SUMMARY

This summary highlights information contained elsewhere or incorporated by reference in this prospectus and does not contain all the information you should consider before tendering old notes in the exchange offer. You should carefully read the entire prospectus, including the documents incorporated in it by reference. This prospectus and the letter of transmittal that accompanies it collectively constitute the exchange offer.

Our Company

Windstream Corporation was formed on July 17, 2006 as a result of the spin-off by Alltel Corporation (Alltel) of Alltel Holding Corp. (Spinco), a subsidiary of Alltel into which Alltel contributed its wireline telecommunications business, and the subsequent merger of Spinco with and into Valor Communications Group, Inc. (Valor). Valor survived the merger as a stand-alone company holding and conducting the combined business operations of Valor and Spinco. In the merger, Valor issued approximately 403 million shares of its common stock to Alltel stockholders, which resulted in Alltel s stockholders owning approximately 85% of the outstanding equity interests of the surviving corporation and the stockholders of Valor owning the remaining 15% of such equity interests. Valor changed its name to Windstream Corporation (Windstream) immediately following completion of the merger. As a result of the transactions consummated in connection with the spin-off and merger, Windstream incurred approximately \$5.5 billion in consolidated debt. The spin-off and merger are collectively referred to as the Transactions throughout this prospectus. Unless otherwise specified, references in this prospectus to Windstream, we, us or our refer to Windstream Corporation and its subsidiaries after the date of the merger and to Valor and Spinco prior to the date of the merger. The information in this prospectus relating to Spinco is presented as if Spinco held Alltel s wireline telecommunications business prior to closing of the spin-off and the merger for all periods and dates presented.

Windstream and its subsidiaries provide local telephone, long-distance, Internet and high-speed data services. As of December 31, 2006, we had approximately 3.2 million access lines and over 656,000 broadband customers in 16 states. Like many Rural Local Exchange Carriers (RLECs) our business has been characterized by stable operating results, revenue and cash flow and a favorable regulatory environment. Because our customer base is located in areas that are generally less densely populated than areas served by other non-rural telephone companies, we believe that we are more insulated from competitive pressures.

Our business consists of three principal segments: our Wireline operations, our Product Distribution operations and our Other Operations. We generate the majority of our revenues and sales from our Wireline operations, which primarily include our Incumbent Local Exchange Carrier (ILEC) business, our Competitive Local Exchange Carrier (CLEC) business, our Internet services business, and our long-distance business, which, as of December 31, 2006, offers both residential and business long-distance services to approximately 2.0 million customers, including toll-free, calling card services, dedicated access, conference calling and bill management. Our Product Distribution operations supply equipment to affiliated and non-affiliated communications companies, business systems suppliers, governments and retail and industrial companies. Our Other Operations include our directories publishing business, which coordinates advertising, sales, printing and distribution for 378 telephone directory contracts in 35 states. During the fourth quarter of 2006, we announced an agreement to split-off our directory publishing business in a tax-free transaction to affiliates of Welsh, Carson, Anderson & Stowe, a private equity investment firm that currently holds approximately 4.1% of our common stock (for a more complete description of this transaction see, Pending Transaction).

Our common stock is listed on the New York Stock Exchange under the symbol WIN. Our principal executive offices are located at 4001 Rodney Parham Road, Little Rock, Arkansas 72212-2442, and our telephone number is (501) 748-7000.

Table of Contents

Our Competitive Strengths

Leading Rural Telecommunications Carrier. Windstream is a large provider of telecommunications services in rural communities in the United States, and based on the number of telephone lines we have in service, we are the fifth largest local telephone company in the country. As of December 31, 2006, we had approximately 3.2 million access lines in 16 states. We have a strong position in the markets we serve as we believe that rural markets are generally less competitive than urban markets, particularly as it relates to fixed-line voice competition. This lower level of competition is due in part to the low customer density of rural markets. We believe that our strong local presence in the markets we serve also helps solidify our position.

Upgraded Network Infrastructure with Broad Geographic Footprint. We have improved and expanded our network infrastructure, which has allowed us to provide additional services to our customers, improve the overall network quality and enhance our broadband services. We believe that the significant scale and broad geographic footprint of our network provides us with advantages over smaller rural wireline operators that are not as well capitalized and, therefore, may find it more difficult to compete in their markets.

Broad Integrated Product and Service Offerings. We believe that we are the only telecommunications service provider in many of the markets we serve that has the ability to provide an integrated package of voice, data and video services and products. For residential customers, we offer local voice service, long distance, enhanced calling features and broadband, with download speeds of up to 6Mbps. For our business customers, we offer a variety of business voice and data services that include special circuits, customer premise equipment, virtual private networks, web hosting and development, dedicated Internet, and frame relay services. We believe that offering these integrated packages allows us to increase revenue per access line and improve customer retention.

Ability to Generate Strong Cash Flow. We have generated consistently strong cash flows due to relatively stable demand for our services, a supportive regulatory environment and limited competition for telecommunications services in the rural parts of the United States. We continue to focus on reducing expenses and we expect our cash flows to continue to benefit from our cost reduction efforts.

Experienced and Proven Management Team. On average, our senior management team has over 15 years of experience in the telecommunications industry. Many members of our management team also most recently served in senior management roles at Alltel and Valor. Jeffery R. Gardner, our chief executive officer, most recently served as chief financial officer for Alltel and has over twenty years of experience in the telecommunications industry.

Experience in Successfully Completing and Integrating Acquisitions. Since 1999, Alltel's wireline business has acquired approximately 950,000 access lines through three acquisitions. In each instance, Alltel was able to make operational improvements to lower costs and increase margins. In addition, our management team has successfully completed the integration of the Valor operations and we believe that we are well positioned to recognize the targeted synergies in 2007.

Our Strategy

Maintain Focus on Generating Strong Cash Flow. Our wireline business has consistently generated strong cash flows and maintained industry leading margins. We plan to continue to aggressively manage expenses and employ a disciplined approach to capital expenditures as well as focus on ways to improve our operating efficiency.

Expand Broadband Footprint and Service Offerings. We intend to concentrate on broadband as a core component around which other products and services can evolve. We will continue to focus on increasing the

Table of Contents

number of broadband-capable access lines. We also plan to expand and improve our broadband services by offering higher speed connections. In addition, we will monitor industry developments in video broadband services to potentially incorporate these developments into our product offerings. We believe that maintaining our focus on broadband will help us retain our customer base, grow average revenue per access line and allow us to remain a leader in the markets in which we operate.

Increase Penetration of Higher Margin Bundled Services. We believe that our ability to offer a wide array of integrated products and services will enable us to maximize revenue and margins. We intend to capitalize on our ability to cross-sell additional features per line and higher margin enhanced voice and data services as bundled packages, which we believe represents a significant opportunity for us to continue our trend of increasing revenue per access line as well as strengthen customer relationships and improve customer retention.

Implement a Dedicated Wireline Sales and Marketing Strategy. As a stand-alone wireline company, Windstream is able to devote more resources than Alltel could to wireline-specific marketing. We believe Windstream will be able to leverage the successful sales and marketing practices that Valor previously employed. We believe that developing a marketing and sales strategy focused on wireline services will reinforce our position as a leader in our markets.

Consider Select Partnerships for Strategic Product Offerings. We have expanded our DISH Network satellite television services to all of our markets. As we strive to provide our customers with a diverse range of telecommunications products and services, we will consider entering into similar select partnerships for other services which we do not directly provide through our own network.

Pursue Select Strategic Acquisitions. In addition to expanding our product offerings, we may grow our business through select strategic acquisitions of other RLECs where our scale, management expertise and financial strength can deliver incremental returns such as that experienced during Alltel's earlier acquisitions of Verizon's Kentucky access lines, Aliant Communications and Standard Telephone Company. We adhere to selective criteria in our acquisition analysis, but we believe that there will continue to be opportunities to acquire telecommunications assets at attractive valuations that will meet or exceed our investment criteria. In addition to acquisitions, we will also consider dispositions of non-core assets.

Pending Transaction

On December 12, 2006, Windstream announced that it would split off its directory publishing business (the Publishing Business) in what Windstream expects to be a tax-free transaction with entities affiliated with Welsh, Carson, Anderson & Stowe (WCAS), a private equity investment firm and a Windstream shareholder. The transaction will be effected pursuant to the terms of a Share Exchange Agreement (the Share Exchange Agreement) entered into among Windstream and Welsh, Carson, Anderson & Stowe VIII, L.P., a Delaware limited partnership, Welsh, Carson, Anderson & Stowe IX, L.P., a Delaware limited partnership, WCAS Capital Partners III, L.P., a Delaware limited partnership, Regatta Holding I, L.P., a Delaware limited partnership, Regatta Holding II, L.P., a Delaware limited partnership, and Regatta Holding III, L.P., a Delaware limited partnership (each a WCAS Sub and together the WCAS Subs). Anthony J. de Nicola, a WCAS partner, was a member of both the Valor and Windstream Board of Directors through the announcement of this transaction, at which time he resigned.

Prior to completing the transaction, Windstream will contribute the Publishing Business to a newly formed subsidiary (Holdings). Holdings will then pay a special dividend to Windstream in an amount equal to Windstream's tax basis in the Publishing Business (currently estimated to be approximately \$30.0 million), issue additional shares of Holdings common stock to Windstream, and distribute to Windstream certain debt securities of Holdings having an aggregate principal amount of approximately \$250.0 million less the amount of the special

Table of Contents

dividend. Windstream expects to exchange the Holdings debt securities for outstanding Windstream debt with an equivalent fair market value and then retire that Windstream debt. Windstream also intends to use the proceeds of the special dividend to retire Windstream debt or repurchase Windstream equity. Following the completion of these transactions, Windstream will exchange all of the outstanding equity of Holdings (the Holdings Shares) for an aggregate of 19,574,422 shares of Windstream common stock (the Exchanged WIN Shares), which will then be retired. At the time of signing, the WCAS shares were valued at approximately \$275.0 million based on a trailing average of Windstream's stock price of \$14.02 at that time. Given the value of the stock at the time of signing, the total value of the transaction was approximately \$525.0 million. Based on the trailing average of Windstream common stock at February 23, 2007 of \$15.05, the Exchanged WIN shares have a value of approximately \$295.0 million, increasing the expected total value of the transaction to approximately \$545.0 million.

In order to comply with the covenants in Windstream's debt instruments, subject to the terms and conditions of the Share Exchange Agreement, Windstream will exchange 80% of the Holdings Shares for 80% of the Exchanged WIN Shares in a first-step closing that is expected to occur during the second quarter of 2007. The remaining Holdings Shares held by Windstream will be exchanged for the remaining Exchanged WIN Shares in a second-step closing that is expected to occur during the fourth quarter of 2007. The first-step closing is subject to customary conditions, including (i) expiration of the required waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, (ii) the parties having received certain private letter rulings from the IRS with respect to the tax treatment of the transactions, (iii) the receipt of customary solvency and surplus opinions by the Boards of Directors of Windstream and Holdings, and (iv) the contribution of the Publishing Business to Holdings and the exchange of Holdings debt for outstanding Windstream debt.

The Company has since satisfied the requirements of the Hart-Scott-Rodino Act. The second-step closing is conditioned only on the absence of any injunction, but will not occur until Windstream is able to exchange the remaining shares in compliance with the terms of its debt instruments. The terms of the Share Exchange Agreement require the transaction to be completed by December 31, 2008.

The Share Exchange Agreement provides for a customary working capital adjustment pursuant to which the parties will make cash payments to each other to the extent that the working capital of the Publishing Business is less than or greater than a specified target working capital amount at the time of the first-step closing. The Share Exchange Agreement contains customary representations, warranties and covenants and may be terminated if, among other things, the first-step closing of the transaction has not been completed within twelve months after signing or the IRS private letter rulings are not received. The parties have also agreed to customary indemnification for breaches of representations, warranties, covenants and other matters.

In connection with the consummation of the transactions contemplated by the Share Exchange Agreement, the parties and their affiliates will enter into certain related ancillary agreements, including a Publishing Agreement, a Billing and Collection Agreement and a Tax Sharing Agreement. Pursuant to the Publishing Agreement, Windstream will grant Windstream Yellow Pages, Inc. (Windstream Yellow Pages), the Windstream subsidiary that currently operates the Publishing Business, an exclusive license to publish Windstream directories. Windstream Yellow Pages will, at no charge to Windstream or its affiliates or subscribers, publish directories with respect to each Windstream service area in which Windstream or its affiliates are required to publish such directories by applicable law, tariff or contract. Subject to the termination provisions in the agreement, the Publishing Agreement will remain in effect for a term of fifty years. As part of this agreement, Windstream agreed to forego future royalty payments from Windstream Yellow Pages on advertising revenues generated from its directories for the duration of the Publishing Agreement. In conjunction with the Publishing Agreement, the Company has entered into an at-market executory contract to purchase minimum advertising in its directories for a period of three years, with a renewal option for two additional years available to WCAS.

The Exchange Offer

On February 27, 2007, we privately placed \$500,000,000 aggregate principal amount of the old notes in a transaction exempt from registration under the Securities Act. In connection with the private placement, we entered into a registration rights agreement, dated as of February 27, 2007, with the initial purchaser of the old notes. In the registration rights agreement, we agreed to offer to exchange old notes for new notes registered under the Securities Act. We also agreed to deliver this prospectus to the holders of the old notes. In this prospectus the old notes and the new notes are referred to together as the notes. You should read the discussion under the heading Description of Notes for information regarding the notes.

The Exchange Offer

This is an offer to exchange \$1,000 in principal amount of the new notes for each \$1,000 in principal amount of outstanding old notes. The new notes are substantially identical to the old notes, except that:

the new notes will be freely transferable, other than as described in this prospectus;

holders of the new notes will not be entitled to the rights of the holders of the old notes under the registration rights agreement; and

the new notes will not contain any provisions regarding the payment of additional interest for failure to satisfy obligations under the registration rights agreement.

We believe that you can transfer the new notes without complying with the registration and prospectus delivery provisions of the Securities Act if you:

are not an affiliate of the Company within the meaning of Rule 405 under the Securities Act;

are not a broker-dealer tendering old notes acquired directly from Windstream for your own account;

acquired the old notes in the ordinary course of your business; and

have no arrangements or understandings with any person to participate in this exchange offer for the purpose of distributing the old notes and have made representations to Windstream to that effect.

If any of these conditions are not satisfied and you transfer any new notes without delivering a proper prospectus or without qualifying for a registration exemption, you may incur liability under the Securities Act.

Registration Rights

We have agreed to use our commercially reasonable efforts to consummate the exchange offer or cause the old notes to be registered under the Securities Act to permit resales. If we are not in compliance with our obligations under the registration rights agreement, then additional interest (in addition to the interest otherwise due on the notes that are the subject of that registration agreement or the new

notes) will accrue on such notes or new notes upon such occurrence. If the exchange offer is completed on the terms and within the time period contemplated by this prospectus, no additional interest will be payable on the notes.

No Minimum Condition

Effect on Holders of Old notes

If the exchange offer is completed on the terms and within the period contemplated by this prospectus, holders of old notes will have no further registration or other rights under the registration rights agreement, subject only to limited exceptions applicable to persons to whom the exchange offer is not available. **Holders of old notes who do not tender their old notes will continue to hold those old notes which will remain outstanding and continue to accrue interest, but such holders will not have any further rights under the registration rights agreement. SELECTED HISTORICAL FINANCIAL DATA OF WINDSTREAM

Windstream was formed on July 17, 2006 as a result of the spin-off by Alltel of its wholly-owned subsidiary, Spinco, and the subsequent merger of Spinco with and into Valor. Spinco was formed on November 2, 2005 to receive Alltel's wireline telecommunications business (the Wireline Division) in contemplation of the spin-off and merger. At such time, the Wireline Division was not a separate stand-alone legal entity and was comprised of certain wholly-owned subsidiaries and other component operations of Alltel. On July 17, 2006, Alltel completed the contribution of the Wireline Division to Spinco in exchange for all of the common stock of Spinco, and then merged Spinco with and into Valor, with Valor as the surviving corporation and changing its name to Windstream Corporation. The accounting substance of the merger was such that Spinco was determined to be the accounting acquirer. Accordingly, the historical financial statements of Windstream for the periods prior to the completion of the merger have become those of Spinco and have replaced those of Valor. The historical financial information in this prospectus is presented as if Windstream held the Wireline Division prior to closing of the spin-off and the merger for all periods and dates presented. Valor's businesses are included in Windstream's financial statements only for periods subsequent to the completion of the merger.

The following selected historical financial information of Windstream for each of the fiscal years ended December 31, 2006, 2005, 2004, 2003 and 2002 has been derived from the financial statements of Windstream, principally representing Alltel's historical wireline and communications support segments which were audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm. This information is only a summary and should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations of Windstream and the financial statements and notes thereto incorporated by reference herein.

Table of Contents*Notes to Selected Financial Information:*

A. During 2006, Windstream incurred \$27.6 million of incremental costs, principally consisting of rebranding costs, audit and legal fees, system conversion costs and employee related costs, related to the spin-off from Alltel and merger with Valor. Windstream also incurred \$10.6 million in restructuring charges, which consisted of severance and employee benefit costs related to a planned workforce reduction. In addition, the Company incurred \$11.2 million in investment banker, audit and legal fees associated with the announced split-off of its directory publishing business. These restructuring charges decreased net income by \$36.0 million, giving effect to items not deductible for tax purposes. Effective January 1, 2006, Windstream prospectively reduced depreciation rates for its operations in Pennsylvania. In the second quarter of 2006 the Company prospectively reduced depreciation rates for its operations in Alabama and North Carolina, and in the fourth quarter 2006 it prospectively reduced depreciation rates for its operations in Arkansas and in one of its operating subsidiaries in Texas. The depreciable lives were lengthened to reflect the estimated remaining useful lives of the wireline plant based on Windstream's expected future network utilization and capital expenditure levels required to provide service to its customers. The effects of this change during the year ended December 31, 2006 resulted in a decrease in depreciation expense of \$30.1 million and an increase in net income of \$18.6 million.

B. During 2005, Windstream incurred \$4.5 million of severance and employee benefit costs related to a workforce reduction in its wireline operations. Windstream also incurred \$31.2 million of incremental costs, principally consisting of investment banker, audit and legal fees, related to the then pending spin-off from Alltel. These transactions decreased net income \$34.1 million. Effective July 1, 2005, Windstream prospectively reduced depreciation rates for its regulated operations in Florida, Georgia, North Carolina and South Carolina to reflect the results of studies of depreciable lives completed by the Company in the second quarter of 2005. The depreciable lives were lengthened to reflect the estimated remaining useful lives of wireline plant based on expected future network utilization and capital expenditure levels required to provide service to its customers. The effects of this change during the year ended December 31, 2005 resulted in a decrease in depreciation expense of \$21.8 million and increase in net income of \$12.8 million. Effective December 31, 2005, Windstream adopted Financial Accounting Standards Board Interpretation No. 47, Accounting for Conditional Asset Retirement Obligations. The cumulative effect of this accounting change resulted in a one-time non-cash charge of \$7.4 million, net of income tax benefit of \$4.6 million.

C. During 2004, Windstream reorganized its operations and support teams and also announced its plans to exit its competitive service operations in the Jacksonville, Florida market due to the continued unprofitability of these operations. In connection with these activities, Windstream recorded a restructuring charge of \$13.6 million consisting of \$11.6 million in severance and employee benefit costs related to a workforce reduction, \$1.3 million of employee relocation expenses and \$0.7 million of other exit costs. During 2004, the Company also recorded a \$1.8 million reduction in the liabilities associated with various restructuring activities initiated prior to 2003, consisting of lease and contract termination costs. The reduction primarily reflected differences between estimated and actual costs paid in completing the previous planned lease and contract terminations. These transactions decreased net income by \$7.3 million. Effective April 1, 2004, Windstream prospectively reduced depreciation rates for its regulated operations in Nebraska, reflecting the results of a triennial study of depreciable lives completed by Windstream in the second quarter of 2004, as required by the Nebraska Public Service Commission. The effects of this change during the year ended December 31, 2004 resulted in a decrease in depreciation expense of \$19.1 million and increase in net income of \$11.4 million.

D. During 2003, Windstream recorded a restructuring charge of \$7.0 million consisting of severance and employee benefit costs related to a workforce reduction, primarily resulting from the closing of certain call center locations. Windstream also recorded a \$0.4 million reduction in the liabilities associated with various restructuring activities initiated prior to 2003, consisting of lease termination costs. The reduction primarily reflected differences between estimated and actual costs paid in completing previously planned lease terminations. During 2003, Windstream also wrote off certain capitalized software development costs that had no

alternative future use or functionality. These transactions decreased net income \$7.4 million. In 2003, Windstream sold to Convergys Information Management Group, Inc. certain assets and related liabilities, including selected customer contracts and capitalized software development costs, associated with Windstream's telecommunications information services operations. In connection with this sale, Windstream recorded a pretax gain of \$31.0 million. In addition, during 2003, Windstream retired, prior to stated maturity dates, \$249.1 million of long-term debt, representing all of the long-term debt outstanding under the Rural Utilities Services, Rural Telephone Bank and Federal Financing Bank programs. In connection with the early retirement of the debt, Windstream incurred pretax termination fees of \$7.1 million. These transactions increased net income \$10.7 million. Effective January 1, 2003, Windstream adopted Statement of Financial Accounting Standards No. 143,

Accounting for Asset Retirement Obligations. The cumulative effect of this accounting change resulted in a one-time non-cash credit of \$15.6 million, net of income tax expense of \$10.3 million.

E. In 2002, Windstream announced its plans to exit its competitive service operations in seven states representing less than 20 percent of its competitive access lines. During 2002, Windstream also consolidated its call center and product distribution operations. In connection with these activities, Windstream recorded restructuring charges totaling \$10.9 million consisting of \$8.2 million in severance and employee benefit costs related to workforce reductions and \$2.7 million of costs associated with terminating certain competitive service transport agreements and lease termination fees incurred with the closing of certain call center and product distribution locations. In exiting the competitive service operations, Windstream also incurred \$2.2 million of costs to disconnect and remove switching and other transmission equipment from central office facilities and expenses to notify and migrate customers to other service providers. Windstream also wrote off certain capitalized software development costs totaling \$4.1 million that had no alternative future use or functionality. These transactions decreased net income \$23.2 million.

RISK FACTORS

Before tendering old notes, prospective participants in the exchange offer should consider carefully the following risks. These risks set forth important information that may cause our actual results in future periods to differ materially from those currently expected or discussed in forward-looking statements contained or incorporated by reference in this prospectus relating to our financial results, operations and business prospects. The new notes, like the old notes, entail the following risks:

Risks Relating to Windstream's Business

We face intense competition in our businesses from many sources that could reduce our market share or adversely affect our financial performance.

Substantial and increasing competition exists in the wireline communications industry. Our incumbent local exchange carrier (ILEC) operations have experienced, and will continue to experience, competition in their local service areas. Sources of competition to our local service business include, but are not limited to, wireless communications providers, resellers of local exchange services, interexchange carriers, satellite transmission service providers, cable television companies, competitive access service providers, including, without limitation, those utilizing Unbundled Network Elements- Platform or UNE-P, and voice-over-Internet-protocol, or VoIP, and providers using other emerging technologies.

Competition could adversely affect us in several ways, including (1) the loss of customers and market share, (2) the possibility of customers reducing their usage of our services or shifting to less profitable services, (3) our need to lower prices or increase marketing expenses to remain competitive and (4) our inability to diversify by successfully offering new products or services.

We may not be able to compete successfully with cable operators which are subject to less stringent industry regulations.

Cable television companies deploying a cable modem service represent our principal competitors for broadband Internet access. Broadband offerings by cable television companies are mostly unregulated by state public service commissions who regulate us and are not subject to tariffs, therefore providing such companies much greater pricing flexibility. As of December 31, 2006, the majority of our broadband DSL offerings were federally regulated and are required to comply with federal tariffs.

We also face competition from cable television companies providing voice service offerings. Voice offerings of cable operators are offered mainly under Competitive Local Exchange Carrier certificates obtained in states where they offer services and therefore are subject to fewer service quality or service reporting requirements. In addition, the rates or prices of the voice service offerings of cable companies are not subject to regulation. In contrast, our voice service rates or prices, in our capacity as an ILEC, are subject to regulation by various state public service commissions and, unlike cable operators, are also subject to carrier of last resort obligations which generally obligates us to provide basic voice services to any person regardless of the profitability of such customer. We may not be able to compete successfully with cable companies in either the offering of broadband or voice services.

Competition from wireless carriers is likely to continue to cause access line losses which could adversely affect our operating results and financial performance.

Competition, mainly from fixed line substitution, has caused in recent years a reduction in the number of Windstream access lines and generally has caused pricing pressure in the industry. As wireless carriers continue to expand and improve their network coverage while lowering their prices, some customers choose to stop using traditional wireline phone service and instead rely solely on wireless service. We anticipate that this trend toward

Table of Contents

solely using wireless services will continue, particularly if wireless service rates continue to decline and the quality of wireless services improves. Many wireless carriers are substantially larger than we are and will have greater financial resources and superior brand recognition than we have. In the future, it is expected that the number of access lines served by us will continue to be adversely affected by fixed line substitution and that industry-wide pricing pressure will continue. We may not be able to compete successfully with these wireless carriers.

We may not be able to compete successfully against companies offering integrated communication services.

Through mergers, joint ventures and various service expansion strategies, providers of competing communications services are increasingly able to provide integrated services in many of the markets that we serve. If we are unable to offer integrated service offerings, we may not be able to compete successfully against competitors that offer more integrated service packages. During the fourth quarter of 2005, we began offering DISH Network satellite television service to our residential customers as part of a bundled service offering. In January 2007, Windstream announced a multi-year extension to our existing agreement with EchoStar Communications Corporation to offer DISH Network satellite television service to Windstream customers throughout its 16-state territory. We expect to continue to offer additional bundled services such as DSL, long distance and second lines with our basic voice service to create more appealing product offerings at more attractive prices to our customers. However, it may be difficult for us to provide customers a single, clear invoice and integrated customer care for bundled services. We have also decided not to offer wireless services as a bundle with our services at this time.

We could be harmed by rapid changes in technology.

The communications industry is experiencing significant technological changes, particularly in the areas of VoIP, data transmission and wireless communications. Rapid technological developments in wireless, personal communications services, digital microwave, satellite, broadband radio services, local multipoint distribution services, meshed wireless fidelity, or WiFi, and other wireless technologies could result in the development of products or services that compete with or displace those offered by traditional local exchange carriers (LECs). For example, we may be unable to retain existing customers who decide to replace their wireline telephone service with wireless telephone service. In addition, the development and deployment of cable and broadband technology will result in additional local telephone line losses for us if customers choose VoIP for their local telephone service. Additional access line loss will also likely occur as customers shift from dial-up data services, which are often on a second phone line, to high-speed data services. Furthermore, the proliferation of replacement technologies impacting our wireline business could require us to make significant additional capital investment in order to compete with other service providers that may enjoy network advantages that will enable them to provide services more efficiently or at a lower cost. Alternatively, we may not be able to obtain timely access to new technology on satisfactory terms or incorporate new technology into our systems in a cost effective manner, or at all. If we cannot develop new services and products to keep pace with technological advances, or if such services and products are not widely embraced by our customers, our results of operations could be adversely impacted.

We provide services to our customers over access lines, and if we continue to lose access lines like we have historically, our revenues, earnings and cash flow from operations could be adversely affected.

Our business generates revenue by delivering voice and data services over access lines. We have experienced net access line loss over the past few years. Although our access lines increased by approximately 360,000, or 12 percent, during the year ended December 31, 2006, this increase was driven by the acquisition of Valor and its approximately 500,000 access lines. During 2006, including the acquired Valor operations on a pro forma basis, the number of access lines we served declined by approximately 4.4 percent due to a number of factors, including increased competition and wireless and broadband substitution. We expect to continue to

Table of Contents

experience net access line loss in our markets for an unforeseen period of time. Our inability to retain access lines could adversely affect our revenues, earnings and cash flow from operations.

We are subject to various forms of regulation from the Federal Communications Commission (FCC) and the regulatory commissions in the 16 states in which we operate which limits our pricing flexibility for regulated voice and broadband DSL products, subjects us to service quality, service reporting and other obligations, and exposes us to the reduction of revenue from changes to the universal service fund or the intercarrier compensation system.

As a provider of wireline communication services, we have operating authority from each of the 16 states in which we conduct local service operations, and we are subject to various forms of regulation from the regulatory commissions in each of these 16 states as well as from the FCC. State regulatory commissions have primary jurisdiction over local and intrastate services including, to some extent, the rates that we charge customers, and other telecommunications companies, and service quality standards. The FCC has primary jurisdiction over interstate services including the rates that we charge other telecommunications companies that use our network and other issues related to interstate service. These regulations restrict our ability to adjust rates to reflect market conditions and affect our ability to compete and respond to changing industry conditions.

Future revenues, costs, and capital investment in our wireline business could be adversely affected by material changes to these regulations, including, but not limited to, changes in inter-carrier compensation, state and federal Universal Service Fund (USF) support, Unbundled Network Element (UNE) and Unbundled Network Element-Platform (UNE-P) pricing and requirements, and VoIP regulation. Federal and state communications laws may be amended in the future, and other laws may affect our business. In addition, certain laws and regulations applicable to us and our competitors may be, and have been, challenged in the courts and could be changed at any time. We cannot predict future developments or changes to the regulatory environment, or the impact such developments or changes would have.

In addition, these regulations could create significant compliance costs for us. Delays in obtaining certifications and regulatory approvals could cause us to incur substantial legal and administrative expenses, and conditions imposed in connection with such approvals could adversely affect the rates that we are able to charge our customers. Our business also may be affected by legislation and regulation imposing new or greater obligations related to assisting law enforcement, bolstering homeland security, minimizing environmental impacts, or addressing other issues that impact our business. For example, existing provisions of the Communications Assistance for Law Enforcement Act require communications carriers to ensure that their equipment, facilities, and services are able to facilitate authorized electronic surveillance. Our compliance costs will increase if future legislation, regulations or orders continue to increase our obligations.

In 2006, Windstream received approximately 8% of its revenues from state and federal Universal Service Funds, and any adverse regulatory developments with respect to these funds could adversely affect our profitability.

We receive state and federal USF revenues to support the high cost of providing affordable telecommunications services in rural markets. Such support payments constituted approximately 8% of the Company revenues for the year ended December 31, 2006. A portion of such fees are based on relative cost structures, and we expect receipt of such fees to decline as we continue to reduce costs. Pending regulatory proceedings could, depending on the outcome, materially reduce our USF revenues.

We will be required to make contributions to state and federal USFs each year. Current state and federal regulations allow us to recover these contributions by including a surcharge on our customers' bills. If state and/or federal regulations change, and we become ineligible to receive support, such support is reduced, or we become unable to recover the amounts we contribute to the state and federal USFs from our customers, our earnings and cash flow from operations would be directly and adversely affected.

Table of Contents

We may be affected by significant restrictions with respect to certain actions that could jeopardize the tax-free status of our July 17, 2006 merger and spin-off.

The July 17, 2006 merger agreement restricts us from taking certain actions that could cause the spin-off to be taxable to Alltel under Section 355(e) of the Internal Revenue Code or otherwise jeopardize the tax-free status of the spin-off or the merger (which the merger agreement refers to as disqualifying actions), including:

Generally, for two years after the spin-off, taking, or permitting any of our subsidiaries to take, an action that might be a disqualifying action without receiving the prior consent of Alltel;

For two years after the spin-off, entering into any agreement, understanding or arrangement or engaging in any substantial negotiations with respect to any transaction involving the acquisition of our stock or the issuance of shares of our stock, or options to acquire or other rights in respect of such stock, in excess of a permitted basket of 71,130,989 shares (as adjusted for stock splits, stock dividends, recapitalizations, reclassifications and similar transactions), unless, generally, the shares are issued to qualifying employees or retirement plans, each in accordance with safe harbors under regulations issued by the IRS;

For two years after the spin-off, repurchasing our shares, except to the extent consistent with guidance issued by the IRS;

For two years after the spin-off, permitting certain wholly-owned subsidiaries that were wholly-owned subsidiaries of Alltel Holding Corp. at the time of the spin-off to cease the active conduct of the Windstream business to the extent so conducted by those subsidiaries immediately prior to the spin-off; and

For two years after the spin-off, voluntarily dissolving, liquidating, merging or consolidating with any other person, unless (1) we are the survivor of the merger or consolidation or (2) prior to undertaking such action, we receive the prior consent of Alltel. Nevertheless, we will be permitted to take any of the actions described above in the event that the Internal Revenue Service has granted a favorable ruling to Alltel or us as to the effect of such action on the tax-free status of the merger and spin-off transactions. To the extent that the tax-free status of the transactions is lost because of a disqualifying action taken by us or any of our subsidiaries after the distribution date (except to the extent that Alltel has delivered a previous determination to us permitting such action), we generally will be required to indemnify, defend and hold harmless Alltel and its subsidiaries (or any successor to any of them) from and against any and all resulting tax-related losses incurred by Alltel.

Because of these restrictions, we may be limited in the amount of stock that we can issue to make acquisitions in the two years subsequent to the spin-off and merger. Also, our indemnity obligation to Alltel might discourage, delay or prevent a change of control during this two-year period that our stockholders may consider favorable.

We have little operating history as an independent company and our historical and pro forma combined financial information are not necessarily representative of the results we would have achieved as an independent publicly traded company and may not be a reliable indicator of our future results.

The historical and pro forma combined financial information included in this prospectus does not necessarily reflect the financial condition, results of operations or cash flows we would have achieved as an independent publicly traded company during the periods presented or those results we will achieve in the future. This results from the fact that our historical and pro forma combined financial results reflect allocations of corporate expenses from Alltel. The actual amount of the comparable expenses we would have incurred had we operated as an independent publicly traded company may have been greater than those allocated from Alltel.

Table of Contents

Disruption in our networks and infrastructure may cause us to lose customers and incur additional expenses.

To be successful, we will need to continue to provide our customers with reliable service over our networks. Some of the risks to our networks and infrastructure include: physical damage to access lines, breaches of security, capacity limitations, power surges or outages, software defects and disruptions beyond our control, such as natural disasters and acts of terrorism.

From time to time in the ordinary course of business, we will experience short disruptions in our service due to factors such as cable damage, inclement weather and service failures of our third party service providers. We could experience more significant disruptions in the future. Disruptions may cause interruptions in service or reduced capacity for customers, either of which could cause us to lose customers and incur expenses, and thereby adversely affect our business, revenue and cash flow.

Weak economic conditions may decrease demand for our services.

We are sensitive to economic conditions and downturns in the economy. Downturns in the economies and vendor concentration in the markets we serve could cause our existing customers to reduce their purchases of our basic and enhanced services and make it difficult for us to obtain new customers.

Adverse developments in our relationship with our employees could adversely affect our business, financial condition or results of operations.

As of December 31, 2006, approximately 1,955 of our employees, or 24% of all of our employees, at various sites were covered by collective bargaining agreements. Our relationship with these unions generally has been satisfactory, but occasional work stoppages have occurred. Within the last five years, one work stoppage occurred at our facility in Lexington, Kentucky, which involved approximately 350 employees and lasted approximately 120 days. Any work stoppages in the future could have a material adverse effect on Windstream's business, financial condition or results of operations.

We are currently party to 22 collective bargaining agreements with several unions, which expire at various times. Ten of these collective bargaining agreements, covering a total of approximately 797 employees, as of December 31, 2006, are due to expire in 2007. Historically, we have succeeded in negotiating new collective bargaining agreements without work stoppages; however, no assurances can be given that we will succeed in negotiating new collective bargaining agreements to replace the expiring ones without work stoppages. Any work stoppage in the future could have a material adverse effect on our business, financial condition or results of operations.

The split-off of our directory publishing business and related transactions are subject to certain conditions to closing that could result in the transactions being delayed or not completed, which could negatively impact our future business and operations.

Failure to complete the split-off of our directory publishing business to affiliates of Welsh Carson could negatively affect our future business and operations. The transactions are subject to customary conditions to closing. If any of the conditions to the transactions are not satisfied or, if waiver is permissible, not waived, the transactions will not be completed. If the split-off and related transactions are not completed for any reason, we will not recognize the anticipated benefits of the transactions, such as the retirement of a portion of our outstanding debt under our senior secured credit facilities and the repurchase of our common stock from Welsh Carson. In addition, we must pay our own expenses related to the transactions, including substantial legal, audit and financial advisory fees, even if the transaction is not completed, which could adversely affect our results of operations. Further, if the transaction with Welsh Carson is unsuccessful and our board of directors determines to seek another transaction, it may not be able to find a partner willing to pay an equivalent or more attractive price than that which would have been paid in the transaction with Welsh Carson.

Risks Relating to the Notes and the Exchange Offer

You may not be able to sell your old notes if you do not exchange them for new notes in the exchange offer.

If you do not exchange your old notes for new notes in the exchange offer, your old notes will continue to be subject to the restrictions on transfer as stated in the legend on the old notes. In general, you may not reoffer, resell or otherwise transfer the old notes in the United States unless they are:

registered under the Securities Act;

offered or sold under an exemption from the Securities Act and applicable state securities laws; or

offered or sold in a transaction not subject to the Securities Act and applicable state securities laws.

We do not currently anticipate that we will register the old notes under the Securities Act.

Holders of the old notes who do not tender their old notes will have no further registration rights under the registration rights agreement.

Holders who do not tender their old notes, except for limited instances involving the initial purchaser or holders of old notes who are not eligible to participate in the exchange offer or who do not receive freely transferable new notes in the exchange offer, will not have any further registration rights under the registration rights agreement or otherwise and will not have rights to receive additional interest.

The market for old notes may be significantly more limited after the exchange offer and you may not be able to sell your old notes after the exchange offer.

If old notes are tendered and accepted for exchange under the exchange offer, the trading market for old notes that remain outstanding may be significantly more limited. As a result, the liquidity of the old notes not tendered for exchange could be adversely affected. The extent of the market for old notes and the availability of price quotations would depend upon a number of factors, including the number of holders of old notes remaining outstanding and the interest of securities firms in maintaining a market in the old notes. An issue of securities with a similar outstanding market value available for trading, which is called the float, may command a lower price than would be comparable to an issue of securities with a greater float. As a result, the market price for old notes that are not exchanged in the exchange offer may be affected adversely as old notes exchanged in the exchange offer reduce the float. The reduced float also may make the trading price of the old notes that are not exchanged more volatile.

Your old notes will not be accepted for exchange if you fail to follow the exchange offer procedures and, as a result, your old notes will continue to be subject to existing transfer restrictions and you may not be able to sell your old notes.

We will not accept your old notes for exchange if you do not follow the exchange offer procedures. We will issue new notes as part of the exchange offer only after a timely receipt of your old notes, a properly completed and duly executed letter of transmittal and all other required documents. Therefore, if you want to tender your old notes, please allow sufficient time to ensure timely delivery. If we do not receive your old notes, letter of transmittal and other required documents by the expiration date of the exchange offer, we will not accept your old notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of old notes for exchange. If there are defects or irregularities with respect to your tender of old notes, we will not accept your old notes for exchange.

There is no established trading market for the new notes.

The new notes will constitute a new issue of securities with no established trading market. A trading market for the new notes may not develop. If a market does develop, it may not provide you the ability to sell your new notes. Further, you may not be able to sell your new notes at a favorable price or at all. If a market does develop,

the new notes could trade at prices that may be higher or lower than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar notes and our financial performance.

Windstream's substantial debt could adversely affect its cash flow and prevent it from fulfilling its obligations under the notes.

As of December 31, 2006, we had approximately \$5.5 billion consolidated indebtedness.

Windstream's substantial amount of debt could have important consequences to you. For example, it could:

make it more difficult for Windstream to satisfy its obligations under the notes;

increase its vulnerability to general adverse economic and industry conditions;

require it to dedicate a substantial portion of its cash flow from operations to make interest and principal payments on its debt, thereby limiting the availability of its cash flow to fund future capital expenditures, working capital and other general corporate requirements;

limit its flexibility in planning for, or reacting to, changes in its business and the telecommunications industry;

place it at a competitive disadvantage compared with competitors that have less debt; and

limit its ability to borrow additional funds, even when necessary to maintain adequate liquidity.

In addition, a substantial portion of Windstream's debt, including borrowings under its credit facilities, bear interest at variable rates. If market interest rates increase, variable-rate debt will create higher debt service requirements, which could adversely affect its cash flow. In order to insulate the company from cash flow variability resulting from interest rate risk, we have entered into four identical pay fixed, /receive variable interest rate swap agreements to hedge cash flows on a principal amount of \$1.6 billion of borrowings, amortizing down to \$906.25 million over the seven-year term of the swaps. The floating rate component of the interest rate swaps are based on the three-month LIBOR, and resets quarterly on the same dates as the interest rate on term loan B. While Windstream is attempting to limit its exposure to higher interest rates, any such agreements may not offer complete protection from this risk.

Despite Windstream's substantial debt, Windstream may still be able to incur significantly more debt. This could further exacerbate the risks associated with its substantial debt.

Windstream may be able to incur additional debt in the future. The terms of its credit facilities and the indenture governing the notes allow it to incur substantial amounts of additional debt, subject to certain limitations. If new debt is added to its current debt levels, the related risks Windstream could face would be magnified.

The notes will be effectively subordinated to the secured debt of Windstream and the guarantors.

The notes and each guarantee of the notes, are unsecured and therefore will be effectively subordinated to any secured debt of Windstream and the guarantors to the extent of the assets securing such debt. In the event of a bankruptcy or similar proceeding, the assets which serve as collateral for any secured debt will be available to satisfy the obligations under the secured debt before any payments are made on the notes. As of February 27, 2007, Windstream had \$1.9 billion of secured debt outstanding and up to \$500 million of additional availability under its revolving credit facility. The notes will be effectively subordinated to any borrowings under the credit facilities and other secured debt. The indenture governing the notes will allow Windstream to incur a substantial amount of additional secured debt.

Table of Contents

Not all of Windstream's subsidiaries will be required to guarantee the notes, and the assets of any non-guarantor subsidiaries may not be available to make payments on the notes.

On the issue date of the notes, Windstream's subsidiaries that guarantee its credit facilities will also guarantee the notes. However, most of its regulated subsidiaries do not guarantee the credit facilities or the old note and will not guarantee the new notes. As of December 31, 2006, the non-guarantor subsidiaries held approximately 57.5% of Windstream's total assets. All of Windstream's future unrestricted subsidiaries, and any of Windstream's future restricted subsidiaries that do not guarantee any of its other debt, will not guarantee the notes.

In the event that any non-guarantor subsidiary of Windstream becomes insolvent, liquidates, reorganizes, dissolves or otherwise winds up, holders of its debt and its trade creditors generally will be entitled to payment on their claims from the assets of that subsidiary before any of those assets are made available to Windstream or any guarantors. Consequently, your claims in respect of the notes will be effectively subordinated to all of the liabilities of any subsidiary of Windstream that is not a guarantor, including trade payables. In addition, the indenture, subject to certain limitations, permits these subsidiaries to incur additional indebtedness and does not contain any limitation on the amount of other liabilities, such as trade payables, that these subsidiaries may incur.

To service its debt and meet its other cash needs, Windstream will require a significant amount of cash, which may not be available to it.

The ability of Windstream to make payments on, or repay or refinance, its debt, including the notes and to fund planned capital expenditures, dividends and other cash needs will depend largely upon its future operating performance. Its future performance, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond its control. In addition, its ability to borrow funds in the future to make payments on its debt will depend on the satisfaction of the covenants in its credit facilities and its other debt agreements, including the indenture governing the notes and other agreements Windstream may enter into in the future. Specifically, Windstream will need to maintain specified financial ratios and satisfy financial condition tests. Furthermore, Windstream expects to pay cash dividends of \$1.00 per share per annum, which will represent an aggregate of approximately \$475 million per year to the holders of its common stock. Windstream may not generate sufficient cash flow from operations, have future borrowings available to it under its credit facilities or from other sources in an amount sufficient to enable it to pay its debt, including the notes, or be able to fund its dividends and other liquidity needs.

In addition, before the repayment of the notes, Windstream will be required to refinance or repay its credit facilities and the Valor notes. Windstream may not be able to refinance any of its debt, including its credit facilities, on commercially reasonable terms or at all. If Windstream is unable to make payments or refinance its debt, or obtain new financing under these circumstances, Windstream would have to consider other options, such as:

sales of assets;

sales of equity; and/or

negotiations with its lenders to restructure the applicable debt.

Windstream's credit agreement and the indenture governing the notes may restrict, or market or business conditions may limit, its ability to do some of these things. In addition, certain tax related agreements limit our ability to engage in such actions during the next two years.

Windstream is dependent upon dividends from its subsidiaries to meet its debt service obligations.

Windstream is a holding company and conducts all of its operations through its subsidiaries. Windstream's ability to meet its debt service obligations will be dependent on receipt of dividends from its direct and indirect subsidiaries. Subject to the restrictions contained in the indenture, future borrowings by its subsidiaries may

Table of Contents

contain restrictions or prohibitions on the payment of dividends by its subsidiaries to it. In addition, federal and state regulations governing Windstream's regulated subsidiaries and applicable state corporate law may limit the ability of its subsidiaries to pay dividends to it.

The agreements governing the current and future indebtedness of Windstream's subsidiaries, as well as applicable laws or state regulation, may not permit its subsidiaries to provide it with sufficient dividends, distributions or loans to fund payments on these notes when due.

The agreements governing Windstream's debt, including the notes and its credit facilities, contain various covenants that impose restrictions on Windstream that may affect its ability to operate its business and to make payments on the notes. The agreements governing Windstream's credit facilities, the indenture and the agreements that govern other indebtedness of Windstream each impose operating and financial restrictions on Windstream's activities. These restrictions include compliance with or maintenance of certain financial tests and ratios, including minimum interest coverage ratio and maximum leverage ratio and limit or prohibit its ability to, among other things:

incur additional debt and issue preferred stock;

create liens;

redeem and/or repay certain debt;

pay dividends on its stock or repurchase stock;

make certain investments;

engage in specified sales of assets;

enter into transactions with affiliates;

enter new lines of business;

engage in consolidation, mergers and acquisitions;

make certain capital expenditures; and

pay dividends and make other distributions.

These restrictions on Windstream's ability to operate its business could seriously harm its business by, among other things, limiting its ability to take advantage of financing, merger and acquisition and other corporate opportunities.

Various risks, uncertainties and events beyond its control could affect its ability to comply with these covenants and maintain these financial tests and ratios. Failure to comply with any of the covenants in its existing or future financing agreements would result in a default under those agreements and under other agreements containing cross-default provisions. A default would permit lenders to accelerate the maturity for the debt under these agreements and to foreclose upon any collateral securing the debt and to terminate any commitments to lend. Under these circumstances, Windstream might have insufficient funds or other resources to satisfy all of its obligations, including its obligations under the

notes. In addition, the limitations imposed by financing agreements on its ability to incur additional debt and to take other actions might significantly impair Windstream's ability to obtain other financing.

Fraudulent conveyance laws may void the notes and/or the guarantees or subordinate the notes and/or the guarantees.

The issuance of the notes may be subject to review under federal bankruptcy law or relevant state fraudulent conveyance laws if a bankruptcy lawsuit is commenced by or on behalf of Windstream's or the guarantors' creditors. Under these laws, if in such a lawsuit a court were to find that, at the time the notes are issued, Windstream:

incurred this debt with the intent of hindering, delaying or defrauding current or future creditors; or

Table of Contents

received less than reasonable equivalent value or fair consideration for incurring this debt, and the guarantor;

was insolvent or was rendered insolvent by reason of the related financing transactions;

was engaged, or about to engage, in a business or transaction for which its remaining assets constituted unreasonably small capital to carry on its business; or

intended to incur, or believed that it would incur, debts beyond its ability to pay these debts as they mature, as all of the foregoing terms are defined in or interpreted under the relevant fraudulent transfer or conveyance statutes;

then the court could void the notes or subordinate the notes to Windstream's presently existing or future debt or take other actions detrimental to you.

The measure of insolvency for purposes of the foregoing considerations will vary depending upon the law of the jurisdiction that is being applied in any such proceeding. Generally, an entity would be considered insolvent if, at the time it incurred the debt:

it could not pay its debts or contingent liabilities as they become due;

the sum of its debts, including contingent liabilities, is greater than its assets, at fair valuation; or

the present fair saleable value of its assets is less than the amount required to pay the probable liability on its total existing debts and liabilities, including contingent liabilities, as they become absolute and mature.

A court could apply different standards to determine whether Windstream was insolvent as of the date the notes were issued, and, regardless of the method of valuation, a court could determine that it was insolvent on that date. A court could also determine, regardless of whether Windstream was insolvent on the date the notes were issued, that the payments constituted fraudulent transfers on another ground.

Windstream's obligations under the notes are guaranteed by all of its existing subsidiaries that are guarantors under its credit facilities, and the guarantees may also be subject to review under various laws for the protection of creditors. The analysis set forth above would generally apply, except that the guarantees could also be subject to the claim that, since the guarantees were incurred for the benefit of Windstream, and only indirectly for the benefit of the guarantors, the obligations of the guarantors thereunder were incurred for less than reasonable equivalent value or fair consideration. A court could void a guarantor's obligation under its guarantee, subordinate the guarantee to the other indebtedness of a guarantor, direct that holders of the notes return any amounts paid under a guarantee to the relevant guarantor or to a fund for the benefit of its creditors, or to take other action detrimental to the holders of the notes. In addition, the liability of each guarantor under the indenture will be limited to the amount that will result in its guarantee not constituting a fraudulent conveyance, and we cannot predict what standard a court would apply in making a determination as to what would be the maximum liability of each guarantor.

Windstream may be unable to make a change of control offer required by the indenture governing the notes which would cause defaults under the indenture governing the notes, its credit facilities and its other new financing arrangements.

The terms of the notes will require Windstream to make an offer to repurchase the notes upon the occurrence of a change of control at a purchase price equal to 101% of the principal amount of the notes, plus accrued interest to the date of the purchase. The terms of Windstream's credit facilities will require, and other financing arrangements may require, repayment of amounts outstanding in the event of a change of control and limit its ability to fund the repurchase of your notes in certain circumstances. It is possible that Windstream will not have sufficient funds at the time of the change of control to make the required repurchase of notes or that restrictions in its credit facilities and other financing arrangements will not allow the repurchases.

Table of Contents**USE OF PROCEEDS**

This exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any cash proceeds from the issuance of the new notes. In consideration for issuing the new notes contemplated in this prospectus, we will receive outstanding securities in like principal amount, the form and terms of which are the same as the form and terms of the new notes, except as otherwise described in this prospectus. The old notes surrendered in exchange for new notes will be retired and canceled. Accordingly, no additional debt will result from the exchange. We have agreed to bear the expense of the exchange offer.

We received approximately \$499 million in net proceeds from the offering of the old notes, after deducting fees and expenses of the related to the offering. These proceeds, together with cash on hand, were used to repay \$500 million of the indebtedness outstanding under our senior credit facilities incurred in connection with the merger of Spinco into Valor on July 17, 2006 and used to pay a special dividend to Alltel and related fees and expenses in connection with the merger.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

On February 27, 2007, Windstream privately placed \$500,000,000 aggregate principal amount of old notes in a transaction exempt from registration under the Securities Act. Accordingly, the old notes may not be reoffered, resold or otherwise transferred in the United States unless so registered or unless an exemption from the Securities Act registration requirements is available. In the registration rights agreement, we have agreed with the initial purchaser of the old notes to:

file a registration statement with the SEC relating to the exchange offer not later than June 27, 2007;

use our commercially reasonable efforts to cause the exchange offer registration statement to become effective under the Securities Act by August 26, 2007; and

upon effectiveness of the exchange offer registration statement, promptly commence the exchange offer.

In addition, we have agreed to keep the exchange offer open for at least 30 days, or longer if required by applicable law, after the date notice of the exchange offer is mailed to the holders of the old notes. The new notes are being offered under this prospectus to satisfy our obligations under the registration rights agreement.

Terms of the Exchange

Upon the terms and subject to the conditions contained in this prospectus and in the letter of transmittal that accompany this prospectus, we are offering to exchange \$1,000 in principal amount of new notes for each \$1,000 in principal amount of outstanding old notes. The terms of the new notes are substantially identical to the terms of the old notes for which they may be exchanged in the exchange offer, except that:

- (1) the new notes have been registered under the Securities Act and will be freely transferable, other than as described in this prospectus;
- (2) the new notes will not contain any legend restricting their transfer;
- (3) holders of the new notes will not be entitled to some of the rights of the holders of the old notes under the registration rights agreement, which rights will terminate on completion of the exchange offer; and
- (4) the new notes will not contain any provisions regarding the payment of additional interest.

The new notes will evidence the same debt as the old notes and will be entitled to the benefits of the indenture.

The exchange offer is not conditioned on any minimum aggregate principal amount of old notes being tendered for exchange.

Based on interpretations by the SEC's staff in no-action letters issued to other parties, we believe that a holder of new notes issued in the exchange offer may transfer the new notes without complying with the registration and prospectus delivery requirements of the Securities Act if such holder:

is not an affiliate of the Company within the meaning of Rule 405 under the Securities Act,

is not a broker-dealer tendering old notes acquired directly from Windstream for its own account,

acquired the old notes in the ordinary course of its business, and

has no arrangements or understandings with any person to participate in this exchange offer for the purpose of distributing the old notes and has made representations to Windstream to that effect.

Each broker-dealer that receives new notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such new notes.

Table of Contents

The letter of transmittal that accompanies this prospectus states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. A participating broker-dealer may use this prospectus, as it may be amended or supplemented from time to time, in connection with resales of new notes received in exchange for old notes where those new notes were acquired by the broker-dealer as a result of market-making activities or other trading activities. We have agreed that we will make available to any broker-dealer, without charge, as many copies of this prospectus as such broker-dealer may reasonably request.

Tendering holders of old notes will not be required to pay brokerage commissions or fees or, subject to the instructions in the applicable letter of transmittal, transfer taxes relating to the exchange of old notes for new notes in the exchange offer.

Shelf Registration Statement

If, because of changes in law, SEC rules or regulations or applicable interpretations of the staff of the SEC, Windstream is not permitted to effect the exchange offer, or under certain other circumstances, Windstream and the guarantors will, at their cost, file with the SEC and use their commercially reasonable efforts to cause to become effective no later than June 27, 2007 a shelf registration statement with respect to resales of the old notes and new notes and to keep the registration statement effective for two years, or, if earlier, the date when all old notes or new notes covered by the shelf registration statement have been sold pursuant to the shelf registration statement. Windstream will, in the event of a shelf registration, provide copies of the prospectus to each holder, notify each holder when the shelf registration statement for the old notes and new notes has become effective and take certain other actions as are required to permit resales of such notes.

A holder selling old notes or new notes under the shelf registration statement generally must be named as a selling security holder in the related prospectus and must deliver a prospectus to purchasers. Consequently, the holder may be subject to the civil liability provisions under the Securities Act in connection with those sales and will be bound by any applicable provisions of the registration rights agreement, including specified indemnification obligations.

Additional Interest

Additional interest will accrue on the principal amount of the old notes, in addition to the stated interest on the old notes, from and including the date on which a registration default occurs but excluding the date on which all registration defaults have been cured.

The occurrence of any of the following is a registration default:

- (1) neither the exchange offer registration statement nor the shelf registration statement has been filed with the SEC on or before June 27, 2007,
- (2) neither the exchange offer registration statement nor the shelf registration statement has been declared effective on or before August 26, 2007,
- (3) neither the exchange offer has been completed nor the shelf registration statement has been declared effective on or before September 25, 2007, or
- (4) after either the exchange offer registration statement or the shelf registration statement has been declared effective, that registration statement ceases to be effective or usable, subject to certain exceptions, in connection with resales of old notes or new notes in accordance with and during the periods specified in the registration rights agreement.

Additional interest will accrue at a rate of 0.25% per annum on the principal amount during the 90-day period after the occurrence of the registration default and will increase by 0.25% per annum at the end of each

Table of Contents

subsequent 90-day period. In no event will the rate exceed 1.00% per annum on the principal amount. If the exchange offer is completed on the terms and within the period contemplated by this prospectus, no additional interest will be payable.

The summary of the provisions of the registration rights agreement contained in this prospectus does not contain all of the terms of the agreement. This summary is subject to and is qualified in its entirety by reference to all the provisions of the registration rights agreement, a copy of which is filed as an exhibit to the registration statement of which this prospectus forms a part.

Expiration Date; Extensions; Termination; Amendments

The expiration date of the exchange offer is 5:00 p.m., Eastern Standard time, on May 9, 2007, unless Windstream in its sole discretion extends the period during which the exchange offer is open. In that case, the expiration date will be the latest time and date to which the exchange offer is extended. We reserve the right to extend the exchange offer at any time and from time to time before the expiration date by giving written notice to U.S. Bank National Association, the exchange agent, and by timely public announcement. Unless otherwise required by applicable law or regulation, the public announcement will be made by a release to Businesswire, the PR Newswire or other national newswire service. During any extension of the exchange offer, all old notes previously tendered in the exchange offer will remain subject to the exchange offer.

The initial exchange date will be the first business day following the expiration date. We expressly reserve the right to:

- (1) terminate the exchange offer and not accept for exchange any old notes for any reason, including if any of the events described below under Conditions to the Exchange Offer shall have occurred and shall not have been waived by us; and
- (2) amend the terms of the exchange offer in any manner.

If any termination or amendment occurs, we will notify the exchange agent in writing and will either issue a press release or give written notice to the holders of the old notes as promptly as practicable. Unless we terminate the exchange offer prior to 5:00 p.m., New York City time, on the expiration date, we will exchange the new notes for the old notes on the exchange date.

If we waive any material condition to the exchange offer or amend the exchange offer in any other material respect and at the time that notice of this waiver or amendment is first published, sent or given to holders of old notes in the manner specified above, the exchange offer is scheduled to expire at any time earlier than the fifth business day from, and including, the date that the notice is first so published, sent or given, then the exchange offer will be extended until that fifth business day.

This prospectus and the letter of transmittal and other relevant materials will be mailed to record holders of old notes. In addition, these materials will be furnished to brokers, banks and similar persons whose names, or the names of whose nominees, appear on the lists of holders for subsequent transmittal to beneficial owners of old notes.

How to Tender

The tender to Windstream of old notes according to one of the procedures described below will constitute an agreement between that holder of old notes and Windstream in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

General Procedures. A holder of an old note may tender them by properly completing and signing the letter of transmittal or a facsimile of the letter of transmittal and delivering them, together with the certificate or certificates representing the old notes being tendered and any required signature guarantees, or a timely

Table of Contents

confirmation of a book-entry transfer according to the procedure described below, to the exchange agent at the address set forth below under Exchange Agent on or before the expiration date, or complying with the guaranteed delivery procedures described below. All references in this prospectus to the letter of transmittal include a facsimile of the letter of transmittal.

If tendered old notes are registered in the name of the signer of the applicable letter of transmittal and the new notes to be issued in exchange for accepted old notes are to be issued, and any untendered old notes are to be reissued, in the name of the registered holder, the signature of the signer need not be guaranteed. In any other case, the tendered old notes must be endorsed or accompanied by written instruments of transfer in form satisfactory to Windstream. They must also be duly executed by the registered holder. In addition, the signature on the endorsement or instrument of transfer must be guaranteed by an eligible guarantor institution that is a member of a recognized signature guarantee medallion program within the meaning of Rule 17Ad-15 under the Exchange Act. If the new notes and/or old notes not exchanged are to be delivered to an address other than that of the registered holder appearing on the note register for the old notes, an eligible guarantor institution must guarantee the signature on the applicable letter of transmittal.

Any beneficial owner whose old notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender old notes should contact the holder promptly and instruct it to tender on the beneficial owner's behalf. If the beneficial owner wishes to tender the old notes itself, the beneficial owner must either make appropriate arrangements to register ownership of the old notes in its name or follow the procedures described in the immediately preceding paragraph. The beneficial owner must make these arrangements or follow these procedures before completing and executing the letter of transmittal and delivering the old notes. The transfer of record ownership may take considerable time.

Book-Entry Transfer. The exchange agent will make a request to establish an account for the old notes at each book-entry transfer facility for purposes of the exchange offer within two business days after receipt of this prospectus unless the exchange agent already has established an account with the book-entry transfer facility suitable for the exchange offer. Subject to the establishment of the account, any financial institution that is a participant in the book-entry transfer facility's systems may make book-entry delivery of old notes by causing a book-entry transfer facility to transfer the old notes into one of the exchange agent's accounts at the book-entry transfer facility in accordance with the facility's procedures. However, although delivery of old notes may be effected through book-entry transfer, the applicable letter of transmittal, with any required signature guarantees and any other required documents, must, in any case, be transmitted to and received by the exchange agent at the address set forth below under Exchange Agent on or before the expiration date or the guaranteed delivery procedures described below must be complied with.

The method of delivery of old notes and all other documents is at the election and risk of the holder. If sent by mail, it is recommended that the holder use registered mail, return receipt requested, obtain proper insurance, and make the mailing sufficiently in advance of the expiration date to permit delivery to the exchange agent on or before the expiration date.

Unless an exemption applies under applicable law and regulations concerning backup withholding of federal income tax, the exchange agent will be required to withhold 28% of the gross proceeds otherwise payable to a holder in the exchange offer if the holder does not provide the holder's taxpayer identification number and certify that the number is correct.

Guaranteed Delivery Procedures. If a holder desires to accept the exchange offer and time will not permit a letter of transmittal or old notes to reach the exchange agent before the expiration date, a tender may be effected if the exchange agent has received at one of its offices listed under Exchange Agent below on or before the expiration date a letter, telegram or facsimile transmission from an eligible guarantor institution that:

(1) sets forth the name and address of the tendering holder, the names in which the old notes are registered and, if possible, the certificate numbers of the old notes to be tendered; and

Table of Contents

(2) states that the tender is being made thereby; and

(3) guarantees that within three New York Stock Exchange trading days after the date of execution of the letter, telegram or facsimile transmission by the eligible guarantor institution, the old notes, in proper form for transfer, will be delivered by the eligible guarantor institution together with a properly completed and duly executed letter of transmittal and any other required documents.

Unless old notes being tendered by the above-described method or a timely confirmation of a book-entry transfer are deposited with the exchange agent within the time period described above, accompanied or preceded by a properly completed letter of transmittal and any other required documents, we may reject the tender. Copies of a notice of guaranteed delivery which may be used by eligible guarantor institutions for the purposes described in this paragraph are being delivered with this prospectus and the letter of transmittal.

A tender will be deemed to have been received as of the date when the tendering holder's properly completed and duly signed letter of transmittal accompanied by the old notes or a timely confirmation of a book-entry transfer is received by an exchange agent. Issuances of new notes in exchange for old notes tendered by an eligible guarantor institution as described above will be made only against deposit of the applicable letter of transmittal and any other required documents and the tendered old notes or a timely confirmation of a book-entry transfer.

All questions as to the validity, form, eligibility, including time of receipt, and acceptance for exchange of any tender of old notes will be determined by us. Our determination will be final and binding. We reserve the absolute right to reject any or all tenders not in proper form or the acceptances for exchange of which may, in the opinion of our counsel, be unlawful. We also reserve the absolute right to waive any of the conditions of the exchange offer or any defect or irregularities in tenders of any particular holder whether or not similar defects or irregularities are waived in the case of other holders. None of Windstream, the exchange agent or any other person will incur any liability for failure to give notification of any defects or irregularities in tenders. Our interpretation of the terms and conditions of the exchange offer, including the letter of transmittal and the instructions to the letter of transmittal, will be final and binding.

Terms and Conditions of the Letter of Transmittal

The letter of transmittal contains, among other things, the following terms and conditions, which are part of the exchange offer.

The party tendering old notes for exchange, or the transferor, exchanges, assigns and transfers the old notes to Windstream and irrevocably constitutes and appoints our exchange agent as its agent and attorney-in-fact to cause the old notes to be assigned, transferred and exchanged. The transferor represents and warrants that:

(1) it has full power and authority to tender, exchange, assign and transfer the old notes and to acquire new notes issuable upon the exchange of the tendered old notes; and

(2) when the same are accepted for exchange, we will acquire good and unencumbered title to the tendered old notes, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim.

The transferor also warrants that it will, upon request, execute and deliver any additional documents we deem necessary or desirable to complete the exchange, assignment and transfer of tendered old notes. The transferor further agrees that acceptance of any tendered old notes by us and the issuance of new notes in exchange shall constitute performance in full of our obligations under the registration rights agreement and that we will have no further obligations or liabilities under the registration rights agreement, except in certain limited circumstances. All authority conferred by the transferor will survive the death or incapacity of the transferor and every obligation of the transferor shall be binding upon the heirs, legal representatives, successors, assigns, executors and administrators of the transferor.

Table of Contents

By tendering old notes, the transferor certifies that:

- (1) it is not an affiliate of Windstream within the meaning of Rule 405 under the Securities Act, that it is not a broker-dealer that owns old notes acquired directly from Windstream or its affiliates, that it is acquiring the new notes offered hereby in the ordinary course of its business and that it has no arrangement with any person to participate in the distribution of the new notes; or
- (2) it is an affiliate, as so defined, of Windstream or of the initial purchaser, and that it will comply with applicable registration and prospectus delivery requirements of the Securities Act.

Each broker-dealer that receives new notes for its own account in the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of those new notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Withdrawal Rights

Old notes tendered in the exchange offer may be withdrawn at any time before 5:00 pm (Eastern Time) on the expiration date.

For a withdrawal to be effective, a written or facsimile transmission notice of withdrawal must be timely received by the exchange agent at the address set forth below under Exchange Agent. Any notice of withdrawal must:

- (1) state the name of the registered holder of the old notes;
- (2) state the principal amount of old notes delivered for exchange;
- (3) state that the holder is withdrawing its election to have those old notes exchanged;
- (4) specify the principal amount of old notes to be withdrawn, which must be an authorized denomination;
- (5) specify the certificate numbers of old notes to be withdrawn; and
- (6) be signed by the holder in the same manner as the original signature on the applicable letter of transmittal, including any required signature guarantees, or be accompanied by evidence satisfactory to us that the person withdrawing the tender has succeeded to the beneficial ownership of the old notes being withdrawn.

If certificates for old notes have been delivered or otherwise identified to the exchange agent, then prior to the release of those certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an eligible institution unless that holder is an eligible institution.

If old notes have been tendered pursuant to the procedure for book-entry transfer described above, the executed notice of withdrawal, guaranteed by an eligible institution, unless that holder is an eligible institution, must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn old notes and otherwise comply with the procedures of that facility. All questions as to the validity, form and eligibility, including time of receipt, of those notices will be determined by us, and our determination shall be final and binding on all parties. Any old notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any old notes which have been tendered for exchange but which are not exchanged for any reason will be either

- (1) returned to the holder without cost to that holder, or
- (2) in the case of old notes tendered by book-entry transfer into the applicable exchange agent's account at the book-entry transfer facility pursuant to the book-entry transfer procedures described above,

Table of Contents

those old notes will be credited to an account maintained with the book-entry transfer facility for the old notes, in either case as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn old notes may be retendered by following one of the procedures described under "How to Tender" above at any time on or prior to the expiration date.

Acceptance of Old Notes for Exchange; Delivery of New Notes

Upon the terms and subject to the conditions of the exchange offer, the acceptance for exchange of old notes validly tendered and not withdrawn and the issuance of the new notes will be made on the exchange date. For the purposes of the exchange offer, we will be deemed to have accepted for exchange validly tendered old notes when, as and if we had given written notice of acceptance to the exchange agent.

The exchange agent will act as agent for the tendering holders of old notes for the purposes of receiving new notes from us and causing the old notes to be assigned, transferred and exchanged. Upon the terms and subject to the conditions of the exchange offer, delivery of new notes to be issued in exchange for accepted old notes will be made by the exchange agent promptly after acceptance of the tendered old notes. Old notes not accepted for exchange will be returned without expense to the tendering holders. Or, in the case of old notes tendered by book-entry transfer, the non-exchanged old notes will be credited to an account maintained with the book-entry transfer facility promptly following the expiration date. If we terminate the exchange offer before the expiration date, these non-exchanged old notes will be credited to the applicable exchange agent's account promptly after the exchange offer is terminated.

Conditions to the Exchange Offer

The exchange offer will not be subject to any conditions, other than:

- (i) that the exchange offer, or the making of any exchange by a holder, does not violate applicable law or any applicable interpretation of the staff of the SEC,
- (ii) the due tendering of old notes in accordance with the exchange offer,
- (iii) that each holder of the old notes exchanged in the exchange offer shall have represented that all new notes to be received by it shall be acquired in the ordinary course of its business and that at the time of the consummation of the exchange offer it shall have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the new notes and shall have made such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to render the use of Form S-4 or other appropriate form under the Securities Act available,
- (iv) all governmental approvals which Windstream reasonably deems necessary for the consummation of the exchange offer shall have been obtained, and
- (v) that no action or proceeding shall have been instituted or threatened in any court or by or before any governmental agency with respect to the exchange offer or which, in Windstream's judgment, would reasonably be expected to impair the ability of Windstream or any of the guarantors to proceed with the exchange offer.

The conditions described above are for our sole benefit. We may assert these conditions regarding all or any portion of the exchange offer regardless of the circumstances, including any action or inaction by us, giving rise to the condition. We may waive these conditions in whole or in part at any time or from time to time in our sole discretion. Our failure at any time to exercise any of the rights described above will not be deemed a waiver of any of those rights, and each right will be deemed an ongoing right which may be asserted at any time or from time to time. In addition, we have reserved the right, despite the satisfaction of each of the conditions described above, to terminate or amend the exchange offer.

Any determination by us concerning the fulfillment or non-fulfillment of any conditions will be final and binding upon all parties.

Table of Contents

In addition, we will not accept for exchange any old notes tendered and no new notes will be issued in exchange for any old notes, if at that time any stop order is threatened or in effect relating to:

- (1) the registration statement of which this prospectus constitutes a part; or
- (2) the qualification of any of the indentures under the Trust Indenture Act.

Exchange Agent

U.S. Bank National Association has been appointed as the exchange agent for the exchange offer. Letters of transmittal must be addressed to the exchange agent at the address set forth below.

Deliver to:

U.S. Bank National Association

60 Livingston Avenue

St. Paul, MN 55107

Attn: Specialty Finance Group

Delivery to an address other than as set forth in this prospectus, or transmissions of instructions via a facsimile or telex number other than the ones set forth herein, will not constitute a valid delivery.

Solicitation of Tenders; Expenses

We have not retained any dealer-manager or similar agent in connection with the exchange offer and will not make any payments to brokers, dealers or others for soliciting acceptances of the exchange offer. However, we will pay the exchange agent reasonable and customary fees for its services and will reimburse it for reasonable out-of-pocket expenses in connection with its services. We will also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding tenders for their customers. The expenses to be incurred in connection with the exchange offer, including the fees and expenses of the exchange agent and printing, accounting and legal fees, will be paid by us and are estimated at approximately \$150,000.

Appraisal Rights

Holders of old notes will not have dissenters' rights or appraisal rights in connection with the exchange offer.

Transfer Taxes

Holders who tender their old notes for exchange will not be obligated to pay any transfer taxes in connection with the exchange, except that holders who instruct us to register new notes in the name of, or request that old notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder will be responsible for the payment of any applicable transfer tax.

Accounting Treatment

We will record the exchange notes at the same carrying value of the original notes reflected in our accounting records on the date the exchange offer is completed. Accordingly, we will not recognize any gain or loss for accounting purposes upon the exchange of exchange notes for original notes. We have recognized the expenses incurred in connection with the issuance of the exchange notes as of the date of the exchange.

Table of Contents

Other

Participation in the exchange offer is voluntary, and holders should carefully consider whether to accept the terms and conditions of this offer. Holders of the old notes are urged to consult their financial and tax advisors in making their own decisions on what action to take.

As a result of the making of this exchange offer, and upon acceptance for exchange of all validly tendered old notes according to the terms of this exchange offer, we will have fulfilled a covenant contained in the terms of the old notes and the registration rights agreement. Holders of the old notes who do not tender their certificates in the exchange offer will continue to hold those certificates and will be entitled to all the rights, and limitations applicable to the old notes under the indenture, except for any rights under the registration rights agreement which by its terms terminates or ceases to have further effect as a result of the making of this exchange offer.

All untendered old notes will continue to be subject to the restrictions on transfer set forth in the indenture. In general, the old notes may not be reoffered, resold or otherwise transferred in the U.S. unless registered under the Securities Act or unless an exemption from the Securities Act registration requirements is available. Except under certain limited circumstances, we do not intend to register the old notes under the Securities Act.

In addition, any holder of old notes who tenders in the exchange offer for the purpose of participating in a distribution of the new notes may be deemed to have received restricted securities. If so, that holder will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. To the extent that old notes are tendered and accepted in the exchange offer, the trading market, if any, for the old notes could be adversely affected.

We may in the future seek to acquire untendered old notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plan to acquire any old notes that are not tendered in the exchange offer.

DESCRIPTION OF NOTES

General

Windstream issued the old notes under an indenture dated as of February 27, 2007 among Windstream, the Guarantors and U.S. Bank National Association, as trustee (the Indenture). The new notes will also be issued under the Indenture. The terms of the notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. The following description is a summary of the material provisions of the Indenture. It does not restate the agreement in their entirety. The Indenture is incorporated by reference into this prospectus. (See Where You Can Find More Information on page 88). We urge you to read the Indenture because it, and not this description, defines your rights as holders of the notes.

You can find the definitions of some of the terms used in this description below under the caption Certain Definitions. The defined terms used in this description but not defined below under the caption Certain Definitions have the meanings assigned to them in the Indenture.

Brief Description of the Notes

The Notes:

will be general unsecured obligations of Windstream;

will be effectively subordinated to all existing and future secured Indebtedness of Windstream, including Indebtedness under the Credit Agreement, to the extent of the assets securing such Indebtedness, and to all existing and future liabilities of Windstream's subsidiaries that are not Guarantors, to the extent of the assets of such subsidiaries;

will be *pari passu* in right of payment with all existing and future unsecured, unsubordinated Indebtedness of Windstream;

will be senior in right of payment to any future subordinated Indebtedness of Windstream; and

will be guaranteed by the Guarantors.

As of December 31, 2006, we had \$5.5 billion of consolidated indebtedness outstanding, \$2.4 billion of which was secured indebtedness.

Currently, all of Windstream's subsidiaries are Restricted Subsidiaries. However, under the circumstances described below under the caption Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, Windstream will be permitted to designate certain of its subsidiaries as Unrestricted Subsidiaries. Any Unrestricted Subsidiaries will not be subject to any of the restrictive covenants in the Indenture and will not guarantee the notes. Only those Restricted Subsidiaries of Windstream that guarantee any Indebtedness under the Credit Agreement will be Guarantors.

Principal, Maturity and Interest

The Indenture provides for the issuance of notes in an unlimited principal amount, of which \$500.0 million of the new notes will be issued in the exchange offer if all holders of the old notes validly tender notes for exchange and do not withdraw their tendered notes before the expiration date. We may issue additional notes from time to time. Any offering of additional notes is subject to the covenant described below under the caption Certain Covenants Incurrence of Indebtedness. The notes and any additional notes subsequently issued under the Indenture would be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; *provided* that the additional notes may be issued at different prices from the original issue price of the old notes. The new notes will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The new notes will mature on March 15, 2019.

Table of Contents

Interest on the new notes will accrue at the applicable rate set forth on the cover page of this prospectus and be payable semi-annually in arrears on March 15 and September 15, commencing on September 15, 2007, to the Holders of record on the immediately preceding March 1 and September 1.

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a Holder has given wire transfer instructions to Windstream, Windstream will pay all principal, interest and premium and Additional Interest, if any, on that Holder's notes in accordance with those instructions. All other payments on notes will be made at the office or agency of the Paying Agent and Registrar within the United States of America unless Windstream elects to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

Paying Agent and Registrar for the Notes

The Trustee will initially act as Paying Agent and Registrar. Windstream may change the Paying Agent or Registrar without prior notice to the Holders, and Windstream or any of its Subsidiaries may act as Paying Agent or Registrar.

Transfer and Exchange

A Holder may transfer or exchange notes in accordance with the Indenture and the procedures described in Notice to Investors. The Registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and Windstream may require a Holder to pay any taxes and fees required by law or permitted by the Indenture. Windstream is not required to transfer or exchange any note selected for redemption. Also, Windstream is not required to transfer or exchange any note for a period of 15 days before the mailing of a notice of redemption of notes to be redeemed.

The registered Holder of a note will be treated as the owner of it for all purposes.

Note Guarantees

The notes will initially be guaranteed, jointly and severally, by each Restricted Subsidiary of Windstream that guarantees any Indebtedness under the Credit Agreement. Many of our regulated Subsidiaries will not Guarantee Indebtedness under the Credit Agreement. Each Note Guarantee:

will be a general unsecured obligation of the Guarantor;

will be effectively subordinated to all existing and future secured Indebtedness of the Guarantor, including the Guarantee of the Guarantor under the Credit Agreement;

will be *pari passu* in right of payment with all existing and future unsecured, unsubordinated Indebtedness of the Guarantor; and

will be senior in right of payment to any future subordinated Indebtedness of the Guarantor.

The obligations of each Guarantor under its Note Guarantee will be limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors Risks Relating to the Notes Fraudulent conveyance laws may void the notes and/or the guarantees or subordinate the notes and/or the guarantees.

In the event that any of Windstream's Restricted Subsidiaries that are not Guarantors guarantee certain other debt, they will be required to guarantee the notes. See Certain Covenants Guarantees.

Table of Contents**Optional Redemption**

The notes will not be redeemable at Windstream's option prior to March 15, 2012, except as set forth below.

On or after March 15, 2012, Windstream may redeem all or a part of the notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Additional Interest, if any, thereon, to the applicable redemption date, if redeemed during the twelve-month period beginning on March 15 of the years indicated below:

Year	Percentage
2012	103.500%
2013	102.333%
2014	101.167%
2015 and thereafter	100.000%

At any time prior to March 15, 2010, Windstream may redeem up to 35% of the aggregate principal amount of notes issued under the Indenture (including any Additional Notes) at a redemption price of 107% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, thereon to the redemption date, with the net cash proceeds of one or more Equity Offerings; *provided that*:

- (1) at least 65% of the aggregate principal amount of notes issued under the Indenture (including any Additional Notes) remains outstanding immediately after the occurrence of such redemption (excluding notes held by Windstream or its Subsidiaries); and
- (2) the redemption must occur within 90 days of the date of the closing of such Equity Offering.

At any time prior to March 15, 2012, Windstream may redeem all or part of the notes upon not less than 30 nor more than 60 days' prior notice at a redemption price equal to the sum of (i) 100% of the principal amount thereof, plus (ii) the Applicable Premium as of the date of redemption, plus (iii) accrued and unpaid interest and Additional Interest, if any, to the date of redemption.

Selection and Notice

If less than all of the notes are to be redeemed at any time, the Trustee will select notes for redemption as follows:

- (1) if the notes are listed on any national securities exchange, in compliance with the requirements of such principal national securities exchange; or
- (2) if the notes are not so listed, on a pro rata basis, by lot or by such method as the Trustee will deem fair and appropriate.

No notes of \$2,000 or less will be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its registered address. Notices of redemption may not be conditional.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount thereof to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the Holder thereof upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption.

Table of Contents

Mandatory Redemption

Windstream is not required to make mandatory redemption or sinking fund payments with respect to the notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each Holder of notes will have the right to require Windstream to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000) of that Holder's notes pursuant to an offer (a Change of Control Offer) on the terms set forth in the Indenture. In the Change of Control Offer, Windstream will offer payment (a Change of Control Payment) in cash equal to not less than 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest and Additional Interest, if any, thereon, to the date of repurchase (the Change of Control Payment Date). No later than 30 days following any Change of Control (unless Windstream has exercised its right to redeem the notes as described under Optional Redemption), Windstream will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control Payment Date specified in such notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. Windstream will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, Windstream will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On the Change of Control Payment Date, Windstream will, to the extent lawful:

- (1) accept for payment all notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all notes or portions thereof so tendered; and
- (3) deliver or cause to be delivered to the Trustee the notes so accepted together with an Officers' Certificate stating the aggregate principal amount of notes or portions thereof being purchased by Windstream.

The Paying Agent will promptly mail or wire transfer to each Holder of notes so tendered the Change of Control Payment for such notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any, *provided* that each such new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000.

Windstream will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Credit Agreement limits Windstream's ability to purchase any notes, and also provides that certain change of control events with respect to Windstream would constitute a default under the Credit Agreement. Any future credit agreements or other similar agreements to which Windstream or its subsidiaries become party may contain similar restrictions and provisions. In the event a Change of Control occurs at a time when Windstream is prohibited from purchasing notes, Windstream could seek the consent of its lenders to the purchase of notes or could attempt to refinance the borrowings that contain such prohibition. If Windstream does not obtain such a consent or repay such borrowings, Windstream will remain prohibited from purchasing notes. In such case,

Table of Contents

Windstream's failure to purchase tendered notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such other agreements.

The provisions described above that require Windstream to make a Change of Control Offer following a Change of Control will be applicable regardless of whether any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the Holders of the notes to require that Windstream repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Windstream will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by Windstream and purchases all notes validly tendered and not withdrawn under such Change of Control Offer.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Windstream and its Restricted Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require Windstream to repurchase such notes as a result of a sale, transfer, conveyance or other disposition of less than all of the assets of Windstream and its Restricted Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Windstream will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Windstream (or the Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of; and

(2) at least 75% of the consideration therefor received by Windstream or such Restricted Subsidiary is in the form of cash, Cash Equivalents or Replacement Assets or a combination of both. For purposes of this provision, each of the following will be deemed to be cash:

(a) any liabilities (as shown on Windstream's or such Restricted Subsidiary's most recent balance sheet) of Windstream or any Restricted Subsidiary (other than contingent liabilities, Indebtedness that is by its terms subordinated to the notes or any Note Guarantee and liabilities to the extent owed to Windstream or any Subsidiary of Windstream) that are assumed by the transferee of any such assets or Equity Interests pursuant to a written assignment and assumption agreement that releases Windstream or such Restricted Subsidiary from further liability therefor;

(b) any securities, notes or other obligations received by Windstream or any such Restricted Subsidiary from such transferee that are converted by Windstream or such Restricted Subsidiary into Cash Equivalents or Replacement Assets within 180 days of the receipt thereof (to the extent of the Cash Equivalents or Replacement Assets received in that conversion);

(c) any Designated Noncash Consideration received by Windstream or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Noncash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) 1.5% of Total Assets and (y) \$100.0 million (with the Fair Market Value of each item of Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value).

Table of Contents

Within 365 days after the receipt by Windstream or any of its Restricted Subsidiaries of any Net Proceeds from an Asset Sale, Windstream or such Restricted Subsidiary may apply such Net Proceeds at its option:

(1) to repay (x) Indebtedness secured by assets of Windstream or its Restricted Subsidiaries (to the extent of the value of the assets securing such Indebtedness), (y) Obligations under the Credit Agreement or (z) Indebtedness of a Restricted Subsidiary of Windstream that is not a Guarantor (to the extent of the value of the assets of such Restricted Subsidiary); or

(2) to purchase Replacement Assets.

Pending the final application of any such Net Proceeds, Windstream or such Restricted Subsidiary may temporarily reduce revolving credit borrowings or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture.

On the 366th day after an Asset Sale or such earlier date, if any, as Windstream determines not to apply the Net Proceeds relating to such Asset Sale as set forth in the preceding paragraph (each such date being referred as an Excess Proceeds Trigger Date), such aggregate amount of Net Proceeds that has not been applied on or before the Excess Proceeds Trigger Date as permitted in the preceding paragraph (Excess Proceeds) will be applied by Windstream to make an offer (an Asset Sale Offer) to all Holders of notes and all holders of other Indebtedness that is *pari passu* with the notes or any Note Guarantee containing provisions similar to those set forth in the Indenture with respect to offers to purchase with the proceeds of sales of assets, to purchase the maximum principal amount of notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount of the notes and such other *pari passu* Indebtedness plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, and will be payable in cash.

Windstream may defer the Asset Sale Offer until there are aggregate unutilized Excess Proceeds equal to or in excess of \$30.0 million resulting from one or more Asset Sales, at which time the entire unutilized amount of Excess Proceeds (not only the amount in excess of \$30.0 million) will be applied as provided in the preceding paragraph. If any Excess Proceeds remain after consummation of an Asset Sale Offer, Windstream and its Restricted Subsidiaries may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of notes and such other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the notes and such other *pari passu* Indebtedness will be purchased on a pro rata basis based on the principal amount of notes and such other *pari passu* Indebtedness tendered. Upon completion of each Asset Sale Offer, the Excess Proceeds subject to such Asset Sale will no longer be deemed to be Excess Proceeds.

Windstream will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the Indenture, Windstream will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Asset Sale provisions of the Indenture by virtue of such compliance.

The Credit Agreement limits Windstream's ability to purchase any notes, and also provides that certain asset sale events with respect to Windstream would constitute a default under the Credit Agreement. Any future credit agreements or other similar agreements to which Windstream becomes party may contain similar restrictions and provisions. In the event an Asset Sale occurs at a time when Windstream is prohibited from purchasing notes, Windstream could seek the consent of its lenders to the purchase of notes or could attempt to refinance the borrowings that contain such prohibition. If Windstream does not obtain such a consent or repay such borrowings, Windstream will remain prohibited from purchasing notes. In such case, Windstream's failure to purchase tendered notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such other agreements.

Restricted Payments

(A) Windstream may not, and may not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay (without duplication) any dividend or make any other payment or distribution on account of Windstream's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Windstream or any of its Restricted Subsidiaries) or to the direct or indirect holders of Windstream's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments or distributions (x) payable in Equity Interests (other than Disqualified Stock) of Windstream or (y) to Windstream or a Restricted Subsidiary of Windstream);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Windstream or any of its Restricted Subsidiaries) any Equity Interests of Windstream or any Restricted Subsidiary thereof held by Persons other than Windstream or any of its Restricted Subsidiaries;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Subordinated Debt, except (a) a payment of interest or principal at the Stated Maturity thereof or (b) the purchase, repurchase or other acquisition of any such Indebtedness in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such purchase, repurchase or other acquisition; or

(4) make any Restricted Investment (all such payments and other actions set forth in clauses (1) through (4) above being collectively referred to as Restricted Payments),

unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default will have occurred and be continuing or would occur as a consequence thereof;

(2) Windstream would, after giving pro forma effect to such Restricted Payment as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Leverage Ratio test set forth in the first paragraph of the covenant described below under the caption "Incurrence of Indebtedness"; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Windstream and its Restricted Subsidiaries on or after July 17, 2006 (excluding Restricted Payments permitted by clauses (2), (3), (4), (5), (6), (8), (9) (only in connection with any calculation made for purposes of making a Restricted Payment on or prior to July 17, 2006; any payments made under such clause (9), even prior to such date, will be included as Restricted Payments for purposes of making any calculation after such first anniversary), (10) and (11) of the next succeeding paragraph (B)), is less than the sum, without duplication, of:

(a) an amount equal to Windstream's Consolidated Cash Flow for the period (taken as one accounting period) from October 1, 2006 to the end of Windstream's most recently ended fiscal quarter for which internal financial statements are available (the Basket Period) less 1.4 times Windstream's Fixed Charges for the Basket Period, *plus*

(c) with respect to Restricted Investments made by Windstream and its Restricted Subsidiaries after July 17, 2006 pursuant to this paragraph (A), (i) the aggregate amount of cash equal to the return from such Restricted Investments in any Person resulting from repayments of loans or advances, or other transfers of assets, in each case to Windstream or any Restricted Subsidiary or from the net proceeds received in cash, from the sale of any such Restricted Investment (except, in each case, to the extent any such payment or proceeds are included in the calculation of Consolidated Net Income) or (ii) in the case of redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, the Fair Market Value of the Restricted Investments therein at the time of such redesignation.

(B) The preceding provisions will not prohibit, so long as, in the case of clauses (5), (7) and (8) below, no Default has occurred and is continuing or would be caused thereby:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the Indenture;

(2) the payment of any dividend or other distribution by a Restricted Subsidiary of Windstream to the holders of its Equity Interests on a pro rata basis;

(3) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of a contribution to the common equity of Windstream or a substantially concurrent sale (other than to a Subsidiary of Windstream) of, Equity Interests (other than Disqualified Stock) of Windstream; *provided* that the amount of any such net cash proceeds that are utilized for any such Restricted Payment will be excluded from clause (3)(b) of the preceding paragraph (A);

(4) the defeasance, redemption, repurchase or other acquisition of Indebtedness subordinated to the notes or the Note Guarantees with the net cash proceeds from an Incurrence of Permitted Refinancing Indebtedness;

(5) the declaration and payment of dividends or distributions to holders of any class or series of Disqualified Stock of Windstream or any Preferred Stock of its Restricted Subsidiaries issued or incurred in accordance with the covenant entitled Incurrence of Indebtedness ;

(8) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Windstream or any of its Restricted Subsidiaries held by any current or former employee, consultant or director of Windstream or any of its Restricted Subsidiaries pursuant to the terms of any employee equity subscription agreement, stock option agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests in any fiscal year will not exceed the sum of:

(a) \$20.0 million, with unused amounts pursuant to this subclause (a) being carried over to succeeding fiscal years; *plus*

(b) the aggregate net cash proceeds received by Windstream since July 17, 2006 as a contribution to its common equity capital or from the issue or sale of Equity Interests (other than Disqualified Stock) of Windstream to any current or former employee, consultant or director of Windstream or any of its Restricted Subsidiaries; *provided* that the amount of any such net cash proceeds that are used to permit a repurchase, redemption or other acquisition under this subclause (b) will be excluded from clause (3)(b) of the preceding paragraph (A);

(9) dividends paid by Windstream on its Common Stock in an amount not to exceed \$237.5 million in the aggregate for the first two quarterly dividend payments immediately following July 17, 2006 and any dividend declared by Valor prior to July 17, 2006 and paid thereafter;

(10) the repurchase of any Subordinated Debt at a purchase price not greater than 101% of the principal amount thereof in the event of (x) a change of control pursuant to a provision no more favorable to the holders thereof than the provision described under the caption of *Repurchase at the Option of Holders Change of Control* or (y) an Asset Sale pursuant to a provision no more favorable to the holders thereof than the provision described under the caption of *Repurchase at the Option of Holders Asset Sales*, *provided* that, in each case, prior to the repurchase, Windstream has made a Change of Control Offer or Asset Sale Offer, as the case may be, and repurchased all notes issued under the indenture that were validly tendered for payment in connection therewith;

(11) Restricted Payments made on July 17, 2006 as part of the Transactions, as described the offering memorandum dated June 28, 2006; and
and

(12) other Restricted Payments in an aggregate amount not to exceed \$50.0 million.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued to or by Windstream or such Subsidiary, as the case may be, pursuant to the Restricted Payment. Not later than the date of making any Restricted Payment, Windstream will deliver to the Trustee an Officers Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments covenant were computed, together with a copy of any opinion or appraisal required by the Indenture. For the purposes of this covenant, any payment made on or after July 17, 2006 but prior to February 27, 2007 will be deemed to be a Restricted Payment to the extent that such payment would have been a Restricted Payment had the Indenture been in effect at the time of such payment (and, to the extent that such Restricted Payment was permitted by clauses (1) through (12) above, such Restricted Payment may be deemed by Windstream to have been made pursuant to such clause).

Incurrence of Indebtedness

Windstream may not, and may not permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness; *provided, however*, that Windstream or any of its Restricted Subsidiaries that are Guarantors may Incur Indebtedness, if Windstream's Consolidated Leverage Ratio at the time of the Incurrence of such additional Indebtedness, and after giving effect thereto, is less than 4.50 to 1.

The first paragraph of this covenant will not prohibit the Incurrence of any of the following items of Indebtedness (collectively, *Permitted Debt*):

(1) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness under Credit Facilities in an aggregate principal amount at any one time outstanding pursuant to this clause (1) not to exceed \$2.8 billion, less (x) the aggregate principal amount of Valor Notes outstanding at such time and (y) the aggregate amount of all Net Proceeds of Asset Sales applied by Windstream or any Restricted Subsidiary thereof to permanently repay any such Indebtedness pursuant to the covenant described above under the caption *Repurchase at the Option of Holders Asset Sales* ;

(2) the Incurrence of Existing Indebtedness;

(3) the Incurrence by Windstream of Indebtedness represented by the notes to be issued on the Issue Date and Guarantees of Notes (including additional notes) by the Guarantors;

(4) the Incurrence by Windstream or any Restricted Subsidiary thereof of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, Incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property (real or personal), plant or equipment used in the business of Windstream or such Restricted

Subsidiary (whether through the direct acquisition of such assets or the acquisition of Equity Interests of any Person owning such assets), in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness Incurred to refund, refinance or replace any Indebtedness Incurred pursuant to this clause (4), not to exceed the greater of (x) 3.0% of Total Assets and (y) \$250.0 million;

(5) the Incurrence by Windstream or any Restricted Subsidiary thereof of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the Indenture to be Incurred under the first paragraph of this covenant or clauses (2), (3), (4), (5), (14) or (15) of this paragraph;

(6) the Incurrence by Windstream or any of its Restricted Subsidiaries of intercompany Indebtedness owing to and held by Windstream or any of its Restricted Subsidiaries; *provided, however*, that (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Windstream or a Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Windstream or a Restricted Subsidiary thereof, will be deemed, in each case, to constitute an Incurrence of such Indebtedness by Windstream or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

(7) the Guarantee by Windstream or any of its Restricted Subsidiaries of Indebtedness of Windstream or a Restricted Subsidiary thereof that was permitted to be Incurred by another provision of this covenant;

(8) the Incurrence by Windstream or any of its Restricted Subsidiaries of Hedging Obligations that are Incurred for the purpose of fixing, hedging or swapping interest rate, commodity price or foreign currency exchange rate risk (or to reverse or amend any such agreements previously made for such purposes), and not for speculative purposes;

(9) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or Guarantees or letters of credit, surety bonds or performance bonds securing any obligations of Windstream or any of its Restricted Subsidiaries pursuant to such agreements, in any case Incurred in connection with the disposition of any business, assets or Restricted Subsidiary (other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Restricted Subsidiary for the purpose of financing such acquisition), so long as the principal amount does not exceed the gross proceeds actually received by Windstream or any Restricted Subsidiary thereof in connection with such disposition;

(10) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, *provided, however*, that such Indebtedness is extinguished within five Business Days of its Incurrence;

(11) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness constituting reimbursement obligations with respect to letters of credit in respect of workers' compensation claims or self-insurance obligations or bid, performance, appeal or surety bonds (in each case other than for an obligation for borrowed money);

(12) the Incurrence by Windstream or any of its Restricted Subsidiaries of Indebtedness constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business; *provided* that, upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or Incurrence;

(13) the Incurrence by Windstream or any Guarantor of Indebtedness to the extent that the net proceeds thereof are promptly deposited to defease or to satisfy and discharge the notes;

(14) the Incurrence of Acquired Debt, *provided* that after giving effect to the Incurrence thereof, Windstream could Incur at least \$1.00 of Indebtedness under the Consolidated Leverage Ratio set forth in the first paragraph above; and

(15) the Incurrence by Windstream or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness Incurred to refund, refinance or replace any Indebtedness Incurred pursuant to this clause (15), not to exceed \$250.0 million.

For purposes of determining compliance with this covenant, in the event that any proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (15) above, or is entitled to be Incurred pursuant to the first paragraph of this covenant, Windstream will be permitted to classify such item of Indebtedness at the time of its Incurrence in any manner that complies with this covenant; *provided* that any refinancing (a Credit Facility Refinancing) of amounts Incurred in reliance on the exception provided by clause (1) of the definition of Permitted Debt will be deemed to have been Incurred in reliance on such clause (1). Indebtedness under the Credit Agreement outstanding on the Issue Date or Incurred to refinance the Valor Notes will be deemed to have been Incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. Additionally, all or any portion of any item of Indebtedness (other than Indebtedness under the Credit Agreement Incurred on the Issue Date or Incurred to refinance the Valor Notes and Credit Facility Refinancings, which at all times shall be deemed to have been Incurred under clause (1) above) may later be reclassified as having been Incurred pursuant to the first paragraph of this covenant or under any clause of Permitted Debt so long as such Indebtedness is permitted to be Incurred pursuant to such provision at the time of reclassification.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that may be Incurred pursuant to this covenant will not be deemed to be exceeded with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies.

Windstream may not Incur any Indebtedness that is contractually subordinate in right of payment to any other Indebtedness of Windstream unless it is contractually subordinate in right of payment to the notes to the same extent. No Guarantor may Incur any Indebtedness that is contractually subordinate in right of payment to any other Indebtedness of such Guarantor unless it is contractually subordinate in right of payment to such Guarantor's Note Guarantee to the same extent. For purposes of the foregoing, no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of Windstream or any Guarantor, as applicable, solely by reason of any Liens or Guarantees arising or created in respect thereof or by virtue of the fact that the holders of any secured Indebtedness have entered into intercreditor agreements giving one or more of such holders priority over the other holders in the collateral held by them.

Liens

Windstream may not, and may not permit any of its Restricted Subsidiaries to, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind securing Indebtedness (other than Permitted Liens) upon any of their property or assets, now owned or hereafter acquired, unless all payments due under the Indenture and the notes are secured on an equal and ratable basis with the obligations so secured (or, in the case of Indebtedness subordinated to the notes or the related Note Guarantees, prior or senior thereto, with the same relative priority as the notes will have with respect to such subordinated Indebtedness) until such time as such obligations are no longer secured by a Lien.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Windstream may not, and may not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(a) pay dividends or make any other distributions on its Capital Stock (or with respect to any other interest or participation in, or measured by, its profits) to Windstream or any of its Restricted Subsidiaries or pay any liabilities owed to Windstream or any of its Restricted Subsidiaries;

(b) make loans or advances to Windstream or any of its Restricted Subsidiaries; or

(c) transfer any of its properties or assets to Windstream or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions:

(1) existing under, by reason of or with respect to the Credit Agreement, Existing Indebtedness or any other agreements in effect on the Issue Date and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are, in the good faith judgment of Windstream's Board of Directors, no more restrictive, taken as a whole, than those contained in the Credit Agreement, Existing Indebtedness or such other agreements, as the case may be, as in effect on the Issue Date;

(2) set forth in the Indenture, the notes and the Note Guarantees;

(3) existing under, by reason of or with respect to applicable law, rule regulation or order;

(4) with respect to any Person or the property or assets of a Person acquired by Windstream or any of its Restricted Subsidiaries existing at the time of such acquisition and not incurred in connection with or in contemplation of such acquisition, which encumbrance or restriction is not applicable to any Person or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the encumbrances and restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacement or refinancings are no more restrictive, taken as a whole, than those in effect on the date of the acquisition;

(5) in the case of clause (c) of the first paragraph of this covenant:

(A) that restrict in a customary manner the subletting, assignment or transfer of any property or asset that is a lease, license, conveyance or contract or similar property or asset,

(B) existing by virtue of any transfer of, agreement to transfer, option or right with respect to, or Lien on, any property or assets of Windstream or any Restricted Subsidiary thereof not otherwise prohibited by the Indenture,

(C) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired, or

(D) arising or agreed to in the ordinary course of business, not relating to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of Windstream or any Restricted Subsidiary thereof in any manner material to Windstream or any Restricted Subsidiary thereof;

(6) existing under, by reason of or with respect to any agreement for the sale or other disposition of all or substantially all of the Capital Stock of, or property and assets of, a Restricted Subsidiary that restrict distributions by that Restricted Subsidiary pending such sale or other disposition;

(7) on cash or other deposits or net worth imposed by customers or required by insurance, surety or bonding companies, in each case, under contracts entered into in the ordinary course of business;

(8) existing under, by reason of or with respect to Permitted Refinancing Indebtedness; *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) existing under, by reason of or with respect to provisions with respect to the disposition or distribution of assets or property, in each case contained in joint venture agreements, limited liability company agreements and other similar agreements and which Windstream's Board of Directors determines will not adversely affect Windstream's ability to make payments of principal or interest payments on the notes; and

(10) existing under, by reason of or with respect to Indebtedness of any Guarantor; *provided* that Windstream's Board of Directors determines in good faith at the time such encumbrances or restrictions are created that they do not adversely affect Windstream's ability to make payments of principal or interest payments on the notes.

Merger, Consolidation or Sale of Assets

Windstream will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Windstream is the surviving Person) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties and assets of Windstream and its Restricted Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

(1) either: (a) Windstream is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than Windstream) or to which such sale, assignment, transfer, conveyance or other disposition will have been made (i) is a corporation or limited liability company organized or existing under the laws of the United States, any state thereof or the District of Columbia (*provided* that, if the Person formed by or surviving such consolidation or merger, or the transferee of such properties or assets, is a limited liability company, then there shall be a Restricted Subsidiary of such Person which shall be a corporation organized in the jurisdictions permitted by this clause (1) and a co-obligor of the notes) and (ii) assumes all the obligations of Windstream under the notes, the Indenture and the Registration Rights Agreement pursuant to agreements reasonably satisfactory to the Trustee;

(2) immediately after giving effect to such transaction, no Default or Event of Default exists;

(3) immediately after giving effect to such transaction on a pro forma basis, Windstream or the Person formed by or surviving any such consolidation or merger (if other than Windstream), or to which such sale, assignment, transfer, conveyance or other disposition will have been made, will either (x) be permitted to Incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Leverage Ratio test set forth in the first paragraph of the covenant described above under the caption *Incurrence of Indebtedness* or (y) have a Consolidated Leverage Ratio that is lower than the Consolidated Leverage Ratio of Windstream immediately prior to such transaction; and

(4) each Guarantor, unless such Guarantor is the Person with which Windstream has entered into a transaction under this covenant, will have by amendment to its Note Guarantee confirmed that its Note Guarantee will apply to the obligations of Windstream or the surviving Person in accordance with the notes and the Indenture.

Upon any consolidation or merger, or any sale, assignment, transfer, conveyance or other disposition of all or substantially all of the assets of Windstream in accordance with this covenant, the successor Person formed by such consolidation or into or with which Windstream is merged or to which such sale, assignment, transfer, conveyance or other disposition is made will succeed to, and be substituted for (so that from and after the date of such consolidation, merger, sale, assignment, conveyance or other disposition, the provisions of the Indenture referring to Windstream will refer instead to the successor person and not to Windstream), and may exercise every right and power of, Windstream under the Indenture with the same effect as if such successor Person had been named as Windstream in the Indenture. In the event of any such transfer (other than any transfer by way of lease), the predecessor will be released and discharged from all liabilities and obligations in respect of the notes and the Indenture and the predecessor may be dissolved, wound up or liquidated at any time thereafter.

In addition, Windstream and its Restricted Subsidiaries may not, directly or indirectly, lease all or substantially all of the properties or assets of Windstream and its Restricted Subsidiaries considered as one enterprise, in one or more related transactions, to any other Person.

Clauses (2) and (3) above of this covenant will not apply to:

any merger, consolidation or sale, assignment, transfer, conveyance or other disposition of assets between or among Windstream and any of its Restricted Subsidiaries; or

any transaction if, in the good faith determination of the Board of Directors of Windstream, the sole purpose of the transaction is to reincorporate Windstream in another state of the United States.

Transactions with Affiliates

Windstream may not, and may not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into, make, amend, renew or extend any transaction, contract, agreement, understanding, loan, advance or Guarantee with, or for the benefit of, any Affiliate (each, an Affiliate Transaction), unless:

(1) such Affiliate Transaction is on terms that are no less favorable to Windstream or the relevant Restricted Subsidiary than those that would have been obtained in a comparable arm's-length transaction by Windstream or such Restricted Subsidiary with a Person that is not an Affiliate of Windstream or any of its Restricted Subsidiaries; and

(2) Windstream delivers to the Trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$25.0 million, a Board Resolution set forth in an Officers' Certificate certifying that such Affiliate Transaction or series of related Affiliate Transactions complies with this covenant and that such Affiliate Transaction or series of related Affiliate Transactions has been approved by a majority of the disinterested members of the Board of Directors of Windstream (if any); and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$100.0 million, an opinion as to the fairness to Windstream or such Restricted Subsidiary of such Affiliate Transaction or series of related Affiliate Transactions from a financial point of view issued by an independent accounting, appraisal or investment banking firm of national standing.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) transactions between or among Windstream and/or its Restricted Subsidiaries or any Person that will become a Restricted Subsidiary as part of any such transactions (but excluding any such transaction to the extent that any payments thereunder made by Windstream or any of its Restricted Subsidiaries to such Person are substantially concurrently paid by such Person to any other Affiliate of Windstream, except to the extent that any such transaction would not be prohibited by this covenant);

(2) payment of reasonable and customary fees to, and reasonable and customary indemnification and similar payments on behalf of, directors of Windstream;

(3) Permitted Investments and Restricted Payments that are permitted by the provisions of the Indenture described above under the caption Restricted Payments;

(4) any sale of Equity Interests (other than Disqualified Stock) of Windstream;

(5) transactions pursuant to agreements or arrangements in effect on the Issue Date, or any amendment, modification, or supplement thereto or replacement thereof, as long as such agreement or arrangement, as so amended, modified, supplemented or replaced, taken as a whole, is not more disadvantageous to Windstream and its Restricted Subsidiaries than the original agreement or arrangement in existence on the Issue Date;

(6) any employment, consulting, service or termination agreement, or reasonable and customary indemnification arrangements, entered into by Windstream or any of its Restricted Subsidiaries with officers and employees of Windstream or any of its Restricted Subsidiaries and the payment of compensation to officers and employees of Windstream or any of its Restricted Subsidiaries (including amounts paid

pursuant to employee benefit plans, employee stock option or similar plans), so long as such agreement or payment has been approved by a majority of the disinterested members of the Board of Directors of Windstream;

(7) payments or loans to employees or consultants in the ordinary course of business which are approved by a majority of the disinterested members of the Board of Directors of Windstream in good faith;

(8) transactions with a Person that is an Affiliate of Windstream solely because Windstream, directly or indirectly, owns Equity Interests in, or controls, such Person; and

(9) transactions with customers, clients, suppliers or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, which are fair to Windstream and its Restricted Subsidiaries in the determination of a majority of the disinterested members of the Board of Directors or the senior management of Windstream, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of Windstream may designate any Restricted Subsidiary of Windstream to be an Unrestricted Subsidiary; *provided* that:

(1) any Guarantee by Windstream or any Restricted Subsidiary thereof of any Indebtedness of the Subsidiary being so designated will be deemed to be an Incurrence of Indebtedness by Windstream or such Restricted Subsidiary (or both, if applicable) at the time of such designation, and such Incurrence of Indebtedness would be permitted under the covenant described above under the caption *Incurrence of Indebtedness* ;

(2) the aggregate Fair Market Value of all outstanding Investments owned by Windstream and its Restricted Subsidiaries in the Subsidiary being so designated (including any Guarantee by Windstream or any Restricted Subsidiary thereof of any Indebtedness of such Subsidiary) will be deemed to be a Restricted Investment made as of the time of such designation and that such Investment would be permitted under the covenant described above under the caption *Restricted Payments* ;

(3) the Subsidiary being so designated:

(a) is not party to any agreement, contract, arrangement or understanding with Windstream or any Restricted Subsidiary thereof unless either (i) such agreement, contract, arrangement or understanding is with customers, clients, suppliers or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture, which are fair to Windstream and its Restricted Subsidiaries in the determination of a majority of the disinterested members of the Board of Directors or the senior management of Windstream, or (ii) the terms of any such agreement, contract, arrangement or understanding are no less favorable to Windstream or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of Windstream;

(b) is a Person with respect to which neither Windstream nor any of its Restricted Subsidiaries has any direct or indirect obligation (i) to subscribe for additional Equity Interests or (ii) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results; and

(c) has not Guaranteed or otherwise directly or indirectly provided credit support for any Indebtedness of Windstream or any of its Restricted Subsidiaries, except (i) to the extent such Guarantee or credit support would be released upon such designation or (ii) a pledge of the Equity Interests of the Unrestricted Subsidiary that is the obligor thereunder; and

(4) no Default or Event of Default would be in existence following such designation.

Table of Contents

Any designation of a Restricted Subsidiary of Windstream as an Unrestricted Subsidiary will be evidenced to the Trustee by filing with the Trustee the Board Resolution giving effect to such designation and an Officers Certificate certifying that such designation complied with the preceding conditions and was permitted by the Indenture. If, at any time, any Unrestricted Subsidiary would fail to meet any of the preceding requirements described in clause (3) above, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness, Investments, or Liens on the property, of such Subsidiary will be deemed to be Incurred or made by a Restricted Subsidiary of Windstream as of such date and, if such Indebtedness, Investments or Liens are not permitted to be Incurred or made as of such date under the Indenture, Windstream will be in default under the Indenture.

The Board of Directors of Windstream may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided that*:

- (1) such designation will be deemed to be an Incurrence of Indebtedness by a Restricted Subsidiary of Windstream of any outstanding Indebtedness (including any Non-Recourse Debt) of such Unrestricted Subsidiary and such designation will only be permitted if such Indebtedness is permitted under the covenant described under the caption Incurrence of Indebtedness ;
- (2) all outstanding Investments owned by such Unrestricted Subsidiary will be deemed to be made as of the time of such designation and such designation will only be permitted if such Investments would be permitted under the covenant described above under the caption Restricted Payments ;
- (3) all Liens upon property or assets of such Unrestricted Subsidiary existing at the time of such designation would be permitted under the caption Liens ; and
- (4) no Default or Event of Default would be in existence following such designation.

Sale and Leaseback Transactions

Windstream will not, and will not permit any of its Restricted Subsidiaries to, enter into any Sale and Leaseback Transaction; *provided that* Windstream or any Restricted Subsidiary thereof may enter into a Sale and Leaseback Transaction if:

- (1) Windstream or such Restricted Subsidiary, as applicable, could have (a) Incurred Indebtedness in an amount equal to the Attributable Debt relating to such Sale and Leaseback Transaction pursuant to the covenant described above under the caption Certain Covenants Incurrence of Indebtedness and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption Certain Covenants Liens in which case such Indebtedness and Liens shall be deemed to have been so incurred;
- (2) the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the Fair Market Value of the property that is the subject of that Sale and Leaseback Transaction; and
- (3) the transfer of assets in that Sale and Leaseback Transaction is permitted by, and Windstream applies the proceeds of such transaction in compliance with, the covenant described above under the caption Repurchase at the Option of Holders Asset Sales.

Guarantees

Windstream may not permit any of its Restricted Subsidiaries (other than any Insignificant Subsidiary), directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of Windstream or any Domestic Restricted Subsidiary unless such Restricted Subsidiary is a Guarantor or simultaneously executes and delivers to the Trustee an Opinion of Counsel and a supplemental indenture providing for the Guarantee of the payment of the notes by such Restricted Subsidiary, which Guarantee will be senior to or *pari passu* with such Subsidiary s Guarantee of such other Indebtedness.

Table of Contents

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Windstream or another Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger (if other than the Guarantor) is organized or existing under the laws of the United States, any state thereof or the District of Columbia and assumes all the obligations of that Guarantor under the Indenture, its Note Guarantee and the Registration Rights Agreement pursuant to a supplemental indenture satisfactory to the Trustee; or

(b) such sale or other disposition or consolidation or merger complies with the covenant described above under the caption **Repurchase at the Option of Holders** **Asset Sales**.

The Note Guarantee of a Guarantor will be released:

(1) in connection with any transaction permitted by the Indenture after which such Guarantor would no longer constitute a Restricted Subsidiary of Windstream, if the sale of Capital Stock, if any, complies with the covenant described above under the caption **Repurchase at the Option of Holders** **Asset Sales** ;

(2) if Windstream properly designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary under the Indenture;

(3) upon satisfaction and discharge of the notes as set forth under **Satisfaction and Discharge** or upon defeasance of the notes as set forth under **Legal Defeasance and Covenant Defeasance** ; or

(4) solely in the case of a Note Guarantee created pursuant to the first paragraph of this covenant, upon the release or discharge of the Guarantee which resulted in the creation of such Note Guarantee pursuant to this covenant, except a discharge or release by or as a result of payment under such Guarantee.

Business Activities

Windstream may not, and may not permit any Restricted Subsidiary thereof to, engage in any business other than Permitted Businesses, except to such extent as would not be material to Windstream and its Restricted Subsidiaries taken as a whole.

Payments for Consent

Windstream may not, and may not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the notes unless such consideration is offered to be paid and is paid to all Holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Windstream will furnish to the Trustee and, upon request, to beneficial owners of notes and prospective investors a copy of all of the information and reports referred to in clauses (1) and (2) below within the time periods specified in the Commission's rules and regulations:

(1) all quarterly and annual financial information that is required to be contained in a filing with the Commission on Forms 10-Q and 10-K, including a **Management's Discussion and Analysis of Financial Condition and Results of Operations** and, with respect to the annual information only, a report on the annual financial statements by Windstream's certified independent accountants; and

(2) all current reports that are required to be filed with the Commission on Form 8-K.

Table of Contents

Whether or not required by the Commission, Windstream will comply with the periodic reporting requirements of the Exchange Act and will file the reports specified in the preceding paragraph with the Commission within the time periods specified above unless the Commission will not accept such a filing. Windstream agrees that it will not take any action for the purpose of causing the Commission not to accept any such filings. If, notwithstanding the foregoing, the Commission will not accept Windstream's filings for any reason, Windstream will post the reports referred to in the preceding paragraph on its website within the time periods that would apply if Windstream were required to file those reports with the Commission.

If Windstream has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by this covenant will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of Windstream and its Restricted Subsidiaries separate from the financial condition and results of operations of Windstream's Unrestricted Subsidiaries.

Termination of Applicability of Certain Covenants if Notes Rated Investment Grade

Windstream's and its Restricted Subsidiaries' obligations to comply with the provisions of the Indenture described above under the captions Repurchase at the Option of Holders, Asset Sales and Certain Covenants (except for the covenants described under the caption Certain Covenants Liens, Certain Covenants Mergers, Consolidation or Sale of Assets (other than clause (3) of the first paragraph thereof), Certain Covenants Sale and Leaseback Transactions, Certain Covenants Guarantees and Certain Covenants Reports) will terminate with respect to the notes and cease to have any further effect from and after the first date when the notes are rated Investment Grade.

Events of Default and Remedies

Each of the following is an Event of Default with respect to the notes:

- (1) default for 30 days in the payment when due of interest on, or Additional Interest with respect to, the notes;
- (2) default in payment when due (whether at maturity, upon acceleration, redemption, required repurchase or otherwise) of the principal of, or premium, if any, on the notes;
- (3) failure by Windstream or any of its Restricted Subsidiaries to comply with the provisions described under the caption Certain Covenants Merger, Consolidation or Sale of Assets ;
- (4) failure by Windstream or any of its Restricted Subsidiaries for 30 days after written notice by the Trustee or Holders representing 25% or more of the aggregate principal amount of notes then outstanding to comply with the provisions described under the captions Repurchase at the Option of Holders Change of Control or Repurchase at the Option of Holders Asset Sales (other than a failure to purchase notes in connection therewith, which shall constitute an Event of Default under clause (2) above);
- (5) failure by Windstream or any of its Restricted Subsidiaries for 60 days after written notice by the Trustee or Holders representing 25% or more of the aggregate principal amount of notes then outstanding to comply with any of the other agreements in the Indenture;
- (6) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness by Windstream or any of its Restricted Subsidiaries (or the payment of which is Guaranteed by Windstream or any of its Restricted Subsidiaries) whether such Indebtedness or Guarantee now exists, or is created after the Issue Date, if that default:
 - (a) is caused by a failure to make any principal payment when due at the final maturity of such Indebtedness and prior to the expiration of any grace period provided in such Indebtedness on the date of such default (a Payment Default); or

Table of Contents

(b) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$75.0 million or more;

(7) failure by Windstream or any of its Restricted Subsidiaries to pay final judgments (to the extent such judgments are not paid or covered by insurance provided by a reputable carrier that has the ability to perform) aggregating in excess of \$75.0 million, which judgments are not paid, discharged or stayed for a period of 60 days;

(8) except as permitted by the Indenture, any Note Guarantee with respect to the notes will be held in any judicial proceeding to be unenforceable or invalid or will cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, will deny or disaffirm its obligations under its Note Guarantee with respect to the notes; and

(9) certain events of bankruptcy or insolvency with respect to (i) Windstream or (ii) any Significant Subsidiary of Windstream (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary).

In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to (i) Windstream or (ii) any Significant Subsidiary of Windstream (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary), all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the then outstanding notes may declare all the notes to be due and payable immediately by notice in writing to Windstream specifying the Event of Default. Upon such declaration, the notes, together with accrued and unpaid interest (including Additional Interest), shall become due and payable immediately.

In the event of a declaration of acceleration of the notes because an Event of Default has occurred and is continuing as a result of the acceleration of any Indebtedness described in clause (6) above, the declaration of acceleration of the notes will be automatically annulled if the holders of all Indebtedness described in clause (6) above have rescinded the declaration of acceleration in respect of such Indebtedness within 30 Business Days of the date of such declaration, and if the annulment of the acceleration of the notes would not conflict with any judgment or decree of a court of competent jurisdiction, and all existing Events of Default, except non-payment of principal or interest on the notes that became due solely because of the acceleration of the notes, have been cured or waived.

Holders of the notes may not enforce the Indenture or the notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders of the notes notice of any Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest or Additional Interest) if it determines that withholding notice is in their interest.

The Holders of a majority in aggregate principal amount of the notes then outstanding by notice to the Trustee may on behalf of the Holders of all of the notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest or Additional Interest on, or the principal of, the notes. The Holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee with respect to the notes. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders of notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from Holders of notes. A Holder may not pursue any remedy with respect to the Indenture or the notes unless:

(1) the Holder gives the Trustee written notice of a continuing Event of Default;

Table of Contents

- (2) the Holders of at least 25% in aggregate principal amount of outstanding notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity satisfactory to the Trustee against any costs, liability or expense;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding notes do not give the Trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a note to receive payment of the principal of, premium or Additional Interest, if any, or interest on, such note or to bring suit for the enforcement of any such payment, on or after the due date expressed in the notes, which right will not be impaired or affected without the consent of the Holder.

In the case of any Event of Default occurring by reason of any willful action or inaction taken or not taken by or on behalf of Windstream or any of its Restricted Subsidiaries with the intention of avoiding payment of the premium that Windstream would have had to pay if Windstream then had elected to redeem the notes pursuant to the optional redemption provisions of the Indenture, an equivalent premium will also become and be immediately due and payable to the extent permitted by law upon the acceleration of the notes.

Windstream is required to deliver to the Trustee annually within 120 days after the end of each fiscal year a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, Windstream is required to deliver to the Trustee, within 30 days after the occurrence thereof, a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, stockholder, member, manager or partner of Windstream or any Guarantor, as such, will have any liability for any obligations of Windstream or the Guarantors under the notes, the Indenture, the Note Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Windstream may, at its option and at any time, elect to have all of their obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their Note Guarantees related to the notes (Legal Defeasance) except for:

- (1) the rights of Holders of outstanding notes to receive payments in respect of the principal of, or interest or premium and Additional Interest, if any, on such notes when such payments are due from the trust referred to below;
- (2) Windstream's obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and Windstream's and the Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture.

Table of Contents

In addition, Windstream may, at its option and at any time, elect to have the obligations of Windstream and the Guarantors released with respect to certain covenants that are described in the Indenture (**Covenant Defeasance**) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event **Covenant Defeasance** occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under **Events of Default** will no longer constitute Events of Default with respect to the notes.

In order to exercise either **Legal Defeasance** or **Covenant Defeasance**:

- (1) Windstream must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium and **Additional Interest**, if any, on the outstanding notes on the Stated Maturity or on the applicable redemption date, as the case may be, and Windstream must specify whether the notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of **Legal Defeasance**, Windstream will have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that (a) Windstream has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel will confirm that, the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such **Legal Defeasance** and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such **Legal Defeasance** had not occurred;
- (3) in the case of **Covenant Defeasance**, Windstream will have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such **Covenant Defeasance** and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such **Covenant Defeasance** had not occurred;
- (4) no Default or Event of Default will have occurred and be continuing either: (a) on the date of such deposit; or (b) insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 123rd day after the date of deposit;
- (5) such **Legal Defeasance** or **Covenant Defeasance** will not result in a breach or violation of, or constitute a default under any material agreement or instrument to which Windstream or any of its Restricted Subsidiaries is a party or by which Windstream or any of its Restricted Subsidiaries is bound;
- (6) Windstream must have delivered to the Trustee an Opinion of Counsel to the effect that, assuming no intervening bankruptcy of Windstream or any Guarantor between the date of deposit and the 123rd day following the deposit and assuming that no Holder is an insider of Windstream under applicable bankruptcy law, after the 123rd day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally, including Section 547 of the United States Bankruptcy Code and Section 15 of the New York Debtor and Creditor Law;
- (7) Windstream must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by Windstream with the intent of preferring the Holders over the other creditors of Windstream with the intent of defeating, hindering, delaying or defrauding creditors of Windstream or others;
- (8) if the notes are to be redeemed prior to their Stated Maturity, Windstream must deliver to the Trustee irrevocable instructions to redeem all of the notes on the specified redemption date; and
- (9) Windstream must deliver to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent (other than the expiration of the 123-day period referred to above) relating to the **Legal Defeasance** or the **Covenant Defeasance** have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture or the notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing default or compliance with any provision of the Indenture or the notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each Holder affected, an amendment or waiver may not (with respect to any notes held by a non-consenting Holder):

- (1) reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note or alter the provisions, or waive any payment, with respect to the redemption of the notes (other than the provisions relating to the covenants described under the caption **Repurchase at the Option of Holders**);
- (3) reduce the rate of or change the time for payment of interest on any note;
- (4) waive a Default or Event of Default in the payment of principal of, or interest, or premium or Additional Interest, if any, on, the notes (except a rescission of acceleration of the notes by the Holders of at least a majority in aggregate principal amount of the notes and a waiver of the payment default that resulted from such acceleration);
- (5) make any note payable in money other than U.S. dollars;
- (6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of Holders of notes to receive payments of principal of, or interest or premium or Additional Interest, if any, on, the notes;
- (7) release any Guarantor from any of its obligations under its Note Guarantee or the Indenture, except in accordance with the terms of the Indenture;
- (8) impair the right to institute suit for the enforcement of any payment on or with respect to the notes or the Note Guarantees;
- (9) amend, change or modify the obligation of Windstream to make and consummate an Asset Sale Offer with respect to any Asset Sale in accordance with the covenant described under the caption **Repurchase at the Option of Holders Asset Sales** after the obligation to make such Asset Sale Offer has arisen, or the obligation of Windstream to make and consummate a Change of Control Offer in the event of a Change of Control in accordance with the covenant described under the caption **Repurchase at the Option of Holders Change of Control** after such Change of Control has occurred, including, in each case, amending, changing or modifying any definition relating thereto;
- (10) except as otherwise permitted under the covenants described under the captions **Certain Covenants Merger, Consolidation and Sale of Assets** and **Certain Covenants Guarantees**, consent to the assignment or transfer by Windstream or any Guarantor of any of their rights or obligations under the Indenture;
- (11) amend or modify any of the provisions of the Indenture or the related definitions affecting the ranking of the notes or any Note Guarantee in any manner adverse to the Holders of the notes or any Note Guarantee; or
- (12) make any change in the preceding amendment and waiver provisions.

Table of Contents

Notwithstanding the preceding, without the consent of any Holder of notes, Windstream, the Guarantors and the Trustee may amend or supplement the Indenture or the notes:

- (1) to cure any ambiguity, defect or inconsistency;
- (2) to provide for uncertificated notes in addition to or in place of certificated notes;
- (3) to provide for the assumption of Windstream's or any Guarantor's obligations to Holders of notes in the case of a merger or consolidation or sale of all or substantially all of Windstream's or such Guarantor's assets;
- (4) to make any change that would provide any additional rights or benefits to the Holders of notes or that does not materially adversely affect the legal rights under the Indenture of any such Holder;
- (5) to comply with requirements of the Commission in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;
- (6) to comply with the provisions described under "Certain Covenants Guarantees";
- (7) to evidence and provide for the acceptance of appointment by a successor Trustee;
- (8) to provide for the issuance of additional notes in accordance with the Indenture; or
- (9) conform the text of the Indenture or the notes to any provision of this Description of Notes to the extent that such provision of the Indenture or the notes was intended to conform to the text of this Description of Notes.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

(1) either:

- (a) all notes that have been authenticated (except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has theretofore been deposited in trust and thereafter repaid to Windstream) have been delivered to the Trustee for cancellation; or
- (b) all notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and Windstream or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the Trustee for cancellation for principal, premium and Additional Interest, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default will have occurred and be continuing on the date of such deposit or will occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Windstream or any Guarantor is a party or by which Windstream or any Guarantor is bound;

(3) Windstream or any Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and

(4) Windstream has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the notes at maturity or the redemption date, as the case may be.

In addition, Windstream must deliver an Officers' Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the Trustee becomes a creditor of Windstream or any Guarantor, the Indenture and the Trust Indenture Act limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The Indenture provides that in case an Event of Default will occur and be continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of notes, unless such Holder will have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

The new notes will initially be issued in the form of one or more global securities registered in the name of The Depository Trust Company, or DTC, or its nominee.

The new notes initially will be represented by one or more notes in registered, global form without interest coupons (collectively, the Global Notes). The Global Notes will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company (DTC), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for Notes in certificated form except in the limited circumstances described below. See Exchange of Global Notes for Certificated Notes. Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Notes in certificated form.

Depository Procedures

The following description of the operations and procedures of DTC are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the systems or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a banking organization within the meaning of the New York Banking Law, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under the Exchange Act. DTC was created to hold the securities of its participating organizations (participants) and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC s participants include securities brokers and dealers (which may include the underwriters), banks, trust companies, clearing corporations and certain other organizations, some of whom (or their representatives) have ownership interests in DTC. Access to DTC s book-entry system is also available to others, such as banks, brokers, dealers and trust companies (indirect participants), that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Persons who are not participants may beneficially own notes held by or on behalf of DTC only through the participants or the indirect participants. The ownership interests in, and transfers of ownership interests in, each note held by or on behalf of DTC are recorded on the records of the participants and indirect participants.

Table of Contents

Upon the issuance of a Global Note, DTC or its nominee will credit the accounts of participants with the respective principal amounts of the notes represented by such Global Note issued to such participants in the exchange offer. Such accounts shall be designated by the participants participating in the exchange offer. All interests in a Global Note may be subject to the procedures and requirements of DTC. Ownership of beneficial interests in a Global Note will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by DTC (with respect to participants' interests) or by the participants and the indirect participants (with respect to the owners of beneficial interests in such Global Note other than participants).

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Note. Because DTC can act only on behalf of their respective participants, which in turn act on behalf of indirect participants and certain banks, the ability of a person having beneficial interests in a Global Note to pledge such interests to persons or entities that do not participate in the DTC system or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Payment of principal of and interest on notes represented by a Global Note will be made in immediately available funds to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the Notes represented thereby for all purposes under the Indenture. Under the terms of the indenture, Windstream and the trustee will treat the persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither Windstream, the trustee nor any agent of ours or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any participant's or indirect participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

We have been advised by DTC that upon receipt of any payment of principal of or interest on any Global Note, DTC will immediately credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal or face amount of such Global Note as shown on the records of DTC. We expect that payments by participants or indirect participants to owners of beneficial interests in a Global Note held through such participants or indirect participants will be governed by standing instructions and customary practices as is now the case with securities held for customer accounts registered in street name and will be the sole responsibility of such participants and indirect participants.

Neither Windstream nor the trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the notes, and we and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its participants.

Table of Contents

So long as DTC or any successor depository for a Global Note, or any nominee, is the registered owner of such Global Note, DTC or such successor depository or nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Note for all purposes under the Indenture and the Notes. Except as set forth above, owners of beneficial interests in a Global Note will not be entitled to have the notes represented by such Global Note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes in definitive form and will not be considered to be the owners or holders of any notes under such Global Note. Accordingly, each person owning a beneficial interest in a Global Note must rely on the procedures of DTC or any successor depository, and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture. We understand that under existing industry practices, in the event that we request any action of holders or that an owner of a beneficial interest in a Global Note desires to give or take any action which a holder is entitled to give or take under the Indenture, DTC or any successor depository would authorize the participants holding the relevant beneficial interest to give or take such action, and such participants would authorize beneficial owners owning through such participants to give or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in Global Notes among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of Windstream, the trustee or the exchange agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive Notes in registered certificated form (Certificated Notes), if:

- (1) DTC (a) notifies Windstream that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act, and in each case Windstream fails to appoint a successor depository;
- (2) Windstream, at its option, notifies the Trustee in writing that it elects to cause the issuance of Certificated Notes (DTC has advised Windstream that, in such event, under its current practices, DTC would notify its participants of Windstream's request, but will only withdraw beneficial interests from a Global Note at the request of each DTC participant); or
- (3) there will have occurred and be continuing a Default or Event of Default with respect to the Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures) and will bear the applicable restrictive legend referred to in Notice to Investors, unless that legend is not required by applicable law.

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the Trustee a written certificate (in the form provided in the Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Notes. See Notice to Investors.

Same Day Settlement and Payment

Windstream will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, interest and Additional Interest, if any) by wire transfer of immediately available

funds to the accounts specified by the Global Note Holder. Windstream will make all payments of principal, interest and premium and Additional Interest, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the Holders thereof or, if no such account is specified, by mailing a check to each such Holder's registered address. The Notes represented by the Global Notes are expected to be eligible to trade in the PORTAL market and to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. Windstream expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

CERTAIN MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax considerations relating to (i) the exchange of the old notes for new notes pursuant to the exchange offer by holders that acquired their old notes on original issuance for cash at the initial offering price and (ii) the ownership and disposition of the new notes as of the date of this prospectus. This summary does not purport to be a complete analysis of all potential tax considerations. This summary is based on the provisions of the Internal Revenue Code of 1986, as amended (the Code), the Treasury regulations promulgated thereunder, judicial authority, published administrative positions of the Internal Revenue Service (IRS) and other applicable authorities, all as in effect on the date of this document, and all of which are subject to change, possibly on a retroactive basis. We have not sought any ruling from the IRS with respect to the statements made and the conclusions reached in the following summary and there can be no assurance that the IRS will agree with our statements and conclusions.

This summary deals only with beneficial owners that hold the old notes, and that will hold the new notes, as capital assets within the meaning of section 1221 of the Code (generally, property held for investment). This summary does not purport to deal with all aspects of United States federal income taxation that might be relevant to particular holders in light of their personal investment circumstances or status, nor does it address tax considerations applicable to investors that may be subject to special tax rules, such as certain financial institutions, tax-exempt organizations, S corporations, partnerships or other pass-through entities for United States federal income tax purposes, insurance companies, broker-dealers, dealers or traders in securities or currencies, certain former citizens or residents of the United States subject to section 877 of the Code and taxpayers subject to the alternative minimum tax. This summary also does not discuss new notes held as part of a hedge, straddle, synthetic security or conversion transaction, or situations in which the functional currency of a United States Holder (as defined below) is not the United States dollar. Moreover, the effect of any applicable estate or gift, state, local or non-United States tax laws is not discussed.

The following discussion is for informational purposes only and is not a substitute for careful tax planning and advice. Investors considering the exchange of old notes for new notes should consult their own tax advisors with respect to the application of the United States federal income tax laws to their particular situations, as well as any tax consequences arising under the estate or gift tax laws or the laws of any state, local or non-United States taxing jurisdiction or under any applicable tax treaty.

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, PROSPECTIVE INVESTORS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES CONTAINED IN OR REFERRED TO IN THIS PROSPECTUS IS NOT INTENDED OR WRITTEN TO BE RELIED UPON AND CANNOT BE RELIED UPON BY PROSPECTIVE INVESTORS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON PROSPECTIVE INVESTORS UNDER THE CODE; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY WINDSTREAM IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY WINDSTREAM OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) PROSPECTIVE INVESTORS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

Exchange of Notes in the Exchange Offer

The exchange of old notes for new notes in the exchange offer will not constitute a taxable event. Consequently, a holder's tax basis in a new note should be the same as its tax basis in the corresponding old note immediately before the exchange, and the holder's holding period in the new note should include the holder's holding period in the old note exchanged therefor.

Table of Contents

United States Holders

The term **United States Holder** means a beneficial owner of a note that is, for United States federal income tax purposes:

- (1) an individual who is a citizen or a resident of the United States;
- (2) a corporation, or other entity taxable as a corporation for United States federal income tax purposes, created or organized under the laws of the United States or any state thereof or the District of Columbia;
- (3) an estate, the income of which is subject to United States federal income taxation regardless of its source; or
- (4) a trust, if (i) a court within the United States is able to exercise primary jurisdiction over its administration and one or more United States persons have the authority to control all of its substantial decisions, or (ii) in the case of a trust that was treated as a domestic trust under the law in effect before 1997, a valid election is in place under applicable Treasury regulations to treat such trust as a domestic trust.

In the case of a beneficial owner of notes that is classified as a partnership for United States federal income tax purposes, the tax treatment of the notes to a partner of the partnership generally will depend upon the tax status of the partner and the activities of the partnership. If you are a partner of a partnership holding notes, then you should consult your own tax advisors.

Payment of Interest

Stated interest on a new note generally will be included in the gross income of a United States Holder as ordinary income at the time such interest is accrued or received, in accordance with the holder's method of accounting for United States federal income tax purposes.

Sale, Exchange, Redemption, Retirement or Other Taxable Disposition of New Notes

Upon the sale, exchange, redemption, retirement or other taxable disposition of a new note, a United States Holder generally will recognize gain or loss equal to the difference between (i) the amount realized upon the disposition and (ii) that holder's adjusted tax basis in the new note. The amount realized will be equal to the sum of the amount of cash and the fair market value of any property received in exchange for the new note (less any portion allocable to any accrued and unpaid interest, which will be treated as ordinary income). A United States Holder's adjusted tax basis in a new note generally will equal the cost of the note to such holder, reduced by any principal payments on the note received by such holder. This gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if the United States Holder has held the note for more than one year. In general, long-term capital gains of a non-corporate United States Holder are taxed at reduced rates. The deductibility of capital losses is subject to limitations. United States Holders should consult their own tax advisors as to the deductibility of capital losses in their particular circumstances.

Information Reporting and Backup Withholding Tax

In general, we must report certain information to the IRS with respect to payments of principal, premium, if any, and interest (including any additional interest) on a new note and payments of the proceeds of the sale or other disposition of a new note, to certain non-corporate United States Holders. The payor (which may be us or an intermediate payor) will be required to impose backup withholding tax, currently at a rate of 28%, if (i) the payee fails to furnish a taxpayer identification number (**TIN**) to the payor or to establish an exemption from backup withholding tax; (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a notified payee underreporting described in section 3406(c) of the Code, or (iv) the payee has not certified under penalties of perjury that it has furnished a correct TIN and that the IRS has not notified the payee that it is subject to backup withholding tax under the Code. Any amounts withheld under the backup withholding

- (2) a foreign corporation; or
- (3) a foreign estate or trust.

The following discussion applies only to non-United States Holders, and assumes that no item of income, gain, deduction or loss derived by the non-United States Holder in respect of the notes at any time is effectively connected with the conduct of a United States trade or business. Special rules, not discussed herein, may apply to certain non-United States Holders, such as:

- (1) certain former citizens or residents of the United States;
- (2) controlled foreign corporations;
- (3) passive foreign investment companies;
- (4) corporations that accumulate earnings to avoid United States federal income tax;
- (5) investors in pass-through entities that are subject to special treatment under the Code; and
- (6) non-United States Holders that are engaged in the conduct of a United States trade or business.

Exchange Offer

The exchange of old notes for new notes pursuant to the exchange offer will not be treated as a taxable event for U.S. federal income tax purposes. Rather, the new notes received by a non-U.S. Holder will be treated as a continuation of the old notes in the hands of such non-U.S. Holder. Accordingly, such a non-U.S. Holder will have the same tax basis and holding period in the new notes as it had in the old notes immediately prior to the exchange.

Payment of Interest

Subject to the discussion of backup withholding tax below, interest paid on a new note by us or any paying agent to a non-United States Holder generally will be exempt from United States withholding tax under the portfolio interest exemption; provided that (i) the non-United States Holder does not, actually or constructively, own 10% or more of the combined voting power of all classes of our stock entitled to vote, (ii) the non-United States Holder is not a controlled foreign corporation related to us, actually or constructively, through stock ownership, (iii) the non-United States Holder is not a bank that acquired the notes in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, and (iv) either (a) the non-United States Holder provides to us or our paying agent an applicable IRS Form W-8BEN (or a suitable substitute form), signed under penalties of perjury, that includes its name and address and that certifies its non-United States status in compliance with applicable law and regulations, or (b) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business holds the new notes on behalf of the non-United States Holder and provides a statement to us or our agent under penalties of perjury in which it certifies that an applicable IRS Form W-8BEN (or a suitable substitute form) has been received by it from the non-United States Holder or qualifying intermediary and furnishes a copy to us or our agent. This certification requirement may be satisfied with other documentary evidence in the case of a new note held in an offshore account or through certain foreign intermediaries.

Table of Contents

If a non-United States Holder cannot satisfy the requirements of the portfolio interest exemption described above, payments of interest made to such holder generally will be subject to United States withholding tax at the rate of 30%, unless the holder provides us or our agent with a properly executed IRS Form W-8BEN claiming an exemption from or reduction of the withholding tax under the benefit of a tax treaty.

Sale, Exchange, Redemption, Retirement or Other Disposition of Notes

Subject to the discussion of backup withholding tax below, a non-United States Holder generally will not be subject to United States federal income tax or withholding tax on any gain realized on a sale, exchange, redemption, retirement or other disposition of a new note (other than any amount representing accrued but unpaid interest on the new note, which is subject to the rules discussed above under Non-United States Holders-Payment of Interest) unless the non-United States Holder is an individual who was present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

Information Reporting and Backup Withholding Tax

The amount of interest paid to a non-United States Holder and the amount of tax, if any, withheld from such payment generally must be reported annually to the non-United States Holder and to the IRS. The IRS may make this information available under the provisions of an applicable income tax treaty to the tax authorities in the country in which a non-United States Holder is resident. Provided that a non-United States Holder has complied with certain reporting procedures (usually satisfied by providing an IRS Form W-8BEN) or otherwise establishes an exemption, a non-United States Holder generally will not be subject to backup withholding tax with respect to interest payments on, and the proceeds from disposition of, a new note, unless we or our paying agent know or have reason to know that the holder is a United States person. Additional rules relating to information reporting requirements and backup withholding tax with respect to the payment of proceeds from the disposition of a note are as follows:

If the proceeds are paid to or through the United States office of a broker, a non-United States Holder generally will be subject to backup withholding tax and information reporting unless the non-United States Holder certifies under penalties of perjury that it is not a United States person (usually on an IRS Form W-8BEN) or otherwise establishes an exemption.

If the proceeds are paid to or through a non-United States office of a broker that is not a United States person and does not have certain specified United States connections (a United States Related Person), a non-United States Holder will not be subject to backup withholding tax or information reporting.

If the proceeds are paid to or through a non-United States office of a broker that is a United States person or a United States Related Person, a non-United States Holder generally will be subject to information reporting (but generally not backup withholding tax) unless the non-United States Holder certifies under penalties of perjury that it is not a United States person (usually on an IRS Form W-8BEN) or otherwise establishes an exemption.

Any amounts withheld under the backup withholding tax rules will be allowed as a refund or a credit against the non-United States Holder's United States federal income tax liability, provided the required information is furnished to the IRS.

PLAN OF DISTRIBUTION

Based on interpretations by the SEC's staff in no-action letters issued to other parties, we believe that a holder of new notes issued in the exchange offer may transfer the new notes without complying with the registration and prospectus delivery requirements of the Securities Act if such holder:

is not an affiliate of the Company within the meaning of Rule 405 under the Securities Act,

is not a broker-dealer tendering old notes acquired directly from Windstream for its own account,

acquired the old notes in the ordinary course of its business, and

has no arrangements or understandings with any person to participate in this exchange offer for the purpose of distributing the old notes and has made representations to Windstream to that effect.

Each broker-dealer that receives new notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where such old notes were acquired as a result of market-making activities or other trading activities. We have agreed to furnish to each broker-dealer, without charge, as many copies of this prospectus and any amendment or supplement to this prospectus as such broker-dealer may reasonably request. In addition, until July 5, 2007, all dealers effecting transactions in the new notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account under the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account under the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit of any such resale of new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The Letter of Transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the exchange offer (other than the expenses of counsel for the holders of the old notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the old notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

Unaudited Pro Forma Consolidated Financial Information

On February 27, 2007, Windstream Corporation (Windstream or the Company) completed the private placement of \$500.0 million aggregate principal amount of senior notes due 2019 (the February 27th debt refinancing transaction). The new senior notes, (the 2019 Notes) were priced with an interest rate of 7.0 percent. Windstream used the net proceeds of the offering to repay \$500.0 million of amounts outstanding under its term loan portion of its senior secured credit facilities. Additionally, Windstream received consent of lenders to an amendment and restatement of its \$2.9 billion secured credit facilities. Windstream amended and restated its senior secured credit facilities to, among other things, reduce the interest payable under tranche B of the term loan portion of the facilities by 25 basis points; modify the pre-payment provision; modify certain covenants to permit the consummation of the previously announced split-off of its directory publishing business; and make other specified changes.

The following unaudited pro forma condensed consolidated statement of income for the year ended December 31, 2006 reflects the effects of the February 27th debt refinancing transaction, as well the effects of the Company s spin-off from Alltel Corporation (Alltel) and merger with Valor Communications Group, Inc. (Valor). On July 17, 2006, Valor, Alltel, and Alltel Holding Corp., then a wholly-owned subsidiary of Alltel (also referred to herein as Spinco), consummated the spin-off of Spinco, which held Alltel s wireline telecommunications business, and the merger of Spinco with and into Valor. Valor was the surviving company in the merger, and was renamed Windstream Corporation.

The unaudited pro forma condensed consolidated statement of income is based on the historical financial statements of Windstream, Spinco and Valor. This statement considers significant components of each of these transactions, including the following: (1) the private placement of \$500.0 million aggregate principal amount of senior notes due 2019, (2) the repayment of \$500.0 million of amounts outstanding under term loan portion of its senior secured credit facilities, (3) the contribution of Alltel s wireline operations to Spinco, (4) the spin-off of Spinco to Alltel s stockholders as a tax-free stock dividend, payment of a \$2.3 billion special dividend by Spinco to Alltel and the distribution by Spinco of certain of its debt securities to Alltel, (5) the merger of Spinco with Valor accounted for as a reverse acquisition of Valor by Spinco, with Spinco considered the accounting acquirer, and (6) the issuance of \$4.9 billion of long-term debt by Windstream in conjunction with the spin-off and merger.

The unaudited pro forma condensed consolidated statement of income has been prepared as if each of these transactions had been completed as of January 1, 2006. In giving effect to the spin-off from Alltel and merger with Valor, this statement was prepared using the purchase method of accounting. The unaudited pro forma condensed consolidated statement of income was prepared using (1) the audited consolidated financial statements of Windstream for the year ended December 31, 2006, included in Windstream s Form 10-K filed on March 1, 2007, (2) the unaudited consolidated financial statements of Valor included in Valor s quarterly report on Form 10-Q for the period ended June 30, 2006, and the unaudited results of Valor operations for the 17 days ended July 17, 2006.

An unaudited pro forma consolidated balance sheet as of December 31, 2006 has not been included in this unaudited pro forma consolidated financial information as the impact of these transactions to the Company s December 31, 2006 consolidated balance sheet was limited. The consolidated balance sheet at December 31, 2006 included the effects of the spin-off from Alltel and merger with Valor. The February 27th debt refinancing transaction resulted in the repayment of \$500.0 million of Term Loan B principle. The Company then issued the 2019 Notes in the principle amount of \$500.0 million. Of the Term Loan B repayment, \$2.5 million was related to the current portion of the loan. The 2019 Notes do not require periodic principle payments, and thus a current portion of amounts due under these notes was not recorded.

After the completion of the February 27th debt refinancing transaction, the remaining principle borrowings under Term Loan B is \$1,400.0 million. The Company previously entered into four interest rate swaps

Table of Contents

agreements that were separately designated as cash flow hedges on the first \$1,525.0 million of principle borrowings under Term Loan B. As of February 27, 2007, the Company had recorded a \$48.4 million loss associated with the interest rate swaps as an unrecognized holding loss on interest rate swaps in accumulated other comprehensive income (loss). After the completion of the transaction, a portion of one of the four interest rate swap agreements with a notional value of \$381.3 million will no longer be effective as a hedge. Paragraph 156 and footnote 25 of Statement of Financial Accounting Standards (SFAS) No. 133, Accounting for Derivative Financial Instruments , as amended, states that the accumulated other comprehensive income (loss) balance related to the ineffective portion of the swap should be reclassified to earnings as the interest payments from the new issuance affect earnings over the original maturity of the swap (the originally designated hedging relationship). Thus, the unrecognized holding loss of \$4.0 million related to the ineffective portion of the swap will be amortized to interest expense over the remaining life of Term Loan B, which is 76.5 months. The first 12 months of amortization of this unrealized holding loss is included as a pro forma adjustment to interest expense in the unaudited pro forma condensed consolidated statement of income for the year ended December 31, 2006. Future changes in the fair value of the ineffective portion of the swap will be recognized in earnings.

The unaudited pro forma results are for illustrative purposes only and do not reflect the realization of potential cost savings, or any related restructuring costs. Certain cost savings may result from the merger with Valor; however, there can be no assurance that these cost savings will be achieved. These pro forma results do not purport to be indicative of the results that would have actually been obtained if these transactions had occurred as of January 1, 2006, nor does the pro forma data intend to be a projection of results that may be achieved in the future. The unaudited pro forma condensed consolidated statement of income should be read in conjunction with the separate historical financial statements and accompanying notes of Windstream, Spinco and Valor.

NOTES TO UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS

- a. This adjustment is to eliminate the intercompany revenues and related expenses associated with Spinco's agreement to provide customer billing services to Valor prior to the merger.
- b. This adjustment reflects the amortization of the finite-lived identifiable intangible assets recorded in the merger with Valor, which consisted of the Valor customer list. For purposes of determining the amount of the adjustment, the estimated life of Valor's customer base was assumed to be nine years, and the transaction was assumed effective on January 1, 2006. The accelerated sum of the years digits method was used to calculate pro-rated amortization of \$42.0 million for the year ended December 31, 2006. This pro-rated amortization was then reduced by \$19.2 million in Valor customer list amortization that was recorded by Windstream during the period.
- c. This adjustment is to eliminate royalty expense charged to Spinco by Alltel pursuant to a licensing agreement with an Alltel affiliate under which Spinco's incumbent local exchange carrier subsidiaries were charged a royalty fee for the use of the Alltel brand name in marketing and distributing telecommunications products and services. Following the spin-off and merger with Valor, Windstream no longer incurs this charge as it has ceased use of the Alltel brand name, and accordingly, this expense has been eliminated in the pro forma consolidated statement of income.
- d. This adjustment is to eliminate spin-off and merger related costs incurred by Windstream for the year ended December 31, 2006. During 2006, the Company incurred \$27.6 million of costs in connection with its spin-off from Alltel and merger with Valor. These costs consisted of \$7.9 million of consulting and legal fees, \$13.8 million of signage and other costs to rebrand the Company's offices and vehicles, and \$5.9 million of computer system separation and conversion costs.
- e. This adjustment is to eliminate merger related costs incurred by Valor prior to July 17, 2006. These costs included \$14.3 million of expense related to the acceleration of restricted stock that vested immediately upon the closing of the transaction, as well as other retention and severance related payouts resulting from the merger.
- f. This adjustment is to eliminate the intercompany interest income earned by Spinco from Alltel on certain interim financing that Spinco provided to Alltel in the normal course of business prior to the spin-off.
- g. This adjustment is to eliminate the prepayment penalties incurred on the early retirement of debt pursuant to the spin-off from Alltel and merger with Valor.
- h. This adjustment is to true-up reported interest expense to the pro-forma interest expense to be recognized on the debt structure of Windstream following the spin-off from Alltel and merger with Valor, and before the February 27th debt refinancing transaction. The adjustment considers (1) the estimated interest expense recognized on both surviving and newly issued debt of the Company in conjunction with the spin-off and merger, as calculated below, (2) the amortization of debt issuance costs capitalized and original issue discount associated with this newly issued debt as calculated below, (3) the effects of amortizing the assignment of a \$15.0 million fair value adjustment to Valor's surviving Senior Note (assumed effective January 1, 2006), and (4) the elimination of reported interest expense for both Windstream and Valor.
