Report of Independent Registered Public Accounting Firm

To the Participants and Benefits Administration and Investment Committee of

The Colonial BancGroup 401(k) Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of The Colonial BancGroup 401(k) Plan (the Plan) at December 31, 2007 and 2006, and the change in net assets available for benefits for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Colonial BancGroup 401(k) Plan

Notes to Financial Statements

December 31, 2007 and 2006

1. Description of Plan

The Colonial BancGroup 401(k) Plan (the Plan) is a defined contribution plan sponsored by The Colonial BancGroup, Inc. and its subsidiaries (collectively BancGroup) to provide benefits to their employees. BancGroup operates predominately in the domestic commercial banking industry in the southeastern United States.

The Plan is administered by the BancGroup Benefits Administration and Investment Committee. The Charles Schwab Trust Company functions as the Plan Trustee and Milliman USA, Inc. serves as the Plan Recordkeeper.

Participants should refer to the Plan agreement for more complete information regarding vesting, benefits, and other plan provisions.

Eligibility and Participation

Effective April 1, 2005, each employee of BancGroup who works at least 20 hours per week shall be eligible to become an active participant coincident with the employment date of hire. Employees who work less than 20 hours a week shall become an active participant the date the employee completes one year of eligible service.

Employee Contributions

Under the Plan, the amount of salary reduction for any plan year shall be no less than 1% of the participant's compensation nor greater than 70% of the participant's compensation (in 1% increments). The amount of the salary reduction will be remitted by BancGroup to the Plan's custodian at the end of each pay period. For 2007, the maximum employee contribution allowable by the Internal Revenue Code, excluding catch-up contribution provisions, was \$15,500. The maximum catch-up contribution for 2007 was \$5,000.

Employee Rollover Contributions

Employees may roll other funds from a prior employer's qualified retirement plan or certain IRAs into the Plan. The funds must be rolled into the Plan within 60 days after the funds are received by the employee from the other qualified plan.

Employer Contributions

Effective January 1, 2007, for each participant who made a contribution during the Plan year, BancGroup made an employer matching contribution equal to 100% of the participant's salary reduction contribution, limited to a maximum of 6% of the participant's compensation.

Prior to January 1, 2007, for each participant who made a contribution during the respective Plan years, BancGroup made an employer matching contribution equal to 50% of the participant's salary reduction contribution, limited to a maximum of 3% of the participant's compensation. In 2006, BancGroup also made a discretionary profit sharing contribution, set at 2.5% of eligible pay, which was in addition to the employer matching contribution.

Investment Options

Participants direct the investment of both the salary reduction contributions and employer matching and discretionary contributions into various investment options offered by the Plan. As of December 31, 2007 the Plan offered ten mutual funds, one money market fund, and BancGroup common stock as investment options for participants.

Forfeitures

The non-vested portion of a terminated participant's account balance shall be forfeited and used to reduce BancGroup's future employer contributions or administrative expenses otherwise payable for the plan year in which such forfeitures arise or for any succeeding plan year. For the year ended December 31, 2007, administrative fees were offset by non-vested forfeited amounts of approximately \$236,000. At December 31, 2007, forfeited non-vested accounts available for use totaled approximately \$134,000.

Notes to Financial Statements

December 31, 2007 and 2006

Termination of Plan

While it is the intention of BancGroup to continue the Plan indefinitely, BancGroup reserves the right to reduce, suspend, or discontinue contributions to the Plan or to terminate the Plan at any time by vote of its Board of Directors. Upon such termination of the Plan, the interest of each participant will be distributed to the participant or beneficiary at the time prescribed by the Plan agreement and the Internal Revenue Code.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance less any outstanding loans to the participant or (b) \$50,000 less the highest outstanding loan balance in the previous twelve months for that participant. Loan transactions are treated as transfers between the investment fund and the participant loan fund. Loan terms may not exceed five years. The loans are secured by the balance in the participant's account and bear interest at Colonial Bank's prime rate plus 1%. The interest rates on the existing loans as of December 31, 2007 ranged from 5.00% to 9.25%.

2. Benefits

Termination of Employment

Any benefits payable to a participant whose employment with BancGroup has terminated for any reason other than death or disability shall be distributed to the participant as follows: (1) if the value of benefits is not greater than \$1,000, the distribution shall be in a lump-sum payment, (2) if the value of benefits is equal to \$1,000 but not exceeding \$5,000 and the distribution occurs prior to attainment of normal retirement age, benefits shall be rolled to a BancGroup IRA in the participant's name in the absence of a written election from the participant or (3) if the value of benefits is greater than \$5,000, the distribution shall, at the election of the participant, be received as of any valuation date on or after the termination date, but not later than age 65. The participant may elect to receive the distribution in the following forms: (a) direct rollover of entire distribution to a BancGroup IRA, (b) direct rollover to another institution or qualified plan, or (c) lump sum payment.

Disability

A participant that incurs a disability will become fully vested in the employer matching account and discretionary contribution account balances regardless of age and years of service. The vested account balances may be received in the form of a lump-sum payment as of any valuation date on or after the termination date, but no later than age 65.

Death

In the event of a participant's death, account balances become fully vested and immediately payable in the form of a lump-sum payment to the surviving spouse or properly designated non-spouse beneficiary.

Vesting

A participant's interest in the salary reduction account shall at all times be fully vested and nonforfeitable. A participant's interest in the employer matching and discretionary contributions shall be fully vested and nonforfeitable upon the occurrence of any of the following events: death, disability, attainment of normal retirement date while in the service of BancGroup, termination of

Table of Contents**The Colonial BancGroup 401(k) Plan****Notes to Financial Statements****December 31, 2007 and 2006**

the Plan, or complete discontinuance of all employer matching and discretionary contributions. Prior to the occurrence of any of the preceding events, the vested interest in employer matching and discretionary contributions shall be determined in accordance with the following vesting schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

3. Summary of Significant Accounting Policies**General**

The Plan is on the accrual method of accounting and the accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, mutual funds, and other investment securities. Generally, all investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Additionally, due to the concentration of investment in the common stock of the plan sponsor (BancGroup), it is possible that changes in fair value of the common stock in the near term could materially affect participants' account balances and amounts reported in the statements of net assets available for benefit and the statement of changes in net assets available for benefits. Subsequent to year end, the common stock of BancGroup has experienced significant declines in fair value. As of the date of the report, the fair value of shares of the common stock was \$4.88 per share down from \$13.54 per share at December 31, 2007.

Valuation of Investments

Investments are stated at fair value. Investments in money market funds, mutual funds, and BancGroup common stock are valued at the last quoted market price on the last business day of the year. Securities traded in the over-the-counter market are valued at the latest bid price from published sources (Note 4). Participant loans are valued at cost, which approximates fair value. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Edgar Filing: COLONIAL BANGGROUP INC - Form 11-K

Purchases and sales of securities are reflected as of the trade date. Gain or loss on sales of securities is determined using the average cost of securities sold. Interest income from investments is recorded when earned. Dividend income is recorded on the ex-dividend date.

Table of Contents**The Colonial BancGroup 401(k) Plan****Notes to Financial Statements****December 31, 2007 and 2006****Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

4. Investments

Investment information at December 31, 2007 and 2006 and for the year ended December 31, 2007 is as follows:

The Plan's investments (including investments bought and sold, as well as those held during the year) had net depreciation in fair value of \$27,441,568 during the year ended December 31, 2007 as follows:

Mutual funds	\$ 6,449,066
Common stock	20,992,502
	\$ 27,441,568

5. Income Tax Status

Edgar Filing: COLONIAL BANGGROUP INC - Form 11-K

The Plan obtained its latest determination letter on May 10, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. The plan administrator and the Plan's tax counsel believe that the Plan continues to qualify and operate as designed. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Table of Contents**The Colonial BancGroup 401(k) Plan****Notes to Financial Statements****December 31, 2007 and 2006****6. Related Party Transactions**

BancGroup paid administrative expenses on behalf of the Plan, including legal, trust, administrative, and accounting fees of approximately \$375,000 for the year ended December 31, 2007.

For the year ended December 31, 2007, the Plan recognized unrealized losses, investment income, and realized losses of approximately \$20,993,000, \$1,248,000, and \$1,549,000, respectively, on its investment in The Colonial BancGroup, Inc. common stock.

For investment purposes, the Plan purchased approximately \$10,817,000 and liquidated approximately \$7,630,000 of The Colonial BancGroup, Inc. common stock for the year ended December 31, 2007.

7. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2007 and 2006 to Form 5500:

	2007	2006

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements at December 31, 2007 to Form 5500:

	2007
Net decrease in net assets available for benefits per financial statements	\$ 10,486,785
Deemed distributions, net	498
Net decrease in net assets available for benefits per Form 5500	\$ 10,487,283

8. New Accounting Pronouncement

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*, as amended in February 2008 by FASB Staff Position (FSP) FAS 157-2, *Effective Date of FASB Statement No. 157*. The provisions of SFAS No. 157 are effective for the Plan as of January 1, 2008. However, FSP FAS 157-2 defers the effective date for all nonfinancial assets and liabilities, except those items recognized or disclosed at fair value on an annual or more frequently recurring basis, until January 1, 2009. SFAS No. 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Plan management does not believe the adoption of SFAS No. 157 will have a material impact on the financial statements.
