**ITEM 7.01. Regulation FD Disclosure**

On May 2, 2006, FTI Consulting, Inc. ( FTI ) held a conference call relating to our financial results for the first quarter ended March 31, 2006, our revised outlook for the remainder of 2006, operating results by business segment and other information. The full text of the Transcript of the conference call is set forth in Exhibit 99.1 hereto.

The Transcript contains some discussion regarding FTI's earnings before interest, taxes, depreciation and amortization ( EBITDA ) and EBITDA by business segment. Although EBITDA is not a measure of financial condition or performance determined in accordance with generally accepted accounting principles, FTI believes that it is a useful operating performance measure for evaluating our results of operations from period to period and as compared to our competitors. EBITDA is a common alternative measure of operating performance used by investors, financial analysts and rating agencies to value and compare the financial performance of companies in our industry. FTI uses EBITDA to evaluate and compare the operating performances of its segments and it is one of the primary measures used to determine employee bonuses. FTI also uses EBITDA to value businesses it considers acquiring. EBITDA is not defined in the same manner by all companies and may not be comparable to other similarly titled measures of other companies unless the definition is the same. We believe that EBITDA as a supplemental financial measure is also indicative of FTI's capacity to incur and service debt and thereby provides additional useful information to investors regarding FTI's financial condition and results of operations. EBITDA for purposes of the covenants set forth in our senior secured credit facility are not calculated in the same manner as calculated for other purposes.

The information included herein, including Exhibit 99.1 furnished herewith, shall not be deemed to be filed for purposes of Section 18 of the Securities Act of 1934, as amended (the Exchange Act ), or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into any filing pursuant to the Securities Act of 1933, as amended, or the Exchange Act, regardless of any incorporation by reference language in any such filing, except as expressly set forth by specific reference in such filing.
