**PART II**

**ITEM 9A. CONTROLS AND PROCEDURES.**

The Company maintains disclosure controls and procedures, as such term is defined in Rules 13a-15e and 15d-15e of the Securities Exchange Act of 1934, as amended (the Exchange Act), that are designed to ensure that information required to be disclosed in the Company's reports, pursuant to the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding the required disclosures. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well-designed and operated, can provide only reasonable assurances of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As of February 2, 2008, the Company carried out an evaluation, with the participation of Company's management, including William Dillard, II, Chairman of the Board of Directors and Chief Executive Officer (principal executive officer) and James I. Freeman, Senior Vice-President and Chief Financial Officer (principal financial officer), of the effectiveness of the Company's disclosure controls and procedures pursuant to Securities Exchange Act Rule 13a-15. Based on their evaluation, the principal executive officer and principal financial officer concluded that the Company's disclosure controls and procedures are effective at the reasonable assurance level.

The attestation report of Deloitte & Touche LLP, the Company's independent registered public accounting firm, on management's assessment of internal control over financial reporting is incorporated herein by reference from pages F-4 and F-5 of the Original Filing.

William Dillard, II, Chairman of the Board of Directors and Chief Executive Officer, has certified to the New York Stock Exchange that he is not aware of any violations by the Company of the exchange's corporate governance listing standards. Attached as an exhibit to this annual report is the certification of Mr. Dillard required under Section 302 of the Sarbanes-Oxley Act of 2002 regarding the quality of the Company's public disclosures.

*Changes in Internal Control over Financial Reporting*

During the quarter ended February 2, 2008, the Company implemented a control over the calculation and review of equity earnings of CDI Contractors LLC, a 50%-owned, equity method joint venture investment of the Company that constructs stores for the Company. There were no other changes in the Company's internal controls over financial reporting that occurred during the quarter ended February 2, 2008 to which this report relates that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

**MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING**

The financial statements, financial analysis and all other information in this Annual Report on Form 10-K/A were prepared by management, who is responsible for their integrity and objectivity and for establishing and maintaining adequate internal controls over financial reporting.

The Company's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. The Company's internal control over financial reporting includes those policies and procedures that:

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets of the Company;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

- iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or dispositions of the Company's assets that could have a material effect on the financial statements.

There are inherent limitations in the effectiveness of any internal control, including the possibility of human error and the circumvention or overriding of controls. Accordingly, even effective internal controls can provide only reasonable assurances with respect to financial statement preparation. Further, because of changes in conditions, the effectiveness of internal controls may vary over time.

Management assessed the design and effectiveness of the Company's internal control over financial reporting as of February 2, 2008. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ( COSO ) in *Internal Control - Integrated Framework*. Based on management's assessment using those criteria, it believes that, as of February 2, 2008, the Company's internal control over financial reporting is effective.

Deloitte & Touche LLP, an independent registered public accounting firm, has audited the financial statements of the Company for the fiscal years ended February 2, 2008, February 3, 2007, and January 28, 2006 and has attested to management's assertion regarding the effectiveness of the Company's internal control over financial reporting as of February 2, 2008. Their report is presented on pages F-4 and F-5 of the Original Filing and is incorporated herein by reference. The independent registered public accountants and internal auditors advise management of the results of their audits and make recommendations to improve the system of internal controls. Management evaluates the audit recommendations and takes appropriate action.
