Investment Unit Reduction through Stock Split and Adoption of Unit Share System

Tokyo, May 23, 2007 Mitsubishi UFJ Financial Group, Inc. (MUFJ) hereby announces that its Board of Directors, having approved a plan to reduce its minimum stock investment unit (or investment unit price) with respect to its ordinary stock through a stock split and the adoption of a unit share system at the meeting held on January 31, 2007, today passed a resolution on the stock split. Furthermore, the Board of Directors resolved to submit a proposal at a General Meeting of Shareholders for partial amendment of the Articles of Incorporation necessary for introducing a unit share system and for increasing the total number of shares authorized to be issued, etc. The details and method of the investment unit reduction, including the details of the resolution passed today, are as stated below.

The stock split is subject to the approval of the proposed partial amendments to the Articles of Incorporation at the General Meeting of Shareholders scheduled to be held on June 28, 2007 (which also serves as a general meeting of holders of class shares with respect to ordinary shares) and at the general meeting of holders of class shares with respect to preferred shares scheduled to be held on June 27, 2007. The details of the proposed partial amendments to the Articles of Incorporation shall be separately announced today.

1. Method of Investment Unit Reduction

Our minimum ordinary stock investment unit will be reduced to one-tenth of the current unit through (a) a stock split by which one share will be split into 1,000 shares and (b) the adoption of a unit share system under which one unit of our ordinary stock will be comprised of 100 shares, effective as of September 30, 2007. In the same way, with respect to each class of preferred shares, each share will be split into 1,000 shares, and a unit share system will be adopted under which one unit will be comprised of 100 shares.

2. Stock Split

(1) Details of Stock Split:

A one for 1,000 split of our ordinary stock and preferred shares, respectively, will be made as of Sunday, September 30, 2007.

(Note) The shares of our ordinary stock held by the shareholders recorded in the final shareholders registry, the beneficial shareholders registry and the fractional share registry as of Saturday, September 29, 2007, will be subdivided at a ratio of 1,000 shares for each existing share. Since Saturday, September 29, 2007 is not a business day for our share transfer agent, any share transfer registration must be made on or before Friday, September 28, 2007.

(2) Submission of the Outstanding Share Certificates and Issuance of Certificates Representing New Shares Resulting from the Stock Split: The currently outstanding share certificates shall be required to be submitted upon the execution of the stock split. The currently outstanding share certificates will no longer be valid after the execution of the stock split; thus, they will be collected and new share certificates are scheduled to be issued in exchange for the collected share certificates in late November 2007. Even though the old share certificates shall become invalid upon the execution of the stock split, the shareholders shall not lose the rights to their shares; provided, however, that, after the execution of the stock split, the old ordinary share certificates will no longer be eligible for settlement at the Tokyo Stock Exchange, the Osaka Securities Exchange or the Nagoya Stock Exchange.

(Note) Beneficial shareholders registered in the Custody and Book-Entry Transfer System (JASDEC System) will be able to trade their shares, including the additional shares issued as a result of the stock split, starting on Monday, October 1, 2007.

(3) Period for Submission of the Existing Share Certificates:

The period for submission of the currently outstanding share certificates is scheduled to be from Friday, August 10, 2007 to Saturday, September 29, 2007.

(Note) Since Saturday, September 29, 2007 is not a business day for our share transfer agent, the actual final date for submission of all outstanding share certificates will be Friday, September 28, 2007.

(4) Partial Amendment of Our Articles of Incorporation:

At the General Meeting of Shareholders and the general meeting of holders of class shares scheduled to be held in late June 2007, a proposal to partially amend our Articles of Incorporation to increase the total number of authorized shares and to make other changes necessary for the stock split will be submitted for approval by our shareholders.

(5) Shares to be Issued as a Result of the Stock Split:

	Total number of outstanding shares	Number of new shares to be issued	Total number of shares after stock split

(Note) The total number of outstanding shares is as of April 30, 2007. The number of new shares to be issued and the number of shares after stock split are subject to changes in the total number of outstanding shares that may result from any acquisition of the preferred shares, any cancellation of our own shares, etc., that occurs on or prior to the record date of the scheduled stock split.

3. Introduction of Unit Share System

(1) Summary:

Subject to the stock split described above becoming effect as scheduled, a unit share system will be adopted on Sunday, September 30, 2007. One unit shall be comprised of 100 shares.
