OPEN JOINT STOCK COMPANY  
VIMPEL-COMMUNICATIONS  
(Registrant)

Date: March 18, 2010

By:  /s/ ALEXANDER Y. TORBAKHOV  
Name: Alexander Y. Torbakhov  
Title: General Director

**Moscow and New York (March 18, 2010) - Open Joint Stock Company Vimpel-Communications ( VimpelCom or the Company ) (NYSE: VIP)**, a leading international provider of telecommunications services operating in Russia, the Commonwealth of Independent States (CIS) and South-East Asia, today announced its operating and financial results for the quarter and year ended December 31, 2009.

The Company changed its reporting currency from the US dollar to the Russian ruble effective as of January 1, 2009. The Company presented certain financial information for the first three quarters of 2009 in Russian rubles.

Following the plans announced in October 2009 by the Company's two strategic shareholders to combine their holdings under a new company, VimpelCom Ltd., and in connection with regulatory filings relating to that transaction, the Company decided to change its reporting currency to the US dollar. The audited consolidated financial statements for the year ended December 31, 2009 are prepared in US dollars. Amounts included in quarterly financial statements for the first three quarters of 2009 were recast using the current rate method of currency translation as though the US dollar was the reporting currency in those periods. Financial information in this press release is presented in US dollars for the consolidated Group and in functional currencies for Russia and the CIS countries.

Although Georgia is no longer a member of the CIS, consistent with our historical reporting practice we continue to include Georgia in our CIS reporting segment.

## 2009 Highlights and Recent Developments

### Operational

3.6 million new mobile subscribers, with the total subscriber base up to 64.6 million

2.3 million broadband subscribers, an 85% growth year-on-year

3G networks rollout in Russia on schedule, all current license requirements fulfilled

Launch of operations in Cambodia and Vietnam under Beeline brand

### Financial

Revenues of \$8.7 billion and OIBDA\* of \$4.3 billion, 14% and 12% down year-on-year, respectively. In ruble terms, revenues of 275.2 billion and OIBDA of 135.2 billion, 10% and 12% increase year-on-year

Full-year consolidated ruble revenues in Russia increased 10% year-on-year and reached 235.4 billion rubles

Substantially improved consolidated fixed and mobile margin of 49.1% compared to 48.0% in 2008

Free cash flow amounted to \$2.7 billion after \$0.8 billion spent on Capex

Net income attributable to VimpelCom of \$1.1 billion or 114% increase year-on-year

Basic EPS up 110% year-on-year to \$21.71 (\$1.09 per ADS)

Net debt decreased to \$5.9 billion bringing the Net Debt/OIBDA ratio to 1.4

### Other

Interim dividend of \$0.32 per ADS was paid out

Strategic shareholders initiated the process of combining their stakes in VimpelCom and Kyivstar in a new company, VimpelCom Ltd., and launched a public exchange offer for all of VimpelCom's outstanding shares

\* Here and thereafter refers to adjusted OIBDA (See definition)

Commenting on the performance of the Company, Boris Nemsic, Chief Executive Officer of VimpelCom, said, "By the end of 2008, in the depths of the global macroeconomic crisis, we took decisive actions to address the market uncertainties. We committed to our shareholders that we would preserve cash, improve liquidity, control costs, and integrate the newly acquired fixed-line business, all while maintaining our leading market positions. I am very pleased that we have delivered on each of these commitments, which is clearly demonstrated by our full-year results.

The growth in our mobile subscriber base to over 64.6 million customers was good especially in light of the high penetration in our markets. Moreover, subscriber growth did not come at the expense of subscriber quality and profitability, as we improved our consolidated fixed and mobile OIBDA margins to more than 49% on average for the year. Furthermore, our focus on operational excellence and profitability resulted in a record \$3.5 billion of operational cash flow, allowing us to substantially improve our liquidity and pay dividends. We paid out a dividend of \$0.32 per ADS based on the Company's operating results for the first nine months of 2009, while substantially reducing our net debt to a comfortably manageable \$5.9 billion, a 22% reduction compared to December 31, 2008.

Finally, our strategic shareholders recently took another important step toward positioning VimpelCom as a global player in the telecommunications industry by launching an exchange offer through VimpelCom Ltd., which if completed, will combine VimpelCom with Kyivstar, the largest mobile operator in Ukraine. We believe that this transaction will support our strategic objectives and create value for the Company's stakeholders. The Company's Board of Directors unanimously recommended that the Company's shareholders and holders of American depository shares exchange their Company shares and ADSs for VimpelCom Ltd. depository shares in the exchange offer launched by VimpelCom Ltd.

\* See definitions in Attachment A. References to year-on-year are to comparisons of 4Q09 vs. 4Q08, while references to quarter-on-quarter are to 4Q09 vs. 3Q09.

\*\* 2008 results include only 10 months of consolidation of Golden Telecom's operations.

\*\*\* In 3Q09 we reported 95 thousands as active subscribers in Cambodia which was calculated on a one month basis. Starting from 4Q09 we will report active subscriber base in Cambodia calculated on a three month basis.

Net operating revenues 4Q 09**** (US\$ millions)	Russia	CIS	SEA	Eliminations	Total
Mobile business	1,671	284	2	-2	1,955
Fixed-line business	458	67	0	-18	507
Eliminations	-133	-9	0	-11	-153
<b>Total net operating revenue</b>	<b>1,996</b>	<b>342</b>	<b>2</b>	<b>-31</b>	<b>2,309</b>

\*\*\*\* Due to the increasing integration between different parts of our business, we include inter-company transactions in the reported revenues of geographic and business segments and indicate the amount of inter-company eliminations within and between the segments.

The quarterly net operating revenues increased by 1.4% quarter-on-quarter, reflecting seasonality supported by favorable exchange rate dynamics. Full-year revenues amounted to \$8.7 billion, demonstrating the robustness of our core business and our ability to maintain our market positions.

Our continuous efforts on cost optimization, price rebalancing and streamlining integration resulted in more than one percentage point improvement of the full-year consolidated fixed and mobile OIBDA margin, which reached 49.1%. The fourth quarter OIBDA margin, despite being seasonally affected, showed substantial improvement when compared to the fourth quarter of the previous year.

A consistent focus on cash generation and working capital optimization helped us to achieve a record \$3.5 billion of operational cash flow, which is \$100 million higher than reported a year ago.

Capital expenditures in 2009 were significantly lower than in the previous year, utilizing massive investments made in 2007-2008, including the acquisition of Golden Telecom's networks, and meeting the overall level of demand throughout 2009. In 2010, we intend to increase our capital expenditures compared with the 2009 level and plan to invest approximately 15-20% of our revenues.

During the fourth quarter we repaid in total \$742 million of debt including a \$315 million bond buy-back we completed in October 2009. Our net debt declined by \$1.6 billion in 2009 and reached \$5.9 billion at the end of the year.

Our net income attributable to VimpelCom amounted to \$283 million for the fourth quarter and \$1.1 billion for the full year 2009, which is 114.1% more than we reported in 2008.

Our quarterly net operating revenues in Russia amounted to 58.8 billion rubles. The quarterly dynamics reflect seasonality, with revenues in local currency declining by 3.9% quarter-on-quarter. Overall, our full-year 2009 consolidated fixed and mobile revenues in Russia increased by 9.9% in ruble terms, when compared to 2008.

In the mobile segment, our quarterly ruble revenues remained flat when compared to the fourth quarter of 2008. Full year mobile revenues were up 7.0%. We also saw an increase in revenues from value added services driven by demand for infotainment and mobile data. Minutes of use increased in the past three quarters supporting our view that voice traffic continues to be one of the key drivers of revenue growth. In our marketing activities we aim to maintain pricing discipline and be competitive in every segment of the mobile market.

We achieved a mobile OIBDA margin of 49.3% in the fourth quarter of 2009, which is 2.5 percentage points higher than reported in the fourth quarter of 2008. In ruble terms, our quarterly mobile OIBDA reached 24.3 billion rubles, a 6.0% increase year-on-year.

Our quarterly fixed-line revenues increased by 12.7% year-on-year in ruble terms reflecting the sustainability of our diverse revenue base. To the extent that we will begin to see economic recovery in 2010, we expect to see revenue growth in the corporate segment and increasing demand for data from both corporate and residential customers.

Fixed-line OIBDA margin, although slightly down quarter-on-quarter, increased on a full-year basis from 24.1% to 27.9%. In ruble terms, in 2009 the full-year fixed-line OIBDA reached 14.9 billion rubles, a 73.2%\* increase as compared to 2008.

In the fourth quarter of 2009, our total number of residential broadband subscribers in Russia, including FTTB and mobile broadband, exceeded 2.1 million, a 78.6% increase year-on-year and a 15.2% increase quarter-on-quarter. Revenues from residential broadband were up 151.0% year-on-year.

Broadband subscribers ( 000)	146	39	274.4%	97	50.5%	146	39	274.4%

In 2009, our net operating revenues in the CIS grew in local currency terms in the majority of our markets, including Kazakhstan and Ukraine. However, in dollar terms, we reported a 13.1% decline due to dollar appreciation against the local currencies.

Our focus on operational efficiencies increased our full-year consolidated OIBDA margin by more than 4 percentage points to 46.1% in 2009 compared to 2008, a remarkable achievement in challenging market conditions.

Mobile subscriber numbers in the CIS in 2009 stayed essentially flat, reflecting the Company's focus on subscriber quality. The number of broadband subscribers increased almost fourfold compared to 2008 as we started to actively develop our broadband projects in Ukraine, Kazakhstan, Uzbekistan and Armenia.

\* We no longer provide information on subscriber market share, because different churn policies used by mobile service providers result in reported subscriber market share figures that are not representative.

### South-East Asia

In Cambodia we successfully continue development of our operations. We achieved network coverage of more than 70% of the population and our services are available in the 18 largest provinces. Good network quality, effective marketing and a pro-active approach to distribution helped us to establish a solid footprint for further expansion. We now serve more than 370 thousand subscribers.

Six months after the network launch in Vietnam, our networks cover approximately 32% of the population with presence in 40 out of 63 provinces. By the end of 2009, we served approximately 1.1 million subscribers counted on a one month active basis.

We are satisfied with the pace of business development and remain optimistic about the potential of the South-East Asia mobile market.

**For more information on financial and operating data for specific countries, please refer to the supplementary file [FinancialOperatingQ42009.xls](http://www.vimpelcom.com/news/qrep.wbp) on our website at <http://www.vimpelcom.com/news/qrep.wbp>.**

The Company's management will discuss its fourth quarter and annual 2009 results during a conference call and slide presentation on March 18, 2010 at 6:30 pm Moscow time (10:30 am US ET). The call and slide presentation may be accessed via webcast at the following URL address <http://www.vimpelcom.com>. The conference call replay will be available through March 25, 2010. The slide presentation webcast will also be available for download on VimpelCom's website <http://www.vimpelcom.com>.

The VimpelCom Group consists of telecommunications operators providing voice and data services through a range of mobile, fixed and broadband technologies. The Group includes companies operating in Russia, Kazakhstan, Ukraine, Uzbekistan, Tajikistan, Georgia, Armenia, as well as Vietnam and Cambodia, in territories with a total population of about 340 million. VimpelCom was the first Russian company to list its shares on the New York Stock Exchange ( NYSE ). VimpelCom's ADSs are listed on the NYSE under the symbol VIP .

*This press release contains forward-looking statements, as the phrase is defined in Section 27A of the Securities Act and Section 21E of the Exchange Act. These statements include those relating to the proposed combination with Kyivstar and its benefits, the Company's 2010 capital expenditures, the Company's future revenues, pricing and competitive position, and the Company's development plans in Cambodia and Vietnam. These and other forward-looking statements are based on management's best assessment of the Company's strategic and financial position and of future market conditions and trends. These discussions involve risks and uncertainties. The actual outcome may differ materially from these statements as a result of continued volatility in the economies in the markets in which the Company operates, unforeseen developments from competition, governmental regulation of the telecommunications industries, general political uncertainties in the markets in which the Company operates and/or litigation with third parties. The actual outcome may also differ materially if the Company is unable to obtain all necessary corporate approvals relating to its business, if the Company is unable to successfully integrate newly-acquired businesses, including Golden Telecom, and other factors. There can be no assurance that such risks and uncertainties will not have a material adverse effect on the VimpelCom Group. Certain factors that could cause actual results to differ materially from those discussed in any forward-looking statements include the risks described in the Company's Amended Annual Report on Form 20-F/A for the year ended December 31, 2008 and other public filings made by the Company with the United States Securities and Exchange Commission, which risk factors are incorporated herein by reference. VimpelCom disclaims any obligation to update developments of these risk factors or to announce publicly any revision to any of the forward-looking statements contained in this release, or to make corrections to reflect future events or developments.*

**IMPORTANT NOTICE:** In connection with the exchange offer, VimpelCom Ltd. has filed with the SEC a registration statement on Form F-4, which includes a preliminary prospectus and related U.S. offer acceptance materials, and a Statement on Schedule TO. In addition, the Company has filed a Solicitation/Recommendation Statement on Schedule 14D-9. **Holders of the Company's securities are urged to carefully read the VimpelCom Ltd. registration statement (including the preliminary prospectus), the VimpelCom Ltd. Statement on Schedule TO, any other documents relating to the U.S. offer filed by VimpelCom Ltd. with the SEC, and the Company's Solicitation/Recommendation Statement on Schedule 14D-9, as well as any amendments and supplements to these documents, because they contain important information.** Free copies of the registration statement, including the preliminary prospectus and related U.S. offer acceptance materials, the Statement on Schedule TO, the Solicitation/Recommendation Statement on Schedule 14D-9, amendments and supplements to these documents, and other relevant documents filed with the SEC in respect of the U.S. offer, can be obtained at the SEC's website at [www.sec.gov](http://www.sec.gov).

This announcement is not an offering document and does not constitute an offer to exchange or the solicitation of an offer to exchange securities or a solicitation of any vote or approval, nor shall there be any sale or exchange of securities in any jurisdiction in which such offer, solicitation or sale or exchange would be unlawful prior to the registration or qualification under the laws of such jurisdiction. The solicitation of offers to exchange the Company's securities for VimpelCom Ltd. DRs in the United States is being made pursuant to the preliminary prospectus and related U.S. offer acceptance materials that have been mailed to holders resident in the United States (including its territories and possessions) of Company shares and all holders of Company ADSs, wherever located.

This announcement does not constitute advertisement of securities, including securities of foreign issuers, in the Russian Federation within the meaning of Federal Law No. 39-FZ On the Securities Market dated April 22, 1996, as amended (the Securities Law ), Federal Law No. 46-FZ On the Protection of Rights and Lawful Interests of Investors on the Securities Market dated March 5, 1999, as amended, and Federal Law No. 38-FZ On Advertising dated March 13, 2006, as amended, or a public offer to purchase, sell, exchange or transfer to or for the benefit of any person resident, incorporated, established or having their usual residence in the Russian Federation, or to any person located within the territory of the Russian Federation, that does not fall under a legal definition of a qualified investor within the meaning of Article 51.2 of the Securities Law, or an invitation to or for the benefit of any such person, to make offers to purchase, sell, exchange or transfer any such securities. The securities of VimpelCom Ltd. have not been and will not be admitted for placement, public placement or public circulation in the Russian Federation within the meaning of Article 51.1 of the Securities Law. This announcement is not for publication, release or distribution in or into or from any jurisdiction where it would otherwise be prohibited.

**- Definitions and tables are attached**

**Attachment A: Definitions**

**Mobile subscribers** are subscribers in the registered subscriber base as of a measurement date who engaged in a revenue generating activity at any time during the three months prior to the measurement date. Such activity includes any incoming and outgoing calls, subscriber fee accruals, debits related to service, outgoing SMS, Multimedia Messaging Service (referred to as MMS), data transmission and receipt sessions, but does not include incoming SMS and MMS sent by VimpelCom or abandoned calls. VimpelCom's total number of mobile subscribers also includes subscribers using mobile Internet service via USB modems.

**Each ADS** represents 0.05 of one share of common stock. This ratio was established effective August 21, 2007.

**ARPU** (Monthly Average Revenue per User) is calculated by dividing the Company's service revenue during the relevant period, including roaming revenue and interconnect revenue, but excluding revenue from connection fees, sales of handsets and accessories and other non-service revenue, by the average number of the Company's subscribers during the period and dividing by the number of months in that period.

**Broadband subscribers** are those subscribers in the registered subscriber base who were a party to a revenue generating activity in the past three months. Such activities include monthly internet access using FTTB, xDSL and WiFi technologies as well as mobile internet service via USB modems.

**CIS Geographic Segment** for the purpose of VimpelCom reporting includes our operations in the following countries: Kazakhstan, Ukraine, Uzbekistan, Tajikistan, Armenia and Georgia

**Fixed-line subscriber** is an authorized user of fixed-line communications services.

**General and administrative costs (G&A)** include salaries and outsourcing costs, including related social contributions required by Russian law; stock price-based compensation expenses; repair and maintenance expenses; rent, including lease payments for base station sites; utilities; other miscellaneous expenses, such as insurance, operating taxes, license fees, and accounting, audit and legal fees.

**Households passed** are households located within buildings, in which indoor installation of all the FTTB equipment necessary to install terminal residential equipment has been completed.

**Mobile services** are wireless voice and data transmission services excluding WiFi.

**MOU** (Monthly Average Minutes of Use per User) is calculated by dividing the total number of minutes of usage for incoming and outgoing calls during the relevant period (excluding guest roamers) by the average number of mobile subscribers during the period and dividing by the number of months in that period.

**Adjusted OIBDA** is a non-U.S. GAAP financial measure. Adjusted OIBDA, previously referred to as EBITDA or OIBDA by the Company, is defined as operating income before depreciation, amortization and impairment loss. The Company believes that adjusted OIBDA provides useful information to investors because it is an indicator of the strength and performance of our business operations, including our ability to finance capital expenditures, acquisitions and other investments and our ability to incur and service debt. While depreciation, amortization and impairment loss are considered operating costs under U.S. GAAP, these expenses primarily represent the non-cash current period allocation of costs associated with long-lived assets acquired or constructed in prior periods. Our adjusted OIBDA calculations are commonly used as bases for some investors, analysts and credit rating agencies to evaluate and compare the periodic and future operating performance and value of companies within the

telecommunications industry. Adjusted OIBDA should not be considered in isolation as an alternative to net income attributable to VimpelCom, operating income or any other measure of performance under U.S. GAAP. Adjusted OIBDA does not include our need to replace our capital equipment over time. Reconciliation of adjusted OIBDA to operating income, the most directly comparable U.S. GAAP financial measure, is presented below in the reconciliation tables section.

**Adjusted OIBDA margin** is adjusted OIBDA expressed as a percentage of net operating revenues. Reconciliation of adjusted OIBDA margin to operating income as a percentage of net operating revenues, the most directly comparable U.S. GAAP financial measure, is presented below in the reconciliation tables section.

**Prepaid subscribers** are those subscribers who pay for their services in advance.

**Roaming revenues** include both revenues from VimpelCom customers who roam outside of home country network and revenues from other wireless carriers for roaming by their customers on VimpelCom's network. Roaming revenues do not include revenues from our own subscribers roaming while travelling across Russian regions within our network (so called "intranet roaming").

**Sales and marketing costs (S&M)** include marketing, advertising and dealer commissions expenses.

**Take-up rate** for the FTTB network is calculated by dividing the number of FTTB subscribers by the total number of households passed.

**VAS (value added services)** includes short messages (SMS), multimedia messages (MMS), caller number identification, call waiting, data transmission, mobile Internet, downloadable content and other services.

**Capital expenditures (Capex)** - purchases of new equipment, new construction, upgrades, software, other long lived assets and related reasonable costs incurred prior to intended use of the non current asset, accounted at the earliest event of advance payment or delivery. Long-lived assets acquired in business combinations are not included in capital expenditures.

**SEA** - VimpelCom operations in South-East Asia, which include operations in Cambodia and VimpelCom's respective equity in net results of operations of the Company's Vietnamese associate GTEL-Mobile JSC (GTEL-Mobile).

**Net debt** is a non-U.S. GAAP financial measure and is calculated as the sum of long-term debt and short-term debt minus cash and cash equivalents. The Company believes that net debt provides useful information to investors because it shows the amount of debt outstanding to be paid after using available cash and cash equivalent. Net debt should not be considered in isolation as an alternative to long-term debt and short-term debt, or any other measure of the company financial position. Reconciliation of net debt to long-term debt and short-term debt, the most directly comparable U.S. GAAP financial measures, is presented below in the reconciliation tables section.

**Free cash flow** is a non-U.S. GAAP financial measure and is calculated as operating cash flow less Capex. The Company believes that free cash flow provides useful information to investors because it is an indicator of our company's operational and financial performance and represents our ability to generate cash after accruals required to maintain or expand our asset base. Free cash flow should not be considered in isolation as an alternative to operating cash flow or any other measure of the company cash flows management. Reconciliation of free cash flow to operating cash flow, the most directly comparable U.S. GAAP financial measure, is presented below in the reconciliation tables section.

Disclaimer

This presentation contains "forward-looking statements", as the phrase is defined in Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements relate, in part, to the proposed combination with Kyivstar and its impact on the Company's strategy, development plans and anticipated performance. The forward-looking statements are based on management's current assessment of the Company's strategic and financial position, and future market conditions and trends. These discussions involve inherent uncertainties. The actual outcome may differ materially from these statements as a result of continued volatility in the economic and financial markets in which the Company operates, unforeseen developments from competition, governmental regulation of the telecomm

industries and general political uncertainties in the markets in which the Company operates and/or litigation with third parties. outcome may also differ materially if the Company is unable to obtain all necessary corporate approvals relating to its business. Company is unable to successfully integrate newly-acquired businesses, including Golden Telecom, and other factors. There is no assurance that these risks and uncertainties will not have a material adverse effect on the Company, that the Company will be able to execute its strategy or that it will be successful in executing its strategy and development plans. Certain factors that could cause actual results to differ materially from those discussed in any forward-looking statements include the risks described in the Company's Annual Report for the year ended December 31, 2008 and other public filings made by the Company with the United States Securities and Exchange Commission, which risk factors are incorporated herein by reference. The Company disclaims any obligation to update develop new risk factors or to announce publicly any revision to any of the forward-looking statements contained in this release, or to make any statement that may reflect future events or developments.

**IMPORTANT NOTICE:** In connection with the exchange offer, VimpelCom Ltd. has filed with the SEC a registration statement which includes a preliminary prospectus and related U.S. offer acceptance materials, and a Statement on Schedule TO. In addition, the Company has filed a Solicitation/Recommendation Statement on Schedule 14D-9. Holders of the Company's securities are urged to read the VimpelCom Ltd. registration statement (including the preliminary prospectus), the VimpelCom Ltd. Statement on Schedule TO, other documents relating to the U.S. offer filed by VimpelCom Ltd. with the SEC, and the Company's Solicitation/Recommendation Statement on Schedule 14D-9, as well as any amendments and supplements to these documents, because they contain important information. Copies of the registration statement, including the preliminary prospectus and related U.S. offer acceptance materials, the Statement on Schedule TO, the Solicitation/Recommendation Statement on Schedule 14D-9, amendments and supplements to these documents and other relevant documents filed with the SEC in respect of the U.S. offer, can be obtained at the SEC's website at [www.sec.gov](http://www.sec.gov). This announcement is not an offering document and does not constitute an offer to exchange or the solicitation of an offer to exchange securities or a solicitation of any vote or approval, nor shall there be any sale or exchange of securities in any jurisdiction in which such solicitation or sale or exchange would be unlawful prior to the registration or qualification under the laws of such jurisdiction. The offer of offers to exchange the Company's securities for VimpelCom Ltd. Shares in the United States is being made pursuant to the preliminary prospectus and related U.S. offer acceptance materials that have been mailed to holders resident in the United States (including holders in the United States and possessions) of Company shares and all holders of Company ADSs, wherever located.

This announcement does not constitute advertisement of securities, including securities of foreign issuers, in the Russian Federation within the meaning of Federal Law No. 39-FZ "On the Securities Market" dated April 22, 1996, as amended (the "Securities Law"), Federal Law No. 46-FZ "On the Protection of Rights and Lawful Interests of Investors on the Securities Market" dated March 5, 1999, as amended (the "Investor Protection Law"), Federal Law No. 38-FZ "On Advertising" dated March 13, 2006, as amended, or a public offer to purchase, sell, exchange or transfer securities for the benefit of any person resident, incorporated, established or having their usual residence in the Russian Federation, or to any person within the territory of the Russian Federation, that does not fall under a legal definition of a "qualified investor" within the meaning of Article 51.2 of the Securities Law, or an invitation to or for the benefit of any such person, to make offers to purchase, sell, exchange or transfer such securities. The securities of VimpelCom Ltd. have not been and will not be admitted for placement, public placement or placement in the Russian Federation within the meaning of Article 51.1 of the Securities Law. This announcement is not for publication, distribution in or into or from any jurisdiction where it would otherwise be prohibited.
