Valley Green shareholders will vote to adopt the merger agreement and on the other matters described below at a special meeting of shareholders to be held on December 2, 2014.

If the merger is completed, Valley Green shareholders will be entitled to receive, for each share of Valley Green common stock, an amount of Univest common stock equal to the quotient, carried to four (4) decimal places (the Exchange Ratio), of (i) \$27.00 divided by (ii) the average of the closing sale prices of Univest common stock (as reported on the Nasdaq Global Select Market) for each consecutive trading day during the twenty (20) days immediately preceding the effective date of the merger; provided, however, that in no event may the Exchange Ratio be less than 1.2231 or greater than 1.4949. If the Exchange Ratio would otherwise be less than 1.2231 or greater than 1.4949, then 1.2231 or 1.4949, respectively, will be used. The exact total number of shares of Univest common stock to be issued in the merger will depend on the total number of shares of Valley Green common stock outstanding immediately prior to the effective time of the merger as well as the Exchange Ratio. The material federal income tax consequences of the merger to Valley Green shareholders are discussed in *Material United States Federal Income Tax Consequences of the Merger*, beginning on page 78.

QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETINGS

The following questions and answers briefly address some commonly asked questions about the merger (as defined below) and the shareholders meetings. They may not include all the information that is important to the shareholders of Univest and of Valley Green. Shareholders of Univest and of Valley Green should each read carefully this entire joint proxy statement/prospectus, including the annexes and other documents referred to in this document.

Questions about the Merger

Q: What is the merger?

A: Univest and Valley Green have entered into an Agreement and Plan of Merger, dated June 17, 2014, which is referred to as the merger agreement. A copy of the merger agreement is attached as Annex A to, and is incorporated by reference in, this joint proxy statement/prospectus. The merger agreement contains the terms and conditions of the proposed business combination of Univest and Valley Green. Under the merger agreement, Valley Green will merge with and into Univest Bank and Trust Co. (Univest Bank), with Univest Bank remaining as the surviving entity, and the separate corporate existence of Valley Green will cease. We refer to this transaction as the merger.

Following the completion of the merger, the merger agreement provides that Univest will continue to operate Valley Green as a separate banking division of Univest under the name Valley Green Bank Division for a period of at least 24 months. For further discussion on the operation of Valley Green Bank as a separate operating division of Univest following completion of the merger, see *The Merger Agreement Valley Green Bank Division*.

Q: Why am I receiving these materials?

A: This document constitutes both a joint proxy statement of Univest and Valley Green and a prospectus of Univest. It is a joint proxy statement because the boards of directors of both companies are soliciting proxies from their respective holders of common stock. It is a prospectus because Univest will issue shares of its common stock in exchange for shares of Valley Green common stock in the merger.

Univest is sending these materials to its shareholders to help them decide how to vote their shares of Univest common stock with respect to the proposed merger and the other matters to be considered at the Univest special meeting.

Valley Green is sending these materials to its shareholders to help them decide how to vote their shares of Valley Green common stock with respect to the proposed merger and the other matters to be considered at the Valley Green special meeting.

The merger cannot be completed unless shareholders of Univest and Valley Green each adopt the merger agreement and approve the merger. Univest is holding its special meeting of shareholders to vote on the merger as well as the other proposals described in *The Univest Special Meeting* beginning on page 80. Valley Green is holding its special meeting of shareholders to vote on the merger as well as the other proposals described in *The Valley Green Special Meeting*, beginning on page 86. Information about these meetings, the merger and the other business to be considered at the meetings is contained in this joint proxy statement/prospectus.

Q: Why is Univest proposing the merger?

A: The Univest board of directors, in unanimously determining that the merger is in the best interests of Univest and its shareholders, considered a number of key factors which are described under the headings *The Merger Background of the Merger* and *The Merger Univest's Reasons for the Merger*, beginning on pages 36 and 50, respectively.

Table of Contents

Q: Why is Valley Green proposing the merger?

A: The Valley Green board of directors, in unanimously determining that the merger is in the best interests of Valley Green and its shareholders, considered a number of key factors which are described under the headings *The Merger Background of the Merger* and *The Merger Valley Green's Reasons for the Merger*, beginning on pages 36 and 39, respectively.

Q: What will Valley Green shareholders receive in the merger, and how will this affect holders of Univest common stock?

A: Upon completion of the merger, for each share of Valley Green common stock, Valley Green shareholders will have the right to receive an amount of Univest common stock equal to the quotient, carried to four (4) decimal places (the Exchange Ratio), of (i) \$27.00 divided by (ii) the average of the closing sale prices of Univest common stock (as reported on the Nasdaq Global Select Market) for each consecutive trading day during the twenty (20) days immediately preceding the effective date of the merger; provided, however, that in no event may the Exchange Ratio be less than 1.2231 or greater than 1.4949. If the Exchange Ratio would otherwise be less than 1.2231 or more than 1.4949, then 1.2231 or 1.4949, respectively, will be used.

Univest shareholders will continue to own their existing shares of Univest common stock after the merger. Because of the number of shares of Univest common stock being issued in the merger, the interest in Univest represented by the existing shares of Univest common stock will be diluted. Following completion of the merger, the existing shares of Univest will represent in the aggregate ownership of approximately 80% of the outstanding shares of Univest common stock.

Q: Who will be the directors and executive officers of the combined company following the merger?

A: Following completion of the merger, the then current directors and executive officers of Univest will continue in office. Additionally, Univest will appoint Jay R. Goldstein and Michael L. Turner to serve on the Univest board of directors. Jay R. Goldstein will serve in Class I, with a term to expire in 2015, and Michael L. Turner will serve in Class II, with a term to expire in 2016, of the Univest board of directors. Univest has agreed to nominate and recommend each of them for election for one additional three-year term following their initial term.

Q: When do you expect to complete the merger?

A: We expect to complete the merger after all conditions to the merger in the merger agreement are satisfied or waived, including receipt of shareholder approvals at the respective special meetings of Univest and Valley Green, and receipt of regulatory approvals. We currently expect to complete the merger in the first quarter of 2015. It is possible, however, that factors outside of either company's control could result in us completing the merger at a later time or not completing it at all.

Q: What are the federal income tax consequences of the merger?

A: The merger has been structured to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which is referred to as the Internal Revenue Code, and it is a condition to the completion of the merger that each of Univest and Valley Green receive a written opinion from their respective legal counsel to the effect that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. Accordingly, it is contemplated that holders of Valley Green common stock will not recognize gain or loss for U.S. federal income tax purposes upon the exchange of their Valley Green common stock for Univest common stock pursuant to the merger, except with respect to cash received in lieu of fractional shares of Univest common stock and except for Valley Green shareholders who exercise their dissenters' rights with respect to the merger. For further discussion of the material U.S. federal income tax consequences of the merger, see *Material United States Federal Income Tax Consequences of the Merger*, beginning on page 78.

Q: Why is my vote important?

A: Because the merger cannot be completed without the affirmative vote of a majority of votes cast at the Univest Special Meeting by the holders of shares of Univest common stock, every shareholder's vote is important.

Q: If my shares of Univest common stock are held in street name by my broker, will my broker automatically vote my shares for me?

A: No. Your broker **CANNOT** vote your shares on any proposal at the Univest special meeting without instructions from you. You should instruct your broker as to how to vote your shares, following the directions your broker provides to you. Please check the voting form used by your broker.

Q: What if I fail to instruct my broker?

A: If you do not provide your broker with instructions, your broker generally will not be permitted to vote your shares on the merger proposal or any other proposal (a so-called broker non-vote) at the Univest special meeting. For purposes of determining the number of votes cast with respect to the merger proposal, only those votes cast for or against the proposal are counted. Broker non-votes, if any are submitted by brokers or nominees in connection with the special meeting, will not be counted as votes for or against for purposes of determining the number of votes cast, but will be treated as present for quorum purposes.

Q: What constitutes a quorum for the Univest special meeting?

A:

As of the Uninvest record date, 16,214,016 shares of Uninvest common stock were issued and outstanding, each of which will be entitled to one vote at the meeting. Under Uninvest's bylaws, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast constitutes a quorum for the transaction of business at the special meeting. If you vote by proxy, your shares will be included for determining the presence of a quorum. Both abstentions and broker non-votes are also included for purposes of determining the presence of a quorum.

Q: Assuming the presence of a quorum, what is the vote required to approve the matters to be considered at the Uninvest special meeting?

A: The affirmative vote of a majority of all votes cast, in person or by proxy, at the Uninvest special meeting is required to approve the proposals to approve and adopt the merger agreement and to adjourn the Uninvest special meeting, if necessary, to solicit additional proxies, and any other matter that may properly come before the special meeting. Therefore, abstentions and broker non-votes will not affect the outcome of the proposal to approve the merger, the adjournment proposal or any other matters that properly come before the special meeting.

Table of Contents

Q: Do I have appraisal or dissenters' rights?

A: No. Under Pennsylvania law, holders of Univest common stock will not be entitled to exercise any appraisal rights in connection with the merger or any of the other proposals being presented at the Univest special meeting.

Q: Can I attend the Univest special meeting and vote my shares in person?

A: Yes. All shareholders, including shareholders of record and those who hold their shares through banks, brokers, nominees or any other holder of record, are invited to attend the special meeting. Holders of record of Univest common stock can vote in person at the special meeting. If you are not a shareholder of record, you must obtain a proxy, executed in your favor, from the record holder of your shares, such as a broker, bank or other nominee, to be able to vote in person at the special meeting. If you plan to attend the special meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership and you must bring a form of personal photo identification with you in order to be admitted. We reserve the right to refuse admittance to anyone without proper proof of share ownership and without proper photo identification.

Q: Can I change my vote?

A: Yes. You may revoke any proxy at any time before it is voted by (1) signing and returning a proxy card with a later date, (2) delivering a written revocation letter to Univest's Corporate Secretary, or (3) attending the special meeting in person, notifying the Corporate Secretary and voting by ballot at the special meeting. Univest's Corporate Secretary's mailing address is Univest Corporation of Pennsylvania, 14 North Main Street, Souderton, Pennsylvania 18964, Attention: Karen E. Tejkl.

Any shareholder entitled to vote in person at the special meeting may vote in person regardless of whether a proxy has been previously given, and such vote will revoke any previous proxy, but the mere presence (without notifying Univest's Corporate Secretary) of a shareholder at the special meeting will not constitute revocation of a previously given proxy.

Q: Who will bear the cost of soliciting votes for the Univest special meeting?

A: Univest will bear the cost of preparing, assembling, printing, mailing and distributing these proxy materials for the Univest special meeting. In addition to the mailing of these proxy materials, the solicitation of proxies or votes for the Univest special meeting may be made in person, by telephone, or by electronic communication by Univest's directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. In addition, Univest may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q: What happens if additional proposals are presented at the Univest special meeting?

A: Other than the proposals described in this joint proxy statement/prospectus, Univest does not expect any matters to be presented for a vote at the special meeting. If you grant a proxy, the person named as proxy holder, Karen E. Tejkl, will have the discretion to vote your shares on any additional matters properly presented for a vote at the special meeting.

Q: Are there risks that I should consider in deciding whether to vote to approve the merger agreement?

A: Yes. You should consider the risk factors set out in the section entitled *Risk Factors* beginning on page 29 of this joint proxy statement/prospectus.

Q: What if I hold stock of both Univest and Valley Green?

A: If you hold shares of both Univest and Valley Green, you will receive two separate packages of proxy materials. Questions about the Valley Green Special Meeting

Q: What are the matters on which I am being asked to vote at the Valley Green special meeting?

A: You are being asked to consider and vote on the following matters:

1. adoption of the merger agreement, a copy of which is attached as Annex A to this proxy statement/prospectus; and
2. adjournment of the Valley Green special meeting, if necessary, to solicit additional proxies.

Q: How does the Valley Green board of directors recommend that I vote my shares?

A: The Valley Green board of directors recommends that the Valley Green shareholders vote their shares as follows:

FOR adoption of the merger agreement; and

FOR an adjournment of the Valley Green special meeting, if necessary, to solicit additional proxies. As of the record date, directors and executive officers of Valley Green and their affiliates had the right to vote 769,233 shares of Valley Green common stock, or 27.5% of the outstanding Valley Green common stock entitled to be voted at the Valley Green special meeting. In accordance with the terms of the merger agreement, each of the directors and executive officers of Valley Green has executed an Affiliate Letter in favor of Univest pursuant to which he or she has agreed to vote all shares of Valley Green common stock owned by him or her in favor of adoption of the merger agreement. Additionally, each of the directors and executive officers of Univest has executed a letter agreement in favor of Valley Green pursuant to which he or she has agreed to vote all shares of Univest common stock owned by him or her in favor of adoption of the merger agreement and the transactions contemplated thereby.

Q: What do I need to do now?

A: After carefully reading and considering the information contained in this joint proxy statement/prospectus, please submit your proxy as soon as possible so that your shares will be represented at the Valley Green special meeting. Table of Contents

Q: Who is entitled to vote at the Valley Green special meeting?

A: Valley Green shareholders of record as of the close of business on October 15, 2014, which is referred to as the Valley Green record date, are entitled to notice of, and to vote at, the Valley Green special meeting.

Q: How many votes do I have?

A: Each outstanding share of Valley Green common stock is entitled to one vote.

Q: How do I vote my Valley Green shares?

A: You may vote your Valley Green shares by completing and returning the enclosed proxy card or by voting in person at the Valley Green special meeting.

Voting by Proxy. You may vote your Valley Green shares by completing and returning the enclosed proxy card. Your proxy will be voted in accordance with your instructions. If you do not specify a choice on one of the proposals described in this joint proxy statement/prospectus, your proxy will be voted in favor of that proposal.

ON YOUR VALLEY GREEN PROXY CARD:

mark your selections;

date and sign your name exactly as it appears on your card; and

return your completed proxy card in the enclosed postage-paid envelope.

Voting in person. If you attend the Valley Green special meeting, you may deliver your completed proxy card in person or may vote by completing a ballot which will be available at the meeting. If your shares are registered in the name of a broker or other nominee and you wish to vote at the meeting, you will need to obtain a legal proxy from your bank or brokerage firm. Please consult the voting form sent to you by your bank or broker to determine how to obtain a legal proxy in order to vote in person at the Valley Green special meeting.

Should you have any questions on the procedure for voting your shares, please contact Cheryl Richards, Corporate Secretary, Valley Green Bank, 7226 Germantown Avenue, Philadelphia, Pennsylvania 19119, telephone (215) 242-3550.

Q: Why is my vote important?

A: Because the merger cannot be completed without the affirmative vote of the holders of at least 70% of the outstanding shares of Valley Green common stock on the record date, and because a majority of the outstanding shares of Valley Green common stock entitled to vote is necessary to constitute a quorum in order to transact business at the special meeting, every shareholder's vote is important.

Q: If my shares of Valley Green common stock are held in street name by my broker, will my broker automatically vote my shares for me?

A: No. Your broker **CANNOT** vote your shares on any proposal at the Valley Green special meeting without instructions from you. You should instruct your broker as to how to vote your shares, following the directions your broker provides to you. Please check the voting form used by your broker.

Q: What if I fail to instruct my broker?

A: If you do not provide your broker with instructions, your broker generally will not be permitted to vote your shares on the merger proposal or any other proposal (a so-called "broker non-vote") at the Valley Green special meeting. Because the affirmative vote of at least 70% of the outstanding Valley Green shares is necessary to approve the merger, broker non-votes, if any, submitted by brokers or nominees in connection with the special meeting will in effect be a vote against the merger.

Table of Contents

Q: What constitutes a quorum for the Valley Green special meeting?

A: As of the Valley Green record date, 2,797,453 shares of Valley Green common stock were issued and outstanding, each of which will be entitled to one vote at the meeting. Under Valley Green's bylaws, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast constitutes a quorum for the transaction of business at the special meeting. If you vote by proxy, your shares will be included for determining the presence of a quorum. Both abstentions and broker non-votes are also included for purposes of determining the presence of a quorum.

Q: Assuming the presence of a quorum, what is the vote required to approve the matters to be considered at the Valley Green special meeting?

A: The affirmative vote at the Valley Green special meeting, in person or by proxy, of at least 70% of the outstanding shares of Valley Green common stock is required to approve the merger agreement. The affirmative vote, in person or by proxy, of a majority of votes cast at the Valley Green special meeting is required to approve the proposal to adjourn the Valley Green special meeting, if necessary, to solicit additional proxies, and any other matter that may properly come before the special meeting. Because the affirmative vote of at least 70% of the holders of outstanding shares of Valley Green is required to approve the merger agreement, abstentions and broker non-votes with respect to the merger agreement will effectively act as no votes on such proposal. Abstentions and broker non-votes will not affect the outcome of the adjournment proposal or any other matters that properly come before the special meeting.

Q: Do I have appraisal or dissenters' rights?

A: Yes. Under Pennsylvania law, Valley Green shareholders have the right to dissent from the merger agreement and the merger and to receive a payment in cash for the fair value of their shares of Valley Green common stock as determined by an appraisal process. This value may be more or less than the value you would receive in the merger if you do not dissent. If you dissent, you will receive a cash payment for the value of your shares that will be fully taxable to you. To perfect your dissenters' rights, you must follow precisely the required statutory procedures. See *The Merger Valley Green Shareholders Have Dissenters' Rights in the Merger*, on page 58 and the information at Annex D.

Q: Can I attend the Valley Green special meeting and vote my shares in person?

A: Yes. All shareholders, including shareholders of record and those who hold their shares through banks, brokers, nominees or any other holder of record, are invited to attend the special meeting. Holders of record of Valley Green common stock can vote in person at the special meeting. If you are not a shareholder of record, you must obtain a proxy, executed in your favor, from the record holder of your shares, such as a broker, bank or other nominee, to be able to vote in person at the special meeting. If you plan to attend the special meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership and you must bring a form of personal photo identification with you in order to be admitted. We

reserve the right to refuse admittance to anyone without proper proof of share ownership and without proper photo identification.

Q: Can I change my vote?

A: Yes. You may revoke your proxy at any time before it is voted by (1) signing and returning a proxy card with a later date, (2) delivering a written revocation letter to Valley Green's Corporate Secretary, or (3) attending the special meeting in person, notifying the Corporate Secretary and voting by ballot at the special meeting. The mailing address for Valley Green's Corporate Secretary is Valley Green Bank, 7226 Germantown Avenue, Philadelphia, Pennsylvania 19119, Attention: Cheryl Richards.

Table of Contents

Any shareholder entitled to vote in person at the special meeting may vote in person regardless of whether a proxy has been previously given, and such vote will revoke any previous proxy, but the mere presence (without notifying Valley Green's Corporate Secretary) of a shareholder at the special meeting will not constitute revocation of a previously given proxy.

Q: Who will bear the cost of soliciting votes for the Valley Green special meeting?

A: Valley Green will bear the cost of preparing, assembling, printing, mailing and distributing these proxy materials for the Valley Green special meeting. In addition to the mailing of these proxy materials, the solicitation of proxies or votes for the Valley Green special meeting may be made in person, by telephone, or by electronic communication by Valley Green's directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. In addition, Valley Green may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q: What happens if additional proposals are presented at the Valley Green special meeting?

A: Other than the proposals described in this joint proxy statement/prospectus, Valley Green does not expect any matters to be presented for a vote at the special meeting. If you grant a proxy, the persons named as proxy holders, Elizabeth Iovine and Mark Biedermann, will have the discretion to vote your shares on any additional matters properly presented for a vote at the special meeting.

Q: Are there risks that I should consider in deciding whether to vote to approve the merger agreement?

A: Yes. You should consider the risk factors set out in the section entitled *Risk Factors* beginning on page 29 of this joint proxy statement/prospectus.

Q: What if I hold stock of both Univest and Valley Green?

A: If you hold shares of both Univest and Valley Green, you will receive two separate packages of proxy materials. A vote as a Valley Green shareholder for the merger proposal or any other proposals to be considered at the Valley Green special meeting will not constitute a vote as a Univest shareholder for the merger proposal or any other proposals to be considered at the Univest special meeting, and vice versa. Therefore, please sign, date and return all proxy cards that you receive, whether from Univest or Valley Green, or submit separate proxies as both a Univest shareholder and a Valley Green shareholder as instructed.

Q: Should I send in my Valley Green stock certificates?

A: No. If Valley Green shareholders approve the merger agreement, after the merger is completed, you will receive written instructions, including a letter of transmittal that will explain how to exchange your Valley Green stock certificates for Uninvest common stock certificates. **Please do not send in any Valley Green stock certificates until you receive these written instructions and the letter of transmittal.**

Q: Whom should I contact if I have additional questions?

A: If you are a Valley Green shareholder and have any questions about the merger, or if you need additional copies of this document or the enclosed proxy card, you should contact:

Table of Contents

Valley Green Shareholders Will Receive Shares of Univest Common Stock in the Merger (page 65).

Each Valley Green shareholder will receive in exchange for each share of Valley Green common stock owned immediately prior to completion of the merger the right to receive an amount of Univest common stock equal to the quotient, carried to four (4) decimal places (the Exchange Ratio), of (i) \$27.00 divided by (ii) the average of the closing sale prices of Univest common stock (as reported on Nasdaq) for each consecutive trading day during the twenty (20) days immediately preceding the effective date of the merger (the Univest Share Price); provided, however, that in no event may the Exchange Ratio be less than 1.2231 or greater than 1.4949. If the Exchange Ratio would otherwise be less than 1.2231 or more than 1.4949, then 1.2231 or 1.4949, respectively, will be used.

It is important to note that the value of the merger consideration may change based on the Univest Share Price, and we cannot predict what the value will be at the closing of the merger.

Expected Material United States Federal Income Tax Treatment as a Result of the Merger (page 78)

The merger is structured to be treated as a reorganization for United States federal income tax purposes. Each of Univest and Valley Green has conditioned the consummation of the merger on its receipt of a legal opinion that this will be the case.

Generally, a Valley Green shareholder will not recognize gain or loss on the exchange of Valley Green common stock solely for Univest common stock in the merger, except with respect to the cash received in lieu of a fractional share interest in Univest common stock. If a Valley Green shareholder receives cash instead of a fractional share interest in Univest common stock or as a result of exercising dissenters' rights, such shareholder will recognize gain or loss on receipt of that cash.

Exceptions to these conclusions or other considerations may apply, some of which are discussed beginning on page 78. Determining the actual tax consequences of the merger to a Valley Green shareholder can be complicated. For further information, please refer to *Material United States Federal Income Tax Consequences of the Merger* on page 78. **Valley Green shareholders should also consult their own tax advisors for a full understanding of the federal income tax and other tax consequences of the merger as they apply specifically to them.**

The United States federal income tax consequences described above may not apply to all holders of Valley Green common stock. The tax consequences for Valley Green shareholders will depend on their individual situations. Accordingly, Valley Green shareholders are strongly urged to consult their tax advisors for a full understanding of the particular tax consequences of the merger to them.

Accounting Treatment of the Merger (page 77)

The merger will be treated as a business combination using the acquisition method of accounting with Univest treated as the acquiror under accounting principles generally accepted in the United States of America, or US GAAP.

Market Prices and Dividend Information (page 156)

Univest common stock is quoted on The Nasdaq Global Select Market under the symbol UVSP.

Valley Green's financial advisor, Keefe, Bruyette & Woods, Inc., or KBW, delivered an opinion, dated June 17, 2014, to Valley Green's board of directors to the effect that, as of the date of the opinion and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in such opinion, the exchange ratio in the proposed merger was fair from a financial point of view to the holders of Valley Green common stock.

The full text of KBW's opinion is attached as Annex B to this joint proxy statement/prospectus. Valley Green shareholders should read that opinion and the summary description of KBW's opinion contained in this joint proxy statement/prospectus in their entirety. The opinion of KBW does not reflect any developments that may have occurred or may occur after the date of its opinion and prior to the completion of the merger. KBW's opinion was for the information of, and directed to, Valley Green's board of directors (in its capacity as such) in connection with the board's consideration of the financial terms of the merger. The KBW opinion is not a recommendation as to how any holder of Valley Green common stock should vote with respect to the merger or any other matter.

Griffin Financial Group, LLC Has Provided an Opinion to the Univest Board of Directors Regarding the Fairness of the Merger Consideration (page 52)

Univest's financial advisor, Griffin Financial Group, LLC, or Griffin, has conducted financial analyses and delivered an opinion to Univest's board of directors that, as of June 17, 2014, the exchange ratio was fair from a financial point of view to Univest.

The full text of Griffin's opinion is attached as Annex C to this joint proxy statement/prospectus. Univest shareholders should read that opinion and the summary description of Griffin's opinion contained in this joint proxy statement/prospectus in their entirety. The opinion of Griffin does not reflect any developments that may have occurred or may occur after the date of its opinion and prior to the completion of the merger. Univest does not expect that it will request an updated opinion from Griffin.

Univest paid Griffin an upfront engagement fee of \$25,000, and an additional \$150,000 upon delivery of its fairness opinion on June 17, 2014. Univest will pay Griffin a fee, currently estimated to be approximately \$275,000, upon successful completion of the merger.

Valley Green's Directors and Executive Officers Have Financial Interests in the Merger that May Differ from the Interests of Valley Green Shareholders (page 61)

In addition to their interests as Valley Green shareholders, the directors and certain executive officers of Valley Green may have interests in the merger that are different from or in addition to interests of other Valley Green shareholders. These interests include, among others, provisions in the merger agreement regarding board membership, as well as change in control agreements, employment agreements, indemnification, insurance, and eligibility to participate in various employee benefit plans. For purposes of the Valley Green agreements and plans, the completion of the merger will constitute a change in control. These additional interests may create potential conflicts of interest and cause some of these persons to view the proposed transaction differently than a Valley Green shareholder may view it. The financial interests of Valley Green's directors and executive officers in the merger include the following:

the appointment, effective at the closing of the merger, of Jay R. Goldstein and Michael L. Turner to the board of directors of Univest and the payment of compensation to such individuals in accordance with the policies of Univest, which currently consists of the following payments to each of its non-employee directors: an annual retainer of \$18,000 and 1,000 shares of restricted stock (with a two year vesting period), a fee of \$900 for each board meeting attended, and between \$275 and \$800 for each committee meeting attended, depending on the committee; provided that Mr. Goldstein will not be paid any director's fees while he is an employee of Univest or Univest Bank;

the continued indemnification of current directors and executive officers of Valley Green and its subsidiaries pursuant to the terms of the merger agreement and providing these individuals with continued director's and officer's liability insurance;

certain of Valley Green's named executive officers will be entitled to severance or change-in-control benefits upon the closing of the merger.

Valley Green's board of directors was aware of these interests and took them into account in its decision to approve the agreement and plan of merger. If you are a Valley Green shareholder, you have the right under the Pennsylvania Business Corporation Law (the PBCL) to dissent from the merger agreement and the merger, and to demand and receive cash for the fair value of your shares of Valley Green common stock. For a complete description of the dissenters' rights of Valley Green shareholders, please see the discussion under the caption *The Merger Valley Green Shareholders Have Dissenters' Rights in the Merger* on page 58. In order to assert dissenters' rights, a Valley Green shareholder must:

file a written notice of intent to dissent with Valley Green prior to the shareholder vote at the special meeting of shareholders;

make no change in their beneficial ownership of Valley Green common stock after they give notice of their intention to demand fair value of their shares of Valley Green common stock;

not vote to adopt the merger agreement at the special meeting;

file a written demand for payment and deposit any certificates representing the Valley Green shares for which dissenters' rights are being asserted as requested by the notice that will be sent by Uninvest or Valley Green after the completion of the merger; and

comply with certain other statutory procedures set forth in Pennsylvania law.

If you are a Valley Green shareholder and you sign and return your proxy without voting instructions, we will vote your proxy in favor of the transaction and you will lose any dissenters' rights that you may have. A copy of the relevant provisions of Pennsylvania law related to dissenters' rights are attached to this proxy statement/prospectus as Annex D.

The Rights of Valley Green Shareholders Will Be Governed by Pennsylvania Law and the Articles of Incorporation and Bylaws of Uninvest after the Merger (page 149)

The rights of Valley Green shareholders will change as a result of the merger due to differences in Uninvest's and Valley Green's governing documents. A description of shareholder rights under each of the Uninvest and Valley Green governing documents, and the material differences between them, is included in the section entitled *Comparison of Shareholders' Rights* found on page 149.

Conditions That Must Be Satisfied or Waived for the Merger to Occur (page 74)

Currently, we expect to complete the merger in the first quarter of 2015. As more fully described in this joint proxy statement/prospectus and in the merger agreement, the completion of the merger depends on a number of conditions being satisfied or, where legally permissible, waived. These conditions include, among others, approval by the requisite vote of the Univest shareholders and the Valley Green shareholders; the receipt of all required regulatory approvals from the Federal Reserve Board (FRB) and the Pennsylvania Department of Banking and Securities (PDB); the exercise of dissenters rights under the PBCL with respect to no more than 10% of the outstanding shares of Valley Green common stock; and the receipt of a legal opinion from counsel to each of Univest and Valley Green regarding the tax treatment of the merger.

We cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

No Solicitation of Other Offers (page 71)

Valley Green has agreed that it will not, and Valley Green will cause its subsidiaries and each of their respective officers, directors, employees, representatives, agents, and affiliates not to, between the date of the merger agreement and the closing of the merger, directly or indirectly:

initiate, solicit, induce or encourage, or take any action to facilitate the making of, any inquiry, offer or proposal which constitutes, relates or could reasonably be expected to lead to an alternative acquisition proposal;

respond to any inquiry relating to an alternative acquisition proposal or an alternative acquisition transaction;

recommend or endorse an alternative acquisition transaction;

participate in any discussions or negotiations regarding, or furnish or afford access to information or data to any person that may relate to an alternative acquisition proposal;

release anyone from, waive any provisions of, or fail to enforce any confidentiality agreement or standstill agreement to which Valley Green is a party; or

enter into any agreement, agreement in principle or letter of intent with respect to any alternative acquisition proposal or approve or resolve to approve any alternative acquisition proposal or any agreement, agreement in principle or letter of intent relating to an alternative acquisition proposal.

The merger agreement does not, however, prohibit Valley Green from furnishing information or access to a third party who has made an alternative acquisition proposal and participating in discussions and negotiating with such person prior to the receipt of shareholder approval if specified conditions are met. Among those conditions is a good faith determination by Valley Green's board of directors that the acquisition proposal constitutes or that could reasonably be expected to lead to a proposal that is more favorable, from a financial point of view, to Valley Green and its shareholders than the transactions contemplated by the merger agreement and is reasonably capable of being completed on its stated terms, taking into account all financial, regulatory, legal and other aspects of the proposal.

For further discussion of the restrictions on solicitation of acquisition proposals from third parties, see *The Merger Agreement Agreement Not to Solicit Other Offers* beginning on page 71.

Termination of the Merger Agreement (page 75)

We may mutually agree to terminate the merger agreement before completing the merger, even after Valley Green or Univest shareholder approval. In addition, either of us may decide to terminate the merger agreement, if (i) a court or governmental entity issues a final order that is not appealable prohibiting the merger, (ii) a bank regulator which must grant a regulatory approval as a condition to the merger denies such approval of the merger and such denial has become final and is not appealable, (iii) the shareholders of Univest or Valley Green fail to approve the merger at their

respective special meetings, or (iv) the other party breaches the merger agreement in a way that would entitle the party seeking to terminate the agreement not to consummate the merger, subject to the right of the breaching party to cure the breach within 30 days following written notice. Either of us may terminate the merger agreement if the merger has not been completed by March 31, 2015, unless the reason the merger has not been completed by that date is a breach of the merger agreement by the company seeking to terminate the merger agreement.

Univest may terminate the merger agreement if the Valley Green board of directors, in connection with the receipt of an alternative acquisition proposal, (1) enters into a letter of intent, agreement in principle or an acquisition agreement with respect to the alternative acquisition proposal, (2) fails to make, withdraws, modifies or qualifies its recommendation of the merger agreement in a manner adverse to Univest, or (3) has otherwise made a determination to accept the alternative acquisition proposal.

Valley Green may terminate the merger agreement if Valley Green receives an alternative acquisition proposal and has made a determination to accept the alternative acquisition proposal. Valley Green may also terminate the merger agreement within five days of the later of (i) the date on which all regulatory approvals, and

Table of Contents

waivers, if applicable, necessary for consummation of the merger and the transactions contemplated by the merger agreement have been received or (ii) the date of the meeting of Valley Green shareholders (the Determination Date), if Valley Green's board determines that each of the following have occurred:

the average of the daily closing sale prices of a share of Univest common stock as reported on Nasdaq for the 20 consecutive trading days immediately preceding the Determination Date (the Determination Date Market Value) is less than \$16.06 (80% of the closing sale price of Univest common stock on the last trading date before the date of the merger agreement); and

The ratio obtained by dividing the Determination Date Market Value by \$16.06 is less than the quotient obtained by dividing (A) the average of the daily closing sale price of the Nasdaq Bank Index for the 20 consecutive trading days immediately preceding the Determination Date by (B) \$2,523.95 (the average of the daily closing sale price of the Nasdaq Bank Index for the twenty (20) consecutive trading days immediately preceding the last trading day before the date of the merger agreement) (the Index Ratio), *minus* 0.20, and Univest, within a five (5) business day period following receipt of written notice of termination from Valley Green's board, does not elect to adjust the Merger consideration.

Valley Green may not terminate in these circumstances, however, if Univest exercises its option to increase the Exchange Ratio so that the consideration to be received by Valley Green shareholders (in the form of Univest Common Stock), based on the Determination Date Market Value, is equal to the lesser of (i) \$27.00 or (ii) the product of (x) \$27.00 and (y) the Index Ratio.

Termination Fee (page 76)

Valley Green will pay Univest a termination fee of \$3.0 million in the event that the merger agreement is terminated:

by Univest because Valley Green has received an alternative acquisition proposal, and Valley Green (1) enters into a letter of intent, agreement in principle or an acquisition agreement with respect to the alternative acquisition proposal, (2) fails to make, withdraws, modifies or qualifies its recommendation of the merger agreement in a manner adverse to Univest, or (3) has otherwise made a determination to accept the alternative acquisition proposal; or

by Valley Green, if Valley Green receives an alternative acquisition proposal and has made a determination to accept the alternative acquisition proposal in accordance with the terms of the merger agreement.

Expense Reimbursement Fee (page 76)

Valley Green will pay Univest an expense reimbursement fee within five (5) business days after Univest makes written demand therefor equal to the lesser of (i) the amount of Univest's actual and documented out-of-pocket expenses incurred in connection with due diligence, negotiation and execution of the merger agreement and undertaking the transactions contemplated by the merger agreement (including without limitation all financial advisor, accounting, counsel and third party review firm fees), and (ii) \$500,000, in the event that the merger is terminated by Univest as a result of the failure of the shareholders of Valley Green to approve the transactions contemplated by the merger agreement and, prior to the Valley Green Shareholders Meeting, any person shall have proposed or publicly

announced an acquisition proposal for Valley Green.

Regulatory Approvals Required for the Merger (page 60)

The FRB must approve the merger under the provisions of the Bank Holding Company Act of 1956, as amended (the Bank Holding Company Act), relating to the acquisition of a bank by a bank holding company, and the applicable waiting period must expire before it can be completed. In addition, the PDB must approve the merger under the Pennsylvania Banking Code of 1965. The applications for approval of the merger were filed with the FRB and the PDB on or about August 18, 2014.

For further discussion of the regulatory requirements in connection with the merger, see *The Merger Regulatory Approvals Required for the Merger*, beginning on page 60.

- (1) The acquisition will be effected by the distribution of cash and issuance of shares of Univest common stock to Valley Green's common shareholders. The following unaudited pro forma combined consolidated financial information assumes that 100% of the outstanding shares of Valley Green common stock will be exchanged for Univest common stock at an exchange ratio of 1.3460 shares of Univest common stock for each share of Valley Green common stock. Additionally, Univest will pay approximately \$2.2 million to Valley Green for outstanding stock options.

Table of Contents

The unaudited pro forma combined consolidated financial information is based upon the assumption that the total number of shares of Valley Green common stock immediately outstanding prior to the completion of the merger will be 2,798,703 and utilizes the exchange ratio of 1.3460 for 100% of Valley Green's outstanding shares and cash of \$2.2 million for Valley Green stock options. This will result in the issuance of 3,767,054 shares of Univest common stock with an estimated fair value of \$75.6 million, for a total estimated purchase price of \$77.7 million. The final purchase price will be determined based upon the fair value of Univest shares of common stock as of the merger closing, the final exchange ratio as established in accordance with the merger agreement, the number of Valley Green shares outstanding as of closing, and the number and strike price of Valley Green Options as of the merger closing. The final allocation of the purchase price will be determined after the merger is completed and additional analyses are performed to determine the fair values of Valley Green's tangible and identifiable intangible assets and liabilities as of the date the merger is completed. The final adjustments may be materially different from the unaudited pro forma adjustments presented herein. The unaudited pro forma combined consolidated financial information has been prepared to include the estimated adjustments necessary to record the assets and liabilities of Valley Green at their respective fair values and represents management's best estimate based upon the information available at this time. The pro forma adjustments included herein are subject to change as additional information becomes available and as additional analyses are performed. Such adjustments, when compared to the information shown in this document, may change the amount of the purchase price allocation to goodwill while changes to other assets and liabilities may impact the statement of income due to adjustments in the yield and/or amortization/accretion of the adjusted assets and liabilities.

The total estimated purchase price for the purpose of this unaudited pro forma combined consolidated financial information is \$77.7 million. Goodwill is created when the purchase price consideration exceeds the fair value of the assets acquired or a bargain purchase gain results when the current fair value of the assets acquired exceeds the purchase price consideration. For purposes of this analysis as of June 30, 2014, goodwill of \$43.1 million results from the transaction; however, the final purchase accounting analysis will be performed as of the merger date and these amounts are subject to change based on operations subsequent to June 30, 2014, as additional information becomes available and as additional analyses are performed. The following table provides the calculation and allocation of the purchase price used in the pro forma financial statements and a reconciliation of pro forma shares to be outstanding.

On July 1, 2014, Univest completed the acquisition of Sterner Insurance Associates, Inc., a full service firm providing insurance and consultative risk management solutions to individuals and businesses throughout the Lehigh Valley, Berks, Bucks and Montgomery counties (the Sterner Acquisition).

Univest paid \$3.9 million in cash and assumed liabilities of \$940 thousand at closing with additional contingent consideration to be paid in annual installments over the three-year period ending June 30, 2017, based on the achievement of certain levels of revenue growth and EBITDA (earnings before interest, taxes, depreciation and amortization). At the acquisition date, Univest recorded the estimated fair value of the contingent consideration of \$635 thousand in other liabilities. The potential cash payments that could result from the contingent consideration arrangement range from \$0 to a maximum of \$5.7 million cumulative over the next three years. As a result of the Sterner Acquisition, Univest recorded goodwill of \$3.4 million (inclusive of the contingent consideration) and customer related intangibles of \$1.6 million. The goodwill is expected to be deductible for tax purposes. The customer related intangibles are being amortized over nine years using the sum-of-the-years-digits amortization method.

- (2) A fair value premium of \$1.239 million to reflect fair values of loans based on current interest rates of similar loans. - (5) A fair value premium of \$1.479 million to reflect the fair values of certain interest-bearing deposit liabilities based on current interest rates for similar instruments. This adjustment is expected to decrease pro forma pre-tax interest expense by \$740 thousand in the first year following consummation of the merger.

RISK FACTORS

In considering whether to vote in favor of the proposal to adopt the merger agreement, you should consider all of the information included in this document and its annexes and all of the information included in the documents we have incorporated by reference and the risk factors identified by Univest with respect to its operations included in its filings with the Securities and Exchange Commission. See *Incorporation of Certain Documents by Reference*. In particular, you should consider the following risk factors.

Because the market price of Univest shares of common stock will fluctuate, Valley Green shareholders cannot be sure of the value of the merger consideration they may receive.

Upon completion of the merger, each share of Valley Green common stock will be converted into the right to receive an amount of Univest common stock equal to the Exchange Ratio; provided, however, that in no event may the Exchange Ratio be less than 1.2231 or greater than 1.4949. The sale prices for shares of Univest common stock may vary from the sale prices of Univest common stock on the date we announced the merger, on the date this joint proxy statement/prospectus was mailed to Valley Green shareholders and on the date of the special meeting of the Valley Green shareholders. Any change in the market price of Univest shares of common stock prior to closing the merger may affect the value of the merger consideration that Valley Green shareholders will receive upon completion of the merger. Valley Green is not permitted to resolicit the vote of Valley Green shareholders solely because of changes in the market price of Univest shares of common stock. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in our respective businesses, operations and prospects and regulatory considerations. Many of these factors are beyond our control. You should obtain current market quotations for shares of Univest common stock.

The market price of Univest shares of common stock after the merger may be affected by factors different from those currently affecting the shares of Valley Green.

The businesses of Univest and Valley Green differ and, accordingly, the results of operations of the combined company and the market price of the combined company's shares of common stock may be affected by factors different from those currently affecting the independent results of operations of Univest. For a discussion of the business of Univest, see the documents incorporated by reference in this joint proxy statement/prospectus and referred to under *Where You Can Find More Information* on page iii.

Valley Green shareholders will have a reduced ownership percentage and voting interest after the merger and will exercise less influence over management.

Valley Green's shareholders currently have the right to vote in the election of the board of directors of Valley Green and on certain other matters affecting Valley Green. When the merger occurs, each Valley Green shareholder that receives shares of Univest common stock will become a shareholder of Univest with a percentage ownership of the combined organization that is much smaller than the shareholder's current percentage ownership of Valley Green. Upon completion of the merger, the former Valley Green shareholders will own approximately 20% of the outstanding shares of Univest common stock.

Because of this, Valley Green's shareholders will have less influence on the management and policies of Univest than they now have on the management and policies of Valley Green.

Future issuances of Univest equity securities could dilute shareholder ownership and voting interest.

Univest's articles of incorporation authorize the issuance of up to 48,000,000 shares of common stock. Any future issuance of equity securities by Univest may result in dilution in the percentage ownership and voting interest of Univest shareholders. Also, any securities Univest sells in the future may be valued differently and the issuance of equity securities for future services, acquisitions or other corporate actions may have the effect of diluting the value of shares held by Univest shareholders.

Table of Contents

The merger agreement limits Valley Green's ability to pursue alternatives to the merger.

The merger agreement contains no shop provisions that, subject to specified exceptions, limit Valley Green's ability to discuss, facilitate or commit to competing third-party proposals to acquire all or a significant part of Valley Green. In addition, a termination fee is payable by Valley Green under certain circumstances, generally involving the decision to pursue an alternative transaction. These provisions might discourage a potential competing acquiror that might have an interest in acquiring all or a significant part of Valley Green from considering or proposing that acquisition, even if it were prepared to pay consideration with a higher per share value than that proposed in the merger, or might result in a potential competing acquiror proposing to pay a lower per share price to acquire Valley Green than it might otherwise have proposed to pay, if the merger with Univest had not been announced.

Holders of Univest common stock do not have dissenters' appraisal rights in the merger.

Dissenters' rights are statutory rights that, if applicable under law, enable shareholders to dissent from an extraordinary transaction, such as a merger, and to demand that the corporation pay the fair value for their shares as determined by a court in a judicial proceeding instead of receiving the merger consideration offered to shareholders in connection with the extraordinary transaction. Under Pennsylvania law, shareholders do not have dissenters' rights with respect to shares of any class of stock which, at the record date fixed to determine shareholders entitled to receive notice of and to vote at the meeting of shareholders were listed on a national securities exchange. Because Univest's common stock is listed on the Nasdaq Global Select Market, a national securities exchange, holders of Univest shares of common stock will not be entitled to dissenters' appraisal rights in the merger with respect to their shares of Univest common stock.

The merger is subject to the receipt of consents and approvals from governmental and regulatory entities that may impose conditions that could have an adverse effect on Univest.

Before the merger may be completed, various waivers, approvals or consents must be obtained from the FRB and the PDB. These governmental entities may impose conditions on the completion of the merger or require changes to the terms of the merger. Such conditions or changes could have the effect of delaying completion of the merger or imposing additional costs on, or limiting the revenues of, Univest following the merger, any of which might have an adverse effect on Univest following the merger. In addition, neither Univest nor Valley Green is obligated to complete the merger if the regulatory approvals received in connection with the completion of the merger include any condition or restriction that either of the boards of directors of Univest or Valley Green reasonably determines would materially and adversely affect the business, operations, financial condition, property or assets of Univest, Univest Bank, or Valley Green or would materially impair the value of Valley Green to Univest or of Univest or Univest Bank to Valley Green.

Valley Green's directors and executive officers have financial interests in the merger that may be different from, or in addition to, the interests of Valley Green shareholders.

Valley Green's directors and executive officers have financial interests in the merger that may be different from, or in addition to, the interests of Valley Green shareholders. For example, Jay R. Goldstein and Michael L. Turner will serve on the board of directors of Univest after the merger; both directors will receive compensation for their services as directors; provided that Mr. Goldstein will not be paid any director's fees while he is an employee of Univest or Univest Bank. In addition, certain officers or employees have entered into new employment agreements that are effective upon completion of the merger or are parties to employment agreements under which they may receive severance payments under certain circumstances upon the change of control of Valley Green resulting from the merger. For information concerning these interests, please see the discussion under the caption *The Merger Valley*

Green's Directors and Executive Officers Have Financial Interests in the Merger on page 61.

Table of Contents

The shares of Univest common stock to be received by Valley Green shareholders as a result of the merger will have different rights from the shares of Valley Green common stock.

Upon completion of the merger, Valley Green shareholders, excluding shareholders who exercise and perfect their dissenters' rights, will become Univest shareholders. Their rights as shareholders will be governed by Pennsylvania corporate law and the articles of incorporation and bylaws of Univest. The rights associated with Valley Green common stock are different from the rights associated with Univest common stock. See the section of this joint proxy statement/prospectus titled *Comparison of Shareholders' Rights* beginning on page 149 for a discussion of the different rights associated with Univest common stock.

If the merger is not consummated by March 31, 2015, either Univest or Valley Green may choose not to proceed with the merger.

Either Univest or Valley Green may terminate the merger agreement if the merger has not been completed by March 31, 2015, unless the failure of the merger to be completed by such date has resulted from the failure of the party seeking to terminate the merger agreement to perform its obligations.

Termination of the merger agreement could negatively affect Valley Green.

If the merger agreement is terminated, there may be various consequences, including the fact that Valley Green's businesses may have been adversely impacted by the failure to pursue other beneficial opportunities due to the focus of management on the merger, without realizing any of the anticipated benefits of completing the merger.

If the merger agreement is terminated and Valley Green's board of directors seeks another merger or business combination, Valley Green shareholders cannot be certain that Valley Green will be able to find a party willing to offer equivalent or more attractive consideration than the consideration Univest has agreed to provide in the merger.

If the merger agreement is terminated and a different business combination is pursued, Valley Green may be required to pay a termination fee of \$3.0 million to Univest under certain circumstances. See *The Merger Agreement Termination Fee* beginning on page 76.

The unaudited pro forma financial data included in this joint proxy statement/prospectus is preliminary and Univest's actual financial position and results of operations after the merger may differ materially from the unaudited pro forma financial data included in this joint proxy statement/prospectus.

The unaudited pro forma financial data in this joint proxy statement/prospectus is presented for illustrative purposes only and is not necessarily indicative of what the combined company's actual financial position or results of operations would have been had the merger been completed on the dates indicated. The pro forma financial data reflect adjustments, which are based upon preliminary estimates, to record Valley Green's identifiable assets acquired and liabilities assumed at fair value and the resulting goodwill recognized. Accordingly, the final acquisition accounting adjustments may differ materially from the pro forma adjustments reflected in this document.

The opinions obtained from Valley Green's and Univest's respective financial advisors do not reflect changes in circumstances subsequent to the date of the merger agreement.

Valley Green's board of directors obtained a fairness opinion, dated June 17, 2014, from Valley Green's financial advisor, KBW. Univest has obtained a fairness opinion dated as of June 17, 2014, from its financial advisor, Griffin. Neither Valley Green nor Univest has obtained, and neither will obtain, an updated opinion as of the date of this joint

proxy statement/prospectus from their respective financial advisor. Changes in the operations and prospects of Uninvest or Valley Green, general market and economic conditions and other factors that may be beyond the control of Uninvest and Valley Green may alter the value of Uninvest or Valley Green or

Table of Contents

the price of shares of Univest common stock or Valley Green common stock by the time the merger is completed. The opinions do not speak as of the time the merger will be completed or any other date other than the date of such opinions. For a description of KBW's opinion, please see *The Merger Opinion of Keefe, Bruyette & Woods, Inc., Financial Advisor to Valley Green* beginning on page 40 of this joint proxy statement/prospectus. For a description of the opinion that Univest received from Griffin, please see *The Merger Opinion of Griffin Financial Group, LLC, Financial Advisor to Univest* beginning on page 52 of this joint proxy statement/prospectus.

Following the consummation of the merger, investors in the combined company will own an institution with different financial and other characteristics than either Univest or Valley Green on a standalone basis.

Following the consummation of the merger, current shareholders of Univest and Valley Green will become shareholders in a combined company that will have different financial and other characteristics than either company had on a standalone basis. For example, the merger will result in a combined company with higher dollar amounts of total assets, risk-based assets and non-performing assets, including non-performing loans and other real estate owned, from the amounts historically experienced by Univest or Valley Green individually. Although the total dollar amount of non-performing loans will increase for the combined company following the merger, the percentage of non-performing loans to total loans was 1.35% on a combined pro forma basis at June 30, 2014, compared to historical amounts of 1.55% for Univest and 0.40% for Valley Green as of such date. On a pro forma basis, after giving effect to the merger, total risk-based capital as of June 30, 2014 was 12.27%, compared to historical amounts of 13.26% for Univest and 11.86% for Valley Green as of such date. If we are unable to successfully combine the businesses of Univest and Valley Green, our future earnings may be adversely affected, which in turn could adversely impact the amount of capital of the combined company.

The merger agreement may be terminated in accordance with its terms and the merger may not be completed.

The merger agreement is subject to a number of conditions which must be fulfilled in order to complete the merger. Those conditions include, among others: approval of the merger agreement by Univest and Valley Green shareholders, regulatory approvals, absence of orders prohibiting the completion of the merger, effectiveness of the registration statement of which this proxy statement/prospectus is a part, approval of the shares of Univest common stock to be issued to Valley Green shareholders for listing on the Nasdaq Global Select Market, the continued accuracy of the representations and warranties by both parties, the performance by both parties of their covenants and agreements, and the receipt by both parties of legal opinions from their respective tax counsels. See *The Merger Agreement Termination of the Merger Agreement* beginning on page 75 for a more complete discussion of the circumstances under which the merger agreement could be terminated. The conditions to closing of the merger may not be fulfilled and the merger may not be completed.

We may fail to realize all of the anticipated benefits of the merger.

The success of the merger will depend, in part, on our ability to realize the anticipated benefits and cost savings from combining the businesses of Univest and Valley Green. However, to realize these anticipated benefits and cost savings, we must successfully combine the businesses of Univest and Valley Green. If we are not able to achieve these objectives, the anticipated benefits and cost savings of the merger may not be realized fully or at all, or may take longer to realize than expected.

Univest and Valley Green have operated and, until the completion of the merger, will continue to operate, independently. It is possible that the integration process could result in the loss of key employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect our ability to maintain relationships with clients, customers, depositors and employees or to achieve the

anticipated benefits of the merger. Integration efforts between the two companies will also divert management attention and resources. These integration matters could have an adverse effect on Univest or Valley Green during the transition period.

Table of Contents

Another expected benefit from the merger is an expected increase in the revenues of the combined company from anticipated sales of Univest's greater variety of financial products, and from increased lending out of Univest's substantially larger capital base, to Valley Green's existing customers and to new customers in Valley Green's market area who may be attracted by the combined company's enhanced offerings. An inability to successfully market Univest's products to Valley Green's customer base could cause the earnings of the combined company to be less than anticipated.

Failure to complete the merger could negatively affect the market price of Univest's shares common stock.

If the merger is not completed for any reason, Univest will be subject to a number of material risks, including the following:

the market price of its common stock may decline to the extent that the current market price of its common stock already reflects a market assumption that the merger will be completed;

costs relating to the merger, such as legal, accounting and financial advisory fees, must be paid even if the merger is not completed; and

the diversion of management's attention from the day-to-day business operations and the potential disruption to each company's employees and business relationships during the period before the completion of the merger may make it difficult to regain financial and market positions if the merger does not occur.

The combined company will incur significant transaction and merger-related costs in connection with the merger.

Univest and Valley Green expect to incur costs associated with combining the operations of the two companies. Additional unanticipated costs may be incurred in the integration of the businesses of Univest and Valley Green. Whether or not the merger is consummated, Univest and Valley Green will incur substantial expenses, such as legal, accounting, printing and financial advisory fees, in pursuing the merger. Although Univest and Valley Green expect that the elimination of certain duplicative costs, as well as the realization of other efficiencies related to the integration of the businesses may offset incremental transaction and merger-related costs over time, this net benefit may not be achieved in the near term, or at all.

Unanticipated costs relating to the merger could reduce Univest's future earnings per share.

Univest and Valley Green believe that they have reasonably estimated the likely incremental costs of the combined operations of Univest and Valley Green following the merger. However, it is possible that unexpected transaction costs such as taxes, fees or professional expenses or unexpected future operating expenses such as unanticipated costs to integrate the two businesses, increased personnel costs or increased taxes, as well as other types of unanticipated adverse developments, including negative changes in the value of Valley Green's loan portfolio, could have a material adverse effect on the results of operations and financial condition of Univest following the merger. In addition, if actual costs are materially different than expected costs, the merger could have a significant dilutive effect on Univest's earnings per share.

Valley Green will be subject to business uncertainties and contractual restrictions while the merger is pending.

Uncertainty about the effect of the merger on employees and customers may have an adverse effect on Valley Green and consequently on Uninvest. These uncertainties may impair Valley Green's ability to attract, retain and motivate key personnel until the merger is consummated, and could cause customers and others that deal with Valley Green to seek to change existing business relationships with Valley Green. Retention of certain employees may be challenging while the merger is pending, as certain employees may experience uncertainty about their future roles with Uninvest. If key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with Uninvest, Uninvest's business following the merger could be harmed. In addition, the merger agreement restricts Valley Green from making certain acquisitions and taking

Table of Contents

other specified actions until the merger occurs without the consent of Univest. These restrictions may prevent Valley Green from pursuing attractive business opportunities that may arise prior to the completion of the merger. Please see the section entitled *The Merger Agreement Covenants and Agreements* beginning on page 67 of this joint proxy statement/prospectus for a description of the restrictive covenants to which Valley Green is subject under the merger agreement.

If the merger is not completed, Valley Green will have incurred substantial expenses without realizing the expected benefits of the merger.

Valley Green has incurred substantial expenses in connection with the merger. The completion of the merger depends on the satisfaction of specified conditions and the receipt of regulatory approvals and the approval of Univest's and Valley Green's shareholders. Valley Green cannot guarantee that these conditions will be met. If the merger is not completed, these expenses could have an adverse impact on Valley Green's financial condition and results of operations on a stand-alone basis.

Future governmental regulation and legislation, including the Dodd-Frank Act and the implementation of Basel III capital standards, could limit Univest's future growth.

Univest and its subsidiaries are subject to extensive state and federal regulation, supervision and legislation that govern almost all aspects of the operations of Univest. These laws may change from time to time and are primarily intended for the protection of consumers, depositors and the deposit insurance fund. Any changes to these laws may negatively affect Univest's ability to expand its services and to increase the value of its business. Although we cannot predict what effect any presently contemplated or future changes in the laws or regulations or their interpretations would have on Univest, these changes could be materially adverse to Univest.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This joint proxy statement/prospectus contains or incorporates by reference a number of forward-looking statements, including statements about the financial conditions, results of operations, earnings outlook and prospects of Univest, Valley Green and the potential combined company and may include statements for the period following the completion of the merger. Forward-looking statements are typically identified by words such as plan, believe, expect, anticipate, intend, outlook, estimate, forecast, project and other similar words and expressions.

The forward-looking statements involve certain risks and uncertainties. The ability of either Univest or Valley Green to predict results or the actual effects of its plans and strategies, or those of the combined company, is subject to inherent uncertainty. Factors that may cause actual results or earnings to differ materially from such forward-looking statements include those set forth on page 29 under *Risk Factors*, as well as, among others, the following:

those discussed and identified in public filings with the SEC made by Univest;

completion of the merger is dependent on, among other things, receipt of shareholder and regulatory approvals, the timing of which cannot be predicted with precision and which may not be received at all;

the merger may be more expensive to complete than anticipated, including as a result of unexpected factors or events;

higher than expected increases in Univest's or Valley Green's loan losses or in the level of nonperforming loans;

a continued weakness or unexpected decline in the U.S. economy, in particular in southeast Pennsylvania;

a continued or unexpected decline in real estate values within Univest's and Valley Green's market areas;

unanticipated reduction in Univest's or Valley Green's respective deposit bases or funding sources;

government intervention in the U.S. financial system and the effects of and changes in trade and monetary and fiscal policies and laws, including the interest rate policies of the FRB;

legislative and regulatory actions could subject Univest to additional regulatory oversight which may result in increased compliance costs and/or require Univest to change its business model;

the integration of Valley Green's business and operations with those of Univest may take longer than anticipated, may be more costly than anticipated and may have unanticipated adverse results relating to Valley Green's or Univest's existing businesses; and

the anticipated cost savings and other synergies of the merger may take longer to be realized or may not be achieved in their entirety, and attrition in key client, partner and other relationships relating to the merger may be greater than expected.

Because these forward-looking statements are subject to assumptions and uncertainties, actual results may differ materially from those expressed or implied by these forward-looking statements. You are cautioned not to place undue reliance on these statements, which speak only as of the date of this joint proxy statement/prospectus or the date of any document incorporated by reference in this joint proxy statement/prospectus.

All subsequent written and oral forward-looking statements concerning the merger or other matters addressed in this joint proxy statement/prospectus and attributable to Univest or Valley Green or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this joint proxy statement/prospectus. Except to the extent required by applicable law or regulation, Univest and Valley Green undertake no obligation to update these forward-looking statements to reflect events or circumstances after the date of this joint proxy statement/prospectus or to reflect the occurrence of unanticipated events.

THE MERGER

Background of the Merger

The Valley Green board has periodically reviewed the competitive environment in its market area as well as merger and acquisition activity in the financial services industry in general and in Pennsylvania in particular. The Valley Green board of directors and management have also been aware in recent years of changes in the financial services industry and the regulatory environment as well as the competitive challenges facing a financial institution such as Valley Green. These challenges have included increasing government regulations, increasing expense burdens and commitments for technology and training, and increasing competition in the delivery of financial products and services combined with increased customer expectations for the availability of sophisticated financial products and services from financial institutions. The most concerning of these factors has been the significant regulatory burden for smaller community banks.

Periodically during 2013, executive officers of Valley Green discussed Valley Green's strategic alternatives and the overall banking industry environment with representatives of Keefe, Bruyette & Woods, Inc. (KBW), an investment banking firm. On January 30, 2014, Valley Green's board of directors met to discuss the process of reviewing strategic alternatives. Representatives of KBW also attended this meeting. The strategic alternatives considered by Valley Green's board and management included, among other things, continuing on-going operations as an independent institution, acquiring other depository institutions, opening new branch offices or buying other financial services firms engaged in complementary lines of business and entering into a merger or acquisition transaction with a similarly sized or larger institution.

Between January 30, 2014 and April 18, 2014, Valley Green's management held a number of conversations and meetings with representatives of KBW to discuss Valley Green's bank markets, customers, and strategic plan.

At a lunch meeting on March 7, 2014, Jeffrey M. Schweitzer, President and CEO of Univest, and Jay R. Goldstein, President and CEO of Valley Green, discussed the business models of both companies and future growth plans, including expansion of their respective geographic markets. Mr. Schweitzer indicated that Univest had discussed entering the Philadelphia market and that Philadelphia was now part of Univest's assessment area for CRA purposes. Mr. Goldstein indicated that Valley Green was looking for either a strategic partner (acquisition) or to develop a strategic plan and a future liquidity event. Mr. Schweitzer agreed to discuss the opportunity of acquiring Valley Green with the Univest Board and to get back to Mr. Goldstein on the level of the Univest Board's interest in an acquisition of Valley Green.

On April 18, 2014, Mr. Schweitzer, Mr. Goldstein, William S. Aichele, Chairman of Univest, and Algot F. Thorell, Jr, Chairman of Valley Green met for lunch and a tour of Valley Green's headquarters. Discussions once again centered around business models, culture and philosophies and potential deal structures and preliminary pricing.

On April 22, 2014, Mr. Schweitzer phoned Mr. Goldstein to discuss roles for Messrs. Goldstein and Thorell going forward and to set up a meeting for April 25, 2014 to discuss terms of a potential merger pending a Univest Board meeting on April 23, 2014.

On April 25, 2014, Mr. Schweitzer and Mr. Goldstein met for lunch in North Wales. Mr. Schweitzer delivered Univest's initial non-binding indication of interest and discussed the terms of the indication of interest with Mr. Goldstein.

On April 29, 2014, the board of directors of Valley Green discussed the terms of the indication of interest and authorized a sub-committee of the board to negotiate the terms of a merger.

Table of Contents

On April 30, 2014, Mr. Thorell and Mr. Goldstein discussed with representatives of KBW the potential for a business combination of Valley Green with and into Univest Bank.

The discussion in late April 2014 was general in nature and touched on topics such as the potential operating synergies that might be achieved, expense reductions from the combined operations and general business terms contained in the indication of interest that typically have to be negotiated in a definitive agreement.

Between May 1, 2014 and May 8, 2014, Valley Green's management held a number of conversations and meetings with representatives of KBW to discuss the terms of the indication of interest including price and operation of Valley Green as a separate division.

On May 8, 2014, a revised indication of interest and no-shop agreement proposing an all stock merger of Valley Green into Univest Bank at a price per share equal to \$27.00 was delivered to Valley Green by Univest.

On May 15, 2014, Univest, Griffin, and Univest's third party loan reviewers and legal counsel began conducting initial due diligence using an electronic data site.

From May 24, 2014 through May 30, 2014, Univest's third party loan reviewers conducted extensive on-site due diligence at Valley Green's headquarters.

On May 28, 2014, representatives from Univest and Griffin also conducted on-site due diligence at Valley Green's headquarters, and representatives from Univest toured Valley Green's south Philadelphia branch.

On May 29, 2014, Valley Green's management and representatives from Univest discussed employee matters and negotiated employee retention and severance terms. KBW also participated in these discussions as financial advisor to Valley Green.

On May 31, 2014, Univest's legal counsel circulated an initial draft of the merger agreement to Valley Green. The draft merger agreement provided for, among other things, (i) a fixed exchange ratio of 1.35 (assumes a purchase price of \$27.00 per share of Valley Green common stock and a fixed value of Univest common stock at \$20.00 per share), and (ii) in the event of termination of the merger agreement, an expense reimbursement fee of \$1.0 million and a termination fee of \$3.5 million.

On June 3, 2014, Valley Green's management and representatives from Univest met at Univest headquarters to tour the facilities and discuss the post-merger operation of the Valley Green Bank division of Univest Bank.

Also on June 3, 2014, Valley Green proposed revisions to the draft merger agreement that would provide for, among other things, (i) a floating exchange ratio to be calculated as \$27.00 divided by Univest's common stock price using a 20 day average of the initial and closing prices of Univest's common stock as quoted on Nasdaq, with a 10% cap and collar (that is, even if the average of the initial and closing prices of Univest's common stock on Nasdaq changed by more than 10% from the closing price on the last trading day prior to the date of the merger agreement, the exchange ratio would not change by more than 10% in either direction), and (ii) in the event of termination of the merger agreement, no reimbursement of expenses and a reduction of the termination fee to \$3.0 million.

On June 5, 2014, representatives of Valley Green's board met with the nominating committee of Univest's board of directors to discuss the appointment of Valley Green directors to be appointed to Univest's board of directors upon completion of the merger.

On June 9, 2014, Valley Green conducted due diligence with respect to Uninvest at Griffin's office in Philadelphia, Pennsylvania.

On June 10, 2014, a revised draft merger agreement was circulated by Univest's legal counsel providing for, among other things, (i) a floating exchange ratio to be calculated as \$27.00 divided by the Univest common stock price using a 20 day average of the high and low sale prices of Univest common stock as quoted on Nasdaq immediately preceding the date of receipt of the last regulatory approval required to consummate the transaction, with a 7.5% cap and collar, and (ii) in the event of termination of the merger agreement, expense reimbursement of actual fees and expenses incurred, with a cap of \$500,000, and a termination fee of \$3.0 million.

On June 11, 2014, Valley Green circulated a proposed revisions to the draft merger agreement that would provide for, among other things, a floating exchange ratio to be calculated as \$27.00 divided by Univest's common stock price using a 20 day average of the closing price of Univest's common stock as quoted on Nasdaq immediately preceding the effective time of the merger, with a 10% cap and collar.

In addition, between May 1, 2104 and June 17, 2014, Valley Green and Univest engaged in open dialogue and negotiations relating to the continued operation of Valley Green Bank as a division of Univest Bank, the appointment of Jay R. Goldstein and Michael Turner to the board of directors of Univest, and the employment agreements to be entered into by Univest and each of Messrs. Goldstein, Marino and Thorell.

From the initial delivery of a draft of the merger agreement on May 31, 2014 through June 17, 2014, Stevens & Lee, as counsel to Univest, and Stradley Ronon Stevens & Young, as counsel to Valley Green, and Kleinbard Bell & Brecker as counsel to Mr. Goldstein, Mr. Marino, and Mr. Thorell, exchanged multiple drafts of the merger agreement and employment agreements for three key members of Valley Green management.

Counsel for the parties conducted an extensive negotiation of the terms of the merger agreement, including the exchange of additional drafts of the merger agreement. The area of focus included the collars on the exchange ratio of Univest common stock for Valley Green common stock, the ability of Valley Green to terminate the merger agreement upon a significant reduction in the trading price of Univest common stock, and the circumstances in which the termination fee and expense reimbursement fee would be paid. Throughout the course of negotiations, Stevens & Lee and Stradley Ronon Stevens & Young each had several conversations with management of their respective clients regarding the developments and progress of the negotiations and received input from management regarding the issues emerging from such negotiations.

On June 17, 2014, Valley Green's board of directors held a special meeting to review the merger proposal as set forth in the definitive merger agreement and related documents negotiated by Valley Green and Univest and their respective advisors. The Valley Green board received a presentation regarding the results of due diligence conducted on Univest from Valley Green's management. At the meeting, KBW reviewed with Valley Green's board of directors the financial aspects of the proposed merger and rendered to the board an oral opinion (which was confirmed by a written opinion, dated June 17, 2014) to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in its written opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of Valley Green common stock. After careful and deliberate consideration of the presentations as well as the interests of Valley Green's shareholders, customers, employees and communities served by Valley Green, Valley Green's board of directors unanimously (i) determined that the merger agreement and the transactions contemplated thereby were advisable and fair to and in the best interests of Valley Green, (ii) approved and adopted the merger agreement and approved the merger and the other transactions contemplated thereby and (iii) subject to the board's fiduciary duties, recommended the approval and adoption of the merger agreement and the transactions contemplated thereby by Valley Green's shareholders.

On June 17, 2014, the board of directors of Univest held a special meeting to review the final draft of the merger agreement. Stevens & Lee reviewed the provisions of the merger agreement in detail with the board of directors. Griffin reviewed its financial analysis of the merger consideration and delivered its opinion that, as of that date and subject to assumptions made, procedures followed, matters considered and limitations on the review undertaken set forth in the opinion, the merger consideration to be paid to the holders of Valley Green's common

stock was fair, from a financial point of view, to Univest. After careful consideration of these presentations and further discussion, the Univest board of directors unanimously approved the merger agreement and agreed to recommend that Univest's shareholders adopt and approve the merger agreement and the merger.

The parties exchanged signature pages for the merger agreement after the market closed on June 17, 2014, and on June 18, 2014, before the opening of the markets, Valley Green and Univest issued a joint press release announcing the execution of the merger agreement.

Valley Green's Reasons for the Merger

In reaching its conclusion to approve the merger and the merger agreement and recommend that Valley Green's shareholders vote **FOR** adoption of the merger agreement, Valley Green's board of directors, at its meeting held on June 17, 2014, considered the merger agreement and determined it to be fair to, advisable and in the best interests of Valley Green, its shareholders and its other constituencies. Valley Green's board of directors unanimously voted in favor of the merger agreement and the transactions it contemplates. In evaluating the merger, Valley Green's board of directors consulted with management, as well as Valley Green's legal and financial advisors, and considered a number of factors, including:

a review of Valley Green's current business, operations, earnings, financial condition and prospects and of Univest's current business, operations, earnings, financial condition and prospects, taking into account its familiarity with Univest, its management and the results of Valley Green's due diligence review of Univest;

knowledge of the current environment in the financial services industry, including economic conditions, the continuing consolidation, increasing operating costs resulting from regulatory initiatives and compliance mandates, increasing competition from larger regional institutions and current financial market conditions and the likely effects of these factors on Valley Green's potential growth, productivity and strategic options;

the terms and conditions of the merger, including both the amount and nature of the consideration proposed to be paid in connection with the merger and Valley Green's board's assessment of the likelihood that the merger would be completed in a timely manner;

the fact that Valley Green shareholders will receive a significant premium;

the fact that Valley Green would continue to operate as a separate banking division of Univest Bank for at least 24 months following completion of the merger;

the financial presentation of KBW, including its opinion, dated June 17, 2014, as more fully described below under the caption "Opinion of Keefe, Bruyette & Woods, Inc., Financial Advisor to Valley Green";

the fact that Valley Green's stock is not very liquid and that Univest's stock trades on The Nasdaq Global Select Market which provides greater liquidity;

the fact that the merger consideration will be tax-free to Valley Green shareholders;

the current Univest cash dividend rate;

expansion of the Univest board to include two former Valley Green directors;

the fact that the merger is not expected to result in significant employment loss for current Valley Green employees;

the fact that no Valley Green Bank branch closings are anticipated;

the opportunity to offer Valley Green's customers additional products and services;

the potential cost saving opportunities; and

Table of Contents

the positive anticipated impact of the merger on Valley Green Bank's employees and the surrounding community.

Valley Green's board of directors also considered a variety of risks and other potentially negative factors concerning the merger, including, without limitation, the following factors:

the risk that potential benefits of the merger, including possible synergies, might not be realized;

the possibility that the consummation of the merger may be delayed, or not occur;

the incurrence of substantial expenses related to the merger, including transaction expenses and integration costs;

the time commitment of management to effectuate the merger; and

the other potential risks described under the heading "Risk Factors" in this joint proxy statement/prospectus. The foregoing discussion of the information and factors considered by Valley Green's board of directors is not exhaustive, but includes the material factors considered by the board. In view of the wide variety of factors considered by the board of directors in connection with its evaluation of the merger and the complexity of these matters, the board of directors did not consider it practical to, and did not attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. Valley Green's board of directors evaluated the factors described above. In considering the factors described above, individual members of Valley Green's board of directors may have given different weights to different factors. It should also be noted that this explanation of the reasoning of Valley Green's board of directors and all other information presented in this section are forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading "Cautionary Statement Regarding Forward-Looking Statements" on page 35.

Recommendation of Valley Green's Board of Directors

Valley Green's board of directors believes that the terms of the transaction are in the best interests of Valley Green and its shareholders and has unanimously approved the merger agreement. **Accordingly, Valley Green's board of directors unanimously recommends that Valley Green's shareholders vote FOR adoption of the merger agreement.**

Opinion of Keefe, Bruyette & Woods, Inc., Financial Advisor to Valley Green

Valley Green engaged KBW to render financial advisory and investment banking services to Valley Green, including an opinion to the Valley Green board of directors as to the fairness, from a financial point of view, to the holders of Valley Green common stock of the exchange ratio in the proposed merger. Valley Green selected KBW because KBW is a nationally recognized investment banking firm with substantial experience in transactions similar to the merger. As part of its investment banking business, KBW is continually engaged in the valuation of financial services businesses and their securities in connection with mergers and acquisitions.

At the meeting held on June 17, 2014 at which the Valley Green board evaluated the proposed merger, KBW reviewed the financial aspects of the proposed merger and rendered an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in such opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of Valley Green common stock. The Valley Green board approved the merger agreement at this meeting.

The description of the opinion set forth herein is qualified in its entirety by reference to the full text of the opinion, which is attached as Annex B to this document and is incorporated herein by reference, and describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW in preparing the opinion.

Table of Contents

KBW's opinion speaks only as of the date of the opinion. The opinion was for the information of, and was directed to, the Valley Green board (in its capacity as such) in connection with its consideration of the financial terms of the merger. The opinion addressed only the fairness, from a financial point of view, of the exchange ratio in the merger to the holders of Valley Green common stock. It did not address the underlying business decision of Valley Green to engage in the merger or enter into the merger agreement. KBW's opinion did not and does not constitute a recommendation to the Valley Green board in connection with the merger, and it does not constitute a recommendation to any Valley Green shareholder or any shareholder of any other entity as to how to vote in connection with the merger or any other matter, nor does it constitute a recommendation on whether or not any Valley Green shareholder should enter into a voting, shareholders' or affiliates' agreement with respect to the merger or exercise any dissenters' or appraisal rights that may be available to such shareholder.

KBW's opinion was reviewed and approved by KBW's Fairness Opinion Committee in conformity with its policies and procedures established under the requirements of Rule 5150 of the Financial Industry Regulatory Authority.

In connection with the opinion, KBW reviewed, analyzed and relied upon material bearing upon the merger and the financial and operating condition of Valley Green and Univest, including, among other things:

a draft, dated June 16, 2014, of the merger agreement (the most recent draft then made available to KBW);

the audited financial statements for the three fiscal years ended December 31, 2013 for Valley Green;

the audited financial statements and Annual Reports on Form 10-K for the three fiscal years ended December 31, 2013 of Univest;

the unaudited financial statements and quarterly report on Form 10-Q for the fiscal quarter ended March 31, 2014 of Univest;

the quarterly call reports filed with respect to each quarter during the three years ended March 31, 2014 of Valley Green;

certain other interim reports and other communications of Valley Green and Univest to their respective shareholders; and

other financial information concerning the businesses and operations of Valley Green and Univest furnished to KBW by Valley Green and Univest or which KBW was otherwise directed to use for purposes of its analysis.

KBW's consideration of financial information and other factors that it deemed appropriate under the circumstances or relevant to its analyses included, among others, the following:

the historical and current financial position and results of operations of Valley Green and Uninvest;

the assets and liabilities of Valley Green and Uninvest;

the nature and terms of certain other merger transactions and business combinations in the banking industry;

a comparison of certain financial information of Valley Green and certain financial and stock market information for Uninvest with similar information for certain other companies the securities of which are publicly traded;

financial and operating forecasts and projections of Valley Green which were prepared by Valley Green management, provided to and discussed with KBW by such management, and used and relied upon by KBW at the direction of such management with the consent of the Valley Green board;

Table of Contents

financial and operating forecasts and projections of Univest which were prepared by Univest management, provided to and discussed with KBW by such management, and used and relied upon by KBW at the direction of such management with the consent of the Valley Green board; and

estimates regarding certain pro forma financial effects of the merger on Univest (including, without limitation, the cost savings and related expenses expected to result from the merger as well as certain accounting adjustments assumed with respect thereto) that were prepared by Univest management, provided to and discussed with KBW by such management and used and relied upon by KBW at the direction of such management with the consent of the Valley Green board.

KBW also performed such other studies and analyses as it considered appropriate and took into account its assessment of general economic, market and financial conditions and its experience in other transactions, as well as its experience in securities valuation and knowledge of the banking industry generally. KBW also held discussions with senior management of Valley Green and Univest regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters that KBW deemed relevant to its inquiry.

In conducting its review and arriving at its opinion, KBW relied upon and assumed the accuracy and completeness of all of the financial and other information provided to it or publicly available and did not independently verify the accuracy or completeness of any such information or assume any responsibility or liability for such verification, accuracy or completeness. KBW relied upon the respective managements of Valley Green and Univest as to the reasonableness and achievability of the financial and operating forecasts and projections of Valley Green and Univest (and the assumptions and bases therefor) that were prepared by such managements and provided to and discussed with KBW by such managements, and KBW assumed that such forecasts and projections were reasonably prepared on a basis reflecting the best available estimates and judgments of such managements and that such forecasts and projections would be realized in the amounts and in the time periods estimated by such managements. KBW further relied upon Univest management as to the reasonableness and achievability of the estimates regarding certain pro forma financial effects of the merger on Univest that were prepared by Univest management and provided to and discussed with KBW by such management (and the assumptions and bases therefor, including without limitation cost savings and related expenses expected to result from the merger as well as certain accounting adjustments assumed with respect thereto). KBW assumed, with the consent of Valley Green, that all such estimates were reasonably prepared on a basis reflecting the best currently available estimates and judgments of Univest management and that such forecasts, estimates and projected data reflected in such information would be realized in the amounts and in the time periods estimated by such management.

The forecasts, projections and estimates of Valley Green and Univest prepared and provided to KBW by the respective managements of Valley Green and Univest were not prepared with the expectation of public disclosure. All such information was based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such forecasts, projections and estimates. KBW assumed, based on discussions with the respective managements of Valley Green and Univest, that such forecasts, projections and estimates of Valley Green and Univest referred to above, provided a reasonable basis upon which KBW could form its opinion and KBW expressed no view as to any such information or the assumptions or bases therefor. KBW relied on all such information without independent verification or analysis and did not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

KBW assumed that there were no material, undisclosed changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Valley Green or Univest since the date of the last financial

Table of Contents

statements of each such entity that were made available to KBW. KBW is not an expert in the independent verification of the adequacy of allowances for loan and lease losses and KBW assumed, without independent verification and with Valley Green's consent, that the aggregate allowances for loan and lease losses for Valley Green and Univest were adequate to cover such losses. In rendering its opinion, KBW did not make or obtain any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of Valley Green or Univest, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor did KBW examine any individual loan or credit files, nor did it evaluate the solvency, financial capability or fair value of Valley Green or Univest under any state or federal laws, including those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, KBW assumed no responsibility or liability for their accuracy.

KBW assumed that, in all respects material to its analyses:

the merger and any related transactions would be completed substantially in accordance with the terms set forth in the merger agreement (the final terms of which KBW assumed would not differ in any respect material to its analyses from the latest draft of the merger agreement that had been reviewed by it) with no adjustments to the exchange ratio or additional forms of consideration;

the representations and warranties of each party in the merger agreement and in all related documents and instruments referred to in the merger agreement were true and correct;

each party to the merger agreement and all related documents would perform all of the covenants and agreements required to be performed by such party under such documents;

there are no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the merger or any related transaction and that all conditions to the completion of the merger and the related transactions would be satisfied without any waivers or modifications to the merger agreement; and

in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the merger and related transactions, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, would be imposed that would have a material adverse effect on the future results of operations or financial condition of Valley Green, Univest or the combined entity or the contemplated benefits of the merger, including the cost savings and related expenses expected to result from the merger, as well as certain accounting adjustments assumed with respect thereto.

KBW assumed that the merger would be consummated in a manner that complied with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. KBW further assumed that Valley Green relied upon the advice of its counsel, independent accountants and other advisors (other than KBW) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to Valley Green, Univest, the merger and any related transaction, and

the merger agreement. KBW did not provide advice with respect to any such matters.

KBW's opinion addressed only the fairness, from a financial point of view, as of the date of such opinion, of the exchange ratio in the merger to the holders of Valley Green common stock. KBW expressed no view or opinion as to any terms or other aspects of the merger or any related transaction, including without limitation, the form or structure of the merger, any transactions that may be related to the merger, any consequences of the merger to Valley Green, its shareholders, creditors or otherwise, or any terms, aspects or implications of any voting, support, shareholder or other agreements, arrangements or understandings contemplated or entered into in connection with the merger or otherwise. KBW's opinion was necessarily based upon conditions as they existed and could be evaluated on the date of such opinion and the information made available to KBW through such date. reached in KBW's opinion and KBW did not and does not have an obligation to update, revise or reaffirm its opinion. KBW's opinion did not address, and KBW expressed no view or opinion with respect to:

the underlying business decision of Valley Green to engage in the merger or enter into the merger agreement;

the relative merits of the merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by Valley Green or the Valley Green board;

the fairness of the amount or nature of any compensation to any of Valley Green's officers, directors or employees, or any class of such persons, relative to any compensation to the holders of Valley Green common stock;

the effect of the merger or any related transaction on, or the fairness of the consideration to be received by, holders of any class of securities of Valley Green other than the Valley Green common stock (solely with respect to the exchange ratio in the proposed merger and not relative to the consideration to be received by any other class of securities) or any class of securities of Univest or any other party to any transaction contemplated by the merger agreement;

any adjustments to the exchange ratio, whether as a result of the collar mechanism set forth in the merger agreement or as otherwise provided for in the merger agreement;

the actual value of the Univest common stock to be issued in the merger;

the prices, trading range or volume at which Univest common stock would trade following the public announcement of the merger or the consummation of the merger;

any advice or opinions provided by any other advisor to any of the parties to the merger or any other transaction contemplated by the merger agreement; or

any legal, regulatory, accounting, tax or similar matters relating to Valley Green, Univest, their respective shareholders, or relating to or arising out of or as a consequence of the merger or any related transaction, including whether or not the merger would qualify as a tax-free reorganization for United States federal income tax purposes.

In performing its analyses, KBW made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, which are beyond the control of KBW, Valley Green and Univest. Any estimates contained in the analyses performed by KBW are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses.

Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. In addition, the KBW opinion was among several factors taken into consideration by the Valley Green board in making its determination to approve the merger agreement and the merger. Consequently, the analyses described below should not be viewed as determinative of the decision of the Valley Green board with respect to the fairness of the exchange ratio. The type and amount of consideration payable in the merger were determined through negotiation between Valley Green and Univest and the decision to enter into the merger agreement was solely that of the Valley Green board.

The following is a summary of the material financial analyses presented by KBW to the Valley Green board in connection with its opinion. The summary is not a complete description of the financial analyses underlying the opinion or the presentation made by KBW to the Valley Green board, but summarizes the material analyses performed in connection with such opinion. The preparation of a fairness opinion is a complex analytic process involving various determinations as to appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, KBW did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of

each analysis and factor. The financial analyses summarized below include information presented in tabular format. Accordingly, KBW believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion. The tables alone do not constitute a complete description of the financial analyses. For purposes of the financial analyses described below, KBW utilized an implied transaction value for the proposed merger of \$27.00 per share of Valley Green common stock (based on the per share dollar amount set forth in the merger exchange ratio formula pursuant to the merger agreement) and an assumed exchange ratio in the proposed merger of 1.3454x (calculated by dividing \$27.00 per share by Uninvest's average 20 trading-day closing price of \$20.07 for the period ending on June 16, 2014).

For each selected transaction, KBW derived the ratio of the transaction consideration value per common share paid for the acquired company to the following, in each case based on the acquired company's then latest publicly available financial statements prior to the announcement of the acquisition:

Tangible book value per share of the acquired company;

Tangible equity premium to core deposits (total deposits less time deposits greater than \$100,000); and

LTM EPS of the acquired company.

The resulting transaction multiples and premiums for the selected transactions were compared with the corresponding transaction multiples and premiums for the proposed merger based on the implied value of the merger consideration of \$27.00 per share of Valley Green common stock and using historical financial information for Valley Green as of March 31, 2014.

Table of Contents

The results of the analysis are set forth in the following table (excluding the impact of the core deposit premium for one of the selected transactions, which core deposit premium was considered to be not meaningful):

Transaction Price to:	Univest / Valley Green Merger	Selected Transactions Average	Selected Transactions Median	Selected Transactions 25th Percentile	Selected Transactions 75th Percentile

No company or transaction used as a comparison in the above analysis is identical to Valley Green or the proposed merger. Accordingly, an analysis of these results is not mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies involved.

Relative Contribution Analysis. KBW analyzed the relative standalone contribution of Univest and Valley Green to various pro forma balance sheet and income statement items and the pro forma market capitalization of the combined entity. This analysis did not include purchase accounting adjustments. To perform this analysis, KBW used balance sheet data for Univest and Valley Green as of March 31, 2014, historical earnings data for Univest and Valley Green, and 2014 earnings estimates for Univest and Valley Green provided by Univest management and Valley Green management, respectively. The results of KBW's analysis are set forth in the following table, which also compares the results of KBW's analysis with the implied pro forma ownership percentages of Univest and Valley Green shareholders in the combined company based on an assumed exchange ratio in the proposed merger of 1.3454x:

	Univest as a % of Total	Valley Green as a % of Total
Ownership		
100% stock (1.3454x exchange ratio)	81%	19%
Balance Sheet		
Assets	86%	14%
Gross Loans Held for Investment	83%	17%
Deposits	85%	15%
Tangible Common Equity	86%	14%

2013 Actual Net Income	82%	18%
2014 Q1 Annualized Net Income	80%	20%
2014 Net Income	80%	20%

Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis to estimate a range for the implied equity value of Valley Green. In this analysis, KBW used financial forecasts and projections relating to the earnings and assets of Valley Green prepared and provided to KBW by Valley Green management, and assumed discount rates ranging from 13.0% to 17.0%. The ranges of values were derived by adding (i) the present value of the estimated free cash flows that Valley Green could generate over the five-year period from 2014 to 2019 as a standalone company,

and (ii) the present value of Valley Green's implied terminal value at the end of such period. KBW assumed that Valley Green would maintain a tangible common equity to tangible assets ratio of 8.00% and would retain sufficient earnings to maintain that level based on these assumptions. In calculating the terminal value of Valley Green, KBW applied a range of 10.0x to 14.0x estimated 2020 net income. This discounted cash flow analysis resulted in a range of implied values per share of Valley Green common stock of \$20.04 per share to \$30.70 per share.

Table of Contents

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values, dividend payout rates, and discount rates. The analysis did not purport to be indicative of the actual values or expected values of Valley Green.

Pro Forma Financial Impact Analysis. KBW performed a pro forma financial impact analysis that combined projected income statement and balance sheet information of Univest and Valley Green. Using closing balance sheet estimates as of December 31, 2014 for Univest and Valley Green, financial forecasts and projections relating to the earnings of Univest and Valley Green and pro forma assumptions (including, without limitation, the cost savings and related expenses expected to result from the merger as well as certain accounting adjustments assumed with respect thereto), in each case provided by Univest management and discussed with Valley Green management, and an assumed exchange ratio of an assumed exchange ratio in the proposed merger of 1.3454x, KBW analyzed the estimated financial impact of the merger on certain projected financial results. This analysis indicated that the merger could be accretive to Univest's 2015 and 2016 estimated EPS and dilutive to Univest's estimated tangible book value per share as of December 31, 2014. Furthermore, the analysis indicated that each of Univest's tangible common equity to tangible assets ratio, leverage ratio, Tier 1 Risk-Based Capital Ratio and Total Risk Based Capital Ratio as of December 31, 2014 could be lower. For all of the above analysis, the actual results achieved by Univest's following the merger may vary from the projected results, and the variations may be material.

Miscellaneous. KBW acted as financial advisor to Valley Green in connection with the proposed merger and did not act as an advisor to or agent of any other person. As part of its investment banking business, KBW is continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, KBW has experience in, and knowledge of, the valuation of banking enterprises. In the ordinary course of its business as a broker-dealer, KBW may from time to time purchase securities from, and sell securities to, Valley Green and Univest. As a market maker in securities, KBW may from time to time have a long or short position in, and buy or sell, debt or equity securities of Valley Green or Univest for its own account and for the accounts of its customers. To the extent KBW had any such position as of the date of KBW's opinion, it was disclosed to Valley Green.

Pursuant to the KBW engagement agreement, Valley Green agreed to pay KBW a cash fee equal to 1.35% of the aggregate merger consideration, \$250,000 of which fee became payable to KBW upon the rendering of the opinion and the balance of which is contingent upon the consummation of the merger. Valley Green also has agreed to reimburse KBW for reasonable out-of-pocket expenses and disbursements incurred in connection with its retention and to indemnify KBW against certain liabilities relating to or arising out of KBW's engagement or KBW's role in connection therewith. Other than this present engagement, during the two years preceding the date of its opinion, KBW has not provided investment banking and financial advisory services to Valley Green. During the two years preceding the date of its opinion, KBW has not provided investment banking and financial advisory services to Univest. KBW may in the future provide investment banking and financial advisory services to Valley Green or Univest and receive compensation for such services.

Univest's Reasons for the Merger

The board of directors and senior management of Univest periodically review and evaluate the economic and regulatory environments in which Univest and its affiliated companies operate. Part of this review in recent years has included an acknowledgement of the effects of additional oversight and regulation on revenues, expenses and capital requirements for financial institutions, particularly community banks, as a result of the passage in 2010 of the Dodd-Frank Act and other factors. The board of directors and senior management generally believe that greater size

and scale can help a community-oriented financial institution address the costs of anticipated additional regulation as well as provide additional revenue opportunities. In light of these observations, Univest has elected to pursue a controlled growth strategy, which may include both organic growth and the targeted acquisition of other financial institutions with strong performance characteristics in Univest's market area or in contiguous market areas.

Table of Contents

Univest entered into the merger agreement to further implement this strategy, as well as to provide additional opportunities for revenue growth. Univest's board of directors reviewed and discussed the transaction with senior management, as well as its financial and legal advisors, in unanimously determining that the merger was advisable and in the best interests of Univest. In reaching its determination, the Univest board of directors considered a number of factors, including the following:

the board's understanding of the business operations, management, financial condition, asset quality, product offerings, and prospects of Valley Green based on, among other things, presentations of management and Univest's financial advisor;

the board's concurrence with management that the merger provides Univest with an expansion opportunity into a favorable market that extends the Univest market area contiguously to the south;

the board's view that Valley Green's product offerings and business mix are compatible with those of Univest and provide Univest with opportunities to accelerate loan growth and to build upon the market share of secondary market loan generations, as well as opportunities to expand Univest's insurance, wealth management, and mortgage banking activities;

the board's understanding, based on information then available, that the merger is expected to be accretive to earnings, excluding merger costs, in the first 12 months following the closing;

the results of the due diligence examination of Valley Green and its business operations, including asset quality and composition of its investment portfolio, undertaken by management with the assistance of Univest's financial advisor;

the board's assessment of the compatibility of the respective employee and business cultures of Univest and Valley Green and the ability of Univest Bank to effectively operate the Valley Green Bank Division as a separate banking division of Univest Bank;

the board's view that the combined company will have the potential for a stronger competitive position in a market place where relatively greater size and scale may become increasingly more important factors for financial performance and success;

the financial information and analyses presented by Univest's financial advisor, Griffin, and the opinion of Griffin to the effect that, as of the date of such opinion, based on and subject to the factors and assumptions set forth in the opinion, the consideration to be paid in the merger is fair from a financial point of view to Univest; and

the review by the board of directors with, Stevens & Lee, its legal advisor, and Griffin, its financial advisor, of the structure of the merger and the financial and other terms of the merger agreement.

The foregoing discussion of the information and factors considered by Univest's board of directors is not exhaustive, but includes the material factors considered by the board. In view of the wide variety of factors considered by the board of directors of Univest in connection with its evaluation of the merger and the complexity of these matters, the board of directors did not consider it practical to, and did not attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. Univest's board of directors evaluated the factors described above, including asking questions of Univest's legal and financial advisors. In considering the factors described above, individual members of Univest's board of directors may have given different weights to different factors. The board of directors relied on the experience and expertise of its legal advisors regarding the structure of the merger and the terms of the merger agreement and on the experience and expertise of its financial advisors for quantitative analysis of the financial terms of the merger. It should also be noted that this explanation of the reasoning of Univest's board of directors and all other information presented in this section are forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading *Cautionary Statement Regarding Forward-Looking Statements* on page 35.

Recommendation of Uninvest's Board of Directors

Uninvest's board of directors believes that the terms of the transaction are in the best interests of Uninvest and its shareholders and has unanimously approved the merger agreement. **Accordingly, Uninvest's board of directors unanimously recommends that Uninvest shareholders vote FOR adoption of the merger agreement.**

Opinion of Griffin Financial Group, LLC, Financial Advisor to Uninvest

Pursuant to an engagement letter dated May 8, 2014, Uninvest engaged Griffin to act as Uninvest's financial advisor in connection with a potential acquisition of Valley Green. Griffin is a nationally recognized investment banking firm which is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. Uninvest hired Griffin on the basis of Griffin's qualifications, experience in transactions similar to the merger and its reputation in the investment community to provide its opinion as to the fairness, from a financial point of view, of the merger consideration (as defined in the merger agreement) to be paid by the Company in the proposed merger of the Company's wholly owned subsidiary Uninvest Bank and Trust Co. with Valley Green Bank. Griffin is a FINRA licensed investment banking firm with substantial experience in transactions similar to the merger involving financial institutions.

At a meeting of the Uninvest board of directors held on June 17, 2014, to evaluate the proposed acquisition of Valley Green, Griffin reviewed the financial aspects of the proposed merger and provided its opinion to Uninvest's board of directors that, as of such date, and subject to factors, qualifications, limitations and assumptions set forth in the opinion, the merger consideration to be paid by Uninvest in connection with the proposed merger was fair, from a financial point of view to the shareholders of Uninvest.

The full text of Griffin's written opinion is attached as Annex C to this proxy statement/prospectus and is incorporated herein by reference. Uninvest's shareholders are urged to read the opinion in its entirety for a description of the assumptions made, matters considered, procedures followed and qualifications and limitations on the review undertaken by Griffin. The Griffin opinion is subject to the assumptions and conditions contained in its opinion and is necessarily based on economic, market and other conditions as in effect on, and the information made available to Griffin as of, the date of its opinion. The description of the opinion set forth herein is qualified in its entirety by reference to the full text of such opinion.

Griffin's opinion speaks only as of the date of the opinion. The opinion is directed to the Uninvest board and is limited to the fairness, from a financial point of view, to the common equity shareholders of Uninvest with regard to the consideration paid in the merger. Griffin does not express an opinion as to the underlying decision by Uninvest to engage in the merger or the relative merits of the merger compared to other strategic alternatives which may be available to Uninvest.

In providing its opinion, Griffin:

- (i) reviewed a draft, dated June 16, 2014, of the merger agreement (the latest draft made available to Griffin);
- (ii) reviewed and discussed with the Company and Valley Green their respective financial information as of and for the three months ended March 31, 2014 and as of and for the 12-month periods ended December 31, 2013 and December 31, 2012;

- (iii) discussed with the managements of the Company and Valley Green matters relating to their respective financial condition, growth, liquidity, earnings, profitability, asset quality, capital adequacy, stock market valuation (as applicable), future prospects, and related matters as of such dates and for the periods then ended;
- (iv) analyzed and discussed with the Company and Valley Green the potential strategic implications and operational benefits anticipated by the managements of the Company and Valley Green;
- (v) evaluated the potential pro forma financial effects of the merger on the Company on a forward-looking basis;

Table of Contents

- (vi) reviewed and discussed with the Company and Valley Green certain publicly available business and financial information concerning the Company and Valley Green and the economic and regulatory environments in which they operate;
- (vii) compared the proposed financial terms of the merger with the publicly available financial terms of certain transactions involving whole bank acquisitions that Griffin deemed relevant;
- (viii) compared the financial condition and implied valuation of Valley Green to the financial condition and valuation of certain institutions Griffin deemed relevant;
- (ix) performed a discounted cash flow analysis;
- (x) considered Univest's ownership structure, its stock market performance, and the trading history of its common stock which is being used as the merger consideration; and
- (xi) undertook such other financial studies and analyses and considered such other information as Griffin deemed appropriate for the purpose of determining its opinion.

In conducting its review and providing its opinion, Griffin relied upon the accuracy and completeness of information which was publicly available to Griffin or which was furnished to or discussed with Griffin by Univest or Valley Green or otherwise reviewed by Griffin including, particularly, the forward looking earnings estimates and pro forma growth rates. Griffin did not independently verify (nor assume responsibility or liability for independently verifying) any such information or its accuracy or completeness. Griffin did not review individual loan files or deposit information of Univest or Valley Green, nor was Griffin provided with or conduct any valuation or appraisal of any assets, deposits, or other liabilities of Univest or Valley Green. Griffin does specialize in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowance for losses with respect thereto, and accordingly, has assumed that such allowances for losses are adequate. In relying on financial analyses provided to or discussed with Griffin by Univest or Valley Green or derived therefrom, Griffin assumed that such analyses had been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management. Griffin expressed no view as to such analyses, forecasts, estimates, or the assumptions on which they were based.

For purposes of providing its opinion, Griffin assumed that, in all respects material to its analysis:

the merger will be completed substantially in accordance with the terms set forth in the draft merger agreement provided to Griffin;

the representations and warranties of each party in the merger agreement and in all related documents and instruments referred to in the merger agreement are true and correct in all respects material to Griffin's analysis;

each party to the merger agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents;

all conditions to the completion of the merger will be satisfied without any waivers or modifications to the merger agreement; and

in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the merger, no restrictions, including any termination, divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of the combined entity or the contemplated benefits of the merger.

In performing its analysis, Griffin made various assumptions with regard to economic, market, and other conditions, which are beyond the control of Griffin, Univest and Valley Green. Griffin's opinion is limited to the fairness, from a financial point of view, to the shareholders of Univest with regard to the merger consideration to be paid by Univest in the merger, and expresses no opinion as to the fairness of the merger to creditors or other stakeholders of Univest, the underlying decision by Univest to engage in the merger, the relative merits of the merger

Table of Contents

compared to other transactions available to Univest, or the relative merits of the merger compared to other strategic alternatives which may be available to Univest. Furthermore, Griffin did not take into account and expressed no opinion with respect to the amount or nature of any bonuses and any other compensation or consideration to any officers, directors, or employees of Univest paid or payable by reason or as a result of the merger.

The following is a summary of the material analyses presented by Griffin to the Univest Board in connection with Griffin's fairness opinion. The summary is not a complete description of the analyses underlying the Griffin opinion or the presentation made by Griffin to the Univest board, but summarizes the material analyses performed and presented in connection with such opinion.

The preparation of the fairness opinion is a comprehensive and complex, analytical process, involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In accordance with customary investment banking practice, Griffin employed generally accepted valuation methods in reaching its opinion. The following is a summary of the material financial analyses undertaken by Griffin in connection with rendering the Griffin opinion. The following summary, however, does not purport to be a complete description of the financial analyses performed by Griffin. In arriving at its opinion, Griffin did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include information presented in tabular format. Accordingly, Griffin believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion. The tables alone do not constitute a complete description of the financial analyses.

Summary of Proposal

Pursuant to the merger agreement, at the effective time of the merger, each issued and outstanding share of Valley Green common stock, other than shares held in treasury or owned by Univest and its affiliates, will be exchanged for the right to receive \$27.00 in value in shares of Univest common stock, subject to a maximum exchange ratio of 1.4949 and a minimum exchange ratio of 1.2231 (the merger consideration). At the effective time of the merger, Valley Green will merge with and into Univest Bank. Shares of Valley Green's common stock held in treasury or owned by Univest and its affiliates will be cancelled. The terms and conditions of the merger are more fully described in the merger agreement.

Current Pricing Multiple Environment for High Performing Banks and Valley Green

Prior to the recession, market pricing metrics typically focused primarily on earnings related inputs, with book value metrics given consideration under specific circumstances or considered secondarily. During the recession, bank earnings were largely nonexistent, and the markets were required to rely on book value metrics. Since the recession, bank earnings have been recovering, and the markets have begun to consider earnings multiples in valuation metrics.

Valley Green has had a consistent earnings track record, even through the financial crisis. In addition, Valley Green's historical and projected earnings are high in relation to its book value. As a result, management of Univest has focused their attention on multiples of Valley Green earnings, and has considered book value multiples as secondary in importance.

Based on Valley Green's mix of assets and interest bearing liabilities, and its somewhat lower tangible common equity to tangible assets ratio and the earnings derived therefrom, it appears that comparative earnings multiples provide a more meaningful basis for valuation, with book value valuation metrics derivative therefrom.

Valley Green compares favorably to the peer median in all categories except noninterest income generation. Furthermore, Valley Green is the best in the group in ROAA, ROAE, efficiency ratio, and net interest margin. Valley Green was #8 in SNL Financial's list of 100 top-performing banks of 2013 with assets below \$500 million.

No company used as a comparison in the above analysis is identical to Valley Green Bank. In addition, Griffin presumed that the trading valuations for peers exclude any change in control premium. Accordingly, an analysis of these results is not purely mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and of the banking environment at the time of the opinion.

Selected Transactions Analysis

Griffin reviewed publicly available information as reported by SNL Financial related to nationwide whole bank acquisitions announced in the last twelve months of banks headquartered in a metropolitan statistical area, with under \$1 billion in total assets, positive loan growth in each of the two periods prior to announcement of the transaction, NPAs/Assets less than 2.5%, ROAA of at least 50 basis points in each of the full two years prior to the announcement of the transaction, and acquirers with at least \$1 billion in total assets.

For each transaction referred to above, Griffin derived and compared, among other things, the following implied ratios:

Price per common share paid for the acquired company to tangible book value per share of the acquired company based on the latest publicly available financial statements of the company available prior to the announcement of the acquisition; and

Price per common share paid for the acquired company to last twelve months earnings per share of the acquired company based on the latest publicly available financial statements of the company available prior to the announcement of the acquisition.

The results of the analysis are set forth in the following table:

No company or transaction used as a comparison in the above analyses is identical to Valley Green, Univest or the merger. Accordingly, an analysis of these results is not purely mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and of the banking environment at the time of the opinion.

At a 14.7x price-to-earnings multiple based on Valley Green's LTM earnings, pricing is lower than the mean and median transaction multiples above. On a price-to-tangible-book value multiple basis, pricing is among the highest of comparable transactions, but Valley Green's growth, asset quality, NIM, and overall performance is significantly more favorable relative to targets in the comparative transactions. In addition, Valley Green's mix of assets—e.g., higher percentage of good-yielding loans and a lower percentage of lower-yielding securities, is superior.

Discounted Cash Flow Analysis

Griffin performed a discounted cash flow analysis to estimate a range of the present value of estimated free cash flows that Valley Green Bank could generate on a stand-alone basis. In performing this analysis, Griffin utilized the following assumptions, among others:

A required tangible common equity to tangible assets capitalization level of 8% with any earnings in excess of required capital retention treated as distributable earnings;

Earnings and asset assumptions based on Valley Green's management estimates for the remainder of 2014, 2015, and subsequent earnings based on Valley Green's historical trends;

A range of discount rates of 14.0% to 18.0% based on a normalized risk free interest rate as recommended by Duff & Phelps, the latest published Duff & Phelps US Equity Risk Premium recommendation, and a size premium, also published by Duff & Phelps; and

A projected terminal value multiple range of 13.0x to 17.0x forecasted 2019 earnings based on current trading multiples, observed transaction multiples, industry practice, and Griffin's professional judgment. This range represents 217% to 284% of Valley Green's forecast 2019 tangible common equity.

These calculations resulted in a range of implied per-share values of \$21.76-\$33.23 per share of Valley Green common stock, as compared to the merger consideration of \$27.00 per share of Valley Green common stock, as illustrated by the following table:

Discount Rate	Terminal Earnings Multiple				
	13.0x	14.0x	15.0x	16.0x	17.0x
14.0%	26.34	28.06	29.78	31.50	33.23

15.0%	25.09	26.72	28.36	29.99	31.62
16.0%	23.91	25.46	27.01	28.57	30.12
17.0%	22.80	24.28	25.75	27.22	28.69
18.0%	21.76	23.16	24.56	25.96	27.35

The discounted cash flow present value analysis is a widely used valuation methodology that relies on numerous assumptions, including asset and earnings growth rates, terminal values and discount rates. The analysis did not purport to be indicative of the actual value or expected value of Valley Green.

Univest retained Griffin as its financial adviser to its board of directors regarding the merger. As part of its investment banking business, Griffin is, from time to time, engaged in the valuation of bank and bank holding company securities in connection with mergers and acquisitions, public and private placement of listed and unlisted securities, rights offerings and other forms of valuations for various purposes. As specialists in the securities of banking companies, Griffin has experience in, and knowledge of, the valuation of banking enterprises. In the ordinary course of its business as a broker-dealer, Griffin may, from time to time, purchase

securities from, and sell securities to, Valley Green and Univest. As a market maker in securities, Griffin may from time to time have a long or short position in, and buy or sell, debt or equity securities of institutions like and possibly including Valley Green for Griffin's own account and for the accounts of its customers. To the extent Griffin held any such positions, it was disclosed to Valley Green and Univest.

Pursuant to the Griffin engagement agreement, Univest agreed to pay Griffin (a) an engagement fee of \$25,000, (b) a fee of \$150,000 payable upon the delivery of its fairness opinion and (c) a fee of \$275,000 contingent on the completion of a transaction. In addition, Univest has agreed to reimburse Griffin for reasonable out of pocket expenses incurred in connection with Griffin's engagement and to indemnify and hold harmless partners, officers, agents, employees and affiliates from and against all losses, claims, judgments, liabilities, costs, damages and expenses based upon or arising from Griffin's engagement. During the two years preceding the date of its opinion to Univest, Griffin did not receive compensation for investment banking services from Valley Green or Univest. Griffin is affiliated with Stevens & Lee, which has provided certain legal services to Univest and has been compensated at a market rate for these services.

Board of Directors and Management of Univest Following Completion of the Merger

Following completion of the merger, the then current directors and executive officers of Univest will continue to operate in their existing capacity at that time. Additionally, Univest will appoint Jay R. Goldstein and Michael L. Turner to serve on the Univest board of directors. Jay R. Goldstein will serve in Class I, with a term to expire in 2015, and Michael L. Turner will serve in Class II, with a term to expire in 2016. Univest has agreed to nominate and recommend each of them for election for one additional three-year term following their initial term.

The members of the board of directors of Univest Bank will not change as a result of the merger.

Valley Green Shareholders Have Dissenters' Rights in the Merger

General

If you are a Valley Green shareholder, under Pennsylvania law you have the right to dissent from the merger agreement and obtain the "fair value" of your Valley Green shares in cash as determined by an appraisal process in accordance with the procedures under Subchapter D of Chapter 15 of the PBCL. The following is a summary of the rights of dissenting shareholders. The summary is qualified in its entirety by reference to Annex D which sets forth the applicable dissenters' rights provisions of Pennsylvania law. If you are considering exercising your dissenters' rights, you should read carefully the summary below and the full text of the law set forth in Annex D.

In the discussion of dissenters' rights, the term "fair value" means the value of a share of Valley Green common stock immediately before the day of the effective date of the merger, taking into account all relevant factors, but excluding any appreciation or depreciation in anticipation of the merger.

Before the effective date of the merger, send any written notice or demand required in order to exercise your dissenters' rights to Valley Green Bank, 7226 Germantown Avenue, Philadelphia, Pennsylvania 19119 (Attn: Jay R. Goldstein, President and Chief Executive Officer). After the effective date of the merger, send any correspondence to Univest Corporation of Pennsylvania, 14 North Main Street, Souderton, Pennsylvania 18964 (Attn: Karen E. Tejkl, Corporate Secretary).

Notice of Intention to Dissent

If you wish to dissent from the merger, you must do the following:

prior to the vote on the merger agreement by Valley Green shareholders at the Valley Green special meeting, file with Valley Green a written notice of your intention to demand payment for the fair value of your shares of Valley Green common stock if the merger with Univest is completed;

Table of Contents

make no change in your beneficial ownership of Valley Green common stock from the date you give notice of your intention to demand fair value of your shares of Valley Green common stock continuously through the day of the merger; and

not vote your Valley Green common stock to adopt the merger agreement at the special meeting.

Simply providing a proxy against or voting against the proposed merger at the special meeting of shareholders will not constitute notice of your intention to dissent. Further, if you submit a proxy but do not indicate how you wish to vote, you will be deemed to have voted in favor of the merger, and your right to dissent will be lost.

Notice to Demand Payment

If the merger is adopted by the required vote of Valley Green shareholders, Univest or Valley Green will mail a notice to all those dissenting shareholders who gave due notice of their intention to demand payment of the fair value of their shares and who did not vote to adopt the merger agreement. The notice will state where and when dissenting Valley Green shareholders must deliver a written demand for payment and where such dissenting shareholder must deposit certificates for Valley Green common stock in order to obtain payment. The notice will include a form for demanding payment, which will include a request for certification of the date on which the shareholder, or the person on whose behalf the shareholder dissents, acquired beneficial ownership of the shares, and a copy of the relevant provisions of Pennsylvania law. The time set for receipt of the demand for payment and deposit of stock certificates will be not less than 30 days from the date of mailing of the notice.

Failure to Comply with Required Steps to Dissent

You must take each step in the indicated order and in strict compliance with Pennsylvania law in order to maintain your dissenters' rights. If you fail to follow these steps, you will lose the right to dissent, and you will receive the same merger consideration as those Valley Green shareholders who do not dissent.

Payment of Fair Value of Shares

Promptly after the effective date of the merger, or upon timely receipt of demand for payment if the closing of the merger has already taken place, Univest will send each dissenting shareholder who has deposited his, her or its stock certificates, the amount that Univest estimates to be the fair value of the Valley Green common stock held by such dissenting shareholder or give written notice that no remittance will be made. The remittance or notice will be accompanied by:

a closing balance sheet and statement of income of Valley Green for the fiscal year ending not more than 16 months before the date of remittance or notice, together with the latest available interim financial statements;

a statement of Univest's estimate of the fair value of Valley Green common stock; and

a notice of the right of the dissenting shareholder to demand payment or supplemental payment, accompanied by a copy of the relevant provisions of Pennsylvania law.

Estimate by Dissenting Shareholder of Fair Value of Shares

If a dissenting shareholder believes that the amount stated or remitted by Uninvest is less than the fair value of the Valley Green common stock, the dissenting shareholder must send its estimate of the fair value (deemed a demand for payment of the amount of the deficiency) of the Valley Green common stock to Uninvest within 30 days after Uninvest mails its remittance or notice. If the dissenting shareholder does not file its estimated fair value within 30 days after the mailing by Uninvest of its remittance or notice, the dissenting shareholder will be entitled to no more than the amount stated in the notice or remitted by Uninvest.

Valuation Proceedings

If any demands for payment remain unsettled within 60 days after the latest to occur of:

the effective date of the merger;

timely receipt by Valley Green or Univest, as the case may be, of any demands for payment; or

timely receipt by Valley Green or Univest, as the case may be, of any estimates by dissenters of the fair value;

then, Univest may file an application, in the Court of Common Pleas of Montgomery County, Pennsylvania, requesting that the court determine the fair value of the Valley Green common stock. If this happens, all dissenting shareholders whose demands have not been settled, no matter where they reside, will become parties to the proceeding. In addition, a copy of the application will be delivered to each dissenting shareholder.

If Univest were to fail to file the application, then any dissenting shareholder, on behalf of all dissenting shareholders who have made a demand and who have not settled their claim against Univest, may file an application in the name of Univest at any time within the 30-day period after the expiration of the 60-day period and request that the Montgomery County Court of Common Pleas determine the fair value of the shares. The fair value determined by the Montgomery County Court of Common Pleas may, but need not, equal the dissenting shareholders' estimates of fair value. If no dissenter files an application, then each dissenting shareholder entitled to do so shall be paid no more than Univest's estimate of the fair value of the Valley Green common stock, and may bring an action to recover any amount not previously remitted, plus interest at a rate the Montgomery County Court of Common Pleas finds fair and equitable.

Univest intends to negotiate in good faith with any dissenting shareholder. If, after negotiation, a claim cannot be settled, then Univest will file an application requesting that the fair value of the Valley Green common stock be determined by the Montgomery County Court of Common Pleas.

Costs and Expenses

The costs and expenses of any valuation proceedings performed by the Montgomery County Court of Common Pleas, including the reasonable compensation and expenses of any appraiser appointed by such court to recommend a decision on the issue of fair value, will be determined by such court and assessed against Univest, except that any part of the costs and expenses may be apportioned and assessed by such court against any or all of the dissenting shareholders who are parties and whose action in demanding supplemental payment is dilatory, obdurate, arbitrary, vexatious or in bad faith, in the opinion of such court.

Valley Green shareholders wishing to exercise their dissenters' rights should consult their own counsel to ensure that they fully and properly comply with applicable requirements.

Regulatory Approvals Required for the Merger

The merger is subject to the approval of the FRB under the Bank Holding Company Act of 1956, as amended (the BHC Act). In addition, the merger is subject to the approval of the PDB under the Pennsylvania Banking Code (the Banking Code).

In reviewing Uninvest's application for approval of the merger under the BHC Act, the FRB must consider, among other factors, the competitive effect of the merger, the managerial and financial resources and future prospects of Uninvest, the effect of the merger on the convenience and needs of the communities to be served, including the records of performance of Uninvest Bank and Valley Green in meeting the credit needs of the communities under the Community Reinvestment Act, the effectiveness of Uninvest in combating money laundering activities, and the extent to which the merger would result in greater or more concentrated risks to the stability of the United States banking or financial system. Applicable regulations require publication of notice of the application and an opportunity for the public to comment on the application in writing and to request a hearing.

Table of Contents

The merger is also subject to the approval of the PDB under the Banking Code. The Banking Code authorizes the acquisition of a bank by a bank holding company. In reviewing an application for approval of a merger, the PDB will consider, among other things, whether the plan of merger adequately protects the interests of the depositors, other creditors and shareholders, and whether the bank merger would be consistent with adequate and sound banking practices and in the public interest on the basis of the financial history and condition of the banks involved, their future prospects, the character of their management, the potential effect of the bank merger on competition, and the convenience and needs of the areas primarily to be served by the resulting institution.

Univest filed the required applications on August 18, 2014. The merger will not proceed in the absence of regulatory approvals. Although neither Univest nor Valley Green knows of any reason why regulatory approval would not be obtained in a timely manner, neither Univest nor Valley Green can be certain when such approvals will be obtained or if they will be obtained.

The parties are not aware of any other governmental approvals or actions that may be required to consummate the merger. If any other approval or action is required, it is contemplated that such approval or action would be sought. There can be no assurance, however, that any additional approvals or actions will be obtained.

Valley Green's Directors and Executive Officers Have Financial Interests in the Merger

In considering the recommendation of the Valley Green board of directors that you vote to adopt the merger agreement, you should be aware that Valley Green's directors and executive officers may have financial interests in the merger that are different from, or in addition to, the interests of the Valley Green shareholders generally. Valley Green's board of directors was aware of and considered these interests, among other matters, in approving and adopting the agreement and plan of merger. For purposes of all of the Valley Green agreements and plans described below, the consummation of the transactions contemplated by the merger agreement generally will constitute a change in control of Valley Green.

Existing Employment Agreements

Jay R. Goldstein, President and Chief Executive Officer of Valley Green Bank, Robert J. Marino, President of the Delaware Valley Region of Valley Green Bank and Cheryl Hinkle Richards, Executive Vice President, Chief Financial Officer, Chief Operating Officer, Secretary and Treasurer are considered named executive officers of Valley Green. Valley Green Bank has entered into agreements with each of these named executive officers that provide for certain severance payments to the executive officers in connection with a change of control. The following table illustrates these payments, assuming the merger was consummated on January 5, 2015:

Executive	Cash (\$)	Equity (\$)	Total (\$)
Jay R. Goldstein President & CEO	1,140,000 (1)	259,000 (2)	1,399,000

The employment agreement provides that, upon consummation of a change in control of Valley Green, Mr. Goldstein is entitled to a severance benefit equal to two times his total cash compensation paid to him during the prior calendar year.

Mr. Goldstein's agreement contains customary provisions relating to termination of employment for cause. The agreement prohibits competition for twelve months following a voluntary termination of employment (other than for good reason or after a change in control) or a termination of employment for cause and prohibits solicitation of customers or employees in all events for twelve months following termination of employment for any reason. Mr. Goldstein will continue as President of the Valley Green Division of Univest Bank after the merger and will enter into a new employment agreement with Univest Bank, as described below under *New Employment Agreements*.

Robert J. Marino is party to a letter agreement describing the terms of his employment with Valley Green Bank. Under the agreement, Mr. Marino receives a current base salary of \$243,500 and an annual bonus with a target of up to 25% of base salary. The agreement provides that, upon a change in control, Mr. Marino is entitled to a severance benefit in the amount of two times the base salary in effect at that time. Mr. Marino will continue as an executive vice president of Univest Bank after the merger and will enter into a new employment agreement with Univest Bank, as described below under *New Employment Agreements*.

Cheryl Hinkle Richards is party to an employment agreement with Valley Green Bank. The agreement was for an initial three-year term and now renews annually on October 31 of each year. New Employment Agreements

Prior to the effective time of the merger, Univest shall offer to enter into and shall execute and deliver to Valley Green Bank, a new employment agreement with Mr. Goldstein. The agreement with Mr. Goldstein provides that he will be employed as the President of the Valley Green Division of Univest Bank. The agreement is for a term of one (1) year, ending on the date that is one (1) year subsequent to the date of the closing of the merger. Mr. Goldstein's base salary under the agreement is \$395,000, and he is entitled to a guaranteed bonus, during the employment period, in the amount of \$70,000. The payment of such bonus will not reduce or otherwise effect any other obligation of Univest Bank to Mr. Goldstein provided for in the employment agreement. In the event that Mr. Goldstein's employment is terminated without cause (other than for death or disability) during the term of the employment agreement or if Mr. Goldstein voluntarily terminates his employment for good reason, Mr. Goldstein shall be entitled to receive, within twenty (20) days following termination, a lump sum cash payment equal to the annual base salary that Mr. Goldstein would have been paid over the then remaining term of the employment period, plus the bonus payable pursuant to the employment agreement. Mr. Goldstein shall not be required to mitigate the amount of any payment

Mr. Goldstein's agreement contains customary provisions relating to termination of employment for cause and covenants regarding noncompetition and nonsolicitation of customers and employees for a period of one year following consummation of the merger. In the event that any payment under Mr. Goldstein's employment agreement would trigger a reduction in tax deductions under Internal Revenue Code Section 280G, the amount of such payment shall be reduced to the maximum amount that can be paid without triggering the reduction in tax deductions.

Prior to the effective time of the merger, Univest shall offer to enter into and shall execute and deliver to Valley Green Bank, a new employment agreement with Mr. Marino. The agreement with Mr. Marino provides that he will be employed as an Executive Vice President of Univest Bank. The agreement is for a term of two (2) years, ending on the date that is two (2) years subsequent to the date of the closing of the merger. Mr. Marino's base salary under the agreement is \$245,000, and he is entitled to a bonus for services performed equal to thirty percent (30%) of Mr. Marino's annual base salary based on performance metrics reasonably determined by both the CEO of Univest and the President of the Valley Green Bank Division. In addition, Mr. Marino shall participate in such amounts (if any) and at such times as is provided in such short and long-term equity incentive plan(s) as may be approved by the Univest board and in effect from time to time. The payment of any such bonuses and/or equity compensation will not reduce or otherwise affect any other obligation of Univest Bank to Mr. Marino provided for in the employment agreement. In the event that Mr. Marino's employment is terminated without cause (other than for death or disability) during the term of the employment agreement or if Mr. Marino voluntarily terminates his employment for good reason, Mr. Marino shall be entitled to receive, within twenty (20) days following termination, a lump sum cash payment equal to the annual base salary that Mr. Marino would have been paid over the then remaining term of the employment period, plus the accrued bonus for the portion of the calendar year in which the termination occurred. Mr. Marino shall not be required to mitigate the amount of any payment provided by seeking other employment or otherwise, nor shall the amount of payment or the benefit provided be reduced by any compensation he earns as the result of employment by another employer or by reason of his receipt of or right to receive any retirement or other benefits after the date of termination of employment or otherwise. Mr. Marino's agreement contains customary provisions relating to termination of employment for cause and covenants regarding noncompetition and nonsolicitation of customers and employees for a period of two years following consummation of the merger. In the event that any payment under Mr. Marino's employment agreement would trigger a reduction in tax deductions under Internal Revenue Code Section 280G, the amount of such payment shall be reduced to the maximum amount that can be paid without triggering the reduction in tax deductions.

Prior to the effective time of the merger, Univest shall offer to enter into and shall execute and deliver to Valley Green Bank, a new employment agreement with Algot F. Thorell. The agreement with Mr. Thorell provides that he will be employed part-time (for no less than 20 hours per week) as a principal of Univest Bank. The agreement is for a term of one (1) year, ending on the date that is one (1) year subsequent to the date of the closing of the merger. Mr. Thorell's base salary under the agreement is \$135,000. In addition, Mr. Thorell shall be entitled to participate in or receive the benefits of any employee benefit plan currently in effect at Univest. In the event that Mr. Thorell's employment is terminated without cause (other than for death or disability) during the term of the employment agreement, Mr. Thorell shall be entitled to receive, within twenty (20) days following termination, a lump sum cash payment equal to the annual base salary that Mr. Thorell would have been paid over the then remaining term of the employment period. Mr. Thorell shall not be required to mitigate the amount of any payment provided by seeking other employment or otherwise, nor shall the amount of payment or the benefit provided be reduced by any compensation he earns as the result of employment by another employer or by reason of his receipt of or right to receive any retirement or other benefits after the date of termination of employment or otherwise. Mr. Thorell's agreement contains customary provisions relating to termination of employment for cause and covenants regarding noncompetition and nonsolicitation of customers and employees for a period of one year following consummation of

the merger. In the event that any payment under Mr. Thorell's employment agreement would trigger a reduction in tax deductions under Internal Revenue Code Section 280G, the amount of such payment shall be reduced to the maximum amount that can be paid without triggering the reduction in tax deductions.

Governance Structure and Management Positions

Effective at the closing of the merger, Jay R. Goldstein and Michael L. Turner will be appointed to the board of directors of Univest. Such individuals will receive compensation in accordance with the policies of Univest relating to director compensation, which currently consists of the following payments to each Univest non-employee director: an annual retainer of \$18,000 and 1,000 shares of restricted stock (with a two year vesting period), a fee of \$900 for each board meeting attended, and between \$275 and \$800 for each committee meeting attended, depending on the committee; provided that Mr. Goldstein will not be paid any director's fees while he is an employee of Univest or Univest Bank.

In addition, following completion of the merger, Univest will continue to operate Valley Green as a separate banking division of Univest Bank for a period of at least 24 months.

Indemnification and Insurance

The merger agreement provides that Univest will, for six years following the acquisition, indemnify all current and former officers and directors of Valley Green and its subsidiaries in accordance with Pennsylvania law and as would have been permitted under Valley Green's articles of incorporation and bylaws. In addition, for six years after the acquisition, Univest has agreed to maintain liability insurance coverage with respect to matters arising at or prior to the merger for each current or former officer or director of Valley Green or any of its subsidiaries, in amounts and on terms not materially less advantageous than the coverage provided prior to the acquisition, subject to an annual limit on the cost of such insurance of 150% of its current cost.

THE MERGER AGREEMENT

The following describes certain aspects of the merger, including material provisions of the merger agreement. The following description of the merger agreement is subject to, and qualified in its entirety by reference to, the merger agreement, which is attached to this joint proxy statement/prospectus as Annex A and is incorporated by reference in this joint proxy statement/prospectus. We urge you to read the merger agreement carefully and in its entirety, as it is the legal document governing this merger.

Terms of the Merger

Each of the Valley Green board of directors and the Univest board of directors has unanimously adopted the agreement and plan of merger, which provides for the merger of Valley Green with and into Univest Bank. Univest Bank will be the surviving entity in the merger. Each share of Univest common stock issued and outstanding immediately prior to completion of the merger will remain issued and outstanding as one share of common stock of Univest. Each share of Valley Green common stock issued and outstanding at the effective time of the merger (with the exception of Company-Owned Stock, as defined below) will be converted into shares of Univest common stock, as described below. See *Consideration to Be Received in the Merger*. Company-Owned Stock means shares of Valley Green stock held by Valley Green or any of its subsidiaries or by Univest or any of its subsidiaries, in each case other than in a fiduciary capacity or as a result of debts previously contracted in good faith. Each share of Valley Green common stock held as Company-Owned Stock immediately prior to the effective time of the merger will be canceled and retired and no consideration will be issued in exchange. Univest does not own any shares of common stock of Valley Green.

The Univest Bank articles of incorporation will be the articles of incorporation, and the Univest Bank bylaws will be the bylaws of the combined entity after completion of the merger. The merger agreement provides that Univest may change the method of effecting the merger if and to the extent it deems such change to be necessary, appropriate, or desirable. No such change will alter the amount or kind of merger consideration to be provided under the merger agreement, adversely affect the tax treatment of the merger as a reorganization under Section 368(a) of the Internal Revenue Code, or materially impede or delay completion of the merger.

Closing and Effective Time of the Merger

The merger will be completed only if all of the following occur:

the agreement and plan of merger is approved and adopted by both the Univest shareholders and the Valley Green shareholders;

all required governmental and regulatory consents and approvals have been obtained without a condition, restriction or requirement that would, in the good faith judgment of the board of directors or Univest or Valley Green, materially and adversely affect the business, operations, financial condition, property or assets of the combined company or materially impair the value of Valley Green to Univest or of Univest or Univest Bank to Valley Green; and

all other conditions to the merger discussed in this joint proxy statement/prospectus and/or the merger agreement are either satisfied or waived.

The merger will become effective when articles of merger are filed with the Department of State of the Commonwealth of Pennsylvania. We may agree, however, to a later time for completion of the merger and specify that time in accordance with Pennsylvania law. It currently is anticipated that the effective time of the merger will occur in the first quarter of 2015, but we cannot guarantee when or if the merger will be completed.

Consideration to Be Received in the Merger

As a result of the merger each Valley Green shareholder will have the right, with respect to each share of Valley Green common stock held (excluding Company-Owned Stock), to receive an amount of Univest common

Table of Contents

stock equal to the quotient, carried to four (4) decimal places, of \$27.00 divided by (ii) the Univest Share Price of a share of Univest common stock; provided, however, that in no event may the Exchange Ratio be less than 1.2231 or greater than 1.4949. If the Exchange Ratio would otherwise be less than 1.2231 or more than 1.4949, then 1.2231 or 1.4949, respectively, will be used.

No fractional shares of Univest common stock will be issued to any holder of Valley Green common stock upon completion of the merger. For each fractional share that would otherwise be issued, Univest will pay cash in an amount equal to the fraction multiplied by the closing price for a share of Univest common stock as reported on Nasdaq for the trading day immediately preceding the closing date. No interest will be paid or accrued on cash payable to holders in lieu of fractional shares.

Conversion of Shares; Letter of Transmittal; Exchange of Certificates

The conversion of Valley Green common stock into the right to receive the merger consideration will occur automatically at the effective time of the merger. As soon as reasonably practicable after completion of the merger but in any event within five business days, the exchange agent will mail to each shareholder who holds Valley Green stock in certificated form a letter of transmittal with instructions on how to exchange certificates representing shares of Valley Green common stock for the merger consideration, without interest, to be received in the merger pursuant to the terms of the merger agreement. You will be required to submit your certificates before you will receive your merger consideration. If a certificate for Valley Green common stock has been lost, stolen or destroyed, the exchange agent will issue the consideration properly payable under the merger agreement upon receipt of appropriate evidence as to that loss, theft or destruction, appropriate evidence as to the ownership of that certificate by the claimant, and appropriate and customary indemnification. Broadridge will be the exchange agent in the merger and will receive forms of election, exchange certificates for the merger consideration and perform other duties as explained in the merger agreement.

Dividends and Distributions

Until Valley Green common stock certificates are surrendered for exchange, any dividends or other distributions declared after the effective time with respect to Univest common stock into which shares of Valley Green common stock may have been converted will accrue but will not be paid. Univest will pay to former Valley Green shareholders any unpaid dividends or other distributions, without interest, only after they have duly surrendered their Valley Green stock certificates.

Pursuant to the merger agreement, prior to the effective time of the merger, Valley Green and its subsidiaries may not declare or pay any dividend or distribution on its capital stock.

Representations and Warranties

The merger agreement contains customary representations and warranties of Valley Green and Univest relating to their respective businesses. The representations must be true and correct in accordance with the materiality standards set forth in the merger agreement, as of the date of the merger agreement and immediately prior to the effective date of the merger as though made at and as of such time (except that representations and warranties that by their terms speak as of the date of the merger agreement or some other date must be true and correct as of such date). The representations and warranties in the merger agreement do not survive the effective time of the merger.

Each of Univest and Valley Green has made representations and warranties to the other regarding, among other things:

corporate matters, including due organization and qualification;

capitalization;

authority relative to execution and delivery of the merger agreement and the absence of breach or violations of organizational documents or other obligations as a result of the merger;

Valley Green has also made representations and warranties to Univest regarding credit card accounts and merchant processing, intellectual property, material contracts, real estate leases, and other certain types of contracts, related party transactions, risk management instruments, labor matters, absence of fiduciary or trust accounts and anti-takeover laws.

The representations and warranties described above and included in the merger agreement were made by Univest and Valley Green to each other. These representations and warranties were made as of specific dates, may be subject to important qualifications and limitations agreed to by Univest and Valley Green in connection with negotiating the terms of the merger agreement (including by reference to information contained in disclosure schedules delivered by the parties under the merger agreement), and may have been included in the merger agreement for the purpose of allocating risk between Univest and Valley Green rather than to establish matters as facts. The merger agreement is described herein, and included as Annex A, only to provide you with information regarding its terms and conditions, and not to provide any other factual information regarding Valley Green, Univest or their respective businesses. Accordingly, the representations and warranties and other provisions of the merger agreement should not be read alone, but instead should be read only in conjunction with the information provided elsewhere in this joint proxy statement/prospectus and in the documents incorporated by reference into this joint proxy statement/prospectus. See *Incorporation of Certain Documents by Reference* on page 157.

Covenants and Agreements

Each of Valley Green and Univest has undertaken customary covenants that place restrictions on it and its subsidiaries until the effective time of the merger. In general, each of Univest and Valley Green has agreed to operate its respective business in the usual, regular and ordinary course of business, use commercially reasonable efforts to preserve intact its business organization and assets and maintain its rights and franchises, and voluntarily take no action that would materially and adversely affect the ability to obtain any regulatory approvals required for the merger or materially affect its ability to perform its covenants under the merger agreement.

any issuance, sale or other disposition of (including by way of merger, consolidation, share exchange or any similar transaction) securities (or options, rights or warrants to purchase or securities convertible into, such securities) representing fifteen percent (15%) or more of the votes attached to the outstanding securities of it or any of its subsidiaries;

any tender offer or exchange offer that, if consummated, would result in any third party or group beneficially owning fifteen percent (15%) or more of any class of equity securities of it or any of its subsidiaries; or

any transaction which is similar in form, substance or purpose to any of the foregoing transactions, or any combination of the foregoing.

Valley Green may, however, participate in discussions with, and may furnish information to, a third party in connection with a bona fide unsolicited acquisition proposal if, and only if:

Valley Green has received a bona fide unsolicited written acquisition proposal that did not result from a breach of the merger agreement;

Valley Green's board of directors determines in good faith, after consultation with its outside legal counsel and financial advisor, that the acquisition proposal is, or is reasonably likely to lead to, a superior proposal (as defined below);

Valley Green has provided Univest with at least one (1) business day's prior notice of its determination that the acquisition proposal is, or is reasonably likely to lead to, a superior proposal; and

prior to furnishing or providing access to any information or data with respect to Valley Green, Uninvest receives from the third party making the proposal a confidentiality agreement on terms no less favorable to Uninvest than the terms of the existing confidentiality agreement between Valley Green and Uninvest.

Valley Green has also agreed to promptly provide to Uninvest any non-public information about Valley Green that it provides to the third party making the proposal, to the extent such information was not previously provided to Uninvest.

The term superior proposal, as defined under the merger agreement, means any bona fide, unsolicited written acquisition proposal made by a person other than Uninvest, which the Valley Green board of directors determines in its good faith judgment, after considering the advice of its outside legal counsel and financial advisor, taking into account, among other things, the type of consideration being offered, regulatory approvals, or other risks associated with the timing of the acquisition proposal, and all legal, financial, regulatory and other aspects of the acquisition:

would result in the acquisition of all of the outstanding shares of Valley Green common stock or substantially all of the assets of Valley Green on a consolidated basis; and

Table of Contents

would result in a transaction that involves consideration to the holders of Valley Green common stock that is more favorable, from a financial point of view, than the consideration to be paid to such holders by Uninvest under the merger agreement, and for which there is no financing contingency and, in light of the other terms of the proposal, is more favorable to Valley Green than the merger.

In addition, Valley Green has agreed that it will not:

withdraw, qualify or modify in a manner adverse to Uninvest, its recommendation to its shareholders to approve the merger agreement, except to the extent otherwise permitted and described below;

approve or recommend, or publicly propose to approve or recommend, any acquisition proposal other than with respect to the Uninvest merger; or

enter into (or cause Valley Green or any of the Valley Green Subsidiaries to enter into) any letter of intent or other agreement relating to an acquisition proposal other than with respect to the Uninvest merger or requiring Valley Green to fail to consummate the merger.

Up until the time of the Valley Green shareholder meeting, however, Valley Green may withdraw, qualify or modify in a manner adverse to Uninvest its recommendation to Valley Green shareholders to approve the merger agreement, or take any of the other actions listed above in this paragraph with respect to another acquisition proposal if but only if:

the Valley Green board of directors has reasonably determined in good faith, after consultation with and having considered the advice of its outside legal counsel and financial advisor that the failure to take such actions would be inconsistent with the board's fiduciary duties to Valley Green's shareholders under applicable law;

it has provided at least five business days' notice to Uninvest that a bona fide unsolicited proposal constitutes a superior proposal; and

after taking into account any adjusted, modified or amended terms as may have been committed to by Uninvest in writing, the Valley Green board of directors has again in good faith determined that the other acquisition proposal constitutes a superior proposal.

Expenses and Fees

In general, each of Uninvest and Valley Green will be responsible for all expenses incurred by it in connection with the negotiation and completion of the transactions contemplated by the merger agreement, including the costs of printing and mailing the joint proxy statement/prospectus for their respective special meetings.

Indemnification and Insurance

The merger agreement requires Uninvest to indemnify Valley Green's and its subsidiaries' current and former directors, officers and employees to the fullest extent as would have been permitted under Pennsylvania law and the Valley

Green articles of incorporation or the Valley Green bylaws or similar governing documents. The merger agreement provides that in the event of any threatened or actual claim, action, suit, proceeding or investigation in which any person who is or has been a director, officer or employee of Valley Green or is threatened to be made party based in whole or in part on, or arising in whole or in part out of the fact that he or she is or was a director, officer or employee of Valley Green or any of its subsidiaries or predecessors and pertaining to any matter of fact arising, existing or occurring at or before the effective time of the merger (including the merger and the merger agreement), Univest will defend against and respond thereto.

Univest has agreed to indemnify and hold harmless each such indemnified party against any losses, claims, damages, liabilities, costs, expenses (including reasonable attorney's fees), judgments, and amounts paid in settlement in connection with any such threatened or actual claim, action, suit proceeding or investigation. The merger agreement also requires that Univest provide advancement of expenses to, all past and present officers,

Table of Contents

directors and employees of Valley Green and its subsidiaries in their capacities as such against all such losses, claims, damages, costs, expenses, liabilities, judgments or amounts paid in settlement to the fullest extent permitted by applicable laws and Valley Green's articles of incorporation and bylaws.

The merger agreement provides that Univest will maintain for a period of six years after completion of the merger Valley Green's current directors' and officers' liability insurance policies, or policies of at least the same coverage and amount and containing terms and conditions that are not less advantageous than the current policy, with respect to acts or omissions occurring prior to the effective time of the merger, except that Univest is not required to incur an annual premium expense greater than 150% of Valley Green's current annual directors' and officers' liability insurance premium.

Conditions to Complete the Merger

Completion of the merger is subject to the fulfillment or waiver of certain conditions, including:

the adoption of the agreement and plan of merger by the requisite vote of each of the Univest shareholders and the Valley Green shareholders;

the effectiveness of the registration statement of which this joint proxy statement/prospectus is a part with respect to the Univest common stock to be issued in the merger under the Securities Act and the absence of any stop order or proceedings initiated or threatened by the SEC for that purpose;

the receipt by each of Univest and Valley Green of a legal opinion with respect to certain United States federal income tax consequences of the merger;

the receipt and effectiveness of all required governmental and other approvals, authorizations and consents on terms and conditions that would not have a material adverse effect on Univest or Valley Green, and the expiration of all related waiting periods required to complete the merger;

the execution of agreements between Valley Green directors and Univest restricting Valley Green directors, for a period of two (2) years from investing in a de novo bank or serving on the board of directors of a bank in the same geographic market as Univest Bank;

the execution of non-solicitation agreements between certain Valley Green employees and Univest;

the absence of any law, statute, regulation, judgment, decree, injunction or other order in effect by any court or other governmental entity that prohibits completion of the transactions contemplated by the merger agreement; and

the approval for listing on Nasdaq of the shares of Univest common stock issuable in the merger. Each of Univest's and Valley Green's obligations to complete the merger is also separately subject to the satisfaction or waiver of a number of conditions including:

the absence of a material adverse effect on the other party;

the truth and correctness of the representations and warranties of each other party in the merger agreement, subject generally to the materiality standard provided in the merger agreement, and the performance by each other party in all material respects of their obligations under the merger agreement and the receipt by each party of certificates from the other party to that effect;

the exercise of rights to demand appraisal under the PBCL with respect to no more than 10% of the outstanding shares of Valley Green common stock;

execution and delivery of nonsolicitation and noncompetition agreements by each of Valley Green's directors; and

Univest having delivered the merger consideration to the exchange agent.

Table of Contents

We cannot provide assurance as to when or if all of the conditions to the merger can or will be satisfied or waived by the appropriate party. As of the date of this joint proxy statement/prospectus, we have no reason to believe that any of these conditions will not be satisfied.

Termination of the Merger Agreement

The merger agreement can be terminated at any time prior to completion by mutual consent or by either party in the following circumstances:

if there is a breach by the other party that would cause the failure of the closing conditions, unless the breach is capable of being, and is, cured within 30 days of notice of the breach and the terminating party is not itself in material breach;

if the merger has not been completed by March 31, 2015, unless the failure to complete the merger by that date was due to the terminating party's material breach of a representation, warranty, covenant or other agreement under the merger agreement;

if any of the required regulatory approvals are denied (and the denial is final and non-appealable);

if any court of competent jurisdiction or governmental authority issues an order, decree, ruling or takes any other action restraining, enjoining or otherwise prohibiting the merger (and such order, decree, ruling or action is final and non-appealable); or

if the shareholders of either Univest or Valley Green fail to adopt the merger agreement at their respective special meetings.

In addition, Univest's board of directors may terminate the merger agreement if the Valley Green board of directors receives a superior proposal and enters into a letter of intent, agreement in principle or an acquisition agreement with respect to such proposal, withdraws its recommendation of the merger agreement, fails to make such a recommendation or modifies or qualifies its recommendation, in a manner adverse to Univest, or has otherwise made a determination to accept such proposal.

Further, Valley Green's board of directors may terminate the merger agreement if Valley Green has received a superior proposal and has made a determination to accept such proposal.

Valley Green may also terminate the merger agreement within five days after the later of (i) the date on which all regulatory approvals, and waivers, if applicable, necessary for consummation of the merger and the transactions contemplated by the merger agreement have been received or (ii) the date of the meeting of Valley Green shareholders (the Determination Date), if Valley Green's board determines that each of the following have occurred:

the average of the daily closing sale prices of a share of Univest common stock as reported on Nasdaq for the 20 consecutive trading days immediately preceding the Determination Date (the Determination Date Market Value) is less than \$16.06 (80% of the closing sale price of Univest common stock on the last trading date before the date of the merger agreement); and

The ratio obtained by dividing the Determination Date Market Value by \$16.06 is less than the quotient obtained by dividing (A) the average of the daily closing sale price of the Nasdaq Bank Index for the 20 consecutive trading days immediately preceding the Determination Date by (B) \$2,523.95 (the average of the daily closing sale price of the Nasdaq Bank Index for the twenty (20) consecutive trading days immediately preceding the last trading day before the date of the merger agreement) (the Index Ratio), *minus* 0.20.

Valley Green may not terminate in these circumstances, however, if Univest exercises its option to increase the Exchange Ratio so that the consideration to be received by Valley Green shareholders (in the form of Univest Common Stock), based on the Determination Date Market Value, is equal to the lesser of (i) \$27.00 or (ii) the product of (x) \$27.00 and (y) the Index Ratio.

Table of Contents

Effect of Termination. If the merger agreement is terminated, it will become void, and there will be no liability on the part of Univest or Valley Green, except that both Univest and Valley Green will remain liable for any willful breach of the merger agreement and designated provisions of the merger agreement, including the payment of fees and expenses, and the confidential treatment of information and publicity restrictions, will survive the termination.

Termination Fee

Valley Green will pay Univest a termination fee of \$3.0 million in the event that the merger agreement is terminated:

by Univest because Valley Green has received an alternative acquisition proposal, and Valley Green (1) enters into a letter of intent, agreement in principle or an acquisition agreement with respect to the alternative acquisition proposal, (2) fails to make, withdraws, modifies or qualifies its recommendation of the merger agreement in a manner adverse to Univest, or (3) delivers a written notice to Univest of its determination to accept the alternative acquisition proposal; or

by Valley Green, if Valley Green receives an alternative acquisition proposal and has made a determination to accept the alternative acquisition proposal.

Expense Reimbursement Fee

Valley Green will pay Univest an expense reimbursement fee within five (5) business days after Univest makes written demand therefor equal to the lesser of (i) the amount of Univest's actual and documented out-of-pocket expenses incurred in connection with due diligence, negotiation and execution of the merger agreement and undertaking the transactions contemplated by the merger agreement (including without limitation all financial advisor, accounting, counsel and third party review firm fees), and (ii) \$500,000 in the event that the merger is terminated by Univest as a result of the failure of the shareholders of Valley Green to approve the transactions contemplated by the merger agreement and, prior to the Valley Green Shareholders' Meeting, any person shall have proposed or publicly announced an acquisition proposal for Valley Green.

Amendment, Waiver and Extension of the Merger Agreement

Subject to applicable law, the parties may amend the merger agreement by written agreement between Valley Green and Univest executed in the same manner as the merger agreement.

At any time prior to the completion of the merger, each of the parties, by action taken or authorized by their respective board of directors, to the extent legally allowed, may:

extend the time for the performance of any of the obligations or other acts of the other party;

waive any inaccuracies in the representations and warranties of the other party; or

waive compliance by the other party with any of the other agreements or conditions contained in the merger agreement.

However, after any approval of the transactions contemplated by the agreement and plan of merger by the shareholders of Valley Green and Uninvest, there may not be, without further approval of such shareholders, any amendment which reduces the amount or value or changes the form of consideration to be delivered to Valley Green shareholders.

ACCOUNTING TREATMENT

Univest will account for the merger using the acquisition method under generally accepted accounting principles. Under the acquisition method of accounting, the tangible and identifiable intangible assets and liabilities, including executory contracts and other commitments, of Valley Green will be recorded, as of completion of the merger, at their respective fair values. The excess of the purchase price over the net assets acquired will be recorded as goodwill to the extent not allocated to core deposit or other intangibles. Goodwill resulting from the merger will not be amortized but will be reviewed for impairment at least annually. Core deposits and other intangibles with finite useful lives recorded in connection with the merger will be amortized. If the net assets acquired exceed the purchase price, the resulting difference will be recorded as a bargain purchase gain.

Financial statements and reported results of operations of Univest issued after completion of the merger will not be restated retroactively to reflect the historical financial position or results of operations of Valley Green.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

The following discussion addresses the material United States federal income tax consequences of the merger to a Valley Green shareholder who holds shares of Valley Green common stock as a capital asset. This discussion is based upon the Internal Revenue Code, Treasury regulations promulgated under the Internal Revenue Code, judicial authorities, published positions of the Internal Revenue Service (the IRS) and other applicable authorities, all as in effect on the date of this discussion and all of which are subject to change (possibly with retroactive effect) and to differing interpretations. It is also based upon representations and facts provided by each of Univest and Valley Green to Stevens & Lee, P.C. Future legislative, judicial, or administrative changes or interpretations which may or may not be retroactive, or the failure of any such facts or representations to be true, accurate and complete, may affect the statements and conclusions described in this discussion.

This discussion is not intended to be a complete description of all of the United States federal income tax consequences of the merger. Further, this discussion does not address all aspects of United States federal income taxation that may be relevant to Valley Green shareholders in light of their particular circumstances and does not address aspects of United States federal income taxation that may be applicable to Valley Green shareholders subject to special treatment under the Internal Revenue Code (including but not limited to banks, financial institutions, trusts, estates, persons who hold shares of Valley Green common stock in an individual retirement account (IRA), 401(k) plans or similar tax-favored accounts, tax-exempt organizations, insurance companies, dealers or brokers in securities or foreign currencies, traders in securities that elect to use a mark-to-market method of accounting, persons holding Valley Green common stock through a pass-through entity, Valley Green shareholders who hold their shares of Valley Green common stock as part of a hedge, straddle, conversion transaction or constructive sale transaction, Valley Green shareholders who acquired their shares of Valley Green common stock pursuant to the exercise of employee stock options or otherwise as compensation, persons that hold options or warrants to acquire Valley Green common stock, persons whose functional currency for United States federal income tax purposes is not the United States dollar, persons who are United States expatriates and holders who are not United States persons, within the meaning of Section 7701(a)(30) of the Internal Revenue Code). In addition, the discussion does not address any aspect of state, local or foreign taxation. No assurance can be given that the IRS would not assert, or that a court would not sustain a position contrary to any of the tax aspects set forth below.

Valley Green shareholders are encouraged to consult their tax advisors with respect to the particular United States federal, state, local and foreign tax consequences of the merger.

The closing of the merger is conditioned, in part, upon the receipt by Univest of the opinion of Stevens & Lee P.C., and the receipt by Valley Green of the opinion of Stradley, Ronon, Stevens & Young, LLP, each dated as of the effective date of the merger, substantially to the effect that, on the basis of facts, representations and assumptions set forth or referred to in the opinion (including factual representations contained in certificates of officers of Univest and Valley Green) which are consistent with the state of facts existing as of the effective date of the merger, the merger will be treated for United States federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Code. The tax opinions to be delivered in connection with the merger represent each counsel's best legal judgment; however, such opinions are not binding on the IRS or the courts, and neither Univest nor Valley Green intends to request a ruling from the IRS with respect to the United States federal income tax consequences of the merger. Consequently, no assurance can be given that the IRS will not assert, or that a court would not sustain, a position contrary to any of those set forth below. In addition, if any of the facts, representations or assumptions upon which such opinions are based is inconsistent with the actual facts, the United States federal income tax consequences of the merger could be adversely affected.

Assuming that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, the discussion below sets forth the opinion of Stevens and Lee, P.C. as to the material United States federal income tax consequences of the merger to Valley Green shareholders.

Table of Contents

A Valley Green shareholder will not recognize gain or loss as a result of such shareholder's shares of Valley Green common stock being exchanged in the merger solely for shares of Uninvest common stock, except as described below with respect to the receipt of cash in lieu of a fractional share of Uninvest common stock. A Valley Green shareholder's aggregate tax basis in shares of Uninvest common stock received in the merger, including any fractional share deemed received and exchanged as described below, will equal the aggregate tax basis of the shareholder's Valley Green shares surrendered in the merger. The holding period of the Uninvest common stock will include the holding period of the shares of Valley Green common stock surrendered in the merger, provided the Valley Green shareholder's shares are held as a capital asset at the time of the merger.

Cash received by a Valley Green shareholder in lieu of a fractional share of Uninvest common stock generally will be treated as received in redemption of the fractional share, and gain or loss generally will be recognized based on the difference between the amount of cash received in lieu of the fractional share and the portion of the shareholder's aggregate adjusted tax basis of the shares of Valley Green common stock surrendered that is allocable to the fractional share. Such gain or loss generally will be a long-term capital gain or loss if the holding period for the shares of Valley Green common stock is more than one year at the time of the merger. The deductibility of capital losses is subject to limitations.

A Valley Green shareholder who exercises dissenter's rights in connection with the merger will recognize gain or loss to the extent the cash received in exchange for such shareholder's shares of Valley Green common stock is greater or less than the shareholder's adjusted basis for the Valley Green common stock. Such gain or loss generally will be long-term capital gain or loss if the holding period for the shares of Valley Green common stock is more than one year at the time of the merger.

Holders of Valley Green warrants and stock options should consult their tax advisors regarding the federal income and other tax consequences of the merger to them.

A holder of Valley Green common stock who receives Uninvest common stock as a result of the merger should retain records pertaining to the merger, including records relating to the number of shares and the basis of such holder's Valley Green common stock. Each holder of Valley Green common stock who is required to file a U.S. federal income tax return and who is a significant holder that receives Uninvest common stock in the merger will be required to file a statement with such U.S. federal income tax return in accordance with Treasury Regulations Section 1.368-3 setting forth such holder's basis in the Valley Green common stock surrendered, the fair market value of the Uninvest common stock and any cash received in the merger, and certain other information. A significant holder is a holder of Valley Green common stock who, immediately before the merger, either owned at least 1% of the total outstanding stock of Valley Green or owned Valley Green common stock with a basis for federal income tax purposes of one million dollars or more.

Tax matters are very complicated, and the tax consequences of the merger to each holder of Valley Green common stock will depend on the facts of that shareholder's particular situation. The discussion set forth above does not address all United States federal income tax consequences that may be relevant to a particular holder of Valley Green common stock and may not be applicable to holders in special situations. Holders of Valley Green common stock are urged to consult their own tax advisors regarding the specific tax consequences of the merger.

How Shares Will Be Voted at the Special Meeting

All shares of Univest common stock represented by properly executed proxies received before or at the special meeting, and not properly revoked, will be voted as specified in the proxies. Properly executed proxies that do not contain voting instructions will be voted FOR the adoption of the merger agreement and FOR the adjournment or postponement of the special meeting, if necessary, to permit further solicitation of proxies as included in this joint proxy statement/prospectus.

If you hold shares of Univest common stock in street name through a bank, broker or other nominee holder, the nominee holder may only vote your shares in accordance with your instructions. If you do not give specific instructions to your nominee holder as to how you want your shares voted, your nominee will indicate that it does not have authority to vote on the proposal, which will result in what is called a broker non-vote. Broker non-votes will be counted for purposes of determining whether there is a quorum present at the special meeting, but they will not be deemed to have been voted on any of the proposals. Abstentions and broker non-votes will not affect the outcomes of any of the proposals.

If any other matters are properly brought before the special meeting, the proxies named in the proxy card will have discretion to vote the shares represented by duly executed proxies in their sole discretion.

How to Vote Your Shares

Univest shareholders may vote in person at the special meeting or by one of the following methods:

Voting by Mail. You may vote by completing and returning the enclosed proxy card. Your proxy will be voted in accordance with your instructions. If you do not specify a choice on one of the proposals described in this joint proxy statement, your proxy will be voted in favor of that proposal.

If your shares are registered in the name of a broker or other nominee, your nominee may be participating in a program provided through ADP Investor Communication Services that allows you to vote via the Internet. If so, the voting form your nominee sends you will provide Internet instructions.

Voting in Person. If you attend the meeting, you may deliver your completed proxy card in person or may vote by completing a ballot which will be available at the meeting. If your shares are registered in the name of a broker or other nominee and you wish to vote at the meeting, you will need to obtain a legal proxy from your bank or brokerage firm. The Univest Secretary's mailing address is 14 North Main Street, Souderton, Pennsylvania 18964. If your shares are registered in the name of a broker or other nominee, you may later revoke your proxy instructions by informing the holder of record in accordance with that entity's procedures.

beneficial owners of Univest common stock and secure their voting instructions. Univest will reimburse the record holders for their reasonable expenses in taking those actions. If necessary, Univest may use several of its regular employees, who will not be specially compensated, to solicit proxies from Univest shareholders, either personally or by telephone, facsimile, letter or other electronic means.

Univest and Valley Green will each bear the expenses incurred in connection with the copying, printing and distribution of this joint proxy statement/prospectus for their respective special meetings.

All holders of Univest common stock, including shareholders of record and shareholders who hold their shares through banks, brokers, nominees or any other holder of record, are invited to attend the special meeting. Shareholders of record can vote in person at the special meeting. If you are not a shareholder of record, you must obtain a proxy executed in your favor from the record holder of your shares, such as a broker, bank or other nominee, to be able to vote in person at the special meeting. If you plan to attend the special meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership and you must bring a form of personal photo identification with you in order to be admitted. UNIVEST SPECIAL MEETING PROPOSAL NO. 2

AUTHORIZATION TO VOTE ON ADJOURNMENT OR OTHER MATTERS

General

If, at the Univest special meeting, the number of shares of Univest common stock, present in person or by proxy, is insufficient to constitute a quorum or the number of shares of Univest common stock voting in favor is insufficient to adopt the merger agreement, Univest management intends to move to adjourn the special meeting in order to enable the Univest board of directors more time to solicit additional proxies. In that event, Univest will ask its shareholders to vote only upon the adjournment proposal and not the proposal relating to adoption of the merger agreement.

In this proposal, Univest is asking you to grant discretionary authority to the holder of any proxy solicited by the Univest board of directors so that such holder can vote in favor of the proposal to adjourn the special meeting to solicit additional proxies. If the shareholders of Univest approve the adjournment proposal, Univest could adjourn the special meeting, and any adjourned session of the special meeting, and use the additional time to solicit additional proxies, including the solicitation of proxies from shareholders who have previously voted.

Generally, if the special meeting is adjourned, no notice of the adjourned meeting is required to be given to shareholders, other than an announcement at the special meeting of the place, date and time to which the meeting is adjourned.

Adjournment of Meeting

Pursuant to Univest's bylaws, the adjournment proposal requires the affirmative vote of a majority of all votes cast, in person and by proxy, at the Univest special meeting for the proposal. Abstentions and broker non-votes will not affect the vote on the adjournment proposal.

Recommendation of the Univest Board of Directors

The Univest board of directors recommends a vote **FOR** the proposal to authorize the board of directors to adjourn the special meeting of shareholders to allow time for the further solicitation of proxies to adopt the merger agreement.

Univest Affiliate Letter

As of the record date, directors and executive officers of Univest and their affiliates had the right to vote 606,138 shares of Univest common stock, or 3.74% of the outstanding Univest common stock entitled to be voted at the special meeting. In accordance with the terms of the merger agreement, each of the directors and executive officers of Univest has executed an Affiliate Letter in favor of Valley Green pursuant to which he or she has agreed to vote all shares of Univest common stock owned by him or her in favor of adoption of the merger agreement and the transactions contemplated thereby.

Univest's activities are interrelated, each activity is dependent, and performance is assessed based on how each of these activities supports the others. Accordingly, significant operating decisions are based upon analysis of Univest as one Community Banking operating segment.

How Shares Will Be Voted at the Special Meeting

All shares of Valley Green common stock represented by properly executed proxies received before or at the special meeting, and not properly revoked, will be voted as specified in the proxies. Properly executed proxies that do not contain voting instructions will be voted FOR the adoption of the merger agreement, and FOR the adjournment or postponement of the special meeting, if necessary, to permit further solicitation of proxies as included in this joint proxy statement/prospectus.

If you hold shares of Valley Green common stock in street name through a bank, broker or other nominee holder, the nominee holder may only vote your shares in accordance with your instructions. If you do not give specific instructions to your nominee holder as to how you want your shares voted, your nominee will indicate that it does not have authority to vote on the proposal, which will result in what is called a broker non-vote. Broker non-votes will be counted for purposes of determining whether there is a quorum present at the special meeting, but they will not be deemed to have been voted on any of the proposals. Abstentions and broker non-votes with respect to the merger agreement will effectively act as no votes on such proposal, but will not affect the outcomes of any of the other proposals.

If any other matters are properly brought before the special meeting, the proxies named in the proxy card will have discretion to vote the shares represented by duly executed proxies in their sole discretion.

How to Vote Your Shares

Valley Green shareholders may vote in person at the special meeting or by one of the following methods:

VALLEY GREEN SPECIAL MEETING PROPOSAL NO. 2

AUTHORIZATION TO VOTE ON ADJOURNMENT OR OTHER MATTERS

General

If, at the Valley Green special meeting, the number of shares of Valley Green common stock, present in person or by proxy, is insufficient to constitute a quorum or the number of shares of Valley Green common stock voting in favor is insufficient to adopt the merger agreement, Valley Green management intends to move to adjourn the special meeting in order to enable the Valley Green board of directors more time to solicit additional proxies. In that event, Valley Green will ask its shareholders to vote only upon the adjournment proposal and not the proposal relating to adoption of the merger agreement.

In this proposal, Valley Green is asking you to grant discretionary authority to the holder of any proxy solicited by the Valley Green board of directors so that such holder can vote in favor of the proposal to adjourn the special meeting to solicit additional proxies. If the shareholders of Valley Green approve the adjournment proposal, Valley Green could adjourn the special meeting, and any adjourned session of the special meeting, and use the additional time to solicit additional proxies, including the solicitation of proxies from shareholders who have previously voted.

Generally, if the special meeting is adjourned, no notice of the adjourned meeting is required to be given to shareholders, other than an announcement at the special meeting of the place, date and time to which the meeting is adjourned.

Vote Required

Pursuant to Valley Green's bylaws, the adjournment proposal requires the affirmative vote of a majority of all votes cast, in person and by proxy, at the Valley Green special meeting. Abstentions and broker non-votes will not affect the vote on the adjournment proposal.

Recommendation of the Valley Green Board of Directors

The Valley Green board of directors recommends a vote **FOR** the proposal to authorize the board of directors to adjourn the special meeting of shareholders to allow time for the further solicitation of proxies to adopt the merger agreement.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following Valley Green Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with Valley Green's financial statements and related notes included elsewhere in this joint proxy statement/prospectus beginning at page 109.

Valley Green's results of operations depend, to a large extent, on net interest income, which is the difference between the income earned on its loan and investment portfolios and interest expense on deposits and borrowings. Net interest income is largely determined by net interest spread, which is the difference between the average yield earned on interest-earning assets and the average rate paid on interest-bearing liabilities, and the relative amounts of interest-earning assets and interest-bearing liabilities. Results of operations are also affected by the provision for

Table of Contents

loan losses, other income and other expenses. Other, or non-interest, expenses principally consist of compensation and employee benefits, office occupancy and equipment expense, data processing, advertising and business promotion, professional service fees and other expense. Valley Green's results of operations are also significantly affected by general economic and competitive conditions, particularly changes in interest rates, government policies and actions of regulatory authorities. Future changes in applicable law, regulations or government policies may materially impact Valley Green financial conditions and results of operations.

Valley Green's Critical Accounting Policies. In reviewing and understanding financial information for Valley Green, you are encouraged to read and understand the significant accounting policies used in preparing its financial statements. These policies are described in Note 2 of the notes to the Valley Green financial statements included elsewhere in this joint proxy statement/prospectus. The accounting and financial reporting policies of Valley Green conform to US GAAP and to general practices within the banking industry. Accordingly, the Valley Green financial statements require certain estimates, judgments, and assumptions, which are believed to be reasonable, based upon the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income and expenses during the periods presented. The following accounting policies comprise those that Valley Green management believes are the most critical to aid in fully understanding and evaluating its reported financial results. These policies require numerous estimates or economic assumptions that may prove inaccurate or may be subject to variations which may affect Valley Green's reported results and financial condition for the period or in future periods.

Allowance for Loan Losses. The allowance for loan losses represents management's estimate of losses inherent in the loan portfolio as of the balance sheet date and is recorded as a reduction to loans. The allowance for loan losses is increased by the provision for loan losses, and decreased by charge-offs, net of recoveries. Loans deemed to be uncollectible are charged against the allowance for loan losses, and subsequent recoveries, if any, are credited to the allowance. All, or part, of the principal balance of loans receivable are charged off to the allowance as soon as it is determined that the repayment of all, or part, of the principal balance is highly unlikely. Because all identified losses are immediately charged off, no portion of the allowance for loan losses is restricted to any individual loan or groups of loans, and the entire allowance is available to absorb any and all loan losses.

The allowance for loan losses is maintained by Valley Green at a level considered appropriate under US GAAP to provide for losses that can be reasonably anticipated. Management performs a quarterly evaluation of the adequacy of the allowance. The allowance is based on past loan loss experience, known and inherent risks in the portfolio, adverse situations that may affect the borrower's ability to repay, the estimated value of any underlying collateral, the composition of the loan portfolio, current economic conditions and other relevant factors. This evaluation is inherently subjective as it requires material estimates that may be susceptible to significant revision as more information becomes available.

The allowance consists of specific and general components. The specific component relates to loans that are classified as impaired. For loans that are classified as impaired, an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The general component covers pools of loans by loan class including commercial loans not considered impaired, as well as smaller balance homogeneous loans, such as residential real estate, home equity and other consumer loans. These pools of loans are evaluated for loss exposure based upon historical loss rates for each of these categories of loans, as adjusted for qualitative factors. Allowance for loan losses final schedules, calculations and the resulting evaluation process are reviewed quarterly by the Valley Green Board of Directors.

A loan is considered impaired when, based on current information and events, it is probable that Valley Green will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the

loan agreement. Factors considered by Valley Green management in determining impairment include payment status, collateral value and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified by Valley Green as impaired. Valley Green management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances

Table of Contents

surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan by loan basis for commercial, commercial real estate, commercial construction, residential real estate, and consumer loans by either the present value of expected future cash flows discounted at the loan's effective interest rate or the fair value of the collateral if the loan is collateral dependent.

The allowance is adjusted by Valley Green for other significant factors that affect the collectability of the loan portfolio as of the evaluation date including changes in lending policy and procedures, loan volume and concentrations, seasoning of the portfolio, loss experience in particular segments of the portfolio, and bank regulatory examination results. Other factors include changes in economic and business conditions affecting Valley Green's primary lending areas and credit quality trends. Loss factors are reevaluated each reporting period to ensure their relevance in the current economic environment. Valley Green reviews key ratios such as the allowance for loan losses to total loans receivable and as a percentage of non-performing loans; however, Valley Green does not try to maintain any specific target range for these ratios.

While Valley Green management uses the best information available to make loan loss allowance evaluations, adjustments to the allowance may be necessary based on changes in economic and other conditions or changes in accounting guidance. In addition, the Federal Deposit Insurance Corporation and Pennsylvania Department of Banking and Securities, as an integral part of their examination processes, periodically review the allowance for loan losses. The examining entity may require the recognition of adjustments to the allowance for loan losses based on their judgment about information available to them at the time of their examinations. To the extent that actual outcomes differ from management's estimates, additional provisions to the allowance for loan losses may be required that would adversely impact Valley Green earnings in future periods.

Fair Value Measurements. Valley Green uses fair value measurements to record fair value adjustments to certain assets to determine fair value disclosures. Securities available for sale are recorded at fair value on a recurring basis. Additionally, from time to time, Valley Green may be required to record at fair value other assets on a nonrecurring basis, such as impaired loans, real estate owned and certain other assets. These nonrecurring fair value adjustments typically involve application of lower-of-cost-or-market accounting or write-downs of individual assets.

Under FASB ASC Topic 820, Fair Value Measurements, Valley Green groups its assets at fair value in three levels, based on the markets in which the assets are traded and the reliability of the assumptions used to determine fair value. These levels are:

Level 1 Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2 Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect Valley Green's own estimates of assumptions that market participants would use in pricing the asset.

Under FASB ASC Topic 820, Valley Green bases its fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is our policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy in FASB ASC Topic 820.

Fair value measurements for assets where there exists limited or no observable market data and, therefore, are based primarily upon Valley Green or a third-party's estimates, are often calculated based on the characteristics of the asset, the economic and competitive environment and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset. Additionally, there may

Table of Contents

be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future valuations that were measured at fair value on a nonrecurring basis using Level 3 measurements.

Income Taxes. Valley Green makes estimates and judgments to calculate some of its tax liabilities and determine the recoverability of some of its deferred tax assets, which arise from temporary differences between the tax and financial statement recognition of revenues and expenses. Valley Green also estimates a reserve for deferred tax assets if, based on the available evidence, it is more likely than not that some portion or all of the recorded deferred tax assets will not be realized in future periods. These estimates and judgments are inherently subjective.

In evaluating its ability to recover deferred tax assets, Valley Green considers all available positive and negative evidence, including past operating results and its forecast of future taxable income. In determining future taxable income, Valley Green makes assumptions for the amount of taxable income, the reversal of temporary differences and the implementation of feasible and prudent tax planning strategies. These assumptions require Valley Green to make judgments about its future taxable income consistent with the plans and estimates it uses to manage its business. Any reduction in estimated future taxable income may require Valley Green to record a valuation allowance against its deferred tax assets. An increase in the valuation allowance would result in additional income tax expense in the period and could have a significant impact on Valley Green's future earnings.

Other-Than-Temporary Impairment of Securities. Securities are evaluated by Valley Green on a monthly basis to determine whether declines in their value are other-than-temporary. To determine whether a loss in value is other-than-temporary, Valley Green's management utilizes criteria such as the reasons underlying the decline, the magnitude and duration of the decline and whether or not management intends to sell or expects that it is more likely than not that it will be required to sell the security prior to an anticipated recovery of the fair value. The term "other-than-temporary" is not intended to indicate that the decline is permanent, but indicates that the prospects for a near-term recovery of value is not necessarily favorable, or that there is a lack of evidence to support a realizable value equal to or greater than the carrying value of the investment. Once a decline in value for a debt security is determined to be other-than-temporary, the other-than-temporary impairment is separated into (a) the amount of the total other-than-temporary impairment related to a decrease in cash flows expected to be collected from the debt security (the credit loss) and (b) the amount of the total other-than-temporary impairment related to all other factors. The amount of the total other-than-temporary impairment related to the credit loss is recognized in earnings. The amount of the total other-than-temporary impairment related to all other factors is recognized in other comprehensive income (loss).

As a full-service community bank, Valley Green endeavors to meet the borrowing needs of customers and the communities in which it operates. As such, Valley Green takes into consideration general economic conditions, local market conditions and other factors which impact particular types of lending.

Valley Green provides business lending, including commercial, commercial real estate, commercial construction, residential real estate, home equity and consumer loans. Although terms for commercial and commercial real estate loans may vary, its underwriting standards generally allow for terms up to 10 years with monthly amortization up to

25 years and loan-to-value (LTV) ratios of not more than 80%. Interest rates may be either fixed or adjustable, based upon designated market indices plus a margin, and fees up to 1.0% of the loan at the time of origination may be charged. Prepayment fees are generally charged on most commercial real estate and multi-family loans in the event of early repayment on fixed-rate loans. Most loans greater than 5 years in length have interest rate resets after the fifth year.

Generally, Valley Green provides revolving lines of credit for a business' s short-term working capital needs secured by the business' s accounts receivables and/or inventory. Secured term loan financing is provided for the acquisition of fixed business assets, such as real property, vehicles, equipment and machinery, and is collateralized by those fixed assets. In addition to business assets pledged as collateral, the principal owner(s) of the borrower will personally guarantee most commercial business loans. Interest rates are typically variable and tied to a specific index, such as the prime rate.

Valley Green participates in the Small Business Administration (SBA) 7A government guaranteed lending program, a loan guaranty program and other programs with the Philadelphia Industrial Development Corporation.

Valley Green also finances residential construction projects with developers that have considerable experience within Valley Green's core market. Residential construction loans generally require the borrower to maintain equity in a project of between 15% and 30% of the total cost of the construction project. Such loans typically have variable rates of interest, a maximum term to maturity of two years and LTV ratios less than 80%. Residential construction loans to developers are made on a pre-sold and speculative (unsold) basis; however, limits are placed on the number of units that can be built on a speculative basis based upon the reputation and financial position of the developer, his/her present obligations, the location of the property and prior sales in the surrounding area. In light of the current economic conditions relating to the real estate market, Valley Green continually monitors the real estate market and stress tests its commercial real estate and commercial construction portfolio positions.

Valley Green offers various types of consumer loans, including secured and unsecured loans. The majority of the consumer loan portfolio is comprised of home equity first or second mortgage loans or lines of credit. Valley Green also offers automobile loans, education loans, personal loans, property improvement loans and loans secured by deposits. Home equity mortgage loans generally are extended for a fixed amount and term (ranging up to 15 years) and have an LTV of 80% or less. Home equity lines of credit are a form of revolving credit and are generally secured by the underlying equity in the borrower's home or second residence with an LTV of 80% or less.

Valley Green Asset Quality. One of Valley Green's key objectives is to maintain a high level of asset quality. When a borrower fails to make a required payment on a loan, Valley Green attempts to cure the deficiency by contacting the borrower and requesting payment. Contact is generally made after the expiration of the grace period (usually 15 days) in the form of telephone calls and/or correspondence. In most cases, deficiencies are cured promptly. If the delinquency continues, Valley Green will initiate foreclosure or legal collection actions upon ninety days of delinquency.

Valley Green places loans on non-accrual status when, in the judgment of management, the probability of collection of interest is deemed to be insufficient to warrant further accrual. When a loan is placed on non-accrual status, previously accrued but unpaid interest is deducted from interest income. As a matter of policy, Valley Green generally does not accrue interest on loans past due 90 days or more.

Real estate acquired by Valley Green as a result of foreclosure or by deed-in-lieu of foreclosure is classified as real estate owned until sold. Real estate owned is initially recorded at the lower of fair value less estimated costs to sell the property, or cost (generally the balance of the loan on the property at the date of acquisition). After the date of acquisition, all costs incurred in maintaining the property are expensed and costs incurred for the improvement or development of such property are capitalized up to the extent of their net realizable value.

Under accounting principles generally accepted in the United States of America (GAAP), Valley Green is required to account for certain loan modifications or restructurings as troubled debt restructurings. In general, the modification or restructuring of a debt constitutes a troubled debt restructuring if Valley Green, for economic or legal reasons related to the borrower's financial difficulties, grants a concession to the borrower that Valley Green would not otherwise consider under current market conditions. Debt restructuring or loan modifications for a borrower do not necessarily always constitute troubled debt restructuring, however, and troubled debt restructuring does not necessarily result in non-accrual loans.

Valley Green Investment Activities. In addition to loans, Valley Green invests in securities. Valley Green investments in securities are made pursuant to Valley Green's investment policy. Valley Green's investment policy is designed primarily to manage the interest rate sensitivity of its assets and liabilities, to generate a favorable return without incurring undue interest rate risk or credit risk, to complement its lending activities and to maintain liquidity.

At June 30, 2014, Valley Green investment securities at cost amounted to \$13 million in the aggregate or 3.24% of its total assets at such date. The securities portfolio is comprised of U.S. Government corporations and agency securities.

At June 30, 2014, there was an aggregate of \$370,000 in gross unrealized losses recorded on the investment securities portfolio. Securities are evaluated on a monthly basis to determine whether a decline in their value is other-than-temporary. To determine whether a loss in value is other-than-temporary, management utilizes criteria such as the reasons underlying the decline, the magnitude and duration of the decline and whether or not management intends to sell or expects that it is more likely than not that it will be required to sell the security prior to an anticipated recovery of the fair value. The term "other-than-temporary" is not intended to indicate that the decline is permanent, but indicates that the prospects for a near-term recovery of value is not necessarily favorable, or that there is a lack of evidence to support a realizable value equal to or greater than the carrying value of the investment. Once a decline in value for a debt security is determined to be other-than-temporary, the other-than-temporary impairment is separated into (a) the amount of the total other-than-temporary impairment related to a decrease in cash flows expected to be collected from the debt security (the credit loss) and (b) the amount of the total other-than-temporary impairment related to all other factors. The amount of the total other-than-temporary impairment related to the credit loss is recognized in earnings. The amount of the total other-than-temporary impairment related to all other factors is recognized in other comprehensive income. Available for sale securities can be sold at any time based upon needs or market conditions. Available for sale securities are accounted for at fair value, with unrealized gains and losses on these securities, net of income tax, reflected in stockholders' equity as accumulated other comprehensive income (loss). At June 30, 2014, all \$12.996 million of securities were classified as available for sale and mature within five to ten years with a weighted average yield of 1.57%.

Valley Green Borrowings. Valley Green utilizes advances from the FHLB of Pittsburgh as an alternative to retail deposits to fund operations as part of its operating strategy. These FHLB advances are collateralized primarily by certain mortgage loans and secondarily by its investment in capital stock of the FHLB of Pittsburgh. Valley Green also had outstanding short-term letters of credit with the FHLB totaling \$16.9 million at June 30, 2014 which were utilized to collateralize public funds deposits. The maximum borrowing capacity changes as a function of qualifying collateral assets as well as the FHLB's internal credit rating of Valley Green, and the amount of funds received may be reduced by additional required purchases of FHLB stock. At June 30, 2014, Valley Green had no borrowings with the FHLB except those qualifying deposits previously mentioned.

How Valley Green Manages Market Risk. Market risk is the risk of loss from adverse changes in market prices and rates. Valley Green's market risk arises primarily from the interest rate risk which is inherent in its lending and deposit taking activities. To that end, management actively monitors and manages interest rate risk exposure. In addition to market risk, Valley Green's primary risk is credit risk on its loan portfolio. Valley Green attempts to manage credit risk through its loan underwriting and oversight policies.

The principal objectives of Valley Green's interest rate risk management function are to evaluate the interest rate risk embedded in certain balance sheet accounts, determine the level of risk appropriate given Valley Green's business strategy, operating environment, capital and liquidity requirements and performance objectives, and manage the risk consistent with approved guidelines. Valley Green seeks to manage its exposure to risks from changes in interest rates while at the same time trying to improve its net interest spread. Valley Green monitors interest rate risk as such risk relates to its operating strategies.

In recent years, Valley Green has primarily utilized the following strategies to manage interest rate risk:

it has attempted, where possible, to extend the maturities of its deposits and borrowings;

it has invested in securities with relatively short anticipated lives and it holds other amounts of liquid assets;
and

it has increased its outstanding shorter term loans, particularly commercial real estate loans.

The following table sets forth the amounts of interest-earning assets and interest-bearing liabilities outstanding at June 30, 2014, which Valley Green expects, based upon certain assumptions, to re-price or mature in each of the future time periods shown (the "GAP Table"). Except as stated below, the amount of assets and liabilities shown which re-price or mature during a particular period was determined in accordance with the earlier of term to re-pricing or the contractual maturity of the asset or liability. The table sets forth an approximation of the projected re-pricing of Valley Green's assets and liabilities at June 30, 2014, on the basis of contractual maturities, anticipated prepayments, and scheduled rate adjustments within a three-month period and subsequent selected time intervals. The loan amounts in the table reflect principal balances expected to be redeployed and/or re-priced as a result of contractual amortization and anticipated prepayments of adjustable-rate loans and fixed-rate loans, and as a result of contractual rate adjustments on adjustable-rate loans. Prepayment estimates for loans are based on corresponding securities (from Bloomberg system) and/or national averages unless otherwise indicated. Securities priced at a premium are assumed to be called, while those at a discount are assumed to run to maturity.

- (1) Interest-earning assets are included in the period in which the balances are expected to be redeployed and/or re-priced as a result of anticipated prepayments, scheduled rate adjustments and contractual maturities. In different rate environments, prepay and call features may have a significantly different impact on cash flow.
- (2) For purposes of the gap analysis, loans receivable includes non-performing loans gross of the allowance for loan losses, undisbursed loan funds, unamortized discounts and deferred loan fees.
- (3) Interest-rate sensitivity gap represents the difference between net interest-earning assets and interest-bearing liabilities.

Interest rate sensitivity is monitored by Valley Green's management through the use of models which generate estimates for the change in economic value of equity, interest rate sensitivity analysis and interest rate simulations under various rate scenarios. The results of the models are compared to policy limits established by Valley Green's Board of Directors.

Valley Green analyzes potential changes to net interest income (NII) for a twelve-month period under rising and falling interest rate scenarios. The following table shows Valley Green's NII model as of June 30, 2014. This model assumes there is no growth in interest-bearing assets or interest-bearing liabilities.

The above table indicates that as of June 30, 2014, in the event of a 300 basis point increase in interest rates phased in over a year, Valley Green net interest income for the 12 months ending June 30, 2015 would be expected to increase by \$284,000, or 1.5%, to \$19.679 million. The changes to net interest income shown above are in compliance with the policy limits established by the Valley Green Board of Directors.

Changes in Valley Green's Financial Condition at June 30, 2014 Compared to December 31, 2013. Valley Green's total assets increased to \$389.5 million at June 30, 2014 compared to \$357.3 million at December 31, 2013. The primary reason for the \$32.2 million, or 9.0%, increase in Valley Green's total assets in the first six months of 2014 was a \$25.6 million increase in net loans. Valley Green continues to focus on

Table of Contents

growing and diversifying its loan portfolio in its efforts to increase interest income and fee income. In addition, Valley Green federal funds sold increased to \$19.1 million at June 30, 2014, a \$6.6 million increase from December 31, 2013 primarily due to increased liquidity from deposits and the maturity and sale of securities.

The increase in Valley Green's total assets for the six months ended June 30, 2014 was funded primarily by a \$28.3 million increase in total deposits. While Valley Green has focused in recent periods on increasing its core deposits, it has also been able to accomplish some of this effort through utilizing the FHLB Letters of Credit program to back certain public deposits, thus allowing larger deposit relationships to remain with Valley Green.

Valley Green's total stockholders' equity was \$34.9 million, or 8.97% of total assets, at June 30, 2014 compared to \$31.2 million, or 8.7% of total assets, at December 31, 2013. The \$3.7 million increase in Valley Green total stockholders' equity in the six months ended June 30, 2014 primarily reflects \$2.6 million in net income recorded for the period together with \$730,000 in additional capital through options exercised.

Changes in Valley Green Financial Condition at December 31, 2013 compared to December 31, 2012. Valley Green's total assets were \$357.3 million at December 31, 2013 compared to \$295.4 million at December 31, 2012, an increase in total assets of \$62 million or 21%. The primary reason for the increase in Valley Green's total assets at year-end 2013 compared to year-end 2012 was a \$74.7 million increase in net loans receivable. The increase in Valley Green's net loans during 2013 primarily reflects the focus on Valley Green's commercial real estate lending strategy in metropolitan Philadelphia. Valley Green's commercial real estate loan portfolio increased by \$18.9 million during the year ended December 31, 2013, and its commercial construction portfolio increased by \$25.9 million during the year ended December 31, 2013. The total commercial loan portfolio increased by \$30.2 million during the year ended December 31, 2013.

Valley Green's total deposits were \$324.9 million at December 31, 2013 compared to \$268.9 million at December 31, 2012. The \$56 million, or 20.8%, increase in Valley Green's total deposits in 2013 primarily reflects Valley Green's efforts to increase core deposits.

Valley Green's total stockholders' equity was \$31.2 million at December 31, 2013 compared to \$25.6 million at December 31, 2012. Although Valley Green reported net income of \$4.6 million for the year ended December 31, 2013, it had an accumulated other comprehensive loss of \$545,000 at December 31, 2013 compared to a \$26,000 gain in accumulated other comprehensive income at December 31, 2012. This decrease in other comprehensive income was due primarily to a decrease in the market value of the Valley Green investment portfolio reflecting an increase in market rates of interest.

Rate/Volume Analysis. The following table shows the extent to which changes in interest rates and changes in volume of interest-earning assets and interest-bearing liabilities affected Valley Green interest income and expense during the periods indicated. For each category of interest-earning assets and interest-bearing liabilities, information is provided on changes attributable to (1) changes in rate, which is the change in rate multiplied by prior period volume, and (2) changes in volume, which is the change in volume multiplied by prior period rate. The combined effect of changes in both rate and volume has been allocated proportionately to the change due to rate and the change due to volume.

Comparison of Valley Green's Operating Results for the Three and Six Months Ended June 30, 2014 and 2013.

Valley Green reported net income of \$2.6 million for the six months ended June 30, 2014, a 31.5% increase from Valley Green's net income of \$2.0 million for the six months ended June 30, 2013. During the same period there also was a \$1.6 million increase in net interest income from \$7.5 million for the six months ended June 30, 2013 to \$9.1 million for the six months ended June 30, 2014. This was the primary reason for increased net income. For the six

months ended June 30, 2014, Valley Green's net interest spread and net interest margin were 4.94% and 5.07%, respectively. This was nearly unchanged from the net interest spread and net interest margin of 4.99% and 5.14%, respectively, for the six months ended June 30, 2013.

Valley Green's interest income increased by \$1.7 million, or 20%, for the six months ended June 30, 2014 over the prior year comparable period, due primarily to a \$71.4 million increase in the average balance of outstanding loans in the Valley Green's portfolio. The increase in the average balance of loans in the first six months of 2014 reflects Valley Green's efforts to grow its loan portfolio. Interest income on investment securities was \$117,000 for the six months ended June 30, 2014 compared to \$114,000 for the six months ended June 30, 2013. There were no recent purchases of investments during this period.

Table of Contents

Valley Green's interest income for the three months ended June 30, 2014 increased by \$800,000, from \$4.3 million for the three months ended June 30, 2013 to \$5.1 million. This increase directly reflects the loan growth Valley Green has experienced.

Valley Green's interest expense increased by \$107,000 or 12.1%, to \$993,000 for the six months ended June 30, 2014 compared to \$886,000 for the six months ended June 30, 2013. The average rate paid by Valley Green on its total interest bearing liabilities was 0.68% for the six months ended June 30, 2014 compared to 0.76% for six months ended June 30, 2013. For the three months ended June 30, 2014 interest expense was \$519,000 compared to \$436,000 for the three months ended June 30, 2013. In recent periods, Valley Green increased its emphasis on public funds as a funding source and also worked to increase its core deposits.

Valley Green's provision for loan losses was \$499,000 for the six months ended June 30, 2014 compared to \$461,000 for the six months ended June 30, 2013. The provision for loan losses was \$464,000 for the three months ended June 30, 2014 as compared to \$220,000 for the three months ended June 30, 2013. At June 30, 2014, Valley Green's allowance for loan losses was \$2.4 million compared to \$2.6 million at June 30, 2013. Valley Green's net charge-offs to its allowance for loan losses for the six months ended June 30, 2014 was \$888,000 and net charge offs for the six months ended June 30, 2013 was \$98,000.

Valley Green's non-interest income was \$328,000 for the six months ended June 30, 2014 as compared to \$325,000 for the six months ended June 30, 2013. The primary source of non-interest income is fees from deposit accounts while a minimal amount is contributed from sales of loans. Non-interest income for the three months ended June 30, 2014 was \$173,000 compared to \$170,000 for the three months ended June 30, 2013.

Valley Green's total non-interest expenses were \$4.8 million for the six months ended June 30, 2014 as compared to \$4.3 million for the six months ended June 30, 2013. Compensation and employee benefits expense increased period over period due to additional staff to support Valley Green growth. Occupancy and equipment expenses increased period over period due to the new branch opening in South Philadelphia. Other operating expenses increased nominally or remained approximately the same.

Valley Green's total non-interest expenses for the three months ended June 30, 2014 were \$2.3 million compared to \$2.2 million for the three months ended June 30, 2013. Compensation and employee benefits expense and occupancy expense increased quarter over quarter due to additional staff to support Valley Green growth, however all other operating expenses decreased. The other operating expenses decreased for the three months ended June 30, 2014 as a direct result of various non-recurring costs related to the opening of Valley Green's new South Philadelphia branch in 2013.

For the six months ended June 30, 2014 income tax expense was \$1.5 million compared to \$1.0 million for the six months ended June 30, 2013, an increase of \$458,000. While increased tax expenses were attributable to increased earnings, during the second quarter of 2014, Valley Green also wrote-off \$200,000 of a deferred tax asset related to a nonqualified stock option expense which was not realizable due to the fair market value of the stock at the time of exercise being less than the option price paid for the options exercised. This resulted in an increase in Valley Green's effective tax rate for the three and six month periods ended June 30, 2014.

Comparison of Valley Green's Operating Results for the Years Ended December 31, 2013 and 2012.

Valley Green's reported net income was \$4.6 million for the year ended December 31, 2013, a \$1.6 million, or a 56% increase from Valley Green's net income of \$2.9 million for the year ended December 31, 2012. Valley Green had a \$3.3 million increase in net interest income, to \$15.9 million for December 31, 2013 compared to \$12.6 million for

December 31, 2012. For the year ended December 31, 2013, Valley Green's net interest spread and net interest margin increased to 4.93% and 5.08%, respectively, from 4.88% and 5.05%, respectively, for the year ended December 31, 2012. The increased margins were directly attributable to the growth in loans and a reduction in the cost of funds.

Table of Contents

Valley Green's total interest income for the year ended December 31, 2013 was \$17.8 million as compared to \$14.4 million at December 31, 2012, an increase of \$3.4 million. The increase in interest income on loans in 2013 was due primarily to a \$64.8 million increase in the average balance of outstanding loans in the Valley Green portfolio. The increase in the average balance of loans in 2013 reflects Valley Green efforts to grow its loan portfolio, particularly commercial loans which increased to \$307.2 million at December 31, 2013 compared to \$232.1 million for the year ended December 31, 2012. Interest income on investment securities increased to \$220,000 at December 31, 2013 compared to \$156,000 for the year ended December 31, 2012. Interest on federal funds sold was \$30,000 at December 31, 2013 compared to \$33,000 at December 31, 2012.

Valley Green's total interest expense increased by \$47,000 to \$1.8 million for the year ended December 31, 2013 compared to \$1.8 million for the year ended December 31, 2012. While interest expense increased marginally, the outstanding average balances of interest bearing liabilities were \$251.5 million at a weighted average rate 0.73% compared to average balances of interest bearing liabilities at December 31, 2012 of \$200.7 million at a weighted average rate of 0.89%. Valley Green continues to take advantage of re-pricing opportunities when available.

Valley Green's provision for loan losses was \$701,000 for the year ended December 31, 2013 compared to \$1.5 million for the year ended December 31, 2012. The primary reason for the reduction in Valley Green provision for loan losses in 2013 compared to 2012 was a decrease in its net loan charge-offs relating to an improving economy.

Valley Green's net charge-offs to its allowance for loan losses for the year ended December 31, 2013 was \$178,000 compared to \$1.0 million for the year ended December 31, 2012. At December 31, 2013 and 2012, the allowance for loan losses was \$2.5 million and \$2.3 million, respectively.

Valley Green's non-interest income was \$761,000 for the year ended December 31, 2013 compared to \$624,000 for the year ended December 31, 2012. This increase consists principally of service charges on deposit accounts while gains on sales of loans contributed marginally.

Valley Green's non-interest expenses were \$9.0 million for the year ended December 31, 2013, a \$1.5 million, or 21%, increase over non-interest expenses of \$7.4 million for the year ended December 31, 2012. The increase in other expenses primarily reflects increases in compensation expense, occupancy expense, professional fees and data processing expense. These expenses increased due to staffing increases to support lending and the opening of the South Philadelphia retail branch in 2013.

Valley Green accounts for income taxes in accordance with the income tax accounting guidance set forth in FASB ASC Topic 740, Income Taxes. Valley Green adopted the accounting guidance related to accounting for uncertainty in income taxes, which set out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. Income tax expense was \$2.4 million at December 31, 2013 compared to \$1.3 million at December 31, 2012. The increase in the year ended December 31, 2013 over the same time period in 2012 is due to increased taxable earnings of Valley Green.

Liquidity and Capital Resources. Valley Green's primary sources of funds are from deposits, FHLB borrowings, amortization of loans, loan prepayments and the maturity of loans, investment securities, and other funds provided from operations. While scheduled payments from the amortization of loans and other securities and maturing investment securities are relatively predictable sources of funds, deposit flows and loan prepayments can be greatly influenced by general interest rates, economic conditions and competition. Valley Green also maintains excess funds in short-term, interest-bearing assets that provide additional liquidity. At June 30, 2014, Valley Green's cash and cash equivalents amounted to \$23.9 million. In addition, at such date Valley Green's available for sale investment securities amounted to \$12.6 million.

Table of Contents

Valley Green uses its liquidity to fund existing and future loan commitments, to fund maturing certificates of deposit and demand deposit withdrawals, to invest in other interest-earning assets, and to meet operating expenses. At June 30, 2014, Valley Green had certificates of deposit maturing within the next 12 months amounting to \$19.9 million. Based upon historical experience, Valley Green anticipates that a significant portion of the maturing certificates of deposit will be renewed with Valley Green. In addition to cash flow from loan and securities payments and prepayments as well as from sales of available for sale securities, Valley Green has significant borrowing capacity available to fund liquidity needs. In recent years Valley Green has utilized borrowings only minimally as cash equivalent liquid sources have been available as its primary source of funds. Valley Green's borrowings consist primarily of advances from the FHLB of Pittsburgh, of which Valley Green is a member.

The financial statements, accompanying notes, and related financial data of Valley Green have been prepared in accordance with U.S. GAAP, which require the measurement of financial position and operating results in terms of historical dollars without considering the changes in purchasing power of money over time due to inflation. The impact of inflation is reflected in the increased cost of operations. Most of Valley Green's assets and liabilities are monetary in nature; therefore, the impact of interest rates has a greater impact on its performance than the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or to the same extent as the prices of goods and services.

Valley Green Bank

Notes to Financial Statements

1. Organization and Nature of Operations

Valley Green Bank (the Bank) was incorporated and commenced operations in 2005 under the laws of the Commonwealth of Pennsylvania and is a Pennsylvania state chartered bank. The Bank is a full service bank providing personal and business lending and deposit services. As a state chartered bank, the Bank is subject to regulation of the Pennsylvania Department of Banking and the Federal Deposit Insurance Corporation. The area served by the Bank is the southeastern area of Pennsylvania. During 2009, the Bank formed VGB LLC, a limited liability company, whose sole member is Valley Green Bank. There has been no activity in VGB LLC since formation, therefore, no consolidation was required for the six months ended June 30, 2014 and for the years ended December 31, 2013 and 2012.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for loan losses, the evaluation of other-than-temporary impairment of investment securities and the valuation of deferred tax assets.

Significant Group Concentrations of Credit Risk

Most of the Bank's activities are with customers located within Philadelphia and Montgomery Counties. Note 3 discusses the types of investment securities that the Bank invests in. Note 4 discusses the types of lending that the Bank engages in. Although the Bank has a diversified loan portfolio, its debtors' ability to honor their contracts is influenced by the region's economy. The Bank does not have any significant concentrations to any one industry or customer.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, amounts due from banks, and federal funds sold. Generally, federal funds are purchased or sold for one day periods.

Securities

Management determines the appropriate classification of debt securities at the time of purchase and re-evaluates such designation as of each balance sheet date.

Investment securities classified as available-for-sale are those securities that the Bank intends to hold for an indefinite period of time, but not necessarily to maturity. Securities available-for-sale are carried at fair value. Any decision to sell a security classified as available-for-sale would be based on various factors, including significant movements in interest rates, changes in the maturity mix of the Bank's assets and liabilities, liquidity needs, regulatory capital considerations and other similar factors. Unrealized gains or losses are included as a component of stockholders equity. Realized gains or losses, determined on the basis of the cost of the specific securities sold, are included in results of operations. Premiums and discounts are recognized in interest income using the interest method over the terms of the securities.

Investment in Restricted Bank Stocks

Restricted stock, which represents required investments in the common stock of correspondent banks, is carried at cost and as of June 30, 2014 (unaudited) and for the years ended December 31, 2013 and 2012, consists of the common stock of Atlantic Central Bankers Bank of \$50,000 for all periods, and Federal Home Loan Bank of Pittsburgh (FHLB) of \$797,000, \$560,400 and \$434,500, respectively.

SBA Lending Activities

The Bank originates loans to customers in its primary market area under an SBA program that generally provides for SBA guarantees of up to 75 percent of each loan. The Bank generally sells the guaranteed portion of its SBA loans to a third party and retains the servicing, holding the nonguaranteed portion in its portfolio. When the guaranteed portion of an SBA loan is sold, the premium received on the sale and on the servicing assets is recognized in income.

SBA servicing assets are recognized separately when rights are acquired through the sale of the SBA guaranteed portion. These servicing rights are initially measured at fair value at the date of sale and included in the gain on sale. At June 30, 2014 (unaudited) and for the years ended December 31, 2013 and 2012, the servicing asset was \$32,000, \$34,000 and \$11,000, respectively, and is included in other assets.

Serviced loans sold to others are not included in the accompanying balance sheet. Income (losses) and fees collected for loan servicing are included in non-interest income.

Loans Receivable

Loans receivable that management has the intent and ability to hold for the foreseeable future or until maturity or payoff are stated at their outstanding unpaid principal balances, net of an allowance for loan losses and any deferred fees or costs. Interest income is accrued on the unpaid principal balance. Loan origination fees, net of certain direct origination costs, are deferred and recognized as an adjustment of the yield (interest income) of the related loans. The Bank is generally amortizing these amounts over the contractual life of the loan. Premiums and discounts on purchased loans are amortized as adjustments to interest income using the effective yield method.

The loans receivable portfolio is segmented into commercial and consumer loans. Commercial loans consist of the following classes: commercial, commercial real estate and commercial construction. Consumer loans consist of the following classes: residential real estate, home equity, and other consumer.

For all classes of loans receivable, the accrual of interest is discontinued when the contractual payment of principal or interest has become 90 days past due or management has serious doubts about further collectability of principal or interest, even though the loan is currently performing. A loan may remain on accrual status if it is in the process of

collection and is either guaranteed or well secured. When a loan is placed on nonaccrual status, unpaid interest credited to income is reversed. Interest received on nonaccrual loans, including impaired loans, generally is either applied against principal or reported as interest income, according to management's judgment as to the collectability of principal. Generally, loans are restored to accrual status when the obligation is brought current, has performed in accordance with the contractual terms for a reasonable period of time (generally six months) and the ultimate collectability of the total contractual principal and interest is no longer in doubt. The past due status of all classes of loans receivable is determined based on contractual due dates for loan payments.

Allowance for Loan Losses

The allowance for loan losses represents management's estimate of losses inherent in the loan portfolio as of the balance sheet date and is recorded as a reduction to loans. The allowance for loan losses is increased by the

Table of Contents

Valley Green Bank

Notes to Financial Statements

provision for loan losses, and decreased by charge-offs, net of recoveries. Loans deemed to be uncollectible are charged against the allowance for loan losses, and subsequent recoveries, if any, are credited to the allowance. All, or part, of the principal balance of loans receivable are charged off to the allowance as soon as it is determined that the repayment of all, or part, of the principal balance is highly unlikely. Because all identified losses are immediately charged off, no portion of the allowance for loan losses is restricted to any individual loan or groups of loans, and the entire allowance is available to absorb any and all loan losses.

The allowance for loan losses is maintained at a level considered adequate to provide for losses that can be reasonably anticipated. Management performs a quarterly evaluation of the adequacy of the allowance. The allowance is based on the Bank's past loan loss experience, known and inherent risks in the portfolio, adverse situations that may affect the borrower's ability to repay, the estimated value of any underlying collateral, composition of the loan portfolio, current economic conditions and other relevant factors. This evaluation is inherently subjective as it requires material estimates that may be susceptible to significant revision as more information becomes available.

The allowance consists of specific and general components. The specific component relates to loans that are classified as impaired. For loans that are classified as impaired, an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The general component covers pools of loans by loan class including commercial loans not considered impaired, as well as residential real estate, home equity and other consumer loans. These pools of loans are evaluated for loss exposure based upon historical loss rates for each of these categories of loans, adjusted for qualitative factors. These qualitative risk factors include:

1. Lending policies and procedures, including underwriting standards and collection, charge-off, and recovery practices.
2. National, regional, and local economic and business conditions as well as the condition of various market segments, including the value of underlying collateral for collateral dependent loans.
3. Volume and severity of past due, classified and nonaccrual loans as well as other loan modifications.

Each factor is assigned a value to reflect improving, stable or declining conditions based on management's best judgment using relevant information available at the time of the evaluation. Adjustments to the factors are supported through documentation of changes in conditions in a narrative accompanying the allowance for loan loss calculation.

A majority of the Bank's loan assets are loans to business owners of many types. The Bank makes commercial loans for real estate development and other business purposes required by the customer base.

The Bank's credit policies determine advance rates against the different forms of collateral that can be pledged against commercial loans. Typically, the majority of loans will be limited to a percentage of their underlying collateral values such as real estate values, equipment, eligible accounts receivable and inventory. Individual loan advance rates may be higher or lower depending upon the financial strength of the borrower and/or term of the loan. The assets financed through commercial loans are used within the business for its ongoing operation. Repayment of these kinds of loans generally comes from the cash flow of the business or the ongoing conversions of assets. Commercial real estate loans include long-term loans financing commercial properties. Repayment of this kind of loan is dependent upon either the ongoing cash flow of the borrowing entity or the resale of or lease of the subject property. Commercial real estate loans typically require a loan to value ratio of not greater than 80% and vary in terms.

Valley Green Bank

Notes to Financial Statements

Residential mortgages and home equity loans are secured by the borrower's residential real estate. Residential mortgages and home equity loans have varying loan rates depending on the financial condition of the borrower and the loan to value ratio. Residential mortgages have amortizations up to 30 years and home equity loans have maturities up to 15 years.

Other consumer loans include installment loans, car loans, and overdraft lines of credit. The majority of these loans are unsecured.

A loan is considered impaired when, based on current information and events, it is probable that the Bank will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan by loan basis for commercial and industrial loans, commercial real estate loans and commercial construction loans by either the present value of expected future cash flows discounted at the loan's effective interest rate or the fair value of the collateral if the loan is collateral dependent.

An allowance for loan losses is established for an impaired loan if its carrying value exceeds its estimated fair value. The estimated fair values of substantially all of the Bank's impaired loans are measured based on the estimated fair value of the loan's collateral.

For all commercial loans secured by real estate, estimated fair values are determined primarily through third-party appraisals. When a real estate secured loan becomes impaired, a decision is made regarding whether an updated certified appraisal of the real estate is necessary. This decision is based on various considerations, including the age of the most recent appraisal, the loan-to-value ratio based on the original appraisal and the condition of the property. Appraised values are discounted to arrive at the estimated selling price of the collateral, which is considered to be the estimated fair value. The discounts also include estimated costs to sell the property.

For commercial and industrial loans secured by non-real estate collateral, such as accounts receivable, inventory and equipment, estimated fair values are determined based on the borrower's financial statements, inventory reports, accounts receivable agings or equipment appraisals or invoices. Indications of value from these sources are generally discounted based on the age of the financial information or the quality of the assets.

Loans whose terms are modified are classified as troubled debt restructurings if the Bank grants such borrowers concessions and it is deemed that those borrowers are experiencing financial difficulty. Concessions granted under a

troubled debt restructuring generally involve a temporary reduction in interest rate or an extension of a loan's stated maturity date. Non-accrual troubled debt restructurings are restored to accrual status if principal and interest payments, under the modified terms, are current for six consecutive months after modification. Loans classified as troubled debt restructurings are designated as impaired.

The allowance calculation methodology includes further segregation of loan classes into risk rating categories. The borrower's overall financial condition, repayment sources, guarantors and value of collateral, if appropriate, are evaluated annually for commercial loans or when credit deficiencies arise, such as delinquent loan payments, for commercial and consumer loans. Credit quality risk ratings include regulatory classifications of special

Table of Contents

Valley Green Bank

Notes to Financial Statements

mention, substandard, doubtful and loss. Loans criticized special mention have potential weaknesses that deserve management's close attention. If uncorrected, the potential weaknesses may result in deterioration of the repayment prospects. Loans classified substandard have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They include loans that are inadequately protected by the current sound net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans classified doubtful have all the weaknesses inherent in loans classified substandard with the added characteristic that collection or liquidation in full, on the basis of current conditions and facts, is highly improbable. Loans classified as a loss are considered uncollectible and are charged to the allowance for loan losses. Loans not classified are rated pass.

In addition, Federal regulatory agencies, as an integral part of their examination process, periodically review the Bank's allowance for loan losses and may require the Bank to recognize additions to the allowance based on their judgments about information available to them at the time of their examination, which may not be currently available to management. Based on management's comprehensive analysis of the loan portfolio, management believes the current level of the allowance for loan losses is adequate.

Loans Held for Sale

Loans originated and intended for sale in the secondary market are carried at the lower of cost or estimated fair value. Servicing is not retained on these loan sales.

Other Real Estate Owned

Assets acquired through, or in lieu of, loan foreclosure are held for sale and are initially recorded at fair value at the date of foreclosure, establishing a new cost basis. Subsequent to foreclosure, valuations are periodically performed by management and the assets are carried at the lower of carrying amount or fair value. Revenue and expenses from operations and changes in the valuation allowance are included in non-interest income and non-interest expense.

Transfers of Financial Assets

Transfers of financial assets, including loan and loan participation sales, are accounted for as sales, when control over the assets has been surrendered. Control over transferred assets is deemed to be surrendered when (1) the assets have been isolated from the Bank, (2) the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets, and (3) the Bank does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity.

Premises and Equipment

Premises and equipment are stated at cost less accumulated depreciation and amortization. Depreciation and amortization are computed on the straight-line method over the estimated useful lives of the related assets or, in the case of leasehold improvements, the lease period if shorter. Maintenance and repairs are charged to expense as incurred.

Advertising Costs

The Bank follows the policy of charging the costs of advertising to expense as incurred.

Income Taxes

The Bank accounts for income taxes in accordance with the income tax accounting guidance set forth in FASB ASC Topic 740, Income Taxes. The Bank adopted the accounting guidance related to accounting for uncertainty in income taxes, which sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions.

The income tax accounting guidance results in two components of income tax expense: current and deferred. Current income tax expense reflects taxes to be paid or refunded for the current period by applying the provisions of the enacted tax law to the taxable income or excess of expenses over revenues. The Bank determines deferred income taxes using the liability method. Under this method, the net deferred tax asset or liability is based on the tax effects of the differences between the book and tax bases of assets and liabilities, and enacted changes in tax rates and laws are recognized in the period in which they occur.

Deferred income tax expense results from changes in deferred tax assets and liabilities between periods. Deferred tax assets are reduced by a valuation allowance if, based on the weight of evidence available, it is more likely than not that some portion or all of a deferred tax asset will not be realized.

The Bank accounts for uncertain tax positions if it is more likely than not, based on the technical merits, that the tax position will be realized or sustained upon examination. The term more likely than not means a likelihood of more than 50 percent; the terms examined and upon examination also include resolution of the related appeals or litigation processes, if any. A tax position that meets the more-likely-than-not recognition threshold is initially and subsequently measured as the largest amount of tax benefit that has a greater than 50 percent likelihood of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position has met the more-likely-than-not recognition threshold considers the facts, circumstances, and information available at the reporting date and is subject to management's judgment.

Accruals of interest and penalties related to unrecognized tax benefits, when applicable, are recognized in income tax expense. No interest or penalties were recognized during the three and six months ended June 30, 2014 and 2013 (unaudited) and for the years ended December 31, 2013 or 2012. The Bank has no uncertain tax positions at June 30, 2014 (unaudited) and the years ended December 31, 2013 and 2012.

Stock Options

The Bank accounts for stock options under the fair value recognition provisions of ASC Topic 718, Compensation - Stock Compensation. ASC Topic 718 requires compensation costs related to stock-based payment transactions to be recognized in the financial statements over the period that an employee provides service in exchange for the award.

Off-Balance Sheet Financial Instruments

In the ordinary course of business, the Bank has entered into off-balance sheet financial instruments consisting of commitments to extend credit. Such financial instruments are recorded in the balance sheet when they are funded.

Reclassification

Certain amounts in the 2013 and 2012 financial statements have been reclassified to conform to the presentation used in the June 2014 financial statements. These reclassifications had no effect on the Bank's financial position or results of operations.

Troubled Debt Restructurings

The Bank may grant a concession or modification for economic or legal reasons related to a borrower's financial condition that it would not otherwise consider resulting in a modified loan which is then identified as a troubled debt restructuring (TDR). The Bank may modify loans through rate reductions, extensions of maturity, interest only payments, or payment modifications to better match the timing of cash flows due under the modified terms with the

cash flows from the borrowers' operations. Loan modifications are intended to minimize the economic loss and to avoid foreclosure or repossession of the collateral. TDRs are considered impaired loans for purposes of calculating the Company's allowance for loan losses.

The Bank identifies loans for potential restructure primarily through direct communication with the borrower and evaluation of the borrower's financial statements, revenue projections, tax returns, and credit reports. Even if the borrower is not presently in default, management will consider the likelihood that cash flow shortages, adverse economic conditions, and negative trends may result in a payment default in the near future.

At June 30, 2014 (unaudited) and December 31, 2013, loans modified in a troubled debt restructuring totaled \$623,000 and \$189,000, respectively. All modified loans are current at June 30, 2014 (unaudited) and December 31, 2013. The Bank did not have any new troubled debt restructured loans during 2013. The following table presents newly troubled debt restructured loans that occurred during the six months ended June 30, 2014 and the year ended December 31, 2012 (dollars in thousands):

Rental expense amounted to \$105,000 and \$104,000 for the three months ended June 30, 2014 and 2013 (unaudited) and \$209,000 and \$207,000 for the six months ended June 30, 2014 and 2013 (unaudited), and \$415,000 and \$343,000 for the years ended December 31, 2013 and 2012, respectively.

9. Employee Benefit Plan

The Bank maintains a 401(k) Plan (the Plan). All employees are eligible to participate after they have attained the age of 18 and have also completed 3 months of employment. The employees may contribute up to the maximum percentage allowable by law of their compensation to the Plan. The Bank makes a discretionary matching contribution equal to a maximum of 50% of the first 6% of the employee contribution. Full vesting in the Plan is over a four-year period. The Bank's matching expense for the three months ended June 30, 2014 and 2013 (unaudited), the six months ended June 30, 2014 and 2013 (unaudited) and for the years ended December 31, 2013 and 2012 was approximately

\$27,000, \$25,000, \$60,000, \$49,000, \$105,000 and \$101,000, respectively.

10. Employment Agreement

The Bank has employment agreements with the Chairman; the President and Chief Executive Officer; the Division President; and the Chief Financial Officer and Chief Operating Officer. These agreements have terms expiring in December 2014 and November 2014 and are subject to automatic one year renewals. The agreements for the President and Chief Executive Officer, the Division President and the Chief Financial Officer and Chief Operating Officer have change of control provisions. After a change in the control of the Bank, as defined in the agreements, the individual will receive monetary compensation and benefits in the amount set forth in the agreements. Upon the closing of the merger (see Note 19), the Chairman, the President and Chief Executive Officer and the Division President will enter into new employment agreements with the acquiring company. Certain of these individuals shall be entitled to an aggregate payment of \$2,069,000 upon the effective date of the merger.

11. Stockholders Equity

In 2010, the Bank issued 466,995 of Series C warrants to certain shareholders. For every four shares of stock previously owned or purchased in the 2010 stock offering by an existing shareholder or current employee, the Bank issued one warrant. Additionally, any subscriber other than an existing shareholder or current employee of the Bank who purchased at least 60,000 shares was issued one warrant for every four shares purchased. Each warrant entitled the holder to purchase one share of common stock at an exercise price of \$8.50. These Series C warrants expired on February 28, 2013. There were 355,524 and 17,680 of Series C warrants exercised during 2013 and 2012 totaling \$3,022,000 and \$150,000, respectively. At June 30, 2014 (unaudited) and December 31, 2013 and 2012, there were -0-, -0- and 448,847 warrants outstanding, respectively.

In 2011, the Bank entered into a Securities Purchase Agreement (the Purchase Agreement) with the Secretary of the Treasury (the Treasury), pursuant to which the Bank issued and sold to the Treasury 5,000 shares of its Senior Non-Cumulative Perpetual Preferred Stock, having a liquidation preference of \$1,000 per share (the Liquidation Amount), for proceeds of \$5,000,000. The Purchase Agreement was entered into, and the 2011 Preferred Stock was issued, pursuant to the Treasury's SBLF program, a \$30 billion fund established under the Small Business Jobs Act of 2010 that encourages lending to small businesses by providing capital to qualified community banks with assets of less than \$10 billion.

The 2011 Preferred Stock qualified as Tier 1 capital for the Bank. Non-cumulative dividends were payable quarterly on the 2011 Preferred Stock. The Bank paid dividends of \$-0-, \$13,000, \$-0-, \$25,000, \$37,000 and \$64,000 on the preferred stock for the three and sixth months ended June 30 2014 and 2013 (unaudited) and for the years ended December 31, 2013 and 2012, respectively.

On September 27, 2013, the Bank redeemed all outstanding preferred shares.

12. Stock Option Plan

In 2005, the Bank approved the 2005 Stock Option Plan (the Plan). The Plan authorizes the Board of Directors to grant options up to an aggregate of 1,000,000 shares to officers, other employees and directors of the Bank. The shares granted under the Plan to directors are non-qualified options. The shares granted under the Plan to officers and other employees are incentive stock options, and are subject to the limitations under Section 422 of the Internal Revenue Code.

Options under the plan vest over a period up to 5 years, depending on the nature of the terms set forth in the option agreement. Upon completion of the Merger, as described in Note 19, unvested options outstanding will vest automatically. All options granted under the Plan have a term that does not exceed 10 years. The exercise price of options granted is at the fair value of a share of common stock at the time of the grant.

Weighted-average fair value of options granted during the period	\$		\$ 4.14		\$ 2.14	

The fair value for these options was estimated at the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions for 2013: Dividend yield of 0%; expected volatility of approximately 29.5%; risk-free interest rate of 2.89% and an expected life of the options of seven years. The expected life and volatility percentages for 2013 were based on the average expected volatility of similar public financial institutions in the Bank's market area.

The weighted average remaining contractual life of options outstanding at June 30, 2014 (unaudited) and December 31, 2013 and 2012 is 6.21, 6.16 and 5.34 years, and the weighted average remaining contractual life of options exercisable at June 30, 2014 (unaudited) and December 31, 2013 and 2012 is 4.16, 4.66 and 4.71 years, respectively. The aggregate intrinsic value of options exercisable was approximately \$261,000, \$152,000 and \$-0- and aggregate intrinsic value of outstanding options was approximately \$676,000, \$354,000 and \$-0- at June 30, 2014 and December 31, 2013 and 2012, respectively.

As of June 30, 2014 (unaudited), there was approximately \$195,000 of unrecognized compensation costs related to non-vested stock options granted in 2006 through June 30, 2014. This cost is expected to be recognized over a weighted average period of 1.44 years or upon completion of the Merger, as described in Note 19.

Deferred income taxes are provided for the temporary differences between the financial reporting and the tax basis of the Bank's assets and liabilities. The components of the net deferred asset at June 30, 2014 (unaudited) and December 31, 2013 and 2012 are as follows (in thousands):

The Bank has had, and may be expected to have in the future, banking transactions in the ordinary course of business with its executive officers, directors, principal stockholders, their immediate families and affiliated companies (commonly referred to as related parties), on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others. Deposits of related parties totaled \$2,769,000, \$3,993,000 and \$2,183,000 at June 30, 2014 (unaudited) and December 31, 2013 and 2012, respectively. The aggregate dollar amount of loans to related parties, along with an analysis of the activity for 2013 and 2012, is summarized as follows (in thousands):

15. Financial Instruments with Off-Balance Sheet Risk

The Bank is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit. Such commitments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the balance sheets.

The Bank's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit is represented by the contractual amount of those instruments. The Bank uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments.

The Bank had the following off-balance sheet financial instruments whose contract amounts represent credit risk at June 30, 2014 (unaudited) and December 31 (in thousands):

	June 30, 2014 (unaudited)	December 31, 2013	December 31, 2012
Commitments to grant loans	\$ 23,313	\$ 12,907	\$ 10,014
Unfunded commitments under lines of credit	74,551	67,483	55,780

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. The Bank evaluates each customer's credit worthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by the Bank upon extension of credit, is based on management's credit evaluation. Collateral held varies but may include personal or commercial real estate, accounts receivable, inventory and equipment.

16. Regulatory Matters

The Bank is subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet the minimum capital requirements can initiate certain mandatory and possibly additional discretionary-actions by regulators that, if undertaken, could have a direct material effect on the Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Bank must meet specific capital guidelines that involve quantitative measures of the Bank's assets, liabilities and certain off-balance sheet items as calculated under regulatory accounting practices. The Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk-weightings and other factors.

Quantitative measures established by regulation to ensure capital adequacy require the Bank to maintain minimum amounts and ratios (set forth below) of total and Tier 1 capital (as defined in the regulations) to risk-weighted assets, and of Tier 1 capital to average assets. Management believes, as of June 30, 2014 (unaudited) and December 31, 2013, that the Bank meets all capital adequacy requirements to which it is subject.

The Bank's actual capital amounts and ratios and the minimum amounts and ratios required for capital adequacy purposes and to be well capitalized under the prompt corrective action provisions at June 30, 2014 (unaudited) and December 31, 2013 and 2012 are presented below (dollars in thousands):

The Bank is subject to certain restrictions on the amount of dividends that it may declare due to regulatory considerations. The Pennsylvania Banking Code provides that cash dividends may be declared and paid only out of accumulated net earnings.

The total amount of dividends which may be paid at any date is generally limited to the retained earnings of the Bank.

17. Fair Value Measurements and Fair Values of Financial Instruments

The Bank follows the guidance on fair value measurement now codified as FASB ASC Topic 820, *Fair Value Measurement and Disclosures*. Under ASC Topic 820, fair value measurements are not adjusted for transaction costs. ASC Topic 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs). The three levels of the fair value hierarchy are described below.

Management uses its best judgment in estimating the fair value of the Bank's financial instruments; however, there are inherent weaknesses in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates herein are not necessarily indicative of the amounts the Bank could have realized in sales transaction on the dates indicated. The estimated fair value amounts have been measured as of their respective period end and have not been re-evaluated or updated for purposes of these financial statements subsequent to those respective dates. As such, the estimated fair values of these financial instruments subsequent to the respective reporting dates may be different than the amounts reported at each period end.

The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 - Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported with little or no market activity).

An asset's or liability's input level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

For financial assets measured at fair value on a recurring basis, the fair value measurements by level within the fair value hierarchy used at June 30, 2014 (unaudited) and December 31, 2013 and 2012 are as follows (in thousands):

<i>June 30, 2014 (unaudited)</i>	Total	Quoted Prices in Active Markets for	Significant Other Observable	Significant Unobservable Inputs

For financial assets measured at fair value on a nonrecurring basis, the fair value measurements by level within the fair value hierarchy used at June 30, 2014 (unaudited) and December 31, 2013 and 2012 are as follows (in thousands):

Quantitative information about level 3 fair value measurements at June 30, 2014 (unaudited) and December 31, 2013 and 2012 is included in the tables below (in thousands):

Fair Value at June 30, 2014 (unaudited)	Valuation Technique	Unobservable Inputs	Range (Weighted Average)

	Fair Value at December 31, 2012	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Impaired loans	\$ 1,012	Discounted appraisals	Collateral discounts	0-80% (57.8%)

The following information should not be interpreted as an estimate of the fair value of the entire Bank since a fair value calculation is only provided for a limited portion of the Bank's assets and liabilities. Due to a wide range of valuation techniques and the degree of subjectivity used in making the estimates, comparisons between the Bank's disclosures and those of other companies may not be meaningful. The following methods and assumptions were used to estimate the fair values of the Bank's assets and liabilities at June 30, 2014 (unaudited) and December 31, 2013 and 2012:

Notes to Financial Statements

Cash and Cash Equivalents (Carried at Cost)

The carrying amounts reported in the balance sheets for cash and cash equivalents approximate those assets' fair values.

Investment Securities

The fair value of securities available-for-sale (carried fair value) are determined by obtaining market prices on nationally recognized securities exchanges (Level 1), or matrix pricing (Level 2), which is a mathematical technique used widely in the industry to value debt securities without relying exclusively on quoted market prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted prices.

Loans Receivable (Carried at Cost)

The fair values of loans are estimated using discounted cash flow analyses, using market rates at the balance sheet date that reflect the credit and interest rate-risk inherent in the loans. Projected future cash flows are calculated based upon contractual maturity or call dates, projected repayments and prepayments of principal. Generally, for variable rate loans that reprice frequently and with no significant change in credit risk, fair values are based on carrying values.

Loans Held for Sale (Carried at Lower of Cost or Fair Value)

The fair value of loans held for sale is determined, when possible, using quoted secondary-market prices. If no such quoted prices exist, the fair value of a loan is determined using quoted prices for a similar loan or loans, adjusted for the specific attributes of that loan.

Impaired Loans (Generally Carried at Fair Value)

Impaired loans are those that are accounted for under ASC Topic 310 Receivables, in which the Bank has measured impairment generally based on the fair value of the loan's collateral. Fair value is generally determined based upon independent third-party appraisals of the properties, or discounted cash flows based upon the expected proceeds. These assets are included as Level 3 fair values, based upon the lowest level of input that is significant to the fair value measurements. The fair value at December 31, 2013 and 2012 consists of the loan balances with an unpaid principal balance of \$185,000 and \$1,364,000, net of a valuation allowance of \$45,000 and \$-0-, and partial charge offs of \$-0- and \$352,000, respectively. At June 30, 2014 (unaudited), there were no impaired loans reported at fair value. Impaired loans are included in loans receivable in the following table of financial assets and liabilities.

Restricted Investment in Bank Stocks (Carried at Cost)

The carrying amount of restricted investment in bank stocks approximates fair value, and considers the limited marketability of such securities.

Other Real Estate Owned (Carried at Lower of Cost or Market)

Other real estate owned includes foreclosed properties securing commercial and residential loans. Real estate properties acquired through foreclosure are initially recorded at the fair value of the property at the date of foreclosure, net of estimated costs of disposal. After foreclosure, valuations are periodically performed by management and the real estate is carried at the lower of cost or fair value less estimated costs to sell. Fair value is generally based upon independent market prices or appraised value of the collateral. Our appraisals are

Table of Contents**Valley Green Bank****Notes to Financial Statements**

typically performed by independent third party appraisers. For appraisals of commercial properties, comparable properties within the area may not be available. In such circumstances, our appraisers will rely on certain judgments in determining how a specific property compares in value to other properties that are not identical in design or in geographic area. Our current portfolio of other real estate owned is comprised of such properties and, accordingly, we classify other real estate owned as Level 3.

Accrued Interest Receivable and Payable (Carried at Cost)

The carrying amount of accrued interest receivable and accrued interest payable approximates its fair value.

Deposit Liabilities (Carried at Cost)

The fair values disclosed for demand deposits (e.g., interest and noninterest checking, passbook savings and money market accounts) are, by definition, equal to the amount payable on demand at the reporting date (i.e., their carrying amounts). Fair values for fixed-rate certificates of deposit are estimated using a discounted cash flow calculation that applies interest rates currently being offered in the market on certificates to a schedule of aggregated expected monthly maturities on time deposits.

Off-Balance Sheet Financial Instruments (Disclosed at Cost)

Fair values for the Bank's off-balance sheet financial instruments (lending commitments and letters of credit) are based on fees currently charged in the market to enter into similar agreements, taking into account, the remaining terms of the agreements and the counterparties' credit standing.

The estimated fair values of the Bank's financial assets and liabilities were as follows at June 30, 2014 (unaudited) and December 31, 2013 and 2012 (in thousands):

18. Legal Contingencies

Management is not aware of any litigation that would have a material adverse effect on the financial position of the Bank. In addition, no proceedings are pending or are known to be threatened or contemplated against the Bank by government authorities.

19. Subsequent Events

On June 17, 2014, the Bank announced that it has entered into a definitive Agreement and Plan of Merger (the Merger) to be acquired by Univest Corporation of Pennsylvania (Univest). If the Merger is completed, Valley Green shareholders will have the right to receive Univest common stock at a ratio (the Exchange Ratio) equal to the quotient (carried to four decimal places) of \$27.00 divided by the average closing price of the Univest common stock for each consecutive trading day during the twenty (20) days immediately preceding the effective time of the Merger, subject to adjustment as provided for in the Agreement and Plan of Merger dated as of June 17, 2014. The transaction is subject to customary closing conditions including receipt of regulatory approvals and shareholder approvals. It is expected to close in the first quarter of 2015.

If the Bank receives an alternative acquisition proposal and delivers a written notice to Univest of its determination to accept the alternative proposal, the Bank would be required to pay Univest a termination fee of \$3,000,000.

Management is required to evaluate events or transactions that may occur or have occurred after the balance sheet date through the date the Bank's financial statements were issued or available to be issued. Subsequent events have been evaluated as of April 4, 2014 and August 21, 2014, the dates the Bank's financial statements were available to be issued.

Transactions with Certain Related Persons

Some of Valley Green's directors and executive officers, members of their immediate families and the companies with which they are associated were Valley Green customers and had banking transactions with Valley Green in the ordinary course of business during 2013 and 2012. All loans and commitments to lend were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other non-affiliated customers. In Valley Green management's opinion, the loans and commitments did not involve more than a normal risk of collectability or present other unfavorable features.

Anti-Takeover Provisions and Other Shareholder Protections

Univest. Under Univest's articles of incorporation, any merger, consolidation, or share exchange involving Univest or any action that would result in the sale or other disposition of all or substantially all of the assets of Univest must be approved by the affirmative vote of the holders of at least a majority of the outstanding shares of common stock. Any complete liquidation or dissolution of Univest must be approved by the affirmative vote of holders of at least seventy-five percent (75%) of the shares outstanding and entitled to vote.

Univest has 48,000 shares of Series A Junior Participating Preferred Stock, par value \$5.00 per share (the "Series A preferred stock") authorized and reserved for issuance in connection with Univest's shareholder rights plan as set forth in the Rights Agreement (the "Univest Rights Agreement") dated September 30, 2011, between Univest and Broadridge Corporate Issuer Solutions, Inc., as Rights Agent. A copy of the Univest Rights Agreement has been filed with the SEC and is incorporated by reference in the registration statement of which this proxy statement/prospectus is a part. Under the rights plan, each outstanding share of Univest common stock has one right representing the right to purchase 1/1000th of a share of Series A preferred stock. The exercise price of the right is \$70.00 per share (the "exercise price"), subject to adjustment as set forth in the Univest rights agreement. The rights will expire on September 30, 2021, unless redeemed or exchanged prior to that date. The Univest board of directors may, in its discretion, extend the expiration date of the rights plan. The shares of Univest common stock issuable to Valley Green shareholders in the merger will include the associated preferred share purchase rights under the rights plan.

The rights will not be exercisable until the distribution date described in the rights plan. The distribution date will not occur until the earlier to occur of the following two events:

the first date of a public announcement or disclosure that a person or group of affiliated or associated persons (an "Acquiring Person") either (a) has become the beneficial owner of 15% or more of the outstanding shares of Univest common stock (except as permitted under the rights plan), or (b) has acquired beneficial ownership of additional shares of Univest common stock at a time when such person or group beneficially owns 15% or more of the outstanding shares of Univest common stock (except as permitted under the rights plan); or

the commencement of, or first public disclosure of an intention to commence, a tender or exchange offer for outstanding shares of Univest common stock which would result in such person or group beneficially owning more than 15% of the outstanding shares of Univest common stock.

Table of Contents

Until the plan distribution date, the rights will be evidenced by the certificates representing shares of Uninvest's common stock. On the plan distribution date, the rights agent will mail separate certificates evidencing the rights to common shareholders of record (other than to an Acquiring Person or any associate or affiliate of the Acquiring Person). Until a right is exercised, the holder has no rights as a preferred shareholder of Uninvest.

If any person or group acquires 15% or more of Uninvest's common stock, except pursuant to a tender or exchange offer approved by Uninvest's board of directors (a Permitted Offer), rights holders will be entitled to buy, upon exercise of a preferred share purchase right, that number of one one-thousandths (1/1000ths) of a share of Series A preferred stock equal to the number of shares of Uninvest common stock that, at the time, have a market value of twice the exercise price of the right. In the event any person becomes an Acquiring Person, except pursuant to a tender or exchange offer approved by Uninvest's board of directors, all rights that are or were beneficially owned by an Acquiring Person or any associate or affiliate of such Acquiring Person will become null and void.

If Uninvest is acquired in a business combination with an Acquiring Person or any of its affiliates, associates or other related persons, or any other person if all shareholders of Uninvest are not treated alike, other than certain restructurings not resulting in any change of control of the Company, rights holders will be entitled to buy, for the purchase price, that number of shares of common stock of the acquiring corporation that, at the time, have a market value equal to the Exercise Price divided by one-half of the current market price of such common stock as of the date of the occurrence of the event. The board of directors of Uninvest has the right to redeem the purchase rights in certain circumstances for \$0.001 per right, subject to adjustment.

The rights plan is designed to protect Uninvest's shareholders in the event of unsolicited offers to acquire Uninvest and other coercive takeover tactics, which, in the opinion of the Uninvest board of directors, would impair its ability to represent shareholder interests. The rights plan may make an unsolicited takeover more difficult or less likely to occur or may prevent a takeover, even though it may offer Uninvest's shareholders the opportunity to sell their stock at a price above the prevailing market rate and may be favored by a majority of Uninvest's shareholders.

Valley Green. Except as described below, under Valley Green's articles of incorporation, any merger, consolidation, liquidation, dissolution or sale of all or substantially all of the assets of Valley Green must be approved by the affirmative vote of the holders of at least 70% of the outstanding shares of common stock.

Limitation on Liability and Indemnification of Directors and Officers

Uninvest. As permitted by Pennsylvania law, under Uninvest's bylaws, to the fullest extent authorized or permitted by Pennsylvania law, a director of Uninvest will not be personally liable for monetary damages for any act or omission unless such director breached or failed to perform the duties of his office, and such breach or failure constitutes self-dealing, willful misconduct or recklessness. The provision does not affect a director's responsibility or liability under any criminal statute or liability for payment of taxes. Uninvest's bylaws also require Uninvest to indemnify all current and former directors, alternate directors, officers, employees, and agents and all persons who serve as a director, alternate director, officer, employee, or agent of another entity at the request of Uninvest, against all expenses and liabilities reasonably incurred by, or imposed upon such person in connection with, or resulting from the defense of any civil or criminal action, suit or proceeding, including an action or proceeding by or in the right of the Uninvest, in which such person is made a party or are otherwise involved by reason of being or having served in such capacity with Uninvest or such other entity, except with respect to any matter as to which such person shall be finally adjudged in such action, suit or proceeding to have been liable for willful misconduct or recklessness in the performance of the duties of his or her respective position. Uninvest may pay expenses incurred by such persons indemnified in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such person to repay such amount if it is ultimately determined that such person is not entitled to be indemnified.

Table of Contents

Valley Green. Except as described below, under Valley Green's bylaws, all current and former directors, officers and employees are indemnified against any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that such person is or was a director, officer, or employee of Valley Green, and expenses incurred by persons indemnified may be paid by Valley Green in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such person to repay such amount if it is ultimately determined that such person is not entitled to be indemnified. Valley Green will not provide indemnification or advancement of expenses where applicable banking laws or regulations prohibit the same, or where the act or failure to act giving rise to the claim for indemnification is determined by a court to have constituted negligence, willful misconduct, or recklessness. In addition, directors shall not be personally liable for monetary damages as such for any action taken or for any failure to take any action to the extent that: (a) the director has not breached or failed to perform the duties of his or her office under Valley Green's bylaws; and (b) the breach or failure to perform does not constitute self-dealing, willful misconduct or recklessness or breach of applicable law or regulations.

Pennsylvania Anti-Takeover Provisions

Under the PBCL, certain anti-takeover provisions apply to Pennsylvania registered corporations (*e.g.*, publicly traded companies) including those relating to (i) control share acquisitions, (ii) disgorgement of profits by certain controlling persons, (iii) business combination transactions with interested shareholders and (iv) the rights of shareholders to demand fair value for their stock following a control transaction. Pennsylvania law allows registered corporations to opt-out of any of these anti-takeover provisions. Univest is a registered corporation under the PBCL. Valley Green is not a registered corporation and is therefore not subject to these anti-takeover provisions. A general summary of the applicable anti-takeover provisions is set forth below.

Control Share Acquisitions. Pennsylvania law limits control share acquisitions relating to the act of acquiring for the first time voting power over voting shares (other than shares owned since January 1, 1988 and any additional shares distributed with respect to such shares) equal to at least 20%, 33-1/3% and 50% of the voting power of the corporation. Once a control share acquisition has occurred, then all shares in excess of the triggering threshold, plus shares purchased at any time with the intention of acquiring such voting power and shares purchased within 180 days of the date the triggering threshold was exceeded, are considered control shares. Control shares cannot vote either until their voting rights have been restored by two separate votes of the shareholders, described below, at a meeting or until they have been transferred to a person who does not thereby also become the holder of control shares.

The holder of control shares may wait until the next annual or special meeting after the acquisition took place to submit the request for the restoration of voting rights to the shareholders, or the acquiring person may accelerate the process by agreeing to underwrite the cost of a special meeting of shareholders for that purpose. In either case, the acquiring person is required to furnish for distribution to the shareholders an information statement containing a detailed disclosure concerning the acquiring person, its intentions with respect to ownership of securities of the corporation and other matters. As an alternative, a person proposing to make a control share acquisition may request prospective approval by the shareholders of the exercise of the voting rights of the shares proposed to be acquired. Two shareholders' votes are required to approve the restoration of voting rights: (i) the approval of an absolute majority of all voting power must be obtained, and all voting shares are entitled to participate in this vote; and (ii) the approval of an absolute majority of all disinterested shareholders must be obtained.

For a period of 24 months after the later of (i) a control share acquisition by an acquiring person who does not properly request consideration of voting rights, or (ii) the denial of such a request or lapse of voting rights, the corporation may redeem all the control shares at the average public market sales price of the shares on the date notice of the call for redemption is given by the corporation.

Table of Contents

Disgorgement of Profits by Certain Controlling Persons. Pennsylvania law regarding disgorgement of profits by certain controlling persons applies in the event that (i) any person or group publicly discloses that the person or group may acquire control of the corporation, or (ii) a person or group acquires (or publicly discloses an intent to acquire) 20% or more of the voting power of the corporation and, in either case, sells shares within 18 months thereafter. Any profits from sales of equity securities of the corporation received by the person or group during such 18-month period will belong to the corporation if the securities that were sold were acquired during the 18-month period or within 24 months prior thereto.

Business Combination Transactions with Interested Shareholders. Pennsylvania law prohibits certain business combinations with certain interested shareholders, persons who acquire the direct or indirect beneficial ownership of shares entitled to cast at least 20% of the votes entitled to be cast for the election of directors. A corporation subject to this provision may not effect mergers or certain other business combinations with the interested shareholder for a period of five years, unless:

the business combination or the acquisition of stock by means of which the interested shareholder became an interested shareholder is approved by the corporation's board of directors prior to such stock acquisition;

the business combination is approved by the affirmative vote of the holders of all the outstanding shares of common stock of the corporation; or

the business combination is approved by the affirmative vote of the holders of a majority of all shares entitled to vote, excluding votes of shares held by the interested shareholders, and at the time of such vote, the interested shareholder is the beneficial owner of at least 80% of the voting shares of the corporation. This exception applies only if the value of the consideration to be paid by the interested shareholder in connection with the business combination satisfies certain fair price requirements

After the five-year restricted period, an interested shareholder of the corporation may engage in a business combination with the corporation if (i) the business combination is approved by the affirmative vote of a majority of the shares other than those beneficially owned by the interested shareholder and its affiliates, or (ii) the merger is approved at a shareholders meeting and certain fair price requirements are met.

Rights of Shareholders to Demand Fair Value for Stock Following a Control Transaction. Pennsylvania law regarding the ability of shareholders to dispose of their stock following a control transaction provides, generally, that a person or group that acquires more than 20% of the voting power to elect directors of the corporation is a controlling person and must give prompt notice to each shareholder of record. The other shareholders are then entitled to demand that the controlling person pay them the fair value of their shares under specified procedures. Fair value may not be less than the highest price paid per share by the controlling person at any time during the 90-day period ending on and including the date on which the controlling person became such, plus any increment representing any value, such as a control premium, that is not reflected in such price.

Voting Rights

Amendment of Articles of Incorporation.

Pennsylvania law provides that shareholders of a registered corporation, such as Univest, are not entitled by statute to propose amendments to the articles of incorporation. By contrast, under Pennsylvania law, an amendment to the articles of incorporation for an unregistered corporation, such as Valley Green, can only be proposed (1) by adoption by the board of directors of a resolution setting forth the proposed amendment; or (2) unless otherwise provided in the articles, by petition of shareholders entitled to cast at least 10% of the votes that all shareholders are entitled to cast on the proposed amendment. The shareholder petition must set forth the proposed amendment, be directed to the board of directors and filed with the secretary of the corporation.

Except where the approval of the shareholders is unnecessary, the board of directors will then direct that the proposed amendment be submitted to a vote of the shareholders entitled to vote on the proposed amendment. An

Table of Contents

amendment proposed pursuant to paragraph (2) above is required to be submitted to a vote either at the next annual meeting held not earlier than 120 days after the amendment is proposed or at a special meeting of the shareholders called for that purpose by the shareholders.

Under Pennsylvania law, an amendment to the articles of incorporation requires the approval of the board of directors and, except in limited cases where a greater vote may be required, the affirmative vote of a majority of the votes cast by all shareholders within each class or series of shares if such class or series is entitled to vote on the matter as a class.

Univest. Univest shareholders are not entitled by statute to propose amendments to the articles of incorporation. Univest's articles of incorporation may be amended as provided under Pennsylvania law, with the following exception: any amendment to Article 13 requires the affirmative vote of holders of at least 66-2/3 % of the outstanding shares of common stock.

Valley Green. ARTICLE III

CONSIDERATION: EXCHANGE PROCEDURES

3.1. Merger Consideration: Effect on Shares.

At the Effective Time, by virtue of the Merger and without any action on the part of Univest, Valley Green or the holders of any of the shares of Valley Green Common Stock, the Merger shall be effected in accordance with the following terms:

(a) Each share of Univest Bank Common Stock that is issued and outstanding immediately prior to the Effective Time shall remain issued and outstanding following the Effective Time and shall be unchanged by the Merger.

(b) All shares of Valley Green Common Stock held in the treasury of Valley Green (Treasury Stock) and each share of Valley Green Common Stock owned by Univest immediately prior to the Effective Time (if any) (other than shares held in a fiduciary capacity or in connection with debts previously contracted) (Univest Owned Shares) shall, at the Effective Time, cease to exist, and the certificates for such shares shall be canceled as promptly as practicable thereafter, and no payment or distribution shall be made in consideration therefor.

(c) Subject to the provisions of this Agreement, at the Effective Time, automatically by virtue of the Merger and without any action on the part of any Person, each share of Valley Green Common Stock (excluding Treasury Stock, Univest Owned Shares and shares of Valley Green Common Stock that are owned by Valley Green shareholders properly exercising their dissenters rights pursuant to Section 1222 of the PBC (Dissenter Shares)) issued and outstanding immediately prior to the Effective Time shall be converted into the right to receive an amount of Univest Common Stock (the Common Stock Consideration) equal to the quotient, carried to four (4) decimal places (the Exchange Ratio), of (A) \$27.00 divided by (B) the Univest Share Price (as defined below) of a share of Univest Common Stock; provided, however, that in no event may the Exchange Ratio be less than 1.2231 or greater than 1.4949. If the Exchange Ratio would otherwise be less than 1.2231 or more than 1.4949, then 1.2231 or 1.4949, respectively, shall be used. For purposes of this Agreement, the Univest Share Price of the Univest Common Stock shall be the average of the closing sale prices of Univest Common Stock (as reported on Nasdaq) for each consecutive trading day during the twenty (20) days immediately preceding the Effective Time. The Common Stock Consideration, together with cash in lieu of fractional shares, is sometimes referred to herein collectively as the Merger Consideration.

(d) After the Effective Time, shares of Valley Green Common Stock shall be no longer outstanding and shall automatically be canceled and shall cease to exist, and shall represent thereafter by operation of this section only the right to receive the Merger Consideration as set forth in this Article and any Dissenter Shares shall thereafter represent only the right to receive applicable payments as set forth in Section 3.3.

(e) In the event Univest changes the number of shares of Univest Common Stock issued and outstanding between the date hereof and the Effective Time as a result of a stock split, stock dividend, extraordinary dividend, recapitalization, reclassification, split up, combination, exchange of shares, readjustment or similar transaction and the record date therefor shall be prior to the Effective Time, the Exchange Ratio shall be proportionately adjusted. In addition, in the event Univest enters into an agreement pursuant to which shares of Univest Common Stock would be converted into shares or other securities or obligations of another corporation, proper provision shall be made in such agreement so that each holder of Valley Green Common Stock entitled to receive shares of Univest Common Stock in the Merger shall be entitled to receive such number of shares or other securities or amount or obligations of such other

corporation as such shareholder would be entitled to receive if the Effective Time had occurred immediately prior to the happening of such event.

(f) Notwithstanding anything to the contrary contained herein, no certificates or scrip representing fractional shares of Univest Common Stock shall be issued upon the surrender for exchange of Certificates, no dividend or distribution with respect to Univest Common Stock shall be payable on or with respect to any fractional share interest, and such fractional share interests shall not entitle the owner thereof to vote or to any

other rights of a shareholder of Univest. In lieu of the issuance of any such fractional share, Univest shall pay to each former holder of Valley Green Common Stock who otherwise would be entitled to receive a fractional share of Univest Common Stock, an amount in cash, rounded to the nearest cent and without interest, equal to the product of (i) the fraction of a share to which such holder would otherwise have been entitled and (ii) the closing sale price of a share of Univest Common Stock reported on Nasdaq on the trading day immediately preceding the Closing Date. For purposes of determining any fractional share interest, all shares of Valley Green Common Stock owned by a Valley Green shareholder shall be combined so as to calculate the maximum number of whole shares of Univest Common Stock issuable to such Valley Green shareholder.

(g) After the Effective Time, but no later than three (3) business days following the Effective Time, Univest will send or cause to be sent to each person who was a holder of an outstanding Valley Green Option that was issued in book entry form only, the payment to which such person is entitled with respect to such Valley Green Stock Option under the provisions of Section 2.4(c).

The Letter of Transmittal will contain instructions with respect to the surrender of the Certificates and the receipt of the Merger Consideration in exchange therefor. Upon the shareholder's delivery to the Exchange Agent of Certificates owned by such shareholder representing shares of Valley Green Common Stock (or an indemnity affidavit and related bond reasonably satisfactory to Univest and the Exchange Agent, if such certificates are lost, stolen or destroyed), and the duly completed Letter of Transmittal, the Exchange Agent shall cause New Certificates (or the written notice required by Section 1528(f) of the PBCL with respect to uncertificated shares) into which such shares of Valley Green Common Stock are converted at the Effective Time to be delivered to such shareholder and/or any check in respect of cash to be paid (in respect of any fractional share interests, dividends or distributions that such shareholder shall be entitled to receive). No interest will be paid on any such cash to be paid in lieu of fractional share interests or in respect of dividends or distributions that any such shareholder shall be entitled to receive pursuant to this Article III.

(iii) No dividends or other distributions with respect to Univest Common Stock with a record date occurring on or after the Effective Time shall be paid to the record holder of any unsurrendered Certificate representing shares of Valley Green Common Stock converted in the Merger into the right to receive shares of such Univest Common Stock until the holder thereof receives New Certificates in exchange therefor in accordance with the procedures set forth in this Section 3.2(a). After becoming so entitled in accordance with this Section 3.2(a), the record holder thereof also shall be entitled to receive any such dividends or other distributions, without any interest thereon, which theretofore had become payable with respect to shares of Univest Common Stock, and which such holder had the right to receive upon surrender of the Certificates.

For a holder of a Certificate or Certificates (excluding Valley Green and Uninvest), all of such holder's Valley Green Common Stock deposited with the Exchange Agent shall be converted into and become the Common Stock Consideration, *provided* that fractional shares will not be issued and cash (payable by check) will be paid in lieu thereof as provided in Section 3.1(f).

No dividends or other distributions declared after the Effective Time with respect to Univest Common Stock shall be paid to the holder of any unsurrendered Certificate until the holder thereof shall surrender such Certificate in accordance with this Section 3.2. After the surrender of a Certificate in accordance with this Section 3.2, the record holder thereof shall be entitled to receive, without any interest thereon, any such dividends or other distributions with a record date after the Effective Time, which theretofore had become payable with respect to shares of Univest Common Stock represented by such Certificate.

(d) Surrender by Persons Other than Record Holders. If the Person surrendering a Certificate and signing the accompanying Letter of Transmittal is not the record holder thereof, then it shall be a condition of the payment of the Merger Consideration that: (i) such Certificate is properly endorsed to such Person or is accompanied by appropriate stock powers, in either case signed exactly as the name of the record holder appears on such Certificate, and is otherwise in proper form for transfer, or is accompanied by appropriate evidence of the authority of the Person surrendering such Certificate and signing the Letter of Transmittal to do so on behalf of the record holder; and (ii) the Person requesting such exchange shall pay to the Exchange Agent in advance any transfer or other taxes required by reason of the payment of the Merger Consideration to a Person other than the registered holder of the Certificate surrendered, or required for any other reason, or shall establish to the satisfaction of the Exchange Agent that such tax has been paid or is not payable.

(f) Return of Exchange Fund. At any time following the twelve (12) month period after the Effective Time, Univest shall be entitled to require the Exchange Agent to deliver to it any portions of the Exchange Fund that had been made available to the Exchange Agent and not disbursed to holders of Certificates (including, without limitation, all interest and other income received by the Exchange Agent in respect of all funds made available to it), and thereafter such holders shall be entitled to look to Univest (subject to abandoned property, escheat and other similar laws) with respect to any Merger Consideration that may be payable upon due surrender of the Certificates held by them. Notwithstanding the foregoing, neither Univest nor the Exchange Agent shall be liable to any holder of a Certificate for any Merger Consideration delivered in respect of such Certificate to a public official pursuant to applicable abandoned property, escheat or other similar law.

Subject to the terms and conditions herein provided, Valley Green agrees to use commercially reasonable efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the transactions contemplated by this Agreement; *provided, however*, such efforts do not significantly decrease the benefits of the transaction to Valley Green.

6.7. Failure to Fulfill Conditions.

In the event that Valley Green determines that a condition to its obligation to complete the Merger cannot be fulfilled and that it will not waive that condition, it will promptly notify Univest.

6.8. No Other Bids and Related Matters.

(a) So long as this Agreement remains in effect, except as otherwise expressly permitted in this Agreement, Valley Green shall not, and shall cause each Valley Green Subsidiary and their respective officers, directors, employees, investment bankers, financial advisors, attorneys, accountants, consultants, Affiliates and other agents (collectively, the Valley Green Representatives) not to, directly or indirectly, (i) initiate, solicit, induce or encourage, or take any action to facilitate the making of, any inquiry, offer or proposal which constitutes or could reasonably be expected to lead to a Valley Green Acquisition Proposal; (ii) respond to any inquiry relating to a Valley Green Acquisition Proposal or a Valley Green Acquisition Transaction; (iii) recommend or endorse a Valley Green Acquisition Transaction; (iv) participate in any discussions or negotiations regarding any Valley Green Acquisition Proposal or furnish, or otherwise afford access, to any Person (other than Univest) any information or data with respect to Valley Green or any Valley Green Subsidiary or otherwise relating to a Valley Green Acquisition Proposal; (v) release any Person from, waive any provisions of, or fail to enforce any confidentiality agreement or standstill agreement to which Valley Green is a party; or (vi) enter into any agreement, agreement in principle or letter of intent with respect to any Valley Green Acquisition Proposal or approve or resolve to approve any Valley Green Acquisition Proposal or any agreement, agreement in principle or letter of intent relating to a Valley Green Acquisition Proposal. Any violation of the foregoing restrictions by Valley Green or any Valley Green Representative, whether or not such Valley Green Representative is so authorized and whether or not such Valley Green Representative is purporting to act on behalf of

Valley Green or otherwise, shall be deemed to be a breach of this Agreement by Valley Green. Valley Green and each Valley Green Subsidiary shall, and shall cause each of the Valley Green Representatives to, immediately cease and cause to be terminated any and all existing discussions, negotiations, and communications with any Persons with respect to any existing or potential Valley Green Acquisition Proposal. Valley Green shall notify Univest immediately if any such discussions or negotiations are sought to be initiated with Valley Green by any Person other than Univest or if any such requests for information, inquiries, proposals or communications are received from any Person other than Univest.

Table of Contents

For purposes of this Agreement, **Valley Green Acquisition Proposal** shall mean any inquiry, offer or proposal (other than an inquiry, offer or proposal from Univest), whether or not in writing, contemplating, relating to, or that could reasonably be expected to lead to, a Valley Green Acquisition Transaction. For purposes of this Agreement, **Valley Green Acquisition Transaction** shall mean (A) any transaction or series of transactions involving any merger, consolidation, recapitalization, share exchange, liquidation, dissolution or similar transaction involving Valley Green or the Valley Green Subsidiaries; (B) any transaction pursuant to which any third party or group acquires or would acquire (whether through sale, lease or other disposition), directly or indirectly, any assets of Valley Green or any Valley Green Subsidiary representing, in the aggregate, twenty-five percent (25%) or more of the assets of Valley Green and each Valley Green Subsidiary on a consolidated basis; (C) any issuance, sale or other disposition of (including by way of merger, consolidation, share exchange or any similar transaction) securities (or options, rights or warrants to purchase or securities convertible into, such securities) representing fifteen percent (15%) or more of the votes attached to the outstanding securities of Valley Green or any Valley Green Subsidiary; (D) any tender offer or exchange offer that, if consummated, would result in any third party or group beneficially owning fifteen percent (15%) or more of any class of equity securities of Valley Green or any Valley Green Subsidiary; or (E) any transaction which is similar in form, substance or purpose to any of the foregoing transactions, or any combination of the foregoing.

(b) Notwithstanding Section 6.8(a), Valley Green may take any of the actions described in clause (ii) or (iv) of Section 6.8(a) if but only if, (i) Valley Green has received a bona fide unsolicited written Valley Green Acquisition Proposal that did not result from a breach of this Section 6.8; (ii) the Valley Green Board of Directors determines in good faith, after consultation with and having considered the advice of its outside legal counsel and its independent financial advisor, that such Valley Green Acquisition Proposal constitutes or is reasonably likely to lead to a Superior Proposal (as defined below); (iii) Valley Green has provided Univest with at least one business day's prior notice of such determination; and (iv) prior to furnishing or affording access to any information or data with respect to Valley Green or any of the Valley Green Subsidiaries or otherwise relating to a Valley Green Acquisition Proposal, Valley Green receives from such Person a confidentiality agreement with terms no less favorable to Univest than those contained in the Confidentiality Agreement and provides a copy of the same to Univest. Valley Green shall promptly provide to Univest any non-public information regarding Valley Green or any Valley Green Subsidiary provided to any other Person that was not previously provided to Univest, such additional information to be provided no later than the date of provision of such information to such other party.

For purposes of this Agreement, **Superior Proposal** means any bona fide written proposal (on its most recently amended or modified terms, if amended or modified) made by a third party to enter into a Valley Green Acquisition Transaction on terms that the Valley Green Board of Directors determines in its good faith judgment, after consultation with and having considered the advice of outside legal counsel and financial advisor (i) would, if consummated, result in the acquisition of all, but not less than all, of the issued and outstanding shares of Valley Green Common Stock or all, or substantially all, of the assets of Valley Green and the Valley Green Subsidiaries on a consolidated basis; (ii) would result in a transaction that (A) involves consideration to the holders of the shares of Valley Green Common Stock that is more favorable, from a financial point of view, than the consideration to be paid to Valley Green's shareholders pursuant to this Agreement, considering, among other things, the nature of the consideration being offered and any material regulatory approvals or other risks associated with the timing of the proposed transaction beyond or in addition to those specifically contemplated hereby, and which proposal is not conditioned upon obtaining additional financing and (B) is, in light of the other terms of such proposal, more favorable to Valley Green than the Merger and the transactions contemplated by this Agreement; and (iii) is reasonably likely to be completed on the terms proposed, in each case taking into account all legal, financial, regulatory and other aspects of the proposal.

(c) Valley Green shall promptly (and in any event within forty-eight (48) hours) notify Univest in writing if any proposals or offers are received by, any information is requested from, or any negotiations or discussions are sought to be initiated or continued with, Valley Green or any Valley Green Representatives, in each case in connection with any Valley Green Acquisition Proposal, and such notice shall indicate the name of the Person initiating such discussions or negotiations or making such proposal, offer or information request and

the material terms and conditions of any proposals or offers (and, in the case of written materials relating to such proposal, offer, information request, negotiations or discussion, providing copies of such materials (including e-mails or other electronic communications) unless (i) such materials constitute confidential information of the party making such offer or proposal under an effective confidentiality agreement, (ii) disclosure of such materials jeopardizes the attorney-client privilege, or (iii) disclosure of such materials contravenes any law, rule, regulation, order, judgment or decree.) Valley Green agrees that it shall keep Univest informed, on a current basis, of the status and terms of any such proposal, offer, information request, negotiations or discussions (including any amendments or modifications to such proposal, offer or request).

(d) Neither the Valley Green Board of Directors nor any committee thereof shall (i) withdraw, qualify or modify, or propose to withdraw, qualify or modify, in a manner adverse to Univest in connection with the transactions contemplated by this Agreement (including the Merger), the Valley Green Recommendation, or make any statement, filing or release, in connection with the Valley Green Shareholders Meeting or otherwise, inconsistent with the Valley Green Recommendation (it being understood that taking a neutral position or no position with respect to a Valley Green Acquisition Proposal shall be considered an adverse modification of the Valley Green Recommendation); (ii) approve or recommend, or publicly propose to approve or recommend, any Valley Green Acquisition Proposal; or (iii) enter into (or cause Valley Green or any Valley Green Subsidiary to enter into) any letter of intent, agreement in principle, acquisition agreement or other agreement (A) related to any Valley Green Acquisition Transaction (other than a confidentiality agreement entered into in accordance with the provisions of Section 6.8(b)) or (B) requiring Valley Green to abandon, terminate or fail to consummate the Merger or any other transaction contemplated by this Agreement.

(e) Notwithstanding Section 6.8(d) above, prior to the date of Valley Green Shareholders Meeting, the Valley Green Board of Directors may approve or recommend to the shareholders of Valley Green a Superior Proposal and withdraw, qualify or modify the Valley Green Recommendation in connection therewith or take any of the other actions otherwise prohibited by Section 6.8(d) (a Valley Green Subsequent Determination) after the fifthth(5) business day following the receipt by Univest of a notice (the Notice of Superior Proposal) from Valley Green advising Univest that the Valley Green Board of Directors has decided that a bona fide unsolicited written Valley Green Acquisition Proposal that it received (that did not result from a breach of this Section 6.8) constitutes a Superior Proposal (it being understood that Valley Green shall be required to deliver a new Notice of Superior Proposal in respect of any revised Superior Proposal from such third party or its affiliates that Valley Green proposes to accept and the subsequent notice period shall be five (5) business days) if, but only if, (i) the Valley Green Board of Directors has reasonably determined in good faith, after consultation with and having considered the advice of outside legal counsel and its financial advisor, that the failure to take such actions would be inconsistent with its fiduciary duties to Valley Green s shareholders under applicable law and (ii) at the end of such five (5) business day period, after taking into account any such adjusted, modified or amended terms as may have been committed to in writing by Univest since its receipt of such Notice of Superior Proposal (provided, however, that Univest shall not have any obligation to propose any adjustments, modifications or amendments to the terms and conditions of this Agreement), the Valley Green Board of Directors has again in good faith made the determination (A) in clause (i) of this Section 6.8(e) and (B) that such Valley Green Acquisition Proposal constitutes a Superior Proposal.

(f) Nothing contained in this Section 6.8 or elsewhere in this Agreement shall prohibit Valley Green or the Valley Green Board of Directors from (i) complying with Valley Green s obligations under Rule 14d-9 (as if such rule were applicable to Valley Green) and Rule 14e-2(a) promulgated under the Exchange Act, or (ii) making any disclosure to its shareholders if, in each case, the Board of Directors is advised in a written legal opinion of outside counsel to Valley Green that the failure to make such disclosure to Valley Green s shareholders would result in a breach of their fiduciary duty under Pennsylvania law.

6.9. Reserves and Merger-Related Costs.

Valley Green agrees to consult with Univest with respect to its loan, litigation and real estate valuation policies and practices (including loan classifications and levels of reserves). Univest and Valley Green shall also

consult with respect to the character, amount and timing of restructuring charges to be taken by each of them in connection with the transactions contemplated hereby and shall take such charges as Uninvest shall reasonably request and which are not inconsistent with GAAP, provided that no such actions need be effected until immediately prior to the Effective Time and Uninvest shall have irrevocably certified to Valley Green that all conditions set forth in Article IX to the obligation of Uninvest to consummate the transactions contemplated hereby have been satisfied or, where legally permissible, waived.

6.10. Board of Directors and Committee Meetings.

Valley Green shall permit representatives of Uninvest (no more than two) to attend any meeting of the Board of Directors of Valley Green or the Executive and Loan Committees thereof as an observer, provided that Valley Green shall not be required to permit the Uninvest representatives to remain present during any confidential discussion of this Agreement and the transactions contemplated hereby or during any other matter that the respective Board of Directors has reasonably determined to be confidential with respect to Uninvest's participation.

6.11. Affiliate Letters.

Valley Green shall deliver to Uninvest, concurrently with the execution of this Agreement, the Valley Green Affiliate Letters.

ARTICLE VII

COVENANTS OF UNIVEST

7.1. Conduct of Business.

(a) Affirmative Covenants. From the date of this Agreement to the Effective Time, except with the written consent of Valley Green (which shall not be unreasonably withheld, conditioned or delayed) Uninvest will, and it will cause each Uninvest Subsidiary to, (i) operate its business only in the usual, regular and ordinary course of business (ii) use commercially reasonable efforts to preserve intact its business organization and assets and maintain its rights and franchises, and (iii) voluntarily take no action that would, or would be reasonably likely to, materially adversely affect the ability of the parties to obtain any Regulatory Approvals or other approvals of Governmental Entities required for the transactions contemplated hereby or materially increase the period of time necessary to obtain such approvals, or materially adversely affect its ability to perform its covenants and agreements under this Agreement.

(b) Negative Covenants. Uninvest agrees that from the date of this Agreement to the Effective Time, except as (i) otherwise specifically permitted or required by this Agreement, (ii) set forth in Uninvest Disclosure Schedule 7.1(b), (iii) consented to by Valley Green in writing in advance, or (iv) required by any Bank Regulator, Uninvest will not, and it will cause each Uninvest Subsidiary not to:

(1) amend its articles of incorporation or bylaws or similar governing documents of any of the Uninvest Subsidiaries in a manner that would materially and adversely affect the economic benefits of the Merger to the holders of Valley Green Common Stock or that would materially impede Uninvest's ability to consummate the transactions contemplated by this Agreement;

(2) take any action that is intended to, would or would be reasonably likely to result in any of the conditions set forth in Article IX not being satisfied or prevent or materially delay the consummation of the transactions contemplated hereby, except, in every case, as may be required by applicable law;

(3) take any action, or knowingly fail to take any action, which action or failure to act prevents or impedes, or could reasonably be expected to prevent or impede, the Merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code; or

(4) agree to or make any commitment to, take, or adopt any resolutions of board of directors of Univest in support of, any of the actions prohibited by this Section 7.1(b).

7.2. Maintenance of Insurance.

Univest shall maintain, and cause each Univest Subsidiary to maintain, insurance in such amounts as are reasonable to cover such risks as are customary in relation to the character and location of their properties and the nature of their business, consistent with past practice.

7.3. Disclosure Supplements.

From time to time prior to the Effective Time, Univest will promptly supplement or amend the Univest Disclosure Schedule delivered in connection herewith with respect to any matter hereafter arising that, if existing, occurring or known at the date of this Agreement, would have been required to be set forth or described in such Univest Disclosure Schedule or that is necessary to correct any information in such Univest Disclosure Schedule that has been rendered materially inaccurate thereby. No supplement or amendment to such Univest Disclosure Schedule shall have any effect for the purpose of determining satisfaction of the conditions set forth in Article IX.

7.4. Consents and Approvals of Third Parties.

Univest shall use commercially reasonable efforts to obtain as soon as practicable all consents and approvals necessary or desirable for the consummation of the transactions contemplated by this Agreement.

7.5. Commercially Reasonable Efforts.

Subject to the terms and conditions herein provided, Univest agrees to use commercially reasonable efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the transactions contemplated by this Agreement; *provided, however*, such efforts do not significantly decrease the benefits of the transaction to Univest.

7.6. Failure to Fulfill Conditions.

In the event that Univest determines that a condition to its obligation to complete the Merger cannot be fulfilled and that it will not waive that condition, it will promptly notify Valley Green.

7.7. Affiliate Letters.

Univest shall deliver to Valley Green, concurrently with the execution of this Agreement, the Univest Affiliate Letters.

7.8. Univest Board.

Effective as of the Closing, Univest shall cause (i) Jay R. Goldstein and (ii) Michael L. Turner to be elected or appointed as members of the Board of Directors of Univest. Such directors shall (i) be appointed to the classes of Univest directors whose terms expire in 2015 and 2016, respectively, and (ii) at the conclusion of such terms, be re-nominated and recommended for re-election to serve as a member of Univest's Board of Directors for one (1) additional three (3) year term.

7.9. Employee Matters.

(a) During the period commencing at the Effective Time, Univest shall, and shall cause each of the Univest Subsidiaries to, provide the employees of Valley Green and the Valley Green Subsidiaries who remain employed immediately after the Effective Time with (i) base compensation that is no less favorable to the base compensation provided by Valley Green and the Valley Green Subsidiaries on the date of this Agreement and (ii) employee benefits that are provided to similarly situated employees of Univest and the Univest Subsidiaries.

(b) After the Closing Date, the Valley Green Benefit Plans may, at Univest's election and subject to the requirements of the Code and ERISA, continue to be maintained separately, consolidated, merged, frozen or terminated; *provided, however,* that after the Closing Date, Univest shall amend the Valley Green 401(k) plan to freeze participation and contributions under such plan contemporaneously with the participation of all eligible Valley Green employees in the applicable Univest 401(k) plan. Following such action, Univest will continue to maintain the individual participant accounts under the Valley Green 401(k) plan until such time as the Valley Green 401(k) plan assets are merged with and into the applicable Univest 401(k) plan in accordance with the requirements of Code Section 414(1). In all events, Valley Green 401(k) plan participants who, as of the date of its consolidation, merger, freeze or termination, whichever occurs first, had outstanding plan loans shall be permitted to repay those loans in accordance with the terms thereof.

(c) Employees of Valley Green or any Valley Green Subsidiary who become participants in a Univest Benefit Plan shall, except with respect to any Univest defined benefit pension plan, be given credit for service as an employee of Valley Green or any predecessor thereto prior to the Effective Time for purposes of determining eligibility to participate in such plans, vesting purposes under such plans and benefit levels (but not benefit accrual) under such plans. Notwithstanding the foregoing, employees of Valley Green or any Valley Green Subsidiary shall not be eligible to participate in any Univest defined benefit pension plan within the meaning of ERISA Section 3(2).

(d) This Agreement shall not be construed to limit the ability of Univest or Univest Bank to terminate the employment of any employee or to review employee benefits programs from time to time and to make such changes (including terminating any benefit plan or program) as it deems appropriate.

(e) In the event of any termination of any Valley Green health plan or consolidation of any Valley Green health plan with any Univest health plan, Univest shall make available to employees of Valley Green or any Valley Green Subsidiary and their dependents health coverage on the same basis as it provides such coverage to Univest employees. Unless an employee of Valley Green or any Valley Green Subsidiary affirmatively terminates coverage under a Valley Green health plan prior to the time that such employee becomes eligible to participate in the Univest health plan, no coverage of any of the employees of Valley Green or any Valley Green Subsidiary or their dependents shall terminate under any of the Valley Green health plans prior to the time such employees and their dependents become eligible to participate in the health plans, programs and benefits common to all employees of Univest and their dependents. In the event of a termination or consolidation of any Valley Green health plan, terminated Valley Green and Valley Green Subsidiary employees and qualified beneficiaries will have the right, if applicable, to continuation coverage under group health plans of Univest in accordance with COBRA and/or other applicable law. With respect to any employee of Valley Green or any Valley Green Subsidiary, any coverage limitation under the Univest health plan due to any pre-existing condition shall be waived by the Univest health plan to the degree that such condition was covered by the Valley Green health plan and such condition would otherwise have been covered by the Univest health plan in the absence of such coverage limitation.

(f) In the event Univest terminates the employment (other than for circumstances reasonably constituting cause) of any employees of Valley Green (other than employees of Valley Green who are subject to employment contracts or other contracts providing for severance or other payments upon termination of employment or upon a change of

control of Valley Green) on or prior to the date which is eighteen (18) months after the Closing Date, Univest shall pay severance benefits to such employees equal to two (2) weeks salary for

each full year of service with Valley Green. If an employee is paid on an hourly-rate basis, salary shall mean the weekly amount of base wages paid for the number of hours of work contemplated by such person's normal weekly work schedule, and if the employee is a commissioned employee, salary shall mean the base pay rate, if any, plus the average weekly amount of commissions received by such employee in the prior twelve (12) months.

(g) Univest agrees to honor, or cause one of the Univest Subsidiaries to honor, in accordance with their terms, all employment and change of control agreements listed on Valley Green Disclosure Schedule 4.8(a), subject to any limitations imposed under applicable law or by any Regulatory Authority (other than tax laws); provided, however, that the foregoing shall not prevent Univest or any of the Univest Subsidiaries from amending or terminating any such agreement in accordance with its terms and applicable law. Univest will take such steps as necessary to comply with the disclosure requirements of Internal Revenue Service Notice 1020-6 with respect to the amendments to the employment agreements disclosed on Valley Green Disclosure Schedule 4.8(a).

(h) Univest shall establish a retention bonus pool equal to twenty percent (20%) of the aggregate base salary for employees jointly designated in writing by Univest and Valley Green (other than employees of Valley Green who are subject to employment contracts or other contracts providing for severance or after payments upon termination of employment or upon change of control of Valley Green, except as provided on Valley Green Disclosure Schedule 4.8(a)) in order to help retain key employees. Such bonuses shall be payable after the Effective Date on a date jointly determined by Univest and Valley Green in the event that the designated employee remains employed by Valley Green, Univest or Univest Bank, as the case may be, until the Effective Date or a date thereafter jointly determined by Univest and Valley Green; provided that the employee satisfactorily fulfills the duties of such employee's position through such date. With the prior consent of Univest, which consent shall not be unreasonably withheld, conditioned or delayed, Valley Green shall establish the amount of the retention bonus for each such employee.

(i) The provisions of this Section 7.9 are solely for the benefit of the parties to this Agreement, and no current or former director, officer, employee, other service provider or independent contractor or any other person shall be a third-party beneficiary of this Agreement, and nothing herein shall be construed as an amendment to any Valley Green or Univest Benefit Plan or other compensation or benefit plan or arrangement for any purpose.

7.10. Directors and Officers Indemnification and Insurance.

(a) For a period of six years after the Effective Time, Univest shall indemnify, defend and hold harmless each person who is now, or who has been at any time before the date hereof or who becomes before the Effective Time, an officer, director or employee of Valley Green (the "Indemnified Parties") against all losses, claims, damages, costs, expenses (including attorney's fees), liabilities or judgments or amounts that are paid in settlement (which settlement shall require the prior written consent of Univest, which consent shall not be unreasonably withheld, conditioned or delayed) of or in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, or administrative (each a "Claim"), in which an Indemnified Party is, or is threatened to be made, a party or witness in whole or in part or arising in whole or in part out of the fact that such person is or was a director, officer or employee of Valley Green or a Valley Green Subsidiary if such Claim pertains to any matter of fact arising, existing or occurring at or before the Effective Time (including, without limitation, the Merger and the other transactions contemplated hereby), regardless of whether such Claim is asserted or claimed before, or after, the Effective Time, to the fullest extent as would have been permitted by Valley Green under the PBC and under Valley Green's articles of incorporation and bylaws. Univest shall pay expenses in advance of the final disposition of any such action or proceeding to each Indemnified Party to the fullest extent as would have been permitted by Valley Green under the PBC and under Valley Green's articles of incorporation and bylaws, upon receipt of an undertaking to repay such advance payments if such Indemnified Party shall be adjudicated or determined to be not entitled to indemnification in

the manner set forth below. Any Indemnified Party wishing to claim indemnification under this subsection upon learning of any Claim, shall

notify Uninvest (but the failure so to notify Uninvest shall not relieve it from any liability that it may have under this subsection, except to the extent such failure materially prejudices Uninvest) and shall deliver to Uninvest the undertaking referred to in the previous sentence. Without limiting the foregoing, in any case in which approval by Uninvest, one of its Subsidiaries or the board of directors thereof is required to effect any indemnification, at the election of the Indemnified Party, the determination of any such approval shall be made by a majority of the independent directors then in office or, if no such directors are then in office, by independent counsel mutually agreed upon between Uninvest and the Indemnified Party. Nothing contained in this Section 7.10 or any other provision of this Agreement shall limit any right to indemnification which any current or former director, officer, employee or agent of Valley Green may have under applicable law or regulation or Valley Green's articles of incorporation, bylaws, or the equivalent documents of any Subsidiary of Valley Green, as applicable, in each case as in effect on the date hereof, which Uninvest agrees to honor in accordance with their terms.

(b) In the event that either Uninvest or any of its successors or assigns (i) consolidates with or merges into any other person and shall not be the continuing or surviving bank or entity of such consolidation or merger or (ii) transfers all or substantially all of its properties and assets to any person, then, and in each such case, proper provision shall be made so that the successors and assigns of Uninvest shall assume the obligations set forth in this Section 7.10.

(c) Uninvest shall maintain, or shall cause Uninvest to maintain, in effect for six years following the Effective Time, the current directors' and officers' liability insurance policies covering the officers and directors of Valley Green (provided, that Uninvest may substitute therefor policies of at least the same coverage containing terms and conditions which are not materially less favorable) with respect to matters occurring at or prior to the Effective Time; *provided, however*, that in no event shall Uninvest be required to expend per year pursuant to this subsection more than 150% of the annual cost currently expended by Valley Green with respect to such insurance (the Maximum Amount); *provided, further*, that if the amount of the annual premium necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, Uninvest shall maintain the most advantageous policies of directors' and officers' insurance obtainable for a premium equal to the Maximum Amount. In connection with the foregoing, Valley Green agrees in order for Uninvest to fulfill its agreement to provide directors and officers liability insurance policies for six years to provide such insurer or substitute insurer with such reasonable and customary representations as such insurer may request with respect to the reporting of any prior claims.

(d) The obligations of Uninvest provided under this Section 7.10 are intended to be enforceable against Uninvest directly by the Indemnified Parties and shall be binding on all respective successors and permitted assigns of Uninvest.

7.11. Stock Reserve.

Uninvest agrees at all times from the date of this Agreement until the Merger Consideration has been paid in full to reserve a sufficient number of shares of its common stock and to maintain sufficient liquid accounts or borrowing capacity to fulfill its obligations under this Agreement.

7.12. Exchange Listing.

Prior to the Effective Date, Uninvest will take all steps necessary to list on the Nasdaq (or such other national securities exchange on which the shares of Uninvest Common Stock shall be listed as of the date of consummation of the Merger), subject to official notice of issuance, the shares of Uninvest Common Stock to be issued in the Merger.

7.13. Valley Green Bank Division.

Upon completion of the Merger, Univest and Univest Bank shall cause Univest Bank to establish and operate a separate banking division of Univest Bank to be named Valley Green Bank, a Division of Univest Bank (the Valley Green Bank Division) and shall operate the Valley Green Bank Division for a period of twenty-four (24) months following the Effective Date on the terms, and within the parameters, outlined on Valley Green Disclosure Schedule 7.13. The Valley Green Bank Division shall consist of all branches of Valley Green Bank on the Effective Date and any other branches of Univest Bank located within the City of Philadelphia and shall include the geographic region outlined on Valley Green Disclosure Schedule 7.13. Univest Bank will utilize the Valley Green Bank Division in the further expansion of its business in Valley Green s primary market area. The offices and operations of the Valley Green Bank Division will be branded using the name Valley Green Bank, a Division of Univest Bank.

8.1. Shareholder Meetings.

(a) Valley Green will (i) as promptly as practicable after the Registration Statement is declared effective by the SEC, take all steps necessary to duly call, give notice of, convene and hold a meeting of its shareholders (the Valley Green Shareholders Meeting), for the purpose of considering this Agreement and the Merger, and for such other purposes as may be, in Valley Green s reasonable judgment, necessary or desirable, and (ii) have its Board of Directors unanimously recommend approval of this Agreement to the Valley Green shareholders (the Valley Green Recommendation) and otherwise support the Merger.

(b) Univest will (i) as promptly as practicable after the Registration Statement is declared effective by the SEC, take all steps necessary to duly call, give notice of, convene and hold a meeting of its shareholders (the Univest Shareholders Meeting), for the purpose of considering this Agreement and the Merger, and for such other purposes as may be, in Univest s reasonable judgment, necessary or desirable, and (ii) have its Board of Directors unanimously recommend approval of this Agreement to the Univest shareholders (the Univest Recommendation) and otherwise support the Merger.

8.2. Proxy Statement-Prospectus.

(a) For the purposes of (i) registering Univest Common Stock to be offered to holders of Valley Green Common Stock in connection with the Merger with the SEC under the Securities Act and (ii) holding the Valley Green Shareholders Meeting and the Univest Shareholders Meeting, Univest shall draft and prepare, and Valley Green shall cooperate in the preparation of, the Registration Statement, including a combined proxy statement and prospectus satisfying all applicable requirements of applicable state securities and banking laws, and of the Securities Act and the Exchange Act, and the rules and regulations thereunder (such proxy statement-prospectus in the form mailed to the Valley Green shareholders and the Univest shareholders, together with any and all amendments or supplements thereto, being herein referred to as the Proxy Statement-Prospectus). Univest shall file the Registration Statement, including the Proxy Statement-Prospectus, with the SEC. Each of Univest and Valley Green shall use commercially reasonable efforts to have the Registration Statement declared effective under the Securities Act as promptly as practicable after such filing, and each of Valley Green and Univest shall thereafter promptly mail the Proxy Statement-Prospectus to the Valley Green shareholders and the Univest shareholders. Univest shall also use commercially reasonable efforts to obtain all necessary state securities law or blue sky permits and approvals required to carry out the transactions

contemplated by this Agreement, and Valley Green shall furnish all information concerning Valley Green and the holders of Valley Green Common Stock as may be reasonably requested in connection with any such action.

(b) Valley Green shall provide Univest with any information concerning itself that Univest may reasonably request in connection with the drafting and preparation of the Proxy Statement-Prospectus, and Univest shall notify Valley Green promptly of the receipt of any comments of the SEC with respect to the Proxy

Statement-Prospectus and of any requests by the SEC for any amendment or supplement thereto or for additional information and shall provide to Valley Green promptly copies of all correspondence between Univest or any of its representatives and the SEC. Univest shall give Valley Green and its counsel the opportunity to review and comment on the Proxy Statement-Prospectus prior to its being filed with the SEC and shall give Valley Green and its counsel the opportunity to review and comment on all amendments and supplements to the Proxy Statement-Prospectus and all responses to requests for additional information and replies to comments prior to their being filed with, or sent to, the SEC. Each of Univest and Valley Green agrees to use commercially reasonable efforts, after consultation with the other party hereto, to respond promptly to all such comments of and requests by the SEC and to cause the Proxy Statement-Prospectus and all required amendments and supplements thereto to be mailed to the holders of Valley Green Common Stock entitled to vote at the Valley Green Shareholders Meeting and to the holders of the Univest Common Stock entitled to vote at the Univest Shareholders Meeting at the earliest practicable time.

(c) Valley Green and Univest shall promptly notify the other party if at any time it becomes aware that the Proxy Statement-Prospectus or the Registration Statement contains an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading. In such event, Valley Green shall cooperate with Univest in the preparation of a supplement or amendment to such Proxy Statement-Prospectus that corrects such misstatement or omission, and Univest shall file an amended Registration Statement with the SEC, and Valley Green shall mail an amended Proxy Statement-Prospectus to the Valley Green shareholders and Univest shall mail an amended Proxy Statement-Prospectus to the Univest shareholders. If requested by Univest, Valley Green shall obtain a comfort letter from its independent registered public accounting firm, dated as of the date of the Proxy Statement-Prospectus and updated as of the date of consummation of the Merger, with respect to certain financial information regarding Valley Green, in form and substance that is customary in transactions such as the Merger.

8.3. Regulatory Approvals.

Each of Valley Green and Univest will cooperate with the other and use commercially reasonable efforts to promptly prepare all necessary documentation, to effect all necessary filings within 45 days after the date of this Agreement or as soon as practicable thereafter and to obtain all necessary permits, consents, waivers, approvals and authorizations of the SEC, the Bank Regulators and any other third parties or Governmental Entities, necessary to consummate the transactions contemplated by this Agreement. (c) by either party (provided, that the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained herein) if there shall have been a material failure to perform or comply with any of the covenants or agreements set forth in this Agreement on the part of the other party, which failure by its nature cannot be cured prior to the Termination Date or shall not have been cured within 30 days after written notice of such failure by the terminating party to the other party; *provided, however*, that neither party shall have the right to terminate this Agreement pursuant to this Section 10.1(c) unless the breach of such covenant or agreement, together with all other such breaches, would entitle the terminating party not to consummate the transactions contemplated hereby under Section 9.2(b) (in the case of a breach of a covenant or agreement by Valley Green) or Section 9.3(b) (in the case of a breach of a covenant or agreement by Univest);

The Board of Directors

Valley Green Bank

7226 Germantown Avenue

Philadelphia, PA 19119

Members of the Board:

You have requested the opinion of Keefe, Bruyette & Woods, Inc. (KBW or we) as investment bankers as to the fairness, from a financial point of view, to the common shareholders of Valley Green Bank (Valley Green), of the Exchange Ratio (as defined below) in the proposed Merger (as defined below), pursuant to the Agreement and Plan of Merger (the Agreement) to be entered into by and between Valley Green, Univest Corporation of Pennsylvania (Univest) and Univest Bank and Trust Company, a wholly-owned subsidiary of Univest (Univest Bank). As provided in the Agreement and subject to the terms and conditions set forth therein, at the Effective Time (as defined in the Agreement), Valley Green will merge with and into Univest Bank, with Univest Bank being the surviving corporation and a wholly-owned subsidiary of Univest (the Merger). Pursuant to the Agreement and subject to the terms, conditions, and limitations set forth therein, at the Effective Time, by virtue of the Merger and without any action on the part of Univest, Valley Green or the holders of any of the shares of common stock, par value \$1.00 per share, of Valley Green (the Valley Green Common Stock), each share of Valley Green Common Stock issued and outstanding immediately prior to the Effective Time (excluding Treasury Stock, Univest Owned Shares and Dissenter Shares (each as defined in the Agreement)) shall be converted into the right to receive an amount of shares of common stock, par value \$5.00 per share, of Univest (the Univest Common Stock) equal to: the quotient, carried to four decimal places, of (A) \$27.00 divided by (B) the Univest Share Price (as defined in the Agreement), subject to adjustment as provided in the Agreement (as to which we express no opinion). The foregoing ratio of shares of Univest Common Stock for each share of Valley Green Common Stock is referred to herein as the Exchange Ratio. The terms and conditions of the Merger are more fully set forth in the Agreement.

KBW has acted as financial advisor to Valley Green and not as an advisor to or agent of any other person. As part of our investment banking business, we are continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, we have experience in, and knowledge of, the valuation of banking enterprises. In the ordinary course of our business as a broker-dealer, we may, from time to time purchase securities from, and sell securities to, Valley Green and Univest, and as a market maker in securities, we may from time to time have a long or short position in, and buy or sell, debt or equity securities of Valley Green or Univest for our own account and for the accounts of our customers. To the extent we have any such position as of the date of this opinion it has been disclosed to Valley Green. We have acted exclusively for the board of directors of Valley Green (the Board) in rendering this opinion and will receive a fee from Valley Green for our services. A portion of our fee is payable upon the rendering of this opinion and a significant portion is contingent upon the successful completion of the Merger. In addition, Valley

Green has agreed to indemnify us for certain liabilities arising out of our engagement.

Other than this present engagement, KBW has not provided investment banking and financial advisory services to Valley Green during the past two years. KBW has not provided investment banking and financial advisory services to Univest during the past two years. We may in the future provide investment banking and financial advisory services to Valley Green or Univest and receive compensation for such services.

In connection with this opinion, we have reviewed, analyzed and relied upon material bearing upon the Merger and the financial and operating condition of Valley Green and Univest, including among other things, the following: (i) a draft dated June 16, 2014 of the Agreement (the most recent draft made available to us); (ii) the audited financial statements for the three fiscal years ended December 31, 2013 for Valley Green; (iii) the audited financial statements and Annual Reports on Form 10-K for the three fiscal years ended December 31, 2013 of Univest; (iv) the unaudited financial statements and quarterly report on Form 10-Q for the fiscal quarter ended March 31, 2014 of Univest; (v) the quarterly call reports filed with respect to each quarter during the three years ended March 31, 2014 of Valley Green; (vi) certain other interim reports and other communications of Valley Green and Univest to their respective shareholders; and (vii) other financial information concerning the businesses and operations of Valley Green and Univest furnished to us by Valley Green and Univest or which we were otherwise directed to use for purposes of our analysis. Our consideration of financial information and other factors that we deemed appropriate under the circumstances or relevant to our analyses included, among others, the following: (i) the historical and current financial position and results of operations of Valley Green and Univest; (ii) the assets and liabilities of Valley Green and Univest; (iii) the nature and terms of certain other merger transactions and business combinations in the banking industry; (iv) a comparison of certain financial information of Valley Green and certain financial and stock market information for Univest with similar information for certain other companies the securities of which are publicly traded; (v) financial and operating forecasts and projections of Valley Green which were prepared by Valley Green management, provided to and discussed with us by such management and used and relied upon by us at the direction of such management with the consent of the Board; (vi) financial and operating forecasts and projections of Univest which were prepared by Univest management, provided to and discussed with us by such management and used and relied upon by us at the direction of such management with the consent of the Board; and (vii) estimates regarding certain pro forma financial effects of the Merger on Univest (including, without limitation, the cost savings and related expenses expected to result from the Merger as well as certain accounting adjustments assumed with respect thereto) that were prepared by Univest management, and used and relied upon by us at the direction of such management with the consent of the Board. We have also performed such other studies and analyses as we considered appropriate and have taken into account our assessment of general economic, market and financial conditions and our experience in other transactions, as well as our experience in securities valuation and knowledge of the banking industry generally. We have also held discussions with senior management of Valley Green and Univest regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters as we have deemed relevant to our inquiry.

In conducting our review and arriving at our opinion, we have relied upon and assumed the accuracy and completeness of all of the financial and other information provided to us or publicly available and we have not

independently verified the accuracy or completeness of any such information or assumed any responsibility or liability for such verification, accuracy or completeness. We have relied upon the respective managements of Valley Green and Univest as to the reasonableness and achievability of the financial and operating forecasts and projections of Valley Green and Univest (and the assumptions and bases therefor) that were prepared by such managements and provided to and discussed with us by such managements, and we have assumed that such forecasts and projections were reasonably prepared on a basis reflecting the best currently available estimates and judgments of such managements and that such forecasts and projections will be realized in the amounts and in the time periods currently estimated by such managements. We have further relied upon management of Univest as to the reasonableness and achievability of the estimates regarding certain pro forma financial effects of the Merger on Univest that were prepared by and provided to us by such management and that were discussed with us by such management (and the assumptions and bases therefor,

B-2

including without limitation cost savings and related expenses expected to result from the Merger as well as certain accounting adjustments assumed with respect thereto), and we have assumed, with the consent of Valley Green, that all such estimates were reasonably prepared on a basis reflecting the best currently available estimates and judgments of Uninvest management and that such estimates will be realized in the amounts and in the time periods currently estimated by such management.

It is understood that the forecasts, projections and estimates of Valley Green and Uninvest prepared by and provided to us by the respective managements of Valley Green and Uninvest were not prepared with the expectation of public disclosure and that all such information is based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such forecasts, projections and estimates. We have assumed, based on discussions with the respective managements of Valley Green and Uninvest, that such forecasts, projections and estimates of Valley Green and Uninvest referred to above, provide a reasonable basis upon which we could form our opinion and we express no view as to any such information or the assumptions or bases therefor. We have relied on all such information without independent verification or analysis and do not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

We also assumed that there were no material, undisclosed changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Valley Green or Uninvest since the date of the last financial statements of each such entity that were made available to us. We are not experts in the independent verification of the adequacy of allowances for loan and lease losses and we have assumed, without independent verification and with your consent, that the aggregate allowances for loan and lease losses for Valley Green and Uninvest are adequate to cover such losses. In rendering our opinion, we have not made or obtained any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of Valley Green or Uninvest, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor have we examined any individual loan or credit files, nor did we evaluate the solvency, financial capability or fair value of Valley Green or Uninvest under any state or federal laws, including those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, we assume no responsibility or liability for their accuracy.

We have assumed, in all respects material to our analyses, the following: (i) that the Merger and any related transactions will be completed substantially in accordance with the terms set forth in the Agreement (the final terms of which we have assumed will not differ in any respect material to our analyses from the draft reviewed) with no adjustments to the Exchange Ratio or additional forms of consideration; (ii) that the representations and warranties of each party in the Agreement and in all related documents and instruments referred to in the Agreement are true and correct; (iii) that each party to the Agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents; (iv) that there are no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the Merger or any related transaction and that all conditions to the completion of the Merger and related transactions will be satisfied without any waivers or modifications to the Agreement; and (v) that in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Merger and related transactions, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of Valley Green, Uninvest or the combined entity or the contemplated benefits of the Merger, including the cost savings and related expenses expected to result from the Merger, as well as certain accounting adjustments assumed with respect thereto. We have assumed that the Merger will be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities

Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. We have further assumed that Valley Green has relied upon the advice of its counsel, independent accountants and other advisors (other than KBW) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to Valley Green, Univest, the Merger and any related transaction, and the Agreement. KBW has not provided advice with respect to any such matters.

This opinion addresses only the fairness, from a financial point of view, as of the date hereof, of the Exchange Ratio in the Merger to the holders of Valley Green Common Stock. We express no view or opinion as to any terms or other aspects of the Merger or any related transaction, including without limitation, the form or structure of the Merger, any transactions that may be related to the Merger, any consequences of the Merger to Valley Green, its shareholders, creditors or otherwise, or any terms, aspects or implications of any voting, support, shareholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Merger or otherwise. Our opinion is necessarily based upon conditions as they exist and can be evaluated on the date hereof and the information made available to us through the date hereof. It is understood that subsequent developments may affect the conclusion reached in this opinion and that KBW does not have an obligation to update, revise or reaffirm this opinion. Our opinion does not address, and we express no view or opinion with respect to, (i) the underlying business decision of Valley Green to engage in the Merger or enter into the Agreement, (ii) the relative merits of the Merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by Valley Green or the Board, (iii) the fairness of the amount or nature of any compensation to any of Valley Green's officers directors or employees, or any class of such persons, relative to any compensation to the holders of Valley Green Common Stock, (iv) the effect of the Merger or any related transaction on, or the fairness of the consideration to be received by, holders of any class of securities of Valley Green other than the Valley Green Common Stock (solely with respect to the Exchange Ratio, as described herein and not relative to the consideration to be received by any other class of securities) or any class of securities of Univest or any other party to any transaction contemplated by the Agreement, (v) any adjustments to the Exchange Ratio, whether as a result of the collar mechanism set forth in the Agreement or as otherwise provided for in the Agreement, (vi) the actual value of the Univest Common Stock to be issued in the Merger, (vii) the prices, trading range or volume at which Univest Common Stock will trade following the public announcement of the Merger or the consummation of the Merger, (viii) any advice or opinions provided by any other advisor to any of the parties to the Merger or any other transaction contemplated by the Agreement, or (ix) any legal, regulatory, accounting, tax or similar matters relating to Valley Green, Univest, their respective shareholders, or relating to or arising out of or as a consequence of the Merger or any related transaction, including whether or not the Merger would qualify as a tax-free reorganization for United States federal income tax purposes.

This opinion is for the information of, and is directed to, the Board (in its capacity as such) in connection with its consideration of the financial terms of the Merger. This opinion is not to be used for any other purpose and may not be published, referred to, reproduced, disseminated or quoted from, in whole or in part, nor shall any public reference to KBW be made, without our prior written consent. This opinion does not constitute a recommendation to the Board as to how it should vote on the Merger or to any holder of Valley Green Common Stock or shareholder of any other entity as to how to vote in connection with the Merger or any other matter, nor does it constitute a recommendation on whether or not any holder of Valley Green Common Stock should enter into a voting, shareholders', or affiliates agreement with respect to the Merger or exercise any dissenters' or appraisal rights that may be available to such holder.

This opinion has been reviewed and approved by our Fairness Opinion Committee in conformity with our policies and procedures established under the requirements of Rule 5150 of the Financial Industry Regulatory Authority.

Members of the Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to the shareholders of Univest Corporation of Pennsylvania (the Company) of the Merger Consideration (as defined below) to be paid by the Company in the proposed merger (the Transaction) of the Company's wholly owned subsidiary Univest Bank and Trust Co. with Valley Green Bank (Valley Green).

Pursuant to the Agreement and Plan of Merger (the Agreement) by and among the Company, Univest Bank and Trust Co., and Valley Green, at the effective time of the merger, each issued and outstanding share of Valley Green's common stock, other than shares held in treasury or owned by the Company and its affiliates, will be exchanged for the right to receive \$27.00 in value in shares of the Company's common stock, subject to a maximum exchange ratio of 1.4949 and a minimum exchange ratio of 1.2231 (the Merger Consideration). At the effective time of the merger, Valley Green will merge with and into Univest Bank and Trust Co. Shares of Valley Green's common stock held in treasury or owned by the Company and its affiliates will be cancelled. The terms and conditions of the Transaction are more fully described in the Agreement.

In arriving at our opinion, we: (i) reviewed a draft of the Agreement; (ii) reviewed and discussed with the Company and Valley Green their respective financial information as of and for the three months ended March 31, 2014 and as of and for the 12-month periods ended December 31, 2013 and December 31, 2012; (iii) discussed with the managements of the Company and Valley Green matters relating to their respective financial condition, growth, liquidity, earnings, profitability, asset quality, capital adequacy, stock market valuation (as applicable), future prospects, and related matters as of such dates and for the periods then ended; (iv) analyzed and discussed with the Company and Valley Green the potential strategic implications and operational benefits anticipated by the managements of the Company and Valley Green; (v) evaluated the potential pro forma financial effects of the

Transaction on the Company on a forward-looking basis; (vi) reviewed and discussed with the Company and Valley Green certain publicly available business and financial information concerning the Company and Valley Green and the economic and regulatory environments in which they operate; (vii) compared the proposed financial terms of the Transaction with the publicly available financial terms of certain transactions involving whole bank acquisitions that we deemed relevant; (viii) compared the financial condition and implied valuation of Valley Green to the financial condition and valuation of certain institutions we deemed relevant; (ix) performed a discounted cash flow analysis; (x) considered the Company's ownership structure, its stock market performance, and the trading history of its common stock which is being used as the Merger Consideration and (xi) undertook such other financial studies and analyses and considered such other information as we deemed appropriate for the purpose of this opinion.

In arriving at our opinion, we have assumed and relied upon the accuracy and completeness of information which was publicly available to us or which was furnished to or discussed with us by the Company or Valley Green or otherwise reviewed by us including, particularly, the forward looking earnings estimates and pro forma growth rates, and we have not independently verified (nor have we assumed responsibility or liability for independently verifying) any such information or its accuracy or completeness. We have not reviewed individual loan files or deposit information of the Company or Valley Green, nor have we conducted or been provided with any valuation or appraisal of any assets, deposits, or other liabilities of the Company or Valley Green. We are not experts in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowance for losses with respect thereto, and accordingly, we have assumed that such allowances for losses are adequate. In relying on financial analyses provided to or discussed with us by the Company or Valley Green or derived therefrom, we have assumed that such analyses have been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management. We express no view as to such analyses, forecasts, estimates, or the assumptions on which they were based.

We have also assumed that the representations and warranties made by the Company and Valley Green in the Agreement are and will be true and correct in all respects material to our analyses, that the covenants and conditions precedent to closing the Transaction contained therein, including approval by Federal and State banking regulators, and by the Company's shareholders will be performed in all respects material to our analyses in a manner which will not give Valley Green the ability to terminate the Agreement or decline to close under the Agreement. We are not legal, regulatory, or tax experts and have relied on the assessments made by advisors to the Company with respect to such issues. We have further assumed that all material governmental, regulatory, shareholder, and any other consents and approvals necessary for the completion of the Transaction will be obtained without any adverse effect to the Company or Valley Green or to the contemplated benefits of the Transaction. Our opinion assumes, with your consent, that the Transaction will be completed in accordance with the terms set forth in the draft of the Agreement we reviewed.

Our opinion is necessarily based on economic, market, and other conditions as in effect on, as well as the information made available to us as of, the date of this letter. It should be understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise, confirm, or reaffirm this opinion. Our opinion is limited to the fairness, from a financial point of view, to the shareholders of the Company with regard to the Merger Consideration to be paid by the Company in the Transaction, and we express no opinion as to the fairness of the Transaction to creditors or other stakeholders of the Company, the underlying decision by the Company to engage in the Transaction, the relative merits of the Transaction compared to other Transactions available to the Company, or the relative merits of the Transaction compared to other strategic alternatives which may be available to the Company. Additionally, we were not directed to, and we did not solicit indications of interest from, other parties regarding a potential transaction with the Company. Furthermore, we did not take into account and express no opinion with respect to the amount or nature of any bonuses and any other compensation or consideration to any officers,

directors, or employees of the Company paid or payable by reason or as a result of the Transaction.

We have acted as financial advisor to the Company with respect to the proposed Transaction and will receive a fee from the Company for our services, a significant portion of which will become payable only if the proposed Transaction is completed. The Company has agreed to indemnify us for certain liabilities which could

arise as a result of our engagement. During the two years preceding the date of this letter, we have not had an investment banking relationship with the Company or Valley Green for which we were paid for our services. We call to the Company's attention, as we have previously disclosed to the Company, that we are affiliated with Stevens & Lee, which firm has provided certain legal services to the Company and has been compensated at a market rate for such services.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration to be paid by the Company in the Transaction is fair, from a financial point of view, to the shareholders of the Company.

The delivery of this opinion has been approved by the fairness opinion committee of Griffin Financial Group, LLC in conformity with our policies and procedures established under the requirement of Rule 5150 of the Financial Industry Regulatory Authority. This letter is provided to the Board of Directors of the Company in connection with and for the purposes of its evaluation of the Transaction, and may not be relied upon by any other person for any other reason. This opinion does not constitute a recommendation to any shareholder of the Company as to how such shareholder should vote with respect to the Transaction or any other matter. This opinion speaks as of the date hereof, and we have no obligation to update, confirm, or revise it. This opinion may not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval. This opinion may, however, be reproduced in any registration statement that the Company will file with the Securities and Exchange Commission in connection with the Transaction, provided that such reproduction is legally required, the opinion is reproduced in such document in its entirety, and such document includes a summary of the opinion and related analyses in a form prepared or approved by us (such approval not to be unreasonably withheld), but may not otherwise be disclosed publicly in any manner without our prior written approval.

(h) Cross references. See sections 1105 (relating to restriction on equitable relief), 1904 (relating to de facto transaction doctrine abolished), 1763(c) (relating to determination of shareholders of record) and 2512 (relating to dissenters rights procedure).

Section 1572. Definitions.

The following words and phrases when used in this subchapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

Corporation. The issuer of the shares held or owned by the dissenter before the corporate action or the successor by merger, consolidation, division, conversion or otherwise of that issuer. A plan of division may designate which one or more of the resulting corporations is the successor corporation for the purposes of this subchapter. The designated successor corporation or corporations in a division shall have sole responsibility for payments to dissenters and other liabilities under this subchapter except as otherwise provided in the plan of division.

Dissenter. A shareholder who is entitled to and does assert dissenters rights under this subchapter and who has performed every act required up to the time involved for the assertion of those rights.

Fair value. The fair value of shares immediately before the effectuation of the corporate action to which the dissenter objects, taking into account all relevant factors, but excluding any appreciation or depreciation in anticipation of the corporate action.

Interest. Interest from the effective date of the corporate action until the date of payment at such rate as is fair and equitable under all the circumstances, taking into account all relevant factors, including the average rate currently paid by the corporation on its principal bank loans.

Shareholder. A shareholder as defined in section 1103 (relating to definitions) or an ultimate beneficial owner of shares, including, without limitation, a holder of depository receipts, where the beneficial interest owned includes an interest in the assets of the corporation upon dissolution.

Section 1573. Record and beneficial holders and owners.

(a) Record holders of shares. A record holder of shares of a business corporation may assert dissenters rights as to fewer than all of the shares registered in his name only if he dissents with respect to all the shares of the same class or series beneficially owned by any one person and discloses the name and address of the person or persons on whose behalf he dissents. In that event, his rights shall be determined as if the shares as to which he has dissented and his

other shares were registered in the names of different shareholders.

(b) Beneficial owners of shares. A beneficial owner of shares of a business corporation who is not the record holder may assert dissenters rights with respect to shares held on his behalf and shall be treated as a dissenting shareholder under the terms of this subchapter if he submits to the corporation not later than the time of the assertion of dissenters rights a written consent of the record holder. A beneficial owner may not dissent with respect to some but less than all shares of the same class or series owned by the owner, whether or not the shares so owned by him are registered in his name.

Section 1574. Notice of intention to dissent.

If the proposed corporate action is submitted to a vote at a meeting of shareholders of a business corporation, any person who wishes to dissent and obtain payment of the fair value of his shares must file with the corporation, prior to the vote, a written notice of intention to demand that he be paid the fair value for his shares if the proposed action is effectuated, must effect no change in the beneficial ownership of his shares from the date of such filing continuously through the effective date of the proposed action and must refrain from voting his shares in approval of such action. A dissenter who fails in any respect shall not acquire any right to payment of the fair value of his shares under this subchapter. Neither a proxy nor a vote against the proposed corporate action shall constitute the written notice required by this section.

Section 1575. Notice to demand payment.

(a) General rule. If the proposed corporate action is approved by the required vote at a meeting of shareholders of a business corporation, the corporation shall mail a further notice to all dissenters who gave due notice of intention to demand payment of the fair value of their shares and who refrained from voting in favor of the proposed action. If the proposed corporate action is to be taken without a vote of shareholders, the corporation shall send to all shareholders who are entitled to dissent and demand payment of the fair value of their shares a notice of the adoption of the plan or other corporate action. In either case, the notice shall:

- (1) State where and when a demand for payment must be sent and certificates for certificated shares must be deposited in order to obtain payment.
- (2) Inform holders of uncertificated shares to what extent transfer of shares will be restricted from the time that demand for payment is received.
- (3) Supply a form for demanding payment that includes a request for certification of the date on which the shareholder, or the person on whose behalf the shareholder dissents, acquired beneficial ownership of the shares.
- (4) Be accompanied by a copy of this subchapter.

(b) Time for receipt of demand for payment. The time set for receipt of the demand and deposit of certificated shares shall be not less than 30 days from the mailing of the notice.

Section 1576. Failure to comply with notice to demand payment, etc.

(a) Effect of failure of shareholder to act. A shareholder who fails to timely demand payment, or fails (in the case of certificated shares) to timely deposit certificates, as required by a notice pursuant to section 1575 (relating to notice to demand payment) shall not have any right under this subchapter to receive payment of the fair value of his shares.

(b) Restriction on uncertificated shares. If the shares are not represented by certificates, the business corporation may restrict their transfer from the time of receipt of demand for payment until effectuation of the proposed corporate

action or the release of restrictions under the terms of section 1577(a) (relating to failure to effectuate corporate action).

(c) Rights retained by shareholder. The dissenter shall retain all other rights of a shareholder until those rights are modified by effectuation of the proposed corporate action.

Section 1577. Release of restrictions or payment for shares.

(a) Failure to effectuate corporate action. Within 60 days after the date set for demanding payment and depositing certificates, if the business corporation has not effectuated the proposed corporate action, it shall return any certificates that have been deposited and release uncertificated shares from any transfer restrictions imposed by reason of the demand for payment.

(b) Renewal of notice to demand payment. When uncertificated shares have been released from transfer restrictions and deposited certificates have been returned, the corporation may at any later time send a new notice conforming to the requirements of section 1575 (relating to notice to demand payment), with like effect.

(c) Payment of fair value of shares. Promptly after effectuation of the proposed corporate action, or upon timely receipt of demand for payment if the corporate action has already been effectuated, the corporation shall either remit to dissenters who have made demand and (if their shares are certificated) have deposited their certificates the amount that the corporation estimates to be the fair value of the shares, or give written notice that no remittance under this section will be made. The remittance or notice shall be accompanied by:

(1) The closing balance sheet and statement of income of the issuer of the shares held or owned by the dissenter for a fiscal year ending not more than 16 months before the date of remittance or notice together with the latest available interim financial statements.

(2) A statement of the corporation's estimate of the fair value of the shares.

(3) A notice of the right of the dissenter to demand payment or supplemental payment, as the case may be, accompanied by a copy of this subchapter.

(d) Failure to make payment. If the corporation does not remit the amount of its estimate of the fair value of the shares as provided by subsection (c), it shall return any certificates that have been deposited and release uncertificated shares from any transfer restrictions imposed by reason of the demand for payment. The corporation may make a notation on any such certificate or on the records of the corporation relating to any such uncertificated shares that such demand has been made. If shares with respect to which notation has been so made shall be transferred, each new certificate issued therefor or the records relating to any transferred uncertificated shares shall bear a similar notation, together with the name of the original dissenting holder or owner of such shares. A transferee of such shares shall not acquire by such transfer any rights in the corporation other than those that the original dissenter had after making demand for payment of their fair value.

Section 1578. Estimate by dissenter of fair value of shares.

(a) General rule. If the business corporation gives notice of its estimate of the fair value of the shares, without remitting such amount, or remits payment of its estimate of the fair value of a dissenter's shares as permitted by section 1577(c) (relating to payment of fair value of shares) and the dissenter believes that the amount stated or remitted is less than the fair value of his shares, he may send to the corporation his own estimate of the fair value of the shares,

which shall be deemed a demand for payment of the amount or the deficiency.

(b) Effect of failure to file estimate. Where the dissenter does not file his own estimate under subsection (a) within 30 days after the mailing by the corporation of its remittance or notice, the dissenter shall be entitled to no more than the amount stated in the notice or remitted to him by the corporation.

Section 1579. Valuation proceedings generally.

(a) General rule. Within 60 days after the latest of:

(1) effectuation of the proposed corporate action;

(2) timely receipt of any demands for payment under section 1575 (relating to notice to demand payment); or

(3) timely receipt of any estimates pursuant to section 1578 (relating to estimate by dissenter of fair value of shares);

if any demands for payment remain unsettled, the business corporation may file in court an application for relief requesting that the fair value of the shares be determined by the court.

(b) Mandatory joinder of dissenters. All dissenters, wherever residing, whose demands have not been settled shall be made parties to the proceeding as in an action against their shares. A copy of the application shall be served on each such dissenter. If a dissenter is a nonresident, the copy may be served on him in the manner provided or prescribed by or pursuant to 42 Pa.C.S. Ch. 53 (relating to bases of jurisdiction and interstate and international procedure).

(c) Jurisdiction of the court. The jurisdiction of the court shall be plenary and exclusive. The court may appoint an appraiser to receive evidence and recommend a decision on the issue of fair value. The appraiser shall have such power and authority as may be specified in the order of appointment or in any amendment thereof.

(d) Measure of recovery. Each dissenter who is made a party shall be entitled to recover the amount by which the fair value of his shares is found to exceed the amount, if any, previously remitted, plus interest.

(e) Effect of corporation's failure to file application. If the corporation fails to file an application as provided in subsection (a), any dissenter who made a demand and who has not already settled his claim against the corporation may do so in the name of the corporation at any time within 30 days after the expiration of the 60-day period. If a dissenter does not file an application within the 30-day period, each dissenter entitled to file an application shall be paid the corporation's estimate of the fair value of the shares and no more, and may bring an action to recover any amount not previously remitted.

Section 1580. Costs and expenses of valuation proceedings.

(a) General rule. The costs and expenses of any proceeding under section 1579 (relating to valuation proceedings generally), including the reasonable compensation and expenses of the appraiser appointed by the court, shall be determined by the court and assessed against the business corporation except that any part of the costs and expenses may be apportioned and assessed as the court deems appropriate against all or some of the dissenters who are parties and whose action in demanding supplemental payment under section 1578 (relating to estimate by dissenter of fair value of shares) the court finds to be dilatory, obdurate, arbitrary, vexatious or in bad faith.

(b) Assessment of counsel fees and expert fees where lack of good faith appears. Fees and expenses of counsel and of experts for the respective parties may be assessed as the court deems appropriate against the corporation and in favor of any or all dissenters if the corporation failed to comply substantially with the requirements of this subchapter and may be assessed against either the corporation or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted in bad faith or in a dilatory, obdurate, arbitrary or vexatious manner in respect to the rights provided by this subchapter.

(c) Award of fees for benefits to other dissenters. If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated and should not be assessed against the corporation, it may award to those counsel reasonable fees to be paid out of the amounts awarded to the dissenters who were benefited.
