PROXY STATEMENT

FOR THE 2010 ANNUAL MEETING OF STOCKHOLDERS

DECEMBER 13, 2010

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors (Board of Directors) of ICO Global Communications (Holdings) Limited (Company or ICO) is soliciting your proxy to vote at the 2010 Annual Meeting of Stockholders (Annual Meeting). You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

The Company intends to mail this proxy statement and accompanying proxy card on or about October 29, 2010 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on October 22, 2010 (Record Date) will be entitled to vote at the Annual Meeting. On this Record Date, there were 199,980,177 shares of Class A common stock outstanding and entitled to vote (one vote per share) and 53,660,000 shares of Class B common stock outstanding and entitled to vote (ten votes per share).

Stockholders of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with ICO's transfer agent, BNY Mellon Shareowner Services (BNY Mellon), then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on the Record Date your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. As a beneficial owner, you have the right

Table of Contents

to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

Election of 9 directors; and

Ratification of the selection by the Audit Committee of the independent registered public accounting firm of Deloitte & Touche LLP as independent auditor of the Company for its fiscal year ending December 31, 2010.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may Withhold your vote for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-866-580-9477 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on December 12, 2010, the day prior to the Annual Meeting, to be counted.

To vote on the Internet, go to <http://www.eproxy.com/icog> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 PM Eastern Time on December 12, 2010, the day prior to the Annual Meeting, to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from ICO. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. You may contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

Table of Contents

How many votes do I have?

On each matter to be voted upon, you will have one vote for each share of Class A common stock you own as of the Record Date and ten votes for each share of Class B common stock you own as of the Record Date.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted **For** the election of all 9 nominees for director and **For** the ratification of the selection by the Audit Committee of the independent registered public accounting firm of Deloitte & Touche LLP as independent auditor of the Company for its fiscal year ending December 31, 2010. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a timely written notice that you are revoking your proxy to the Company's Corporate Secretary at 2300 Carillon Point, Kirkland, Washington 98033.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count **For** and **Withhold** with respect to the election of directors, and, with respect to proposals other than the election of directors, **Against** votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as **Against** votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are broker non-votes ?

If your shares are held by your broker as your nominee (that is, in street name), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding

Table of Contents

how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. The election of directors is a non-discretionary item, so if you do not provide instructions to your broker, your broker will not be able to vote your shares for the election of directors. Discretionary items are proposals considered routine on which your broker may vote shares held in street name in the absence of your voting instructions. The proposal to ratify the appointment of our independent auditor is a discretionary item.

How many votes are needed to approve each proposal?

For Proposal No. 1, Election of Directors, the 9 nominees receiving the most For votes (from the holders of votes of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Only votes For will affect the outcome.

To be approved, Proposal No. 2, Ratification of the Selection by the Audit Committee of the Board of Directors of the Independent Registered Public Accounting Firm of Deloitte & Touche LLP as Independent Auditor, must receive For votes from the holders of a majority of shares present in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding shares representing a majority of the combined voting power of the outstanding Class A common stock and Class B common stock are present at the meeting in person or represented by proxy. On the Record Date, there were 199,980,177 shares of Class A common stock outstanding and 53,660,000 shares of Class B common stock outstanding. Thus holders of shares representing 368,290,089 votes must be present in person or represented by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Form 8-K to be filed with the SEC on or before December 17, 2010.

HOUSEHOLDING OF PROXY MATERIALS

The U.S. Securities and Exchange Commission (SEC) has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials with respect to two or more stockholders sharing the same address by delivering a single annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are ICO s stockholders will be householding our proxy materials. A single annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be

Table of Contents

householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials, please notify your broker. Upon written or oral request, we will promptly deliver a separate copy of the annual report to stockholders, proxy statement, or Notice of Internet Availability of Proxy Materials, as applicable, to a stockholder at a shared address to which a single copy of the documents was delivered. Direct your written request to ICO, 2300 Carillon Point, Kirkland, Washington 98033, Attn: General Counsel. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request householding of their communications should contact their brokers.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

The Company's Board of Directors has identified 9 director nominees for election at the Annual Meeting of the Company's stockholders. Each nominee that is elected at the Annual Meeting will hold office until the next Annual Meeting of stockholders and until his successor is elected, or, if sooner, until the director's death, resignation or removal. Except for Messrs. Emerson, Fox, Salemme, Sloan and Wolff, who joined the Board of Directors since the last Annual Meeting, each of the nominees listed below is currently a director of the Company who was previously elected by the stockholders. Mr. Wasserman, who currently serves on the Board, will not stand for re-election at the Annual Meeting. The Company encourages nominees for directors and directors to attend the Annual Meeting.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The 9 nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the 9 nominees named below. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

In addition to being a financial expert, Mr. Rowan is familiar with the technology industry, having served as a senior executive at Vonage Holdings Corp, and Nextel Partners. This experience as a senior executive also gives Mr. Rowan the management background necessary for the oversight of our financial and operational performance.

R. Gerard Salemm

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Selection and Composition of the Board of Directors and Standing Committees

Controlled Company

Under the Nasdaq Marketplace Rules, a controlled company is a company of which more than 50% of the voting power is held by an individual, a group or another company. ICO is a controlled company because 65.8% of its voting power is held by Eagle River Satellite Holdings, LLC (ERSH), Eagle River Partners, LLC (ERP) and Eagle River, Inc (ERI). Eagle River Investments, LLC is the controlling member of ERSH. Craig O. McCaw, one of our directors, is the sole shareholder of ERI, the sole manager and beneficial member of Eagle River Investments, LLC and the voting member of ERP. Benjamin G. Wolff, our Chairman and Chief Executive Officer, is the President of ERSH, ERI and Eagle River Investments, LLC. Gerry Salemmme, one of our directors, is the Vice President of ERI. As a controlled company, ICO is exempt from: (i) Nasdaq's requirement that a majority of the Board of Directors consist of independent directors, (ii) Nasdaq's requirement that the compensation of officers be determined, or recommended to the Board of Directors for determination, by a majority of the independent directors or a compensation committee comprised solely of independent directors, and (iii) Nasdaq's requirement that director nominees be selected, or recommended for the Board of Directors' selection, by a majority of the independent directors or a nominating committee comprised solely of independent directors with a written charter or board resolution addressing the nomination process.

Independence

Notwithstanding the Company's controlled company exemption, Messrs. Emerson, Fox, Rowan, Sloan and Thompson are independent directors within the meaning of the applicable Nasdaq listing standards. As such, a majority of the Company's directors are currently independent, as are all members of the Company's Audit Committee and Compensation Committee.

Nomination Process

Consistent with its status as a controlled company, the Board of Directors has not established a nominating committee comprised solely of independent directors and has not adopted a nominating committee charter or a policy for the nomination of directors; nor does the Company have a formal policy on diversity for its Board of Directors. Instead, the Board of Directors, as a nominating group, consults with the Company's counsel to ensure that its nominations are consistent with relevant securities and other laws and regulations, including those set forth in pertinent Nasdaq listing standards. In addition to nominations by the Board of Directors, shareholders may nominate directors or recommend nominees to the Board of Directors in a manner provided by Delaware law and by the Bylaws of the Company. During the year ended December 31, 2009, there were no changes to the procedures by which stockholders may nominate directors or recommend nominees to our Board of Directors.

The Board of Directors has also determined that Mr. Rowan qualifies as an audit committee financial expert, as defined in the applicable rules of the SEC and Nasdaq. The Board of Directors made a qualitative assessment of Mr. Rowan's level of knowledge and experience based on a number of factors, including his formal education and experience as a chief financial officer for public reporting companies. In appointing Mr. Fox as the new chair of the Audit Committee, the Board of Directors also recognized that Mr. Fox qualifies as an audit committee financial expert, based on a qualitative assessment of Mr. Fox's level of knowledge and experience, including his formal education, his service as chief financial officer of a public reporting company, and his role as a managing partner for the Seattle office of a major international accounting firm.

Compensation Committee

The Compensation Committee of the Board of Directors was established by the Board of Directors to: (i) act on behalf of the Board of Directors in fulfilling the Board of Directors' responsibilities to oversee the Company's compensation policies, plans and programs; (ii) review and determine the compensation to be paid to the Company's executive officers and directors; (iii) review the Compensation Discussion and Analysis (CD&A) with management and make a recommendation as to whether the CD&A should be included in the Company's annual report and/or proxy statement; (iv) prepare and review the Compensation Committee report included in the Company's annual proxy statement in accordance with applicable rules and regulations of the SEC in effect from time to time; and (v) perform such other functions as may be deemed necessary or convenient in the efficient and lawful discharge of the foregoing. Table of Contents**PROPOSAL 2****RATIFICATION OF THE SELECTION BY THE AUDIT COMMITTEE OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF DELOITTE & TOUCHE LLP**

The Audit Committee of the Board of Directors has selected the independent registered public accounting firm of Deloitte & Touche LLP as the Company's independent auditor for the fiscal year ending December 31, 2010, and has further directed that management submit the selection of the independent auditor for ratification by the stockholders at the Annual Meeting. Representatives of Deloitte & Touche LLP will be available telephonically at the Annual Meeting to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte & Touche LLP as the Company's independent auditor. However, the Audit Committee of the Board of Directors is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board of Directors in its discretion may direct the appointment of a different independent auditor at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Deloitte & Touche LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The primary goals of the Company's executive officer compensation program are to tie compensation to achievement of specified performance objectives, to attract and retain talented and dedicated executives, and to align the Company's executive officers' interests with those of its stockholders. The elements of this executive compensation program (some or all of which may be applicable to any particular executive) include the following: base salary, annual bonus, equity incentive compensation and other compensation. Each element is designed to achieve one or more of the Company's goals regarding performance, alignment and retention. While the Compensation Committee sets and oversees compensation policy for all of the Company's executive officers and directors, this discussion and analysis is limited to compensation granted to the Company's named executive officers.

Performance

One goal of the Company's executive compensation program is to reward individual performance and contributions toward Company performance. Stock options and restricted stock awards, the value of which are contingent upon the performance of the Company's share price, and subject to vesting schedules that require continued service and the achievement of certain performance conditions, were designed to achieve this goal. Similarly, base compensation amounts and cash bonuses were designed to reward responsibilities, demonstrated leadership, and management experience and effectiveness.

Alignment

The Company seeks to align the interests of its named executive officers with those of its stockholders by evaluating executive performance on the basis of key operational measurements which the Company believes closely correlate to long-term stockholder value. The element of compensation that most directly aligns the interests of named executive officers with stockholders is equity incentive compensation, which links a significant portion of compensation to stockholder value because the total value of those awards is tied to stock price appreciation.

Retention

The Company has historically competed for executive talent in the technology and telecommunications industries. Accordingly, in 2009, as in prior years, the Company paid competitive salaries as well as a competitive total compensation package. In the future, the Company will continue to compete for executive talent with other small and mid-cap public companies generally, and specifically with those companies with a business focus similar to the Company's business focus. To encourage retention of its named executive officers, the Company makes a substantial portion of their compensation dependent upon continued service. The Company's equity incentive compensation awards require long-term continued service to receive any, or the maximum, payout.

Implementing the Company's Objectives

The Compensation Committee determines compensation for named executive officers after reviewing the overall performance of the Company and evaluating executive performance during the year. The Compensation Committee evaluates executive performance based upon leadership, operational performance, responsibilities, and career with the Company. Specific factors affecting compensation decisions for the Company's named executive officers include:

achievement of specific operational goals for the Company, including sustained progress in furtherance of its business; and

Table of Contents

achievement of strategic objectives such as maintaining the value of the Company's assets, including those related to taxes, litigation and spectrum; entering into key transactions; and achieving financial and other corporate goals.

Management's Role

The Chief Executive Officer, in conjunction with the Director of Human Resources, coordinates the annual review of the compensation programs for all of the Company's named executive officers, other than the Chief Executive Officer. This includes an evaluation of individual and Company performance, competitive practices and trends, and various compensation issues. Based on the outcomes of this review, the Chief Executive Officer makes recommendations to the Compensation Committee regarding the compensation of each of the named executive officers, other than the Chief Executive Officer. Management also makes recommendations to the Compensation Committee regarding executive compensation design.

Compensation Committee

The Compensation Committee is responsible for the review, evaluation and approval of (i) programs to ensure that compensation plans and levels are reasonable, consistent with the Company's stated compensation objectives and consistent with its business goals and objectives; and (ii) the compensation for the Company's executive officers and directors. As part of its function, the Compensation Committee also conducts an annual review of the Chief Executive Officer and approves his annual compensation. In 2009, the members of the Compensation Committee were Mr. Thompson, who serves as chair, and Mr. Rowan. Mr. Thompson and Mr. Rowan remain on the Compensation Committee, and have, as of October 8, 2010, been joined on the committee by Messrs. Fox and Sloan.

Annual Review of Executive Compensation

The pay of each executive officer is not determined by formula, but by comparison to positions with similar responsibilities and impact on operations in the market generally and within our Company. The Compensation Committee evaluates each named executive officer's total compensation, equity holdings and merit history, including management's recommendations regarding the appropriate compensation for each named executive officer other than the Chief Executive Officer. In making its decisions on each named executive officer's compensation, the Compensation Committee considers the nature and scope of all elements of the executive officer's total compensation package, responsibilities, and his or her effectiveness in supporting the Company's key strategic, operational and financial goals. The Compensation Committee also considers recommendations from the Chief Executive Officer regarding total compensation for those officers reporting directly to him. Consistent with this approach, in 2009, the Compensation Committee reviewed the information prepared by management, considered each executive's contribution to the achievement of strategic goals and objectives, the executive's overall compensation and other factors to determine the appropriate level and mix of incentive compensation.

Chief Executive Compensation

Consistent with the evaluation process described above, the Compensation Committee approved the following compensation package for Mr. Wolff, the Company's president and chief executive officer, which took effect as of January 1, 2010: (i) base compensation of \$500,000 annually, (ii) a discretionary annual bonus equal to 100% of his salary, (iii) a restricted stock grant of 2,000,000 shares of the Company's Class A Common Stock, of which 25% vest upon resolution of the Boeing litigation in a manner satisfactory to the Board, with an additional 25% vesting upon procurement of financing or completion of a transaction that unlocks the value of the Company's net operating losses, with the remaining 50% vesting in four equal annual installments, and (iv) options to purchase up to 2,000,000 shares of the Company's Class A Common Stock. If the Company terminates the employment of Mr. Wolff without cause, or if Mr. Wolff leaves the Company for good reason, the

Table of Contents

Company must: (a) pay an amount equal to two times the sum of his base salary then in effect plus 100% of his target bonus, (b) continue health benefits subject to certain conditions, and (c) vest all options and shares of restricted stock in which he would have vested through the second anniversary of the date of termination.

Employment Letters and Consulting Agreements for 2009 Named Executive Officers

The Company's 2009 named executive officers, who perform services primarily for the Company's direct and indirect subsidiaries, were compensated in the manner described in such officers' employment letters or consulting agreements with DBSD's subsidiary, DBSD Satellite Services G.P. (DBSD Satellite). Each such employment letter or consulting agreement provides for a base salary or base compensation, subject to adjustment from time to time. DBSD Satellite may terminate each executive's employment or consulting relationship at any time. If Mr. Bagley's employment is terminated without cause, DBSD Satellite must pay him 30 days' salary (or may elect to give 30 days' notice in the alternative) and one month of medical and dental benefits, plus a pro-rated bonus. From and after the effective date of the Plan of Reorganization for DBSD, Mr. Bagley will be entitled to six months of base salary if he is terminated without cause. If Mr. Day's employment is terminated without cause, DBSD Satellite must pay him six months' salary (or may elect to give six months notice in the alternative). If Mr. Zufall's employment is terminated without cause, DBSD Satellite must pay him six months' salary. For additional information about the employment agreements with Mr. Bagley, Mr. Day, and Mr. Zufall, see Potential Payments Upon Termination or Change-in-Control below.

Arrangements with New Executive Officers

Mr. Dozois' appointment is on a month-to-month basis though a contractual arrangement with Zupancic Rathbone Law Group, Inc. In connection with his engagement, and consistent with the Chief Executive Officer's equity grant authority, Mr. Dozois received a grant of options to acquire up to 30,000 shares of the Company's Class A Common Stock. Mr. Leybold's appointment is on an interim basis though a contractual arrangement with Tatum, LLC. Either of these appointments may be terminated by providing 30 days' prior written notice.

Arrangements with Former Executive Officers

Effective February 5, 2009, Mr. Bryan resigned his position as Chief Executive Officer and became a consultant to the Company. Mr. Bryan's consulting agreement subsequently expired in August 2010. Effective February 5, 2009, Mr. Corkery was named acting Chief Executive Officer and Executive Vice President, Chief Financial Officer by the Board of Directors, a position he held until December 31, 2009. Mr. Jorgens resigned his position as President effective June 30, 2009 and became a consultant to the Company. Mr. Jorgens' consulting agreement expired on February 28, 2010. The impact of these resignations and terminations on the compensation paid to these individuals are described below in Potential Payments Upon Termination or Change-in-Control.

Equity Grant Practices

The Company's equity grant process authorizes the Company's Chief Executive Officer to grant options to newly hired employees and consultants, subject to certain limitations. Each such option must have an exercise price equal to the closing share price on the date of grant, which is to be made on the 15th of each month that is on or after the service provider's service start date. The shares covered by the option are limited in number by executive position (up to 250,000 shares for an executive who is a senior vice president). In addition, the total number of shares covered by options granted by the Chief Executive Officer cannot exceed 2,000,000 shares unless further approval is obtained from the Board of Directors. For new hires not subject to the process described above, the Board of Directors (either by itself or through the Compensation Committee) continues to approve option grants, with an exercise price equal to the closing share price on the date of grant, which is to be made on the 15th of the month that is on or following the new hire's or consultant's start date.

In addition to these bonus awards described in executive employment agreements, the Compensation Committee has the authority to award discretionary annual bonuses and to set the terms and conditions of those bonuses.

Equity Incentive Compensation

The Company's equity incentive compensation program consists of stock options and restricted stock awards. DBSD Satellite may also terminate his employment for Cause (as that term is defined in his employment agreement) without notice, in which case Mr. Bagley will not be entitled to any further compensation, including unpaid bonuses or benefits, other than his accrued salary, accrued but unused vacation time and reimbursement of expenses. Pursuant to the Bryan Separation Agreement, Mr. Bryan no longer participates in the Company's benefit plans, but his outstanding stock options and restricted stock awards continued vesting in accordance with the original vesting schedules through August 15, 2010, which is the date on which his consulting agreement expired. Mr. Bryan has 12 months from such expiration date to exercise any vested options.

It is anticipated that next year's annual meeting will be held in June 2011. To be included in next year's proxy materials, your proposal must be submitted in writing within a reasonable time after receiving notice of the date of next year's annual meeting from the Company, to ICO's Corporate Secretary at 2300 Carillon Point, Kirkland, Washington 98033.

A stockholder proposal or nomination for director that will not be included in next year's proxy materials pursuant to Rule 14a-8 under the Securities and Exchange Act, but that a stockholder intends to present in person at next year's Annual Meeting, must comply with the notice, information and consent provisions contained in the Company's Bylaws. The Bylaws provide that to timely submit a proposal or nominate a director you must do so by submitting the proposal or nomination in writing, which must be delivered to or mailed and received by the Company's Corporate Secretary at the Company's principal executive offices no later than the close of business on the 7th day following the earlier of the date on which notice of the date of the meeting was mailed or a public announcement of the meeting date was made. The Company's Bylaws contain additional requirements to properly submit a proposal or nominate a director. If you do not submit your proposal or nomination within a reasonable period of time prior to the mailing of the Company's proxy statement for the next annual meeting, management will have discretionary voting authority at the 2011 annual meeting with respect to any such proposal or nomination without discussion of the matter in the Company's proxy statement. If you plan to submit a proposal or nominate a director, please review the Company's Bylaws carefully. You may obtain a copy of the Company's Bylaws by mailing a written request to the Corporate Secretary of ICO at 2300 Carillon Point, Kirkland, Washington 98033 or by visiting the Company's website at www.ico.com.

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors
