PROXY STATEMENT

GENERAL INFORMATION

Introduction

This Proxy Statement is furnished to the stockholders of record of IDT Corporation, a Delaware corporation (the **Company** or **IDT**) as of the close of business on October 19, 2012, in connection with the solicitation by the Company's Board of Directors (the **Board of Directors**) of proxies for use in voting at the Company's Annual Meeting of Stockholders (the **Annual Meeting**). The Annual Meeting will be held on Monday, December 17, 2012 at 10:30 a.m., local time, at the Hampton Inn & Suites Newark Riverwalk Hotel, 100 Passaic Ave, Harrison, New Jersey 07029. The shares of the Company's Class A common stock, par value \$0.01 per share (**Class A Common Stock**) and Class B common stock, par value \$0.01 per share (**Class B Common Stock**), present at the Annual Meeting or represented by the proxies received by telephone, Internet or mail (properly marked, dated and executed) and not revoked, will be voted at the Annual Meeting. This Proxy Statement is being mailed to the Company's stockholders starting on November 8, 2012.

Solicitation and Voting Procedures

This solicitation of proxies is being made by the Company. The solicitation is being conducted by mail and by e-mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and any reimbursements paid to brokerage firms and others for their expenses incurred in forwarding the solicitation materials regarding the Annual Meeting to the beneficial owners of the Company's Class A Common Stock and Class B Common Stock. The Company may conduct further solicitations personally, by telephone or by facsimile through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

The close of business on October 19, 2012 has been fixed as the record date (the **Record Date**) for determining the holders of shares of Class A Common Stock and Class B Common Stock entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, the Company had 22,838,633 shares outstanding and entitled to vote at the Annual Meeting, consisting of 1,574,326 shares of Class A Common Stock and 21,264,307 shares of Class B Common Stock. The remaining shares issued, consisting of 1,698,000 shares of Class A Common Stock and 2,847,485 shares of Class B Common Stock, are beneficially owned by the Company, and are not entitled to vote or to be counted as present at the Annual Meeting for purposes of determining whether a quorum is present. The shares of stock owned by the Company will not be deemed to be outstanding for determining whether a majority of the votes cast have voted in favor of any proposal.

Stockholders are entitled to three votes for each share of Class A Common Stock held by them and one-tenth of one vote for each share of Class B Common Stock held by them. The holders of Class A Common Stock and Class B Common Stock will vote as a single body on all matters presented to the stockholders. There are no dissenters' rights of appraisal in connection with any proposal.

How do I Vote?

You can vote either in person at the Annual Meeting or by proxy without attending the meeting.

Beneficial holders of the Company's Class A Common Stock and Class B Common Stock as of the Record Date whose stock is held of record by another party should receive voting instructions from their bank, broker or other holder of record. If a stockholder's shares are held through a nominee and the stockholder wants to vote at the meeting, such stockholder must obtain a proxy from the nominee record holder authorizing such stockholder to vote at the Annual Meeting.

Stockholders of record should receive a paper copy of our proxy materials and may vote by following the instructions on the proxy card that is included with the proxy materials. As set forth on the proxy card, there are three convenient methods for holders of record to direct their vote by proxy without attending the Annual Meeting: by telephone, on the Internet or by mail. To vote by phone, call the toll-free telephone number on the proxy card (1-800-PROXIES), and to vote by Internet, visit www.voteproxy.com. To vote by mail, mark, date and sign the enclosed proxy card and return it in the postage-paid envelope provided. Holders of record may also vote by attending the Annual Meeting and voting by ballot.

All shares for which a proxy has been duly executed and delivered (by telephone, Internet or mail) and not revoked will be voted at the Annual Meeting. If a stockholder of record signs and returns a proxy card but does not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone, or mail, the persons named as proxies will have the discretion to vote on those matters for you. On the date of filing this Proxy Statement with the SEC, the Board of Directors did not know of any other matter to be raised at the Annual Meeting.

How Can I Change My Vote?

A stockholder of record can revoke his, her or its proxy at any time before it is voted at the Annual Meeting by delivering to the Company (to the attention of Joyce J. Mason, Esq., Executive Vice President, General Counsel and Corporate Secretary) a written notice of revocation or by executing a later-dated proxy by telephone, Internet or mail, or by attending the Annual Meeting and voting in person.

If your shares are held in the name of a bank, broker, or other nominee, you must obtain a proxy executed in your favor from the holder of record (that is, your bank, broker, or nominee) to be able to vote at the Annual Meeting.

Quorum and Vote Required

The presence at the Annual Meeting of a majority of the voting power of the Company's outstanding Class A Common Stock and Class B Common Stock (voting together), either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstention votes and any broker non-votes (i.e., votes withheld by brokers on non-routine proposals in the absence of instructions from beneficial owners) will be counted as present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

The affirmative vote of a majority of the voting power present at the Annual Meeting and casting a vote on the Proposal will be required for the approval of the election of any director (Proposal No. 1), and for the approval, on an advisory basis, of the compensation of our Named Executive Officers (Proposal No. 2). This means that the number of votes cast for a director nominee or Proposal No. 2 must exceed the number of votes cast against that nominee or Proposal No. 2. Abstentions are not counted as votes for or against these proposals. Proposal No. 3 asks stockholders to express a preference among three possible choices - as to whether future advisory votes on executive compensation should be held every year, every two years, or every three

years. Accordingly, abstentions will not be counted as expressing any preference. If a plurality of the votes cast on this matter at the Annual Meeting is cast in favor of advisory votes on executive compensation every three years, the Company would adopt this approach.

Under New York Stock Exchange rules, without voting instructions from the beneficial owner, brokers may not vote shares on non-routine matters. The election of directors (Proposal No. 1), the approval, on an advisory basis, of the compensation of our Named Executive Officers (Proposal No. 2) and the advisory vote on the frequency of future advisory votes on executive compensation (Proposal No. 3) are all non-routine matters. In the absence of voting instructions from the beneficial owner, a broker non-vote may occur. In the event of a broker non-vote or an abstention with respect to any proposal coming before the Annual Meeting, the shares represented by the relevant proxy will not be deemed to be present and entitled to vote on those proposals for the purpose of determining the total number of shares of which a majority is required for adoption, having the practical effect of reducing the number of affirmative votes required to achieve a majority vote for such matters by reducing the total number of shares from which a majority is calculated.

How Many Votes Are Required to Approve Other Matters?

Unless otherwise required by law or the Company's Bylaws, the affirmative vote of a majority of the voting power represented at the Annual Meeting and entitled to vote will be required for other matters that may properly come before the meeting.

Stockholders Sharing the Same Address

We are sending only one copy of the Annual Report and Proxy Statement to stockholders of record who share the same last name and address, unless they have notified the Company that they want to continue to receive multiple copies. This practice, known as householding, is designed to reduce duplicate mailings and printings and postage costs. However, if any stockholder residing at such address wishes to receive a separate Annual Report or Proxy Statement in the future, he or she may contact Joyce J. Mason, Esq., Corporate Secretary, IDT Corporation, 520 Broad Street, Newark, New Jersey 07102, or by phone at (973) 438-1000, and we will promptly forward to such stockholder a separate Annual Report or Proxy Statement. The contact information above may also be used by members of the same household currently receiving multiple copies of the Annual Report and Proxy Statement in order to request that only one set of materials be sent in the future.

References to Fiscal Years

The Company's fiscal year ends on July 31 of each calendar year. Each reference to a Fiscal Year refers to the Fiscal Year ending in the calendar year indicated (e.g., Fiscal 2012 refers to the Fiscal Year ended July 31, 2012).

CORPORATE GOVERNANCE

Introduction

The Company has in place a comprehensive corporate governance framework that reflects the corporate governance requirements of the Sarbanes-Oxley Act of 2002, the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, and the corporate governance-related listing requirements of the New York Stock Exchange. Consistent with the Company's commitment to strong corporate governance, the Company does not rely on the exceptions from the New York Stock Exchange's corporate governance listing requirements available to it because it is a controlled company, except as described below with regard to (i) the composition of the Nominating Committee and (ii) the Company not having a single Nominating/Corporate Governance Committee.

In accordance with Sections 303A.09 and 303A.10 of the New York Stock Exchange Listed Company Manual, the Company has adopted a set of Corporate Governance Guidelines and a Code of Business Conduct

and Ethics, the full texts of which are available for your review in the Governance section of our website at <http://www.idt.net/about/ir/overview.asp> and which also are available in print to any stockholder upon written request to the Corporate Secretary.

The Company qualifies as a controlled company as defined in Section 303A of the New York Stock Exchange Listed Company Manual, because more than 50% of the voting power of the Company is controlled by one individual, Howard S. Jonas, who serves as Chief Executive Officer and Chairman of the Board of Directors. Notwithstanding that being a controlled company entitles the Company to exempt itself from the requirement that a majority of its directors be independent directors and that the Compensation Committee and Corporate Governance Committee be comprised entirely of independent directors, the Board of Directors has determined affirmatively that a majority of the members of the Board of Directors and the director nominees are independent in accordance with Section 303A.02 of the New York Stock Exchange Listed Company Manual and that the Compensation Committee and the Corporate Governance Committee are in fact comprised entirely of independent directors. As a controlled company, the Company may, and has chosen to, exempt itself from the New York Stock Exchange requirement that it have a single Nominating/Corporate Governance Committee composed entirely of independent directors. As noted above, and discussed in greater detail below, the Board of Directors maintains a separate Corporate Governance Committee comprised entirely of independent directors, and a Nominating Committee comprised of the Chairman of the Board of Directors and one independent director.

Director Independence

The Corporate Governance Guidelines adopted by the Board of Directors provide that a majority of the members of the Board of Directors, and each member of the Audit, Compensation and Corporate Governance Committees, must meet the independence requirements set forth therein. The full text of the Corporate Governance Guidelines, including the independence requirements, is available for your review in the Governance section of our website at <http://www.idt.net/about/ir/overview.asp>. For a director to be considered independent, the Board of Directors must determine that a director meets the Independent Director Qualification Standards set forth in the Corporate Governance Guidelines, which comply with the New York Stock Exchange definitions of independent, and is free from any material relationship with the Company and its executive officers. The Board of Directors considers all relevant facts and circumstances known to it in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation or significant financial interest. In addition to considering all relevant information available to it, the Board of Directors uses the following categorical Independent Director Qualification Standards in determining the independence of its directors:

1. During the past three years, the Company shall not have employed the director, or, except in a non-officer capacity, any of the director's immediate family members;
2. During the past three years, the director shall not have received, and shall not have an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- 3.(a) The director shall not be a current partner or employee of a firm that is the Company's internal or external auditor, (b) the director shall not have an immediate family member who is a current partner of such firm, (c) the director shall not have an immediate family member who is a current employee of such firm and personally works on the Company's audit, and (d) neither the director nor any of his or her immediate family members shall have been, within the last three years, a partner or employee of such firm and personally worked on the Company's audit within that time;
4. Neither the director, nor any of his or her immediate family members, shall be, or shall have been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation (or equivalent) committee; and

5. The director shall not be a current employee and shall not have an immediate family member who is a current executive officer of a company (excluding tax exempt organizations) that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three Fiscal Years, exceeds the greater of (a) \$1 million or (b) two percent of the consolidated gross revenues of such other company. The Corporate Governance Committee will review the materiality of such relationship to tax exempt organizations to determine if such director qualifies as independent.

Based on the review and recommendation of the Corporate Governance Committee, the Board of Directors has determined that each of Lawrence E. Bathgate, Eric Cosentino, and Judah Schorr is independent in accordance with the Corporate Governance Guidelines and, thus, that a majority of the current Board of Directors, a majority of the director nominees, and each member or nominee intended to become a member of the Audit, Compensation and Corporate Governance Committees is independent. As used herein, the term non-employee director shall mean any director who is not an employee or consultant of the Company, and who is deemed to be independent by the Board of Directors. Therefore, neither Howard Jonas nor Bill Pereira is a non-employee director. None of the non-employee directors had any relationships with the Company that the Corporate Governance Committee was required to consider when reviewing independence.

Director Selection Process

The Nominating Committee will consider director candidates recommended by the Company's stockholders. Stockholders may recommend director candidates by contacting the Chairman of the Board as provided under the heading Director Communications. The Nominating Committee considers candidates suggested by its members, other directors, senior management and stockholders in anticipation of upcoming elections and actual or expected board vacancies. All candidates, including those recommended by stockholders, are evaluated on the same basis in light of the entirety of their credentials and the needs of the Board of Directors and the Company. Of particular importance is the candidate's wisdom, integrity, ability to make independent analytical inquiries, understanding of the business environment in which the Company operates, as well as his or her potential contribution to the diversity of the Board of Directors and his or her willingness to devote adequate time to fulfill duties as a director. Under Proposal No. 1 Election of Directors below, we provide an overview of each nominee's experience, qualifications, attributes and skills that led the Nominating Committee and the Board of Directors to determine that each nominee should serve as a Director.

Director Communications

Stockholders and other interested parties may communicate with: (i) the Board of Directors, by contacting the Chairman of the Board; (ii) the non-employee directors, by contacting the Lead Independent Director; and (iii) the Audit, Compensation, Corporate Governance or Nominating Committees of the Board of Directors, by contacting the respective chairmen of such committees. All communications should be in writing, should indicate in the address whether the communication is intended for the Lead Independent Director, the Chairman of the Board, or a Committee Chairman, and should be directed care of IDT Corporation's Corporate Secretary, Joyce J. Mason, Esq., Stockholder Communications, IDT Corporation, 520 Broad Street, Newark, New Jersey 07102.

The Corporate Secretary will relay correspondence (i) intended for the Board of Directors, to the Chairman of the Board, who will, in turn, relay such correspondence to the entire Board of Directors, (ii) intended for the non-employee directors, to the Lead Independent Director, and (iii) intended for the Audit, Compensation, and Corporate Governance Committees, to the Chairmen of such committees.

The Corporate Secretary may filter out and disregard or re-direct (without providing a copy to the directors or advising them of the communication), or may otherwise handle at his or her discretion, any director communication that falls into any of the following categories:

Obscene materials;

Unsolicited marketing or advertising material or mass mailings;

Unsolicited newsletters, newspapers, magazines, books and publications;

Surveys and questionnaires;

Resumes and other forms of job inquiries;

Requests for business contacts or referrals;

Material that is threatening or illegal; or

Any communications or materials that are not in writing.

In addition, the Corporate Secretary may handle in his or her discretion any director communication that can be described as an ordinary business matter. Such matters include the following:

Routine questions, service and product complaints and comments that can be appropriately addressed by management; and

Routine invoices, bills, account statements and related communications that can be appropriately addressed by management.

BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

The Board of Directors held ten meetings in Fiscal 2012. In Fiscal 2012, each of the Company's directors attended or participated in 75% or more of the aggregate of (i) the total number of regularly scheduled meetings of the Board of Directors held during the period in which each such director served as a director and (ii) the total number of regularly scheduled meetings held by all committees of the Board of Directors during the period in which each such director served on such committees.

Directors are encouraged to attend the Company's annual meetings of stockholders, and the Company generally schedules a meeting of the Board of Directors on the same date and at the same place as the annual meeting of stockholders to encourage director attendance. All of the members constituting the Board of Directors at the time of the annual meeting of stockholders for Fiscal 2011 attended the 2011 annual meeting of stockholders.

Board of Directors Leadership Structure and Risk Oversight Role

The Company maintained separate positions of Chairman of the Board and Chief Executive Officer from August 2001 to October 2009, when James A. Courter served as the Chief Executive Officer of the Company and Howard S. Jonas served as the Chairman of the Board. Since the end of Mr. Courter's tenure as Chief Executive Officer, Howard Jonas has filled the position of Chief Executive Officer, in addition to his role as Chairman of the Board. The Board of Directors' decision was based on Howard Jonas' leadership skills and his knowledge of the Company's businesses since its inception. As Chairman of the Board, Howard Jonas provides overall leadership to the Board of Directors in its oversight function while, as Chief Executive Officer, he provides leadership in respect to the day-to-day management and operation of the Company's businesses. Howard Jonas' service as both Chairman of the Board and Chief Executive Officer creates a critical link between management and the Board of Directors. The risk management oversight roles of the Compensation, Audit and Corporate Governance Committees discussed below, which are comprised solely of independent directors, provide an appropriate and effective balance to the combined Chairman of the Board and Chief Executive Officer role.

Section 303A.03 of the New York Stock Exchange Listed Company Manual requires that the non-employee directors of the Company meet without management at regularly scheduled executive sessions. These executive sessions are held at every regularly scheduled meeting of the Board of Directors. Eric F. Cosentino, an independent director and the Lead Independent Director, serves as the presiding director of these executive sessions and has served in that capacity since December 17, 2009. The Board of Directors determined that the role of Lead Independent Director was important to maintain a well-functioning Board of Directors that objectively assesses management's proposals.

The Board of Directors and each of its committees conduct annual self-assessments in private executive sessions to review and monitor their respective continued effectiveness. As part of its Fiscal 2012 self-assessment exercise, the Board of Directors determined, among other things, that its size, composition and structure were appropriate.

The Board of Directors as a whole, and through its committees, has responsibility for the oversight of risk management, including the review of the policies with respect to risk management and risk assessment. With the oversight of the full Board of Directors, the Company's senior management is responsible for the day-to-day management of the material risks the Company faces. The Board of Directors is required to satisfy itself that the risk management process implemented by management is adequate and functioning as designed.

Each of the Audit, Compensation and Corporate Governance Committees oversees certain aspects of risk management and reports its respective findings to the full Board of Directors on a quarterly basis, and as is otherwise needed. The Audit Committee is responsible for overseeing risk management of financial matters,

financial reporting, the adequacy of the risk-related internal controls, internal investigations, and security risks, generally. The Compensation Committee oversees risks related to compensation policies and practices. The Corporate Governance Committee oversees our Corporate Governance Guidelines and governance-related risks, such as board independence, as well as senior management and director succession planning.

Board Committees

The Board of Directors has established an Audit Committee, a Nominating Committee, a Compensation Committee and a Corporate Governance Committee.

The Audit Committee

The Audit Committee consists of Lawrence Bathgate (Chairman), Eric Cosentino and Judah Schorr, and is responsible for, among other things, the appointment, compensation, removal and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee also oversees management's performance of its responsibility for the integrity of the Company's accounting and financial reporting and its systems of internal controls, the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements. The Audit Committee operates under a written Audit Committee charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://www.idt.net/about/ir/overview.asp>, and is also available in print to any stockholder upon request to the Corporate Secretary. The Audit Committee held ten meetings during Fiscal 2012. The Board of Directors has determined that (i) all of the members of the Audit Committee are independent within the meaning of the Section 303A.07(b) and Section 303A.02 of the New York Stock Exchange Listed Company Manual and Rule 10A-3(b) under the Securities Exchange Act of 1934, and (ii) that Mr. Bathgate qualifies as an audit committee financial expert within the meaning of Item 407(d)(5) of Regulation S-K.

The Nominating Committee

The Nominating Committee is responsible for overseeing nominations to the Board of Directors, including: (i) developing the criteria and qualifications for membership on the Board of Directors, (ii) recommending candidates to fill new or vacant positions on the Board of Directors, and (iii) conducting appropriate inquiries into the backgrounds of potential candidates. A summary of new director qualifications can be found under the heading Director Selection Process. The Nominating Committee currently consists of Howard S. Jonas (Chairman) and Eric Cosentino. The Board of Directors has determined that Eric Cosentino is independent in accordance with Section 303A.04 of the New York Stock Exchange Listed Company Manual. Howard Jonas is not independent. The Company, as a controlled company, is exempt from the requirement to maintain an independent nominating committee pursuant to Section 303A.00 of the New York Stock Exchange Listed Company Manual. The Nominating Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://www.idt.net/about/ir/overview.asp>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Nominating Committee held two meetings in Fiscal 2012. On October 31, 2011, Bill Pereira was recommended by the Nominating Committee to fill a vacancy resulting from the resignations of W. Wesley Perry and James A. Courter from the Board of Directors. The Board of Directors decreased the size of the Board of Directors to five members. Mr. Pereira became a member of the Board of Directors on October 31, 2011.

The Compensation Committee

The Compensation Committee is responsible for, among other things, reviewing, evaluating and approving all compensation arrangements for the executive officers of the Company, evaluating the performance of executive officers, administering the Company's 2005 Stock Option and Incentive Plan, as amended and restated, and, its predecessor, the 1996 Stock Option and Incentive Plan, as amended and restated, and recommending to the Board of Directors the compensation for Board members, such as retainers, committee and other fees, stock

option, restricted stock and other stock awards, and other similar compensation as deemed appropriate. The Compensation Committee confers with the Company's executive officers when making the above determinations. The Compensation Committee currently consists of Messrs. Bathgate (Chairman), Cosentino and Schorr. The Compensation Committee held eight meetings during Fiscal 2012. The Compensation Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://www.idt.net/about/ir/overview.asp>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors has determined that all of the members of the Compensation Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

Beginning in Fiscal 2010, the Compensation Committee adopted Company-wide goals and objectives for the fiscal year to be used as a guide when determining annual bonus payments to executive officers after the end of the fiscal year. The Compensation Committee reviews the goals and objectives at the end of the fiscal year to determine the amounts of annual cash bonuses to be awarded to executive officers.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee have served as an officer or employee of the Company or have any relationship with the Company that is required to be disclosed under the heading Related Person Transactions.

The Corporate Governance Committee

The Corporate Governance Committee is responsible for, among other things, reviewing and reporting to the Board of Directors on matters involving relationships among the Board of Directors, the stockholders and senior management. The Corporate Governance Committee (i) reviews the Corporate Governance Guidelines and other policies and governing documents of the Company and recommends revisions as appropriate, (ii) reviews any potential conflicts of interest of independent directors, (iii) reviews and monitors related person transactions, (iv) oversees the self-evaluations of the Board of Directors, the Audit Committee and the Compensation Committee and (v) reviews and determines director independence, and makes recommendations to the Board of Directors regarding director independence. The Corporate Governance Committee currently consists of Messrs. Cosentino (Chairman), Bathgate and Schorr. The Corporate Governance Committee held five meetings in Fiscal 2012. The Corporate Governance Committee operates under a written charter adopted by the Board of Directors, which can be found in the Governance section of our web site, <http://www.idt.net/about/ir/overview.asp>, and which is also available in print to any stockholder upon request to the Corporate Secretary. The Board of Directors has determined that all of the members of the Corporate Governance Committee are independent within the meaning of Section 303A.02 of the New York Stock Exchange Listed Company Manual and the categorical standards set forth above.

2012 COMPENSATION FOR NON-EMPLOYEE DIRECTORS

Annual compensation for non-employee directors for Fiscal 2012 was comprised of equity compensation, consisting of awards of restricted Class B Common Stock, and cash compensation. Each of these components is described in more detail below.

Director Equity Grants

Pursuant to the Company's 2005 Stock Option and Incentive Plan, as amended and restated, each non-employee director of the Company who is deemed to be independent will receive, on each January 5th (or the next business day thereafter), an automatic grant of 4,166 shares of restricted Class B Common Stock, which vest immediately upon grant. In addition, each non-employee director who serves as a member of one or more committees of the Board of Directors of the Company as of January 5th (or the next business day thereafter) will receive an additional annual automatic grant of 4,166 shares of Class B Common Stock (without duplicate grants for serving on multiple committees). A new director who becomes a member of the Board of Directors during the course of the calendar year receives an automatic grant on the date that he or she becomes a director in the amounts specified above, pro rated based on the calendar quarter of the year in which such person became a director. The stock is granted on a going forward basis, before the director completes his or her service for the calendar year. All such grants of stock to non-employee directors are subject to certain terms and conditions described in the Company's 2005 Stock Option and Incentive Plan, as amended and restated.

Director Board Retainers

Each non-employee director of the Company who attended at least 75% of the regularly scheduled meetings of the Board of Directors during a calendar year receives an annual cash retainer of \$50,000. Such payment is made in January following the calendar year in which the non-employee director attended at least 75% of the regularly scheduled meetings of the Board of Directors. The annual cash retainer is pro-rated (by calendar quarter based on the calendar quarter when service on the Board of Directors began or ended) for non-employee directors who join the Board of Directors or depart from the Board of Directors during the prior year, if such director attended 75% of the applicable board meetings for such partial calendar year. The Company's Chief Executive Officer may, in his discretion, waive the requirement of 75% attendance by a director to receive the annual retainer in the case of mitigating circumstances.

Committee Fees

Non-employee directors who serve on committees of the Board of Directors, and were members of the Board of Directors prior to October 2012, receive the following annual fees: \$25,000 for service on the Audit Committee, \$15,000 for service on the Compensation Committee and \$10,000 for service on the Corporate Governance Committee. Committee fees are paid quarterly to committee members who attend at least 75% of the meetings of each committee's regularly scheduled meetings during a calendar quarter. In October 2012, the Board determined that any future non-employee directors, other than the then-serving non-employee directors, will not receive annual cash fees for committee service. The members of the Nominating Committee do not receive payment from the Company for their service on this committee.

Lead Independent Director

There is no additional compensation for the Lead Independent Director. Eric Cosentino has served as the Lead Independent Director since December 17, 2009.

RELATED PERSON TRANSACTIONS

Review of Related Person Transactions

On December 14, 2006, the Board of Directors adopted a Statement of Policy with respect to Related Person Transactions, which was administered by the Audit Committee until March 13, 2008, at which time the Board of Directors transferred such administration to the Corporate Governance Committee. This policy initially covered any transaction or series of transactions in which the Company or a subsidiary is a participant, the amount involved exceeds \$120,000 and a Related Person has a direct or indirect material interest. Related Persons include directors, director nominees, executive officers, any beneficial holder of more than 5% of any class of the Company's voting securities, and any immediate family member of any of the foregoing persons. On April 19, 2010, the Board of Directors expanded the scope of the policy to include transactions which, despite not meeting all of the criteria set forth above, would otherwise be considered material to investors based on qualitative factors, as determined by the Corporate Governance Committee with input from the Company's management and advisors. Transactions that fall within the definition are considered by the Corporate Governance Committee for approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, the Corporate Governance Committee will decide whether or not to approve such transaction and will approve only those transactions that are in the best interests of the Company and its stockholders. If the Company becomes aware of an existing Related Person Transaction that has not been approved under this Policy, the matter will be referred to the Corporate Governance Committee. The Corporate Governance Committee will evaluate all options available, including ratification, revision or termination of such transaction.

Transactions with Related Persons, Promoters and Certain Control Persons

All of the following ongoing Related Person Transactions were approved in accordance with the policy described above:

IDT Domestic Telecom, Inc., a subsidiary of the Company, leases space at 3220 Arlington Avenue, Bronx NY. The property is owned by Arlington Suites, LLC, a company owned by Shmuel Jonas and Howard Jonas. The initial lease was signed in August 2009, after the Company completed the move of most of its operations to 550 Broad Street, Newark, NJ and found that it did not have sufficient space to house the Union Telecard Alliance business. The original lease covered 3,304 square feet of office space, 1,660 square feet of storage space and 10 parking spaces. IDT Domestic Telecom paid \$135,100 per year for a two year occupancy, which commenced in May 2010, and \$66,080 in build out costs, all of which was paid at inception. The space occupied by IDT Domestic Telecom was modified over the course of the lease period and the rent was adjusted lower on a pro rata basis. The initial lease expired at the end of April 2012, but IDT Domestic Telecom continued to occupy the space. For the six month period from May 1, 2012 until October 31, 2012, IDT Domestic Telecom was charged a total of \$34,513. The parties entered into a new lease, which became effective November 1, 2012 and has a one-year term, with a one-year renewal option for IDT Domestic Telecom with the same terms. The new lease covers 1,465 square feet of office space, at an annual rental rate of \$25 per square foot, 1,240 square feet of storage space, at an annual rental rate of \$15 per square foot, and five parking spaces, at a monthly rental rate of \$230 per space, for a total annual rent of \$69,025. The Company has determined that the space is well suited and located to meet the needs of IDT Domestic Telecom, and that the terms of the lease, including the rental price, are in accord with the terms for comparable commercial space in the area.

On October 28, 2011, the Company spun off its subsidiary, Genie Energy Ltd. (" Genie "). In connection with the spin-off, the Company and Genie entered into a Transition Services Agreement, dated October 28, 2011 (the " TSA "), pursuant to which the Company provides certain services to Genie, which is controlled by Howard S. Introduction

It is the responsibility of the Compensation Committee of our board of directors to oversee our general compensation policies; to determine the base salary and bonus to be paid each year to each of our executive officers; to oversee our compensation policies and practices as they relate to our risk management; and to determine the compensation to be paid each year to our non-employee directors for service on our board of directors and the various committees of our board of directors. In addition, the Compensation Committee administers our Stock Option and Incentive Plan with respect to restricted stock and stock option grants or other equity-based awards made to our executive officers. Further, certain individuals have received grants of equity in certain of our subsidiaries. Shares of restricted stock are granted to our non-employee directors automatically under our Stock Option and Incentive Plan on an annual basis.

Elements of Compensation

The three broad components of our executive officer compensation are base salary, annual cash incentive bonus awards, and long term equity-based incentive awards. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the

executive officers, as well as the Company as a whole, in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our board, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation plans are serving their intended purposes and are functioning reasonably. Below is a description of the general policies and processes that govern the compensation paid to our executive officers, as reflected in the accompanying compensation tables.

Company Performance

During Fiscal 2012, the Company operated in accordance with its business plan, and delivered strong performance that exceeded the budgeted amounts in most categories. Revenue increased by 11.5% compared to Fiscal 2011. Net income attributable to IDT increased to \$38.6 million, compared to \$26.8 million in the prior year, and diluted earnings per share were \$1.75 compared to Fiscal 2011's \$1.19. IDT Telecom's minutes of use increased by 17.3% year over year. The improvements in revenue and bottom line were driven by growth at IDT Telecom's Retail Communications and Wholesale Termination Services lines of business, as well as modest growth in its Payment Services line of business, and were delivered consistently over the course of the year compared to the corresponding periods in the prior year. Declines in sales of traditional disposable prepaid calling cards were more than offset by growth of other products and services, particularly sales over the Company's Boss Revolution platform. In addition, both Fabrix and Zedge delivered year over year increases in revenue.

In connection with the spin-off of Genie, IDT's cash balances were reduced by \$106 million. Excluding that event, IDT's cash and cash equivalents increased by \$11.4 million over the course of Fiscal 2012. In Fiscal 2012, IDT paid an aggregate of approximately \$15 million in dividends to its stockholders, and repurchased 269,148 shares of its Class B Common Stock for \$2.6 million.

Compensation Structure, Philosophy and Process

Our executive compensation structure is designed to attract and retain qualified and motivated personnel and align their interests with the short-term and long-term goals of the Company and with the best interests of our stockholders. Our compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and planned organic growth and changes in operations, as well as for the business units that represent longer-term growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

The base salary levels we pay to each of our Named Executive Officers are based on the responsibilities undertaken by the respective individuals, if applicable, the business unit managed and its complexity and role within the Company, and the market place for employment of people of similar skill and background. The base salaries paid are determined by discussions with the covered individual and his manager and budgetary considerations and approved by the relevant members of our senior management and, in the case of executive officers and certain other key, highly compensated individuals, our Compensation Committee.

Incentive compensation is designed to reward contributions to achieving the Company's goals for the current period and for the longer term. Cash bonuses are awarded based upon goals that are set out early in each fiscal year. Those goals are set for the Company and for specific operating divisions, and are designed to set forth achievable goals for the current performance of the Company and its business units and for current contributions to long-term initiatives. The levels of bonuses paid to individual executives are based on the Company meeting the goals and metrics outlined, the individual's role in achieving those goals, if relevant, the performance of the business unit over which the individual exercised management, and other accomplishments during the year that were deemed relevant in specific instances. Following the end of a fiscal year, our management sets Company-wide bonus levels for the fiscal year then ended, based on Company performance and available resources. The

proposed bonuses are then presented to the Compensation Committee. The bonus amounts awarded to executive officers are the result of subjective determinations made by the relevant members of management and the Compensation Committee with respect to each subject individual, based on Company and individual performance, particularly relative to the performance factors set by the Compensation Committee for the fiscal year, and levels relative to the bonuses of other personnel and officers. Individual bonus levels are not determined based on previously established formulae, targets or ranges, though prior year levels, performance versus budgets and similar figures may serve as guidelines for bonuses for certain executives, and individuals and their direct supervisors may use target figures in initiating discussions of bonus levels.

Executive officers are eligible to receive cash bonuses of up to 100% of base salary (or up to 120% or higher upon extraordinary performance) based upon performance, including the specific financial and other goals set by the Compensation Committee, which goals are Company-wide, specific to a business unit or specific to an executive and his area of responsibility, as well as specific extraordinary accomplishments by such officers during the relevant period. Specific bonuses will depend on the individual achievements of executives and their contribution to achievement of the enumerated goals. These goals are approved by the Compensation Committee.

In connection with the spin-off of Genie Energy from IDT in October 2011, it was agreed between IDT and Genie Energy that Howard Jonas base salary (which, in accordance with his employment agreement (as amended and restated) described below provides that substantially all of his base compensation through December 31, 2013 be paid in Common Stock of IDT that was granted in 2008 and vests through 2013) would be paid by IDT, while Genie Energy would be responsible for paying his bonus compensation through the remainder of the term of the employment agreement. Accordingly, for Fiscal 2012 (which bonus would be payable in Fiscal 2013), Howard Jonas is not eligible to receive cash bonus compensation from IDT.

Equity grants are made in order to provide longer term incentive compensation and to better align the interests of our executives with our stockholders. Executives have been granted equity interests in the Company and, in limited circumstances, with regard to individuals whose areas of responsibility focus on specific operations or who have contributed in significant ways to specific subsidiaries, in those subsidiaries, so as to better incentivize and reward the executives for the results of their efforts.

Compensation Decisions Made in Fiscal 2012

Goals and Performance

For Fiscal 2011, IDT's compensation committee set the following goals for company and executive performance: (i) meet or exceed Budgeted EBITDA of \$34.2 million Company-wide, (ii) generate positive operating cash flow, (iii) secure additional financing for IEI's development efforts, (iv) evaluate and execute financing for IDT Telecom, (v) extend the IDT Energy financing arrangement with BP, (vi) reduce the carrying cost of the 520 Broad Street headquarters building through leasing, selling or restructuring, and (vi) complete the internal restructuring and separation of business units in preparation of the Genie spin-off.

In Fiscal 2012 management presented its results for Fiscal 2011 relative to such goals to IDT's Compensation Committee: (i) IDT recorded EBITDA of \$37.6 million, exceeding the target by 9.9%, (ii) IDT had operating cash flow of \$61.9 million and total cash flow of \$30.5 million, including payment of \$15 million in dividends and expending \$7.5 million in buying back stock, (iii) Genie secured a \$10 million capital raise from Rothschild, (iv) the IDT Telecom financing effort was deferred to Fiscal 2012, (v) the IDT Energy arrangement with BP was extended through 2014 and expanded to cover additional territories, (vi) the carrying costs on the building at 520 Broad Street were reduced, but no strategic transaction was consummated, and (vi) the internal restructuring was completed and the Genie spin-off was completed in fall 2012.

Bonus Awards

In connection with such performance and accomplishments, individual bonus levels were determined and paid in Fiscal 2012.

Howard Jonas was paid a cash bonus of \$400,000, representing a \$25,000 increase of the prior year's bonus. Howard Jonas' role as Chairman and Chief Executive Officer was essential to the Company's overall performance, and his direction and guidance in all major undertakings, Company-wide, were essential to the accomplishment of all goals set for the year. In particular, his oversight on the internal restructuring and changes at IDT Telecom drove the improvement in the Company's financial performance. Howard Jonas' relationships and personal efforts were the primary reason for the success in the capital raise at Genie.

Shmuel Jonas was paid a cash bonus of \$100,000—the same bonus level as was paid in the prior fiscal year. Shmuel Jonas was one of the executives tasked with executing the Company's internal restructuring and cost cutting initiative. In addition, during Fiscal 2011, Shmuel Jonas took on a more active role in the operations of IDT Telecom and strategic initiatives within that business unit. His roles were essential in the Company achieving levels of EBITDA above budget and in generating positive operating cash flow as well as reducing the carrying costs of 520 Broad Street.

Marcelo Fischer, who was not an executive officer during Fiscal 2011, received a bonus of \$115,000. Mr. Fischer's position during Fiscal 2011 as Chief Financial Officer of IDT Telecom, was a key role within IDT Telecom, and thus the Company, achieving its financial goals. He took an active role in cost-cutting measures at IDT Telecom and was a driving force behind many strategic initiatives at that division resulting in growth in revenues despite erosion of historical business lines.

Liore Alroy was paid a cash bonus of \$400,000, representing a \$25,000 increase of the prior year's bonus. During Fiscal 2011, Mr. Alroy served as Chief Executive Officer of IDT Telecom, as well as a strategic advisor to Howard Jonas on other Company matters. As CEO of IDT Telecom, Mr. Alroy was responsible for the overall performance of the Company's largest business unit and drove the results to year over year improvements despite a challenging competitive environment. He was directly involved in cost cutting measures at IDT Telecom and for implementation of the internal restructuring at that division. His initiatives also positioned IDT Telecom for continued growth despite radical changes in the telecommunications industry and for the Company's product mix in particular. In addition, Mr. Alroy was involved in strategic planning for the separation of the Company's business units and other initiatives outside of IDT Telecom.

Bill Pereira was paid a cash bonus of \$300,000, representing a \$15,000 increase of the prior year's bonus level. He served as Chief Financial Officer of IDT during Fiscal 2011 and the first three months of Fiscal 2012. In that capacity, Mr. Pereira directed all major financial decisions and initiatives that led to the Company exceeding its financial performance goals. He was involved in all financing efforts across all business units, and was the IDT executive primarily responsible for execution of the separation of business units, including the spin-off of Genie. Together with Shmuel Jonas, Mr. Pereira designed and implemented the Company's internal restructuring and cost-cutting program that was essential to bottom line performance.

Base Salaries

The Company pays base salaries to its executives intended to meet the goals and purposes outlined above. The base salaries of certain executives are set forth in written agreements with the Company, which agreements are described below. Subject to those written agreements, the base salaries are set by the Compensation Committee on an annual basis, based on presentations made by management.

During Fiscal 2012, Howard Jonas was paid a cash base salary of \$35,000 plus the previously issued capital stock of the Company provided for in his written employment agreement. At the beginning of Fiscal 2012, Shmuel Jonas' base salary was raised to an annual rate of \$395,000 from \$355,000. The increase was implemented in respect of significantly increased responsibilities undertaken by Shmuel Jonas with regard to ongoing operations in addition to his responsibilities for specific initiatives and transactions. The increase also served to bring Shmuel Jonas' base salary closer to the levels paid to other executives with similar levels of responsibility.

In Fiscal 2012, Marcelo Fischer's base salary was maintained at an annual rate of \$388,000 unchanged from the prior period.

Prior to the Genie spin-off, Mr. Alroy was receiving an annual base salary of \$727,500, in his capacity as Chief Executive Officer of IDT Telecom. In October 2011, in connection with Mr. Alroy's assumption of non-executive advisory roles at both IDT and Genie, Mr. Alroy entered into written employment agreements with IDT and Genie. The agreement with IDT provides for an annual base salary of \$363,750.

At the beginning of Fiscal 2012, Mr. Pereira was paid an annual base salary of \$460,000. In November 2011, Mr. Pereira entered into an employment agreement with IDT Telecom providing, among other things, for an increase in his base salary to \$500,000 per annum.

In connection with the spin-off of Genie from IDT, all holders of common stock of IDT, including our Named Executive Officers, received shares of Genie common stock on a one-for-one basis. Also, in connection with the spin-off, holders, including Messrs. Fischer and Pereira and Ms. Mason, of options to purchase IDT Class B Common Stock were issued options to purchase shares of Genie Class B common stock. PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, we are asking our stockholders to cast an advisory vote on the compensation of the Named Executive Officers identified in the 2012 Summary Compensation Table in the Executive Compensation section of this Proxy Statement. This vote is advisory and not binding on the Company; however, it will provide feedback concerning our executive compensation program.

As noted in the Compensation Discussion and Analysis included in the Executive Compensation section of this Proxy Statement, the Compensation Committee believes that our executive compensation program implements and achieves the goals of our executive compensation philosophy. That philosophy, which is set by the Compensation Committee, is designed to attract and retain qualified and motivated personnel and align their interests with the short-term and long-term goals of the Company and with the best interests of our stockholders. Our compensation philosophy is to provide compensation to attract the individuals necessary for our current needs and growth initiatives, and provide them with the proper incentives to motivate those individuals to achieve our long-term plans.

The three broad components of our executive officer compensation are base salary, annual cash incentive bonuses awards, and long term equity-based incentive awards. The Compensation Committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the Compensation Committee, in conjunction with our Board of Directors, reviews the relationship of executive compensation to corporate performance generally and with respect to specific enumerated goals that are established by the Compensation Committee early in each fiscal year. The Compensation Committee believes that our current compensation plans are competitive and reasonable.

Further details concerning how we implement our philosophy and goals, and how we apply the above principles to our compensation program, are provided in the Compensation, Discussion and Analysis above. In particular, we discuss how we set compensation targets and other objectives and evaluate performance against those targets and objectives to assure that performance is appropriately rewarded.

The compensation of our Named Executive Officers was set by our Compensation Committee of the Board of Directors of IDT Corporation after discussions with management about the recommended levels and components of compensation for each of the individuals.

Stockholders are urged to read the Compensation, Discussion and Analysis and other information in the Executive Compensation section of this Proxy Statement. The Compensation Committee and the Board of Directors believe that the information provided in that section demonstrates that our executive compensation program aligns our executives' compensation with IDT's short-term and long-term performance and provides the compensation and incentives needed to attract, motivate and retain key executives who are crucial to IDT's long-term success. Accordingly, the following resolution will be submitted for a stockholder vote at the Annual Meeting:

RESOLVED, that the stockholders of IDT Corporation (the Company) approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures.

Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the results of the vote. The Compensation Committee will consider stockholders' concerns and take them into account in future determinations concerning our executive compensation program.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS STATED IN THE ABOVE RESOLUTION.

PROPOSAL NO. 3

ADVISORY VOTE ON FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

In addition to seeking our stockholders' advisory vote on the compensation of our Named Executive Officers, we are asking our stockholders to express a preference as to how frequently future advisory votes on executive compensation should take place. As required by Section 14A of the Securities Exchange Act of 1934, we are giving stockholders the opportunity to express a preference to cast such advisory votes annually, every two years or every three years; stockholders also have the option to abstain from voting on this matter. For the reasons discussed below, the Board of Directors recommends that advisory votes on executive compensation take place every three years.

The Board believes that a vote every three years provides adequate assurance that the Board of Directors and the Compensation Committee remain accountable for executive compensation decisions on a frequent basis.

Accordingly, our Board believes that an advisory vote every three years is preferable, as it would foster a long-term approach to evaluating our executive compensation program while maintaining accountability for executive compensation decisions. If a plurality of the votes cast on this matter at the Annual Meeting is cast in favor of advisory votes on executive compensation every three years, the Company would adopt this approach. On this basis, the next advisory vote on executive compensation, would take place at the Company's 2015 Annual Meeting.

Although the frequency vote is non-binding, the Compensation Committee and the Board will review the results of the vote. The Board and the Compensation Committee will consider stockholders' views and take them into account in determining the frequency of future advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS SELECT THREE YEARS ON THE PROPOSAL CONCERNING THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.

THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2013

Grant Thornton LLP was the Company's independent registered public accounting firm for Fiscal 2012 and has served the Company as its independent registered public accounting firm since March 26, 2008. The Audit Committee intends to invite Grant Thornton LLP and other independent registered public accounting firms to be considered for the engagement to serve as the Company's independent registered public accounting firm for the remainder of Fiscal 2013. The Company, therefore, is not asking stockholders to ratify at the Annual Meeting the appointment of Grant Thornton LLP or any other firm as the Company's independent registered public accounting firm for the Fiscal Year ending July 31, 2013.

We expect that representatives for Grant Thornton will be present at the Annual Meeting, will be available to respond to appropriate questions and will have the opportunity to make such statements as they may desire.

Audit and Non-Audit Fees

The following table presents fees billed for professional services rendered by Grant Thornton LLP for the Fiscal Years ended July 31, 2012 and July 31, 2011.

Fiscal Year Ended July 31	2012	2011

Tax Fees	67,718	26,120
All Other Fees		
Total	\$ 1,342,258	\$ 1,760,720

(1) Audit Fees consist of fees for the audit of the Company's financial statements, as well as fees for the audits of management's assessment of the effectiveness of the Company's internal control over financial reporting and the effectiveness of internal control over financial reporting.

(2) Audit Related Fees consist of assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements.

The Audit Committee concluded that the provision of the non-audit services listed above is compatible with maintaining the independence of Grant Thornton LLP.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of the Company's independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm, and all such services were approved by the Audit Committee in Fiscal 2012 and Fiscal 2011.

The Audit Committee assesses requests for services by the independent registered public accounting firm using several factors. The Audit Committee will consider whether such services are consistent with the PCAOB's and SEC's rules on auditor independence. In addition, the Audit Committee will determine whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service based upon the members' familiarity with the Company's business, people, culture, accounting systems, risk profile and whether the service might enhance the Company's ability to manage or control risk or improve audit quality.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee's function is more fully described in its charter, which can be found on the Company's website at www.idt.net. The Committee reviews the charter on an annual basis. The Board of Directors annually reviews the NYSE listing standards' definition of independence for Audit Committee members and has determined that each member of the Committee meets that standard. The Board of Directors has also determined that Lawrence E. Bathgate, II qualifies as an audit committee financial expert within the meaning of Item 407(d)(5) of Regulation S-K.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent registered public accounting firm for Fiscal 2012, Grant Thornton LLP, is responsible for performing independent audits of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles.

The Committee has reviewed and discussed with the Company's management the audited financial statements of the Company for the Fiscal Year ended July 31, 2012, as well as the effectiveness of the Company's internal controls over financial reporting as of July 31, 2012, and has discussed with Grant Thornton LLP the matters required to be discussed by the Statement on Auditing Standards Board Standard No. 61, as amended, Communication with Audit Committees. In addition, Grant Thornton LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with Grant Thornton LLP its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2012, for filing with the Securities and Exchange Commission.
