Statements in this announcement other than historical data and information constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward looking statements include statements relating to the future expected performance for Jamba! during the third quarter of 2004, and VeriSign's outlook for such quarter. These statements involve risks and uncertainties that could cause VeriSign's actual results to differ materially from those stated or implied by such forward-looking statements. The potential risks and uncertainties include, among others, the uncertainty that current revenue trends for the 3<sup>rd</sup> quarter will be sustained through the end of the quarter; VeriSign's limited operating history with Jamba!, which means that it is more difficult for VeriSign to predict future results for this business; the risk that the VeriSign and Jamba! businesses will not be integrated successfully

and unanticipated costs of such integration; and the uncertainty of future revenue and profitability due to such factors as increasing competition and pricing pressure from competing services offered at prices below our prices and market acceptance of our existing services, the uncertainty of whether new services as provided by VeriSign will achieve market acceptance or result in any revenues, the effect of the loss of revenues due to VeriSign's disposition of its Network Solutions domain name registrar business, and increased marketing and other expenses. More information about potential factors that could affect the company's business and financial results is included in VeriSign's filings with the Securities and Exchange Commission, including in the company's Annual Report on Form 10-K for the year ended December 31, 2003 and quarterly reports on Form 10-Q.
