HOUSTON, TEXAS MAY 30, 2007, TODCO ANNOUNCES EARLY TERMINATION OF HART-SCOTT-RODINO WAITING PERIOD

Houston, Texas, May 30, 2007 TODCO (the Company) (NYSE-THE) today announced that the Department of Justice and the Federal Trade Commission have granted early termination of the government's pre-merger antitrust review of the transaction under the Hart-Scott-Rodino Antitrust Improvement Act of 1976, as amended, relating to the previously announced merger with Hercules Offshore.

On March 19, 2007, TODCO announced that it had entered into an Agreement and Plan of Merger with Hercules. The merger remains subject to certain stockholder approvals, as well as the satisfaction of other customary closing conditions. TODCO and Hercules previously announced the meeting date for the stockholders of the companies. TODCO expects that the merger will close immediately after the stockholders meetings, which are scheduled to be held on July 11, 2007.

These statements are based on the current expectations and estimates of the management of TODCO and Hercules are subject to risks and uncertainties that may cause actual results to differ materially. Although TODCO and Hercules believe that such expectations reflected in such forward-looking statements are reasonable, they cannot give assurances that such expectations will prove to be correct. Except as required by law, TODCO and Hercules undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Risks of the merger: Risks with respect to the combination of TODCO and Hercules include the risk that TODCO and Hercules will not be able to close the transaction, as well as difficulties in the integration of the operations and personnel of TODCO and diversion of management's attention away from other business concerns. TODCO and Hercules expect to incur substantial

transaction and merger related costs associated with completing the merger, obtaining regulatory approvals, combining the operations of the two companies and achieving desired synergies. Additional unanticipated costs may be incurred in the integration of the businesses of TODCO and Hercules. Expected benefits of the merger may not be achieved in the near term, or at all. Hercules will have a significant amount of additional debt as a result of the merger. This debt will require Hercules to use cash flow to repay indebtedness, may have a material adverse effect on Hercules' financial health, and may limit Hercules' future operations and ability to borrow additional funds.

Business risks: Other risks and uncertainties that may affect actual results of TODCO and Hercules and the combined company after the merger include, among other things, oil and natural gas prices and industry expectations about future prices; demand for offshore and inland water rigs and liftboats; TODCO's and Hercules' ability to enter into and the terms of future contracts; the impact of governmental laws and regulations; increases in operating expenses; uncertainties relating to the level of activity in offshore oil and natural gas exploration, development and production; the availability of skilled personnel; extended delivery time for material and equipment; labor relations and work stoppages; operating hazards such as severe weather and seas, fires, cratering, blowouts, war, terrorism and inadequate insurance coverage; compliance with or breach of environmental laws; the impact of newly built rigs; the effect of litigation and contingencies; and the inability of TODCO or Hercules to achieve their plans or carry out their strategies. Other risks and uncertainties that may affect actual results are described in TODCO's and Hercules' most recent periodic reports and other documents filed with the SEC, which are available free of charge at the SEC's website at <http://www.sec.gov>.
