PROXY STATEMENT

ANNUAL MEETING APRIL 23, 2012

This proxy statement is being furnished to the shareholders of Genuine Parts Company in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Company's 2012 Annual Meeting of Shareholders to be held on Monday, April 23, 2012, at 10:00 a.m. local time and at any reconvened meeting following any adjournment thereof. The Annual Meeting will be held at the Company's headquarters, 2999 Circle 75 Parkway, Atlanta, Georgia.

This proxy statement and the accompanying proxy card are first being mailed to shareholders and made available on our website on or about February 27, 2012. The Company's 2011 annual report to the shareholders, including consolidated financial statements for the year ended December 31, 2011, is enclosed.

VOTING

Shareholders of record can simplify their voting and reduce the Company's costs by voting their shares via telephone or the Internet. Instructions for voting via telephone or the Internet are set forth on the enclosed proxy card. The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. These procedures enable shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. If your shares are held in the name of a bank or broker (in street name), the availability of telephone and Internet voting will depend on the voting processes of the applicable bank or broker; therefore, it is recommended that you follow the voting instructions on the form you receive from your bank or broker. If you do not choose to vote by telephone or the Internet, please mark your choices on the enclosed proxy card and then date, sign and return the proxy card at your earliest opportunity.

All proxies properly voted by telephone or the Internet and all properly executed written proxy cards that are delivered to the Company (and not later revoked) will be voted in accordance with instructions given in the proxy. When voting on the election of directors, you may (1) vote FOR all nominees listed in this proxy statement, (2) WITHHOLD AUTHORITY to vote for all nominees, or (3) WITHHOLD AUTHORITY to vote for one or more nominees but vote FOR the other nominees. When voting on the approval of the Company's executive compensation program and the ratification of the selection of independent auditors, you may vote FOR or AGAINST the proposal or you may ABSTAIN from voting.

If a signed proxy card is received which does not specify a vote or an abstention, the shares represented by that proxy card will be voted FOR all nominees to the Board of Directors listed in this proxy statement, FOR the proposal to approve the Company's executive compensation program, and FOR the ratification of the selection of independent auditors for the fiscal year ending December 31, 2012. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this proxy statement and the accompanying Notice of 2012 Annual Meeting of Shareholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy card gives discretionary authority to the persons named as proxies to vote the shares represented thereby in their discretion.

If you hold your shares in street name and you do not instruct your bank or brokerage firm how to vote your shares at least ten days before the date of the Annual Meeting, your bank or brokerage firm cannot vote your shares (referred to as broker non-votes) without instructions from you on the following proposals: Proposal 1 Election of Directors, or Proposal 2 Advisory Vote on Executive Compensation, and such shares will be considered broker non-votes and will not affect the outcome of these votes. However, your bank or brokerage firm may vote your shares in its discretion on Proposal 3 Ratification of Selection of Independent Auditors.

A shareholder of record who submits a proxy pursuant to this solicitation may revoke it at any time prior to its exercise at the Annual Meeting. Such revocation may be by delivery of written notice to the Corporate Secretary of the Company at the Company's address shown above, by delivery of a proxy bearing a later date

Table of Contents

(including a later vote by telephone or the Internet), or by voting in person at the Annual Meeting. Street name holders may revoke their proxies prior to the Annual Meeting by following the procedures specified by their bank or brokerage firm.

Only holders of record of the Company's Common Stock at the close of business on the record date for the Annual Meeting, which is February 16, 2012, are entitled to vote at the Annual Meeting. Persons who hold shares of Common Stock in street name as of the record date may vote at the Annual Meeting only if they hold a valid proxy from their bank or brokerage firm. At the close of business on February 16, 2012, the Company had outstanding and entitled to vote at the Annual Meeting 155,772,475 shares of Common Stock.

On each proposal presented for a vote at the Annual Meeting, each shareholder is entitled to one vote per share of Common Stock held as of the record date. A quorum for the purposes of all matters to be voted on shall consist of shareholders representing, in person or by proxy, a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting. Shares represented at the Annual Meeting that are abstained or withheld from voting and broker non-votes will be considered present for purposes of determining a quorum at the Annual Meeting. If less than a majority of the outstanding shares of Common Stock are represented at the Annual Meeting, a majority of the shares so represented may adjourn the Annual Meeting to another date, time or place.

The vote required for (1) the election of directors, (2) the advisory vote on executive compensation, and (3) the ratification of the selection of independent auditors is the affirmative vote of a majority of the shares of Common Stock outstanding and entitled to vote which are represented at the Annual Meeting. Because votes withheld and abstentions will be considered as present and entitled to vote at the Annual Meeting but will not be voted for these proposals, they will have the same effect as votes against these proposals.

Although the advisory vote on executive compensation is non-binding as provided by law, the Company's Board of Directors will review the results of the vote and take it into account in making future determinations concerning executive compensation.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors of the Company currently consists of twelve directorships. The Compensation, Nominating and Governance Committee has recommended all twelve of the current Board members for re-election, and has recommended an additional nominee, Mr. Paul D. Donahue, increasing the number of directors to thirteen as of the date of the Annual Meeting. The Board of Directors has approved the recommendation of its Compensation, Nominating and Governance Committee and has nominated the thirteen nominees named below to serve as directors until the 2013 Annual Meeting and the election and qualification of their successors.

In the event that any nominee is unable to serve (which is not anticipated), the Board of Directors may:

designate a substitute nominee, in which case the persons designated as proxies will cast votes for the election of such substitute nominee;

allow the vacancy to remain open until a suitable candidate is located and nominated; or

adopt a resolution to decrease the authorized number of directorships.

If any incumbent director nominee in an uncontested election should fail to receive the required affirmative vote of the holders of a majority of the shares entitled to vote which are represented at the Annual Meeting, under Georgia law, the director remains in office as a holdover director until his or her successor is elected and qualified or until his or her earlier resignation, retirement, disqualification, removal from office or death. In the event of a holdover director, the Board of Directors in its discretion may request the director to resign from the Board. If the director resigns, the Board of Directors may:

immediately fill the resulting vacancy;

allow the vacancy to remain open until a suitable candidate is located and appointed; or

adopt a resolution to decrease the authorized number of directorships.

CORPORATE GOVERNANCE**Independent Directors**

The Company's Common Stock is listed on the New York Stock Exchange. The NYSE requires that a majority of the directors, and all of the members of certain committees of the board of directors be independent directors, as defined in the NYSE corporate governance standards. Generally, a director does not qualify as an independent director if the director (or in some cases, members of the director's immediate family) has, or in the past three years has had, certain material relationships or affiliations with the Company, its external or internal auditors, or other companies that do business with the Company. The Board has affirmatively determined that nine of the Company's thirteen current and proposed directors have no other direct or indirect relationships with the Company and therefore are independent directors on the basis of the NYSE corporate governance standards and an analysis of all facts specific to each director. The independent directors are Mary B. Bullock, George C.

Jack Guynn, John R. Holder, John D. Johns, Michael M. E. Johns, M.D., J. Hicks Lanier, Robert C. Robin Loudermilk, Wendy B. Needham and Gary W. Rollins.

Table of Contents

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that give effect to the NYSE's requirements related to corporate governance and various other corporate governance matters. The Company's Corporate Governance Guidelines, as well as the charters of the Compensation, Nominating and Governance Committee and the Audit Committee, are available on the Company's website at www.genpt.com.

Non-Management Director Meetings and Presiding Independent Director

Pursuant to the Company's Corporate Governance Guidelines, the Company's non-management directors meet separately from the other directors in regularly scheduled executive sessions at least annually and at such other times as may be scheduled by the Chairman of the Board or by the presiding independent director or as may be requested by any non-management director.

The independent directors serving on the Company's Board of Directors have appointed J. Hicks Lanier to serve as the Board's presiding independent director. As the presiding independent director, Mr. Lanier presides at all meetings of non-management and independent directors and serves as a liaison between the Chief Executive Officer and the non-management and independent directors. During 2011, the independent directors held four meetings without management. Mr. Lanier presided over all of these meetings.

Board Leadership Structure

As is common practice among public companies in the United States, the Board has appointed the Company's Chief Executive Officer to serve as Chairman of the Board. In his position as CEO, Mr. Gallagher has primary responsibility for the day-to-day operations of the Company and provides consistent leadership on the Company's key strategic objectives. In his role as Chairman of the Board, he sets the strategic priorities for the Board (with input from the presiding independent director), presides over its meetings and communicates its strategic findings and guidance to management. The Board believes that the combination of these two roles provides more consistent communication and coordination throughout the organization, which results in a more effective and efficient implementation of corporate strategy and is important in unifying the Company's strategy behind a single vision. In addition, we have found that our CEO is the most knowledgeable member of the Board regarding risks the Company may be facing and, in his role as Chairman, is able to facilitate the Board's oversight of such risks.

As noted earlier, the independent directors have appointed a presiding independent director, which provides balance to the Board's structure. With a supermajority of independent directors, an Audit Committee and a Compensation, Nominating and Governance Committee each comprised entirely of independent directors, and a presiding independent director to oversee all meetings of the non-management directors, the Company's Board of Directors is comfortable that its existing leadership structure provides for an appropriate balance that best serves the Company and its shareholders. The Board of Directors periodically reviews its leadership structure to ensure that it remains the optimal structure for our Company and our shareholders.

Director Nominating Process

Shareholders may recommend a director nominee by writing to the Corporate Secretary specifying the nominee's name and the other required information set forth in the Company's Corporate Governance Guidelines, which are available on the Company's website at www.genpt.com. All recommendations should include the written consent of the nominee to be nominated for election to the Company's Board of Directors. To be considered, recommendations must be received by the Company at least 120 calendar days prior to the date of the Company's proxy statement for the prior year's Annual Meeting of Shareholders and include all required information to be considered. In the case of the 2013 Annual Meeting of Shareholders, this deadline is October 30, 2012. All recommendations will be brought to the attention of the Compensation, Nominating and Governance Committee.

The Company's Board of Directors has established the following process for the identification and selection of candidates for director. The Compensation, Nominating and Governance Committee, in consultation with the Chairman of the Board, annually reviews the appropriate experience, skills and characteristics required of Board members in the context of the current membership of the Board to determine whether the Board would better be

Table of Contents

enhanced by the addition of one or more directors. This review includes, among other relevant factors in the context of the perceived needs of the Board at that time, issues of experience, reputation, judgment, diversity and skills. With regard to diversity, the Board and the Compensation, Nominating and Governance Committee believe that sound governance of the Company in an increasingly complex international marketplace requires a wide range of viewpoints. As a result, although the Board does not have a formal policy regarding Board diversity, the Board and the Committee believe that the Board should be comprised of a well-balanced group of individuals with diverse backgrounds, educations, experiences and skills that contribute to board diversity, and the Compensation, Nominating and Governance Committee considers such factors when reviewing potential candidates.

If the Compensation, Nominating and Governance Committee determines that adding a new director is advisable, the Committee initiates a search, working with other directors, management and, if it deems appropriate or necessary, a search firm retained to assist in the search. The Compensation, Nominating and Governance Committee considers all appropriate candidates proposed by management, directors and shareholders. Information regarding potential candidates is presented to the Compensation, Nominating and Governance Committee, and the Committee evaluates the candidates based on the needs of the Board at that time. Potential candidates are evaluated according to the same criteria, regardless of whether the candidate was recommended by shareholders, the Compensation, Nominating and Governance Committee, another director, Company management, a search firm or another third party. The Compensation, Nominating and Governance Committee then submits any recommended candidate(s) to the full Board of Directors for approval and recommendation to the shareholders.

The Company's Board of Directors is comprised of individuals with diverse experience at policy-making levels in a variety of businesses, as well as in education and non-profit organizations in areas that are relevant to the Company's activities. Each director was nominated on the basis of the unique experience, qualifications, attributes and skills that he or she brings to the Board, as well as how those factors blend with those of the others on the Board as a whole. On an individual basis:

Dr. Bullock brings to the Board her extensive experience with work force issues and strategic planning gained during her tenure as president of an independent national liberal arts college for women.

Mr. Donahue has nine years of successful operating and management experience with the Company, which has included extensive involvement with numerous operating divisions within the Company. Prior to joining the Company, Mr. Donahue spent 24 years with a public office supply company and while there, he successfully held a number of sales, marketing, operations and executive positions. Mr. Donahue's proven leadership, experience and success have contributed to the success of the Company and will be beneficial to our Board.

Mr. Douville brings both management and industry experience as a former CEO and current Chairman of UAP/NAPA Canada, our Canadian subsidiary. In addition, as the chairman of a major Canadian bank, he is able to share his insights into international and other macro-economic trends.

Mr. Gallagher has 41 years of operating experience with the Company and brings insight into all aspects of our business due to both his current role and his history with the Company. Mr. Gallagher's leadership, together with the skills and knowledge of the industry and the Company gained in his tenure here, has been instrumental in the growth and success of the Company. Mr. Gallagher also brings extensive experience as a director of other NYSE-listed companies.

Mr. Guynn's prior role as President and CEO of the Federal Reserve Bank of Atlanta provides the Board with information and insight into areas of government relations and regulatory issues. In addition, Mr. Guynn's financial and accounting experience with the Federal Reserve, as well as his experience as a member of the audit committees of other public company boards, is a great asset to the Audit Committee.

Mr. Holder brings to the Board his strategic leadership in the growth of Holder Properties, which has been involved in the development of over 10 million square feet of real estate totaling in excess of \$1.5 billion, as well as his extensive involvement in the areas of financial and marketing management. His service as the Chairman and CEO of Holder Properties, together with various board

Edgar Filing: GENUINE PARTS CO - Form DEF 14A

affiliations which include civic organizations, has given him leadership experience, business acumen and financial literacy beneficial to our Board.

Table of Contents

Mr. Johns brings experience in running every aspect of a public company, including his current position as the Chairman, CEO and President of a public company and previous experience as a COO, CFO and General Counsel of NYSE-listed public companies. Mr. Johns also has experience as a director of other public company boards.

Dr. Johns has served in numerous senior leadership positions at some of the nation's most prestigious academic institutions, hospitals and health care organizations. His involvement in strategic planning and management at these diverse organizations adds a unique perspective to the Board. Dr. Johns also brings experience as a director of other public company boards.

Mr. Lanier has served as CEO of an NYSE-listed public company since 1981 and has served on the boards of 6 publicly traded companies over the last 30 years. Mr. Lanier's long and varied business career, including service as Chairman and CEO of a large, publicly-traded company, well qualify him to serve on the Company's Board.

Mr. Loudermilk has over 25 years of experience working with a public company in various positions and over 10 years as an experienced senior executive. Mr. Loudermilk's operational, financial and management expertise and expansive knowledge of a similar line of business are a significant contribution to the Board.

Ms. Needham offers extensive knowledge and understanding of the U.S. and international auto industries as a former managing director of global automotive research at a world-wide financial services company. Throughout her career she has analyzed the financial performance and strategies of public companies in the global auto industry and brings this experience to bear as the Chair of the Company's Audit Committee.

Mr. Nix has served in key financial positions within the Company over the past 20 years and as the Company's CFO for the last 12 years, providing him with extensive knowledge of the Company's business and financial position. He also oversees the Company's legal, human resources, logistics, construction, real estate and technology functions. With this knowledge and experience, Mr. Nix provides the Board with essential information that enables a better understanding of the business and financial risks facing the Company.

Mr. Rollins offers experience as the CEO of a publicly traded NYSE-listed company, as well as specific expertise in the service industry. Mr. Rollins also brings extensive experience as a director of other NYSE-listed companies.

Communications with the Board

The Company's Corporate Governance Guidelines provide for a process by which shareholders or other interested parties may communicate with the Board, a Board committee, the presiding independent director, the non-management directors as a group, or individual directors. Shareholders or other interested parties who wish to communicate with the Board, a Board committee or any such other individual director or directors may do so by sending written communications addressed to the Board of Directors, a Board committee or such individual director or directors, c/o Corporate Secretary, Genuine Parts Company, 2999 Circle 75 Parkway, Atlanta, Georgia 30339. This information is also available on the Company's website at www.genpt.com. All communications will be compiled by the Secretary of the Company and forwarded to the members of the Board to whom the communication is directed or, if the communication is not directed to any particular member(s) of the Board, the communication shall be forwarded to all members of the Board of Directors.

Annual Performance Evaluations

The Company's Corporate Governance Guidelines provide that the Board of Directors shall conduct an annual evaluation to determine, among other matters, whether the Board and the Committees are functioning effectively. The Audit Committee and the Compensation, Nominating and Governance Committee are also required to each conduct an annual self-evaluation. The Compensation, Nominating and Governance Committee is responsible for overseeing this self-evaluation process. The Board, Audit Committee and Compensation, Nominating and Governance Committee each conducted an annual self-evaluation process during 2011.

Board Oversight of Risk

The Company's Board of Directors recognizes that, although risk management is primarily the responsibility of the Company's management team, the Board plays a critical role in the oversight of risk. The Board believes that an important part of its responsibilities is to assess the major risks the Company faces and review the Company's options for monitoring and controlling these risks. The Board assumes responsibility for the Company's overall risk assessment.

The Board as a whole examines specific business risks in its regular reviews of the individual business units and also on a Company-wide basis as part of its regular strategic reviews. In addition to periodic reports from two committees (discussed below) about risks, the Board receives presentations throughout the year from various business units that include discussion of significant risks specific to their business unit as necessary. Periodically, at Board meetings, management discusses matters of particular importance or concern, including any significant areas of risk requiring Board attention.

The Audit Committee has specific responsibility for oversight of risks associated with financial accounting and audits, as well as internal control over financial reporting. This includes the Company's risk assessment and management policies, the Company's major financial risk exposure and the steps taken by management to monitor and mitigate such exposure.

The Compensation, Nominating and Governance Committee oversees the risks relating to the Company's compensation policies and practices as well as management development and leadership succession in the Company's various business units.

The Compensation, Nominating and Governance Committee annually reviews with management the design and operation of the Company's incentive compensation arrangements for all managers, including executive officers, for the purpose of determining whether such programs might encourage inappropriate risk-taking that could have a material adverse effect on the Company. In advance of such review, the Company identifies internal and external factors that comprise the Company's primary business risks, and management compiles an inventory of incentive compensation arrangements applicable to the Company's key employees, which are then summarized for the Compensation, Nominating and Governance Committee and reviewed for the purpose of identifying any aspects of such programs that might encourage behaviors that could exacerbate the identified business risks.

In conducting this assessment for 2011, the Compensation, Nominating and Governance Committee considered the performance objectives and target levels used in connection with these incentive awards and also the features of the Company's compensation program that are designed to mitigate compensation-related risk. Based on such assessment, the Compensation, Nominating and Governance Committee concluded that the Company's compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

Code of Conduct and Ethics

The Board of Directors has adopted a Code of Conduct and Ethics for Employees, Contract and/or Temporary Workers, Officers and Directors and a Code of Conduct and Ethics for Senior Financial Officers, both of which are available on the Company's website at www.genpt.com. These Codes of Conduct and Ethics comply with NYSE and Securities and Exchange Commission (the "SEC") requirements, including procedures for the confidential, anonymous submission by employees or others of any complaints or concerns about the Company or its accounting, internal accounting controls or auditing matters. The Company will post any amendments to or waivers from the Code of Conduct and Ethics (to the extent applicable to the Company's executive officers and directors) on its website.

Board Attendance

The Company's Corporate Governance Guidelines provide that all directors are expected to attend all meetings of the Board and committees on which they serve and are also expected to attend the Annual Meeting of Shareholders. During 2011, the Board of Directors held four meetings. All of the directors attended all of the Board of Directors meetings and meetings of committees of the Board on which they served. All of the Company's directors were in attendance at the Company's 2011 Annual Meeting.

Table of Contents

Board Committees

The Board presently has three standing committees. Information regarding the functions of the Board's committees, their present membership and the number of meetings held by each committee during 2011 is set forth below:

Executive Committee. The Executive Committee is authorized, to the extent permitted by law, to act on behalf of the Board of Directors on all matters that may arise between regular meetings of the Board upon which the Board of Directors would be authorized to act. The current members of the Executive Committee are Thomas C. Gallagher (Chair), J. Hicks Lanier, Jerry W. Nix and Gary W. Rollins. During 2011, this committee held six meetings.

Audit Committee. The Audit Committee's main role is to assist the Board of Directors with oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence and (4) the performance of the Company's internal audit function and independent auditors. As part of its duties, the Audit Committee assists in the oversight of (a) management's assessment of, and reporting on, the effectiveness of internal control over financial reporting, (b) the independent auditor's integrated audit, which includes expressing an opinion on the conformity of the Company's audited financial statements with United States generally accepted accounting principles, (c) the independent auditor's audit of the Company's internal control over financial reporting which includes expressing an opinion on the effectiveness of the Company's internal control over financial reporting and (d) the Company's risk assessment and risk management. (See *Board Oversight of Risk* above.) The Audit Committee oversees the Company's accounting and financial reporting process and has the authority and responsibility for the appointment, retention and oversight of the Company's independent auditors, including pre-approval of all audit and non-audit services to be performed by the independent auditors. The Audit Committee annually reviews and approves the firm to be engaged as independent auditors for the Company for the next fiscal year, reviews with the independent auditors the plan and results of the audit engagement, reviews the scope and results of the Company's procedures for internal auditing and monitors the design and maintenance of the Company's internal accounting controls. The Audit Committee Report appears later in this proxy statement. A current copy of the written charter of the Audit Committee is available on the Company's website at www.genpt.com.

The current members of the Audit Committee are Wendy B. Needham (Chair), Mary B. Bullock, George C. Guynn, John R. Holder and Robert C. Loudermilk, Jr. All members of the Audit Committee are independent of the Company and management, as required by the New York Stock Exchange listing standards and SEC requirements. The Board has determined that all members of the Audit Committee meet the financial literacy requirements of the NYSE corporate governance listing standards. During 2011, the Audit Committee held five meetings.

The Board of Directors has determined that Mr. Guynn and Ms. Needham meet the requirements adopted by the SEC for qualification as an audit committee financial expert. Mr. Guynn retired in 2006 as President and CEO of the Federal Reserve Bank of Atlanta, where he worked his entire career. In such capacity, Mr. Guynn has experience actively supervising a principal financial officer, principal accounting officer, controller, public accountant, auditor or person performing similar functions and other relevant experience. Ms. Needham was formerly Managing Director, Global Automotive Research for Credit Suisse First Boston from August 2000 to June 2003. Prior to that, Ms. Needham was a Principal, Automotive Research for Donaldson, Lufkin & Jenrette for six years. In both of these positions, Ms. Needham actively reviewed financial statements and prepared various financial analyses and evaluations of such financial statements and related business operations.

Compensation, Nominating and Governance Committee. The Compensation, Nominating and Governance Committee is responsible for (a) determining and evaluating the compensation of the Chief Executive Officer and other executive officers and key employees and approving and monitoring our executive compensation plans, policies, and programs, (b) identifying and evaluating potential nominees for election to the Board and recommending candidates for consideration by the Board and shareholders, (c) developing and

recommending to the Board a set of Corporate Governance Guidelines, as well as periodically reevaluating those Corporate Governance Guidelines, and (d) overseeing the evaluation of the Board of Directors and management. The Committee also periodically reviews and evaluates the risk involved in the Company's compensation policies and practices and the relationship of such policies and practices to the Company's overall risk and management of that risk. The Committee has and may exercise the authority of the Board of Directors as specified by the Board and to the extent permitted under the Georgia Business Corporation Code, and the Committee has the authority to delegate its duties and responsibilities to subcommittees as it deems necessary and advisable. A description of the Committee's policy regarding director candidates nominated by shareholders appears in Director Nominating Process above.

For 2011 the Committee independently retained a compensation consultant, Meridian Compensation Partners, LLC, to assist it in its review of and deliberations regarding executive compensation practices, including the competitiveness of pay levels, design issues, market trends and technical considerations.

During the year, Meridian assisted the Committee with the development of competitive market data for executives and a related assessment of the Company's executive compensation levels, a risk assessment of the Company's incentive compensation, and also provided legislative and regulatory updates, guidance regarding reporting of executive compensation under the SEC's proxy disclosure rules, and competitive market data for compensation of outside directors. Our Chairman, President and Chief Executive Officer, with input from our Senior Vice President Human Resources and Meridian, recommended to the Committee base salary, target bonus levels, actual bonus payouts and long-term incentive grants for our senior executives. The Committee considered, discussed, modified as appropriate, and took action on such proposals. The Committee has agreed that Meridian will play a similar role for 2012.

The current members of the Compensation, Nominating and Governance Committee are J. Hicks Lanier (Chair), John D. Johns, Michael M.E. Johns, M.D. and Gary W. Rollins. All members of the Compensation, Nominating and Governance Committee are independent of the Company and management, as required by the NYSE listing standards and the SEC. During 2011, the Compensation, Nominating and Governance Committee held three meetings. A current copy of the written charter of the Compensation, Nominating and Governance Committee is available on the Company's website at www.genpt.com.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

In this section, we will give an overview and analysis of our executive compensation program and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading "Additional Information Regarding Executive Compensation" you will find a series of tables containing specific information about the compensation earned or paid in 2011 to the following individuals, whom we refer to as our named executive officers:

Thomas C. Gallagher, Chairman and Chief Executive Officer

Jerry W. Nix, Vice Chairman and Chief Financial Officer

Paul D. Donahue, President of the Company and President U.S. Automotive Parts Group

R. Bruce Clayton, Senior Vice President Human Resources

Robert J. Susor, Former Executive Vice President

The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

2011 In Brief

During 2011, the Compensation, Nominating and Governance Committee actions and our pay-for-performance program operated such that compensation actually earned by executives reflected the performance of the Company in an economic environment that continues to be challenging but in which we were able to achieve significant successes. Highlights for 2011 were:

Edgar Filing: GENUINE PARTS CO - Form DEF 14A

Revenues were up 11% and were 104% of our target; earnings were up 19% and were 108% of our target.

Our total shareholder return was 23.3%.

Modest base salary increases were made effective April 1, 2011.

2011 annual incentive awards were earned based on performance that was 108% of annual performance goals for Messrs. Gallagher, Nix and Clayton.

Table of Contents

2011 annual incentive awards for Mr. Donahue were earned primarily based on performance that exceeded 101% of his sales goal and 102% of his pre-tax profit goal. Additional goals pertaining to accounts receivable, inventory and expense control were met in 2011 when compared to 2010.

Long-term incentive awards (stock appreciation rights and performance-based restricted stock units/RSUs) were granted to our executive officers in 2011 at similar levels granted in 2010. The RSUs will be earned only if the Company achieves performance goals relating to pre-tax profit for 2011, and the stock appreciation rights deliver value to the executive officers only to the extent our stock price increases after the grant date.

The performance-based restricted stock units granted in 2011 were earned at 100% of target for Messrs. Gallagher, Nix, Donahue and Clayton for performance during 2011. Such earned shares generally vest based on four additional years' continued employment.

Mr. Susor retired from the Company May 1, 2011, and was not provided with an annual incentive bonus award or any long-term incentive awards in 2011.

In addition:

Stock required to be owned by executives through stock ownership requirements rose in value during 2011 in the same way and with the same impact that share value rose for other shareholders.

We adopted a clawback provision in 2010 for our Annual Incentive Plan.

We have no tax gross-ups for perquisites or benefits other than relocation.

Individuals becoming eligible for change-in-control severance protection after January 1, 2009 are not eligible for excise tax gross-up.

The Company does not use employment contracts and has none outstanding.

We have never re-priced stock options or stock appreciation rights.

We pay dividend equivalents on performance-based restricted stock units only to the extent such units are earned through performance.

Our insider trading policy prohibits transactions in publicly traded options and other hedging transactions with respect to Company common stock.

Consideration of Last Year's Advisory Shareholder Vote on Executive Compensation

At the 2011 Annual Meeting of Shareholders, approximately 94% of the shares present and entitled to vote were cast in support of the compensation of the Company's executive officers, as discussed and disclosed in the 2011 Proxy Statement. The Board and the Compensation, Nominating and Governance Committee appreciate and value the views of our shareholders. In considering the results of this advisory vote on executive compensation, the Committee concluded that the compensation paid to our executive officers and the Company's overall pay practices enjoy strong shareholder support.

Edgar Filing: GENUINE PARTS CO - Form DEF 14A

In light of the strong shareholder support of the compensation paid to our executive officers evidenced by the results of this advisory vote, the Board and the Committee do not intend to make any specific changes to our executive compensation program for 2012. Going forward, future advisory votes on executive compensation will serve as an additional tool to guide the Board and the Committee in evaluating the alignment of the Company's executive compensation program with the interests of the Company and its shareholders.

Also at the 2011 Annual Meeting of Shareholders, our shareholders expressed a preference that advisory votes on executive compensation occur once every year. Consistent with this preference, the Board determined to implement an annual advisory vote on executive compensation until the next required vote on the frequency of shareholder votes on the compensation of executive officers, which is scheduled to occur at the 2017 Annual Meeting.

Compensation Philosophy and Objectives

Our overall goal in compensating executive officers is to attract, retain and motivate key executives of superior ability who are critical to our future success. We believe that short-term and long-term incentive compensation opportunities provided to executive officers should be directly aligned with our performance, and our compensation is structured to ensure that a significant portion of executives' compensation opportunities is directly related to achievement of financial and operational goals and other factors that impact shareholder value.

Our compensation decisions with respect to executive officer salaries, annual incentives, and long-term incentive compensation opportunities are influenced by (a) the executive's level of responsibility and function within the Company, (b) the overall performance and profitability of the Company, (c) our assessment of the competitive marketplace, including other peer companies, and (d) the economic environment. Our philosophy is to focus on total direct compensation opportunities through a mix of base salary, annual cash bonus and long-term incentives, including stock-based awards.

We also believe that the best way to directly align the interests of our executives with the interests of our shareholders is to make sure that our executives acquire and retain a significant level of stock ownership throughout their tenure with us. Our compensation program pursues this objective in two ways: through our equity-based long-term incentive awards and our stock ownership guidelines for our senior executives, as described in more detail below.

Table of Contents**Overview of Executive Compensation Components**

The Company's executive compensation program consists of several compensation elements, as described in the table below.

Pay Element	What the Pay Element Rewards	Purpose of the Pay Element
Base Salary	Core competence in the executive role relative to skills, experience and contributions to the Company Contributions toward the Company's achievement of specified pre-tax profit goals, as well as achievement of revenue and asset management goals for certain NEOs	Provide fixed compensation based on competitive market practice Provides focus on meeting critical annual goals that lead to our long-term success
Annual Cash Incentive		Provides annual performance-based cash incentive compensation Motivates achievement of critical annual performance metrics The combination of SARs and PRSUs provides a blended long-term focus on:
	<u>Stock Appreciation Rights (SARs):</u> Sustained stock price appreciation, thereby aligning executives' interests with those of shareholders	Sustained stock price performance
Long-Term Incentives	Continued employment with the Company during a three-year vesting period	Achievement of pre-tax profitability targets Executive ownership of our stock Executive retention in a challenging business environment and competitive labor market
	<u>Performance Restricted Stock Units (PRSUs):</u> Sustained pre-tax profitability (determines the number of PRSUs that are earned) Focus on our stock price performance

The Tax Deferred Savings Plan provides a voluntary tax-deferred retirement savings vehicle for our executive officers. The Tax Deferred Savings Plan is described in more detail within the Executive Compensation section of this Proxy Statement.
Retirement Benefits	The Tax Deferred Savings Plan is a nonqualified voluntary deferral program that allows our executive officers to defer and invest a portion of their annual bonus. Effective January 1, 2011, the Tax Deferred Savings Plan was amended to allow our executive officers to defer and invest a portion of their annual salary.	The SRP provides a tax-deferred retirement savings alternative for amounts exceeding IRS limitations on qualified programs, and makes total retirement benefits for our executive officers commensurate with those available to our other employees as a percentage of pay.
	The Supplemental Retirement Plan (SRP) is a nonqualified, noncontributory restoration program. The SRP applies only to persons whose annual earnings are expected to be equal to or greater than the IRS Code limitations, and is intended to make those employees whole on amounts the executive would have been entitled to receive under the regular pension plan had that plan not been limited by the IRS Code. Executives participate in employee benefit plans generally available to our employees, including medical, health, life insurance and disability plans.	The SRP is described in more detail within the Executive Compensation section of this Proxy Statement. These benefits are part of our broad-based total compensation program.

The use of these programs enables us to reinforce our pay for performance philosophy, as well as strengthen our ability to attract and retain highly qualified executives. We believe that this combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value and encourages executive recruitment and retention.

Determination of Appropriate Pay Levels

Pay Philosophy and Competitive Standing

In general, we seek to provide competitive pay by targeting at or under the size-adjusted 50th percentile of the market data, including salary, target annual bonus, and long-term incentive opportunities. We provide somewhat conservative base salaries, higher-than-average target bonus opportunities and lower-than-50th percentile long-term incentives.

We also design our incentive plans to pay more or less than the target amount when performance is above or below target performance levels. Thus, our plans are designed to result in payouts that are market-appropriate or lower given our performance for that year or period.

For 2011, with the assistance of the Committee's compensation consultant, Meridian Compensation Partners, LLC, we reviewed and analyzed competitive market data to be used as background for 2011 pay decisions and to obtain a general understanding of current compensation practices. This data was referenced when targeting the positioning for compensation discussed above. Data sources included public company proxy statements, broad-based, published compensation surveys and a private total compensation database maintained by Aon Hewitt. We compared compensation opportunities for our named executive officers with pay opportunities available to executive officers in comparable positions at similar companies (our Comparison Group). During 2011 the Comparison Group included companies from industry segments in which we compete: automotive parts, industrial parts, specialty retail and office products. The Comparison Group companies used in 2011 are shown below. While the companies are either larger or smaller than us, Meridian used various statistical techniques to size-adjust the data to our revenue size. The list of companies below is reevaluated annually to take into account changes in our own operations, our size and our industry, and is somewhat different from the prior year's list.

Advance Auto Parts	MSC Industrial Direct Co., Inc.
Applied Industrial Technologies Inc.	O'Reilly Automotive
Arrow Electronics	Office Depot Inc.
ArvinMeritor Inc.	OfficeMax Inc.
Autozone Inc.	Staples Inc.
Avnet Inc.	Tech Data Corp.
BorgWarner Inc.	Tenneco
Johnson Controls	United Stationers Inc.
Kaman Corp.	W. W. Grainger Inc.

LKQ Corp. 2011 Base Salary

Our base salary levels reflect a combination of factors, including the pay posture discussed above, the executive's experience and tenure, our overall annual budget for both pay increases and pre-tax profit, the executive's individual performance and changes in responsibility. We review salary levels annually to recognize these factors.

Edgar Filing: GENUINE PARTS CO - Form DEF 14A

The base pay increases ranged from 3.1% to 3.2% for Messrs. Gallagher, Nix, Donahue and Clayton, and these were effective April 1, 2011. Mr. Susor retired from the Company effective May 1, 2011 and did not receive an increase in base pay.

2011 Annual Incentive Plan

Our Annual Incentive Plan (the "Annual Incentive Plan") provides our executive officers with an opportunity to earn annual cash bonuses based on our achievement of certain pre-established performance goals.

Table of Contents

As in setting base salaries, we consider a combination of factors in establishing the annual target bonus opportunities for our named executive officers. Budgeted pre-tax profit is a primary factor, as target bonus opportunities are adjusted annually when we set our pre-tax profit goals for the year. In addition, achievement of revenue and asset management goals are considered when establishing target bonus opportunities for executives with specific operational responsibilities.

As mentioned above, we set higher than average target bonus opportunities relative to our Comparison Group so that, when combined with conservative salary levels, the targeted annual cash compensation of our executive officers is near the 50th percentile relative to our Comparison Group based on the competitive benchmarking.

We set the profit goals for 2011 bonus opportunities at levels that are intended to be challenging, yet achievable, and reflect better than average growth within our competitive industry. Once performance goals have been set and approved, the Compensation, Nominating and Governance Committee then sets a range of bonus opportunities for each named executive officer based on achievement of such goals. Target bonus opportunities for 2011 were set as a percentage of each named executive officer's base salary, as follows: Mr. Gallagher, 192%; Mr. Nix, 147%; Mr. Donahue, 105%; and Mr. Clayton 88%. These targets for 2011 continue to reflect the Company's philosophy of providing the opportunity to earn an increase over prior year actual total cash compensation if goals are achieved.

The performance goals set for each executive officer, along with any base salary increase that may be granted, allow the calculation of target bonus opportunities to occur. After the Company's profit goals are determined, total cash compensation targets are set to establish a correlation with the Company's profit and performance goals. The executive's base salary is then compared to their target total cash compensation. For each executive, the difference between base salary and target total cash compensation is typically established as the target bonus opportunity. This methodology directly reinforces the Company's pay-for-performance philosophy.

The performance goals on which each executive officer's 2011 bonus opportunity is determined varies depending on the individual's role in the company. Performance criteria and relative weights for 2011 are shown below for each executive. We believe the combination of goals for each executive has a strong correlation with shareholder value. The Corporate and sum of Automotive Parts Group, Altrom, Rayloc, Balkamp and Grupo Auto Todo (Automotive) goals are determined by aggregating goals for the applicable operation, which are each set based upon (i) prior year performance by store, branch, or distribution center; (ii) the overall economic outlook of the region served by a particular store, branch, or distribution center; and (iii) specific market conditions.

Goal	2011 Weight of Goal by Executive			
	Gallagher	Nix	Donahue(1)	Clayton

(1) For Mr. Donahue, Automotive consists of the sum of U.S. Automotive Parts Group, Altrom, Rayloc, Balkamp and Grupo Auto Todo. The ranges of bonus payout possibilities for the various pre-tax profit goals and the Automotive sales goal are shown below. Straight-line interpolation is used between data points. The 2011 Corporate pre-tax profit goal was \$822,800,000.

For Mr. Donahue, bonus opportunity was provided for attainment of inventory, accounts receivable, and expense control goals, with a goal of various levels of improvement versus the prior year. Additional bonus opportunity was provided from 50% of target to 150% of target based on the achievement of the various levels of improvement.

For 2011, the Company's pre-tax profit was \$890,806,000, representing 108% of the target level set for executive officer incentive bonuses, resulting in bonus payments equal to 162% of the target bonus opportunity for Messrs. Gallagher, Nix and Clayton. Mr. Donahue's program resulted in a bonus payment equal to 126% of the target opportunity, and Mr. Susor did not have a bonus program. In developing the payout figures, the formulas above were applied strictly. The Committee did not exercise discretion to increase or decrease 2011 bonus payments for the named executive officers.

For additional information about the Annual Incentive Plan, please refer to the *Grants of Plan-Based Awards* table, which shows the threshold, target and maximum bonus amounts payable under the plan for 2011, and the Summary Compensation Table, which shows the actual amount of bonuses paid under the plan to our named executive officers for 2011.

2011 Long-Term Incentives

During 2011, the Compensation, Nominating and Governance Committee granted long-term equity-based incentive compensation to our executive officers in the form of Stock Appreciation Rights (*SARs*) and Performance Restricted Stock Units (*PRSUs*). These grants align executive performance and achievement with shareholder interests.

SARs: Each SAR represents the right to receive upon exercise an amount, payable in shares of common stock, equal to the excess, if any, of the fair market value of our common stock on the date of exercise over the base value of the grant. The SARs were granted with a base value equal to the closing stock price on the date the Committee approved the award. The SARs vest in equal annual installments on the first three anniversaries following the grant date and have a ten-year exercise period.

PRSUs: The PRSUs represent the right to earn and receive a number of shares of our common stock in the future, based on the level of the Company's 2011 pre-tax profit performance. If the Company achieves 100% or greater of the pre-tax profit goal, 100% of the PRSUs will be earned. If the Company achieves at least 95% of the goal, 50% of the PRSUs will be earned. If the Company achieves less than 95% of goal, then no PRSUs will be earned. To the extent the PRSUs are earned, they are subject to a mandatory four-year vesting schedule (e.g., for PRSUs granted in 2011, shares of restricted stock will be earned in 2012 based on 2011 performance and will vest on December 31, 2015). Dividends declared after the restricted shares are earned are accrued and converted into additional shares of stock at the end of the vesting period.

Grants to individual named executive officers were subjectively determined by considering the following factors:

Competitive market data, defined by the competitive award levels summarized in the annual executive compensation study;

The officer's responsibility level;

The officer's specific function within the overall organizational structure;

The Company's profitability, including consideration of the compensation cost associated with the awards; and

The number and amount of awards currently held by the executive officer (we continue to review this as part of our administration of stock ownership guidelines discussed below).

Edgar Filing: GENUINE PARTS CO - Form DEF 14A

The number of 2011 SARs and PRSUs awarded to our named executive officers as a group was the same number of units granted in 2010. Comparison to market data suggests this grant was less than a 50th percentile grant relative to our Comparison Group. Grants in 2011 were weighted approximately 60% SARs and 40% PRSUs.

Messrs. Gallagher, Nix and Clayton earned 100% of their PRSUs in 2011, based on the Company's actual 2011 pre-tax profit of \$890,806,000, which represented 108% of the Company's pre-tax profit goal of \$822,800,000. Mr. Donahue earned 100% of his PRSUs in 2011, based on a corresponding level of achievement of the 2011 pre-tax profit goals for the Automotive division.

Change in Control Arrangements

The Company believes that severance protections, particularly in the context of a change in control transaction, can play a valuable role in attracting and retaining key executive officers. Accordingly, the Company has entered into change in control agreements with each of the named executive officers. Information regarding these agreements and the benefits they provide is included in the Post Termination Payments and Benefits section of this Proxy Statement.

The Compensation, Nominating and Governance Committee evaluates the level of severance benefits to each such officer on a case-by-case basis, and in general, we consider these severance protections an important part of our executives' compensation and consistent with competitive practices.

We believe that the potential occurrence of a change in control transaction would create uncertainty regarding the continued employment of our executive officers. This uncertainty results from the fact that many change in control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our senior executive officers to remain employed with the Company during an important time when their prospects for continued employment are often uncertain, we provide our executive officers with severance benefits if the executive's employment is terminated by the Company without cause or by the executive for good reason in connection with a change in control. Because we believe that a termination by the executive for good reason may be conceptually the same as a termination by the Company without cause, and because we believe that in the context of a change in control, potential acquirors would otherwise have an incentive to constructively terminate the executive's employment to avoid paying severance, we believe it is appropriate to provide severance benefits in these circumstances.

The existing change-in-control agreements with our executives provide for a tax gross-up with respect to excise taxes under Internal Revenue Code Section 4999 that are due on such payments. The Company does not intend to provide any tax gross-ups in any new change in control agreements entered into after January 1, 2009. In addition, the Company has in the past grossed-up additional SRP amounts for FICA taxes in the event of a change in control. The SRP was amended and restated January 1, 2009 to provide that no employees may commence participation in the plan on or after that date. As such, there are no further gross-ups other than to those individuals participating in the SRP prior to the January 1, 2009 freezing of the plan.

Factors Considered in Decisions to Materially Increase or Decrease Compensation

Market data, individual performance, retention needs and internal pay equity have been the primary factors considered in decisions to adjust compensation materially. We do not target any particular weight for base salary, annual bonus and long-term incentive as a percent of total direct compensation. We tend to follow market practice in allocating between the various forms of compensation, but with greater emphasis on performance-based incentive bonus opportunities because doing so results in pay opportunity that is heavily performance-based, as shown below, and results in compensation that is directly aligned with company performance, market-competitive and allows us to attract and retain competent executives.

2011 Performance-Based versus Fixed Compensation:

The following table shows the allocation of each Executive's base salary and short-term and long-term incentive compensation opportunities between fixed and performance-based compensation (at the target levels).

Susor(1)	0%	0%

(1) Mr. Susor retired from the Company May 1, 2011, and was not provided with a short-term or long-term incentive opportunity.

Timing of Compensation

Base salary adjustments, annual incentive plan opportunities, and SAR/PRSU grants were made at the March 18, 2011 meeting of the Compensation, Nominating and Governance Committee. These compensation adjustments and awards were all effective April 1, 2011. We do not coordinate the timing of equity award grants with the release of material non-public information. The exercise price for SARs is established at the fair market value of the closing price of our stock on the effective date of the grant (April 1, 2011).

Stock Ownership Guidelines

We have adopted stock ownership guidelines for the named executive officers identified above and for other key executives designated by the Compensation, Nominating and Governance Committee. The ownership guidelines are reviewed at least annually by the Compensation, Nominating and Governance Committee, which also has the authority to evaluate whether exceptions should be made for any executive on whom the guidelines would impose a financial hardship. The current guidelines as determined by the Committee include: (i) CEO's ownership equal to seven times prior year's salary; and (ii) other covered executives' ownership equal to one to three times prior year's salary.

The covered executives have a period of five years in which to satisfy the guidelines, either from the date of adoption of the policy in November 2006, or the date of appointment to a qualifying position, whichever is later. Shares counted toward this requirement will be based on shares beneficially owned by such executive (as beneficial ownership is defined by the SEC's rules and regulations) including PRSUs, but excluding unexercised options and measured against the average year-end stock price for the preceding three fiscal years. The guidelines also call for the covered executive to retain 50% of the net shares obtained through the exercise of options or when a restricted stock award vests for at least six months. The covered executives are encouraged to retain stock ownership per the guidelines for a period of six months following the date of retirement.

Impact of Accounting and Tax Treatments of Compensation

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our executive officers. However, the Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to the Company with the benefit/value to the executive.

With regard to Code Section 162(m), it is the Committee's intent to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent. The Annual Incentive Plan has been approved by shareholders and is designed to qualify as performance-based to be fully deductible by the Company. The 2006 Long-Term Incentive Plan is approved by shareholders and permits the award of stock options, SARs and other performance-based equity awards that are fully deductible under Code Section 162(m).

Table of Contents**Clawback Provision**

Since 2010, the Company has had a clawback provision in our Annual Incentive Plan. If at any time after payment of an executive's bonus, the Company and its auditors determine that it was calculated on financial results that subsequently were restated or were otherwise based on incorrect data, the executive may be required to repay the unearned portion to the Company upon notice from the Company.

Role of Executive Officers in Determining Compensation

Our Chairman and Chief Executive Officer, with input from our Senior Vice President - Human Resources, recommends to the Committee base salary, target bonus levels, actual bonus payouts and long-term incentive grants for our senior officer group (other than himself). Mr. Gallagher makes these recommendations to the Committee based on data and analysis provided by our independent compensation consultant and qualitative judgments regarding individual performance. Mr. Gallagher is not involved with any aspect of determining his own compensation.

(1) Represents the aggregate grant date fair value of awards determined in accordance with FASB ASC Topic 718. Grant date fair value for the PRSUs is based on the grant date fair value of the underlying shares and the probable outcome of performance-based vesting conditions, excluding the effect of estimated forfeitures. Grant date fair value for SARs is based on the Black-Scholes option pricing model. The actual value, if any, that a named executive officer may realize upon exercise of SARs will depend on the excess of the stock price over the base value on the date of exercise, so there is no assurance that the value realized by a named executive officer will be at or near the value estimated by the Black-Scholes model. The assumptions used in determining the grant date fair values of the SARs are set forth in the notes to the Company's consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the SEC.

(2) Reflects the value of cash incentive bonuses earned under our Annual Incentive Plan.

Edgar Filing: GENUINE PARTS CO - Form DEF 14A

- (3) Reflects the increase during 2011 in actuarial present values of each executive officer's accumulated benefits under our Pension Plan and our Supplemental Retirement Plan, and with respect to Mr. Gallagher, our Original Deferred Compensation Plan.

Table of Contents

(4) Amounts reflected in this column for 2011 include 401(k) matching contributions in the amount of \$2,940 for each named executive officer with the exception of Mr. Donahue who received a matching contribution of \$12,250. The amount shown for Mr. Gallagher also includes his personal use of company aircraft (\$55,997) and club membership dues (\$5,464). The amount shown for Mr. Donahue also includes his personal use of the company aircraft (\$32,061). The incremental cost to the Company of the personal use of company aircraft is calculated based on the average variable operating costs to the Company. Variable operating costs include fuel costs, mileage, maintenance, crew travel expenses, catering and other miscellaneous variable costs. The total annual variable costs are divided by the annual number of miles the Company aircraft flew to derive an average variable cost per mile. This average variable cost per mile is then multiplied by the miles flown for personal use to derive the incremental cost. The fixed costs that do not change based on usage, such as pilot salaries, the lease costs of the company aircraft, hangar expense for the home hangar, and general taxes and insurance are excluded from the incremental cost calculation. When Company aircraft is being used for mixed business and personal use, only the incremental cost of the personal use is included, such as on-board catering or other charges attributable to an extra passenger traveling for personal reasons on an aircraft being primarily used for a business trip. The Board of Directors mandates that the Company's Chief Executive Officer use corporate aircraft for personal travel to accommodate security, availability and efficiency concerns. The Company does not provide tax reimbursements with respect to any perquisites to executive officers.

(5) Mr. Susor retired from the Company effective May 1, 2011.

(1) Represents threshold, target and maximum payout levels under the Annual Incentive Plan for 2011 performance. The actual amount of incentive bonus earned by each named executive officer is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. Additional information regarding the design of the Annual Incentive Plan is included in the Compensation Discussion and Analysis section of this Proxy Statement.

(2) Represents threshold, target and maximum number of performance-based restricted stock units (PRSUs) to be earned on December 31, 2011 based on the Company's achievement of pre-tax profit goals. If the Company achieves 100% or greater of its 2011 pre-tax profit goal, 100% of the PRSUs will be earned. If the Company achieves at least 95% of its 2011 pre-tax profit goal, 50% of the PRSUs will be earned. If the Company achieves less than 95% of its 2011 pre-tax profit goal, then no PRSUs will be earned. Each PRSU that is earned represents a contingent right to receive one share of Company Common Stock in the future.

Table of Contents

PRSUs earned for the 2011 fiscal year will vest and be settled in shares of Common Stock on December 31, 2015 (or earlier upon a change in control of the Company) provided the executive is still employed by the Company, subject to earlier vesting in the event of (i) the executive's retirement from the Company or (ii) the executive's employment with the Company is terminated due to death or disability. Dividends paid on the Company's Common Stock after the PRSUs are earned will accrue with respect to the PRSUs and will convert into additional shares of stock at the end of the vesting period. Additional information regarding the PRSUs and the Company's long-term incentive program is included in the Compensation Discussion and Analysis section of this Proxy Statement.

- (3) Each stock appreciation right (SAR) represents the right to receive from the Company upon exercise an amount, payable in shares of Common Stock, equal to the excess, if any, of the fair market value of one share of Common Stock on the date of exercise over the base value per share. The SARs were granted with a base value equal to the fair market value of the Company's Common Stock on the date of grant. The SARs vest in equal annual installments on each of the first three anniversaries of the grant date, subject to accelerated vesting upon a termination of employment due to death, disability or retirement more than one year after the date of grant of the SAR or upon a change in control of the Company. The SARs granted on April 1, 2011 will expire on April 1, 2021 or earlier upon termination of employment. Additional information regarding the SARs and the Company's long-term incentive program is included in the Compensation Discussion and Analysis section of this Proxy Statement.

- (4) Represents the grant date fair value of the award determined in accordance with FASB ASC Topic 718. Grant date fair value for the PRSUs is based on the grant date fair value of the underlying shares and the probable outcome of performance-based vesting conditions, excluding the effect of estimated forfeitures. Grant date fair value for SARs is based on the Black-Scholes option pricing model for use in valuing executive stock options. The actual value, if any, that a named executive officer may realize upon exercise of SARs will depend on the excess of the stock price over the base value on the date of exercise, so there is no assurance that the value realized by a named executive officer will be at or near the value estimated by the Black-Scholes model. The assumptions used in determining the grant date fair values of these awards are set forth in the notes to the Company's consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the SEC.

- (5) Mr. Susor retired from the Company effective May 1, 2011 and did not receive any grants for 2011.

The Pension Benefits table provides information regarding the number of years of credited service, the present value of accumulated benefits, and any payments made during the last fiscal year with respect to The Genuine Parts Company Pension Plan (the "Pension Plan"), the Genuine Parts Company Supplemental Retirement Plan (the "SRP"), and The Genuine Parts Company Original Deferred Compensation Plan (the "ODCP").

The Pension Plan is a broad-based, tax-qualified defined benefit pension plan, which provides a benefit upon retirement to eligible employees of the Company. It was amended effective March 1, 2008, to provide that employees hired on or after that date are not eligible to participate in the plan, and there are no new entrants to the Pension Plan after December 31, 2009. In general, all employees hired before March 1, 2008, except leased employees, independent contractors and certain collectively-bargained employees are eligible to participate. Benefits are based upon years of credited service and the average of the highest five years of earnings out of the last ten years. Earnings are generally based on total pay, but do not include amounts that have been deferred. The service amounts shown in the table above for the Pension Plan and the SRP represent actual years of service with the Company. No additional years of credited service have been granted to the named executive officers under the Pension Plan or the SRP.

The Pension Plan was amended to freeze credited service as of December 31, 2008, while continuing to reflect future pay increases, for most plan participants (i.e., a soft plan freeze). Such participants began participating in a newly established company-sponsored 401(k) savings plan effective January 1, 2009. The soft plan freeze does not apply to service used for vesting purposes or to determine a participant's eligibility for early retirement under the Pension Plan. Participants who satisfied a Rule of 70 criteria (age plus service equal to 70 or more) were given the option to remain under the old provisions. All named executive officers except Mr. Donahue satisfied the Rule of 70 criteria and elected to remain under the old provisions.

Table of Contents

Several forms of benefit payments are available under the Pension Plan. The Pension Plan offers a life annuity option, 50%, 75%, and 100% joint and survivor options, and a 10-year certain and life annuity option. Minimum lump sum distributions of benefits are available if less than or equal to \$5,000. The payout option must be elected by the participant before benefit payments begin. All options available under the Pension Plan are actuarially equivalent.

The benefit payable for normal or early retirement under the Pension Plan is the greater of two benefits. The first benefit is a percentage of the participant's average earnings less 50% of his Social Security benefit. The applicable percentage is based on years of credited service and increases by 0.5% per year of credited service from 40% at 15 years of service to 55% at 45 or more years of service. The second benefit is 30% of the participant's average earnings. Only the second benefit is available to participants with less than 15 years of credited service. For such individuals, 30% of the participant's average earnings is multiplied by a fraction with the numerator equal to credited service (not to exceed 180 months) and the denominator equal to 180.

The benefit payable for delayed retirement under the Pension Plan is the greater of two benefits. The first benefit is the normal retirement benefit determined based on the participant's average earnings and credited service at his delayed retirement date. The second benefit is the normal retirement benefit actuarially increased from the participant's normal retirement date to the delayed retirement date based on the attained age at each date.

As of December 31, 2011, Messrs. Nix and Clayton were eligible for delayed retirement benefits, and Mr. Gallagher was eligible for early retirement benefits. Early retirement benefit payments are available under the Pension Plan to participants who retire after attaining age 55 and completing 15 years of service. Early retirement benefits are reduced 0.5% for each month by which benefit commencement precedes age 65. Mr. Susor retired effective May 1, 2011, and commenced receipt of his delayed retirement benefit from the Pension Plan.

For Mr. Donahue, termination benefits are calculated in the same manner as normal retirement benefits, except that (a) the benefit is calculated based on projected credited service at normal retirement date and then (b) the benefit is reduced by multiplying it by a service fraction equal to the ratio of credited service at termination to projected credited service at normal retirement date. Projected credited service at normal retirement date is determined as if the participant had continued in employment until his or her normal retirement. Under the terms of the Pension Plan, as of December 31, 2008, Mr. Donahue did not satisfy Rule of 70 criteria and as a result, the numerator of his service fraction is frozen as of December 31, 2008, although projected credited service at normal retirement date continues to be determined as if he had earned credited service through his normal retirement date.

Participants are fully vested in benefits after seven years of service, with partial vesting after three years of service. The Pension Plan was amended effective December 31, 2008, to provide that only participants who satisfy Rule of 70 criteria and elect to remain under the old plan provisions may earn up to two years of additional credited service following termination due to disability and while receiving long term disability benefits from The Genuine Parts Company Long-Term Disability Plan. A 50% survivor annuity is payable to a participant's spouse upon death prior to retirement. A surviving spouse may waive the 50% survivor benefit and elect instead to receive a benefit from The Genuine Parts Company Death Benefit Plan.

Effective January 1, 2009, in the event of a change in control a participant's benefit accrued under the Pension Plan is fully vested and, if the participant terminates employment within five years following the change in control, the participant may elect to receive an immediate lump sum distribution of the accrued benefit.

The named executive officers were participants in the SRP as of December 31, 2008. The SRP is a nonqualified defined benefit pension plan which covers pay and benefits above the qualified limits in the Pension Plan for participants who entered the plan prior to January 1, 2009. In addition, pension benefits that would have been earned under the Pension Plan had compensation not been deferred are provided by the SRP. Otherwise, the provisions of the SRP as in effect on December 31, 2008 (i.e., prior to the plan changes described below), are generally the same as those of the Pension Plan as in effect on that date, except benefits are payable only for retirement, disability, death or change in control. A participant who is eligible for early retirement and terminates employment due to a change in control will receive an immediate lump sum payment of any benefits due from the SRP as in effect on December 31, 2008.

Table of Contents

The SRP was amended and restated effective January 1, 2009, for participants who entered the plan prior to that date. The amended plan provides full vesting and an immediate lump sum payment of any benefits due under the SRP if a participant dies, and full vesting of benefits accrued under the SRP in the event the plan is terminated, the participant becomes disabled, or there is a change in control. Participants' credited service in the SRP is not frozen as of December 31, 2008. Also, if a SRP participant's credited service is frozen in the Pension Plan as amended effective December 31, 2008, an additional offset is applied to the benefits otherwise accrued under the SRP. This offset is determined based on the accumulated sum (with interest at 6.0% per year) of 3.8% of the participant's Pension Plan earnings during each calendar year after December 31, 2008.

The SRP was amended effective August 16, 2010, to provide that in the event of a participant's death while in active service, the survivor benefit payable is 100% of the lump sum present value of the participant's accrued benefit as of the date of death. Prior to the amendment, 50% of the lump sum present value was payable as a survivor benefit.

Benefits earned under the SRP are paid from Company assets, and are grossed-up for any FICA taxes due for participants who entered the plan prior to January 1, 2009. Executives sign a joinder agreement to become participants in the SRP and select an optional form of benefit payment in the agreement. SRP participants may change their payment form elections at any time prior to benefit commencement.

Amounts reported above as the actuarial present value of accumulated benefits under the Pension Plan and the SRP are computed using the interest and mortality assumptions that the Company applies to amounts reported in its financial statement disclosures, and are assumed to be payable immediately for Messrs. Nix, Susor and Clayton and at age 65 for Messrs. Gallagher and Donahue. The interest rate assumptions at December 31, 2011, are 5.25% for the Pension Plan and 5.05% for the SRP. The mortality assumption for the Pension Plan is based on the RP 2000 Mortality Table, with a blue collar adjustment, and with mortality improvements projected to 2015 using Scale AA. The mortality assumption for the SRP is the same except that a white collar adjustment is applied. SRP benefits have been adjusted by 1.45% to account for estimated FICA tax gross-ups (but not for any income tax adjustment on such gross-ups).

The ODCP is a nonqualified plan that provides an annuity benefit, funded partially by executive salary deferrals. Mr. Gallagher is the only named executive officer in this plan, and his annual salary deferrals total \$9,441 for these benefits. The retirement benefit is derived by converting the account balance at the retirement date to an annuity, using insurance company annuity tables applicable to individuals of similar age and risk categories. The annuity is then doubled to arrive at the retirement benefit amount. The retirement benefit is payable as a 10-year certain and life annuity at age 65 for normal retirement, or at age 55 with 15 years of service for early retirement. Mr. Gallagher is currently eligible for early retirement benefits under the ODCP. There is a minimum benefit guarantee of \$40,000 per year for normal retirement, and also specified death and disability benefits of \$3,333 per month. These benefits are payable from Company assets. The service amount shown in the table represents the period during which Mr. Gallagher has been making salary deferrals for benefits provided by the ODCP. Amounts reported above as the actuarial present value of accumulated benefits under the ODCP are computed based on insurance company estimates of benefit amounts payable at age 65 (assuming no future salary deferrals) and the interest and mortality assumptions the Company uses for purposes of financial statement disclosures of the SRP referred to above.

- (2) Includes the following amounts of contributions to the Tax Deferred Savings Plan by the named executive officers that were previously reported as compensation to the named executive officers in the Company's Summary Compensation Table for previous years: Mr. Gallagher, \$200,000; Mr. Nix, \$513,461; Mr. Donahue, \$169,723; Mr. Susor, \$180,087; Mr. Clayton, \$18,714.

- (3) Mr. Susor retired from the Company effective May 1, 2011 and began receiving payments on December 1, 2011.

The Genuine Parts Company Tax Deferred Savings Plan is a nonqualified deferred compensation plan pursuant to which the named executive officers may elect to defer up to 100% of their annual incentive bonus. Deferral elections are due by June 30 of each year, and are irrevocable. These deferral elections are for the bonus earned during that year, which would otherwise be payable in February of the following year. Effective January 1, 2011, the Plan was amended to allow executives to defer up to 100% of their annual salary. Deferrals are held for each participant in separate individual accounts in an irrevocable rabbi trust. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds selected by the executive, which the executive may change at any time. Payment begins on the first day of the seventh month following the executive's termination of service. The executive must also make an irrevocable election regarding payment terms, which may be either a lump sum, or installments of five (5), ten (10), or fifteen (15) years. Hardship withdrawals are available for unforeseeable emergency financial hardship situations. If a participant dies before receiving the full value of the deferral account balances, the designated beneficiary would receive the remainder of that benefit in the same payment form as originally specified (i.e., lump sum or installments). All accounts would be immediately distributed upon a change in control of the Company.

POST TERMINATION PAYMENTS AND BENEFITS

Benefits to Named Executive Officers in the Event of a Change in Control. The Company does not have employment agreements with any of its executive officers. The Company has entered into change in control agreements with certain executive officers, including the named executive officers. These agreements provide severance payments and benefits to the executive if his employment is terminated within two years after a change in control of the Company, if the change in control occurs during the term of the agreement. The change in control agreements have a three year term with automatic annual extensions unless either party gives notice of non-renewal.

Under each of the change in control agreements, if the executive is terminated by the Company without cause or the executive resigns for good reason (as such terms are defined in the agreement), within two years after a change in control, he will receive a pro rata bonus for the year of termination, plus a lump sum severance payment equal to a multiple (three in the case of Messrs. Gallagher, Nix and Susor, and two in the case of Messrs. Donahue and Clayton) of the executive's then-current annual salary and the average of the annual bonuses he received in the three years prior to the year of termination. In addition, the Company will continue to provide the executive with group health coverage for a period of 24 months.

If the executive's employment is terminated by the Company for cause or he resigns without good reason, the agreement will terminate without further obligation of the Company other than the payment of any accrued but unpaid salary or benefits. In the case of death, disability or retirement, the executive, or his estate, would be entitled to payment of any accrued but unpaid salary or benefits, plus a pro rata bonus for the year in which the termination occurred.

The change in control agreements provide for a gross-up of applicable excise tax imposed under Section 4999 of the Internal Revenue Code, provided that amounts determined to be parachute payments exceed 110% of the amount that could be paid without triggering the excise tax. If the parachute payments are less than that threshold amount, the payments will be limited to the maximum amount that could be paid without triggering the excise tax.

Summary of Termination Payments and Benefits. The following tables summarize the value of the termination payments and benefits that our named executive officers would receive if they had terminated employment on December 31, 2011 under the circumstances shown. The tables exclude (i) amounts accrued

Table of Contents

through December 31, 2011 that would be paid in the normal course of continued employment, such as accrued but unpaid salary and earned annual bonus for 2011 and (ii) vested account balances under our Partnership Plan, which is a 401(k) plan that is generally available to all of our salaried employees. Mr. Susor retired from the Company effective May 1, 2011, and the disclosure for Mr. Susor reflects the actual benefits he received in connection with his retirement.

Disability benefits under the Supplemental Retirement Plan are assumed to be equal to early retirement benefits and are payable on January 1, 2012. The Supplemental Retirement Plan annuity benefits shown in the table do not reflect estimated FICA tax gross-ups paid by the Company. The estimated FICA tax gross-up, based on 1.45% of the lump sum value of the Supplemental Retirement Plan benefit calculated on the FICA tax basis for the plan, is \$61,686. The Supplemental Retirement Plan was amended, effective January 1, 2009, to provide that no new employee may commence participation in the plan on or after such effective date.
- (7) An immediate lump sum distribution of benefits is required in the event of termination following a change in control. The lump sum value of the benefit calculated includes an estimated FICA tax gross-up amount of \$80,785.
- (8) Benefits payable under the Tax Deferred Savings Plan are described and quantified in the Nonqualified Deferred Compensation table in this proxy statement.
- (9) Reflects the cost of 24 months of continued group health coverage pursuant to the change in control agreement described above. In order to comply with Internal Revenue Code section 409A, during the last 6 months of this continued coverage period, the Company will satisfy its obligation to provide group health coverage by making 6 monthly installment payments to the executive in an amount equal to the monthly cost of providing such coverage, based upon the applicable premium under COBRA.
- (10) The calculation of the estimated 280G gross-up payment is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate, a 1.45% Medicare tax rate and a 6% state income tax rate.

- (3) Reflects the fair market value as of December 31, 2011 of restricted stock and shares underlying PRSUs the vesting of which accelerates in connection with the specified event.
- (4) Pension Plan benefits shown for all termination scenarios are annual annuities assuming a 50% joint and survivor annuity option and are assumed to be payable at age 65. The surviving spouse may elect to waive the death benefit from the Pension Plan and elect instead to receive a benefit from The Genuine Parts Company Death Benefit Plan.
- (5) Mr. Donahue may elect to receive his pension benefit in the form of a lump sum payment in the event of termination within five years following a change in control. A lump sum option is not otherwise available under the plan. The lump sum payable to Mr. Donahue if he terminated December 31, 2011 following a change in control is \$314,864.
- (6) The Supplemental Retirement Plan provides for 100% vesting upon death, disability or the occurrence of a change in control. No benefits are payable if termination occurs for other reasons prior to eligibility for early retirement (at least age 55 with at least 15 years of service). The death benefit shown is payable as a lump sum to Mr. Donahue's surviving spouse in the event of his death. The lump sum death benefit is calculated as 100% of the present value of the single life annuity payable to Mr. Donahue at age 65. Disability benefits under the Supplemental Retirement Plan are annual annuity payments and are assumed to be equal to the benefit accrued under the plan as of December 31, 2010 and payable at age 65 under the elected single life annuity option.
- (7) An immediate lump sum distribution of benefits is required in the event of termination following a change in control. The lump sum value of the benefit calculated includes an estimated FICA tax gross-up amount of \$20,510.

The aggregate number of RSUs held by each director as of December 31, 2011 was as follows:

Director	Number of RSUs
Mary B. Bullock	7,848
Jean Douville	
George C. Guynn	7,832
John R. Holder	2,049
John D. Johns	7,848

- (2) Mr. Douville is an employee of our wholly-owned subsidiary, UAP Inc., a distributor of automotive replacement parts headquartered in Montreal, Quebec, Canada. For 2011, Mr. Douville received a base salary equal to \$75,878, plus \$67,845 in other benefits, including a car allowance, flexible spending account and other miscellaneous perquisites.

Compensation payable to the Company's non-employee directors is evaluated and determined by the Company's full Board of Directors. From January through June 2011, non-employee directors were paid \$8,750 per quarter for service as director, plus \$1,250 per board and committee meeting attended, except that the Chair of the Audit Committee and the Compensation, Nominating and Governance Committee were paid \$10,000 per quarter and \$1,250 per board and committee meeting attending. From July through December 2011, non-employee directors of the Company were paid \$12,500 per quarter in compensation for service as director, plus \$1,250 per board and committee meeting attended, except that the Chair of the Audit Committee and the Compensation, Nominating and Governance Committee were paid \$13,750 per quarter and \$1,250 per board and committee meeting attended. This was the first increase in director fees in six years. Non-employee directors may elect to defer the receipt of meeting and/or director fees in accordance with the terms of the Company's Directors' Deferred Compensation Plan. In addition, non-employee directors may from time to time be granted restricted stock units pursuant to the provisions of the Genuine Parts Company 2006 Long Term Incentive Plan. On April 1, 2011 each non-employee director serving on such date was granted 2,000 RSUs. Each RSU represents a fully vested right to receive one share of our common stock on April 1, 2016, or earlier upon a termination of service as a director by reason of death, disability or retirement, or upon a change in control of the Company.

Each non-employee director is required to own shares of Company common stock valued at three times his or her annual cash retainer for the prior fiscal year measured against the average stock price for the preceding three fiscal years. Existing directors who have held that position on or before November 20, 2006, the date of adoption of the stock ownership guidelines, had five years from that date to attain such a level of ownership. Directors elected after November 20, 2006 will have five years from the date of election to the Board to attain such a level of ownership. Shares counted toward this requirement will be based on shares beneficially owned by such Director (as defined by the SEC's rules and regulations) including restricted stock units and director deferred compensation shares, but excluding unexercised options.

TRANSACTIONS WITH RELATED PERSONS

The Company recognizes that transactions between the Company and any of its directors, executives or other related persons can present potential or actual conflicts of interest and create the appearance that Company decisions are based on considerations other than the best interests of the Company and its shareholders. Therefore, as a general matter and in accordance with the (1) the Code of Conduct and Ethics for Employees, Officers, Contract and/or Temporary Workers and Directors of Genuine Parts Company and (2) the Genuine Parts Company Code of Conduct and Ethics for Senior Financial Officers, it is the Company's preference to avoid such transactions. Nevertheless, the Company recognizes that there are situations where such transactions may be in, or may not be inconsistent with, the best interests of the Company. Therefore, the Company has adopted a formal policy which requires the Company's Compensation, Nominating and Governance Committee to review and, if appropriate, to approve or ratify any such transactions. Pursuant to the policy, the Committee will review any transaction in which the Company is or will be a participant and the amount involved exceeds \$120,000, and in which any of the Company's directors, executives or other related persons had, has or will have a direct or indirect material interest. After its review the Committee will only approve or ratify those transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders, as the Committee determines in good faith. The policy is attached as Appendix A to the Company's Corporate Governance Guidelines, which are available on the Company's website at www.genpt.com.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers. At the 2011 Annual Meeting of Shareholders, approximately 94% of the shares present and entitled to vote were voted in support of the Company's compensation program. We plan to hold this vote annually, so our Board of Directors is again submitting a non-binding shareholder vote on our executive compensation as described in this proxy statement (commonly referred to as "say-on-pay"). The Company seeks your advisory vote and asks that you support the compensation of our named executive officers as disclosed in this proxy statement.

As discussed in the Compensation Discussion and Analysis, we have designed our executive compensation program to attract, retain and motivate the highest quality executive officers, directly link pay to our performance, and build value for our shareholders. Highlights of our executive compensation program, as described above in the Compensation Discussion and Analysis, are:

Competitive pay near the size-adjusted 50th percentile of the market data;

A pay program that is heavily performance-based, using multiple performance measures;

A long-term incentives program that is entirely performance-based and aligned with shareholder interests through a link to stock price;

Stock ownership requirements for executives, which align the interests of the executives and shareholders;

Few perquisites;

No employment contracts or guaranteed severance except in the case of change in control;

Market-level change in control severance and no excise tax gross-ups for new change of control plan participants;

Edgar Filing: GENUINE PARTS CO - Form DEF 14A

Clawback provision included in our Annual Incentive Plan.

In sum, our compensation is designed to reward executives when the Company achieves strong financial and operational results, and likewise to provide reduced pay when financial and operating results are not as strong. We believe the 2011 compensation of our named executive officers is reflective of and consistent with that intent.

Table of Contents

This say-on-pay proposal gives our shareholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

Accordingly, the Board invites you to review carefully the Compensation Discussion and Analysis and the tabular and other disclosures on compensation under Executive Compensation and cast a vote to approve the Company's executive compensation programs through the following resolution:

Resolved, that the shareholders approve the compensation of the Company's executive officers, including the Company's compensation practices and principles and their implementation, as discussed and disclosed in the Compensation Discussion and Analysis, the executive compensation tables, and any narrative compensation disclosure contained in this Proxy Statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation, Nominating and Governance Committee or the Board of Directors. The shareholders' advisory vote will not overrule any decision made by the Board or the Committee or create or imply any additional fiduciary duty by our directors. Our Board and Compensation, Nominating and Governance Committee value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation, Nominating and Governance Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** APPROVAL OF PROPOSAL 2.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the current fiscal year ending December 31, 2012. Our Board of Directors has unanimously endorsed this selection. The Audit Committee has also pre-approved the engagement of Ernst & Young LLP to provide federal, state and international tax return preparation, advisory and related services to the Company during 2012.

Although ratification by the shareholders of the selection of Ernst & Young LLP as the Company's independent auditors is not required by law or by the Bylaws of the Company, the Audit Committee believes it is appropriate to seek shareholder ratification of this selection in light of the critical role played by the independent auditors in auditing the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting. If this selection is not ratified at the Annual Meeting, the Audit Committee may investigate the reasons for the shareholders' rejection and would reconsider its selection of independent auditors for the fiscal year ending December 31, 2012.

Ernst & Young LLP served as the Company's independent auditors for the fiscal year ended December 31, 2011. Representatives of that firm are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and to respond to appropriate questions.

Audit and Non-Audit Fees

Audit Fees. The aggregate fees billed by Ernst & Young LLP for professional services rendered for the audit of the Company's consolidated financial statements for 2010 and 2011, the auditor's report on the effectiveness of internal control over financial reporting as of December 31, 2010 and 2011 and for the reviews of the Company's consolidated financial statements included in the Company's quarterly reports on Form 10-Q filed with the SEC during 2010 and 2011 were approximately \$3.8 million and \$3.8 million, respectively.

Table of Contents

Audit Related Fees. The aggregate fees billed by Ernst & Young LLP for 2010 and 2011 for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under the caption "Audit Fees" were approximately \$65,000 and \$180,000, respectively. These services primarily related to the Company's benefit plans and accounting consultations.

Tax Fees. The aggregate fees billed by Ernst & Young LLP for 2010 and 2011 for professional services rendered for tax compliance and tax advice for the Company were \$2.4 million and \$2.5 million, respectively.

All Other Fees. No fees were billed by Ernst & Young LLP for professional services rendered during 2010 and 2011 other than as stated above under the captions "Audit Fees," "Audit Related Fees" and "Tax Fees."

Audit Committee Pre-Approval Policy

Under the Audit Committee's Charter and its Pre-Approval Policy, the Audit Committee is required to approve in advance the terms of all audit services as well as all permissible audit related and non-audit services to be provided by the independent auditors. Unless a service to be provided by the independent auditors has received approval under the Pre-Approval Policy, it will require specific pre-approval by the Audit Committee. The Pre-Approval Policy is detailed as to the particular services to be provided, and the Audit Committee is to be informed about each service provided. Non-audit services may be approved by the Chair of the Committee and reported to the full Audit Committee at its next meeting but may not be approved by the Company's management. The term of any pre-approval is twelve months unless the Audit Committee specifically provides for a different period.

The Audit Committee must approve the annual audit engagement terms and fees prior to the commencement of any audit work other than that necessary for the independent auditor to prepare the proposed audit approach, scope and fee estimates. The Audit Committee also must approve changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other items, if any. In the event audit related or non-audit services that are pre-approved under the Pre-Approval Policy have an estimated cost in excess of certain dollar thresholds, these services require specific pre-approval by the Audit Committee or by the Chair of the Audit Committee.

In determining the approval of services by the independent auditors, the Audit Committee or its Chair evaluates each service to determine whether the performance of such service would (a) impair the auditor's independence; (b) create a mutual or conflicting interest between the auditor and the Company; (c) place the auditor in the position of auditing its own work; (d) result in the auditor acting as management or an employee of the Company; or (e) place the auditor in a position of being an advocate for the Company.

All of the services described above under the captions "Audit Fees," "Audit Related Fees" and "Tax Fees" were approved by the Audit Committee pursuant to legal requirements and the Audit Committee Charter and the Pre-Approval Policy.

Audit Committee Review

The Audit Committee has reviewed the services rendered by Ernst & Young LLP during 2011 and has determined that the services rendered are compatible with maintaining the independence of Ernst & Young LLP as the Company's independent auditors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012.

Table of Contents

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of five directors who are independent directors as defined under the NYSE corporate governance listing standards. The Audit Committee operates under a written charter adopted by the Board of Directors.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management is responsible for the Company's financial statements and the financial reporting process, including implementing and maintaining effective internal control over financial reporting and for the assessment of, and reporting on, the effectiveness of internal control over financial reporting. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States and the effectiveness of the Company's internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements for the year ended December 31, 2011 and reports of management and of the independent auditors on the effectiveness of the Company's internal control over financial reporting as of December 31, 2011 contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, including a discussion of the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also reviewed and discussed with management and the independent auditors the disclosures made in Management's Discussion and Analysis of Financial Condition and Results of Operations included in the Company's 2011 Annual Report to Shareholders and its Annual Report on Form 10-K for the year ended December 31, 2011.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by Public Company Accounting Oversight Board Interim Auditing Standards AU Section 380, Communication With Audit Committees. In addition, the Audit Committee has discussed with the independent auditors the auditor's independence from the Company and its management, including the matters in the written disclosures and the letter provided by the independent auditors to the Audit Committee as required by applicable requirements of the Public Company Accounting Oversight Board Rule 3526 regarding the independent auditor's communications with the Audit Committee concerning independence, and has considered the compatibility of non-audit services with the auditor's independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their integrated audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements for the year ended December 31, 2011 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the SEC. The Audit Committee and the Board of Directors have also approved the selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2012.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who own more than ten percent of the Company's Common Stock to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Directors, executive officers and greater than ten percent shareholders are required by SEC regulation to furnish the Company copies of all Section 16(a) reports they file. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during 2011, all Section 16(a) filing requirements applicable to directors, executive officers and greater than ten percent beneficial owners were complied with by such persons.

SOLICITATION OF PROXIES

The cost of soliciting proxies will be borne by the Company. The Company has retained Georgeson Shareholder to assist in the solicitation of proxies for a fee of approximately \$9,000 and reimbursement of certain expenses. Officers and regular employees of the Company, at no additional compensation, may also assist in the solicitation. Solicitation may be by mail, telephone, Internet or personal contact.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

The SEC's rules permit us, with your permission, to send a single set of proxy statements and annual reports to any household at which two or more shareholders reside if we believe that they are members of the same family. Each shareholder will continue to receive a separate proxy card. This procedure, known as householding, reduces the volume of duplicate information you receive and helps to reduce our expenses. In order to take advantage of this opportunity, we have delivered only one proxy statement and annual report to multiple shareholders who share an address, unless we received contrary instructions from the affected shareholders prior to the mailing date. We will deliver a separate copy of the proxy statement or annual report, as requested, to any shareholder at a shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of a proxy statement or annual report, either now or in the future, or if you are currently receiving multiple copies and prefer to receive only a single copy in the future you can so request by calling us at (770) 953-1700 or by writing to us at any time at the following address: Investor Relations, Genuine Parts Company, 2999 Circle 75 Parkway, Atlanta, Georgia 30339.

A majority of brokerage firms have instituted householding. If your family has multiple holdings in the Company, you may have received householding notification directly from your broker. Please contact your broker directly if you have any questions, if you require additional copies of the proxy statement or annual report, if you are currently receiving multiple copies of the proxy statement and annual report and wish to receive only a single copy or if you wish to revoke your decision to household and thereby receive multiple statements and reports. These options are available to you at any time.

OTHER MATTERS

Management does not know of any matters to be brought before the Annual Meeting other than those referred to above. If any matters which are not specifically set forth in the form of proxy and this proxy statement properly come before the Annual Meeting, the persons designated as proxies will vote thereon as recommended by the Board of Directors or, if the Board of Directors makes no recommendation, in accordance with their best judgment.

SHAREHOLDER PROPOSALS FOR 2013 ANNUAL MEETING

A shareholder proposal for business to be brought before the 2013 Annual Meeting of Shareholders (other than nominations of persons to serve as directors) will be acted upon only in the following circumstances:

Shareholder Proposals for Inclusion in Next Year's Proxy Statement To be considered for inclusion in next year's proxy statement, shareholder proposals, submitted in accordance with the SEC's Rule 14a-8, must be received at our principal executive officers no later than the close of business on October 30, 2012 and comply with all applicable SEC rules.

Table of Contents

Other Shareholder Proposals for Presentation at Next Year's Annual Meeting of Shareholders Any shareholder proposal that is not submitted for inclusion in next year's proxy statement under SEC Rule 14a-8 but is instead sought to be presented directly at the 2013 Annual Meeting of Shareholders should be received at our principal executive offices no later than the close of business on January 13, 2013. Proposals should contain detailed information about the proposal and the shareholder proponent. SEC rules permit management to vote proxies in its discretion on such proposals in certain cases if the shareholder does not comply with this deadline, and in certain other cases notwithstanding the shareholder's compliance with this deadline.

All recommendations of persons for nomination to the Board of Directors of the Company must be received at our principal executive offices no later than the close of business on October 30, 2012 and must contain the information specified in and otherwise comply with our Corporate Governance Guidelines. See Corporate Governance Director Nominating Process.

All shareholder proposals and recommendations of persons for nomination to the Board should be sent to Genuine Parts Company, 2999 Circle 75 Parkway, Atlanta, Georgia 30339, Attention: Corporate Secretary.
