Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On July 21, 2015, the Board of Directors of Esterline Technologies Corporation (Esterline) appointed Roger A. Ross as Segment President, effective August 24, 2015 (the Effective Date). The appointment is part of a consolidation of the senior operational leadership structure of Esterline, as further described in this report.

Mr. Ross, 46, has served as Senior Vice President, Actuation and Propeller Systems of UTC Aerospace Systems, a division of United Technologies Corporation, a provider of a broad range of high-technology products and services to the global aerospace and building systems industries, since January 2014. From November 2013 to January 2014, Mr. Ross served as Vice President & General Manager, Aerostructures Aftermarket of UTC Aerospace Systems. From January 2010 to November 2013, Mr. Ross served as Vice President, Aerostructures Regional and Engine Programs at UTC Aerospace Systems and Goodrich Corporation, an aerospace and defense company that was acquired by United Technology Corporation in July 2012. Prior to this role, Mr. Ross served in other vice president and leadership roles at Goodrich Corporation since 1994. Mr. Ross holds a B.S. and M.S. in Mechanical Engineering from Colorado State University and an M.B.A. from the University of Colorado.

In connection with the new appointment, Mr. Ross agreed to the terms of an offer letter agreement with Esterline. Mr. Ross, like all other executive officers of Esterline, will serve at the pleasure of the Board of Directors. Pursuant to the offer letter, effective on the Effective Date, Mr. Ross will receive an annual base salary of \$375,000. He will also receive a stock option to purchase 10,500 shares of Esterline common stock with an exercise price equal to the closing trading price of Esterline common stock on the Effective Date and an award of 4,200 restricted stock units. The stock options and the restricted stock unit award will be granted under the Esterline 2013 Equity Incentive Plan.

Pursuant to the offer letter, Mr. Ross will be eligible to participate in Esterline s Annual Incentive Compensation Plan for fiscal year 2016, and his target will equal 55% of his base salary for fiscal year 2016. He will also be eligible to participate in Esterline s Long Term Incentive Program (LTIP) beginning in fiscal year 2016, with a total annual target award of \$450,000. The value of Mr. Ross LTIP award will be allocated 40% in performance shares (with a maximum award of 300% of the target opportunity), 35% in stock options and 25% in restricted stock units. In addition, Mr. Ross appointment to the LTIP for the fiscal 2014-2016 and fiscal 2015-2017 cycles will be phased in, enabling Mr. Ross to earn a prorated LTIP award at the end of fiscal years 2016 and 2017, depending on Esterline s performance, as follows:

Performance Period	Target Opportunity	Form of Payment	Maximum Award
2014-2016	\$ 60,000	Cash	400% of Target
2015-2017	\$ 120,000	Performance Shares	300% of Target

Mr. Ross will also be eligible to participate in Esterline s retirement, health care and other benefit plans and in the Supplemental Retirement Income Plan and the Supplemental Executive Retirement and Deferred Compensation Plan. Mr. Ross will also receive a car allowance of up to approximately \$800 per month, before taxes. Esterline will also reimburse him for certain relocation expenses in accordance with standard corporate policy.

Upon the effectiveness of Mr. Ross appointment, and like Esterline s arrangements with its other executive officers, Esterline and Mr. Ross will enter into a Termination Protection Agreement that provides in the event that Mr. Ross is terminated without cause or resigns for good reason within two years of a change of control, a lump sum payment equal to three times Mr. Ross annual base salary and annual incentive compensation, payment of certain legal fees and expenses associated with the termination and insurance benefits for the remainder of an initial two-year period.
