NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YRC Worldwide Inc. and Subsidiaries

(Unaudited)

1. Description of Business

YRC Worldwide Inc. (also referred to as YRC Worldwide, the Company, we or our), one of the largest transportation service providers in the world, is a holding company that through wholly owned operating subsidiaries offers its customers a wide range of transportation services. These services include global, national and regional transportation. Our operating subsidiaries include the following:

YRC National Transportation (National Transportation) is the reporting unit for our transportation service providers focused on business opportunities in regional, national and international services. National Transportation provides for the movement of industrial, commercial and retail goods, primarily through regionalized and centralized management and customer facing organizations. This unit includes our less-than-truckload (LTL) subsidiary YRC Inc. (YRC), and YRC Reimer, a subsidiary located in Canada that specializes in shipments into, across and out of Canada. In addition to the United States (U.S.) and Canada, National Transportation also serves parts of Mexico, Puerto Rico and Guam.

Regional Transportation (Regional Transportation) is the reporting unit for our transportation service providers focused on business opportunities in the regional and next-day delivery markets. Regional Transportation is comprised of New Penn Motor Express, Holland and Reddaway. These companies each provide regional, next-day ground services in their respective regions through a network of facilities located across the U.S., Canada, Mexico and Puerto Rico.

Truckload (Truckload) reflects the results of Glen Moore, a provider of truckload services throughout the U.S. At March 31, 2011, approximately 77% of our labor force is subject to collective bargaining agreements, which predominantly expire in 2015.

2. Principles of Consolidation

The accompanying consolidated financial statements include the accounts of YRC Worldwide and its wholly owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. Investments in non-majority owned affiliates or those in which we do not have control where the entity is either not a variable interest entity or YRC Worldwide is not the primary beneficiary, are accounted for on the equity method. We own a 65% equity interest in Shanghai Jiayu Logistics Co. Ltd. (Jiayu) for which we consolidate the results in our financial statements effective April 1, 2010 and therefore have a noncontrolling (minority) interest included in our consolidated subsidiaries; consequently, a portion of our shareholders' deficit, net loss and comprehensive loss for the periods presented are attributable to noncontrolling interests.

Management makes estimates and assumptions that affect the amounts reported in the consolidated financial statements and notes. Actual results could differ from those estimates. We have prepared the consolidated financial statements, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). In management's opinion, all normal recurring adjustments necessary for a fair statement of the financial position, results of operations and cash flows for the interim periods included in these financial statements herein have been made. Certain information and note disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted from these statements pursuant to SEC rules and regulations. Accordingly, the accompanying consolidated financial statements should be read in conjunction with the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2010.

The board of directors approved a reverse stock split effective September 30, 2010 at a ratio of 1:25. All share numbers and per share amounts in the Consolidated Financial Statements and Notes to the Consolidated Financial Statements have been retroactively adjusted to give effect to the reverse stock split.

Table of Contents

Assets Held for Sale

When we plan to dispose of property or equipment by sale, the asset is carried in the financial statements at the lower of the carrying amount or estimated fair value, less cost to sell, and is reclassified to assets held for sale. Additionally, after such reclassification, there is no further depreciation taken on the asset. For an asset to be classified as held for sale, management must approve and commit to a formal plan, the sale should be anticipated during the ensuing year and the asset must be actively marketed, be available for immediate sale, and meet certain other specified criteria.

At March 31, 2011 and December 31, 2010, the net book value of assets held for sale was approximately \$62.6 million and \$71.2 million, respectively. This amount is included in Property and Equipment in the accompanying consolidated balance sheets. We recorded charges of \$1.9 million and \$11.5 million for the three months ended March 31, 2011 and 2010, respectively, to reduce properties held for sale to estimated fair value, less cost to sell. These charges are included in (Gains) losses on property disposals, net in the accompanying statements of consolidated operations.

Impairment of Long-Lived Assets

If facts and circumstances indicate that the carrying amount of held-and-used identifiable amortizable intangibles and property, plant and equipment may be impaired, we perform an evaluation of recoverability in accordance with FASB ASC Topic 360. Our evaluation compares the estimated future undiscounted cash flows associated with the asset or asset group to its carrying amount to determine if a reduction to the carrying amount is required. The carrying amount of an impaired asset would be reduced to fair value if the estimated undiscounted cash flows are insufficient to recover the carrying value of the asset group.

We believe that the accounting estimate related to asset impairment is a critical accounting estimate because: (1) it requires our management to make assumptions about future revenues and expenses over the life of the asset, and (2) the impact that recognizing an impairment would have on our financial position, as well as our results of operations, could be material. Management's assumptions about future revenues and expenses require significant judgment because actual revenues and expenses have fluctuated in the past and may continue to do so. In estimating future revenues and expenses, we use our internal business forecasts. We develop our forecasts based on recent revenue and expense data for existing services and other industry and economic factors. To the extent that we are unable to achieve forecasted improvements in shipping volumes and pricing initiatives or realize forecasted cost savings, the Company may incur significant impairment losses on property and equipment or intangible assets.

Fair Value of Financial Instruments

The carrying value of cash and cash equivalents, accounts receivable, accounts payable and asset-backed securitization borrowings approximates their fair value due to the short-term nature of these instruments.

Table of Contents**3. Liquidity**

The following table provides details of the outstanding components and unused available capacity under the Credit Agreement and ABS Facility (each, as defined below) at March 31, 2011 and December 31, 2010:

(in millions)	March 31, 2011	December 31, 2010
Capacity:		
Revolving loan	\$ 706.4	\$ 713.7
ABS Facility	325.0	325.0
 Total capacity	 1,031.4	 1,038.7
Amounts outstanding:		
Revolving loan	(176.0)	(142.9)
Letters of credit (3/31/11: \$457.0 revolver; \$64.7 ABS Facility)	(521.7)	(515.7)
ABS Facility borrowings	(147.2)	(122.8)
 Total outstanding	 (844.9)	 (781.4)
 ABS borrowing base restrictions	 (107.5)	 (135.7)
Restricted revolver reserves	(70.9)	(70.9)
 Total restricted capacity	 (178.4)	 (206.6)
 Unrestricted unused capacity (3/31/11: \$2.5 revolver; \$5.6 ABS Facility)	 \$ 8.1	 \$ 50.7

During April 2011, net availability on our revolver increased by \$0.2 million as a result of asset sales, and unused available capacity at April 30, 2011 is \$2.7 million. Additionally, the ABS Facility borrowing base has increased by \$11.5 million during April, we have drawn down and utilized letters of credit of \$17 million and as of April 30, 2011 our unrestricted unused available capacity is \$0.1 million.

Comprehensive Recovery Plan

As a part of our comprehensive recovery plan, we have executed on a number of significant initiatives during 2010 and 2011 to improve liquidity.

Certain of these actions in 2011 are further described below. The final execution of our comprehensive recovery plan has a number of risks that are not within our control that may adversely impact our liquidity and compliance with the financial covenants in our credit facilities. Notwithstanding our entering into the Lender Support Agreement and the TNFINC Support Agreement as described below, we anticipate that we will continue to face risks and uncertainties regarding our short and medium-term liquidity. There is no assurance that we will be successful in completing our comprehensive recovery plan. See [Risks and Uncertainties Regarding Future Liquidity](#) below.

The Restructuring

On February 28, 2011, we, the Teamsters National Freight Industry Negotiating Committee ([TNFINC](#)) of the International Brotherhood of Teamsters (the [IBT](#)), the Required Lenders (at least 51% of exposure as defined in the Credit Agreement (as defined below)), the Agent and the Steering Group Majority (as defined below) (collectively, the [Consenting Parties](#)) reached a non-binding agreement in principle in the form of a term sheet entitled [Summary of Principal Terms of Proposed Restructuring](#) or [Term Sheet](#) setting forth the material terms of our proposed restructuring (the [Restructuring](#)).

[Steering Group](#) means the informal group of unaffiliated Lenders and Participants (as defined in the Credit Agreement) represented by Akin Gump Strauss Hauer & Feld LLP and Houlihan Lokey Howard & Zukin Capital, Inc.; provided, that the Lenders (as defined below) that make up the Steering Group may change from time to time as and when such changes are identified to us and the Agent.

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

Steering Group Majority means the Lenders of the Steering Group representing more than 50% of the Steering Group's exposure under the Credit Agreement (including participations).

On April 29, 2011, we entered into a support agreement (the Lender Support Agreement) with certain lenders (the participating lenders) holding claims in outstanding borrowings, deferred interest and fees and letters of credit (credit agreement claims) under our credit agreement, dated as of August 17, 2007 (as amended, the Credit Agreement), among the

Table of Contents

Company, certain of its subsidiaries, JPMorgan Chase Bank, National Association, as agent (the **Agent**), and the other lenders that are parties thereto (the **Lenders**) pursuant to which such participating lenders have agreed, among other things, to support the Restructuring by tendering their credit agreement claims in the Exchange Offer (as defined below). The Term Sheet was also amended. The participating lenders hold more than 95% of the principal amount of outstanding credit agreement claims.

Under the Lender Support Agreement, among other things, we must use our commercially reasonable efforts to support and complete the Restructuring, negotiate related definitive transaction documents, take certain actions related to the Merger (as described below) and file a registration statement related to the Exchange Offer and related transactions with the SEC.

Pursuant to the Lender Support Agreement, the Restructuring contemplates an exchange offer for certain credit agreement claims and related interdependent transactions that will be simultaneously completed at the closing of the exchange offer. The Restructuring contemplates:

with respect to credit agreement claims,

- i. an exchange offer (the **Exchange Offer**), whereby the Lenders under the Credit Agreement would receive in respect of a portion of such claims (a) newly issued Series B Convertible Preferred Stock (the **Series B Preferred Stock**) convertible into approximately 72.5% (subject to dilution as described below) of the restructured Company's outstanding common stock (the **New Common Stock**) and (b) \$140.0 million in aggregate principal amount of our new 10% Series A Convertible Senior Secured Notes due 2015 that are convertible into additional shares of New Common Stock (the **Restructured Convertible Secured Notes**),
- ii. the letters of credit facility under the Credit Agreement and outstanding letters of credit would remain in place, and
- iii. we and our subsidiaries would enter into an amended term loan facility with the Lenders for a portion of remaining borrowing claims under the Credit Agreement not satisfied in (i) above;

additionally, the Lenders would purchase and we would sell for cash pursuant to subscription rights issued in connection with the Exchange Offer an aggregate principal amount of \$100.0 million of our newly issued 10% Series B Convertible Senior Secured Notes due 2015 (the **New Money Convertible Secured Notes**) and together with the Restructured Convertible Secured Notes, the **New Convertible Secured Notes**), the proceeds of which would be retained by us for use in our business;

the ABS Facility (as defined below) would be refinanced in full with an asset-based lending facility (the **ABL facility**), which is expected to provide additional liquidity through a higher advance rate than the receivable purchase rate under the ABS Facility. As discussed below under **TNFINC Support Agreement**, that agreement requires, among other things, \$350 million in lending capacity and \$80 million of availability under the ABL facility;

the note securing our deferred multi-employer pension contributions (the **Pension Note**) would be amended to (i) extend the maturity until March 31, 2015, (ii) defer any accrued interest and fees until maturity, (iii) provide for contract rate cash interest payments and (iv) eliminate any mandatory amortization payments (other than in connection with permitted sales of certain collateral);

in consideration for consent to the Restructuring by TNFINC on behalf of employees represented by the IBT, shares of newly issued Series B Preferred Stock convertible into approximately 25% (subject to dilution as described below) of our New Common Stock would be issued to a trust or a deferred tax qualified plan (the **Plan**) and allocated among certain eligible employees represented by the IBT; and

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

our board of directors would consist of six members nominated by the Steering Group (as defined below), two members nominated by TNFINC and one member that will be the chief executive officer-director (the New Board);

The Series B Preferred Stock (and the New Common Stock into which it may be converted) issued in connection with the Exchange Offer to the Lenders and to the Plan would be subject to dilution by a management equity incentive plan to be implemented by the New Board as soon as reasonably practicable after the closing of the Exchange Offer (the Management Incentive Plan) and by common stock issued upon conversion of the New Convertible Secured Notes.

Following the closing of the Exchange Offer, we will file a proxy statement with the SEC for the solicitation of votes to approve a merger (the Merger) pursuant to which a wholly owned subsidiary of the Company would merge into the Company, with the Company the surviving corporation and having an amended and restated certificate of incorporation permitting the automatic conversion of the Series B Preferred Stock into New Common Stock and providing for sufficient authorized shares of New Common Stock to permit the conversion of the New Convertible Secured Notes into New Common Stock. The Series B Preferred Stock will be permitted to vote on the Merger on an as-converted basis along with the holders of our then outstanding common stock, as a single class. The New Convertible Secured Notes would be permitted to vote on an as-converted basis with our common stock after the Merger is completed.

Our common stock is listed on NASDAQ and is subject to the NASDAQ listing rules. Absent an exception to the NASDAQ listing rule requiring stockholder approval prior to the issuance our Series B Preferred Stock and New Convertible Secured Notes,

Table of Contents

our common stock will be subject to delisting if we consummate the Exchange Offer. We intend to apply to NASDAQ for a waiver of the stockholder approval rule under the financial viability exception.

In the event the Exchange Offer and related interdependent transactions as contemplated by the Lender Support Agreement are completed, we anticipate that our current stockholders will hold approximately 2.5% of the restructured Company's outstanding common stock as of the closing of the Exchange Offer, subject to further dilution by the Management Incentive Plan and the New Convertible Secured Notes.

Obligations of Company and Participating Lenders to Complete the Exchange Offer

The obligations of the Company and the participating lenders to consummate the Exchange Offer are conditioned upon the following to occur:

the registration statement for the Exchange Offer and related transactions shall have been declared effective by the SEC and shall remain effective, and on or before the closing of the Exchange Offer, we shall have made public any then material nonpublic information theretofore disclosed by us or our representatives to the participating lenders who had agreed to receive private information from us;

the initial funding under the ABL facility shall have occurred (or shall occur substantially concurrently with completion of the Exchange Offer) and be in form and substance acceptable to the Agent, the Steering Group Majority and the Company, each in their sole discretion;

the offering of the New Money Convertible Secured Notes, with aggregate net proceeds to us of not less than \$100.0 million, shall have closed (or will close simultaneously with completion of the Exchange Offer);

each of the approved definitive transaction documents, which by their terms are to be effective at or prior to completion of the Exchange Offer, shall have become effective and be in full force and effect;

certain agreements related to multi-employer pension funds shall be in full force and effect;

the Plan, in form and substance acceptable to us, the Agent and the Steering Group Majority, shall have been established by the us and be in full force and effect;

the New Board, other than the IBT director designees, shall have been elected or designated by the existing members of the board of directors as continuing directors (provided that the director candidates were selected by the Agent and Steering Group Majority at least ten (10) days prior to the closing of the exchange offer) and a new chief executive officer and chief financial officer shall have commenced employment with us, in each case unless otherwise waived by the Agent and Steering Group Majority; and

100% of the participating lenders shall have agreed to the Exchange Offer and validly and timely tendered, delivered and not withdrawn their tender into the Exchange Offer and not changed, revoked or withdrawn such agreement or tender.

Termination of Lender Support Agreement

The Lender Support Agreement will terminate under certain circumstances, including, but not limited to (each, a support termination event):

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

by the mutual written consent of the Company and 66^{2/3}% of the aggregate amount of outstanding credit agreement claims of the participating lenders;

upon the occurrence of any of the following, unless waived or extended by the Agent and the Steering Group Majority:

at 5:00 p.m. prevailing Eastern Time on May 17, 2011 if we have not filed with the SEC one or more registration statements and/or other appropriate documents for the Exchange Offer;

at 5:00 p.m. prevailing Eastern Time on June 15, 2011 if we have not delivered to the Agent and the Steering Group Majority binding commitments with respect to the ABL facility in an aggregate amount not less than \$300 million in form and substance acceptable to us, the Agent and the Steering Group Majority;

at 5:00 p.m. prevailing Eastern Time on June 22, 2011 unless we have commenced the Exchange Offer (the solicitation commencement date); or

if the Exchange Offer has not been consummated within 15 business days after the solicitation commencement date.

certain events of bankruptcy or dissolution including an involuntary proceeding against us;

three (3) business days after we furnish the participating lenders with written notice of our intent, in the exercise of our fiduciary duties and based, at least in part, upon the advice of our outside legal counsel to our board of directors, to take any action that is prohibited under the Lender Support Agreement or to refrain from taking any action that is required under the Lender Support Agreement,

certain events of non-cured material breach by the parties;

a default or event of default under the Credit Agreement that is not waived or cured as provided in the Credit Agreement;

IBT terminating, or threatening in writing to terminate, its memorandum of understanding with respect to the restructuring plan or upon the occurrence of any termination event under TNFINC Support Agreement (as defined below);

upon the occurrence of a material adverse effect (as defined in the Lender Support Agreement); and

on June 30, 2011, unless certain agreements relating to contributions to our multi-employer pension funds are reached in writing, or any such agreement is terminated, amended or modified in a manner adverse to us or the participating lenders, or otherwise ceases to be in full force and effect.

A support termination event may be waived only upon the written approval of 75% of the aggregate amount of outstanding credit agreement claims of the participating lenders.

Amendment

Approved definitive transactional documents may be amended, modified or supplemented to the extent that such amendments are not materially inconsistent with the Term Sheet with the written approval of (i) us, (ii) the Agent and (iii) the Steering Group Majority; provided that such amendment, modification or other supplement does not impose less favorable treatment of any participating lender's credit agreement claims, or any group of participating lenders' credit agreement claims, or its rights and obligations under the Lender Support Agreement and under the approved definitive transaction documents compared to those of the participating lenders generally, without such participating lender's, or such group of participating lenders', express written consent.

The Lender Support Agreement may be amended (to the extent such amendment is consistent with the approved definitive transaction documents) only upon the written approval of (i) us and (ii) 75% of the aggregate amount of outstanding credit agreement claims of the participating lenders. Any other amendment to the Lender Support Agreement will require the written approval of (x) us and (y) each participating lender.

TNFINC Support Agreement

On April 29, 2011, we also entered into a support agreement (the "TNFINC Support Agreement") with TNFINC pursuant to which TNFINC has agreed, among other things, to support the Restructuring. The conditions to TNFINC's obligations under the TNFINC Support Agreement are substantially similar to those under the Lender Support Agreement except that, with respect to the ABL facility, the TNFINC Support Agreement requires, among other things, \$350 million in lending capacity and \$80 million of availability under the ABL facility.

The TNFINC Support Agreement will terminate under certain circumstances, including, but not limited to (i) upon the occurrence of a material adverse effect; (ii) certain events of bankruptcy or dissolution including an involuntary proceeding against us; or (iii) on June 1, 2011, unless certain agreements relating to contributions to our multi-employer pension funds are reached in writing, or any such agreement is terminated, amended or modified in a manner adverse to us or the participating lenders, or otherwise ceases to be in full force and effect.

CREDIT FACILITIES

We have two primary liquidity vehicles:

the Credit Agreement, and

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

an asset-based securitization facility (as amended, the ABS Facility), whereby we receive financing through the sale of certain of our accounts receivable.

The Credit Agreement and the ABS Facility are collectively referred to herein as the credit facilities .

Credit Agreement

On February 28, 2011 and April 29, 2011, the Company entered into amendments to the Credit Agreement relating to, among other things, the Restructuring.

Table of Contents

Credit Agreement Amendment No. 20

On February 28, 2011, we and certain of our subsidiaries entered into Amendment No. 20 (Credit Agreement Amendment 20) to the Credit Agreement.

Milestones

Pursuant to the terms of Credit Agreement Amendment 20, the Required Lenders (at least 51% of exposure as defined in the Credit Agreement), the Agent and the Steering Group Majority acknowledged that the Term Sheet satisfied setting forth the material terms of our restructuring (the AIP Condition).

In addition, Credit Agreement Amendment 20 amended certain milestones and added a milestone that are conditions to the Company continuing to defer revolver and term loan interest, letters of credit fees and commitment fees as follows:

Credit Agreement Amendment 20 extended the deadline for each document required to effectuate the restructuring of the Company and its subsidiaries contemplated by the AIP to be in final form and acceptable to the Consenting Parties (the Documentation Condition) from March 15, 2011 to April 29, 2011 (or such later date approved by the Supermajority Lenders (as defined in the Credit Agreement) but not later than December 31, 2011). Credit Agreement Amendment 20 also amended the Documentation Condition to add the following additional requirements (i) lenders representing at least 90% of exposure (as defined in the Credit Agreement) must sign an agreement supporting the Restructuring, (ii) subject to satisfaction of the Closing Condition (as defined below), TNFINC must consent to the Restructuring and waive any termination, modification similar rights under the Restructuring Plan (as defined below) such that the Restructuring Plan shall be fully binding on the parties thereto, (iii) subject to satisfaction of the Closing Condition, the Specified Pension Fund Deferral Transaction Documents (as defined in the Credit Agreement) must be amended to reflect the terms of the Restructuring and (iv) subject to satisfaction of the Closing Condition and to the extent deemed reasonably necessary, the ABS Facility (as defined below) must be amended to reflect the terms of the Restructuring. The Documentation Condition was satisfied on April 29, 2011 pursuant to Credit Agreement Amendment No 21 (as defined below).

Credit Agreement Amendment 20 extended the deadline for the Restructuring to be effectuated and closed (the Closing Condition) from May 13, 2011 to July 22, 2011 (or such later date approved by the Supermajority Lenders but not later than December 31, 2011); provided, that the Closing Condition deadline will be May 31, 2011 if the Pension Fund Amendment Condition is not satisfied on or before that date (the Restructuring Closing Date). Pension Fund Amendment Condition means that the Specified Pension Fund Deferral Transaction Documents have been amended to extend the deferral of interest and amortization payments from May 31, 2011 to July 22, 2011, subject to earlier termination if the Documentation Condition or the Closing Condition is not satisfied by the applicable required date. The Pension Fund Amendment Condition was satisfied on April 29, 2011 pursuant to CDA Amendment No. 10 (as defined below).

Credit Agreement Amendment 20 added a milestone which required the Company to obtain, by March 10, 2011, the nonbinding agreement (on terms and conditions acceptable to Company, the Agent, the Steering Group Majority and TNFINC) of the Majority Funds (at least a majority of exposure as defined in the Contribution Deferral Agreement) to the terms of the Term Sheet (subject to the conditions included in the Term Sheet as applied to the Funds (the Pension Fund Condition)). Because the Pension Fund Condition was not satisfied by the applicable required date, the Required Lenders may declare an event of default under the Credit Agreement. As a result of the Milestone Failure, we have classified our debt under the Credit Agreement as current maturities of long-term debt. We have also classified the 6% Notes and pension contribution deferral obligations as current maturities of long-term debt due to cross-default provisions within the respective lending agreements.

If the Closing Condition is not satisfied by the applicable required date, then (i) the deferral of interest and fees under the Credit Agreement will end on the fifth day (or if the fifth day is not a business day, the immediately following business day) following such failure and (ii) the Required Lenders may declare an event of default under the Credit Agreement.

Minimum Consolidated EBITDA Covenant

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

Credit Agreement Amendment 20 removed the minimum Consolidated EBITDA (as defined in the Credit Agreement) covenant in respect of the period ending March 31, 2011 and reset the minimum EBITDA covenant for each fiscal quarter thereafter in an amount to be agreed to by the Company, the Agent and the Required Lenders on or prior to April 29, 2011.

Annual Financial Statements

Credit Agreement Amendment 20 modified the affirmative covenant that requires financial statements of the Company for the fiscal year ended 2010 with an audit opinion that does not include a "going concern" qualification to permit an audit opinion with a "going concern" qualification in connection with such financial statements.

Table of Contents

Credit Agreement Amendment No. 21

On April 29, 2011, we and certain of our subsidiaries entered into Amendment No. 21 (Credit Agreement Amendment 21) to the Credit Agreement. Credit Agreement Amendment 21:

amended the Documentation Condition so that the Lender Support Agreement, the TNFINC Support Agreement and the CDA Amendment 10 (as defined below) collectively satisfied the Documentation Condition;

extended the deadline by which the Consolidated EBITDA (as defined in the Credit Agreement) covenant levels must be set by the Company, the Agent and the Required Lenders to July 22, 2011;

amended the definition of Deferral Suspension Event (as defined in the Credit Agreement) to permit payments to employee benefit pension plans (including multi-employer plans) at the times and in the amounts required by the labor agreement previously reached with the IBT; and

amended the definition of Deferral Termination Date (as defined in the Credit Agreement) to permit the reimbursement of fees and expenses pursuant to the terms of the Contribution Deferral Agreement, as amended by CDA Amendment 10.

Asset-Backed Securitization Amendment

ABS Amendment No. 22

On February 28, 2011, we, as Performance Guarantor, and the parties to the Third Amended and Restated Receivables Purchase Agreement, dated as of April 18, 2008 (as amended, the ABS Facility), entered into Amendment No. 22 to the ABS Facility (ABS Amendment 22).

Similar to the Credit Agreement Amendment 20, ABS Amendment 22 removed the minimum Consolidated EBITDA (as defined in the Credit Agreement) covenant in respect of the period ending March 31, 2011 and reset the minimum EBITDA covenant for each fiscal quarter thereafter in an amount to be agreed to by the Company, the Administrative Agent and the Required Co-Agents on or prior to April 29, 2011. The Co-Agents consented to Credit Agreement Amendment 20 and agreed to extend the deferral of interest and fees to the fifth day following July 22, 2011 (or if such fifth day is not a business day, the next succeeding business day) (as such date may be extended pursuant to the definition of Deferred Payment Termination Date below) so long as the Amortization Date (as defined in the ABS Facility) or the Deferred Payment Termination Date does not occur prior to that date. If the ABS Facility is refinanced on or before the deferred interest and fees are due, then YRRFC will not have to pay the deferred interest and fees.

ABS Amendment 22 added the Pension Fund Condition milestone that is described above. Because the Pension Fund Condition was not satisfied by the required date, \$5 million of deferred commitment fees under the ABS Facility that were due after the required date became payable on May 2, 2011. These fees were deferred until the fifth day following July 22, 2011 pursuant to ABS Amendment 23 (as defined below).

The date that deferred interest and fees are due in the event of a Deferral Suspension Event (as defined in the Credit Agreement) was also extended to the earlier of the Amortization Date (as defined in the ABS Facility) or the Deferred Payment Termination Date.

Required Co-Agents means the Administrative Agent and the Co-Agents (other than the Falcon Agent) for two of the Banks Groups (as defined in the ABS Facility).

Deferred Payment Termination Date means the earliest of the occurrence of (i) the earliest to occur of (a) the fifth day following February 28, 2011 (or if such fifth day is not a business day, the next succeeding business day) (as such date may be extended pursuant to the terms of this definition) unless the AIP Condition (as defined in the Credit Agreement) has been satisfied on or prior to February 28, 2011 (or such extended date), (b) the fifth day following April 29, 2011 (or if such fifth day is not a business day, the next succeeding business day) (as such date may be extended pursuant to the terms of this definition) unless the Documentation Condition has been satisfied in a manner acceptable to the Agents on or prior to April 29, 2011 (or such extended date) and (c) the fifth day following the Restructuring Closing Date (or if such fifth day is not a

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

business day, the next succeeding business day) (or, in the case of each of the foregoing clauses (a), (b) and (c), such later date as may be agreed to by the Required Co-Agents and YRRFC, but in no event to be later than December 31, 2011) and (ii) any Deferral Termination Event (as defined in the Credit Agreement). Pursuant to the terms of the ABS Amendment 22, the Co-Agents have acknowledged that the Term Sheet satisfied the AIP Condition. The Documentation Condition was satisfied on April 29, 2011 pursuant to ABS Amendment 23 (as defined below).

Table of Contents

In connection with ABS Amendment 22, a covenant under the ABS Facility was modified to permit an audit opinion with respect to the Company's financial statements for the fiscal year ended 2010 to contain a going concern qualification.

ABS Amendment No. 23

On April 29, 2011, we, as Performance Guarantor, and the parties to the ABS Facility, entered into Amendment No. 23 to the ABS Facility (ABS Amendment 23).

Similar to Credit Agreement Amendment 21, ABS Amendment 23 extended the deadline by which the Consolidated EBITDA (as defined in the Credit Agreement) covenant levels must be set by the Company and the Required Co-Agents (as defined in the ABS Facility) to July 22, 2011.

In connection with ABS Amendment 23, the Co-Agents consented to Credit Agreement Amendment 21, confirmed that the Documentation Condition (as defined in the Credit Agreement) had been satisfied and agreed to extend the deferral of the \$5 million commitment fee due on May 2, 2011 (as a result of not satisfying the Pension Fund Condition by the required deadline) to the fifth day following July 22, 2011 (or if such fifth day is not a business day, the next succeeding business day); provided that those amounts may become due earlier upon the occurrence of an Amortization Date (as defined in the ABS Facility) or a Deferral Termination Event (as defined in the Credit Agreement). In addition, pursuant to the terms of the ABS Amendment, if a Support Termination Event (as defined in the Lender Support Agreement) occurs under the Lender Support Agreement and any party to the Credit Agreement demands payment of any amount in the nature of fees or interest that have been deferred, suspended or otherwise not paid when due, all deferred interest and fees under the ABS Facility will become due and payable. If the ABS Facility is refinanced on or before the date the deferred interest and commitment fees are due, then we will not have to pay the deferred commitment fees.

Contribution Deferral Agreement

CDA Amendment No 8

On February 28, 2011, YRC Inc., USF Holland Inc., New Penn Motor Express Inc., USF Reddaway Inc. and each of the guarantors party thereto (each a subsidiary of the Company) Wilmington Trust Company, as agent, and Majority Funds (as defined in the Contribution Deferral Agreement) entered into Amendment No. 8 to the Contribution Deferral Agreement (CDA Amendment 8).

Pursuant to CDA Amendment 8, the Majority Funds (at least a majority of exposure as defined in the Contribution Deferral Agreement) acknowledged that the Term Sheet satisfied the AIP Condition, which acknowledgement was amended to require only the approval of the Consenting Parties to the Term Sheet.

In addition, CDA Amendment 8 amended certain milestones under the Contribution Deferral Agreement that are a condition to the continued deferral of Monthly Amortization Payments and Monthly Interest Payments (each as defined in the Contribution Deferral Agreement). Such amendments resulted in the milestones under the Contribution Deferral Agreement being conformed to the Documentation Condition and the Closing Condition definitions and deadlines in Credit Agreement, as described above, except that (i) the Documentation Condition did not require further documentation in respect of the ABS Facility and (ii) the Majority Funds must agree to any extension of the deadline applicable to the Documentation Condition or the Closing Condition. The Documentation Condition was satisfied on April 29, 2011 pursuant to CDA Amendment 9 (as defined below).

If the Closing Condition is not satisfied by the applicable required date, then the Majority Funds may accelerate the due date of the Monthly Amortization Payments and Monthly Interest Payments at any time on or after the fifth day (or if the fifth day is not a business day, the immediately following business day) following such failure.

CDA Amendment No 9

On April 29, 2011, YRC Inc., USF Holland Inc., New Penn Motor Express Inc., USF Reddaway Inc. and each of the guarantors party thereto (each a subsidiary of the Company), Wilmington Trust Company, as agent, and Majority Funds entered into Amendment No. 9 to the Contribution Deferral Agreement (CDA Amendment 9).

Pursuant to CDA Amendment 9, the Documentation Condition in connection with the Restructuring was amended so that (i) an amendment to the Contribution Deferral Agreement in respect of the Restructuring, signed by all of the funds party to the Contribution Deferral Agreement, (ii) an agreement to support the Restructuring with respect to the Credit Agreement, signed by

Table of Contents

at least 90% of the lenders party thereto, and (iii) the TNFINC Support Agreement collectively satisfied the Documentation Condition.

CDA Amendment No. 10

On April 29, 2011, YRC Inc., USF Holland Inc., New Penn Motor Express Inc., USF Reddaway Inc. and each of the guarantors party thereto (each a subsidiary of the Company), the pension funds party to the Contribution Deferral Agreement and Wilmington Trust Company, as agent, entered into Amendment No. 10 to the Contribution Deferral Agreement (CDA Amendment 10).

As of the date of CDA Amendment 10, the Supermajority Funds (as defined in the Contribution Deferral Agreement) approved the extension of the termination date of the deferral of monthly amortization payments and monthly interest payments to July 22, 2011 (or such later date as may be agreed by the Supermajority Funds), and, with all Funds (as defined in the Contribution Deferral Agreement) approval, effective upon satisfaction of the conditions precedent therein, including closing of the Exchange Offer, the Contribution Deferral Agreement, including schedules and exhibits thereto, will be amended and restated to effect changes to certain provisions in connection with the Restructuring.

IBT Agreement

On February 28, 2011, TNFINC, YRC Inc., USF Holland Inc. and New Penn Motor Express Inc. entered into a Certification and Second Amendment to TNFINC Term Sheet (the Second IBT Amendment) to extend (i) the Documentation Deadline to April 29, 2011 and (ii) the Closing Deadline to July 22, 2011 (or, in the case of each of the foregoing clauses (i) and (ii), such later date as TNFINC may agree in its sole discretion) (the Extension Period). Unless TNFINC otherwise agrees, the Extension Period and the wage, work rule and benefit concessions set forth in the Restructuring Plan will terminate upon the occurrence of the events contained in the Second IBT Amendment. In addition, the extensions would terminate (i) April 29, 2011 in the event that the Company fails to enter into definitive documentation that is acceptable to TNFINC (in its sole discretion), or (ii) July 22, 2011 in the event that the Restructuring is not consummated, unless such dates are extended by TNFINC in its sole discretion at such time.

On April 29, 2011, we entered into the TNFINC Support Agreement, as described above, in which TNFINC acknowledged that the Company had satisfied the Documentation Condition.

6% Notes

The 6% Notes indenture provides that the maximum number of shares of our common stock that can be issued in respect of the 6% Notes upon conversion or with respect to the payment of interest or in connection with the make whole premium or otherwise shall be limited to 8,075,200 shares of common stock for \$70 million in aggregate principal amount of the 6% Notes, subject to certain adjustments. If the limit is reached, no holder is entitled to any other consideration on account of shares not issued. This limitation terminates if the holders of our common stock approve the termination of this limitation. As of May 10, 2011, a maximum of 5,284,781 shares of the Company s common stock would be available for future issuances in respect of the 6% Notes. Such limitation on the number of shares of common stock issuable in respect of the 6% Notes applies on a pro rata basis to the approximately \$69.4 million in aggregate principal amount of outstanding 6% Notes.

Risks and Uncertainties Regarding Future Liquidity

In light of our recent operating results, we have satisfied our short term liquidity needs through a combination of borrowings under our credit facilities, retained proceeds from asset sales, sale/leaseback financing transactions, issuances of our common stock and 6% Notes and an income tax refund from the IRS. In an effort to further manage liquidity, we have also instituted the deferral of principal and interest payments under the Contribution Deferral Agreement, certain interest and fees due under our Credit Agreement and ABS Facility, and we have received the benefit of wage reductions and other concessions from the modified NMFA (including prior modifications to the NMFA) including continued temporary cessation of pension contributions to multi-employer pension funds. Throughout 2010 we reviewed and into 2011 we continue to review the strategic and financing alternatives available to us and retained legal and financial advisors to assist us in this regard.

As described above, on February 28, 2011, we and the other Consenting Parties reached a non-binding agreement in principle in the form of the Term Sheet. On April 29, 2011, we entered into the Lender Support Agreement under which participating lenders holding more than 95% of the principal amount of outstanding credit agreement claims agreed to support the Restructuring as described above under the caption The Restructuring. On April 29, 2011, we also entered into the TNFINC Support

Table of Contents

Agreement whereby TNFINC agreed to support the Restructuring. The Restructuring is intended to improve our balance sheet and our liquidity with which to operate.

A Milestone Failure has occurred because the Pension Fund Condition, which required we obtain, by March 10, 2011, the nonbinding agreement (on terms and conditions acceptable to Company, the Agent, the Steering Group Majority and TNFINC) of the Majority Funds (at least a majority of exposure as defined in the Contribution Deferral Agreement) to the terms of the Term Sheet (subject to the conditions included in the Term Sheet as applied to the Funds) was not satisfied by the required date, and, as a result, the Required Lenders have the right, but not the obligation, to declare an event of default under the Credit Agreement. The Required Lenders have not indicated that they intend to declare an event of default under the Credit Agreement, and we worked with the parties to satisfy the Documentation Condition as of April 29, 2011. Neither the Agent nor the Required Lenders have waived the Milestone Failure. We cannot provide any assurance that the Required Lenders will not declare an event of default under the Credit Agreement. If the Required Lenders declare an event of default under the Credit Agreement, we anticipate that we would seek protection under the Bankruptcy Code. As a result of the Milestone Failure, we have classified our debt under the Credit Agreement as current maturities of long-term debt. We have also classified the 6% Notes and pension contribution deferral obligations as current maturities of long-term debt due to cross-default provisions within the respective lending agreements.

In addition to the Pension Fund Condition, other significant milestones and conditions for our Restructuring and the continuation of deferrals (through completion of the Restructuring) under the Credit Agreement, ABS Facility and Contribution Deferral Agreement and the continuation of cost savings under our labor agreements include, but are not limited to the Closing Condition, the deadline for the Restructuring to be effectuated and closed by July 22, 2011 (or such later date approved by the Supermajority Lenders, Required Co-Agents, Majority Funds and TNFINC but not later than December 31, 2011). The obligations of the Company and the participating lenders to complete the Restructuring are subject to significant milestones and conditions as set forth above under the caption *The Restructuring Obligations of Company and Participating Lenders to Complete the Exchange Offer*. The Lender Support Agreement and the TNFINC Support Agreement are subject to termination as described above under *The Restructuring Termination of the Lender Support Agreement* and *The Restructuring TNFINC Support Agreement*, respectively.

To continue to have sufficient liquidity to meet our cash flow requirements prior to completion of the Restructuring and through the remainder of 2011:

we must implement our proposed Restructuring within the milestone conditions as set forth in the Lender Support Agreement, the TNFINC Support Agreement and under our Credit Agreement, ABS Facility, Contribution Deferral Agreement and Second IBT Amendment;

our operating results, pricing and shipping volumes must continue to improve;

we must continue to have access to our credit facilities;

we must continue to defer payment of, in each case through the completion of the Restructuring and thereafter pursuant to the final terms of the Restructuring, as applicable:

interest and fees to our lenders under the Credit Agreement

interest and facility fees to purchasers of our accounts receivable pursuant to the ABS Facility

interest and principal to our pension funds pursuant to the Contribution Deferral Agreement;

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

the cost savings under our labor agreements, including wage reductions, temporary cessation of multi-employer pension fund contributions and savings due to work rule changes, must continue;

the multi-employer pension funds must allow the Company's subsidiaries to re-enter the plans at the reduced contribution rate pursuant to the terms of the IBT Agreement or enter into alternative arrangements pursuant to the terms of the Lender Support Agreement;

we must complete real estate sale transactions currently under contract as anticipated; and

we must continue to implement and realize substantial cost savings measures to match our costs with business levels and to continue to become more efficient.

Some or all of these factors are beyond our control and as such we anticipate that we will continue to face risks and uncertainties regarding our short and medium-term liquidity. We cannot provide you with any assurances that the conditions contained in the definitive agreements supporting the Restructuring will be satisfied or that the Restructuring can be completed in the timeframes required under our various agreements with our stakeholders. We cannot provide you with any assurances that any restructuring can be completed out-of-court or whether we will be required to implement the Restructuring under the supervision of a bankruptcy court, in which event, the Company cannot provide you with any assurances that the terms of any such restructuring will not be substantially and materially different from the Term Sheet or any description of the Restructuring in this Quarterly Report on Form 10-Q or that an effort to implement an in-court restructuring would be successful.

Table of Contents

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The uncertainty regarding the Company's ability to generate sufficient cash flows and liquidity to fund operations raises substantial doubt about the Company's ability to continue as a going concern (which contemplates the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future). Our financial statements do not include any adjustments that might result from the outcome of this uncertainty. If we are unable to fund our operations through operating cash flows, existing credit facilities, sales of non-strategic assets and business lines and other capital market transactions, we would consider in court and out of court restructuring alternatives.

We expect to continue to monitor our liquidity carefully, work to reduce this uncertainty and address our cash needs through a combination of one or more of the following actions:

we continue to, and expect to implement further cost actions and efficiency improvements;

we will continue to aggressively seek additional and return business from customers;

we will continue to attempt to reduce our collateral requirements related to our insurance programs;

if appropriate, we may sell additional equity or pursue other capital market transactions;

we may consider selling non-strategic assets or business lines; and

we expect to carefully manage receipts and disbursements, including amounts and timing, focusing on reducing days sales outstanding and managing days payables outstanding.

We have substantial debt and, as a result, significant debt service obligations. As of March 31, 2011, we had approximately \$1.1 billion of secured indebtedness outstanding. We are deferring payment of (i) interest and fees to our lenders under the Credit Agreement, (ii) interest and facility fees to purchasers of our accounts receivable pursuant to the ABS Facility, and (iii) interest and principal to the multi-employer pension funds pursuant to the Contribution Deferral Agreement, and we are receiving the benefit of wage reductions and other concessions from the modified NMFA including continued temporary cessation of pension contributions to the multi-employer pension funds. As of March 31, 2011, the amounts deferred under the Credit Agreement, the ABS Facility and the Contribution Deferral Agreement were approximately \$146.3 million, \$20.9 million and \$68.6 million respectively. In the event the conditions and cross-conditions under the Credit Agreement, the ABS Facility, the Contribution Deferral Agreement and the modified NMFA are not satisfied, and the Restructuring is not completed, the amounts deferred and the benefits realized under such agreements could become payable or reimbursable, as applicable. If we do not complete the Restructuring, is very unlikely we will be able to generate cash sufficient to pay the principal of, interest on and other amounts due in respect of our indebtedness and other obligations when due. In such an event, we would likely be required to reorganize under Chapter 11 or liquidate under Chapter 7 of the Bankruptcy Code.

Table of Contents**Credit Agreement****Milestone Failure**

As previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2010, we failed to satisfy the Pension Fund Condition under the Credit Agreement by March 10, 2011 and therefore have triggered a Milestone Failure and, as a result, the Required Lenders (at least 51% of exposure as defined in the Credit Agreement) have the right, but not the obligation, to declare an event of default under the Credit Agreement. We cannot provide any assurance that the Required Lenders will not declare an event of default under the Credit Agreement. Accordingly we have classified our debt under the Credit Agreement as current maturities of long-term debt. We have also classified the 6% Notes and the pension contribution deferral obligations as current maturities of long-term debt due to cross-default provisions within the respective lending agreements.

If the Required Lenders declare an event of default under the Credit Agreement, we anticipate that we would seek protection under the U.S. Bankruptcy Code (the Bankruptcy Code).

Asset-Backed Securitization Facility

At March 31, 2011, our underlying accounts receivable supported a borrowing base under our ABS Facility of \$217.5 million. In addition to the \$147.2 million outstanding, the ABS facility capacity was also reduced by outstanding letters of credit of \$64.7 million resulting in \$5.6 million of unrestricted unused capacity at March 31, 2011.

Interest and Fee Deferrals

The following table presents accrued interest and fees that have been deferred under the terms of the Credit Agreement, ABS Facility and Contribution Deferral Agreement and are included in our consolidated balance sheets in Other current and accrued liabilities :

(in millions)	March 31, 2011	December 31, 2010
Interest deferrals		
Credit Agreement	\$ 114.5	\$ 96.3
ABS Facility	5.9	2.7
Pension contribution deferral agreement	10.9	9.1
Amendment and commitment fee deferrals		
Credit Agreement	31.8	31.8
ABS Facility	15.0	15.0
Total interest and fee deferrals	\$ 178.1	\$ 154.9

Fair Value Measurement

The carrying amounts and estimated fair values of our long-term debt, including current maturities and other financial instruments, are summarized as follows:

(in millions)	March 31, 2011		December 31, 2010	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Credit Agreement and ABS Facility borrowings	\$ 578.0	\$ 574.7	\$ 523.5	\$ 396.8
Notes and other obligations	198.3	157.5	198.2	116.6
Lease financing obligations	339.2	339.2	338.4	338.4
Total debt	\$ 1,115.5	\$ 1,071.4	\$ 1,060.1	\$ 851.8

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

The fair values of our outstanding debt were estimated based on observable prices (level two inputs for fair value measurements), where available, or using the quarter end conversion price for convertible notes (level three inputs for fair value measurements). The carrying amount of the lease financing obligations approximates fair value. The carrying value of debt with an original maturity of less than one year approximates market value.

Table of Contents**5. Employee Benefits*****Components of Net Periodic Pension Costs***

The following table sets forth the components of our company-sponsored pension costs for the three months ended March 31:

(in millions)	Pension Costs	
	2011	2010
Service cost	\$ 0.9	\$ 0.9
Interest cost	15.2	15.0
Expected return on plan assets	(10.7)	(13.1)
Amortization of net loss	2.4	1.6
Total periodic pension cost	\$ 7.8	\$ 4.4

We expect to contribute \$29.5 million to our pension plans in 2011.

6. Income Taxes***Effective Tax Rate***

Our effective tax rate for continuing operations for the three months ended March 31, 2011 and 2010 was 4.3% and 2.1%, respectively. Significant items impacting the 2011 rate include a state tax benefit, certain permanent items and an increase in the valuation allowance established for the net deferred tax asset balance projected for December 31, 2011. We recognize valuation allowances on deferred tax assets if, based on the weight of the evidence, we believe that some or all of our deferred tax assets will not be realized. Changes in valuation allowances are included in our tax provision in the period of change. In determining whether a valuation allowance is warranted, we evaluate factors such as prior years' earnings history, expected future earnings, loss carry-back and carry-forward periods, reversals of existing deferred tax liabilities and tax planning strategies that potentially enhance the likelihood of the realization of a deferred tax asset. At March 31, 2011 and December 31, 2010, substantially all of our net deferred tax assets are subject to a valuation allowance.

7. Shareholders' Deficit

The following reflects the activity in the shares of our common stock for the three months ended March 31:

(in thousands)	2011
Beginning balance	47,684
Shares forfeited under share-based compensation arrangements	(27)
Interest paid in stock for the 6% Notes	219
Ending balance	47,876

8. Loss Per Share

Dilutive securities, consisting of preferred stock, options to purchase our common stock, or rights to receive common stock in the future, are included in our calculation of diluted weighted average common shares and, dilutive securities related to our convertible notes are also included in our calculation of diluted weighted average common shares; however, due to our net loss position for the three months ended March 31, 2011 and 2010, there are no dilutive securities for these periods.

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

Antidilutive options and share units were 11,192,600 and 690,500 for the three months ended March 31, 2011 and 2010, respectively. Antidilutive 6% convertible senior note conversion shares, including the make whole premium, were convertible into 5,284,781 and 5,738,200 common shares at March 31, 2011 and 2010, respectively. For the three months ended March 31, 2010, the antidilutive securities included preferred stock.

9. Business Segments

We report financial and descriptive information about our reportable operating segments on a basis consistent with that used internally for evaluating segment performance and allocating resources to segments. We evaluate performance primarily on operating income and return on committed capital.

Table of Contents

We have the following reportable segments, which are strategic business units that offer complementary transportation services to their customers. National Transportation includes carriers that provide comprehensive regional, national and international transportation services. Regional Transportation is comprised of carriers that focus primarily on business opportunities in the regional and next-day delivery markets. Truckload consists of Glen Moore, a domestic truckload carrier. The results of Jiayu are reflected in our consolidated results as part of the Corporate segment.

The accounting policies of the segments are the same as those described in the Summary of Accounting Policies note in our Annual Report on Form 10-K for the year ended December 31, 2010. We charge management fees and other corporate services to our segments based on the direct benefits received or as a percentage of revenue. Corporate and other operating losses represent residual operating expenses of the holding company, including compensation and benefits and professional services for all periods presented. Corporate identifiable assets primarily refer to cash, cash equivalents, investments in equity method affiliates and deferred debt issuance costs. Intersegment revenue primarily relates to transportation services between our segments.

The following table summarizes our operations by business segment:

(in millions)	National Transportation	Regional Transportation	Truckload	Corporate/ Eliminations	Consolidated

Other comprehensive income attributable to YRC Worldwide Inc.	3.7	1.7
Comprehensive loss attributable to YRC Worldwide Inc.	\$ (98.1)	\$ (272.4)

Comprehensive loss attributable to our non-controlling interest was not material for any period presented.

11. Discontinued Operations YRC Logistics

YRC Logistics was reported as a separate segment in our consolidated financial statements. As a result of the sale of the majority of YRC Logistics and the closure of the pooled distribution business line in 2010, we have presented the related financial results of YRC Logistics as discontinued operations in all periods presented.

Shared services and corporate costs previously allocated to this segment, totaled \$4.1 million for the three months ended March 31, 2010 and are included in continuing operations in our Corporate and other segment.

Table of Contents

The financial results included in discontinued operations for the three months ended March 31 are as follows:

(in millions)	2010
Revenue	\$ 76.1
Operating loss	(3.6)
Loss from operations before income taxes	(4.1)
Income tax provision	0.1
Net loss from discontinued operations	\$ (4.0)

12. Commitments, Contingencies, and Uncertainties*401(k) Class Action Suit*

Four class action complaints were filed in the U.S. District Court for the District of Kansas against the Company and certain of its officers and directors, alleging violations of the Employee Retirement Income Security Act of 1974, as amended (ERISA), based on similar allegations and causes of action. On November 17, 2009, Eva L. Hanna and Shelley F. Whitson, former participants in the Yellow Roadway Corporation Retirement Plan, filed a class action complaint on behalf of certain persons participating in the plan (or plans that merged with the plan) from April 6, 2009 to the present; on December 7, 2009, Daniel J. Cambra, a participant in the Yellow Roadway Corporation Retirement Savings Plan, filed a class action complaint on behalf of certain persons participating in the plan (or plans that merged with the plan) from October 25, 2007 to the present; on January 15, 2010, Patrick M. Couch, a participant in one of the merged 401(k) plans, filed a class action complaint on behalf of certain persons participating in the plan (or plans that merged with the plan) from March 23, 2006 to the present; and on April 21, 2010, Tawana Franklin, a participant in YRC Worldwide 401(k) Plan, filed a class action complaint on behalf of certain persons participating in the plan (or plans that merged with the plan) from October 25, 2007 to the present.

In general, the complaints allege that the defendants breached their fiduciary duties under ERISA by providing participants Company common stock as part of their matching contributions and by not removing the stock fund as an investment option in the plans in light of the Company's financial condition. Although some Company matching contributions were made in Company common stock, participants were not permitted to invest their own contributions in the Company stock fund. The complaints allege that the defendants failed to prudently and loyally manage the plans and assets of the plans; imprudently invested in Company common stock; failed to monitor fiduciaries and provide them with accurate information; breached the duty to properly appoint, monitor, and inform the Benefits Administrative Committee; misrepresented and failed to disclose adverse financial information; breached the duty to avoid conflict of interest; and are subject to co-fiduciary liability. Each of the complaints seeks, among other things, an order compelling defendants to make good to the plan all losses resulting from the alleged breaches of fiduciary duty, attorneys' fees, and other injunctive and equitable relief. Based on the four separate complaints previously filed, the Company believes the allegations are without merit and intends to vigorously defend the claims.

On March 3, 2010, the Court entered an order consolidating three of the four cases and, on April 1, 2010, the plaintiffs filed a consolidated complaint. The consolidated complaint asserts the same claims as the previously-filed complaints but names as defendants certain former officers of the Company in addition to those current officers and directors that have already been named. The fourth case (Franklin) was consolidated with the first three cases on May 12, 2010.

The defendants moved to dismiss the consolidated complaint on June 1, 2010. The court granted the defendants' motion to dismiss with respect to the claim that defendants breached their fiduciary duties by misrepresenting or failing to disclose information to plan participants but refused to dismiss the remainder of the plaintiffs' claims.

On April 6, 2011, the court certified a class consisting of all 401(k) Plan participants or beneficiaries who held YRCW stock in their accounts between October 25, 2007 and the present. The parties recently agreed to a four month extension of all deadlines. The new discovery deadline is August 1, 2011, dispositive motions are due March 5, 2012 and the new trial date is July 6, 2012.

The ultimate outcome of this case is not determinable. Therefore, we have not recorded any liability for this matter.

ABF Lawsuit

On November 1, 2010, ABF Freight System, Inc. (ABF) filed a complaint in the U.S. District court for the Western District of Arkansas against several parties, including YRC Inc., New Penn Motor Express, Inc. and USF Holland Inc. (each a subsidiary of the Company and collectively, the YRC Defendants) and the International Brotherhood of Teamsters and the local Teamster unions party to the National Master Freight Agreement (NMFA) alleging violation of the NMFA due to modifications to the NMFA that have provided relief to the YRC Defendants without providing the same relief to ABF. The complaint seeks to have the modifications to the NMFA declared null and void and seeks damages of \$750 million from the named defendants. The Company believes the allegations are without merit and intends to vigorously defend the claims.

On December 17, 2010, the U.S. District Court for the Western District of Arkansas dismissed the complaint. ABF appealed the dismissal on January 18, 2011 to the U.S. Court of Appeals for the 8th Circuit. The appeal is now fully briefed, and the Court of Appeals heard oral argument on April 12, 2011. At oral argument, the Court indicated that it would try to decide the case by July 2011.

The ultimate outcome of this case is not determinable. Therefore, we have not recorded any liability for this matter.

Securities Class Action Suit

On February 7, 2011, a putative class action was filed by Bryant Holdings LLC in the United States District Court for the District of Kansas on behalf of purchasers of the Company s securities between April 24, 2008 and November 2, 2009, inclusive (the Class Period), seeking to pursue remedies under the Securities Exchange Act of 1934, as amended. The complaint alleges that, throughout the Class Period, the Company and certain of its officers failed to disclose material adverse facts about the Company s true financial condition, business and prospects. Specifically, the complaint alleges that defendants statements were materially false and misleading because they misrepresented and overstated the financial condition of the Company and caused shares of the Company s common stock to trade at artificially inflated levels throughout the Class Period. Bryant Holdings LLC seeks to recover damages on behalf of all purchasers of the Company s securities during the Class Period. The Company believes the allegations are without merit and intends to vigorously defend the claims. On April 8, 2011, an individual (Stan Better) and a group of investors (including Bryant Holdings LLC) filed competing motions seeking to be named the lead plaintiff in the lawsuit. On May 6, 2011, the parties attempting to be named lead plaintiff filed a stipulation requesting that the Court appoint them as co-lead plaintiffs in the lawsuit. The parties have agreed that the Company will not be required to file an answer or other responsive pleading until such time as the Court has named the lead plaintiff and the lead plaintiff has filed an amended complaint.

The ultimate outcome of this case is not determinable. Therefore, we have not recorded any liability for this matter.

Table of Contents**13. Guarantees of the 5.0% and 3.375% Net Share Settled Contingent Convertible Senior Notes Due 2023**

In August 2003, YRC Worldwide issued 5.0% contingent convertible senior notes due 2023. In November 2003, we issued 3.375% contingent convertible senior notes due 2023. In December 2004, we completed exchange offers pursuant to which holders of the contingent convertible senior notes could exchange their notes for an equal amount of new net share settled contingent convertible senior notes. Substantially all notes were exchanged as part of the exchange offers. In connection with the net share settled contingent convertible senior notes, the following 100% owned subsidiaries of YRC Worldwide have issued guarantees in favor of the holders of the net share settled contingent convertible senior notes: YRC Inc., YRC Enterprise Services, Inc., Roadway LLC, and Roadway Next Day Corporation. Each of the guarantees is full and unconditional and joint and several. Effective August 4, 2010, Global.com Lines Inc. was released as a guarantor in connection with its merger with and into YRC Logistics Global, LLC. Effective August 13, 2010 YRC Logistics, Inc. and YRC Logistics Global, LLC were released as guarantors in connection with the sale of YRC Logistics.

The condensed consolidating financial statements are presented in lieu of separate financial statements and other related disclosures of the subsidiary guarantors and issuer because management does not believe that separate financial statements and related disclosures would be material to investors. There are currently no significant restrictions on the ability of YRC Worldwide or any guarantor to obtain funds from its subsidiaries by dividend or loan.

The following represents condensed consolidating financial information as of March 31, 2011 and December 31, 2010, with respect to the financial position and for the three months ended March 31, 2011 and 2010, for results of operations and cash flows of YRC Worldwide and its subsidiaries. The Parent column presents the financial information of YRC Worldwide, the primary obligor of the net share settled contingent convertible senior notes. The Guarantor Subsidiaries column presents the financial information of all guarantor subsidiaries of the net share settled contingent convertible senior notes. The Non-Guarantor Subsidiaries column presents the financial information of all non-guarantor subsidiaries, including those subsidiaries that are governed by foreign laws and Yellow Roadway Receivables Funding Corporation, the special-purpose entity that is associated with our ABS agreement.

Effective August 4, 2010, Global.com Lines Inc. was released as a guarantor in connection with its merger with and into YRC Logistics Global, LLC. Effective August 13, 2010, YRC Logistics, Inc. and YRC Logistics Global, LLC were released as guarantors in connection with the sale of YRC Logistics.

The condensed consolidating financial statements are presented in lieu of separate financial statements and other related disclosures of the subsidiary guarantors and issuer because management does not believe that such separate financial statements and related disclosures would be material to investors. There are currently no significant restrictions on the ability of YRC Worldwide or any guarantor to obtain funds from its subsidiaries by dividend or loan.

The following represents condensed consolidating financial information as of March 31, 2011 and December 31, 2010, with respect to the financial position and for the three months ended March 31, 2011 and 2010, for results of operations and cash flows of YRC Worldwide and its subsidiaries. The Parent column presents the financial information of YRC Worldwide, the primary obligor of the 6% Notes. The Guarantor Subsidiaries column presents the financial information of all guarantor subsidiaries of the 6% Notes. The Non-Guarantor Subsidiaries column presents the financial information of all non-guarantor subsidiaries, including those subsidiaries that are governed by foreign laws and Yellow Roadway Receivables Funding Corporation, the special-purpose entity that is associated with our ABS agreement.

Table of Contents**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) should be read in conjunction with the Consolidated Financial Statements and the Notes to Consolidated Financial Statements of YRC Worldwide Inc. (also referred to as "YRC Worldwide", the "Company", "we" or "our"). MD&A and certain statements in the Notes to Consolidated Financial Statements include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (each a "forward-looking statement"). Forward-looking statements include those preceded by, followed by or include the words "should", "could", "may", "expect", "believe", "estimate" or similar expressions. It is important to note that any restructuring, including that described in MD&A, will be subject to a number of significant conditions, including, among other things, the satisfaction or waiver of the conditions contained in the definitive agreements related to the restructuring and the lack of unexpected or adverse litigation results. We cannot provide you with any assurances that the conditions contained in the definitive agreements related to the restructuring will be satisfied or that the restructuring can be completed in the timeframes required under our various agreements with our stakeholders. We cannot provide you with any assurances that any restructuring can be completed out-of-court or whether we will be required to implement the restructuring under the supervision of a bankruptcy court, in which event, we cannot provide you with any assurances that the terms of any such restructuring will not be substantially and materially different from any description in this MD&A or that an effort to implement an in-court restructuring would be successful. In addition, even if a restructuring is completed, our future results could differ materially from any results projected in such forward-looking statements because of a number of factors, including (among others), the effect of any restructuring, whether out-of-court or in-court, may have on our customers' willingness to ship their products on our transportation network, our ability to generate sufficient cash flows and liquidity to fund operations, which raises substantial doubt about our ability to continue as a going concern, inflation, inclement weather, price and availability of fuel, sudden changes in the cost of fuel or the index upon which we base our fuel surcharge, competitor pricing activity, expense volatility, including (without limitation) expense volatility due to changes in rail service or pricing for rail service, ability to capture cost reductions, changes in equity and debt markets, a downturn in general or regional economic activity, effects of a terrorist attack, labor relations, including (without limitation), the impact of work rules, work stoppages, strikes or other disruptions, any obligations to multi-employer health, welfare and pension plans, wage requirements and employee satisfaction, and the risk factors that are from time to time included in our reports filed with the SEC, including our Annual Report on Form 10-K for the year ended December 31, 2010.

Results of Operations

This section focuses on the highlights and significant items that impacted our operating results during the first quarter of 2011. We have presented a discussion regarding the operating results of each of our operating segments: National Transportation, Regional Transportation and Truckload.

Consolidated Results

Our consolidated results for the three months ended March 31, 2011 and 2010 include the results of each of the operating segments discussed below and corporate charges. A more detailed discussion of the operating results of our segments is presented below.

The table below provides summary consolidated financial information for the three months ended March 31:

(in millions)	2011	2010	Percent Change
Operating revenue	\$ 1,122.9	\$ 987.1	13.8%
Operating loss	(68.0)	(233.2)	70.8%
Nonoperating expenses, net	38.8	42.8	(9.3)%
Net loss from continuing operations	\$ (102.3)	\$ (270.1)	62.1%

Three months ended March 31, 2011 compared to three months ended March 31, 2010

Our consolidated operating revenue increased 13.8% during the three months ended March 31, 2011 versus the same period in 2010 due to increased revenue from our National Transportation and Regional Transportation segments. This increase is attributed to both increases in volume over the comparable prior year quarter and increases in yield or pricing. Our volume increases are primarily attributed to a moderately improving economic environment. The improvement in yield is due to increased fuel surcharge revenue resulting from higher diesel fuel costs as well as a more disciplined industry pricing market.

Table of Contents

Consolidated operating revenue includes fuel surcharge revenue. Fuel surcharges are common throughout our industry and represent an amount that we charge to customers that adjusts with changing fuel prices. We base our fuel surcharges on a published national index and adjust them weekly. Rapid material changes in the index or our cost of fuel can positively or negatively impact our revenue and operating income versus prior periods as there is a lag in the Company's adjustment of base rates in response to changes in fuel surcharge. Fuel surcharge is an accepted and important component of the overall pricing of our services to our customers. Without an industry accepted fuel surcharge program, our base pricing for our transportation services would require changes. We believe the distinction between base rates and fuel surcharge has blurred over time, and it is impractical to clearly separate all the different factors that influence the price that our customers are willing to pay. In general, under our present fuel surcharge program, we believe rising fuel costs are beneficial to us and falling fuel costs are detrimental to us, in the short term.

Operating expenses for the first quarter of 2011 decreased \$29.5 million or 2.4% as compared to the same period in 2010 primarily related to a reduction in equity based compensation expense of \$108.0 million related to certain 2010 awards granted to our union work force. The reduction was offset by a \$29.7 million increase in salaries, wages and benefits, a \$39.8 million increase in operating expenses and supplies, a \$25.6 million increase in purchased transportation and a \$4.7 million increase in other operating expenses, which are attributable to increasing volumes and higher fuel prices.

The increase in salaries, wages and benefits in the first quarter of 2011 as compared to the same period in 2010 is largely due to higher shipment related wages in the current year as we reacted to greater volumes as well as workers' compensation expense primarily in our National segment which is reflective of approximately \$17.4 million of unfavorable development of prior years self-insured claims which occurred during or were open and unsettled at the 2009 integration of the Yellow and Roadway network operations. The increase in operating expenses and supplies is a result of higher fuel expenses of \$37.8 million or 38.4% and vehicle and facility maintenance of \$7.3 million or 13.6%.

Consolidated operating loss for the three months ended March 31, 2010 included non-cash impairment charges of \$5.3 million representing a reduction in the trade name values attributed to YRC Reimer (a part of the National Transportation segment) and New Penn (a part of the Regional Transportation segment). The impairment charge was reflective of a change in revenue growth assumptions in the fair value model. There are no such impairment charges during the three months ended March 31, 2011.

Our consolidated operating loss during the first quarter of 2011 includes a \$3.0 million net gain from the sale of property and equipment and the fair value adjustments for property and equipment held for sale compared to an \$8.8 million net loss for the same period in 2010.

Nonoperating expenses decreased \$4.0 million in the first quarter of 2011 compared to the same period in 2010. The reduction consisted primarily of reduced interest expense of \$2.1 million related to a reduction in borrowings and an improvement in other nonoperating expenses primarily related to the treatment of our 65% ownership in Shanghai Jiayu Logistics Co., Ltd. (Jiayu) as of April 1, 2010. Through March 31, 2010, we had accounted for our 65% ownership in Jiayu as an equity method investment as the rights of the minority shareholder were considered extensive and allowed for their ability to veto many business decisions. These rights were primarily provided as a part of the General Manager role held by the minority shareholder. Effective April 1, 2010, the minority shareholder no longer had a role in the management of the operations of the business and therefore the conclusions from an accounting perspective, regarding the relationship of this joint venture and accordingly, required that we consolidate Jiayu in our financial statements effective April 1, 2010.

Our effective tax rate for continuing operations for the three months ended March 31, 2011 and 2010 was 4.3% and 2.1%, respectively. Significant items impacting the 2011 rate include a state tax benefit, certain permanent items and an increase in the valuation allowance established for the net deferred tax asset balance projected for December 31, 2011. We recognize valuation allowances on deferred tax assets if, based on the weight of the evidence, we believe that some or all of our deferred tax assets will not be realized. Changes in valuation allowances are included in our tax provision in the period of change. In determining whether a valuation allowance is warranted, we evaluate factors such as prior years' earnings history, expected future earnings, loss carry-back and carry-forward periods, reversals of existing deferred tax liabilities and tax planning strategies that potentially enhance the likelihood of the realization of a deferred tax asset. At March 31, 2011 and December 31, 2010, substantially all of our net deferred tax assets are subject to a valuation allowance.

Table of Contents**National Transportation Results**

National Transportation represented approximately 65% and 67% of our consolidated revenue in the first quarter of 2011 and 2010, respectively. The table below provides summary financial information for National Transportation for the three months ended March 31:

(in millions)	2011	2010	Percent Change
Operating revenue	\$ 730.0	\$ 663.1	10.1%
Operating loss	(51.3)	(185.1)	72.3%
Operating ratio ^(a)	107.0%	127.9%	(20.9)pp ^(b)

(a) Operating ratio is calculated as (i) 100 percent plus (ii) the result of dividing operating loss by operating revenue and expressed as a percentage.

(b) Percentage points.

Three months ended March 31, 2011 compared to three months ended March 31, 2010

National Transportation reported operating revenue of \$730.0 million in the first quarter of 2011, an increase of \$66.9 million or 10.1% compared to the first quarter of 2010. The two primary components of operating revenue are volume, comprised of the number of shipments and weight per shipment, and price or yield, usually evaluated on a per hundredweight basis. The increase in operating revenue was largely driven by a 7.9% increase in total picked-up tonnage per day and a 1.8% increase in revenue per hundredweight resulting mostly from higher fuel surcharge revenue, which was driven by higher diesel prices in 2011 as compared to the same period in 2010 as well as a more disciplined industry pricing market. The increase in picked-up tonnage per day was primarily due to a 6.3% increase in total shipments per day and a 1.5% increase in weight per shipment. Our volume increases are primarily attributed to a moderately improving economic environment.

Operating loss for National Transportation was \$51.3 million in the first quarter of 2011 compared to operating loss of \$185.1 million in the comparable prior year period. Revenue in the first quarter of 2011 was higher by \$66.9 million while total costs, excluding losses on property disposals and impairment charges, decreased by \$59.1 million. The cost declines consisted primarily of lower salaries, wages and employees benefits (including equity based compensation (benefit) expense) of \$65.9 million or 14.1% and lower other operating expenses of \$5.9 million or 8.0% offset by higher operating expenses and supplies of \$2.9 million or 1.4% and higher purchased transportation costs of \$9.8 million or 10.7%.

The decrease in salaries, wages and employees benefits (excluding workers compensation expense and including equity based compensation (benefit) expense) of \$73.4 million during the first quarter of 2011 is primarily the result of an equity based compensation expense of \$83.1 million in the first quarter of 2010. The charges related to equity based consideration awarded in the first quarter of 2010 in relation to union wage and benefit reductions implemented in 2009. No corresponding charge existed in the first quarter of 2011. Offsetting the reduction of the equity based compensation expense was an \$8.4 million increase in benefits during the first quarter of 2011 compared to the comparable prior year period resulting from higher costs associated with the contractual health and welfare benefit increase realized in August 2010, increased state unemployment taxes, and a \$1.8 million increase in non-union pension expense resulting from the impact of lower interest rates and incurred plan losses during the prior year. Workers compensation expense (included in salaries, wages and benefits in the statement of operations) increased \$7.5 million or 24.7% which is reflective of unfavorable development of prior years self-insured claims which occurred during or were open and unsettled at the 2009 integration of the Yellow and Roadway network operations.

Operating expenses and supplies were higher due mostly to increases in fuel costs associated with higher diesel prices and greater volumes in the first quarter of 2011 compared to the same period in 2010. Operating expenses and supplies were also impacted by a decrease in bad debt expense of \$1.1 million in the first quarter of 2011 compared to the comparable prior year period reflective of improvements in our revenue management processes and fewer bankruptcies in our customer base.

The increase in purchased transportation during the first quarter of 2011 versus the comparable prior year period resulted primarily from greater volumes and increased fuel costs associated with higher diesel prices in the first quarter of 2011 compared to the same period of 2010. Rail costs increased 46.3% due to greater volume and fuel surcharges compared to the prior year period while other purchased transportation costs decreased 14.9%.

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

Other operating expenses were lower mostly due to a general liability claims expense decrease of \$5.4 million or 39.0% related to a more favorable development of claims in 2011 compared to the first quarter of 2010 and lower cargo claims expense of \$0.9 million or 9.4% due to favorable development of claims and a lower rate for claims in the current year.

Table of Contents

The first quarter of 2010 included an impairment charge of \$3.3 million related to a reduction in the fair value of the Reimer trade name, primarily due to a decline in future revenue assumptions. Losses on property disposals were \$0.5 million in the first quarter of 2011 compared to \$4.9 million in the first quarter of 2010.

Regional Transportation Results

Regional Transportation represented approximately 33% and 31% of our consolidated revenue in the first quarter of 2011 and 2010, respectively. The table below provides summary financial information for YRC Regional Transportation for the three months ended March 31:

(in millions)	2011	2010	Percent Change
Operating revenue	\$ 366.1	\$ 309.2	18.4%
Operating loss	(1.2)	(39.6)	97.0%
Operating ratio ^(a)	100.3%	112.8%	(12.5)pp ^(b)

(a) Operating ratio is calculated as (i) 100 percent plus (ii) the result of dividing operating loss by operating revenue and expressed as a percentage.

(b) Percentage points.

Three months ended March 31, 2011 compared to three months ended March 31, 2010

Regional Transportation reported operating revenue of \$366.1 million for the first quarter of 2011, representing an increase of \$56.9 million, or 18.4% from the first quarter of 2010. Total weight per day was up 16.2%, representing a 9.8% increase in total shipments per day and a 5.8% higher total weight per shipment compared to 2010. Our volume increases are primarily attributed to a moderately improving economic environment. A meaningful portion of our regional footprint is concentrated in the Upper Midwest where the recovery in the manufacturing sector has provided particular strong growth.

Total revenue per hundredweight increased 1.8% in the first quarter of 2011 as compared to the first quarter of 2010, due to higher fuel surcharge revenue associated with higher diesel fuel prices and a more disciplined industry pricing market partially offset by the impact of a slightly higher mix of contractual business which generally has a lower yield.

Operating loss for Regional Transportation was \$1.2 million for the first quarter of 2011, an improvement of \$38.4 million from the first quarter of 2010, consisting of a \$56.9 million increase in revenue partially offset by an \$18.5 million increase in operating expenses. Material expense increases were in operating expenses and supplies of \$19.1 million or 25.3%, purchased transportation of \$3.7 million or 27.2% and other operating expenses of \$8.1 million or 58.5%, all partially offset by a decrease in salaries, wages and employees' benefits (including equity based compensation (benefit) expense) of \$2.3 million or 1.0%.

Salaries, wages and employees' benefits expense (excluding workers' compensation and including equity based compensation (benefit) expense) decreased \$2.3 million or 1.0% as the first quarter of 2010 included an equity based compensation expense of \$24.4 million. The charge related to equity based consideration provided to union employees in relation to wage and benefit reductions implemented in 2009. No corresponding charge existed in 2011. Absent the equity based charge, salaries, wages and benefits expense increased \$22.1 million or 11.1% due to higher shipment related wages in the current year as we reacted to greater volumes.

Operating expenses and supplies increased 25.3% reflecting a 48.7% increase in fuel costs (due to higher fuel prices and volumes) and a 5.0% increase in costs other than fuel. Costs were higher in the areas of equipment maintenance, facility maintenance, travel, driver expenses, tolls and bad debt expense as a result of higher business volumes. Purchased transportation was 27.2% higher due mostly to greater business volumes and the impact of higher fuel prices. Other operating expenses were 58.5% higher, mainly due to a higher provision for general liability claims due to unfavorable claim development factors as well as increased volume. Additionally, fuel taxes and cargo claims costs were higher primarily due to increased business volumes.

Gains on property disposals were \$3.4 million in the first quarter of 2011 compared to a loss of \$3.7 million in the first quarter of 2010. The first quarter of 2010 operating loss included an impairment charge of \$2.0 million related to a reduction in fair value of the New Penn trade name, primarily due to a decline in future revenue assumptions.

Table of Contents**Truckload Results**

Truckload represented approximately 2% of our consolidated revenue in the first quarter of 2011 and 2010. The table below provides summary financial information for our Truckload segment for the three months ended March 31:

(in millions)	2011	2010	Percent Change
Operating revenue	\$ 25.2	\$ 26.9	(6.2)%

(b) Percentage points.

Three months ended March 31, 2011 compared to three months ended March 31, 2010

Truckload reported operating revenue of \$25.2 million for the first quarter of 2011, representing a decrease of \$1.7 million or 6.2% from the first quarter of 2010. The two primary components of truckload operating revenue are volume, comprised of the miles driven, and price, usually evaluated on a revenue per mile basis. Total miles driven per day were down 18.9% in the first quarter of 2011 as compared to 2010 due primarily to reduced use of Truckload services by our National Transportation group as they restructured to accommodate certain line haul miles internally. Revenue per mile was up 9.6%, due primarily to higher fuel surcharge revenue associated with higher diesel fuel prices.

Operating loss for Truckload was \$3.9 million for the first quarter of 2011, as compared to an operating loss of \$3.1 million for the first quarter of 2010, consisting of a \$1.7 million decrease in revenue offset by a \$0.9 million decrease in operating expenses. Expense increases were primarily in the areas of fuel costs (higher diesel prices) and a higher provision for general liability claims due to unfavorable claims development. Expense decreases were primarily related to lower salaries, wages and related benefits costs as a result of lower employee levels and lower shipping volumes.

Certain Non-GAAP financial measures

Our adjusted EBITDA improved from (\$38.9) million for the three months ended March 31, 2010 to (\$3.4) million for the same period in 2011. We have included the reconciliation of consolidated adjusted EBITDA below and provided the adjusted EBITDA amounts by segment.

Adjusted EBITDA is a non-GAAP measure that reflects the company's earnings before interest, taxes, depreciation, and amortization expense, and further adjusted for letter of credit fees, equity-based compensation expense, net gains or losses on property disposals and certain other items, including restructuring professional fees and results of permitted dispositions and discontinued operations as defined in the company's credit agreement. Adjusted EBITDA, adjusted EBITDA, excluding insurance charges and adjusted operating loss are used for internal management purposes as a financial measure that reflects the company's core operating performance. In addition, management uses adjusted EBITDA to measure compliance with financial covenants in the company's credit agreement. However, these financial measures should not be construed as a better measurement than operating income, operating cash flow or earnings per share, as defined by generally accepted accounting principles.

Adjusted EBITDA has the following limitations:

Adjusted EBITDA does not reflect the interest expense or the cash requirements necessary to fund restructuring professional fees, service interest or principal payments on our outstanding debt;

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and adjusted EBITDA does not reflect any cash requirements for such replacements;

Equity based compensation is an element of our long-term incentive compensation package, although adjusted EBITDA excludes it as an expense when presenting our ongoing operating performance for a particular period; and

Other companies in our industry may calculate adjusted EBITDA differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, Adjusted EBITDA should not be considered a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA as a secondary measure.

During April 2011, net availability on our revolver increased by \$0.2 million as a result of asset sales, and unused available capacity at April 30, 2011 is \$2.7 million. Additionally, the ABS Facility borrowing base has increased by \$11.5 million during April, we have drawn down and utilized letters of credit of \$17 million and as of April 30, 2011 our unrestricted unused available capacity is \$0.1 million.

Comprehensive Recovery Plan

As a part of our comprehensive recovery plan, we have executed on a number of significant initiatives during 2010 and 2011 to improve liquidity, which are described more fully in Management's Discussion and Analysis of Financial Condition and Results of Operations Financial Condition Liquidity in our Annual Report on Form 10-K for the year ended December 31, 2010.

Certain of these actions in 2011 are further described below. The final execution of our comprehensive recovery plan has a number of risks that are not within our control that may adversely impact our liquidity and compliance with the financial covenants in our credit facilities.

Notwithstanding our entering into the Lender Support Agreement and the TNFINC Support Agreement, we anticipate that we will continue to face risks and uncertainties regarding our short and medium-term liquidity. There is no assurance that we will be successful in completing our comprehensive recovery plan. See Risks and Uncertainties Regarding Future Liquidity below.

The Restructuring

On February 28, 2011, we, the Teamsters National Freight Industry Negotiating Committee (TNFINC) of the International Brotherhood of Teamsters (the IBT), the Required Lenders (at least 51% of exposure as defined in the Credit Agreement (as defined below)), the Agent and the Steering Group Majority (as defined below) (collectively, the Consenting Parties) reached a non-binding agreement in principle in the form of a term sheet entitled Summary of Principal Terms of Proposed Restructuring or Term Sheet setting forth the material terms of our proposed restructuring (the Restructuring).

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

Steering Group means the informal group of unaffiliated Lenders and Participants (as defined in the Credit Agreement) represented by Akin Gump Strauss Hauer & Feld LLP and Houlihan Lokey Howard & Zukin Capital, Inc.; provided, that the Lenders (as defined below) that make up the Steering Group may change from time to time as and when such changes are identified to us and the Agent.

Steering Group Majority means the Lenders of the Steering Group representing more than 50% of the Steering Group's exposure under the Credit Agreement (including participations).

The Restructuring is intended to improve our balance sheet and our liquidity with which to operate and grow our business and to position us to achieve long-term success for the benefit of our customers, employees, creditors and stockholders. On April 29, 2011,

Table of Contents

we entered into a support agreement (the Lender Support Agreement) with certain lenders (the participating lenders) holding claims in outstanding borrowings, deferred interest and fees and letters of credit (credit agreement claims) under our credit agreement, dated as of August 17, 2007 (as amended, the Credit Agreement), among the Company, certain of its subsidiaries, JPMorgan Chase Bank, National Association, as agent (the Agent), and the other lenders that are parties thereto (the Lenders) pursuant to which such participating lenders have agreed, among other things, to support the Restructuring by tendering their credit agreement claims in the Exchange Offer (as defined below). The Term Sheet was also amended. The participating lenders hold more than 95% of the principal amount of outstanding credit agreement claims.

Under the Lender Support Agreement, among other things, we must use our commercially reasonable efforts to support and complete the Restructuring, negotiate related definitive transaction documents, take certain actions related to the Merger (as described below) and file a registration statement related to the Exchange Offer and related transactions with the SEC.

Pursuant to the Lender Support Agreement, the Restructuring contemplates an exchange offer for certain credit agreement claims and related interdependent transactions that will be simultaneously completed at the closing of the exchange offer. The Restructuring contemplates:

with respect to credit agreement claims,

- i. an exchange offer (the Exchange Offer), whereby the Lenders under the Credit Agreement would receive in respect of a portion of such claims (a) newly issued Series B Convertible Preferred Stock (the Series B Preferred Stock) convertible into approximately 72.5% (subject to dilution as described below) of the restructured Company 's outstanding common stock (the New Common Stock) and (b) \$140.0 million in aggregate principal amount of our new 10% Series A Convertible Senior Secured Notes due 2015 that are convertible into additional shares of New Common Stock (the Restructured Convertible Secured Notes),
- ii. the letters of credit facility under the Credit Agreement and outstanding letters of credit would remain in place, and
- iii. we and our subsidiaries would enter into an amended term loan facility with the Lenders for a portion of remaining borrowing claims under the Credit Agreement not satisfied in (i) above;

additionally, the Lenders would purchase and we would sell for cash pursuant to subscription rights issued in connection with the Exchange Offer an aggregate principal amount of \$100.0 million of our newly issued 10% Series B Convertible Senior Secured Notes due 2015 (the New Money Convertible Secured Notes) and together with the Restructured Convertible Secured Notes, the New Convertible Secured Notes), the proceeds of which would be retained by us for use in our business;

the ABS Facility (as defined below) would be refinanced in full with an asset-based lending facility (the ABL facility), which is expected to provide additional liquidity through a higher advance rate than the receivable purchase rate under the ABS Facility. As discussed below under TNFINC Support Agreement, that agreement requires, among other things, \$350 million in lending capacity and \$80 million of availability under the ABL facility;

the note securing our deferred multi-employer pension contributions (the Pension Note) would be amended to (i) extend the maturity until March 31, 2015, (ii) defer any accrued interest and fees until maturity, (iii) provide for contract rate cash interest payments and (iv) eliminate any mandatory amortization payments (other than in connection with permitted sales of certain collateral);

in consideration for consent to the Restructuring by TNFINC on behalf of employees represented by the IBT, shares of newly issued Series B Preferred Stock convertible into approximately 25% (subject to dilution as described below) of our New Common Stock

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

would be issued to a trust or a deferred tax qualified plan (the Plan) and allocated among certain eligible employees represented by the IBT; and

our board of directors would consist of six members nominated by the Steering Group (as defined below), two members nominated by TNFINC and one member that will be the chief executive officer-director (the New Board);

The Series B Preferred Stock (and the New Common Stock into which it may be converted) issued in connection with the Exchange Offer to the Lenders and to the Plan would be subject to dilution by a management equity incentive plan to be implemented by the New Board as soon as reasonably practicable after the closing of the Exchange Offer (the Management Incentive Plan) and by common stock issued upon conversion of the New Convertible Secured Notes.

Following the closing of the Exchange Offer, we will file a proxy statement with the SEC for the solicitation of votes to approve a merger (the Merger) pursuant to which a wholly owned subsidiary of the Company would merge into the Company, with the Company the surviving corporation and having an amended and restated certificate of incorporation permitting the automatic conversion of the Series B Preferred Stock into New Common Stock and providing for sufficient authorized shares of New Common Stock to permit the conversion of the New Convertible Secured Notes into New Common Stock. The Series B Preferred Stock will be permitted to vote on the Merger on an as-converted basis along with the holders of our then outstanding common stock, as a single class. The New Convertible Secured Notes would be permitted to vote on an as-converted basis with our common stock after the Merger is completed.

Table of Contents

Our common stock is listed on NASDAQ and is subject to the NASDAQ listing rules. Absent an exception to the NASDAQ listing rule requiring stockholder approval prior to the issuance our Series B Preferred Stock and New Convertible Secured Notes, our common stock will be subject to delisting if we consummate the Exchange Offer. We intend to apply to NASDAQ for a waiver of the stockholder approval rule under the financial viability exception.

In the event the Exchange Offer and related interdependent transactions as contemplated by the Lender Support Agreement are completed, we anticipate that our current stockholders will hold approximately 2.5% of the restructured Company's outstanding common stock as of the closing of the Exchange Offer, subject to further dilution by the Management Incentive Plan and the New Convertible Secured Notes.

Obligations of Company and Participating Lenders to Complete the Exchange Offer

The obligations of the Company and the participating lenders to consummate the Exchange Offer are conditioned upon the following to occur:

the registration statement for the Exchange Offer and related transactions shall have been declared effective by the SEC and shall remain effective, and on or before the closing of the Exchange Offer, we shall have made public any then material nonpublic information theretofore disclosed by us or our representatives to the participating lenders who had agreed to receive private information from us;

the initial funding under the ABL facility shall have occurred (or shall occur substantially concurrently with completion of the Exchange Offer) and be in form and substance acceptable to the Agent, the Steering Group Majority and the Company, each in their sole discretion;

the offering of the New Money Convertible Secured Notes, with aggregate net proceeds to us of not less than \$100.0 million, shall have closed (or will close simultaneously with completion of the Exchange Offer);

each of the approved definitive transaction documents, which by their terms are to be effective at or prior to completion of the Exchange Offer, shall have become effective and be in full force and effect;

certain agreements related to multi-employer pension funds shall be in full force and effect;

the Plan, in form and substance acceptable to us, the Agent and the Steering Group Majority, shall have been established by the us and be in full force and effect;

the New Board, other than the IBT director designees, shall have been elected or designated by the existing members of the board of directors as continuing directors (provided that the director candidates were selected by the Agent and Steering Group Majority at least ten (10) days prior to the closing of the exchange offer) and a new chief executive officer and chief financial officer shall have commenced employment with us, in each case unless otherwise waived by the Agent and Steering Group Majority; and

100% of the participating lenders shall have agreed to the Exchange Offer and validly and timely tendered, delivered and not withdrawn their tender into the Exchange Offer and not changed, revoked or withdrawn such agreement or tender.

Termination of Lender Support Agreement

The Lender Support Agreement will terminate under certain circumstances, including, but not limited to (each, a support termination event):

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

by the mutual written consent of the Company and 66^{2/3}% of the aggregate amount of outstanding credit agreement claims of the participating lenders;

at 5:00 p.m. prevailing Eastern Time on July 22, 2011, as to each participating lender who has not agreed to extend such date;

upon the occurrence of any of the following, unless waived or extended by the Agent and the Steering Group Majority:

at 5:00 p.m. prevailing Eastern Time on May 17, 2011 if we have not filed with the SEC one or more registration statements and/or other appropriate documents for the Exchange Offer;

at 5:00 p.m. prevailing Eastern Time on June 15, 2011 if we have not delivered to the Agent and the Steering Group Majority binding commitments with respect to the ABL facility in an aggregate amount not less than \$300 million in form and substance acceptable to us, the Agent and the Steering Group Majority;

at 5:00 p.m. prevailing Eastern Time on June 22, 2011 unless we have commenced the Exchange Offer (the solicitation commencement date); or

if the Exchange Offer has not been consummated within 15 business days after the solicitation commencement date.

certain events of bankruptcy or dissolution including an involuntary proceeding against us;

three (3) business days after we furnish the participating lenders with written notice of our intent, in the exercise of our fiduciary duties and based, at least in part, upon the advice of our outside legal counsel to our board of directors, to take any

action that is prohibited under the Lender Support Agreement or to refrain from taking any action that is required under the Lender Support Agreement,

certain events of non-cured material breach by the parties;

a default or event of default under the Credit Agreement that is not waived or cured as provided in the Credit Agreement;

IBT terminating, or threatening in writing to terminate, its memorandum of understanding with respect to the restructuring plan or upon the occurrence of any termination event under TNFINC Support Agreement (as defined below);

upon the occurrence of a material adverse effect (as defined in the Lender Support Agreement);and

on June 30, 2011, unless certain agreements relating to contributions to our multi-employer pension funds are reached in writing, or any such agreement is terminated, amended or modified in a manner adverse to us or the participating lenders, or otherwise ceases to be in full force and effect.

A support termination event may be waived only upon the written approval of 75% of the aggregate amount of outstanding credit agreement claims of the participating lenders.

Amendment

Approved definitive transactional documents may be amended, modified or supplemented to the extent that such amendments are not materially inconsistent with the Term Sheet with the written approval of (i) us, (ii) the Agent and (iii) the Steering Group Majority; provided that such amendment, modification or other supplement does not impose less favorable treatment of any participating lender's credit agreement claims, or any group of participating lenders' credit agreement claims, or its rights and obligations under the Lender Support Agreement and under the approved definitive transaction documents compared to those of the participating lenders generally, without such participating lender's, or such group of participating lenders', express written consent.

The Lender Support Agreement may be amended (to the extent such amendment is consistent with the approved definitive transaction documents) only upon the written approval of (i) us and (ii) 75% of the aggregate amount of outstanding credit agreement claims of the participating lenders. Any other amendment to the Lender Support Agreement will require the written approval of (x) us and (y) each participating lender.

TNFINC Support Agreement

On April 29, 2011, we also entered into a support agreement (the "TNFINC Support Agreement") with TNFINC pursuant to which TNFINC has agreed, among other things, to support the Restructuring. The conditions to TNFINC's obligations under the TNFINC Support Agreement are substantially similar to those under the Lender Support Agreement except that, with respect to the ABL facility, the TNFINC Support Agreement requires, among other things, \$350 million in lending capacity and \$80 million of availability under the ABL facility.

The TNFINC Support Agreement will terminate under certain circumstances, including, but not limited to (i) upon the occurrence of a material adverse effect; (ii) certain events of bankruptcy or dissolution including an involuntary proceeding against us; or (iii) on June 1, 2011, unless certain agreements relating to contributions to our multi-employer pension funds are reached in writing, or any such agreement is terminated, amended or modified in a manner adverse to us or the participating lenders, or otherwise ceases to be in full force and effect.

CREDIT FACILITIES

We have two primary liquidity vehicles:

the Credit Agreement, and

an asset-based securitization facility (as amended, the ABS Facility), whereby we receive financing through the sale of certain of our accounts receivable.

The Credit Agreement and the ABS Facility are collectively referred to herein as the credit facilities .

Credit Agreement

On February 28, 2011 and April 29, 2011, the Company entered into amendments to the Credit Agreement relating to, among other things, the Restructuring.

Credit Agreement Amendment No. 20

On February 28, 2011, we and certain of our subsidiaries entered into Amendment No. 20 (Credit Agreement Amendment 20) to the Credit Agreement.

Table of Contents

Milestones

Pursuant to the terms of Credit Agreement Amendment 20, the Required Lenders (at least 51% of exposure as defined in the Credit Agreement), the Agent and the Steering Group Majority acknowledged that the Term Sheet satisfied setting forth the material terms of our restructuring (the AIP Condition).

In addition, Credit Agreement Amendment 20 amended certain milestones and added a milestone that are conditions to the Company continuing to defer revolver and term loan interest, letters of credit fees and commitment fees as follows:

Credit Agreement Amendment 20 extended the deadline for each document required to effectuate the restructuring of the Company and its subsidiaries contemplated by the AIP to be in final form and acceptable to the Consenting Parties (the Documentation Condition) from March 15, 2011 to April 29, 2011 (or such later date approved by the Supermajority Lenders (as defined in the Credit Agreement) but not later than December 31, 2011). Credit Agreement Amendment 20 also amended the Documentation Condition to add the following additional requirements (i) lenders representing at least 90% of exposure (as defined in the Credit Agreement) must sign an agreement supporting the Restructuring, (ii) subject to satisfaction of the Closing Condition (as defined below), TNFINC must consent to the Restructuring and waive any termination, modification similar rights under the Restructuring Plan (as defined below) such that the Restructuring Plan shall be fully binding on the parties thereto, (iii) subject to satisfaction of the Closing Condition, the Specified Pension Fund Deferral Transaction Documents (as defined in the Credit Agreement) must be amended to reflect the terms of the Restructuring and (iv) subject to satisfaction of the Closing Condition and to the extent deemed reasonably necessary, the ABS Facility (as defined below) must be amended to reflect the terms of the Restructuring. The Documentation Condition was satisfied on April 29, 2011 pursuant to Credit Agreement Amendment No 21 (as defined below).

Credit Agreement Amendment 20 extended the deadline for the Restructuring to be effectuated and closed (the Closing Condition) from May 13, 2011 to July 22, 2011 (or such later date approved by the Supermajority Lenders but not later than December 31, 2011); provided, that the Closing Condition deadline will be May 31, 2011 if the Pension Fund Amendment Condition is not satisfied on or before that date (the Restructuring Closing Date). Pension Fund Amendment Condition means that the Specified Pension Fund Deferral Transaction Documents have been amended to extend the deferral of interest and amortization payments from May 31, 2011 to July 22, 2011, subject to earlier termination if the Documentation Condition or the Closing Condition is not satisfied by the applicable required date. The Pension Fund Amendment Condition was satisfied on April 29, 2011 pursuant to CDA Amendment No. 10 (as defined below).

Credit Agreement Amendment 20 added a milestone which required the Company to obtain, by March 10, 2011, the nonbinding agreement (on terms and conditions acceptable to Company, the Agent, the Steering Group Majority and TNFINC) of the Majority Funds (at least a majority of exposure as defined in the Contribution Deferral Agreement) to the terms of the Term Sheet (subject to the conditions included in the Term Sheet as applied to the Funds (the Pension Fund Condition)). Because the Pension Fund Condition was not satisfied by the applicable required date, the Required Lenders may declare an event of default under the Credit Agreement. As a result of the Milestone Failure, we have classified our debt under the Credit Agreement as current maturities of long-term debt. We have also classified the 6% Notes and pension contribution deferral obligations as current maturities of long-term debt due to cross-default provisions within the respective lending agreements. See Part II. Item 1A Risk Factors in this report for additional information.

If the Closing Condition is not satisfied by the applicable required date, then (i) the deferral of interest and fees under the Credit Agreement will end on the fifth day (or if the fifth day is not a business day, the immediately following business day) following such failure and (ii) the Required Lenders may declare an event of default under the Credit Agreement.

Minimum Consolidated EBITDA Covenant

Credit Agreement Amendment 20 removed the minimum Consolidated EBITDA (as defined in the Credit Agreement) covenant in respect of the period ending March 31, 2011 and reset the minimum EBITDA covenant for each fiscal quarter thereafter in an amount to be agreed to by the Company, the Agent and the Required Lenders on or prior to April 29, 2011.

Annual Financial Statements

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

Credit Agreement Amendment 20 modified the affirmative covenant that requires financial statements of the Company for the fiscal year ended 2010 with an audit opinion that does not include a going concern qualification to permit an audit opinion with a going concern qualification in connection with such financial statements.

Table of Contents

Credit Agreement Amendment No. 21

On April 29, 2011, we and certain of our subsidiaries entered into Amendment No. 21 (Credit Agreement Amendment 21) to the Credit Agreement. Credit Agreement Amendment 21:

amended the Documentation Condition so that the Lender Support Agreement, the TNFINC Support Agreement and the CDA Amendment 10 (as defined below) collectively satisfied the Documentation Condition;

extended the deadline by which the Consolidated EBITDA (as defined in the Credit Agreement) covenant levels must be set by the Company, the Agent and the Required Lenders to July 22, 2011;

amended the definition of Deferral Suspension Event (as defined in the Credit Agreement) to permit payments to employee benefit pension plans (including multi-employer plans) at the times and in the amounts required by the labor agreement previously reached with the IBT; and

amended the definition of Deferral Termination Date (as defined in the Credit Agreement) to permit the reimbursement of fees and expenses pursuant to the terms of the Contribution Deferral Agreement, as amended by CDA Amendment 10.

Asset-Backed Securitization Amendment

ABS Amendment No. 22

On February 28, 2011, we, as Performance Guarantor, and the parties to the Third Amended and Restated Receivables Purchase Agreement, dated as of April 18, 2008 (as amended, the ABS Facility), entered into Amendment No. 22 to the ABS Facility (ABS Amendment 22).

Similar to the Credit Agreement Amendment 20, ABS Amendment 22 removed the minimum Consolidated EBITDA (as defined in the Credit Agreement) covenant in respect of the period ending March 31, 2011 and reset the minimum EBITDA covenant for each fiscal quarter thereafter in an amount to be agreed to by the Company, the Administrative Agent and the Required Co-Agents on or prior to April 29, 2011. The Co-Agents consented to Credit Agreement Amendment 20 and agreed to extend the deferral of interest and fees to the fifth day following July 22, 2011 (or if such fifth day is not a business day, the next succeeding business day) (as such date may be extended pursuant to the definition of Deferred Payment Termination Date below) so long as the Amortization Date (as defined in the ABS Facility) or the Deferred Payment Termination Date does not occur prior to that date. If the ABS Facility is refinanced on or before the deferred interest and fees are due, then YRRFC will not have to pay the deferred interest and fees.

ABS Amendment 22 added the Pension Fund Condition milestone that is described above. Because the Pension Fund Condition was not satisfied by the required date, \$5 million of deferred commitment fees under the ABS Facility that were due after the required date became payable on May 2, 2011. These fees were deferred until the fifth day following July 22, 2011 pursuant to ABS Amendment 23 (as defined below).

The date that deferred interest and fees are due in the event of a Deferral Suspension Event (as defined in the Credit Agreement) was also extended to the earlier of the Amortization Date (as defined in the ABS Facility) or the Deferred Payment Termination Date.

Required Co-Agents means the Administrative Agent and the Co-Agents (other than the Falcon Agent) for two of the Banks Groups (as defined in the ABS Facility).

Deferred Payment Termination Date means the earliest of the occurrence of (i) the earliest to occur of (a) the fifth day following February 28, 2011 (or if such fifth day is not a business day, the next succeeding business day) (as such date may be extended pursuant to the terms of this definition) unless the AIP Condition (as defined in the Credit Agreement) has been satisfied on or prior to February 28, 2011 (or such extended date), (b) the fifth day following April 29, 2011 (or if such fifth day is not a business day, the next succeeding business day) (as such date may be extended pursuant to the terms of this definition) unless the Documentation Condition has been satisfied in a manner acceptable to the Agents on or prior to April 29, 2011 (or such extended date) and (c) the fifth day following the Restructuring Closing Date (or if such fifth day is not a

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

business day, the next succeeding business day) (or, in the case of each of the foregoing clauses (a), (b) and (c), such later date as may be agreed to by the Required Co-Agents and YRRFC, but in no event to be later than December 31, 2011) and (ii) any Deferral Termination Event (as defined in the Credit Agreement). Pursuant to the terms of the ABS Amendment 22, the Co-Agents have acknowledged that the Term Sheet satisfied the AIP Condition. The Documentation Condition was satisfied on April 29, 2011 pursuant to ABS Amendment 23 (as defined below).

In connection with ABS Amendment 22, a covenant under the ABS Facility was modified to permit an audit opinion with respect to the Company's financial statements for the fiscal year ended 2010 to contain a going concern qualification.

Table of Contents

ABS Amendment No. 23

On April 29, 2011, we, as Performance Guarantor, and the parties to the ABS Facility, entered into Amendment No. 23 to the ABS Facility (ABS Amendment 23).

Similar to Credit Agreement Amendment 21, ABS Amendment 23 extended the deadline by which the Consolidated EBITDA (as defined in the Credit Agreement) covenant levels must be set by the Company and the Required Co-Agents (as defined in the ABS Facility) to July 22, 2011.

In connection with ABS Amendment 23, the Co-Agents consented to Credit Agreement Amendment 21, confirmed that the Documentation Condition (as defined in the Credit Agreement) had been satisfied and agreed to extend the deferral of the \$5 million commitment fee due on May 2, 2011 (as a result of not satisfying the Pension Fund Condition by the required deadline) to the fifth day following July 22, 2011 (or if such fifth day is not a business day, the next succeeding business day); provided that those amounts may become due earlier upon the occurrence of an Amortization Date (as defined in the ABS Facility) or a Deferral Termination Event (as defined in the Credit Agreement). In addition, pursuant to the terms of the ABS Amendment, if a Support Termination Event (as defined in the Lender Support Agreement) occurs under the Lender Support Agreement and any party to the Credit Agreement demands payment of any amount in the nature of fees or interest that have been deferred, suspended or otherwise not paid when due, all deferred interest and fees under the ABS Facility will become due and payable. If the ABS Facility is refinanced on or before the date the deferred interest and commitment fees are due, then we will not have to pay the deferred commitment fees.

Contribution Deferral Agreement

CDA Amendment No 8

On February 28, 2011, YRC Inc., USF Holland Inc., New Penn Motor Express Inc., USF Reddaway Inc. and each of the guarantors party thereto (each a subsidiary of the Company) Wilmington Trust Company, as agent, and Majority Funds (as defined in the Contribution Deferral Agreement) entered into Amendment No. 8 to the Contribution Deferral Agreement (CDA Amendment 8).

Pursuant to CDA Amendment 8, the Majority Funds (at least a majority of exposure as defined in the Contribution Deferral Agreement) acknowledged that the Term Sheet satisfied the AIP Condition, which acknowledgement was amended to require only the approval of the Consenting Parties to the Term Sheet.

In addition, CDA Amendment 8 amended certain milestones under the Contribution Deferral Agreement that are a condition to the continued deferral of Monthly Amortization Payments and Monthly Interest Payments (each as defined in the Contribution Deferral Agreement). Such amendments resulted in the milestones under the Contribution Deferral Agreement being conformed to the Documentation Condition and the Closing Condition definitions and deadlines in Credit Agreement, as described above, except that (i) the Documentation Condition did not require further documentation in respect of the ABS Facility and (ii) the Majority Funds must agree to any extension of the deadline applicable to the Documentation Condition or the Closing Condition. The Documentation Condition was satisfied on April 29, 2011 pursuant to CDA Amendment 9 (as defined below).

If the Closing Condition is not satisfied by the applicable required date, then the Majority Funds may accelerate the due date of the Monthly Amortization Payments and Monthly Interest Payments at any time on or after the fifth day (or if the fifth day is not a business day, the immediately following business day) following such failure.

CDA Amendment No 9

On April 29, 2011, YRC Inc., USF Holland Inc., New Penn Motor Express Inc., USF Reddaway Inc. and each of the guarantors party thereto (each a subsidiary of the Company), Wilmington Trust Company, as agent, and Majority Funds entered into Amendment No. 9 to the Contribution Deferral Agreement (CDA Amendment 9).

Pursuant to CDA Amendment 9, the Documentation Condition in connection with the Restructuring was amended so that (i) an amendment to the Contribution Deferral Agreement in respect of the Restructuring, signed by all of the funds party to the Contribution Deferral Agreement, (ii) an agreement to support the Restructuring with respect to the Credit Agreement, signed by at least 90% of the lenders party thereto, and (iii) the TNFINC Support Agreement collectively satisfied the Documentation Condition.

CDA Amendment No. 10

On April 29, 2011, YRC Inc., USF Holland Inc., New Penn Motor Express Inc., USF Reddaway Inc. and each of the guarantors party thereto (each a subsidiary of the Company), the pension funds party to the Contribution Deferral Agreement and Wilmington Trust Company, as agent, entered into Amendment No. 10 to the Contribution Deferral Agreement (CDA Amendment 10).

As of the date of CDA Amendment 10, the Supermajority Funds (as defined in the Contribution Deferral Agreement) approved the extension of the termination date of the deferral of monthly amortization payments and monthly interest payments to July 22, 2011 (or such later date as may be agreed by the Supermajority Funds), and, with all Funds (as defined in the Contribution Deferral Agreement) approval, effective upon satisfaction of the conditions precedent therein, including closing of the Exchange Offer, the Contribution Deferral Agreement, including schedules and exhibits thereto, will be amended and restated to effect changes to certain provisions in connection with the Restructuring.

IBT Agreement

On February 28, 2011, TNFINC, YRC Inc., USF Holland Inc. and New Penn Motor Express Inc. entered into a Certification and Second Amendment to TNFINC Term Sheet (the Second IBT Amendment) to extend (i) the Documentation Deadline to April 29, 2011 and (ii) the Closing Deadline to July 22, 2011 (or, in the case of each of the foregoing clauses (i) and (ii), such later date as TNFINC may agree in its sole discretion) (the Extension Period). Unless TNFINC otherwise agrees, the Extension Period and the wage, work rule and benefit concessions set forth in the Restructuring Plan will terminate upon the occurrence of the events contained in the Second IBT Amendment. In addition, the extensions would terminate (i) April 29, 2011 in the event that the Company fails to enter into definitive documentation that is acceptable to TNFINC (in its sole discretion), or (ii) July 22, 2011 in the event that the Restructuring is not consummated, unless such dates are extended by TNFINC in its sole discretion at such time.

On April 29, 2011, we entered into the TNFINC Support Agreement, as described above, in which TNFINC acknowledged that the Company had satisfied the Documentation Condition.

6% Notes

The 6% Notes indenture provides that the maximum number of shares of our common stock that can be issued in respect of the 6% Notes upon conversion or with respect to the payment of interest or in connection with the make whole premium or otherwise shall be limited to 8,075,200 shares of common stock for \$70 million in aggregate principal amount of the 6% Notes, subject to certain adjustments. If the limit is reached, no holder is entitled to any other consideration on account of shares not issued. This limitation terminates if the holders of our common stock approve the termination of this limitation. As of May 10, 2011, a maximum of 5,284,781 shares of the Company's common stock would be available for future issuances in respect of the 6% Notes. Such limitation on the number of shares of common stock issuable in respect of the 6% Notes applies on a pro rata basis to the approximately \$69.4 million in aggregate principal amount of outstanding 6% Notes.

Risks and Uncertainties Regarding Future Liquidity

In light of our recent operating results, we have satisfied our short term liquidity needs through a combination of borrowings under our credit facilities, retained proceeds from asset sales, sale/leaseback financing transactions, issuances of our common stock and 6% Notes and an income tax refund from the IRS. In an effort to further manage liquidity, we have also instituted the deferral of principal and interest payments under the Contribution Deferral Agreement, certain interest and fees due under our Credit Agreement and ABS Facility, and we have received the benefit of wage reductions and other concessions from the modified NMFA (including prior modifications to the NMFA) including continued temporary cessation of pension contributions to multi-employer pension funds. Throughout 2010 we reviewed and into 2011 we continue to review the strategic and financing alternatives available to us and retained legal and financial advisors to assist us in this regard.

As described above, on February 28, 2011, we and the other Consenting Parties reached a non-binding agreement in principle in the form of the Term Sheet. On April 29, 2011, we entered into the Lender Support Agreement under which participating lenders holding more than 95% of the principal amount of outstanding credit agreement claims agreed to support the Restructuring as described above under the caption The Restructuring. On April 29, 2011, we also entered into the TNFINC Support Agreement whereby TNFINC agreed to support the Restructuring. The Restructuring is intended to improve our balance sheet and our liquidity with which to operate and grow our business and to position us to achieve long-term success for the benefit of our customers, employees, creditors and stockholders.

A Milestone Failure has occurred because the Pension Fund Condition, which required we obtain, by March 10, 2011, the nonbinding agreement (on terms and conditions acceptable to Company, the Agent, the Steering Group Majority and TNFINC) of the Majority

Table of Contents

Funds (at least a majority of exposure as defined in the Contribution Deferral Agreement) to the terms of the Term Sheet (subject to the conditions included in the Term Sheet as applied to the Funds) was not satisfied by the required date, and, as a result, the Required Lenders have the right, but not the obligation, to declare an event of default under the Credit Agreement. The Required Lenders have not indicated that they intend to declare an event of default under the Credit Agreement, and we worked with the parties to satisfy the Documentation Condition as of April 29, 2011. Neither the Agent nor the Required Lenders have waived the Milestone Failure. We cannot provide any assurance that the Required Lenders will not declare an event of default under the Credit Agreement. If the Required Lenders declare an event of default under the Credit Agreement, we anticipate that we would seek protection under the Bankruptcy Code. As a result of the Milestone Failure, we have classified our debt under the Credit Agreement as current maturities of long-term debt. We have also classified the 6% Notes and pension contribution deferral obligations as current maturities of long-term debt due to cross-default provisions within the respective lending agreements. See Part II. Item 1A Risk Factors in this report for additional information.

In addition to the Pension Fund Condition, other significant milestones and conditions for our Restructuring and the continuation of deferrals (through completion of the Restructuring) under the Credit Agreement, ABS Facility and Contribution Deferral Agreement and the continuation of cost savings under our labor agreements include, but are not limited to the Closing Condition, the deadline for the Restructuring to be effectuated and closed by July 22, 2011 (or such later date approved by the Supermajority Lenders, Required Co-Agents, Majority Funds and TNFINC but not later than December 31, 2011). The obligations of the Company and the participating lenders to complete the Restructuring are subject to significant milestones and conditions as set forth above under the caption The Restructuring Obligations of Company and Participating Lenders to Complete the Exchange Offer. The Lender Support Agreement and the TNFINC Support Agreement are subject to termination as described above under The Restructuring Termination of the Lender Support Agreement and The Restructuring TNFINC Support Agreement, respectively.

To continue to have sufficient liquidity to meet our cash flow requirements prior to completion of the Restructuring and through the remainder of 2011:

we must implement our proposed Restructuring within the milestone conditions as set forth in the Lender Support Agreement, the TNFINC Support Agreement and under our Credit Agreement, ABS Facility, Contribution Deferral Agreement and Second IBT Amendment;

our operating results, pricing and shipping volumes must continue to improve;

we must continue to have access to our credit facilities;

we must continue to defer payment of, in each case through the completion of the Restructuring and thereafter pursuant to the final terms of the Restructuring, as applicable:

interest and fees to our lenders under the Credit Agreement

interest and facility fees to purchasers of our accounts receivable pursuant to the ABS Facility

interest and principal to our pension funds pursuant to the Contribution Deferral Agreement;

the cost savings under our labor agreements, including wage reductions, temporary cessation of multi-employer pension fund contributions and savings due to work rule changes, must continue;

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

the multi-employer pension funds must allow the Company's subsidiaries to re-enter the plans at the reduced contribution rate pursuant to the terms of the IBT Agreement or enter into alternative arrangements pursuant to the terms of the Lender Support Agreement;

we must complete real estate sale transactions currently under contract as anticipated; and

we must continue to implement and realize substantial cost savings measures to match our costs with business levels and to continue to become more efficient.

Some or all of these factors are beyond our control and as such we anticipate that we will continue to face risks and uncertainties regarding our short and medium-term liquidity. We cannot provide you with any assurances that the conditions contained in the definitive agreements supporting the Restructuring will be satisfied or that the Restructuring can be completed in the timeframes required under our various agreements with our stakeholders. We cannot provide you with any assurances that any restructuring can be completed out-of-court or whether we will be required to implement the Restructuring under the supervision of a bankruptcy court, in which event, the Company cannot provide you with any assurances that the terms of any such restructuring will not be substantially and materially different from the Term Sheet or any description of the Restructuring in this Quarterly Report on Form 10-Q or that an effort to implement an in-court restructuring would be successful.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The uncertainty regarding the Company's ability to generate sufficient cash flows and liquidity to fund operations raises substantial doubt about the Company's ability to continue as a going concern (which contemplates the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future). Our financial statements do not include any adjustments that might result from the outcome of this uncertainty. If we are unable to fund our operations through operating cash flows, existing credit facilities,

Table of Contents

sales of non-strategic assets and business lines and other capital market transactions, we would consider in court and out of court restructuring alternatives.

We expect to continue to monitor our liquidity carefully, work to reduce this uncertainty and address our cash needs through a combination of one or more of the following actions:

we continue to, and expect to implement further cost actions and efficiency improvements;

we will continue to aggressively seek additional and return business from customers;

we will continue to attempt to reduce our collateral requirements related to our insurance programs;

if appropriate, we may sell additional equity or pursue other capital market transactions;

we may consider selling non-strategic assets or business lines; and

we expect to carefully manage receipts and disbursements, including amounts and timing, focusing on reducing days sales outstanding and managing days payables outstanding.

We have substantial debt and, as a result, significant debt service obligations. As of March 31, 2011, we had approximately \$1.1 billion of secured indebtedness outstanding. We are deferring payment of (i) interest and fees to our lenders under the Credit Agreement, (ii) interest and facility fees to purchasers of our accounts receivable pursuant to the ABS Facility, and (iii) interest and principal to the multi-employer pension funds pursuant to the Contribution Deferral Agreement, and we are receiving the benefit of wage reductions and other concessions from the modified NMFA including continued temporary cessation of pension contributions to the multi-employer pension funds. As of March 31, 2011, the amounts deferred under the Credit Agreement, the ABS Facility and the Contribution Deferral Agreement were approximately \$146.3 million, \$20.9 million and \$68.6 million respectively. As of March 31, 2011, the amount of benefit of the wage reductions and other concessions realized under the modified NMFA (including prior modifications to the NMFA) was approximately \$1.1 billion. In the event the conditions and cross-conditions under the Credit Agreement, the ABS Facility, the Contribution Deferral Agreement and the modified NMFA are not satisfied, and the Restructuring is not completed, the amounts deferred and the benefits realized under such agreements could become payable or reimbursable, as applicable. If we do not complete the Restructuring, is very unlikely we will be able to generate cash sufficient to pay the principal of, interest on and other amounts due in respect of our indebtedness and other obligations when due. In such an event, we would likely be required to reorganize under Chapter 11 or liquidate under Chapter 7 of the Bankruptcy Code.

Additional risks regarding our liquidity in 2011 if our current deferral arrangements are not extended beyond their current expected expiration dates are described in Part I. Item 1A Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2010.

Important Information about the Restructuring

This Quarterly Report on Form 10-Q and the description of the potential restructuring set forth herein do not constitute an offer to sell or buy, nor the solicitation of an offer to sell or buy, any of the securities referred to herein and shall not constitute an offer, solicitation or sale in any jurisdiction in which such offering, solicitation or sale would be unlawful. Any offer and sale of the securities referred to herein has not been registered under the Securities Act of 1933, as amended, and, unless so registered, may not be offered or sold in the United States absent an applicable exemption from registration requirements.

Forward-Looking Statements in Liquidity

Our beliefs regarding liquidity sufficiency are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21 of the Securities Exchange Act of 1934, as amended. Forward-looking statements are indicated by words such as

Edgar Filing: YRC Worldwide Inc. - Form 10-Q

should, could, may, expect, believe, estimate and other similar words. Our actual liquidity may differ from our projected liquidity based on a number of factors, including those listed in Risks and Uncertainties regarding Future Liquidity .

Net Share Settled Contingent Convertible Notes

The balance sheet classification of our net share settled contingent convertible notes between short-term and long-term is dependent upon certain conversion triggers, as defined in the applicable indentures. The contingent convertible notes include a provision whereby the note holder can require immediate conversion of the notes if, among other reasons, the credit rating on the net share settled contingent convertible notes assigned by Moody's is lower than B2. At December 31, 2010 and December 31, 2009, the conversion trigger was met, and accordingly, the net share settled contingent convertible notes have been classified as a short-term liability in the accompanying consolidated balance sheets. Based upon this particular conversion right and based upon an assumed market price of our stock of \$1.25 per share, our aggregate obligation for full satisfaction of the \$1.9 million par value of contingent convertible notes would require cash payments of a nominal amount.

Table of Contents*Cash Flow Measurements*

We use free cash flow as a measurement to determine the cash flow available to fund strategic capital allocation alternatives and nondiscretionary expenditures including debt service requirements. Free cash flow indicates cash available to fund additional capital expenditures, to reduce outstanding debt (including current maturities) or to invest in our growth strategies. This measurement is used for internal management purposes and should not be construed as a better measurement than net cash from operating activities as defined by generally accepted accounting principles.

The following table illustrates our calculation for determining free cash flow for the three months ended March 31:

(in millions)	2011	2010
Net cash provided by (used in) operating activities	\$ (46.3)	\$ 18.3
Acquisition of property and equipment	(10.1)	(3.7)
Proceeds from disposal of property and equipment	11.6	7.6
Free cash flow (deficit)	\$ (44.8)	\$ 22.2

Operating cash flows decreased \$64.6 million during the three months ended March 31, 2011 versus the same period in 2010. The decrease in cash from operations was largely due to the receipt of a \$10.6 million income tax refund in 2011 compared to \$82.4 million received in February 2010. Additionally, an increase in business volumes at the end of the first quarter of 2011 contributed to an increase in accounts receivable and accounts payable from 2010 to 2011 of \$55.4 million and \$19.0 million, respectively. Operating cash flows provided by our discontinued operations were \$2.2 million for the three months ended March 31, 2010 with no comparable amount in 2011.

Net property and equipment additions were \$2.4 million lower in 2011 versus 2010 and reflect our continued focus on managing overall capital expenditures until we have completed the restructuring.

Net cash provided by financing activities was \$58.6 million in 2011 versus \$10.3 million in 2010. During the three months ended March 31, 2011, we increased our net borrowings under our ABS facility by \$24.4 million and our Credit Agreement by \$30.1 million and paid debt issuance costs of \$3.5 million.

Table of Contents**Contractual Obligations and Other Commercial Commitments**

The following tables provide aggregated information regarding our contractual obligations and commercial commitments as of March 31, 2011.

Contractual Cash Obligation

(in millions)	Payments Due by Period				Total
	Less than 1 year	1-3 years	3-5 years	After 5 years

Capital expenditures	31.4				31.4
Total contractual obligations	\$ 1,333.3	\$ 301.9	\$ 186.0	\$ 362.9	\$ 2,184.1

(a) Total liabilities for unrecognized tax benefits as of March 31, 2011, were \$44.0 million and are classified on the Company's consolidated balance sheet within Other Current and Accrued Liabilities.

(b) The \$20.9 million of deferred interest and fees for the ABS Facility includes \$15.0 million of deferred commitment fees.

(c) Long-term debt maturities are reflected as current due to the March 10, 2011 Milestone Failure. As a result of this Milestone Failure, the Required Lenders have the right, but not the obligation, to declare an event of default under the Credit Agreement. Accordingly we have classified our debt under the Credit Agreement as current maturities of long-term debt. We have also classified the 6% Notes and the pension contribution deferral obligations as current maturities of long-term debt due to cross-default provisions within the respective lending agreements.

(d) The \$403.2 million of lease financing obligation payments represent interest payments of \$318.3 million and principal payments of \$84.9 million.

Other Commercial Commitments

The following table reflects other commercial commitments or potential cash outflows that may result from a contingent event, such as a need to borrow short-term funds due to insufficient free cash flow.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are primarily exposed to the market risk associated with unfavorable movements in interest rates, foreign currencies, and fuel price volatility. The risk inherent in our market risk sensitive instruments and positions is the potential loss or increased expense arising from adverse changes in those factors. There have been no material changes to our market risk policies or our market risk sensitive instruments and positions as described in our annual report on Form 10-K for the year ended December 31, 2010.

Item 4. Controls and Procedures

We maintain a set of disclosure controls and procedures designed to ensure that information required to be disclosed in our filings under the Securities Exchange Act of 1934, as amended (the Exchange Act), is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Our principal executive and financial officers evaluated our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) or 15d-15(e)) and concluded that our disclosure controls and procedures were effective as of March 31, 2011.

There were no changes in our internal control over financial reporting that occurred during the fiscal quarter ended March 31, 2011 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

We discuss legal proceedings in the Commitments, Contingencies and Uncertainties note to our consolidated financial statements.

Item 1A. Risk Factors

We may not be successful in completing the proposed restructuring or we may be required to implement a restructuring under the supervision of a bankruptcy court.

The Restructuring will be subject to a number of significant conditions, including, among other things, the satisfaction or waiver of the conditions contained in the definitive agreements related to the Restructuring and the lack of unexpected or adverse litigation results. The agreement of the participating lenders and of TNFINC in the Lender Support Agreement and in the TNFINC Support Agreement, respectively, to support the Restructuring is also subject to the satisfaction or waiver of important conditions. We cannot provide you with any assurances that the conditions contained in the definitive agreements related to the Restructuring, the Lender Support Agreement or the TNFINC Support Agreement will be satisfied or waived. The Restructuring is also subject to significant milestone completion conditions, including the Pension Fund Condition and the Closing Condition in our agreements with our stakeholders. The Pension Fund Condition was not satisfied by its required date. As a result, a Milestone Failure has occurred and the Required Lenders have the right, but not the obligation, to declare an event of default under the Credit Agreement. We cannot provide any assurance that the Required Lenders will not declare an event of default under the Credit Agreement. Such a declaration would permit the lenders to terminate their commitments and allow the lenders or Agent to accelerate the repayment of amounts outstanding under the Credit Agreement, including deferred fees and interest. Such a declaration would also cause events of default or termination of our agreements to defer interest and other fees under our ABS Facility and Contribution Deferral Agreement and potentially cause cross default conditions in other debt, lease and other arrangements, as well as give the IBT the right to terminate its concessions under the modified NMFA. If the Required Lenders declare an event of default under the Credit Agreement, we anticipate that we would seek protection under the U.S. Bankruptcy Code. We cannot provide you with any assurances that the Restructuring can be completed out-of-court or whether we will be required to implement a restructuring under the supervision of a bankruptcy court, in which event, we cannot provide you with any assurances that the terms of any such restructuring will not be substantially and materially different from any description in this Quarterly Report on Form 10-Q or that an effort to implement an in-court restructuring would be successful.
