OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

The Board of Directors has established April 7, 2005 as the record date for stockholders who are entitled to notice of, and to vote at, the annual meeting and any adjournments or postponements thereof. On April 7, 2005, there were 16,176,834 shares of common stock, par value \$.01 per share, and 15,000 shares of Series B Convertible Preferred Stock, par value \$.01 per share, outstanding, which constitute the only outstanding voting securities of NATCO. On April 7, 2005, the Company also held 566,519 shares of common stock in treasury, which are not considered outstanding and, therefore, are neither entitled to vote nor counted for purposes of establishing a quorum. Each outstanding share of common stock is entitled to one vote. Each outstanding share of Series B Convertible Preferred Stock is entitled to a number of votes equal to the number of shares of common stock into which the Series B Convertible Preferred Stock would convert if converted on the record date, April 7, 2005. If converted on the record date, Series B Convertible Preferred Stock would convert to an aggregate of 1,921,845 shares of common stock, which equates to 128.123 votes per preferred share. Except as noted below, the holders of outstanding shares of Series B Convertible Preferred Stock and holders of outstanding common stock shall vote together as one class (Voting Stock) on all matters submitted to a vote of NATCO's stockholders at the meeting.

Pursuant to the Company's restated certificate of incorporation, as amended, so long as more than 50% of the Series B Convertible Preferred Stock remains outstanding, the holders of the Series B Convertible Preferred Stock have the right, voting separately as a class with one vote per share, to elect or appoint one director at any annual or special meeting of stockholders or pursuant to written consent. If we were to default on dividend payments related to the Series B Convertible Preferred Stock, the holders of the Series B Convertible Preferred Stock would be entitled to elect a second director, voting separately as a class with one vote per preferred share. The holders of the Series B Convertible Preferred Stock have elected Mr. Thomas R. Bates, Jr. to serve as a director of the Company pursuant to this right.

Quorum

The presence, in person or by proxy, of the holders of a majority of all the outstanding shares of Voting Stock entitled to vote at the meeting is necessary to constitute a quorum at the annual meeting or any adjournment or postponement thereof. However, the absence of a quorum of the holders of common stock shall not affect the exercise by the holders of Series B Convertible Preferred Stock of any voting rights they may have as a separate class. Abstentions and broker non-votes will be counted in determining whether or not there is a quorum at the annual meeting.

Required Votes

A plurality of the shares of Voting Stock present in person or represented by proxy and entitled to vote at the annual meeting is required for the election of directors (Proposal 1). Accordingly, the three nominees for election as directors at the annual meeting who receive the greatest number of votes cast for election by the holders of record of Voting Stock on April 7, 2005 shall be duly elected directors upon completion of the vote tabulation at the annual meeting. The affirmative vote of the holders of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote at the annual meeting is required for ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2005 (Proposal 2).

Abstentions, Broker Non-votes and Withheld Authority

Edgar Filing: NATCO GROUP INC - Form DEF 14A

Abstentions will be included in determining the number of shares of Voting Stock present at the 2005 stockholders meeting for the purpose of determining the presence of a quorum and thus, the number of shares entitled to vote at the meeting. Therefore, abstentions will have the same effect as a vote against a proposal, other than the election of directors.

Also, proxies given by brokers will be included in determining the number of shares of the Voting Stock present at the 2005 stockholders meeting for purposes of determining the presence of a quorum, regardless of whether a proxy given by a broker includes a broker non-vote on a matter. (A broker non-vote occurs under stock exchange rules when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares and no instructions are given.) Under the rules of the New York Stock Exchange, if you hold your

Table of Contents

shares through a bank or broker, your broker is permitted to vote your shares on Proposals 1 and 2 being submitted for stockholder approval at the 2005 stockholders' meeting if the broker does not receive instructions from you.

Where a stockholder withholds authority from his or her proxy to vote on a particular matter, the proxy may not vote such shares on such matter at the 2005 stockholders' meeting. The withholding of a proxy's authority will have no effect on the outcome of the vote on the election of directors (Proposal 1), since directors are elected by a plurality of the votes cast at the meeting. However, because the ratification of the selection of KPMG LLP as the Company's independent accountants (Proposal 2) requires the affirmative vote of a majority of the shares of the Voting Stock represented at the meeting, the withholding of a proxy's authority to vote on Proposal 2 will have the same effect as a vote against such proposal.

Profit Sharing and Savings Plan Holdings

Shares of the Company's common stock held through the National Tank Company Profit Sharing and Savings Plan (the "NATCO 401(k) Plan") will be voted by the plan trustee, JPMorgan Chase Bank, as directed by the participants in the plan. If a participant does not provide specific voting instructions, the shares held by the participant will not be voted by the plan trustee and will not be considered present for purposes of establishing a quorum.

Other Matters

If any other matters are properly presented for consideration at the 2005 stockholders' meeting, including, among other things, consideration of a motion to adjourn the meeting to another time or place in order to solicit additional proxies in favor of the recommendations of the Board of Directors, the persons named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. As of the date of this proxy statement, the Company does not anticipate that any other matters would be raised at the 2005 stockholders' meeting.

Stockholder List

A copy of the list of stockholders entitled to vote at the annual meeting will be available for inspection by qualified stockholders for proper purposes at our principal executive offices (2950 N. Loop West, Suite 700, Houston, Texas 77092) during normal business hours beginning on May 15, 2005 and at the annual meeting.

PROPOSALS

Proposal 1: Election of Directors

Edgar Filing: NATCO GROUP INC - Form DEF 14A

Our bylaws provide that the Board of Directors will be composed of eight members. The Board currently has eight members, with seven serving in three classes who are elected by holders of our Voting Stock, with three members in Class I, two members in Class II and two members in Class III, and one who is subject to election by the holder of the Series B Convertible Preferred Stock. Class I, Class II and Class III directors are elected for terms of three years, currently expiring in 2005, 2006 and 2007, respectively. The holders of the Series B Convertible Preferred Stock, voting as a separate class, currently are entitled to elect one director at an annual or special meeting of stockholders or by written consent. This director shall continue in office until a successor has been elected by the holders of the Series B Convertible Preferred Stock or until less than 50% of such series remains outstanding.

John U. Clarke, Patrick M. McCarthy and Thomas C. Knudson are nominated for election at the annual meeting to fill the three expiring Class I positions on the Board of Directors. If elected, they will hold office for three-year terms expiring at the annual meeting of stockholders in 2008, and until their respective successors have been duly elected and qualified, or until their earlier resignation or removal.

In accordance with the Company's restated certificate of incorporation, as amended, and bylaws, the affirmative vote of a plurality of the votes cast by holders of Voting Stock entitled to vote in the election of directors at the annual meeting is required for the election of a nominee as director. Accordingly, although

Table of Contents

abstentions and broker non-votes are considered shares present at the meeting for the purpose of determining a quorum, they will have no effect on the election of directors.

The Board of Directors has no reason to believe that the nominees for election as directors will not be candidates or will be unable to serve, but if for any reason either nominee is unavailable as a candidate or unable to serve when the election occurs, the persons designated as proxies in the enclosed proxy card, in the absence of contrary instructions, will in their discretion vote the proxies for the election of a substitute nominee selected by the Board of Directors.

The Board of Directors recommends that you vote FOR the election of the nominees listed below under Information Concerning the Board of Directors Nominees for Class I Directors for Three-Year Terms to Expire in 2008. Properly dated and signed proxies will be so voted unless authority to vote in the election of directors is withheld.

Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of our Board of Directors has appointed KPMG LLP, an independent registered public accounting firm, to audit our consolidated financial statements for the year ending December 31, 2005. KPMG LLP has audited our consolidated financial statements since 1989. We are advised that no member of KPMG LLP has any direct or material indirect financial interest in the Company or, during the past three years, has had any connection with us in the capacity of promoter, underwriter, voting trustee, director, officer or employee. Ratification of this appointment shall be effective upon receiving the affirmative vote of the holders of a majority of the Voting Stock present or represented by proxy and entitled to vote at the annual meeting. See Information Concerning the Board of Directors Audit Committee Report for a discussion of KPMG LLP's engagement, including independence and fees paid by us to KPMG in 2003 and 2004.

The Board of Directors recommends a vote FOR ratification of this appointment. If a stockholder does not specify a choice on such stockholder's proxy, properly dated and signed proxies will be so voted.

In the event the appointment is not ratified, the Audit Committee will reconsider the appointment of KPMG LLP and may retain that firm or other independent registered public accounting firms without re-submitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of the Company and its stockholders. Representatives of KPMG LLP are expected to be present at the annual meeting and will be offered the opportunity to make a statement if they desire to do so. The representatives of KPMG LLP also will be available to answer questions and discuss matters pertaining to the Reports of Independent Registered Public Accounting Firm contained in the audited financial statements in our Annual Report on Form 10-K/A for the year ended December 31, 2004.

Determinations of Director Independence

Under rules adopted by the New York Stock Exchange, or NYSE, no Board member qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the Company. The Board considers all relevant facts and circumstances in making a determination of independence. In particular, when assessing the materiality of a director's relationship with the Company, the Board considers the issue not merely from the standpoint of the director, but also from the standpoint of persons or organizations with which the director has an affiliation. In its determination of independence, the Board of Directors reviewed and considered all relationships and transactions between each director, his family members or any business, charity or other entity in which the director has an interest, on the one hand, and the Company, its affiliates or the Company's senior management has an interest, on the other. The Board considered ownership of the Company's stock by Mr. Winokur and affiliates and affiliates of Mr. Bates and determined that each was independent for purposes of service on the Board and the Governance, Nominating & Compensation Committee, but would not be eligible for service on the Audit Committee, due to different standards for such service. As a result of its independence reviews, the Board of Directors has affirmatively determined that Mr. Allan, Mr. Bates, Ms. Edwards, Mr. Hickox, Mr. Knudson and Mr. Winokur are independent from the Company and its management. Mr. Clarke and Mr. McCarthy are executives of the Company, and, therefore, are not independent.

Committees and Board Meetings; Meeting Attendance; Audit Committee Financial Expert

Edgar Filing: NATCO GROUP INC - Form DEF 14A

The Board of Directors has established three standing committees: the Executive Committee, the Audit Committee and the Governance, Nominating & Compensation Committee. During 2004, the full Board of Directors held eight meetings (at which the independent directors also held executive sessions), the independent directors met in five separate executive sessions, the Audit Committee held 12 meetings and the Governance, Nominating & Compensation Committee held four meetings. The Executive Committee did not hold any meetings

Table of Contents

during 2004. Each independent director then in office attended all of the meetings of the Board and all of the separate executive sessions. Each of the executive directors then in office attended at least 85% of the meetings of the Board. The persons who were executive directors at the time of the executive sessions were not invited to, and did not attend, the executive sessions of the independent directors. Such meetings were chaired by the Chairman of the Governance, Nominating & Compensation Committee. Each director attended over 90% of the meetings of the committees of the Board on which he or she served. The Board does not have a policy on Board member attendance at the annual meeting of stockholders. Four of our seven directors then in office attended the 2004 annual meeting of stockholders.

The members of our Executive Committee are Mr. Winokur (Chairman), Mr. Bates and Mr. Clarke. The Executive Committee is authorized to exercise the powers of the Board during the intervals between the Board meetings, subject to prior notice to the Board of its intent to do so.

The members of our Audit Committee are Mr. Allan (Chairman), Ms. Edwards and Mr. Hickox. All three members are independent and qualified to serve on the Audit Committee under the standards of the NYSE and applicable securities laws and regulations. In addition, the Board of Directors has determined that Ms. Edwards is an audit committee financial expert as defined in applicable federal securities laws and regulations. The charter of the Audit Committee, which was revised and adopted by the Board in February 2005, contains a detailed description of the Audit Committee's duties and responsibilities. Under the charter, the Audit Committee has been appointed by the Board to assist in overseeing (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent registered public accounting firm's independence, qualifications and performance, and (4) the performance of the Company's internal audit function. The Audit Committee Charter is attached to this proxy statement as *Appendix A*. The Audit Committee also has direct responsibility for the appointment, compensation and retention of the Company's independent registered public accounting firm.

The Governance, Nominating & Compensation Committee serves as the Company's standing nominating and compensation committee. Its members are Mr. Hickox (Chairman), Mr. Winokur and Mr. Bates, each a non-employee director. Mr. Hickox, Mr. Bates and Mr. Winokur have been determined by the Board to be independent and qualified to serve on the Governance, Nominating & Compensation Committee under NYSE standards and applicable securities laws and regulations. The Governance, Nominating & Compensation Committee adopted a revised charter in February 2005.

The Governance, Nominating & Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to governance, nomination of directors and executive compensation. In fulfilling its governance and nominating role, the committee assists the Board in identifying individuals qualified to become Board members, in determining the composition of the Board of Directors and its committees, in monitoring a process to assess Board effectiveness and in developing and implementing the Company's corporate governance guidelines. In fulfilling its compensation role, the committee assists the Board in assuring that the senior executives of the Company and its subsidiaries are compensated effectively, in a manner consistent with the stated compensation strategy of the Company, internal equity considerations, competitive practice and the requirements of applicable law, regulations and rules of applicable regulatory bodies.

Compensation Committee Interlocks and Insider Participation

From January to June 2004, the Governance, Nominating & Compensation Committee consisted of Mr. Clarke (Chairman), Mr. Bates and Mr. Winokur, each a non-management director during such period. Mr. Winokur stepped down from the committee in June 2004, and Mr. Hickox was elected to serve in Mr. Winokur's place. Mr. Clarke served as Chairman of the Governance, Nominating & Compensation Committee until September 2004. He stepped down upon assuming the office of interim Chief Executive Officer following the departure of the Company's former CEO, and Mr. Hickox became Governance, Nominating & Compensation Committee Chairman. From September 2004 to December 2004, the committee consisted of two members, Mr. Hickox (Chairman) and Mr. Bates. Mr. Winokur was re-elected to the committee in December 2004. There were no Governance, Nominating & Compensation Committee interlock relationships or insider participation in compensation arrangements during the year ended December 31, 2004.

Under an arrangement that terminated on December 31, 2004, we paid Capricorn Management, G.P., an affiliate company of Capricorn Holdings, Inc., for administrative services, which included office space and parking in Connecticut for our former Chief Executive Officer, reception, telephone, computer services and other normal office support relating to that space. Fees paid to Capricorn Management, which were reviewed and approved by the Audit Committee of our Board of Directors, totaled \$115,000, in each of the years ended December 31, 2004, 2003 and 2002, respectively. Mr. Winokur is the Chairman and Chief Executive Officer of Capricorn Holdings, Inc. and the Managing Director of Capricorn Holdings LLC, the general partner of Capricorn Investors II, L.P., a private investment partnership, and directly or indirectly controls approximately 31% of our outstanding common stock. (Capricorn Investors II, L.P. controls approximately 19% of our common stock, which percentage is included in Mr. Winokur's total holdings of approximately 31% of our common stock.) In addition, our former Chief Executive Officer was a non-salaried member of Capricorn Holdings LLC.

Selection of Nominees for the Board of Directors

The Governance, Nominating & Compensation Committee assists the Board in identifying individuals qualified to become Board members and selecting, or recommending that the Board select, such individuals as the director nominees for election at the annual meetings of stockholders or for appointments to fill vacancies. In evaluating the suitability of potential directors, the Governance, Nominating & Compensation Committee takes into account many factors, including general understanding of marketing, finance or other elements relevant to the success of a publicly traded company in today's business environment, understanding of the Company's business on an operational level, education and professional background and availability and willingness to devote time to Board duties. The Governance, Nominating & Compensation Committee also evaluates each individual in the context of the Board as a whole, with the objective of having a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound business judgment using its diversity of experience in these various areas.

In the event that the Governance, Nominating & Compensation Committee or the Board identifies the need to fill a vacancy or to add a new member to fill a newly created position on the Board with specific criteria, the Governance, Nominating & Compensation Committee will initiate a search process and keep the Board apprised of progress. Alternatively, if a potential Board member meeting the requirements of the Board is identified by a member of the Board or management, the Governance, Nominating & Compensation Committee will consider such proposed candidate and will evaluate the qualifications and independence of such candidate, and the needs of the Board. The Governance, Nominating & Compensation Committee may seek input from members of the Board, the Chief Executive Officer and other management and, if necessary, retain a search firm. In addition, as a matter of policy, the Governance, Nominating & Compensation Committee will consider candidates for Board membership properly recommended by stockholders. The initial candidate or candidates, including anyone recommended by a stockholder, who satisfy the specific criteria for Board membership and otherwise qualify for membership on the Board will then be reviewed and evaluated by the Governance, Nominating & Compensation Committee. The evaluation process for candidates recommended by stockholders is not different from candidates recommended by any other source.

To be considered by the Governance, Nominating & Compensation Committee a stockholder recommendation for a nominee must be made by written notice to the Chairman of the committee and the Corporate Secretary of the Company, containing, at a minimum, the name, appropriate biographical information and qualification of the nominee. In considering stockholder recommendations for nominees, the Governance, Nominating & Compensation Committee may request additional information concerning the nominee or the applicable stockholder or stockholders. The bylaws of the Company permit stockholders to nominate directors for election at an annual stockholders meeting whether or not such nominee is submitted to and evaluated by the Board. To nominate a director using this process, and the stockholder must follow certain procedures required by the bylaws that are described under "Stockholder Proposals" below.

Table of Contents

willingness to represent the best interests of all stockholders and objectively appraise management performance; and

The Governance, Nominating & Compensation Committee is responsible for assessing the appropriate mix of skills and characteristics required of Board members in the context of the perceived needs of the Board at a given point in time and shall periodically review and update the criteria as deemed necessary. Diversity in personal background for the Board as a whole may be taken into account in considering individual candidates.

In December 2004, the Board of Directors elected Ms. Edwards as a member of the Board of Directors and the Audit Committee. In April 2005, the Board elected Mr. Knudson as a member of the Board. The Company did not pay any third party to identify or to assist in the evaluation of any candidate for election to the Board. Audit Committee Report

The Audit Committee operates under a revised charter that was adopted by the Board of Directors in February 2005, superseding the charter adopted in May 2003. The Audit Committee met 12 times during 2004 with the Company's financial management and our independent registered public accounting firm, KPMG LLP, as part of its role in providing oversight to the financial reporting process and internal control structure. From time to time at the Audit Committee's request, KPMG LLP met with the Audit Committee, without NATCO management representatives present, to discuss the results of their examinations and quality of reporting.

From January to September 2004, the Audit Committee consisted of three independent directors who met the applicable requirements of federal securities laws and regulations and the rules of the NYSE, Mr. Allan, Mr. Hickox and Mr. Clarke. Mr. Clarke served as the audit committee financial expert. In September 2004, Mr. Clarke stepped down from the Audit Committee to serve as interim Chief Executive Officer of the Company. From September 2004 to December 2004, the Audit Committee had only two members, and did not have a member that qualified as audit committee financial expert, and was thus temporarily out of compliance with NYSE rules. In December 2004, Ms. Edwards was elected to the Company's Board and the Audit Committee, and was designated as the audit committee financial expert, bringing the committee back into compliance with applicable regulations and rules.

In performing its oversight function, the Audit Committee has reviewed and discussed with the Company's management and independent public accountants the audited financial statements for the year ended December 31, 2004 and unaudited quarterly operating results prior to their issuance. In addition, the Audit Committee discussed with KPMG LLP matters required by Statement on Auditing Standards No. 61. The Audit Committee also received and reviewed the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 and discussed with KPMG LLP their independence. The Audit Committee also reviewed and discussed with our management and with KPMG LLP such other matters and received such assurances from these parties that they deemed appropriate. Based on the foregoing

Edgar Filing: NATCO GROUP INC - Form DEF 14A

review and discussions, the Audit Committee recommended to our Board of Directors the inclusion of our audited financial statements in the Annual Report on Form 10-K/A for the year ended December 31, 2004 filed with the Securities and Exchange Commission.

Table of Contents

The Audit Committee has adopted a policy to pre-approve all audit and non-audit services of the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated to its Chairman authority to pre-approve engagements of our independent registered public accounting firm or other accountants to perform audit or non-audit services in amounts of up to \$100,000 per engagement, subject to his subsequently reporting to the committee as to any engagement he approves. The independent registered public accounting firm and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. None of the services provided by the independent registered public accounting firm under the categories Audit-Related, Tax Services and All Other Fees, below, were approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in Rule 2-01(c) of Regulation S-X.

The Audit Committee also considered whether the provision of the non-audit services listed below is compatible with maintaining the independence of KPMG LLP. The Audit Committee determined that such services were compatible with KPMG LLP's independence.

Audit Fees. We paid audit fees paid to KPMG LLP totaling \$1,737,000 and \$543,547 for the years ended December 31, 2004 and 2003, respectively, for professional services rendered for the audit of our annual financial statements, review of our interim reports and, for 2004, attestations by KPMG related to the audit of the effectiveness of our internal controls that are required by statute or regulations.

Audit-Related Fees. We paid audit-related fees to KPMG, LLP totaling \$22,500 and \$47,521 for the years ended December 31, 2004 and 2003, respectively, related primarily to the audit of financial statements of an employee benefit plan.

All Other Fees. We paid other fees to KPMG LLP totaling \$0 and \$2,750 for the years ended December 31, 2004 and 2003, respectively. The fees in 2003 related to the preparation of an information return associated with an employee benefit plan.

DIRECTOR AND EXECUTIVE COMPENSATION

Governance, Nominating and Compensation Committee Report Regarding Executive Compensation

The Governance, Nominating & Compensation Committee of the Board of Directors is responsible for developing executive compensation policies that support the Company's strategic business objectives and values. The Governance, Nominating & Compensation Committee has oversight responsibility in establishing compensation levels for executive officers, setting guidelines for Company-wide compensation and employee benefit policies and administering our bonus plans and stock incentive plans. The Company's objectives in compensation for executive officers and key employees are to attract and retain talented and experienced people who will contribute to the long-term success of the Company, to inspire executive officers to work as a team to pursue our goals and to align executive officers' interests to those of the Company, by providing for bonuses tied to Company performance, and to stockholders, by providing stock options and restricted stock awards as a portion of compensation. The Governance, Nominating & Compensation Committee monitors general industry conditions, changes in regulations and tax laws and other developments that may, from time to time, require modification of the executive compensation program to ensure the program is properly structured to achieve its objectives.

In making compensation determinations, the Governance, Nominating & Compensation Committee evaluates a number of factors at the end of each year, including the Company's performance relative to our annual objectives, our performance relative to changes in the industry and each executive officer's contribution to our performance during the year. The Governance, Nominating & Compensation Committee does not apply any particular formula or assign any particular weight to any factors it considers in determining an executive's compensation. Instead, the committee considers all of these factors together and makes a subjective determination with respect to executive compensation. The annual base salary, bonus and stock option awards paid or awarded to our chief executive officer and our other four most highly compensated executive officers (the Named Executive Officers) are set forth in summary form in the Summary Compensation Table included elsewhere in this proxy statement.

Salaries. Executive officer salaries are based on a subjective evaluation considering peer company data, the executive's responsibilities, performance and length of time in the position, internal equities among positions and general economic conditions. Overall compensation is intended to be at or modestly above the median level of compensation for peer companies with which we compete for employees. To determine salary levels paid within the industry, the Governance, Nominating & Compensation Committee reviews various industry surveys and proxy information of our competitors and consults with independent compensation consulting firms from time to time. The Governance, Nominating & Compensation Committee reviews executive salaries at least annually, and makes appropriate adjustments.

Benefits. Our benefit plans are intended to be at or modestly above the median level of benefits for peer companies with which we compete for employees. Through subsidiaries, the Company maintains a defined contribution pension plan (the 401(k) Savings Plan) covering substantially all US non-union hourly and salaried employees who have completed three months of service. Employee contributions of up to 3% of each covered employee's compensation are matched 100% by the employing subsidiary, with an additional 2% of covered employee's compensation matched at 50%. In addition, the employing subsidiary may make discretionary contributions from time to time as profit sharing contributions.

The Board of Directors of each employing subsidiary reviews and approves all discretionary contributions, subject to the concurrence of the Governance, Nominating &

Table of Contents

Compensation Committee with respect to items impacting the benefits of executive officers of the Company. No discretionary contributions were provided for the year ended December 31, 2004.

Bonus Awards. Bonus awards are linked to the achievement of company-wide and individual performance goals and are designed to put a significant portion of total compensation at risk. Under the bonus plan, a bonus target is established for each executive officer and key employee based on a subjective evaluation considering peer Company data and the executive officer or key employee's level of responsibility and ability to impact our success. In 2004, the individual bonus targets for executive officers ranged from 35% to 75% of salary. After a year-end review, the Governance, Nominating & Compensation Committee approves the amount of the annual incentive payment, if any, that will be awarded to an executive officer based on the Governance, Nominating & Compensation Committee's subjective evaluation of the extent to which company-wide and individual performance goals are achieved and general economic and industry conditions. The Governance, Nominating & Compensation Committee reviews and approves funding of the bonus pools and specific bonus payments to the senior executive officers of the Company prior to their award. Bonus awards related to a fiscal year typically are paid by March 15 of the following fiscal year.

Stock Options, Restricted Stock and Other Stock-Related Compensation. We make stock option, restricted stock and other stock-related compensation awards under the Company's stock incentive plans to align the interests of executive officers and key employees with those of stockholders. Options vest over multiple years, with an exercise price equal to the fair market value of the common stock on the date of grant. Therefore, these options will have no value unless the Company's stock appreciates in value. Restricted stock awards contain various restrictions that may be performance based or related to time of service to the Company following an award. If these requirements are not met by the specified times, the shares will be forfeited to the Company. The Governance, Nominating & Compensation Committee makes awards based on a subjective evaluation considering peer Company data and the executive officer's or key employee's ability to impact our success. Consideration is also given to amounts, timing and vesting status (or, in the case of restricted stock, whether the restrictions have lapsed) of previous awards to each executive officer or key employee, total options outstanding and available under the plan, and the level and volatility of our share price and the amount of appreciation realized by the stockholders over comparable periods.

In September 2004, the Governance, Nominating & Compensation Committee awarded an aggregate of 128,120 options and 62,071 shares of performance-based restricted stock to members of senior management. The Governance, Nominating & Compensation Committee also approved salary increases for members of senior management, consistent with the 4% guidance for salary increases for the Company generally. Also in September 2004, the Governance, Nominating & Compensation Committee awarded Mr. Clarke 33,440 shares of restricted stock contingent upon his continued service as interim CEO during the CEO search process and, thereafter, if named as CEO, with restrictions lapsing on the first, second and third anniversaries of the date of grant. In connection with naming Mr. Clarke as CEO in December 2004, pursuant to the terms of his employment agreement with the Company, the Governance, Nominating & Compensation Committee authorized awards of 39,500 options and 22,000 shares of performance-based stock to Mr. Clarke. In addition, pursuant to the terms of his employment agreement, in January 2005, Mr. Clarke received awards of 43,000 shares of performance-based restricted stock and 57,000 shares of restricted stock contingent on continued service for a period of three years.

Compensation of the Chief Executive Officer. The Chief Executive Officer's compensation primarily consists of base salary, annual incentive and long-term incentives. The Governance, Nominating & Compensation Committee establishes the Chief Executive Officer's pay levels and incentives in the same manner as for other executive officers described above, and makes recommendations regarding the same to the full Board of directors, which authorizes all salary, bonus or other incentive compensation for the CEO. The Company entered into a three-year employment agreement with Mr. Clarke in December 2004, upon his election as Chief Executive Officer. Mr. Clarke's annual base salary pursuant to this agreement is not less than \$396,000, and his target bonus is 75%. He will be eligible to participate in the Company's bonus programs for key employees commencing in 2005. Mr. Clarke received a one-time bonus of \$100,000 in December 2004, in consideration of his service as interim CEO and acceptance of a permanent position with the Company, as provided in his employment agreement. During 2004, Mr. Clarke was awarded long-term incentives for service as permanent CEO as indicated above. In addition, for service as independent director, Mr. Clarke received \$60,750 in director fees earned, \$5,103 in expense reimbursements for director service, an award of 2,500 options and a restricted stock award of 2,500 shares, consistent with

compensation paid to other nonemployee directors for 2004. For service as interim CEO, Mr. Clarke received \$83,065 in cash compensation and was awarded 33,440 restricted shares, as noted above.

Our former CEO, Nathaniel A. Gregory separated from the Company in September 2004. Mr. Gregory's annual base salary for the year ended December 31, 2004 was \$436,000. Prior to March 2003, his annual base salary was \$400,000. Mr. Gregory's target bonus was 75% in 2003 and 2004. The Governance, Nominating & Compensation Committee did not award bonuses to any executive officer in 2003, including Mr. Gregory. No stock options, restricted stock or other stock-related compensation were granted to Mr. Gregory in 2004, 2003 or 2002, although Mr. Gregory was awarded a replacement option grant under the 1998 stock incentive plan on surrender of 50,000 options previously granted in May 2000 to address a technical deficiency with respect to the original grant under NYSE rules. The replacement options were fully vested on their grant date. The other terms of the replacement grant (including exercise price and termination date) were identical to those of the grant surrendered, except for the plan designation and grant date.

The Company entered into a separation agreement with Mr. Gregory in July 2004. Pursuant to this agreement, Mr. Gregory resigned as Chairman in July 2004 and resigned as Chief Executive Officer in September 2004. His employment agreement was terminated in September 2004. Under the terms of the separation agreement, the Company paid Mr. Gregory (1) his base salary through the separation date, (2) the value of any accrued vacation through that time, (3) the sum of \$1,299,611 on the effective date of the agreement, which amount was then paid to the Company for exercise of certain options held by Mr. Gregory on that date, (4) \$989,389 in October 2004, and (5) \$84,142 in payment of Mr. Gregory's pro rata bonus for 2004 through the separation date. The Company further agreed to reimburse Mr. Gregory for up to \$3,000 in attorney's fees related to review of the separation agreement and up to \$8,000 in moving expenses. The Company continued to lease office space in Connecticut for Mr. Gregory's use until December 31, 2004. The Company also permitted Mr. Gregory and his eligible dependents to participate to the same extent as an active employee in any Company-provided life insurance, medical, dental or vision plan in which he or any of his eligible dependents participated as of the separation date for a period of 36 months following the separation date. As of the separation date, all of Mr. Gregory's then outstanding and unvested stock options became fully vested and Mr. Gregory was granted up to 18 months after the separation date to exercise such options. Further, the Company agreed to continue indemnifying Mr. Gregory with respect to his activities as a director, officer and employee of the Company and its subsidiaries prior to the effective date of the separation agreement for a period of six years from that date.

Under the separation agreement, Mr. Gregory agreed to provide certain advisory services to the Company for a period of one year after the separation date, at no charge other than reimbursement of out-of-pocket expenses. Mr. Gregory and the Company further agreed to his exercise of certain options and repayment of outstanding loans to the Company through the sale of Company stock.

Severance; Change of Control Agreements. At the end of 2002, the Governance, Nominating & Compensation Committee undertook a review of our various severance policies and employment arrangements with our executive officers, with the assistance of an independent, compensation consulting firm. Based on this analysis, the Governance, Nominating & Compensation Committee authorized NATCO to enter into employment agreements with the Chief Executive Officer and President containing the recommended severance provisions, and authorized NATCO to enter into change in control agreements with its other executive officers. In 2003 the Governance, Nominating & Compensation Committee authorized NATCO to enter into change in control agreements with two newly hired executive officers.

In August 2004, the Governance, Nominating & Compensation Committee approved additional retention and severance incentives to key members of its management team to provide them the security to focus on their contributions as the Company moves forward. These incentives provided the President and members of senior management having change in control agreements with special severance benefits in the event of termination prior to December 31, 2005. In addition, in exchange for his working with the Company for nine additional months if not named Chief Executive Officer, the President will be entitled to a one-time election to terminate his employment within 10 days of such nine-month anniversary, and receive severance benefits equal to two times his base salary, his pro rata bonus for the year through the date of termination, continuation of health care coverage for him and his eligible dependents for a period of 18 months following termination, immediate vesting of all options on the termination date and lapse of all restrictions on any restricted stock on such date. The Governance, Nominating &

Compensation Committee also reviewed for informational purposes proposals by the Company's US subsidiaries on enhanced versions of such subsidiaries' standard severance policies to provide up to nine months severance under certain conditions for exempt employees and up to 12 months severance for duly elected officers, not otherwise covered by contract or agreement, which the subsidiaries adopted in October 2004.

Director Compensation

Directors who are our employees do not receive a retainer or fees for service on the Board or any of its committees.

The Governance, Nominating & Compensation Committee, with the assistance of an outside compensation consultant, reviewed independent director compensation in 2003 and recommended a director compensation program comparable to that of other peer companies, which included cash, restricted stock and options. The Board approved the Governance, Nominating & Compensation Committee recommendation in May 2003, and the Company currently pays independent directors or their designees a quarterly fee of \$8,500 and a fee of \$1,000 for attendance at each meeting of the Board and its Committees (including telephonic meetings). The Chairmen of the Audit and Governance, Nominating & Compensation Committees each also receive an annual chairman's fee of \$5,000.

Pursuant to the Company's stock incentive plans, in June 2004 NATCO granted 2,500 restricted shares to each of its five independent directors (which at the time included Mr. Clarke). These restricted shares vest 100% on June 15, 2005, but are forfeitable if service discontinues prior to this date (other than for death, disability or retirement on reaching age 68). The restrictions shall lapse automatically in the event of a change in control. The Company will recognize expense of \$90,500 related to these grants ratably over the vesting period. In addition, in June 2004 the Company granted each of these independent directors or their designees options to purchase 2,500 shares of common stock at the fair market value on the date of grant. These options vest 100% following one year of service, on the anniversary date of their issuance. Similar restricted stock awards and option grants with similar terms were made to each of Ms. Edwards and Mr. Knudson upon their respective dates of election to the Board on December 7, 2004 and April 6, 2005, respectively. Directors also are reimbursed for reasonable out-of-pocket expenses related to the performance of their duties as directors.

a bonus equal to the principal and interest accrued under this note arrangement and recorded compensation expense of \$1.3 million. The officer used the proceeds of this settlement, net of tax, to repay the Company approximately \$665,000. In addition, on October 27, 2000, the Company's Board of Directors agreed to provide a full-recourse loan to this executive officer to facilitate the exercise of certain outstanding stock options. The amount of the loan was equal to the cost to exercise the options plus any personal tax burdens that resulted from the exercise. The maturity of these loans was July 31, 2003, and interest accrued at rates ranging from 6% to 7.8%. As of September 30, 2002, these outstanding notes receivable totaled \$3.4 million, including principal and accrued interest. Effective July 1, 2002, the notes were reviewed by the Company's Board and amended to extend the maturity dates to July 31, 2004, and to require interest to be calculated at an annual rate based on the London Interbank Offered Rate, or LIBOR, plus 300 basis points, adjusted quarterly, applied to the notes balances as of September 30, 2002, including previously accrued interest. These loans to this executive officer, which were made on a full recourse basis in prior periods to facilitate direct

ownership in the Company's common stock, were subject to and in compliance with provisions of the Sarbanes-Oxley Act of 2002 at all times prior to their repayment.

As previously agreed in 2001, the Company loaned Mr. McCarthy, its President \$216,000 on April 15, 2002, under a full-recourse note arrangement which accrued interest at 6% and was to mature on July 31, 2003. The funds were used to pay the exercise cost and personal tax burdens associated with stock options exercised during 2001. Effective July 1, 2002, the note was amended to extend the maturity date to July 31, 2004, and to require interest to be calculated at an annual rate based on LIBOR plus 300 basis points, adjusted quarterly, applied to the note balance as of September 30, 2002, including previously accrued interest. This loan to this executive officer, which was made on a full recourse basis in prior periods to facilitate direct ownership in the Company's common stock, was subject to and in compliance with provisions of the Sarbanes-Oxley Act of 2002 at all times prior to their repayment.

As approved by our Board of Directors, on July 28, 2004, we purchased an aggregate of 498,670 shares of NATCO Group Inc. common stock from Mr. Gregory and Mr. McCarthy at a price of \$7.859 per share, which represented the 15-trading day average of the closing price of the Company's common stock as reported on the New York Stock Exchange for the period ended July 23, 2004. Mr. Gregory and Mr. McCarthy used these proceeds and other funds to repay in full all outstanding loans to the Company that were scheduled to mature on July 31, 2004.

Employment, Termination and Change of Control Arrangements

Employment and Other Arrangements with Our Chief Executive Officer. Effective December 7, 2004, we entered into an employment agreement with Mr. Clarke pursuant to which he will serve as our Chief Executive Officer. The agreement is for a term expiring December 31, 2007 unless sooner terminated in accordance with its terms. Under the agreement, Mr. Clarke is entitled to receive an annual salary of at least \$396,000, and, commencing in 2005, is eligible to receive an annual bonus with a target award of 75% of his base salary, based on our financial performance and other criteria to be determined annually by our Board. He also received a bonus payment of \$100,000 in December 2004. Under the agreement, Mr. Clarke was awarded nonqualified stock options to acquire 39,500 shares of our common stock under the 2004 Stock Incentive Plan having an exercise price equal to the fair market value of our common stock on the date of grant, vesting in three installments on the first, second and third anniversaries of the date of grant and having a term of 10 years. Mr. Clarke must continue to hold at least one-third of the stock issued following exercise of such options for at least three years after exercise, unless he sooner leaves the Company, a Corporate Change occurs or the committee responsible for administration of the plan otherwise approves. He also was awarded 22,000 performance-based restricted shares under our 2004 Stock Incentive Plan, with the restrictions to lapse (a) on the date that we have achieved an earnings per share of at least \$1.00 calculated on a trailing 12-months basis as of the last day of a quarter, for three consecutive quarters, subject to certain adjustments and conditions, or, (b) if earlier, pursuant to Section VIII of the Plan or upon occurrence of a Corporate Change, subject to Mr. Clarke's continued employment on the date of the applicable event. Mr. Clarke must continue to hold at least one-third of this restricted stock for a period of three years after the restrictions lapse, unless he sooner leaves the Company, a Corporate Change occurs or the committee responsible for administration of the plan otherwise approves. This restricted stock will be forfeited if the restrictions have not lapsed by December 31, 2007.

In addition, in January 2005, Mr. Clarke was awarded 57,000 restricted shares, with the restrictions to lapse after three years of service, subject to earlier lapse on occurrence of a Corporate Change or in the event of Mr. Clarke's death or disability, and 43,000 performance-based restricted

shares, with restrictions to lapse if our common stock trades at a price of \$12.00 per share or more for 30 consecutive trading days. The performance-based restricted stock will be forfeited if the restrictions have not lapsed by the fifth anniversary of the date of grant. Under the agreement, Mr. Clarke also is entitled to participate in our fringe benefit and insurance plans and to reimbursement of business expenses.

Table of Contents

Upon any involuntary termination of the employment relationship by us or Mr. Clarke prior to expiration of the term, Mr. Clarke shall be entitled to receive his pro rata base salary and benefits (including payment for accrued, but unused, vacation) through the date of termination. Depending upon the type of involuntary termination, Mr. Clarke or his estate may be entitled to additional compensation and/or benefits, as described below.

Upon an involuntary termination by our independent directors for any reason or by Mr. Clarke by reason of a material breach by us of the terms of the agreement or for certain other reasons specified in the agreement, after execution of a release and in consideration of his continuing obligations under the agreement after termination (including his non-competition obligations), Mr. Clarke shall be entitled to (1) an amount equal to one year's annual base salary; (2) a pro rata share of the amount of the target bonus compensation earned by him under any applicable bonus plan then in effect through the date of termination; (3) continuation of health insurance, dental insurance and life insurance benefits for Mr. Clarke and eligible dependents for up to one year following the termination date; and (4) any deferred compensation previously earned under any of our plans.

If a Change in Control (as defined below) occurs within 6 months following such an involuntary termination, Mr. Clarke shall be entitled to (1) an amount equal to 1.5 times one year's annual base salary, with the amount of such payment to be offset by any payment he has previously received under the foregoing provision; (2) an amount equal to 1.5 times the target bonus compensation at the greater of (A) the target bonus compensation in effect at the time notice of termination is given or (B) the target bonus compensation in effect immediately preceding the Change of Control Date (as defined below), offset by any payment he has previously received under the foregoing provision; (3) continuation of health insurance, dental insurance and life insurance benefits for Mr. Clarke and eligible dependents for 18 months following the termination date; and (4) any deferred compensation previously earned under any of our plans to the extent not previously paid. In addition, Mr. Clarke shall receive a cash payment (a) with respect to any stock option that was forfeited as of the date of his termination of employment, equal to the difference between the closing price of our common stock as of the Change of Control Date and such option's exercise price (or, if the term of such option would have expired before the Change of Control Date, the difference between the closing price of our common stock as of the date of such option's expiration date and such option's exercise price) and (b) with respect to any restricted stock that is forfeited as of the date of his termination of employment, equal to the closing price of such stock as of the Change of Control Date, with such payment to be made within 30 days of the Change of Control Date.

Upon an involuntary termination by reason of Mr. Clarke's death or disability, Mr. Clarke or his beneficiaries shall be entitled to (1) a pro rata share of the amount of the target bonus compensation earned by him under any applicable bonus plan then in effect through the date of termination; and (2) any deferred compensation previously earned under any of our plans.

Upon an involuntary termination by our independent directors for any reason or by Mr. Clarke by reason of a material breach by us of the terms of the agreement or for certain other reasons specified in the agreement within 12 months following a Change of Control, after execution of a release and in consideration of his continuing obligations under the agreement after such termination, Mr. Clarke shall be entitled to (1) an amount equal to 1.5 times one year's annual base salary; (2) an amount equal to the product of 1.5 times the target bonus compensation at the greater of (A) the target bonus compensation in effect at the time notice of termination is given or (B) the target bonus compensation in effect immediately preceding the Change of Control Date; (3) continuation of health insurance, dental insurance and life insurance benefits for Mr. Clarke and his eligible dependents for 18 months following the date of termination; and (4) any deferred compensation previously earned under any of our plans. In addition, notwithstanding the terms of the any related incentive plan or agreement, or any award agreement evidencing awards of stock options or restricted stock to purchase our common stock, in the event of a Change of Control while Mr. Clarke is employed by us, (a) all outstanding stock options held by him shall fully vest as of the Change of Control Date and become immediately exercisable in accordance with their terms, (b) all restrictions on any of our restricted stock held by him shall lapse as of the Change of Control Date and (c) any such stock options shall be exercisable for 12 months after the date of termination, unless the term of the stock options expires before the end of such period, in which case the stock option shall be exercisable until the expiration of its term.

Table of Contents

A **Change of Control** shall occur if: (1) we merge or consolidate with any other entity (other than one of our majority owned subsidiaries) and our shareholders own less than 50% of the surviving entity; (2) we sell all or substantially all of our assets to any other person or entity (other than (a) a sale of our equity interests or (b) a sale of assets to one of our majority owned subsidiaries and in connection therewith Mr. Clarke becomes employed by such subsidiary, us or a partnership in which we are the general partner); (3) we are dissolved or liquidated; (4) any third person or entity together with its affiliates (including a group as contemplated by Section 13(d)(3) of the Securities Exchange Act of 1934, as amended) shall become, directly or indirectly, the beneficial owner of greater than 50% of our voting stock, based upon voting power (except as the result of a distribution of our voting securities to our shareholders); or (5) during such time as we have a class of voting securities registered under the Securities Exchange Act, the members of our Board of Directors (**Incumbent Board**) on the effective date of such registration cease to constitute at least a majority of the Board, provided that any person becoming a director whose election or nomination for election was approved by a vote of at least two-thirds of the directors comprising the Incumbent Board, for purposes of this clause, shall be considered to be a member of the Incumbent Board. **Change of Control Date** shall mean the day on which a Change of Control becomes effective.

In all cases, the payments payable to Mr. Clarke under the employment agreement on termination of the employment relationship shall be offset against any amounts to which he may otherwise be entitled under any and all of our severance plans and policies. If it is determined that any benefit, payment or distribution by us to or for the benefit of Mr. Clarke (whether payable or distributable pursuant to the terms of the agreement or otherwise) would, if paid, be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then the payment shall be reduced to the extent necessary to avoid the imposition of the excise tax.

Upon his termination of employment, Mr. Clarke will be subject to a one-year non-competition and non-solicitation provision under the employment agreement.

Mr. Clarke has served on the Company's Board of directors since 2000, and has received grants of options and restricted stock as part of his director compensation. The various agreements with respect to these grants provide that, to the extent the options subject to these grants have not vested prior to a change in control, and to the extent restrictions on restricted stock subject to these grants have not lapse prior to a change in control, all such options shall vest, and all restrictions on the restricted stock shall lapse upon such change in control.

In addition, for service as independent director during 2004, Mr. Clarke received \$60,750 in director fees earned, \$5,103 in expense reimbursements for director service. Mr. Clarke also served as the Company's interim Chief Executive Officer from September to December 2004. For service as interim CEO, Mr. Clarke received \$83,065 in cash compensation and was awarded 33,440 restricted shares, as noted above.

Employment, Separation and Other Arrangements with Our Former Chief Executive Officer. Until September 2004, Mr. Gregory served as our Chief Executive Officer under an employment agreement entered into in December 2002, which replaced his prior employment agreement. The employment agreement was terminated September 2004, in accordance with the terms of a separation agreement entered into in July 2004. Under his employment agreement, Mr. Gregory was entitled to receive an annual salary (\$436,000 at the time of his separation), and was eligible for an annual bonus with a target award of 75% of Mr. Gregory's base salary based on our financial performance and certain other criteria as are determined annually by our Board of Directors. The Governance, Nominating & Compensation Committee did not award bonuses to any executive officer in 2004 for the 2003 fiscal year, including Mr. Gregory. No stock options, restricted stock or other stock-related compensation were granted to Mr. Gregory in 2004, 2003 or 2002, although Mr. Gregory was awarded a replacement option grant under the 1998 stock incentive plan on surrender of 50,000 options previously granted in May 2000 to address a technical deficiency with respect to the original grant under NYSE rules. The replacement options were fully vested on their grant date. The other terms of the replacement grant (including exercise price and termination date) were identical to those of the grant surrendered, except for the plan designation and grant date. He also was entitled to participate in our fringe benefit and insurance plans and to reimbursement of certain living and other expenses.

Edgar Filing: NATCO GROUP INC - Form DEF 14A

The Company entered into a separation agreement with Mr. Gregory in July 2004. Pursuant to this agreement, Mr. Gregory resigned as Chairman in July 2004 and resigned as Chief Executive Officer in September 2004. His employment agreement was terminated in September 2004. Under the agreement, the Company paid Mr. Gregory (1) his base salary through the separation date, (2) the value of any accrued vacation through that time, (3) the sum

of \$1,299,611 on the effective date of the agreement, which amount was then paid to the Company for exercise of certain options held by Mr. Gregory on that date, (4) \$989,389 in October 2004, and (5) \$84,142 in payment of Mr. Gregory's pro rata bonus for 2004 through the separation date. The Company further agreed to reimburse Mr. Gregory for up to \$3,000 in attorney's fees related to review of the separation agreement and up to \$8,000 in moving expenses. And, the Company continued to lease office space in Connecticut for Mr. Gregory's use until December 31, 2004. The Company also permitted Mr. Gregory and his eligible dependents to participate to the same extent as an active employee in any Company-provided life insurance, medical, dental or vision plan in which he or any of his eligible dependents participated as of the separation date for a period of 36 months following the separation date. As of the separation date, all of Mr. Gregory's then outstanding and unvested stock options became fully vested and Mr. Gregory was granted up to 18 months after the separation date to exercise such options. Further, the Company agreed to continue indemnifying Mr. Gregory with respect to his activities as a director, officer and employee of the Company and its subsidiaries prior to the effective date of the separation agreement for a period of six years from that date.

Under the separation agreement, Mr. Gregory agreed to provide certain advisory services to the Company for a period of one year after the separation date, at no charge other than reimbursement of out-of-pocket expenses. Mr. Gregory and the Company further agreed to his exercise of certain options and repayment of outstanding loans to the Company through the sale of Company stock.

Employment, Change in Control and Other Arrangements with Other Named Executive Officers. Mr. McCarthy serves as our President under an employment agreement entered into in December 2002. The agreement is for a term of three years unless sooner terminated by Mr. McCarthy or by us in accordance with its terms. The agreement automatically extends for additional one-year periods unless we notify Mr. McCarthy 90 days prior to the termination date of the agreement that we do not wish to renew the agreement. Under his agreement, Mr. McCarthy is entitled to receive an annual salary (currently \$317,735), and is eligible for an annual bonus with a target award of 60% of Mr. McCarthy's base salary based on our financial performance and certain other criteria as are determined annually by our Board of Directors, and such additional bonus payments as the Board may determine in its sole discretion. He also is entitled to use of a company-provided car, to participate in our fringe benefit and insurance plans and to reimbursement of certain business-related expenses.

If, prior to a change in control, we terminate Mr. McCarthy's employment for any reason other than cause, or Mr. McCarthy terminates his employment for good reason (as defined in the agreement), Mr. McCarthy will be entitled to severance pay in accordance with any severance plan or policy that we may then have in effect and any bonus compensation earned under the bonus plan that has previously been deferred under the bonus plan. If, during the 36-month period following a change in control, Mr. McCarthy terminates his employment agreement for good reason or we terminate Mr. McCarthy, other than for cause, Mr. McCarthy will be entitled to salary and accrued vacation through the date of termination, annual bonus earned through the date of termination, two times his base salary and target bonus in effect at the time of notice of termination or of a change in control, whichever is greater; continuation of health, dental and life insurance benefit for a period of three years following the date of termination; and all deferred bonus compensation under the bonus plan. In addition, Mr. McCarthy's stock options shall immediately vest on the date of a change in control and the period for exercising certain of these options may be extended. Mr. McCarthy also will be entitled to receive a payment equal to one year of his base salary in exchange for an agreement not to compete with the Company. This agreement was amended in September 2004, as discussed below.

In December 2002, we entered into Senior Management Change in Control Agreements with our executive officers, including the other Named Executive Officers. Substantially similar agreements were entered into with Mr. FitzGerald and Katherine Ellis, our general counsel, in August 2003. These agreements are for an initial term of three years, but renew for successive one-year periods unless terminated earlier as provided in the agreement. If, during the 24-month period following a change in control, the executive's employment is terminated by us other than for cause, or by the executive for good reason (as defined in the respective agreements), we are obligated to pay the executive's salary and accrued vacation through the date of termination, annual bonus earned through the date of termination, an amount equal to the product of two times the executive's base salary at the time of termination or of notice of a change in control, whichever is greater, and continuation of health, dental and life insurance benefits for a period of two years following the date of termination. These payments are in lieu of any other severance to which the executive may be entitled under other severance arrangements of the Company, and are in addition to any stock

Table of Contents

options of the executive. These stock options shall vest immediately upon the occurrence of a change in control, and certain of these options may have extended exercise periods. These agreements were amended in September 2004, as discussed below.

The Governance, Nominating & Compensation Committee approved additional retention and severance incentives to key members of its management team to provide them the security to focus on their contributions as the Company moves forward, which became effective in September 2004. These incentives amended the President's employment agreement and the change in control agreements of other members of senior management to provide special severance benefits in the event of termination prior to December 31, 2005. In addition, in exchange for his working with the Company for nine additional months if not named Chief Executive Officer, the President will be entitled to a one-time election to terminate his employment within 10 days of such 9-month anniversary, and receive severance benefits equal to two times his base salary, his pro rata bonus for the year through the date of termination, continuation of health care coverage for a period of 18 months following termination, immediate vesting of all options on the termination date and lapse of all restrictions on any restricted stock on such date. The Governance, Nominating & Compensation Committee also recommended that the Company's subsidiaries consider adopting an enhanced version of such subsidiary's standard severance policies to provide up to 9 months severance under certain conditions for exempt employees and up to 12 months severance for duly elected officers, not otherwise covered by contract or agreement. The Company's US subsidiaries adopted these enhanced severance policies in October 2004.

The Board of Directors awards options and restricted stock to key employees, including the named executive officers, from time to time as part of their overall compensation. The various agreements with respect to these grants generally provide that, to the extent the options subject to these grants have not vested prior to a change in control, and to the extent restrictions on restricted stock subject to these grants have not lapse prior to a change in control, all such options shall vest, and all restrictions on the restricted stock shall lapse upon such change in control.

General. For purposes of the above-referenced employment and change in control agreements, to the extent that any benefit, payment or distribution by the Company under the agreement would be subject to the excise tax imposed by Section 4999 of the U.S. Internal Revenue Code, then such amount will be reduced to the extent necessary to avoid the imposition of the excise tax.

Compensation policies in the event of a change in control are reviewed regularly to ensure that the policies reflect terms and conditions consistent with those adopted by comparable companies and that are in our best interests. The Board of Directors or the Governance, Nominating & Compensation Committee may change such policies as the facts and circumstances dictate.
