Item 8.01 Other Events

Repurchase of Common Stock

On September 14, 2006, the Board of Directors (the Board) of El Paso Electric Company (the Company) authorized a common stock buyback program for the repurchase of up to an additional 2.3 million shares of the Company's common stock (the 2006 Plan). The shares authorized under the 2006 Plan are in addition to the shares which remain available under a buyback program previously approved by the Board in February 2004 (the 2004 Plan). The 2006 Plan will commence upon the completion of the repurchase of shares approved in the 2004 Plan.

During the period from August 8, 2006 to September 15, 2006, the Company repurchased approximately 1.6 million shares of its common stock at an aggregate cost of approximately \$37.0 million, including commissions, pursuant to the 2004 Plan. Approximately 0.1 million shares remain authorized to be repurchased under the 2004 Plan.

The Company may in the future make purchases of its common stock pursuant to these buyback programs in open market transactions at prevailing prices and may engage in private transactions, where appropriate. As with the Company's previous stock repurchase programs, any repurchased shares will be available for issuance under employee benefit and stock option plans, or may be retired. The Company does not undertake to update its disclosure regarding the number of shares purchased pursuant to its buyback plans except as part of its quarterly and annual filings with the Securities and Exchange Commission and the FERC or as otherwise required by law.

A copy of a press release discussing this matter and containing a safe harbor statement is included as Exhibit 99.01 to this Current Report and is incorporated herein by reference into future filings under the Securities Exchange Act of 1934.
