Special Meeting of Stockholders

May 29, 2009

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of The Mexico Fund, Inc., a Maryland corporation (the Fund), to be exercised at a Special Meeting of Stockholders of the Fund (the Meeting) to be held at JPMorgan Chase, 707 Travis, 11th Floor, Houston, TX 77002, on May 29, 2009 at 4:00 P.M. Central time and at any adjournment or postponement thereof. The approximate mailing date of this Proxy Statement is May 12, 2009 or as soon as practicable thereafter.

All properly executed proxies received prior to the Meeting will be voted at the Meeting in accordance with the instructions marked on the proxy card. Unless instructions to the contrary are marked on the proxy card with respect to the Proposal, a properly executed proxy will be voted FOR the Proposal. Any stockholder whose shares are registered directly in his or her name with the Fund's transfer agent, American Stock Transfer & Trust Company, has the right to give a proxy, to attend the Meeting to vote his or her shares in person (thereby revoking any prior proxy), and to revoke a proxy at any time prior to its exercise by submitting a properly executed, subsequently dated proxy, received by the Fund addressed to American Stock Transfer and Trust Company at 59 Maiden Lane, Plaza Level, New York, New York 10273-0923, Attn: Proxy Department. Such stockholders may vote using the enclosed proxy card along with the enclosed postage-paid envelope, or may authorize proxy voting by telephone or internet by following the instructions contained on their proxy card. Any stockholder who holds his or her shares in a stock brokerage account or by a bank or other nominee is considered the beneficial owner of shares held in street name, and has the right to provide brokers or nominees with instructions on how to vote his or her shares by following the voting instruction card provided by the broker or nominee. Such stockholder may change his or her vote by providing new broker voting instructions to the broker or nominee at a later date (which automatically revokes the earlier proxy instructions).

The presence at the Meeting in person or by proxy of the stockholders entitled to cast a majority of all votes entitled to be cast at the Meeting is necessary to constitute a quorum for the transaction of business. For purposes of determining the presence of a quorum for transacting business at the Meeting, abstentions and broker non-votes (that is, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power) will be treated as shares that are present.

Provided a quorum is present, approval of the Proposal requires the affirmative vote of a majority of the outstanding voting securities of the Fund. Under the Investment Company Act of 1940, as amended (1940 Act), the vote of a majority of the outstanding voting securities means the affirmative vote of the lesser of (i) 67% or more of the shares present at the Meeting or represented by proxy if the holders of more than 50% of the outstanding shares are present in person or by proxy, or (ii) more than 50% of the outstanding voting shares. An abstention as to the Proposal will have the effect of a vote AGAINST the Proposal. Broker non-votes will have the effect of a vote AGAINST the Proposal.

In the event that the necessary quorum to transact business at the Meeting is not obtained, the chairman of the meeting or the stockholders may adjourn the meeting from time to time to a date not more than 120 days after the original record date without notice other than announcement at the meeting. If a quorum is present at the Meeting but sufficient votes to approve the Proposal are not received, the chairman of the meeting may adjourn the meeting, or may permit the persons named as proxies to propose one or more adjournments of the Meeting to permit further

Edgar Filing: MEXICO FUND INC - Form DEF 14A

solicitation of proxies. If submitted to stockholders, any such adjournment will require the affirmative vote of holders of a majority of those shares represented at the Meeting in person or by proxy (or a majority of votes cast if a quorum is present). The persons named as proxies will vote those proxies which they are entitled to vote in favor of the Proposal FOR such an adjournment, and will vote those proxies required to be voted against the Proposal AGAINST such adjournment. For purposes of votes with respect to adjournment, broker non-votes will not be counted as votes cast and will have no effect on the result of the vote. If a motion for adjournment is not approved, the voting on the Proposal will be completed at the Meeting. A stockholder vote may be taken on the Proposal prior to any adjournment if sufficient votes have been received and it is otherwise appropriate.

Only stockholders can attend the Meeting and any adjournment or postponement thereof. To gain admittance, if you are a stockholder of record, you must bring a form of personal identification to the Meeting, where your name will be verified against our stockholder list. If a broker or other nominee holds your shares and you plan to attend the Meeting, you should bring a recent brokerage statement showing your ownership of the shares, as well as a form of personal identification. If you are a beneficial owner and plan to vote at the Meeting, you should also bring a proxy card from your broker.

The Board of Directors has fixed April 20, 2009 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Meeting and at any adjournment or postponement thereof. Stockholders on the record date will be entitled to one vote for each share held. As of April 20, 2009, the Fund had outstanding 17,195,275 shares of common stock, par value \$1.00 per share.

The Board of Directors of the Fund knows of no other business that will be presented for consideration at the Meeting.

The Fund will furnish, without charge, a copy of the Fund's annual report for its fiscal year ended October 31, 2008, and any more recent reports, to any Fund stockholder upon request. To request a copy, please visit the Fund's web site at www.themexicofund.com or contact the Fund's Public Relations Agent at: The Altman Group, 60 East 42nd Street Suite 916, New York, NY 10165, (866) 620-9554.

PROPOSAL: ELIMINATION OF FUNDAMENTAL POLICY GOVERNING THE FUND'S PERIODIC IN-KIND REPURCHASE OFFERS

By voting **FOR** the Proposal you will remove a fundamental investment policy of the Fund that the Board of Directors believes has now become burdensome and restrictive. Your vote **FOR** will not reduce or eliminate the Board of Directors' intention to take actions to address the stock price discount. The Board of Directors will continue to make quarterly cash distributions to stockholders and when appropriate various types of repurchases. Vote **FOR** to give your Fund Board of Directors more flexibility to better serve Fund stockholders' interests.

Background

Over the last several years, the Board of Directors has persistently explored possible solutions to address the discount at which the Fund's shares trade to their net asset value (NAV). The Board of Directors has regularly considered (and continues to consider) share repurchases, tender offers, periodic distributions and other measures as possible means of reducing of the Fund's discount. The Board of Directors has implemented such measures at various points in the Fund's history, under appropriate market conditions and when the Board of Directors has believed such measures would be in the best interests of the Fund and its stockholders.

One measure that the Fund has employed since 2002 is the fundamental policy pursuant to which the Fund conducts periodic in-kind repurchase offers (the Policy). The Policy was implemented following stockholder approval and is conducted pursuant to exemptive relief granted to the Fund by the Securities and Exchange Commission (SEC). As discussed further below, the Policy imposes very specific conditions upon the Fund which require it to conduct repurchase offers in a particular manner, for a certain amount, and at certain periodic intervals, among other things. In the years since its adoption, the Board of Directors has discovered that the Policy greatly limits the range of other options that the Fund can employ to seek to reduce the discount. After monitoring the impact of the Policy on the discount for some time under varying market conditions, the Board of Directors has concluded that the Fund's obligations under the Policy have become unduly onerous, and have limited the Fund's ability to implement other measures which may be more effective in reducing the discount. For this reason, the Board of Directors has proposed that stockholders vote to eliminate the Policy.

Overview of the Policy

The Policy as stated in the Fund's Prospectus is as follows:

With respect to periodic Share repurchases by the Fund:

- (a) The Fund will make offers to repurchase its Shares at least once each fiscal year based on the number of outstanding Shares at the beginning of the fiscal year.
- (b) The Fund will offer to repurchase no less than five percent of its outstanding Shares each fiscal year.
- (c) Repurchase request deadlines shall be disclosed in the notification provided to Stockholders of a repurchase offer. Repurchase request deadlines shall be determined by the Board consistent with the 1940 Act, applicable SEC regulations and the terms of any exemptive order issued to the Fund by the SEC.
- (d) The date on which the repurchase price for Shares is to be determined shall occur no later than the fourteenth day after a repurchase request deadline, or the next business day if such day is not a business day.

The Fund must abide by certain highly restrictive and complex conditions in conducting repurchase offers pursuant to the Policy. The Policy requires the Fund to repurchase its shares at least once each fiscal year. The Fund must offer to repurchase between one and 100% of its outstanding shares in each repurchase offer, but no less than five percent of its outstanding shares each fiscal year. Repurchase offers under the Policy must be in kind, meaning that the Fund provides to participating stockholders a pro-rata distribution or slice of the Fund's portfolio securities in return for their repurchased shares, except under certain limited conditions. The shares to be repurchased by the Fund are valued at NAV minus a repurchase offer fee not to exceed two percent of NAV. The Fund's repurchase offers under the Policy may only be made at periodic intervals of three, six or 12 months, and the Fund must provide advance written notification to stockholders of the interval to the next repurchase offer. These are among the more significant conditions imposed by the Policy.

The Board of Directors believes that the Policy is burdensome, removes flexibility from the Board of Directors, and does not always permit the Board of Directors to act immediately or creatively to address the stock price discount. In the Board of Directors' view, the Policy is severe in its limitation. Once the interval to the next repurchase offer is announced, the date cannot be altered. Moreover, only intervals of three, six, and 12 months are permissible—no variations are permitted. Because in each fiscal year one or more in-kind repurchase offers for not less than five percent of the Fund's share must be made by the Fund, the Fund may be foreclosed from using that five percent capacity for a more immediate or different cash offer or distribution.

Proposed elimination of the Policy and the availability of other discount reduction measures

The Board of Directors believes that the Policy greatly restricts the Fund's ability to effect transactions in the best manner and at an optimal frequency. The Board of Directors also believes that only a limited number of stockholders participate in the Fund's repurchase offers as they are currently conducted under the Policy, and that a greater number of stockholders would participate in other discount reduction measures available to the Fund if the Policy were eliminated. The repurchase offers under the Policy also cause the Fund to incur significant expenses which the Fund would not otherwise incur if it were able to engage in comparable transactions outside the confines of the Policy.

If stockholders approve the Proposal, the Board of Directors would have greater freedom in considering additional actions—such as higher quarterly cash distributions to stockholders and various forms of share repurchases—to reduce the Fund's discount. The Board of Directors would be able to put other discount reduction measures into practice with more flexibility and a range of options at its disposal. In particular, the Board of Directors may continue to implement share repurchases and tender offers on an as needed basis, rather than at periodic 3, 6 or 12 month intervals as mandated by the Policy. The 1940 Act permits closed-end funds such as the Fund to conduct share repurchases and tender offers without having a fundamental policy in place. The Board of Directors would have greater freedom to determine the frequency, the amount, and the manner of the share repurchases or tender offers (e.g., whether they are for cash, or in-kind). The 1940 Act also allows closed-end funds to repurchase shares in the open market, and the Board of Directors would consider such transactions under the appropriate market conditions. It should be noted that if the Policy is eliminated, there can be no assurance that the Fund will offer to repurchase at least 5% of its outstanding shares each fiscal year, which could have an adverse effect on the Fund's discount if other actions are not taken which effectively address the discount. However, the Board of Directors fully intends to take such actions when appropriate, and believes the elimination of the Policy would enhance its ability to do so.

VOTE FOR THE PROPOSAL TO REMOVE THE RESTRICTIVE POLICY

While it may have initially served a worthwhile purpose, the Board of Directors no longer believes it is in the best interests of the Fund or its stockholders to continue to be subject to a fundamental policy that restricts the types of transactions that the Fund can implement to try to reduce the discount. The Board of Directors believes that a variety of other actions, either alone or in combination with one another, may be more effective than the Policy, and would like to be able to pursue them on behalf of the Fund.

If approved by stockholders, the elimination of the Policy would become effective as soon as reasonably practicable thereafter.

The Board of Directors, including all of the Independent Directors, unanimously recommends that you vote FOR the elimination of the Policy.

THE MEXICO FUND WILL CONTINUE TO TAKE ACTIONS WITH THE OBJECTIVE OF REDUCING THE STOCK PRICE DISCOUNT

Brief history Fund initiatives to reduce the discount since 2002

In June 2002, the Fund implemented an in-kind repurchase program. The first repurchase offer was an in-kind tender offer. Following the October 2002 receipt of exemptive authority from the SEC, subsequent repurchase offers were made under the Policy. From January 2002 to April 2009, the Fund has made a total of 15 in-kind repurchases, resulting in 40.8 million shares repurchased, the equivalent of \$839.1 million. During this period, the Fund also made dividend distributions to stockholders of \$22.14 per share, for a total amount of \$464.9 million. Distributions paid with cash were \$396.0 million, and distributions paid with newly issued Fund shares were \$68.9 million. **Dividend distributions to shareholders, whether in cash or newly issued Fund shares, were obligatory distributions made by the Fund to comply with Internal Revenue Code requirements relating to registered investment companies that were necessary to prevent U.S. taxation of the Fund.** In addition, the Fund issued new shares to stockholders through rights offerings conducted in October 2004 and April 2007.

Actions resulting in distribution of assets to stockholders:

Repurchase Offers (payment of portfolio securities to stockholders)	\$ 839,134,815
Cash dividend distributions (comprised of net investment income and net realized capital gains) ⁽¹⁾	\$ 396,023,617
Total	\$ 1,235,158,432

Actions resulting in receipt of assets from stockholders:

Rights Offerings	\$ 273,473,119
Total	\$ 273,473,119

Net receipt by stockholders of Fund assets: \$ 961,685,313

- (1) As described above, the Fund also made \$68.9 million in dividend distributions to stockholders paid in newly issued Fund shares rather than with cash. Because these distributions were paid in newly issued stock, they enabled the Fund to retain assets, and did not result in either an increase or decrease in assets held by the Fund. Therefore, they are not shown above.

The following chart shows the distribution of Fund assets and/or newly issued Fund shares to stockholders:

<i>Year</i>	<i>Repurchase Offers⁽¹⁾</i>	<i>Dividend distributions⁽²⁾</i>
2002	64.95%	14.92%
2003	10.13%	14.34%
2004	9.75%	1.54%
2005	9.75%	2.96%
2006	9.75%	9.08%
2007	11.57%	9.07%
2008	10.28%	27.83%
2009	5.00%	9.47% ⁽³⁾

- (1) Shares repurchased as a percentage of total shares outstanding at the beginning of the year.
 (2) Distributions as a percentage of net assets at the time of the corresponding action. Includes distributions paid with cash and newly issued Fund shares.
 (3) Estimated.

Recent actions taken by the Fund

In August 2008, the Fund received SEC exemptive authority to make periodic distributions throughout the year which may include multiple payment of capital gains. The Fund implemented in September 2008 its Managed Distribution Policy (MDP) with three quarterly cash distributions equal to a 12% of NAV annualized payment.

While the Board of Directors has scaled back the amount of distributions under MDP due to recent market volatility, the Board of Directors believes that once market conditions normalize, the Board of Directors may be able to revisit the possibility of increasing the periodic (e.g., quarterly) distributions to stockholders. The Board of Directors believes that in the long term, periodic distributions paid to stockholders under the MDP are likely to be more effective than stock repurchases under the Policy in reducing the Fund's trading discount.

In determining whether to implement various discount reduction measures, the Board of Directors would continue to consider many of the same factors it evaluates when it conducts periodic in-kind repurchase offers under the Policy. These include the Fund's discount, the liquidity of the Fund's assets and the liquidity of the Mexican securities markets, current trading activity in Fund shares, and the interests of non-participating stockholders, if any.

The Current Plan

Given the uncertain and highly volatile financial markets, the Board of Directors reduced temporarily quarterly distributions to a level of 10 cents per share per quarter. The Board of Directors is committed to the MDP, and intends, at each quarterly meeting, to assess market conditions, especially the Mexican securities market and the dollar-peso exchange rate, with a view to restoring the MDP quarterly distributions to a 10% of NAV annualized distribution, which may involve a return of capital to stockholders. Stockholders who periodically receive the payment of a dividend or other distribution consisting of a return of capital may be under the impression that they are receiving net profits when they are not. Stockholders should not assume that the source of a distribution from the Fund is net profit. In order to address this concern, the Board of Directors routinely issues a statement with each distribution indicating the source of each distribution at the time the distribution is made. Given the unprecedented global economic conditions, while these are the Board of Directors' current expectations, there is no assurance that the Board of Directors will be able to carry out these actions.
