**Item 2.02 Results of Operations and Financial Condition**

Matrix Service Company (the Company) changed its reportable segments in its third quarter ended March 31, 2012. Therefore, the Company reported its results under the new reportable segments in its Quarterly Report on 10-Q for the quarter ended March 31, 2012 filed on May 8, 2012. The new reportable segments along with a description of each are as follows:

Electrical Infrastructure segment primarily encompasses high voltage services to investor owned utilities, and construction and maintenance services to clients with power plants. High voltage services include construction of new substations, existing substation upgrades, short run transmission line installations, distribution upgrades and maintenance, and storm restoration services. Construction and maintenance services are provided to a variety of power generation facilities, such as combined cycle plants, nuclear facilities, coal fired power stations, and renewable energy.

Oil Gas & Chemical segment includes our traditional turnaround activities, plant services and capital construction work in the downstream petroleum industry. Another key offering is our industrial cleaning services which include hydroblasting, hydroexcavating, chemical cleaning and vacuum services across most sectors of the energy industry. We also perform work in alternative fuels, industrial and natural gas, gas processing and compression, and upstream petroleum.

Storage Solutions segment includes new construction of, as well as planned and emergency maintenance services for crude and refined products aboveground storage tanks. Also included in the Storage Solutions segment is work related to specialty storage tanks including liquefied natural gas ( LNG ), liquid nitrogen/liquid oxygen ( LIN/LOX ), liquid petroleum ( LPG ) tanks and other specialty vessels including spheres. Finally, the Storage Solutions segment includes balance of plant work in storage terminals and tank farms.

Industrial segment includes work in the mining and metals industry, material handling, thermal vacuum chambers, as well as work in other industrial and manufacturing markets.

The Company is filing this Current Report on Form 8-K in order to provide investors with quarterly segment information for fiscal 2012, fiscal 2011 and fiscal 2010 on a basis that is consistent with the segment information included in the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2012.
