PROXY STATEMENT

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be Held on April 30, 2014:

The proxy statement is available at <http://www.kingproxy.com/leggmason>

The accompanying proxy is solicited by the Board of Trustees of the Fund for use at the special meeting of holders of the Fund's Series M Taxable Auction Market Preferred Shares and Series W Taxable Auction Market Preferred Shares (together, the ARPS or Preferred Shares and holders thereof the Preferred Shareholders) to be held at 100 International Drive, Baltimore, Maryland, on April 30, 2014 at 8:30 a.m., Eastern time (together with any adjournment(s) or postponement(s) thereof, the Meeting).

At the Meeting, Preferred Shareholders of the Fund will be asked to consider the matters set forth in the accompanying Notice of Special Meeting of Shareholders of Western Asset Premier Bond Fund Taxable Auction Market Preferred Shares (the Notice). This Proxy Statement and the form of proxy were first mailed to Preferred Shareholders on or about April 9, 2014.

The Board of Trustees has fixed the close of business on March 20, 2014 as the record date (Record Date) for the determination of Preferred Shareholders entitled to notice of and to vote at the Meeting. As of the Record Date, the Fund had issued and outstanding 2,880 ARPS. The common shares of the Fund and ARPS are the only classes of shares currently authorized by the Fund.

Preferred Shareholders as of the Record Date will be entitled to one vote for each Preferred Share held, and a fractional vote with respect to fractional Preferred Shares, if any, on each matter to which they are entitled to vote, with no cumulative voting rights. Both series of Preferred Shares will vote together as a single class on Item 1 listed on the Notice.

Fifty percent of the Preferred Shares entitled to vote at the Meeting must be represented in person or by proxy to constitute a quorum with respect to Item 1 listed on the Notice. Thirty percent of the Preferred Shares entitled to vote at the Meeting must be represented in person or by proxy to constitute a quorum with respect to a matter unless a higher level is required under the Fund's Agreement and Declaration of Trust, as amended (the Declaration of Trust), the Fund's bylaws, as amended to the date hereof (the Bylaws), or applicable law. Each Preferred Shareholder has the right to revoke such Preferred Shareholder's proxy at any time before the ARPS to which it applies are voted. A proxy may be revoked by filing with the Secretary of the Fund a written revocation or a properly executed proxy bearing a later date or by voting in person at the Meeting. Any shareholder may attend the Meeting, whether or not such Preferred Shareholder has previously given a proxy.

The solicitation of proxies for the Meeting will be made primarily by mail. However, additional solicitation may take place in writing or by telephone or personal interview by officers of the Fund (or their designees), who will not receive compensation from the Fund for such services. In addition, you may receive a telephone call from an employee of the Fund's investment adviser. The Fund will pay D.F. King a fee that is not expected to exceed \$1,000

for distributing proxy materials and vote tracking. However, the exact cost will depend on the amount and types of services rendered. The Fund will reimburse brokers and other nominees, in

accordance with New York Stock Exchange approved reimbursement rates, for their expenses in forwarding solicitation material to the beneficial owners of shares of the Fund. All expenses incurred in connection with the solicitation of proxies, including the services of D.F. King, will be borne by the Fund.

Abstentions and broker non-votes (i.e., proxies signed and returned by brokers with respect to Shares held by brokers or nominees as to which one or more votes is not indicated because (i) instructions have not been received from the beneficial owners or the persons entitled to vote and (ii) the broker or nominee does not have discretionary voting power on a particular matter), if any, will be counted toward quorum and will have the effect of a vote against each proposed amendment to the Bylaws.

In accordance with the rules of the New York Stock Exchange, brokerage firms may vote for (or against) a proposal, on behalf of their clients who beneficially own ARPS and from whom they have not received voting instructions, in the same proportion as votes for (and against) such proposal that have been received from Preferred Shareholders if (i) a minimum of 30% of the outstanding ARPS of the Fund have been voted by the Preferred Shareholders and (ii) less than 10% of the outstanding ARPS have voted against such proposal.

Richard Sennett, Richard Wachterman, and Todd Kuehl, the persons named as proxies on the proxy card accompanying this Proxy Statement, were selected by the Board of Trustees to serve in such capacity. Mr. Sennett is the Principal Financial Officer of the Fund, Mr. Wachterman is Assistant Secretary of the Fund and Mr. Kuehl is the Chief Compliance Officer of the Fund. Each executed and returned proxy will be voted in accordance with the directions indicated thereon or, if no direction is indicated, such proxy will be voted for Item 1 listed on the Notice. Discretionary authority is provided in the proxy as to any matters not specifically referred to therein.

The Board of Trustees is not aware of any other matters which are likely to be brought before the Meeting. However, if any such matters properly come before the Meeting, the persons named in the proxy are fully authorized to vote thereon in accordance with their judgment and discretion. Except where a different vote is required by any provision of law or the Declaration of Trust or Bylaws, a plurality of a quorum of the Shares necessary for the transaction of business at a shareholders' meeting will decide any question. Approval of the Borrowing Amendment and the Lien Amendment (each, as defined below) under proposal 1 each requires the affirmative vote (i) 67% or more of the ARPS present at the Meeting, if the holders of more than 50% of the ARPS are present or represented by proxy, or (ii) more than 50% of the ARPS, whichever is less. If you have any questions about the enclosed proxy materials, please call your investment professional or D.F. King at 1-800-423-2107.

HOW TO SUBMIT A PROXY

Shareholders of record should complete, sign, and date the proxy card and return it in the prepaid envelope provided.

PROPOSAL 1

Amendments to the Fund's Bylaws authorizing the Fund to borrow money under the conditions set forth in the proposed amendment and changing the definition of the term Lien to exclude liens related to such borrowings.

Overview

The Board of Trustees of the Fund (the Board) has concluded making a tender offer for the ARPS under the terms and conditions summarized below (the Tender Offer) would be in the best interests of the Fund and

the holders of its ARPS and common shares. However, in order to accomplish that goal and maintain the Fund's ability to leverage, amendments to the Fund's Bylaws (the "Amendments") are required. The Amendments would authorize the Fund to borrow money under certain conditions as long as the aggregate principal amount of such borrowings does not exceed the aggregate liquidation preference of the number of ARPS that are, or have been, purchased or redeemed by the Fund (the "Borrowing Amendment"). The Amendments would have the further effect that liens granted by the Fund on its assets in connection with such borrowings would be disregarded for purposes of the asset coverage maintenance tests (described further below) under the Bylaws (the "Lien Amendment").

If the proposed Amendments are approved by the Preferred Shareholders, and other conditions are satisfied, the Fund intends to subsequently conduct a Tender Offer for up to 100% of its outstanding ARPS at a price equal to 97% of the liquidation preference of \$25,000 per share of the ARPS (the "Liquidation Preference"), or \$24,250, plus accrued and unpaid dividends thereon through the expiration of the Tender Offer.

At the Meeting, separate votes will be cast by the Preferred Shareholders on the Borrowing Amendment and the Lien Amendment. The Fund's current intention to conduct the Tender Offer described above is predicated upon approval of both of the Amendments. If only one of the Amendments is approved, the Fund's ability to conduct the Tender Offer described in this Proxy Statement may be significantly restricted. If only one of the Amendments is approved, the Board would determine what course of action to take, which might involve not launching the Tender Offer or launching a tender offer on different terms than described in this Proxy Statement.

It is expected that the Tender Offer, if commenced, would contain a number of conditions, including a condition related to the Fund's ability to close upon a secured credit facility and borrow a sufficient amount to replace the ARPS accepted in the Tender Offer. Certain other conditions and terms would be set forth in the Fund's tender offer materials when they are filed and become available.¹ Even if the Amendments are approved by Preferred Shareholders, there can be no assurance that the Fund will enter into a definitive credit facility or borrow thereunder or that any ARPS will be purchased, due to market factors or for other reasons, although the Fund presently intends to seek to engage in a Tender Offer and close on a credit facility if the Amendments are approved.

¹ Additional expected conditions include: (1) the Tender Offer and related transactions, if consummated, would not (a) result in delisting of the Fund's common shares from the New York Stock Exchange (the "NYSE"); (b) impair the Fund's status as a regulated investment company under the Internal Revenue Code of 1986, as amended (which would make the Fund subject to federal income tax on all of its net income and gains in addition to the taxation of Preferred Shareholders who receive distributions from the Fund); or (c) result in a failure to comply with applicable asset coverage requirements in the event any senior securities are issued and outstanding; (2) that no action, proceeding, application or claim, or any judgment, order or injunction sought, or any other action taken by any person or entity is instituted, pending or threatened before any governmental entity or court, which (a) restrains, prohibits or materially delays the making or consummation of the Tender Offer; (b) challenges the acquisition by the Fund of Preferred Shares pursuant to the Tender Offer or the Board's fulfillment of its fiduciary obligations in connection with the Tender Offer; (c) seeks to obtain any material amount of damages in connection with the Tender Offer; or (d) otherwise directly or indirectly adversely affects the Tender Offer or the Fund; (3) there is no (a) suspension of or limitation on prices for trading securities generally on the NYSE or other national securities exchange(s); (b) declaration of a banking moratorium by Federal or state authorities or any suspension of payment by banks in the United States or New York State; (c) limitation affecting the Fund or the issuers of its portfolio securities imposed by federal or state authorities on the extension of credit by lending institutions; (d) commencement of war, armed hostilities or other international or national calamity directly or indirectly involving the United States; or (e) in the Board's judgment, other events or conditions which would have a material adverse effect on the

Fund or the Preferred Shareholders if tendered ARPS were purchased; and (4) the Board determines that effecting any such transaction would not constitute a breach of its fiduciary duty owed to the Fund or its Preferred Shareholders. Certain other conditions may be included in the Tender Offer if the Board decides such additional conditions are in the best interest of the Fund or the Preferred Shareholders. The final terms of any Tender Offer will be described in the Fund's tender offer materials.

The following discussion of the terms of the ARPS and the Amendments is only a summary. For complete information please refer to the proposed Amendments and detailed current descriptions of the ARPS excerpted from the current Bylaws, which are attached to this proxy statement as Appendixes A and B, respectively.

Summary Description of Relevant Current Bylaw Provisions and Proposed Amendments

General

Article 12, Section 12.1 of the Bylaws (attached at Appendix B to this Proxy Statement in its current form without the proposed amendments) designates and specifies the rights and preferences of the ARPS. It contains no express restriction on the ability of the Fund to engage in a Tender Offer; however there are two provisions that significantly restrict the ability of the Fund to replace the tendered ARPS and associated leverage with a secured credit facility. These two provisions, related to borrowings by the Fund and the asset coverage maintenance tests under the Bylaws, are discussed below. The Fund does not currently intend to proceed with a Tender Offer if the Fund cannot replace the tendered ARPS and associated leverage with a secured credit facility.

Borrowing under the Bylaws

The Bylaws currently significantly limit the situations in which the Fund may borrow while any preferred shares, including the ARPS, are outstanding. Very generally, unless the Fund obtains written confirmation from each of Moody's Corporation (Moody's) and Fitch Ratings Inc. (Fitch together with Moody's, the Rating Agencies) that the rating then assigned by such Rating Agency to the ARPS will not be impaired (each a Rating Confirmation) by the borrowing, the Fund may not borrow money except for the purpose of clearing securities transactions (and then only if specified conditions are satisfied).

The Amendments would authorize the Fund to borrow money from time to time without the Fund obtaining Rating Confirmations as long as the aggregate principal amount of the borrowing under the new provision of the Bylaws does not exceed the aggregate Liquidation Preference of the number of ARPS that are or have been purchased or redeemed by the Fund from time to time.² To date, the Fund has not purchased or redeemed any preferred shares (including any ARPS). The new type of borrowings authorized by the Amendments would be limited to borrowings evidenced by a promissory note or other evidence of indebtedness that is not intended to be publicly distributed, such as a credit facility from a bank.³

Changing the restriction on borrowing in the Bylaws in this manner would enable the Fund to replace any tendered (or redeemed) ARPS and the associated leverage by borrowing, as measured by the Liquidation Preference of the ARPS purchased (or redeemed) by the Fund as compared with the principal amount of borrowings for leverage purposes. The cost of leverage to the Fund resulting from borrowing would be expected to differ from the cost of leverage associated with the ARPS, would vary over time and, in many cases, the cost of leverage through borrowing may exceed the cost of leverage through the ARPS. If the Fund had borrowed as of April 2, 2014 under the anticipated terms of the credit facility, it is expected that the Fund

² If and when no ARPS are outstanding, due to the tender offer or otherwise, it is expected that Article 12 of the Bylaws, and any related borrowing restriction, would be eliminated, although the Fund would remain subject to restrictions on borrowing under applicable law or any applicable investment policies of the Fund.

³ Entering into a secured credit facility would cause the Fund to incur various expenses, such as, among others, the costs of initially closing on the credit facility, interest on any outstanding loan from the credit facility and any annual commitment fee that may be payable on any unused portion of the credit facility.

would have paid an annualized variable rate of interest of approximately 0.85% ~~1.03%~~, which is greater than the annualized dividend rates then payable on the ARPS, which were 0.14% and 0.10% for Series W and M, respectively. Preferred Shareholders should note that a Tender Offer at 97% of the Liquidation Preference, plus accrued and unpaid dividends thereon through the expiration of the Tender Offer, the Fund's current intended Tender Offer terms, would be expected to result in accretion to the net asset value of the Fund's common shares following the Tender Offer, due to the fact that the tender price would represent a 3% discount to the Liquidation Preference, plus accrued and unpaid dividends thereon through the expiration of the Tender Offer, of the ARPS.

If the Amendments are approved, the Fund currently intends to seek to conduct the Tender Offer and enter into, and borrow under, a secured credit facility in a principal amount that would approximately correspond to the aggregate Liquidation Preference of the number of ARPS purchased in the Tender Offer. If the Fund obtains investment leverage by borrowing under such a credit facility, it is currently expected that the credit facility would be for a twelve-month term and that the Fund would seek to continually renew or replace the credit facility at the end of its term as long as management believes renewal or replacement is appropriate for the Fund. If the Fund engages in a Tender Offer in which it purchases fewer than all of its outstanding ARPS, the end result would be that the Fund would likely have debt and ARPS outstanding simultaneously. The holders of the ARPS who do not tender their shares in such a transaction should expect that the remaining outstanding ARPS would be junior in the Fund's capital structure to the Fund's lender and that the lender would have a security interest in a significant portion of the Fund's assets to secure repayment of the loan.

Asset Coverage Maintenance Tests and Definition of Lien under the Bylaws

The Fund's Bylaws require it to maintain assets having an aggregated discounted value at least equal to the Preferred Shares Basic Maintenance Amount (Maintenance Amount). The Maintenance Amount includes the sum of (a) the aggregate liquidation preference of the preferred shares then outstanding (including the ARPS) and (b) certain accrued and projected payment obligations of the Fund, including, without limitation, any accrued and projected dividends on the preferred shares then outstanding (including the ARPS). There are two Maintenance Amount tests that apply different discount factors; one test uses discount factors that were established in coordination with Moody's and the other test uses discount factors that were established in coordination with Fitch. The tests were established in connection with the receipt of ratings on the ARPS of Aaa and AAA from Moody's and Fitch, respectively. The Maintenance Amount tests, to a degree, mitigate the credit risk of an investment in the ARPS. Satisfying the tests means that, if the Fund's portfolio holdings were to decline in value by amounts corresponding to the applicable discount factors used in the tests, the Fund, in that situation, would still be expected to have assets on hand with an aggregate value at least equal to the aggregate Liquidation Preference of the ARPS plus the payment obligations covered by the tests.

The Bylaws currently provide that, with limited exceptions, Fund assets that are encumbered by liens generally may not be counted towards the Maintenance Amount under either Moody's or Fitch's versions of the Maintenance Amount tests. In the event of a Fund liquidation, portfolio assets that are encumbered by liens generally may not be available to satisfy the Fund's payment obligations to the Preferred Shareholders unless and until the party secured by the lien has been paid in full. The Fund expects that any credit facility it enters into as a condition to conducting a Tender Offer would be a secured facility. This means that the Fund would

⁴ The expected terms of the credit facility would enable the Fund to select how the interest rate is calculated. Based on prevailing interest rates as of April 2, 2014, the interest rate on the credit facility likely would have been set at one-, two-, three- or six-month LIBOR + 0.70%, assuming the currently expected terms of the credit facility were in effect.

grant the lending bank a lien on a portion, potentially a significant portion of, in some cases, all, of its assets. The amount of the Fund's assets that would be covered by the bank lien would vary depending on several factors, such as the size of the borrowing (which is expected to be greater at greater levels of participation in a Tender Offer), the types of assets in the Fund's portfolio at the time of borrowing, investment decisions regarding the Fund's portfolio and the final terms of the credit facility. Depending on these and other factors, after a Tender Offer and borrowing, and in the absence of the Amendments, it may be more difficult for the Fund to satisfy the Maintenance Amount tests, even if the Maintenance Amounts are reduced as a result of tendered ARPS. To facilitate the borrowing described in the Amendments and any related Tender Offer, the Amendments include a change to the definition of the term "Lien" in the Bylaws. This change would modify the Maintenance Amount tests so that assets encumbered by a lien granted in connection with borrowings authorized by the Amendments count towards the Fund's satisfaction of the tests. This will make the Maintenance Amount tests easier to satisfy, notwithstanding the fact that the lending bank, and not the Preferred Shareholders, would be in a priority position with respect to those encumbered assets in the event of a liquidation of the Fund.

Other than the change in the definition of the term "Lien," the Maintenance Amount tests would not change as a result of the Amendments. For example, if the Amendments are approved, the applicable discount factors, which vary by type of security and credit quality, with the discount level generally increasing as the credit quality of the security becomes lower, would not change for either the Moody's or Fitch version of the Maintenance Amount tests.

Further, the Fund is required by the Bylaws to maintain asset coverage of at least 200% with respect to senior securities that are shares of beneficial interest in the Fund (i.e., the Fund's equity securities), including the ARPS (the 1940 Act Asset Coverage). The required 1940 Act Asset Coverage test is based on the requirement in the Investment Company Act of 1940, as amended (the 1940 Act), that sets forth the minimum amount of asset coverage for senior securities that are shares of stock (within the meaning of the 1940 Act), such as the ARPS, as a condition for the Fund to declare dividends on its common shares. Assets subject to Liens currently count toward the 1940 Act Asset Coverage test in the Bylaws and the statutory minimum level of asset coverage required in order for the Fund to declare dividends on its common shares while the ARPS are outstanding. As a result, the Amendments would not impact the 1940 Act Asset Coverage test in the Bylaws or the statutory requirement.

In addition, the guidelines used by the Rating Agencies to issue securities ratings for the ARPS are separate and distinct from the discount factors that are applied for the amended Maintenance Amount tests, so the guidelines used by the Rating Agencies to issue ratings for the ARPS would not change as a result of the Amendments. Even though the guidelines would not change as a result of the Amendments, the Rating Agencies may take into account the terms of the Bylaws, as amended, including, for example, the terms of the Maintenance Amount tests, when issuing their ratings. As a result, it is possible that one or both Rating Agencies could downgrade the rating of the ARPS if the Amendments are approved, either before or after any Tender Offer.

Potential Impact of the Amendments on Credit Ratings and Dividend Rates of the ARPS

Under market conditions as they existed prior to the first quarter of 2008, distribution rates on the ARPS for each applicable dividend rate period generally were set at the market clearing rate determined through an auction process maintained and administered by unaffiliated broker-dealers that brought together bidders, who

sought to buy ARPS, and Preferred Shareholders, who sought to sell their ARPS. The terms of the ARPS generally provide that, if an auction fails to establish a market clearing rate (because of an imbalance of sell orders over bids), the distribution payment rate over the next distribution period is set at the Maximum Rate and holders will continue to hold their ARPS. A failed auction is not a default under the terms of the ARPS. In the case of a failed auction, the Fund continues to pay distributions, but at the specified Maximum Rate rather than at a market clearing rate.

Consistent with patterns in the broader market for auction rate securities, beginning in mid-February 2008, each auction of the ARPS has not attracted sufficient clearing bids for there to be a successful auction. As a result, the Maximum Rate has been triggered.

As a result of ARPS auction failures, the Fund currently pays dividends on the ARPS at the Maximum Rate under the Bylaws. Based on current ratings of the ARPS by Moody's and Fitch of Aa3 and A, respectively, the Fund pays dividends at an annualized rate that is 200% of the reference rate, which is, generally speaking, the applicable AA commercial paper rate described in the Bylaws. As of April 2, 2014, the dividend rates on the Series M and Series W ARPS were 0.100% and 0.140%, respectively. If the ARPS were to be downgraded, including as a result of the Amendments or Tender Offer, and auctions continue to fail, as expected, the dividend rates payable on the ARPS could increase if the lower of the two ratings of the ARPS issued by the Rating Agencies corresponds to a greater applicable percentage than 200%, as shown in the table below excerpted from the Bylaws.

Credit Ratings		Applicable Percentage:
Moody's	Fitch	
Aa3 or higher	AA- or higher	150%
A3 to A1	A- to A+	200%
Baa3 to Baa1	BBB- to BBB+	225%
Below Baa3	Below BBB-	275%

See the current Bylaws at Appendix B (which does not reflect any of the proposed changes) for additional detail regarding how the maximum rate is determined.

The foregoing provides only a summary of key aspects of the Amendments and is qualified in its entirety by reference to applicable sections of the Fund's Bylaws, as they are proposed to be amended by the Amendments, included as Appendixes A and B to this Proxy Statement.

BOARD RECOMMENDATION

The Board, including the independent trustees, unanimously recommends that the shareholders of the Fund vote for the proposed Amendments to the Fund's Bylaws.

Basis for the Board's Recommendation

Based on input and recommendations from the Fund's investment adviser, the Board has approved the proposed Amendments as being in the best interests of the Fund and its shareholders, and recommends the same for approval by the Preferred Shareholders. The proposed Amendments are necessary to facilitate the Fund's proposed purchase of ARPS, which the Board believes is in the best interests of the Fund's common and preferred shareholders. The proposed purchase of ARPS is in the interests of the Preferred Shareholders because it provides them with liquidity and it is in the interests of the common shareholders because the discounted

price at which the purchase likely would be conducted would likely benefit the Fund and preserve for common shareholders the potential benefits from the Fund employing leverage.

If less than 100% of the ARPS are tendered in a Tender Offer, the Fund would continue to operate after its Tender Offer with both ARPS and any related credit facility outstanding. In the absence of the proposed Amendments, the existing Bylaw provisions regarding the effect of liens on securities on the calculation of the Maintenance Amount tests could unduly burden and restrict the efficient management of the Fund's portfolio, with potential adverse effects on the Fund's investment performance and asset value.

The Board took into account that, while the proposed Amendments would change the calculation of the Maintenance Amount tests to allow securities subject to credit facility liens granted as a result of borrowing authorized by the Amendments to be included in the Maintenance Amounts, the Fund would continue to be subject to the 1940 Act Asset Coverage test and related statutory requirements, which remain unchanged.

The Board also took into account that the proposed Amendments would change the calculation of the Maintenance Amounts to allow securities subject to covered credit facility liens to be included in the calculation of the Maintenance Amounts, which could result in the downgrading of the ARPS by Fitch and/or Moody's and that any resultant downgrades could result in a Fund paying dividends at higher rates to its Preferred Shareholders, thereby increasing the costs of leverage to the Fund and reducing returns to the Fund's common shareholders and/or resulting in modifications to the Fund's investment processes that the investment adviser would not otherwise effect.

The Board took into account that the proposed Amendments would allow an asset to be considered an eligible asset for the calculation of the Maintenance Amounts under the Moody's and Fitch tests, notwithstanding that the asset is subject to a lien, resulting in higher calculated eligible asset amounts than if the proposed Amendments were not adopted.

The Fund is seeking approval of the Amendments as part of an effort to provide liquidity to Preferred Shareholders and a potential benefit to common shareholders, while preserving Fund's ability to maintain its investment leverage. The Amendments and expected related Tender Offer and borrowing are expected to facilitate the Fund achieving these objectives.

This proxy statement is not an offer to purchase or a solicitation of an offer to sell ARPS of the fund. The fund has not yet commenced any tender offer described in this proxy statement. Upon commencement, if any, of a tender offer the fund would file with the Securities and Exchange Commission a tender offer statement on Schedule TO and related exhibits, including an offer to purchase, a related letter of transmittal and other related documents, and the tender offer documents, when available, would be mailed by the fund to holders of the ARPS. Holders of the ARPS would be able to obtain the tender offer documents free of charge when they are filed and become available on the Securities and Exchange Commission's website at www.sec.gov. In addition, the fund would make available to its ARPS holders, without charge, additional copies of the offer to purchase and related letter of transmittal. ARPS holders should read these documents and related exhibits for the fund when they are filed and become available as the documents would contain important information about the fund's tender offer, if any.

Required Vote

Approval of each of the Borrowing Amendment and the Lien Amendment requires the affirmative vote of (i) 67% or more of the ARPS present at a meeting, if the holders of more than 50% of such shares are present or represented by proxy, or (ii) more than 50% of such shares, whichever is less.

SHAREHOLDER PROPOSALS FOR 2014 ANNUAL MEETING

Proposals that shareholders wish to present to the 2014 Annual Meeting and to have included in the Fund's proxy materials relating to such meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the 1934 Act), must have been delivered to the Secretary of the Fund by December 23, 2013 (i.e., at least 120 days before April 22, 2014), unless the 2014 Annual Meeting is held more than 30 days from the prior year's meeting, in which case the deadline is a reasonable time before the Fund begins to print and send its proxy materials for the annual meeting.

Shareholders who wish to make a proposal at the 2014 Annual Meeting other than one that will be included in the Fund's proxy materials and that does not propose one or more nominees for election as Trustees or propose to fix the number of Trustees should have notified the Fund by March 8, 2014 (i.e., at least 45 days before April 22, 2014). Shareholders who wish to propose one or more nominees for election as Trustees, or to make a proposal fixing the number of Trustees, at the 2014 Annual Meeting must have provided written notice to the Fund (including all required information) so that such notice was received in good order by the Fund neither earlier than February 21, 2014 nor later than March 23, 2014 (i.e., neither more than 90 days prior to May 22, 2014 nor less than 60 days prior to May 22, 2014). If the 2014 Annual Meeting is not scheduled to be held on a date that is within thirty (30) days before or after the anniversary date of the 2013 Annual Meeting, such notice must be received no later than the close of business on the tenth (10th) day following the earlier of the date on which notice of the date of the 2014 Annual Meeting was mailed and the date on which public announcement of the date of the 2014 Annual Meeting was first made.

The proper submission of a shareholder proposal does not guarantee that it will be included in the Fund's proxy materials or presented at a shareholder meeting. Shareholder proposals are subject to the requirements of applicable law and the Fund's Declaration of Trust and Bylaws.

If a security is not rated by Fitch but is rated by only one other Rating Agency, then the rating on the security from the other Rating Agency will be used to determine the Fitch Discount Factor (*e.g.*, where the only rating on a security is an S&P rating of AAA, a Fitch rating of AAA will be used, and where the only rating on a security is a Moody's rating of Ba3, a Fitch rating of BB- will be used). If a security is not rated by any Rating Agency, the Trust will use the percentage set forth under Not Rated or Below BB in this table.

The Fitch Discount Factors presented in the immediately preceding table apply to Corporate Debt Securities that are Performing and have a Market Price determined by a Pricing Service or an Approved Price. If the third-party credit rating is the basis for the rating on the obligation, then the rating on the third party will be used to determine the Fitch Discount Factor in the table. The Fitch Discount Factors presented in the immediately preceding table will also apply to preferred trust certificates, the rating on which will be determined by the underlying debt instruments in the trust, unless such preferred trust certificates are determined by Fitch to qualify for a traditional equity discount factor, in which case the Fitch Discount Factor shall be 370%.

Where the Trust sells an asset and agrees to repurchase such asset in the future, the Discounted Value of such asset will constitute a Fitch Eligible Asset and the amount the Trust is required to pay upon repurchase of such asset will count as a liability for the purposes of the Preferred Shares Basic Maintenance Amount. Where the Trust purchases an asset and agrees to sell it to a third party in the future, cash receivable by the Trust thereby will constitute a Fitch Eligible Asset if the long-term debt of such other party is rated at least A- by Fitch or the equivalent by another Rating Agency and such agreement has a term of 30 days or less; otherwise the Discounted Value of such purchased asset will constitute a Fitch Eligible Asset.

Notwithstanding the foregoing, an asset will not be considered a Fitch Eligible Asset to the extent that it has been irrevocably deposited for the payment of (i)(A) through (i)(E) under the definition of Preferred Shares Basic Maintenance Amount or to the extent it is subject to any Liens, except for (A) Liens which are being contested in good faith by appropriate proceedings and which Fitch has indicated to the Trust will not affect the status of such asset as a Fitch Eligible Asset, (B) Liens for taxes that are not then due and payable or that can be paid thereafter without penalty, (C) Liens to secure payment for services rendered or cash advanced to the Trust by its investment manager or portfolio manager, the Trust's custodian, transfer agent or registrar or the Auction Agent and (D) Liens arising by virtue of any repurchase agreement.

(i) Fitch Loan Category A means Performing Bank Loans which have a Market Value or an Approved Price greater than or equal to \$0.90.

(ii) Fitch Loan Category B means: (A) Performing Bank Loans which have a Market Value or an Approved Price of greater than or equal to \$0.80 but less than \$0.90; and (B) non-Performing Bank Loans which have a Market Value or an Approved Price greater than or equal to \$0.85.

If a security is not rated by Fitch but is rated by two other Rating Agencies, then the lower of the ratings on the security from the two other Rating Agencies will be used to determine the Fitch Discount Factor (*e.g.*, where the S&P rating is A- and the Moody's rating is Baa1, a Fitch rating of BBB+ will be used). If a security is not rated by Fitch but is rated by only one other Rating Agency, then the rating on the

security from the other Rating Agency will be used to determine the Fitch Discount Factor (*e.g.*, where the only rating on a security is an S&P rating of AAA, a Fitch rating of AAA will be used, and where the only rating on a security is a Moody's rating of Ba3, a Fitch rating of BB- will be used).

(iv) Fitch Loan Category D means Bank Loans not described in any of the foregoing categories.

Notwithstanding any other provision contained above, for purposes of determining whether a Fitch Eligible Asset falls within a specific Fitch Loan Category, to the extent that any Fitch Eligible Asset would fall within more than one of the Fitch Loan Categories, such Fitch Eligible Asset shall be deemed to fall into the Fitch Loan Category with the lowest applicable Fitch Discount Factor.

Market Value of any asset shall include any interest accrued thereon. The Pricing Service shall value portfolio property at the lower of the quoted bid price and the mean between the quoted bid and ask price or the yield equivalent when quotations are readily available. Securities and other property for which quotations are not readily available shall be valued at fair value as determined by the Pricing Service, using methods which include consideration of: yields or prices of securities of comparable quality, type of issue, coupon, maturity and rating; indications as to value from dealers; and general market conditions. The Pricing Service may employ electronic data processing techniques and/or a matrix system to determine valuations. If the Pricing Service fails to provide the Market Value of any securities, such securities shall be valued at the lower of two bid quotations (at least one of which shall be in writing) obtained by the Trust from two dealers who are members of the National Association of Securities Dealers, Inc. and are making a market in such securities. If two bid quotations are not readily

available for any securities, such securities shall be valued at fair value on a consistent basis using methods determined in good faith by the Trustees. ¹ Unrated corporate debt securities, which are corporate debt securities rated by neither Moody's nor S&P, are limited to 10% of discounted Moody's Eligible Assets. If a corporate debt security is unrated by Moody's but is rated by S&P, a rating two numeric ratings below the S&P rating will be used (e.g., where the S&P rating is AAA, a Moody's rating of Aa2 will be used; where the S&P rating is AA+, a Moody's rating of Aa3 will be used). If a corporate debt security is unrated by both Moody's and S&P, the Trust will use the percentage set forth under Unrated in this table.

The Moody's Discount Factors presented in the immediately preceding table will also apply to Moody's Eligible Assets and to Moody's rated credit baskets (e.g., TRACERs), whereby the ratings in the table will be applied to the underlying securities and the Market Value of each underlying security will be its proportionate amount of the Market Value of the TRACER. The Moody's Discount Factors presented in the immediately preceding table will also apply to corporate debt securities that do not pay interest in U.S. dollars or euros, provided that the Moody's Discount Factor determined from the table shall be multiplied by a factor of 110% for purposes of calculating the Discounted Value of such securities.

(ii) Preferred stock: The Moody's Discount Factor for preferred stock shall be (A) for preferred stocks issued by a utility, 146%; (B) for preferred stocks of industrial and financial issuers, 209%; and (C) for auction rate preferred stocks, 350%.

(iii) Short-term instruments: The Moody's Discount Factor applied to short-term portfolio securities, including without limitation corporate debt securities, Short Term Money Market Instruments and municipal debt obligations, will be (A) 100%, so long as such portfolio securities mature or have a demand feature at par exercisable within the Exposure Period; (B) 115%, so long as such portfolio securities mature or have a demand feature at par not exercisable within the Exposure Period; and (C) 125%, if such securities are not rated by Moody's, so long as such portfolio securities are rated at least A-1+/AA or SP-1+/AA by S&P and mature or have a demand feature at par exercisable within the Exposure Period. A Moody's Discount Factor of 100% will be applied to cash.

(b) Cumulative Cash Dividends. The Holders of shares of any series of Preferred Shares shall be entitled to receive, when, as and if declared by the Trustees, out of funds legally available therefor in accordance with the Declaration of Trust and applicable law, cumulative cash dividends at the Applicable Rate for shares of such series, determined as set forth in paragraph 2(e) of this Part I, and no more, payable on the Dividend Payment Dates with respect to shares of such series determined pursuant to paragraph 2(d) of this Part I. Holders of Preferred Shares shall not be entitled to any dividend, whether payable in cash, property or shares, in excess of full cumulative dividends, as herein provided, on Preferred Shares. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on Preferred Shares which may be in arrears, and, except to the extent set forth in paragraph 2(e)(i) of this Part I, no additional sum of money shall be payable in respect of any such arrearage.

(c) Dividends Cumulative from Date of Original Issue. Dividends on shares of any series of Preferred Shares shall accumulate at the Applicable Rate for shares of such series from the Date of Original Issue thereof.

(d) Dividend Payment Dates and Adjustment Thereof. Dividends shall be payable on shares of Series M for the Initial Rate Period on October 1, 2002, and on each 7th day thereafter, and on shares of Series W for the Initial Rate Period on October 17, 2002, and on each 28th day thereafter (each date being a Dividend Payment Date); provided, however, that:

(i) if the day on which dividends would otherwise be payable on shares of such series is not a Business Day, then such dividends shall be payable on such shares on the first Business Day that falls after such day; and

(i) Dividend Rates. The dividend rate on Preferred Shares of any series during the period from and after the Date of Original Issue of shares of such series to and including the last day of the Initial Rate Period of shares of such series shall be equal to the rate per annum set forth with respect to shares of such series under DESIGNATION above. which shall be the number of days for which such Failure to Deposit is not cured in accordance with paragraph 2(f) of this Part I (including the day such Failure to Deposit occurs and excluding the day such Failure to Deposit is cured) and the denominator of which shall be 360, and multiplying the rate obtained by the aggregate Liquidation Preference of the outstanding shares of such series to be redeemed, no Auction will be held in respect of shares of such series for the first Subsequent Rate Period thereof thereafter and the dividend rate for shares of such series for such Subsequent Rate Period will be the Maximum Rate for shares of such series on the Auction Date for such Subsequent Rate Period;

(D) any Failure to Deposit shall have occurred with respect to shares of such series during a Special Rate Period thereof consisting of more than 364 Rate Period Days, or during any Rate Period thereof succeeding any Special Rate Period consisting of more than 364 Rate Period Days during which a Failure to Deposit occurred that has not been cured, and, prior to 12:00 Noon, New York City time, on the fourth Business Day preceding the Auction Date for the Rate Period subsequent to such Rate Period, such Failure to Deposit shall not have been cured in accordance with paragraph 2(f) of this Part I or, in the event Moody's or Fitch is then rating such shares, the Trust shall not have paid the applicable Late Charge to the Auction Agent (such Late Charge, for purposes of this subparagraph (D), to be calculated by using, as the Reference Rate, the Reference Rate applicable to a Rate Period (x) consisting of more than 182 Rate Period Days and (y) commencing on the date on which the Rate Period during which Failure to Deposit occurs commenced), no Auction will be held in respect of shares of such series for such Subsequent Rate Period (or for any Rate Period thereof thereafter to and including the Rate Period during which (1) such Failure to Deposit is cured in accordance with paragraph 2(f) of this Part I and (2) the Trust pays the applicable Late Charge to the Auction Agent (the condition set forth in this clause (2) to apply only in the event Moody's or Fitch is rating such shares at the time the Trust

cures such Failure to Deposit), in each case no later than 12:00 Noon, New York City time, on the fourth Business Day prior to the end of such Rate Period), and the dividend rate for shares of such series for each such Subsequent Rate Period shall be a rate per annum equal to the Maximum Rate for shares of such series on the Auction Date for such Subsequent Rate Period (but with the credit rating for shares of such series, for purposes of determining such Maximum Rate, being deemed to be Below Baa3 (if Moody's is rating the Preferred Shares) and Below BBB- (if Fitch is rating the Preferred Shares)) (the rate per annum at which dividends are payable on shares of a series of Preferred Shares for any Rate Period thereof in accordance with this Section 12.1 being herein referred to as the Applicable Rate for shares of such series).

(ii) Calculation of Dividends. The amount of dividends per share payable on shares of a series of Preferred Shares on any date on which dividends shall be payable on shares of such series shall be computed by multiplying the Applicable Rate for shares of such series in effect for such Dividend Period or Dividend Periods or part thereof for which dividends have not been paid by a fraction, the numerator of which shall be the number of days in such Dividend Period or Dividend Periods or part thereof and the denominator of which shall be 360; and multiplying the rate obtained by \$25,000.

(f) Curing a Failure to Deposit. A Failure to Deposit with respect to shares of a series of Preferred Shares shall have been cured with respect to any Rate Period of shares of such series if, within the respective time periods described in paragraph 2(e)(i) above, the Trust shall have paid to the Auction Agent (A) all accumulated and unpaid dividends on shares of such series and (B) without duplication, the Redemption Price for shares, if any, of such series for which Notice of Redemption has been mailed by the Trust pursuant to paragraph 8(c) of this Part I of this Section 12.1; provided, however, that the foregoing clause (B) shall not apply to the Trust's failure to pay the Redemption Price in respect of Preferred Shares when the related Notice of Redemption provides that redemption of such shares is subject to one or more conditions precedent and any such condition precedent shall not have been satisfied at the time or times and in the manner specified in such Notice of Redemption.

(g) Dividend Payments by Trust to Auction Agent. The Trust shall pay to the Auction Agent, not later than 12:00 Noon, New York City time, on the Business Day next preceding each Dividend Payment Date for shares of a series of Preferred Shares, an aggregate amount of funds available on the next Business Day in The City of New York, New York, equal to the dividends to be paid to all Holders of shares of such series on such Dividend Payment Date.

(h) Auction Agent as Trustee of Dividend Payments by Trust. All moneys paid to the Auction Agent for the payment of dividends (or for the payment of any Late Charge) or the Redemption Price shall be held in trust for the payment of such dividends (and any such Late Charge) or Redemption Price by the Auction Agent for the benefit of the Holders specified in paragraph 2(i) of this Part I of this Section 12.1. Any moneys paid to the Auction Agent in accordance with the foregoing but not applied by the Auction Agent to the payment of dividends (and any such Late Charge) will, to the extent permitted by law, be repaid to the Trust at the end of 90 days from the date on which such moneys were so to have been applied.

In the event the Trust wishes to designate any succeeding Subsequent Rate Period for shares of a series of Preferred Shares as a Special Rate Period consisting of more than 28 Rate Period Days, the Trust shall notify Moody's (if Moody's is then rating such series) and Fitch (if Fitch is then rating such series) in advance of the commencement of such Subsequent Rate Period that the Trust wishes to designate such Subsequent Rate Period as a Special Rate Period and shall provide Moody's (if Moody's is then rating such series) and Fitch (if Fitch is then rating such series) with such documents as they may reasonably request.

(d) Notice of Special Rate Period. No later than 11:00 A.M., New York City time, on the second Business Day next preceding the first day of any proposed Special Rate Period of shares of a series of Preferred Shares as to which notice has been given as set forth in paragraph 3(c) of this Part I (or such later time or date, or both, as may be agreed to by the Auction Agent and each Broker-Dealer), the Trust shall deliver to the Auction Agent and each Broker-Dealer either:

(i) a notice (Notice of Special Rate Period) stating (A) that the Trust has determined to designate the next succeeding Rate Period of shares of such series as a Special Rate Period, specifying the same and the first day thereof, (B) the Maximum Rate for such Special Rate Period (which shall be determined on the second Business Day next preceding the first day of such Special Rate Period), (C) the Auction Date immediately prior to the first day of such Special Rate Period, (D) that such Special Rate Period shall not commence if (1) an Auction for shares of such series shall not be held on such Auction Date for any reason or (2) an Auction for shares of such series shall be held on such Auction Date but Sufficient Clearing Bids for shares of such series shall not exist in such Auction, and (E) whether the shares of a particular series of Preferred Shares will be subject to optional redemption during such Special Rate Period and, if so, the redemption premium, if any, required to be paid by the Trust in connection with such optional redemption, such notice to be accompanied by a Preferred Shares Basic Maintenance Report showing that, as of the third Business Day next preceding such proposed Special Rate Period, Moody's Eligible Assets and Fitch Eligible Assets (if Moody's and Fitch are then rating the series in question) each have an aggregate Discounted Value at least equal to the Preferred Shares Basic Maintenance Amount as of such Business Day; or

(ii) a notice stating that the Trust has determined not to exercise its option to designate a Special Rate Period of shares of such series and that the next succeeding Rate Period of shares of such series shall be a Minimum Rate Period.

(e) Failure to Deliver Notice of Special Rate Period. If the Trust fails to deliver either of the notices described in paragraphs 3(d)(i) and 3(d)(ii) of this Part I (and, in the case of the notice described in paragraph 3(d)(i) of this Part I, a Preferred Shares Basic Maintenance Report to the effect set forth in such paragraph (if either Moody's or Fitch is then rating the series in question)) with respect to any designation of any proposed Special Rate Period to the Auction Agent by 11:00 A.M., New York City time, on the second Business Day next preceding the first day of such proposed Special Rate Period (or by such later time or date, or both, as may be agreed to by the Auction Agent), the Trust shall be deemed to have

delivered a notice to the Auction Agent with respect to such Special Rate Period to the effect set forth in paragraph 3(d)(ii) of this Part I. In the event the Trust delivers to the Auction Agent a notice described in paragraph 3(d)(i) of this Part I, it shall file a copy of such notice with the Secretary of the Trust, and the contents of such notice shall be binding on the Trust. In the event the Trust delivers to the Auction Agent a notice described in paragraph 3(d)(ii) of this Part I, the Trust will provide Moody's (if Moody's is then rating the series in question) and Fitch (if Fitch is then rating the series in question) with a copy of such notice.

4. Voting Rights.

(a) One Vote Per Share of Preferred Shares. Except as otherwise provided herein or in the Declaration of Trust or as otherwise required by law, (i) each Holder of Preferred Shares shall be entitled to one vote for each share of Preferred Shares held by such Holder on each matter submitted to a vote of shareholders of the Trust, and (ii) the holders of outstanding preferred shares, including each share of the Preferred Shares, and of Common Shares shall vote together as a single class; provided, however, that, at any meeting of the shareholders of the Trust held for the election of Trustees, the holders of outstanding preferred shares, including the Preferred Shares, represented in person or by proxy at said meeting shall be entitled, as a class, to the exclusion of the holders of all other securities and classes of shares of beneficial interest of the Trust, to elect two Trustees of the Trust, each Preferred Share entitling the holder thereof to one vote. Subject to paragraph 4(b) of this Part I, the holders of outstanding Common Shares and preferred shares, voting together as a single class, shall elect the balance of the Trustees.

(b) Voting for Additional Trustees.

(i) Voting Period. Except as otherwise provided in the Declaration of Trust or as otherwise required by law, during any period in which any one or more of the conditions described in subparagraphs (A) or (B) of this subparagraph (b)(i) shall exist (such period being referred to herein as a Voting Period), the number of trustees constituting the Trustees shall be automatically increased by the smallest number that, when added to the two Trustees elected exclusively by the holders of preferred shares, including the Preferred Shares, would constitute a majority of the Trustees as so increased by such smallest number, and the holders of preferred shares, including the Preferred Shares, shall be entitled, voting as a class on a one-vote-per-share basis (to the exclusion of the holders of all other securities and classes of shares of beneficial interest of the Trust), to elect such smallest number of additional Trustees, together with the two Trustees that such holders are in any event entitled to elect. A Voting Period shall commence:

(A) if at the close of business on any Dividend Payment Date accumulated dividends (whether or not earned or declared) on any outstanding preferred shares, including the Preferred Shares, equal to at least two full years' dividends shall be due and unpaid and sufficient cash or specified securities shall not have been deposited with the Auction Agent for the payment of such accumulated dividends; or

(B) if at any time holders of preferred shares, including the Preferred Shares, are entitled under the 1940 Act to elect a majority of the Trustees of the Trust.

Upon the termination of a Voting Period, the voting rights described in this subparagraph (b)(i) shall cease, subject always, however, to the reversion of such voting rights in the holders of preferred shares upon the further occurrence of any of the events described in this subparagraph (b)(i).

(ii) Notice of Special Meeting. As soon as practicable after the accrual of any right of the holders of preferred shares, including the Preferred Shares, to elect additional Trustees as described in paragraph 4(b)(i) of this Part I, the Trust shall so notify the Auction Agent and a special meeting of such holders shall be called by mailing a notice of such special meeting to such holders, such meeting to be held not less than 10 nor more than 20 days after the date of mailing of such notice. If the Trust fails to send such notice to the Auction Agent or if such special meeting is not called, it may be called by any such holder on like notice. The record date for determining the holders entitled to notice of and to vote at such special meeting shall be the close of business on the fifth Business Day preceding the day on which such notice is mailed. At any such special meeting and at each meeting of holders of preferred shares, including the Preferred Shares, held during a Voting Period at which Trustees are to be elected, such holders, voting together as a class (to the exclusion of the holders of all other securities and classes of shares of beneficial interest of the Trust), shall be entitled to elect the number of Trustees prescribed in paragraph 4(b)(i) of this Part I on a one-vote-per-share basis.

(iii) Terms of Office of Existing Trustees. The terms of office of all persons who are Trustees of the Trust at the time of a special meeting of Holders and holders of other preferred shares to elect Trustees shall continue, notwithstanding the election at such meeting by the Holders and such other holders of the number of Trustees that they are entitled to elect, and the persons so elected by the Holders and such other holders, together with the two incumbent Trustees elected by the Holders and such other holders of preferred shares and the remaining incumbent Trustees elected by the holders of the Common Shares and preferred shares, shall constitute the duly elected Trustees.

(iv) Terms of Office of Certain Trustees to Terminate upon Termination of Voting Period. Simultaneously with the termination of a Voting Period, the terms of office of the additional Trustees elected by the Holders and holders of other Preferred Shares pursuant to paragraph 4(b)(i) of this Part I shall automatically terminate, the remaining Trustees shall constitute the Trustees of the Trust and the voting rights of the Holders and such other holders to elect additional Trustees pursuant to paragraph 4(b)(i) of this Part I shall cease, subject to the provisions of the last sentence of paragraph 4(b)(i) of this Part I.

(c) Holders of Preferred Shares to Vote on Certain Other Matters.

(i) Increase in Capitalization; Voluntary Petition for Bankruptcy. So long as any Preferred Shares are outstanding, the Trust shall not, without the affirmative vote or consent of the Holders of at least a majority of the outstanding Preferred Shares (unless a higher percentage is provided for herein or in the Declaration of Trust or by applicable law), in person or by proxy, either in writing or at a meeting, voting as a separate class, authorize, create or issue any class or series of shares ranking prior to or on a parity with the Preferred Shares with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Trust, or authorize, create or issue additional shares of any series of Preferred Shares (except that, notwithstanding the foregoing, but subject to the provisions of paragraph 10(c)(ii) of this Part I, the Trustees, without the vote or consent of the Holders of Preferred Shares, may from time to time authorize and create, and the Trust may from time to time issue, additional shares of any series of Preferred Shares or classes or series of other preferred shares ranking on a parity with Preferred Shares with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Trust if the Trust receives written confirmation from Moody's (if Moody's is then rating the Preferred Shares)

and Fitch (if Fitch is then rating the Preferred Shares) that such authorization, creation or issuance would not impair the rating then assigned by such Rating Agency to the Preferred Shares). So long as any Preferred Shares are outstanding, the Trust shall not, without the affirmative vote or consent of the Holders of at least a majority of the outstanding Preferred Shares (unless a higher percentage is provided for herein or in the Declaration of Trust or by applicable law), in person or by proxy, either in writing or at a meeting, voting as a separate class, file a voluntary application for relief under Federal bankruptcy law or any similar application under state law for so long as the Trust is solvent and does not foresee becoming insolvent.

For purposes of paragraph 4 of this Part I, majority of the outstanding Preferred Shares (or a series thereof) means (i) 67% or more of such shares present at a meeting, if the Holders of more than 50% of such shares are present or represented by proxy, or (ii) more than 50% of such shares, whichever is less.

To the extent not prohibited by these Bylaws, the Declaration of Trust or applicable law, if any action with respect to which Holders of Preferred Shares are granted voting rights under paragraph 4 of this Part I (including without limitation paragraphs 4(c) and 4(d)) would adversely affect the rights of one or more series (the Affected Series) of Preferred Shares in a manner different from any other series of Preferred Shares, the Trust will not approve any such action without the affirmative vote or consent of the Holders of at least a majority of outstanding shares of each such Affected Series outstanding at the time, in person or by proxy, either in writing or at a meeting (each such Affected Series voting as a separate class).

(ii) 1940 Act Matters. Unless a higher percentage is provided for herein or in the Declaration of Trust or by applicable law, (A) the affirmative vote of the Holders of at least a majority of the outstanding Preferred Shares, voting as a separate class, shall be required to approve any conversion of the Trust from a closed-end to an open-end investment company and (B) the affirmative vote of the Holders of a majority of the outstanding Preferred Shares, voting as a separate class, shall be required to approve any plan of reorganization (as such term is used in the 1940 Act) adversely affecting such shares. The affirmative vote of the Holders of at least a majority of the outstanding Preferred Shares, voting as a separate class, shall be required to approve any action not described in the first sentence of this paragraph 4(c)(ii) requiring a vote of security holders of the Trust under section 13(a) of the 1940 Act. In the event a vote of Holders of Preferred Shares is required pursuant to the provisions of section 13(a) of the 1940 Act, the Trust shall, not later than ten Business Days prior to the date on which such vote is to be taken, notify Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares) that such vote is to be taken and the nature of the action with respect to which such vote is to be taken. The Trust shall, not later than ten Business Days after the date on which such vote is taken, notify Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares) of the results of such vote.

(d) Board May Take Certain Actions Without Shareholder Approval. The Trustees, without the vote or consent of the shareholders of the Trust, may from time to time amend, alter or repeal any provision of this Section 12.1 if such amendment, alteration or repeal would not adversely affect the preferences, rights or powers of the Holders of Preferred Shares expressly set forth in the Declaration of Trust or Bylaws; provided, however, that the Trustees receive written confirmation from Moody's (such confirmation being required to be obtained only in the event Moody's is then rating the Preferred Shares) or Fitch (such

confirmation being required to be obtained only in the event that Fitch is then rating the Preferred Shares) that any such amendment, alteration or repeal would not impair the ratings then assigned by Moody's (if Moody's is then rating the Preferred Shares) or Fitch (if Fitch is then rating the Preferred Shares) to Preferred Shares. To the extent any shareholder vote is required under paragraph 4(d) of this Part I, (i) the affirmative vote of the Holders of at least a majority of outstanding Preferred Shares shall be required (unless a higher percentage is provided for herein or in the Declaration of Trust or by applicable law) and (ii) holders of Common Shares will have no rights unless required by law.

For purposes of the foregoing and paragraph 4(c) above, no matter shall be deemed adversely to affect any preference, right or power of a Holder of Preferred Shares unless such matter (a) adversely alters or abolishes any preferential right of the Preferred Shares; (b) creates, adversely alters or abolishes any right in respect of redemption of such shares; or (c) creates or adversely alters (other than to abolish) any restriction on transfer applicable to such shares.

Notwithstanding the foregoing, the Trustees may, without the vote or consent of the Holders of the Preferred Shares, from time to time amend, alter or repeal any or all of the provisions of paragraph 10 of this Part I, as well as any or all of the definitions of the terms listed below (and any terms defined within, or related to, such definitions), and any such amendment, alteration or repeal will be deemed not to affect the preferences, rights or powers of the Preferred Shares or the Holders thereof, provided the Trustees receive written confirmation from Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares) that any such amendment, alteration or repeal would not impair the ratings then assigned to the Preferred Shares by Moody's (if Moody's is then rating the Preferred Shares) or Fitch (if Fitch is then rating the Preferred Shares):

(e) Voting Rights Set Forth Herein Are Sole Voting Rights. Unless otherwise required by law, the Holders of Preferred Shares shall not have any relative rights or preferences or other special rights other than those specifically set forth herein.

(f) No Preemptive Rights or Cumulative Voting. The Holders of Preferred Shares shall have no preemptive rights or rights to cumulative voting.

(g) Voting for Trustees Sole Remedy for Trust's Failure to Pay Dividends. In the event that the Trust fails to pay any dividends on the Preferred Shares, the exclusive remedy of the Holders shall be the right to vote for Trustees pursuant to the provisions of this paragraph 4.

(h) Holder's Entitled to Vote. For purposes of determining any rights of the Holders to vote on any matter, whether such right is created by this Section 12.1, by provisions of the Declaration of Trust, by statute or otherwise, no Holder shall be entitled to vote any Preferred Share and no Preferred Share shall be deemed to be outstanding for the purpose of voting or determining the number of shares required to constitute a quorum if, prior to or concurrently with the time of determination of shares entitled to vote or shares deemed outstanding for quorum purposes, as the case may be, the requisite Notice of Redemption with respect to such shares shall have been mailed as provided in paragraph 8(c) of this Part I and the Redemption Price for the redemption of such shares shall have been deposited in trust with the Auction Agent for that purpose. No Preferred Share held by the Trust or any Affiliate of the Trust (except for shares held by a Broker-Dealer that is an Affiliate of the Trust for the account of its customers) shall have any voting rights or be deemed to be outstanding for voting or other purposes.

5. 1940 Act Preferred Shares Asset Coverage.

The Trust shall maintain, as of the last Business Day of each month in which any Preferred Shares are outstanding, the 1940 Act Preferred Shares Asset Coverage.

6. Preferred Shares Basic Maintenance Amount.

(a) So long as Preferred Shares are outstanding, the Trust shall maintain, on each Valuation Date, and shall verify to its satisfaction that it is maintaining on such Valuation Date, Fitch Eligible Assets having an aggregate Discounted Value equal to or greater than the Preferred Shares Basic Maintenance Amount (if Fitch is then rating the Preferred Shares) and Moody's Eligible Assets having an aggregate Discounted Value equal to or greater than the Preferred Shares Basic Maintenance Amount (if Moody's is then rating the Preferred Shares).

(b) (1) On or before 5:00 P.M., New York City time, on the third Business Day after a Valuation Date on which the Trust fails to satisfy the Preferred Shares Basic Maintenance Amount, and on the third Business Day after the

Preferred Shares Basic Maintenance Cure Date with respect to such Valuation Date, the Trust shall complete and deliver to Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares) and the Auction Agent (if either Moody's or Fitch is then rating

B-41

the Preferred Shares) a Preferred Shares Basic Maintenance Report as of the date of such failure or such Preferred Shares Basic Maintenance Cure Date, as the case may be, which will be deemed to have been delivered to the Auction Agent if the Auction Agent receives a copy or telecopy, telex or other electronic transcription thereof and on the same day the Trust mails to the Auction Agent for delivery on the next Business Day the full Preferred Shares Basic Maintenance Report.

(2) The Trust shall also deliver a Preferred Shares Basic Maintenance Report to:

- (i) the Auction Agent (if either Moody's or Fitch is then rating the Preferred Shares) as of the last Friday of each calendar month (or, if such day is not a Business Date, the immediately preceding Business Day), and
- (ii) Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares) as of any Quarterly Valuation Date, in each case on or before the third Business Day after such day.

A failure by the Trust to deliver a Preferred Shares Basic Maintenance Report pursuant to the preceding sentence shall be deemed to be delivery of a Preferred Shares Basic Maintenance Report indicating the Discounted Value for all assets of the Trust is less than the Preferred Shares Basic Maintenance Amount, as of the relevant Valuation Date.

(c) Within ten Business Days after the date of delivery of a Preferred Shares Basic Maintenance Report in accordance with paragraph 6(b) of this Part I relating to a Quarterly Valuation Date that is also an Annual Valuation Date, the Trust shall cause the Independent Accountant to confirm in writing to Moody's (if Moody's is then rating the Preferred Shares), Fitch (if Fitch is then rating the Preferred Shares) and the Auction Agent (if either Moody's or Fitch is then rating the Preferred Shares):

(i) the mathematical accuracy of the calculations reflected in such Preferred Shares Basic Maintenance Report (and in any other Preferred Shares Basic Maintenance Report, randomly selected by the Independent Accountant, that was prepared by the Trust during the quarter ending on such Annual Valuation Date),

(ii) that, in such Preferred Shares Basic Maintenance Report (and in such randomly selected Preferred Shares Basic Maintenance Report), the Trust determined in accordance with this Section 12.1 whether the Trust had, at such Annual Valuation Date (and at the Valuation Date addressed in such randomly selected Preferred Shares Basic Maintenance Report), Moody's Eligible Assets (if Moody's is then rating the Preferred Shares) of an aggregate Discounted Value at least equal to the Preferred Shares Basic Maintenance Amount,

(iii) that, in such Preferred Shares Basic Maintenance Report (and in such randomly selected Preferred Shares Basic Maintenance Report), the Trust determined in accordance with this Section 12.1 whether the Trust had, at such Annual Valuation Date (and at the Valuation Date addressed in such randomly selected Preferred Shares Basic Maintenance Report), Fitch Eligible Assets (if Fitch is then rating the Preferred Shares) of an aggregate Discounted Value at least equal to the Preferred Shares Basic Maintenance Amount,

(iv) that, in such Preferred Shares Basic Maintenance Report (and in such randomly selected Preferred Shares Basic Maintenance Report), the Trust determined whether the Trust had, at such Annual Valuation Date (and at the Valuation Date addressed in such randomly selected Preferred Shares Basic Maintenance Report), met the Preferred Shares Basic Maintenance Amount in accordance with this Section 12.1,

(v) with respect to the Fitch ratings on portfolio securities of the Trust (if Fitch is then rating the Preferred Shares), the issuer name, issue size and coupon rate, if any, listed in such Preferred Shares Basic Maintenance Report verified by the Independent Accountant by reference to Bloomberg Financial Services or another independent source approved in writing by Fitch (if Fitch is then rating the Preferred Shares), and the Independent Accountant shall provide a listing in its letter of any differences,

(vi) with respect to the Moody's ratings on portfolio securities of the Trust (if Moody's is then rating the Preferred Shares), the issuer name, issue size and coupon rate, if any, listed in such Preferred Shares Basic Maintenance Report verified by the Independent Accountant by reference to Bloomberg Financial Services or another independent source approved in writing by Moody's (if Moody's is then rating the Preferred Shares), and the Independent Accountant shall provide a listing in its letter of any differences,

(vii) with respect to the bid or mean price (or such alternative permissible factor used in calculating the Market Value) used for purposes of valuing securities in the Trust's portfolio, that the Independent Accountant has traced the price from the accounting records of the Trust to the price listed in such Preferred Shares Basic Maintenance Report and verified that such information agrees (in the event such information does not agree, the Independent Accountant will provide a listing in its letter of such differences), and

(viii) with respect to such confirmation to Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares), that the Trust has satisfied the requirements of paragraph 10 of this Part I of Section 12.1

(such information is herein called the Accountant's Confirmation).

(d) Within ten Business Days after the date of delivery of a Preferred Shares Basic Maintenance Report in accordance with paragraph 6(b)(1) of this Part I relating to any Valuation Date on which the Trust failed to satisfy the Preferred Shares Basic Maintenance Amount, and relating to the Preferred Shares Basic Maintenance Cure Date with respect to such failure to satisfy the Preferred Shares Basic Maintenance Amount, the Trust shall cause the Independent Accountant to provide to Moody's (if Moody's is then rating the Preferred Shares), Fitch (if Fitch is then rating the Preferred Shares) and the Auction Agent (if either Moody's or Fitch is then rating the Preferred Shares) an Accountant's Confirmation as to such Preferred Shares Basic Maintenance Report.

(e) If any Accountant's Confirmation delivered pursuant to paragraph 6(c) or 6(d) of this Part I shows that an error was made in the Preferred Shares Basic Maintenance Report for a particular Valuation Date for which such Accountant's Confirmation was required to be delivered, or shows that a lower aggregate Discounted Value for the aggregate of all Moody's Eligible Assets (if Moody's is then rating the Preferred Shares) or Fitch Eligible Assets (if Fitch is then rating the Preferred Shares), as the case may be, of the Trust was determined by the Independent Accountant, the calculation or determination made by such Independent Accountant shall be final and conclusive and shall be binding on the Trust, and the Trust shall accordingly amend and deliver the Preferred Shares Basic Maintenance Report to Moody's (if Moody's is then rating the Preferred Share), Fitch (if Fitch is then rating the Preferred Shares) and the Auction Agent (if either Moody's or Fitch is then rating the Preferred Shares) promptly following receipt by the Trust of such Accountant's Confirmation.

(f) On or before 5:00 p.m., New York City time, on the first Business Day after the Date of Original Issue of any Preferred Shares, the Trust shall complete and deliver to Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares) a Preferred Shares Basic Maintenance Report as of the close of business on such Date of Original Issue. Within ten Business Days of such Date of Original Issue, the Trust shall cause the Independent Accountant to deliver in writing to the Auction Agent (if either Moody's or Fitch is then rating the Preferred Shares), Moody's (if Moody's is then rating the Preferred Shares) and Fitch (if Fitch is then rating the Preferred Shares) an Accountant's Confirmation as to such Preferred Shares Basic Maintenance Report.

(g) On or before 5:00 p.m., New York City time, on the third Business Day after:

(i) the Trust shall have redeemed Common Shares,

(ii) the ratio of the Discounted Value of Moody's Eligible Assets to the Preferred Shares Basic Maintenance Amount is less than or equal to 125%, if Moody's is then rating the Preferred Shares,

(iii) the ratio of the Discounted Value of Fitch Eligible Assets to the Preferred Shares Basic Maintenance Amount is less than or equal to 110%, if Fitch is then rating the Preferred Shares, or

(iv) whenever requested by Moody's (if Moody's is then rating the Preferred Shares) or Fitch (if Fitch is then rating the Preferred Shares),

the Trust shall complete and deliver to Moody's (if Moody's is then rating the Preferred Shares) or Fitch (if Fitch is then rating the Preferred Shares), as the case may be, a Preferred Shares Basic Maintenance Report as of the date of such event.

7. Restrictions on Dividends and Other Distributions.

(a) Dividends on Shares Other Than the Preferred Shares. Except as set forth in the next sentence, no dividends shall be declared or paid or set apart for payment on the shares of any class or series of shares of beneficial interest of the Trust ranking, as to the payment of dividends, on a parity with the Preferred Shares for any period unless full cumulative dividends have been or contemporaneously are declared and paid on the shares of each series of the Preferred Shares through its most recent Dividend Payment Date. When dividends are not paid in full upon the shares of each series of the Preferred Shares through its most recent Dividend Payment Date or upon the shares of any other class or series of shares of beneficial interest of the Trust ranking on a parity as to the payment of dividends with the Preferred Shares through their most recent respective dividend payment dates, all dividends declared upon a series of the Preferred Shares and any other such class or series of shares of beneficial interest ranking on a parity as to the payment of dividends with such series of the Preferred Shares shall be declared pro rata so that the amount of dividends declared per share on such series of the Preferred Shares and such other class or series of shares of beneficial interest shall in all cases bear to each other the same ratio that accumulated dividends per share on such series of the Preferred Shares and such other class or series of shares of beneficial interest bear to each other (for purposes of this sentence, the amount of dividends declared per share on a series of the Preferred Shares shall be based on the Applicable Rate for such share for the Dividend Periods during which dividends were not paid in full).

(b) Dividends and Other Distributions with Respect to Common Shares Under the 1940 Act. The Trustees shall not declare any dividend (except a dividend payable in Common Shares), or declare any other distribution, upon the Common Shares, or purchase Common Shares, unless in every such case the

Trust maintains, at the time of any such declaration or purchase, the 1940 Act Preferred Shares Asset Coverage after deducting the amount of such dividend, distribution or purchase price, as the case may be.

(c) Other Restrictions on Dividends and Other Distributions. For so long as any Preferred Shares are outstanding, and except as set forth in paragraph 7(a) and paragraph 9(c) of this Part I, (A) the Trust shall not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or in options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to the Preferred Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of the Common Shares or any other shares (other than the Preferred Shares) of the Trust ranking junior to or on a parity with the Preferred Shares as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Trust ranking junior to the Preferred Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), or any such parity shares (except by conversion into or exchange for shares of the Trust ranking junior to or on a parity with Preferred Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless (i) full cumulative dividends on shares of each series of Preferred Shares through its most recently ended Dividend Period shall have been paid or shall have been declared and sufficient funds for the payment thereof deposited with the Auction Agent and (ii) the Trust has redeemed the full number of Preferred Shares required to be redeemed by any provision for mandatory redemption pertaining thereto, and (B) the Trust shall not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or in options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to Preferred Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of Common Shares or any other shares of the Trust ranking junior to Preferred Shares as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Trust ranking junior to Preferred Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless immediately after such transaction the Discounted Value of Moody's Eligible Assets (if Moody's is then rating the Preferred Shares) and Fitch Eligible Assets (if Fitch is then rating the Preferred Shares) would each at least equal the Preferred Shares Basic Maintenance Amount.

8. Redemption.

(a) Optional Redemption.

(i) Subject to the provisions of subparagraph (v) of this paragraph 8(a), Preferred Shares of any series may be redeemed from time to time, at the option of the Trust, in whole or in part, on the second Business Day preceding any Dividend Payment Date for shares of such series, out of funds legally available therefor, at a redemption price per share equal to the sum of \$25,000 plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed for redemption; provided, however, that (1) shares of a series of Preferred Shares may not be redeemed in part if after such partial redemption fewer than 300 shares of such series would remain outstanding; (2) unless otherwise provided, shares of a series of Preferred

Shares are redeemable by the Trust during the Initial Rate Period thereof only on the second Business Day next preceding the last Dividend Payment Date for such Initial Rate Period; and (3) subject to subparagraph (ii) of this paragraph 8(a), the Notice of Special Rate Period relating to a Special Rate Period of shares of a series of Preferred Shares, as delivered to the Auction Agent and filed with the Secretary of the Trust, may provide that shares of such series shall not be redeemable during the whole or any part of such Special Rate Period (except as provided in subparagraph (iv) of this paragraph 8(a)) or shall be redeemable during the whole or any part of such Special Rate Period only upon payment of such redemption premium or premiums as shall be specified therein (the provisions set forth in clauses (1) through (3) being referred to herein as the Special Redemption Provisions).

(ii) A Notice of Special Rate Period relating to shares of a series of Preferred Shares for a Special Rate Period thereof may contain Special Redemption Provisions only if the Trustees, after consultation with the Broker-Dealer or Broker-Dealers for such Special Rate Period of shares of such series, determine that such Special Redemption Provisions are in the best interest of the Trust.

(iii) If fewer than all of the outstanding shares of a series of Preferred Shares are to be redeemed pursuant to subparagraph (i) of this paragraph 8(a), the number of shares of such series to be redeemed shall be determined by the Trustees, and such shares shall be redeemed pro rata from the Holders of shares of such series in proportion to the number of shares of such series held by such Holders.

(iv) Subject to the provisions of subparagraph (v) of this paragraph 8(a), shares of any series of Preferred Shares may be redeemed, at the option of the Trust, in whole but not in part, out of funds legally available therefor, on the first day following any Dividend Period thereof included in a Rate Period consisting of more than 182 Rate Period Days if, on the date of determination of the Applicable Rate for shares of such series for such Rate Period, such Applicable Rate equaled or exceeded on such date of determination the Treasury Index Rate for such Rate Period, at a redemption price per share equal to the sum of \$25,000 plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed for redemption.

(v) The Trust may not on any date mail a Notice of Redemption pursuant to paragraph 8(c) of this Part I in respect of a redemption contemplated to be effected pursuant to this paragraph (a) unless on such date (1) the Trust has available Deposit Securities with maturity or tender dates not later than the day preceding the applicable redemption date and having a value not less than the amount (including any applicable premium) due to Holders of Preferred Shares by reason of the redemption of such shares on such redemption date and (2) the Discounted Value of Moody's Eligible Assets (if Moody's is then rating the Preferred Shares) and Fitch Eligible Assets (if Fitch is then rating the Preferred Shares) each at least equals the Preferred Shares Basic Maintenance Amount, and each would at least equal the Preferred Shares Basic Maintenance Amount immediately subsequent to such redemption if such redemption were to occur on such date. The Trust shall not be required to have available Deposit Securities as described in clause (1) of this subparagraph (v) in respect of a redemption of any series of Preferred Shares, in whole or in part, contemplated to be effected pursuant to paragraph 8(a) where such redemption is subject to the issuance of shares of any other series of preferred shares of beneficial interest of the Trust.

(b) Mandatory Redemption. The Trust shall redeem, at a redemption price equal to \$25,000 per share plus accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed by the Trustees for redemption, certain of the Preferred Shares, if the Trust fails to have either Moody's Eligible Assets (if Moody's is then rating the Preferred Shares) or Fitch Eligible Assets (if Fitch is then rating the Preferred Shares) with a Discounted Value greater than or equal to the Preferred Shares Basic Maintenance Amount or fails to maintain the 1940 Act Preferred Shares Asset Coverage, in accordance with the requirements of the Rating Agency or Agencies then rating the Preferred Shares, and such failure is not cured on or before the Preferred Shares Basic Maintenance Cure Date or the 1940 Act Cure Date, as the case may be. The number of Preferred Shares to be redeemed shall be equal to the lesser of:

(i) the minimum number of Preferred Shares, together with all other preferred shares subject to redemption or retirement, the redemption of which, if deemed to have occurred immediately prior to the opening of business on the Cure Date, would have resulted in the Trust's having Moody's Eligible Assets (if Moody's is then rating the Preferred Shares) and Fitch Eligible Assets (if Fitch is then rating the Preferred Shares) with a Discounted Value greater than or equal to the Preferred Shares Basic Maintenance Amount or maintaining the 1940 Act Preferred Shares Asset Coverage, as the case may be, on such Cure Date (provided, however, that if there is no such minimum number of Preferred Shares and other preferred shares the redemption or retirement of which would have had such result, all Preferred Shares and other preferred shares then outstanding shall be redeemed), and

(ii) the maximum number of Preferred Shares, together with all other preferred shares subject to redemption or retirement, that can be redeemed out of funds expected to be legally available therefor in accordance with the Declaration of Trust and applicable law.

In determining the Preferred Shares required to be redeemed in accordance with the foregoing, the Trust shall allocate the number required to be redeemed to satisfy the Preferred Shares Basic Maintenance Amount or the 1940 Act Preferred Shares Asset Coverage, as the case may be, pro rata among Preferred Shares and other preferred shares (and, then, pro rata among each series of Preferred Shares) subject to redemption or retirement.

The Trust shall effect such redemption on the date fixed by the Trust therefor, which date shall not be earlier than 20 days nor later than 40 days after such Cure Date, except that if the Trust does not have funds legally available for the redemption of all of the required number of the Preferred Shares and other preferred shares which are subject to redemption or retirement or the Trust otherwise is unable to effect such redemption on or prior to 40 days after such Cure Date, the Trust shall redeem those Preferred Shares and other preferred shares which it was unable to redeem on the earliest practicable date on which it is able to effect such redemption. If fewer than all of the outstanding shares of a series of Preferred Shares are to be redeemed pursuant to this paragraph 8(b), the number of shares of such series to be redeemed shall be redeemed pro rata from the Holders of shares of such series in proportion to the number of shares of such series held by such Holders.

(c) Notice of Redemption. If the Trust shall determine or be required to redeem shares of a series of Preferred Shares pursuant to paragraph 8(a) or 8(b) of this Part I, it shall mail a Notice of Redemption with respect to such redemption by first-class mail, postage prepaid, to each Holder of the shares of such series to be redeemed, at such Holder's address as the same appears on the record books of the Trust on the

record date established by the Trustees. Such Notice of Redemption shall be so mailed not less than 20 nor more than 45 days prior to the date fixed for redemption. Each such Notice of Redemption shall state:

- (i) the redemption date;
- (ii) the number of Preferred Shares to be redeemed and the series thereof;
- (iii) the CUSIP number for shares of such series;
- (iv) the Redemption Price;
- (v) the place or places where the certificate(s) for such shares (properly endorsed or assigned for transfer, if the Trustees shall so require and the Notice of Redemption shall so state) are to be surrendered for payment of the Redemption Price;
- (vi) that dividends on the shares to be redeemed will cease to accumulate on such redemption date; and
- (vii) the provisions of this paragraph 8 under which such redemption is made.

If fewer than all shares of a series of Preferred Shares held by any Holder are to be redeemed, the Notice of Redemption mailed to such Holder shall also specify the number of shares of such series to be redeemed from such Holder. The Trust may provide in any Notice of Redemption relating to a redemption contemplated to be effected pursuant to paragraph 8(a) of this Part I that such redemption is subject to one or more conditions precedent and that the Trust shall not be required to effect such redemption unless each such condition shall have been satisfied at the time or times and in the manner specified in such Notice of Redemption.

(d) No Redemption Under Certain Circumstances. Notwithstanding the provisions of paragraphs 8(a) or 8(b) of this Part I, if any dividends on shares of a series of Preferred Shares (whether or not earned or declared) are in arrears, no shares of such series shall be redeemed unless all outstanding shares of such series are simultaneously redeemed, and the Trust shall not purchase or otherwise acquire any shares of such series; provided, however, that the foregoing shall not prevent the purchase or acquisition of outstanding shares of such series pursuant to the successful completion of an otherwise lawful purchase or exchange offer made on the same terms to Holders of all outstanding shares of such series.

(i) Absence of Funds Available for Redemption. To the extent that any redemption for which Notice of Redemption has been mailed is not made by reason of the absence of legally available funds therefor in accordance with the Declaration of Trust and applicable law, such redemption shall be made as soon as practicable to the extent such funds become available. Failure to redeem Preferred Shares shall be deemed to exist at any time there is a Failure to Deposit with respect to a redemption specified in a Notice of Redemption.

Notwithstanding the fact that the Trust may not have redeemed Preferred Shares for which a Notice of Redemption has been mailed, dividends may be declared and paid on Preferred Shares and shall include those Preferred Shares for which a Notice of Redemption has been mailed.

(e) Auction Agent as Trustee of Redemption Payments by Trust. All moneys paid to the Auction Agent for payment of the Redemption Price of Preferred Shares called for redemption shall be held in trust by the Auction Agent for the benefit of Holders of shares so to be redeemed.

(f) Shares for Which Notice of Redemption Has Been Given Are No Longer Outstanding. Provided a Notice of Redemption has been mailed pursuant to paragraph 8(c) of this Part I, upon the deposit with the Auction Agent (on the Business Day next preceding the date fixed for redemption thereby, in funds available on the next Business Day in The City of New York, New York) of funds sufficient to redeem the Preferred Shares that are the subject of such notice, dividends on such shares shall cease to accumulate and such shares shall no longer be deemed to be outstanding for any purpose, and all rights of the Holders of the shares so called for redemption shall cease and terminate (including without limitation voting rights), except the right of such Holders to receive the Redemption Price, but without any interest or other additional amount, except as provided in subparagraph 2(e)(i) of this Part I. Upon surrender in accordance with the Notice of Redemption of the certificates for any shares so redeemed (properly endorsed or assigned for transfer, if the Trustees shall so require and the Notice of Redemption shall so state), the Redemption Price shall be paid by the Auction Agent to the Holders of Preferred Shares subject to redemption. In the case that fewer than all of the shares represented by any such certificate are redeemed, a new certificate shall be issued, representing the unredeemed shares, without cost to the Holder thereof. The Trust shall be entitled to receive from the Auction Agent, promptly after the date fixed for redemption, any cash deposited with the Auction Agent in excess of:

- (i) the aggregate Redemption Price of the Preferred Shares called for redemption on such date, and
- (ii) all other amounts to which Holders of Preferred Shares called for redemption may be entitled.

Any funds so deposited that are unclaimed at the end of 90 days from such redemption date shall, to the extent permitted by law, be repaid to the Trust, after which time the Holders of Preferred Shares so called for redemption may look only to the Trust for payment of the Redemption Price and all other amounts to which they may be entitled. The Trust shall be entitled to receive, from time to time after the date fixed for redemption, any interest on the funds so deposited.

(g) Compliance with Applicable Law. In effecting any redemption pursuant to this paragraph 8, the Trust shall use its best efforts to comply with all applicable conditions precedent to effecting such redemption under the 1940 Act and any applicable Massachusetts law, and shall effect no redemption except in accordance with the 1940 Act and any applicable Massachusetts law.

(h) Only Whole Preferred Shares May Be Redeemed. In the case of any redemption pursuant to this paragraph 8, only whole Preferred Shares shall be redeemed, and in the event that any provision of the Declaration of Trust would require redemption of a fractional share, the Auction Agent shall be authorized to round up so that only whole shares are redeemed.

9. Liquidation Rights.

(a) Ranking. The shares of a series of Preferred Shares shall rank on a parity with each other, with shares of any other series of preferred shares and with shares of any other series of Preferred Shares as to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Trust.

(b) Distributions upon Liquidation. Upon the dissolution, liquidation or winding up of the affairs of the Trust, whether voluntary or involuntary, the Holders of Preferred Shares then outstanding shall be entitled to receive and to be paid out of the assets of the Trust available for distribution to its shareholders, before any payment or distribution shall be made on the Common Shares or on any other class of shares of the Trust ranking junior to the Preferred Shares upon dissolution, liquidation or winding up, an amount

equal to the Liquidation Preference with respect to such shares plus an amount equal to all dividends thereon (whether or not earned or declared but excluding the interest thereon) accumulated but unpaid to (but not including) the date of final distribution in same-day funds. After the payment to the Holders of the Preferred Shares of the full preferential amounts provided for in this paragraph 9(b), the Holders of Preferred Shares as such shall have no right or claim to any of the remaining assets of the Trust.

(c) Pro Rata Distributions. In the event the assets of the Trust available for distribution to the Holders of Preferred Shares upon any dissolution, liquidation, or winding up of the affairs of the Trust, whether voluntary or involuntary, shall be insufficient to pay in full all amounts to which such Holders are entitled pursuant to paragraph 9(b) of this Part I, no such distribution shall be made on account of any shares of any other class or series of preferred shares ranking on a parity with the Preferred Shares with respect to the distribution of assets upon such dissolution, liquidation or winding up unless proportionate distributive amounts shall be paid on account of the Preferred Shares, ratably, in proportion to the full distributable amounts for which holders of all such parity shares are respectively entitled upon such dissolution, liquidation or winding up.

(d) Rights of Junior Shares. Subject to the rights of the holders of shares of any series or class or classes of shares ranking on a parity with the Preferred Shares with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Trust, after payment shall have been made in full to the Holders of the Preferred Shares as provided in paragraph 9(b) of this Part I, but not prior thereto, any other series or class or classes of shares ranking junior to the Preferred Shares with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Trust shall, subject to the respective terms and provisions (if any) applying thereto, be entitled to receive any and all assets remaining to be paid or distributed, and the Holders of the Preferred Shares shall not be entitled to share therein.

(e) Certain Events Not Constituting Liquidation. Neither the sale of all or substantially all, or any portion of, the property or business of the Trust, nor the merger or consolidation of the Trust into or with any business trust or other entity nor the merger or consolidation of any business trust or other entity into or with the Trust shall be a dissolution, liquidation or winding up, whether voluntary or involuntary, for the purposes of this paragraph 9.

10. Futures and Options Transactions: Forward Commitments.

(a) If Moody's is rating any Preferred Shares, then:

(i) For so long as any Preferred Shares are rated by Moody's, the Trust will not buy or sell futures contracts, write, purchase or sell call options on futures contracts or purchase put options on futures contracts or write call options (except covered call options) on portfolio securities unless it receives written confirmation from Moody's that engaging in such transactions would not impair the ratings then assigned to such Preferred Shares by Moody's, except that the Trust may purchase or sell exchange-traded futures contracts based on any index approved by Moody's or Treasury Futures, and purchase, write or sell exchange-traded put options on such futures contracts and purchase, write or sell exchange-traded call options on such futures contracts (collectively, Moody's Hedging Transactions), subject to the following limitations:

(A) the Trust will not engage in any Moody's Hedging Transaction based on any index approved by Moody's (other than transactions which terminate a futures contract or option held

by the Trust by the Trust's taking an opposite position thereto (Closing Transactions) which would cause the Trust at the time of such transaction to own or have sold:

(I) outstanding futures contracts based on such index or indicies exceeding in number 10% of the average number of daily traded futures contracts based on such index or indicies in the 30 days preceding the time of effecting such transaction as reported by *The Wall Street Journal*; or

(II) outstanding financial futures contracts based on any index approved by Moody's having a Market Value exceeding 50% of the Market Value of all portfolio securities of the Trust constituting Moody's Eligible Assets owned by the Trust (other than Moody's Eligible Assets already subject to a Moody's Hedging Transaction);

(B) the Trust will not engage in any Moody's Hedging Transaction based on Treasury Futures (other than Closing Transactions) which would cause the Trust at the time of such transaction to own or have sold outstanding futures contracts based on Treasury Futures having an aggregate Market Value exceeding 80% of the aggregate Market Value of all portfolio securities of the Trust constituting Moody's Eligible Assets owned by the Trust (other than Moody's Eligible Assets already subject to a Moody's Hedging Transaction) and rated Baa or above by Moody's (or, if not rated by Moody's, rated A or above by S&P) (for purposes of the foregoing, the Trust shall be deemed to own futures contracts that underlie any outstanding options written by the Trust);

(C) the Trust will engage in Closing Transactions to close out any outstanding futures contract based on any index approved by Moody's if the amount of open interest in such index as reported by *The Wall Street Journal* is less than an amount to be mutually determined by Moody's and the Trust; and

(D) the Trust will not enter into an option or futures transaction unless, after giving effect thereto, the Trust would continue to have Moody's Eligible Assets with an aggregate Discounted Value equal to or greater than the Preferred Shares Basic Maintenance Amount.

(ii) For purposes of determining whether the Trust has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the Preferred Shares Basic Maintenance Amount, the Discounted Value of Moody's Eligible Assets which the Trust is obligated to deliver or receive pursuant to an outstanding futures contract or option shall be valued as follows:

(A) assets subject to call options written by the Trust which are either exchange-traded and readily reversible or expire within 49 days after the date as of which such valuation is made shall be valued at the lesser of:

(I) Discounted Value and

(II) the exercise price of the call option written by the Trust;

(B) assets subject to call options written by the Trust not meeting the requirements of clause (A) of this sentence shall have no value;

(C) assets subject to put options written by the Trust shall be valued at the lesser of:

(I) the exercise price and

(II) the Discounted Value of the subject security; and

(D) where delivery may be made to the Trust with any security of a class of securities, the Trust shall assume that it will take delivery of the security with the lowest Discounted Value.

(iii) For purposes of determining whether the Trust has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the Preferred Shares Basic Maintenance Amount, the following amounts shall be subtracted from the aggregate Discounted Value of the Moody's Eligible Assets held by the Trust:

(A) 10% of the exercise price of a written call option;

(B) the exercise price of any written put option;

(C) where the Trust is the seller under a futures contract, 10% of the settlement price of the futures contract;

(D) where the Trust is the purchaser under a futures contract, the settlement price of assets purchased under such futures contract;

(E) the settlement price of the underlying futures contract if the Trust writes put options on a futures contract; and

(F) 105% of the Market Value of the underlying futures contracts if the Trust writes call options on a futures contract and does not own the underlying contract.

(iv) The Trust will not enter into any contract to purchase securities for a fixed price at a future date beyond customary settlement time (other than such contracts that constitute Moody's Hedging Transactions that are permitted under paragraph 10(a)(i) of this Part I), except that the Trust may enter into such contracts to purchase newly issued securities on the date such securities are issued (Forward Commitments), subject to the following limitations:

(A) the Trust will maintain in a segregated account cash, cash equivalents or short-term, fixed-income securities rated P-1, MTG-1 or MIG-1 by Moody's and maturing prior to the date of the Forward Commitment with a Market Value that equals or exceeds the amount of the Trust's obligations under any Forward Commitments to which it is from time to time a party or long-term fixed income securities with a Discounted Value that equals or exceeds the amount of the Trust's obligations under any Forward Commitment to which it is from time to time a party; and

(B) the Trust will not enter into a Forward Commitment unless, after giving effect thereto, the Trust would continue to have Moody's Eligible Assets with an aggregate Discounted Value equal to or greater than the Preferred Shares Maintenance Amount.

For purposes of determining whether the Trust has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the Preferred Shares Basic Maintenance Amount, the Discounted Value of all Forward Commitments to which the Trust is a party and of all securities deliverable to the Trust pursuant to such Forward Commitments shall be zero.

(b) If Fitch is rating any Preferred Shares, then:

(i) For so long as any Preferred Shares are rated by Fitch, the Trust will not buy or sell futures contracts, write, purchase or sell call options on futures contracts or purchase put options on futures contracts or write call options (except covered call options) on portfolio securities unless it receives written confirmation from Fitch that engaging in such transactions would not impair the ratings then assigned to such Preferred Shares by Fitch, except that the Trust may purchase or sell exchange-traded futures contracts based on any index approved by Fitch or Treasury Futures, and purchase, write or sell exchange-traded put options on such futures contracts and purchase, write or sell exchange-traded call options on such futures contracts (collectively, Fitch Hedging Transactions), subject to the following limitations:

(A) the Trust will not engage in any Fitch Hedging Transaction based on any index approved by Fitch (other than Closing Transactions) which would cause the Trust at the time of such transaction to own or have sold outstanding futures contracts based on such index exceeding in number 10% of the average number of daily traded futures contracts based on such index in the 30 days preceding the time of effecting such transaction as reported by *The Wall Street Journal*;

(B) the Trust will not engage in any Fitch Hedging Transaction based on Treasury Futures (other than Closing Transactions) which would cause the Trust at the time of such transaction to own or have sold outstanding futures contracts based on Treasury Futures having an aggregate Market Value exceeding 80% of the aggregate Market Value of all Fitch Eligible Assets owned by the Trust (other than Fitch Eligible Assets already subject to a Fitch Hedging Transaction) and rated BBB or above by Fitch (or, if not rated by Fitch, rated Baa or above by Moody's; or, if not rated by Moody's, rated A or above by S&P) (for purposes of the foregoing, the Trust shall be deemed to own futures contracts that underlie any outstanding options written by the Trust);

(C) the Trust will engage in Closing Transactions to close out any outstanding futures contract based on any index approved by Fitch if the amount of open interest in such index as reported by *The Wall Street Journal* is less than an amount to be mutually determined by Fitch and the Trust; and

(D) the Trust will not enter into an option or futures transaction unless, after giving effect thereto, the Trust would continue to have Fitch Eligible Assets with an aggregate Discounted Value equal to or greater than the Preferred Shares Basic Maintenance Amount.

(ii) For purposes of determining whether the Trust has Fitch Eligible Assets with an aggregate Discounted Value that equals or exceeds the Preferred Shares Basic Maintenance Amount, the Discounted Value of Fitch Eligible Assets which the Trust is obligated to deliver or receive pursuant to an outstanding futures contract or option shall be valued as follows:

(A) assets subject to call options written by the Trust which are either exchange-traded and readily reversible or expire within 49 days after the date as of which such valuation is made shall be valued at the lesser of:

(I) Discounted Value and

(II) the exercise price of the call option written by the Trust;

(B) assets subject to call options written by the Trust not meeting the requirements of clause (A) of this sentence shall have no value;

(C) assets subject to put options written by the Trust shall be valued at the lesser of:

(I) the exercise price and

(II) the Discounted Value of the subject security; and

(D) where delivery may be made to the Trust with any security of a class of securities, the Trust shall assume that it will take delivery of the security with the lowest Discounted Value.

(iii) For purposes of determining whether the Trust has Fitch Eligible Assets with an aggregate Discounted Value that equals or exceeds the Preferred Shares Basic Maintenance Amount, the following amounts shall be subtracted from the aggregate Discounted Value of the Fitch Eligible Assets held by the Trust:

(A) 10% of the exercise price of a written call option;

(B) the exercise price of any written put option;

(C) where the Trust is the seller under a futures contract, 10% of the settlement price of the futures contract;

(D) where the Trust is the purchaser under a futures contract, the settlement price of assets purchased under such futures contract;

(E) the settlement price of the underlying futures contract if the Trust writes put options on a futures contract; and

(F) 105% of the Market Value of the underlying futures contracts if the Trust writes call options on a futures contract and does not own the underlying contract.

(iv) The Trust will not enter into any contract to purchase securities for a fixed price at a future date beyond customary settlement time (other than such contracts that constitute Fitch Hedging Transactions that are permitted under paragraph 10(b)(i) of this Part I), except that the Trust may enter into Forward Commitments, subject to the following limitations:

(A) the Trust will maintain in a segregated account cash, cash equivalents or short-term, fixed-income securities rated F-1 by Fitch (or, if not rated by Fitch, rated P-1, MTG-1 or MIG-1 by Moody's) and maturing prior to the date of the Forward Commitment with a Market Value that equals or exceeds the amount of the Trust's obligations under any Forward Commitments to which it is from time to time a party or long-term fixed income securities with a Discounted Value that equals or exceeds the amount of the Trust's obligations under any Forward Commitment to which it is from time to time a party; and

(B) the Trust will not enter into a Forward Commitment unless, after giving effect thereto, the Trust would continue to have Fitch Eligible Assets with an aggregate Discounted Value equal to or greater than the Preferred Shares Maintenance Amount.

For purposes of determining whether the Trust has Fitch Eligible Assets with an aggregate Discounted Value that equals or exceeds the Preferred Shares Basic Maintenance Amount, the Discounted Value

B-54

of all Forward Commitments to which the Trust is a party and of all securities deliverable to the Trust pursuant to such Forward Commitments shall be zero.

(c) For so long as any Preferred Shares are outstanding and Moody's or Fitch is, or both are, rating such shares, the Trust will not, unless it has received written confirmation from Moody's or Fitch or both, as applicable, that any such action would not impair the rating then assigned by such Rating Agency to such shares, engage in any one or more of the following transactions:

(i) borrow money, except that the Trust may, without obtaining the written confirmation described above, borrow money for the purpose of clearing securities transactions if:

(A) the Preferred Shares Basic Maintenance Amount would continue to be satisfied after giving effect to such borrowing and

(B) such borrowing:

(I) is privately arranged with a bank or other person and is evidenced by a promissory note or other evidence of indebtedness that is not intended to be publicly distributed; or

(II) is for temporary purposes, is evidenced by a promissory note or other evidence of indebtedness and is in an amount not exceeding 5% of the value of the total assets of the Trust at the time of the borrowing (for purposes of the foregoing, temporary purposes means that the borrowing is to be repaid within sixty days and is not to be extended or renewed);

(ii) except as provided in paragraph 4 of this Part I, issue additional shares of any series of Preferred Shares or any class or series of shares ranking prior to or on a parity with Preferred Shares with respect to the payment of dividends or the distribution of assets upon dissolutions, liquidation or winding up of the Trust, or reissue any Preferred Shares previously purchased or redeemed by the Trust;

(iii) engage in any short sales of securities;

(iv) lend securities;

(v) merge or consolidate into or with any other corporation or entity;

(vi) change the Pricing Service; or

(vii) enter into reverse repurchase agreements.

(i) each Beneficial Owner of shares of such series may submit to its Broker-Dealer by telephone or otherwise information as to:

(A) the number of Outstanding shares, if any, of such series held by such Beneficial Owner which such Beneficial Owner desires to continue to hold without regard to the Applicable Rate for shares of such series for the next succeeding Rate Period of such shares;

(B) the number of Outstanding shares, if any, of such series held by such Beneficial Owner which such Beneficial Owner offers to sell if the Applicable Rate for shares of such series for the next succeeding Rate Period of shares of such series shall be less than the rate per annum specified by such Beneficial Owner; and/or

For the purposes hereof, the communication by a Beneficial Owner or Potential Beneficial Owner to a Broker-Dealer, or by a Broker-Dealer to the Auction Agent, of information referred to in clause (i)(A),

B-56

(i)(B), (i)(C) or (ii) of this paragraph 1(a) is hereinafter referred to as an Order and collectively as Orders, and each Beneficial Owner and each Potential Beneficial Owner placing an Order with a Broker-Dealer, and such Broker-Dealer placing an order with the Auction Agent, is hereinafter referred to as a Bidder and collectively as Bidders; an Order containing the information referred to in clause (i)(A) of this paragraph (a) is hereinafter referred to as a Hold Order and collectively as Hold Orders; an Order containing the information referred to in clause (i)(B) or (ii) of this paragraph (a) is hereinafter referred to as a Bid and collectively as Bids; and an Order containing the information referred to in clause (i)(C) of this paragraph (a) is hereinafter referred to as a Sell Order and collectively as Sell Orders.

(b) (i) A Bid by a Beneficial Owner or an Existing Holder of shares of a series of Preferred Shares subject to an Auction on any Auction Date shall constitute an irrevocable offer to sell:

(A) the number of Outstanding shares of such series specified in such Bid if the Applicable Rate for shares of such series determined on such Auction Date shall be less than the rate specified therein;

(B) such number or a lesser number of Outstanding shares of such series to be determined as set forth in clause (iv) of paragraph 4(a) of this Part II if the Applicable Rate for shares of such series determined on such Auction Date shall be equal to the rate specified therein; or

(C) the number of Outstanding shares of such series specified in such Bid if the rate specified therein shall be higher than the Maximum Rate for shares of such series, or such number or a lesser number of Outstanding shares of such series to be determined as set forth in clause (iii) of paragraph 4(b) of this Part II if the rate specified therein shall be higher than the Maximum Rate for shares of such series and Sufficient Clearing Bids for shares of such series do not exist.

(iii) A Bid by a Potential Beneficial Holder or a Potential Holder of shares of a series of Preferred Shares subject to an Auction on any Auction Date shall constitute an irrevocable offer to purchase:

(A) the number of outstanding shares of such series specified in such Bid if the Applicable Rate for shares of such series determined on such Auction Date shall be higher than the rate specified therein; or

(B) such number or a lesser number of Outstanding shares of such series as set forth in clause (v) of paragraph 4(a) of this Part II if the Applicable Rate for shares of such series determined on such Auction Date shall be equal to the rate specified therein.

(c) No Order for any number of Preferred Shares other than whole shares shall be valid.

2. Submission of Orders by Broker-Dealers to Auction Agent.

(a) Each Broker-Dealer shall submit in writing to the Auction Agent prior to the Submission Deadline on each Auction Date all Orders for Preferred Shares of a series subject to an Auction on such Auction Date obtained by such Broker-Dealer, designating itself (unless otherwise permitted by the Trust) as an Existing Holder in respect of shares subject to Orders submitted or deemed submitted to it by Beneficial Owners and as a Potential Holder in respect of shares subject to Orders submitted to it by Potential Beneficial Owners, and shall specify with respect to each Order for such shares:

(i) the name of the Bidder placing such Order (which shall be the Broker- Dealer unless otherwise permitted by the Trust);

(ii) the aggregate number of shares of such series that are the subject of such Order;

(iii) to the extent that such Bidder is an Existing Holder of shares of such series:

(A) the number of shares, if any, of such series subject to any Hold Order of such Existing Holder;

(B) the number of shares, if any, of such series subject to any Bid of such Existing Holder and the rate specified in such Bid; and

(C) the number of shares, if any, of such series subject to any Sell Order of such Existing Holder; and

(iv) to the extent such Bidder is a Potential Holder of shares of such series, the rate and number of shares of such series specified in such Potential Holder's Bid.

(b) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one thousandth (.001) of 1%.

(c) If an Order or Orders covering all of the outstanding Preferred Shares of a series held by any Existing Holder is not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted by or on behalf of such Existing Holder covering the number of Outstanding shares of such series held by such Existing Holder and not subject to Orders submitted to the Auction Agent; provided, however, that if an Order or Orders covering all of the Outstanding shares of such series held by any Existing Holder is not submitted to the Auction Agent prior to the Submission Deadline for an Auction relating to a Special Rate Period consisting of more than 91 Rate Period Days, the Auction Agent shall deem a Sell Order to have been submitted by or on behalf of such Existing Holder covering the number of Outstanding shares of such series held by such Existing Holder and not subject to Orders submitted to the Auction Agent.

(d) If one or more Orders of an Existing Holder are submitted to the Auction Agent covering in the aggregate more than the number of Outstanding Preferred Shares of a series subject to an Auction held by such Existing Holder, such Orders shall be considered valid in the following order of priority:

B-58

(i) all Hold Orders for shares of such series shall be considered valid, but only up to and including in the aggregate the number of Outstanding shares of such series held by such Existing Holder, and if the number of shares of such series subject to such Hold Orders exceeds the number of Outstanding shares of such series held by such Existing Holder, the number of shares subject to each such Hold Order shall be reduced pro rata to cover the number of Outstanding shares of such series held by such Existing Holder;

(ii) (A) any Bid for shares of such series shall be considered valid up to and including the excess of the number of Outstanding shares of such series held by such Existing Holder over the number of shares of such series subject to any Hold Orders referred to in clause (i) above;

(B) subject to subclause (A), if more than one Bid of an Existing Holder for shares of such series is submitted to the Auction Agent with the same rate and the number of Outstanding shares of such series subject to such Bids is greater than such excess, such Bids shall be considered valid up to and including the amount of such excess, and the number of shares of such series subject to each Bid with the same rate shall be reduced pro rata to cover the number of shares of such series equal to such excess;

(C) subject to subclauses (A) and (B), if more than one Bid of an Existing Holder for shares of such series is submitted to the Auction Agent with different rates, such Bids shall be considered valid in the ascending order of their respective rates up to and including the amount of such excess; and

(D) in any such event, the number, if any, of such Outstanding shares of such series subject to any portion of Bids considered not valid in whole or in part under this clause (ii) shall be treated as the subject of a Bid for shares of such series by or on behalf of a Potential Holder at the rate therein specified; and

(iii) all Sell Orders for shares of such series shall be considered valid up to and including the excess of the number of Outstanding shares of such series held by such Existing Holder over the sum of shares of such series subject to valid Hold Orders referred to in clause (i) above and valid Bids referred to in clause (ii) above.

(e) If more than one Bid for one or more shares of a series of Preferred Shares is submitted to the Auction Agent by or on behalf of any Potential Holder, each such Bid submitted shall be a separate Bid, with the rate and number of shares therein specified.

(f) Any Order submitted by a Beneficial Owner or a Potential Beneficial Owner to its Broker-Dealer, or by a Broker-Dealer to the Auction Agent, prior to the Submission Deadline on any Auction Date, shall be irrevocable.

3. Determination of Sufficient Clearing Bids, Winning Bid Rate and Applicable Rate.

(a) Not earlier than the Submission Deadline on each Auction Date for shares of a series of Preferred Shares, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers in respect of shares of such series (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a Submitted Hold Order, a Submitted Bid or a Submitted Sell Order, as the case may be, or as a Submitted Order and collectively as Submitted Hold Orders, Submitted Bids or Submitted Sell Orders, as the case may be, or as Submitted Orders) and shall determine for such series:

(i) the excess of the number of Outstanding shares of such series over the number of Outstanding shares of such series subject to Submitted Hold Orders (such excess being hereinafter referred to as the Available Preferred Shares of such series);

(ii) from the Submitted Orders for shares of such series whether:

(A) the number of Outstanding shares of such series subject to Submitted Bids of Potential Holders specifying one or more rates equal to or lower than the Maximum Rate for shares of such series;

exceeds or is equal to the sum of:

(B) the number of Outstanding shares of such series subject to Submitted Bids of Existing Holders specifying one or more rates higher than the Maximum Rate for shares of such series; and

(C) the number of Outstanding shares of such series subject to Submitted Sell Orders

(in the event such excess or such equality exists (other than because the number of shares of such series in subclauses (B) and (C) above is zero because all of the Outstanding shares of such series are subject to Submitted Hold Orders), such Submitted Bids in subclause (A) above being hereinafter referred to collectively as Sufficient Clearing Bids for shares of such series); and

(iii) if Sufficient Clearing Bids for shares of such series exist, the lowest rate specified in such Submitted Bids (the Winning Bid Rate for shares of such series) which if:

(A) (I) each such Submitted Bid of Existing Holders specifying such lowest rate and (II) all other such Submitted Bids of Existing Holders specifying lower rates were rejected, thus entitling such Existing Holders to continue to hold the shares of such series that are subject to such Submitted Bids; and

(B) (I) each such Submitted Bid of Potential Holders specifying such lowest rate and (II) all other such Submitted Bids of Potential Holders specifying lower rates were accepted;

would result in such Existing Holders described in subclause (A) above continuing to hold an aggregate number of Outstanding shares of such series which, when added to the number of Outstanding shares of such series to be purchased by such Potential Holders described in subclause (B) above, would equal not less than the Available Preferred Shares of such series.

(b) Promptly after the Auction Agent has made the determinations pursuant to paragraph 3(a) of this Part II, the Auction Agent shall advise the Trust of the Maximum Rate for shares of the series of Preferred Shares for which an Auction is being held on the Auction Date and, based on such determination, the Applicable Rate for shares of such series for the next succeeding Rate Period thereof as follows:

(i) if Sufficient Clearing Bids for shares of such series exist, that the Applicable Rate for all shares of such series for the next Succeeding Rate Period thereof shall be equal to the Winning Bid Rate for shares of such series so determined;

(ii) if Sufficient Clearing Bids for shares of such series do not exist (other than because all of the Outstanding shares of such series are subject to Submitted Hold Orders), that the Applicable Rate for all shares of such series for the next succeeding Rate Period thereof shall be equal to the Maximum Rate for shares of such series; or

(iii) if all of the Outstanding shares of such series are subject to Submitted Hold Orders, that the Dividend Period next succeeding the Auction shall automatically be the same length as the immediately preceding Dividend Period and the Applicable Rate for all shares of such series for the next succeeding Dividend Period thereof shall be the All Hold Rate.

4. Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of Shares.

Existing Holders shall continue to hold the Preferred Shares that are subject to Submitted Hold Orders, and, based on the determinations made pursuant to paragraph 3(a) of this Part II, the Submitted Bids and Submitted Sell Orders shall be accepted or rejected by the Auction Agent and the Auction Agent shall take such other action as set forth below:

(a) If Sufficient Clearing Bids for shares of a series of Preferred Shares have been made, all Submitted Sell Orders with respect to shares of such series shall be accepted and, subject to the provisions of paragraphs 4(d) and 4(e) of this Part II, Submitted Bids with respect to shares of such series shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids with respect to shares of such series shall be rejected:

(i) Existing Holders Submitted Bids for shares of such series specifying any rate that is higher than the Winning Bid Rate for shares of such series shall be accepted, thus requiring each such Existing Holder to sell the Preferred Shares subject to such Submitted Bids;

(ii) Existing Holders Submitted Bids for shares of such series specifying any rate that is lower than the Winning Bid Rate for shares of such series shall be rejected, thus entitling each such Existing Holder to continue to hold the Preferred Shares subject to such Submitted Bids;

(iii) Potential Holders Submitted Bids for shares of such series specifying any rate that is lower than the Winning Bid Rate for shares of such series shall be accepted;

(iv) each Existing Holder's Submitted Bid for shares of such series specifying a rate that is equal to the Winning Bid Rate for shares of such series shall be rejected, thus entitling such Existing Holder to continue to hold the Preferred Shares subject to such Submitted Bid, unless the number of Outstanding Preferred Shares subject to all such Submitted Bids shall be greater than the number of Preferred Shares (remaining shares) equal to the excess of the Available Preferred Shares of such series over the number of Preferred Shares subject to Submitted Bids described in clauses (ii) and (iii) of this paragraph 4(a), in which event such Submitted Bid of such Existing Holder shall be rejected in part, and such Existing Holder shall be entitled to continue to hold Preferred Shares subject to such Submitted Bid, but only in an amount equal to the number of Preferred Shares of such series obtained by multiplying the number of remaining shares by a fraction, the numerator of which shall be the number of Outstanding Preferred Shares held by such Existing Holder subject to such Submitted Bid and the denominator of which shall be the aggregate number of Outstanding Preferred Shares subject to such Submitted Bids made by all such Existing Holders that specified a rate equal to the Winning Bid Rate for shares of such series; and

(v) each Potential Holder's Submitted Bid for shares of such series specifying a rate that is equal to the Winning Bid Rate for shares of such series shall be accepted but only in an amount equal to the number of shares of such series obtained by multiplying the number of shares in the excess of the Available Preferred Shares of such series over the number of Preferred Shares subject to Submitted

Bids described in clauses (ii) through (iv) of this paragraph 4(a) by a fraction, the numerator of which shall be the number of Outstanding Preferred Shares subject to such Submitted Bid and the denominator of which shall be the aggregate number of Outstanding Preferred Shares subject to such Submitted Bids made by all such Potential Holders that specified a rate equal to the Winning Bid Rate for shares of such series.

(b) If Sufficient Clearing Bids for shares of a series of Preferred Shares have not been made (other than because all of the Outstanding shares of such series are subject to Submitted Hold Orders), subject to the provisions of paragraph 4(d) of this Part II, Submitted Orders for shares of such series shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids for shares of such series shall be rejected:

(i) Existing Holders Submitted Bids for shares of such series specifying any rate that is equal to or lower than the Maximum Rate for shares of such series shall be rejected, thus entitling such Existing Holders to continue to hold the Preferred Shares subject to such Submitted Bids;

(ii) Potential Holders Submitted Bids for shares of such series specifying any rate that is equal to or lower than the Maximum Rate for shares of such series shall be accepted; and

(iii) Each Existing Holder's Submitted Bid for shares of such series specifying any rate that is higher than the Maximum Rate for shares of such series and the Submitted Sell Orders for shares of such series of each Existing Holder shall be accepted, thus entitling each Existing Holder that submitted or on whose behalf was submitted any such Submitted Bid or Submitted Sell Order to sell the shares of such series subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the number of shares of such series obtained by multiplying the number of shares of such series subject to Submitted Bids described in clause (ii) of this paragraph (b) by a fraction, the numerator of which shall be the number of Outstanding shares of such series held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate number of Outstanding shares of such series subject to all such Submitted Bids and Submitted Sell Orders.

(c) If all of the Outstanding shares of a series of Preferred Shares are subject to Submitted Hold Orders, all Submitted Bids for shares of such series shall be rejected.

(d) If, as a result of the procedures described in clause (iv) or (v) of paragraph 4(a) or clause (iii) of paragraph 4(b) of this Part II, any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a fraction of a share of a series of Preferred Shares on any Auction Date, the Auction Agent shall, in such manner as it shall determine in its sole discretion, round up or down the number of Preferred Shares of such series to be purchased or sold by any Existing Holder or Potential Holder on such Auction Date as a result of such procedures so that the number of shares so purchased or sold by each Existing Holder or Potential Holder on such Auction Date shall be whole Preferred Shares.

(e) If, as a result of the procedures described in clause (v) of paragraph 4(a) of this Part II, any Potential Holder would be entitled or required to purchase less than a whole share of a series of Preferred Shares on any Auction Date, the Auction Agent shall, in such manner as it shall determine in its sole discretion, allocate Preferred Shares of such series for purchase among Potential Holders so that only whole shares of

Preferred Shares of such series are purchased on such Auction Date as a result of such procedures by any Potential Holder, even if such allocation results in one or more Potential Holders not purchasing Preferred Shares of such series on such Auction Date.

(f) Based on the results of each Auction for shares of a series of Preferred Shares, the Auction Agent shall determine the aggregate number of shares of such series to be purchased and the aggregate number of shares of such series to be sold by Potential Holders and Existing Holders and, with respect to each Potential Holder and Existing Holder, to the extent that such aggregate number of shares to be purchased and such aggregate number of shares to be sold differ, determine to which other Potential Holder(s) or Existing Holder(s) they shall deliver, or from which other Potential Holder(s) or Existing Holder(s) they shall receive, as the case may be, Preferred Shares of such series.

Notwithstanding any provision of the Auction Procedures to the contrary, in the event an Existing Holder or Beneficial Owner of a series of Preferred Shares with respect to whom a Broker-Dealer submitted a Bid to the Auction Agent for such shares that was accepted in whole or in part, or submitted or is deemed to have submitted a Sell Order for such shares that was accepted in whole or in part, fails to instruct its Agent Member to deliver such shares against payment therefor, partial deliveries of Preferred Shares that have been made in respect of Potential Holders or Potential Beneficial Owners submitted Bids for shares of such series that have been accepted in whole or in part shall constitute good delivery to such Potential Holders and Potential Beneficial Owners.

(g) Neither the Trust nor the Auction Agent nor any affiliate of either shall have any responsibility or liability with respect to the failure of an Existing Holder, a Potential Holder, a Beneficial Owner, a Potential Beneficial Owner or its respective Agent Member to deliver Preferred Shares of any series or to pay for Preferred Shares of any series sold or purchased pursuant to the Auction Procedures or otherwise.

5. Auction Agent.

For so long as any Preferred Shares are outstanding, the Auction Agent, duly appointed by the Trust to so act, shall be in each case a commercial bank, trust company or other institution independent of the Trust and its affiliates (which, however, may engage or have engaged in business transactions with the Trust or its affiliates), and at no time shall the Trust or any of its affiliates act as the Auction Agent in connection with the Auction Procedures. If the Auction Agent resigns or for any reason its appointment is terminated during any period that any Preferred Shares are outstanding, the Trustees shall attempt to appoint another qualified commercial bank, trust company or institution to act as the Auction Agent. The Auction Agent's registry of Existing Holders of a series of Preferred Shares shall be conclusive and binding on the Broker-Dealers. A Broker-Dealer may inquire of the Auction Agent between 3:00 p.m. on the Business Day preceding an Auction for a series of Preferred Shares and 9:30 a.m. on the Auction Date for such Auction to ascertain the number of shares of such series in respect of which the Auction Agent has determined such Broker-Dealer to be an Existing Holder. If such Broker-Dealer believes it is the Existing Holder of fewer shares of such series than specified by the Auction Agent in response to such Broker-Dealer's inquiry, such Broker-Dealer may so inform the Auction Agent of that belief. Such Broker-Dealer shall not, in its capacity as Existing Holder of shares of such series, submit Orders in such Auction in respect of shares of such series covering in the aggregate more than the number of shares of such series specified by the Auction Agent in response to such Broker-Dealer's inquiry.

6. Transfer of Preferred Shares.

Unless otherwise permitted by the Trust, a Beneficial Owner or an Existing Holder may sell, transfer or otherwise dispose of Preferred Shares only in whole shares and only pursuant to a Bid or Sell Order placed

with the Auction Agent in accordance with the procedures described in this Part II or to a Broker-Dealer; provided, however, that (a) a sale, transfer or other disposition of Preferred Shares from a customer of a Broker-Dealer who is listed on the records of that Broker-Dealer as the holder of such shares to that Broker-Dealer or another customer of that Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of this paragraph 6 if such Broker-Dealer remains the Existing Holder of the shares so sold, transferred or disposed of immediately after such sale, transfer or disposition and (b) in the case of all transfers other than pursuant to Auctions, the Broker-Dealer (or other Person, if permitted by the Trust) to whom such transfer is made shall advise the Auction Agent of such transfer.

7. Global Certificate.

Prior to the commencement of a Voting Period, (i) all of the shares of a series of Preferred Shares outstanding from time to time shall be represented by one global certificate registered in the name of the Securities Depository or its nominee and (ii) no registration of transfer of shares of a series of Preferred Shares shall be made on the books of the Trust to any Person other than the Securities Depository or its nominee.
