During the last five years, none of L Air Liquide S.A. or (to the knowledge of L Air Liquide S.A.) the directors or executive officers of L Air Liquide S.A. (a) has been convicted in any criminal proceeding (excluding traffic violations or similar misdemeanors) or (b) has been a party to any civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

Axane acquired the Common Stock from the Issuer on July 31, 2015 in exchange for the transfer by Axane to Hypulsion U.S. Holding, Inc., a Delaware corporation (Hypulsion U.S.) and a wholly-owned subsidiary of the Issuer, of Axane's 80% shareholding in Hypulsion, a French société par actions simplifiée (HyPulsion).

Item 4. Purpose of Transaction.

Axane and Plug Power Inc. formed HyPulsion in February 2012 to develop and market hydrogen fuel cell systems for the European material handling market. In April 2013, (i) Axane, which then held a 55% interest in HyPulsion, purchased an additional 25% interest in HyPulsion from Plug Power Inc. for a cash purchase price of 2.5 million (\$3.3 million at the then prevailing conversion rate), as a result of which Axane held an aggregate 80% interest in HyPulsion and Plug Power Inc. held a 20% interest in HyPulsion. Under the terms of the agreements between Axane and Plug Power Inc., Plug Power Inc. was given the right to purchase 60% of HyPulsion from Axane at any time between January 4, 2018 and January 29, 2018 at a formula price. If Plug Power Inc. exercised such purchase right, Axane would have the right to require Plug Power Inc. to purchase the remaining 20% interest at a formula price.

On May 8, 2013, ALIAD purchased, as an investment and to support the business of the Issuer, 10,431 shares of the Issuer's Series C Preferred Stock for a purchase price of \$2,595,400. Such shares became convertible into shares of the Issuer's Common Stock on May 8, 2014. As of May 8, 2014, ALIAD owned on an as converted basis, at the then prevailing conversion rate, 10,971,890 shares of the Issuer's Common Stock, or approximately 9.4% of such shares outstanding.

On August 26, 2014, as a result of the improvement in the Issuer's financial condition and market conditions, ALIAD converted 5,200 of its 10,431 shares of Series C Preferred Stock into 5,521,676 shares of the Issuer's Common Stock, and on the same date sold such shares in the open market for a purchase price of \$5.80 per share through Citigroup Global Markets, Inc. pursuant to Rule 144 under the Securities Act of 1933, as amended (the Securities Act). Following such sale, ALIAD owned, on an as converted basis, 5,593,918 shares of the Issuer's Common Stock, or less than 5% of such shares outstanding.

On July 24, 2015, Axane, Hypulsion U.S. and the Issuer agreed to the sale of Axane's 80% interest in HyPulsion to Hypulsion U.S. for a purchase price of \$11,475,000, payable in shares of the Issuer's Common Stock, and entered into a Share Purchase Agreement with respect to such transaction (the Transaction). In accordance with the terms of the Share Purchase Agreement, the Transaction closed on July 31, 2015 (the Completion Date), on which date 4,781,250 shares of the Issuer's Common Stock were issued to Axane. Under the Share Purchase Agreement, if the closing sale price of the Issuer's Common Stock on the day before the Completion Date exceeds the closing sale price on a date to be selected by Axane during the 10-business day period commencing on the effective date of the shelf registration statement referred to

below (the Notification Date), Axane will receive additional Common Stock to make up such deficiency (the true up shares). If the closing sale price of the Issuer's Common Stock on the Notification Date exceeds the closing sale price on the day before the Completion Date, Axane will pay such excess to Hypulsion U.S. as a true up amount in cash. The Issuer and Axane have also entered into a Registration Rights Agreement, pursuant to which the Issuer has agreed, not later than August 3, 2015 (the business day following the date of the Registration Rights Agreement), to file a shelf registration statement with the Securities and Exchange Commission to register the re-sale of the shares of Common Stock issued to Axane on July 31, 2015 as well as any true up shares. If for any reason the true up shares cannot be registered on the same registration statement as the Completion Date shares, the deficiency otherwise payable in true up shares will be payable to Axane in cash. Axane's current intention is to liquidate the Issuer's Common Stock acquired in the Transaction after such registration statement becomes effective, subject to market conditions, but reserves the right to reevaluate such intention, based on market factors or otherwise.

ALIAD has no current intention to sell its remaining shares of Series C Preferred Stock, but will continue to evaluate its investment in Series C Preferred Stock. As part of ALIAD's continuing evaluation of, and preservation of the value of, its investment in the securities of the Issuer, ALIAD may in the future take such actions with respect to its remaining investment in the Issuer as it deems appropriate and may, from time to time, acquire additional Common Stock of the Issuer by conversion of the Series C Preferred Stock or otherwise, dispose of some or all of its Common Stock of the Issuer (including Common Stock acquired upon conversion of the Series C Preferred Stock), and/or continue to hold the Common Stock of the Issuer and/or the Series C Preferred Stock. ALIAD's determination whether to engage in any such transactions will depend on its consideration of various factors, including the Issuer's financial position and strategic direction, actions taken by the Issuer's Board of Directors, the market price of the Common Stock, other investment opportunities available to ALIAD, conditions in the securities markets and general economic and industry conditions. ALIAD will also consider the impact of any future dispositions of Common Stock on its right to designate a Director to the Issuer's Board, as described in Item 5 of the Statement as originally filed. ALIAD intends to continue to sell shares of Common Stock received in payment of quarterly dividends on the Series C Preferred Stock pursuant to the Rule 10b5-1 Sales Trading Plan between ALIAD and Raymond James & Associates. See Item 6 of this Statement.

Apart from the above, at this time the filing persons do not have any plans or proposals which relate to, or could result in, any of the matters referred to in paragraphs (a) through (j), inclusive, of the instructions to Item 4 of Schedule 13D. The filing persons may, at any time and from time to time, review or reconsider their position and/or change their purpose and/or formulate plans or proposals with respect thereto.

Item 5. Interest in Securities of the Issuer.

(i) Common Stock of the Issuer

Axane currently owns 4,781,250 shares of the Issuer's Common Stock constituting approximately 2.68% of the outstanding Common Stock. The number of shares owned by Axane excludes any Common Stock owned of record by ALIAD and any Common Stock issuable upon conversion of the Series C Preferred Stock held by ALIAD or as PIK dividends on the Series C Preferred Stock.

(ii) Series C Preferred Stock of the Issuer

The Series C Preferred Stock is convertible into shares of Common Stock, at an original conversion price equal to \$0.248794 per share, at ALIAD's option, (1) on or after May 8, 2014 or (2) upon any liquidation, dissolution or

winding up of the Issuer, any sale, consolidation or merger of the Issuer resulting in a change of control, or any sale or other transfer of all or substantially all of the assets of the Issuer. The number of shares of Common Stock is determined by dividing the original issue price of \$2,595,400 by the conversion price in effect at the time the shares are converted. The Series C Preferred Stock has weighted average anti-dilution protection. Therefore, the conversion price is subject to adjustment in the event the Issuer issues additional shares of Common Stock for a consideration per share less than the Series C conversion price in effect immediately prior to such issue. Upon this occurrence, the conversion price shall be reduced to a price determined in accordance with a prescribed formula. At the current adjusted conversion price of \$0.2343 per share, if all shares of the Series C Preferred Stock were to be converted, such shares would be convertible into 5,554,594 shares of Common Stock.

On the date of this Schedule 13D, ALIAD is the beneficial owner of 5,593,918 shares of the Issuer's Common Stock, constituting approximately 3.04% of the outstanding Common Stock, and 5,231 shares of the Issuer's Series C Preferred Stock, constituting all of the outstanding Series C Preferred Stock. Of such 5,593,918 shares of Common Stock, 39,324 shares of Common Stock are issued and outstanding and held directly by ALIAD, and 5,554,594 shares of Common Stock are issuable upon conversion at the current conversion price of 5,231 shares of Series C Preferred Stock, all of which shares are presently convertible. The number of shares owned by ALIAD excludes the Common Stock owned by Axane and any shares which may be issued to ALIAD in the future as PIK dividends on the Series C Preferred Stock.

Under the terms of the Securities Purchase Agreement entered into between the Issuer and ALIAD on May 8, 2013 (the "Purchase Agreement"), for so long as ALIAD holds any shares of Series C Preferred Stock, it is entitled to designate one director to the Issuer's Board of Directors. In the event the Series C Preferred Stock is converted into shares of Common Stock and ALIAD continues to hold at least 5% of the outstanding shares of Common Stock of the Issuer, or 50% of the shares of Common Stock held by ALIAD on an as-converted basis immediately following the issuance of the Series C Preferred Stock, ALIAD shall continue to be entitled to designate one director to the Issuer's Board of Directors. The Purchase Agreement also provides ALIAD with the right to participate in certain future equity financings by the Issuer.

The Series C Preferred Stock ranks senior to the Common Stock with respect to rights upon the liquidation, dissolution or winding up of the Issuer. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Issuer, or other deemed liquidation event, as defined in the Purchase Agreement, the holders of the Series C Preferred Stock will be entitled to be paid an amount per share equal to the greater of (i) the original issue price, plus any accrued but unpaid dividends or (ii) the amount per share that would have been payable had all shares of Series C Preferred Stock been converted to shares of common stock immediately prior to such liquidation event.

The Series C Preferred Stock is entitled to receive dividends at a rate of 8% per annum, based on the original issue price of \$2,595,400, payable in equal quarterly installments in cash or in shares of Common Stock, at the Issuer's option.

The Series C Preferred Stock votes together with the Common Stock on an as-converted basis on all matters.

The Series C Preferred Stock may not be redeemed by the Issuer until May 8, 2016. After that date, the Series C preferred Stock may be redeemed at the election of the holders of the Series C Preferred Stock or of the Issuer. If redeemed at the election of the holder, the redemption price will be equal to the Series C Original Issue Price per share, plus any accruing but unpaid dividends. If redeemed at the election of the Issuer, the redemption price for shares of Series C Preferred Stock shall be a per share price equal to the greater of (i) the Series C original issue price per share, plus any Series C accruing dividends accrued but unpaid thereon and (ii) the fair market value of a single share of Series C preferred stock as of the date of the redemption.

L Air Liquide S.A. is the beneficial owner of all of the outstanding shares of capital stock of Axane and ALIAD and, accordingly, may be considered the beneficial owner of the shares of the Issuer's Common Stock held by Axane, the shares of the Issuer's Series C Preferred Stock held by ALIAD, and the shares of the Issuer's Common Stock issuable upon conversion of the Issuer's Series C Preferred Stock held by ALIAD or as PIK dividends on the Series C Preferred

Stock.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer.

On July 24, 2015, Axane, the Issuer and Hypulsion U.S. entered into a Share Purchase Agreement with respect to, inter alia, the acquisition by Axane of shares of the Issuer's Common Stock.

In connection with the transactions contemplated by the Share Purchase Agreement, the Issuer and Axane entered into a Registration Rights Agreement pursuant to which the Issuer agreed to register for resale, pursuant to the Securities Act, the shares of the Issuer's Common Stock issued in the Transaction.

On May 8, 2013, the Issuer and ALIAD entered into the Purchase Agreement with respect to, inter alia, the acquisition by ALIAD of 10,431 shares of the Issuer's Series C Preferred Stock.

In connection with the transactions contemplated by the Purchase Agreement, the Issuer and ALIAD entered into a Registration Rights Agreement pursuant to which the Issuer agreed to register for re-sale, pursuant to the Securities Act, the shares of the Issuer's Common Stock issuable upon conversion of the Issuer's Series C Preferred Stock.

On August 30, 2013, ALIAD and Raymond James & Associates (Raymond James) entered into a Rule 10b5-1 Sales Trading Plan (the Sales Plan). Upon the receipt by ALIAD of quarterly dividends paid in shares of the Issuer's common stock in respect of shares of Series C Preferred Stock held by ALIAD, Raymond James is required to sell such shares of the Issuer's common stock pursuant to the Sales Plan and pay the cash proceeds thereof to ALIAD.

The descriptions herein of the aforesaid agreements are qualified in their entirety by reference to the full text of those such agreements which are included or incorporated by reference as exhibits to this Schedule 13D.
