OUTSTANDING STOCK; VOTING RIGHTS;

VOTE REQUIRED FOR APPROVAL

The stock transfer books of the Company will not be closed, but only stockholders of record at the close of business on March 31, 2006, will be entitled to notice of, and to vote at, the meeting. At that date, there were 75,304,162 shares of Class A Common Stock outstanding and 4,010,929 shares of Class B Common Stock outstanding. The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock issued and outstanding as of the record date is required to establish a quorum at the annual meeting.

Each holder of Class A Common Stock and each holder of Class B Common Stock shall be entitled to one vote on the matters presented at the meeting for each share standing in his name except that the holders of Class A Common Stock are empowered as a class to elect one-third of the Directors and the holders of Class B Common Stock are empowered as a class to elect two-thirds of the Directors. Stockholders will not be allowed to vote for a greater number of nominees than those named in this proxy statement. Nominees for director of each class, to be elected, must receive the affirmative vote of a majority of the shares of that respective class outstanding and eligible to vote in the election. Cumulative voting for Directors is not permitted.

If a quorum is present, the vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and having voting power is required for ratification of the appointment of Deloitte & Touche LLP as Dillard s independent auditors.

Under Delaware General Corporate Law, if shares are held by a broker that has indicated that it does not have discretionary authority to vote on a particular matter without instructions from you under the New York Stock Exchange listing standards (broker non-votes), those shares will not be considered as present and entitled to vote with respect to that matter, but such shares will be counted with respect to determining whether a quorum is present. Abstentions will not be counted as votes cast for election of directors and with respect to the ratification of the appointment of the independent public accountants. Abstentions will have the effect of a vote against such proposals.

The last date for the acceptance of Proxies by management is the close of business on May 19, 2006 and no Proxy received after that date will be voted by management at the meeting.

Each nominee for Director was elected to the Board of Directors at the annual meeting of stockholders held May 21, 2005.

Dillard's, Inc. qualifies as a controlled company under the corporate governance rules of the New York Stock Exchange due to the ownership by W.D. Company of shares of Class B Common Stock allowing it to cast more than 50% of votes eligible to be cast for the election of the two-thirds of the Directors of the Company that are elected by Class B Stockholders. In accordance with a provision in NYSE rules for controlled companies, the Company has elected not to comply with NYSE corporate governance rules that provide for (i) a majority of independent directors or (ii) a nominating/corporate governance committee comprised solely of independent directors. However, the Stock Option and Executive Compensation Committee has adopted a written charter and otherwise complies with the requirements of NYSE Rule 303A.05, Corporate Governance Standards for Compensation Committees.

Based on the foregoing exemption for controlled companies, the Company is not required to and does not have a nominating/corporate governance committee. The Board of Directors of the Company formally nominated all of the nominees for Director.

All of the nominees for director attended at least 75% of the aggregate of (1) the total number of meetings of the Board of Directors and (2) the total number of meetings held by all committees of the board on which they served, except for Warren A. Stephens and J.C. Watts, Jr. who were each in attendance at 71% of such meetings. Dillard's, Inc. has a policy, which encourages each board member to attend the annual stockholders meeting. Each member of the board of directors was in attendance at the annual meeting of stockholders on May 21, 2005, except for Robert C. Connor who was absent due to illness.

The Board has determined that each of the Class A Directors, as well as J.C. Watts, Jr. and Warren Stephens who serve as Class B Directors, qualify as independent directors in accordance with the NYSE corporate governance rules. In making its independence determinations, the Board considered the following relationship with the Company and determined such relationship was not material and would not affect the director's independence: Payments made by the Company for advertising to newspapers owned by Stephens Media Group. These payments were less than 2% of Stephens Media Group's annual revenue.

The Board has designated Will D. Davis to act as the presiding director of executive sessions to be held on a regular basis by non-management members of the Board. You may contact any Board member, or the entire Board, at any time. Your communication should be sent to the Presiding Member of Non Management Members of the Board of Directors or Non Management Members of the Board of Directors at 1600 Cantrell Road, Little Rock, AR 72201.

The Board has adopted Corporate Governance Guidelines, and each of the Audit Committee and Compensation Committee has adopted a written charter. The Board has also adopted a Code of Conduct that applies to all Company employees including the Company's Directors, CEO and senior financial officers. The current version of these corporate governance documents is available free of charge on the Company's Web site at www.dillards.com and are available in print to any shareholder who requests copies by contacting Julie J. Bull, Director of Investor Relations, at 1600 Cantrell Road, Little Rock, AR 72201.

Report of the Stock Option and Executive Compensation Committee

The following report addressing the Company's compensation policies for executive officers for fiscal 2005 is submitted by the Stock Option and Executive Compensation Committee (the Compensation Committee) of the Board of Directors.

General

The Compensation Committee, which is composed of directors who are independent as defined under the listing standards of the New York Stock Exchange, establishes policies relating to the compensation of certain employees and oversees the administration of the Company's employee benefit plans. The compensation program of the Company has been designed (1) to provide compensation opportunities that are equivalent to those offered by comparable companies, thereby allowing the Company to compete for and retain talented executives who are critical to the Company's long-term success, (2) to motivate key senior officers by rewarding them for attainment of profitability of the Company, and (3) to align the interests of executives with the long-term interests of stockholders by awarding stock options to executives as part of the compensation provided to them.

In order to develop a competitive compensation package for the executive officers of the Company, the Compensation Committee compares the Company's compensation package with those of a comparison group. The comparison group is composed of department stores, specialty stores and other public companies that were family-founded and continue to be family-managed. Not all of the companies in the comparison group are included in the Standard & Poor's Supercomposite Department Stores Index. The Compensation Committee believes that the companies in the comparison group are comparable to the Company in management style and management culture. Although the Compensation Committee has made these comparisons, it also has taken into account that as the Company has grown in size, the number of senior executives has not grown proportionately, so that the number of senior executives retained by the Company is lower than the number of senior executives at other companies of similar size.

The Company's compensation program for fiscal 2005 consisted primarily of salary, annual cash performance bonus based on the profitability of the Company, and long-term incentive opportunities in the form of stock options. The compensation program is focused both on short-term and long-term performance of the Company, rewarding executives for both achievement of profitability and growth in stockholder value. The Company's executive officers are also eligible to participate in (1) the Company's Retirement Plan, a defined contribution plan whereby they can make a five percent contribution to the plan which will be 100% matched by the Company, with the contributions being used to purchase Company stock, (2) the Company's Stock Purchase Plan to which participants may make contributions only to the extent that they were prevented from contributing to the Retirement Plan because of the nondiscrimination rules and dollar limitations of the Internal Revenue Code, with the contributions being used to purchase Company stock and (3) the Company's Stock Bonus Plan which provides a stock award equal to 6% of the participant's total compensation (salary and bonus) in excess of \$15,000 (less applicable withholding) divided by the current fair market value per share on the date that the stock bonus is granted.

Salary Each year the Compensation Committee establishes the salary for all executive officers. Such salaries are set at the discretion of the Compensation Committee and are not specifically related to any company

performance criteria, as are both the cash performance bonus and stock option portions of the compensation program, which are discussed below. The Compensation Committee considers the aggregate compensation and benefits of the executive officers and does, however, base any increase in salary on targets based on a regression analysis of salaries paid versus total revenues for the comparison group. For fiscal 2005, the salaries set by the Compensation Committee were below the target salaries produced by this analysis.

Cash Performance Bonus Cash performance bonuses may be paid annually to senior management. For bonuses to be paid, however, the Company must have income before federal and state income taxes (pre-tax income) for the fiscal year. The Compensation Committee, within ninety (90) days after the start of a fiscal year, designates those individuals in senior management eligible to receive a cash performance bonus. Bonuses are paid at the conclusion of a fiscal year from a bonus pool, which is equal to one and one-half percent (1-1/2%) of the Company s pre-tax income plus three and one-half (3-1/2%) of the increase in pre-tax income over the prior fiscal year. When the Compensation Committee designates the individuals eligible to participate in the cash performance bonus program, it also designates the percent of the bonus pool each individual will be entitled to receive. The Compensation Committee retains at all times the authority to adjust downward the amount of bonus any individual may receive pursuant to the above-described formula. For fiscal 2005, the Company experienced a pre-tax income of \$135,785,000 and no increase in pre-tax income.

Stock Options Stock option grants under the Company s 2000 Incentive and Non-Qualified Stock Option Plan are utilized by the Company for long-term incentive compensation for executive officers. These stock option grants relate their compensation directly to the performance of the Company s stock. The exercise price for the options granted is one hundred percent (100%) of the fair market value of the shares underlying such options on the date of grant and have value to the executive officers only if the Company s stock price increases. The options are exercisable on or after January 24, 2006. When making the option grants, the Compensation Committee considered that no options had been granted since 2002, but did not take into consideration the number of options already held by an executive officer.

As discussed in previous Compensation Committee Reports, the Omnibus Budget Reconciliation Act of 1993 prevents public corporations from deducting as a business expense that portion of compensation exceeding \$1 million paid to a named executive officer in the Summary Compensation Table. This deduction limit does not apply to performance-based compensation. The Compensation Committee believes that the necessary steps have been taken to qualify as performance-based compensation the compensation paid under the cash performance bonus and stock option portions of the Company s compensation program.

Chief Executive Officer

In setting the Chief Executive Officer s compensation, the Compensation Committee makes the same determination with regard to salary, cash performance bonus and stock options as discussed above for the other named executive officers. For fiscal 2005, the Compensation Committee slightly increased the Chief Executive Officer s salary over the prior fiscal year. This resulted in a salary lower than the target salary produced by the regression analysis discussed above.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors. Each of the members of the Audit Committee qualifies as an independent director under the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange listing standards relating to audit committees. The Board of Directors has determined that Peter R. Johnson is an audit committee financial expert and is independent of management as defined by rules of the Securities and Exchange Commission. The designation as an audit committee financial expert does not impose any duties, obligations or liabilities that are greater than the duties, obligations and liabilities imposed by being a member of the audit committee or board of directors. The Audit Committee held ten meetings during the year.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended January 28, 2006 with management and the independent auditors, Deloitte & Touche LLP. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The discussions with Deloitte & Touche LLP included the matters required by Statement on Auditing Standards No. 61 (Communications with Audit Committees) and Deloitte & Touche LLP's independence. Deloitte & Touche LLP provided to the Audit Committee the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee also considered whether the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining the auditor's independence.

Based upon the reviews and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission for the year ended January 28, 2006 and that Deloitte & Touche LLP be appointed independent auditors for the Company for 2006.
