I. INFORMATION ABOUT VOTING

Solicitation of Proxies

Our Board of Directors is soliciting proxies for use at our annual meeting of shareholders to be held on June 11, 2014 (the Annual Meeting) and any adjournments of that meeting. We first mailed this proxy statement, the accompanying form of proxy and our Annual Report to Shareholders for our fiscal year ending February 1, 2014 (fiscal 2013) on or about May 7, 2014.

Agenda Items

The agenda for the Annual Meeting is to:

1. Elect two directors;
2. Ratify the selection of Ernst & Young LLP as our independent registered public accounting firm;
3. Hold an advisory vote on executive compensation;
4. Consider and vote on a shareholder proposal regarding the implementation of majority voting for uncontested elections of directors; and
5. Vote on any other business properly brought before the meeting.

Who Can Vote

You can vote at the Annual Meeting if you are a holder of our common stock, no par value per share (Common Stock), on the record date. The record date is the close of business on April 16, 2014. You will have one vote for each share of Common Stock. As of April 16, 2014, there were 17,309,422 shares of Common Stock outstanding and entitled to vote.

How to Vote

For Shares Held Directly in the Name of the Shareholder

If you hold your shares in registered form and not through a bank, brokerage firm or other nominee, you may vote your shares in one of two ways:

In Person. If you choose to vote in person, you can come to the Annual Meeting and cast your vote in person; or

Voting By Mail. If you choose to vote by mail, complete the enclosed proxy card, date and sign it, and return it in the postage-paid envelope provided. If you sign your proxy card and return it without marking any voting instructions, your shares will be voted in favor of each of the proposals presented at the Annual Meeting.

For Shares Held Through a Bank, Brokerage Firm or Other Nominee

If you hold your shares through a bank, brokerage firm or other nominee, you may vote your shares in any one of three ways:

In Person. If you choose to vote in person at the Annual Meeting, you must obtain a legal proxy from your bank, brokerage firm or other nominee authorizing you to vote at the Annual Meeting. You can then come to the Annual Meeting and cast your vote in person;

Table of Contents

Voting By Mail. If you choose to vote by mail, complete and return to your bank, brokerage firm or other nominee the voting instruction form provided to you by your bank, brokerage firm or other nominee; or

Voting By Telephone or Internet. If you choose to vote by telephone or Internet, vote in accordance with instructions set forth on the voting instruction form provided to you by your bank, brokerage firm or other nominee.

Use of Proxies

Shareholders of record receive the proxy materials, including a proxy card, from the Company, whereas shareholders who beneficially own their shares through a bank or brokerage firm in street name will receive the proxy materials, together with a voting instruction form, from the bank or broker. If you are a shareholder of record, unless you tell us on the proxy card to vote differently, we plan to vote signed and returned proxies **FOR** the nominees for director, **FOR** the approval of Ernst & Young LLP as the Company's independent registered public accountant for fiscal 2014, **FOR** the ratification of the compensation of the named executive officers, as disclosed in this proxy statement, pursuant to an advisory vote on executive compensation, and **AGAINST** the shareholder proposal regarding implementation of majority voting for uncontested elections of directors. We do not now know of any other matters to come before the Annual Meeting. If they do, proxy holders will vote the proxies according to their best judgment.

Shareholders who hold their shares in street name should refer to Broker Non-Votes below for information concerning the voting of their shares on any matter for which they do not provide instructions to their bank or broker, either by returning a completed, dated and signed voting instruction form in the envelope provide, or by telephone or Internet as provided elsewhere herein.

Quorum Requirement

We need a quorum of shareholders to hold a valid Annual Meeting. A quorum will be present if the holders of at least a majority of the outstanding Common Stock entitled to vote at the Annual Meeting either attend the Annual Meeting in person or are represented by proxy. Broker non-votes and votes withheld are counted as present for the purpose of establishing a quorum.

Vote Required for Action

Directors are elected by a plurality vote of shares present in person or represented by proxy at the Annual Meeting. Shares represented by proxies that withhold authority to vote in the election of directors will not be counted in the election of directors in favor of any nominee and will have no effect on the director election.

The ratification of EY as our independent registered public accountants for fiscal 2014, the advisory vote on executive compensation, the shareholder proposal regarding implementation of majority voting for uncontested elections of directors, and any other actions properly presented at the Annual Meeting are approved if the votes cast in favor of the action exceed the votes cast opposing the action.

Shares represented by proxies that are properly marked abstain will be counted for purposes of determining the presence of a quorum at the 2014 Annual Meeting. Shares represented by proxies that abstain from voting on the ratification of EY as our independent registered public accountant for fiscal 2014, the advisory vote on executive compensation, or the shareholder proposal regarding implementation of majority voting for uncontested elections of directors, will not have any effect on the outcome of those votes.

Broker Non-Votes

A broker non-vote occurs when banks or brokerage firms holding shares on behalf of a shareholder do not receive voting instructions from the beneficial owner of the shares by a specified date before the Annual Meeting and do not have discretionary authority to vote those undirected shares on specified matters under applicable stock exchange rules. The election of directors, the advisory vote related to executive compensation, and implementation of majority voting for uncontested elections of directors are considered non-routine matters and bank / broker

Table of Contents

discretionary voting on these matters is prohibited. As a result, if you are a beneficial owner and hold your shares in street name, and do not give your broker or other nominee instructions on how to vote your shares with respect to the election of directors, the advisory vote on executive compensation, or the implementation of majority voting for uncontested elections of directors, no votes will be cast on your behalf with respect to those proposals. In contrast, the ratification of auditors is a discretionary matter, so your broker or nominee will be permitted to exercise discretionary authority to vote your shares with respect to the ratification of our selection of EY as our independent registered public accounting firm even if you do not give your broker or other nominee instructions on how to vote your shares with respect to that proposal. Shares with respect to which brokers do not have authority to vote may still be counted in determining whether a quorum is present.

Because the Company has a plurality voting standard for the election of directors, and the other proposals will be approved if the votes cast in favor of the action exceed the votes cast opposing the action, broker non-votes will have no effect on the outcome of the vote on any of the proposals contained in this Proxy Statement.

Revoking a Proxy or Changing Your Vote

For Shares Held Directly in the Name of the Shareholder

If you hold your shares in registered form and not through a bank, brokerage firm or other nominee, you may revoke your proxy at any time before it is exercised. You can revoke a proxy by:

Submitting a later-dated proxy by mail;

Sending a written notice to the Secretary of Kirkland's. You must send any written notice of a revocation of a proxy so as to be delivered before the taking of the vote at the Annual Meeting to:

Kirkland's, Inc.

Senior Vice President, Chief Financial Officer and Secretary

; or

Attending the Annual Meeting and voting in person. Your attendance at the Annual Meeting will not in and of itself revoke your proxy. You must also vote your shares at the Annual Meeting in order to effectively revoke your previously delivered proxy.

For Shares Held Through a Bank, Brokerage Firm or Other Nominee

If you hold your shares through a bank, brokerage firm or other nominee, you may change your vote at any time by:

Submitting a later-dated voting instruction form by mail to your bank, brokerage firm or other nominee;

Submitting a later-dated telephone or Internet vote in accordance with instructions set forth on the voting instruction form provided to you by your bank, brokerage firm or other nominee; or

Attending the Annual Meeting and voting in person. Your attendance at the Annual Meeting will not in and of itself revoke your voting instructions to your bank, brokerage firm or other nominee. You must also vote your shares at the Annual Meeting in order to effectively revoke your previously delivered voting instructions. In order, however, to vote your shares at the Annual Meeting, you must obtain a legal proxy, executed in your favor, from your bank, brokerage firm or other nominee to be able to vote at the Annual Meeting.

Table of Contents

II. THE PROPOSALS TO BE VOTED ON

Proposal 1 Election of Directors

Our Board of Directors consists of three classes of directors, including one class of three directors and two classes of two directors. The term for each class is three years. Class terms expire on a rolling basis, so that one class of directors is elected each year. Currently, there are seven incumbent directors, consisting of two in Class III whose terms will expire at this Annual Meeting, two in Class II whose terms will expire at the 2016 Annual Meeting and three in Class I whose terms will expire at the 2015 Annual Meeting.

The nominees for director this year are Robert E. Alderson and Carl T. Kirkland. Information about the nominees, the continuing directors and the Board of Directors is contained in the next section of this proxy statement entitled Board of Directors.

The Board of Directors expects that each of the nominees will be able and willing to serve as directors. If any nominee is not available, the proxies may be voted for another person nominated by the Board of Directors to fill the vacancy, or the size of the Board of Directors may be reduced.

The Board of Directors recommends a vote FOR the election of Robert E. Alderson and Carl T. Kirkland to the Board of Directors.

Proposal 2 Ratification of Independent Registered Public Accounting Firm

Our audit committee (the Audit Committee) has selected Ernst & Young LLP (EY) as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year 2014. In deciding to engage EY, our Audit Committee noted that there were no auditor independence issues raised with EY.

Our Board of Directors recommends that the shareholders ratify the selection of EY as our independent registered public accounting firm. This appointment will be submitted to our shareholders for ratification at the Annual Meeting. The submission of the appointment of EY is required neither by law nor by our bylaws. Our Board of Directors is nevertheless submitting it to our shareholders to ascertain their views. If our shareholders do not ratify the appointment, the selection of another independent registered public accounting firm will be considered by our Board of Directors. If EY shall decline to accept or become incapable of accepting its appointment, or if its appointment is otherwise discontinued, our Board of Directors will appoint another independent registered public accounting firm.

Our Audit Committee reviews audit and non-audit services performed by EY, as well as the fees charged by EY for such services. In its review of non-audit service fees, the Audit Committee considers, among other things, the possible effect of the performance of such services on the auditor's independence. Additional information concerning the Audit Committee and its activities with EY can be found in the following sections of this proxy statement: Board Committees: Audit Committee, at page 11, and Audit Committee Report at page 32. For additional information about EY see Independent Registered Public Accounting Firm on page 32 of this proxy statement.

The Board of Directors recommends a vote FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year 2014.

Proposal 3 Advisory Vote Related to Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC s rules.

Table of Contents

As described in detail under the heading "Executive Compensation - Compensation Discussion and Analysis" on page 18, our executive compensation programs are designed to attract, motivate, and retain our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of strategic goals and the realization of increased shareholder value. Please read the "Executive Compensation - Compensation Discussion and Analysis" for additional details about our executive compensation programs, including information about the fiscal 2013 compensation of our named executive officers.

We are asking our shareholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our shareholders to vote **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

The say-on-pay vote is advisory and is therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board of Directors recommends that you vote **FOR this Proposal 3 to ratify the compensation of the named executive officers as disclosed in this proxy statement.**

Proposal 4 - Shareholder Proposal Regarding the Implementation of Majority Voting for Uncontested Director Elections

The Company has received a shareholder proposal by California State Teachers' Retirement System (CalSTRS) requesting that our Board of Directors initiate an appropriate process to amend our Certificate of Incorporation and/or bylaws to adopt majority voting for uncontested elections of directors at our annual meetings of shareholders, with a plurality vote standard retained for contested director elections. The Company will provide the address and number of shares held by CalSTRS upon an oral or written request for such information sent to the Company's Senior Vice President and Chief Financial Officer at our headquarters address. In accordance with SEC rules, the text of the shareholder proposal and supporting statement are printed below exactly as they were submitted to the Company. The Company is not responsible for the contents of the proposal or supporting statement. If properly presented, this proposal will be voted on at the Annual Meeting.

Shareholder Proposal:

BE IT RESOLVED:

That the shareholders of Kirkland's, Inc. hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation and/or bylaws to provide that director nominees shall be elected by the

affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

SUPPORTING STATEMENT:

In order to provide shareholders a meaningful role in director elections, the Company's current director election standard should be changed from a plurality vote standard to a majority vote standard. The majority vote standard is

Table of Contents

the most appropriate voting standard for director elections where only board nominated candidates are on the ballot, and it will establish a challenging vote standard for board nominees to improve the performance of individual directors and entire boards. Under the Company's current voting system, a nominee for the board can be elected with as little as a single affirmative vote, because withheld votes have no legal effect. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be re-elected and continue to serve as a representative for the shareholders.

In response to strong shareholder support a substantial number of the nation's leading companies have adopted a majority vote standard in company bylaws or articles of incorporation. In fact, more than 85% of the companies in the S&P 500 have adopted majority voting for uncontested elections. We believe the Company needs to join the growing list of companies that have already adopted this standard.

CalSTRS is a long-term shareholder of the Company and we believe that accountability is of utmost importance. We believe the plurality vote standard currently in place at the Company completely disenfranchises shareholders and makes the shareholder's role in director elections meaningless. Majority voting in director elections will empower shareholders with the ability to remove poorly performing directors and increase the directors' accountability to the owners of the Company, its shareholders. In addition, those directors who receive the majority support from shareholders will know they have the backing of the very shareholders they represent. We therefore ask you to join us in requesting that the Board of Directors promptly adopt the majority vote standard for director elections.

Please vote FOR this proposal.

Kirkland's Statement in Opposition to Shareholder Proposal:

The Company's Board of Directors has thoroughly reviewed and carefully considered the CalSTRS shareholder proposal set forth above and, for the reasons described below, believes that the proposal to provide for the election of directors in an uncontested election by a majority of the votes cast is not in the best interests of the Company and its shareholders.

Our directors are currently elected by a plurality vote, which means that, with respect to the number of available board seats, the nominees who receive the greatest number of votes are elected. Plurality voting, which the CalSTRS proposal seeks to replace, was developed many years ago as a reform to avoid the possible consequences of failed elections and to ensure that all open positions are filled at each director election. A failed election occurs when a director nominee does not receive a majority of the votes cast. Plurality voting is the default voting standard for director elections under the Tennessee Business Corporation Act (the corporate law applicable to the Company) and under the corporate statutes of many other states, including Delaware. The rules governing plurality voting are well established and widely understood and the Board of Directors believes that this voting standard is a fair and democratic way to elect directors.

The majority voting standard called for by the CalSTRS proposal gives rise to potential issues for which there are few precedents. For example, where majority voting is required there is an increased risk of failed elections. A failed election may result in unanticipated vacancies on the Board of Directors that could adversely affect our ability to comply with applicable NASDAQ listing standards or federal securities law requirements regarding qualified audit and compensation committees and the number of independent directors. Further, in a failed election there is the potential for holdover directors. Under Tennessee law, in the event of a failed election where an incumbent director did not receive a majority for vote, that director would nevertheless stay in office or holdover as a director until his or her successor is duly elected and qualified some time in the future. Similarly, if a non-incumbent director nominee failed to receive a majority for vote, that could cause a director that had not been re-nominated for election and was

not up for election nevertheless to remain on the Board of Directors until the next election, as a holdover director.

The CalSTRS proposal reflects the view that majority voting is appropriate for all companies at all times and under all circumstances. While it is true that other companies have adopted majority voting for uncontested elections, it does not follow that majority voting is necessary or appropriate for all companies or, in particular, for a company like ours. Plurality voting remains the prevailing voting standard used by corporations in the United States, including some of the largest corporations in the country.

Table of Contents

Because of these issues and others, the legal community, shareholder advocates, governance experts, public companies and other groups continue to debate whether the purported benefits of the majority voting standard outweigh the associated risks and continue to consider how to deal with the practical difficulties of implementing a majority voting standard. Our Board of Directors believes that adherence to sound corporate governance policies and practices is important to the long term success of the Company and believes that the plurality voting standard is the appropriate voting standard for electing the Company's directors.

In addition to the foregoing, we disagree with CalSTRS' assertion that our current plurality voting standard effectively disenfranchises shareholders. We believe that our shareholders currently and rightfully have a meaningful role in our director election process.

We maintain a proactive Governance and Nominating Committee, composed entirely of independent directors, that has a thorough corporate governance process designed to evaluate the effectiveness of individual directors, committees of the Board of Directors and the Board of Directors as a whole on an annual basis. The Governance and Nominating Committee also identifies and proposes director nominees that it believes are highly qualified individuals, with extensive and relevant business backgrounds, who will best serve the interests of the Company and its shareholders. Historically, the nominees selected by the Governance and Nominating Committee have received overwhelming support in director elections. However, in the event our shareholders are not satisfied with any of our directors, our shareholders have the ability to nominate an alternative board nominee or nominees for shareholder consideration.

Further, our shareholders have the ability to express disapproval with actions of the Board of Directors or with individual directors. The "withhold" vote is a well-established means of registering dissatisfaction. Because we must report voting results of director elections in a publicly-filed report, there is significant visibility as to any director who receives a large number of "withhold" votes, providing shareholders with a viable means to communicate publicly any dissatisfaction with individual directors or our Board of Directors as a whole. The use of the "withhold" vote, rather than causing one of our directors to not be elected, provides the Board of Directors with flexibility to determine whether such vote was intended only to send a message to which the Board of Directors should react, or was an effort to remove a particular director from the Board of Directors. In either case, it would be a matter for serious consideration for the Board of Directors and the Governance and Nominating Committee in the event that a significant number of "withhold" votes were received for any director or directors. In addition to the "withhold" vote, we have also established procedures whereby our shareholders are able to communicate directly with the independent members of our Board of Directors (see *Shareholder Communications*).

To date, our largest shareholders have expressed no dissatisfaction to us with our plurality voting standard or its results. Our directors have historically received overwhelming support in director elections. A majority voting standard would not have changed the outcome of any of our elections. For these reasons and others, we believe that our shareholders are satisfied with the composition of our Board of Directors and the plurality voting standard that applies to the election of our directors. CalSTRS is the only shareholder to submit a proposal on the majority voting standard and does so on a routine basis with other companies.

We will continue to monitor developments on the majority voting issue and may take steps in the future consistent with our commitment to act in the best interests of the Company and its shareholders. Our shareholders already have a meaningful and significant role in the election of our directors, and for the reasons presented above, the Board of Directors does not believe that our interests or the interests of our shareholders would be best served by adopting a majority voting standard at this time.

The Board of Directors unanimously recommends that you vote **AGAINST this Shareholder Proposal**

IV. INFORMATION ABOUT THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure

The Board of Directors of the Company is led by a Chairman of the Board and chairmen of the various committees of the Board of Directors. The Company has determined that it is appropriate for the Chairman of the Board of Directors to be an independent director, so that the same person does not fill the roles of chairman and chief executive officer. While such a dual role is permitted, the Company desires to establish a measure of board independence by appointing an independent director to serve as Chairman of the Board of Directors. If the CEO or another insider ever serves as Chairman of the Board of Directors in the future, we would anticipate that a Lead Independent Director, elected by the independent directors, would preside over executive sessions of the independent directors. In addition to preserving the independence of the Board of Directors as a whole, each of the committees of the Board of Directors is chaired by an independent director (and is comprised only of independent directors), in accordance with applicable exchange rules. The Board of Directors believes its current structure and operation, as described herein, properly safeguards the independence of the Board of Directors.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to its directors, officers and employees, including the Company's principal executive officer, principal financial officer and principal accounting officer. This Code of Business Conduct and Ethics may be found on the Company's investor website at www.kirklands.com under Investor Relations - Corporate Governance - Governance.

Board Independence

Consistent with the listing standards of The Nasdaq Stock Market (Nasdaq) and the regulations promulgated by the Securities and Exchange Commission (SEC), a majority of the members of a listed company s board of directors must qualify as independent, as affirmatively determined by the board of directors. After review of all relevant transactions and relationships between each director, or any of his or her family members, and the

Table of Contents

Company, its senior management and its independent auditors, the Board of Directors affirmatively has determined that the following directors, constituting a majority of the Company's directors, are independent directors within the meaning of the applicable Nasdaq listing standards: Steven J. Collins, Carl T. Kirkland, R. Wilson Orr, III, Ralph T. Parks, Miles T. Kirkland, and Murray M. Spain. The Company's independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Board of Directors and Committee Meetings

During fiscal 2013, the Board of Directors held six regular meetings. All directors attended at least 75% of the meetings of the Board of Directors and all committees of the Board of Directors on which they served, except for Mr. Spain. While the Company encourages all members of the Board of Directors to attend annual meetings of the Company's shareholders, there is no formal policy as to their attendance. Five members of the Board of Directors attended the 2013 annual meeting of shareholders.

The Board of Directors has three standing committees: an Audit Committee, a Compensation Committee and a Governance and Nominating Committee.

Audit Committee

The Board of Directors has adopted a written charter that outlines the duties of the Audit Committee. A copy of this charter is available on the Company's investor website under Investor Relations Corporate Governance - Committees. The principal duties of the Audit Committee, among other things, are to:

review and reassess the adequacy of the Audit Committee and its charter not less than annually and recommend any proposed changes to the Board of Directors for consideration and approval;

review with management and the Company's independent public accountants the Company's audited financial statements and related footnotes, and the clarity of the disclosures in the financial statements;

meet periodically with management and the Company's independent public accountants to review the Company's major financial risk exposures and the steps taken to monitor and control such exposures;

review and discuss quarterly reports from the Company's independent public accountants regarding all critical accounting policies and practices to be used;

obtain from the Company's independent public accountants their recommendation regarding internal controls and other matters relating to the accounting procedures and the books and records of the Company and the correction of controls deemed to be deficient;

pre-approve all auditing services and permitted non-audit services (including the fees for such services and terms thereof) to be performed for the Company by its independent public accountants;

adopt procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters;

establish, review and update policies for approving related party transactions; and monitor implementation of such policies; and

review and approve any transactions between the Company and related parties.

Members: Mr. Orr (Chairman), Mr. Parks, Mr. M. Kirkland and Mr. Spain. All of the members of the Audit Committee are independent as defined by the applicable rules and regulations of Nasdaq and the SEC.

Table of Contents

The Board of Directors has determined that the Audit Committee does not have an audit committee financial expert as that term is defined in the SEC's rules and regulations. However, the Board of Directors believes that each of the members of the Audit Committee has demonstrated that he is able to read and understand fundamental financial statements, including the Company's balance sheets, statements of operations and statements of cash flows. Because the Board of Directors believes that the current members of the Company's Audit Committee are qualified to carry out all of the duties and responsibilities of the Company's Audit Committee, the Board of Directors does not believe that it is necessary at this time to actively search for an outside person to serve on the Board of Directors who would qualify as an audit committee financial expert.

Number of Meetings in fiscal 2013: 10

Compensation Committee

The Board of Directors has adopted a written charter that outlines the duties of the Compensation Committee. A copy of this charter is available on the Company's investor website under Investor Relations Corporate Governance - Committees. Under the terms of its charter, the Compensation Committee is directly responsible for establishing compensation policies for our executive officers. The principal duties of the Compensation Committee, among other things, are to:

review and recommend to the Board of Directors the annual salary, bonus, stock compensation and other benefits, direct and indirect, of the Company's executive officers, including the Chief Executive Officer and Chief Financial Officer;

review and provide recommendations to the Company regarding compensation and bonus levels of other members of senior management;

review and recommend to the Board of Directors new executive compensation programs;

grant awards under our equity incentive plans and establish the terms thereof;

review and recommend to the Board of Directors the terms of any employment agreement executed by the Company with an executive officer of the Company;

review and recommend to the Board of Directors the appropriate structure and amount of compensation for the Directors;

oversee all matters relating to the outcome of shareholder advisory votes on executive compensation, including recommending the frequency of such advisory votes to the Board of Directors;

oversee the appropriate Committee response to a say-on-pay vote that does not achieve the required vote and, based on such result, determine if any compensation arrangement subject to such advisory voting should be modified;

review and approve material changes in the Company's employee benefit plans; and

where applicable, employ a compensation consultant that reports directly to the committee to assist in the evaluation of our executive compensation programs.

Members: Mr. Collins (Chairman), Mr. Spain and Mr. Orr. All of the members of the Compensation Committee are independent as defined by the applicable rules and regulations of Nasdaq and the SEC.

Governance and Nominating Committee

The Board of Directors has adopted a written charter that outlines the duties of the Governance and Nominating Committee. A copy of this charter is available on the Company's investor website under Investor Relations Corporate Governance - Committees. The principal duties of the Governance and Nominating Committee, among other things, are to:

Review and make recommendations on the range of skills and expertise which should be represented on the Board of Directors, and the eligibility criteria for individual Board of Directors and committee membership;

identify and recommend potential candidates for election or re-election to the Board of Directors;

implement a policy and procedures with regard to the consideration of any director candidates recommended by security holders; and

review and recommend to the Board of Directors the appropriate structure of Board of Directors committees, committee assignments and the position of chairman of each committee.

Members: Mr. Parks (Chairman), Mr. Orr and Mr. Spain. All of the members of the Governance and Nominating Committee are independent as defined by the applicable rules and regulations of Nasdaq and the SEC.

Number of Meetings in fiscal 2013: 3

Director Nomination Process

The Governance and Nominating Committee will consider director candidates who have relevant business experience, are accomplished in their respective fields, and who possess the skills and expertise to make a significant contribution to the Board of Directors, the Company and its shareholders. The Governance and Nominating Committee will consider nominees for election to the Board of Directors that are recommended by shareholders, provided that a complete description of the nominees' qualifications, experience and background, together with a statement signed by each nominee in which he or she consents to act as such, accompany the recommendations. Such recommendations should be submitted in compliance with the procedures outlined on page 35 under the heading Shareholder Proposals for the 2015 Annual Meeting. The Governance and Nominating Committee applies the same criteria to nominees recommended by shareholders as discussed above.

While the Governance and Nominating Committee does not have a specific diversity policy relating to the composition of the Board of Directors, the Board of Directors does value diversity. The Board of Directors considers a number of diversity factors in evaluating director candidates including, without limitation, professional experience, education, race, gender and national origin, but does not assign any particular weight or priority to any particular factors. Instead, the Board of Directors considers each individual candidate in the context of the current perceived needs of the Board of Directors as a whole.

In identifying prospective director candidates, the Governance and Nominating Committee may seek referrals from other members of the Board of Directors, management, shareholders and other sources. The Governance and

Nominating Committee also may, but need not, retain a search firm in order to assist it in identifying candidates to serve as directors of the Company. The Governance and Nominating Committee utilizes the same criteria for evaluating candidates regardless of the source of the referral. When considering director candidates, the Governance and Nominating Committee seeks individuals with backgrounds and qualities that, when combined with those of our incumbent directors, provide a blend of skills and experience to further enhance the Board of Director s effectiveness.

In connection with its annual recommendation of a slate of nominees, the Governance and Nominating Committee may also assess the contributions of those directors recommended for re-election in the context of the Board of Directors evaluation process and other perceived needs of the Board of Directors.

Table of Contents

When considering whether the directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable our Board of Directors to satisfy its oversight responsibilities effectively in light of the Company's business and structure, our Board of Directors focuses primarily on the information discussed in each director's biographical information set forth on pages 8 to 10 of this Proxy Statement. Each of the Company's directors possesses high ethical standards, acts with integrity and exercises careful, mature judgment. Each is committed to employing their skills and abilities to aid the long-term interests of the stakeholders of the Company. In addition, our directors are knowledgeable and experienced in one or more business endeavors, which further qualify them for service as members of the Board of Directors.

In 2014, this process resulted in the Governance and Nominating Committee's recommendation to the Board of Directors, and the Board of Director's nomination, of the two incumbent directors named in this Proxy Statement and proposed for election by you at the upcoming Annual Meeting.

Board of Directors Role in Risk Oversight

The Board of Directors takes an active role in risk oversight. The Board of Directors exercises its risk oversight function through the full Board of Directors and each of its committees. The Audit Committee of the Board of Directors takes an active risk oversight role by meeting with the Company's senior management team on a regular basis and reviewing and approving key risk policies and risk tolerances. The Audit Committee is responsible for ensuring that the Company has in place a process for identifying, prioritizing, managing, and monitoring its critical risks. Furthermore, the Board of Directors, with input from the Audit Committee, regularly evaluates our management infrastructure, including personnel competencies and technologies and communications, to ensure that key risks are being properly evaluated and managed. Finally, the Compensation Committee of the Board of Directors reviews any risks associated with the Company's compensation practices. In the Compensation Committee's view, our compensation policies do not encourage risk-taking, in part because the compensation packages are weighted towards long-term vesting equity as opposed to cash or immediately vested equity awards.

Board of Directors Compensation

Retainer and Fees for Employee Directors

Any director who is also one of our employees does not receive any additional compensation for his or her service as a director of Kirkland's.

Retainer and Fees for Non-employee Directors

In the event of a change in control of the Company (a Change in Control), the Company reserves the right to substitute cash or other substitute consideration for the right to receive shares hereunder, provided

that at the time of that Change in Control, such substitute consideration has a value (as reasonably determined by the Board of Directors) equal to the then current Fair Market Value of the shares subject hereto and provided further that such substitute consideration vests and becomes payable on the same basis as provided herein with respect to these Units and the Shares subject hereto (or on such accelerated basis as may then be determined by the Board of Directors, in its discretion).

Board of Directors Committees. Each non-employee director who is a member of our Audit Committee is paid an annual retainer of \$10,000 and the Chairman of the Audit Committee receives an annual retainer of \$20,000. VI. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis (CD&A)

Overview

The Compensation Committee of the Board of Directors has developed and implemented compensation policies, plans and programs that seek to enhance our profitability, and thus shareholder value, by aligning the financial interests of our senior management with those of our shareholders. Our compensation arrangements are designed to attract and retain corporate officers and other key employees and to motivate them to perform to the full extent of their abilities, in the best long-term interests of the shareholders.

During fiscal 2013, the Compensation Committee held four meetings and took the following significant actions:

discussed, approved and recommended to the Board of Directors the base salary and bonus packages of our named executive officers;

established bonus targets and payout levels for Mr. Alderson, Mr. Madden and Ms. Graul for fiscal 2013; and

approved equity grants totaling 70,000 options and 28,000 RSUs to NEOs; and also approved equity grants totaling 130,000 options and 52,000 RSUs to other members of management.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee is comprised entirely of the following independent directors: Steven J. Collins (chairman), Murray M. Spain and R. Wilson Orr. Mr. Collins previously served as the Company's Chief Financial Officer from 1997 to 1998. Except as described in the preceding sentence, no member of our current Compensation Committee is or has been one of our officers or employees or has had any relationship requiring disclosure under the SEC rules. In addition, during fiscal 2013, none of our executive officers served as any of the following:

A member of the compensation committee (or other board committee performing similar functions, or, in the absence of any such committee, the entire board of directors) of another corporation, one of whose executive officers served on the Compensation Committee;

A director of another corporation, one of whose executive officers served on the Compensation Committee;
or

A member of the compensation committee (or other board committee performing similar functions, or, in the absence of any such committee, the entire board of directors) of another corporation, one of whose executive officers served as one of our directors.

Limited Reliance on Outside Advisors

The Compensation Committee has sought input from compensation consultants in the past (most recently in 2008) and may do so again in the future, but the advice of such consultants has never been central to our executive compensation process or philosophy. Rather, our executive compensation process is driven primarily by the experience and judgment of the Compensation Committee's members. When applying that judgment, individual members of the Compensation Committee may from time to time review the public filings of other companies, but the Compensation Committee has not identified a specific compensation peer group or otherwise engaged in formal benchmarking.

Consideration of Results of Shareholder Advisory Votes on Executive Compensation

At the Annual Meeting of Shareholders held on June 4, 2013, we conducted our third Say-On-Pay shareholder advisory vote, as required by the Dodd-Frank Act. The Compensation Committee appreciates that over 96% of the shares voting approved the executive compensation discussed and disclosed in the Compensation Discussion and Analysis, the compensation tables, and the narrative executive compensation disclosure contained in the 2013 Proxy

Table of Contents

Statement. Our Compensation Committee interprets the results of this vote as an endorsement of existing programs and therefore we have not made material changes to our approach to executive officer compensation. This year we are again providing shareholders with an opportunity to express their views on this topic in another Say-On-Pay shareholder advisory vote. For more information, please see Proposal No. 3 Advisory Vote Related to Executive Compensation on page 4.

At the annual meeting of shareholders on June 1, 2011, our shareholders expressed a preference that advisory votes on executive compensation occur on an annual basis. In accordance with the results of this vote, the Board of Directors determined to implement an annual advisory vote on executive compensation until the next required vote on the frequency of shareholder votes on the compensation of executives, which is scheduled to occur at the 2017 annual meeting.

Role of Executives in Establishing Compensation

The Compensation Committee approves and recommends to the Board of Directors all compensation and equity awards to our three named executive officers: Robert E. Alderson, our President and Chief Executive Officer; W. Michael Madden, our Senior Vice President and Chief Financial Officer; and Michelle R. Graul, our Senior Vice President of Stores and Human Resources. The Compensation Committee reviews the performance of the named executive officers through internal committee discussions and discussions with the executives, and determines the appropriate level of compensation on an annual basis.

Our Chief Executive Officer and Chief Financial Officer regularly attend portions of the Compensation Committee meetings and provide assistance in gathering data and information designed to support the decision-making process of the Compensation Committee. However, the Chief Executive Officer and Chief Financial Officer are excused by the Compensation Committee from such meetings when decisions concerning executive compensation are made. Additionally, the Compensation Committee holds separate meetings outside the presence of management, at which executive compensation decisions are made.

Compensation Philosophy

The key objective of our compensation programs is to attract and retain highly qualified key executives. Once executives have joined the company, our compensation programs must provide the appropriate level of incentives in the form of cash and equity to maintain a high level of competitiveness and thereby retain key managers. We offer our executives a combination of cash bonus incentives, equity-based compensation in the form of stock options and RSUs, and the opportunity to participate in an employee stock purchase plan. We believe these incentive programs align with our overall goal of maximizing our long-term financial results and shareholder value.

Elements of Compensation

Executive pay is structured to consist of the following components:

Base Salary;

Cash bonuses; and

Equity awards.

The Committee believes that a significant portion of total compensation for our executives should be allocated to equity incentives that align pay with shareholder value. In addition, cash bonuses are available to reward executives for achieving company performance goals and individual goals that contribute to increasing the value of the company.

Base Salary

We provide our named executive officers with base salaries to compensate them for services rendered during the year. The Compensation Committee believes that competitive salaries must be paid in order to attract and retain high-quality executives. The Compensation Committee annually reviews the base salary for executive officers and makes adjustments to individual base salary rates when necessary or otherwise appropriate.

Among other things, individual base salary adjustments take into account individual performance contributions for the year, as well as sustained performance contributions over a number of years, significant changes in

Table of Contents

responsibilities, if any, and cost of living adjustments. The assessment of individual performance is subjective and is not intended to correlate to specific corporate performance measures. The Compensation Committee's decisions regarding fiscal 2013 and fiscal year 2014 salary increases are reflected below:

Executive Officer	Fiscal 2012 Base Salary Rate	Fiscal 2013 Base Salary Rate	Fiscal 2014 Base Salary Rate
Robert E. Alderson Chief Executive Officer & President	\$ 545,000	\$ 545,000	\$ 545,000
W. Michael Madden Senior Vice President & Chief Financial Officer	\$ 345,000	\$ 345,000	\$ 370,000

Except with respect to the period of a paid medical leave of absence from November 26, 2012 until February 7, 2013, Mr. Alderson served as the Chief Executive Officer and President of the Company at all times during fiscal 2013. During the period of Mr. Alderson's leave of absence, Mr. Madden assumed the roles of Chief Executive Officer and President in addition to his responsibility as the Company's Chief Financial Officer and Senior Vice President. Neither Mr. Alderson's or Mr. Madden's compensation was modified in any manner in connection with Mr. Alderson's temporary leave of absence or Mr. Madden's assumption of the roles of Chief Executive Officer and President on a temporary basis.

In March 2013, Mr. Alderson announced his intentions to retire as Chief Executive Officer and President of the Company at the end of fiscal 2013, or, if later, when a successor has been chosen. In connection with Mr. Alderson's retirement announcement, a search for a new Chief Executive Officer was initiated by the Board of Directors and is still in process.

Bonus and Non-Equity Incentive Plan Compensation

Our cash bonus program compensation is provided under the Company's Amended and Restated 2002 Equity Incentive Plan and has been designed to provide a short-term incentive to our executives based upon predetermined performance goals for the company and each individual executive. The Compensation Committee determines the amount of the target bonus annually for each executive expressed as a percentage of base salary.

For fiscal 2013, the bonus targets for the named executive officers were 60% of base salary for Ms. Graul, 75% of base salary for Mr. Madden and 100% of base salary for Mr. Alderson. These bonuses for Mr. Alderson, Mr. Madden and Ms. Graul were based entirely on Company performance goals.

Company performance is measured based solely upon the achievement of a specified level of earnings before adjustments for interest and taxes (EBIT) as determined through our annual budgeting process. The annual budget is approved by the Board of Directors at the beginning of the fiscal year. The reliance on EBIT is driven by the Compensation Committee's belief in using a metric that is more closely aligned to bottom line earnings and provides a measure of asset productivity by including depreciation and amortization in the measurement of performance.

The Company performance goal is structured such that 100% payout of the applicable target bonus is attained upon achieving 100% of the Company EBIT goal, with the threshold bonus (50% of target payout) attained upon achievement of 75% of the EBIT goal, maximum bonus (200% of target payout) attained upon achievement of 200%

of the EBIT goal and linear interpolation used to determine payouts between these levels of EBIT performance.

Calculation of the performance bonus earned by each executive was based on the Company's final audited financial statements. The Committee reserves the right to adjust the Company performance target for extraordinary and non-recurring events after it has been established; however, it has not done so during the last seven fiscal years. The Compensation Committee may also award discretionary bonuses from time to time to recognize significant achievements and service to the Company, but did not do so in fiscal 2013.

Table of Contents

As discussed above, the non-equity incentive plan compensation of our named executive officers during 2013 was based entirely on the achievement of Company financial performance goals, specifically certain levels of EBIT. The Company achieved approximately 88% of its EBIT target for fiscal 2013, which resulted in cash bonus payouts to named executive officers at approximately 76% of their respective target bonus amounts. The actual amount of each cash bonus payment to named executive officers is shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

Equity Based Incentives

Equity awards are generally made to named executive officers upon hire. Thereafter, awards are generally made annually, at the discretion of the Compensation Committee, as part of the Compensation Committee's annual compensation evaluation process. Equity awards may also be made in special circumstances (for example, to recognize a promotion or achieve a particular retention objective), but these situations are rare. There were no such special circumstances grants in fiscal 2013. The exercise price of each stock option award is based on the closing price of our common stock on the date of the grant (if not a business day, the immediately preceding business day). For newly hired employees receiving stock options, the grant of such award occurs on the later of the first day of employment or upon Compensation Committee approval, with the exercise price being based upon the closing price of our common stock on such date.

The Compensation Committee, in its discretion, evaluates potential equity awards primarily based on the number of shares to be allocated in relation to the number of shares outstanding, with additional consideration given to the value of the award in relation to total compensation. The Compensation Committee continually evaluates the type of equity award that is appropriate at the given time in response to changing business conditions with a goal of providing the type of equity award most appropriate to provide the right balance between retention and incentive to build long-term shareholder value. Equity awards have vesting requirements and terms that are similar among the recipients of the awards, providing incentives for employees to stay with the Company and work together to achieve common goals. Stock option awards typically provide for three-year or four-year vesting, with one-third or one-fourth vesting on the first anniversary of the grant date, and the remainder vesting over the succeeding eight quarters or 12 quarters. Beginning with option grants to employees in fiscal 2010 the vesting period was increased from three years to four years in order to further encourage retention of executive officers and to slow recognition of the expense associated with such awards for income statement purposes. Restricted stock unit awards generally provide for three-year cliff vesting.

On June 4, 2013, in connection with the Compensation Committee's annual compensation evaluation process, the Compensation Committee made the following annual equity awards to named executive officers: (a) Mr. Alderson was granted stock options with respect to 12,500 shares and 5,000 RSUs; (b) Mr. Madden was granted stock options with respect to 35,000 shares and 14,000 RSUs; and (c) Ms. Gaul was granted stock options with respect to 22,500 shares and 9,000 RSUs. The size of these equity awards was determined by the Compensation Committee after a review of fiscal 2012 performance (and, with respect to Mr. Madden and Ms. Gaul, after consultation with Mr. Alderson regarding each executive's performance in fiscal 2012) and taking into consideration the grantees' other compensation, the value of our shares on the date of grant and the Compensation Committee's subjective judgment regarding the size of award necessary to strongly encourage both the retention of the grantees and their continued efforts on our behalf while managing the dilutive impact of the awards.

Perquisites

We do not provide significant perquisites or personal benefits to our executive officers that are not readily available to other employees.

Severance Benefits

The specific terms of our severance arrangements are discussed below under the heading Employment Arrangements and Post-Employment Compensation and Benefits.

The Compensation Committee has noted the prevalence of severance arrangements among our peer companies and believes that such arrangements, when properly tailored, are appropriate and necessary. The Compensation

Table of Contents

Committee also believes that reasonable severance benefits (i) should be established with reference to an executive's position and current cash compensation opportunities, not with reference to his or her tenure, and (ii) should be conditioned upon execution of a release of claims against the employer and its affiliates. Accordingly, the Compensation Committee has approved modest severance benefits for both Mr. Madden and Ms. Graul pursuant to which severance is payable upon a termination without Cause or a resignation for Good Reason, subject in each case to Mr. Madden or Ms. Graul executing a release of claims in favor of the Company. With respect to Mr. Alderson, his specific severance benefits are discussed in detail below under the heading Employment Arrangements and Post-Employment Compensation and Benefits.

In April 2013, the Compensation Committee revisited Mr. Madden's letter agreement and noted that the amount of his severance rights were disproportionately small relative to both those of Ms. Graul and, in the experience of the Compensation Committee, similarly situated executives at other comparable enterprises. Accordingly, the Compensation Committee amended the letter agreement to increase from six to 12 months the duration of salary and benefit continuation due upon a severance event. The severance benefits for Mr. Alderson and Ms. Graul remained consistent with those benefits provided in prior years.

Tax Implications - Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits our ability to deduct for tax purposes compensation in excess of \$1,000,000 that is paid to our principal executive officer or any one of our three highest paid executive officers, other than our principal executive officer or principal financial officer, who are employed by us on the last day of our taxable year, unless, in general, the compensation is paid pursuant to a plan that has been approved by our shareholders and is performance-related and non-discretionary. The Compensation Committee will review and consider the deductibility of executive compensation under Section 162(m) and may authorize certain payments in excess of the \$1,000,000 limitation. The Compensation Committee believes that it needs to balance the benefits of designing awards that are tax-deductible with the need to design awards that attract, retain and reward executives responsible for our success.

During the 2013 Annual Meeting of Shareholders, we obtained shareholder approval of the Company's 2002 Equity Incentive Plan, as amended and restated. Among the changes reflected in that plan restatement are changes intended to provide us with greater flexibility in structuring compensation to be exempt from the limits of Section 162(m) (including the ability to grant our annual cash performance bonuses under the 2002 Equity Incentive Plan, as amended and restated).

Stock Ownership Guidelines

We do not have a formal policy in place stipulating levels of share ownership for executives. The Board of Directors and the Compensation Committee encourage employee stock ownership through the granting of equity compensation and through the Company's Employee Stock Purchase Plan. Additionally, our President and Chief Executive Officer, Mr. Alderson, has a material ownership position in the Company. The Board of Directors and the Compensation Committee will continue to evaluate the lack of a formal policy and guidelines on executive ownership of Company stock.

Compensation Risk Analysis

Our Compensation Committee is keenly aware that compensation arrangements, if not properly structured, may encourage inappropriate risk-taking. In designing our compensation programs, the Compensation Committee seeks to mitigate such risk by (i) providing a meaningful portion of total compensation in the form of equity incentives that

vest over multiple years, and (ii) capping annual cash bonuses for named executive officers at 200%, 150% and 120% of base salary for Mr. Alderson, Mr. Madden and Ms. Graul, respectively. Each of these elements is intended to encourage an appropriately long-term focus. Moreover, while we have not implemented a stock ownership guideline for our management team, we note that Mr. Alderson, our Chief Executive Officer, already maintains a substantial direct stock ownership position; we believe that his ownership position provides a significant incentive for him to ensure that his actions, and the actions of his team, are focused on the creation of sustainable shareholder value and the avoidance of excessive risk.

Nonqualified Deferred Compensation for Fiscal 2013

Effective March 1, 2005, the Company adopted The Executive Non-Qualified Excess Plan (the Deferred Compensation Plan). Table of Contents**Employment Arrangements and Post-Employment Compensation and Benefits**

We do not maintain a general severance plan, and except as otherwise discussed in this section, there are no provisions for severance or change of control payments for our executive officers. Our 2002 Equity Incentive Plan does not provide for automatic acceleration of vesting or other benefits in the event of a change of control. The Board of Directors may, in its sole discretion, cause all outstanding options to become fully vested and immediately exercisable in the event of a change of control. Except as otherwise discussed in this section, there are no change of control vesting acceleration provisions included with any of our stock compensation grants and any severance payments to named executive officers would be subject to the approval of the Compensation Committee. The details regarding the potential post-employment benefits to which our executive officers are entitled are set forth below.

Robert E. Alderson, President and Chief Executive Officer

In May of 2006, the Compensation Committee approved a letter agreement with our President and Chief Executive Officer, Mr. Alderson, providing for certain severance benefits upon his separation from service with us. Pursuant to this agreement, upon his separation from the Company for any reason, Mr. Alderson will receive a single sum payment equal to the discounted present value of 24 monthly payments equal to 1/12 of his then-annual base salary. Additionally, the agreement provides for the continuation of group health benefits through COBRA or otherwise through the Company until the age of 72. The value of these benefits was reflected in the All Other Compensation column of the Summary Compensation Table in the Proxy Statement for our 2007 Annual Meeting. The payment of such benefits is subject to Mr. Alderson providing the Company with a general release of claims in a form reasonably prescribed by the Company.

Assuming one of the following events occurred on February 1, 2014, Mr. Alderson's payments and benefits have an estimated value of:

Type of Separation	Guaranteed Severance Benefit(1)	Welfare Benefit Continuation(2)	Company-Provided	Total
			Life Insurance Proceeds(3)	
Death	\$ 1,018,662	\$ 22,263	\$ 50,000	\$ 1,090,925
Termination without Cause or resignation for Good Reason	\$ 1,068,662	\$ 47,966		\$ 1,116,628
Any other form of separation	\$ 1,068,662	\$ 47,966		\$ 1,116,628

- (1) In the event of that Mr. Alderson separates from the Company for any reason, Mr. Alderson, or his estate, would be entitled to his severance benefit of a lump sum payment equal to the discounted present value of 24 monthly payments, each representing 1/12 of his base salary. If the separation is the result of Mr. Alderson's death, this severance benefit will be offset by the value of the Company-provided life insurance policy. The amount included represents the discounted present value of a 24 month payment stream based on his annual salary level as of February 1, 2014, offset by the \$50,000 value of the Company-provided life insurance policy for Mr. Alderson in the event of death.
- (2) Represents the value of Company payments of premiums related to health insurance for Mr. Alderson and his spouse. The amount has been computed to equal the present value of such estimated payments that will be made until Mr. Alderson reaches the age of 72.

- (3) Represents life insurance proceeds from Company-provided life insurance policies. Executives enrolled in the Company's health insurance plan receive \$25,000 in additional life insurance coverage over and above the coverage available to other employees enrolled in the plan.

Table of Contents*W. Michael Madden, Senior Vice President and Chief Financial Officer*

In April 2008, the Compensation Committee approved a letter agreement with Mr. Madden which provides for certain post-employment benefits in the event of a termination of his employment by us without cause or resignation by him for good reason. Under these circumstances, Mr. Madden would be entitled to severance pay equal to his then-current base salary and continuation of health benefits through COBRA for a period of six months. As discussed above, in April 2013, Mr. Madden's salary and benefit continuation due upon a severance event were increased from six to 12 months. The payment of any such benefits would be subject to Mr. Madden providing the Company with a general release of claims in a form reasonably prescribed by the Company.

Assuming one of the following events occurred on February 1, 2014, Mr. Madden's payments and benefits have an estimated value of:

Type of Separation	Salary Continuation	Welfare Benefit Continuation(1)	Company-Provided	Total
			Life Insurance Proceeds(2)	
Death			\$ 50,000	\$ 50,000
Termination without Cause or resignation for Good Reason	\$ 345,000	\$ 9,540		\$ 354,540

- (1) Represents the value of Company payments of premiums related to health insurance for Mr. Madden and his family.
- (2) Represents life insurance proceeds from Company-provided life insurance policies. Executives enrolled in the Company's health insurance plan receive \$25,000 in additional life insurance coverage over and above the coverage available to other employees enrolled in the plan.

Michelle R. Graul, Senior Vice President of Store Operations and Human Resources

When Ms. Graul joined the company in 2005, the Company entered into an Employment Agreement with her, which provides for certain post-employment benefits in the event of a termination of her employment by us without cause or resignation for good reason. Under these circumstances, Ms. Graul would be entitled to cash severance equal to her average total cash compensation for the three preceding years, payable over twelve months, and continuation of group health benefits for 12 months. In that case, she would also be restricted from competing with us for 12 months. We may elect to extend that non-competition period for up to an additional 12 months by extending her severance benefits for an equivalent period.

If Ms. Graul resigns from employment without good reason, we may elect to impose non-competition restrictions on her for up to 12 months by paying her the severance benefits described above for an equivalent period. If Ms. Graul is terminated for cause, she will be restricted from competing with us for 12 months (without any payment from us).

The payment of any severance benefits to Ms. Graul is conditioned on her execution of a general release of claims in a form reasonably prescribed by the Company.

Assuming one of the following events occurred on February 1, 2014, Ms. Graul's payments and benefits have an estimated value of:

Type of Separation	Company-Provided Life Insurance			Total
	Salary Continuation	Welfare Benefit Continuation(1)	Proceeds(2)	
Death			\$ 50,000	\$ 50,000
Termination without Cause or resignation for Good Reason	\$ 355,865(3)	\$ 9,540		\$ 365,405

- (1) Represents the value of Company payments of premiums related to health insurance for Ms. Graul and her family.
- (2) Represents life insurance proceeds from Company-provided life insurance policies. Executives enrolled in the Company's health insurance plan receive \$25,000 in additional life insurance coverage over and above the coverage available to other employees enrolled in the plan.

- (3) Assumes that we do not elect to extend her non-compete obligations beyond the 12 month default period. The table also assumes that we do not elect to maintain her non-compete beyond termination of employment, if Ms. Graul terminates her employment without good reason.

VII. RELATED PARTY TRANSACTIONS

Our Policies Regarding Related Party Transactions

We have a written statement of policy with respect to related party transactions, which is administered by the Audit Committee of our Board of Directors. Under our related party transaction policy, a Related Party Transaction is any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) between us (including any of our subsidiaries) and a Related Person, without regard to the amount involved. A Related Person includes any of our executive officers, directors or director nominees, any shareholder owning in excess of five percent of our common stock, any immediate family member of any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is employed as an executive officer or is a partner or principal or in a similar position or in which such person has a five percent or greater beneficial ownership interest in such entity. Related Party Transactions do not include any transactions involving only director or executive officer compensation, transactions where the Related Person receives proportional benefits as a shareholder with all other shareholders, transactions involving competitive bids, or transactions involving certain bank-related services.

Under the terms of our related party transaction policy, the Audit Committee will only approve a Related Party Transaction if it is determined that the transaction is in, or is not inconsistent with, the best interest of the Company and its shareholders. Any director or officer with an interest in a related party transaction is expected to recuse him or herself from considering the matter and voting upon it. In all cases, a director or officers with an interest in a Related Party Transaction may not attempt to influence Company personnel in making any decision with respect to the transaction.

When reviewing a Related Party Transaction, the Audit Committee will use any process and review any information that it determines to be appropriate. The Audit Committee takes into consideration all of the relevant facts and circumstances available to it, including (if applicable), but not limited to (i) the material terms and conditions of the transaction or transactions; (ii) the Related Party's relationship to the Company; (iii) the Related Party's interest in the transaction, including their position or relationship with, or ownership of, any entity that is a party to or has an interest in the transaction; (iv) the approximate dollar value of the transaction; (v) the availability from other sources of comparable products or services; and (vi) an assessment of whether the transaction is on terms that are comparable to the terms available to use from an unrelated their party. All Related Party transactions will be disclosed in accordance with SEC rules.

In the event that we become aware of a Related Party Transaction that was not previously approved or ratified by the Audit Committee, we will evaluate all options available with respect to that transaction, including ratification, revision or termination.

Pursuant to our related party transaction policy, a Related Party Transaction may only be consummated or may only continue if:

the Audit Committee approves or ratifies such transaction in accordance with the terms of our related party transaction policy; or

the Chairperson of the Audit Committee pre-approves or ratifies such transaction and the amount involved in the transaction is less than \$120,000, provided that for the Related Party Transaction to continue it must be

approved by the Audit Committee at its next regularly scheduled meeting.

Transactions with Related Persons, though not classified as Related Party Transactions by our related party transaction policy and, thus, not subject to its review and approval requirements, may still need to be disclosed if required by the applicable securities laws, rules and regulations.

Table of Contents

During fiscal 2013, we identified the following related party activity, which has been previously approved by the Audit Committee:

Real Estate Lease

The Company leases 11,700 square feet of retail real estate located in the Columns development in Jackson, Tennessee from Vann Drive Partners, a joint venture in which each of Carl Kirkland and Miles Kirkland, each a member of our Board of Directors, and Robert Alderson, our President and Chief Executive Officer and member of our Board of Directors, hold minority equity positions. The term of the lease commenced in May 2004 and continues for an initial period of 5 years, with two 5-year renewal options. The Company exercised the first 5-year renewal option. The lease provides for minimum rental payments of \$12,000 per month. The lease also provides for the payment of customary additional charges, including taxes and insurance. In fiscal 2013, the Company paid total rent and ancillary charges under the lease of \$176,481. This lease has been reviewed and approved by our Board of Directors and Audit Committee. Management considers the terms of this lease to be at arms-length and reasonably equivalent to terms we could have obtained through negotiations with an unaffiliated third party.

Vendor Agreement

In July 2009, the Company entered into a Vendor Agreement with a related party vendor to purchase merchandise inventory. The vendor is considered a related party because its principal owner is the spouse of the Company's Vice President of Merchandising. During fiscal 2013, the Company's purchases from this vendor totaled approximately \$29.7 million, or 13.7% of total merchandise purchases. Payable amounts outstanding to this vendor were approximately \$1.8 million as of February 1, 2014.

VIII. OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors and persons who own more than ten percent of a registered class of our equity securities (collectively, Reporting Persons), to file initial reports of ownership and reports of change of ownership with the SEC. Reporting Persons are additionally required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely upon a review of copies of reports furnished to us during fiscal 2013, all Reporting Persons were in compliance with Section 16(a) filing requirements, except Steven Collins filed a Form 4 late with respect to the acquisition of restricted stock units.

The Audit Committee has selected EY to be the Company's independent registered public accounting firm for fiscal year 2014. Representatives of EY are expected to be present at the annual meeting on June 11, 2014 and will be given an opportunity to make a statement if they desire to do so. In addition, representatives of EY will be available to respond to appropriate questions at that time.

Pre-Approval Policy

The Audit Committee's pre-approval guidelines with respect to pre-approval of audit and non-audit services are summarized below.

General

Under the terms of its pre-approval policy, the Audit Committee is required to pre-approve audit and non-audit services to be performed by the Company's independent registered public accounting firm in order to assure that the provision of such services does not impair the independent registered public accounting firm's independence. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding the pre-approved cost level require specific pre-approval by the Audit Committee.

The Audit Committee has delegated pre-approval authority to the Audit Committee Chairperson and may in the future delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Audit Services

The annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. The Audit Committee approves, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other matters. In addition to the annual audit services engagement specifically approved by the Audit Committee, the Audit Committee may grant general pre-approval for other audit services,

which are those services that only the independent registered public accounting firm reasonably can provide.

Audit-Related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements or that are traditionally performed by the independent registered public accounting firm. The Audit Committee believes that the provision of audit-related services does not impair the independence of the auditor.

Table of Contents

Tax Services

The Audit Committee believes that the independent registered public accounting firm can provide tax services to the Company, such as tax compliance, tax planning and tax advice without impairing the independence of such independent registered public accounting firm. However, the Audit Committee will not permit the retention of the independent registered public accounting firm in connection with a transaction initially recommended by the independent registered public accounting firm, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations.

All Other Services

Any services to be performed by the independent registered public accounting firm not classified in any of the aforementioned categories must be specifically pre-approved by the Audit Committee.

Pre-Approval Fee Levels

Pre-approval fee levels for all services to be provided by the independent registered public accounting firm are established annually by the Audit Committee. Any proposed services exceeding these levels require specific pre-approval by the Audit Committee.

In addition to being able to present proposals for consideration at the 2015 Annual Meeting, shareholders may also be able to have their proposals included in our proxy statement and form of proxy for the 2015 Annual Meeting. In order to have a shareholder proposal included in the proxy statement and form of proxy, the proposal must be delivered to us at the address set forth below not later than January 7, 2015, and the shareholder must otherwise comply with applicable SEC requirements and our bylaws. If the shareholder complies with these requirements for inclusion of a proposal in our proxy statement and form of proxy, the shareholder need not comply with the notice requirements described in the preceding paragraph.

The form of proxy issued with our 2015 proxy statement will confer discretionary authority to vote for or against any proposal made by a shareholder at our 2015 Annual Meeting and which is not included in our proxy statement. However, such discretionary authority may not be exercised if the shareholder proponent has given to our Secretary notice of such proposal between March 13, 2015 and April 12, 2015 and certain other conditions provided for in the SEC's rules have been satisfied.

Householding of Proxy Materials

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its shareholders. This method of delivery, known as householding, permits us to realize significant cost savings, reduces the amount of duplicate information shareholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain shareholders will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these shareholders notifies us that they want to receive separate copies. Any shareholder who objects to or wishes to begin householding may notify Investor Relations, Kirkland's, Inc., 2501 McGavock Pike, Suite 1000, Nashville, Tennessee, 37214. We will send an individual copy of the proxy statement to any shareholder who revokes their consent to householding within 30 days of our receipt of such revocation.

Expenses Relating to this Proxy Solicitation

We will pay all expenses relating to this proxy solicitation. We also expect to reimburse banks, brokers and other persons for reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners of our stock and obtaining the proxies of those owners. We regularly retain the services of Corporate Communications, Inc. to assist with our investor relations and other shareholder communications issues. Corporate Communications, Inc. will assist in the solicitation of proxies and will not receive any additional compensation for these services. Corporate Communications, Inc. may solicit proxies by telephone, facsimile, other forms of electronic transmission and by mail. We will reimburse the firm's expenses in connection with the solicitation. In addition, proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, facsimile, electronic transmission and by mail. None of these persons will receive any extra compensation for doing this.
