VOTING INFORMATION

Proxy Solicitation. The Board of Directors is furnishing you with this Proxy Statement in connection with the solicitation of your proxy for the Annual Meeting of Stockholders to be held on May 21, 2009 and at any adjournment thereof. This solicitation is being made by mail. The Company may also use its officers and other employees to solicit proxies from stockholders, personally or by telephone, facsimile, letter or electronic mail. The Company will pay all costs associated with the solicitation of proxies. If the Company requests nominees and brokers to solicit their principals and customers for their proxies, it will reimburse the nominees and brokers for their reasonable out-of-pocket expenses.

Annual Meeting of Stockholders. The Annual Meeting of Stockholders will be held on May 21, 2009 at 9:00 a.m. Eastern Daylight Time at the Millennium Broadway Hotel located at 145 West 44th Street, New York, New York 10036. If you need directions to the Annual Meeting, please contact Julie Creed, VP, Investor Relations at 1-312-496-1200. This Proxy Statement is first being mailed on or about April 20, 2009 to Company stockholders entitled to notice of, and to vote at, the Annual Meeting.

Record Date. Each share of Company common stock that you owned as of April 3, 2009, the record date for the Annual Meeting, entitles you to one vote. On April 3, 2009 there were 16,959,518 shares of Company common stock outstanding.

Quorum. A quorum of stockholders is necessary for the Company to hold a valid meeting. If at least a majority of the Company's common stock is present in person or by proxy, a quorum will exist. The inspector of election appointed for the Annual Meeting will determine whether a quorum is present. Abstentions and broker non-votes are counted as present to establish a quorum. A broker non-vote occurs when a broker or other record holder does not vote on some matters presented at the meeting because the broker or other record holder does not have discretionary voting authority with respect to that matter and has not received voting instructions from the beneficial owner on those matters.

Voting. You may vote on the proposals presented at the Annual Meeting in one of two ways:

By Proxy: You can vote your shares by signing, dating and returning the enclosed Proxy Card. If you do this, the individuals named on the card will vote your shares in the manner you indicate and in their discretion on any other matters that may properly come before the meeting. You may specify on your Proxy Card how you would like your shares voted. If you do not indicate instructions on the card, your shares will be voted *for* the election of each individual nominated for director under Proposal I and *for* the ratification of the Board of Directors' selection of KPMG LLP as the Company's independent registered accounting firm for 2009 under Proposal II; or

In Person: You may come to the Annual Meeting and cast your vote.

If you grant the Company a proxy, you may revoke your proxy at any time before it is exercised by (1) sending notice to the Company Secretary at the Company's principal executive offices in writing; (2) providing to the Company a later-dated proxy; or (3) attending the Annual Meeting in person and voting your shares. Merely attending the Annual Meeting, without further action, will not revoke your proxy.

If your broker holds your shares in its name, the broker will inform you how to instruct it as to the manner in which you want your shares voted. The broker is permitted to vote your shares for the election of each nominee for director and for the ratification of the Board of Directors' selection of KPMG LLP if the broker does not receive voting instructions from you. If your broker does receive voting instructions from you, it must vote in accordance with these instructions.

The inspector of election appointed for the Annual Meeting will tabulate votes.

Table of Contents

Required Vote. Pursuant to the Company's Amended and Restated Bylaws, directors are elected by a plurality vote. This means that with respect to Proposal I, the two (2) director nominees receiving the highest number of votes cast FOR their election will be elected. Proposal II requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote thereon at the Annual Meeting.

Votes withheld and abstentions are deemed present at the Annual Meeting and are counted for quorum purposes but are not counted for purposes of election of directors (Proposal I) and, with respect to Proposal II, will have the same effect as a vote against the matter.

Majority Vote Policy. The Company's Corporate Governance Guidelines provide that, in any uncontested election, any nominee for director who does not receive a majority of votes cast FOR his or her election is required to tender his or her resignation promptly following the failure to receive the required vote. The Corporate Governance Guidelines require the Nominating and Board Governance Committee of the Board of Directors to make recommendations to the Board with respect to any such resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process. Full details of this policy are set forth under Practices (Resignation for Majority Withheld Vote) in the Company's Corporate Governance Guidelines, a copy of which is included in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

PROPOSAL I

ELECTION OF CLASS III DIRECTORS

The Board of Directors currently has nine members, two of whom are Company employees and seven of whom are non-employees.

The Board of Directors is divided into three classes (Classes I, II, and III) for purposes of election. The Company's Amended and Restated Certificate of Incorporation calls for each class to consist, as nearly as possible, of one-third of the total number of directors that make up the Board of Directors. One class is elected at each Annual Meeting of Stockholders to serve for a three-year term. The Board of Directors recommends that two (2) directors be elected at the Annual Meeting as Class III directors to hold office for a three-year term expiring in 2012. Directors who are not standing for election this year will continue in office for the remainder of their respective terms.

The Board of Directors has recommended and nominated each of the following persons to be reelected to the Board of Directors as Class III directors with terms expiring in 2012: **Mr. Knell** and **Ms. Kanin-Lovers**.

The enclosed Proxy will be voted **FOR** the election of each of the two nominees unless it is marked to withhold authority to vote for one or more of the nominees. Proxies cannot be voted for more than two nominees.

If any nominee ceases to be a candidate for election for any reason, the Proxy will be voted for a substitute nominee designated by the Company's Board of Directors. The Board of Directors currently has no reason to believe that any nominee will not remain a candidate for election as a director or will be unwilling to serve as a director if elected.

Below is certain information about each director nominee and each director whose term of office will continue after the Annual Meeting. There are no family relations among any directors, executive officers, or persons nominated to become a director.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF GARY E. KNELL AND JILL KANIN-LOVERS TO THE BOARD OF DIRECTORS.

Table of Contents

CORPORATE GOVERNANCE

Board of Directors and Stockholder Meetings. The Board of Directors met five times during 2008. Each of the directors attended at least 75 percent of the meetings of the Board and the committees of which he or she was a member. The Company expects directors to attend the Annual Meetings of Stockholders unless circumstances impair their ability to do so. Eight of the Company's directors attended the 2008 Annual Meeting of Stockholders.

Director Independence. Each year, the Board of Directors reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ Stock Market, Inc. Marketplace Rules (the "NASDAQ Rules"), and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, are considered to be independent directors. The Board of Directors has adopted Director Independence Standards to use in evaluating the independence of directors. After a review of the relevant information, the Board of Directors has determined that Richard I. Beattie, Antonio Borges, John A. Fazio, Jill Kanin-Lovers, Gary E. Knell, Robert E. Knowling, Jr. and V. Paul Unruh are independent directors of the Company within the meaning of applicable NASDAQ Rules and the Company's Director Independence Standards. You can access the Director Independence Standards in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

Corporate Governance Guidelines. The Board of Directors has adopted corporate governance guidelines to help it fulfill its responsibilities to the stockholders in overseeing the work of management and the Company's business results. These guidelines are intended to ensure that the Board of Directors has the necessary authority and practices in place to review and evaluate the business operations of the Company, as needed, and to make decisions that are independent of management. In addition, the guidelines are intended to align the interests of directors and management with those of the Company's stockholders. A copy of the Corporate Governance Guidelines is available in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

Director Nominating Procedures. Directors may be nominated by the Board of Directors or by stockholders in accordance with the Company's Amended and Restated Bylaws. The Nominating and Board Governance Committee reviews all proposed nominees for the Board of Directors, including those proposed by stockholders, in accordance with the mandate contained in its charter. This includes a review of the person's occupation, experience, time commitments, financial literacy, independence, judgment, understanding of the Company's business or other related industries, and such other factors as the Nominating and Board Governance Committee determines are relevant in light of the needs of the Board of Directors and the Company. The Nominating and Board Governance Committee selects qualified candidates and reviews its recommendations with the Board of Directors, which determines whether to nominate them for election to the Board of Directors. To date, the Nominating and Board Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates; however, the Nominating and Board Governance Committee has worked with search consultants from the Company to identify director candidates.

Stockholder Recommendations for Nominations. Stockholders who wish to recommend individuals for consideration by the Nominating and Board Governance Committee to be nominees for election to the Board of Directors may do so by notifying the Company's Corporate Secretary. In addition, the Company's Amended and Restated Bylaws permit stockholders to nominate directors at a stockholder meeting. To nominate a director at the 2010 Annual Meeting, a stockholder must notify the Corporate Secretary not less than 60 days, nor more than 90 days, prior to May 21, 2010. Notices should be sent to: Corporate Secretary, Heidrick & Struggles International, Inc., 233 South Wacker Drive, Suite 4200, Chicago, Illinois 60606. In either case, the notice must meet all of the requirements contained in the Company's Amended and Restated Bylaws. The notice must set forth:

(1) the name, age, business address and residence address of the proposed nominee, the class and number of voting shares of the Company's capital stock the nominee beneficially owns and any other

information relating to the nominee that is required to be disclosed in solicitations for proxies for the election of directors pursuant to Section 14 of the Securities Exchange Act of 1934 and the rules and regulations thereunder; and

(2) as to the stockholder proposing such nominee, that stockholder's name and address, the class and number of voting shares of the Company's capital stock the stockholder beneficially owns, a description of all arrangements and understandings between the stockholder and the nominee or any other person (including their names) pursuant to which the nomination is made, a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person named in its notice and any other information relating to the stockholder that is required to be disclosed in solicitations for proxies for the election of directors pursuant to Section 14 of the Securities Exchange Act of 1934 and the rules and regulations thereunder.

The notice must also be accompanied by a written consent of the proposed nominee both to being named as a nominee and to serving as a director if elected.

Stockholder Communications. Stockholders may communicate directly with the Board of Directors. All communications should be directed to: Corporate Secretary, Heidrick & Struggles International, Inc., 233 South Wacker Drive, Suite 4200, Chicago, Illinois 60606. Any such communication should prominently indicate on the outside of the envelope that it is intended for the Board of Directors or a particular director. Each communication intended for the Board of Directors or a particular director and received by the Secretary will be forwarded to the specified party following its clearance through normal security procedures.

Code of Ethics. The Board of Directors has adopted a Code of Business Conduct that applies to all of the Company's employees, officers and directors. You can access this Code of Business Conduct in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

EthicsLine. The Board of Directors has established the Heidrick & Struggles EthicsLine, a service that provides a mechanism for reporting to the Company alleged breaches of any legal or regulatory obligations, financial fraud, including accounting, internal controls and auditing, or any alleged violation of the Company's Code of Business Conduct or corporate policies.

The EthicsLine is a telephonic reporting hotline, (toll free in the US) available to all Company employees, contractors, vendors, stockholders or other interested parties. The EthicsLine is administered by a third-party company that is separate and independent of Heidrick & Struggles and specializes in running whistleblower hotline programs for companies throughout the U.S. Calls are not recorded and callers may remain anonymous. The EthicsLine is operational 24 hours a day, seven days a week and may be reached at **1-800-735-0589** or, if calling from outside the United States, at **+1-704-731-7242**.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has a standing Audit and Finance Committee, Human Resources and Compensation Committee, and Nominating and Board Governance Committee. The Board of Directors has determined that all of the directors who serve on these committees are independent within the meaning of the Company's Director Independence Standards and the applicable NASDAQ Rules, including, in the case of members of the Audit and Finance Committee, the specific independence requirements for audit committees.

The Board of Directors has adopted a charter for each of the three standing committees. You can access these committee charters in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

INSIDER PARTICIPATION

During 2008, no person who was a member of the Human Resources and Compensation Committee was one of the Company's officers or employees, nor did any of those executive officers serve as a member of the Board of Directors or compensation committee of any entity that has one or more executive officers serving on the Company's Board of Directors or Human Resources and Compensation Committee. From time to time, the Chief Executive Officer, certain other officers and outside consultants may attend meetings of the Human Resources and Compensation Committee, but none of the Company's officers may be present during discussions or deliberations regarding his or her own compensation, nor may they vote on any matters brought before the Human Resources and Compensation Committee.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

Our Business

Heidrick & Struggles is a leading provider of executive search and leadership advisory services. The Company helps its clients build leadership teams by facilitating the recruitment, management and deployment of senior executives. Focusing on top-level services offers the Company several advantages, including access to, and influence with, key decision makers, increased potential for recurring consulting engagements, higher fees, and enhanced brand visibility, all of which create added barriers to entry for potential competitors. Working at the top of client organizations also allows the Company to attract and retain high-caliber consultants.

In addition to executive search, the Company provides a range of leadership advisory services to clients. These services include succession planning, talent retention management, executive assessment, executive development, transition consulting for newly appointed executives, and M&A human capital integration consulting.

Heidrick & Struggles has been in the executive search business for more than 50 years. The Company provides its services to a broad range of clients through the expertise of approximately 400 consultants located in major cities around the world. As such, the executives of the Company need to have the skills and experience to manage and motivate an organization spread over a large number of countries with varying business and regulatory environments. The market for these talented individuals is competitive, and as such, the Company's compensation philosophy is focused on ensuring that the right candidates can be attracted, retained and properly rewarded for their contributions.

Oversight of Compensation Programs

The Human Resources and Compensation Committee of the Board (the Committee) is responsible for overseeing the Company's executive compensation programs. The Company's Chief Executive Officer and Chief Financial Officer, as well as the other executives included in the Summary Compensation Table on page 21, are referred to as the named executive officers throughout this proxy statement. See page 8 of this proxy statement for more information on the role and responsibilities of the Committee with regards to executive compensation and related corporate governance.

Role of Executive Officers in Compensation Decisions

The Committee approves all compensation decisions for the Company's executive officers. The Chief Executive Officer annually reviews the performance of each of the executive officers (other than the Chief Executive Officer, whose performance is reviewed by the Committee with input from the full Board of Directors). Following the performance reviews with the assistance of the Chief Human Resources Officer, the Chief Executive Officer presents compensation recommendations to the Committee for consideration. The Committee generally can exercise its discretion in modifying any recommended adjustments or awards to executives.

Executive Compensation Philosophy

The Company believes that the executive compensation programs should (i) link pay and performance and (ii) attract, retain, and reward the best talent. To achieve this, the Company's executive compensation philosophy is to provide compensation levels and programs that are:

Competitive with executive recruiting and other consulting firms with which the Company competes for executive talent;

Fair and equitable among executives;

Table of Contents

Directly linked to stockholder value creation and the long-term profitable growth of the Company;

Supportive of the Company's key business strategies, as well as its objectives to achieve revenue and operating income growth;

Reflective of an executive's individual performance and career potential; and

Designed to facilitate ownership of Company stock.

Setting Executive Compensation

The Committee evaluates the Company's executive compensation programs in comparison to those of a select peer group consisting of 16 similarly-sized professional services companies. The peer group is used to compare total direct compensation and the mix of compensation elements for each named executive officer against peer group positions with similar responsibilities. The peer group is also used to review executive pay programs and practices in general at those companies.

For 2008, the Committee approved three changes to its peer group to achieve improved comparability in terms of size and/or industry focus. The revised peer group consists of the following companies:

CRA International	KForce
Ciber Inc. <i>(replaced Diamond Management & Technology Consultants)</i>	Korn/Ferry International
First Consulting Group	Labor Ready <i>(replaced Sotheby's)</i>
FTI Consulting	LECG Corp
Hudson Highland Group	Navigant Consulting
Huron Consulting Group <i>(replaced Gartner)</i>	Resources Connection
Keane	The Advisory Board Company

The Corporate Executive Board

Watson Wyatt Worldwide

Mercer provides the Committee with an analysis of peer group compensation data to assist the Committee in making informed executive compensation decisions. In setting compensation levels, the Committee often gives the most consideration to the peer group companies with which it directly competes for executive talent and stockholder investment. The Committee also relies on its general knowledge of executive compensation levels and practices since most of the Company's executive search and leadership advisory competitors, from which executive talent is often recruited, are privately held.

The Company does not set a relative percentile positioning for total direct compensation, or the elements of total direct compensation, as a target for executive pay levels. Rather, it reviews the total direct compensation range for each position and the mix of elements to ensure that compensation is adequate to attract and retain key executives.

To ensure that compensation is linked to performance, the Company's executive compensation program is designed to deliver more than 50% of total direct compensation through variable pay. The Chief Executive Officer's salary accounted for only 30% of his 2008 target total direct compensation. The management salary as a percentage of 2008 target total direct management compensation was 33% for the other executive officers.

The Company's executive compensation program is also designed to ensure that a significant proportion of the executive's compensation is delivered in equity and directly aligned with the interests of its stockholders. In 2008, the Chief Executive Officer received 50% of his actual total direct compensation in the form of equity (the remainder was cash), which compares to approximately 40% for the other named executive officers who were employed by the Company for the full year.

Overview of Executive Compensation Components

Alignment with the Company's executive compensation philosophy is achieved through the three direct compensation components outlined below.

Base Salary. The objective of base salary is to compensate executives for services rendered during the year in the form of fixed cash compensation. Base salary levels are set to reflect the executive's role and responsibilities, value to the Company, experience and performance, internal equity and other relevant criteria.

Annual Incentives. The objective of annual incentives is to motivate and reward executives for achieving specific performance goals over a one-year period. Payment is not guaranteed and levels vary according to Company and individual performance. From 2005 to 2007, annual incentives were paid in cash with up to 20% deferred in restricted stock units. Starting in 2008, to ensure consistency among executives, annual incentives are payable in cash with 85% paid currently and 15% deferred over three years. The primary purpose of the bonus deferral is to facilitate retention.

Long Term Incentives. The objective of long-term incentives is to directly align executives' interests with those of its stockholders and to retain top talent. Long-term incentive awards are made 100% in the form of equity, specifically, stock options and restricted stock units. Equity-based long-term incentives also facilitate ownership of Company stock and thus, the achievement of the stock ownership guidelines adopted by the Committee.

Base Salary

For each executive, base salaries are reviewed against levels for positions with similar responsibilities at the peer companies using comparative data prepared by Mercer. The Committee then gives consideration to individual performance, internal equity, functional expertise, experience and scope of responsibilities in approving any changes to the base salary.

For executives with dual roles (management and consultant), the base salary consists of a combination of management salary and consultant salary. In 2008, those executives included Mr. Davis, Ms. Germain and Mr. Peters. A management salary is paid to an executive with dual roles in consideration of the executive's management and policy-making responsibilities within the Company, while a consultant salary is paid in consideration of the executive's consulting presence in the marketplace. A consultant salary is referred to as a Fee and Source of Business (FSOB) salary and is applied against any annual incentive amount earned under the Company's FSOB Bonus Plan. The Company does not reduce the consultant salary if the FSOB incentive amount earned for a fiscal year is less than the FSOB salary paid. The other named executive officers have only management roles and thus are paid only a management salary.

For all consultants, including dual-role named executive officers, FSOB salaries are determined on the basis of the Company's knowledge of the market for recruiting professionals and are set at levels intended to be competitive with base salaries for similarly productive consultants at the Company's major competitors.

On February 8, 2008, the Committee approved base salary increases for Mr. Kelly, Mr. Davis, Mr. Blake and Mr. Peters after reviewing the comparative data available for each position and taking into consideration each executive's individual performance. To better reflect the current expectations and job duties of the Regional Managing Partner role with the existing compensation structure, the Committee approved the shift of some consultant salary into additional management salary for Mr. Davis and Mr. Peters as each executive continues to spend a proportionately larger amount of time managing his respective region versus carrying out consulting duties.

In connection with Mr. Krenz joining the Company, the Committee approved his base salary on May 22, 2008. In making its decision, the Committee reviewed comparative data, focusing on base salary levels for Chief Financial Officers hired over the past year at the peer group companies, and determined that Mr. Krenz's salary was competitive with these levels.

Table of Contents

In 2008, the Committee did not approve any changes to the 2007 base salaries for Ms. Kamerick, Ms. Germain or Mr. Hines. Ms. Germain's management and consultant salaries had been increased during the latter part of 2007 in connection with her appointment to Managing Partner, Strategic Partners. Mr. Hines' management salary had been increased in 2007 in connection with his appointment to Managing Partner, Americas and Chief Operating Officer.

2009 Changes to Base Salary. In light of the current economic climate, the Committee froze base salaries for Company executives in 2009, except for Mr. Davis for whom the Committee approved an increase in base salary in connection with his promotion to Managing Partner, Global Practices.

See the Summary Compensation Table on page 21 for more details on base salary levels approved by the Committee in 2008 for the named executive officers.

Annual Incentives

Management Incentive Plan. For the named executive officers, annual incentives are provided pursuant to the Management Incentive Plan (MIP) under the Heidrick & Struggles, Inc. Incentive Plan.

The MIP is primarily designed to link an executive's performance to the attainment of specific Company financial and individual goals. Each named executive officer has a target management incentive opportunity under the MIP equal to 100% of the management salary. Please see the Grants of Plan-Based Awards Table on page 24 for more details on non-equity incentive plan levels approved by the Committee in 2008 for the named executive officers.

The Committee approved a MIP design for 2008 consisting of a financial component (75% weighting) plus an individual component (25% weighting). Annual incentive payouts are determined using the MIP design but the Committee has the ability to adjust the payouts at its discretion.

For 2008, the financial component consisted of an alignment matrix that blended consolidated net revenue goals with operating margin goals. The payout ranged from 0% to 150% of the target bonus opportunity depending on financial performance. The alignment matrix was designed to primarily emphasize operating income margin performance with limited leverage to recognize net revenue growth performance. In setting 2008 goals, the Committee paid particular attention to the budget targets set for the year, year-over-year growth, stockholder expectations and probability of achievement. The table below outlines the year-over-year growth in net revenue and operating income margin that was required to generate payouts under the 2008 alignment matrix.

	Target	Maximum	Actual
Financial Performance			
1) Net Revenue	\$ 650M	\$ 750M	\$ 619M
2) Operating Income Margin	13.0%	15.0%	9.0%
MIP Payout (as a % of financial component)	100%	150%	50%

Below target performance, the payout can range from 0% to 100% of the target bonus opportunity for the financial component at the discretion of the Committee. Since the Company's 2008 net revenue and operating income margin results fell below the financial performance goals, the Committee approved a payout of 50% on February 6, 2009. In making its decision, the Committee considered many factors including the Company's overall operating performance relative to prior years, and the actions taken by the executive team to ensure that the Company was well positioned for growth in a challenging economic environment.

This 50% financial performance payout applied to all named executive officers other than Mr. Krenz and Ms. Kamerick. Mr. Krenz was paid a bonus of \$156,250, which was guaranteed for 2008 pursuant to his employment agreement, and Ms. Kamerick was paid a pro rata portion of her targeted bonus opportunity pursuant to her separation agreement.

Table of Contents

For 2008, the individual component consisted of strategic goals for each executive. The payout for the individual component ranged from 0% to 150% of the target amount of bonus opportunity depending on each executive's performance against his or her respective 2008 goals. For the Regional Managing Partners, the individual component also included regional budgeted net revenue and operating income margin goals. On February 23, 2009, the Committee approved individual payouts (as a percentage of the target opportunity) for each named executive officer (other than Mr. Krenz, whose 2008 bonus was guaranteed) as follows: Mr. Kelly 50%, Mr. Davis 148%, Mr. Hines 72%, Mr. Blake 73%, Ms. Germain 70% and Mr. Peters 75%.

The total average payout which combines the financial and individual components as a percentage of the target management incentive was 58%.

Fee and Source of Business Bonus Plan. Executives who have dual roles participate in the Company's FSOB Bonus Plan in addition to the MIP. The named executive officers who participated in the FSOB Bonus Plan for 2008 were Mr. Davis, Ms. Germain and Mr. Peters. The primary purpose of this incentive plan is to reward revenue generated through individual business development and client service productivity. The FSOB Bonus Plan is reviewed and amended by the Committee from time to time.

FSOB bonuses are determined in accordance with the Company's FSOB Bonus Plan. Under this Plan, all consultants, including dual-role executives, earn revenue credits for both origination of new business (Source of Business or SOB) and execution of client service engagements (Fee). For each consultant, the FSOB bonus is calculated by applying the Fee and SOB credits earned independently to a tiered payout structure. A percentage payout is associated with each respective tier of Fee and SOB credits, with the percentage payout increasing as the level of Fee and SOB credits earned increase. To determine the final value of the FSOB bonus, the payout at each tier level is aggregated and the FSOB salary is deducted. If a negative value is calculated for the FSOB bonus, then no FSOB bonus is paid. The Committee has the discretion to make adjustments to the calculated FSOB incentive payout based on the Company's financial performance.

On February 6, 2009, the Committee approved the payment of a FSOB incentive for Ms. Germain for 2008 performance as calculated under the Plan (no adjustment was made at the discretion of the Committee). Since a negative value was calculated under the FSOB Bonus Plan for both Mr. Davis and Mr. Peters, they were not paid a FSOB bonus. As such, Ms. Germain was the only named executive officer in 2008 to receive a FSOB incentive payment.

Discretionary Bonus Plan. The Discretionary Bonus (DB) Plan is a subset of the FSOB Bonus Plan. Company employees that have received an incentive payment under the FSOB Bonus Plan for a particular year (including executives who have dual roles) are eligible to receive an incentive payment under the Company's DB Plan. The purpose of this incentive plan is to reward partnership behaviors and Company contributions in key areas beyond individual revenue generation. Ms. Germain was the only named executive officer who received a FSOB bonus and thus was the only named executive officer eligible for a DB Plan bonus for 2008. The DB Bonus Plan funds a bonus pool for consultants based on the Company's annual financial performance. An amount equal to a percentage of each eligible consultant's FSOB bonus is set aside to fund the DB pool. On March 27, 2008, the Committee approved consolidated operating income margin goals. This measure was selected to better align consultants' interests with those of the Company's stockholders by applying a corporate performance factor to the total of the DB pool. The table below sets forth the Company's DB Plan funding payouts (as a percentage of the total DB pool) under threshold, target, maximum and actual levels of performance as approved by the Committee.

	Threshold	Target	Maximum	Actual
Financial Performance				
Operating Income Margin	11.0%	13.0%	15.0%	9.0%
DB Plan Payout				
(as a % of financial component)	0%	100%	150%	0%

Table of Contents

Given the Company's 2008 operating income margin, the Committee did not approve a payout under the DB Plan for 2008. As such, there were no named executive officers receiving an incentive payment under the DB Plan in 2008.

Other Bonuses. Upon joining the Company as its Chief Financial Officer, Mr. Krenz received a sign-on bonus of \$100,000. Ms. Germain also received a cash payment of \$83,333, which reflected the vesting and payment of one-third of a \$250,000 long-term incentive awarded to her on October 1, 2007 in connection with her promotion and to recognize her contributions to the Company's future success at that time.

Payment of Annual Incentives. On February 6, 2009, the Committee approved the payment of the annual incentives, 85% of which was paid in cash on March 13, 2009, and the remaining 15% to be paid over three years. To facilitate retention, this 15% of the 2008 annual incentives paid to employees, including the named executive officers, under the MIP and FSOB Bonus Plan is payable over three years in equal cash installments beginning February 26, 2010. A premium of 10% of the deferred amount was added to the mandatory bonus deferral to recognize the length of the deferral period and the time value of money at a rate consistent with that prevailing at the time the deferral was made.

Long-Term Incentives

The Committee approved long-term incentives for the named executive officers that were provided under the Company's 2007 GlobalShare Program. The Company's long-term incentive program is designed to:

Directly align executives' interests with those of the Company's stockholders

Motivate executives to enhance the revenues and profitability of the Company

Facilitate ownership of Company stock and the achievement of stock ownership guidelines

Attract and retain top talent

On February 8, 2008, the Committee approved equity awards to the named executive officers based on long-term incentive (LTI) targets equal to 150% of base salary for the Chief Executive Officer and 100% of management base salary for the other named executive officers. The LTI targets were based on the Committee's review of comparative data for each position and internal equity considerations, as well as the Chief Executive Officer's recommendations and a review of individual performance and future potential.

The long-term incentive program for executives consists of annual grants of nonqualified stock options and restricted stock units (RSUs). For 2008 executives, 50% of the LTI value was delivered in stock options while the remainder was delivered in RSUs. Please see the Grants of Plan-Based Awards Table on page 24 for more details on equity grants that the Committee approved.

In connection with Mr. Krenz's hiring, the Committee granted him 7,500 stock options and 5,000 RSUs.

In connection with Mr. Hines' appointment as Chief Operating Officer, Americas and Managing Partner, Americas, the Company granted him 13,065 RSUs.

On September 19, 2007, the Committee approved six specific 2008 equity grant dates, which were set outside of trading blackout periods restricting transactions in the Company's stock. All equity awards made to the named executive officers were granted on one of those six pre-approved dates. Those dates were:

March 6, 2008

March 31, 2008

May 30, 2008

July 31, 2008

Table of Contents

September 30, 2008

December 19, 2008

All equity awards were approved by the Committee in advance of the predetermined grant dates.

Stock Options. Stock options constitute a key element of the Company's long-term incentive strategy in that they deliver value to the executive only when the Company's stock price increases. The stock options are nonqualified and vest in equal installments over a three-year period beginning on the first anniversary of the date of grant. Consistent with the practices of the Company's peer companies and to provide the named executive officers with an incentive opportunity that spans a longer time frame than five years, the stock option term was increased from 5 years to 10 years for 2008 stock option awards.

The exercise price of the stock options was the closing price of the stock on the date of grant. The value of the stock options granted in 2008 was estimated using a Black-Scholes valuation model and certain specific assumptions including an expected term of 4.7 years, a risk-free interest rate of 2.5%, an expected stock price volatility of 37.7%, and a dividend yield of 1.5%.

Restricted Stock Units. Restricted stock units also constitute a key element of the Company's long-term incentive strategy in that they facilitate stock ownership, they support the achievement of the stock ownership guidelines and they help to retain and motivate executives. The restricted stock units generally vest in equal installments over a three-year period starting on the first anniversary of the date of grant and, upon vesting, convert into shares of Company stock on a one-for-one basis.

All outstanding restricted stock units are credited with dividend equivalents that are payable in cash following the vesting of the underlying restricted stock units. The primary purpose of crediting dividend equivalents on restricted stock units is to provide the participant with the same economic benefit as stockholders.

The value of each restricted stock unit was based on the closing price of the Company's common stock on the date of grant.

Other Long-Term Incentives. To recognize her contributions to the Company's future success, Ms. Germain received two special long-term incentive awards. The first award of \$250,000 was made on October 1, 2007 and approved by the Committee on September 19, 2007. One-third of this award vested and was paid in cash on September 30, 2008. The remaining two equal installments will vest and be payable on the second and third anniversaries of the award date respectively if she is still employed by the Company. The second award of \$750,000 was approved by the Committee on February 8, 2008. This award will vest in full and be payable in cash on December 31, 2010 if Ms. Germain earns cumulative SOB credits of at least \$6 million over the performance period and she is still employed at the end of the performance period.

Stock Ownership Guidelines. To enhance the alignment of executives' interests with that of stockholders, the Company maintains stock ownership guidelines that were amended by the Committee on May 24, 2007. Each named executive officer has five years to achieve a stock ownership level equal to a multiple of base management salary. The stock ownership guidelines are as follows:

Chief Executive Officer: 3x base salary

Other Named Executive Officers: 2x base salary

Managing Partner, Strategic Partners: 1x base salary

In determining compliance with these guidelines, the Company includes both direct stock ownership and restricted stock units.

Perquisites and Other Personal Benefits

The Company provides executives with the same benefits that are provided to all employees generally, including medical, dental and vision benefits, group term life insurance, and participation in the Company's 401(k) plan (only available to U.S. employees). U.S. executives are also reimbursed for expenses incurred for an annual physical examination and for financial planning services (maximum reimbursement for financial planning is \$1,080 per year or \$3,150 if expenses are incurred for the first time). To provide competitive benefits, as is customary in Europe, Mr. Peters also receives an annual car allowance and the Company makes retirement contributions on his behalf equal to 17% of his consultant salary. Other benefits and allowances may be provided to executives relocating to another country. Please see the All Other Compensation Table on page 23 for more details.

Nonqualified Deferred Compensation Plan

Pursuant to the Company's U.S. Employee Deferred Compensation (EDC) Plan, each named executive officer (based in the U.S. only) may defer up to 25% of his or her base salary not to exceed \$500,000 per year and/or up to 25% of his or her cash incentive compensation not to exceed \$500,000 per year. The purpose of the EDC Plan is to facilitate future wealth creation and individual financial planning by deferring payments earned today to the future.

A participant completes an election form at the time he or she enrolls in the Company's EDC Plan and chooses from investment funds offered by Vanguard (the EDC Plan administrator). The Company does not contribute to the amount deferred nor does it provide above market rates on the investment funds. A participant is not allowed to invest directly in the Company stock fund. Vanguard calculates the earnings for the funds selected for each participant's account. A participant makes distribution elections on the enrollment form and can elect to receive his or her distributions on either a date specified in the future (as long as it is at least three years from the effective date that contributions begin) or upon termination. A participant can also elect to receive his or her distributions in either a lump sum or in installments (over five, ten or fifteen years) paid quarterly and/or on a declining balance approach. Mr. Kelly is the only named executive officer who participates in the EDC Plan.

As permitted under Internal Revenue Code Section 409A, the Committee approved an amendment to the EDC Plan allowing participants a one-time opportunity to change the timing and/or form of distributions. A participant could elect a distribution no earlier than January 1, 2009 (or April 1, 2009 for the deferral of 2008 salary and/or bonus). Mr. Kelly elected to have his outstanding deferred compensation balance distributed on April 1, 2009.

Other Executive Compensation Arrangements

The Company has adopted other executive compensation arrangements, including the Company's Change in Control Severance Plan, designed to retain executives in a period of uncertainty, the Company's Management Severance Pay Plan, designed to provide financial assistance to executives following termination, and employment agreements with each named executive officer. In 2008, the Company also entered into a transition and separation agreement with Ms. Kamerick. The material terms and conditions of these plans and agreements are summarized below.

Change in Control Severance Plan. The Company maintains a Change in Control Severance Plan (CIC Plan) for its executives, including the named executive officers. The CIC Plan provides severance benefits to the executive if he or she is terminated by the Company without cause, or if he or she terminates employment with the Company for good reason (as defined in the Plan), within two years of a change in control of the Company (or within six months prior to a change in control of the Company if such termination is effected prior to, but in anticipation of, the change in control). The severance benefits payable to the named executive officers under the CIC Plan, as well as other material terms and conditions, are described in detail under the section of the proxy statement entitled Potential Payments Upon Termination or a Change in Control.

Table of Contents

The Company believes that the protection and benefits provided by the CIC Plan to its executives are a valuable incentive for attracting and retaining top management, and that in the event of an extraordinary corporate transaction, the CIC Plan could prove crucial to the Company's ability to retain top management through the transaction process. Change in control protection for executives is prevalent in the competitive environment in which the Company operates. The CIC Plan also contains restrictive covenants that prohibit the executives from competing and soliciting clients and employees for a certain period of time following a termination of employment.

Management Severance Pay Plan. The Company maintains a Management Severance Pay Plan (the Severance Plan) that provides severance benefits to eligible employees, including the named executive officers. Benefits are paid to an eligible employee who is involuntarily terminated by the Company for other than cause (as defined in the Plan) and is not offered employment with the Company or a successor to the Company. The severance benefits payable to the named executive officers under the Severance Plan, as well as other material terms and conditions, are described in detail under the section of the proxy statement entitled Potential Payments Upon Termination or a Change in Control.

Employment and Separation Agreements

The Company had employment agreements with each named executive officer during 2008. The Company also entered into a separation agreement with Ms. Kamerick in connection with the termination of her employment. The material terms and conditions of these agreements are summarized below.

Robert L. Hines. In connection with his appointment to Chief Operating Officer and Managing Partner, the Americas, the Company entered into a new employment agreement with Mr. Hines dated April 23, 2008. In connection with his subsequent appointment to Managing Partner, Global Operations, and to comply with Internal Revenue Code Section 409A, the Company entered into an amendment to his employment agreement, dated January 9, 2009. The agreement as amended provides for an annual salary of \$425,000, a cash payment of \$70,000 on April 30, 2009 to cover his tax liability on the deemed disposition of his assets, which occurred as a result of his relocation from Canada to the United States, participation in the MIP, CIC Plan and Severance Plan at Tier I, participation in the Company's equity programs and benefit plans at the same level as other senior executives, and reimbursement of relocation expenses. The agreement provided for an annual salary of \$400,000 (subject to periodic review), participation in the MIP, CIC Plan and Severance Plan at Tier I, and participation in the Company's equity programs and benefit plans at the same level as other senior executives. The agreement contained six-month post-termination non-solicitation and non-competition restrictions.

Ms. Kamerick's employment terminated on May 10, 2008. Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deduction that a publicly held corporation is allowed for compensation paid to the chief executive officer and the other three most highly compensated executive officers other than the chief financial officer. Amounts in excess of \$1 million paid to a covered executive, other than performance-based compensation, cannot be deducted. The Company considers ways to maximize the deductibility of executive compensation but reserves the right to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent. As a result, some portion of executive compensation paid to an executive officer whose compensation is subject to the deduction limits described above may not be deductible in the United States. The Company has taken appropriate steps, including obtaining stockholder approval, to ensure performance-based awards made pursuant to the GlobalShare Program and MIP will be fully deductible.
