REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustee and Participants of

Microsoft Operations Puerto Rico, LLC

1165(e) Savings Plan:

We have audited the accompanying statements of net assets available for benefits of Microsoft Operations Puerto Rico, LLC 1165(e) Savings Plan (the Plan) as of December 31, 2008 and 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2008. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the year ended December 31, 2008 in conformity with accounting principles generally accepted in the United States of America.

Table of Contents

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of (1) assets (held at end of year) as of December 31, 2008, and (2) transactions in excess of five percent of the current value of plan assets for the year ended December 31, 2008, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2008 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2008 AND 2007, AND

FOR THE YEAR ENDED DECEMBER 31, 2008

1. DESCRIPTION OF THE PLAN

The following brief description of the Microsoft Operations Puerto Rico, LLC 1165(e) Savings Plan (the *Plan*) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General The Plan is a defined contribution retirement plan covering substantially all employees of Microsoft Operations Puerto Rico, LLC (the *Sponsor*). The Plan was established effective January 1, 1991. An employee may become a participant in the Plan after completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustee is Banco Popular de Puerto Rico Trust Division.

Retirement Date Participants are eligible to receive a retirement distribution upon attainment of age 65. The Plan permits early retirement at age 50 if the employee has at least 10 years of participation in the Plan.

Contributions Each year, participants may contribute up to 10% of their pre-tax compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by local law. The Plan Sponsor contributes 50% of the first 6% of the base compensation that a participant contributes to the Plan.

Participant's Accounts Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of: (a) the Plan Sponsor's matching contributions and, (b) Plan earnings. Allocation of Plan earnings is based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds as well as Microsoft Corporation common stock as investment options for participants.

Vesting Contributions become vested as follows:

Participant Contributions Participant's contributions and accumulated earnings vest immediately.

Sponsor Matching Contribution Participants become 100% vested after two years of service, upon attainment of age 65, or death or disability while employed by the Sponsor.

Table of Contents

Payment of Benefits Upon termination of service due to death, disability or retirement, a participant or its beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties The Plan utilizes various investment instruments, including common stock and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Microsoft Corporation's common stock is valued at the closing price reported on the NASDAQ Exchange on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses Administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document.

Payments of Benefits Benefit payments to participants are recorded upon distribution. There were no unpaid balances for accounts of persons who elected to withdraw from the Plan at December 31, 2008 and 2007.

Excess Contributions Payable The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no such payables as of December 31, 2008 and 2007.

Table of Contents

New Accounting Pronouncements The financial statements reflect the prospective adoption of Financial Accounting Standards Board (FASB) Statement No. 157, Fair Value Measurements, as of the beginning of the year ended December 31, 2008 (see Note 3). FASB Statement 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The effect of the adoption of FASB Statement 157 had no impact on the statements of net assets available for benefits and statement of changes in net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

In accordance with FASB Statement 157, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2008.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Fair Value Measurements at December 31, 2008, Using		Total
		Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 2,361,212	\$	\$	\$ 2,361,212

Time deposits	13,041			13,041
Total	\$ 3,101,231	\$	\$	\$ 3,101,231

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. TAX STATUS

The Plan constitutes a qualified plan, exempt from income taxes under Puerto Rico income tax laws. The Plan has been amended since receiving the determination letter; however, the Sponsor and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Puerto Rico Treasury Department and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY TRANSACTIONS

Certain general and administrative expenses are paid by the Plan's Sponsor on behalf of the Plan. The amount paid by the Sponsor on behalf of the Plan for the year ended December 31, 2008 amounted to approximately \$33,000.
