Explanatory Note

State Auto Mutual has historically owned in excess of 60% of the outstanding STFC Shares, and the Board of Directors of State Auto Mutual has determined that it is in State Auto Mutual's best interest to maintain this level of ownership interest or greater. However, equity issuances by State Auto Financial (including option, share and restricted share issuances under employee benefit plans of State Auto Financial), have a dilutive effect on, and have reduced, State Auto Mutual's ownership interest. Accordingly, using quarterly cash dividends received on its STFC Shares, State Auto Mutual intends to engage in open market purchases of STFC Shares from time to time and in such amounts to maintain a greater than 60% ownership interest in the outstanding STFC Shares. State Auto Mutual does not intend to materially increase its historical ownership interest in STFC shares through these purchases. Purchases by State Auto Mutual may be commenced at any time after the filing of this Schedule 13G/A and may be terminated at any time thereafter. Purchases of STFC Shares by State Auto Mutual will be made only during open trading windows as declared by State Auto Financial.
