Earnings Release for the Nine Months Ended December 31, 2012

1. Information on Consolidated Results

(1) Operating Results

i. Business Overview

As Japan's mobile telecommunications market continues to mature, competition among operators remains intense with user movements using Mobile Number Portability (MNP) system becoming increasingly active amid a major market transition caused by changes such as the rapid proliferation of smartphones.

Under these market conditions, we developed our corporate vision for 2020, "Pursuing Smart Innovation: HEART" with the goal of achieving further growth and proposing new values to society. To establish the clear steps toward this goal, we also developed our "Medium-Term Vision 2015" and implemented various measures to transform ourselves into "an Integrated Service Company placing mobile at the core."

During the nine months ended December 31, 2012, we have strived to increase the adoption of smartphones and Xi LTE service and deliver cloud-based services under the "docomo cloud" brand, while working on the expansion of new businesses* in cooperation with various alliance partners.

With regard to the "dmarket," a marketplace accessible via smartphones and tablets, we have been undertaking initiatives, such as a launch of "dshopping," aiming to add service options closely related to our customers' daily lives by enriching contents and goods offered through "dmarket." We are also cooperating with our alliance partners in the development of new medical/healthcare services, by leveraging docomo Healthcare, Inc., a joint venture we established with OMRON HEALTHCARE Co., Ltd.

Further, we announced the creation of a new business incubation program and venture investment fund for the purpose of creating new services jointly with venture companies in Japan.

Meanwhile, we completed by the end of December 2012 the implementation of a number of measures to prevent recurrence of the series of service interruptions reported during the period between June 2011 and January 2012.

Also, to prepare against possible earthquakes and other disasters in the future, we have moved ahead with the dispersion of important facilities, opening new backup centers in Kyushu and Kansai in July and November 2012, respectively. In addition, as a new initiative to enhance our preparedness against long power outages, we introduced remote-controlled power-saving schemes in our nationwide base stations.

As a provider of social infrastructure, we will continue to employ measures to maintain communication services and construct a safe, secure and high-quality network.

For the nine months ended December 31, 2012, in our cellular services revenues, while voice revenues decreased by ¥206.4 billion due mainly to the impacts of penetration of the "Monthly Support" discount program and a decrease in MOU (Minutes of Use), packet revenues increased by ¥105.3 billion due to an increase in the number of Xi subscriptions and a growth in the user base of smartphones as a result of our active sales promotion. Other revenues grew by ¥69.1 billion owing mainly to an expansion of our new businesses via strategic alliances and other measures. Equipment sales revenues grew by ¥228.7 billion due to an increase in wholesale price per unit and an increase in the number of handsets sold to agent resellers. Consequently, we recognized operating revenues of ¥3,370.8 billion (an increase of ¥196.6 billion from the same period of the previous fiscal year).

Despite our ongoing cost-cutting efforts, operating expenses increased by ¥238.2 billion from the same period of the previous fiscal year to ¥2,668.6 billion as a result of costs for measures aimed to strengthen our cloud businesses and to expand new businesses as well as increased costs of equipment sold due to an increase in the purchase price per handset and the number of handset sold to agent resellers.

Table of Contents

DOCOMO Earnings Release

Nine Months Ended December 31, 2012

As a result of the foregoing, we recorded operating income of ¥702.2 billion (a decrease of ¥41.6 billion from the same period of the previous fiscal year).

Income before income taxes and equity in net income (losses) of affiliates was ¥699.2 billion and net income attributable to NTT DOCOMO, INC. was ¥416.5 billion (an increase of ¥21.9 billion from the same period of the previous fiscal year).

* Eight business fields in media content business, finance/payment business, commerce business, medical/healthcare business, Machine-to-Machine (M2M) business, aggregation/platform business, environment/ecology business, and safety/security business

Table of Contents**DOCOMO Earnings Release****Nine Months Ended December 31, 2012**

Table of Contents**DOCOMO Earnings Release****Nine Months Ended December 31, 2012**

ARPU and MOU

We newly introduced Smart ARPU as a performance indicator that is specifically designed to reflect revenues from new businesses, in addition to conventional Voice ARPU and Packet ARPU indicators, in the second quarter of the fiscal year ending March 31, 2013, in order to show the continuous growth that we aim to achieve by the Transformation into an Integrated Service Company placing mobile at the core.

<Trend of ARPU and MOU>

	Nine months ended December 31, 2011	Nine months ended December 31, 2012	Yen	
			Increase (Decrease)	
Aggregate ARPU*	¥ 5,200	¥ 4,890	¥ (310)	(6.0)%
Voice ARPU	2,270	1,800	(470)	(20.7)
Packet ARPU	2,580	2,690	110	4.3
Smart ARPU	350	400	50	14.3
MOU* (minutes)	128	119	(9)	(7.0)%

Notes:

1. ARPU and MOU data for the nine months ended December 31, 2011 include ARPU and MOU for Cellular (mova) services.
 2. With the introduction of Smart ARPU, Aggregate ARPU includes Smart ARPU. Some elements (revenues from content and other services) included in conventional Packet ARPU for the nine months ended December 31, 2011 have been retroactively reclassified into Smart ARPU. The impact of the reclassification is ¥90.
- * See 4. (2) Definition and Calculation Methods of ARPU and MOU on page 20 for definition and calculation methods.

DOCOMO Earnings Release

Nine Months Ended December 31, 2012

ii. Segment Results

Mobile phone business

Toward the goal of further improving customer satisfaction, we have been working on the development and provision of products and services that can meet customers' diverse requirements.

<< Expanding the adoption of smartphones/Xi LTE service >>

We released a total of 40 new models, focusing on devices compatible with Xi or NOTTV V-high multimedia broadcasting service, in a continual effort to enrich our product lineup. We also introduced models equipped with a quad-core CPU or large-capacity battery to enhance the convenience of our smartphone products.

In October 2012, we launched a new flat-rate billing option for packet access using Xi service, Xi Pake-hodai Light, and new data-only billing plans for Xi service, Xi Data Plan Light Ninen and Xi Data Plan Light, to respond to customers' diversified usage of Xi-enabled smartphones, tablets, data devices, etc.

We steadily moved ahead with the expansion of Xi coverage and raised Xi's maximum downlink transmission speed to 100Mbps in some areas starting November 2012. We also completed the development of Xi femtocell ultra-compact base station equipment compatible with both LTE and 3G systems and started their installation in December 2012.

In October 2012, we upgraded docomo Anshin Scan virus protection service for smartphones by adding a feature that screens applications that access users' personal data, and we started offering Network Security Anshin Pack, a security package that also combines the virus check on sp-mode mail service.

We opened a new smartphone-dedicated call center in Sendai, in addition to our existing call centers in Tokyo and Osaka, to establish a structure that allows us to respond promptly to the inquiries from smartphone users. The Sendai call center began full-scale operation in November 2012.

The subscriber base of Smartphone Anshin Remote Support, a service that allows smartphone users to receive easy-to-follow prompts on their phone screen from dedicated call center operators to assist in the set-up or operation of the device, exceeded 1.5 million in December 2012.

In November 2012, we entered into an agreement with Microsoft Japan Co., Ltd. to cooperate in the cultivation of a tablet device market for enterprise users.

As a result of the foregoing, the total number of smartphones sold in the nine months ended December 31, 2012 reached 9.69 million units, and the aggregate number of Xi subscriptions exceeded 9 million in January 2013.

<<Provision of services leveraging docomo cloud >>

Edgar Filing: NTT DOCOMO INC - Form 6-K

In October 2012, we launched Utsushite Hon yaku (augmented-reality translator with word recognition camera), which quickly translates into Japanese foreign words by simply placing a smartphone/tablet camera in front of the text. In November 2012, we also launched Hanashite Hon yaku automatic speech translation service, which provides translations between Japanese and the receiver's language (currently English, Chinese or Korean). Hanashite Hon yaku was awarded the Grand Prix prize in the CEATEC INNOVATION AWARDS As Selected by U.S. Journalists at CEATEC JAPAN 2012.

In November 2012, we made functional enhancements to Shabette Concier voice agent application, which was installed in a total of approximately 7 million devices and garnered approximately 240 million accesses by December 31, 2012.

In November 2012, we launched docomo denwacho, a cloud-based phonebook data storage service.

In December 2012, we introduced a new mobile gaming platform, dgame, on the dmarket, to offer an assortment of games that were selected taking into consideration the safety/security of their use. We also commenced an online shopping service, dshopping, to allow users to easily purchase daily commodities and other items through mobile devices.

Table of Contents

DOCOMO Earnings Release

Nine Months Ended December 31, 2012

Through docomo cloud, we will strive to offer state-of-the-art services that can only be provided by us, thereby boosting the convenience to users.

Due to the strong sales of smartphones, the total number of mobile phone subscriptions as of December 31, 2012 reached 60.99 million (an increase of 1.36 million compared to the number as of December 31, 2011). However, the competition with other carriers for the acquisition of net additions remained intense, and the impact of subscriber port-outs using the MNP system expanded. As a consequence, our cellular churn rate for the nine months ended December 31, 2012 increased by 0.27 points from the same period of the previous fiscal year to 0.80%.

Although packet revenues recorded an increase of ¥105.3 billion from the same period of the previous fiscal year due to increased packet usage resulting from the expanded uptake of smartphones and other factors, voice revenues posted a decrease of ¥206.4 billion due to factors such as the penetration of Monthly Support discount programs and a decrease in MOU. As a result, cellular services revenues for the nine months ended December 31, 2012 decreased by ¥101.1 billion from the same period of the previous fiscal year to ¥2,458.3 billion.

With regard to equipment sales, equipment sales revenues and cost of equipment sold increased from the same period of the previous fiscal year due mainly to an increase in wholesale and purchase prices per unit, respectively, as well as an increase in the number of handsets sold to agent resellers. As a result of the foregoing, operating revenues and operating income from the mobile phone business for the nine months ended December 31, 2012 were ¥3,237.6 billion (an increase of ¥159.0 billion from the same period of the previous fiscal year) and ¥724.9 billion (a decrease of ¥25.2 billion from the same period of the previous fiscal year), respectively.

Table of Contents**DOCOMO Earnings Release****Nine Months Ended December 31, 2012**

Number of subscriptions by services and other operating data are as follows:

<Number of subscriptions by services>

	Thousand subscriptions		Increase	
	December 31, 2011	December 31, 2012	(Decrease)	
Cellular services	59,624	60,988	1,364	2.3%
Cellular (Xi) services	1,139	8,678	7,539	661.6
Cellular (FOMA) services	57,962	52,310	(5,652)	(9.8)
packet flat-rate services	35,153	38,056	2,904	8.3
i-mode services	44,737	34,909	(9,828)	(22.0)
sp-mode services	6,971	16,193	9,222	132.3
i-channel services	15,830	14,515	(1,315)	(8.3)
i-concier services	5,761	8,194	2,433	42.2

Notes:

1. Number of Cellular services subscriptions as of December 31, 2011 includes subscriptions to Cellular (mova) services.
2. Number of subscriptions to Cellular services and Cellular (FOMA) services includes Communication Module services subscriptions.
3. Effective March 3, 2008, FOMA subscription became mandatory for subscription to 2in1 services, and those FOMA subscriptions are included in the number of FOMA subscriptions.

<Number of handsets sold and churn rate>

	Thousand units		Increase	
	Nine months ended December 31, 2011	Nine months ended December 31, 2012	(Decrease)	
Number of handsets sold	15,411	17,570	2,159	14.0%
Cellular (Xi) services				
New Xi subscription	812	1,776	964	118.7
Change of subscription from FOMA	333	5,002	4,669	
Xi handset upgrade by Xi subscribers	11	379	367	
Cellular (FOMA) services				
New FOMA subscription	3,586	3,426	(161)	(4.5)
Change of subscription from Xi	555	17	(538)	(96.9)
FOMA handset upgrade by FOMA subscribers	10,112	6,971	(3,142)	(31.1)
Churn Rate	0.53%	0.80%	0.27 point	

Notes:

1. Number of handsets sold and churn rate for the nine months ended December 31, 2011 includes number of mova handset sold and churn of subscriptions to Cellular (mova) services.

Results of operations are as follows:

<Results of operations>

Edgar Filing: NTT DOCOMO INC - Form 6-K

	Billions of yen			
	Nine months ended December 31, 2011	Nine months ended December 31, 2012	Increase (Decrease)	
Operating revenues from mobile phone business	¥ 3,078.6	¥ 3,237.6	¥ 159.0	5.2%

Table of Contents**DOCOMO Earnings Release****Nine Months Ended December 31, 2012****All other businesses**

We have been taking measures to add service lineups in new business fields, aiming at shaping a Smart Life, where we provide more enriched life to our customers.

<Promotion of credit payment services>

In October 2012, we agreed with MasterCard Worldwide to form a global business alliance for contactless payments via our compatible smartphones, aiming to expand our iD mobile credit payment system for acceptance at MasterCard® *PayPass* merchant location around the world.

With regard to DCMX, our credit card service compatible with the iD mobile card payment system, we executed marketing campaigns, aiming at acquiring users as well as facilitating usages among users. As a result, the number of DCMX users reached 13.64 million.

<Expanding the adoption of NOTTV>

We undertook initiatives to expand the customer base of NOTTV, the first-ever broadcasting station specifically for smartphones, which we launched in April 2012, through which customers can enjoy high sound-quality, high definition broadcasting services. The initiatives include measures such as an increase in the number of NOTTV enabled-handsets to 17 models and expansion of service areas. The number of NOTTV subscription exceeded 500,000 in January 2013.

Also, we have continuously strived to increase our revenues from music and video software sales business, home shopping services provided primarily through TV media, premium home-delivery services offering organic and preservative-free food, high-speed internet connection services for hotel facilities, advertisement services and development, sales and maintenance of IT systems.

Operating revenues from all other businesses for the nine months ended December 31, 2012 were ¥133.2 billion, which represented 4.0% of total operating revenues. Operating expenses from all other businesses were ¥155.9 billion due to increased costs related to the expansion of new businesses, and as a result, operating loss from all other businesses was ¥22.7 billion.

Results of operations are as follows:

iii. Trend of Capital Expenditures

We are taking measures to expand the network coverage of Xi service in an effective manner, to reinforce our network capacity in response to an increase in data traffic demand as well as to disperse key business facilities for customer information management systems.

As a result of these initiatives, total capital expenditures for the nine months ended December 31, 2012 were ¥540.4 billion (an increase of 7.8% compared to the same period of the previous fiscal year).

Notes: (1) Shareholders' equity ratio = NTT DOCOMO, INC. shareholders' equity / Total assets

(2) Debt ratio = Interest bearing liabilities / (NTT DOCOMO, INC. shareholders' equity + Interest bearing liabilities)

ii. Cash Flow Conditions

For the nine months ended December 31, 2012, net cash provided by operating activities was ¥547.8 billion, a decrease of ¥160.8 billion (22.7%) from the same period of the previous fiscal year. This was mainly due to an increase of fund-provision in relation to installment receivables for subscribers' handset purchases under the installment method.

Net cash used in investing activities was ¥474.2 billion, a decrease of uses by ¥272.7 billion (36.5%) from the same period of the previous fiscal year. This was mainly due to a decrease in purchases of short-term investments of more than three months for cash management purposes and an increase of proceeds from redemption of short-term bailment for consumption to a related party.

Net cash used in financing activities was ¥255.3 billion, a decrease of uses by ¥122.5 billion (32.4%) from the same period of the previous fiscal year. This was mainly due to a decrease in repayment of long-term debt.

The balance of cash and cash equivalents was ¥340.4 billion as of December 31, 2012, a decrease of ¥181.7 billion (34.8%) from the previous fiscal year end.

	Billions of yen

Free cash flows (1)	(38.3)	73.6	111.8	
Free cash flows excluding the effects of irregular factors (2), the effect of transfer of receivables (3), and changes in investments for cash management purposes (4)*	316.0	29.4	(286.6)	(90.7)

Edgar Filing: NTT DOCOMO INC - Form 6-K

- Notes: (1) Free cash flows = Net cash provided by operating activities + Net cash used in investing activities
(2) Irregular factors = Effects of uncollected revenues due to bank closures at the end of the fiscal period
(3) Effect of transfer of receivables = Effect caused by the uncollected amounts of transferred receivables of telephone charges to NTT FINANCE CORPORATION
(4) Changes in investments for cash management purposes = Changes by purchases, redemption at maturity and disposals of financial instruments held for cash management purposes with original maturities of longer than three months

DOCOMO Earnings Release

Nine Months Ended December 31, 2012

(3) Prospects for the Fiscal Year Ending March 31, 2013

Competition in Japan's mobile telecommunications market is expected to remain intense in such areas as acquisition of subscribers and further improvement of service offerings.

Under these market conditions, we expect that our operating revenues for the fiscal year ending March 31, 2013 will be ¥4,520.0 billion, an increase of ¥280.0 billion from the previous fiscal year, primarily because of the projected increase in packet revenues and equipment sales revenues that more than offsets a decrease in voice revenues due to the impact of penetration of VoIP* and other factors.

On the expense side, despite our ongoing efforts aimed at further cost efficiency, we expect the implementation of measures aimed at Xi service area expansion, construction of a more reliable communication network and regaining our competitiveness. Accordingly, operating income is forecasted to be ¥820.0 billion, a decrease of ¥54.5 billion from the previous fiscal year.

As we are not currently aware of any factor that may have a material impact on our projected results of operations, we have not revised our forecasts announced on October 26, 2012.

* VoIP (Voice over Internet Protocol) is a technology that allows voice data to be transmitted over networks such as the Internet.

ARPU and MOU							
Aggregate ARPU (6) (7)	yen/month/subscription	5,200	5,150	4,890	4,850	5,140	4,850
Voice ARPU (8)	yen/month/subscription	2,270	2,190	1,800	1,710	2,200	1,710
Packet ARPU (7)	yen/month/subscription	2,580	2,600	2,690	2,720	2,590	2,740
Smart ARPU	yen/month/subscription	350	360	400	420	350	400
MOU (9)	minute/month/subscription	128	126	119	118	126	

* Please refer to 4. (2) Definition and Calculation Methods of ARPU and MOU for the definition of ARPU and MOU on page 20, and an explanation of the methods used to calculate ARPU and the number of active subscriptions.

- (1) Fiscal year ended March 31, 2012 full-year results, nine months (April to December 2011) results and third quarter (October to December 2011) results include mova service which was terminated at the end of March 2012.
- (2) Effective March 3, 2008, FOMA subscription became mandatory for subscription to 2in1 services, and those FOMA subscriptions are included in the number of FOMA subscribers.
- (3) Data are calculated including communication module services subscriptions.
- (4) Sum of new subscriptions, change of subscription from FOMA to Xi, Xi to FOMA, Xi handset upgrade by Xi subscribers, FOMA handset upgrade by FOMA subscribers.
- (5) Inclusive of DCMX mini subscriptions

Edgar Filing: NTT DOCOMO INC - Form 6-K

- (6) Data are calculated excluding revenues and subscriptions to communication module services, Phone Number Storage and Mail Address Storage.
- (7) With the introduction of Smart ARPU in the second quarter of the fiscal year ending March 31, 2013, Aggregate ARPU contains Smart ARPU . In addition, some elements (revenues from content and other services) included in conventional Packet ARPU for the fiscal year ended March 31, 2012 full-year results, Nine months (April to December 2011) results and third quarter (October to December 2011) results have been retroactively reclassified into Smart ARPU . The impact of the reclassification of those periods are 80 yen, 90 yen and 90 yen respectively.
- (8) Inclusive of circuit-switched data communication
- (9) Data are calculated excluding subscriptions to communication module services, Phone Number Storage and Mail Address Storage.

Nine Months Ended December 31, 2012

(2) Definition and Calculation Methods of ARPU and MOU

i. Definition of ARPU and MOU

a. ARPU (Average monthly Revenue Per Unit):

Average monthly revenue per unit, or ARPU, is used to measure average monthly operating revenues attributable to designated services on a per subscription basis. ARPU is calculated by dividing various revenue items included in operating revenues from our wireless services and other services that accompany our wireless services by the number of active subscriptions to our wireless services in the relevant periods. We believe that our ARPU figures provide useful information to analyze the average usage per subscription and the impacts of changes in our billing arrangements. The revenue items included in the numerators of our ARPU figures are based on our U.S. GAAP results of operations.

b. MOU (Minutes of Use): Average monthly communication time per subscription.

ii. ARPU Calculation Methods

Aggregate ARPU = Voice ARPU + Packet ARPU + Smart ARPU

- Voice ARPU : Voice ARPU Related Revenues (basic monthly charges, voice communication charges) / No. of active subscriptions
- Packet ARPU : Packet ARPU Related Revenues (basic monthly charges, packet communication charges) / No. of active subscriptions
- Smart ARPU : Revenues from providing services that accompany our wireless services (revenues from content, collection of charges, mobile phone insurance service, advertising and others) / No. of active subscriptions

iii. Active Subscriptions Calculation Methods

Sum of No. of active subscriptions for each month ((No. of subscriptions at the end of previous month + No. of subscriptions at the end of current month) / 2) during the relevant period

Note: Subscriptions and revenues for communication module services, Phone Number Storage and Mail Address Storage services are not included in the ARPU and MOU calculations.

DOCOMO Earnings Release

Nine Months Ended December 31, 2012

(3) Reconciliations of the Disclosed Non-GAAP Financial Measures to the Most Directly Comparable GAAP Financial Measures**i. EBITDA and EBITDA margin**

	Year ended March 31, 2012	Billions of yen Nine months ended December 31, 2011	Nine months ended December 31, 2012
a. EBITDA	¥ 1,583.3	¥ 1,244.8	¥ 1,221.4
Depreciation and amortization	(684.8)	(488.6)	(500.5)
Loss on sale or disposal of property, plant and equipment	(24.1)	(12.5)	(18.8)
Operating income	874.5	743.8	702.2
Other income (expense)	2.5	0.3	(3.0)
Income taxes	(402.5)	(342.5)	(275.7)
Equity in net income (losses) of affiliates	(13.5)	(7.9)	(13.7)
Less: Net (income) loss attributable to noncontrolling interests	3.0	0.9	6.6
b. Net income attributable to NTT DOCOMO, INC.	463.9	394.6	416.5
c. Operating revenues	4,240.0	3,174.2	3,370.8
EBITDA margin (=a/c)	37.3%	39.2%	36.2%
Net income margin (=b/c)	10.9%	12.4%	12.4%

Note: EBITDA and EBITDA margin, as we use them, are different from EBITDA as used in Item 10(e) of regulation S-K and may not be comparable to similarly titled measures used by other companies.

ii. ROCE after tax effect

	Year ended March 31, 2012	Billions of yen Nine months ended December 31, 2011	Nine months ended December 31, 2012
a. Operating income	¥ 874.5	¥ 743.8	¥ 702.2
b. Operating income after tax effect {=a*(1-effective tax rate)}	517.7	440.3	434.6
c. Capital employed	5,299.0	5,262.8	5,434.9
ROCE before tax effect (=a/c)	16.5%	14.1%	12.9%
ROCE after tax effect (=b/c)	9.8%	8.4%	8.0%

Edgar Filing: NTT DOCOMO INC - Form 6-K

Notes: Capital employed (for annual period) = The average of (NTT DOCOMO, INC. shareholders' equity + Interest bearing liabilities), each as of March 31, 2011 and 2012

Capital employed (for nine months) = The average of (NTT DOCOMO, INC. shareholders' equity + Interest bearing liabilities), each as of March 31, 2012 (or 2011) and December 31, 2012 (or 2011)

Interest bearing liabilities = Current portion of long-term debt + Short-term borrowings + Long-term debt

The effective tax rate for the years ended March 31, 2012 and the nine months ended December 31, 2011 was 40.8%.

The effective tax rate for the nine months ended December 31, 2012 was 38.1%.

iii. Free cash flows excluding irregular factors and effect by transfer of receivables and changes in investments for cash management purposes

	Year ended March 31, 2012	Billions of yen Nine months ended December 31, 2011	Nine months ended December 31, 2012
Free cash flows excluding irregular factors and effect by transfer of receivables and changes in investments for cash management purposes	¥ 503.5	¥ 316.0	¥ 29.4
Irregular factors (1)	(147.0)	(163.0)	147.0
Effect of transfer of receivables (2)			(253.0)
Changes in investments for cash management purposes (3)	(220.5)	(191.3)	150.1
Free cash flows	136.0	(38.3)	73.6
Net cash used in investing activities	(974.6)	(746.9)	(474.2)
Net cash provided by operating activities	1,110.6	708.6	547.8

Note: (1) Irregular factors represent the effects of uncollected revenues due to a bank closure at the end of the fiscal period.

(2) Effect of transfer of receivables represents the effect caused by the uncollected amounts of transferred receivables of telephone charges to NTT FINANCE CORPORATION. Since the payment conditions of the consideration of claims transferred to NTT FINANCE CORPORATION are set approximately equivalent to our cash collection cycle history, an impact derived from the transfer of receivables is not significant.

(3) Changes in investments for cash management purposes were derived from purchases, redemption at maturity and disposals of financial instruments held for cash management purposes with original maturities of longer than three months.

5. Special Note Regarding Forward-Looking Statements

This earnings release contains forward-looking statements such as forecasts of results of operations, management strategies, objectives and plans, forecasts of operational data such as the expected number of subscription, and the expected dividend payments. All forward-looking statements that are not historical facts are based on management's current plans, expectations, assumptions and estimates based on the information currently available. Some of the projected numbers in this earnings release were derived using certain assumptions that are indispensable for making such projections in addition to historical facts. These forward-looking statements are subject to various known and unknown risks, uncertainties and other factors that could cause our actual results to differ materially from those contained in or suggested by any forward-looking statement. Potential risks and uncertainties include, without limitation, the following:

- (1) Changes in the business environment in the telecommunications industry, such as intensifying competition from other service providers, businesses or other technologies caused by Mobile Number Portability, development of appealing new handsets, new market entrants and other factors, or the expansion of the areas of competition could limit our acquisition of new subscriptions and retention of existing subscriptions, or may lead to ARPU diminishing at a greater than expected rate or an increase in our costs and expenses.
- (2) Current and new services, usage patterns, and sales schemes introduced by our corporate group may not develop as planned, which could affect our financial condition and limit our growth.
- (3) The introduction or change of various laws or regulations inside and outside of Japan, or the application of such laws and regulations to our corporate group could restrict our business operations, which may adversely affect our financial condition and results of operations.
- (4) Limitations in the amount of frequency spectrum or facilities made available to us could negatively affect our ability to maintain and improve our service quality and level of customer satisfaction and could increase our costs.
- (5) Other mobile service providers in the world may not adopt the technologies and the frequency bands that are compatible with those used by our corporate group's mobile communications system on a continuing basis, which could affect our ability to sufficiently offer international services.
- (6) Our domestic and international investments, alliances and collaborations may not produce the returns or provide the opportunities we expect.
- (7) Malfunctions, defects or imperfection in our products and services or those of other parties may give rise to problems.
- (8) Social problems that could be caused by misuse or misunderstanding of our products and services may adversely affect our credibility or corporate image.
- (9)

Edgar Filing: NTT DOCOMO INC - Form 6-K

Inadequate handling of confidential business information including personal information by our corporate group, contractors and others, may adversely affect our credibility or corporate image.

- (10) Owners of intellectual property rights that are essential for our business execution may not grant us the right to license or otherwise use such intellectual property rights on acceptable terms or at all, which may limit our ability to offer certain technologies, products and/or services, and we may also be held liable for damage compensation if we infringe the intellectual property rights of others.
- (11) Events and incidents caused by natural disasters, social infrastructure paralysis such as power shortages, proliferation of harmful substances, terror or other destructive acts, the malfunctioning of equipment, software bugs, deliberate incidents induced by computer viruses, cyber attacks, equipment misconfiguration, hacking, unauthorized access and other problems could cause failure in our networks, distribution channels and/or other factors necessary for the provision of service, disrupting our ability to offer services to our subscribers, and such incidents may adversely affect our credibility or corporate image, or lead to a reduction of revenues and/or increase of costs.
- (12) Concerns about adverse health effects arising from wireless telecommunication may spread and consequently adversely affect our financial condition and results of operations.
- (13) Our parent company, NIPPON TELEGRAPH AND TELEPHONE CORPORATION (NTT), could exercise influence that may not be in the interests of our other shareholders.
