1. Elect seven Directors for a one-year term expiring in 2014 or upon the election and qualification of their successors;
2. Act on an advisory vote to approve executive compensation;
3. Ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm for the fiscal year ending December 31, 2013;
4. Consider a shareholder proposal for executives to retain significant stock, if properly presented at the Annual Meeting. This proposal is opposed by our Board of Directors; and
5. Transact any other business that is properly submitted before the Annual Meeting or any adjournments or postponements of the Annual Meeting.

In addition to the items above, the 4.0% Series A Preferred Convertible Holders (Series A Preferred Holders) will vote separately as a class to elect three Directors for a one-year term expiring in 2014 or upon the election and qualification of their successors.

The record date for the Annual Meeting is March 1, 2013 (the Record Date). Only shareholders of record at the close of business on the Record Date can vote at the Annual Meeting. Dana mailed this Notice of Annual Meeting to those shareholders. Action may be taken at the Annual Meeting on any of the foregoing proposals on the date specified above or any date or dates to which the Annual Meeting may be adjourned or postponed.

Dana will have a list of shareholders who can vote at the Annual Meeting available for inspection by shareholders at the Annual Meeting and, for 10 days prior to the Annual Meeting, during regular business hours at Dana's Law Department, 3939 Technology Drive, Maumee, Ohio 43537.

Edgar Filing: DANA HOLDING CORP - Form DEF 14A

If you plan to attend the Annual Meeting, but are not a shareholder of record because you hold your shares in street name, please bring evidence of your beneficial ownership of your shares (*e.g.*, a copy of a recent brokerage statement showing the shares) with you to the Annual Meeting. You also must bring the proxy card your broker provided to you if you intend to vote at the meeting. See the [Questions and Answers](#) section of the proxy statement for a discussion of the difference between a shareholder of record and a street name holder.

Whether or not you plan to attend the Annual Meeting and whether you own a few or many shares of stock, the Board of Directors urges you to vote promptly. Registered holders may vote by signing, dating and returning the enclosed proxy card, by using the automated telephone voting system, or by using the Internet voting system. You will find instructions for voting by telephone and by the Internet on the proxy card and in the [Questions and Answers](#) section of the proxy statement.

2013 PROXY STATEMENT

QUESTIONS AND ANSWERS

The Board of Directors is soliciting proxies to be used at the Annual Meeting of Shareholders to be held on Tuesday, April 23, 2013, beginning at 8:30 a.m., Eastern Time, at The Westin Detroit Metropolitan Airport, 2501 Worldgateway Place, Romulus, Michigan 48242. This proxy statement and the enclosed form of proxy are being made available to shareholders beginning March 14, 2013.

What is a proxy?

A proxy is your authorization for someone else to vote for you in the way that you want to vote. When you complete and submit a proxy card or use the automated telephone voting system or the Internet voting system, you are submitting a proxy. Dana's Board of Directors is soliciting this proxy. All references in this proxy statement to "you" will mean you, the shareholder, and to "yours" will mean the shareholder's or shareholders', as appropriate.

What is a proxy statement?

A proxy statement is a document the United States Securities and Exchange Commission (the SEC) requires to explain the matters on which you are asked to vote on by proxy and to disclose certain related information. This proxy statement and the accompanying proxy card were first mailed to the shareholders on or about March 14, 2013.

What is the purpose of the Annual Meeting?

At our Annual Meeting, shareholders will act upon the matters outlined in the notice of meeting, including i) the election of directors; ii) an advisory vote on executive compensation; iii) ratification of the selection of Dana's independent registered public accounting firm; and iv) a shareholder proposal, if properly presented at the Annual Meeting. Also, management will report on the state of Dana and respond to questions from shareholders.

What is the record date and what does it mean?

The record date for the Annual Meeting is March 1, 2013 (the Record Date). The Record Date was established by the Board of Directors as required by Delaware law. Holders of common stock and holders of 4.0% Series A Preferred Convertible Stock (Series A Preferred) and 4.0% Series B Preferred Convertible Stock (Series B Preferred, and together with Series A Preferred, Preferred Stock) at the close of business on the Record Date are entitled to receive notice of the meeting and to vote at the meeting and any adjournments or postponements of the meeting.

Table of Contents

Who is entitled to vote at the Annual Meeting?

Holders of our common stock and holders of our Preferred Stock at the close of business on the Record Date may vote at the meeting.

On March 1, 2013, 147,872,578 shares of our common stock, 2,500,000 shares of Series A Preferred and 5,221,199 shares of Series B Preferred were outstanding, and accordingly, are eligible to be voted. Pursuant to our Restated Certificate of Incorporation, the holders of our Preferred Stock vote their Preferred Stock on an as-if-converted basis based on a conversion price of \$11.93. As of March 1, 2013, the outstanding Series A Preferred was convertible into approximately 20,955,574 shares of common stock, and the outstanding Series B Preferred was convertible into approximately 43,765,288 shares of common stock.

What are the voting rights of the holders of common stock and Preferred Stock?

Each outstanding share of common stock will be entitled to one vote on each matter to be voted upon.

The number of votes for each share of Preferred Stock is calculated in accordance with Dana's Restated Certificate of Incorporation. At this year's meeting, each outstanding share of Preferred Stock will be entitled to approximately 8.382 votes on each matter to be voted upon. As a result, the holders of our Series A Preferred will have approximately 20,955,574 shares of common stock on an as-if-converted basis to vote and the holders of our Series B Preferred will have approximately 43,765,288 shares of common stock on an as-if-converted basis to vote. The holders of Preferred Stock are permitted to vote on this as-if-converted basis along with the holders of common stock on i) the election of directors, ii) an advisory vote on executive compensation; iii) the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm; (iv) a shareholder proposal, if properly presented at the Annual Meeting and v) all other matters that properly come before the meeting.

Who elects the Series A Preferred Directors?

Our Restated Certificate of Incorporation and the Shareholders Agreement dated January 31, 2008 give the holders of our Series A Preferred the right to elect three directors at our Annual Meeting. Only the holders of our Series A Preferred will be entitled to vote to elect these three directors to our Board. Currently, Centerbridge Capital Partners, L.P. and certain of its affiliates (collectively, Centerbridge) are the only holders of our Series A Preferred.

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank or other nominee, then the brokerage firm, bank or other nominee is considered to be the shareholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the brokerage firm, bank or other nominee how to vote their shares. See "How do I vote my shares?" below.

How do I vote my shares?

If you are a shareholder of record as of March 1, 2013, as opposed to a street name holder, you will be able to vote in four ways: In person, by telephone, by the Internet, or by proxy card.

Table of Contents

To vote by proxy card, sign, date and return the enclosed proxy card. To vote by using the automated telephone voting system or the Internet voting system, the instructions for shareholders of record are as follows:

TO VOTE BY TELEPHONE: 800-560-1965

Use any touch-tone telephone to vote your proxy.

Have your proxy card and the last four digits of your Social Security Number or Tax Identification Number available when you call.

Follow the simple instructions the system provides you.

You may dial this toll free number at your convenience, 24 hours a day, 7 days a week. The deadline for telephone voting is 1 PM (ET), April 22, 2013.

(OR)

TO VOTE BY THE INTERNET: www.eproxy.com/dan

Use the Internet to vote your proxy.

Have your proxy card and the last four digits of your Social Security Number or Tax Identification Number available when you access the website.

Follow the simple instructions to obtain your records and create an electronic ballot.

You may log on to this Internet site at your convenience, 24 hours a day, 7 days a week. The deadline for Internet voting is 1 PM (ET), April 22, 2013.

If you submit a proxy to Dana before the Annual Meeting, the persons named as proxies will vote your shares as you directed. If no instructions are specified, the proxy will be voted: i) FOR all of the listed director nominees; ii) FOR approval of the advisory vote on executive compensation; iii) FOR ratification of PricewaterhouseCoopers LLP as the independent registered public accounting firm; and iv) AGAINST the shareholder proposal.

You may revoke a proxy at any time before the proxy is exercised by:

- (1) delivering written notice of revocation to the Corporate Secretary of Dana at the Dana Law Department, 3939 Technology Drive, Maumee, Ohio 43537;
- (2) submitting another properly completed proxy card that is later dated;

(3) voting by telephone at a subsequent time;

(4) voting by Internet at a subsequent time; or

(5) voting in person at the Annual Meeting.

If you hold your shares in street name, you must provide voting instructions for your shares in the manner prescribed by your brokerage firm, bank or other nominee. Your brokerage firm, bank or other nominee has enclosed or otherwise provided a voting instruction card for you to use in directing the brokerage firm, bank or other nominee how to vote your shares. If you hold your shares in street name and you want to vote in person at the Annual Meeting, you must obtain a legal proxy from your broker and present it at the Annual Meeting. You will also need to provide to us a brokerage statement if you intend to attend the Annual Meeting.

What is a quorum?

There were 212,593,440 shares of Dana's common stock, including Preferred Stock on an as-if-converted basis for voting purposes, issued and outstanding on the Record Date. A majority of the issued and outstanding shares, on an as-if-converted basis, or 106,296,721 shares, present or represented by proxy, constitutes a quorum. A quorum must exist to conduct business at the Annual Meeting.

Table of Contents

Will my shares be voted if I do not provide my proxy?

For shareholders of record: If you are the shareholder of record and you do not vote by proxy card, by telephone or via the Internet or in person at the Annual Meeting, your shares will not be voted at the Annual Meeting.

For holders in street name: If your shares are held in street name, your shares may be voted even if you do not provide the brokerage firm with voting instructions. Under New York Stock Exchange (the NYSE) rules, your broker may vote shares held in street name on certain routine matters. The NYSE rules consider the ratification of the appointment of our independent registered public accounting firm to be a routine matter. As a result, your broker is permitted to vote your shares on this matter at its discretion without instruction from you.

When a proposal is not a routine matter, such as the election of directors and the advisory vote on executive compensation, and you have not provided voting instructions to the brokerage firm with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. The missing votes for these non-routine matters are called broker non-votes. Broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but not as shares present and voting on a specific proposal.

What vote is required?

Proposal I Election of Directors: If a quorum exists, the election requires a plurality vote of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote, meaning that the director nominees with the most affirmative votes are elected to fill the available seats. As outlined in our Bylaws, regardless of this plurality vote any director who receives more withheld votes than for votes in an uncontested election is required to tender his or her resignation to the Board for consideration in accordance with the procedures set forth in the Bylaws. Our Nominating and Corporate Governance Committee will then evaluate the best interests of Dana and its shareholders and will recommend to the Board the action to be taken with respect to the tendered resignation. Following the Board's determination, Dana will promptly publicly disclose the Board's decision of whether or not to accept the resignation and an explanation of how the decision was reached, including, if applicable, the reasons for rejecting the resignation.

Proposal II Advisory Vote on Executive Compensation: The proposal represents an advisory vote and the results will not be binding on the Board or Dana. If a quorum exists, the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter will constitute the shareholders' non-binding approval with respect to our executive compensation programs. Therefore, abstentions will have the same effect as voting against the proposal. Broker non-votes will not be counted as eligible to vote on the applicable proposal and, therefore, will have no effect on the outcome of the voting on that proposal. The Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Proposal III Ratify the Appointment of the Independent Registered Public Accounting Firm: If a quorum exists, the proposal to ratify the appointment of the independent registered public accounting firm must receive the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Therefore, abstentions will have the same effect as voting against the proposal. Brokers will have discretionary voting power to vote this proposal so we do not anticipate any broker non-votes (described above).

Proposal IV Shareholder Proposal. The shareholder proposal will be voted on at the Annual Meeting only if properly presented by or on behalf of the shareholder proponent. If a quorum exists, the shareholder proposal must receive the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Therefore, abstentions will have the same effect as voting against the proposal. Broker non-votes will not be counted as eligible to vote on the applicable proposal and, therefore, will have no effect on the outcome of the voting on that proposal.

Table of Contents

Dana will vote properly completed proxies it receives prior to the Annual Meeting in the way you direct. If you do not specify how you want your shares voted, they will be voted in accordance with management's recommendations. If you hold shares in more than one account, you must vote each proxy and/or voting instruction card you receive to ensure that all shares you own are voted. No other matters are currently scheduled to be presented at the Annual Meeting. An independent third party, Wells Fargo Bank, N.A., will act as the inspector of the Annual Meeting and the tabulator of votes.

Who pays for the costs of the Annual Meeting?

Dana pays the cost of preparing and printing the proxy statement and soliciting proxies. Dana will solicit proxies primarily by mail, but may also solicit proxies personally and by telephone, the Internet, facsimile or other means. Dana will use the services of D.F. King & Co., Inc., a proxy solicitation firm, at a cost of \$10,500 plus out-of-pocket expenses and fees for any special services. Officers and regular employees of Dana and its subsidiaries may also solicit proxies, but they will not receive additional compensation for soliciting proxies. Dana also will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation materials to beneficial owners of Dana's common stock and Preferred Stock.

How can shareholders nominate individuals for election as directors or propose other business to be considered by the shareholders at the 2014 Annual Meeting of Shareholders?

All shareholder nominations of individuals for election as directors or proposals of other items of business to be considered by shareholders at the 2014 Annual Meeting of Shareholders must comply with applicable laws and regulations, including SEC Rule 14a-8, as well as Dana's Restated Certificate of Incorporation, Bylaws, and Shareholders Agreement, and must be submitted in writing to our Corporate Secretary, Dana Holding Corporation, 3939 Technology Drive, Maumee, Ohio 43537.

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act), we must receive shareholder proposals by November 14, 2013 to consider them for inclusion in our proxy materials for the 2014 Annual Meeting of Shareholders. A shareholder submitting a proposal under Rule 14a-8 should send it to Corporate Secretary, Dana Holding Corporation, 3939 Technology Drive, Maumee, Ohio 43537.

A shareholder who intends to propose business at the 2014 Annual Meeting of Shareholders (other than pursuant to Rule 14a-8) must also comply with the requirements set forth in our Bylaws. Under Dana's Bylaws, our shareholders must provide advance notice to Dana if they wish to nominate individuals for election as directors or propose an item of business to be considered by shareholders at the 2014 Annual Meeting of Shareholders. For the 2014 Annual Meeting of Shareholders, notice must be received by Dana's Corporate Secretary no later than the close of business on January 23, 2014 and no earlier than the close of business on December 23, 2013.

If Dana moves the 2014 Annual Meeting of Shareholders to a date that is more than 30 days before or more than 70 days after the date which is the one year anniversary of this year's Annual Meeting date (*i.e.*, April 23, 2014), Dana must receive your notice no earlier than the close of business on the 120th day prior to the meeting date and no later than the close of business on the later of the 90th day prior to the meeting date or the 10th day following the day on which Dana first makes a public announcement of the meeting date. In no event will a public announcement of an adjournment or postponement of an annual meeting commence a new time period (or extend any time period) for the giving of a shareholder's notice as described above.

If Dana increases the number of directors to be elected to the Board of Directors at the 2014 Annual Meeting of Shareholders and there is no public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the one year anniversary of this year's Annual Meeting date (*i.e.*, April 23, 2014), then Dana will consider your notice timely (but only with respect to nominees for any new positions created by such increase) if Dana receives your notice no later than the close of business on the 10th day following the day on which Dana first makes the public announcement of the increase in the number of directors.

The notice requirements above will be deemed satisfied by a shareholder with respect to business other than a director nomination if the shareholder has notified Dana of his, her or its intention to present a proposal at the 2014 Annual Meeting of Shareholders in compliance with applicable rules and regulations promulgated under the Exchange Act and the shareholder's proposal has been included in a proxy statement that has been prepared by Dana to solicit proxies for the 2014 Annual Meeting of Shareholders. Dana may require any proposed nominee to furnish such other information as it may reasonably require in determining the eligibility of the proposed nominee to serve as a director of Dana.

COMPENSATION OF EXECUTIVE OFFICERS

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the key principles and approaches used to determine the elements of compensation awarded to, earned by and paid to each of our named executive officers during 2012. This discussion provides information and context to the compensation disclosures included in the accompanying compensation tables and corresponding narrative discussion and footnotes below, and this discussion should be read in conjunction with those disclosures.

The following members of our Strategy Board are our named executive officers for 2012:

Roger J. Wood President and Chief Executive Officer

William G. Quigley III Executive Vice President and Chief Financial Officer

Mark E. Wallace Executive Vice President and President, Light Vehicle Technologies

Aziz S. Aghili President, Off-Highway Technologies

Jeffrey S. Bowen Chief Administrative Officer

James A. Yost is also presented as a named executive officer since he served as Chief Financial Officer during part of 2012. Mr. Yost stepped down from his role as our Chief Financial Officer on March 1, 2012 and left Dana on May 12, 2012 when the term of his employment agreement expired.

Executive Summary

We believe that our compensation program objectives outlined below have resulted in decisions on executive compensation that have appropriately encouraged the achievement of financial goals that have benefited our shareholders and are expected to drive long term shareholder value. We had a strong 2012 fiscal year. Summarized below are some key highlights of our financial performance for 2012:

We achieved positive net income of \$300 Million.

Our Adjusted EBITDA was \$781 Million on Sales of \$7.22 Billion.

Our Adjusted EBITDA was 10.8% as a percentage of Sales.

Our Free Cash Flow was \$175 Million.

We initiated a Common Stock Dividend and Common Stock Repurchase Program. These achievements represent the continuation of a strong growth trend. The compensation decisions made by our Compensation Committee with respect to 2012 reflect our company's strong performance relative to our expectations for the year despite the instability of the global economy, especially as it relates to the European region and Brazil.

Objectives and Elements of Our Compensation Program

Edgar Filing: DANA HOLDING CORP - Form DEF 14A

The overall objectives of our executive compensation program are to attract, motivate, reward and retain talent. We believe that in order to achieve our objectives, our compensation and benefits must be competitive with executive compensation arrangements generally provided to executive officers at similar levels at other comparable-sized companies where we compete for talent. The various components of Dana's executive compensation program are designed to:

Align management incentives and shareholder interests;

Motivate executive management and employees to focus on business goals over short term and long term horizons; and

Table of Contents

Attract and retain executive talent.

The principal elements of our executive compensation program are:

Base salary;

Annual cash incentives;

Long term incentives;

Perquisite allowance; and

Retirement benefits.

Certain executives, including some of our named executive officers, have executive employment agreements and change in control agreements, as described in the Executive Agreements section below.

Administration

The Compensation Committee of the Board of Directors assists the Board in fulfilling its obligations related to the compensation of Dana's executive officers, and in general, with respect to compensation and benefits programs relating to all employees. Our current Compensation Committee consists of a chairman and independent directors who are appointed annually by the Board. Under its Charter, the Compensation Committee must have a minimum of three members who meet the requirements for independence as set forth by the SEC, the New York Stock Exchange and our Standards of Director Independence. Members of the Committee must also qualify as non-employee directors within the meaning of Exchange Act Rule 16b-3 and as outside directors for purposes of Section 162(m) of the Internal Revenue Code.

The Compensation Committee members during 2012 were: Keith E. Wandell (Chairman), Joseph C. Muscari and Steven B. Schwarzwaelder.

The Compensation Committee's responsibilities include, but are not limited to, reviewing our executive compensation philosophy and strategy, participating in the performance evaluation process for our President and Chief Executive Officer (CEO), setting base salary and incentive opportunities for our CEO and other senior executives, establishing the overarching pay philosophy for Dana's management team, establishing incentive compensation and performance goals and objectives for our executive officers and other eligible executives and management, and determining whether performance objectives have been achieved. The Compensation Committee also recommends to the Board employment and severance agreements for our CEO and key senior executives designated by our CEO. Executive sessions are held by the Compensation Committee without the participation of any member of executive management, including the named executive officers.

Last year's non-binding advisory vote on executive compensation otherwise known as say on pay was very positive with over 92% of our shareholders voting in favor of our pay practices. After considering the strong support the proposal received as well as the Committee's view of the value of consistency from year to year in both our approach to compensation and the selection of balanced elements of compensation, the Committee concluded that no changes to the elements of compensation for our named executive officers were necessary in light of the shareholders' vote.

Compensation Consultants

Our Compensation Committee has the sole authority to retain, compensate and terminate any independent compensation consultants of its choosing. During 2012, the Compensation Committee retained Mercer (US) Inc. (Mercer) as its independent advisor and its work does not raise any conflict of interest. The Compensation Committee requested Mercer's advice on a variety of issues, including compensation strategy, market comparisons, pay and performance alignment versus industry peers, executive pay trends, stock ownership

Table of Contents

guidelines, compensation best practices and potential compensation plan designs and modifications. In addition to its services for the Compensation Committee, separate and distinct from executive and director compensation consulting services, Mercer provided select services for Dana in various other capacities in 2012. Those services included international benefits pooling consulting and other global compensation consulting where Mercer data was most prevalent in a given country. These other services were not approved by our Board of Directors or the Compensation Committee because they relate to broad-based compensation and benefit plans. Our management utilized Pay Governance LLC (Pay Governance) for global compensation and benefits advice.

Our Peer Group and Use of Competitive Market Data

Our management as well as the Compensation Committee reviews competitive market data to assist in decision-making regarding Dana's compensation and benefits programs. Both reviewed market pay data among comparably-sized general industrial companies, as provided by Mercer. Market pay data was gathered from Mercer's 2012 Benchmark Database which contains compensation data from over 3,100 participating organizations in the U.S.

Our management and the Compensation Committee review the pay and performance of our executive officers and, in the process, use the survey market pay data and peer group data when available to establish appropriate compensation levels. Our peer group includes the following 15 companies:

Eaton Corporation	Tenneco Inc.
TRW Automotive Holdings Corp.	Meritor, Inc.
Navistar International Corporation	BorgWarner Inc.
Cummins Inc.	The Manitowoc Company, Inc.
Parker-Hannifin Corp.	Joy Global Inc.
Lear Corp.	Exide Technologies
Federal-Mogul Corporation	The Timken Company
Oshkosh Corporation	

Our peer group was selected by the Compensation Committee during 2010. The Compensation Committee believes this peer group is still appropriate and remains unchanged. Selection of this peer group was based on i) similar industry; ii) similar size range (as measured by annual revenue); and iii) Industrial Machinery, Construction and Farm Machinery, Heavy Trucks, and other Durable Goods manufacturers.

Base Salaries

Base salaries are intended to be market-competitive and to provide a minimum level of guaranteed compensation. The base salaries of the executive officers, including our named executive officers, were determined when they first joined Dana, when they were promoted from within Dana, as part of our annual merit planning process or as a market adjustment. Dana's philosophy is to target a range of +/-15% of the 50th percentile for senior executives. From time to time, when recruiting key talent from other companies both within and outside of the automotive industry or promoting from within Dana, base salaries could exceed the range, based on the candidate's current salary or other factors. Our CEO and Chief Administrative Officer (CAO) are responsible for making salary recommendations to the Compensation Committee for executive officers, other than with respect to their own salary. In 2012, Messrs. Wood, Quigley, Wallace, Aghili and Yost did not receive base salary increases. Mr. Bowen received an increase of 16% in order to move his base salary closer to the 50th percentile for an executive in a similar position and comparable level of experience.

In March 2012, Mr. Quigley became our Executive Vice President and Chief Financial Officer. Compensation market data within our peer group and general industry data provided by Pay Governance and Mercer were used, along with consideration of our existing pay structure and other factors, in setting the total direct compensation (base and incentive pay) package for Mr. Quigley.

Annual Incentive Program

Dana maintains an Annual Incentive Program (AIP) for approximately 2,400 employees, including our named executive officers, which provides cash incentives driven by Dana's performance. Each year, the Compensation Committee reviews and approves an annual cash bonus target for the named executive officers, as a percentage of base salary. The named executive officers may earn from 0% to 200% of their individual target depending on actual consolidated financial performance compared to the pre-established goals set by the Compensation Committee. The payout opportunities for the named executive officers at the target level were: for Mr. Wood, 125% of his salary; for Mr. Quigley, 75% of his salary; Mr. Wallace, 75% of his salary; Mr. Aghili, 70% of his salary and Mr. Bowen, 70% of his salary. Our former CFO, Mr. Yost was entitled to a pro rata opportunity based on 75% of his salary. The Compensation Committee also establishes the performance metrics and goals that are used for determining AIP payouts in compliance with Section 162(m) of the IRS Code.

The 2012 AIP was designed to reward the achievement of two financial target performance goals, which were Earnings Before Interest, Taxes, less Restructuring and certain other adjustments or EBIT-R (60% weighted) of \$531 million and Free Cash Flow or FCF of \$342 million, defined as cash flow from operations plus i) pension contributions and ii) interest expense paid net of interest income received less i) capital expenditures; ii) restructuring-related payments and iii) income tax payments (40% weighted). We believe utilizing EBIT-R as a component of short-term compensation was important because this metric measures our operational profitability without discouraging the pursuit of restructuring and other actions that are expected to provide long term value. Additionally, the Compensation Committee believed that FCF was a fundamental metric to use to determine short term incentive because of the significance of maintaining sufficient cash generation and efficiently managing capital in industries such as ours. Our 2012 actual results for EBIT-R were \$484 million and \$459 million for FCF. This performance by Dana in 2012 resulted in a payout of 112% of the established targets for each of our named executive officers.

The potential amounts of annual cash incentives payable for reaching 2012 performance goals under the 2012 AIP at threshold, target and maximum for each of our named executive officers is set forth below in the table titled "Grants of Plan-Based Awards". The actual award paid is set forth in the Non-Equity Incentive Plan Compensation column of the "Summary Compensation Table".

Long Term Incentive Program

We believe that our long term incentive awards serve an important role by balancing short term goals with long term shareholder value creation and minimizing risk taking behaviors that could negatively affect long term results. All long term incentive awards are made pursuant to the 2012 Dana Holding Corporation Omnibus Incentive Plan (the Plan). These awards are provided to achieve the following objectives:

Aligning the executives' interests with those of shareholders;

Focusing executives on longer-term performance and business objectives, particularly the creation of shareholder value;

Facilitating attraction, motivation and retention of executives; and

Minimizing risk-taking behaviors for long-term results.

2012 Long Term Incentive Program (LTIP)

Approximately 140 senior management employees designated by Dana, including our named executive officers, participate in the 2012 LTIP. For 2012, Dana utilized market pay data as described in the annual review mentioned above to create a long term incentive compensation structure for the management team, including our named executive officers. Each of our named executive officers received an LTIP award based on a target dollar value assigned to his or her position based on our market comparison for similar positions, utilizing both peer and market data. The target levels for the named executive officers were: for Mr. Wood, 425% of his base salary; for Mr. Quigley, 255% of his base salary; Mr. Wallace, 230% of his base salary; Mr. Aghili, 200% of his base

Table of Contents

salary and Mr. Bowen, 215% of his base salary. Our former CFO, Mr. Yost was entitled to a pro rata award based on 255% of his base salary. For 2012, our senior executives, including our named executive officers, were eligible for long term incentive awards consisting of 1/3 stock options, 1/3 restricted stock units (RSUs) and 1/3 performance cash.

We believe it is important to provide our senior executives, including the named executive officers, with stock options, restricted stock units and performance cash because the awards serve different purposes. Stock options, in particular, encourage executives to achieve long term goals because they only have value to the recipient if there are long-term gains in the stock price that would also create value for our shareholders. Since the executive receives value from the stock option grants only in the event of stock appreciation, stock options are a strong incentive to (i) improve long term financial performance, (ii) focus on longer horizon decisions as well as short term decisions and (iii) increase shareholder value. Stock option awards under the 2012 LTIP have a contractual term of 10 years and vest in equal increments over 3 years.

Similar to stock options, RSUs encourage executives to achieve long term goals because they increase in value based on gains in the stock price that would also create value for our shareholders. Unlike stock options, restricted stock units provide an initial value to the employee that could decrease or increase based on stock price performance which aligns the employee's interest with those of our shareholders. Finally, the RSUs are not generally paid out unless the employee remains with the company through the vesting period which creates an incentive for employees to remain with the company and focus on enhancing long term value.

Our performance cash award encourages the executive to achieve Dana's long term goals, while being rewarded only if specific financial objectives are achieved. Similar to RSUs, our performance cash awards are not generally paid out unless the employee remains with the company through the vesting period which creates an incentive for employees to remain with the company and focus on enhancing long term value. Performance-based awards under the 2012 LTIP are based on a key financial metric; Pre-Tax Return On Invested Capital (ROIC). Our 2012 target for Pre-Tax ROIC was 17.7% and our 2012 performance was 17.8%. We believe that Pre-Tax ROIC is important because it ensures management uses the company's capital in an effective manner which drives shareholder returns and is well aligned, and different from, the performance measures used in the 2012 AIP.

Performance cash awards granted in 2012 cover three performance cycles (2012, 2013 and 2014). Each cycle is measured independently using metrics that are aligned to each year's annual operating plan goals. Each year has the potential to be earned at, below, or above target but the award does not vest until the end of the 2012-2014 performance period and is paid out in early 2015. The Pre-Tax ROIC metric has a performance range of twenty five percent (25%) to two hundred percent (200%) of target.

Based on 2012 company performance, the Compensation Committee certified that we achieved 104% of target for the 2012 performance cash cycle. The value of stock option awards and restricted stock units granted to each of our named executive officers in 2012 is set forth in the Summary Compensation Table below.

2010 Performance-Based Awards

As previously disclosed in our 2010 Proxy Statement, Dana granted performance shares and performance cash awards in 2010. These grants are scheduled to vest in 1/3 increments based on meeting or exceeding certain

Table of Contents

financial performance goals. The 2012 tranche of the 2010 performance-based awards was earned at 104%. The actual cash-based award earned is provided in the Summary Compensation Table below.

Equity awards granted to each of our named executive officers are set forth in the Grants of Plan-Based Awards table and Summary Compensation Table below.

Equity-Based Grant Practices

Under our equity-based grant practices, we make regular equity-based grants to eligible employees, including named executive officers, in the first quarter of the calendar year at a regularly scheduled meeting of the Compensation Committee. Under our current practice, the exercise price, in the case of stock options, is the closing price of our common stock on the New York Stock Exchange on the day of the grant. We also may award equity-based grants during the year to newly hired executive officers as part of their compensation package or to executives based on a promotion during the year. In the case of equity-based grants to newly hired employees who may be executive officers within the meaning of Section 162(m) of the Internal Revenue Code, or officers subject to Section 16 of the Exchange Act, including named executive officers, the grants are authorized by the Compensation Committee.

Mitigation of Potential Risk in Pay Programs

The Compensation Committee has reviewed our compensation policies and practices and determined that none are reasonably likely to have a material adverse effect on Dana. In order to avoid excessive risk taking behaviors, Dana has put into place several mechanisms, including, but not limited to, stock ownership guidelines, caps on annual incentive payouts, financial performance-based annual incentive programs, long term incentive awards (which are delivered primarily in the form of equity), a practice of using a mix of multiple types of awards, and a practice of using multiple metrics to determine annual and long term incentive payouts. Stock ownership guidelines, as discussed below, encourage our executives to maintain a certain level of company ownership, thus encouraging them to have an interest in the long term success of the company. Long term incentive awards such as restricted stock units or performance shares or equity acquired externally count toward our stock ownership guidelines. Annual incentive payouts are capped to avoid decisions that may lead to an exorbitant payout in one year to the detriment of performance in following years. In addition, our 2012 Omnibus Incentive Plan has a clawback provision related to incentive payments in the event of financial restatements. See Clawback Provisions below.

Stock Ownership Guidelines

We believe it is important to align the interests of the members of our Strategy Board (including our named executive officers) with those of our shareholders through ongoing stock ownership. Our Compensation Committee adopted stock ownership guidelines to encourage executives to own a significant number of shares of our common stock. The stock ownership guidelines are calculated based on a multiple of the executive's annual base salary. We require these executives to achieve the targeted stock ownership levels within 5 years of being promoted or named to the applicable executive position.

Title	Minimum Investment (Multiple of base salary)
Chief Executive Officer	5
Other Members of the Strategy Board	3

Employment Agreements

Our Compensation Committee determined it was necessary to offer executive employment agreements in certain limited circumstances to attract senior executives. As a result, we have an executive employment agreement with Mr. Wood as discussed under the Executive Agreements section below.

Severance Arrangements

Edgar Filing: DANA HOLDING CORP - Form DEF 14A

We have adopted both an executive severance plan (Executive Severance Plan) and a change in control severance plan (Change in Control Plan). Each of our current named executive officers participates in these

Table of Contents

plans. These arrangements provide certainty to both Dana and the former executive as to their rights and obligations to each other, including restrictive covenants, non-compete agreements and consulting services.

Executive Severance Plan

The Executive Severance Plan was adopted in 2008 in order to provide severance compensation to eligible executives whose employment is terminated for a reason other than cause, death, total disability or voluntary resignation. The plan is designed to offset the uncertainty of executives regarding their own futures if a termination actually occurs.

Change in Control Plan

We have also adopted the Change in Control Plan to provide severance benefits to eligible executives whose employment is terminated as a result of a change in control of the company. Each of our current named executive officers participates in the plan. We believe that such a plan helps to both attract and retain executives by reducing the personal uncertainty that arises from the possibility of a future business combination or restructuring. Dana believes that the Change in Control Plan helps to increase shareholder value by encouraging the executives to consider change in control transactions that are in the best interest of Dana and its shareholders, even if the transaction may ultimately result in their termination of employment.

All of our named executive officers who were eligible under the plan voluntarily agreed to waive the excise tax gross up provision of this plan. As a result, eligible executive officers would receive the better of the following change in control payments on an after-tax basis: i) change in control payment less excise tax (paid by executive), if the payment is deemed to be an excess parachute payment, and less other applicable income taxes or ii) change in control payment reduced to an amount such that an excise tax payment is not triggered, less other applicable income tax. If the excess parachute amount is not triggered, the change in control payment is not affected by any excise tax.

Additional information on the terms and conditions of these plans as they relate to our named executive officers is described in the section entitled *Potential Payments and Benefits upon Termination or Change in Control* below.

Perquisites and Other Benefits

Executive Perquisites Plan

We have adopted an Executive Perquisites Plan that provides for an annual cash allowance to eligible employees (including our named executive officers) in lieu of individual executive perquisites. We provide a cash allowance, in lieu of an administratively burdensome and costly perquisite program, as part of a competitive pay package, which assists in recruiting and retaining talented executives from other companies that offer similar benefits. A fixed cash allowance also reduces our costs to administer the various components of a perquisites program. A cash-based program is preferred in lieu of programs such as car allowances, club memberships, tax and financial planning typically provided in a company-managed executive perquisite program. In addition, our cash perquisite program is a taxable benefit paid on a monthly basis, and unlike some managed perquisite programs, we do not provide tax gross-up payments to cover applicable taxes on the allowance. Our CEO is entitled to \$50,000 annually and the remaining named executive officers are each entitled to \$35,000 annually.

International Assignment Benefits

We maintain an International Assignment Policy for certain employees who accept an international assignment at the request of Dana. The benefits under this program generally include some or all of the following benefits as needed: cost of living allowance, location premium, relocation allowance, housing allowance, transportation allowance, tax preparation, assignment completion payment, repatriation allowance and annual home leave. As a result of Mr. Aghili's role as President, Off-Highway Technologies, he receives benefits under this program.

Table of Contents

For more information on the benefits provided to Mr. Aghili, see the Summary Compensation Table and related footnotes below.

Relocation Assistance

On a limited basis, we offer relocation benefits to our employees and new hires. The benefits under this program generally include some or all of the following benefits as needed: pre-commitment visits, miscellaneous expense allowances, tax assistance, home sale assistance, loss on sale assistance, home purchase closing costs, household goods shipping, and temporary living expenses. Dana provides relocation benefits to encourage employees to relocate and to sell their homes in order to help ease and accelerate the transition time for the employee and the family and to help employees remain focused on our business rather than on personal relocation issues. Mr. Bowen utilized the relocation program during 2012.

For more information on the benefits provided to Mr. Bowen, see the Summary Compensation Table and related footnotes below.

Health & Wellness

As part of our employee health and wellness benefit initiative, we provide an executive physical program to certain executives, including the named executive officers. The benefit provides an annual routine wellness examination and physical at a cost to Dana not to exceed \$2,500.

Retirement Benefits

We maintain a tax-qualified, safe harbor 401(k) plan for our employees, including the named executive officers. Eligible participants may make voluntary contributions to the plan up to Internal Revenue Code limits. We match 100% of the employee's contributions up to 3% of compensation and 50% of the employee's contributions from 3% to 5% of compensation, providing a maximum employer match of 4% of compensation to an employee. Beginning in 2012, we made an additional fixed contribution of 1% of an employee's compensation into the 401(k) plan.

We also maintain a non-qualified savings plan, to which we credit amounts to participants that we would have otherwise provided as matching and fixed contributions under the 401(k) plan if IRS statutory limits on 401(k) plan contributions had not been applicable.

As a result of our comprehensive compensation and benefits analysis in 2011 with the consultants at Mercer and Pay Governance, we established a defined contribution Supplemental Executive Retirement Plan (SERP) for certain executives, including our named executive officers, effective January 1, 2012. We believe that SERP benefits will enable us to provide our named executive officers with a competitive retirement program in line with our peers. For more information regarding the SERP, see the narrative following the Nonqualified Deferred Compensation table below.

Clawback Provisions

In order to mitigate risk to Dana of paying either annual or long term incentives based on faulty financial results, we have a policy (Clawback Policy) regarding adjustment of performance-based compensation in the event of a restatement of our financial results that provides for the Compensation Committee to review all bonuses and other compensation paid or awarded to our executive officers based on the achievement of corporate performance goals during the period covered by a restatement. If the amount of such compensation paid or payable to any executive officer based on the originally reported financial results differs from the amount that would have been paid or payable based on the restated financial results, the Compensation Committee makes a recommendation to the independent members of the Board as to whether to seek recovery from the executive officer of any compensation exceeding that to which he or she would have been entitled based on the restated

Table of Contents

results or to pay to the officer additional amounts to which he or she would have been entitled based on the restated results, as the case may be. In the case of Mr. Wood, his executive employment agreement sets forth clawback provisions in addition to the Clawback Policy described above. These additional clawback provisions are described below under [Executive Agreements](#) .

Impact of Accounting and Tax Treatments

Deductibility of Executive Compensation

Subject to certain exceptions, Section 162(m) of the Internal Revenue Code limits our ability to deduct compensation in excess of \$1 million per year paid to our named executive officers (other than the chief financial officer). This limitation generally does not apply to compensation that is considered performance-based . It is our Compensation Committee s position that in administering the performance-based portion of Dana s executive compensation program, it will attempt to satisfy the requirements for deductibility under Section 162(m). However, our Compensation Committee believes that it needs to retain the flexibility to exercise its judgment in evaluating an executive s performance and that the total compensation program for executives should be managed and administered in accordance with Dana s objectives and in the overall best interests of Dana s shareholders. Should the requirements for deductibility under Section 162(m) conflict with our executive compensation philosophy and objectives or with the best interests of shareholders, as determined by our Compensation Committee, compensation in excess of the Section 162(m) limitations may be authorized in a particular year. For 2012, a portion of the compensation shown in the Summary Compensation Table for Mr. Aghili in excess of \$1,000,000 was not deductible for federal income tax purposes related to his international assignment.

Accounting for Stock-Based Compensation

We account for stock-based payments under our equity-based plans in accordance with the requirements of FASB ASC Topic 718 (formerly SFAS No. 123(R)). Further information about this accounting treatment can be found in Note 10 to the Consolidated Financial Statements in Dana s Annual Report on Form 10-K for the year ended December 31, 2012.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis (CD&A) with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the CD&A be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K.

2012 Dana Holding Corporation Omnibus Incentive Plan. The 2012 Dana Holding Corporation Omnibus Incentive Plan (the Plan) is administered by the Compensation Committee. The Compensation Committee may grant stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and other stock-based and non-stock based awards under the Plan.

The maximum number of shares of Dana's common stock available under the Plan is 5,000,000, plus (i) any shares of common stock available for future awards under the 2008 Dana Holding Corporation Omnibus Incentive Plan (Prior Plan); and (ii) any shares of common stock that are represented by awards granted under the Prior Plan which are forfeited, expire or are cancelled without delivery of the shares or which result in the forfeiture of shares back to Dana. Any shares related to awards that terminate or are forfeited are added back to the pool. The aggregate number of shares of common stock actually issued or transferred by Dana upon the exercise of incentive stock options may not exceed 4,000,000 shares. We have not granted any incentive stock options under the Plan. Further, no participant may be granted option rights or appreciation rights for more than 2,000,000 shares of common stock during any calendar year, subject to adjustments as provided in the Plan. In no event may any participant receive restricted shares, restricted stock units or performance shares in the aggregate for more than 1,500,000 shares of common stock during any calendar year, or receive an award of performance units having an aggregate maximum value as of their respective dates of grant in excess of \$15,000,000. The maximum number of shares that may be granted under the Plan is subject to adjustment in the event of stock dividends, stock splits, combinations of shares, recapitalizations, mergers, consolidations, spin-offs, reorganizations, liquidations, issuances of rights or warrants, and similar events. No grants may be made under the Plan after April 23, 2022.

Under the Plan, the Board of Directors may also, in its discretion, authorize the granting to non-employee directors of option rights and appreciation rights and may also authorize the grant of other types of awards. Upon a change in control of Dana, except as otherwise provided in the terms of the award or as provided by the Compensation Committee, to the extent outstanding awards are not assumed, converted or replaced by the resulting entity, all outstanding awards that may be exercised will become fully exercisable, all restrictions with respect to outstanding awards will lapse and become fully vested and non-forfeitable, and any specified performance measures with respect to outstanding awards will be deemed to be satisfied at target levels.

Retirement Plans

Effective January 2012, Dana established a non-qualified supplemental executive retirement plan for certain executives, including the named executive officers (except for Mr. Yost described below). Under the terms of the supplemental executive retirement plan, Dana established unfunded notional defined contribution accounts subject to the claims of Dana's general creditors. Each participant account will be credited on an annual basis as follows: (a) fixed employer credits equal to 3.5% of compensation; and (b) discretionary employer credits based on Dana's sole discretion and company performance not to exceed 4% of compensation. Dana credits the accumulated balance of each account with an annualized compounded rate of return of 5%. Participants are fully vested after 5 years of service or upon death, disability or Change in Control. As part of his employment offer and to replace his retirement plan forgone from his previous employer, Mr. Bowen received an opening credit of \$1,100,000 in his supplemental executive retirement plan.

Our former CFO was eligible to receive a non-qualified supplemental retirement benefit under his supplemental executive retirement plan that was created when he became our Executive Vice President and Chief Financial Officer in May 2008. Under the terms of Mr. Yost's supplemental executive retirement plan, Dana created an unfunded notional defined contribution account subject to the claims of Dana's general creditors. Dana credited Mr. Yost's account as follows: (a) 20% of Mr. Yost's annual base pay; and (b) 20% of Mr. Yost's annual incentive plan award; less (c) the basic credit provided to Mr. Yost under Dana's Retirement Savings Plan (401(k)) plan (without regard to any matching contributions). Dana credited the accumulated balance in his account with an annualized return of 5% compounded annually. Mr. Yost received the accumulated balance of his account when his employment with Dana ceased and was paid in a lump sum amount.

event he voluntarily terminates service without good reason or is terminated for cause on or before the third anniversary date of his employment (pro rata). Mr. Wood has also waived any right to an excise tax gross up upon an eligible change in control event. For a period of twenty-four (24) months following his termination of employment, Mr. Wood is prohibited from competing against Dana, soliciting its customers or employees, and working for a competitor. Mr. Wood has also agreed that he will not disclose Dana's confidential information.

Former CFO James Yost

In connection with our former CFO's appointment as Executive Vice President and Chief Financial Officer, Dana executed an executive employment agreement in May 2008 with Mr. Yost approved by our Board of Directors. As previously disclosed, Mr. Yost stepped down from his role as our Chief Financial Officer on March 1, 2012 and left Dana on May 12, 2012. Under the terms of the executive employment agreement, Mr. Yost was entitled to the following:

Base salary;

Annual target bonus of 75% of his annual base salary;

Future long term incentive award opportunities based upon 255% of the value of Mr. Yost's then existing salary;

At end of Mr. Yost's employment, all unvested long-term incentive awards fully vested and were earned by Mr. Yost based on corporate performance;

In the event of a change in control, any unvested options shares or performance shares became immediately vested and exercisable;

A supplemental executive retirement plan, as described above under the "Nonqualified Deferred Compensation" table;

Car and driver service, as needed, between Toledo and Mr. Yost's residence in metropolitan Detroit;

Participation in Dana-sponsored employee welfare benefit plans, programs and arrangements;

Participation in Dana's Executive Perquisites Plan;

Other usual and customary benefits in which senior executives participate and other fringe benefits and perquisites as may be made available to senior executives (including but not limited to inclusion in the Executive Severance Plan); and

Gross-up payments upon becoming subject to (i) excise tax on any compensation under Mr. Yost's executive employment agreement and (ii) upon any payment to Mr. Yost upon a change in control.

POTENTIAL PAYMENTS AND BENEFITS

UPON TERMINATION OR CHANGE IN CONTROL

Edgar Filing: DANA HOLDING CORP - Form DEF 14A

As discussed in the Compensation Discussion and Analysis section above, Dana maintains both an Executive Severance Plan and Change in Control Plan that apply to certain senior executives, including our named executive officers.

Set forth below is a description of each plan (applicable to eligible executive officers, including named executive officers). This is followed by tables relating to Messrs. Wood, Quigley, Wallace, Aghili and Bowen. Separately, we included the payments received by our former CFO, Mr. Yost, upon the expiration of his executive employment agreement in May 2012.

Executive Severance Plan

In the event any eligible executive officer, except our CEO, is involuntarily terminated by Dana without cause and such termination occurs prior to a change in control, Dana will pay the executive an amount based on

Table of Contents

his or her annual base salary and medical benefits coverage in effect on the date of termination for a period of 12 months. The medical benefit payment allows but does not require the employee to purchase additional coverage equal to a total of two years (three years for our CEO) of subsidized COBRA.

Our CEO is entitled to receive an amount based on his annual base salary in effect on the date of termination for a period of 24 months. The Executive Severance Plan contains an offset provision to prevent executives with severance provisions under an employment agreement from receiving double benefits.

Additionally, the executive, except our CEO, will receive payment or receive reimbursement for reasonable costs of outplacement services, subject to a maximum amount of \$25,000. Our CEO will receive payment or reimbursement for reasonable costs of outplacement services, subject to a maximum amount of \$50,000 for a period of 24 months beginning on the employment termination date.

Change in Control Plan

Under our Change in Control Plan, all eligible executive officers, except our CEO, who incur a qualifying termination will be entitled to receive two years of salary and twice his or her target bonus for the year in which termination occurs. Our CEO is entitled to receive three years of salary and three times his target bonus for the year in which termination occurs. In addition, each named executive officer will be entitled to: (1) the full amount of any earned but unpaid base salary through the date of termination plus a cash payment for all unused vacation time accrued as of the termination date; (2) a pro rata portion of his or her annual bonus for the year in which termination occurs; (3) all equity awards which will vest in full and become fully exercisable as of the termination date; (4) any actual award credited to an eligible employee in connection with Dana's performance awards all of which vest in full as of date of termination; (5) a lump sum cash amount to allow, but not require, the employee to purchase additional coverage equal to a total of two years (three years for our CEO) of subsidized COBRA; (6) the employee assistance program; (7) reasonable costs of outplacement services not to exceed \$25,000 (\$50,000 for our CEO).

Prior to July 2009, our Change in Control Plan included a conditional excise tax gross-up provision such that if the executive incurred any excise tax by reason of his or her receipt of any payment that constituted an excess parachute payment, as defined in Section 280G of the Internal Revenue Code, the executive would be entitled to a gross-up payment only if the aggregate excess parachute payments exceeded 120% of the respective Section 280G limit. The amount of the gross-up payment would place the executive in the same after-tax position he or she would have been in had no excise tax applied. Under the plan, Dana is required to reduce the executive's change in control benefits by up to 20% of the Section 280G limit if doing so avoids imposition of the Section 280G excise tax for the executive.

In July 2009, executives who were eligible for the change in control benefit voluntarily waived the excise tax gross up provision. All named executive officers who were eligible for the benefit voluntarily waived the gross up provision. As a result, any eligible executive officers would receive the better of the following change in control payments on an after-tax basis: i) change in control payment less excise tax (paid by executive), if the payment is deemed to be an excess parachute payment, and less other applicable income taxes or ii) change in control payment reduced to an amount such that an excise tax payment is not in effect, less other applicable income taxes. If the excess parachute amount is not triggered, the change in control payment is not affected by any excise tax.

Expiration of Former CFO Executive Employment Agreement

In connection with the expiration of the executive employment agreement of our former CFO, Mr. Yost was entitled to the following benefits as set forth in his executive employment agreement as well as the Summary Compensation Table above:

Pro-rated 2012 annual incentive award;

Pro-rated 2012 long-term incentive award;

Table of Contents

All unvested as well as earned but unexercised long term incentive awards; and

All amounts due under his SERP.

The following tables set forth the potential payments which would have been due to our named executive officers upon termination or a change of control as of December 31, 2012.

PROPOSAL I SUBMITTED FOR YOUR VOTE

ELECTION OF DIRECTORS

Under our Bylaws, each director will hold office on the Board until the election and qualification of a successor at an annual meeting of shareholders or until his earlier resignation, disqualification, removal, death or other cause.

Election of Three Board Members by Series A Preferred Holders

Pursuant to our Restated Certificate of Incorporation and the Shareholders Agreement dated January 31, 2008, among Dana and Centerbridge (Shareholders Agreement), as long as shares of Series A Preferred having an aggregate Series A Liquidation Preference (as defined in the Shareholders Agreement) of at least \$125 million are owned by Centerbridge, Centerbridge will be entitled, voting as a separate class, to elect three directors at each meeting of shareholders held for the purpose of electing directors, at least one of whom must be independent of both Dana and Centerbridge, as defined under the rules of the NYSE. In case of any removal, either with or without cause, of a director elected by the holders of the shares of Series A Preferred, the holders of the shares of Series A Preferred will be entitled, voting as a separate class, either by written consent or at a special meeting or next regular meeting, to elect a successor to hold office for the unexpired term of the director who has been removed.

Centerbridge has indicated to Dana that it intends to elect Mark T. Gallogly, Brandt F. McKee and Mark A. Schulz as members of our Board of Directors at this year's Annual Meeting of Shareholders. Each of the nominees has consented to his or her nomination and has agreed to serve as a director of Dana, if elected.

Election of Directors

Series A Nominee for Election to Board of Directors

In addition, pursuant to the Shareholders Agreement, prior to any shareholder meeting where directors will be elected, Dana must establish a nominating committee (the Series A Nominating Committee) which is separate from the Nominating and Corporate Governance Committee of our Board. The Series A Nominating Committee consists of three directors, two of whom are Centerbridge designated directors. The Series A Nominating Committee is entitled to nominate one director for election by our shareholders (Series A Nominee); provided, however, that, in order for such nomination to be effective, the nomination by the Series A Nominating Committee must be unanimously approved by members of the Series A Nominating Committee. To the extent the members of the Series A Nominating Committee are unable to unanimously agree on the identity of a Series A Nominee on or before the latest time at which Dana can reasonably meet its obligations with respect to printing and mailing a proxy statement for an annual meeting of our shareholders, the Board will designate a committee of all of the independent directors, which committee will, by a majority vote, select an individual nominee for the Board seat. Each Series A Nominee will, at all times during his or her service on the Board, be qualified to serve as a director of Dana under any applicable law, rule or regulation imposing or creating standards or eligibility criteria for individuals serving as directors of organizations such as Dana and will be an independent director.

Each elected Series A Nominee will serve until his or her successor is elected and qualified or until his or her earlier resignation, retirement, disqualification, removal from office or death. If any Series A Nominee ceases to be a director of Dana for any reason, Dana will promptly use its best efforts to cause a person designated by the Series A Nominating Committee to replace such director.

The Series A Nominating Committee consisted of Mark T. Gallogly, Brandt F. McKee and Roger J. Wood. The Series A Nominating Committee has selected Richard F. Wallman as its nominee to be elected to our Board of Directors. Mr. Wallman has consented to his nomination and has agreed to serve as a director of Dana, if elected.

Table of Contents***Election of Majority of Members of Dana's Board of Directors***

The majority of the members of our Board are elected by the holders of shares of common stock and any other class of capital stock entitled to vote in the election of directors (including the Series A Preferred and Series B Preferred), voting together as a single class at each meeting of shareholders held for the purpose of electing directors. Our Board currently consists of ten directors. This year you are voting on seven candidates for the Board of Directors. Based on the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the current Directors for election: Virginia A. Kamsky, Terrence J. Keating, Joseph C. Muscari, Steven B. Schwarzwaelder, Keith E. Wandell and Roger J. Wood as well as Richard F. Wallman who is the Series A Nominee. Each of the nominees has consented to his or her nomination and has agreed to serve as a director of Dana, if elected.

The Board has adopted *Director Selection and Retention Guidelines*. Under these Guidelines, the Board identifies individuals qualified to become members of the Board and elects candidates to fill new or vacant positions. Potential candidates for Board positions are identified through a variety of means, including individuals identified by the Nominating and Corporate Governance Committee, the use of search firms, recommendations of Board members, recommendations of executive officers and properly submitted shareholder recommendations. Potential candidates for nomination as director candidates must provide written information about their qualifications and participate in interviews conducted by individual Board members. Candidates are evaluated using the guidelines described below to determine their qualifications based on the information supplied by the candidates and information obtained from other sources.

The Board will consider shareholder recommendations for directors that meet the criteria set forth below. The Board makes no distinctions in evaluating nominees for positions on the Board based on whether or not a nominee is recommended by a shareholder, provided that the procedures with respect to nominations are followed. As stated above, shareholders who wish to have their recommendations for director nominee considered must comply with applicable laws and regulations, as well as Dana's Restated Certificate of Incorporation, Bylaws and Shareholders Agreement. Shareholders who wish Dana to consider their recommendations for nominees for the position of director should submit their recommendations in writing to Dana Holding Corporation, 3939 Technology Drive, Maumee, Ohio 43537, Attention: Corporate Secretary, by the deadline set forth in the *Questions and Answers* section above.

Neither Dana's Board nor the Nominating and Corporate Governance Committee has adopted a specific diversity policy with respect to identifying nominees for director. However, Dana has established criteria it considers when it is evaluating a potential candidate. Criteria for assessing nominees include a potential nominee's ability to represent the long term interests of Dana. Minimum qualifications for a director nominee are experience in those areas that the Board determines are necessary and appropriate to meet the needs of Dana, including leadership positions in public companies, large or middle market businesses, or not-for-profit, governmental, professional or educational organizations. For those proposed director nominees who meet the minimum qualifications, the Board assesses the proposed nominee's specific qualifications, evaluates his or her independence (including, but not limited to, independence related to Dana, other Board members and shareholders), and considers other factors, including skills, business segment representation, geographic location, diversity, standards of integrity, memberships on other boards (with a special focus on director interlocks), and ability and willingness to commit to serving on the Board for an extended period of time and to dedicate adequate time and attention to the affairs of Dana as necessary to properly discharge his or her duties. Additionally, the Board considers whether each nominee would be considered a financial expert or financially literate as described in applicable listing standards, legislation and our Audit Committee guidelines.

Additionally, our *Corporate Governance Guidelines, Standards of Business Conduct for Members of the Board of Directors, Related-Party Transactions Policy and the Director Independence Standards* are considered prior to making a recommendation to the Board for approval of a nominee. Each of these documents is available on Dana's website at www.dana.com.

CORPORATE GOVERNANCE

Our Board of Directors has established guidelines that it follows in matters of corporate governance. Our *Corporate Governance Guidelines* describe our corporate governance practices and addresses corporate governance issues such as Board composition and responsibilities, compensation of directors and executive succession planning. The following summary provides highlights of those guidelines. A complete copy of our *Corporate Governance Guidelines* is available online at <http://www.dana.com>.

Role of Board

The business of Dana is conducted by its employees, managers and corporate officers led by our CEO, with oversight from the Board. The Board selects the CEO and works with the CEO to elect/appoint other corporate officers who are charged with managing the business of Dana. The Board has the responsibility of overseeing, counseling and directing the corporate officers to ensure that the long term interests of Dana and its shareholders are being served. The Board and the corporate officers recognize that the long term interests of Dana and its shareholders are advanced when they take into account the concerns of employees, customers, suppliers and communities.

Responsibilities of the Board

The basic responsibility of our directors is to exercise their reasonable business judgment on behalf of Dana. In discharging this obligation, directors rely on, among other things, Dana's corporate officers, outside advisors and auditors.

Pursuant to the Board's general oversight responsibilities, among other things, the Board:

Evaluates the CEO's performance and reviews Dana's succession plan for the CEO and other officers;

Reviews the long-range business plans of Dana and monitors performance relative to achievement of those plans;

Considers long-range strategic issues and risks to Dana; and

Approves policies of corporate conduct that continue to promote and maintain the integrity of Dana.

Executive Sessions of the Board

Executive sessions of our non-management directors are held, without Dana management, in conjunction with each regularly scheduled Board meeting and between such Board meetings as requested, from time to time, by our Chairman or other non-management directors. These sessions are chaired by our Chairman.

Access to Management and the Independent Registered Public Accounting Firm

Our non-management directors may meet with senior management, other employees and the independent registered public accounting firm at any time, either separately or jointly, as they deem appropriate. Senior personnel of Dana and of the registered public accounting firm regularly attend portions of our Board and Committee meetings, and other personnel may be invited to attend particular meetings where appropriate.

Board Performance Assessment

The Board conducts an annual self-evaluation to determine whether it and its committees are functioning effectively. Our Nominating and Corporate Governance Committee reviews the self-evaluation process. An annual report is made to the Board on the assessment of the performance of the Board and its committees. The assessment evaluates the contribution of the Board and its committees to Dana and specifically focuses on areas in which the Board or management believes that the Board or its committees could improve.

Table of Contents

Board Leadership Structure

Our Board currently separates the role of Chairman of the Board and the role of CEO. Mr. Muscari has served as our independent Chairman since July 2012. Mr. Wood has served as our President and Chief Executive Officer since April 2011. The Board believed at the time of his appointment that separating the Chairman and CEO positions provided an efficient and effective leadership model for Dana. Separating the Chairman and CEO positions has i) allowed Mr. Wood to devote his full attention on Dana and to focus on his responsibilities as CEO without the additional responsibilities of Chairman, ii) created mentoring opportunities and iii) takes advantage of the business synergies created by two dynamic leaders.

Our Board recognizes no single leadership model is right for all companies and at all times. Our Board believes that depending on the circumstances, other leadership models, such as a combined Chairman of the Board and CEO role, might be appropriate. While there are benefits to separating the Chairman and CEO position as discussed above, the combined role of Chairman and CEO promotes unified leadership and direction for a Board of Directors and executive management and allows for a single, clear focus for the chain of command to execute a company's strategic initiatives and business plans. It is our Board's intention to periodically review our leadership structure.

Succession Planning

A key responsibility of our Board is ensuring that an effective process is in place to provide continuity of leadership over the long term at all levels of Dana. Each year, succession planning reviews are held at every significant organizational level of Dana, culminating in a full review of senior leadership talent. During this review, the Board discusses future candidates for senior leadership positions, succession timing for those positions and development plans for the highest-potential candidates. This process ensures continuity of leadership over the long term, and it forms the basis on which Dana makes ongoing leadership assignments.

RISK OVERSIGHT

Dana maintains a risk management program overseen by our executive committee. In particular, our Executive Vice President and Chief Financial Officer; Vice President, Audit; and Senior Vice President, General Counsel and Secretary have responsibility for this area. In addition, our Business Unit Presidents and functional leads oversee strategic and operational risks. Risks are identified and prioritized by our management, and each of these risks is reviewed by the Audit Committee or the entire Board. For example, strategic risks are overseen by the entire Board and financial risks are overseen by our Audit Committee. Management regularly reports on each such risk to our entire Board or Audit Committee. Additional review or reporting on risks is conducted as needed or as requested by the Board or any committee. Also, our Compensation Committee periodically reviews the most important risks to ensure that compensation programs do not encourage excessive risk-taking and has implemented several mechanisms to avoid such risk-taking behavior, as detailed in the Mitigation of Potential Risk in Pay Programs and Clawback Provisions sections above.

Table of Contents**COMMITTEES AND MEETINGS OF DIRECTORS**

The Board has several committees, as set forth in the following chart and described below. The names of the directors serving on the committees and the committee chairs are also set forth in the chart. The current terms of the various committee members expire at the 2013 Annual Meeting.

Audit Committee. As provided in its Board-adopted written charter, this committee consists solely of members who are outside directors and who meet the independence and experience requirements of applicable rules of the NYSE and the SEC with respect to audit committee members. This committee is responsible, among other things, for providing assistance to the Board by overseeing: (i) the integrity of Dana's financial statements; (ii) Dana's compliance with legal and regulatory requirements; (iii) the independent registered public accounting firm's qualifications and independence; (iv) the performance of Dana's internal audit function and independent registered public accounting firm; and (v) the preparation of the Audit Committee Report found in this proxy statement. The Board of Directors has determined that all of the members of the Audit Committee are independent within the meaning of those independence requirements established from time to time by the Board and the SEC and the listing standards of the New York Stock Exchange (see Director Independence and Transactions of Directors with Dana section in this proxy statement). The current members of our Audit Committee are Mr. Wallman (Chairman), Mr. Keating and Mr. Schulz. Mr. Wallman currently is a member of three public company audit committees, including as Chairman of our Audit Committee. Our Board has determined that such simultaneous service does not impair his ability to effectively serve on our Audit Committee. Further, our Board has determined that Mr. Wallman is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K under the Exchange Act. A current copy of the charter of the Audit Committee is available to security holders on Dana's website at www.dana.com. The Audit Committee met six times in 2012.

Compensation Committee. This committee establishes Dana's executive compensation policies and programs, administers Dana's 401(k), stock, incentive and retirement plans and monitors compliance with laws and regulations applicable to the documentation and administration of Dana's employee benefit plans, among other things. The Board of Directors has determined that all of the members of the Compensation Committee are independent, pursuant to independence requirements established from time to time by the Board and the listing standards of the New York Stock Exchange (see the Director Independence and Transactions of Directors with Dana section in this proxy statement). A current copy of the charter of the Compensation Committee is available to security holders on Dana's website at www.dana.com. The Compensation Committee met six times in 2012. See the Compensation Discussion and Analysis section above for more information.

Nominating and Corporate Governance Committee. This committee monitors the effectiveness of the Board and oversees corporate governance issues. Among its various other duties, this committee reviews and recommends to the full Board candidates to become Board members, develops and administers performance criteria for members of the Board, and oversees matters relating to the size of the Board, its committee structure and assignments and the conduct and frequency of Board meetings. The Board of Directors has determined that all of the members of the Nominating and Corporate Governance Committee are independent, pursuant to independence requirements established from time to time by the Board and the listing standards of the New York Stock Exchange (see the Director Independence and Transactions of Directors with Dana section in this proxy statement). A current copy of the charter of the Nominating and Corporate Governance Committee is available to security holders on Dana's website at www.dana.com. The Nominating and Corporate Governance Committee met three times in 2012.

Table of Contents

Board and Committee Meetings. There were nine regular and special meetings of the Board and fifteen meetings of the various committees of the Board. All directors attended at least seventy-five percent (75%) of the aggregate number of meetings held by the Board and all the committees of the Board on which the respective directors served. Dana expects all of its directors to attend the Annual Meeting except in cases of illness, emergency or other reasonable grounds for non-attendance. All members of our Board of Directors attended our Annual Meeting last year, except Mr. Schultz who had an unavoidable commitment.

NON-MANAGEMENT DIRECTORS AND COMMUNICATION WITH THE BOARD

The non-management directors meet at regularly scheduled executive sessions without management. Joseph C. Muscari is the Chairman at such sessions. Interested parties may communicate directly with Mr. Muscari or with the non-management directors as a group by sending written correspondence, delivered via United States mail or courier service, to: Secretary of the Board, Dana Holding Corporation, 3939 Technology Drive, Maumee, Ohio, 43537, Attn: Non-Management Directors. Alternatively, shareholders may send communications to the full Board by sending written correspondence, delivered via United States mail or courier service, to: Secretary of the Board, Dana Holding Corporation, 3939 Technology Drive, Maumee, Ohio, 43537, Attn: Full Board of Directors. The Board of Directors' current practice is that the Secretary may relay proper communications received to the Chairman of the Board.

DIRECTOR INDEPENDENCE AND TRANSACTIONS OF DIRECTORS WITH DANA

Independence and Transactions of Directors

The Board of Directors has determined that eight non-management directors, constituting 80% of the full Board of Directors of Dana, are independent within the meaning of the listing standards of the NYSE. Our Board determines whether each director qualifies as an independent director when first elected to the Board and annually thereafter. To assist in making these determinations of independence, Dana adopted categorical standards set forth in our *Director Independence Standards*, a current copy of which is available to security holders on Dana's website at www.dana.com.

Under our *Director Independence Standards*, if a director has a relationship with Dana (either directly or as a partner, shareholder or officer of an organization that has a relationship with Dana), the Board considers all relevant facts and circumstances in determining whether the relationship will interfere with the exercise of the director's independence from Dana and our management, taking into account, among other things, the significance of the relationship to Dana, to the director and to the persons or organizations with which the director is affiliated.

In connection with making its director independence determinations, the Board specifically considered the following relationships and transactions:

Mr. Schulz is a member of the Board of Directors of PACCAR, Inc. PACCAR is one of our largest customers. Based on Dana's strong Board governance practices and procedures, the Board determined that Mr. Schulz's role at PACCAR does not impair his independence.

In March 2008, Dana and Centerbridge agreed to jointly employ Mr. McKee. Mr. McKee worked directly with our senior management and Centerbridge's team as a leader in implementing our Dana Operating System (DOS). He continued in this role until June 2010. Mr. McKee's compensation during this period exceeded the independence threshold set forth under both our *Director Independence Standards* as well as those set forth by the NYSE. Accordingly, it has been determined Mr. McKee is not currently independent.

The Board has affirmatively determined that the following directors, constituting a majority of our Board of Directors, meet the categorical standards for independence and that such directors have no material relationship with Dana (either directly or as a partner, shareholder or officer of an organization that has a relationship with Dana) other than as a director: Mark T. Gallogly, Virginia A. Kamsky, Terrence J. Keating, Joseph C. Muscari,

Table of Contents

Mark A. Schulz, Steven B. Schwarzwaelder, Keith E. Wandell and Richard F. Wallman. The Board determined that Mr. McKee is not independent on account of his prior relationship with Dana. The Board has further determined that Roger J. Wood is not independent because he is an employee of Dana.

Review of Transactions With Related Persons

Dana has procedures and policies for reviewing transactions between Dana and its directors and executive officers, their immediate family members and entities with which they have a position or relationship. These procedures are intended to determine whether any such transaction impairs the independence of a director or presents a conflict of interest on the part of a director or executive officer.

Annually, each director and executive officer is required to complete a director, director nominee and executive officer questionnaire, and each non-management director is required to complete an independence certification. Both of these documents elicit information about related person transactions. The Nominating and Corporate Governance Committee and the Board of Directors annually review the transactions and relationships disclosed in the questionnaire and certification, prior to the Board of Directors making a formal determination regarding the directors' independence. To assist them in their review, the Nominating and Corporate Governance Committee and the Board of Directors use the categorical standards found in Dana's *Director Independence Standards*, as discussed above.

In order to monitor transactions that occur between the annual reviews, the independence certification also obligates the directors to immediately notify our General Counsel in writing if they discover that any statement in the certification was untrue or incomplete when made, or if any statement in the certification becomes subsequently untrue or incomplete. Likewise, under our *Standards of Business Conduct for the Board of Directors*, any situation that involves, or may involve, a conflict of interest with Dana is required to be promptly disclosed to the Chairman of the Board, who will consult with the Chairman of the Nominating and Corporate Governance Committee. Executive officers are bound by the *Standards of Business Conduct for Employees*.

Our Board has adopted a *Related-Party Transactions Policy* that sets forth standards with respect to related party transactions with Dana or our subsidiaries. A current copy of this policy is available to shareholders on Dana's website at www.dana.com.

Under the *Related-Party Transactions Policy*, (i) a director, nominee for director or executive officer of Dana (since the beginning of the last fiscal year), (ii) any beneficial holder of greater than five percent (5%) of Dana's voting securities or (iii) any immediate family member of any of the foregoing, are required to seek the prior approval of the Audit Committee of any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (i) the aggregate amount involved will or may reasonably be expected to exceed \$120,000 in any calendar year, (ii) Dana, or any of its subsidiaries is a participant, and (iii) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity).

In making its determination, the Audit Committee considers such factors as (i) the extent of the related party's interest in the interested transaction, (ii) if applicable, the availability of other sources of comparable products or services, (iii) whether the terms of the interested transaction are fair to Dana and no less favorable than terms generally available in unaffiliated third-party transactions under like circumstances, (iv) whether the interested transaction would impair the independence of an outside director, (v) the benefit to Dana and (vi) whether the interested transaction is material, taking into account: (a) the importance of the interest to the related party, (b) the relationship of the related party to the interested transaction and of the related parties to each other, (c) the dollar amount involved and (d) the significance of the transaction to Dana's investors in light of all the circumstances.

Notwithstanding the foregoing, our Board may determine certain interested transactions deemed to be pre-approved, even if the aggregate amount involved will exceed \$120,000. Those pre-approved transactions are described in the *Related-Party Transactions Policy*.

Table of Contents

All interested transactions, except certain pre-approved, must be disclosed in Dana's applicable SEC filings as and to the extent required by applicable SEC rules and regulations. The questionnaire, certification, *Standards of Director Independence*, *Standards of Business Conduct for the Board of Directors*, *Standards of Business Conduct for Employees*, and *Related-Party Transactions Policy* are all in writing.

The Board specifically considered the following relationships and transactions in 2012:

Brandt F. McKee is a member of our Board of Directors and also an employee of Centerbridge. Mark T. Gallogly is a member of our Board of Directors. Mr. Gallogly is a Co-founder and Managing Principal of Centerbridge who also owns an equity interest in Centerbridge. As previously disclosed, Centerbridge owns 2.5 million shares of our Series A Preferred.

Mark A. Schulz is a Board member of PACCAR, Inc. PACCAR is one of our largest customers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2012, Messrs. Wandell, Muscari and Schwarzwaelder served as members of the Compensation Committee. No such member of the Compensation Committee is, or was during 2012, an officer or employee of Dana or any of its subsidiaries, nor was any such member formerly an officer of Dana or any of its subsidiaries. Moreover, no such member in an officer of a company in which an executive officer of Dana is a member of its compensation committee.

Table of Contents**COMPENSATION OF DIRECTORS**

Our Compensation Committee is responsible for making recommendations to our Board of Directors regarding the form and amount of non-employee director compensation. In determining the recommendation for director compensation, the Compensation Committee considers the recommendations of our Chairman, CEO and CAO, as well as information provided by Mercer.

The table below illustrates the compensation structure for non-employee directors in 2012. Employee Directors receive no compensation for their Board service. In addition to the compensation described below, each Director is reimbursed for reasonable out-of-pocket expenses incurred for travel and attendance related to meetings of the Board of Directors or its committees.

Element of Compensation	Annual Amount
Annual Retainer (cash)	\$ 75,000
Annual Retainer for Audit Committee Chair (cash)	\$ 10,000
Annual Committee Chair Retainer (except Audit) (cash)	\$ 7,500
Board or Committee Meeting Fees per meeting (cash)	\$ 1,500
Restricted Stock Units ⁽¹⁾	\$ 100,000

Footnotes:

(1) This annual grant of restricted stock units was made pursuant to the Plan on February 22, 2012 and vested in full on February 22, 2013. This grant was equivalent to 6,333 restricted stock units. Each grant is subject to accelerated vesting on death, disability, reaching mandatory retirement age (age 73) or change in control.

Deferred Compensation. Each non-management director has the opportunity to elect to defer a percentage of the annual cash retainer into restricted stock units. The RSUs are credited as of the last day of each quarter based on the quotient obtained by dividing (i) the dollar amount of the retainer for that quarter which is being deferred by (ii) the closing price per share on the last trading day of that quarter (with the result being rounded down to the nearest whole number of RSUs). The RSUs are fully vested on the date of grant and each RSU represents the right to receive one share of our common stock (or, at our election, an equivalent cash amount) on the earlier of (i) the first business day of the calendar month coincident with or next following the date that the director terminates service as a non-management director or (ii) the date on which a change in control occurs.

The following table provides information on the compensation of our non-management directors for 2012.

Section 16(a) of the Exchange Act requires that Dana's directors, executive officers and persons who own more than ten percent (10%) of a registered class of Dana's equity securities file reports of stock ownership and any subsequent changes in stock ownership with the SEC and the New York Stock Exchange not later than specified deadlines. Based solely on its review of the copies of such reports received by it, or written representations from certain reporting persons, Dana believes that, during the year ended December 31, 2012, each of its executive officers, directors and greater than ten percent shareholders complied with all such applicable filing requirements.

PROPOSAL II SUBMITTED FOR YOUR VOTE

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our shareholders to vote on an advisory (non-binding) basis on our compensation policies and practices and the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. In 2011, our Board of Directors, upon the recommendation of Dana's shareholders, elected to hold an annual advisory vote on Dana's executive compensation practices.

As discussed in our Compensation Discussion and Analysis (CD&A) above, the overall objectives of Dana's executive compensation program are to attract, motivate, reward and retain talent. We believe that in order to achieve our objectives, our compensation and benefits must be competitive with executive compensation arrangements generally provided to other executive officers at similar levels at other companies where we compete for talent. The various components of Dana's executive compensation program are designed to:

Align management incentives and shareholder interests;

Motivate executive management and employees to focus on business goals over short and long term horizons; and

Attract and retain executive talent.

We believe that Dana's executive compensation programs have been effective at incentivizing the achievement of positive results, appropriately aligning pay and performance and in enabling Dana to attract and retain very talented executives within our industry. We encourage you to read our CD&A contained within this proxy statement for more detailed discussion of our compensation policies and procedures.

We are asking our shareholders to indicate their support for our executive compensation policies and practices as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives you as a shareholder the opportunity to express your views on our fiscal year 2012 executive compensation policies and procedures for our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and procedures described in this proxy statement. Accordingly, we ask our shareholders to vote **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the shareholders of Dana Holding Corporation (Dana) approve, on an advisory basis, the compensation of Dana's named executive officers, as disclosed in Dana's Proxy Statement for the 2013 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission as set forth in Item 402 of Regulation S-K (including the Compensation Discussion & Analysis, the compensation tables and narrative discussion).

Although this is an advisory vote which will not be binding on the Compensation Committee or the Board, we will carefully review the results of the vote. The Compensation Committee will consider our shareholders' concerns and take them into account when designing future executive compensation programs.

DANA'S BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS ADVISORY VOTE ON EXECUTIVE COMPENSATION.

Table of Contents**PROPOSAL III SUBMITTED FOR YOUR VOTE****RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of Dana has selected PricewaterhouseCoopers LLP (PwC), an independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2013, and recommends that the shareholders vote for ratification of such appointment.

As a matter of good corporate governance, the selection of PwC is being submitted to the shareholders for ratification. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. Even if PwC is ratified as the independent registered public accounting firm by the shareholders, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Dana and its shareholders. Representatives of PwC are expected to be present at the Annual Meeting of Shareholders and will have the opportunity to make a statement if they so desire. The representatives also are expected to be available to respond to appropriate questions from shareholders.

DANA S BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL TO RATIFY THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**Fees**

PwC s aggregate fees for professional services rendered to Dana worldwide were approximately \$8.0 million and \$8.4 million in the fiscal years ended December 31, 2012 and 2011. The following table shows details of these fees, all of which were pre-approved by our Audit Committee.

Audit Committee Pre-Approval Policy

Our Audit Committee pre-approves the audit and non-audit services performed by our independent registered public accounting firm, PwC, in order to assure that the provision of such services does not impair PwC s independence. The Audit Committee annually determines which audit services, audit-related services, tax services and other permissible non-audit services to pre-approve and creates a list of the pre-approved services and pre-approved cost levels. Unless a type of service to be provided by PwC has received general pre-approval, it requires specific pre-approval by the Audit Committee or the Audit Committee Chairman or a member whom he or she has designated. Any services exceeding pre-approved cost levels also require specific pre-approval by the Audit Committee. Management monitors the services rendered by PwC and the fees paid for the audit, audit-related, tax and other pre-approved services and reports to the Audit Committee on these matters at least quarterly. We did not approve the incurrence of any fees pursuant to the exceptions to the pre-approval requirements set forth in applicable SEC disclosure rules.

The information contained in the Audit Committee Report is not deemed to be soliciting material or to be filed for purposes of the Securities Exchange Act of 1934, will not be deemed incorporated by reference by any general statement incorporating the document by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that Dana specifically incorporates such information by reference, and will not be otherwise deemed filed under such acts.

AUDIT COMMITTEE REPORT

The Audit Committee oversees Dana's financial reporting process on behalf of the Board of Directors and is comprised only of outside directors who are independent within the meaning of, and meet the experience requirements of, the applicable rules of the New York Stock Exchange and the SEC. In addition to its duties regarding oversight of Dana's financial reporting process, including as it relates to the integrity of the financial statements, the independent registered public accounting firm's qualifications and independence and the performance of the independent registered public accounting firm and Dana's internal audit function, the Audit Committee also has sole authority to appoint or replace the independent registered public accounting firm and is directly responsible for the compensation and oversight of the work of the independent registered public accounting firm as provided in Rule 10A-3 under the Securities Exchange Act of 1934. The Audit Committee Charter, which was adopted and approved by the Board, specifies the scope of the Audit Committee's responsibilities and the manner in which it carries out those responsibilities. Management has primary responsibility for the financial statements, reporting processes and system of internal controls. In fulfilling its oversight responsibilities, among other things, the Audit Committee reviewed the audited financial statements included in Dana's Annual Report on Form 10-K with management and the independent registered public accounting firm, including a discussion of the quality, not just the acceptability, of the accounting principles, reasonableness of significant judgments, and clarity of disclosures in the financial statements and a discussion of related controls, procedures, compliance and other matters.

Audit Committee discussions with the independent registered public accounting firm included those required under auditing standards generally accepted in the United States, including Statement on Auditing Standards No. 61, Communication With Audit Committees, as amended, as adopted by the Public Company Accounting Oversight Board, and Statement on Auditing Standards No. 90, Audit Committee Communications. Further, the Audit Committee has received and reviewed the written disclosures and the letter from the independent accountants required by applicable requirements of the PCAOB for independent auditor communications with Audit Committees concerning independence. The Audit Committee discussed with the independent auditors their independence from management and Dana, and reviewed and considered whether the provision of non-audit services and receipt of certain compensation by the independent auditors are compatible with maintaining the auditors' independence. In addition, the Audit Committee reviewed with the independent auditors all critical accounting policies and practices to be used.

In reliance on the reviews and discussions referred to above and such other considerations as the Audit Committee determined to be appropriate, the Audit Committee has recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Dana's Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC.

PROPOSAL IV CONSIDERATION OF SHAREHOLDER PROPOSAL

The following shareholder proposal will be voted on at the annual meeting if properly presented by or on behalf of the shareholder proponent. This shareholder proposal requires Dana to adopt a policy requiring our senior executives to hold at least 25%, on an after tax basis, of Dana stock granted to him or her until age 60. Dana has already adopted a robust stock retention policy that requires its executives to hold a significant amount of Dana stock, and accordingly, the Board unanimously opposes this unnecessary proposal as further described below. Approval of this proposal would require the affirmative vote of a majority of shares present in person or by proxy and entitled to vote at the Annual Meeting. The following shareholder proposal also contains assertions about Dana, its Board of Directors and executives that we believe are incorrect. We have not attempted to refute all of the inaccuracies. John Chevedden of 2215 Nelson Ave., No. 205 Redondo Beach, Calif. 90278 who holds approximately 300 shares of Dana stock submitted this proposal.

The Board unanimously recommends a vote **AGAINST** this proposal.

Proposal 4 Executives To Retain Significant Stock

Resolved: Shareholders urge that our executive pay committee adopt a policy requiring senior executives to retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age and to report to shareholders regarding the policy before our Company's next annual meeting. For the purpose of this policy, normal retirement age would be an age of at least 60 and determined by our executive pay committee. Shareholders recommend that the committee adopt a share retention percentage requirement of at least 25% of net after-tax shares.

This single unified policy shall prohibit hedging transactions for shares subject to this policy which are not sales but reduce the risk of loss to the executive. Otherwise our directors would be able to avoid the impact of this proposal. This policy shall supplement any other share ownership requirements that have been established for senior executives, and should be implemented so as not to violate our Company's existing contractual obligations or the terms of any compensation or benefit plan currently in effect.

Requiring senior executives to hold a significant portion of stock obtained through executive pay plans would focus our executives on our company's long-term success. A Conference Board Task Force report on executive pay stated that hold-to-retirement requirements give executives an ever-growing incentive to focus on long-term stock price performance.

It may be helpful to consider this proposal in the context of our Company's overall corporate governance as reported in 2012:

GMI/The Corporate Library, an independent investment research firm, expressed concern about our takeover defenses and our executive pay \$10 million for our Chairman/CEO Roger Wood. Perhaps Mr. Wood's \$10 million was in part due to our having two CEOs on our executive pay committee. We also did not have an independent Board Chairman or a Lead Director.

We had a multiple class stock structure in which owners of our company's common stock had one vote per share and owners of Series A and Series B preferred stock had the entitlement to 8-votes per share.

Richard Wallman was negatively flagged by GMI due to his involvement with the bankruptcies of Hayes Lemmerz International and Lear Corporation, which incidentally happened in the same year which should have been a wake-up call. This apparently qualified Mr. Wallman to be one of the three directors on our audit committee. Mr. Wallman was also potentially overextended with seats on six boards which further led to seats on 6 board committees. Mr. Wallman received by far our highest negative votes.

Please vote to protect shareholder value:

Executives To Retain Significant Stock Proposal 4

Table of Contents

Board of Directors Statement in Opposition

The Board has considered the above proposal carefully, and believes that it is not in the best interests of our shareholders. Your Board therefore recommends that you vote **AGAINST** the proposal for the following reasons.

We already require our senior executives to own substantial amounts of Dana stock.

Our minimum ownership requirements for executives are based on pay grade and range from three times base salary (senior executives) to five times base salary (our CEO). Our Compensation Committee annually reviews officers' ownership relative to these requirements, and may adjust the cash/equity mix of an executive's compensation if needed. As of December 31, 2012, all of our named executive officers were in compliance with our share ownership guidelines. Importantly, many of our senior executives own Dana stock at levels far in excess of these requirements. For example, our Chief Executive Officer currently owns significantly more shares of Dana stock than required under this proposal. In fact, he owns almost fifty percent more shares of Dana stock (7.5 times his annual base salary) than required pursuant to our current stock ownership requirements. He also accomplished this three and a half years earlier than required under our policy. It is important to note that the shareholder's proposal would likely have no effect on the retention requirements for our named executive officers. Under our current policy, each executive currently owns significantly more Dana stock than required under the shareholder proposal and is projected to require more ownership for at least the next five years. As a result, this proposal is ineffective and unnecessary. Also, none of the members of our Board or executives are able to reduce their economic exposure to Dana stock through hedging transactions. As a result, our policies already ensure that executives' interests are aligned with those of our shareholders.

Our executive compensation program already emphasizes long-term equity ownership by executives, which the Board believes is the best way to create incentives for management to build sustained shareholder value.

Dana devotes a significant portion of its executive compensation to incentive-based equity awards, most of which vest fully three years after the grant date and are tied to the value of Dana stock. Our stock options reward long-term value creation because options vest on a ratable basis over three years and only have value to the extent the price of Dana stock on the exercise date exceeds the stock price on the grant date. Similarly, our restricted stock units do not vest until the third anniversary of the grant date and increase in value only to the extent the price of Dana stock increases. Finally, our performance awards pay out only upon achievement of Dana's long-term performance goals. The Board believes that each of these compensation elements ties our executives' pay to long-term shareholder value. Additional detail about our executive compensation program is set forth in the Compensation Discussion and Analysis section above.

The Proposal Makes Dana Less Competitive

We must attract and retain qualified senior executives in order to be successful. As a result, we must provide a competitive compensation package, including equity compensation. It is important to note, this proposal is not common practice among our peer group. Our current stock ownership policy was benchmarked against our peers less than a year ago and is within that group. Imposing additional holding requirements could limit our ability to attract and retain executives or require us to compensate executives in other less effective ways to remain competitive. We believe it is in the best interests of our shareholders that we retain the flexibility to establish executive compensation programs that are competitive in attracting and retaining executives who can best drive long-term shareholder value.

For these reasons, the Board believes Dana's existing stock ownership guidelines and other compensation policies effectively drive significant stock ownership by our executives and establishing duplicative requirements would not be in the best interest of our shareholders.
