QUARTER AFTER QUARTER AFTER QUARTER, SO CONGRATULATIONS. IT S ALL ABOUT HAVING MORE CUSTOMERS, SERVING THEM BETTER, HAVING THEM BE MORE LOYAL, PROVIDING MORE OPPORTUNITIES TO BUY OUR GREAT PRODUCTS AND SERVICES OVER TIME, AND THAT S

HAPPENING. LET'S KEEP DOING IT, AND THE REALITY IS, WE'RE DOING IT BETTER THAN MOST BANKS IN THE NATION, AND THE MARKET IS RECOGNIZING THAT, AND THEY'LL CONTINUE TO RECOGNIZE THAT. WE'VE JUST GOT TO KEEP IT GOING. THE IMPORTANCE OF SERVICE AND LOYALTY CAN'T BE EMPHASIZED ENOUGH IN THAT OVER TIME, THIS IS A HUGE COMPETITIVE ADVANTAGE THAT WE HAVE AND WE'RE BETTER THAN MOST BANKS AT IT, AND PEOPLE RECOGNIZE THAT AS WELL, AND I THINK OUR CUSTOMERS RECOGNIZE IT, TOO. SHANNON TALKED ABOUT EXPENSE GROWTH. THIS IS STILL GOING TO BE VERY MUCH AN ISSUE FOR US. NOT JUST THIS YEAR. PROBABLY FOREVER AS A CULTURAL ISSUE, BUT CERTAINLY OVER THE NEXT TWO OR THREE YEARS AS WE WORK THROUGH THE OPPORTUNITIES AND THE CHALLENGES WE HAVE IN BECOMING A LITTLE MORE EFFICIENT AS A COMPANY, AND FINALLY, OF COURSE, WE STILL HAVE MERGERS. WE STILL HAVE MERGERS.

INTEGRATION, WHICH WE'LL PROBABLY HAVE FOREVER IN ONE WAY OR THE OTHER GOING ON BECAUSE WE'RE IN A CONSOLIDATING INDUSTRY AND WE ARE ONE OF THE SURVIVORS, SO WE HAVE PRUDENTIAL, WHICH HAS BEEN GOING ON REALLY SINCE OUR ANNOUNCEMENT IN FEBRUARY OF LAST YEAR. WE'LL BE 99% DONE PROBABLY BY THE END OF THE YEAR AND THE BIGGEST CONVERSIONS COMING UP IN SEPTEMBER, SO GOOD LUCK TO EVERYONE IN SYSTEMS BROKERAGE IN GETTING THAT DONE SUCCESSFULLY, AND I'M SURE THEY WILL, AND OF COURSE, WE HAVE SOUTHTRUST. WE ANNOUNCED THAT ON JUNE 21st. HOPEFULLY, WE WILL GET EVERYTHING CONSUMMATED AND PUT TO BED AND INTEGRATED BY THE END OF NEXT YEAR, BUT, YOU KNOW, THE FIRST THING WE WILL HAVE TO DO WHICH WILL BE IN THE FOURTH QUARTER IS ACTUALLY GETTING THE DEAL CLOSED. WE'LL GET IT CLOSED. WE'LL START INTEGRATING. WE'LL DO IT FLAWLESSLY. YOU PEOPLE ALWAYS HAVE. YOU HAVE DONE A GREAT JOB WHILE IMPROVING CUSTOMER SERVICE, SO I'M VERY OPTIMISTIC THAT THIS INTEGRATION WILL GO WELL, AS WELL, AND WE'LL DO IT IN A WAY WHICH IS IN A VERY, VERY CUSTOMER FRIENDLY WAY WHICH ALLOWS US TO ACTUALLY GROW OUR CUSTOMER BASE WHILE WE GO THROUGH THE INTEGRATION PROCESS SO NO REAL CHANGE.

>>Mary: SOUNDS GREAT. NEXT QUARTER WHEN YOU JOIN US, WE WILL STILL BE LOOKING AT A WACHOVIA THAT DOES NOT INCLUDE SOUTHTRUST.

>>Bob: THAT'S RIGHT.

>>Mary: BUT AFTER THAT

>>Bob: THE FOURTH QUARTER WILL BE A BIG CHANGE FOR US. YOU'LL SEE A LOT MORE REVENUE, A LOT MORE EXPENSES AND A LOT MORE CUSTOMERS.

>>Mary: OKAY. SOUNDS GOOD. WELL, THANK YOU, SHANNON AND BOB, FOR JOINING US TODAY.

>>Shannon: THANK YOU.

>>Bob: MY PLEASURE.

>>Mary: THAT WRAPS UP THIS EDITION OF EARNINGS REVIEW. OUR NEXT BROADCAST WILL BE IN OCTOBER WHEN WE REPORT THIRD QUARTER EARNINGS FOR 2004. FOR OUR NEXT BROADCAST, IF YOU HAVE QUESTIONS OR TOPICS THAT YOU WOULD LIKE FOR US TO ADDRESS, SEND THOSE TO CORPORATE COMMUNICATIONS VIA LOTUS NOTES. THANK YOU FOR JOINING US.
